

1
00:00:16,690 --> 00:00:23,769
welcome to shattered reality with your

2
00:00:20,179 --> 00:00:26,748
hosts kate valentine and Farrugia

3
00:00:23,768 --> 00:00:31,788
prepare to have your paradigms shifted

4
00:00:26,748 --> 00:00:35,988
into truths questioned and now shattered

5
00:00:31,789 --> 00:00:38,300
reality why thanks for tuning in this is

6
00:00:35,988 --> 00:00:41,479
Kate Valentine and this is for Russia

7
00:00:38,299 --> 00:00:44,509
and we are most honored today to have as

8
00:00:41,479 --> 00:00:46,968
our guests miss Ellen Hodgson Brown she

9
00:00:44,509 --> 00:00:49,789
has written several books 11 actually

10
00:00:46,969 --> 00:00:52,910
the one will be discussing today is the

11
00:00:49,789 --> 00:00:57,050
one I certainly find incredibly

12
00:00:52,909 --> 00:01:00,858
important it's the web of debt and it's

13
00:00:57,049 --> 00:01:03,588
also canoe title continues the shocking

14
00:01:00,859 --> 00:01:05,930
truth about our money system the sleight

15
00:01:03,588 --> 00:01:10,129
of hand that has trapped us in debt and

16
00:01:05,930 --> 00:01:12,740
how we can break free I will sail and

17
00:01:10,129 --> 00:01:14,359
are you not only described the problems

18
00:01:12,739 --> 00:01:16,759
in the system you're one of the few

19
00:01:14,359 --> 00:01:18,799
authors that describe how to get out of

20
00:01:16,759 --> 00:01:21,500
it and I thank you so much for having

21
00:01:18,799 --> 00:01:23,689
written this book oh thanks yeah I

22
00:01:21,500 --> 00:01:25,250
always try to give solutions because you

23
00:01:23,688 --> 00:01:27,408
can get pretty depressed thinking about

24
00:01:25,250 --> 00:01:28,819
very kind of me unless you start

25
00:01:27,409 --> 00:01:30,259
thinking about well how do we get out of

26
00:01:28,819 --> 00:01:33,408
this I mean you have to think outside

27
00:01:30,259 --> 00:01:36,379
the box just inside the box we're sort

28
00:01:33,409 --> 00:01:38,329
of in deep trouble we're stuck in there

29

00:01:36,379 --> 00:01:41,030
and I'll tell you you know the subtitle

30
00:01:38,328 --> 00:01:44,059
of this show is to get your paradigm

31
00:01:41,030 --> 00:01:48,200
shifted and nothing is a shifting a

32
00:01:44,060 --> 00:01:49,728
paradigm as your books on its I just

33
00:01:48,200 --> 00:01:51,530
want to say one thing before we start

34
00:01:49,728 --> 00:01:54,500
that it's vital absolutely vital for

35
00:01:51,530 --> 00:01:56,930
anybody listening to this show to do

36
00:01:54,500 --> 00:01:59,959
yourself do your family a favor go out

37
00:01:56,930 --> 00:02:01,640
get this book web of debt read it

38
00:01:59,959 --> 00:02:04,938
understand it and then do something

39
00:02:01,640 --> 00:02:07,099
about it so Ellen anyway the way you

40
00:02:04,938 --> 00:02:10,340
described this and I find it very good

41
00:02:07,099 --> 00:02:12,799
as you use frank Baum's analogy of The

42
00:02:10,340 --> 00:02:15,769
Wizard of Oz and you sort of follow that

43
00:02:12,800 --> 00:02:17,660

through how could you just tell our

44

00:02:15,769 --> 00:02:19,560

listeners how you happen to pick the

45

00:02:17,659 --> 00:02:21,840

wizard of oz

46

00:02:19,560 --> 00:02:23,969

well the Wizard of Oz is actually

47

00:02:21,840 --> 00:02:27,390

written as a monetary allegory in the

48

00:02:23,969 --> 00:02:29,009

1890s and in fact that was what problems

49

00:02:27,389 --> 00:02:30,659

when I discovered that that was what

50

00:02:29,009 --> 00:02:32,280

prompted me to write this book I mean I

51

00:02:30,659 --> 00:02:33,900

was always quite interested in the

52

00:02:32,280 --> 00:02:35,939

subject and I had done a lot of research

53

00:02:33,900 --> 00:02:39,090

in it but I didn't really know what I

54

00:02:35,939 --> 00:02:40,680

could say that would be unique and you

55

00:02:39,090 --> 00:02:44,759

know make it more interesting than your

56

00:02:40,680 --> 00:02:46,469

average dry as a moment textbook until I

57

00:02:44,759 --> 00:02:50,609

discovered that about the wizard of us

58
00:02:46,469 --> 00:02:53,009
so in the 1890s there was there was a

59
00:02:50,610 --> 00:02:55,260
depression that was quite like the

60
00:02:53,009 --> 00:02:58,079
depression of the 1930s almost as bad

61
00:02:55,259 --> 00:02:59,789
and before that at that time they didn't

62
00:02:58,080 --> 00:03:02,130
have social security i mean people were

63
00:02:59,789 --> 00:03:04,560
just if you were out of work you were

64
00:03:02,129 --> 00:03:07,919
sleeping in barns that were you know

65
00:03:04,560 --> 00:03:10,409
just out in the street so conditions

66
00:03:07,919 --> 00:03:15,179
were quite bad and there was a movement

67
00:03:10,409 --> 00:03:17,639
to a restore the greenback system of

68
00:03:15,180 --> 00:03:21,930
Abraham Lincoln so the original money

69
00:03:17,639 --> 00:03:23,518
system of the American colonies was to

70
00:03:21,930 --> 00:03:25,950
just issue their own money they just

71
00:03:23,519 --> 00:03:27,959
printed this paper script which were

72
00:03:25,949 --> 00:03:30,119
basically receipts from the government

73
00:03:27,959 --> 00:03:31,829
acknowledging that Goods their services

74
00:03:30,120 --> 00:03:35,400
had been delivered to the government and

75
00:03:31,829 --> 00:03:38,099
that and that the recipient had received

76
00:03:35,400 --> 00:03:42,510
something or had given something to the

77
00:03:38,099 --> 00:03:44,818
collective goodwill and we was do that

78
00:03:42,509 --> 00:03:47,429
in return so those receipts traded in

79
00:03:44,818 --> 00:03:49,949
the community and what allowed them to

80
00:03:47,430 --> 00:03:52,530
keep their value is that they were

81
00:03:49,949 --> 00:03:54,869
acceptable in payment of taxes and

82
00:03:52,530 --> 00:03:57,090
that's actually what people think our

83
00:03:54,870 --> 00:04:00,030
money is today you see the pictures of

84
00:03:57,090 --> 00:04:01,859
the presidents and on you know on the

85
00:04:00,030 --> 00:04:03,000
coins and the dollar bills and you think

86

00:04:01,859 --> 00:04:05,639
that money is issued by the government

87
00:04:03,000 --> 00:04:07,680
but very little of our money is actually

88
00:04:05,639 --> 00:04:10,139
issued by the government today most of

89
00:04:07,680 --> 00:04:12,900
it is created by private banks when they

90
00:04:10,139 --> 00:04:16,970
make loans and that means that we're

91
00:04:12,900 --> 00:04:22,470
paying tribute to a private monopoly

92
00:04:16,970 --> 00:04:24,510
basically or Oleg opoly that did not

93
00:04:22,470 --> 00:04:25,800
have the money in the first place I mean

94
00:04:24,509 --> 00:04:28,259
you might think all right it's their

95
00:04:25,800 --> 00:04:30,120
money is there gold or whatever and we

96
00:04:28,259 --> 00:04:32,250
want to borrow it so okay we owe them

97
00:04:30,120 --> 00:04:33,149
some interest fair enough but it wasn't

98
00:04:32,250 --> 00:04:35,100
even their money and if

99
00:04:33,149 --> 00:04:37,739
restless they actually create the money

100
00:04:35,100 --> 00:04:41,180

on their books and they created as loans

101

00:04:37,740 --> 00:04:43,319

this was acknowledged a year ago by the

102

00:04:41,180 --> 00:04:45,540

bank of england where they wrote in

103

00:04:43,319 --> 00:04:47,040

their quarterly report because it's you

104

00:04:45,540 --> 00:04:49,170

know people have been debating this for

105

00:04:47,040 --> 00:04:51,210

years but they said contrary to popular

106

00:04:49,170 --> 00:04:52,920

belief banks do not lend their two

107

00:04:51,209 --> 00:04:54,060

closets in other words they're not even

108

00:04:52,920 --> 00:04:55,800

lending their own money they're not

109

00:04:54,060 --> 00:04:58,470

letting our money either as most people

110

00:04:55,800 --> 00:05:01,680

think they actually create deposits in

111

00:04:58,470 --> 00:05:05,850

the process of making much yeah and i

112

00:05:01,680 --> 00:05:07,920

think one of the chief just just to get

113

00:05:05,850 --> 00:05:10,189

into its the Federal Reserve System I

114

00:05:07,920 --> 00:05:12,360

think if nothing else comes out of this

115
00:05:10,189 --> 00:05:14,519
people have to understand that the

