5
00:00:15,820 --> 00:00:23,599
this is a UFO an unidentified flying

6
00:00:20,719 --> 00:00:28,098
object it was photographed at Santa

7
00:00:23,599 --> 00:00:31,850
Catalina Island in April of 1966 look at

8
00:00:28,099 --> 00:00:33,439
it again closely hundreds even thousands

9
00:00:31,850 --> 00:00:36,410
of witnesses have seen similar things

10
00:00:33,439 --> 00:00:38,899
appear in the sky persons living miles

11
00:00:36,409 --> 00:00:41,779
from others have testified independently

12
00:00:38,899 --> 00:00:45,378
that UFOs have appeared in a specific

13
00:00:41,780 --> 00:00:48,140
place at a specific time unlooked up in

14
00:00:45,378 --> 00:00:50,359
the sky and objects and they're real

15
00:00:48,140 --> 00:00:51,948
still then it was going too slow to be a

16
00:00:50,359 --> 00:00:54,978
airplane or helicopter

17
00:00:51,948 --> 00:00:58,488
it was a large opaque line it had a a

18
00:00:54,978 --> 00:01:01,670
dull glow to it it was larger than a car

19
00:00:58,488 --> 00:01:06,469
flying at treetop level from our high

20
00:01:01,670 --> 00:01:10,180
here the official position is firmed the

21
00:01:06,469 --> 00:01:13,609
evidence is erroneous illusory but if in

22
00:01:10,180 --> 00:01:16,340
1000 reported sightings one tenth of one

23
00:01:13,609 --> 00:01:19,140
percent could be fact then that is one

24
00:01:16,340 --> 00:01:43,219
real existing UFO

28
00:01:46,829 --> 00:01:53,280
flightline with four one to early

29

00:01:52,739 --> 00:01:57,299

30

00:01:53,280 --> 00:02:00,030

a summer day before it was over colonel

31

00:01:57,299 --> 00:02:02,009

feet more in five men of the 450th radar

32

00:02:00,030 --> 00:02:06,689

test unit knew they would never forget

33

00:02:02,010 --> 00:02:08,340

it it all began with a basically routine

34

00:02:06,689 --> 00:02:10,199

but crucial mission involving the

35

00:02:08,340 --> 00:02:12,629

alignment of sophisticated airborne

36

00:02:10,199 --> 00:02:15,030

radar systems essential to the ultimate

37

00:02:12,629 --> 00:02:17,219

defense of the nation

38

00:02:15,030 --> 00:02:20,909

the equipment had a recent history of

39

00:02:17,219 --> 00:02:26,129

unreliability this reflected on Pete

40

00:02:20,909 --> 00:02:28,370

Moore and on his men he was concerned

41

transmission that the well there might

372

00:26:41,690 --> 00:26:45,710

have been some kind of mid-air collision

373

00:26:43,398 --> 00:26:47,298

oh it's those radar systems we've been

374

00:26:45,710 --> 00:26:48,858

tinkering with all week just had a

375

00:26:47,298 --> 00:26:51,200

complete failure of all ground and air

376

00:26:48,858 --> 00:26:53,228

units in there backups all of them the

377

00:26:51,200 --> 00:26:55,639

same time well that's the way it appears

378

00:26:53,229 --> 00:26:58,788

actually your plane has been rerouted to

379

00:26:55,638 --> 00:27:01,638

Halliwell but our people definitely says

380

00:26:58,788 --> 00:27:04,128

something about debris in a search well

381

00:27:01,638 --> 00:27:07,388

we had two planes up there too they've

382

00:27:04,128 --> 00:27:12,038

also been rerouted to Halliwell I see

383

00:27:07,388 --> 00:27:12,038

okay you bet

384

00:27:15,460 --> 00:27:23,608

[Music]

