Veterans Day gives all of us the honor and privilege to salute our nation's military veterans the link between NASA and the military is long and deep and the expertise and valor that service members from all branches have brought to our space program have been essential to American leadership in space when President Eisenhower expanded Armistice Day to recognize veterans from all eras he said quote let us solemnly remember the sacrifices of all those who fought so valiantly on the seas in the air and
on foreign shores to preserve our
heritage of freedom and let us
reconsecrate ourselves to the task of
promoting an enduring peace so that
their efforts shall not have been in vain unquote
our nation owes its veterans the deepest
gratitude it is the dedication and commitment of these men and women those
who are willing to make the ultimate sacrifice for the principles of our nation's that have made the United States the greatest country on Earth

thank you to each and every one of you
you