116
00:05:12,360 --> 00:05:16,500
federal reserve system is not federal

117
00:05:14,519 --> 00:05:19,709
has nothing to do with the government

118
00:05:16,500 --> 00:05:21,839
and it has no reserves whatsoever it is

119
00:05:19,709 --> 00:05:24,120
just owned by several commercial banks

120
00:05:21,839 --> 00:05:26,789
and it prints money for this country and

121
00:05:24,120 --> 00:05:28,740
as such more or less controls almost

122
00:05:26,790 --> 00:05:31,020
everything and I think that's where

123
00:05:28,740 --> 00:05:33,540
people that listen to the show out of

124
00:05:31,019 --> 00:05:35,759
the conspiracy theorists that's where

125
00:05:33,540 --> 00:05:37,800
they you know it's always like follow

126
00:05:35,759 --> 00:05:39,920
the money follow the money and that's

127
00:05:37,800 --> 00:05:42,810
the yellow brick road if you will of

128
00:05:39,920 --> 00:05:45,449
conspiracy theorists and you bring this

129
00:05:42,810 --> 00:05:48,180
to light I mean I never realized that

130
00:05:45,449 --> 00:05:52,019
banks actually no longer have money I

131
00:05:48,180 --> 00:05:56,129
have I have a question okay just on the

132
00:05:52,019 --> 00:05:59,819
sideline here you mentioned the Wizard

133
00:05:56,129 --> 00:06:02,430
of Oz and they're being of it being an

134
00:05:59,819 --> 00:06:04,849
allegory so to speak of what was going

135
00:06:02,430 --> 00:06:08,220
on in the day and you sort of went into

136
00:06:04,850 --> 00:06:11,640
you know at the time the 1890s and so

137
00:06:08,220 --> 00:06:14,340
forth but frank Baum wrote about eight

138
00:06:11,639 --> 00:06:16,050
books in the series The Wizard of Oz is

139
00:06:14,339 --> 00:06:20,279
there something to be found in each of

140
00:06:16,050 --> 00:06:22,740
them or just the first one well I didn't

141
00:06:20,279 --> 00:06:25,019
actually finish that story so so that

142
00:06:22,740 --> 00:06:28,019
the American colonists issued their own

143

00:06:25,019 --> 00:06:30,269
money then when we became a country that

144
00:06:28,019 --> 00:06:33,149
they issued it until King George forbade

145
00:06:30,269 --> 00:06:34,919
them to do it and then some commentators

146
00:06:33,149 --> 00:06:37,229
say that was the real reason for the

147
00:06:34,920 --> 00:06:39,060
American Revolution that they cut us off

148
00:06:37,230 --> 00:06:43,140
from issuing our own money we had to

149
00:06:39,060 --> 00:06:47,100
borrow from the bank of england and we

150
00:06:43,139 --> 00:06:49,229
didn't have gold so so so we went to war

151
00:06:47,100 --> 00:06:52,020
work to regain the right printer on

152
00:06:49,230 --> 00:06:54,540
money but during the war the Continental

153
00:06:52,019 --> 00:06:56,789
is a currency that they did print got

154
00:06:54,540 --> 00:06:59,970
devalued and so the founding fathers

155
00:06:56,790 --> 00:07:03,360
were afraid to to make that the official

156
00:06:59,970 --> 00:07:07,110
currency so we wound up on a gold system

157
00:07:03,360 --> 00:07:09,120

after all but Abraham Lincoln then and

158

00:07:07,110 --> 00:07:11,160

the banks wound up creating our money on

159

00:07:09,120 --> 00:07:14,819

a fractional reserve system where they

160

00:07:11,160 --> 00:07:16,470

would have a certain amount of gold and

161

00:07:14,819 --> 00:07:18,689

they were allowed to issue their own

162

00:07:16,470 --> 00:07:21,810

banknotes which were paper money I'm

163

00:07:18,689 --> 00:07:23,969

even today it's federal reserve note

164

00:07:21,810 --> 00:07:27,000

means of federal reserve bank note or

165

00:07:23,970 --> 00:07:29,580

promissory note so they would issue

166

00:07:27,000 --> 00:07:31,290

their own banknotes supposedly backed by

167

00:07:29,579 --> 00:07:32,849

gold meaning you could take that note

168

00:07:31,290 --> 00:07:35,610

and get that amount of gold from the

169

00:07:32,850 --> 00:07:39,810

bank but the bank only held about ten

170

00:07:35,610 --> 00:07:41,310

percent of the gold necessary to back

171

00:07:39,810 --> 00:07:43,350

all the notes that they printed so they

172
00:07:41,310 --> 00:07:46,410
were lending out a lot of notes that

173
00:07:43,350 --> 00:07:49,620
were not backed by gold so nine tenths

174
00:07:46,410 --> 00:07:51,090
of their notes were just printed paper

175
00:07:49,620 --> 00:07:52,829
money so that's where the money was

176
00:07:51,089 --> 00:07:54,659
coming from I was created by the banks

177
00:07:52,829 --> 00:07:56,219
on that system and it still is today

178
00:07:54,660 --> 00:07:59,670
even though we're not on the gold

179
00:07:56,220 --> 00:08:02,160
standard and then during the Civil War

180
00:07:59,670 --> 00:08:04,410
Abraham Lincoln in order to avoid

181
00:08:02,160 --> 00:08:06,570
borrowing heavily as you would have had

182
00:08:04,410 --> 00:08:08,520
to do and as typically happens in wars

183
00:08:06,569 --> 00:08:11,730
and you could argue that it's the

184
00:08:08,519 --> 00:08:13,799
bankers the big banks that sort of

185
00:08:11,730 --> 00:08:16,470
precipitate wars or certainly encourage

186
00:08:13,800 --> 00:08:18,900
wars because they always win both ways I

187
00:08:16,470 --> 00:08:22,350
mean they both parties go into debt and

188
00:08:18,899 --> 00:08:25,589
so that they come out the big creditors

189
00:08:22,350 --> 00:08:28,920
of countries after Wars so to avoid that

190
00:08:25,589 --> 00:08:30,779
Abraham Lincoln issued his own current

191
00:08:28,920 --> 00:08:33,690
earth had the government issue its own

192
00:08:30,779 --> 00:08:35,968
currency basically going back to the

193
00:08:33,690 --> 00:08:38,340
system of the American colonists so

194
00:08:35,969 --> 00:08:40,349
these were called us notes or greenbacks

195
00:08:38,340 --> 00:08:41,940
and you can still find us notes today I

196
00:08:40,349 --> 00:08:44,670
know my mother has one in her

197
00:08:41,940 --> 00:08:48,990
collections 95 but anyways she's got one

198
00:08:44,669 --> 00:08:52,049
in an envelope somewhere hmm so and in

199
00:08:48,990 --> 00:08:54,629
the 1890s there was a movement to go

200

00:08:52,049 --> 00:08:57,750
back to that system and this was the

201
00:08:54,629 --> 00:08:59,250
first ever march on Washington where so

202
00:08:57,750 --> 00:09:00,929
that was quite a unique thing and it was

203
00:08:59,250 --> 00:09:03,960
in the news that there were this

204
00:09:00,929 --> 00:09:06,870
these group of people they were out of

205
00:09:03,960 --> 00:09:09,000
work laborers and so forth farmers who

206
00:09:06,870 --> 00:09:11,190
marched all the way from Ohio to

207
00:09:09,000 --> 00:09:13,019
Washington DC so this is a major March I

208
00:09:11,190 --> 00:09:15,000
should just watch it marching around the

209
00:09:13,019 --> 00:09:18,088
capital like they do today but they

210
00:09:15,000 --> 00:09:20,610
march long distances in order to try to

211
00:09:18,089 --> 00:09:22,950
get Congress to go back to issuing their

212
00:09:20,610 --> 00:09:26,250
own money and they would use that money

213
00:09:22,950 --> 00:09:27,540
for one was the good road spill so it

214
00:09:26,250 --> 00:09:29,309

was basically for infrastructure

215

00:09:27,539 --> 00:09:32,399

rebuilding the roads and this would put

216

00:09:29,309 --> 00:09:35,189

labor back to work and another they

217

00:09:32,399 --> 00:09:38,970

would use some other money to make cheap

218

00:09:35,190 --> 00:09:40,649

loans to the state government but of

219

00:09:38,970 --> 00:09:42,480

course it didn't it didn't pass but it

220

00:09:40,649 --> 00:09:45,450

was quite unique this march on

221

00:09:42,480 --> 00:09:48,000

Washington and so that was the basis of

222

00:09:45,450 --> 00:09:51,778

the plot of The Wizard of Oz where

223

00:09:48,000 --> 00:09:55,019

Dorothy and her three friends who are

224

00:09:51,778 --> 00:09:58,429

not exactly human but anyway this motley

225

00:09:55,019 --> 00:10:01,649

crew of people who think they they need

226

00:09:58,429 --> 00:10:04,979

they they're looking outside themselves

227

00:10:01,649 --> 00:10:06,958

for solutions and it turns out that the

228

00:10:04,980 --> 00:10:09,389

wizard that they thought would solve

