all stations gonna go for terminal count

beginning with mission assurance mr.

assurances go easy Decius go for

terminal count GC GC is go this one this

one is go just to do is go see see see

go map let's go

flight software wait doctor go vision

software vision Sulphurs go IP i t's go

recovery recovery go IC IC go

awesome awesome go rock rockers go LD LD

is go pending that we resolve our range

weather field mill roll here and we

don't violate it in the near term copy

LC is go DC you are go to enable the
terminal count auto sequence if a no-go

is required we will call within the time

to protect t-minus three minutes 30

seconds all stations terminal count auto

sequence is enabled

t-minus 12 minutes and Counting and as

you heard from the poll all stations are

go
