P.S. Refer your-early March 6. letter

① "Again there convicted for a $250,000 act." That was never mentioned in the lawsuit. The Dr. Pabst printed that lie about the time of the Federal indictment.

② "something about a forged signature": Dr. explained that. The law is plain ask any lawyer. If you are charged with Pollard in a conspiracy case, and Pollard forges some papers, you are automatically guilty.

③ W.O. Hurey. Hurey was kicked out of every oil co he worked for after the sheriff at Las Vegas Nevada chased him across the state line his pickup loaded with tools and field supplies, off our drilling rig. The lie about a hole in the ground was a gratuitous one, written from start to finish.

④ Lyon and Mr B. described as clever con man" no such evidence

⑤ Selling stock in a nonexistent oil well, etc. This is a new lie what is the "etc"? I never in my life sold stock in an oil well, existing or nonexisting. Prove it please!