385

00:27:24,910 --> 00:27:32,390

come in well that does it

386

00:27:30,079 --> 00:27:36,409

Halliwell has absolutely no word at all

387

00:27:32,390 --> 00:27:38,030

on four one two what I mean they're not

388

00:27:36,410 --> 00:27:40,850

expecting our plane no time know how

389

00:27:38,029 --> 00:27:42,470

well I just got confirmation from Barnes

390

00:27:40,849 --> 00:27:45,789

yeah where do you get it

391

00:27:42,470 --> 00:27:49,180

we saw it on the board base operations

392

00:27:45,789 --> 00:27:53,960

somebody didn't get the word do I owe me

393

00:27:49,180 --> 00:27:56,289

hey John why didn't we go there in the

394

00:27:53,960 --> 00:27:56,289

first place

395

00:27:56,650 --> 00:28:07,310

come on 1:58 shark appears don't watch

396

00:28:04,970 --> 00:28:16,519

sir yeah they socket hallouwe on the

397

00:28:07,309 --> 00:28:18,349

line it's Colonel Moore I see well have

398

00:28:16,519 --> 00:28:20,619

the captain Bishop call me as soon as he

399

00:28:18,349 --> 00:28:20,619

gets in

400

00:28:26,029 --> 00:28:29,359

come on time

401

00:28:36,509 --> 00:28:42,160

you know how I will just confirm that

402

00:28:38,529 --> 00:28:43,710

4:12 is doing at 14:30 he's the middle

403

00:28:42,160 --> 00:28:46,090

of summer and here we are in a snowstorm

404

00:28:43,710 --> 00:28:47,710

you don't think the plane went down

 D oh

405

00:28:46,089 --> 00:28:49,269

no no nobody would try to cover a thing

406

00:28:47,710 --> 00:28:51,100

like that up but somebody is up to

407

00:28:49,269 --> 00:28:53,549

something and I am<font

color="#E5E5E5"> going to find out

408

00:28:51,099 --> 00:28:53,549

what it is

409

00:29:33,089 --> 00:29:37,629

this is a preliminary investigation

410

00:29:35,079 --> 00:29:40,539

nothing you say will be held against you

411

00:29:37,630 --> 00:29:43,510

or use as evidence<font

color="#E5E5E5"> connected in any way

412

00:29:40,539 --> 00:29:48,159

whatsoever you will<font

color="#E5E5E5"> now be interrogated

413

00:29:43,509 --> 00:29:51,099

by the SI D Ferguson who made the

414

00:29:48,160 --> 00:29:53,470

original sighting Marines at Blanco

415
00:29:51,099 --> 00:29:57,490
Vista sir no wait look you don't have to

416
00:29:53,470 --> 00:29:58,839
call me sir they asked us to activate

417
00:29:57,490 --> 00:30:01,359
our radar and to look at a certain

418
00:29:58,839 --> 00:30:03,879
sector of the sky what did you see

419
00:30:01,359 --> 00:30:05,529
well petritsky reported three dots at 11

420
00:30:03,880 --> 00:30:07,780
o'clock and I confirmed is that what

421
00:30:05,529 --> 00:30:09,730
Blanco Vista son oh yeah they gave us

422
00:30:07,779 --> 00:30:11,259
the coordinate that's what you reported

423
00:30:09,730 --> 00:30:16,660
that they never said they saw it did

424
00:30:11,259 --> 00:30:18,400
they well they must have seen something

425
00:30:16,660 --> 00:30:20,620
viciously there's no confirmation on

426
00:30:18,400 --> 00:30:23,230
that something appeared and then it

427
00:30:20,619 --> 00:30:32,949
disappeared maybe it wasn't even there

428
00:30:23,230 --> 00:30:36,549
at all they want to know everything you

429

00:30:32,950 --> 00:30:37,809

thought you saw we didn't vomit we're

430

00:30:36,549 --> 00:30:39,159

getting reports in from the Marines

431

00:30:37,809 --> 00:30:40,839

checking their equipment for

432

00:30:39,160 --> 00:30:43,060

misalignment I'm still on what do you

433

00:30:40,839 --> 00:30:44,679

mean this alignment everything their

434

00:30:43,059 --> 00:30:46,359

radar people then to go over the big

435

00:30:44,680 --> 00:30:48,400

dish they're sort of steamed they don't

436

00:30:46,359 --> 00:30:50,500

much like it when things go wrong yeah

437

00:30:48,400 --> 00:30:52,480

well I can understand that I wouldn't

438

00:30:50,500 --> 00:30:54,819

either if I just lost two Jet's and

439

00:30:52,480 --> 00:30:59,049

there's mark nine radar sex your stories

440

00:30:54,819 --> 00:31:01,899

all the time about malfunctions you know

441

00:30:59,049 --> 00:31:04,119

what do you mean malfunction now

442

00:31:01,900 --> 00:31:10,780

something snatched two Jet's right on

443
00:31:04,119 --> 00:31:13,179
the damn sky we agree three blips

444
00:31:10,779 --> 00:31:14,379
appeared and then disappeared and so
did

445
00:31:13,180 --> 00:31:15,539
the two marine
Jets and they're not

446
00:31:14,380 --> 00:31:18,520
supposed to

447
00:31:15,539 --> 00:31:22,170
you saw them disappear on the radar

448
00:31:18,519 --> 00:31:26,710
scope get Riggs in here II<font
color="#E5E5E5"> saw him go

449
00:31:22,170 --> 00:31:30,310
well let me tell you something about the

450
00:31:26,710 --> 00:31:32,920
reliability on our
look the facts are

451
00:31:30,309 --> 00:31:33,639
simple Blanco Vista saw three blips<font
color="#CCCCCC"> we

452
00:31:32,920 --> 00:31:35,230
saw the blips

453
00:31:33,640 --> 00:31:38,130
they scrambled two Jets the Jets

454
00:31:35,230 --> 00:31:55,829
disappeared the bricks disappeared now

455
00:31:38,130 --> 00:32:06,300
what are you gonna do about it now let's

456
00:31:55,829 --> 00:32:07,319
go back over some of the details are we

457
00:32:06,299 --> 00:32:11,730
gonna tell Enright

458
00:32:07,319 --> 00:32:13,589
I don't know Oh sergeant yes sir I

459
00:32:11,730 --> 00:32:15,029
understand you were tracking 412 this

460
00:32:13,589 --> 00:32:19,439
morning did you track it as far up as

461
00:32:15,029 --> 00:32:20,789
Howie well no they went east east

462
00:32:19,440 --> 00:32:25,170
yes sir Norton handed them off to

463
00:32:20,789 --> 00:32:26,430
somebody called digger control and what

464
00:32:25,170 --> 00:32:28,560
is digger control

465
00:32:26,430 --> 00:32:30,630
I don't know Colonel but Noren handled

466
00:32:28,559 --> 00:32:32,700
it and did you track him after that yes

467
00:32:30,630 --> 00:32:34,500
sir they turned the course oh seven four

468
00:32:32,700 --> 00:32:37,350
and took off in the desert due east

469

00:32:34,500 --> 00:32:39,240
until I lost them what do you mean you
470
00:32:37,349 --> 00:32:41,009
lost him well they dropped off the scope
471
00:32:39,240 --> 00:32:42,630
when I got near the mountains you lost
472
00:32:41,009 --> 00:32:43,200
radar contact and you didn't tell
473
00:32:42,630 --> 00:32:45,480
anybody
474
00:32:43,200 --> 00:32:46,860
major digger control had four one two I
475
00:32:45,480 --> 00:32:49,920
only tracked them because they're
476
00:32:46,859 --> 00:32:51,809
heading what do you mean curiosity I've
477
00:32:49,920 --> 00:32:53,039
been stationed here 14 months and I
478
00:32:51,809 --> 00:32:57,869
never seen anything flown through that
479
00:32:53,039 --> 00:33:05,579
area I can you pinpoint it for me sure
480
00:32:57,869 --> 00:33:07,919
can colonel okay so what are you talking
481
00:33:05,579 --> 00:33:09,449
Brigit standing right here now he saw
482
00:33:07,920 --> 00:33:15,810
the Jets disappear why don't you ask him
483
00:33:09,450 --> 00:33:18,480

