The following items are for internal use only and are not available for distribution to the public. These concern internal management and procedures for forwarding UFO reports to the appropriate agency. The Air Force has no objection to persons visiting the Force Room and reading them.

1. Air Force Regulation ~~200-8~~ 80-17

2. JANAP 146 E

Exactly accurate.

* The Air Force has no films, photographs, maps, charts, or graphs of unidentified flying objects. Photographs that have been submitted for evaluation in conjunction with UFO reports have been determined to be a misinterpretation of natural or conventional objects. These objects have a positive identification.

Is this true now in all cases? What about the Neffin pictures?

The Air Force ~~no longer~~ only record copies, possesses, and thus does not have for distribution, outdated reports on Project Sign, Project Grudge, Blue Book Special Report No. 14, ~~and outdated Project Blue Book press releases. Non-military UFO publications should be requested from the publisher, not the Air Force.~~

Copies can be made by the Project Blue Book Information Office at the expense of the requestor at a rate of 20 cents per page. (Continued)

Project Blue Book Special Report No. 14 contains 323 pages; Project SIGN, 44 pages; and Project GRUDGE, 405 pages. Each report must be reproduced in its entirety.

(Wright-Pat — plse double check my number of pages — wish "SIGN" were bigger — that only comes to #88 — ouch)
