A 'FLYING SAUCEPAN'

With unidentified flying objects recently in the news Ballarat had its first UFO report for some time on Saturday morning. An elderly Mt Pleasant resident phoned The Courier on Saturday morning to report what he described as "a flying saucepan" which he saw about 3 am on Saturday. The man said the object, which appeared to be about 300 feet in the air, gave off an orange glow and hovered over the observatory area for some time before heading in a southerly direction toward Buninyong at a very slow rate.
