00:00:01,250 --> 00:00:05,530
scientists are now convinced that we are

2
00:00:03,600 --> 00:00:15,279
not alone in the universe

00:00:22,129 --> 00:00:24,608

5
00:00:41,060 --> 00:00:44,880
No

6
00:00:42,820 --> 00:00:44,880
Oh

7
00:00:53,210 --> 00:00:55,270
you

8
00:01:01,250 --> 00:01:07,519
the UFO phenomenon provides crucial

9
00:01:03,740 --> 00:01:09,799
evidence to support this claim alien

10
00:01:07,519 --> 00:01:18,949
civilizations may have been monitoring

11
00:01:09,799 --> 00:01:21,170
us for over 3,000 years this Egyptian

12
00:01:18,950 --> 00:01:23,510
papyrus describes a luminous display

13
00:01:21,170 --> 00:01:28,099
which startled the armies of Thutmosis

14
00:01:23,510 --> 00:01:31,010
the third the Greeks and Romans to

15
00:01:28,099 --> 00:01:32,750
observed UFOs and the curiosity they

16
00:01:31,010 --> 00:01:35,118
aroused during the Renaissance is

17
00:01:32,750 --> 00:01:39,950
evident from engravings and newspaper

18
00:01:35,118 --> 00:01:42,769
accounts of the time the miniaturized

19
00:01:39,950 --> 00:01:46,270
Hans Glaser illustrated the Nuremberg

20
00:01:42,769 --> 00:01:46,269
sighting of 1561

21
00:01:53,180 --> 00:01:58,560
five years later the basil Gazette

22
00:01:56,400 --> 00:02:01,500
reported that at the hour of sunrise

23
00:01:58,560 --> 00:02:04,200
many big black balls were seen in the

24
00:02:01,500 --> 00:02:06,930
air traveling at great speeds toward the

25
00:02:04,200 --> 00:02:10,979
Sun then crashing into one another as if

26
00:02:06,930 --> 00:02:13,590
they were fighting a great number of

27
00:02:10,979 --> 00:02:19,410
them became red and inflamed before

28
00:02:13,590 --> 00:02:22,140
being extinguished closer to the 20th

29

00:02:19,409 --> 00:02:25,109
century we find more specific accounts

30
00:02:22,139 --> 00:02:27,779
of weird airships but not until nineteen

31
00:02:25,110 --> 00:02:30,980
forty seven was the popular term of

32
00:02:27,780 --> 00:02:33,900
flying saucer coin when kenneth arnold

33
00:02:30,979 --> 00:02:36,268
asserted that the fantastic phenomena he

34
00:02:33,900 --> 00:02:51,689
had witnessed must be manufactured

35
00:02:36,269 --> 00:02:54,259
objects from outer space photographs of

36
00:02:51,689 --> 00:02:57,209
ufos flood in from all over the world

37
00:02:54,259 --> 00:03:01,169
many are hoaxes like this picture of a

38
00:02:57,209 --> 00:03:04,140
hubcap but the public is on the verge of

39
00:03:01,169 --> 00:03:07,229
panic the US Air Force instigates a

40
00:03:04,139 --> 00:03:10,439
commission of inquiry Project Blue Book

41
00:03:07,229 --> 00:03:14,039
a bulky report is published its

42
00:03:10,439 --> 00:03:17,539
conclusion the UFO phenomenon is not

43
00:03:14,039 --> 00:03:17,539

worthy of scientific investigation

44

00:03:34,349 --> 00:03:40,310
[Music]

45

00:03:36,490 --> 00:03:42,500
according to the airport all UFOs can be

46

00:03:40,310 --> 00:03:45,280
accounted for in terms of man-made

47

00:03:42,500 --> 00:03:48,860
objects or natural occurrences a

48

00:03:45,280 --> 00:04:01,879
lenticular clouds can look like a flying

49

00:03:48,860 --> 00:04:03,620
saucer so can Northern Light created by

50

00:04:01,879 --> 00:04:06,439
the electrical particles which

51

00:04:03,620 --> 00:04:08,330
constitute solar winds not to mention

52

00:04:06,439 --> 00:04:14,508
lightning balls and the light

53

00:04:08,330 --> 00:04:14,509
[Music]

54

00:04:20,069 --> 00:04:27,339
our sky is crisscrossed continually with

00:04:24,040 --> 00:04:35,379
aircraft weather balloons Space Research

56

00:04:27,339 --> 00:04:37,539
devices barium clouds but what should we

57

00:04:35,379 --> 00:04:40,329
believe when there seems to be no

58
00:04:37,540 --> 00:04:44,650
available logical explanation for the

59
00:04:40,329 --> 00:04:47,680
claims of reliable witnesses this is the

60
00:04:44,649 --> 00:04:52,209
question dr. J Allen Hynek began to ask

61
00:04:47,680 --> 00:04:54,400
himself dr. Hynek is an astronomer while

62
00:04:52,209 --> 00:04:56,949
acting in his official capacity as

63
00:04:54,399 --> 00:05:00,339
scientific advisor to the US Air Force

64
00:04:56,949 --> 00:05:04,469
he found himself obliged to revise his

65
00:05:00,339 --> 00:05:08,068
attitude to UFOs drastically

66
00:05:04,470 --> 00:05:08,069
[Music]

67
00:05:08,598 --> 00:05:15,478
this device is certainly food for the

68
00:05:11,548 --> 00:05:18,478
imagination but man-made objects move in

69
00:05:15,478 --> 00:05:21,838
a predictable fashion balloons for

70
00:05:18,478 --> 00:05:24,269
instance follow the prevailing wind when

71
00:05:21,838 --> 00:05:26,368
in doubt an investigator can check with

72
00:05:24,269 --> 00:05:29,158
the Meteorological Office for the dates

73
00:05:26,369 --> 00:05:40,739
and times of balloon launching and for

74
00:05:29,158 --> 00:05:42,778
details of wind directions more recently

75
00:05:40,738 --> 00:05:44,968
space Rockets have begun to make

76
00:05:42,778 --> 00:05:49,678
spectacular re-entries into the

77
00:05:44,968 --> 00:05:52,528
atmosphere obviously it is not hard to

78
00:05:49,678 --> 00:05:54,778
be fooled yes there remain a good

79
00:05:52,528 --> 00:05:57,238
hundred thousand reports of UFO

80
00:05:54,778 --> 00:05:59,868
sightings which continued to baffle

81
00:05:57,238 --> 00:05:59,868
scientists

82
00:06:06,189 --> 00:06:13,129
dr. Hynek the Dean of American ufologist

83
00:06:10,089 --> 00:06:15,560
established a system of classifying UFO

84
00:06:13,129 --> 00:06:19,850
reports which has since been generally

85
00:06:15,560 --> 00:06:22,459
adopted firstly we have UFOs observed

86

00:06:19,850 --> 00:06:25,330
from far away these may be further

87
00:06:22,459 --> 00:06:28,719
divided into lights seen at night

88
00:06:25,329 --> 00:06:28,719
[Applause]