229
00:10:06,958 --> 00:10:11,069
their problems didn't have the answer or

230
00:10:09,389 --> 00:10:14,580
you know he wasn't the magician that

231
00:10:11,070 --> 00:10:16,800
they thought he was but the the answer

232
00:10:14,580 --> 00:10:19,320
was within themselves frank Baum was

233
00:10:16,799 --> 00:10:22,319
also he was not only a populist to march

234
00:10:19,320 --> 00:10:25,110
by night for William Jennings Bryan than

235
00:10:22,320 --> 00:10:28,589
the populace candidate but he was a

236
00:10:25,110 --> 00:10:30,930
theosophist and that basic premise of

237
00:10:28,589 --> 00:10:35,670
theosophy is you create your own reality

238
00:10:30,929 --> 00:10:38,009
you are what you believe so so they

239
00:10:35,669 --> 00:10:40,139
manage so that side so I tried to carry

240
00:10:38,009 --> 00:10:42,720
that theme through as well in the web of

241
00:10:40,139 --> 00:10:44,639
debt that we can have it all I mean we

242
00:10:42,720 --> 00:10:47,278
can manifest our own reality which

243
00:10:44,639 --> 00:10:49,429
holding us back is this false belief

244
00:10:47,278 --> 00:10:53,100
that we're in debt that were limited by

245
00:10:49,429 --> 00:10:54,689
this debt to people who are lending us

246
00:10:53,100 --> 00:10:57,180
something that should have been ours in

247
00:10:54,690 --> 00:10:59,399
the first place I mean it's really we

248
00:10:57,179 --> 00:11:01,019
have the credit within ourselves we have

249
00:10:59,399 --> 00:11:04,620
the national credit that could just be

250
00:11:01,019 --> 00:11:07,319
issued to create the abundance that we

251
00:11:04,620 --> 00:11:09,539
need and deserve and are actually

252
00:11:07,320 --> 00:11:12,360
capable of manifesting and this has been

253
00:11:09,539 --> 00:11:14,159
done before like in Australia in 1912

254
00:11:12,360 --> 00:11:14,740
about the we set up the Federal Reserve

255
00:11:14,159 --> 00:11:18,039
and they

256
00:11:14,740 --> 00:11:19,570
13 in 1912 Australia was also going

257

00:11:18,039 --> 00:11:21,519
through a depression and they decided

258
00:11:19,570 --> 00:11:24,370
that I mean it was a global depression

259
00:11:21,519 --> 00:11:26,230
and they decided that that the private

260
00:11:24,370 --> 00:11:28,539
banks had failed and that they needed a

261
00:11:26,230 --> 00:11:31,810
public bank too and so the government

262
00:11:28,539 --> 00:11:35,019
set up this truly public bank unlike

263
00:11:31,809 --> 00:11:37,659
ours which is purported to be serving

264
00:11:35,019 --> 00:11:40,120
the government and they used that bank

265
00:11:37,659 --> 00:11:42,269
to just issue the national credit

266
00:11:40,120 --> 00:11:45,100
without backing up by anything they just

267
00:11:42,269 --> 00:11:47,559
paid workers and materials for doing

268
00:11:45,100 --> 00:11:53,009
things for the government and in this

269
00:11:47,559 --> 00:11:53,009
way they funded roadways seaways various

270
00:11:53,070 --> 00:11:58,810
products and they funded their

271
00:11:55,958 --> 00:12:00,819

participation in World War one but the

272

00:11:58,809 --> 00:12:03,429

governor of the bank who is the clever

273

00:12:00,820 --> 00:12:05,500

guy who instituted the system made the

274

00:12:03,429 --> 00:12:07,838

mistake of going to England after that

275

00:12:05,500 --> 00:12:09,759

I'm boasting that the Australian people

276

00:12:07,839 --> 00:12:11,500

didn't need to borrow from the bank of

277

00:12:09,759 --> 00:12:14,439

england that anything that they could

278

00:12:11,500 --> 00:12:16,028

imagine they could have just by you know

279

00:12:14,440 --> 00:12:18,760

they could issue the money and they

280

00:12:16,028 --> 00:12:21,000

could produce the thing and that was

281

00:12:18,759 --> 00:12:23,679

such a threat to the bank of england but

282

00:12:21,000 --> 00:12:25,750

for unknown reasons he passed away

283

00:12:23,679 --> 00:12:27,759

suddenly after that i'll have a heart

284

00:12:25,750 --> 00:12:30,190

attack i mean i don't know that there

285

00:12:27,759 --> 00:12:32,559

was any conspiracy involved there but

286
00:12:30,190 --> 00:12:35,529
after that the bank of england came up

287
00:12:32,559 --> 00:12:37,599
with this new rules new system which was

288
00:12:35,528 --> 00:12:40,450
the central banking system not where

289
00:12:37,600 --> 00:12:42,399
well i think that's been a bad Bugaboo I

290
00:12:40,450 --> 00:12:44,589
mean it's sort of the government never

291
00:12:42,399 --> 00:12:46,450
letting a crisis go to waste as our

292
00:12:44,589 --> 00:12:51,579
present government keeps telling us and

293
00:12:46,450 --> 00:12:53,800
out of the one back in the early 1900's

294
00:12:51,578 --> 00:12:56,289
that gave rise to both the federal

295
00:12:53,799 --> 00:12:59,109
income tax which I believe was passed

296
00:12:56,289 --> 00:13:01,328
that was unconstitutional up until the

297
00:12:59,110 --> 00:13:02,800
time an amendment was passed and i

298
00:13:01,328 --> 00:13:05,229
believe the amendment was passed on

299
00:13:02,799 --> 00:13:08,109
christmas eve with a bare quorum of the

300
00:13:05,230 --> 00:13:11,230
senate president at that time most of

301
00:13:08,110 --> 00:13:13,209
whom had banking affiliations and not

302
00:13:11,230 --> 00:13:16,209
only that but the federal reserve was

303
00:13:13,208 --> 00:13:18,899
also created in that year and i think

304
00:13:16,208 --> 00:13:24,099
the rest of course is just history today

305
00:13:18,899 --> 00:13:27,269
today iceland has a broken away and they

306
00:13:24,100 --> 00:13:28,720
seem to have thrown the bankers out and

307
00:13:27,269 --> 00:13:32,250
started

308
00:13:28,720 --> 00:13:37,180
you and doing pretty well what can you

309
00:13:32,250 --> 00:13:39,278
speak to that yeah well the European

310
00:13:37,179 --> 00:13:41,649
countries in general Iceland was

311
00:13:39,278 --> 00:13:44,049
attempting to get into the EU but they

312
00:13:41,649 --> 00:13:46,600
they weren't and aren't a member of the

313
00:13:44,049 --> 00:13:50,438
EU right country currents countries like

314

00:13:46,600 --> 00:13:52,899
Ireland and Greece were forced to take

315
00:13:50,438 --> 00:13:56,409
these big bailouts from from the troika

316
00:13:52,899 --> 00:14:02,860
that the European Central Bank the IMF

317
00:13:56,409 --> 00:14:05,769
and the EU European Commission in order

318
00:14:02,860 --> 00:14:07,509
to bail bit well first they bailed out

319
00:14:05,769 --> 00:14:10,539
their big banks but they were forced to

320
00:14:07,509 --> 00:14:12,310
do it in order to save the big foreign

321
00:14:10,539 --> 00:14:13,750
investors which would be like Goldman

322
00:14:12,309 --> 00:14:15,609
Sachs you know it was all right bizarre

323
00:14:13,750 --> 00:14:17,528
beings that were invested there so

324
00:14:15,610 --> 00:14:20,980
iceland got in the same sort of trouble

325
00:14:17,528 --> 00:14:24,938
but it was such a huge it would have

326
00:14:20,980 --> 00:14:26,949
bankrupted the people of Iceland if they

327
00:14:24,938 --> 00:14:30,179
had actually actually gone through with

328
00:14:26,948 --> 00:14:32,378

bailing out their big banks and so they

329

00:14:30,179 --> 00:14:34,808

revolted and refused to do it but they

330

00:14:32,379 --> 00:14:37,569

were not part of the EU no I know though

331

00:14:34,808 --> 00:14:39,549

they could get away with it yeah but

332

00:14:37,568 --> 00:14:41,740

there was a big faction that wanted to

333

00:14:39,549 --> 00:14:43,688

be part of the EU and that so there was

334

00:14:41,740 --> 00:14:46,419

a major faction the wish that would have

335

00:14:43,688 --> 00:14:49,419

gone along with this bailout but but the

336

00:14:46,419 --> 00:14:51,278

people revolted and and one well you

337

00:14:49,419 --> 00:14:53,259

wouldn't would you say that was for the

338

00:14:51,278 --> 00:14:57,100

best that the people revolted against

339

00:14:53,259 --> 00:14:59,379

the the idea yeah definitely I mean they

340

00:14:57,100 --> 00:15:01,409

came out they suffered at first as you

341

00:14:59,379 --> 00:15:05,470

would anticipate of course there was a

342

