we have a view of the Soyuz as it begins to approach the International Space Station coming within visual range of the external cameras on the exterior of the station the Soyuz now about 2,000 meters away from the International Space Station continuing to approach at a rate of about five meters per second two kilometers five decimal 35 or injury and here's a look at some of the live telemetry and video pictures from the Soyuz 35 spacecraft as it brings Giotto your chicken Karen Nyberg and Luca Parmitano within clear visual range
of the International Space Station now

just under two kilometers to the

International Space Station coming up on

impulse burn number five copy we're watching

I mean you miss two most awesomest is

completed specifically visiting vehicle

officer reports that the the asorio

spacecraft have begin its fly around

this is a slight change in its

orientation relative to the station or

bringing into alignment with the Rassvet

docking port fitting with them sorry

spacecraft disappearing behind one of
the station's solar arrays as it begins

to fly around online itself with the
docking port I will participate was more
docking port I was going to
McCutchin
three people in Excel we showed that
cause of called Anna
so he is now just 40 meters away from
the international space station docking
port Ethernet leaflets entropy decreased

crystals over an astronaut
don't want to learn just is the target
now 20 on twenty nine meters see the
firing as its approach the changing
colors in the kidneys target target

00:04:15,949 --> 00:04:21,650
center for self standing by for contact

00:04:23,990 --> 00:04:32,569
so the target in the center of cipro

00:04:27,410 --> 00:04:34,970
firing contact confirmed we have a

00:04:32,569 --> 00:04:37,099
initial docking of the soyuz 35

00:04:34,970 --> 00:04:39,380
spacecraft carrying commander Fyodor

00:04:37,100 --> 00:04:42,139
yurchikhin NASA astronaut Karen Nyberg

00:04:39,379 --> 00:04:44,240
and European Space Agency astronaut Luca

00:04:42,139 --> 00:04:50,350
parmitano with the International Space

00:04:44,240 --> 00:04:50,350
Station 1033 1033 zero-carbon

00:04:52,350 --> 00:05:02,429
and the hatches between the Soyuz

00:04:54,879 --> 00:05:00,189
spacecraft and the International Space

00:04:56,589 --> 00:05:02,429
Station opening at 11:14 p.m. Central

00:05:00,189 --> 00:05:02,430
Time

00:05:09,699 --> 00:05:11,759
you
Luca Parmitano entering the International Space Station seeing the new hairstyle being sported by Chris Cassidy complete with a shaved head and a matching goatee the two exchanging a lot of laughter as well as the rest of the crew Karen Nyberg they're also entering into the International Space Station.

You behind her Fyodor Yurchikhin and current commander of the station Pavel Vinogradov as they head out of the
Rassvet module and into the main portion of the International Space Station we're hoping to have a conversation between the team on orbit and dignitaries and family members gathered in Baikonur.

Rounding out the expedition 36 crew - a total of 6 members after a shortened 6 hour 4 orbit rendezvous and docking with the International Space Station.

Again launch occurred at 3:31 p.m. Central Time docking occurred at 9:10 p.m. Central time and hatch opening at
11:14 p.m. station please stand by for our guests we'll start with the reverse tomorrow this is cursed it's great to see how you guys are in orbit if it seems like a diss idea here I'm Viking are not too long ago I won't spend very much time at pentester jean-jacques so you can nest spend some time with your families so enjoy session and have a great time thank you a special said that a special congratulations which son destined to similar success I'm sure we will we run a great time
thank you

00:08:47,519 --> 00:08:52,889
the government passed reductionistic all

00:08:50,450 --> 00:08:56,850
congratulations on the successful

docking a very hyper that it took us a

00:08:56,850 --> 00:09:00,409
little time to get to the space station

00:09:01,129 --> 00:09:21,419
you're in a new home and I hope it

00:09:04,679 --> 00:09:24,359
becomes your real home pictures and I'm

00:09:21,419 --> 00:09:29,069
so happy that you feel really at home at

00:09:24,360 --> 00:09:34,769
is become a big great family and I love

00:09:29,070 --> 00:09:36,890
you sir very much Maria thank you thank

00:09:34,769 --> 00:09:36,889
you

00:09:42,500 --> 00:09:57,690
the greatest girl everybody wonderful

00:09:50,750 --> 00:10:00,629
launching over a group and too many Bob

00:09:57,690 --> 00:10:05,160
gage on stage station now have a great

00:10:00,629 --> 00:10:06,919
have a great time up in hey there I'm
glad you enjoyed the watch it was a pretty cool ride hey everybody up there this was classy we're gonna send our best wishes and we're certainly happenings that you arrive little instead of the show does instead bad mare is cool amazing and crispy definitely contributed it's like I saw Chris and it looks awesome like this and he's probably going to keep going and the goatee too just to make it even better I hope you had fun watching our launch we certainly did
I'll talk to you soon Luciana shoulders at the Danvers so my relationship a bit a mocha remember me you're very quiet believe we won on don't people discriminate child spirit educationUSA store a presto I produce capital - daddy Elena I'm so happy that you launched successfully and I wish you all the very best and good luck and album missing is so very much krishna you hear me your village kadar my lineage doesn't go kiss each other and kiss him mummy I love you very much
I was worried I'd like to wish you successful work and good luck I love you very much.

okay hugs and kisses thank you thank you and I'm so happy finally got to Baikonur on the part of Russian said congratulations on a successful docking thank you the government proved itself I'm glad it burned as planned thank you once again on behalf of the entire crew it's great up here Thank You third room thank you remember the original reaction video
solution solution but we do have a

00:14:44,250 --> 00:15:09,269
solution RL divided political report on

00:15:04,230 --> 00:15:12,060
my imaginary cartel Supino are a local

00:15:09,269 --> 00:15:15,870
Estacion and foreign economies or

00:15:12,059 --> 00:15:19,139
umbrella that val de meses de la víctima

00:15:15,870 --> 00:15:22,560
orbital suitable or MLG now and

00:15:19,139 --> 00:15:25,939
curricular various pockets una fantasia

00:15:22,559 --> 00:15:25,939
know your valuables

00:15:53,278 --> 00:16:02,048
hey my ass see the budgets to fly I'm

00:16:02,048 --> 00:16:05,980
moving too much but it's a lot of fun

00:16:04,389 --> 00:16:08,259
and I'll tell you all when I come back

00:16:05,980 --> 00:16:10,980
or actually I will tell you all which

00:16:08,259 --> 00:16:10,980
time I see you

00:16:17,299 --> 00:16:24,509
Stanford missus back amongst the minor
missions and we're dissolved last chance

tomorrow night

thank you super super bugs guys I think

this it thank you very much fun very

well have it thanks everybody

congratulations once again thank you

Thank You friends

Thank You behalf on behalf of our one

bedroom will be selling of them
