

1
00:00:20,820 --> 00:00:25,230
hey Kari take a look at these four

2
00:00:23,518 --> 00:00:26,309
targets they've been in this approximate

3
00:00:25,230 --> 00:00:28,109
area for over an hour

4
00:00:26,309 --> 00:00:29,459
never seen anything like it they cover

5
00:00:28,109 --> 00:00:30,829
for a while and then jump to another

6
00:00:29,460 --> 00:00:33,539
location

7
00:00:30,829 --> 00:00:35,549
they moved five miles in one update

8
00:00:33,539 --> 00:00:36,530
several minutes ago that's over 3,000

9
00:00:35,549 --> 00:00:38,640
miles an hour

10
00:00:36,530 --> 00:00:40,170
have you checked with the military to

11
00:00:38,640 --> 00:00:41,609
see if they have anything going out

12
00:00:40,170 --> 00:00:43,350
there yeah and they don't have any

13
00:00:41,609 --> 00:00:45,448
scheduled activity tonight and a weather

14
00:00:43,350 --> 00:00:47,309
balloon couldn't begin to do that well

15
00:00:45,448 --> 00:00:49,978
try broadcasting in the blind and see if

16
00:00:47,308 --> 00:00:51,838
you get any reply this is Mogu approach

17
00:00:49,978 --> 00:00:54,268
control any aircraft within 10 nautical

18
00:00:51,838 --> 00:00:57,738
miles of oxnard field identify yourself

19
00:00:54,268 --> 00:00:57,738
I repeat identify yourself

20
00:00:58,780 --> 00:01:05,719
their specific 618 ask him if he sees

21
00:01:02,270 --> 00:01:07,490
anything specific 618 this is Magoo

22
00:01:05,719 --> 00:01:11,959
approach traffic at 10 o'clock close

23
00:01:07,489 --> 00:01:14,629
proximity do you see anything the Civic

24
00:01:11,959 --> 00:01:17,929
six one eight has two bright lights nine

25
00:01:14,629 --> 00:01:20,949
ten o'clock position about two miles do

26
00:01:17,930 --> 00:01:20,950
you show two targets

27
00:01:25,099 --> 00:01:34,069
just a second it seems to be jumping

28
00:01:27,950 --> 00:01:34,640
around at tremendous speeds what do you

29

00:01:34,069 --> 00:01:38,750
make of that

30
00:01:34,640 --> 00:01:39,379
you got me could be military there it is

31
00:01:38,750 --> 00:01:42,680
again

32
00:01:39,379 --> 00:01:45,079
go to contact le approach le approaches

33
00:01:42,680 --> 00:01:46,990
the specific flight 6 184 miles

34
00:01:45,079 --> 00:01:49,158
northwest of Malibu

35
00:01:46,989 --> 00:01:55,368
Roger Pacific this is Los Angeles

36
00:01:49,159 --> 00:01:58,789
approach patrol that's a bit of rage

37
00:01:55,368 --> 00:02:03,500
about a mile maintaining this separation

38
00:01:58,789 --> 00:02:03,679
and it's playing some strange games with

39
00:02:03,500 --> 00:02:06,969
us

40
00:02:03,679 --> 00:02:06,969
you showing traffic

41
00:02:09,099 --> 00:02:14,539
impossible

42
00:02:11,959 --> 00:02:16,280
that can't be a plain alley approach

43
00:02:14,539 --> 00:02:16,568

specific six one eight did you just see

44

00:02:16,280 --> 00:02:20,590
that

45

00:02:16,568 --> 00:02:20,589
I've told you we have nothing

46

00:02:21,650 --> 00:02:27,680
better contact to again

47

00:02:25,009 --> 00:02:29,798
what you've seen is a reenactment of an

48

00:02:27,680 --> 00:02:33,860
incident that took place five years ago

49

00:02:29,799 --> 00:02:35,840
to this day it remains unexplained these

50

00:02:33,860 --> 00:02:38,120
people have joined the ranks of hundreds

51

00:02:35,840 --> 00:02:39,950
of others who have also experienced one

52

00:02:38,120 --> 00:02:44,230
of the most controversial mysteries of

53

00:02:39,949 --> 00:02:44,229
our times you F those

54

00:03:03,090 --> 00:03:07,620
if you study the sky in a planetarium

55

00:03:05,639 --> 00:03:10,708
you can be pretty certain that any of

56

00:03:07,620 --> 00:03:13,950
your questions can be answered but if

57

00:03:10,709 --> 00:03:15,539
you observe the real night sky there is

58
00:03:13,949 --> 00:03:19,289
a chance that you may see something

59
00:03:15,539 --> 00:03:23,039
moving that you don't recognize a UFO an

60
00:03:19,289 --> 00:03:25,019
unidentified flying object for the

61
00:03:23,039 --> 00:03:27,060
untrained observer it is easy to be

62
00:03:25,019 --> 00:03:30,569
fooled and there's usually some simple

63
00:03:27,060 --> 00:03:32,280
explanation but as you've just seen even

64
00:03:30,568 --> 00:03:34,679
for people who are used to watching the

65
00:03:32,280 --> 00:03:38,759
sky there are some things that defy

66
00:03:34,680 --> 00:03:41,489
explanation hello I'm Peter Coyote and

67
00:03:38,759 --> 00:03:44,068
in the movie et I play a UFO

68
00:03:41,489 --> 00:03:47,519
investigator who like myself has always

69
00:03:44,068 --> 00:03:49,199
wanted to have a UFO experience I think

70
00:03:47,519 --> 00:03:51,269
that many people are fascinated by the

71
00:03:49,199 --> 00:03:54,030
possibility that UFOs might be

72
00:03:51,269 --> 00:03:56,700
spacecraft piloted by intelligent beings

73
00:03:54,030 --> 00:03:59,729
in my case it's a curiosity that's

74
00:03:56,699 --> 00:04:02,189
existed for more than 30 years but the

75
00:03:59,729 --> 00:04:05,429
real question is is there any validity

76
00:04:02,189 --> 00:04:09,049
to the UFO experience anything beyond

77
00:04:05,430 --> 00:04:09,049
just our wishful thinking

78
00:04:09,310 --> 00:04:15,219
about 90% of the objects that are

79
00:04:11,590 --> 00:04:17,379
reported as UFOs are explainable usually

80
00:04:15,219 --> 00:04:19,839
they turn out to be celestial bodies or

81
00:04:17,379 --> 00:04:22,209
military and civilian aircraft and a

82
00:04:19,839 --> 00:04:27,429
certain number of them are hoaxes like

83
00:04:22,209 --> 00:04:29,500
this one and this one to the skeptics 35

84
00:04:27,430 --> 00:04:31,959
years of Investigations have failed to

85
00:04:29,500 --> 00:04:34,779
turn up any evidence that UFOs really

86

00:04:31,959 --> 00:04:38,259
exist one of the leading critics is

87
00:04:34,779 --> 00:04:41,918
aviation writer Philip Glass we've had

88
00:04:38,259 --> 00:04:45,279
tens of thousands of UFO reports yet

89
00:04:41,918 --> 00:04:48,819
there is not a single not a single

90
00:04:45,279 --> 00:04:52,000
photograph of an extraordinary craft

91
00:04:48,819 --> 00:04:55,120
like object that cannot be explained as

92
00:04:52,000 --> 00:04:59,470
a hoax or in other prosaic terms there

93
00:04:55,120 --> 00:05:02,069
is not a single physical artifact not a

94
00:04:59,470 --> 00:05:06,280
residue that would say something

95
00:05:02,069 --> 00:05:08,159
extraordinary is underway then are UFOs

96
00:05:06,279 --> 00:05:11,409
just part of our modern mythology

97
00:05:08,160 --> 00:05:13,090
reflected in Hollywood films also

98
00:05:11,410 --> 00:05:15,250
history mankind as always look for the

99
00:05:13,089 --> 00:05:16,599
skies for help in times of tension

100
00:05:15,250 --> 00:05:20,410

they've always looked to the skies and

101

00:05:16,600 --> 00:05:24,100

today when we have the possible the fear

102

00:05:20,410 --> 00:05:26,830

of nuclear holocaust of overpopulation

103

00:05:24,100 --> 00:05:29,410

of pollution of the energy crisis my

104

00:05:26,829 --> 00:05:31,779

gosh what's more natural for the people

105

00:05:29,410 --> 00:05:33,310

than to say wouldn't it be nice if some

106

00:05:31,779 --> 00:05:34,899

intelligence that could come in from

107

00:05:33,310 --> 00:05:38,079

above and help us out with all this

108

00:05:34,899 --> 00:05:40,810

stuff astronomer Allen Hynek has been

109

00:05:38,079 --> 00:05:42,668

studying UFOs for over 30 years now and

110

00:05:40,810 --> 00:05:45,038

he's convinced that there's nothing

111

00:05:42,668 --> 00:05:47,049

fictional about them starting as a

112

00:05:45,038 --> 00:05:49,930

complete skeptic I underwent a

113

00:05:47,050 --> 00:05:52,689

transformation and now I've simply I

114

00:05:49,930 --> 00:05:54,310

mean it's I guess the best way of saying

115
00:05:52,689 --> 00:05:58,569
it is it's an itch that I just have to

116
00:05:54,310 --> 00:06:02,709
scratch it's it's there and I feel that

117
00:05:58,569 --> 00:06:05,409
we have a phenomenon that is could be of

118
00:06:02,709 --> 00:06:06,969
tremendous potential importance of the

119
00:06:05,410 --> 00:06:10,630
human race and I feel that strongly

120
00:06:06,970 --> 00:06:11,950
about it so who is right the believer or

121
00:06:10,629 --> 00:06:14,050
the skeptic

122
00:06:11,949 --> 00:06:16,829
in a moment we'll look at the evidence

123
00:06:14,050 --> 00:06:16,829
for some answers

124
00:06:38,668 --> 00:06:43,288
an unidentified flying object that's

125
00:06:41,098 --> 00:06:46,639
what people reported seeing on March of

126
00:06:43,288 --> 00:06:49,199
1982 circling the sky over San Francisco

127
00:06:46,639 --> 00:06:50,908
at least a half-dozen people say they

128
00:06:49,199 --> 00:06:53,460
saw a UFO near the Golden Gate Bridge

129
00:06:50,908 --> 00:06:55,468
this morning a cluster of Lights was

130
00:06:53,459 --> 00:06:57,989
first spotted by one commuter crossing

131
00:06:55,468 --> 00:07:00,300
the bridge just after 6:00 a.m. it

132
00:06:57,990 --> 00:07:01,889
looked neon and it was just kind of

133
00:07:00,300 --> 00:07:05,908
hovering and it looked like a big white

134
00:07:01,889 --> 00:07:08,610
wing you know to me each year hundreds

135
00:07:05,908 --> 00:07:11,158
of people claim to see UFOs most are