00:15:01,409 --> 00:15:07,958

their currency last value and but but

343
00:15:05,470 --> 00:15:09,610
they've recovered much better than the

344
00:15:07,958 --> 00:15:11,708
it well then Greece for example they're

345
00:15:09,610 --> 00:15:13,120
doing much better than Greece did that

346
00:15:11,708 --> 00:15:14,919
once you get through that initial period

347
00:15:13,120 --> 00:15:17,110
I think we should do the same thing but

348
00:15:14,919 --> 00:15:19,929
of course Greece is a member of the EU

349
00:15:17,110 --> 00:15:23,379
and there's so much pressure for them to

350
00:15:19,929 --> 00:15:26,318
they have they a kind of a different

351
00:15:23,379 --> 00:15:31,329
circumstance I think than Iceland and a

352
00:15:26,318 --> 00:15:33,698
different cultural I me my don't think

353
00:15:31,328 --> 00:15:37,539
it's the right word but you know like

354
00:15:33,698 --> 00:15:39,068
the Icelandic are very independent take

355
00:15:37,539 --> 00:15:40,838
care of themselves kind of people

356
00:15:39,068 --> 00:15:42,069
because they're on that little cold

357
00:15:40,839 --> 00:15:44,470
island

358
00:15:42,070 --> 00:15:46,330
they know that anything that is not on

359
00:15:44,470 --> 00:15:48,670
the island they're going to have to you

360
00:15:46,330 --> 00:15:51,850
know make up for themselves whereas

361
00:15:48,669 --> 00:15:56,529
grease is on a crossroads of a great

362
00:15:51,850 --> 00:15:59,139
deal of of illegal immigration and it

363
00:15:56,529 --> 00:16:01,179
greases in a tight spot but they don't

364
00:15:59,139 --> 00:16:03,580
have the same work ethic as the people

365
00:16:01,179 --> 00:16:06,939
in Iceland do so both things seem to be

366
00:16:03,580 --> 00:16:08,889
working against them I don't know yeah

367
00:16:06,940 --> 00:16:11,590
no I agree that they're in a different

368
00:16:08,889 --> 00:16:14,799
situation but but still they've been

369
00:16:11,590 --> 00:16:15,970
really pushed to the wall and it seems

370
00:16:14,799 --> 00:16:18,849
to me they're going to have to do

371

00:16:15,970 --> 00:16:21,100
something yes it interesting time to see

372
00:16:18,850 --> 00:16:25,000
what happens you don't sound country

373
00:16:21,100 --> 00:16:27,759
Ellen if if you had to guess how many

374
00:16:25,000 --> 00:16:30,759
actual people do you think are behind

375
00:16:27,759 --> 00:16:32,350
this because you can't call it American

376
00:16:30,759 --> 00:16:34,899
or European or anything I mean this is

377
00:16:32,350 --> 00:16:37,090
truly international now how many people

378
00:16:34,899 --> 00:16:42,220
do you think are behind controlling the

379
00:16:37,090 --> 00:16:44,740
money supplies actual individuals I know

380
00:16:42,220 --> 00:16:46,720
at one time they said David Rockefeller

381
00:16:44,740 --> 00:16:50,590
whoo-hoo next month we'll be celebrating

382
00:16:46,720 --> 00:16:52,570
his hundredth anniversary birthday I one

383
00:16:50,590 --> 00:16:56,050
time they said thought David Rockefeller

384
00:16:52,570 --> 00:16:59,620
was at the head of it but i remember

385
00:16:56,049 --> 00:17:01,539

back in you know the book the creature

386

00:16:59,620 --> 00:17:03,879

from jekyll island at that time they

387

00:17:01,539 --> 00:17:06,549

felt seven people control the money

388

00:17:03,879 --> 00:17:09,699

supply of the world do you think it's

389

00:17:06,549 --> 00:17:13,000

still just a handful of individuals well

390

00:17:09,699 --> 00:17:16,810

i know you talk about UFOs when you're

391

00:17:13,000 --> 00:17:19,930

yeah listen nothing is i will tell you

392

00:17:16,809 --> 00:17:22,149

know Ellen nothing is a paranormal as

393

00:17:19,930 --> 00:17:24,100

the money supply I mean you can talk

394

00:17:22,150 --> 00:17:26,530

about go sleep it and how could seven

395

00:17:24,099 --> 00:17:28,959

people even do it I would almost guess

396

00:17:26,529 --> 00:17:31,420

that there are bigger forces you said

397

00:17:28,960 --> 00:17:34,750

yeah this has gone on for centuries

398

00:17:31,420 --> 00:17:37,779

really if you yes back yes what do you

399

00:17:34,750 --> 00:17:40,599

think are these bigger forces well I

400
00:17:37,779 --> 00:17:45,579
wouldn't be surprised if it was some

401
00:17:40,599 --> 00:17:48,069
form of non-human seriously wow you

402
00:17:45,579 --> 00:17:51,369
surprised me by that yeah I think that

403
00:17:48,069 --> 00:17:52,750
she's not the only um lettuce quick do

404
00:17:51,369 --> 00:17:55,629
you mind if I call you a renegade

405
00:17:52,750 --> 00:18:00,490
economist she's not the only one

406
00:17:55,630 --> 00:18:02,950
I've heard other economists suggest

407
00:18:00,490 --> 00:18:05,920
something similar and I kind of bowled

408
00:18:02,950 --> 00:18:07,990
over by it myself when they said it yeah

409
00:18:05,920 --> 00:18:10,840
i can give you two Paul Hellyer was

410
00:18:07,990 --> 00:18:12,910
former defense secretary of Canada and

411
00:18:10,839 --> 00:18:14,709
he says it and he's he's a money

412
00:18:12,910 --> 00:18:17,680
reformer who has written several books

413
00:18:14,710 --> 00:18:20,620
on money reform and Catherine Ashton

414
00:18:17,680 --> 00:18:24,549
said that's the one that is the one that

415
00:18:20,619 --> 00:18:27,279
I her cherry of HUD and lost everything

416
00:18:24,549 --> 00:18:29,139
and was her life was at risk and she you

417
00:18:27,279 --> 00:18:31,389
know she did not want to believe this

418
00:18:29,140 --> 00:18:33,730
either but she tracked her down and she

419
00:18:31,390 --> 00:18:37,480
says that's what it is she's the one

420
00:18:33,730 --> 00:18:39,250
that I heard speaking about met much of

421
00:18:37,480 --> 00:18:41,769
the same things that you're speaking

422
00:18:39,250 --> 00:18:44,950
about she's the one who said she thought

423
00:18:41,769 --> 00:18:47,920
that there was something unusual behind

424
00:18:44,950 --> 00:18:50,410
this it is that it's so powerful I mean

425
00:18:47,920 --> 00:18:52,870
how could any family be that powerful I

426
00:18:50,410 --> 00:18:55,000
mean look at the military with chem

427
00:18:52,869 --> 00:18:56,709
trails and harp and all the things that

428

00:18:55,000 --> 00:18:58,930
we know they're capable of they want to

429
00:18:56,710 --> 00:19:02,920
control the weather by 2025 I mean that

430
00:18:58,930 --> 00:19:04,360
was that was totally published in 1999

431
00:19:02,920 --> 00:19:06,070
the Air Force came out with the thing

432
00:19:04,359 --> 00:19:08,909
that said controlling the weather by

433
00:19:06,069 --> 00:19:11,439
2025 and their their alleged

434
00:19:08,910 --> 00:19:13,990
justification was that the tools are

435
00:19:11,440 --> 00:19:15,970
there I guess there are like 150 patents

436
00:19:13,990 --> 00:19:19,059
or something and controlling the weather

437
00:19:15,970 --> 00:19:21,460
yes anything and I'm sorry go Hannah

438
00:19:19,059 --> 00:19:24,490
sorry if the tools are there and

439
00:19:21,460 --> 00:19:27,069
therefore we the Americans need to be

440
00:19:24,490 --> 00:19:29,470
first somebody else doesn't use them

441
00:19:27,069 --> 00:19:32,049
against do you think that you know

442
00:19:29,470 --> 00:19:34,029

Russia might be using it against us now

443

00:19:32,049 --> 00:19:36,399

in our far west I mean I've heard no

444

00:19:34,029 --> 00:19:38,410

thrown out no I think China is doing it

445

00:19:36,400 --> 00:19:40,150

to California because it'd be easy for

446

00:19:38,410 --> 00:19:42,100

their both Pacific nations and now I

447

00:19:40,150 --> 00:19:44,080

have the specific trade agreement going

448

00:19:42,099 --> 00:19:45,759

on and this enormous drought in

449

00:19:44,079 --> 00:19:47,529

California that's killing this they

450

00:19:45,759 --> 00:19:50,379

think it's China I think it's rush about

451

00:19:47,529 --> 00:19:53,440

that go figure but it's aliens didn't

452

00:19:50,380 --> 00:19:55,090

even get that technology I'm yeah you

453

00:19:53,440 --> 00:19:57,130

know you know I'll tell you the truth I

454

00:19:55,089 --> 00:20:00,369

think it goes back to Sitchin and the

455

00:19:57,130 --> 00:20:03,790

old biblical days and you know the of