89
00:06:29,170 --> 00:06:34,100
objects which have been detected by

90
00:06:31,579 --> 00:06:38,300
radar as well as being observed by one

91
00:06:34,100 --> 00:06:41,090
or more witnesses and discs seen during

92
00:06:38,300 --> 00:06:43,790
the day the second group comprises

93
00:06:41,089 --> 00:06:46,879
encounters with closer objects Close

94
00:06:43,790 --> 00:06:50,150
Encounters of the first kind less than

95
00:06:46,879 --> 00:06:53,589
150 yards away Close Encounters of the

96
00:06:50,149 --> 00:06:56,709
second kind physical traces are left

97
00:06:53,589 --> 00:07:02,719
Close Encounters of the Third Kind

98
00:06:56,709 --> 00:07:06,969
occupants have been observed let's look

99
00:07:02,720 --> 00:07:06,970
first at sightings made from a distance

100
00:07:07,209 --> 00:07:12,439

here is a good example of a daylight

101

00:07:09,649 --> 00:07:16,339

disk photographed by mr. and mrs. Trent

102

00:07:12,439 --> 00:07:17,959

in 1950 dr. hynix method of analysis

103

00:07:16,339 --> 00:07:20,209

gives predominance to sightings

104

00:07:17,959 --> 00:07:22,549

corroborated by more than one witness

105

00:07:20,209 --> 00:07:25,250

the documents which you will see now

106

00:07:22,550 --> 00:07:27,319

were almost all confirmed by several

107

00:07:25,250 --> 00:07:30,500

observers sometimes completely

108

00:07:27,319 --> 00:07:34,009

independent of one another a strikingly

109

00:07:30,500 --> 00:07:37,699

similar UFO was zapped in 1954 by a

110

00:07:34,009 --> 00:07:40,120

French pilot this film is a classic of

111

00:07:37,699 --> 00:07:40,120

its crime

112

00:07:46,920 --> 00:07:51,759

let's take another look at those

113

00:07:49,029 --> 00:07:54,009

luminous balls in slow motion this

114

00:07:51,759 --> 00:08:02,560

document has been examined by various

115
00:07:54,009 --> 00:08:05,110
experts but they're carefully weighed

116
00:08:02,560 --> 00:08:07,060
conclusion is that the shining spheres

117
00:08:05,110 --> 00:08:10,090
could not possibly be aircraft

118
00:08:07,060 --> 00:08:31,660
reflecting the Sun nor any other known

119
00:08:10,089 --> 00:08:34,478
object a remarkable number of reports

120
00:08:31,660 --> 00:08:36,788
come from highly responsible people in

121
00:08:34,479 --> 00:08:39,190
this case several air-traffic

122
00:08:36,788 --> 00:08:42,309
controllers observed a nocturnal light

123
00:08:39,190 --> 00:08:44,770
through binoculars it proceeded to split

124
00:08:42,309 --> 00:08:47,799
in two and then to perform aerial

125
00:08:44,769 --> 00:08:52,689
acrobatics apparently oblivious to the

126
00:08:47,799 --> 00:08:55,088
strong wind which was blowing other UFO

127
00:08:52,690 --> 00:08:57,480
witnesses include radar technician

128
00:08:55,089 --> 00:08:59,830
pilots police and army officers

129
00:08:57,480 --> 00:09:02,639
astronauts and scientists even

130
00:08:59,830 --> 00:09:02,639
astronomer

131
00:09:06,700 --> 00:09:12,020
these nocturnal lights in boomerang

132
00:09:09,409 --> 00:09:14,719
formation were observed sweeping over a

133
00:09:12,019 --> 00:09:24,019
small town by several separate groups of

134
00:09:14,720 --> 00:09:26,509
people here's another film from the wave

135
00:09:24,019 --> 00:09:29,569
of flying saucer sightings which

136
00:09:26,509 --> 00:09:32,389
continued through the 1950s it was shot

137
00:09:29,570 --> 00:09:34,670
by a navy photographer no logical

138
00:09:32,389 --> 00:09:38,480
explanation for the white disc has ever

139
00:09:34,669 --> 00:09:40,819
been found the vertical bar was printed

140
00:09:38,480 --> 00:09:43,039
onto the film by the Air Force to

141
00:09:40,820 --> 00:09:47,120
facilitate analysis of the objects

142
00:09:43,039 --> 00:09:50,120
flight angles the Air Force added these

143

00:09:47,120 --> 00:09:52,220
views of seagulls as an explanation yet

144
00:09:50,120 --> 00:09:54,230
the Sun light flickers violently on the

145
00:09:52,220 --> 00:09:56,540
wings of the birds and the flight

146
00:09:54,230 --> 00:09:58,460
patterns have little in common the

147
00:09:56,539 --> 00:10:01,689
comparison does not help us to identify

148
00:09:58,460 --> 00:10:01,690
the phenomenon

149
00:10:08,769 --> 00:10:14,809
above all the main witness is adamant

150
00:10:12,230 --> 00:10:16,399
that the steers he observed bore no

151
00:10:14,809 --> 00:10:19,219
resemblance to anything he had

152
00:10:16,399 --> 00:10:30,079
previously seen during his career as an

153
00:10:19,220 --> 00:10:32,509
aerial photographer this frame is all

154
00:10:30,080 --> 00:10:35,150
that remains of a film shot by corporal

155
00:10:32,509 --> 00:10:35,909
Ralph mayor and confiscated by the Air

00:10:44,679 --> 00:10:52,838
a Martin b-57 prototype was only picked

160

00:10:48,549 --> 00:10:56,169
up on processing we can use the same

161

00:10:52,839 --> 00:11:00,480
photo to illustrate the famous 1952 case

162

00:10:56,169 --> 00:11:00,479
of the American base at davis-monthan

163

00:11:03,440 --> 00:11:09,470

164

00:11:07,279 --> 00:11:11,990
stayed in formation with it for 20

165

00:11:09,470 --> 00:11:14,230
seconds the terror-stricken crew

166

00:11:11,990 --> 00:11:17,810
requested permission to land immediately

167

00:11:14,230 --> 00:11:20,009
nine members of base personnel also

168

00:11:17,809 --> 00:11:24,819

disappeared mysteriously government

172
00:11:34,269 --> 00:11:38,740
representatives have often gone as far

173
00:11:36,100 --> 00:11:41,050
as suppressing UFO evidence but the

174
00:11:38,740 --> 00:11:44,159
exact scale of the cover-up operation is

175
00:11:41,049 --> 00:11:44,159
hard to judge

witnesses observed the UFO from the deck

181

it had a metallic appearance with a halo

182

183

radar the number of witnesses is of

190
00:12:47,080 --> 00:12:51,400
paramount importance when considering

00:12:49,000 --> 00:12:54,129
the authenticity of the UFO photograph

192
00:12:51,399 --> 00:12:58,529
when the photographer was on his own as

193
00:12:54,129 --> 00:12:58,529
in this case we have only his word

194
00:13:00,350 --> 00:13:05,930
according to Rex Heflin the dome left

195
00:13:03,350 --> 00:13:06,740
behind a ring of smoke which he was able

196
00:13:05,929 --> 00:13:10,819
to photograph

[Music]

