

1
00:00:16,690 --> 00:00:24,740
welcome to shattered reality with your

2
00:00:20,149 --> 00:00:27,038
hosts kate valentine and ferocia prepare

3
00:00:24,739 --> 00:00:31,759
to head her paradigms shifted into

4
00:00:27,039 --> 00:00:37,340
truths questioned and now shattered

5
00:00:31,759 --> 00:00:40,340
reality hey there this is farrugia and

6
00:00:37,340 --> 00:00:44,510
Cape Valentine welcome back yes indeed

7
00:00:40,340 --> 00:00:48,530
we have a wonderful guest today it is

8
00:00:44,509 --> 00:00:51,530
mr. Kent Pfeiffer and he is according to

9
00:00:48,530 --> 00:00:56,960
my understanding he is the head of New

10
00:00:51,530 --> 00:01:00,439
Jersey MUFON he has been a pilot and a

11
00:00:56,960 --> 00:01:03,549
Desert Storm veteran and in addition to

12
00:01:00,439 --> 00:01:09,079
that he maintains one of the most

13
00:01:03,549 --> 00:01:12,259
comprehensive UFO websites filled with

14
00:01:09,079 --> 00:01:16,310
wonderful accounts and pictures and all

15
00:01:12,259 --> 00:01:20,739
sorts of things called world UFO and in

16
00:01:16,310 --> 00:01:26,180
addition to that um he himself is an

17
00:01:20,739 --> 00:01:30,048
investigator of the Mars photographs and

18
00:01:26,180 --> 00:01:35,299
the moon photographs and he has found a

19
00:01:30,049 --> 00:01:41,780
number of startling anomalies so let me

20
00:01:35,299 --> 00:01:44,270
welcome our friend mr. Kent Pfeiffer hey

21
00:01:41,780 --> 00:01:46,519
thanks for thanks for being here can we

22
00:01:44,269 --> 00:01:50,449
really appreciate I saw on your website

23
00:01:46,519 --> 00:01:54,228
some of the anomalies are fascinating is

24
00:01:50,450 --> 00:01:56,780
it yeah yeah I have a I have quite a few

25
00:01:54,228 --> 00:01:59,539
i buy though i think i sent you not only

26
00:01:56,780 --> 00:02:02,868
a few i have literally hundreds of them

27
00:01:59,539 --> 00:02:05,210
out there and i have been searching some

28
00:02:02,868 --> 00:02:09,740
last night a fan of a few other strange

29

00:02:05,209 --> 00:02:11,689
things and and it's up sometimes I think

30
00:02:09,740 --> 00:02:14,120
I'm the only one out there just looking

31
00:02:11,689 --> 00:02:17,239
at these a high-definition photos from

32
00:02:14,120 --> 00:02:19,480
from NASA from the moon Mars I was

33
00:02:17,239 --> 00:02:22,090
looking at some mercury photos

34
00:02:19,479 --> 00:02:25,060
right mercury is fascinating the colors

35
00:02:22,090 --> 00:02:28,539
on Mercury are just unbelievable now

36
00:02:25,060 --> 00:02:32,500
they say something very I saw a special

37
00:02:28,539 --> 00:02:34,449
on TV about it and and of course mercury

38
00:02:32,500 --> 00:02:37,419
is the closest planet to the Sun I

39
00:02:34,449 --> 00:02:40,509
believe they say it's a roughly about

40
00:02:37,419 --> 00:02:43,030
800 degrees Fahrenheit but strange

41
00:02:40,509 --> 00:02:47,109
enough they feel that they have found

42
00:02:43,030 --> 00:02:49,390
these or water or ice on Mercury and I'm

43
00:02:47,110 --> 00:02:51,400

still having trouble wrapping my head

44
00:02:49,389 --> 00:02:54,818
around that oh you know I think I know

45
00:02:51,400 --> 00:02:56,799
the reason for that can what I think and

46
00:02:54,818 --> 00:03:00,128
I could be mistaken i'm not an

47
00:02:56,799 --> 00:03:03,129
astronomer but it it always one side

48
00:03:00,128 --> 00:03:06,548
always faces the Sun in other words we

49
00:03:03,128 --> 00:03:11,590
have a 24-hour day but their day is

50
00:03:06,549 --> 00:03:13,329
exactly as long as they're circulated

51
00:03:11,590 --> 00:03:16,420
you know what making one circle around

52
00:03:13,329 --> 00:03:19,569
one revolution revolution around the Sun

53
00:03:16,419 --> 00:03:24,129
so one side of the planet is hotter than

54
00:03:19,568 --> 00:03:27,699
the hinges of heck and the other side is

55
00:03:24,129 --> 00:03:29,949
not as hot um and it can get rather coal

56
00:03:27,699 --> 00:03:32,949
because it never faces the Sun now I

57
00:03:29,949 --> 00:03:34,988
think that's the reason well it that is

58
00:03:32,949 --> 00:03:37,030
the reason that was given however how

59
00:03:34,989 --> 00:03:39,879
did it acquire water in the first place

60
00:03:37,030 --> 00:03:43,150
and why didn't it just know I'm going to

61
00:03:39,879 --> 00:03:47,289
forget the term this is great just just

62
00:03:43,150 --> 00:03:50,200
not sublimate supplement yeah yeah yeah

63
00:03:47,289 --> 00:03:54,250
well I don't know but they say now nASA

64
00:03:50,199 --> 00:03:58,000
has said that the whole solar system is

65
00:03:54,250 --> 00:04:00,669
awash in water that there turns out

66
00:03:58,000 --> 00:04:04,299
there's a lot more water in the solar

67
00:04:00,669 --> 00:04:08,639
system than previously thought um so can

68
00:04:04,299 --> 00:04:14,500
do you think that that could be a sign

69
00:04:08,639 --> 00:04:17,980
towards maybe a little bit of a little

70
00:04:14,500 --> 00:04:22,389
bit of a disclosure

71
00:04:17,980 --> 00:04:25,150
uh i don't know i don't think so i think

72
00:04:22,389 --> 00:04:27,729
basically what's it saying to me is is

73
00:04:25,149 --> 00:04:29,349
you know I respect the scientists and

74
00:04:27,730 --> 00:04:31,120
you know I wish I was a scientist myself

75
00:04:29,350 --> 00:04:33,939
and i wish i had the education that

76
00:04:31,120 --> 00:04:36,459
these signs just do but quite frankly I

77
00:04:33,939 --> 00:04:38,110
think these scientists are guessing and

78
00:04:36,459 --> 00:04:41,379
and you know it seems like every day

79
00:04:38,110 --> 00:04:43,629
every week we're finding new things that

80
00:04:41,379 --> 00:04:46,029
are or blowing the scientists theories

81
00:04:43,629 --> 00:04:49,629
out of the water you know I really don't

82
00:04:46,029 --> 00:04:51,489
think we really know that much I think

83
00:04:49,629 --> 00:04:53,370
we're just guessing at this point you

84
00:04:51,490 --> 00:04:55,930
know especially with this mercury

85
00:04:53,370 --> 00:04:57,610
finding here with with the ice or water

86

00:04:55,930 --> 00:05:01,959
or mercury I mean who would have thought

87
00:04:57,610 --> 00:05:04,660
yeah really well it's changing theories

88
00:05:01,959 --> 00:05:06,609
as we speak it's more than the water

89
00:05:04,660 --> 00:05:09,040
they found a black what they felt was an

90
00:05:06,610 --> 00:05:11,439
organic matter on top of the water oh my

91
00:05:09,040 --> 00:05:13,090
goodness yeah yeah yeah I didn't read

92
00:05:11,439 --> 00:05:15,370
that that's news to me I guess I'm a

93
00:05:13,089 --> 00:05:17,859
little bit wheels on my reading NASA's

94
00:05:15,370 --> 00:05:19,209
weather site or so tell so yeah I have

95
00:05:17,860 --> 00:05:21,689
to take a look at that well not only

96
00:05:19,209 --> 00:05:24,219
that a long time ago there was somebody

97
00:05:21,689 --> 00:05:28,019
who was a guy from Chicago that

98
00:05:24,220 --> 00:05:30,310
investigated the the airport sighting I

99
00:05:28,019 --> 00:05:32,019
can't say you're saying but anyway he

100
00:05:30,310 --> 00:05:34,720

was very interested in going to the

101

00:05:32,019 --> 00:05:37,439

southwest and he found that there was an

102

00:05:34,720 --> 00:05:40,270

indication on some of the ancient

103

00:05:37,439 --> 00:05:42,850

pictographs or whatever that they had

104

00:05:40,269 --> 00:05:45,669

found this black Atari substance that

105

00:05:42,850 --> 00:05:47,470

they felt was a precursor to DNA while

106

00:05:45,670 --> 00:05:49,390

he was investigating that and of course

107

00:05:47,470 --> 00:05:52,960

you had the x-files with that black gunk

108

00:05:49,389 --> 00:05:55,120

and of course the red rain yeah India

109

00:05:52,959 --> 00:05:58,599

and all of that yeah sorry can't be coy

110

00:05:55,120 --> 00:06:01,509

yeah what we we show them I'm not

111

00:05:58,600 --> 00:06:04,030

learning as i listen here but we should

112

00:06:01,509 --> 00:06:07,089

be asking you to give a little bit of a

113

00:06:04,029 --> 00:06:11,739

history about yourself and how is that

114

00:06:07,089 --> 00:06:14,259

you became so fascinated with the UFO

115
00:06:11,740 --> 00:06:17,590
topic because we are both fascinated

116
00:06:14,259 --> 00:06:20,379
with the topic now i think i sent you

117
00:06:17,589 --> 00:06:23,349
i'm pretty sure accentuate i'm assuming

118
00:06:20,379 --> 00:06:25,959
you guys can post photos on your podcast

119
00:06:23,350 --> 00:06:30,280
well we don't post it exactly on the

120
00:06:25,959 --> 00:06:31,419
podcast we post it on our website which

121
00:06:30,279 --> 00:06:33,699
is associated

122
00:06:31,420 --> 00:06:37,960
with the podcast and we are going to

123
00:06:33,699 --> 00:06:42,039
post several photos up you know around

124
00:06:37,959 --> 00:06:45,219
this particular broadcast but we are

125
00:06:42,040 --> 00:06:49,689
going to keep the photos for use when we

126
00:06:45,220 --> 00:06:52,960
post our podcast to YouTube currently

127
00:06:49,689 --> 00:06:56,410
our podcast goes out not only on our

128
00:06:52,959 --> 00:07:00,819
websites and the old cake Valentine you

129
00:06:56,410 --> 00:07:04,689
fo sho atlantic coast UFOs site but also

130
00:07:00,819 --> 00:07:08,110
on itunes but itunes does not have

131
00:07:04,689 --> 00:07:11,259
photos but our website does and a number

132
00:07:08,110 --> 00:07:15,550
of of those photos which you sent us

133
00:07:11,259 --> 00:07:17,319
we'll be on our website oh good okay

134
00:07:15,550 --> 00:07:19,120
that what that sounds great because i

135
00:07:17,319 --> 00:07:23,230
did send you a photo i'm sure your salt

136
00:07:19,120 --> 00:07:26,189
it's a 1956 of Ocean City New Jersey and

137
00:07:23,230 --> 00:07:29,319
yeah yes that was an amazing photo I

138
00:07:26,189 --> 00:07:32,199
found that in one of our shoebox albums

139
00:07:29,319 --> 00:07:35,620
and and hot the holy smokes what is

140
00:07:32,199 --> 00:07:38,889
this and you know of course no one

141
00:07:35,620 --> 00:07:42,370
really noticed it and I showed it to my

142
00:07:38,889 --> 00:07:44,259
wife and she said you know is it looks

143

00:07:42,370 --> 00:07:45,730
like a wave domain I'm saying if you

144
00:07:44,259 --> 00:07:47,740
know I told her well that was a wave

145
00:07:45,730 --> 00:07:51,129
would be about a hundred feet high yeah

146
00:07:47,740 --> 00:07:54,040
it was up on the sky yeah I had it

147
00:07:51,129 --> 00:07:56,980
analyzed and quite frankly I had quite a

148
00:07:54,040 --> 00:07:58,900
few people of photo analyst told me that

149
00:07:56,980 --> 00:08:00,569
there is a definite object there of

150
00:07:58,899 --> 00:08:02,889
course they're not sure what it is but

151
00:08:00,569 --> 00:08:05,349
you know there's the people in a front

152
00:08:02,889 --> 00:08:07,449
that's my father of it the toll guy and

153
00:08:05,350 --> 00:08:09,129
that's my uncle my mother's probably

154
00:08:07,449 --> 00:08:12,729
taking the photo and I'm probably

155
00:08:09,129 --> 00:08:16,689
wondering the kids in the surf but what

156
00:08:12,730 --> 00:08:19,210
has really got me interested in in the

157
00:08:16,689 --> 00:08:21,160

UFOs was course I was born a

158

00:08:19,209 --> 00:08:22,899

Philadelphia but at the age of seven we

159

00:08:21,160 --> 00:08:25,450

moved to a little town called National

160

00:08:22,899 --> 00:08:28,000

Park New Jersey now National Park is

161

00:08:25,449 --> 00:08:30,969

right on the Delaware River and enjoy it

162

00:08:28,000 --> 00:08:33,669

across from the Philadelphia Naval Yard

163

00:08:30,970 --> 00:08:36,310

and of course catty-corner to the

164

00:08:33,669 --> 00:08:38,139

philadelphia international airport so

165

00:08:36,309 --> 00:08:40,689

you know I've been kind of looking in

166

00:08:38,139 --> 00:08:43,539

the sky and seeing planes you know all

167

00:08:40,690 --> 00:08:45,020

my life especially the Philippine Naval

168

00:08:43,539 --> 00:08:48,649

Yard at one time there

169

00:08:45,019 --> 00:08:50,929

had the believe it was the f-102 Delta

170

00:08:48,649 --> 00:08:52,370

daggers they had a squadron of them

171

00:08:50,929 --> 00:08:54,289

there and they used to fly over our

172
00:08:52,370 --> 00:08:57,889
house in formation you know setting up

173
00:08:54,289 --> 00:09:00,409
for approach for landing and I've just

174
00:08:57,889 --> 00:09:02,419
been accustomed to looking in the sky

175
00:09:00,409 --> 00:09:04,309
and you know since I've been six or

176
00:09:02,419 --> 00:09:07,009
seven years old and you know I've been

177
00:09:04,309 --> 00:09:09,709
very interested in the you know the

178
00:09:07,009 --> 00:09:13,039
planets and and you know the stars at

179
00:09:09,710 --> 00:09:15,850
night and matter of fact we stood on my

180
00:09:13,039 --> 00:09:19,069
front lawn there when Sputnik flew over

181
00:09:15,850 --> 00:09:20,570
well i think was october or 57 like me

182
00:09:19,070 --> 00:09:23,270
and my dad and my mom went out front

183
00:09:20,570 --> 00:09:26,240
there and stood on the front lawn and

184
00:09:23,269 --> 00:09:28,669
watch Sputnik fly over and that was that

185
00:09:26,240 --> 00:09:30,590
was very fascinating to me so that that