what we're talking about blitz no really

484

00:33:15,809 --> 00:33:19,589

oh boy you guys you're really a tunnel

485

00:33:18,480 --> 00:33:23,940

vision Duncan huh

486

00:33:19,589 --> 00:33:25,559

you really do okay okay I'll tell you

487

00:33:23,940 --> 00:33:27,600

how we can settle this whole thing how

488

00:33:25,559 --> 00:33:29,639

all right do you bring in an expert on

489

00:33:27,599 --> 00:33:31,679

radar and an expert on aeronautics and

490

00:33:29,640 --> 00:33:33,630

you let us talk to them would you tell

491

00:33:31,680 --> 00:33:35,340

him well aside from the most important

492

00:33:33,630 --> 00:33:37,830

part namely that Riggs got a visual on

493

00:33:35,339 --> 00:33:40,709

humouring Jets just snapping right out

494

00:33:37,829 --> 00:33:42,720

of the sky I saw three radar blips like

495

00:33:40,710 --> 00:33:44,340

a right angle turn in midair and move

496

00:33:42,720 --> 00:33:44,730

off the scope at about 5,000 miles per

497

00:33:44,339 --> 00:33:47,759
hour

498

00:33:44,730 --> 00:33:49,490
now those experts could tell you that no

499

00:33:47,759 --> 00:33:52,640
known flying machine or

500

00:33:49,490 --> 00:33:54,259
any sort can make such a turn that's

501

00:33:52,640 --> 00:33:58,850
nothing known to science can accelerate

502

00:33:54,259 --> 00:34:02,750
from 500 to 5,000 in one second flat now

503

00:33:58,849 --> 00:34:05,500
that is what I saw you can ask wait what

504

00:34:02,750 --> 00:34:08,929
he saw okay Clippard what did you see I

505

00:34:05,500 --> 00:34:11,360
saw two Marine interceptors climbing

506

00:34:08,929 --> 00:34:13,820
forward of us now they flew into a cloud

507

00:34:11,360 --> 00:34:19,250
and I never came out okay how thick
was

508

00:34:13,820 --> 00:34:21,260
a cloud seven eight hundred feet okay
we

509

00:34:19,250 --> 00:34:22,550
have two Marines yes moving it better

510

00:34:21,260 --> 00:34:23,810

than nine hundred plus they should have

511
00:34:22,550 --> 00:34:26,600
punched through that cloud less than

512
00:34:23,809 --> 00:34:28,639
three or four seconds did they I just

513
00:34:26,599 --> 00:34:31,279
told you they didn't well what did your

514
00:34:28,639 --> 00:34:32,539
scope show exactly release are the Jets

515
00:34:31,280 --> 00:34:34,480
disappeared and so did there's other

516
00:34:32,539 --> 00:34:37,668
things they just but you didn't see that

517
00:34:34,480 --> 00:34:43,398
you only saw your scopes blips on and

518
00:34:37,668 --> 00:34:45,679
off tell me this is sounding more and

519
00:34:43,398 --> 00:34:47,418
more like electronic malfunction that's

520
00:34:45,679 --> 00:34:49,519
exactly what you were sent up there to

521
00:34:47,418 --> 00:34:51,469
check out well then Michael mr. musta

522
00:34:49,519 --> 00:34:52,668
had the same malfunction we did yeah and

523
00:34:51,469 --> 00:34:54,289
they're checking that out well they

524
00:34:52,668 --> 00:34:55,730

better take a knows kind of digest

525

00:34:54,289 --> 00:34:58,550

because they are gonna come up too short

526

00:34:55,730 --> 00:35:01,050

we have no report of two Jets missing

527

00:34:58,550 --> 00:35:08,400

[Music]

528

00:35:01,050 --> 00:35:09,000

I'll be very happy to make one look

529

00:35:08,400 --> 00:35:11,940

cliff

530

00:35:09,000 --> 00:35:13,949

you suffered a trick of the eye now up

531

00:35:11,940 --> 00:35:16,530

two Jet's went down in that area we'd

532

00:35:13,949 --> 00:35:20,909

know about it and we don't they didn't

533

00:35:16,530 --> 00:35:23,369

go down they just went nothing does that

534

00:35:20,909 --> 00:35:24,779

that's what I'm trying to tell you and

535

00:35:23,369 --> 00:35:36,450

I'm trying to tell you that we don't

536

00:35:24,780 --> 00:35:38,220

deal in science fiction of course oh

537

00:35:36,449 --> 00:35:40,679

seven four would have put him on this

538
00:35:38,219 --> 00:35:42,539
heading right here that means they would

539
00:35:40,679 --> 00:35:44,009
have gone in
here popped over these

540
00:35:42,539 --> 00:35:45,869
mouths and back on the radar

541
00:35:44,010 --> 00:35:47,250
yes but they didn't so they must be here

542
00:35:45,869 --> 00:35:49,050
somewhere but you know something

543
00:35:47,250 --> 00:35:51,030
they wouldn't travel low altitudes for

544
00:35:49,050 --> 00:35:53,339
very long they must have landed I'm not

545
00:35:51,030 --> 00:35:55,500
on sand there's got to be a base<font
color="#CCCCCC"> there