198
00:13:11,778 --> 00:13:18,328
too good color photographs now in each

199
00:13:14,850 --> 00:13:20,009
case there were six witnesses UFOs do

200

00:13:18,328 --> 00:13:22,258
not always look like spaceships the

201
00:13:20,009 --> 00:13:25,949
variety of shapes colors and textures is

202
00:13:22,259 --> 00:13:28,168
extraordinary the pulsating lights

203
00:13:25,948 --> 00:13:30,088
illustrated in this animation sequence

204
00:13:28,168 --> 00:13:33,119
suggests the presence of a strong

205
00:13:30,089 --> 00:13:36,359
magnetic field many researchers consider

206
00:13:33,119 --> 00:13:38,660
that the propulsion system of UFOs may

207
00:13:36,359 --> 00:13:41,689
be linked to their ability to create an

208
00:13:38,659 --> 00:13:41,688
electromagnetic field

American to walk in space during the

214
00:14:25,429 --> 00:14:31,789

space program many photographs of UFOs

215

00:14:28,370 --> 00:14:34,190

were taken unfortunately however these

216

00:14:31,789 --> 00:14:42,799

NASA documents are not accompanied by

217

00:14:34,190 --> 00:14:45,490

circumstantial reports astronauts Jim

218

00:14:42,799 --> 00:14:48,620

McDivitt Frank Borman and Neil Armstrong

219

00:14:45,490 --> 00:14:50,930

openly claimed that they had seen UFOs

220

00:14:48,620 --> 00:14:53,810

in space as well as several others

221

00:14:50,929 --> 00:14:56,629

including Russian cosmonauts in many

222

00:14:53,809 --> 00:14:58,619

cases NASA could not come up with any

223

00:14:56,629 --> 00:15:02,408

explanation

00:15:21,750 --> 00:15:27,970

also in 1965 a Canadian film board crew

226

00:15:26,169 --> 00:15:32,039

happened to be on the spot when this

227

00:15:27,970 --> 00:15:32,040

mysterious object appeared in the sky

228

00:15:36,950 --> 00:15:43,050

it is the clouds and the camera which

229
00:15:40,379 --> 00:15:46,350
are moving the object remains stationary

230
00:15:43,049 --> 00:15:49,229
and was seen by dozens of people over a

231
00:15:46,350 --> 00:15:57,600
period of several hours its size was

232
00:15:49,230 --> 00:16:00,750
fantastic nobody has been able to

233
00:15:57,600 --> 00:16:03,940
identify it abruptly it disappeared as

234
00:16:00,750 --> 00:16:07,899

00:16:17,659 --> 00:16:23,219
we are still in the Canadian West one

238
00:16:21,120 --> 00:16:25,470
evening in July three men were returning

239
00:16:23,220 --> 00:16:28,620
home from a weekend devoted to mineral

240
00:16:25,470 --> 00:16:31,649
prospecting suddenly an object appeared

241
00:16:28,620 --> 00:16:34,350
in the sky Warren Smith took two photos

242
00:16:31,649 --> 00:16:37,740
the first one shows the classical flying

243
00:16:34,350 --> 00:16:40,399
saucer shape of two pie plates one on

244
00:16:37,740 --> 00:16:40,399
top of the other

245
00:16:41,049 --> 00:16:46,459
then the object went out of sight behind

246
00:16:43,669 --> 00:16:49,009
trees to reappear rising vertically

247
00:16:46,460 --> 00:16:56,210
towards the south Smith quickly made a

248
00:16:49,009 --> 00:16:59,210
second exposure the UFO phenomenon is

249
00:16:56,210 --> 00:17:01,700
multifarious there is perhaps a natural

250
00:16:59,210 --> 00:17:03,320
explanation for this luminous mass but

251
00:17:01,700 --> 00:17:06,200
where do all the metallic looking

252
00:17:03,320 --> 00:17:08,509
objects come from like a virus attacking

253
00:17:06,200 --> 00:17:12,880
an organism they are challenging our

254
00:17:08,509 --> 00:17:12,879
concepts and disturbing our environment

256
00:17:38,980 --> 00:17:46,069
in 1969 the American government put an

00:17:43,220 --> 00:17:48,679
end to its project blue book in this

258
00:17:46,069 --> 00:17:51,918
year too man made an old dream a reality

259
00:17:48,679 --> 00:17:55,038
on July twentieth in the course of the

260
00:17:51,919 --> 00:17:57,110
longest night three long men cut the

261
00:17:55,038 --> 00:18:00,230
umbilical cord linking us to mother

262
00:17:57,109 --> 00:18:02,599
earth for the first time but walking on

263
00:18:00,230 --> 00:18:05,210
the moon was only a beginning probes

264
00:18:02,599 --> 00:18:12,378
have since visited other planets and one

265
00:18:05,210 --> 00:18:14,600
day we will explore other stars maybe

266
00:18:12,378 --> 00:18:17,658
other intelligent beings have already

267
00:18:14,599 --> 00:18:20,329
responded to the same urge we know that

268
00:18:17,659 --> 00:18:23,480
some planetary systems are millions of

269
00:18:20,329 --> 00:18:25,999
years older than ours perhaps the galaxy

270
00:18:23,480 --> 00:18:28,669
has already been colonized by means of a

271
00:18:25,999 --> 00:18:31,879

technology infinitely more advanced than

272

00:18:28,669 --> 00:18:34,460

our own interstellar traffic may be

273

00:18:31,878 --> 00:18:37,329

heavier than today's air traffic over

274

00:18:34,460 --> 00:18:37,329

the United States

275

00:18:40,460 --> 00:18:46,370

the crew of the Apollo 11 mission would

276

00:18:43,369 --> 00:18:49,279

also see things after their first day in

277

00:18:46,369 --> 00:18:52,489

space Armstrong and Aldrin observed a

278

00:18:49,279 --> 00:18:55,549

strange object traveling slowly between

279

00:18:52,490 --> 00:18:58,940

their rocket and the moon it was huge

280

00:18:55,549 --> 00:19:29,240

and I-shaped but no photograph of it has

281

00:18:58,940 --> 00:19:31,340

been published let's imagine that when

282

00:19:29,240 --> 00:19:32,990

we landed on the moon the local

283

00:19:31,339 --> 00:19:35,750

population have been lined up to

284

00:19:32,990 --> 00:19:38,660

welcoming what would we have done we

285

00:19:35,750 --> 00:19:40,940

would probably have said take me to your

286
00:19:38,660 --> 00:19:44,590
leader and attempted to make some

287
00:19:40,940 --> 00:19:44,590
official content it's at all possible

288
00:19:45,730 --> 00:19:50,829
here we have one of the profoundly

289
00:19:48,319 --> 00:19:54,500
disturbing aspects of the UFO phenomenon

290
00:19:50,829 --> 00:19:57,049
to their occupants in general make no

291
00:19:54,500 --> 00:19:59,539
effort to enter into contact on the

292
00:19:57,049 --> 00:20:05,500
contrary they seemed rather to avoid it

293
00:19:59,539 --> 00:20:05,500
systematically San Jose

294
00:20:06,659 --> 00:20:21,869
we got you down eagle within 30 days

295
00:20:13,648 --> 00:20:23,299
here the eagle has landed and this

296
00:20:21,868 --> 00:20:27,649
debacle mmm

during the Apollo program these strange

300
00:21:13,829 --> 00:21:18,929
luminous balls were photographed close

301
00:21:16,140 --> 00:21:23,430
to the moon and close to Earth this

302
00:21:18,930 --> 00:21:25,740
impressive big miss shapen object the

303
00:21:23,430 --> 00:21:29,940
astronauts of the Skylab project also

304
00:21:25,740 --> 00:21:32,490
saw UFOs the Skylab to crew observed an

305
00:21:29,940 --> 00:21:35,120
extremely bright round object rotating

306
00:21:32,490 --> 00:21:35,120
on itself

307
00:21:35,839 --> 00:21:47,990
here a shape which is suggestive of a

308
00:21:39,109 --> 00:21:51,229
vehicle with life in the 70s now in

309
00:21:47,990 --> 00:21:52,819
Montreal michelle amble saw this

310
00:21:51,230 --> 00:21:55,150
squadron of lights over the Saint

311
00:21:52,819 --> 00:21:55,149

312
00:21:57,179 --> 00:22:02,980
this object projected truncated shafts

313
00:22:00,669 --> 00:22:05,890
of light frequently observed elsewhere

314

00:22:02,980 --> 00:22:08,440
as well the shafts of light have the

315
00:22:05,890 --> 00:22:20,649
amazing capacity to lengthen and retract

316
00:22:08,440 --> 00:22:22,659
at a rate visible to the human eye in

317
00:22:20,648 --> 00:22:25,629
Switzerland a professional photographer

318
00:22:22,659 --> 00:22:32,139
and two friends watch this object

319
00:22:25,630 --> 00:22:34,299
suspended in the air this desired

320
00:22:32,138 --> 00:22:37,928
trajectory was photographed near Kansas

321
00:22:34,298 --> 00:22:40,888
City in 1975 on the very same evening at

322
00:22:37,929 --> 00:22:42,820
the same time 1045 on November 10th a

323
00:22:40,888 --> 00:22:45,788
geophysicist noticed an unusual

324
00:22:42,819 --> 00:22:48,418
geomagnetic disturbance recorded by his

325
00:22:45,788 --> 00:22:48,419

327
00:22:54,819 --> 00:23:01,849
let's take a look now at two exceptional

328
00:22:58,250 --> 00:23:04,038

documents first a film shot in

329

00:23:01,849 --> 00:23:06,709
California from a helicopter by a

330

00:23:04,038 --> 00:23:11,259
professional cameraman filming coastal

331

00:23:06,710 --> 00:23:11,259
scenes it lasts only 12 seconds

332

00:23:15,710 --> 00:23:27,059
in slow motion what can this silvery

333

00:23:24,869 --> 00:23:29,699
metallic object be its superstructure

334

00:23:27,059 --> 00:23:33,179
bathed in sunlight moving at a speed of

335

00:23:29,700 --> 00:23:35,789
a hundred and sixty miles per hour it is

336

00:23:33,180 --> 00:23:38,180
not a balloon and quite obviously not a

337

00:23:35,789 --> 00:23:38,180
cloud

338

00:23:47,180 --> 00:24:02,870
a television crew was shooting a car

339

00:24:00,140 --> 00:24:04,880
commercial in Guatemala when a fantastic

340

00:24:02,869 --> 00:24:07,819
object erupted into the sky over the

341

00:24:04,880 --> 00:24:10,550
city it was observed by many witnesses

342

00:24:07,819 --> 00:24:12,799
the camera man's reflexes were good

343
00:24:10,549 --> 00:24:14,909
without stopping to think heap and his

344
00:24:12,799 --> 00:24:22,729

346
00:24:41,630 --> 00:24:46,950
in this remarkable document a fantastic

347
00:24:44,759 --> 00:24:49,369
happening explodes the routine of daily

348
00:24:46,950 --> 00:24:51,769
life with spectacular unexpectedness

349
00:24:49,369 --> 00:24:54,269
stunned unable to believe their eyes

350
00:24:51,769 --> 00:24:56,460
passers-by in the busy streets of

351
00:24:54,269 --> 00:25:00,900
Guatemala's capital city craned their

352
00:24:56,460 --> 00:25:03,509
necks for a last glimpse of the UFO here

353
00:25:00,900 --> 00:25:05,250
it is again in slow motion the original

354
00:25:03,509 --> 00:25:07,650
videotape was transferred to 16

355
00:25:05,250 --> 00:25:11,329
millimeter film which accounts for the

356
00:25:07,650 --> 00:25:11,330
flickering lines in the picture

357
00:25:37,589 --> 00:25:39,678
you

358
00:26:03,630 --> 00:26:07,080
Oh

360
00:26:07,079 --> 00:26:12,408
Oh

361
00:26:08,569 --> 00:26:15,710
this film is real the object we see is

362
00:26:12,409 --> 00:26:19,070
real like thousands of others but one

363
00:26:15,710 --> 00:26:40,610
question remains unanswered what are

364
00:26:19,069 --> 00:26:42,888
they are UFOs reconnaissance missions

365
00:26:40,609 --> 00:26:48,288
from intelligent civilizations of

366
00:26:42,888 --> 00:26:50,740
extraterrestrial origin or are they the

367
00:26:48,288 --> 00:26:57,679
product of some higher plane of reality

368
00:26:50,740 --> 00:27:00,589
hitherto unsuspected by science are they

369
00:26:57,679 --> 00:27:03,370
some kind of psychic feedback of our own

370
00:27:00,589 --> 00:27:03,369
unconscious

371

00:27:04,829 --> 00:27:12,889
or something else completely different

372
00:27:07,788 --> 00:27:12,890
something we have not even dreamed of

373
00:27:25,420 --> 00:27:31,519
Close Encounters of the second kind

374
00:27:28,220 --> 00:27:34,750
occur when the UFO leads some physical

375
00:27:31,519 --> 00:27:34,750
evidence on the environment

376
00:27:42,179 --> 00:27:47,220
during the night two young girls saw a

377
00:27:44,940 --> 00:27:51,298
luminous mask lighting away from their

378
00:27:47,220 --> 00:27:53,909
farmhouse the next day the farmer

379
00:27:51,298 --> 00:27:56,940
discovered a circle of devastation 40

380
00:27:53,909 --> 00:28:07,230
feet across in his soybean field it had

381
00:27:56,940 --> 00:28:09,619
not been there the previous evening dr.