186
00:09:28,669 --> 00:09:33,649
kind of that kind of got me interested

187
00:09:30,590 --> 00:09:35,509
in in you know looking at the sky and

188
00:09:33,649 --> 00:09:37,279
then you know then you start seeing

189
00:09:35,509 --> 00:09:38,569
things from there if you're not if

190
00:09:37,279 --> 00:09:41,240
you're not looking at a sky you're not

191
00:09:38,570 --> 00:09:43,010
going to see any UFOs what you know the

192
00:09:41,240 --> 00:09:47,090
point I'm trying to make here but that's

193
00:09:43,009 --> 00:09:50,960
how yes are you interesting yes indeed I

194
00:09:47,090 --> 00:09:52,879
am a real sky watching myself and and as

195
00:09:50,960 --> 00:09:54,710
you know I've reported a couple of

196
00:09:52,879 --> 00:09:58,070
things that I've seen to you including

197
00:09:54,710 --> 00:10:01,310
the huge fireball that I saw backup I

198
00:09:58,070 --> 00:10:03,800
guess it was about four years ago now in

199
00:10:01,309 --> 00:10:07,009
a March one of those March fireballs and

200

00:10:03,799 --> 00:10:10,549
that was you know although not generally

201
00:10:07,009 --> 00:10:12,889
considered to be a UFO it is an

202
00:10:10,549 --> 00:10:16,549
anomalous kind of an event where they

203
00:10:12,889 --> 00:10:18,350
move a lot slower than your typical you

204
00:10:16,549 --> 00:10:21,439
know meteorite like from a little

205
00:10:18,350 --> 00:10:24,139
shooting star these are these are big

206
00:10:21,440 --> 00:10:25,910
things and they just an amazing sight

207
00:10:24,139 --> 00:10:29,029
but if I hadn't been looking up I

208
00:10:25,909 --> 00:10:31,579
wouldn't have seen it and my companion

209
00:10:29,029 --> 00:10:33,919
who was walking with me she refused to

210
00:10:31,580 --> 00:10:36,050
look up I'm screaming and pointing and

211
00:10:33,919 --> 00:10:38,509
she's looking at me as though I'd lost

212
00:10:36,049 --> 00:10:42,319
my only brain and meanwhile I saw this

213
00:10:38,509 --> 00:10:45,169
amazing you know show in the sky and she

214
00:10:42,320 --> 00:10:46,700

missed it all well I want to give you

215

00:10:45,169 --> 00:10:49,669
something to think about this is

216

00:10:46,700 --> 00:10:53,950
something that Connor by I came to me

217

00:10:49,669 --> 00:10:57,439
and they thought a few months ago that a

218

00:10:53,950 --> 00:10:58,700
lot of people right off strange lights

219

00:10:57,440 --> 00:11:00,440
in the skies with

220

00:10:58,700 --> 00:11:02,900
sales and everything else is meteors I'm

221

00:11:00,440 --> 00:11:06,170
saying to myself one of these are alien

222

00:11:02,899 --> 00:11:08,149
crafts just entering our atmosphere and

223

00:11:06,169 --> 00:11:12,559
you know of course anything entering our

224

00:11:08,149 --> 00:11:14,209
atmosphere is going to blow and you know

225

00:11:12,559 --> 00:11:16,129
that's just something that I'm thinking

226

00:11:14,210 --> 00:11:19,310
about I think possibly a lot of these

227

00:11:16,129 --> 00:11:22,250
meteor sightings that we have had over

228

00:11:19,309 --> 00:11:25,309
the centuries where possibly alien craft

229
00:11:22,250 --> 00:11:28,120
is entry in our atmosphere yeah i have i

230
00:11:25,309 --> 00:11:31,969
have given that some thought and up

231
00:11:28,120 --> 00:11:35,000
particularly in some of the meteors that

232
00:11:31,970 --> 00:11:37,930
were going over supposed meteors that

233
00:11:35,000 --> 00:11:41,330
were going over ohio and pennsylvania

234
00:11:37,929 --> 00:11:44,949
lobby what and then yeah the huge bowl i

235
00:11:41,330 --> 00:11:47,600
but then it changed direction and

236
00:11:44,950 --> 00:11:50,440
meteors whether they be fireballs the

237
00:11:47,600 --> 00:11:52,730
big bigger bowl lives as Kate said or

238
00:11:50,440 --> 00:11:55,400
regular meteors they don't change

239
00:11:52,730 --> 00:11:59,420
direction it's generally speaking they

240
00:11:55,399 --> 00:12:02,059
come right down so um but particularly

241
00:11:59,419 --> 00:12:05,240
of interest to me or what had been known

242
00:12:02,059 --> 00:12:07,429
as the february fireballs that have been

243
00:12:05,240 --> 00:12:10,129
known about for about 20 years now and

244
00:12:07,429 --> 00:12:13,609
now they're moving well into March and

245
00:12:10,129 --> 00:12:17,299
it caused me to call up the Old Cape

246
00:12:13,610 --> 00:12:18,919
Valentine you fo sho oh and asked a

247
00:12:17,299 --> 00:12:22,039
couple of the guests who were in

248
00:12:18,919 --> 00:12:25,099
astronomy or whether we could be moving

249
00:12:22,039 --> 00:12:28,279
through a debris field at that point in

250
00:12:25,100 --> 00:12:30,950
our orbit around the Sun and both of

251
00:12:28,279 --> 00:12:33,889
these astronomers all seem to agree that

252
00:12:30,950 --> 00:12:36,230
that might be the case but you know that

253
00:12:33,889 --> 00:12:39,289
there are things that we see in the sky

254
00:12:36,230 --> 00:12:41,779
and the they may have multiple causes

255
00:12:39,289 --> 00:12:44,059
you know the same we might say one thing

256
00:12:41,779 --> 00:12:46,519
is a meteor and it actually is three

257

00:12:44,059 --> 00:12:49,369
different things you know that's your

258
00:12:46,519 --> 00:12:51,379
you're absolutely right so have you had

259
00:12:49,370 --> 00:12:53,600
any good personal sightings I know

260
00:12:51,379 --> 00:12:56,480
you've investigated a number of very

261
00:12:53,600 --> 00:12:58,759
interesting cases and we should mention

262
00:12:56,480 --> 00:13:01,430
that you are a star investigator I

263
00:12:58,759 --> 00:13:04,279
believe in a cite strike force

264
00:13:01,429 --> 00:13:06,589
investigative team area researcher

265
00:13:04,279 --> 00:13:09,379
something of that yes tomb you find that

266
00:13:06,590 --> 00:13:10,910
well I am as a matter of fact I am as a

267
00:13:09,379 --> 00:13:12,230
right now at meudon i am chief

268
00:13:10,909 --> 00:13:14,779
investigator

269
00:13:12,230 --> 00:13:18,230
with new fun in New Jersey and they just

270
00:13:14,779 --> 00:13:22,100
promoted me to state director of Vermont

271
00:13:18,230 --> 00:13:24,019

and also Rhode Island wow wow so I'm

272

00:13:22,100 --> 00:13:27,230

working on three states right now but

273

00:13:24,019 --> 00:13:30,169

I'm also a member of the star team which

274

00:13:27,230 --> 00:13:32,000

means strike team area research and the

275

00:13:30,169 --> 00:13:34,939

i'm a member of that as a matter of fact

276

00:13:32,000 --> 00:13:37,549

they deployed me out to london

277

00:13:34,940 --> 00:13:40,790

connecticut of few years ago there was a

278

00:13:37,549 --> 00:13:44,419

humongous triangle that that was witness

279

00:13:40,789 --> 00:13:46,969

flying over New London Connecticut and I

280

00:13:44,419 --> 00:13:48,620

went out there for three days and did a

281

00:13:46,970 --> 00:13:52,330

lot of interviews and talk a lot of

282

00:13:48,620 --> 00:13:57,529

people now in New London Connecticut

283

00:13:52,330 --> 00:13:59,720

they have the Coast Guard Academy they

284

00:13:57,529 --> 00:14:01,819

also have a general dynamics there are

285

00:13:59,720 --> 00:14:03,620

people who get there no ones who make

286
00:14:01,820 --> 00:14:05,320
two nuclear submarines of course you

287
00:14:03,620 --> 00:14:08,360
know they also have the nuclear

288
00:14:05,320 --> 00:14:13,210
submarine pens right there and yes no or

289
00:14:08,360 --> 00:14:15,919
globe for and and they also have a a

290
00:14:13,210 --> 00:14:18,110
nuclear plant right there on the coast

291
00:14:15,919 --> 00:14:20,659
they're not far from London London and

292
00:14:18,110 --> 00:14:23,300
of course groeten is we're close to Bay

293
00:14:20,659 --> 00:14:26,299
there and they have a control tower

294
00:14:23,299 --> 00:14:28,219
airport there so make a long story short

295
00:14:26,299 --> 00:14:31,009
I talked a lot of people and talk to the

296
00:14:28,220 --> 00:14:33,710
police I try to talk to the local

297
00:14:31,009 --> 00:14:35,600
newspaper people there and in New London

298
00:14:33,710 --> 00:14:37,790
they don't want anything to do with me I

299
00:14:35,600 --> 00:14:39,830
mean they were very rude and uneven

300
00:14:37,789 --> 00:14:42,620
never even got a chance to actually talk

301
00:14:39,830 --> 00:14:45,379
to the editor but not since I came up

302
00:14:42,620 --> 00:14:46,700
with with nothing basically I really

303
00:14:45,379 --> 00:14:49,279
couldn't find any witnesses to

304
00:14:46,700 --> 00:14:52,730
collaborate what what my witness saw but

305
00:14:49,279 --> 00:14:56,029
I wish I would think that you know if

306
00:14:52,730 --> 00:14:59,899
the triangle or if an alien craft was to

307
00:14:56,029 --> 00:15:01,549
want to investigate in an area you know

308
00:14:59,899 --> 00:15:04,009
New London and Goten would be the

309
00:15:01,549 --> 00:15:06,019
perfect place because of the nuclear of

310
00:15:04,009 --> 00:15:08,240
you know submarines and and everything

311
00:15:06,019 --> 00:15:09,980
else that's going on there but that was

312
00:15:08,240 --> 00:15:12,139
very interesting case that was that

313
00:15:09,980 --> 00:15:13,940
happened a few years ago you know can I

314

00:15:12,139 --> 00:15:16,370
think we should mention too that when

315
00:15:13,940 --> 00:15:19,340
you go out to investigate for MUFON it's

316
00:15:16,370 --> 00:15:21,620
not like you just go out there's a long

317
00:15:19,340 --> 00:15:25,500
series of training lessons that are

318
00:15:21,620 --> 00:15:27,570
associated with that and a sort of a

319
00:15:25,500 --> 00:15:30,029
protocol as to how you do investigate

320
00:15:27,570 --> 00:15:33,330
these cases and more importantly how you

321
00:15:30,029 --> 00:15:37,110
report them and record them and at least

322
00:15:33,330 --> 00:15:39,660
it's some even though the gathering of

323
00:15:37,110 --> 00:15:42,180
data on these cases is so sketchy and so

324
00:15:39,659 --> 00:15:43,829
difficult at least it's a start and I

325
00:15:42,179 --> 00:15:46,109
think it's very important that you do

326
00:15:43,830 --> 00:15:49,410
that so thank you for doing that hard

327
00:15:46,110 --> 00:15:52,409
work yes it is yeah I love it it's very

328
00:15:49,409 --> 00:15:54,779

interesting at the time Bigelow you know

329

00:15:52,409 --> 00:15:57,539

he's the Jew trillionaire Ilega sake

330

00:15:54,779 --> 00:15:58,829

alone indeed yellow aerospace he's the

331

00:15:57,539 --> 00:16:02,789

one who was running the show basically

332

00:15:58,830 --> 00:16:05,430

and he was paying us to do this but a

333

00:16:02,789 --> 00:16:09,449

couple years later he decided to drop

334

00:16:05,429 --> 00:16:10,949

out and not not not pay investigators to

335

00:16:09,450 --> 00:16:16,759

go ahead on these sightings but from

336

00:16:10,950 --> 00:16:20,250

what I understand any any UFO sightings

337

00:16:16,759 --> 00:16:22,080

from the government or the Air Force or

338

00:16:20,250 --> 00:16:25,980

any of the military's they go directly

339

00:16:22,080 --> 00:16:31,530

to bigelow aerospace that seems like a

340

00:16:25,980 --> 00:16:34,050

breach of protocol doesn't it why no no

341

00:16:31,529 --> 00:16:36,419

nothing to see here just move along keep

342

00:16:34,049 --> 00:16:38,699

it moving because it's a private company

343
00:16:36,419 --> 00:16:42,029
he's have you ever gotten to meet him by

344
00:16:38,700 --> 00:16:44,160
the way has no body ever met him I mean

345
00:16:42,029 --> 00:16:45,929
this is George Knapp madam are you sure

346
00:16:44,159 --> 00:16:49,909
well I think so yeah well he met

347
00:16:45,929 --> 00:16:53,039
somebody yeah who is this mr. Bigelow

348
00:16:49,909 --> 00:16:56,850
he's a but he's big into I think he's

349
00:16:53,039 --> 00:16:59,338
trying to find some kind of foothold in

350
00:16:56,850 --> 00:17:01,889
space there for some reason you know

351
00:16:59,339 --> 00:17:04,769
gamma you know he's doing this work some

352
00:17:01,889 --> 00:17:07,109
kind of a profit because reason why he

353
00:17:04,769 --> 00:17:09,779
was involved with MUFON is because he

354
00:17:07,109 --> 00:17:11,969
wanted to be the first one to be

355
00:17:09,779 --> 00:17:15,269
contacted if we were to find any

356
00:17:11,970 --> 00:17:17,220
evidence of a crashed saucer or you know

357
00:17:15,269 --> 00:17:19,980
apparently he was going to take these

358
00:17:17,220 --> 00:17:21,838
objects and reverse engineering and then

359
00:17:19,980 --> 00:17:25,370
you know make money from it just is what

360
00:17:21,838 --> 00:17:27,629
i thought well i think that if he were

361
00:17:25,369 --> 00:17:30,179
see well i had heard two different

362
00:17:27,630 --> 00:17:33,559
stories that he had a son that passed

363
00:17:30,180 --> 00:17:36,710
away and he was very interested

364
00:17:33,558 --> 00:17:42,558
in like finding some way to contact him

365
00:17:36,710 --> 00:17:45,649
and so therefore things involving a para

366
00:17:42,558 --> 00:17:47,628
para normal kind of interested him but i

367
00:17:45,648 --> 00:17:50,678
would i would think that the way that

368
00:17:47,628 --> 00:17:54,439
nASA has gone towards the

369
00:17:50,679 --> 00:17:57,710