546
00:35:53,338 --> 00:35:58,619
stripling myself there's dirt roads here

547
00:35:55,500 --> 00:36:00,679
we got a gunnery range here right with

548
00:35:58,619 --> 00:36:06,838
an airstrip no they didn't get that for

549
00:36:00,679 --> 00:36:09,750
not over these mountains no symbols
 you

550
00:36:06,838 --> 00:36:16,608
got a base directory yes it's on the

551
00:36:09,750 --> 00:36:19,530

shelf in its curl more

552

00:36:16,608 --> 00:36:22,980

spring mcbarns how's it going

553

00:36:19,530 --> 00:36:26,130

lovely maybe if you're open tomorrow we

554

00:36:22,980 --> 00:36:28,019

could have lunch just the two of us a

555

00:36:26,130 --> 00:36:30,240

little chat yeah well I'm not gonna be

556

00:36:28,019 --> 00:36:35,338

free well then tonight baby I'm very

557

00:36:30,239 --> 00:36:38,338

sorry no look Pete they've sealed up

558

00:36:35,338 --> 00:36:40,139

Blanco Vista a security alert yeah kind

559

00:36:38,338 --> 00:36:43,289

of they've pulled my radar people off

560

00:36:40,139 --> 00:36:47,000

the line why me

561

00:36:43,289 --> 00:36:47,000

you got your people back you know

562

00:36:47,780 --> 00:36:53,130

Freeman did the alert have anything to

563

00:36:50,730 --> 00:36:54,929

do with that radio transmission we

564

00:36:53,130 --> 00:36:58,950

picked up about losing contact with your

565

00:36:54,929 --> 00:36:59,929

jets we've lost them they disappeared

566

00:36:58,949 --> 00:37:04,889
vanished

567

00:36:59,929 --> 00:37:07,618
what Oh scoffs not a trace is that why

568

00:37:04,889 --> 00:37:08,699
they pulled your radar people Pete I

569

00:37:07,619 --> 00:37:12,119
suppose you know there's a standard

570

00:37:08,699 --> 00:37:13,839
procedure for UFO sightings why didn't

571

00:37:12,119 --> 00:37:16,300
you tell me about this before

572

00:37:13,840 --> 00:37:18,220
I couldn't speak freely before yeah well

573

00:37:16,300 --> 00:37:19,450
what is the connection between that and

574

00:37:18,219 --> 00:37:21,909
4:12

575

00:37:19,449 --> 00:37:26,230
I don't know that determination is in

576

00:37:21,909 --> 00:37:28,269
other hands special intelligence when I

577

00:37:26,230 --> 00:37:29,829
you know that's very strange everybody

578

00:37:28,269 --> 00:37:32,800
is operating on a strictly need-to-know

579

00:37:29,829 --> 00:37:35,949

basis well I need to know more than that

580
00:37:32,800 --> 00:37:39,150
babe I don't know how you're going to

581
00:37:35,949 --> 00:37:42,960
handle this but whatever comes up I

582
00:37:39,150 --> 00:37:42,960
never made this phone call

583
00:37:44,550 --> 00:37:49,210
what do you mean to utter a tower
people

584
00:37:46,659 --> 00:37:54,009
look we're just trying to find out man

585
00:37:49,210 --> 00:37:57,280
right well I've done this yeah Pullman

586
00:37:54,010 --> 00:37:59,770
Marine Air Station deactivated 1954

587
00:37:57,280 --> 00:38:01,360
didn't even on the map anymore okay

588
00:37:59,769 --> 00:38:05,559
that's my contribution and tell me what

589
00:38:01,360 --> 00:38:08,200
Barnes said no later how are you a

590
00:38:05,559 --> 00:38:10,210
desert survival we're going out there

591
00:38:08,199 --> 00:38:13,899
well what are we gonna tell the general

592
00:38:10,210 --> 00:38:15,829
well if we do find our people I'm gonna

593

00:38:13,900 --> 00:38:23,670
tell him plenty

594
00:38:15,829 --> 00:38:37,199
[Music]

595
00:38:23,670 --> 00:38:41,099
I don't know what we're gonna do when we

596
00:38:37,199 --> 00:38:44,819
get there we're gonna get our men out if

597
00:38:41,099 --> 00:38:46,710
they're there you think we can just walk

598
00:38:44,820 --> 00:38:50,190
in say excuse me these are mine and
walk

599
00:38:46,710 --> 00:38:54,900
out again eat somebody went to a lot of

600
00:38:50,190 --> 00:38:56,179
trouble to keep this secret that's for

601
00:38:54,900 --> 00:39:00,200
sure

602
00:38:56,179 --> 00:39:08,929
who's Barnes talking about<font
color="#CCCCCC"> Oh seems that

603
00:39:00,199 --> 00:39:08,929
4:12 tangled with a UFO yeah

604
00:39:09,940 --> 00:39:16,000
Pete mm-hmm let's go back the men are

605
00:39:13,480 --> 00:39:18,789
okay I know they are how do you know

606
00:39:16,000 --> 00:39:20,710
that because I was involved in something

607
00:39:18,789 --> 00:39:23,409
like this two years ago he wear for his

608
00:39:20,710 --> 00:39:25,420
situation and what happened holy really

609
00:39:23,409 --> 00:39:27,389
raped us over the cold thing convinced

610
00:39:25,420 --> 00:39:30,070
us that we didn't see a thing

611
00:39:27,389 --> 00:39:32,679
and they made it perfectly clear we were

612
00:39:30,070 --> 00:39:34,480
involved in the national security come

613
00:39:32,679 --> 00:39:36,039
on look I know how you feel about the

614
00:39:34,480 --> 00:39:39,389
men I respect you for that but I'm

615
00:39:36,039 --> 00:39:39,389
telling you back off now

616
00:39:43,190 --> 00:39:50,960
for my own good I can back off now so

617
00:39:49,250 --> 00:39:52,760
when block Avista told you to check that

618
00:39:50,960 --> 00:39:56,539
sector you didn't question them at all

619
00:39:52,760 --> 00:39:58,670
no it's not my job to do that but you

620
00:39:56,539 --> 00:39:59,630
could have asked them hey fellas what

621

00:39:58,670 --> 00:40:02,139
are we looking for

622
00:39:59,630 --> 00:40:06,829
he's obvious they wanted an independent

623
00:40:02,139 --> 00:40:11,049
observation obvious to you isn't that

624
00:40:06,829 --> 00:40:15,170
right bishop well you guys gonna feed us

625
00:40:11,050 --> 00:40:17,870
we'll get around to Ferguson how did you

626
00:40:15,170 --> 00:40:21,829
get into the Air Force Academy was the

627
00:40:17,869 --> 00:40:22,539
Poynting congressmen they like what you

628
00:40:21,829 --> 00:40:27,079
do

629
00:40:22,539 --> 00:40:29,619
sure is he any good at it he's excellent

630
00:40:27,079 --> 00:40:33,559
and how do you think<font
color="#E5E5E5"> he achieved this