136
00:07:08,610 --> 00:07:13,259
eventually identified this particular

137
00:07:11,158 --> 00:07:15,418
object turned out to be an advertising

138
00:07:13,259 --> 00:07:20,939
plane which is frequently mistaken for a

139
00:07:15,418 --> 00:07:23,990
UFO when people do see things in the sky

140
00:07:20,939 --> 00:07:26,669
that mystify them who can they turn to

141
00:07:23,990 --> 00:07:29,848
publicly government agencies claimed no

142
00:07:26,668 --> 00:07:32,549
interest in UFO sightings this leaves a

143

00:07:29,848 --> 00:07:34,620
few small private organizations the task

144
00:07:32,550 --> 00:07:37,319
of investigating the literally hundreds

145
00:07:34,620 --> 00:07:39,509
of UFO sightings every year these

146
00:07:37,319 --> 00:07:41,629
organizations are small and have tiny

147
00:07:39,509 --> 00:07:44,338
budgets and are staffed by volunteers

148
00:07:41,629 --> 00:07:47,449
who must investigate these eyewitness

149
00:07:44,338 --> 00:07:47,449
reports in their spare time

150
00:07:49,120 --> 00:07:53,540
Tom Paige is a high school astronomy

151
00:07:51,889 --> 00:07:55,789
teacher in Northern California on

152
00:07:53,540 --> 00:07:57,980
weekends and whenever time allows

153
00:07:55,790 --> 00:08:00,560
he's a field investigator for the mutual

154
00:07:57,980 --> 00:08:03,020
UFO network one of the largest groups in

155
00:08:00,560 --> 00:08:04,910
the country one of his more recent cases

156
00:08:03,019 --> 00:08:05,899
involves a young pilot from Nevada

157
00:08:04,910 --> 00:08:08,420

California

158

00:08:05,899 --> 00:08:10,719

Shannon Davis is a flight instructor who

159

00:08:08,420 --> 00:08:18,800

has logged over 3,000 hours in the air

160

00:08:10,720 --> 00:08:20,930

600 of those at night his sighting on

161

00:08:18,800 --> 00:08:23,000

the night of November 5th 1980 is

162

00:08:20,930 --> 00:08:24,139

typical of the five to ten percent to

163

00:08:23,000 --> 00:08:28,069

remain unidentified

164

00:08:24,139 --> 00:08:29,659

I noticed the light off of my left wing

165

00:08:28,069 --> 00:08:32,509

at about the seven o'clock position of

166

00:08:29,660 --> 00:08:34,250

the airplane and because I was in radar

167

00:08:32,509 --> 00:08:37,038

contact with Oakland Center because the

168

00:08:34,250 --> 00:08:38,779

IFR flight I asked them how close that

169

00:08:37,038 --> 00:08:41,088

aircraft was from us they said that they

170

00:08:38,779 --> 00:08:42,649

didn't show anything on radar out there

171

00:08:41,089 --> 00:08:45,589

then I noticed that it pulled up

172
00:08:42,649 --> 00:08:47,929
alongside my left wing it was a bullet

173
00:08:45,589 --> 00:08:50,630
shape rounded at the front the widened

174
00:08:47,929 --> 00:08:51,919
out and tapered to a point at the end

175
00:08:50,629 --> 00:08:54,080
one of the things I really wondered

176
00:08:51,919 --> 00:08:56,179
about it is around the main body the

177
00:08:54,080 --> 00:08:58,250
center that just passed the nose there

178
00:08:56,179 --> 00:08:59,989
was a ring spinning around and it did a

179
00:08:58,250 --> 00:09:01,970
couple of things simultaneously what

180
00:08:59,990 --> 00:09:02,930
happened as the pulsation too quickened

181
00:09:01,970 --> 00:09:05,028
up on the nose

182
00:09:02,929 --> 00:09:07,429
and the whole thing went to a very

183
00:09:05,028 --> 00:09:09,198
bright color at the same time the ring

184
00:09:07,429 --> 00:09:11,088
seemed to spin faster until that whole

185
00:09:09,198 --> 00:09:12,558
ring disappeared and with the matter of

186
00:09:11,089 --> 00:09:14,689
seconds the brightness of the object

187
00:09:12,558 --> 00:09:17,240
appeared to be just like a glowing

188
00:09:14,688 --> 00:09:19,159
bright fireball and I kind of jumped

189
00:09:17,240 --> 00:09:20,509
because at first I was just I was

190
00:09:19,159 --> 00:09:22,669
thinking some kind of missile that was

191
00:09:20,509 --> 00:09:25,278
detonating and the thing took off

192
00:09:22,669 --> 00:09:26,928
forward and it shot out too forward of

193
00:09:25,278 --> 00:09:29,178
the nose at me about two or three miles

194
00:09:26,928 --> 00:09:32,058
ahead of the aircraft and it made an

195
00:09:29,178 --> 00:09:34,399
instantaneous 90-degree right angle turn

196
00:09:32,058 --> 00:09:36,678
and it went vertical until it went up

197
00:09:34,399 --> 00:09:37,009
out of sight and i sat there looking at

198
00:09:36,678 --> 00:09:40,419
it

199
00:09:37,009 --> 00:09:42,950
and I didn't know what to think

200

00:09:40,419 --> 00:09:45,259
five minutes later Shannon saw the

201
00:09:42,950 --> 00:09:48,290
object again and it repeated the same

202
00:09:45,259 --> 00:09:50,389
pattern only this time two pilots flying

203
00:09:48,289 --> 00:10:00,349
in the opposite direction also saw the

204
00:09:50,389 --> 00:10:02,299
UFO I have this device mine Hobbs

205
00:10:00,350 --> 00:10:03,379
reliant kind of media or shooting star

206
00:10:02,299 --> 00:10:05,659
because I don't know if any meteor

207
00:10:03,379 --> 00:10:07,730
they'll come alongside pace you and then

208
00:10:05,659 --> 00:10:10,250
take off forward and go vertical okay

209
00:10:07,730 --> 00:10:12,980
any kind of spacecraft or military

210
00:10:10,250 --> 00:10:14,328
aircraft technically that was defined

211
00:10:12,980 --> 00:10:15,800
all physical laws by making an

212
00:10:14,328 --> 00:10:17,299
instantaneous 90-degree turn

213
00:10:15,799 --> 00:10:19,370
according to laws of physics that can't

214
00:10:17,299 --> 00:10:20,289

be done and you know I watched it do it

215

00:10:19,370 --> 00:10:23,750
twice

216

00:10:20,289 --> 00:10:26,208
the first step in any UFO investigation

217

00:10:23,750 --> 00:10:28,250
is to check out witness credibility in

218

00:10:26,208 --> 00:10:31,669
this particular case it was easy since

219

00:10:28,250 --> 00:10:33,769
Tom already knew Shannon I first met

220

00:10:31,669 --> 00:10:36,049
Shannon Davis as a student in one of my

221

00:10:33,769 --> 00:10:37,549
classes as far as was that credibility

222

00:10:36,049 --> 00:10:38,899
of weddings in this case I feel that

223

00:10:37,549 --> 00:10:40,789
this particular individual is telling

224

00:10:38,899 --> 00:10:43,629
the truth I think he's a very truthful

225

00:10:40,789 --> 00:10:46,578
individual he had no reason to lie and

226

00:10:43,629 --> 00:10:48,379
at the time he did want any publicity no

227

00:10:46,578 --> 00:10:49,849
he said that he would be willing to make

228

00:10:48,379 --> 00:10:52,789
this public just for scientific

229
00:10:49,850 --> 00:10:55,278
information but one witness does not

230
00:10:52,789 --> 00:10:57,679
make a strong case so Tom tried to

231
00:10:55,278 --> 00:10:59,028
locate the other two pilots there's a

232
00:10:57,679 --> 00:11:00,559
possibility this particularly saying

233
00:10:59,028 --> 00:11:02,328
that there were two of the witnesses two

234
00:11:00,559 --> 00:11:05,809
pilots who saw something come out and

235
00:11:02,328 --> 00:11:08,419
overcast above Shannon I do not know

236
00:11:05,809 --> 00:11:10,099
what airline they were from and Shannon

237
00:11:08,419 --> 00:11:13,909
didn't either and were unable to contact

238
00:11:10,100 --> 00:11:16,040
them and what about radar during the

239
00:11:13,909 --> 00:11:18,319
encounter Shannon radioed Oakland Center

240
00:11:16,039 --> 00:11:21,469
flight facility but their response was

241
00:11:18,320 --> 00:11:24,260
negative if a pilot were to inform us

242
00:11:21,470 --> 00:11:26,120
that he had a sighting of a UFO in close

243

00:11:24,259 --> 00:11:28,159
proximity we would not be able to

244

00:11:26,120 --> 00:11:30,589
distinguish between he and at UFO would

245

00:11:28,159 --> 00:11:32,629
be wall one target to us could the

246

00:11:30,589 --> 00:11:35,510
object have been man-made or a natural

247

00:11:32,629 --> 00:11:36,919
phenomenon none of those things could do

248

00:11:35,509 --> 00:11:38,929
the things that dipstick object did

249

00:11:36,919 --> 00:11:41,719
moving forward at a high speed making a

250

00:11:38,929 --> 00:11:43,129
right-angle turn possibly a military

251

00:11:41,720 --> 00:11:44,149
aircraft could but the military

252

00:11:43,129 --> 00:11:47,750
certainly wouldn't be telling us about

253

00:11:44,149 --> 00:11:50,089
it the case closed this is how the

254

00:11:47,750 --> 00:11:53,278
evidence stood was the main witness

255

00:11:50,089 --> 00:11:56,550
credible yes where other eyewitnesses

256

00:11:53,278 --> 00:11:59,938
contacted to support the story no was

257

00:11:56,549 --> 00:12:01,948
the object tracked on radar no could the

258
00:11:59,938 --> 00:12:05,879
object have been man-made or some

259
00:12:01,948 --> 00:12:07,979
celestial body inconclusive that's the

260
00:12:05,879 --> 00:12:10,889
problem we have is that we're basing the

261
00:12:07,980 --> 00:12:13,110
whole UFO study on the report of

262
00:12:10,889 --> 00:12:13,980
witnesses and we have to just determine

263
00:12:13,110 --> 00:12:15,680
whether these witnesses are telling

264
00:12:13,980 --> 00:12:18,058
truth or not

265
00:12:15,679 --> 00:12:20,519
Shannon believes he saw something

266
00:12:18,058 --> 00:12:22,948