382
00:28:07,230 --> 00:28:12,419
Hynek personally investigated this case

383
00:28:09,618 --> 00:28:15,538
he remarked that the leaves were hanging

384
00:28:12,419 --> 00:28:17,480
from each plank they were withered as if

385
00:28:15,538 --> 00:28:20,158

they had been exposed to intense heat

386

00:28:17,480 --> 00:28:23,159

the stocks were not broken however and

387

00:28:20,159 --> 00:28:26,039

the ground was unmarked indicating that

388

00:28:23,159 --> 00:28:28,169

the heat had come from above with no

389

00:28:26,038 --> 00:28:37,470

direct contact between the object and

390

00:28:28,169 --> 00:28:40,350

the plant here we have tangible physical

391

00:28:37,470 --> 00:28:42,600

evidence concrete confirmation of the

392

00:28:40,349 --> 00:28:46,408

sighting which we have missed sorely

393

00:28:42,599 --> 00:28:48,028

until now sometimes the soil may appear

394

00:28:46,409 --> 00:28:50,820

to have been compressed beneath the

395

00:28:48,028 --> 00:28:54,329

weight of several tons or baked by

396

00:28:50,819 --> 00:28:56,128

incredibly intense heat Ted Phillips has

397

00:28:54,329 --> 00:28:59,128

collected over a thousand examples

398

00:28:56,128 --> 00:29:03,058

involving the physical effects left by

399

00:28:59,128 --> 00:29:05,990

UFOs they include severe burns inflicted

400
00:29:03,058 --> 00:29:05,990
on human beings

401
00:29:19,829 --> 00:29:24,879
this daylight film Polaroid photograph

402
00:29:22,779 --> 00:29:27,910
shows the glowing ring left by a

403
00:29:24,880 --> 00:29:30,430
multicolored object after the fascinated

404
00:29:27,910 --> 00:29:32,470
witnesses had touched the circle they

405
00:29:30,430 --> 00:29:36,310
experienced a numbness in their fingers

406
00:29:32,470 --> 00:29:38,410
which lasted for several days the

407
00:29:36,309 --> 00:29:40,359
following day the local sheriff was on

408
00:29:38,410 --> 00:29:43,029
the spot and a second photograph was

409
00:29:40,359 --> 00:29:45,789
taken the soil of the ring is dried out

410
00:29:43,029 --> 00:29:48,519
in spite of the recent rain while both

411
00:29:45,789 --> 00:29:52,059
within and outside the ring it remains

412
00:29:48,519 --> 00:29:54,849
very soggy a broken branch hangs from a

413
00:29:52,059 --> 00:29:57,669
tree it is brittle as if it had been

414
00:29:54,849 --> 00:30:01,569
dead for a long time but beneath the

415
00:29:57,670 --> 00:30:03,910
bark the wood is green one month later

416
00:30:01,569 --> 00:30:07,349
the snow is thawing making the area a

417
00:30:03,910 --> 00:30:13,300
marshland the ring is still dry as

418
00:30:07,349 --> 00:30:15,309
delineating melted snow seeds refuse to

419
00:30:13,299 --> 00:30:19,629
grow in it while the earth around it

420
00:30:15,309 --> 00:30:21,819
produces healthy grass the electron

421
00:30:19,630 --> 00:30:29,170
microscope reveals icicle shaped

422
00:30:21,819 --> 00:30:31,179
crystals hitherto unknown after five

423
00:30:29,170 --> 00:30:33,700
metallic dome shapes had been seen

424
00:30:31,180 --> 00:30:35,950
rising vertically from a field five

425
00:30:33,700 --> 00:30:40,569
rings were photographed by Canadian

00:30:51,538 --> 00:30:57,460
ufos have also been reported as having

429
00:30:54,220 --> 00:31:04,239
stalled cars and caused electrical power

430
00:30:57,460 --> 00:31:06,369
failures November second 1957 was a

431
00:31:04,239 --> 00:31:10,298
night to remember for police officer

432
00:31:06,368 --> 00:31:13,628
Fowler at 11pm he answered a telephone

433
00:31:10,298 --> 00:31:15,908
call from Pedro Saucedo four miles out

434
00:31:13,628 --> 00:31:19,329
of Levelland Texas where he was driving

435
00:31:15,909 --> 00:31:22,929
a truck with Joe salaz they had been on

436
00:31:19,329 --> 00:31:25,298
highway 1 16 when they saw a big flame

437
00:31:22,929 --> 00:31:28,840
ahead of them a little to the right as

438
00:31:25,298 --> 00:31:32,648
it approached the engine stalled and the

439
00:31:28,839 --> 00:31:34,868
trucks headlights were extinguished ha

440
00:31:32,648 --> 00:31:37,868
sido further reported that when he got

441
00:31:34,868 --> 00:31:41,918
out to take a look it was so hot that he

442
00:31:37,868 --> 00:31:45,089

threw himself on the ground he described

443

00:31:41,919 --> 00:31:47,940

the UFO as a torpedo with a speed of

444

00:31:45,089 --> 00:31:50,039

1,500 or 2,000 miles per hour

445

446

00:31:50,039 --> 00:31:55,869

officer Fowler concluded that his collar

447

00:31:52,720 --> 00:31:58,539

was in a state of inebriation an hour

448

00:31:55,869 --> 00:32:00,549

later the telephone rang again a mr.

449

00:31:58,539 --> 00:32:03,279

wheeler had found himself face to face

450

00:32:00,549 --> 00:32:06,960

with a brightly lit egg-shaped object

451

00:32:03,279 --> 00:32:10,019

[Music]

452

00:32:06,960 --> 00:32:12,778

five minutes later a car driven by mr.

453

00:32:10,019 --> 00:32:15,509

Wright stalled he gets out to take a

454

00:32:12,778 --> 00:32:17,819

look under the hood only then does he

455

00:32:15,509 --> 00:32:19,558

become aware that an oval shape is

456

00:32:17,819 --> 00:32:22,319

resting on its belly in the middle of

457
00:32:19,558 --> 00:32:25,099
the road bathed in a greenish blue glow

458
00:32:22,319 --> 00:32:29,750
it seems to be made of aluminum

459
00:32:25,099 --> 00:32:33,379
terrified right jumps back into the car

460
00:32:29,750 --> 00:32:40,140
the object rises almost vertically and

461
00:32:33,380 --> 00:32:42,809
disappears in a fraction of a second at

462
00:32:40,140 --> 00:32:45,720
a quarter after midnight Jose Alvarez

463
00:32:42,808 --> 00:32:47,460
tells officer power that he has just

464
00:32:45,720 --> 00:32:49,710
come across an object sitting in the

465
00:32:47,460 --> 00:32:54,360
middle of the road and noticed the same

466
00:32:49,710 --> 00:32:56,519
physical effects on his car Fowler is by

467
00:32:54,359 --> 00:32:58,889
now beginning to realize that something

468
00:32:56,519 --> 00:33:01,139
out of the ordinary is happening he

469
00:32:58,890 --> 00:33:06,929
decides to send several police vehicles

470
00:33:01,140 --> 00:33:09,120
to the sector at 1245 a.m. and other

471
00:33:06,929 --> 00:33:11,788
truck stalls in the face of a ball of

472
00:33:09,119 --> 00:33:15,288
fire which changes color before taking

473
00:33:11,788 --> 00:33:18,750
off and at a quarter after one o'clock

474
00:33:15,288 --> 00:33:21,298
sheriff Clem and his deputy observe at

475
00:33:18,750 --> 00:33:24,058
three or four hundred yards and over

476
00:33:21,298 --> 00:33:26,099
light resembling a reddish sun three

477
00:33:24,058 --> 00:33:29,639
other patrols see the object flash

478
00:33:26,099 --> 00:33:32,819
across the sky a quarter of an hour

479
00:33:29,640 --> 00:33:37,620
later a last truck driver James long

480
00:33:32,819 --> 00:33:40,500
calls officer Fowler in all his log

481
00:33:37,619 --> 00:33:43,678
records eight distinct cases of vehicles

482
00:33:40,500 --> 00:33:47,019
immobilized in the presence of a UFO in

483
00:33:43,679 --> 00:33:49,780
a space of less than two hours

484
00:33:47,019 --> 00:33:51,609
and that's not all reports of more

485

00:33:49,779 --> 00:33:54,940
sightings also came in from the

486
00:33:51,609 --> 00:33:57,369
surrounding district the witnesses in

487
00:33:54,940 --> 00:33:59,470
the Levelland case did not know one

488
00:33:57,369 --> 00:34:01,899
another the sightings they made were

489
00:33:59,470 --> 00:34:04,360
completely independent what more

490
00:34:01,900 --> 00:34:07,390
conclusive evidence could we have for

491
00:34:04,359 --> 00:34:10,599
the reality of the UFO phenomenon but

492
00:34:07,390 --> 00:34:12,789
the riddle remains unsolved exactly what

493
00:34:10,599 --> 00:34:18,429
does this cat and mouse game with cars

494
00:34:12,789 --> 00:34:20,739
mean burning steam emitted by UFO left

495
00:34:18,429 --> 00:34:24,119
these marks on Stefan Michalak stomach

496
00:34:20,739 --> 00:34:26,889
his gloves and clothes are on fire

497
00:34:24,119 --> 00:34:30,279
treatment of the burns lasted 18 months

498
00:34:26,889 --> 00:34:33,158
Michalak was examined by 27 specialists

499
00:34:30,280 --> 00:34:44,080

none of them able to diagnose the cause

500

00:34:33,159 --> 00:34:46,539

of his burns in this lavender field in

501

00:34:44,079 --> 00:34:48,989

friend a close encounter of the third

502

00:34:46,539 --> 00:34:48,989

time

503

00:34:49,530 --> 00:34:55,980

farmer Maurice must was 30 yards away

504

00:34:52,500 --> 00:34:57,780

from a small egg-shaped object two small

505

00:34:55,980 --> 00:35:01,230

creatures about three feet tall were

506

00:34:57,780 --> 00:35:03,120

standing in front of a sliding door when

507

00:35:01,230 --> 00:35:05,429

one of them pointed a metallic tube at

508

00:35:03,119 --> 00:35:07,139

the witness he was paralyzed the

509

00:35:05,429 --> 00:35:21,509

humanoids climbed back on board the

510

00:35:07,139 --> 00:35:23,849

craft which promptly disappeared the

511

00:35:21,510 --> 00:35:26,910

patch of ground was left hard like

512

00:35:23,849 --> 00:35:34,920

concrete mass could not get lavender to

513

00:35:26,909 --> 00:35:37,019

grow there for seven years during this

514
00:35:34,920 --> 00:35:39,570
close encounter of the third kind in

515
00:35:37,019 --> 00:35:45,449
canada the grass was scorched in two

516
00:35:39,570 --> 00:35:47,309
places just before midday the witnesses

517
00:35:45,449 --> 00:35:50,099
saw what they took to be a tent in their

518
00:35:47,309 --> 00:35:53,730
field it was a bright yellow dome about

519
00:35:50,099 --> 00:35:56,400
25 yards across a cube shape emerged

520
00:35:53,730 --> 00:35:58,740
from it and some small creatures moved

521
00:35:56,400 --> 00:36:01,320
very busily and rapidly back and forth

522
00:35:58,739 --> 00:36:02,909
between the two the witnesses assumed

523
00:36:01,320 --> 00:36:05,370
they were Boy Scouts and dismissed the

524
00:36:02,909 --> 00:36:07,139
matter from their minds until a neighbor

525
00:36:05,369 --> 00:36:09,989
told them she had seen the dome

526
00:36:07,139 --> 00:36:16,769
disappear into the clouds apparently not

527
00:36:09,989 --> 00:36:18,809
the local Scout Troop after all strange

528
00:36:16,769 --> 00:36:20,519
visitors like these have been observed

529
00:36:18,809 --> 00:36:23,460
by hundreds of people throughout the

530
00:36:20,519 --> 00:36:27,259
world they are always humanoid in shape

531
00:36:23,460 --> 00:36:27,260
here are a few samples

532
00:36:27,820 --> 00:36:41,050
[Music]