631
00:40:29,619 --> 00:40:34,909
level of excellence my training the

632
00:40:33,559 --> 00:40:37,639
United States government laid out a lot

633
00:40:34,909 --> 00:40:37,969
of money for that training I appreciate

634
00:40:37,639 --> 00:40:39,949
it

635

00:40:37,969 --> 00:40:42,469
that's good I guess when you got through

636
00:40:39,949 --> 00:40:44,179
the Academy Ferguson amongst other

637
00:40:42,469 --> 00:40:47,329
things you became an officer and a

638
00:40:44,179 --> 00:40:48,980
gentleman yes he did and<font
color="#CCCCCC"> where's always

639
00:40:47,329 --> 00:40:50,719
leading to you're told and it's the

640
00:40:48,980 --> 00:40:54,349
truth but you're the best this country

641
00:40:50,719 --> 00:40:57,439
has to offer all that's required<font
color="#CCCCCC"> is that

642
00:40:54,349 --> 00:40:59,329
you measure up to what the primary

643
00:40:57,440 --> 00:41:05,090
obligation of a military officer which

644
00:40:59,329 --> 00:41:09,230
is mr. Porter your laws Eli you

645
00:41:05,090 --> 00:41:14,300
questioning my integrity not at all just

646
00:41:09,230 --> 00:41:16,760
your level of cooperation what what am I

647
00:41:14,300 --> 00:41:21,240
supposed to cooperate with why<font
color="#E5E5E5"> don't you

648
00:41:16,760 --> 00:41:25,380
get to the point can't

649
00:41:21,239 --> 00:41:31,250
he's not questioning our integrity he's

650
00:41:25,380 --> 00:41:31,250
asking us to dispense with it aren't you

651
00:41:39,010 --> 00:41:53,690
all right bishop

652
00:41:42,070 --> 00:41:56,320
how did you get into the Academy hey

653
00:41:53,690 --> 00:41:59,510
tell us what Tommy

654
00:41:56,320 --> 00:42:01,309
Sammy Sam yourself mixed cheers here

655
00:41:59,510 --> 00:42:08,860
okay listen listen I'll trade you my

656
00:42:01,309 --> 00:42:13,099
holy Fritz Haeg head Connie

657
00:42:08,860 --> 00:42:19,670
yeah little cream J damage yeah please

658
00:42:13,099 --> 00:42:22,119
good fresh okay who saw the flying

659
00:42:19,670 --> 00:42:22,119
saucers

660
00:42:32,880 --> 00:42:47,318
wellhe's Donna quick I don't know I know

661
00:42:39,400 --> 00:42:49,989
I didn't Connie I I just saw some blips

662
00:42:47,318 --> 00:42:52,478

good yeah then we can dispense with
 that

663

00:42:49,989 --> 00:42:58,809

huh what about the<font
color="#E5E5E5"> Jets that was

664

00:42:52,478 --> 00:43:00,189

dispensed with uh unconfirmed hey how

665

00:42:58,809 --> 00:43:02,759

come you guys will buy our story how

666

00:43:00,190 --> 00:43:04,690

come because it sounds just like a story

667

00:43:02,759 --> 00:43:07,028

we've dealt with these things before

668

00:43:04,690 --> 00:43:09,009

qualifying people making unqualified

669

00:43:07,028 --> 00:43:11,889

statements and what you thought you saw

670

00:43:09,009 --> 00:43:15,608

couldn't happen there's no evidence to

671

00:43:11,889 --> 00:43:18,159

make us believe that it could so you

672

00:43:15,608 --> 00:43:19,598

didn't see why don't you finish that

673

00:43:18,159 --> 00:43:22,778

sentence we don't get out of here until

674

00:43:19,599 --> 00:43:25,920

we swallow that right Buster the only

675

00:43:22,778 --> 00:43:25,920

thing I'm gonna swallow is coffee

676

00:43:26,248 --> 00:43:29,248
Hey

677
00:43:37,349 --> 00:43:42,920
how much longer do we have to put up

678
00:43:39,119 --> 00:43:42,920
with this I don't know

679
00:43:49,539 --> 00:43:52,858
maybe we don't have to

680
00:43:58,139 --> 00:44:00,199
you

681
00:44:13,159 --> 00:44:16,449
I have to think about it

682
00:44:32,510 --> 00:44:36,190
this is a restricted area

683
00:44:53,130 --> 00:44:59,608
you get that light out of my face sorry

684
00:44:57,329 --> 00:45:01,798
sir this is a restricted area

685
00:44:59,608 --> 00:45:04,500
I'm Colonel Moore these are major

686
00:45:01,798 --> 00:45:06,179
Dunning the four five eight I suggest

687
00:45:04,500 --> 00:45:07,289
that you called whoever's in charge here

688
00:45:06,179 --> 00:45:11,449
and tell them it has two additional

689
00:45:07,289 --> 00:45:11,450
guests you'll understand what I mean

690

00:45:21,050 --> 00:45:33,200

I've got a kernel more and a major

691

00:45:23,269 --> 00:45:33,769

Dunning here at the main gate sir Sena

692

00:45:33,199 --> 00:45:36,049

man

693

00:45:33,769 --> 00:45:37,940

how about function yeah just say that

694

00:45:36,050 --> 00:45:39,650

just write it down now function uh I

695

00:45:37,940 --> 00:45:41,539

don't care okay that's pretty generous

696

00:45:39,650 --> 00:45:43,070

no the whole thing was the not function

697

00:45:41,539 --> 00:45:47,259

the time we left Whitney the time we got

698

00:45:43,070 --> 00:45:47,260

here it's just one great big malfunction

699

00:45:47,969 --> 00:45:54,328

[Applause]