extraordinary and Paige agrees with Anya

267
00:12:20,519 --> 00:12:24,929
but to the doubters without hard

268
00:12:22,948 --> 00:12:27,719
evidence they're inclined toward a more

269
00:12:24,929 --> 00:12:30,808
conventional explanation there are

270
00:12:27,720 --> 00:12:34,079
dozens simply dozens of things to be

271
00:12:30,808 --> 00:12:36,149

seen in the night skies and I say to any

272

00:12:34,078 --> 00:12:39,088
of your viewers if they will go out

273

00:12:36,149 --> 00:12:42,448
tonight if it's a clear night and spend

274

00:12:39,089 --> 00:12:44,879
three hours looking at the night skies I

275

00:12:42,448 --> 00:12:46,588
can almost guarantee them they will see

276

00:12:44,879 --> 00:12:50,370
something that will surprise them

277

00:12:46,589 --> 00:12:52,499
something unusual but you ethologists

278

00:12:50,370 --> 00:12:54,720
like Paige argue that the problem is not

279

00:12:52,499 --> 00:12:56,759
the validity of the eyewitness accounts

280

00:12:54,720 --> 00:12:59,220
but the lack of professionally trained

281

00:12:56,759 --> 00:13:04,649
full-time people to investigate cases

282

00:12:59,220 --> 00:13:06,329
like Shannon's to the moon if we'd had

283

00:13:04,649 --> 00:13:08,339
to depend on people who could work only

284

00:13:06,328 --> 00:13:15,269
on weekends and without salary as a

285

00:13:08,339 --> 00:13:18,319
hobby the what we need in mythology is

286
00:13:15,269 --> 00:13:18,318
to make it professional

287
00:13:18,578 --> 00:13:24,019
not all UFO investigators are amateurs

288
00:13:21,679 --> 00:13:25,549
there are professionals and many with

289
00:13:24,019 --> 00:13:28,129
scientific backgrounds who are

290
00:13:25,549 --> 00:13:30,500
conducting diligent studies their

291
00:13:28,129 --> 00:13:32,570
efforts have brought UFO research out of

292
00:13:30,500 --> 00:13:35,708
the realm of fantasy into a brighter

293
00:13:32,570 --> 00:13:35,709
more realistic light

294
00:13:59,700 --> 00:14:04,830
in the last 40 years technology has

295
00:14:02,700 --> 00:14:06,810
moved us from an Earthbound existence

296
00:14:04,830 --> 00:14:10,139
straight into the outer reaches of space

297
00:14:06,809 --> 00:14:12,509
and now that technological know-how is

298
00:14:10,139 --> 00:14:15,629
being used to try and unravel the UFO

299
00:14:12,509 --> 00:14:17,870
mystery John Schuessler is a mechanical

300
00:14:15,629 --> 00:14:20,399
engineer for McDonnell Douglas and NASA

301
00:14:17,870 --> 00:14:22,529
here at the Johnson Space Center in

302
00:14:20,399 --> 00:14:25,439
Houston Schuessler has worked on several

303
00:14:22,529 --> 00:14:27,809
space programs including Skylab and the

304
00:14:25,440 --> 00:14:30,420
Space Shuttle Schuessler his lifelong

305
00:14:27,809 --> 00:14:32,219
interest in UFOs prompted him to bring

306
00:14:30,419 --> 00:14:34,610
together other interested aerospace

307
00:14:32,220 --> 00:14:38,009
workers and form a group called visit

308
00:14:34,610 --> 00:14:40,350
our project visit is a very unique

309
00:14:38,009 --> 00:14:42,299
organization in that our eccrine M

310
00:14:40,350 --> 00:14:44,490
stands for vehicle internal systems

311
00:14:42,299 --> 00:14:47,339
investigative team and by that we mean

312
00:14:44,490 --> 00:14:49,680
that ufos if they exist must have

313
00:14:47,340 --> 00:14:52,830
internal systems as do our spacecraft

314

00:14:49,679 --> 00:14:54,779
such as the Space Shuttle we feel that

315
00:14:52,830 --> 00:14:57,210
by investigating cases where there are

316
00:14:54,779 --> 00:15:00,379
unique attributes such as medical

317
00:14:57,210 --> 00:15:03,600
injuries abductions trace effects

318
00:15:00,379 --> 00:15:06,090
materials metals photographs anything

319
00:15:03,600 --> 00:15:09,420
technological that we can take the end

320
00:15:06,090 --> 00:15:13,519
result and model it backtrack and define

321
00:15:09,419 --> 00:15:16,110
define and design exactly what happened

322
00:15:13,519 --> 00:15:18,029
over the past several months Schuessler

323
00:15:16,110 --> 00:15:20,310
and his group have accumulated a file of

324
00:15:18,029 --> 00:15:23,629
a hundred cases of UFO encounters in

325
00:15:20,309 --> 00:15:23,629
which people were injured

326
00:15:23,840 --> 00:15:27,170
one of the most intriguing cases that

327
00:15:26,120 --> 00:15:29,810
Schuessler and his group are

328
00:15:27,169 --> 00:15:32,089

investigating involves these women Betty

329

00:15:29,809 --> 00:15:36,199
cash Vickie Landrum and Vickie's

330

00:15:32,090 --> 00:15:37,940
grandson Colby in December of 1980 the

331

00:15:36,200 --> 00:15:42,200
three of them encountered an unusual

332

00:15:37,940 --> 00:15:44,870
object on the outskirts of Houston we

333

00:15:42,200 --> 00:15:49,420
had been driving at this country road

334

00:15:44,870 --> 00:15:52,379
which it is very desolate area

335

00:15:49,419 --> 00:15:57,849
and all of a sudden we've seen this

336

00:15:52,379 --> 00:16:01,029
object so I didn't know whether to stop

337

00:15:57,850 --> 00:16:05,909
the backup keep going or want so we just

338

00:16:01,029 --> 00:16:08,919
kept driving we thought well maybe it's

339

00:16:05,909 --> 00:16:13,059
it's an air balloon or something you

340

00:16:08,919 --> 00:16:16,089
know where the balloon or something but

341

00:16:13,059 --> 00:16:20,649
the closer we got we could tell that

342

00:16:16,090 --> 00:16:25,050
either it was gonna be us or it because

343
00:16:20,649 --> 00:16:25,049
it kept getting lower and getting harder

344
00:16:25,320 --> 00:16:32,350
and this object come down almost to the

345
00:16:29,889 --> 00:16:34,929
treetops almost ahead of us and I

346
00:16:32,350 --> 00:16:36,940
screamed for Betty to stop and I think

347
00:16:34,929 --> 00:16:40,229
if she hadn't stopped and we went on

348
00:16:36,940 --> 00:16:40,230
under it we would have burned up

349
00:16:44,470 --> 00:16:52,470
I got on the car Co being me for about I

350
00:16:48,179 --> 00:16:54,789
guess I mean it a - and he was screaming

351
00:16:52,470 --> 00:16:56,350
like he was trying to get away from me

352
00:16:54,789 --> 00:16:57,909
and then pulling me back in the car and

353
00:16:56,350 --> 00:17:02,590
I got back in the car and Betty walked

354
00:16:57,909 --> 00:17:05,109
to the head of the car I thought it was

355
00:17:02,590 --> 00:17:09,039
in the time because I've always been

356
00:17:05,109 --> 00:17:12,899
told the Bible says the world will be

357
00:17:09,039 --> 00:17:15,490
destroyed by fire hail and brimstone

358
00:17:12,900 --> 00:17:20,740
well how did I know that the hell and

359
00:17:15,490 --> 00:17:25,000
brimstone wasn't right there with it and

360
00:17:20,740 --> 00:17:27,930
as hot as it was if hell is any hotter

361
00:17:25,000 --> 00:17:31,589
god forbid I want to live a good life

362
00:17:27,930 --> 00:17:36,820
cuz it was just it was just almost

363
00:17:31,589 --> 00:17:38,649
unbearable I kept trying to come Coby

364
00:17:36,819 --> 00:17:41,079
and I couldn't I had to tell him

365
00:17:38,650 --> 00:17:43,180
something that would come and I said if

366
00:17:41,079 --> 00:17:47,619
you see this big man come out of I'll

367
00:17:43,180 --> 00:17:48,460
make it be Jesus well I just have a

368
00:17:47,619 --> 00:17:51,579
feeling

369
00:17:48,460 --> 00:17:55,210
- look up there staff down looked around

370
00:17:51,579 --> 00:18:00,329
a little bit - all that objects and look

371

00:17:55,210 --> 00:18:04,460
like a down me a little those guys

372
00:18:00,329 --> 00:18:07,470
it was a grayish metallic looking color

373
00:18:04,460 --> 00:18:12,829
but yet the flames that was thrown out

374
00:18:07,470 --> 00:18:15,210
was a reddish yellowish looking glow

375
00:18:12,829 --> 00:18:17,220
besides the strange object they all

376
00:18:15,210 --> 00:18:20,190
claim to have seen several helicopters

377
00:18:17,220 --> 00:18:22,798
hovering around it just about that

378
00:18:20,190 --> 00:18:27,600
minute that I got up close enough to

379
00:18:22,798 --> 00:18:31,558
really make the shape of the object

380
00:18:27,599 --> 00:18:35,699
whatever it is the helicopters were

381
00:18:31,558 --> 00:18:37,048
there we was amazed you know what kind

382
00:18:35,700 --> 00:18:39,569
of helicopters the world we were about

383
00:18:37,048 --> 00:18:43,490
scared to death the double rubbery kind

384
00:18:39,569 --> 00:18:45,720
of helicopters I never saw one before

385
00:18:43,490 --> 00:18:48,269

whatever they saw that night the

386

00:18:45,720 --> 00:18:50,038

physical impact was immediate within

387

00:18:48,269 --> 00:18:52,950

hours they were suffering from severe

388

00:18:50,038 --> 00:18:55,859

headaches diarrhea and vomiting Betty

389

00:18:52,950 --> 00:18:58,740

cash had the worst symptoms a main

390

00:18:55,859 --> 00:19:01,048

problem at that time was severe headache

391

00:18:58,740 --> 00:19:02,940

swelling of the face swelling of the

392

00:19:01,048 --> 00:19:06,089

eyelids and the swelling of the skull

393

00:19:02,940 --> 00:19:08,038

that is the top of the head the fear of

394

00:19:06,089 --> 00:19:10,709

ridicule kept Betty from telling about

395

00:19:08,038 --> 00:19:12,538

her UFO encounter but weeks later when

396