533
00:36:37,980 --> 00:36:43,510
any resemblance between ourselves and

534
00:36:41,050 --> 00:36:46,330
creatures from outer space may seem a

535
00:36:43,510 --> 00:36:48,670
little hard to swallow at first we can

536
00:36:46,329 --> 00:36:51,098
be sure at least that the organic

537
00:36:48,670 --> 00:36:53,769
structure of such beings must be

538
00:36:51,099 --> 00:36:56,950
essentially the same as our own that is

539
00:36:53,769 --> 00:36:59,710
based on the carbon atom with water as

540
00:36:56,949 --> 00:37:03,129
solvent the striking similarities

541
00:36:59,710 --> 00:37:05,679
between humans and humanoids might also

542

00:37:03,130 --> 00:37:13,059
indicate the uniqueness of the DNA

543
00:37:05,679 --> 00:37:15,579
molecule as a genetic building block as

544
00:37:13,059 --> 00:37:19,000
a general rule they are either smaller

545
00:37:15,579 --> 00:37:19,989
or taller than us usually around four or

546
00:37:19,000 --> 00:37:23,289

548
00:37:25,849 --> 00:37:33,289
30 years ago it was generally considered

549
00:37:29,280 --> 00:37:36,329
that flying saucers came from Mars

550
00:37:33,289 --> 00:37:38,549
during the last century Schiaparelli

551
00:37:36,329 --> 00:37:40,859
thought he had discovered canals on the

552
00:37:38,548 --> 00:37:50,429
surface of the planet the Mariner

553
00:37:40,858 --> 00:37:52,949
programs have destroyed these myths on

554
00:37:50,429 --> 00:37:55,588
the other hand a slight atmosphere and

555
00:37:52,949 --> 00:37:56,779
traces of water have been discovered on

556
00:37:55,588 --> 00:38:00,018

00:38:06,139 --> 00:38:11,429
geological features of the entire

560

00:38:08,280 --> 00:38:16,410

00:38:16,409 --> 00:38:21,659
a violently coercing liquid could have

dug these riverbed during glacial

564

00:38:21,659 --> 00:38:26,670
periods like the present one the water

565

00:38:24,239 --> 00:38:29,879
on Mars would have frozen as polar caps

566

00:38:26,670 --> 00:38:32,610
as the planet warmed up the ice would

567

00:38:29,880 --> 00:38:36,200
melt again clouds would form to bathe

568

00:38:32,610 --> 00:38:36,200
the planet for thousands of years

570

00:38:49,849 --> 00:38:52,719

572
00:38:54,539 --> 00:38:56,599

[Music]

574
00:39:11,960 --> 00:39:18,260
in 1976 the Viking probe landed on Mars

575
00:39:15,679 --> 00:39:20,960
and was able to photograph its landscape

576
00:39:18,260 --> 00:39:24,050
for the first time a remote controlled

577
00:39:20,960 --> 00:39:26,720
laboratory is analyzing the soil the

578
00:39:24,050 --> 00:39:29,180
results are not conclusive but at least

579
00:39:26,719 --> 00:39:31,759
they have not disproved the existence of

580
00:39:29,179 --> 00:39:35,348
life as the zone prospected was very

581
00:39:31,760 --> 00:39:38,780
poor in any case life on mars or jupiter

582
00:39:35,349 --> 00:39:41,450
would be micro organic to find

583
00:39:38,780 --> 00:39:55,640
intelligent life we must look outside

584
00:39:41,449 --> 00:39:57,649
our solar system in November 1974 a code

585
00:39:55,639 --> 00:39:59,900
message was dispatched in the direction

586
00:39:57,650 --> 00:40:03,680
of a cluster of three hundred thousand

587
00:39:59,900 --> 00:40:05,838
stars from eros EBO in Puerto Rico where

588
00:40:03,679 --> 00:40:08,379
an entire valley has been transformed

589
00:40:05,838 --> 00:40:10,969
into a gigantic radio wave reflector

590
00:40:08,380 --> 00:40:13,970
this is part of an ambitious scientific

591
00:40:10,969 --> 00:40:15,858
program going under the name of setting

592
00:40:13,969 --> 00:40:33,259
or search for extraterrestrial

593
00:40:15,858 --> 00:40:35,150
intelligence professor Carl Sagan is

594
00:40:33,260 --> 00:40:38,030
explaining the contents of another

595
00:40:35,150 --> 00:40:41,420
message sent to extraterrestrials this

596
00:40:38,030 --> 00:40:43,760
time via a space probe as well as the

597
00:40:41,420 --> 00:40:45,800
etching of the earthling couple the

598
00:40:43,760 --> 00:40:49,750
plaque specifies the position of our

599

00:40:45,800 --> 00:40:49,750
solar system in the Milky Way

600
00:40:51,130 --> 00:40:58,460
will this message ever be read in outer

601
00:40:54,170 --> 00:41:00,710
space it will take pioneer 10 billion

602
00:40:58,460 --> 00:41:16,429
years to reach the constellations of

603
00:41:00,710 --> 00:41:19,519
Ursa Major and Orion NASA also has plans

604
00:41:16,429 --> 00:41:21,469
for past and expensive programs like the

605
00:41:19,519 --> 00:41:23,840
setting up of radio telescopes on the

606
00:41:21,469 --> 00:41:26,209
moon where there is no atmosphere to

607
00:41:23,840 --> 00:41:33,620
disturb messages from other corners of

608
00:41:26,210 --> 00:41:35,960
the universe how ironic it would be

609
00:41:33,619 --> 00:41:38,210
though if it should prove that the proof

610
00:41:35,960 --> 00:41:41,210
of extraterrestrial intelligence has

611
00:41:38,210 --> 00:41:43,490
been under our noses all the time while

612
00:41:41,210 --> 00:41:55,789
we continue to spend our time and energy

613
00:41:43,489 --> 00:41:58,759

searching for it elsewhere soon we shall

614

00:41:55,789 --> 00:42:01,610
be out there in the galaxy space

615

00:41:58,760 --> 00:42:05,960
colonies maybe in existent in less than

616

00:42:01,610 --> 00:42:08,840
a hundred years time Gerard O'Neill a

617

00:42:05,960 --> 00:42:13,880
physicist from Princeton conceived this

618

00:42:08,840 --> 00:42:16,100
wheel to accommodate 10,000 people one

619

00:42:13,880 --> 00:42:19,480
revolution per minute creates an

620

00:42:16,099 --> 00:42:19,480
artificial gravity field

621

00:42:32,099 --> 00:42:44,409
NASA proposes enormous power stations to

622

00:42:35,829 --> 00:42:46,360
gather solar energy the materials for

623

00:42:44,409 --> 00:42:50,309
the colony will be quarried on the moon

624

00:42:46,360 --> 00:42:50,309
because of the week lunar gravity

625

00:43:12,420 --> 00:43:18,700
perhaps UFOs themselves or our missions

626

00:43:15,760 --> 00:43:20,650
from similar space colonies permanent

627

00:43:18,699 --> 00:43:23,769
artificial planets passing close to

628
00:43:20,650 --> 00:43:26,800
Earth and sending off Scouts explorers

629
00:43:23,769 --> 00:43:30,699
tourists maybe we would surely be as

630
00:43:26,800 --> 00:43:33,789
curious to them as they are to us and in

631
00:43:30,699 --> 00:43:35,589
fact cases do exist where communication

632
00:43:33,789 --> 00:43:43,000
has been established with occupants of

633
00:43:35,590 --> 00:43:46,059
UFOs a close encounter of the third kind

634
00:43:43,000 --> 00:43:48,550
in New Guinea fothergill a meticulous

635
00:43:46,059 --> 00:43:50,440
man made notes here are some extracts

636
00:43:48,550 --> 00:43:53,430
from his vivid minute-by-minute account

637
00:43:50,440 --> 00:43:53,429
of what occurred

638
00:43:58,539 --> 00:44:06,230
6 55 p.m. something moving on top a man

639
00:44:02,690 --> 00:44:14,990
now three beams moving luminance busy on

640
00:44:06,230 --> 00:44:20,690
the bridge craft leaves 7pm men 7041

641
00:44:14,989 --> 00:44:23,269
then to again 7-10 p.m. men appear also

642
00:44:20,690 --> 00:44:29,510
a shaft of blue light the men gone the

643
00:44:23,269 --> 00:44:32,389
projector still there 720 p.m. projector

644
00:44:29,510 --> 00:44:38,030
turned off men gone UFO passes through a

645
00:44:32,389 --> 00:44:41,239
cloud a 28 p.m. sky above lit up big

646
00:44:38,030 --> 00:44:44,680
cloud over de Goya I saw the UFO high up

647
00:44:41,239 --> 00:44:44,679
and called the station people

648
00:44:47,940 --> 00:44:52,260
the entire village in all 36 people was

649
00:44:50,969 --> 00:44:56,939
about to witness an extraordinary

650
00:44:52,260 --> 00:45:00,330
sequence of events second UFO gliding

651
00:44:56,940 --> 00:45:05,760
over the sea another over watteau buna

652
00:45:00,329 --> 00:45:08,610
village new cloud formation big

653
00:45:05,760 --> 00:45:09,390
stationary UFO others coming and going

654
00:45:08,610 --> 00:45:15,340
in the clouds

657
00:45:18,019 --> 00:45:27,619
905 p.m. cloud formation numbers two

658
00:45:21,269 --> 00:45:31,699
three four gone 10pm still stationary

659
00:45:27,619 --> 00:45:38,909
ten 10pm craft gone again

660
00:45:31,699 --> 00:45:38,908
[Music]

