SUMMARY: (Enter concise summary of report. Give significance in final one-sentence paragraph. List inclusions at lower left. Begin text of report on AF Form 112—Part II.)

One green fireball appearing object was observed from the ground at 0400 CST on 14 June 1952 by 2nd Lt and Mrs. Alan S. Mencher of 2321 North Valencia Street, Albuquerque, New Mexico. The observers were traveling west on U.S. Highway No. 66, and were approximately 15 miles west of Oklahoma City, Oklahoma at the time of sighting. The object was observed to the southeast of the highway, traveling south at a very high rate of speed. Size was indeterminable because of its fiery nature. It was at medium altitude and was observed for approximately 5 or 6 seconds. No sound was audible, nor was there a trail other than the glow left by its high speed. The night was clear, with winds aloft from the north at 15 MPH. Lt Mencher is attached to the 4913th Food Service Squadron on this base.
