Launch Controller: LC/LD on Channel 1

LC/LD Channel 1: Go Ahead.

Launch Controller: We scrub today's operation, set up for a 24-hour recycle.

LC/LD Channel 1: Roger. And we'll go ahead and begin de-tanking.

Tracy Young/NASA Launch Commentator: From the Atlas Spaceflight Operations Center on Cape Canaveral Air Force Station.

The launch attempt for the Atlas V rocket was scrubbed today due to weather.

The launch time tomorrow would remain at 4:07 a.m.

And live television coverage will begin at 2:30 a.m.

This will conclude our live coverage of the Atlas V launch attempt.

From the Atlas Spaceflight Operations Center, this is Atlas Launch Control.