661
00:45:40,099 --> 00:45:45,960
the UFO comes back again and disappears

662
00:45:43,769 --> 00:45:49,009
behind the clouds later a sharp

663
00:45:45,960 --> 00:45:49,010
explosion is heard

664
00:45:51,670 --> 00:45:57,500
the next day the thing came down very

665
00:45:54,800 --> 00:45:59,960
low the craft still bright was clear

666
00:45:57,500 --> 00:46:02,989
closer there were silhouettes on the

667
00:45:59,960 --> 00:46:04,610
bridge the teacher said to me I wonder

668
00:46:02,989 --> 00:46:08,750
if it's going to land on the sports

669
00:46:04,610 --> 00:46:11,720
field I replied why not Eric and another

670
00:46:08,750 --> 00:46:12,780

boy waved their arms and the silhouettes

671

00:46:11,719 --> 00:46:16,988

waved back

674

00:46:22,780 --> 00:46:28,099

with the story of Betty and Barney Hill

675

00:46:25,539 --> 00:46:31,338

we are on the threshold of a mind

676

00:46:28,099 --> 00:46:37,280

shattering possibility direct contact

677

00:46:31,338 --> 00:46:39,529

with alien being late at night on their

678

00:46:37,280 --> 00:46:42,680

way home from a holiday in canada the

679

00:46:39,530 --> 00:46:46,130

hills see a strange light in the sky as

680

00:46:42,679 --> 00:46:49,009

sketched here by Betty Hill on the same

681

00:46:46,130 --> 00:46:52,460

night in the same area the phenomenon is

682

00:46:49,010 --> 00:46:55,339

spotted by radar it chases their car and

683

00:46:52,460 --> 00:46:57,949

finally lands in front of them through

684

00:46:55,338 --> 00:47:03,710

his binoculars Barney can see creatures

685
00:46:57,949 --> 00:47:05,719
one of them looks at him fixedly then

686
00:47:03,710 --> 00:47:08,780
everything goes hazy in their memory

687
00:47:05,719 --> 00:47:13,459
later they come to their senses driving

688
00:47:08,780 --> 00:47:15,800
towards Portsmouth home again they

689
00:47:13,460 --> 00:47:18,858
realize that their trip has lasted two

690
00:47:15,800 --> 00:47:21,079
hours more than four seen for several

691
00:47:18,858 --> 00:47:23,568
months they will experience physical and

692
00:47:21,079 --> 00:47:26,359
mental problems and decide to consult

693
00:47:23,568 --> 00:47:34,880
dr. Simon of Boston renowned for his

694
00:47:26,358 --> 00:47:37,969
cures of amnesiacs the hills are

695
00:47:34,880 --> 00:47:40,608
hypnotized separately neither knows what

696
00:47:37,969 --> 00:47:44,858
the other has revealed to the doctor yet

697
00:47:40,608 --> 00:47:44,858
the two accounts concur perfectly

698
00:47:45,018 --> 00:47:50,838
according to the hills testimony under

699
00:47:47,460 --> 00:47:53,639
hypnosis the craft landed on the highway

700
00:47:50,838 --> 00:47:59,278
creatures got out of it and let Betty

701
00:47:53,639 --> 00:48:02,969
and Barney on board here it is in cross

702
00:47:59,278 --> 00:48:05,789
section they underwent separate medical

703
00:48:02,969 --> 00:48:13,169
examination skin finger nail and hair

704
00:48:05,789 --> 00:48:15,239
samples were taken this sketch drawn

705
00:48:13,170 --> 00:48:17,818
under hypnosis shows one of the

706
00:48:15,239 --> 00:48:20,670
occupants the creatures were smallish

707
00:48:17,818 --> 00:48:23,728
and communicated by telepathy their eyes

708
00:48:20,670 --> 00:48:28,650
were striking very large and stretching

709
00:48:23,728 --> 00:48:31,199
towards the temples Betty asked the

710
00:48:28,650 --> 00:48:33,358
leader where they came from he then

711
00:48:31,199 --> 00:48:35,669
showed her a three-dimensional space

712
00:48:33,358 --> 00:48:39,509
chart which betty was able to reproduce

713

00:48:35,670 --> 00:48:41,338
when requested to do so by dr. Simon the

714
00:48:39,509 --> 00:48:43,650
leader explained that the multiple lines

715
00:48:41,338 --> 00:48:46,349
represented busy routes from one star to

716
00:48:43,650 --> 00:48:48,269
another the single lines were used less

717
00:48:46,349 --> 00:48:52,229
frequently and the dotted lines

718
00:48:48,268 --> 00:48:55,018
indicated exploratory routes a young

719
00:48:52,228 --> 00:48:57,419
teacher from Ohio Marjorie fish had the

720
00:48:55,018 --> 00:48:59,488
brilliant idea of considering the star

721
00:48:57,420 --> 00:49:01,619
map from the point of view of the

722
00:48:59,489 --> 00:49:03,949
visitors base in the lower right-hand

723
00:49:01,619 --> 00:49:03,950
corner

724
00:49:06,489 --> 00:49:11,598
armed with a supply of wooden beads she

725
00:49:09,679 --> 00:49:13,699
began to construct three-dimensional

726
00:49:11,599 --> 00:49:16,460
models of the universe representing

727
00:49:13,699 --> 00:49:26,299

stellar systems within a radius of 50

728

00:49:16,460 --> 00:49:29,599

light-years Marjorie fish chose only

729

00:49:26,300 --> 00:49:32,089

those stars liable to sustain life the

730

00:49:29,599 --> 00:49:34,490

scale of star classification goes from

731

00:49:32,088 --> 00:49:37,789

the blue and mold stars to the red

732

00:49:34,489 --> 00:49:40,039

giants and supergiant the excessive cold

733

00:49:37,789 --> 00:49:42,619

or heat of these extremes of the scale

734

00:49:40,039 --> 00:49:47,108

would prohibit any form of carbon-based

735

00:49:42,619 --> 00:49:47,108

life developing on their planets a

736

00:49:55,480 --> 00:50:01,670

yellow star like our Sun has a core

737

00:49:58,699 --> 00:50:03,739

about a million miles in diameter dense

738

00:50:01,670 --> 00:50:06,139

enough to provoke nuclear combustion

739

00:50:03,739 --> 00:50:07,469

with a temperature reaching 9 million

740

00:50:06,139 --> 00:50:10,599

degrees centigrade

741

742
00:50:23,059 --> 00:50:29,519
Marjorie fish ended up with 46 yellow

743
00:50:26,760 --> 00:50:34,859
Suns here are those which are visible

744
00:50:29,519 --> 00:50:37,019
from the southern hemisphere from

745
00:50:34,858 --> 00:50:39,838
nineteen sixty eight to nineteen seventy

746
00:50:37,019 --> 00:50:43,608
three she patiently constructed several

747
00:50:39,838 --> 00:50:43,608
models of our stellar neighborhood

748
00:50:46,150 --> 00:50:48,210
you

749
00:50:48,880 --> 00:50:54,010
using data from the Gliese catalogue the

750
00:50:51,880 --> 00:50:57,039
most up-to-date astronomical map a

751
00:50:54,010 --> 00:50:59,650
computer can reproduce exactly that area

752
00:50:57,039 --> 00:51:06,460
of the Milky Way coinciding with Betty

753
00:50:59,650 --> 00:51:08,530
sketch even an astronomer could not have

754
00:51:06,460 --> 00:51:11,619
drawn Betty's map when she did it for

755
00:51:08,530 --> 00:51:15,190
dr. Simon as this area of space had not

756
00:51:11,619 --> 00:51:18,309
been carefully charted then so where did

757
00:51:15,190 --> 00:51:22,420
those visitors come from from a system

758
00:51:18,309 --> 00:51:25,119
of twin stars Zita 1 and Z 2 2 in the

759
00:51:22,420 --> 00:51:28,869
reticular constellation 25 light-years

760
00:51:25,119 --> 00:51:31,420
from our Sun all the other stars on the

761
00:51:28,869 --> 00:51:34,929
map are capable of sustaining life on

762
00:51:31,420 --> 00:51:37,630
their planet statistically the chances

763
00:51:34,929 --> 00:51:41,019
of Betty Hills map attaining this

764
00:51:37,630 --> 00:51:44,170
accuracy by pure chance are one out of

765
00:51:41,019 --> 00:51:47,840
ten thousand the roots followed by Zita

766
00:51:44,170 --> 00:51:51,179

768
00:51:54,510 --> 00:52:00,490
Betty's map offers some astonishing

769
00:51:57,039 --> 00:52:02,519
evidence for the first time science has

770

00:52:00,489 --> 00:52:05,559
been able to confirm the authenticity of

771
00:52:02,519 --> 00:52:12,009
information received by an eyewitness

772
00:52:05,559 --> 00:52:15,279
from extraterrestrials how could they

773
00:52:12,010 --> 00:52:17,650
have travelled from there to here 25

774
00:52:15,280 --> 00:52:21,040
light-years at the speed of light means

775
00:52:17,650 --> 00:52:23,800
a round trip of 50 years according to

776
00:52:21,039 --> 00:52:27,159
Einstein by the time they returned to

777
00:52:23,800 --> 00:52:29,920
Zeta Reticuli the alien astronauts would

778
00:52:27,159 --> 00:52:33,960
not recognize their own world it would

779
00:52:29,920 --> 00:52:33,960
have aged by several hundred years

780
00:52:36,300 --> 00:52:42,970
black holes could be the key to the

781
00:52:39,369 --> 00:52:45,990
Enigma astronomers say anything might be

782
00:52:42,969 --> 00:52:49,779
possible inside or through a black hole

783
00:52:45,989 --> 00:52:53,199
what are they merely a star at the

784
00:52:49,780 --> 00:52:56,350

moment of its death a huge collapsing of

785

00:52:53,199 --> 00:52:58,859

its entire mass and energy creating a

786

00:52:56,349 --> 00:53:08,860

gravitational field of inconceivable

787

00:52:58,860 --> 00:53:11,890

magnitude black holes are monsters on a

788

00:53:08,860 --> 00:53:12,740

cosmic scale even their own light is

789

00:53:11,889 --> 00:53:20,908

swallowed up

790

00:53:12,739 --> 00:53:20,908

[Music]

791

00:53:22,639 --> 00:53:35,639

other neighboring stars disappear into

792

00:53:25,920 --> 00:53:38,990

the bottomless pit where does all this

793

00:53:35,639 --> 00:53:44,518

matter disappear to at what speed

794

00:53:38,989 --> 00:53:44,518

[Music]

