AIR INTELLIGENCE INFORMATION REPORT

FROM (Agency) Wing Intelligence
3525th Plt Trng Wg (Bsc SE)
Williams Air Force Base, Chandler, Arizona

REPORT NO.

PAGE 2 OF 2 PAGES

Summary of Information:

On 7 May 1952, Mr. Joseph Stertz, 6218 N. 16th Street, Phoenix, Arizona, was interviewed and stated in substance as follows: At 2200 hours 5 May 1952, Stertz observed an object in the sky which he believed to be a flying saucer. The object was moving in a northeasterly direction at an altitude of approximately ten thousand feet and was ascending at an angle of about ten degrees. The shape of the object could not be determined. However, it gave off an irridescent bluish-green light similar in color to the arc made by an electric welder. The speed of the object could not be determined, but was believed to be in excess of 1,000 miles per hour. The object was observed for about two seconds. No sound was attributed to the object. (F-6)