00:19:10,710 --> 00:19:15,230

patches of her hair started falling out

397

00:19:12,538 --> 00:19:17,398

she told her doctor about the incident

398

00:19:15,230 --> 00:19:19,558

specialists were brought in including a

399

00:19:17,398 --> 00:19:23,189

dermatologist and a radiologist to run

400
00:19:19,558 --> 00:19:24,839
tests they all turned up negative John

401
00:19:23,190 --> 00:19:26,808
Schuessler and his group started their

402
00:19:24,839 --> 00:19:29,519
own investigation several months later

403
00:19:26,808 --> 00:19:31,230
despite the inconclusive medical reports

404
00:19:29,519 --> 00:19:33,179
Schuessler believes that all three

405
00:19:31,230 --> 00:19:36,839
victims received some kind of radiation

406
00:19:33,179 --> 00:19:39,179
exposure caused by the UFO it's a

407
00:19:36,839 --> 00:19:40,918
package of symptoms that all three had

408
00:19:39,179 --> 00:19:43,110
and all three main different kinds of

409
00:19:40,919 --> 00:19:45,028
people that's the significant thing from

410
00:19:43,109 --> 00:19:47,189
their age they're the past history

411
00:19:45,028 --> 00:19:50,490
medical history etc but they all had

412
00:19:47,190 --> 00:19:52,980
common symptoms the common symptoms all

413
00:19:50,490 --> 00:19:56,250
manifested themselves right after the

414
00:19:52,980 --> 00:19:57,538
incident starting within hours and what

415
00:19:56,250 --> 00:20:00,028
about the helicopters that were

416
00:19:57,538 --> 00:20:01,858
supposedly hovering around the object

417
00:20:00,028 --> 00:20:03,469
useless investigators found other

418
00:20:01,858 --> 00:20:06,628
witnesses who saw them

419
00:20:03,469 --> 00:20:09,690
the helicopters must have been military

420
00:20:06,628 --> 00:20:12,569
if they existed that has to be a given

421
00:20:09,690 --> 00:20:15,538
there are no civilian operations of

422
00:20:12,569 --> 00:20:19,858
ch-47 Chinook type helicopters in the

423
00:20:15,538 --> 00:20:21,658
Houston or Gulf Coast area Maj Dennis

424
00:20:19,858 --> 00:20:23,460
here is a commander with the National

425
00:20:21,659 --> 00:20:26,039
Guard at Ellington Air Force Base near

426
00:20:23,460 --> 00:20:27,629
Houston he says none of the Chinooks in

427
00:20:26,038 --> 00:20:30,358
his unit flew the night of the incident

428

00:20:27,628 --> 00:20:32,069
I personally was not up in there that

429
00:20:30,358 --> 00:20:35,548
night and and to the best of my

430
00:20:32,069 --> 00:20:37,739
knowledge no member of my unit are the

431
00:20:35,548 --> 00:20:40,999
aircraft that son of my command were up

432
00:20:37,739 --> 00:20:43,889
in the air on that particular date a

433
00:20:40,999 --> 00:20:46,200
fleet of helicopters an unidentified

434
00:20:43,888 --> 00:20:48,538
flying object and three victims who were

435
00:20:46,200 --> 00:20:52,229
injured by it what do they all add up to

436
00:20:48,538 --> 00:20:54,329
no one is sure Schuessler and his group

437
00:20:52,229 --> 00:20:55,739
think that one possible explanation is

438
00:20:54,329 --> 00:20:57,598
that our government may have been

439
00:20:55,739 --> 00:20:59,999
testing a secret aircraft that night

440
00:20:57,598 --> 00:21:02,548
powered by some type of microwave

441
00:20:59,999 --> 00:21:04,858
propulsion system the craft may have

442
00:21:02,548 --> 00:21:08,219

gone out of control almost touching down

443

00:21:04,858 --> 00:21:10,728

when Betty Vickie and Colby saw they

444

00:21:08,219 --> 00:21:14,820

have what would normally be seen from a

445

00:21:10,729 --> 00:21:16,919

heavy dose of microwave and possibly an

446

00:21:14,819 --> 00:21:19,229

x-ray component and we do know that

447

00:21:16,919 --> 00:21:22,200

pulsed microwave gives off an x-ray

448

00:21:19,229 --> 00:21:23,989

component but if the military is

449

00:21:22,200 --> 00:21:25,979

involved they deny it

450

00:21:23,989 --> 00:21:27,629

citizens the United States were

451

00:21:25,979 --> 00:21:29,639

subjected to chemical exposures

452

00:21:27,628 --> 00:21:31,978

radiation exposures and various other

453

00:21:29,638 --> 00:21:33,868

things over the past 30 years at

454

00:21:31,979 --> 00:21:36,509

different times in the interest of

455

00:21:33,868 --> 00:21:38,368

research or military operations and a

456

00:21:36,509 --> 00:21:40,528

lot of those people kept saying hey look

457
00:21:38,368 --> 00:21:42,209
I was hurt believe me I was hurt and

458
00:21:40,528 --> 00:21:44,848
everybody said you're crazy it couldn't

459
00:21:42,210 --> 00:21:47,369
have happened as for Betty and Vickie

460
00:21:44,848 --> 00:21:50,848
they still suffer from hypersensitivity

461
00:21:47,368 --> 00:21:54,418
to heat I do expect them to take care of

462
00:21:50,848 --> 00:21:57,148
my medical bills and what I have had to

463
00:21:54,419 --> 00:21:59,309
go through with and what I'm still going

464
00:21:57,148 --> 00:22:02,398
through with and what I may have to

465
00:21:59,308 --> 00:22:03,898
continue for years I don't believe in

466
00:22:02,398 --> 00:22:07,408
the little green man and all of that

467
00:22:03,898 --> 00:22:09,898
stuff from outer space but if it's

468
00:22:07,409 --> 00:22:12,509
something something that people don't

469
00:22:09,898 --> 00:22:12,969
know about and it slipped in here and

470
00:22:12,509 --> 00:22:16,750
did that

471
00:22:12,970 --> 00:22:18,819
to us and the government say yes say

472
00:22:16,750 --> 00:22:22,569
they don't know about it when they had

473
00:22:18,819 --> 00:22:26,230
the helicopters up there we in a

474
00:22:22,569 --> 00:22:29,908
terrible shape because if it can happen

475
00:22:26,230 --> 00:22:33,640
to us it could happen to a whole city a

476
00:22:29,909 --> 00:22:35,289
postscript to the case Viki and Betty

477
00:22:33,640 --> 00:22:36,820
have filed suit against the federal

478
00:22:35,288 --> 00:22:39,519
government attempting to win

479
00:22:36,819 --> 00:22:41,379
compensation for their injuries they

480
00:22:39,519 --> 00:22:43,119
remain firmly convinced that whatever it

481
00:22:41,380 --> 00:22:46,510
was they saw and it was attached to the

482
00:22:43,119 --> 00:22:48,459
United States military after pressure

483
00:22:46,509 --> 00:22:50,379
from a Texas congressman the US Air

484
00:22:48,460 --> 00:22:52,600
Force sent its own special investigator

485

00:22:50,380 --> 00:22:54,340
to look into the matter his report

486
00:22:52,599 --> 00:22:56,649
states that he was unable to find any

487
00:22:54,339 --> 00:23:00,308
connection whatsoever between the UFO

488
00:22:56,650 --> 00:23:02,470
and any branch of the US military and so

489
00:23:00,308 --> 00:23:05,048
the case remains unsolved but it does

490
00:23:02,470 --> 00:23:07,269
raise some questions is it possible that

491
00:23:05,048 --> 00:23:10,599
some unidentified flying objects could

492
00:23:07,269 --> 00:23:13,389
be secret US military test planes and if

493
00:23:10,599 --> 00:23:16,319
so what recourse do citizens have if

494
00:23:13,390 --> 00:23:16,320
they are injured by them

495
00:23:38,539 --> 00:23:49,678
the earth it's so beautiful where is it

496
00:23:43,670 --> 00:23:56,429
below me and what are you doing flying

497
00:23:49,679 --> 00:23:59,040
around we're leaving the earth under

498
00:23:56,429 --> 00:24:01,320
deep regressive hypnosis Carol del Duca

499
00:23:59,039 --> 00:24:04,019

is recounting a bizarre story in which

500

00:24:01,319 --> 00:24:06,720

she was whisked away in a spaceship her

501

00:24:04,019 --> 00:24:10,950

husband Joseph also under hypnosis tells

502

00:24:06,720 --> 00:24:13,829

the same story is it real or imagined in

503

00:24:10,950 --> 00:24:16,259

the whole area of UFO experiences the

504

00:24:13,829 --> 00:24:19,678

strangest and most controversial are the

505

00:24:16,259 --> 00:24:22,140

abduction cases since the early 1970s

506

00:24:19,679 --> 00:24:24,030

there have been well over 300 incidents

507

00:24:22,140 --> 00:24:26,490

of people claiming to have been forcibly

508

00:24:24,029 --> 00:24:29,129

abducted and taken onto spaceships where

509

00:24:26,490 --> 00:24:31,259

they met extraterrestrial beings these

510

00:24:29,130 --> 00:24:33,929

incredible stories have divided UFO

511

00:24:31,259 --> 00:24:36,179

investigators our own examination of

512

00:24:33,929 --> 00:24:39,470

this began with Joseph and Carol del

513

00:24:36,179 --> 00:24:39,470

Dukas own story

514
00:24:42,019 --> 00:24:47,190
the del Duca case was investigated by

515
00:24:44,909 --> 00:24:50,129
dr. Richard Sigismund a social

516
00:24:47,190 --> 00:24:51,869
psychologist in Boulder Colorado their

517
00:24:50,128 --> 00:24:53,759
story begins late one night while

518
00:24:51,868 --> 00:24:55,439
driving down a lonely stretch of highway

519
00:24:53,759 --> 00:24:58,499
on their way home from a trip with their

520
00:24:55,440 --> 00:25:02,100
four month-old son all they can remember

521
00:24:58,499 --> 00:25:03,960
is seeing for UFOs only under deep

522
00:25:02,099 --> 00:25:11,128
hypnosis do they begin to fill in the

523
00:25:03,960 --> 00:25:13,079
Lost hours for sleep Joe and Carol are

524
00:25:11,128 --> 00:25:22,048
each hypnotized separately but relate

525
00:25:13,079 --> 00:25:27,499