795

00:53:46,010 --> 00:53:52,200

black holes might very well be space

796

00:53:48,960 --> 00:53:54,630

tunnels shortcuts in space that a highly

797

00:53:52,199 --> 00:53:57,059

advanced civilization has learned to

798

00:53:54,630 --> 00:54:00,660

utilize to spend not only a few

799

00:53:57,059 --> 00:54:02,969
light-years but billions maybe it is

800

00:54:00,659 --> 00:54:04,679
easier to travel to Earth from the ends

801

00:54:02,969 --> 00:54:08,519
of the universe then from the nearest

802

00:54:04,679 --> 00:54:11,609
stars maybe Betty Hills map can lead us

803

00:54:08,519 --> 00:54:16,768
to another galaxy maybe

804

00:54:11,610 --> 00:54:16,769
[Music]

805

00:54:19,829 --> 00:54:25,920
we do not yet hold the key to the

806

00:54:22,320 --> 00:54:28,320
mystery in our grasp or all we know the

807

00:54:25,920 --> 00:54:31,110
UFO phenomenon is simply a tactic

808

00:54:28,320 --> 00:54:33,360
designed to a custom of human beings to

809

00:54:31,110 --> 00:54:36,809
the idea of contact with

810

00:54:33,360 --> 00:54:38,690
extraterrestrial beings how long before

811

00:54:36,809 --> 00:54:42,440
we are judged ready

electrical particles which constitute

819
00:55:33,000 --> 00:55:50,759
solar winds not to mention lightning

820
00:55:35,730 --> 00:55:53,460
balls and delight our sky is

821
00:55:50,759 --> 00:55:56,969
crisscrossed continually with aircraft

822
00:55:53,460 --> 00:56:04,259
weather balloons Space Research devices

823
00:55:56,969 --> 00:56:07,018
barium clouds but what should we believe

824
00:56:04,259 --> 00:56:09,599
when there seems to be no available

825
00:56:07,018 --> 00:56:13,798
logical explanation for the claims of

826
00:56:09,599 --> 00:56:17,210
reliable witnesses this is the question

827

00:56:13,798 --> 00:56:21,449
dr. J Allen Hynek began to ask himself

828
00:56:17,210 --> 00:56:23,849
dr. Hynek is an astronomer while acting

829
00:56:21,449 --> 00:56:26,788
in his official capacity as scientific

830
00:56:23,849 --> 00:56:29,640
advisor to the US Air Force he found

831
00:56:26,789 --> 00:56:33,140
himself obliged to revise his attitude

832
00:56:29,639 --> 00:56:36,739
to UFOs drastically

833
00:56:33,139 --> 00:56:36,739
[Music]

834
00:56:37,268 --> 00:56:43,879
this device is certainly food for the

835
00:56:40,219 --> 00:56:47,149
imagination but man-made objects moved

836
00:56:43,880 --> 00:56:50,509
in a predictable fashion balloons for

837
00:56:47,150 --> 00:56:52,940
instance follow the prevailing wind when

838
00:56:50,509 --> 00:56:55,039
in doubt an investigator can check with

839
00:56:52,940 --> 00:56:57,829
the Meteorological Office for the dates

840
00:56:55,039 --> 00:57:09,410
and times of balloon launching and for

841
00:56:57,829 --> 00:57:11,450

details of wind directions more recently

842

00:57:09,409 --> 00:57:13,639

space Rockets have begun to make

843

00:57:11,449 --> 00:57:18,348

spectacular re-entries into the

844

00:57:13,639 --> 00:57:21,230

atmosphere obviously it is not hard to

845

00:57:18,349 --> 00:57:23,480

be fooled yes there remain a good

846

00:57:21,230 --> 00:57:25,909

hundred thousand reports of UFO

847

00:57:23,480 --> 00:57:37,699

sightings which continued to baffle

848

00:57:25,909 --> 00:57:40,518

scientist dr. Hynek the dean of american

849

00:57:37,699 --> 00:57:43,368

ufologist established a system of

850

00:57:40,518 --> 00:57:46,969

classifying UFO reports which has since

851

00:57:43,369 --> 00:57:50,750

been generally adopted firstly we have

852

00:57:46,969 --> 00:57:54,000

UFOs observed from far away these may be

853

00:57:50,750 --> 00:57:57,389

further divided into light seen at night

854

00:57:54,000 --> 00:57:57,389

[Applause]

855

00:57:57,809 --> 00:58:02,769

objects which have been detected by

856
00:58:00,250 --> 00:58:06,969
radar as well as being observed by one

857
00:58:02,769 --> 00:58:09,759
or more witnesses and discs seen during

858
00:58:06,969 --> 00:58:12,459
the day the second group comprises

859
00:58:09,760 --> 00:58:15,610
encounters with closer objects Close

860
00:58:12,460 --> 00:58:17,980
Encounters of the first kind less than a

861
00:58:15,610 --> 00:58:21,070
hundred and fifty yards away Close

862
00:58:17,980 --> 00:58:24,190
Encounters of the second kind physical

863
00:58:21,070 --> 00:58:29,130
traces are left Close Encounters of the

864
00:58:24,190 --> 00:58:29,130
Third Kind occupants have been observed

865
00:58:30,150 --> 00:58:37,930
let's look first at sightings made from

866
00:58:33,070 --> 00:58:40,539
a distance here is a good example of a

867
00:58:37,929 --> 00:58:44,469
daylight disk photographed by mr. and

868
00:58:40,539 --> 00:58:46,630
mrs. Trent in 1950 dr. hynix method of

869
00:58:44,469 --> 00:58:48,879
analysis gives predominance to sightings

870
00:58:46,630 --> 00:58:51,220
corroborated by more than one witness

871
00:58:48,880 --> 00:58:53,920
the documents which you will see now

872
00:58:51,219 --> 00:58:55,809
were almost all confirmed by several

873
00:58:53,920 --> 00:58:59,170
observers sometimes completely

874
00:58:55,809 --> 00:59:02,710
independent of one another a strikingly

875
00:58:59,170 --> 00:59:06,369
similar UFO was sacked in 1954 by a

876
00:59:02,710 --> 00:59:14,320
French pilot this film is a classic of

877
00:59:06,369 --> 00:59:16,710
its kind mysterious object appeared in

878
00:59:14,320 --> 00:59:16,710
the sky

879
00:59:21,719 --> 00:59:27,699
it is the clouds and the camera which

880
00:59:25,059 --> 00:59:31,000
are moving the object remains stationary

881
00:59:27,699 --> 00:59:33,909
and was seen by dozens of people over a

882
00:59:31,000 --> 00:59:42,280
period of several hours its size was

883
00:59:33,909 --> 00:59:45,429
fantastic nobody has been able to

884

00:59:42,280 --> 00:59:48,610
identify it abruptly it disappeared as

885
00:59:45,429 --> 00:59:52,569
if it had swung into another dimension

886

888
01:00:02,309 --> 01:00:07,869
we are still in the Canadian West one

889
01:00:05,800 --> 01:00:10,120
evening in july three men were returning

890
01:00:07,869 --> 01:00:13,299
home from a weekend devoted to mineral

891
01:00:10,119 --> 01:00:16,299
prospecting suddenly an object appeared

892
01:00:13,300 --> 01:00:19,030
in the sky Warren Smith took two photos

893
01:00:16,300 --> 01:00:22,390
the first one shows the classical flying

894
01:00:19,030 --> 01:00:25,080
saucer shape of two pie plates one on

895
01:00:22,389 --> 01:00:25,079
top of the other

896
01:00:25,690 --> 01:00:31,130
then the object went out of sight behind

897
01:00:28,340 --> 01:00:33,680
trees to reappear rising vertically

898
01:00:31,130 --> 01:00:40,880

towards the south Smith quickly made a

899

01:00:33,679 --> 01:00:43,879

second exposure the UFO phenomenon is

900

01:00:40,880 --> 01:00:46,400

multifarious there is perhaps a natural

901

01:00:43,880 --> 01:00:47,990

explanation for this luminous mass but

902

01:00:46,400 --> 01:00:50,869

where do all the metallic looking

903

01:00:47,989 --> 01:00:53,179

objects come from like a virus attacking

904

01:00:50,869 --> 01:00:57,519

an organism they are challenging our

905

01:00:53,179 --> 01:00:57,519

concepts and disturbing our environment

[Music]