electromagnetic engineering now which I

370
00:17:54,440 --> 00:18:00,440
think and this is a supposition there's

371

00:17:57,710 --> 00:18:03,558
a fellow down south named race race

372
00:18:00,440 --> 00:18:06,919
Sanford who has been taking pictures of

373
00:18:03,558 --> 00:18:09,319
UFOs with regular like old-fashioned

374
00:18:06,919 --> 00:18:16,840
film cameras and slides and stuff and he

375
00:18:09,319 --> 00:18:21,109
was visited by a a professor from rpi

376
00:18:16,839 --> 00:18:24,319
named dr. Luke Rumble Reverend Rambo REM

377
00:18:21,109 --> 00:18:27,609
something French and that this this guy

378
00:18:24,319 --> 00:18:30,288
is the head of space engineering at

379
00:18:27,609 --> 00:18:33,168
Rensselaer Polytechnic Institute and

380
00:18:30,288 --> 00:18:36,798
it's believed that he visited him to

381
00:18:33,169 --> 00:18:40,278
check to reverse engineer or to see what

382
00:18:36,798 --> 00:18:43,878
might be propelling these UFOs and now

383
00:18:40,278 --> 00:18:47,839
the NASA has come out with this whole

384
00:18:43,878 --> 00:18:51,099
idea that perhaps they can make things

385
00:18:47,839 --> 00:18:55,490

go through space through electromagnetic

386

00:18:51,099 --> 00:18:58,548

propulsion which was previously thought

387

00:18:55,490 --> 00:19:01,490

to be not doable but now they're

388

00:18:58,548 --> 00:19:05,929

apparently doing it but let's get back

389

00:19:01,490 --> 00:19:08,829

to you and your wife's your wife had a

390

00:19:05,929 --> 00:19:12,139

triangle sighting in in New Jersey uh

391

00:19:08,829 --> 00:19:14,240

yeah well first of all I did have a

392

00:19:12,138 --> 00:19:16,209

sighting there and well my first actual

393

00:19:14,240 --> 00:19:20,509

sighting I guess you can say was in

394

00:19:16,210 --> 00:19:26,298

Brooklyn New Jersey in 1974 it was a you

395

00:19:20,509 --> 00:19:28,849

know september-october of 74 we were

396

00:19:26,298 --> 00:19:31,519

friend and I we were traveling home from

397

00:19:28,849 --> 00:19:33,168

a we were out of the club and special

398

00:19:31,519 --> 00:19:35,089

about three o'clock in ammonium I guess

399

00:19:33,169 --> 00:19:39,019

and we were heading down the route 295

400
00:19:35,089 --> 00:19:42,288
their interstate and we came up to a an

401
00:19:39,019 --> 00:19:44,999
overpass and you know we went under the

402
00:19:42,288 --> 00:19:47,068
overpass and as soon as I died you know

403
00:19:44,999 --> 00:19:51,828
passenger so I'm always looking around

404
00:19:47,068 --> 00:19:57,028
and I saw a humongous disc it was a

405
00:19:51,828 --> 00:20:01,678
turquoise color turquoise Wow it was

406
00:19:57,028 --> 00:20:04,499
just just above almost peeking out of

407
00:20:01,679 --> 00:20:06,889
the cloud of the overcast I guess it was

408
00:20:04,499 --> 00:20:09,989
about a 300 foot ceiling that night and

409
00:20:06,888 --> 00:20:12,538
this thing was was humongous and it was

410
00:20:09,989 --> 00:20:16,169
traveling towards the philadelphia

411
00:20:12,538 --> 00:20:18,959
airport hmm was because this area

412
00:20:16,169 --> 00:20:21,959
Brooklyn belmar area that that is within

413
00:20:18,959 --> 00:20:24,839
the five mile TCA terminal control area

414
00:20:21,959 --> 00:20:26,788
filled off international so you know of

415
00:20:24,838 --> 00:20:30,598
course me and my friend I was a drunk or

416
00:20:26,788 --> 00:20:32,669
anything or whatever and I saw up and

417
00:20:30,598 --> 00:20:35,249
then he didn't because you know he was

418
00:20:32,669 --> 00:20:37,469
driving and but we drove around till the

419
00:20:35,249 --> 00:20:40,558
Sun came up looking for this thing in

420
00:20:37,469 --> 00:20:43,038
which we didn't see it anymore but then

421
00:20:40,558 --> 00:20:45,928
the next day in the believe it was the

422
00:20:43,038 --> 00:20:49,108
Gloucester times woodberry times at that

423
00:20:45,929 --> 00:20:51,538
point they had an article about the

424
00:20:49,108 --> 00:20:54,118
defra policeman and quite a few

425
00:20:51,538 --> 00:20:57,778
witnesses that did sees something

426
00:20:54,118 --> 00:20:59,668
strange in the sky that night so I've

427
00:20:57,778 --> 00:21:01,499
been trying to get get hold of them

428

00:20:59,669 --> 00:21:04,619
articles we know of course you know

429
00:21:01,499 --> 00:21:07,048
these are the newspaper doesn't exist

430
00:21:04,618 --> 00:21:09,088
anymore and then you know I'll have to

431
00:21:07,048 --> 00:21:11,608
go through some some boxes looking

432
00:21:09,088 --> 00:21:14,578
through some symbols oh maybe the

433
00:21:11,608 --> 00:21:17,338
library or color goes to microfiche

434
00:21:14,578 --> 00:21:19,528
sometimes the libraries have your oafish

435
00:21:17,338 --> 00:21:21,719
you can look at it's probably I should

436
00:21:19,528 --> 00:21:25,489
have saved that and it's funny because

437
00:21:21,719 --> 00:21:27,689
in 2006 right down the road there in

438
00:21:25,489 --> 00:21:30,058
westville New Jersey which sits right on

439
00:21:27,689 --> 00:21:33,689
the Delaware River and it's it's a you

440
00:21:30,058 --> 00:21:35,209
know close to and within a five mile

441
00:21:33,689 --> 00:21:40,679
area of it fell off international

442
00:21:35,209 --> 00:21:42,659

airport we were at air pump was my

443

00:21:40,679 --> 00:21:46,769

wife's 50th birthday is matter of fact

444

00:21:42,659 --> 00:21:51,389

and we went to a fireworks display and

445

00:21:46,769 --> 00:21:53,338

then westville New Jersey and we you

446

00:21:51,388 --> 00:21:55,189

know just before the the fireworks

447

00:21:53,338 --> 00:21:57,359

started

448

00:21:55,190 --> 00:21:59,490

there was another you know overcast

449

00:21:57,359 --> 00:22:01,469

again with the ceiling was probably

450

00:21:59,490 --> 00:22:03,720

about 200 foot and you can hear the

451

00:22:01,470 --> 00:22:06,750

planes flying over you going into

452

00:22:03,720 --> 00:22:08,700

Philadelphia International and darned if

453

00:22:06,750 --> 00:22:10,680

something didn't peek peek out of the

454

00:22:08,700 --> 00:22:14,279

clouds there some it looked like I had

455

00:22:10,680 --> 00:22:17,100

portholes it was a you know a two second

456

00:22:14,279 --> 00:22:20,700

sighting but this thing peeked out of

457
00:22:17,099 --> 00:22:22,829
the out of the overcast and just you

458
00:22:20,700 --> 00:22:27,539
know slowly moved back into the overcast

459
00:22:22,829 --> 00:22:28,949
and wow it wasn't a plane I have no idea

460
00:22:27,539 --> 00:22:30,930
what it was there was a couple witnesses

461
00:22:28,950 --> 00:22:32,490
that also saw that that was with me

462
00:22:30,930 --> 00:22:34,289
because I was you know with new fun at

463
00:22:32,490 --> 00:22:37,500
the time and I'm you know now I'm fully

464
00:22:34,289 --> 00:22:40,889
looking in the sky but yeah that was uh

465
00:22:37,500 --> 00:22:43,019
that was pretty incredible and you know

466
00:22:40,890 --> 00:22:45,080
what I believe a lot of this happens i

467
00:22:43,019 --> 00:22:48,569
think these alien craft they like

468
00:22:45,079 --> 00:22:52,019
airports they like military bases there

469
00:22:48,569 --> 00:22:56,099
they like look at the oil nuclear plants

470
00:22:52,019 --> 00:22:59,369
you know airports of course and you know

471
00:22:56,099 --> 00:23:02,909
they're very very interested in lights

472
00:22:59,369 --> 00:23:05,489
especially we get a lot of sightings up

473
00:23:02,910 --> 00:23:07,730
towards the manhattan area on the New

474
00:23:05,490 --> 00:23:10,829
Jersey side because I think at nighttime

475
00:23:07,730 --> 00:23:12,720
you know any craft any alien craft is

476
00:23:10,829 --> 00:23:16,019
flying around up in the atmosphere you

477
00:23:12,720 --> 00:23:19,259
know the delights of Manhattan with with

478
00:23:16,019 --> 00:23:21,539
of course draw them would make them you

479
00:23:19,259 --> 00:23:23,160
know curious as to what what is all this

480
00:23:21,539 --> 00:23:24,389
light down there on the ground and I

481
00:23:23,160 --> 00:23:26,610
think that's why we have a lot of

482
00:23:24,390 --> 00:23:31,970
sightings in that way have you attempted

483
00:23:26,609 --> 00:23:31,969
to corroborate with any radar

484
00:23:33,019 --> 00:23:39,210
information are you you had now forget

485

00:23:36,240 --> 00:23:41,130
it they don't want anything to do with

486
00:23:39,210 --> 00:23:43,620
this turn trying to to get some some

487
00:23:41,130 --> 00:23:46,320
radar information from from any of the

488
00:23:43,619 --> 00:23:48,299
airport so they won't even talk to you

489
00:23:46,319 --> 00:23:50,939
you know it's as a matter of fact that

490
00:23:48,299 --> 00:23:53,579
time I was up there in New London

491
00:23:50,940 --> 00:23:55,470
Connecticut wrote in the airport at a

492
00:23:53,579 --> 00:23:58,889
control tower and I wanted to you know

493
00:23:55,470 --> 00:24:03,059
talk to the people up there to see if

494
00:23:58,890 --> 00:24:04,950
they had any any radars of triangle

495
00:24:03,059 --> 00:24:07,669
flying over on on a certain date and

496
00:24:04,950 --> 00:24:10,610
they won't even let me in the gate

497
00:24:07,670 --> 00:24:13,940
well so now it seems as though it's

498
00:24:10,609 --> 00:24:16,879
going to be even less what we will all

499
00:24:13,940 --> 00:24:20,000

have less ability to find out any

500

00:24:16,880 --> 00:24:23,090

information from the airlines or the

501

00:24:20,000 --> 00:24:26,420

control towers simply because of this

502

00:24:23,089 --> 00:24:29,179

recent tragedy the Germanwings tragedy

503

00:24:26,420 --> 00:24:31,550

and it's always been a black mark on a

504

00:24:29,180 --> 00:24:34,640

pilot's record to report having seen a

505

00:24:31,549 --> 00:24:39,109

UFO and now that they're cracking down

506

00:24:34,640 --> 00:24:42,590

on the psychological testing for pilots

507

00:24:39,109 --> 00:24:45,439

if a pilot reports having seen a UFO it

508

00:24:42,589 --> 00:24:50,059

gives them you know the powers that be

509

00:24:45,440 --> 00:24:53,480

an opportunity to pull him out and so

510

00:24:50,059 --> 00:24:55,970

there are you less likely to say they've

511

00:24:53,480 --> 00:24:58,720

already been not that likely to talk

512

00:24:55,970 --> 00:25:01,009

about it because it's a career buster oh

513

00:24:58,720 --> 00:25:04,190

yeah that that's for sure because I when

514
00:25:01,009 --> 00:25:05,900
I was in McGuire Force Base i was there

515
00:25:04,190 --> 00:25:09,980
from nine years a Desert Storm veteran

516
00:25:05,900 --> 00:25:12,259
and then I was basically my my what I

517
00:25:09,980 --> 00:25:15,950
work for the commander I was called seq

518
00:25:12,259 --> 00:25:17,839
see we quality control we basically

519
00:25:15,950 --> 00:25:19,220
evaluated all the sections of the

520
00:25:17,839 --> 00:25:21,439
squadron just to make shorter they were

521
00:25:19,220 --> 00:25:23,779
doing everything properly you know under

522
00:25:21,440 --> 00:25:25,820
regulations of the Air Force and and I

523
00:25:23,779 --> 00:25:27,559
it would in that position I was able to

524
00:25:25,819 --> 00:25:29,689
talk to a lot of people a lot of pilots

525
00:25:27,559 --> 00:25:31,429
and I was always asking policy you know

526
00:25:29,690 --> 00:25:34,400
have you guys seen anything crazy up

527
00:25:31,430 --> 00:25:36,410
there and they all charge away from that

528
00:25:34,400 --> 00:25:38,210
question you know really didn't want

529
00:25:36,410 --> 00:25:40,220
anything to do with it so I you know I

530
00:25:38,210 --> 00:25:41,840
got zero information from the Air Force

531
00:25:40,220 --> 00:25:43,819
pilots and you know like you said

532
00:25:41,839 --> 00:25:47,389
they're afraid of being criticized and

533
00:25:43,819 --> 00:25:49,609
possibly used losing their rights to to

534
00:25:47,390 --> 00:25:52,250
fly actually I think he got a lot of

535
00:25:49,609 --> 00:25:54,559
information if they hadn't seen anything

536
00:25:52,250 --> 00:25:56,299
they would have just simply said no the

537
00:25:54,559 --> 00:25:58,970
fact that they didn't say anything

538
00:25:56,299 --> 00:26:00,379
probably indicates that they did see

539
00:25:58,970 --> 00:26:03,589
something and they just didn't want to

540
00:26:00,380 --> 00:26:05,480
discuss it a graduate so I think that

541
00:26:03,589 --> 00:26:07,429
probably indicates there was a lot of

542

00:26:05,480 --> 00:26:09,920
information there but as far as

543
00:26:07,430 --> 00:26:11,450
gathering radar information it was a

544
00:26:09,920 --> 00:26:13,970
young man that used to write in

545
00:26:11,450 --> 00:26:18,830
frequently on the old UFO show of

546
00:26:13,970 --> 00:26:21,470
Freeman and he kept trying to develop a

547
00:26:18,829 --> 00:26:25,038
protocol for for radar for

548
00:26:21,470 --> 00:26:27,409
regulating these craft and if you look

549
00:26:25,038 --> 00:26:29,869
him up on the old Kate Valentine UFO

550
00:26:27,409 --> 00:26:33,049
show website and get in touch with him

551
00:26:29,869 --> 00:26:34,579
he'd be more than interested in trying

552
00:26:33,048 --> 00:26:37,389
to help you get some of this information

553