similar stories you pull into where the

526
00:25:22,048 --> 00:25:27,499
wood are you doing

527
00:25:27,940 --> 00:25:31,769
we're going to the spaceship

528
00:25:35,009 --> 00:25:38,329
going to or what

529
00:25:46,579 --> 00:25:55,569
tell me what you're doing they're going

530
00:25:52,700 --> 00:25:55,569
into the room

531
00:25:58,829 --> 00:26:05,699
great room it's a bright room what are

532
00:26:02,880 --> 00:26:09,330
you doing in this room Joe it's laying

533
00:26:05,700 --> 00:26:11,160
there in these rooms Joe and Carol

534
00:26:09,329 --> 00:26:16,639
talked about undergoing some kind of

535
00:26:11,160 --> 00:26:21,019
physical examination looking at my feet

536
00:26:16,640 --> 00:26:21,020
your feet you say yes

537
00:26:29,499 --> 00:26:35,649
would you say Carol

538
00:26:31,778 --> 00:26:35,648
it's alright to tell me

539
00:26:38,809 --> 00:26:50,190
they're hurting my able dirt or water

540
00:26:43,740 --> 00:26:52,519
they pulled on my ankle feels like they

541
00:26:50,190 --> 00:26:52,519
broke

542

00:26:56,589 --> 00:27:01,470
painful

543
00:26:59,230 --> 00:27:04,450
but it describes his people to me Joe

544
00:27:01,470 --> 00:27:06,940
tell me what you see tell me what

545
00:27:04,450 --> 00:27:14,919
they're doing if anything take out his

546
00:27:06,940 --> 00:27:20,460
little ribs they're real skinny

547
00:27:14,919 --> 00:27:20,460
if the waist but they have a big chest

548
00:27:31,759 --> 00:27:35,970
it's clear that Joe and Carol are

549
00:27:34,380 --> 00:27:38,820
reliving an intensely emotional

550
00:27:35,970 --> 00:27:40,410
experience especially Joe who describes

551
00:27:38,819 --> 00:27:42,829
an unusual meeting with one of the

552
00:27:40,410 --> 00:27:42,830
entities

553
00:27:52,359 --> 00:28:00,639
and one bit him too he's so nice

554
00:28:01,420 --> 00:28:04,320
is war

555
00:28:07,000 --> 00:28:10,000
like

556
00:28:22,240 --> 00:28:27,559

were joe and carol abducted by aliens

557

00:28:25,099 --> 00:28:27,879

from another world or did they imagine

558

00:28:27,559 --> 00:28:32,149

it

559

00:28:27,880 --> 00:28:34,130

dr. Sigismund believes it did happen the

560

00:28:32,150 --> 00:28:37,820

stories on every significant in fact

561

00:28:34,130 --> 00:28:40,790

minor details who they match even though

562

00:28:37,819 --> 00:28:43,700

each individual had distinct the

563

00:28:40,789 --> 00:28:45,049

different type of experience at which

564

00:28:43,700 --> 00:28:47,059

they relived under the hypnosis

565

00:28:45,049 --> 00:28:49,789

nonetheless that they were describing

566

00:28:47,059 --> 00:28:53,179

the shape of the so-called craft of the

567

00:28:49,789 --> 00:28:57,349

describing the suits of the entities it

568

00:28:53,180 --> 00:28:59,570

all dovetailed to minut degree it would

569

00:28:57,349 --> 00:29:02,480

be a great difficulty if individuals

570

00:28:59,569 --> 00:29:06,139

sought to perpetrate a hoax to maintain

571
00:29:02,480 --> 00:29:08,450
it under deep hypnosis we sometimes

572
00:29:06,140 --> 00:29:13,370
doubted ourselves did that really happen

573
00:29:08,450 --> 00:29:18,500
that's incredible that after we realize

574
00:29:13,369 --> 00:29:21,409
that this was a good thing and very few

575
00:29:18,500 --> 00:29:25,730
people have the privilege of getting to

576
00:29:21,410 --> 00:29:29,320
do something like that that it had a

577
00:29:25,730 --> 00:29:35,210
good it left us with good feelings

578
00:29:29,319 --> 00:29:40,099
it was just mind-boggling but there was

579
00:29:35,210 --> 00:29:41,840
a lasting impact but the theory of

580
00:29:40,099 --> 00:29:44,899
abductions is being challenged by this

581
00:29:41,839 --> 00:29:46,699
team of investigators dr. Alvin Lawson

582
00:29:44,900 --> 00:29:49,940
an English professor at Long Beach State

583
00:29:46,700 --> 00:29:52,130
University dr. William McCall a medical

584
00:29:49,940 --> 00:29:55,700
doctor who specializes in hypnotism and

585
00:29:52,130 --> 00:29:57,770
John Herrera a writer they demonstrated

586
00:29:55,700 --> 00:30:00,410
for us a basic experiment that they have

587
00:29:57,769 --> 00:30:02,299
conducted with hundreds of people they

588
00:30:00,410 --> 00:30:04,970
hypnotized a person who believes she was

589
00:30:02,299 --> 00:30:08,269
abducted and the volunteer who is told

590
00:30:04,970 --> 00:30:11,329
to imagine an abduction the result both

591
00:30:08,269 --> 00:30:15,470
stories are similar what is it did you

592
00:30:11,329 --> 00:30:22,089
see these shapes and then looking down

593
00:30:15,470 --> 00:30:22,089
at me they're tall and slim

594
00:30:23,119 --> 00:30:26,689
with large eyes

595
00:30:28,529 --> 00:30:34,829
long fingers just like this bright light

596
00:30:32,819 --> 00:30:41,250
and their heads looking down at me there

597
00:30:34,829 --> 00:30:44,879
whoa-oh but they're like shadows and

598
00:30:41,250 --> 00:30:48,359
something's passing across yes it's sort

599

00:30:44,880 --> 00:30:53,220
of like a piece of something they're

600
00:30:48,359 --> 00:30:54,750
looking into my eyes there's no

601
00:30:53,220 --> 00:30:59,549
communication that they know what I'm

602
00:30:54,750 --> 00:31:02,190
thinking no verbal communication it's

603
00:30:59,549 --> 00:31:08,129
like they're bleeping something you

604
00:31:02,190 --> 00:31:09,090
haven't me like like electrical impulses

605
00:31:08,130 --> 00:31:12,440
or something

606
00:31:09,089 --> 00:31:14,609
in general the imaginary and the real

607
00:31:12,440 --> 00:31:17,910
experiences as we've experienced them

608
00:31:14,609 --> 00:31:20,849
here are identical I mean there are no

609
00:31:17,910 --> 00:31:23,820
real substantive differences all of

610
00:31:20,849 --> 00:31:26,669
these indicate to me that and to my

611
00:31:23,819 --> 00:31:29,549
colleagues I'm sure that the imaginary

612
00:31:26,670 --> 00:31:32,370
or that the abduction narratives aren't

613
00:31:29,549 --> 00:31:36,089

real physical experiences that is there

614

00:31:32,369 --> 00:31:37,979

are not aliens coming here and they

615

00:31:36,089 --> 00:31:39,419

indicate however that the people believe

616

00:31:37,980 --> 00:31:42,150

that something like well have happened

617

00:31:39,420 --> 00:31:43,590

to them this is what's so fascinating I

618

00:31:42,150 --> 00:31:45,360

think something quite real in

619

00:31:43,589 --> 00:31:46,019

Psychological terms is happening to

620

00:31:45,359 --> 00:31:47,879

these people

621

00:31:46,019 --> 00:31:49,859

I don't think little being men are doing

622

00:31:47,880 --> 00:31:54,990

it I think we're doing it or the mind is

623

00:31:49,859 --> 00:31:56,909

doing it to us experiments by Lawson

624

00:31:54,990 --> 00:31:59,039

McCall and others seem to prove that

625

00:31:56,910 --> 00:32:01,380

abductions are essentially psychological

626

00:31:59,039 --> 00:32:02,970

this does not invalidate them however

627

00:32:01,380 --> 00:32:05,310

and they are still happening to people

628
00:32:02,970 --> 00:32:08,809
all over the world it's up to the

629
00:32:05,309 --> 00:32:08,809
researchers to find out why

630
00:32:38,569 --> 00:32:44,579
Guatemala City 1976 a TV crew is

631
00:32:43,048 --> 00:32:46,970
shooting a commercial and they suddenly

632
00:32:44,579 --> 00:32:49,558
spots something strange flying overhead

633
00:32:46,970 --> 00:32:52,589
to this day no one has been able to

634
00:32:49,558 --> 00:32:54,839
identify it but as spectacular as it

635
00:32:52,589 --> 00:32:57,298
appears this videotape and other forms

636
00:32:54,839 --> 00:33:00,168
of pictorial evidence have only limited

637
00:32:57,298 --> 00:33:02,879
value in our understanding of UFOs

638
00:33:00,169 --> 00:33:05,549
Richard Haines is a research scientist

639
00:33:02,880 --> 00:33:07,590
who has studied many photographs in

640
00:33:05,548 --> 00:33:10,109
order to make sense out of photographic

641
00:33:07,589 --> 00:33:12,240
evidence it's extremely important to

642
00:33:10,109 --> 00:33:15,240
know a great deal about the photographer

643
00:33:12,240 --> 00:33:17,700
about the camera system he uses about

644
00:33:15,240 --> 00:33:20,250
the development process that is used and

645
00:33:17,700 --> 00:33:23,759
in general about the context in which

646
00:33:20,250 --> 00:33:25,529
the picture was taken the often times we

647
00:33:23,759 --> 00:33:27,269
come across photographic evidence long

648
00:33:25,529 --> 00:33:29,069
after the fact and because of that we

649
00:33:27,269 --> 00:33:30,929
don't have much of that fine detail

650
00:33:29,069 --> 00:33:34,470
information that we need to do it but a

651
00:33:30,929 --> 00:33:36,240
good systematic analysis but with the

652
00:33:34,470 --> 00:33:38,759
development of sophisticated image

653
00:33:36,240 --> 00:33:40,609
enhancement equipment investigators can

654
00:33:38,759 --> 00:33:43,140
gain new information from photographs

655
00:33:40,609 --> 00:33:44,879
Payne's demonstrated how this can be

656

00:33:43,140 --> 00:33:47,850
done by analyzing this particular

657
00:33:44,880 --> 00:33:49,830
photograph the picture of a tiny object

658
00:33:47,849 --> 00:33:51,990
trailing a plane has long been

659