907

01:01:23,659 --> 01:01:30,690

in 1969 the American government put an

908

01:01:27,900 --> 01:01:33,410

end to its project blue book in this

909

01:01:30,690 --> 01:01:36,570

year too man made an old dream a reality

910

01:01:33,409 --> 01:01:39,719

on July twentieth in the course of the

911

01:01:36,570 --> 01:01:41,760

longest night three lone men cut the

912

01:01:39,719 --> 01:01:44,909

umbilical cord linking us to mother

913
01:01:41,760 --> 01:01:47,280
earth for the first time but walking on

914
01:01:44,909 --> 01:01:49,889
the moon was only a beginning probes

915
01:01:47,280 --> 01:01:57,030
have since visited other planets and one

916
01:01:49,889 --> 01:01:59,279
day we will explore other stars maybe

917
01:01:57,030 --> 01:02:02,340
other intelligent beings have already

918
01:01:59,280 --> 01:02:05,010
responded to the same urge we know that

919
01:02:02,340 --> 01:02:08,160
some planetary systems are millions of

920
01:02:05,010 --> 01:02:10,680
years older than ours perhaps the galaxy

921
01:02:08,159 --> 01:02:13,349
has already been colonized by means of a

922
01:02:10,679 --> 01:02:16,500
technology infinitely more advanced than

923
01:02:13,349 --> 01:02:19,139
our own interstellar traffic maybe

924
01:02:16,500 --> 01:02:22,010
heavier than today's air traffic over

925
01:02:19,139 --> 01:02:22,009
the United States

926
01:02:25,090 --> 01:02:31,030
the crew of the Apollo 11 mission would

927

01:02:28,030 --> 01:02:33,940

also see things after their first day in

928

01:02:31,030 --> 01:02:37,150

space Armstrong and Aldrin observed a

929

01:02:33,940 --> 01:02:40,210

strange object traveling slowly between

930

01:02:37,150 --> 01:02:43,630

their rocket and the moon it was huge

931

01:02:40,210 --> 01:02:44,280

and I-shaped but no photograph of it has

932

01:02:43,630 --> 01:02:47,689

been published

935

01:03:08,949 --> 01:03:14,019

look at those luminous balls in slow

936

01:03:11,259 --> 01:03:22,989

motion this document has been examined

937

01:03:14,018 --> 01:03:25,328

by various experts they're carefully

938

01:03:22,989 --> 01:03:27,759

weighed conclusion is that the shining

939

01:03:25,329 --> 01:03:30,789

fears could not possibly be aircraft

940

01:03:27,759 --> 01:03:52,329

reflecting the Sun nor any other known

941

01:03:30,789 --> 01:03:55,150
object a remarkable number of reports

942
01:03:52,329 --> 01:03:57,309
come from highly responsible people in

943
01:03:55,150 --> 01:03:59,889
this case several air traffic

944
01:03:57,309 --> 01:04:03,009
controllers observed a nocturnal light

945
01:03:59,889 --> 01:04:05,469
through binoculars it proceeded to split

946
01:04:03,009 --> 01:04:08,498
in two and then to perform aerial

947
01:04:05,469 --> 01:04:13,358
acrobatics apparently oblivious to the

948
01:04:08,498 --> 01:04:15,759
strong wind which was blowing other UFO

949
01:04:13,358 --> 01:04:18,179
witnesses include radar technician

950
01:04:15,759 --> 01:04:20,498
pilots police and army officers

951
01:04:18,179 --> 01:04:23,338
astronauts and scientists even

952
01:04:20,498 --> 01:04:23,338
astronomer

953
01:04:27,380 --> 01:04:32,700
these nocturnal lights in boomerang

954
01:04:30,090 --> 01:04:35,400
formation were observed sweeping over a

955
01:04:32,699 --> 01:04:36,299

small town by several separate groups of

956

01:04:35,400 --> 01:04:39,929

people

957

01:04:36,300 --> 01:04:39,929

[Applause]

958

01:04:42,230 --> 01:04:47,820

here's another film from the wave of

959

01:04:44,730 --> 01:04:50,909

flying saucer sightings which continued

960

01:04:47,820 --> 01:04:54,030

through the 1950s it was shot by a navy

961

01:04:50,909 --> 01:04:57,389

photographer no logical explanation for

962

01:04:54,030 --> 01:05:00,060

the white disc has ever been found the

963

01:04:57,389 --> 01:05:02,789

vertical bar was printed onto the film

964

01:05:00,059 --> 01:05:06,960

by the Air Force to facilitate analysis

965

01:05:02,789 --> 01:05:09,179

of the objects flight angles the Air

966

01:05:06,960 --> 01:05:11,429

Force added these views of seagulls as

967

01:05:09,179 --> 01:05:13,529

an explanation yet the Sun light

968

01:05:11,429 --> 01:05:15,569

flickers violently on the wings of the

969

01:05:13,530 --> 01:05:18,330

birds and the flight patterns have

970
01:05:15,570 --> 01:05:22,370
little in common the comparison does not

971
01:05:18,329 --> 01:05:22,369
help us to identify the phenomenon

972
01:05:29,440 --> 01:05:35,480
above all the main witness is adamant

973
01:05:32,900 --> 01:05:37,099
that the spheres he observed bore no

974
01:05:35,480 --> 01:05:39,920
resemblance to anything he had

975
01:05:37,099 --> 01:05:50,750
previously seen during his career as an

976
01:05:39,920 --> 01:05:53,180
aerial photographer this frame is all

977
01:05:50,750 --> 01:05:55,820
that remains of a film shot by corporal

978
01:05:53,179 --> 01:05:56,599
Ralph mayor and confiscated by the Air

979
01:05:55,820 --> 01:06:00,330

01:06:02,340 --> 01:06:09,240
the UFO in this publicity photograph of

982
01:06:05,369 --> 01:06:13,529
a Martin b-57 prototype was only picked

983
01:06:09,239 --> 01:06:16,859
up on processing we can use the same

984
01:06:13,530 --> 01:06:21,170
photo to illustrate the famous 1952 case

985
01:06:16,860 --> 01:06:21,170
of the American base at davis-monthan

986
01:06:24,199 --> 01:06:30,169
to bright disc intercepted a b-36 and

987
01:06:27,949 --> 01:06:32,689
stayed in formation with it for 20

988
01:06:30,170 --> 01:06:34,930
seconds the terror-stricken crew

989
01:06:32,690 --> 01:06:38,480
requested permission to land immediately

990
01:06:34,929 --> 01:06:40,699
nine members of base personnel also

991
01:06:38,480 --> 01:06:44,329
witnessed the UFOs from the ground

[Music]

993
01:06:49,710 --> 01:06:54,940
the official report on this case

994
01:06:52,150 --> 01:06:57,990
disappeared mysteriously government

995
01:06:54,940 --> 01:07:00,280
representatives have often gone as

996
01:06:57,989 --> 01:07:02,229
scientists are now convinced that we are

997
01:07:00,280 --> 01:07:12,100
not alone in the universe

haha

1001
01:07:32,019 --> 01:07:34,079
Oh

1002
01:07:58,199 --> 01:08:04,259
the UFO phenomenon provides crucial

1003
01:08:00,420 --> 01:08:06,570
evidence to support this claim alien

1004
01:08:04,260 --> 01:08:15,660
civilizations may have been monitoring

1005
01:08:06,570 --> 01:08:17,880
us for over 3,000 years this Egyptian

1006
01:08:15,659 --> 01:08:20,219
papyrus describes a luminous display

1007
01:08:17,880 --> 01:08:24,810
which startled the armies of Thutmosis

1008
01:08:20,219 --> 01:08:27,719
the third the Greeks and Romans to

1009
01:08:24,810 --> 01:08:29,460
observed UFOs and the curiosity they

1010
01:08:27,719 --> 01:08:31,829
aroused during the Renaissance is

1011
01:08:29,460 --> 01:08:36,659
evident from engravings and newspaper

1012
01:08:31,829 --> 01:08:39,479

accounts of the time the miniaturized

1013

01:08:36,659 --> 01:08:52,139

Hans Glaser illustrated the Nuremberg

1014

01:08:39,479 --> 01:08:54,449

sighting of 1560 15 years later the

1015

01:08:52,140 --> 01:08:57,660

Basel Gazette reported that at the hour

1016

01:08:54,449 --> 01:08:59,699

of sunrise many big black balls were

1017

01:08:57,659 --> 01:09:02,670

seen in the air traveling at great

1018

01:08:59,699 --> 01:09:06,289

speeds toward the Sun then crashing into

1019

01:09:02,670 --> 01:09:08,909

one another as if they were fighting a

1020

01:09:06,289 --> 01:09:13,130

great number of them became red and

1021

01:09:08,909 --> 01:09:13,130

inflamed before being extinguished

1022

01:09:14,238 --> 01:09:20,818

closer to the 20th century we find more

1023

01:09:17,789 --> 01:09:23,399

specific accounts of weird airships but

1024

01:09:20,819 --> 01:09:26,789

not until nineteen forty-seven was the

1025

01:09:23,399 --> 01:09:28,858

popular term of flying saucer coins when

1026

01:09:26,789 --> 01:09:30,890

Kenneth Arnold asserted that the

1027
01:09:28,859 --> 01:09:34,020
fantastic phenomena he had witnessed

1028
01:09:30,890 --> 01:09:35,240

01:09:50,338 --> 01:09:57,328
over the world many are hoaxes like this

1033
01:09:53,338 --> 01:09:59,939
picture of a hubcap but the public is on

1034
01:09:57,328 --> 01:10:01,979
the verge of panic the US Air Force

1035
01:09:59,939 --> 01:10:05,939

1036
01:10:01,979 --> 01:10:09,149
project Bluebook a bulky report has

1037
01:10:05,939 --> 01:10:12,089
published its conclusion the UFO

1038
01:10:09,149 --> 01:10:34,679
phenomenon is not worthy of scientific

1039
01:10:12,090 --> 01:10:38,460
investigation according to the airport

1040
01:10:34,679 --> 01:10:40,920
all UFOs can be accounted for in terms

1041
01:10:38,460 --> 01:10:44,939
of man-made objects or natural

1042
01:10:40,920 --> 01:10:50,158
occurrences a lenticular cloud can look

01:10:44,939 --> 01:10:52,500
like a flying saucer are suppressing UFO

1044
01:10:50,158 --> 01:10:56,868
evidence but the exact scale of the

01:10:52,500 --> 01:10:56,868

it had a metallic appearance with a halo

1054
01:11:34,488 --> 01:11:38,879
authenticity of the photographs and

Mexico the object was also picked up on

1059
01:11:54,890 --> 01:12:01,699
radar the number of witnesses is of

1060
01:11:59,779 --> 01:12:04,099
paramount importance when considering

1061
01:12:01,698 --> 01:12:06,829
the authenticity of the UFO photograph

1062
01:12:04,100 --> 01:12:11,230
when the photographer was on his own as

1063
01:12:06,829 --> 01:12:11,229
in this case we have only his word

1064
01:12:13,050 --> 01:12:18,510
according to Rex Heflin the dome left

1065
01:12:16,050 --> 01:12:19,440
behind a ring of smoke which he was able

1066
01:12:18,510 --> 01:12:23,520

01:12:27,539 --> 01:12:32,698

case there were six witnesses UFOs do

1070

01:12:31,020 --> 01:12:34,949

not always look like spaceships the

1071

01:12:32,698 --> 01:12:38,669

variety of shapes colors and textures is

1072

01:12:34,948 --> 01:12:40,859

extraordinary the pulsating lights

1073

01:12:38,670 --> 01:12:42,779

illustrated in this animation sequence

1074

01:12:40,859 --> 01:12:45,809

suggests the presence of a strong

1075

01:12:42,779 --> 01:12:49,050

magnetic field many researchers consider

1076

01:12:45,810 --> 01:12:51,380

that the propulsion system of UFOs may

1077

01:12:49,050 --> 01:12:54,409

be linked to their ability to create an

1078

01:12:51,380 --> 01:12:54,409