456

00:20:00,369 --> 00:20:05,289

the Templars yeah the Templars I love

457
00:20:03,789 --> 00:20:07,509
that i was tempted to write about that i

458
00:20:05,289 --> 00:20:08,859
would that way to my next book but i can

459
00:20:07,509 --> 00:20:11,650
although me say this on your show

460
00:20:08,859 --> 00:20:13,839
but you know I'm head of the public the

461
00:20:11,650 --> 00:20:18,400
Institute and they they discourage me

462
00:20:13,839 --> 00:20:22,209
from going too far I'll say where did we

463
00:20:18,400 --> 00:20:24,040
come from what it's up it's obviously

464
00:20:22,210 --> 00:20:27,759
all connected I mean you can't

465
00:20:24,039 --> 00:20:30,909
disconnect your sis you are your DNA

466
00:20:27,759 --> 00:20:32,980
from now you can't and look at this the

467
00:20:30,910 --> 00:20:35,019
Knights Templar go down to Jerusalem

468
00:20:32,980 --> 00:20:36,940
come back with the treasure of Solomon

469
00:20:35,019 --> 00:20:38,440
not seven guys are not going to slip

470
00:20:36,940 --> 00:20:41,320
back a whole bunch of jewels from

471
00:20:38,440 --> 00:20:43,929
Jerusalem they came back with the idea

472
00:20:41,319 --> 00:20:46,779
of fractional reserve and compound

473
00:20:43,929 --> 00:20:50,048
interest and those two ideas alone

474
00:20:46,779 --> 00:20:52,599
allowed them to initially gather up the

475
00:20:50,048 --> 00:20:54,849
entire money supply of Europe obviously

476
00:20:52,599 --> 00:20:58,119
they became an terrible threat to the

477
00:20:54,849 --> 00:21:00,609
Kings they were killed off and but the

478
00:20:58,119 --> 00:21:02,519
Kings by then learned how to do this and

479
00:21:00,609 --> 00:21:04,689
as you said then the Bank of England

480
00:21:02,519 --> 00:21:07,179
institutionalized Frank fractional

481
00:21:04,690 --> 00:21:09,308
banking and the rest becomes history and

482
00:21:07,179 --> 00:21:12,220
and so where did Solomon learn all this

483
00:21:09,308 --> 00:21:14,319
from he was a brilliant individual and

484
00:21:12,220 --> 00:21:16,600
perhaps he figured it out I don't know I

485

00:21:14,319 --> 00:21:19,509
don't know but that's my little theory

486
00:21:16,599 --> 00:21:22,928
or not but yeah somebody somewhere was

487
00:21:19,509 --> 00:21:27,879
afraid he told ya there was a theory out

488
00:21:22,929 --> 00:21:30,820
there floated about ancient Africa down

489
00:21:27,880 --> 00:21:34,809
in the southeast of Africa where the

490
00:21:30,819 --> 00:21:36,849
gold mines now all right namibia and i

491
00:21:34,808 --> 00:21:39,730
can't think of the name I guess South

492
00:21:36,849 --> 00:21:42,990
Africa and a few of those other

493
00:21:39,730 --> 00:21:46,690
countries and if you go in on a

494
00:21:42,990 --> 00:21:49,269
helicopter ride or if you were taking

495
00:21:46,690 --> 00:21:53,350
pictures from space you can see these

496
00:21:49,269 --> 00:21:56,470
kind of unusual circles and there was

497
00:21:53,349 --> 00:22:00,699
some kind of its Adams calendar yeah

498
00:21:56,470 --> 00:22:04,269
theory formulated that there were there

499
00:22:00,700 --> 00:22:06,460

were some aliens and I'm this is a total

500

00:22:04,269 --> 00:22:08,259

theory i'm not saying i subscribe to it

501

00:22:06,460 --> 00:22:10,090

but i'm throwing it out there because

502

00:22:08,259 --> 00:22:13,629

we're talking about these things that

503

00:22:10,089 --> 00:22:16,808

there were some form of aliens that had

504

00:22:13,630 --> 00:22:19,270

enslaved the humans much as some of the

505

00:22:16,808 --> 00:22:22,629

population of africa is enslaved now by

506

00:22:19,269 --> 00:22:25,960

the mine owners and these aliens were

507

00:22:22,630 --> 00:22:29,500

were bound to take the gold out and they

508

00:22:25,960 --> 00:22:33,220

valued the gold as we value the gold

509

00:22:29,500 --> 00:22:37,720

which brings up a question what is so

510

00:22:33,220 --> 00:22:40,930

special about gold and and what effect

511

00:22:37,720 --> 00:22:43,390

is bitchin yeah what would it what do

512

00:22:40,930 --> 00:22:45,039

you feel about the ghost standard Ellen

513

00:22:43,390 --> 00:22:46,930

I mean what do you do you have any

514
00:22:45,039 --> 00:22:49,720
theories about that what is so special

515
00:22:46,930 --> 00:22:53,250
about gold because it's always been

516
00:22:49,720 --> 00:22:56,829
valued well going back to Sitchin

517
00:22:53,250 --> 00:22:59,559
supposedly there was the gods who came

518
00:22:56,829 --> 00:23:02,679
down were or the aliens who came down

519
00:22:59,559 --> 00:23:04,299
we're looking for gold because it wasn't

520
00:23:02,680 --> 00:23:07,150
the real it wasn't the actual physical

521
00:23:04,299 --> 00:23:08,769
gold but the essence of gold and I think

522
00:23:07,150 --> 00:23:11,470
it was it was either the thing that

523
00:23:08,769 --> 00:23:14,289
allowed them to have an eternal life or

524
00:23:11,470 --> 00:23:16,180
I read somewhere that it was it was like

525
00:23:14,289 --> 00:23:19,509
chem trails that they because they had

526
00:23:16,180 --> 00:23:23,110
destroyed the atmosphere on their planet

527
00:23:19,509 --> 00:23:24,759
they needed the gold it was to you know

528
00:23:23,109 --> 00:23:28,959
if you put that up in the atmosphere you

529
00:23:24,759 --> 00:23:30,400
could you could block out the or somehow

530
00:23:28,960 --> 00:23:32,049
you could restore the environment they

531
00:23:30,400 --> 00:23:34,840
had destroyed their atmosphere just as

532
00:23:32,049 --> 00:23:37,659
we are destroying ours now and they

533
00:23:34,839 --> 00:23:39,509
needed it for their chem trails and

534
00:23:37,660 --> 00:23:43,029
things I think that was a decision

535
00:23:39,509 --> 00:23:45,279
anyway mr. Callander who is written

536
00:23:43,029 --> 00:23:48,460
about that has telling the gold mines in

537
00:23:45,279 --> 00:23:49,869
Africa yeah all right so you know it's

538
00:23:48,460 --> 00:23:54,160
interesting let's go to the gold mines

539
00:23:49,869 --> 00:23:56,079
in the enslavement uh how the thing that

540
00:23:54,160 --> 00:23:59,050
I could never get straight in my head is

541
00:23:56,079 --> 00:24:02,500
how again a handful forget it aliens

542

00:23:59,049 --> 00:24:05,889
humans whatever can control literally

543
00:24:02,500 --> 00:24:08,140
billions of people I think you make that

544
00:24:05,890 --> 00:24:10,120
point so well in your book like

545
00:24:08,140 --> 00:24:12,700
everybody waits for the white knight to

546
00:24:10,119 --> 00:24:16,359
come over the horizon and save us all

547
00:24:12,700 --> 00:24:18,880
from ourselves but unless we again like

548
00:24:16,359 --> 00:24:21,339
in The Wizard of Oz unless we take care

549
00:24:18,880 --> 00:24:24,310
of it ourselves ain't nobody coming over

550
00:24:21,339 --> 00:24:26,619
the horizon and so you have to spread

551
00:24:24,309 --> 00:24:29,819
the knowledge and knowledge is power and

552
00:24:26,619 --> 00:24:32,409
I think that's one of the reasons that

553
00:24:29,819 --> 00:24:34,960
economics and so on is always considered

554
00:24:32,410 --> 00:24:36,200
such an obscure topic and you know don't

555
00:24:34,960 --> 00:24:38,058
bother your head

556
00:24:36,200 --> 00:24:40,880

out the Federal Reserve System it's

557

00:24:38,058 --> 00:24:43,190

there for you don't worry about it and I

558

00:24:40,880 --> 00:24:46,039

I think that's how they keep us all

559

00:24:43,190 --> 00:24:48,590

under their thumb yeah no I totally

560

00:24:46,038 --> 00:24:51,288

totally agree they make it obscure they

561

00:24:48,589 --> 00:24:53,240

make it a boring they make it they use

562

00:24:51,288 --> 00:24:54,619

their own language so that even if you

563

00:24:53,240 --> 00:24:56,450

try to read about it and you're willing

564

00:24:54,619 --> 00:24:57,469

to put up with boredom you still don't

565

00:24:56,450 --> 00:24:59,269

know what they're talking about because

566

00:24:57,470 --> 00:25:01,009

you don't understand the words are using

567

00:24:59,269 --> 00:25:02,899

so that's what I tried to do in the web

568

00:25:01,009 --> 00:25:05,898

of debt was to translate a lot of that