00:33:49,829 --> 00:33:54,000
considered by you apologists to be a

660
00:33:51,990 --> 00:33:57,120
good example of photographic evidence of

661
00:33:54,000 --> 00:34:00,480
a UFO but skeptics claim the object is

662
00:33:57,119 --> 00:34:02,308
really something on the ground to try to

663
00:34:00,480 --> 00:34:03,990
settle the question Haynes had the

664
00:34:02,308 --> 00:34:06,359
photograph put through a process called

665
00:34:03,990 --> 00:34:08,909
color enhancement this gives the picture

666
00:34:06,359 --> 00:34:12,418
more detail allowing Hames to do a more

667
00:34:08,909 --> 00:34:14,519
extensive analysis what our analysis has

668
00:34:12,418 --> 00:34:17,069
just shown of the digitization of this

669
00:34:14,519 --> 00:34:20,599
photograph is that the darkness of this

670
00:34:17,070 --> 00:34:23,550

major disc shaped image right here is

671

00:34:20,599 --> 00:34:25,440

very close to the same darkness as the

672

00:34:23,550 --> 00:34:29,280

tail structure here of the airplane the

673

00:34:25,440 --> 00:34:31,409

wing tank and the main body and we find

674

00:34:29,280 --> 00:34:33,060

that there's no objects on the ground at

675

00:34:31,409 --> 00:34:36,419

that equivalent range with the

676

00:34:33,059 --> 00:34:38,219

equivalent darkness now what this

677

00:34:36,418 --> 00:34:41,489

suggests then is that in fact it's an

678

00:34:38,219 --> 00:34:42,129

airborne object but even for enhancement

679

00:34:41,489 --> 00:34:44,889

equipment

680

00:34:42,130 --> 00:34:46,750

it's limits in the final analysis

681

00:34:44,889 --> 00:34:49,769

however were stuck with an image of

682

00:34:46,750 --> 00:34:52,090

something we don't understand if that

683

00:34:49,769 --> 00:34:54,789

enhancement process shows the image to

684

00:34:52,090 --> 00:34:57,059

be an airplane out kind we're home-free

685
00:34:54,789 --> 00:35:00,489
but on the other hand if it shows a

686
00:34:57,059 --> 00:35:03,519
symmetrical air form an oblate spheroid

687
00:35:00,489 --> 00:35:05,500
for instance with no means propulsion or

688
00:35:03,519 --> 00:35:06,280
support or lift we're right back where

689
00:35:05,500 --> 00:35:08,739
we started

690
00:35:06,280 --> 00:35:10,900
see so photographic analysis must be

691
00:35:08,739 --> 00:35:14,319
coupled with a very creative approach on

692
00:35:10,900 --> 00:35:16,030
the part of the photo interpreter so

693
00:35:14,320 --> 00:35:19,539
without additional evidence photographs

694
00:35:16,030 --> 00:35:21,550
of UFOs really prove nothing at all but

695
00:35:19,539 --> 00:35:23,259
when there is additional evidence UF

696
00:35:21,550 --> 00:35:26,560
ologists believe that they can make a

697
00:35:23,260 --> 00:35:32,830
strong case and right now we look at one

698
00:35:26,559 --> 00:35:34,989
of their strongest no other pictorial

699
00:35:32,829 --> 00:35:36,579
evidence has created as much interest as

700
00:35:34,989 --> 00:35:38,169
these images shot from an airplane

701
00:35:36,579 --> 00:35:42,460
during the early morning hours of

702
00:35:38,170 --> 00:35:44,769
December 31st 1978 this is the New

703
00:35:42,460 --> 00:35:47,139
Zealand film considered by most experts

704
00:35:44,769 --> 00:35:50,769
to be the single strongest evidence of a

705
00:35:47,139 --> 00:35:52,989
UFO ever captured on film to most of us

706
00:35:50,769 --> 00:35:54,909
it may not seem impressive the small

707
00:35:52,989 --> 00:35:57,429
bright light in the night sky off the

708
00:35:54,909 --> 00:35:59,469
New Zealand coast but it is the only

709
00:35:57,429 --> 00:36:02,259
case of a UFO that was seen by several

710
00:35:59,469 --> 00:36:04,629
pilots and crew members picked up on

711
00:36:02,260 --> 00:36:06,790
radar and photographed on several

712
00:36:04,630 --> 00:36:09,619
thousand frames of 16-millimeter color

713

00:36:06,789 --> 00:36:14,099
film shot by a TV crew

714
00:36:09,619 --> 00:36:18,059
appears to have a brightly lit button

715
00:36:14,099 --> 00:36:21,380
and a transparent sort of see sphere on

716
00:36:18,059 --> 00:36:21,380
top sun-kissed be

717
00:36:21,869 --> 00:36:28,789
like a flying saucer no one has studied

718
00:36:26,489 --> 00:36:31,588
the New Zealand film more than this man

719
00:36:28,789 --> 00:36:34,589
Bruce Maccabee is a physicist who spent

720
00:36:31,588 --> 00:36:36,659
over a year analyzing the film now my

721
00:36:34,588 --> 00:36:38,759
claim is that having look at the film

722
00:36:36,659 --> 00:36:41,489
and the whole sighting in general that

723
00:36:38,759 --> 00:36:44,998
the film shows objects which cannot be

724
00:36:41,489 --> 00:36:46,949
identified by conventional means to

725
00:36:44,998 --> 00:36:48,509
arrive at that conclusion MacCabe first

726
00:36:46,949 --> 00:36:50,848
flew the same route in which the

727
00:36:48,509 --> 00:36:52,769

sightings were made he set out to

728

00:36:50,849 --> 00:36:55,140

disprove one of the first conventional

729

00:36:52,768 --> 00:36:58,379

explanations offered that the object was

730

00:36:55,139 --> 00:37:00,118

a celestial body like Venus the lights

731

00:36:58,380 --> 00:37:02,460

that they were talking about was below

732

00:37:00,119 --> 00:37:04,019

the level of that mountain range in

733

00:37:02,460 --> 00:37:05,940

other words silhouetted against the

734

00:37:04,018 --> 00:37:10,468

mountain range if you wish rather than

735

00:37:05,940 --> 00:37:12,989

above the mountain range so I I don't

736

00:37:10,469 --> 00:37:15,389

see any celestial body we could have

737

00:37:12,989 --> 00:37:17,039

done that also if you look at the image

738

00:37:15,389 --> 00:37:18,960

carefully you will see it does strange

739

00:37:17,039 --> 00:37:21,479

things like when it when it tends to

740

00:37:18,960 --> 00:37:23,909

fade out it changes its shape from being

741

00:37:21,478 --> 00:37:26,248

sort of oval to sort of thin in a

742
00:37:23,909 --> 00:37:29,578
vertical direction and then just fades

743
00:37:26,248 --> 00:37:31,498
out other sceptics suggested that the

744
00:37:29,579 --> 00:37:33,450
light came from squid boats which use

745
00:37:31,498 --> 00:37:35,879
bright lights to draw squid to the water

746
00:37:33,449 --> 00:37:38,248
surface to eliminate that possibility

747
00:37:35,880 --> 00:37:40,289
MacCabe made a direct comparison between

748
00:37:38,248 --> 00:37:43,679
the squid boat light and the light in

749
00:37:40,289 --> 00:37:45,589
the film the squid boat picture clearly

750
00:37:43,679 --> 00:37:47,728
shows a reflection in the water

751
00:37:45,588 --> 00:37:49,768
extending underneath the image of the

752
00:37:47,728 --> 00:37:51,538
squid boat sort of a dull red is

753
00:37:49,768 --> 00:37:55,639
triangular reflection extending

754
00:37:51,539 --> 00:37:59,039
downwards and none of the images in this

755
00:37:55,639 --> 00:38:00,989
UFO film have I been able to find any

756
00:37:59,039 --> 00:38:03,299
indication of a reflection in the water

757
00:38:00,989 --> 00:38:06,509
but you would expect if it's a squid

758
00:38:03,298 --> 00:38:08,639
boat according to air controllers their

759
00:38:06,509 --> 00:38:10,199
radar picked up the object and estimated

760
00:38:08,639 --> 00:38:13,828
the distance to the aeroplane at between

761
00:38:10,199 --> 00:38:15,899
10 to 20 miles using a densitometer

762
00:38:13,829 --> 00:38:17,910
an instrument that measures film density

763
00:38:15,900 --> 00:38:20,789
MacCabe was able to determine the

764
00:38:17,909 --> 00:38:23,338
object's brightness if the light source

765
00:38:20,789 --> 00:38:26,009
had been for example 10 nautical miles

766
00:38:23,338 --> 00:38:28,528
away then it was putting out a power

767
00:38:26,009 --> 00:38:30,829
equivalent to several hundred thousand

768
00:38:28,528 --> 00:38:33,748
watts worth of incandescent light bulbs

769
00:38:30,829 --> 00:38:34,619
several hundred thousand watt source is

770

00:38:33,748 --> 00:38:38,429
not a small

771
00:38:34,619 --> 00:38:41,220
all amount of power that's a that's an

772
00:38:38,429 --> 00:38:46,108
awful lot of energy being used up and

773
00:38:41,219 --> 00:38:47,459
they saw this thing for 15 minutes so it

774
00:38:46,108 --> 00:38:51,630
must have been a considerable source of

775
00:38:47,460 --> 00:38:53,009
power by itself but the most amazing

776
00:38:51,630 --> 00:38:55,318
conclusion that Maccabee reached

777
00:38:53,009 --> 00:38:59,099
centered on these last few feet of film

778
00:38:55,318 --> 00:39:01,079
shown here an extremely slow motion it

779
00:38:59,099 --> 00:39:04,099
shows the object flashing from bright

780
00:39:01,079 --> 00:39:08,599
white to a dim red and then orange color

781
00:39:04,099 --> 00:39:13,259
the periodicity of this flashing is

782
00:39:08,599 --> 00:39:16,400
essentially perfect for 30 cycles such a

783
00:39:13,259 --> 00:39:19,849
regular flashing of a light implies

784
00:39:16,400 --> 00:39:23,400

intelligent control we could find no

785

00:39:19,849 --> 00:39:27,269

human-made light source to account for

786

00:39:23,400 --> 00:39:29,749

it so the periodicity suggests

787

00:39:27,268 --> 00:39:33,088

intelligence and yet we can't find any

788

00:39:29,748 --> 00:39:35,518