00:26:34,579 --> 00:26:40,788
he's been working on it for years and

554
00:26:37,390 --> 00:26:43,100
not getting too far well apparently they

555
00:26:40,788 --> 00:26:46,519
did do something out there and not

556
00:26:43,099 --> 00:26:48,980

Stephenville the the Phoenix lights

557

00:26:46,519 --> 00:26:51,048

didn't they get some corroboration or

558

00:26:48,980 --> 00:26:55,569

wizard Stephenville maybe it was Stevens

559

00:26:51,048 --> 00:26:58,190

Oh stephenville seven Bell yo case yeah

560

00:26:55,569 --> 00:27:02,569

yeah sometimes they do I mean sometimes

561

00:26:58,190 --> 00:27:05,000

if if it's a high-profile case and and

562

00:27:02,569 --> 00:27:06,889

you know you get a lot of people

563

00:27:05,000 --> 00:27:09,529

involved a lot of officials a lot of

564

00:27:06,890 --> 00:27:11,840

higher ups oh you hear sometimes you

565

00:27:09,529 --> 00:27:15,288

will get some some ray or information

566

00:27:11,839 --> 00:27:19,399

from from the facilities but you know

567

00:27:15,288 --> 00:27:21,710

typically trying to call an airport in

568

00:27:19,400 --> 00:27:24,409

talking to the radar personnel there the

569

00:27:21,710 --> 00:27:25,909

airport about a possible UFO it's a

570

00:27:24,409 --> 00:27:28,010

little over a couple days ago they they

571
00:27:25,909 --> 00:27:33,830
they don't even want to talk to you yeah

572
00:27:28,009 --> 00:27:36,980
that's not not good so you had sent some

573
00:27:33,829 --> 00:27:40,038
remarkable pictures from a MUFON Case

574
00:27:36,980 --> 00:27:42,470
that you investigated in allouez

575
00:27:40,038 --> 00:27:46,369
Township New Jersey do you want to tell

576
00:27:42,470 --> 00:27:49,659
us a little bit about that ah yes that

577
00:27:46,369 --> 00:27:55,279
was a that was really pretty incredible

578
00:27:49,659 --> 00:27:57,380
I was investigator call and someone an

579
00:27:55,279 --> 00:27:59,569
amateur astronomers a matter of fact he

580
00:27:57,380 --> 00:28:02,360
he lived in the Clayton New Jersey he

581
00:27:59,569 --> 00:28:03,918
was retired he was a businessman retired

582
00:28:02,359 --> 00:28:06,949
what his wife was just him and his wife

583
00:28:03,919 --> 00:28:08,870
and you know he was interested in a star

584
00:28:06,950 --> 00:28:11,630
so he decided to move from Clayton New

585
00:28:08,869 --> 00:28:13,519
Jersey down to a low a township which is

586
00:28:11,630 --> 00:28:18,200
down in the bridgeton area of southern

587
00:28:13,519 --> 00:28:21,500
New Jersey as very rural lot of horse

588
00:28:18,200 --> 00:28:23,750
farms a lot of cattle and you know he

589
00:28:21,500 --> 00:28:25,329
had a small observatory that he built in

590
00:28:23,750 --> 00:28:26,890
his backyard and

591
00:28:25,329 --> 00:28:28,720
you know there was no light pollution

592
00:28:26,890 --> 00:28:31,540
you can see you know you can see

593
00:28:28,720 --> 00:28:33,460
everything was just an incredible you

594
00:28:31,539 --> 00:28:36,730
know site for looking at the stars

595
00:28:33,460 --> 00:28:39,430
especially for him but I went down there

596
00:28:36,730 --> 00:28:41,710
we got the call and I interviewed the

597
00:28:39,430 --> 00:28:44,500
witness you know concerning the sighting

598
00:28:41,710 --> 00:28:46,480
and and he provided a drawing of the

599

00:28:44,500 --> 00:28:51,730
flying triangle that passed over his uh

600
00:28:46,480 --> 00:28:55,539
his observatory on octobre 13 2006 and

601
00:28:51,730 --> 00:28:57,400
around 1245 a.m. he said that I was

602
00:28:55,539 --> 00:28:59,769
confronted with an enormous object

603
00:28:57,400 --> 00:29:02,530
clearly defined by ambient lights a

604
00:28:59,769 --> 00:29:05,710
photo was crashing but as it approached

605
00:29:02,529 --> 00:29:07,960
my observatory began to rise this thing

606
00:29:05,710 --> 00:29:09,910
was barely moving forward and I could I

607
00:29:07,960 --> 00:29:13,269
could not have been more than 200 feet

608
00:29:09,910 --> 00:29:15,550
above me probably less I can make out

609
00:29:13,269 --> 00:29:19,660
details of rivets and bolts in its

610
00:29:15,549 --> 00:29:22,869
construction as the object as the object

611
00:29:19,660 --> 00:29:25,900
rounded nose began to approach me I was

612
00:29:22,869 --> 00:29:27,729
really taken back by it slightly lit

613
00:29:25,900 --> 00:29:31,269

windows it was shocking to see a

614

00:29:27,730 --> 00:29:33,870

humanoid form moving as it was pacing

615

00:29:31,269 --> 00:29:38,230

back and forth in a large port though

616

00:29:33,869 --> 00:29:40,179

about 88 feet square as it got closer to

617

00:29:38,230 --> 00:29:41,829

figure moved away from the window the

618

00:29:40,180 --> 00:29:46,090

figure is shown in the upper right-hand

619

00:29:41,829 --> 00:29:47,889

side of the drawing I thought it was I I

620

00:29:46,089 --> 00:29:50,109

thought there was no one at the controls

621

00:29:47,890 --> 00:29:53,710

I got the impression was getting ready

622

00:29:50,109 --> 00:29:55,839

to hover as its open hats moved directly

623

00:29:53,710 --> 00:29:57,670

over me and I was entertaining some

624

00:29:55,839 --> 00:30:01,599

negative thoughts regarding my own sake

625

00:29:57,670 --> 00:30:04,509

hey and good enough and now what we

626

00:30:01,599 --> 00:30:06,789

thought what what this open hatch it he

627

00:30:04,509 --> 00:30:10,559

said he described it is like a big black

628
00:30:06,789 --> 00:30:13,480
dumpster was hanging from under this

629
00:30:10,559 --> 00:30:15,159
humongous triangle and you know of

630
00:30:13,480 --> 00:30:18,730
course the only conclusion that did we

631
00:30:15,160 --> 00:30:20,769
came to was you know we felt that this

632
00:30:18,730 --> 00:30:24,309
thing was possibly looking for cattle or

633
00:30:20,769 --> 00:30:26,710
horses or something out there and let me

634
00:30:24,309 --> 00:30:28,599
read a little bit further here was at

635
00:30:26,710 --> 00:30:31,420
least two stories high with two large

636
00:30:28,599 --> 00:30:34,259
windows port and starboard it has a

637
00:30:31,420 --> 00:30:37,960
rounded nose there were 30 tag light

638
00:30:34,259 --> 00:30:39,069
pipe structures two large turbo type

639
00:30:37,960 --> 00:30:40,778
structures large and

640
00:30:39,069 --> 00:30:43,450
diameter and shorter and lengthen those

641
00:30:40,778 --> 00:30:46,538
on commercial aircrafts a flaps are

642
00:30:43,450 --> 00:30:49,538
stabilizer type structures s a very

643
00:30:46,538 --> 00:30:51,940
large square black container type

644
00:30:49,538 --> 00:30:56,470
structure protruding off-center from its

645
00:30:51,940 --> 00:30:58,690
belly an open hatch and and other bulky

646
00:30:56,470 --> 00:31:01,600
geometric shapes that I saw but I can I

647
00:30:58,690 --> 00:31:03,788
can only remember they were thick huge

648
00:31:01,599 --> 00:31:07,329
bulky with an incredible amount of drag

649
00:31:03,788 --> 00:31:08,919
that it would not be wouldn't be

650
00:31:07,329 --> 00:31:12,668
possible that there would be too much

651
00:31:08,919 --> 00:31:15,220
drag their 22 on this craft to fly to

652
00:31:12,669 --> 00:31:17,740
remain almost immediately I saw they say

653
00:31:15,220 --> 00:31:20,860
surge of static electricity that tickled

654
00:31:17,740 --> 00:31:23,649
my face and hair on my arms and head and

655
00:31:20,859 --> 00:31:26,788
its tail section was about to pass over

656

00:31:23,648 --> 00:31:29,408
me I quickly swung the dome and hurt a

657
00:31:26,788 --> 00:31:32,278
low-pitched roar with the sound of

658
00:31:29,409 --> 00:31:35,470
baking sizzling and a frying pan

659
00:31:32,278 --> 00:31:37,960
suddenly it was gone no sound and i did

660
00:31:35,470 --> 00:31:41,829
a 360-degree search but it's selling

661
00:31:37,960 --> 00:31:46,000
there was nothing there now the crazy

662
00:31:41,829 --> 00:31:49,298
part about about this was a of course i

663
00:31:46,000 --> 00:31:52,869
had to go over his house and you know he

664
00:31:49,298 --> 00:31:55,929
was afraid to go outside hey I would be

665
00:31:52,869 --> 00:31:59,018
I visited him I went over fear four

666
00:31:55,929 --> 00:32:02,080
times and finally you know we talked I

667
00:31:59,019 --> 00:32:03,909
calm them down and and he finally got

668
00:32:02,079 --> 00:32:07,569
the nerve to go out to his Observatory

669
00:32:03,909 --> 00:32:10,149
again the crazy part is weak he has

670
00:32:07,569 --> 00:32:13,808

another incredible sighting I sent you

671

00:32:10,148 --> 00:32:17,949

some photos of it have done to two

672

00:32:13,808 --> 00:32:21,609

shapes like two long tube-like shapes

673

00:32:17,950 --> 00:32:24,038

that were lit up right you know what you

674

00:32:21,609 --> 00:32:26,258

speak enough yeah they're the ones now

675

00:32:24,038 --> 00:32:29,970

let me let me tell you about this one

676

00:32:26,259 --> 00:32:32,788

here now they were stationary I was at a

677

00:32:29,970 --> 00:32:35,350

convention in Baltimore I had a

678

00:32:32,788 --> 00:32:37,000

presentation of UFO photos with you know

679

00:32:35,349 --> 00:32:40,359

for my website their world you also

680

00:32:37,000 --> 00:32:42,519

photos org I did a photo presentation

681

00:32:40,359 --> 00:32:44,258

and of course i had the bunker say well

682

00:32:42,519 --> 00:32:47,500

you know this was an airplane and

683

00:32:44,259 --> 00:32:49,628

because of the and the camera settings

684

00:32:47,500 --> 00:32:52,148

you know this is just light from an

685
00:32:49,628 --> 00:32:52,839
airplane is flying by I don't know for

686
00:32:52,148 --> 00:32:54,729
the many picture

687
00:32:52,839 --> 00:32:57,668
I have you know this this object was

688
00:32:54,730 --> 00:33:01,179
stationary it was rotating on its axis

689
00:32:57,669 --> 00:33:04,240
and we got we got a few pictures well he

690
00:33:01,179 --> 00:33:07,240
got a few pictures of this triangle

691
00:33:04,240 --> 00:33:09,220
rotating on its axis and quite frankly I

692
00:33:07,240 --> 00:33:12,839
think they're the most spectacular

693
00:33:09,220 --> 00:33:16,690
nighttime photos I've ever seen Wow so

694
00:33:12,839 --> 00:33:21,939
now the information about this was a 924

695
00:33:16,690 --> 00:33:23,470
07 you know less than a year later the

696
00:33:21,940 --> 00:33:26,798
witness said that on the night of

697
00:33:23,470 --> 00:33:29,620
September 24 2007 was brightly lit due

698
00:33:26,798 --> 00:33:32,079
to a full moon it was approximately

699
00:33:29,619 --> 00:33:34,298
twelve-thirty I'm sorry 1130pm and I was

700
00:33:32,079 --> 00:33:36,939
outside with a digital camera nearby I

701
00:33:34,298 --> 00:33:38,528
had nothing special in mind but due to

702
00:33:36,940 --> 00:33:41,048
the bizarre experience i had last

703
00:33:38,528 --> 00:33:43,929
october two thousand six this experience

704
00:33:41,048 --> 00:33:45,759
i'd been recorded on the muon website i

705
00:33:43,929 --> 00:33:49,480
always keep the camera on hand when i'm

706
00:33:45,759 --> 00:33:51,759
out at night see what this guy he takes

707
00:33:49,480 --> 00:33:53,740
a lot of photos of the planets in a mood

708
00:33:51,759 --> 00:33:56,740
apparently he he didn't really have

709
00:33:53,740 --> 00:33:58,390
anything a small that he could take

710
00:33:56,740 --> 00:34:00,278
pictures he got this evening would never

711
00:33:58,390 --> 00:34:02,049
expect anything to fly right over his

712
00:34:00,278 --> 00:34:05,259
observatory evolving in quality

713

00:34:02,048 --> 00:34:07,839
equipment he had he was you know taking

714
00:34:05,259 --> 00:34:09,280
photos of the the universe and

715
00:34:07,839 --> 00:34:12,309
everything else apparently he had a lot

716
00:34:09,280 --> 00:34:15,639
of high-tech equipment but they didn't

717
00:34:12,309 --> 00:34:17,230
have a car to take close-ups of you know

718
00:34:15,639 --> 00:34:20,500
flying saucers coming over his house

719
00:34:17,230 --> 00:34:24,159
there okay now he has a camera in hand

720
00:34:20,500 --> 00:34:26,168
and he said a brake light again caught

721
00:34:24,159 --> 00:34:28,389
my eye and i observed this rectangular

722
00:34:26,168 --> 00:34:30,969
shape light begins to rise slowly behind

723
00:34:28,389 --> 00:34:34,000
a tree line in the southern in the South

724
00:34:30,969 --> 00:34:36,549
approximately one mile away this object

725
00:34:34,000 --> 00:34:38,648
appeared to hover for about 20 seconds

726
00:34:36,550 --> 00:34:41,859
and then began to travel west at a very

727
00:34:38,648 --> 00:34:44,319

slow speed as it began moving west to

728

00:34:41,858 --> 00:34:46,628

seem to pivot on both the vertical and

729

00:34:44,320 --> 00:34:50,080

horizontal axis revealing more detail

730

00:34:46,628 --> 00:34:52,449

until it disappeared behind a tree I

731

00:34:50,079 --> 00:34:54,489

cutter this object with my digital and

732

00:34:52,449 --> 00:34:57,969

my pictures came out surprisingly well I

733

00:34:54,489 --> 00:35:00,608

use a canon 20d a which i use for

734

00:34:57,969 --> 00:35:02,969

astrophotography i have transverse these

735

00:35:00,608 --> 00:35:07,440

images to a disc

736

00:35:02,969 --> 00:35:09,809

