From the NASA Kennedy Space Center in Florida, I'm George Diller.

Space shuttle Discovery is in launch position after making a six-and-a-half-hour, 3.4-mile journey from the Vehicle Assembly Building on Sept. 30, 2007.

The less-than-one-mile-an-hour rollout began with first motion at 6:47 a.m. and concluded at 1:15 p.m., when Discovery was secured at Launch Pad 39A.
