Session Procedures Report

FORMAT

099

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

Control Number: 'G'

Date of Session: 1 OCT 86

Session Number: CRV-4

Date of Report: 1 OCT 86

Technique Utilized: CRV

Source Identifier: RV-021

1. (S/NF/SK) TASKING: See attached target list and site layout. Additional instructions for CRV-4: re. area #2, it is the second floor, (vs the first), that is designated as the target.

2. (S/NF/SK) SESSION: Monitor 'front loaded with CRV-1-4 session-produced info. However, no (consciously) preconceived notions re. 2d floor (of area #2). Session began in S6 with a review of sources previous work (CRV-3). Source located 2 distinct areas on the second floor, a "classroom type area" and a room with books/records. Because of source's attraction to the books (upon being instructed to search for "personally meaningful info"), remainder of session was spent decoding that part of signal line.

3. (S/NF/SK) SUMMARY: Two distinct areas were located on the second floor of Area #2. A "classroom type" room (blackboards w/symbols on it) and a "library type" room (containing many books). Source perceived