and my know it was and this guy here

737

00:35:07,440 --> 00:35:11,820

this witness he became a MUFON

738

00:35:09,809 --> 00:35:14,849

investigator because of this incident I

739

00:35:11,820 --> 00:35:16,890

know yeah this kind of sparked is

740

00:35:14,849 --> 00:35:19,410

interesting and that he did become an

741

00:35:16,889 --> 00:35:21,569

investigator but he only investigated a

742
00:35:19,409 --> 00:35:24,659
few cases and and him and his wife they

743
00:35:21,570 --> 00:35:28,740
i believe they moved to Delaware

744
00:35:24,659 --> 00:35:31,379
Maryland so Ken Ken are you aware i

745
00:35:28,739 --> 00:35:34,229
looked at those photographs and we will

746
00:35:31,380 --> 00:35:37,019
display that photo at least one of those

747
00:35:34,230 --> 00:35:41,219
photographs on our website so our

748
00:35:37,019 --> 00:35:44,759
listeners can see it but um I was struck

749
00:35:41,219 --> 00:35:47,579
by the similarity of that double

750
00:35:44,760 --> 00:35:52,140
tube-like structure that was in the

751
00:35:47,579 --> 00:35:54,809
photograph so um sightings of dual

752
00:35:52,139 --> 00:35:58,079
sightings that happened oh I would say

753
00:35:54,809 --> 00:36:02,969
about two maybe three years ago and were

754
00:35:58,079 --> 00:36:06,900
reported concurrently first down in up

755
00:36:02,969 --> 00:36:09,809
tennessee or kentucky by also an amateur

756
00:36:06,900 --> 00:36:15,150
astronomer and then about a week later

757
00:36:09,809 --> 00:36:17,699
it was reported by a gentleman in not

758
00:36:15,150 --> 00:36:23,160
all the way upstate but like a nearby

759
00:36:17,699 --> 00:36:25,649
upstate New York who ran a small airport

760
00:36:23,159 --> 00:36:29,429
for personal planes you know for private

761
00:36:25,650 --> 00:36:33,630
pilot's and in both of these cases there

762
00:36:29,429 --> 00:36:37,139
was the same the same type of structure

763
00:36:33,630 --> 00:36:40,820
and I believe that these two cases were

764
00:36:37,139 --> 00:36:43,889
reported by Linda Moulton Howe okay and

765
00:36:40,820 --> 00:36:47,430
but the pictures that these people came

766
00:36:43,889 --> 00:36:50,069
up with and the description is very much

767
00:36:47,429 --> 00:36:52,799
like the picture of your alloway

768
00:36:50,070 --> 00:36:54,359
township not the initial one because

769
00:36:52,800 --> 00:36:57,119
there is no picture but the second one

770

00:36:54,358 --> 00:37:00,210
with the two tube-like structures so I

771
00:36:57,119 --> 00:37:03,539
was struck by this the similarity of

772
00:37:00,210 --> 00:37:06,750
those things you know as a matter of

773
00:37:03,539 --> 00:37:09,329
fact I I do have I think there's i'm a

774
00:37:06,750 --> 00:37:11,130
i'm sure i have the photos there or as a

775
00:37:09,329 --> 00:37:13,969
matter of fact i used a couple of photos

776
00:37:11,130 --> 00:37:16,650
in my presentation in baltimore but

777
00:37:13,969 --> 00:37:20,429
y'all have some pretty have

778
00:37:16,650 --> 00:37:23,639
few photos that are very almost exact as

779
00:37:20,429 --> 00:37:26,730
to what i have here for Natalie Township

780
00:37:23,639 --> 00:37:28,259
and I forget the locations but I can if

781
00:37:26,730 --> 00:37:30,960
you need them i can look them up for you

782
00:37:28,260 --> 00:37:34,220
but basically these photos are from

783
00:37:30,960 --> 00:37:38,490
people like himself oh you know astro of

784
00:37:34,219 --> 00:37:42,179

photographers of who are capturing these

785

00:37:38,489 --> 00:37:44,098

things in the higher altitude of you

786

00:37:42,179 --> 00:37:46,889

know of our earth here you know they're

787

00:37:44,099 --> 00:37:49,680

probably pretty high up 50 60 70 80

788

00:37:46,889 --> 00:37:52,798

thousand miles up and early on of

789

00:37:49,679 --> 00:37:56,818

objects that these guys are or capturing

790

00:37:52,798 --> 00:37:59,460

on with their equipment so yeah that was

791

00:37:56,818 --> 00:38:01,318

that was my i have many cases very many

792

00:37:59,460 --> 00:38:05,099

interesting cases but i think this is

793

00:38:01,318 --> 00:38:09,420

the one that that i really like the best

794

00:38:05,099 --> 00:38:11,548

of this one here now now this this area

795

00:38:09,420 --> 00:38:15,119

here as you can see there's high power

796

00:38:11,548 --> 00:38:18,389

lines in the photo and sell a nuclear

797

00:38:15,119 --> 00:38:20,250

plant is only 13 miles away and though

798

00:38:18,389 --> 00:38:22,230

rare force bases across the bay there

799

00:38:20,250 --> 00:38:25,798
that six about that's it's about 26

800

00:38:22,230 --> 00:38:27,900
miles away which is you know very a very

801

00:38:25,798 --> 00:38:30,989
short distance but i think that these

802

00:38:27,900 --> 00:38:32,849
these things are interested in the

803

00:38:30,989 --> 00:38:35,189
nuclear plants i'm not there after

804

00:38:32,849 --> 00:38:37,710
drawing energy off the hot power lines

805

00:38:35,190 --> 00:38:39,679
but in this case like i said i think

806

00:38:37,710 --> 00:38:43,679
they were looking for cattle or horses

807

00:38:39,679 --> 00:38:47,338
that were in the area just abduct them

808

00:38:43,679 --> 00:38:49,500
or to experiment it's just take them

809

00:38:47,338 --> 00:38:52,679
away i guess is the only thing I that's

810

00:38:49,500 --> 00:38:55,798
the only reason why we thought that

811

00:38:52,679 --> 00:38:58,318
these things were flying over so have

812

00:38:55,798 --> 00:39:00,838
you ever been to the observatory at the

813
00:38:58,318 --> 00:39:03,239
Jenny jump out in I guess it's in Warren

814
00:39:00,838 --> 00:39:05,308
County not I don't think that's terribly

815
00:39:03,239 --> 00:39:07,019
far away from you I do don't know where

816
00:39:05,309 --> 00:39:10,039
you are exactly located but I know

817
00:39:07,019 --> 00:39:12,809
you're at you know in the Pennsylvania

818
00:39:10,039 --> 00:39:14,160
border region there have you ever been

819
00:39:12,809 --> 00:39:18,390
up there to look through those

820
00:39:14,159 --> 00:39:21,118
telescopes the photography astronomers

821
00:39:18,389 --> 00:39:24,420
set up these huge telescopes and Jenny

822
00:39:21,119 --> 00:39:26,160
jump I know I would love to see we're

823
00:39:24,420 --> 00:39:28,010
down here and served south jersey I'm

824
00:39:26,159 --> 00:39:31,250
down there violin I'm

825
00:39:28,010 --> 00:39:33,500
very very soldier okay you know these

826
00:39:31,250 --> 00:39:36,429
are as a matter of fact we do have some

827

00:39:33,500 --> 00:39:38,989
observatories I believe it Stockton

828
00:39:36,429 --> 00:39:40,609
Stockton there was a state college I

829
00:39:38,989 --> 00:39:42,829
think just transferred over to a

830
00:39:40,610 --> 00:39:45,800
Stockton University i'm pretty sure they

831
00:39:42,829 --> 00:39:47,809
have an observatory right there as a

832
00:39:45,800 --> 00:39:50,300
matter of fact I've seen it I've seen it

833
00:39:47,809 --> 00:39:53,179
it's it's out on the out in a field and

834
00:39:50,300 --> 00:39:54,830
i wish i had a time I better just

835
00:39:53,179 --> 00:39:58,489
doesn't seem to me enough hours in the

836
00:39:54,829 --> 00:40:02,809
day I wish I had the time to to go there

837
00:39:58,489 --> 00:40:05,959
and to look through a very sophisticated

838
00:40:02,809 --> 00:40:08,329
type of telescope to indeed it looks

839
00:40:05,960 --> 00:40:10,010
like I'd be more missing but I would

840
00:40:08,329 --> 00:40:12,500
probably sit there and watch the moon

841
00:40:10,010 --> 00:40:14,960

all day is what I as a matter of fact I

842

00:40:12,500 --> 00:40:19,130

have people that are constantly send me

843

00:40:14,960 --> 00:40:22,820

photos of objects that are just flying

844

00:40:19,130 --> 00:40:24,380

across the moon wow so what what is what

845

00:40:22,820 --> 00:40:26,600

do you think the reaction of the crowd

846

00:40:24,380 --> 00:40:28,940

would be lets say you had 10 or 15

847

00:40:26,599 --> 00:40:32,299

amateur astronomers in a nice setup in a

848

00:40:28,940 --> 00:40:34,880

in an outdoor like Jenny jump and a

849

00:40:32,300 --> 00:40:37,820

triangular craft one of the triangles

850

00:40:34,880 --> 00:40:40,070

flew overhead do you think that they

851

00:40:37,820 --> 00:40:42,860

would try to discount it you know like

852

00:40:40,070 --> 00:40:44,180

don't believe my lying eyes type of

853

00:40:42,860 --> 00:40:46,010

reaction do you think they'd actually

854

00:40:44,179 --> 00:40:49,690

try to investigate it what do you think

855

00:40:46,010 --> 00:40:54,830

that the human reaction to that would be

856
00:40:49,690 --> 00:40:56,750
well that's such a good question uh if

857
00:40:54,829 --> 00:40:59,090
they're scientists they probably won't

858
00:40:56,750 --> 00:41:02,380
believe it yeah i mean i'll say it so

859
00:40:59,090 --> 00:41:05,750
you know what a military craft

860
00:41:02,380 --> 00:41:07,849
experimental craft well yeah everyone

861
00:41:05,750 --> 00:41:10,760
about what a thousand excuses zoom why

862
00:41:07,849 --> 00:41:13,369
you know a good big if they can't touch

863
00:41:10,760 --> 00:41:16,580
it see it feel it smell it or taste it

864
00:41:13,369 --> 00:41:21,170
it doesn't exist well but i think most

865
00:41:16,579 --> 00:41:23,599
people would probably be either

866
00:41:21,170 --> 00:41:25,400
convinced or you know well especially

867
00:41:23,599 --> 00:41:29,480
with the triangles these days of course

868
00:41:25,400 --> 00:41:32,470
some of the planes that we're developing

869
00:41:29,480 --> 00:41:35,449
like the b-2 bomber and all that the

870
00:41:32,469 --> 00:41:37,669
f-117 they all have a triangular shape

871
00:41:35,449 --> 00:41:40,899
and i'm sure there are some experimental

872
00:41:37,670 --> 00:41:43,570
planes out there that look

873
00:41:40,900 --> 00:41:46,510
that have that triangular form but but

874
00:41:43,570 --> 00:41:48,580
you can't you can't write off all these

875
00:41:46,510 --> 00:41:51,100
sightings to experimental aircraft with

876
00:41:48,579 --> 00:41:53,019
the military that's for sure right let's

877
00:41:51,099 --> 00:41:55,000
count these triangles have been around

878
00:41:53,019 --> 00:41:57,659
for for hundreds if not thousands of

879
00:41:55,000 --> 00:42:00,190
years and we're still discovering

880
00:41:57,659 --> 00:42:02,289
sightings that have happened you know

881
00:42:00,190 --> 00:42:05,409
hundreds of years ago that that people

882
00:42:02,289 --> 00:42:08,619
are either finally found in journals or

883
00:42:05,409 --> 00:42:10,659
diaries and things like that so you know

884

00:42:08,619 --> 00:42:13,210
I think these triangles could could

885
00:42:10,659 --> 00:42:17,199
either be alien or some of them could be

886
00:42:13,210 --> 00:42:20,079
a you know experimental aircraft can my

887
00:42:17,199 --> 00:42:23,049
experience with the guys up at the Jenny

888
00:42:20,079 --> 00:42:26,079
jump there are a lot of them are like

889
00:42:23,050 --> 00:42:30,690
college professors in different

890
00:42:26,079 --> 00:42:34,840
scientific pursuits pursuits yes and

891
00:42:30,690 --> 00:42:38,349
some of them are from the college in

892
00:42:34,840 --> 00:42:42,730
Newark the engineering college in NJIT

893
00:42:38,349 --> 00:42:44,559
and my after speaking to a number of

894
00:42:42,730 --> 00:42:48,610
them sort of putting it to them I think

895
00:42:44,559 --> 00:42:52,349
that it's like one out of three of them

896
00:42:48,610 --> 00:42:55,780
sort of gives the idea of a UFO

897
00:42:52,349 --> 00:42:57,610
possibility some credence and the you

898
00:42:55,780 --> 00:43:00,970

know the other two out of three i would

899

00:42:57,610 --> 00:43:05,710

say kind of poo poos it and like you

900

00:43:00,969 --> 00:43:09,579

said that people are wanting to prove

901

00:43:05,710 --> 00:43:12,220

the materialist mechanistic universe

902

00:43:09,579 --> 00:43:15,059

theory because that's that's what they

903

00:43:12,219 --> 00:43:21,969

grew up studying and believing and

904

00:43:15,059 --> 00:43:25,509

perhaps they don't have enough view to

905

00:43:21,969 --> 00:43:27,789

see the possibilities that things can

906

00:43:25,510 --> 00:43:32,110

get here from other places through

907

00:43:27,789 --> 00:43:35,590

wormholes etc sure but now I've said

908

00:43:32,110 --> 00:43:38,349

before and I'll say it again it did I I

909

00:43:35,590 --> 00:43:39,700

don't think anyone even myself even

910

00:43:38,349 --> 00:43:41,619

yourself you don't have it you don't

911

00:43:39,699 --> 00:43:44,079

have any idea how big these universes

912

00:43:41,619 --> 00:43:45,969

and you know I'll go on record and say

913
00:43:44,079 --> 00:43:48,009
you know I feel there's there's

914
00:43:45,969 --> 00:43:49,629
trillions upon trillions of earth-like

915
00:43:48,010 --> 00:43:52,630
planets out there floating around in

916
00:43:49,630 --> 00:43:54,369
space yes it's like a in that that's how

917
00:43:52,630 --> 00:43:55,869
big the inter vs you know and then

918
00:43:54,369 --> 00:43:57,940
the scientists talk about you know with

919
00:43:55,869 --> 00:43:59,679
you well we think we found the internet'