569

00:25:02,898 --> 00:25:08,569

stuff i'm actually a lawyer by training

570

00:25:05,898 --> 00:25:10,609

so I you know research is my thing and

571
00:25:08,569 --> 00:25:13,278
but well I was a writer before as a

572
00:25:10,609 --> 00:25:14,898
lawyer when it I tried to be a writer

573
00:25:13,278 --> 00:25:16,609
and figured out that as a young person

574
00:25:14,898 --> 00:25:19,158
there was no way I could support myself

575
00:25:16,609 --> 00:25:21,349
as the writers are in Alaska but any but

576
00:25:19,159 --> 00:25:23,289
I you know so with writing web of debt i

577
00:25:21,349 --> 00:25:25,788
really enjoyed using my writing skills

578
00:25:23,288 --> 00:25:28,129
putting the hook you know making it a

579
00:25:25,788 --> 00:25:32,990
story trying to make every chapter a

580
00:25:28,130 --> 00:25:34,940
page-turner and so that money truly is

581
00:25:32,990 --> 00:25:37,308
power I mean that really does make the

582
00:25:34,940 --> 00:25:39,889
world go round and if everybody

583
00:25:37,308 --> 00:25:41,359
understood it better a lot of the not

584
00:25:39,888 --> 00:25:43,778
only would the wealth be redistributed

585
00:25:41,359 --> 00:25:46,490
as nowadays everybody's you know

586
00:25:43,778 --> 00:25:48,558
inequality blah blah blah but I think

587
00:25:46,490 --> 00:25:50,870
the thing is not so much that wealth

588
00:25:48,558 --> 00:25:53,808
gets redistributed but the knowledge of

589
00:25:50,869 --> 00:25:57,500
money gets redistributed and then if

590
00:25:53,808 --> 00:26:00,980
people understood what was going on I

591
00:25:57,500 --> 00:26:03,950
think that would stop a lot of the not

592
00:26:00,980 --> 00:26:06,740
so much inequality because but not to

593
00:26:03,950 --> 00:26:08,659
get into that topic but ah but it would

594
00:26:06,740 --> 00:26:11,538
it would just sort of even the playing

595
00:26:08,659 --> 00:26:14,120
field a lot all right as money is

596
00:26:11,538 --> 00:26:16,819
control and I think that how we've been

597
00:26:14,119 --> 00:26:18,619
captured is through this whole money

598
00:26:16,819 --> 00:26:21,230
system where they make us think we're in

599

00:26:18,619 --> 00:26:22,939
debt this one we need I mean we as a

600
00:26:21,230 --> 00:26:25,009
country needn't be in debt we could

601
00:26:22,940 --> 00:26:26,600
issue our own money everybody thinks

602
00:26:25,009 --> 00:26:28,429
that would be inflationary but it

603
00:26:26,599 --> 00:26:31,278
wouldn't we're at the point right now

604
00:26:28,429 --> 00:26:33,830
where well even if you just look at the

605
00:26:31,278 --> 00:26:36,919
numbers after two thousand eight the

606
00:26:33,829 --> 00:26:39,019
shadow banking system which is a m3 I

607
00:26:36,919 --> 00:26:41,480
won't even try to explain that but the

608
00:26:39,019 --> 00:26:43,130
shadow banking system shrunk by four

609
00:26:41,480 --> 00:26:46,278
trillion dollars this is according to

610
00:26:43,130 --> 00:26:49,100
the Federal Reserve's own figures and so

611
00:26:46,278 --> 00:26:50,210
so we you could add four trillion

612
00:26:49,099 --> 00:26:51,859
dollars to the system

613
00:26:50,210 --> 00:26:55,610

you'd only be back to where we were in

614

00:26:51,859 --> 00:26:59,929

2008 plus there's the fact that when

615

00:26:55,609 --> 00:27:02,119

when you add money to the system it's I

616

00:26:59,930 --> 00:27:04,400

mean assuming how you add it but don't

617

00:27:02,119 --> 00:27:07,729

use it for derivatives and speculative

618

00:27:04,400 --> 00:27:09,710

things or to bail out banks but if you

619

00:27:07,730 --> 00:27:12,069

use that money use a government print

620

00:27:09,710 --> 00:27:14,900

money and pay workers and materials as

621

00:27:12,069 --> 00:27:18,230

like Lincoln did and built the railroads

622

00:27:14,900 --> 00:27:20,210

and all those things with them or like

623

00:27:18,230 --> 00:27:22,160

the American colonists did and totally

624

00:27:20,210 --> 00:27:24,049

developed their colony of course there

625

00:27:22,160 --> 00:27:28,670

is no such thing as derivatives and

626

00:27:24,049 --> 00:27:31,599

speculative investments then so if you

627

00:27:28,670 --> 00:27:33,860

do that pay for real productive things

628
00:27:31,599 --> 00:27:36,319
then you're putting money in people's

629
00:27:33,859 --> 00:27:38,500
pockets absolutely we'll go out and

630
00:27:36,319 --> 00:27:41,509
spend it on the things they need and

631
00:27:38,500 --> 00:27:45,079
that means more things will be made like

632
00:27:41,509 --> 00:27:47,150
you when you if the shoe salesman sees

633
00:27:45,079 --> 00:27:49,730
he's got a lot more customers he doesn't

634
00:27:47,150 --> 00:27:52,130
raised his prices he puts in a lot more

635
00:27:49,730 --> 00:27:54,650
orders to the shoe factory and then the

636
00:27:52,130 --> 00:27:56,000
shoe factory tires more people and makes

637
00:27:54,650 --> 00:27:58,850
more shoes so that's the first thing

638
00:27:56,000 --> 00:28:01,400
they do is increase production and only

639
00:27:58,849 --> 00:28:03,730
when they can't produce any more do

640
00:28:01,400 --> 00:28:05,930
prices go up and right now because of

641
00:28:03,730 --> 00:28:09,230
outsourcing which is obviously bad for

642
00:28:05,930 --> 00:28:12,560
our labor but it's good in terms of how

643
00:28:09,230 --> 00:28:14,150
much availability or how much ability to

644
00:28:12,559 --> 00:28:16,539
produce is out there we've got

645
00:28:14,150 --> 00:28:21,610
outsourcing and we've got mechanization

646
00:28:16,539 --> 00:28:24,379
so we're a long way from using up our

647
00:28:21,609 --> 00:28:28,069
productive capacity and only when you

648
00:28:24,380 --> 00:28:31,220
hit full employment and run out of

649
00:28:28,069 --> 00:28:33,980
materials do do prices go up well

650
00:28:31,220 --> 00:28:36,259
because certainly our infrastructure

651
00:28:33,980 --> 00:28:39,289
could use some help I mean just looking

652
00:28:36,259 --> 00:28:41,660
at this this terrible train tragedy

653
00:28:39,289 --> 00:28:45,049
which just occurred and when we look

654
00:28:41,660 --> 00:28:48,410
overseas and we see that the trains that

655
00:28:45,049 --> 00:28:53,629
are available in europe and china and

656

00:28:48,410 --> 00:28:58,070
japan i had on my blog a suggestion

657
00:28:53,630 --> 00:29:01,450
about doing a solar kind of a partially

658
00:28:58,069 --> 00:29:04,038
solar train that would run very quickly

659
00:29:01,450 --> 00:29:07,009
half-buried you know sort of in a group

660
00:29:04,038 --> 00:29:09,378
in the ground and a few people came back

661
00:29:07,009 --> 00:29:11,329
to me and said it was a great idea but

662
00:29:09,378 --> 00:29:14,388
of course you know I'm not an engineer

663
00:29:11,329 --> 00:29:17,808
and not none of that stuff is going to

664
00:29:14,388 --> 00:29:19,898
happen but it's the it's the ideas

665
00:29:17,808 --> 00:29:24,168
having the ideas put out there and

666
00:29:19,898 --> 00:29:28,248
looking to improve our country rather

667
00:29:24,169 --> 00:29:30,739
than financing both sides of of a Middle

668
00:29:28,249 --> 00:29:33,379
Eastern debacle now that we apparently

669
00:29:30,739 --> 00:29:37,519
are buying through some other channels

670
00:29:33,378 --> 00:29:40,189

the petroleum that ISIL is selling or

671

00:29:37,519 --> 00:29:41,960

better yet even having the federal

672

00:29:40,190 --> 00:29:45,080

government account for the seven

673

00:29:41,960 --> 00:29:47,179

trillion dollar subsidy that was what

674

00:29:45,079 --> 00:29:49,848

was that the underwriting everything and

675

00:29:47,179 --> 00:29:52,700

oddly enough that seven trillion dollars

676

00:29:49,848 --> 00:29:54,979

just sorta disappeared oh well I guess

677

00:29:52,700 --> 00:29:57,169

bill and I look at Catherine I stand

678

00:29:54,979 --> 00:29:59,119

fits in trouble was she yeah I was a

679

00:29:57,169 --> 00:30:02,090

time when you go to disappeared and she

680

00:29:59,118 --> 00:30:03,499

started reporting on it yeah well seven

681

00:30:02,089 --> 00:30:06,678

trillion dollars would get you killed

682

00:30:03,499 --> 00:30:10,339

