NASA celebrates Small Business Saturday. Remember 26 November 2016 is Small Business Saturday, a day to celebrate and support small businesses and all they do for our communities. Small businesses play an integral role in helping NASA achieve mission success. This Small Business Saturday, NASA will highlight the benefits of small businesses to NASA by sharing content online.

Small businesses are a key part of NASA's supply chain, with over 800 small businesses contributing to the success of NASA's Space Program. 47 out of the 50 states universally support small businesses.
NASA is celebrating Small Business Saturday and encourages innovation and statistical production of 16.5 x more patents for employees than large firms. They have created two out of every three new jobs and want to join in the celebration.

NASA will host a small business Saturday social media event, and everyone is encouraged to participate by joining the event and posting a photo showing support for small businesses on Facebook, highlighting transformation in rich communities. NASA is excited about the benefits to humankind.