920
00:43:57,940 --> 00:44:00,820
inter vs you like what should be and you

921
00:43:59,679 --> 00:44:03,519
know what what's on the other words

922
00:44:00,820 --> 00:44:05,019
there a wall is there a starbucks run on

923
00:44:03,519 --> 00:44:08,500
the other side of this wall you know

924
00:44:05,019 --> 00:44:11,829
it's just it's almost my mind and uh

925
00:44:08,500 --> 00:44:14,289
well I Scott said that that is so the

926
00:44:11,829 --> 00:44:18,400
space-time folds in on itself and so it

927
00:44:14,289 --> 00:44:20,440
does have a finite boundary but I I have

928
00:44:18,400 --> 00:44:22,510
to agree with you like okay so space

929
00:44:20,440 --> 00:44:24,940
ends here but what's behind it well more

930
00:44:22,510 --> 00:44:27,160
space they say it's curved but I don't

931
00:44:24,940 --> 00:44:29,409
think they really know or the saddle

932
00:44:27,159 --> 00:44:35,019
shaped are always at any idea I don't

933
00:44:29,409 --> 00:44:37,389
know I a torus shape vor us I don't I

934
00:44:35,019 --> 00:44:39,789
don't quite I don't quite get it but it

935
00:44:37,389 --> 00:44:42,909
keeps changing as you've said can I do

936
00:44:39,789 --> 00:44:45,429
think though that they're trying to you

937
00:44:42,909 --> 00:44:48,369
know slowly but surely first they

938
00:44:45,429 --> 00:44:52,449
introduced planets and then exoplanets

939
00:44:48,369 --> 00:44:55,420
and then rocky planets and it may be

940
00:44:52,449 --> 00:44:57,939
planets with rock and an atmosphere and

941

00:44:55,420 --> 00:44:59,860
oh oh and look there's water all over

942
00:44:57,940 --> 00:45:02,289
the place but recently is a great

943
00:44:59,860 --> 00:45:05,410
article on the blood falls in Antarctica

944
00:45:02,289 --> 00:45:07,210
and there are these waterfalls that are

945
00:45:05,409 --> 00:45:09,389
bright red and they feel like it's due

946
00:45:07,210 --> 00:45:13,750
to iron oxide but it's a pretty eerie

947
00:45:09,389 --> 00:45:17,079
sight and underneath it now in this rust

948
00:45:13,750 --> 00:45:19,809
water at minus god only knows what they

949
00:45:17,079 --> 00:45:22,750
found all sorts of swarming bacteria and

950
00:45:19,809 --> 00:45:25,750
then multi cellular activity as well and

951
00:45:22,750 --> 00:45:28,869
so the comment was why if life can live

952
00:45:25,750 --> 00:45:31,840
here perhaps it can live elsewhere i

953
00:45:28,869 --> 00:45:33,339
call it wow really yeah you think you

954
00:45:31,840 --> 00:45:35,440
know it's so interesting i got

955
00:45:33,340 --> 00:45:37,750

interested in exobiology when it was

956

00:45:35,440 --> 00:45:40,809

considered paranormal maybe several

957

00:45:37,750 --> 00:45:44,789

decades ago and it is so annoying to me

958

00:45:40,809 --> 00:45:48,250

that it was so left at then and it's so

959

00:45:44,789 --> 00:45:51,309

accepted now and I think eventually this

960

00:45:48,250 --> 00:45:54,159

whole idea of alien crafts visiting here

961

00:45:51,309 --> 00:45:57,570

will also become not laughable at some

962

00:45:54,159 --> 00:46:00,969

point hopefully in our lifetime again um

963

00:45:57,570 --> 00:46:02,950

before the time gets away from us there

964

00:46:00,969 --> 00:46:06,639

are two other things that I wanted to

965

00:46:02,949 --> 00:46:07,899

talk to you about you have some opinions

966

00:46:06,639 --> 00:46:10,868

on disclosure

967

00:46:07,900 --> 00:46:12,338

and it's possible negative effects do

968

00:46:10,869 --> 00:46:15,670

you want to speak to that for a couple

969

00:46:12,338 --> 00:46:18,068

of moments uh yeah now everybody is

970
00:46:15,670 --> 00:46:19,869
screaming for disclosure and quite

971
00:46:18,068 --> 00:46:24,278
frankly I don't think any president

972
00:46:19,869 --> 00:46:26,890
would would want to come on TV and you

973
00:46:24,278 --> 00:46:28,809
know say to I can imagine Obama coming

974
00:46:26,889 --> 00:46:30,639
on television and saying hey guess what

975
00:46:28,809 --> 00:46:32,798
folks you know we're where you have

976
00:46:30,639 --> 00:46:34,629
aliens among us I don't think any I

977
00:46:32,798 --> 00:46:36,548
don't think any president or anyone

978
00:46:34,630 --> 00:46:40,720
would want to touch that with a 50-foot

979
00:46:36,548 --> 00:46:44,199
pole quite frankly I think if disclosure

980
00:46:40,719 --> 00:46:47,739
does happen I think it's going i think

981
00:46:44,199 --> 00:46:53,399
the stock markets are crash I think of

982
00:46:47,739 --> 00:46:55,959
religions you know we'll be in turmoil I

983
00:46:53,400 --> 00:46:59,889
think we'll be jumping out of windows I

984
00:46:55,960 --> 00:47:02,318
just think that people can handle it now

985
00:46:59,889 --> 00:47:07,480
a lot of people like ourselves you know

986
00:47:02,318 --> 00:47:10,838
we have the the we feel that there are a

987
00:47:07,480 --> 00:47:13,838
lot of people out there that believe in

988
00:47:10,838 --> 00:47:16,690
UFOs and and you know I don't know if

989
00:47:13,838 --> 00:47:19,150
you realize it or not but but this UFO

990
00:47:16,690 --> 00:47:22,358
community we're very little community I

991
00:47:19,150 --> 00:47:24,970
mean we r we r which is 330 million

992
00:47:22,358 --> 00:47:27,190
people in the United States and you know

993
00:47:24,969 --> 00:47:30,489
even if a million people believe in UFOs

994
00:47:27,190 --> 00:47:32,559
that's still a pretty small percentage

995
00:47:30,489 --> 00:47:34,389
of you know a lot of people just

996
00:47:32,559 --> 00:47:35,920
dismissed this stuff they don't even

997
00:47:34,389 --> 00:47:38,588
want to hear about it they don't they

998

00:47:35,920 --> 00:47:40,690
don't watch the shows on TV you know

999
00:47:38,588 --> 00:47:42,250
they think it's silly there they you

1000
00:47:40,690 --> 00:47:45,130
know they bury their head in the sand

1001
00:47:42,250 --> 00:47:50,199
and you know even though we think that

1002
00:47:45,130 --> 00:47:52,390
you know the statistics say that's three

1003
00:47:50,199 --> 00:47:54,818
out of four people believe in alien life

1004
00:47:52,389 --> 00:47:56,828
in UFOs I'm saying myself we're how are

1005
00:47:54,818 --> 00:47:58,838
they getting these figures from because

1006
00:47:56,829 --> 00:48:00,789
uh you know I think that they're

1007
00:47:58,838 --> 00:48:03,250
speaking more about the people who think

1008
00:48:00,789 --> 00:48:04,569
it's possible versus you're speaking

1009
00:48:03,250 --> 00:48:07,318
about the people who are actively

1010
00:48:04,568 --> 00:48:12,639
interested would you agree with that uh

1011
00:48:07,318 --> 00:48:14,409
uh well I think that's uh I think there

1012
00:48:12,639 --> 00:48:17,288

are a lot of people out there who just

1013

00:48:14,409 --> 00:48:18,730

aren't interested I'd like I said I feel

1014

00:48:17,289 --> 00:48:21,100

that the ninety-five percent of the

1015

00:48:18,730 --> 00:48:22,659

population just just their day

1016

00:48:21,099 --> 00:48:25,569

they're not interested in you want to

1017

00:48:22,659 --> 00:48:28,539

think about it scary oh it's kind of a

1018

00:48:25,570 --> 00:48:30,160

lot of people especially Fisher comes on

1019

00:48:28,539 --> 00:48:32,800

meanors there's ninety-five percent of

1020

00:48:30,159 --> 00:48:35,289

our population is going to be shocked

1021

00:48:32,800 --> 00:48:38,650

and you know I don't think they'd be

1022

00:48:35,289 --> 00:48:42,099

able to handle news like that well I'm

1023

00:48:38,650 --> 00:48:45,820

going to get into our last topic sort of

1024

00:48:42,099 --> 00:48:47,949

around through the back door because you

1025

00:48:45,820 --> 00:48:51,490

know you do a lot of looking at photos

1026

00:48:47,949 --> 00:48:53,799

and from from the moon and for Mars and

1027
00:48:51,489 --> 00:48:56,589
I have several questions for you

1028
00:48:53,800 --> 00:49:00,280
regarding that back a couple of years

1029
00:48:56,590 --> 00:49:05,829
ago on my blog site I did an article

1030
00:49:00,280 --> 00:49:11,430
about the pictures that came from Mars

1031
00:49:05,829 --> 00:49:11,429
of these crinoids these obvious um

1032
00:49:11,909 --> 00:49:19,119
fossil a type appearing things that were

1033
00:49:16,539 --> 00:49:21,269
picked up by the rover and then the

1034
00:49:19,119 --> 00:49:23,829
rover they were told to destroy them

1035
00:49:21,269 --> 00:49:25,690
over like to thank you aren't they they

1036
00:49:23,829 --> 00:49:29,199
look like tubes no these look more

1037
00:49:25,690 --> 00:49:31,329
almost like um like the trial of bites

1038
00:49:29,199 --> 00:49:33,939
they had a sort of a similar thing to

1039
00:49:31,329 --> 00:49:36,880
trial abides in if you know if you want

1040
00:49:33,940 --> 00:49:40,869
you could look at my website and you'll

1041
00:49:36,880 --> 00:49:42,970
see the crinoids CRI and oids and people

1042
00:49:40,869 --> 00:49:45,400
have said that these pictures there are

1043
00:49:42,969 --> 00:49:47,529
tubes also yeah you know on Mars but

1044
00:49:45,400 --> 00:49:51,180
what I'm speaking to specifically is

1045
00:49:47,530 --> 00:49:55,350
these things that look exactly like a

1046
00:49:51,179 --> 00:50:00,429
things on earth that are prehistoric

1047
00:49:55,349 --> 00:50:03,099
advances and then somebody and and the

1048
00:50:00,429 --> 00:50:05,769
rover team apparently decided that they

1049
00:50:03,099 --> 00:50:10,690
ought to be pulverized to look at them

1050
00:50:05,769 --> 00:50:13,059
and thereby destroyed it so that is one

1051
00:50:10,690 --> 00:50:17,320
thing that is bringing me into talking

1052
00:50:13,059 --> 00:50:21,369
about your Mars and moon discoveries and

1053
00:50:17,320 --> 00:50:27,730
all the photos that you have up on your

1054
00:50:21,369 --> 00:50:29,469
world UFO or Georg I you have to repeat

1055

00:50:27,730 --> 00:50:30,940
that for the for the listeners go ahead

1056
00:50:29,469 --> 00:50:32,439
repeat that right away because people

1057
00:50:30,940 --> 00:50:34,639
are going to want to look at that and

1058
00:50:32,440 --> 00:50:37,400
this is 154

1059
00:50:34,639 --> 00:50:40,308
largest world's largest website for UFO

1060
00:50:37,400 --> 00:50:44,720
photos I got over 8,000 photos and it's

1061
00:50:40,309 --> 00:50:48,589
called the world UFO photos org great

1062
00:50:44,719 --> 00:50:51,919
great so I'm on my news website is world

1063
00:50:48,588 --> 00:50:54,920
UFO photos and news or guy got over a

1064
00:50:51,920 --> 00:50:57,588
thousand pretty good articles on there

1065
00:50:54,920 --> 00:51:01,369
yes you do yes you do have some very

1066
00:50:57,588 --> 00:51:03,588
excellent articles there so um tell us a

1067
00:51:01,369 --> 00:51:07,309
little bit just briefly about the kinds

1068
00:51:03,588 --> 00:51:08,750
of things that you have the kinds of

1069
00:51:07,309 --> 00:51:11,119

things that you have found in the

1070

00:51:08,750 --> 00:51:14,690
pictures first of the Moon and then of

1071

00:51:11,119 --> 00:51:17,269
Mars well with the with the note and I

1072

00:51:14,690 --> 00:51:20,690
have found as a matter of fact there is

1073

00:51:17,268 --> 00:51:23,358
a website I'd also sent that to you i

1074

00:51:20,690 --> 00:51:24,798
sent you the links where i go to so you

1075

00:51:23,358 --> 00:51:26,690
know if people are wondering where i'm

1076

00:51:24,798 --> 00:51:28,940
getting all this information from you

1077

00:51:26,690 --> 00:51:31,309
know i'm giving you the links and you

1078

00:51:28,940 --> 00:51:33,139
can go find it yourself basically yes

1079

00:51:31,309 --> 00:51:36,160
you know I have nothing to hide i would

1080

00:51:33,139 --> 00:51:38,929
i find i feel is real and i found

1081

00:51:36,159 --> 00:51:42,710
there's one will and photo there sits

1082

00:51:38,929 --> 00:51:44,568
for photo number five I have found this

1083

00:51:42,710 --> 00:51:49,960
is near to rittenhouse crater i

1084
00:51:44,568 --> 00:51:54,619
discovered this on 9 24 12 7 30 p.m.