700

00:45:59,500 --> 00:46:07,389

I'm Trotman I'd like to see some ID what

701

00:46:08,079 --> 00:46:12,340

well we'd like to see some of yours

702

00:46:25,550 --> 00:46:33,450

what can I do for you Carl you're

703

00:46:27,900 --> 00:46:35,338

holding four of my men so mean so this

704
00:46:33,449 --> 00:46:37,710
this whole act here wouldn't be because

705
00:46:35,338 --> 00:46:40,500
of a UFO sighting now would it

706
00:46:37,710 --> 00:46:42,150
it's a UFO situation colonel when these

707
00:46:40,500 --> 00:46:44,579
things occur its policy to check out all

708
00:46:42,150 --> 00:46:46,380
the personnel involved what do you
mean

709
00:46:44,579 --> 00:46:49,140
check out peace the whole thing together

710
00:46:46,380 --> 00:46:51,380
oh I see you're uh you're investigating

711
00:46:49,139 --> 00:46:55,618
in is Eddie we're talking to your<font
color="#CCCCCC"> men

712
00:46:51,380 --> 00:46:57,180
can I see them not just yet<font
color="#E5E5E5"> when Colonel

713
00:46:55,619 --> 00:46:58,619
this is a matter of national security

714
00:46:57,179 --> 00:47:01,828
I'll come on that's getting to be a<font
color="#CCCCCC"> very