conventional explanation so that

789

00:39:33,088 --> 00:39:38,389

suggests that we have some sort of an

790

00:39:35,518 --> 00:39:40,828

intelligence on our hands here and

791

00:39:38,389 --> 00:39:43,739

removes it being you know beyond the

792

00:39:40,829 --> 00:39:45,809

pale of science I'm afraid no one has

793

00:39:43,739 --> 00:39:48,420

yet been able to refute any of macabees

794

00:39:45,809 --> 00:39:50,519

work he believes that the significance

795

00:39:48,420 --> 00:39:54,329

of the New Zealand film goes far beyond

796

00:39:50,518 --> 00:39:56,278

the scope of just one case this case

797

00:39:54,329 --> 00:39:58,259

suggests we have something which cannot

798

00:39:56,278 --> 00:40:00,358

be explained in conventional terms and

799

00:39:58,259 --> 00:40:05,039
that opens up a new field of

800

00:40:00,358 --> 00:40:07,170
investigation in science it suggests

801

00:40:05,039 --> 00:40:11,239
that we should go back and rethink what

802

00:40:07,170 --> 00:40:11,239
we've been saying about other UFO cases

803

00:40:27,579 --> 00:40:33,309
October 25th 1975 fighter planes are

804

00:40:31,869 --> 00:40:34,869
sent in hot pursuit after an

805

00:40:33,309 --> 00:40:36,940
unidentified flying object

806

00:40:34,869 --> 00:40:39,719
seen hovering over missile sites at

807

00:40:36,940 --> 00:40:42,220
Malmstrom Air Force Base in Montana

808

00:40:39,719 --> 00:40:44,230
NORAD the North American Air Defense

809

00:40:42,219 --> 00:40:46,750
reports that the Jets failed to

810

00:40:44,230 --> 00:40:48,909
intercept the object for the next two

811

00:40:46,750 --> 00:40:51,099
months NORAD recorded other sightings of

812

00:40:48,909 --> 00:40:52,809
UFOs over missile launching sites and

813
00:40:51,099 --> 00:40:56,259
nuclear weapons storage areas in

814
00:40:52,809 --> 00:40:58,269
Michigan Maine North Dakota in all cases

815
00:40:56,260 --> 00:41:02,650
our Jets were unable to overtake the

816
00:40:58,269 --> 00:41:04,869
objects the 1975 sighting show us

817
00:41:02,650 --> 00:41:07,210
dramatically that unidentified flying

818
00:41:04,869 --> 00:41:10,719
objects have invaded our airspace and

819
00:41:07,210 --> 00:41:12,610
yet since 1969 the federal government's

820
00:41:10,719 --> 00:41:16,329
position has been that it is not

821
00:41:12,610 --> 00:41:19,420
interested in investigating UFOs it was

822
00:41:16,329 --> 00:41:22,329
in 1969 that the Air Force ended Project

823
00:41:19,420 --> 00:41:25,240
Blue Book a 21 year investigation of

824
00:41:22,329 --> 00:41:27,279
UFOs their basic conclusion was that

825
00:41:25,239 --> 00:41:29,709
lack of evidence warranted no further

826
00:41:27,280 --> 00:41:33,370
study of the matter there was no

827

00:41:29,710 --> 00:41:35,889
evidence of threat to national security

828
00:41:33,369 --> 00:41:38,130
there was no evidence that we had been

829
00:41:35,889 --> 00:41:41,949
visited by extraterrestrial vehicles and

830
00:41:38,130 --> 00:41:44,530
finally there was no evidence that after

831
00:41:41,949 --> 00:41:47,259
evaluating these UFO sightings that

832
00:41:44,530 --> 00:41:49,120
there was any indication of scientific

833
00:41:47,260 --> 00:41:50,620
knowledge the existence of scientific

834
00:41:49,119 --> 00:41:54,159
knowledge beyond the present state of

835
00:41:50,619 --> 00:41:56,319
knowledge but government documents on

836
00:41:54,159 --> 00:41:58,149
the NORAD incidents as well as thousands

837
00:41:56,320 --> 00:42:00,010
of other reports revealed that the

838
00:41:58,150 --> 00:42:02,079
government continues to investigate a

839
00:42:00,010 --> 00:42:05,920
phenomenon that is much more than just a

840
00:42:02,079 --> 00:42:08,259
few isolated incidents since 1969 as

841
00:42:05,920 --> 00:42:10,900

many as 10 governmental agencies have

842

00:42:08,260 --> 00:42:15,550

been involved in UFO inquiries including

843

00:42:10,900 --> 00:42:18,910

the CIA the FBI the National Security

844

00:42:15,550 --> 00:42:20,830

Agency and the Air Force attorney Peter

845

00:42:18,909 --> 00:42:22,750

Gersten has led the fight to unearth

846

00:42:20,829 --> 00:42:27,009

these documents on behalf of a group

847

00:42:22,750 --> 00:42:29,199

called citizens against UFO secrecy the

848

00:42:27,010 --> 00:42:31,720

documents confirm the reality of these

849

00:42:29,199 --> 00:42:34,989

unconventional objects and there is

850

00:42:31,719 --> 00:42:38,829

furthermore evidence that these objects

851

00:42:34,989 --> 00:42:40,379

exhibit a technology that is beyond

852

00:42:38,829 --> 00:42:41,608

present-day technology

853

00:42:40,380 --> 00:42:44,640

advanced technology and more

854

00:42:41,608 --> 00:42:46,798

sophisticated technology a graphic

855

00:42:44,639 --> 00:42:48,929

example of that technology was reported

856
00:42:46,798 --> 00:42:53,699
in this document about an incident on

857
00:42:48,929 --> 00:42:55,500
September 19 1976 in Iran an f4 jet

858
00:42:53,699 --> 00:42:57,719
similar to this one was sent to

859
00:42:55,500 --> 00:43:00,929
intercept unusual objects seen over the

860
00:42:57,719 --> 00:43:02,818
city of Tehran as the f4 approached the

861
00:43:00,929 --> 00:43:05,639
brilliant object the jet lost all

862
00:43:02,818 --> 00:43:07,440
instrumentation and communication later

863
00:43:05,639 --> 00:43:09,900
when the jet tried to shoot a missile at

864
00:43:07,440 --> 00:43:11,190
a second object the f-4s weapon control

865
00:43:09,900 --> 00:43:15,509
panel went dead

866
00:43:11,190 --> 00:43:17,880
what makes this incident interesting and

867
00:43:15,509 --> 00:43:21,139
significant is that it involves the

868
00:43:17,880 --> 00:43:23,960
malfunction of an american-made

869
00:43:21,139 --> 00:43:27,598
defensive tactical weapon system

870
00:43:23,960 --> 00:43:30,630
specifically an f4 jet the interesting

871
00:43:27,599 --> 00:43:33,150
part of the incident is that the Defense

872
00:43:30,630 --> 00:43:36,059
Intelligence Agency did an evaluation of

873
00:43:33,150 --> 00:43:38,818
the incident and found the incident to

874
00:43:36,059 --> 00:43:42,630
be a classic UFO case because of

875
00:43:38,818 --> 00:43:47,190
eyewitness verification confirmed by

876
00:43:42,630 --> 00:43:49,289
radar and and so forth documents show

877
00:43:47,190 --> 00:43:52,230
repeatedly that UFOs have been able to

878
00:43:49,289 --> 00:43:54,660
penetrate our military airspace in one

879
00:43:52,230 --> 00:43:56,818
incident in 1980 UFOs were seen over

880
00:43:54,659 --> 00:43:58,828
Kirkland Air Force Base in New Mexico

881
00:43:56,818 --> 00:44:00,869
the base is a highly sensitive

882
00:43:58,829 --> 00:44:03,690
installation that includes an advanced

883
00:44:00,869 --> 00:44:05,548
weapons research laboratory documents

884

00:44:03,690 --> 00:44:07,759
show that bright objects were able to

885
00:44:05,548 --> 00:44:10,679
land at the base undetected by radar

886
00:44:07,759 --> 00:44:14,130
when security police tried to pursue the

887
00:44:10,679 --> 00:44:15,598
objects they took off UFOs posed a

888
00:44:14,130 --> 00:44:18,539
threat to national security for many

889
00:44:15,599 --> 00:44:20,250
reasons first of which relate to the

890
00:44:18,539 --> 00:44:22,319
general principle that these objects

891
00:44:20,250 --> 00:44:24,588
have been unable to be identified by

892
00:44:22,318 --> 00:44:27,088
this government for last 35 years

893
00:44:24,588 --> 00:44:30,389
another reason we see in the documents

894
00:44:27,088 --> 00:44:33,568
which relate to the other flights over

895
00:44:30,389 --> 00:44:35,788
the military bases in 1975 the

896
00:44:33,568 --> 00:44:38,460
unrestricted and unlimited access that

897
00:44:35,789 --> 00:44:40,140
these objects had but Gersten and his

898
00:44:38,460 --> 00:44:43,349

group have been stopped in their pursuit

899

00:44:40,139 --> 00:44:46,170

of more information the CIA refused to

900

00:44:43,349 --> 00:44:48,088

send Gersten 57 documents and the Air

901

00:44:46,170 --> 00:44:50,278

Force has a hundred documents that it

902

00:44:48,088 --> 00:44:52,369

refused to release and recently the

903

00:44:50,278 --> 00:44:53,679

National Security Agency did not release

904

00:44:52,369 --> 00:44:56,050

116

905

00:44:53,679 --> 00:44:58,659

for the same reason national security

906

00:44:56,050 --> 00:45:01,300

and in May of this year the Supreme

907

00:44:58,659 --> 00:45:03,099

Court agreed with that agency the

908

00:45:01,300 --> 00:45:05,080

release of that information would be

909

00:45:03,099 --> 00:45:07,480

both embarrassing to the agency because

910

00:45:05,079 --> 00:45:10,029

it would show once again that the

911

00:45:07,480 --> 00:45:11,889

objects exist that the objects are an

912

00:45:10,030 --> 00:45:14,560

advanced technology and the objects do

913
00:45:11,889 --> 00:45:15,579
and one way or another pose a threat so

914
00:45:14,559 --> 00:45:19,539
they don't want to release the

915
00:45:15,579 --> 00:45:21,039
information for that reason how much

916
00:45:19,539 --> 00:45:24,820
should the public be told about our

917
00:45:21,039 --> 00:45:26,949
government's investigations of UFOs it's

918
00:45:24,820 --> 00:45:28,690