I'm sure but I you know it's a shame no

683

00:30:06,679 --> 00:30:13,190

but but I I think there has to be like

684

00:30:10,339 --> 00:30:15,228

and what about an outside auditor would

685
00:30:13,190 --> 00:30:17,899
that ever work do you think or is that

686
00:30:15,229 --> 00:30:22,278
just really asking for trouble an

687
00:30:17,898 --> 00:30:25,248
auditor of the Fed yeah I'm well the fed

688
00:30:22,278 --> 00:30:30,378
claims that they are audited they audit

689
00:30:25,249 --> 00:30:33,348
themselves and then I audit myself too

690
00:30:30,378 --> 00:30:38,839
yeah me too unfortunately the IRS comes

691
00:30:33,348 --> 00:30:41,450
along and reordered to me a smaller

692
00:30:38,839 --> 00:30:44,238
point but still part of the point

693
00:30:41,450 --> 00:30:49,129
because everybody you know is a part of

694
00:30:44,239 --> 00:30:52,808
the whole and um in the last 15 years or

695
00:30:49,128 --> 00:30:56,778
so we have seen banks come along and

696
00:30:52,808 --> 00:31:00,678
legitimately seize people's homes for

697
00:30:56,778 --> 00:31:04,429
loans they never took oh don't get her

698
00:31:00,679 --> 00:31:06,320
started on the mortgage situation no but

699
00:31:04,429 --> 00:31:08,359
this is that was a beauty the government

700
00:31:06,319 --> 00:31:10,308
who was it Frank and those guys that

701
00:31:08,358 --> 00:31:12,798
came up with that whole you know you

702
00:31:10,308 --> 00:31:14,720
have to lend people money oh they can't

703
00:31:12,798 --> 00:31:16,878
pay it back it's okay give it to him

704
00:31:14,720 --> 00:31:17,809
anyway but jeez and they went bankrupt

705
00:31:16,878 --> 00:31:19,849
no no

706
00:31:17,809 --> 00:31:21,679
no but what I'm talking about I'm that

707
00:31:19,849 --> 00:31:24,369
may very well be I'm not arguing that

708
00:31:21,680 --> 00:31:27,950
point what I am saying is that

709
00:31:24,369 --> 00:31:30,469
individual banks could somebody let's

710
00:31:27,950 --> 00:31:33,410
say the dime Savings Bank or the Chase

711
00:31:30,470 --> 00:31:37,549
Manhattan Bank can tell that's a long

712
00:31:33,410 --> 00:31:40,250
time ago job showing my age but say the

713

00:31:37,549 --> 00:31:43,190
the Chase Manhattan Bank can come to

714
00:31:40,250 --> 00:31:45,890
Kate Valentine's house and say that she

715
00:31:43,190 --> 00:31:48,740
has an outstanding loan which she never

716
00:31:45,890 --> 00:31:51,290
took and then it's up to her to prove

717
00:31:48,740 --> 00:31:54,170
that she didn't have the loan and as a

718
00:31:51,289 --> 00:31:57,649
result of this sort of of real crooked

719
00:31:54,170 --> 00:31:59,990
crooked crooked activity individuals who

720
00:31:57,650 --> 00:32:03,620
have their homes all paid off no debts

721
00:31:59,990 --> 00:32:05,599
or losing their homes yeah and then you

722
00:32:03,619 --> 00:32:09,439
have to pay an attorney to get it back

723
00:32:05,599 --> 00:32:11,779
as well yeah theoretically your innocent

724
00:32:09,440 --> 00:32:14,120
until proven guilty I saw another case

725
00:32:11,779 --> 00:32:16,129
is similar I mean it's related but it's

726
00:32:14,119 --> 00:32:18,319
not about home but now they have this

727
00:32:16,130 --> 00:32:20,540

limit of you can only take out or

728

00:32:18,319 --> 00:32:23,480

deposit ten thousand dollars in cash

729

00:32:20,539 --> 00:32:28,069

yeah at one time yeah so a gas station

730

00:32:23,480 --> 00:32:32,360

owner was depositing like several \$3,000

731

00:32:28,069 --> 00:32:33,769

at a time and they took his entire bank

732

00:32:32,359 --> 00:32:36,349

account of a hundred thousand dollars

733

00:32:33,769 --> 00:32:39,259

because they said that was a serial

734

00:32:36,349 --> 00:32:41,389

deposit of cash which added up to more

735

00:32:39,259 --> 00:32:43,940

than ten thousand dollars in some period

736

00:32:41,390 --> 00:32:46,400

of time right right I mean obviously a

737

00:32:43,940 --> 00:32:48,590

gas station attendant takes cash and of

738

00:32:46,400 --> 00:32:51,440

course it or not dealing in drugs he's

739

00:32:48,589 --> 00:32:54,439

dealing in gas like our coal only takes

740

00:32:51,440 --> 00:32:56,150

cash but so so then the government was

741

00:32:54,440 --> 00:32:59,390

going to give him a settlement of they

742
00:32:56,150 --> 00:33:01,640
would give \$50,000 of it back and he's

743
00:32:59,390 --> 00:33:05,080
fighting it which is good but yeah I

744
00:33:01,640 --> 00:33:08,180
mean why should you have to prove that

745
00:33:05,079 --> 00:33:09,949
that Ramona prove it you were not you

746
00:33:08,180 --> 00:33:11,779
were innocent years if they're supposed

747
00:33:09,950 --> 00:33:13,759
to prove that you're guilty and local

748
00:33:11,779 --> 00:33:17,149
and local police department seized

749
00:33:13,759 --> 00:33:19,190
assets of people that they stopped that

750
00:33:17,150 --> 00:33:23,200
they suspect of a crime but have not

751
00:33:19,190 --> 00:33:26,660
even been a convicted or even charged

752
00:33:23,200 --> 00:33:29,870
officially you know by-by the the court

753
00:33:26,660 --> 00:33:31,850
with a crime and they come along and

754
00:33:29,869 --> 00:33:35,329
take your car because they

755
00:33:31,849 --> 00:33:37,129
have a they have a report that you know

756
00:33:35,329 --> 00:33:39,319
you were involved in a drug deal in

757
00:33:37,130 --> 00:33:42,710
Chicago so they take your car in

758
00:33:39,319 --> 00:33:44,869
Virginia and you know you were never you

759
00:33:42,710 --> 00:33:48,200
were never proven guilty of any any such

760
00:33:44,869 --> 00:33:49,849
thing mmhmm yeah and it's a way it's a

761
00:33:48,200 --> 00:33:52,370
way that they supplement their incomes

762
00:33:49,849 --> 00:33:54,829
because there isn't enough tax money out

763
00:33:52,369 --> 00:33:56,808
there we but you were definitely headed

764
00:33:54,829 --> 00:33:59,119
for a police state I mean I think all

765
00:33:56,808 --> 00:34:02,480
this repressive stuff that's going on is

766
00:33:59,119 --> 00:34:05,269
it's the last thrashings of the dinosaur

767
00:34:02,480 --> 00:34:08,690
that they're you know desperately trying

768
00:34:05,269 --> 00:34:12,409
to protect their billions so what I'm

769
00:34:08,690 --> 00:34:14,599
the mobs which will be irate Lee coming

770

00:34:12,409 --> 00:34:16,878
coming after them it's the more and more

771
00:34:14,599 --> 00:34:18,918
I mean they can't suppress the knowledge

772
00:34:16,878 --> 00:34:21,799
that we're all getting from the internet

773
00:34:18,918 --> 00:34:25,190
and firm shows like yours that expose

774
00:34:21,800 --> 00:34:27,350
all these what's really going on it used

775
00:34:25,190 --> 00:34:28,878
to be they can control the mass media

776
00:34:27,349 --> 00:34:31,339
and that's how they control people's

777
00:34:28,878 --> 00:34:35,179
thinking but but the mass media are

778
00:34:31,340 --> 00:34:37,940
losing market share so what so my friend

779
00:34:35,179 --> 00:34:40,340
David B Edney and I'm sure he's uh he's

780
00:34:37,940 --> 00:34:43,070
got this quote from somebody else like

781
00:34:40,340 --> 00:34:46,460
we're six meals short of a revolution

782
00:34:43,070 --> 00:34:47,690
you know it people just have to miss six

783
00:34:46,460 --> 00:34:49,760
meals and there's going to be a

784
00:34:47,690 --> 00:34:54,050

revolution what should the average

785

00:34:49,760 --> 00:34:56,720

person do to preserve their life to be

786

00:34:54,050 --> 00:35:03,700

able to live a decently you know

787

00:34:56,719 --> 00:35:07,009

according to to you Ellen Brown well I'm

788

00:35:03,699 --> 00:35:09,049

can say what you should do and I mean

789

00:35:07,010 --> 00:35:11,630

I'm one of those do what I say not what

790

00:35:09,050 --> 00:35:13,730

I do should have a garden but do I have

791

00:35:11,630 --> 00:35:15,170

a garden no I live in a condominium I

792

00:35:13,730 --> 00:35:17,960

mean there's no place to have a garden

793

00:35:15,170 --> 00:35:19,730

here so I mean you should don't you grow

794

00:35:17,960 --> 00:35:22,340

your own food if you're capable of it if

795

00:35:19,730 --> 00:35:24,079