1085
00:51:49,960 --> 00:51:57,318
there's a lot of exes always ones some

1086
00:51:54,619 --> 00:51:59,990
of these photos now i do agree that some

1087
00:51:57,318 --> 00:52:04,068
of these X's could be and i know that

1088
00:51:59,989 --> 00:52:07,818
some of them are you know x is that that

1089
00:52:04,068 --> 00:52:11,599
the the people from from Nassib probably

1090
00:52:07,818 --> 00:52:15,730
you know draw on these photos in order

1091
00:52:11,599 --> 00:52:18,318
to help them crop photos or you know

1092
00:52:15,730 --> 00:52:21,679
they put these in the line just to

1093
00:52:18,318 --> 00:52:25,788
section off a certain section of the

1094
00:52:21,679 --> 00:52:28,730
moon but a lot of these X's are on the

1095
00:52:25,789 --> 00:52:34,309
moon I mean these are 3 DX is there

1096
00:52:28,730 --> 00:52:37,519
they're very large and these X's are put

1097
00:52:34,309 --> 00:52:40,490
in in locations that I feel for some

1098
00:52:37,518 --> 00:52:43,669
reason are very important to NASA haha

1099
00:52:40,489 --> 00:52:46,518
and I have found tons of them out there

1100
00:52:43,670 --> 00:52:48,240
and as a matter of fact on this one next

1101
00:52:46,518 --> 00:52:51,329
year is right in the Brayton basic

1102
00:52:48,239 --> 00:52:55,619
almost the center of a crater that's

1103
00:52:51,329 --> 00:52:57,480
that was photo 5 now i have now another

1104
00:52:55,619 --> 00:53:00,799
one that did very interesting this is

1105
00:52:57,480 --> 00:53:03,900
near to z menu crater discovered this on

1106
00:53:00,800 --> 00:53:07,470
so time of fourteen nineteen twelve it

1107
00:53:03,900 --> 00:53:09,800
that's photo number for it it's the

1108
00:53:07,469 --> 00:53:14,339
strangest things that I've ever seen I

1109
00:53:09,800 --> 00:53:16,200
found this on the the moon and as a

1110
00:53:14,340 --> 00:53:19,289
matter of fact the website that I go to

1111
00:53:16,199 --> 00:53:24,210
to find these things is I go to the

1112

00:53:19,289 --> 00:53:27,380
Gazette of planetary nomenclature I have

1113
00:53:24,210 --> 00:53:32,610
the website there it's a basically a

1114
00:53:27,380 --> 00:53:34,170
planetary names dot wrw USGS you know

1115
00:53:32,610 --> 00:53:35,610
like I said I send this information to

1116
00:53:34,170 --> 00:53:38,010
you there now we'll put that on the

1117
00:53:35,610 --> 00:53:39,660
website actually what they've done is

1118
00:53:38,010 --> 00:53:42,020
they've taken a known and they've cut it

1119
00:53:39,659 --> 00:53:44,639
up into sections you know different pies

1120
00:53:42,019 --> 00:53:46,889
and there's a hundred forty-one sections

1121
00:53:44,639 --> 00:53:48,629
there and you know it's but you're just

1122
00:53:46,889 --> 00:53:50,250
going to go into a section you want to

1123
00:53:48,630 --> 00:53:54,360
click on it and you're just going to

1124
00:53:50,250 --> 00:53:57,690
enlarge you know the the the photos of

1125
00:53:54,360 --> 00:54:00,680
the moon and you'd be shocked as to what

1126
00:53:57,690 --> 00:54:03,480

the what you come across sometimes so

1127

00:54:00,679 --> 00:54:05,309

okay and the photograph I found most

1128

00:54:03,480 --> 00:54:08,300

interesting was the one that you called

1129

00:54:05,309 --> 00:54:11,099

the bridge is is there any sort of a

1130

00:54:08,300 --> 00:54:13,590

nearby structure which gives you how an

1131

00:54:11,099 --> 00:54:16,380

idea of how big that structure would be

1132

00:54:13,590 --> 00:54:20,030

oh that was a that was an incredible but

1133

00:54:16,380 --> 00:54:23,880

that's definitely not a natural thing a

1134

00:54:20,030 --> 00:54:25,980

helping is it wait let me take a look at

1135

00:54:23,880 --> 00:54:32,130

that realer career real quick i have it

1136

00:54:25,980 --> 00:54:34,500

on a structure it's really canal they do

1137

00:54:32,130 --> 00:54:37,500

have the as a matter of fact they do

1138

00:54:34,500 --> 00:54:40,079

have yeah I have it right here moon

1139

00:54:37,500 --> 00:54:43,800

bridge structure near these now as you

1140

00:54:40,079 --> 00:54:45,210

can see i try to to put a reference in

1141
00:54:43,800 --> 00:54:48,150
there that's what I'm trying to put in

1142
00:54:45,210 --> 00:54:50,490
there some plus this be I guess is what

1143
00:54:48,150 --> 00:54:54,230
is called crater if i pronounce that

1144
00:54:50,489 --> 00:54:57,149
correctly i discovered this on 9 27 12

1145
00:54:54,230 --> 00:54:58,889
it looks like you know i mean this is

1146
00:54:57,150 --> 00:55:00,809
not a splice because you can s'matter

1147
00:54:58,889 --> 00:55:01,799
fact right on right above that you can

1148
00:55:00,809 --> 00:55:06,059
see where we r

1149
00:55:01,800 --> 00:55:10,050
to try to display something on it on the

1150
00:55:06,059 --> 00:55:12,389
the right side of the photo maybe eric

1151
00:55:10,050 --> 00:55:14,160
zarnitz place out buildings or who knows

1152
00:55:12,389 --> 00:55:18,420
what they're calling this place happen

1153
00:55:14,159 --> 00:55:19,859
best photo right there is yeah it's kind

1154
00:55:18,420 --> 00:55:22,680
of really kind of hard to say what that

1155
00:55:19,860 --> 00:55:25,890
is it's a either abridge your electrical

1156
00:55:22,679 --> 00:55:29,069
lines or that's probably that's a very

1157
00:55:25,889 --> 00:55:32,789
detailed photo that I was able to pick

1158
00:55:29,070 --> 00:55:34,559
up and yeah that that's that's really

1159
00:55:32,789 --> 00:55:36,480
that's an incredible shot yeah that's

1160
00:55:34,559 --> 00:55:38,789
photo number three so you know like I

1161
00:55:36,480 --> 00:55:41,849
said we're going to note some of them up

1162
00:55:38,789 --> 00:55:46,679
on on the website for people to to look

1163
00:55:41,849 --> 00:55:48,900
at and we'll put the the websites up as

1164
00:55:46,679 --> 00:55:52,440
well both yours and the ones that you go

1165
00:55:48,900 --> 00:55:55,230
to so we are almost ready to wrap up

1166
00:55:52,440 --> 00:55:56,820
here and it's been really great speaking

1167
00:55:55,230 --> 00:55:59,519
to you but I want to give you a moment

1168
00:55:56,820 --> 00:56:02,430
or two to speak to the Mars discoveries

1169

00:55:59,519 --> 00:56:05,989
and this is ken Pfeiffer speaking 10 x 4

1170
00:56:02,429 --> 00:56:10,259
yes I I need Kate here to keep me

1171
00:56:05,989 --> 00:56:12,659
professional in the yeah I understand

1172
00:56:10,260 --> 00:56:15,960
now to mark demars hear about that it's

1173
00:56:12,659 --> 00:56:18,289
photo number two listen you're in a

1174
00:56:15,960 --> 00:56:21,449
Newton crater discovered by myself on

1175
00:56:18,289 --> 00:56:23,630
1123 2011 as you can you know for years

1176
00:56:21,449 --> 00:56:27,179
now I've been I've been doing this and

1177
00:56:23,630 --> 00:56:29,869
this here looks to me like explicitly

1178
00:56:27,179 --> 00:56:33,269
that that that object to the right it's

1179
00:56:29,869 --> 00:56:35,549
this is not man-made I'm sorry this is

1180
00:56:33,269 --> 00:56:37,259
not natural this is you know who knows

1181
00:56:35,550 --> 00:56:40,200
what this is in a matter of fact this

1182
00:56:37,260 --> 00:56:42,960
whole area looks like a looks like a

1183
00:56:40,199 --> 00:56:45,239

crash site I mean if their stuff all

1184

00:56:42,960 --> 00:56:49,139
over the place and and you know this is

1185

00:56:45,239 --> 00:56:51,089
I saw this and it jumped out all of the

1186

00:56:49,139 --> 00:56:54,029
page at me and I'm saying we know what

1187

00:56:51,090 --> 00:56:58,010
the that's that's not natural I mean

1188

00:56:54,030 --> 00:57:00,840
that that's a that's something that that

1189

00:56:58,010 --> 00:57:03,570
someone put there and you know I still

1190

00:57:00,840 --> 00:57:05,940
don't I still don't know what it is does

1191

00:57:03,570 --> 00:57:10,050
NASA have any comments on these pictures

1192

00:57:05,940 --> 00:57:11,700
uh no they they do all they haven't

1193

00:57:10,050 --> 00:57:14,070
gotten back to me I'm use a microphone

1194

00:57:11,699 --> 00:57:14,649
I'm expecting this I'm expecting a man

1195

00:57:14,070 --> 00:57:18,490
in black

1196

00:57:14,650 --> 00:57:22,030
back on my porridge uh that's another

1197

00:57:18,489 --> 00:57:23,769
story but are they they're putting these

1198
00:57:22,030 --> 00:57:26,320
you know they're there they're putting

1199
00:57:23,769 --> 00:57:29,380
the information out there but the only

1200
00:57:26,320 --> 00:57:33,160
problem is NASA must have a thousand

1201
00:57:29,380 --> 00:57:35,320
websites it seems to me that that they

1202
00:57:33,159 --> 00:57:37,690
had put the information out there but

1203
00:57:35,320 --> 00:57:40,150
they're trying to make it as hard as

1204
00:57:37,690 --> 00:57:42,849
possible for you to find it let me ask

1205
00:57:40,150 --> 00:57:45,579
you one final question actually we have

1206
00:57:42,849 --> 00:57:47,289
two more questions but the final

1207
00:57:45,579 --> 00:57:53,829
question I want to ask you about the

1208
00:57:47,289 --> 00:57:57,880
photos is do you have a good website to

