AIR INTELLIGENCE INFORMATION REPORT

FROM (Agency)	REPORT NO.	PAGE 3 OF 4 PAGES
27th Air Division Defense	UNCLASSIFIED	

Statement of Mr. D. M. Davis

I was riding as a passenger in an automobile, driven by Mr. John Mason, at approximately 2005 local daylight time, (Zebra conversion on attached sketch #1) on the 13th of June 1952. Immediately after turning, from a stop, on Levant Street, Linda Vista, California and proceeding southwest on Linda Vista Road, I sighted an object which appeared to be stationary over the trees to my right (northwest of the position of the automobile). I asked Mr. Mason to pull over to the curb and look. He stopped briefly, then were forced, because of the heavy traffic, to pull into the first side street to the right. After turning the corner we again brought the object into sight and watched it until it disappeared. The total time from the first sighting until it was no longer visible was not more than 3½ minutes nor less than 3 minutes.

When first sighted the object appeared motionless as shown in attached sketch (#2). When next seen after turning the corner it appeared foreshortened as if turning directly away or toward us. With the change of position continuing until it presented the appearance of a disk which grew progressively smaller, and lowered on the horizon, until it disappeared. The object did not disappear behind the houses or trees but gave the appearance of going away until it was too distant to be seen. It's speed at this time, the only movement observed, was very great.

The object was of uniform yellowish metalic color. Definition was clear and sharp. As viewed, there was no appreciable variation in the color of any part or section; the whole was without highlight or glint. No change in shade or intensity of color were noted at any time.

Donald M. Davis

EVALUATION OF ABOVE F-6.

Shown below is a tracing of the sketch made by Mr. Davis of the object he sighted on 13 June 1952.