715
00:46:58,619 --> 00:47:04,050
thin umbrella now I know about national

716
00:47:01,829 --> 00:47:05,818
security mister but you can't put that

717

00:47:04,050 --> 00:47:07,380

label on everything we get these

718

00:47:05,818 --> 00:47:09,329

assignments all the time it's routine

719

00:47:07,380 --> 00:47:15,480

routine or not I'm not leaving it

720

00:47:09,329 --> 00:47:16,890

without my men in that case one of the

721

00:47:15,480 --> 00:47:18,269

two of you make yourselves comfortable

722

00:47:16,889 --> 00:47:20,789

have some coffee sending one of your men

723

00:47:18,269 --> 00:47:21,858

as soon as possible and how long will

724

00:47:20,789 --> 00:47:35,460

that be

725

00:47:21,858 --> 00:47:37,318

as long as it takes those were the guys

726

00:47:35,460 --> 00:47:39,990

that I was involved with two years ago

727

00:47:37,318 --> 00:47:41,579

si D now he's probably on the phone

728

00:47:39,989 --> 00:47:46,229

right now the end right come on what
 a

729

00:47:41,579 --> 00:47:48,769

pair of clowns we are if you need me I'm

730

00:47:46,230 --> 00:47:48,769

gonna puncture

731
00:47:48,920 --> 00:47:53,070

aircraft race Whitney on the radio the

733
00:47:53,070 --> 00:47:59,600

00:48:10,420 --> 00:48:15,610
don't rock the boat don't make waves
and

735
00:48:13,440 --> 00:48:18,760
you figure that's the way that majors

736
00:48:15,610 --> 00:48:20,650
get to be Colonels a certain lieutenant

737
00:48:18,760 --> 00:48:22,510
I knew stuck his nose in two years ago

738
00:48:20,650 --> 00:48:25,720
where it didn't belong the lieutenant is

739
00:48:22,510 --> 00:48:29,220
now a shoe salesman in Cincinnati that

740
00:48:25,719 --> 00:48:29,219

that's right well I'm concerned about

743
00:48:36,429 --> 00:48:39,000

753
00:50:01,018 --> 00:50:03,899
about finished with the men and we

754
00:50:02,699 --> 00:50:06,078
should have all of the contradictory

755
00:50:03,900 --> 00:50:10,950

777

00:53:05,889 --> 00:53:12,190

with the enemy here do you know that

778

00:53:09,119 --> 00:53:14,440

really do you know everything about

779

00:53:12,190 --> 00:53:17,730

natural quality or what the military

780

00:53:14,440 --> 00:53:17,730

complex up against

781

00:53:23,840 --> 00:53:32,170

you know

782

00:53:34,219 --> 00:53:39,769

all right gonna go to your aircraft but

783

00:53:37,429 --> 00:53:43,909

if you choose to do that it's going to

784

00:53:39,769 --> 00:53:45,769

be hard on your men much harder I don't

785

00:53:43,909 --> 00:53:48,170

791

00:55:16,088 --> 00:55:18,900

792

00:55:26,429 --> 00:55:30,338

794

00:55:30,338 --> 00:55:38,108

808

00:56:27,269 --> 00:56:31,429

matters pertaining to national security

809

00:56:31,760 --> 00:56:35,270

would you obey it

810

00:56:35,869 --> 00:56:41,280

of course

811

00:56:39,108 --> 00:56:47,358

what was your attitude about such an

812

00:56:41,280 --> 00:56:54,960

order where's the orders we know that I

813

00:56:47,358 --> 00:56:57,539

want an opinion I would think that the

814
00:56:54,960 --> 00:57:00,599
Air Force would have a pretty good

815
00:56:57,539 --> 00:57:03,259
reason a practical reason why don't you

816
00:57:00,599 --> 00:57:08,869
just just give me an order

817
00:57:03,260 --> 00:57:08,869

818
00:57:09,829 --> 00:57:14,970
I'm not some wild I coop looking to get

819
00:57:13,199 --> 00:57:16,439
on a six o'clock news you understand you

820
00:57:14,969 --> 00:57:17,730
don't have to try to convince me

821
00:57:16,440 --> 00:57:19,920
let's give me an order something on

822
00:57:17,730 --> 00:57:22,159
paper something I stole my man we're

823
00:57:19,920 --> 00:57:24,740
speaking hypothetically don't you work

824
00:57:22,159 --> 00:57:26,670
you want me to shut up give me an order

825
00:57:24,739 --> 00:57:32,509
no that's not it at all

826
00:57:26,670 --> 00:57:32,510
I want an order now sit down

827
00:57:36,610 --> 00:57:40,530
sit down

828
00:57:42,739 --> 00:57:45,309
now

841
00:59:15,088 --> 00:59:23,909

842

00:59:20,139 --> 00:59:26,199

fly them out of here no that'll be fine

843

00:59:23,909 --> 00:59:28,529

I'll see that your car gets back to

01:00:29,179 --> 01:00:34,338

about

855

01:00:29,449 --> 01:00:38,150

say sanctions sanction yeah yeah this

857

01:00:38,150 --> 01:00:41,539

whole setup here now those men were

858

01:00:40,338 --> 01:00:42,318

ordered to work my people over and I'm

859

01:00:41,539 --> 01:00:48,939

860

01:00:42,318 --> 01:00:48,938

and why look colonel

01:00:49,000 --> 01:00:54,690

I

862

01:00:50,980 --> 01:00:54,690

I'm not gonna see anybody about anything

863

01:00:55,630 --> 01:01:01,909

01:02:28,940 --> 01:02:33,309

just read it

874

01:02:29,840 --> 01:02:35,570

now Pete I knew you had initiative but

875

01:02:33,309 --> 01:02:37,820

878

01:02:42,530 --> 01:02:46,640

very thorough quite an investigation oh

879

01:02:44,449 --> 01:02:49,669

yes it was thorough but there was no

880

01:02:46,639 --> 01:02:53,359

investigation it's all here

881

01:02:49,670 --> 01:02:55,760

890
01:03:22,650 --> 01:03:28,130
during the investigation at least once

891
01:03:24,869 --> 01:03:28,130

well I see no mention here of a visual

899

01:04:46,289 --> 01:04:51,710

sighting on the disappearance of two

900

01:04:47,760 --> 01:04:51,710

marine jets scrambled by black Avista

901

01:04:52,969 --> 01:04:59,038

what about that Colonel those are

902

01:04:56,960 --> 01:05:01,380

reports are under separate cover from

903

01:04:59,039 --> 01:05:02,160

you mean to say you couldn't connect one

904

01:05:01,380 --> 01:05:05,130

with the other

905

01:05:02,159 --> 01:05:07,048

of course I did yeah why didn't you do

906

01:05:05,130 --> 01:05:09,750

something about it that's not my job

907

01:05:07,048 --> 01:05:12,179

wait a minute I was two missing Jets

908

01:05:09,750 --> 01:05:16,199

time you know those reports were

912

01:05:20,639 --> 01:05:25,409

probably written one hour after you

913

01:05:22,650 --> 01:05:30,119

started questioning my orders dictate my

914

01:05:25,409 --> 01:05:33,598

methods full when I get my orders

915

01:05:30,119 --> 01:05:36,000

captain I follow them the last time I

916

01:05:33,599 --> 01:05:38,068

heard that it came from the document

917

01:05:36,000 --> 01:05:41,818

nürnberg I wouldn't make hasty

918

01:05:38,068 --> 01:05:45,119

comparisons just what are your orders to

919

01:05:41,818 --> 01:05:46,858

intimidate to bend to distort the truth

920

01:05:45,119 --> 01:05:50,548

nobody would recognize it after you're

921

01:05:46,858 --> 01:05:56,369

finished with it general what you know

922

01:05:50,548 --> 01:05:57,690

the policy I don't what is the policy to

923

01:05:56,369 --> 01:05:59,670

investigate any sightings of

924

01:05:57,690 --> 01:06:01,559

unidentified flying objects by Air Force

925

01:05:59,670 --> 01:06:03,838

personnel and determine the accuracy of

926

01:06:01,559 --> 01:06:04,349

those sightings yeah and what do you do

927

01:06:03,838 --> 01:06:06,619

about it