1209
00:57:53,829 --> 00:58:03,159
go to for close-up photos of the far

1210
00:57:57,880 --> 00:58:05,289
side of the moon hmm I would yes I do I

1211
00:58:03,159 --> 00:58:09,250
was a matter of fact I would probably

1212
00:58:05,289 --> 00:58:11,289
say that let me go to it here right here

1213
00:58:09,250 --> 00:58:16,179
at this the that's the one I was talking

1214
00:58:11,289 --> 00:58:20,500
about the nomenclature one yes yes that

1215
00:58:16,179 --> 00:58:23,019
would probably be the the ideal 1 i'm

1216
00:58:20,500 --> 00:58:25,900
still looking for the perfect website

1217
00:58:23,019 --> 00:58:29,739
but as a matter of fact i think that now

1218
00:58:25,900 --> 00:58:33,010
i think about it i think google i love

1219
00:58:29,739 --> 00:58:35,079
google I'm not me Duke earth now if you

1220
00:58:33,010 --> 00:58:37,210
download google earth they also have you

1221
00:58:35,079 --> 00:58:42,159
can also look at the moon you look at

1222
00:58:37,210 --> 00:58:47,440
mars and you can also find these high

1223
00:58:42,159 --> 00:58:49,179
definition areas on Google Mars and also

1224
00:58:47,440 --> 00:58:54,730
google moon as a matter of fact you can

1225
00:58:49,179 --> 00:58:58,929
go to the Apollo you can see all of the

1226

00:58:54,730 --> 00:59:01,449
Apollo high-definition 360 images that

1227
00:58:58,929 --> 00:59:04,599
the apparently the astronauts took on

1228
00:59:01,449 --> 00:59:06,730
the moon and I'm still searching through

1229
00:59:04,599 --> 00:59:08,079
these these high-definition photos as a

1230
00:59:06,730 --> 00:59:12,280
matter of fact last night I found

1231
00:59:08,079 --> 00:59:14,409
another UFO on their horizon of you know

1232
00:59:12,280 --> 00:59:17,830
one of these of photos that the

1233
00:59:14,409 --> 00:59:19,929
astronauts took of one of the areas that

1234
00:59:17,829 --> 00:59:22,360
they were working on so I mean there's

1235
00:59:19,929 --> 00:59:24,669
so much information out there and I and

1236
00:59:22,360 --> 00:59:28,240
I like i said i think google moon or

1237
00:59:24,670 --> 00:59:31,539
Google Mars is also an excellent source

1238
00:59:28,239 --> 00:59:33,729
finding these strange anomalies oh you

1239
00:59:31,539 --> 00:59:36,730
know on on the Moon or Mars well thank

1240
00:59:33,730 --> 00:59:40,659

you and just to wrap things up I'm

1241
00:59:36,730 --> 00:59:43,630
wondering if you um what you're up to

1242
00:59:40,659 --> 00:59:46,089
what do you have plans for any new

1243
00:59:43,630 --> 00:59:48,579
research are you going to continue on in

1244
00:59:46,090 --> 00:59:50,320
the very wonderful way you are working

1245
00:59:48,579 --> 00:59:53,019
or do you have something different in

1246
00:59:50,320 --> 00:59:56,740
mind for upcoming for the future or

1247
00:59:53,019 --> 01:00:02,259
what's up with ken Pfeiffer for the rest

1248
00:59:56,739 --> 01:00:03,969
of 2015 into 2016 well basically I would

1249
01:00:02,260 --> 01:00:06,430
love to get on a hanger one that's the

1250
01:00:03,969 --> 01:00:08,109
new TV show well it's not new they had

1251
01:00:06,429 --> 01:00:09,819
it last year and was renewed that's a

1252
01:00:08,110 --> 01:00:13,930
MUFON show and quite frankly I think

1253
01:00:09,820 --> 01:00:15,880
it's one of the best UFO shows on TV and

1254
01:00:13,929 --> 01:00:19,359
i would love to hopefully get on here

1255
01:00:15,880 --> 01:00:21,849
someday well we've luck with that ya

1256
01:00:19,360 --> 01:00:24,820
know I I that would be pretty incredible

1257
01:00:21,849 --> 01:00:28,569
but no I'm just doing my thing here I'm

1258
01:00:24,820 --> 01:00:31,030
I had photos every day to my websites

1259
01:00:28,570 --> 01:00:33,309
and then my facebook page and I'm just

1260
01:00:31,030 --> 01:00:35,680
I'm just plugging away here trying to

1261
01:00:33,309 --> 01:00:37,960
find out the truth well thank you so

1262
01:00:35,679 --> 01:00:40,329
much ken it's been a pleasure talking to

1263
01:00:37,960 --> 01:00:42,670
you really in need and it's been fun

1264
01:00:40,329 --> 01:00:45,579
speaking about UFOs again for a change

1265
01:00:42,670 --> 01:00:48,130
that's one of my favorite topics yes yes

1266
01:00:45,579 --> 01:00:50,590
mine as well and you have done yeoman's

1267
01:00:48,130 --> 01:00:52,570
work out there in the service and thank

1268
01:00:50,590 --> 01:00:55,510
you very much yes thank you can and

1269
01:00:52,570 --> 01:00:58,120
you're a wonderful resource yeah yep

1270
01:00:55,510 --> 01:00:59,710
pollution can take you your sweethearts

1271
01:00:58,119 --> 01:01:02,679
and then it's an honor to be on your

1272
01:00:59,710 --> 01:01:06,760
podcast thank you thank you have a great

1273
01:01:02,679 --> 01:01:10,629
day Andy happy hunting yes indeed okay

1274
01:01:06,760 --> 01:01:13,690
bye-bye okay so that was a very

1275
01:01:10,630 --> 01:01:17,559
interesting presentation by our friend

1276
01:01:13,690 --> 01:01:19,900
can pfeiffer the I the head of New

1277
01:01:17,559 --> 01:01:22,360
Jersey MUFON and also I don't know how

1278
01:01:19,900 --> 01:01:24,070
we even covers on yeah the covers

1279
01:01:22,360 --> 01:01:28,240
Vermont and wrote on that's a long trip

1280
01:01:24,070 --> 01:01:32,950
for the gentleman in any case um just to

1281
01:01:28,239 --> 01:01:37,209
wrap things up mom we are going to ask

1282
01:01:32,949 --> 01:01:40,449
you to put out questions for us things

1283

01:01:37,210 --> 01:01:41,119
that you want to hear about make note on

1284
01:01:40,449 --> 01:01:45,828
our

1285
01:01:41,119 --> 01:01:49,400
website leave leave comments of all

1286
01:01:45,829 --> 01:01:54,650
sorts and please like us on our Facebook

1287
01:01:49,400 --> 01:01:59,059
page please like our blogs and also our

1288
01:01:54,650 --> 01:02:02,528
we've had we're up on iTunes but as of

1289
01:01:59,059 --> 01:02:04,819
yet people have not been able to post

1290
01:02:02,528 --> 01:02:07,159
reviews on iTunes and I don't know

1291
01:02:04,818 --> 01:02:10,730
exactly why but maybe it's just with

1292
01:02:07,159 --> 01:02:14,420
time um I'd see aliens it's the aliens

1293
01:02:10,730 --> 01:02:17,358
yeah sure next week that's all speaking

1294
01:02:14,420 --> 01:02:20,990
of it no speaking of alien sightings

1295
01:02:17,358 --> 01:02:24,259
yeah it is but next week actually it's

1296
01:02:20,989 --> 01:02:27,798
on the fifteenth of may which is two

1297
01:02:24,259 --> 01:02:31,130

weeks from today we are expecting to

1298

01:02:27,798 --> 01:02:34,909

have on a wonderful guest who has been

1299

01:02:31,130 --> 01:02:40,220

making headlines in the Daily News this

1300

01:02:34,909 --> 01:02:42,798

is captain Andrew Danziger who has been

1301

01:02:40,219 --> 01:02:47,088

writing occasionally in the news he's a

1302

01:02:42,798 --> 01:02:50,630

pilot and he's had UFO sightings he has

1303

01:02:47,088 --> 01:02:55,278

some very interesting opinions on some

1304

01:02:50,630 --> 01:02:57,920

high visibility airline issues that have

1305

01:02:55,278 --> 01:02:59,989

been going on and you know you're

1306

01:02:57,920 --> 01:03:03,769

welcome to look him up on on the Daily

1307

01:02:59,989 --> 01:03:06,588

News but he is quite the man in the news

1308

01:03:03,768 --> 01:03:10,429

and we're proud to be able to have him

1309

01:03:06,588 --> 01:03:13,219

on our podcast hopefully on the

1310

01:03:10,429 --> 01:03:15,768

fifteenth mm-hmm ahead and we're really

1311

01:03:13,219 --> 01:03:18,439

looking forward to it but again please

1312
01:03:15,768 --> 01:03:20,588
you know just just right on the blog or

1313
01:03:18,440 --> 01:03:22,999
on the website whatever would you think

1314
01:03:20,588 --> 01:03:24,768
because we're not just doing this for

1315
01:03:22,998 --> 01:03:26,389
the two of us we'd like to know how

1316
01:03:24,768 --> 01:03:29,899
everybody else feels about these

1317
01:03:26,389 --> 01:03:32,509
subjects and the more interest you have

1318
01:03:29,900 --> 01:03:34,369
and wider the interest goes perhaps one

1319
01:03:32,509 --> 01:03:36,380
day we will get to the bottom of all

1320
01:03:34,369 --> 01:03:38,989
this because something's up there and

1321
01:03:36,380 --> 01:03:42,318
it's flying around yes indeed and we

1322
01:03:38,989 --> 01:03:45,650
thank once again our engineer and our

1323
01:03:42,318 --> 01:03:49,159
voiceover gentleman mr. Nate Duffy and

1324
01:03:45,650 --> 01:03:52,759
and so we're going to say a fond

1325
01:03:49,159 --> 01:03:54,739
farewell yep and you know keep looking

1326
01:03:52,759 --> 01:03:57,559
out because something's up their keep

1327
01:03:54,739 --> 01:04:15,889
your eyes to the skies that's right okay

1328
01:03:57,559 --> 01:04:18,980
see you in two weeks okay welcome to

1329
01:04:15,889 --> 01:04:23,059
shattered reality with your hosts kate

1330
01:04:18,980 --> 01:04:25,969
valentine and Farrugia prepare to have

1331
01:04:23,059 --> 01:04:32,529
your paradigms shifted in the truths

1332
01:04:25,969 --> 01:04:32,529
questioned and now shattered reality