true that some information pertains to

919
00:45:26,949 --> 00:45:30,789
national defense and should be

920
00:45:28,690 --> 00:45:34,389
classified but what about other

921
00:45:30,789 --> 00:45:37,210
information what's needed now are not

922
00:45:34,389 --> 00:45:38,920
more secrecy shrouded investigations but

923
00:45:37,210 --> 00:45:41,409
a joint effort between government and

924
00:45:38,920 --> 00:45:44,260
scientists dedicated to unraveling the

925
00:45:41,409 --> 00:45:47,349
UFO mystery because it's obvious that

926
00:45:44,260 --> 00:45:49,680
Project Blue Book was not the last word

927
00:45:47,349 --> 00:45:49,679
on the subject

928
00:46:29,750 --> 00:46:33,289
many astronomers would agree that it is

929
00:46:32,179 --> 00:46:36,259
likely that there are other

930
00:46:33,289 --> 00:46:37,940
civilizations in our galaxy but most

931
00:46:36,260 --> 00:46:39,410
astronomers doubt that we have been

932
00:46:37,940 --> 00:46:42,079
visited by aliens

933
00:46:39,409 --> 00:46:44,359
you see no other civilization could know

934
00:46:42,079 --> 00:46:46,460
in advance that we exist because our

935
00:46:44,360 --> 00:46:48,530
only means of telling them about us or

936
00:46:46,460 --> 00:46:49,880
by radio waves that we broadcast into

937
00:46:48,530 --> 00:46:52,400
space and we've only been doing that

938
00:46:49,880 --> 00:46:54,950
half a century which means there's a big

939
00:46:52,400 --> 00:46:56,510
sphere of radio radiation expanding

940
00:46:54,949 --> 00:46:59,629
outward at the speed of light that's how

941

00:46:56,510 --> 00:47:02,810
fast radio waves go now about 50

942
00:46:59,630 --> 00:47:05,300
light-years in radius and even with the

943
00:47:02,809 --> 00:47:07,880
most optimistic guesses the most likely

944
00:47:05,300 --> 00:47:11,710
nearest civilization as many times

945
00:47:07,880 --> 00:47:13,820
further away than that so any intruder

946
00:47:11,710 --> 00:47:15,740
extraterrestrial spaceships visiting

947
00:47:13,820 --> 00:47:17,300
earth but have people who have been

948
00:47:15,739 --> 00:47:19,699
cruising around sort of at random

949
00:47:17,300 --> 00:47:21,800
looking in space and gentlemen and if

950
00:47:19,699 --> 00:47:23,239
you work out the numbers it turns out

951
00:47:21,800 --> 00:47:25,640
you'd have to suppose that every

952
00:47:23,239 --> 00:47:27,739
conceivable civilization that could

953
00:47:25,639 --> 00:47:29,900
exist would be launching ships at the

954
00:47:27,739 --> 00:47:32,389
rate of one every few seconds to account

955
00:47:29,900 --> 00:47:35,780

for the number of reports of UFOs that

956

00:47:32,389 --> 00:47:38,629

are made here on the earth if not aliens

957

00:47:35,780 --> 00:47:40,940

then what do UFOs represent for

958

00:47:38,630 --> 00:47:43,730

scientists like a bell the answer is

959

00:47:40,940 --> 00:47:45,230

very little if anything I think it's

960

00:47:43,730 --> 00:47:47,090

fair to say that members of the

961

00:47:45,230 --> 00:47:49,159

scientific community would be extremely

962

00:47:47,090 --> 00:47:50,960

delighted to investigate UFOs very

963

00:47:49,159 --> 00:47:54,109

seriously if there is anything concrete

964

00:47:50,960 --> 00:47:55,789

to investigate the difficulty is the

965

00:47:54,110 --> 00:47:59,180

more you look into it the more you find

966

00:47:55,789 --> 00:48:02,960

the evidence is hearsay or our slipshod

967

00:47:59,179 --> 00:48:04,339

evidence or our things which we can very

968

00:48:02,960 --> 00:48:08,030

well understand without the need to

969

00:48:04,340 --> 00:48:10,010

investigate I can appreciate the desire

970
00:48:08,030 --> 00:48:13,430
of the physical scientists so-called

971
00:48:10,010 --> 00:48:16,370
hard scientists to have what they call

972
00:48:13,429 --> 00:48:18,259
hard data I would like it to but when

973
00:48:16,369 --> 00:48:21,380
you have a phenomenon that doesn't seem

974
00:48:18,260 --> 00:48:22,850
to produce the hard data one might ask

975
00:48:21,380 --> 00:48:25,160
who might as well have asked for a

976
00:48:22,849 --> 00:48:27,500
Sigmund Freud what is the hard data in

977
00:48:25,159 --> 00:48:29,029
dream analysis what do you take in the

978
00:48:27,500 --> 00:48:31,909
laboratory what do you put under a

979
00:48:29,030 --> 00:48:32,640
microscope in dream analysis and yet we

980
00:48:31,909 --> 00:48:36,598
have the whole

981
00:48:32,639 --> 00:48:38,368
structure psychoanalysis today and so

982
00:48:36,599 --> 00:48:41,220
we've come full circle around the

983
00:48:38,369 --> 00:48:43,440
subject of UFOs and it's a standoff

984
00:48:41,219 --> 00:48:46,828
between those who believe and those who

985
00:48:43,440 --> 00:48:49,200
don't but it seems to me that UF

986
00:48:46,829 --> 00:48:51,568
ologists have a strong case when they

987
00:48:49,199 --> 00:48:53,879
argue for a serious investigation of the

988
00:48:51,568 --> 00:48:56,400
phenomenon because scientists who

989
00:48:53,880 --> 00:48:59,369
dismiss UFOs are either unwilling or

990
00:48:56,400 --> 00:49:03,269
unable to refute the most outstanding

991
00:48:59,369 --> 00:49:05,099
cases like the New Zealand film if

992
00:49:03,268 --> 00:49:07,048
documents show that sightings over

993
00:49:05,099 --> 00:49:09,390
military installations are taken

994
00:49:07,048 --> 00:49:13,108
seriously by our government shouldn't

995
00:49:09,389 --> 00:49:14,929
that be investigated if a videotape

996
00:49:13,108 --> 00:49:17,190
shows an object that defies

997
00:49:14,929 --> 00:49:20,730
identification shouldn't it be analyzed

998

00:49:17,190 --> 00:49:22,559
and if people believe they were abducted

999
00:49:20,730 --> 00:49:24,329
by aliens from outer space

1000
00:49:22,559 --> 00:49:27,869
isn't that a subject that merits

1001
00:49:24,329 --> 00:49:30,750
psychological study dr. Haines and

1002
00:49:27,869 --> 00:49:32,818
others say yes and they make a plea for

1003
00:49:30,750 --> 00:49:35,639
time and money to do a thorough

1004
00:49:32,818 --> 00:49:38,639
investigation of the strongest UFO cases

1005
00:49:35,639 --> 00:49:41,000
but even more important they want their

1006
00:49:38,639 --> 00:49:43,318
fellow scientists to keep an open mind

1007
00:49:41,000 --> 00:49:45,509
because we're dealing with a phenomenon

1008
00:49:43,318 --> 00:49:48,778
we don't understand and because of that

1009
00:49:45,509 --> 00:49:50,730
we need to keep every avenue open in

1010
00:49:48,778 --> 00:49:54,150
terms of the approach taken to

1011
00:49:50,730 --> 00:49:55,650
understand it it might take physics some

1012
00:49:54,150 --> 00:49:58,259

breakthrough and in molecular physics

1013

00:49:55,650 --> 00:50:02,068

say our plasma physics it might take

1014

00:49:58,259 --> 00:50:04,528

some understandings of the psyche on the

1015

00:50:02,068 --> 00:50:06,778

unconscious it might take a combination

1016

00:50:04,528 --> 00:50:08,630

of the two it might take some totally

1017

00:50:06,778 --> 00:50:11,940

new field of science we don't have yet

1018

00:50:08,630 --> 00:50:13,829

ufology today is in the state I would

1019

00:50:11,940 --> 00:50:16,798

say that say chemistry was when

1020

00:50:13,829 --> 00:50:20,789

chemistry was out coming a mixture of

1021

00:50:16,798 --> 00:50:23,670

superstition wild ideas unproved claims

1022

00:50:20,789 --> 00:50:25,799

and yet out of that whole mess finally

1023

00:50:23,670 --> 00:50:28,980

the very first class science of

1024

00:50:25,798 --> 00:50:30,538

chemistry evolved and I think the same

1025

00:50:28,980 --> 00:50:34,019

thing is going to happen eventually and

1026

00:50:30,539 --> 00:50:37,769

with youth origins but right now it is a

1027
00:50:34,018 --> 00:50:41,098
mess there's a fantastic amount of

1028
00:50:37,768 --> 00:50:44,189
wishful thinking of desire of

1029
00:50:41,099 --> 00:50:47,160
pseudoscience of pseudo religion of

1030
00:50:44,190 --> 00:50:50,309
caught ISM but eventually I think that

1031
00:50:47,159 --> 00:50:53,960
we'll all finally sink to the bottom and

1032
00:50:50,309 --> 00:50:57,390
we'll have an out of our whole thing a

1033
00:50:53,960 --> 00:51:01,559
clear liquid of of something that we can

1034
00:50:57,389 --> 00:51:03,389
really see and I hope understand it

1035
00:51:01,559 --> 00:51:05,849
doesn't seem likely that the government

1036
00:51:03,389 --> 00:51:07,980
will join with scientists in a complete

1037
00:51:05,849 --> 00:51:11,730
public investigation of the UFO

1038
00:51:07,980 --> 00:51:13,650
phenomenon this leaves the job to be

1039
00:51:11,730 --> 00:51:15,568
done by the allen hynek's and the

1040
00:51:13,650 --> 00:51:17,250
richard Haines's and the hundreds of

1041
00:51:15,568 --> 00:51:20,130
investigators all over the world

1042
00:51:17,250 --> 00:51:23,940
struggling against all odds to make some

1043
00:51:20,130 --> 00:51:25,680
sense of the UFO experience but the lack

1044
00:51:23,940 --> 00:51:28,139
of information does not diminish our

1045
00:51:25,679 --> 00:51:30,838
interest indeed it's the mystery that

1046
00:51:28,139 --> 00:51:35,028
feeds our imagination and allows us to

1047
00:51:30,838 --> 00:51:35,028
wonder about marvelous possibilities