928

01:06:04,349 --> 01:06:10,500

the reports are set up sent up to whom

929

01:06:06,619 --> 01:06:14,309

that's classified you know I'm not a

930

01:06:10,500 --> 01:06:16,710

scientist and neither are you but it

931

01:06:14,309 --> 01:06:19,230

seems to me that you got to sort of take

932

01:06:16,710 --> 01:06:21,420

a scientific approach to this either you

933

01:06:19,230 --> 01:06:23,608

prove these things exist or you prove

934

01:06:21,420 --> 01:06:25,970

they don't exist but you don't pretend

935

01:06:23,608 --> 01:06:25,969

they're not there

936

01:06:27,798 --> 01:06:33,119

who sees these reported hate you're

937

01:06:31,498 --> 01:06:35,278

entering an area that just concern you

938

01:06:33,119 --> 01:06:36,358

oh yeah I'm drawing a line here and you

939

01:06:35,278 --> 01:06:40,498

don't cross over it

940

01:06:36,358 --> 01:06:42,358

what line policy Colonel we don't set

941

01:06:40,498 --> 01:06:44,098

the policy we act on it we make our

942

01:06:42,358 --> 01:06:46,338

reports and that's it and the action

943

01:06:44,099 --> 01:06:49,338

have you taken comes from somewhere else

944

01:06:46,338 --> 01:06:49,338

where

945

01:06:51,719 --> 01:06:55,039

where you meant please wait outside

946

01:07:03,090 --> 01:07:06,240

sit down

947

01:07:09,469 --> 01:07:14,819

frankly Pete the air force doesn't have

948

01:07:12,449 --> 01:07:16,109

the time or the funds for tracking down

949

01:07:14,820 --> 01:07:18,030

flying saucers

950

01:07:16,110 --> 01:07:20,430

yes but they do have the funds to

951

01:07:18,030 --> 01:07:23,100

maintain places like Digger base look

952

01:07:20,429 --> 01:07:26,009

sir my men told their story as straight

953
01:07:23,099 --> 01:07:28,679
as they could based on what they saw or

954
01:07:26,010 --> 01:07:29,880
thought they saw it doesn't make any

955
01:07:28,679 --> 01:07:33,000
difference really

956
01:07:29,880 --> 01:07:34,920
of course how you get a directive that

957
01:07:33,000 --> 01:07:37,079
tells you what to do gives you no

958
01:07:34,920 --> 01:07:39,480
latitude at all and you know what you

959
01:07:37,079 --> 01:07:42,090
are you're nothing but a laundry

960
01:07:39,480 --> 01:07:45,679
processor Pete we don't need any of that

961
01:07:42,090 --> 01:07:48,360
general what this man does is pointless

962
01:07:45,679 --> 01:07:49,679
by instinct I know that his attitude

963
01:07:48,360 --> 01:07:51,539
doesn't serve the interest of this

964
01:07:49,679 --> 01:07:54,899
country its people or its government

965
01:07:51,539 --> 01:07:57,000
colonel officers are not supposed to act

966
01:07:54,900 --> 01:07:59,869
on instinct they act on orders and yours

967

01:07:57,000 --> 01:07:59,869
are to lay off

968
01:08:03,820 --> 01:08:06,660
right okay

969
01:08:12,139 --> 01:08:22,588
thank you really you're gonna be noble

970
01:08:21,448 --> 01:08:24,568
why don't you do it over something

971
01:08:22,588 --> 01:08:26,068
worthwhile now don't misunderstand
 me

972
01:08:24,569 --> 01:08:26,279
I'm just as concerned over this as you

973
01:08:26,069 --> 01:08:29,880
are

974
01:08:26,279 --> 01:08:33,210
yeah more so what I'm gonna show you now

975
01:08:29,880 --> 01:08:47,969
is strictly off the record it is not to

976
01:08:33,210 --> 01:08:50,929
leave this room this is all we found of

977
01:08:47,969 --> 01:08:50,929
a missing marine Jets

978
01:08:55,469 --> 01:09:02,639
but where was this part<font
color="#E5E5E5"> 80 miles east of

979
01:08:58,229 --> 01:09:05,789
Blanco Vista well where the crews we're

980
01:09:02,639 --> 01:09:08,788
still looking did Trotman know about

981
01:09:05,788 --> 01:09:13,228
this he didn't need to it has nothing to

982
01:09:08,788 --> 01:09:14,630
do with his job general does this sort

983
01:09:13,229 --> 01:09:19,319
of cover up going all the time

984
01:09:14,630 --> 01:09:21,059
aide I'll look at that picture that's

985
01:09:19,319 --> 01:09:25,619
the only piece of wreckage we've got

986
01:09:21,059 --> 01:09:29,880
that's it that's all there is there's no

987
01:09:25,618 --> 01:09:32,518
way in the world we can explain this and

988
01:09:29,880 --> 01:09:35,599
it's not the policy the military to

989
01:09:32,519 --> 01:09:35,599
create panic

990
01:09:39,039 --> 01:09:43,140
general what are we creating

991
01:09:44,720 --> 01:10:04,199
[Music]

992
01:10:01,050 --> 01:10:04,940
try to keep you fellas waiting hungry no

993
01:10:04,199 --> 01:10:06,960
thanks

994
01:10:04,939 --> 01:10:10,529
colonel we're sorry that we made things

995

01:10:06,960 --> 01:10:12,270
rough for you for me yeah we talked it

996
01:10:10,529 --> 01:10:13,800
over sir this whole thing it just isn't

997
01:10:12,270 --> 01:10:17,570
worth it it'll drop it if you say

998
01:10:13,800 --> 01:10:17,570
something sir no don't do that

999
01:10:17,659 --> 01:10:24,149
remember policies change yeah yeah but

1000
01:10:22,229 --> 01:10:26,419
not attitudes but they don't last

1001
01:10:24,149 --> 01:10:26,420
forever

1002
01:10:26,460 --> 01:10:35,948
only as long as they're expedient

1003
01:10:28,920 --> 01:10:38,119
[Music]

1004
01:10:35,948 --> 01:10:40,339
Pete Moore would have pursued the

1005
01:10:38,119 --> 01:10:42,279
disappearance of flight 401 - if he

1006
01:10:40,340 --> 01:10:46,069
could have found someplace to pursue it

1007
01:10:42,279 --> 01:10:48,529
no one cared and the only reason he

1008
01:10:46,069 --> 01:10:50,840
could ever find why they didn't care was

1009

01:10:48,529 --> 01:10:53,409
because they were afraid to cope with it

1010
01:10:50,840 --> 01:10:54,819
even when it happened again

1011
01:10:53,409 --> 01:10:57,809
[Music]

1012
01:10:54,819 --> 01:11:01,238
four months later a similar exercise

1013
01:10:57,809 --> 01:11:05,288
this time everyone was there from the

1014
01:11:01,238 --> 01:11:09,009
top down plane scrambled objects were

1015
01:11:05,288 --> 01:11:10,500
sighted everyone was a witness it made

1016
01:11:09,010 --> 01:11:13,239
no difference

1017
01:11:10,500 --> 01:11:16,389
everyone was debriefed the file closed

1018
01:11:13,238 --> 01:11:20,229
begins it is forgotten much as was

1019
01:11:16,389 --> 01:11:22,420
flight for one - the fate of the men

1020
01:11:20,229 --> 01:11:25,359
concerned with for one - has been

1021
01:11:22,420 --> 01:11:28,000
curious indeed major Dunning was

1022
01:11:25,359 --> 01:11:30,399
promoted to Colonel lieutenant Ford

1023
01:11:28,000 --> 01:11:32,500

risky in return for his cooperation was

1024

01:11:30,399 --> 01:11:34,210

advanced to captain and is presently

1025

01:11:32,500 --> 01:11:34,960

serving a three-year tour in the

1026

01:11:34,210 --> 01:11:37,868

Pentagon

1027

01:11:34,960 --> 01:11:39,609

captain Bishop Estella captain and is

1028

01:11:37,868 --> 01:11:42,429

serving a two-year tour in the Canal

1029

01:11:39,609 --> 01:11:45,158

Zone Pete Moore was passed over three

1030

01:11:42,429 --> 01:11:46,300

times for promotion and retired at

1031

01:11:45,158 --> 01:12:05,460

minimum age