you've got a place to do it you should

796

00:35:22,340 --> 00:35:26,450

definitely keep some cash at home

797

00:35:24,079 --> 00:35:28,159

they're trying to make cash illegal

798

00:35:26,449 --> 00:35:31,849

basically I mean there's this there's

799

00:35:28,159 --> 00:35:33,710

this cashless society movement where I I

800

00:35:31,849 --> 00:35:35,358

think one reason they're doing it is

801

00:35:33,710 --> 00:35:38,150

they want to be able to bail in our

802

00:35:35,358 --> 00:35:40,759

money if if the big banks go down and

803

00:35:38,150 --> 00:35:43,519

our money is just numbers in their in

804

00:35:40,760 --> 00:35:44,990

their account is just here with the new

805

00:35:43,519 --> 00:35:49,509

bail and system that they

806

00:35:44,989 --> 00:35:52,339

a the big banks are supposed to

807

00:35:49,510 --> 00:35:54,920

recapitalize themselves by conferred

808

00:35:52,340 --> 00:35:56,930

literally by converting our deposits

809

00:35:54,920 --> 00:35:58,909

into their capital so they can actually

810

00:35:56,929 --> 00:36:00,710

they're actually allowed to confiscate

811

00:35:58,909 --> 00:36:02,960

our deposits and we can't even sue about

812

00:36:00,710 --> 00:36:05,199

it it's legal I mean that's the law they

813
00:36:02,960 --> 00:36:08,599
would join there in the darkness in

814
00:36:05,199 --> 00:36:10,909
Cyprus yeah of doing it yeah what they

815
00:36:08,599 --> 00:36:12,980
did in Cyprus is the law that was just

816
00:36:10,909 --> 00:36:17,750
like the trial run it's now the law as

817
00:36:12,980 --> 00:36:22,519
of last November at when they all met in

818
00:36:17,750 --> 00:36:24,199
Brisbane a g20 met in Brisbane and click

819
00:36:22,519 --> 00:36:25,309
their stamp of approval on it of course

820
00:36:24,199 --> 00:36:26,929
they probably don't even know what

821
00:36:25,309 --> 00:36:29,449
they're proving they Wiz in it's like

822
00:36:26,929 --> 00:36:31,969
this TPP which we don't even get to know

823
00:36:29,449 --> 00:36:34,399
what's in it but they the way they've

824
00:36:31,969 --> 00:36:36,649
managed to get it passed the Senate is

825
00:36:34,400 --> 00:36:39,200
they negotiate it's like okay you don't

826
00:36:36,650 --> 00:36:41,240
like that provision but or they want

827

00:36:39,199 --> 00:36:43,849
this provision in it and then they make

828
00:36:41,239 --> 00:36:45,919
a deal but then they're leaving these

829
00:36:43,849 --> 00:36:48,559
outrageous things in it where we're

830
00:36:45,920 --> 00:36:52,550
totally going to be at the mercy of big

831
00:36:48,559 --> 00:36:54,130
international well you know it what is

832
00:36:52,550 --> 00:36:56,480
that that they said you know will

833
00:36:54,130 --> 00:37:01,570
understand the law after we pass it and

834
00:36:56,480 --> 00:37:04,699
you're screwed I'll tell you later yeah

835
00:37:01,570 --> 00:37:07,519
my team debtors prison so you think

836
00:37:04,699 --> 00:37:09,139
basically you have to almost go back to

837
00:37:07,519 --> 00:37:11,570
the days of the colonies you make your

838
00:37:09,139 --> 00:37:14,210
own food hunt your own animals you know

839
00:37:11,570 --> 00:37:15,970
get a gun at the front door and join

840
00:37:14,210 --> 00:37:18,710
with hey neighbors and make a militia

841
00:37:15,969 --> 00:37:22,009

yeah if you can yeah that's right all

842

00:37:18,710 --> 00:37:24,320

the ammunition if where I live in Los

843

00:37:22,010 --> 00:37:25,970

Angeles if there's a big holocaust I

844

00:37:24,320 --> 00:37:28,010

mean I'm just going down with the ship

845

00:37:25,969 --> 00:37:30,409

because I don't have a way to get out of

846

00:37:28,010 --> 00:37:32,780

the city or a place to escape dude I

847

00:37:30,409 --> 00:37:34,940

mean I just assented I'm exactly

848

00:37:32,780 --> 00:37:36,740

gambling I think I just don't value my

849

00:37:34,940 --> 00:37:39,230

life all that much I mean I it's so

850

00:37:36,739 --> 00:37:42,289

interesting being on the team that's

851

00:37:39,230 --> 00:37:44,059

trying to to fight it off you know I

852

00:37:42,289 --> 00:37:46,400

don't really care if I mean I'm gambling

853

00:37:44,059 --> 00:37:48,769

that will win I think we will win it's

854

00:37:46,400 --> 00:37:52,880

not easy to grow your own food I and I'm

855

00:37:48,769 --> 00:37:55,489

I'm out trying to grow my food and you

856
00:37:52,880 --> 00:37:58,160
know I managed to get a few pairs every

857
00:37:55,489 --> 00:37:58,769
year an apple or two that doesn't get

858
00:37:58,159 --> 00:38:01,170
eaten by

859
00:37:58,769 --> 00:38:03,960
birds a few strawberries in here and

860
00:38:01,170 --> 00:38:06,240
seven and seven Tomatoes you know and

861
00:38:03,960 --> 00:38:08,010
and and all of a sudden I wake up one

862
00:38:06,239 --> 00:38:11,459
morning and all my beans are eaten by

863
00:38:08,010 --> 00:38:13,710
some hungry groundhog are you going

864
00:38:11,460 --> 00:38:15,510
about it all wrong you make friends with

865
00:38:13,710 --> 00:38:17,280
people with excellent gardens they get

866
00:38:15,510 --> 00:38:19,680
bumper crops and you get theirs that's

867
00:38:17,280 --> 00:38:21,390
how you do I said no I think that goes

868
00:38:19,679 --> 00:38:24,179
back to banking you know like you invest

869
00:38:21,389 --> 00:38:27,269
in their in their garden and they pay

870
00:38:24,179 --> 00:38:29,369
you back a certain person I am one hell

871
00:38:27,269 --> 00:38:32,039
of a her an herb gardener though I will

872
00:38:29,369 --> 00:38:35,339
tell you that but so Ellen so going back

873
00:38:32,039 --> 00:38:37,679
so you really feel that if the general

874
00:38:35,340 --> 00:38:40,019
population doesn't wake up and wake up

875
00:38:37,679 --> 00:38:42,119
soon we are going to be at the mercy of

876
00:38:40,019 --> 00:38:45,019
this controlling force regardless of

877
00:38:42,119 --> 00:38:48,359
whether it's human or something else

878
00:38:45,019 --> 00:38:50,250
yeah well I think we're already at their

879
00:38:48,360 --> 00:38:51,960
mercy i mean we've been controlled for a

880
00:38:50,250 --> 00:38:54,150
long time and we are waking up and

881
00:38:51,960 --> 00:38:57,449
that's why they are becoming more

882
00:38:54,150 --> 00:39:00,750
repressive in their in their own manner

883
00:38:57,449 --> 00:39:04,589
of controlling us but because the light

884

00:39:00,750 --> 00:39:07,019
cannot be stopped i mean i think that

885
00:39:04,590 --> 00:39:09,660
maybe i've read it i don't know but it

886
00:39:07,019 --> 00:39:13,170
actually I had an experience in India a

887
00:39:09,659 --> 00:39:16,139
two-day cosmic consciousness sort of

888
00:39:13,170 --> 00:39:18,300
experience I really oh wait don't was

889
00:39:16,139 --> 00:39:21,569
about level yeah well tell us about that

890
00:39:18,300 --> 00:39:25,620
please well I used to live in Africa I

891
00:39:21,570 --> 00:39:27,720
was my ex-husband tourism in work for

892
00:39:25,619 --> 00:39:30,480
USAID so we lived in several different

893
00:39:27,719 --> 00:39:32,789
countries and when we lived in Africa I

894
00:39:30,480 --> 00:39:36,059
started going to this assure him of a it

895
00:39:32,789 --> 00:39:38,460
was a brahmakumaris which is raja yoga

896
00:39:36,059 --> 00:39:40,440
where you just look at a point and don't

897
00:39:38,460 --> 00:39:42,809
think and that's the whole deal too so

898
00:39:40,440 --> 00:39:44,909

it's sort of like you create your own

899

00:39:42,809 --> 00:39:47,820

reality but you you've got a black out

900

00:39:44,909 --> 00:39:49,589

there your left brain is always you know

901

00:39:47,820 --> 00:39:51,630

continually talking to you so you want

902

00:39:49,590 --> 00:39:53,010

to shut that thing down in fact I wonder

903

00:39:51,630 --> 00:39:55,110

about your left brain I think that might

904

00:39:53,010 --> 00:39:56,730

be them talking to it you know how you

905

00:39:55,110 --> 00:39:58,110

get like a song writing through your

906

00:39:56,730 --> 00:39:59,820

head or something and you can't get rid

907

00:39:58,110 --> 00:40:02,490

of it it's like they're creating static

908

00:39:59,820 --> 00:40:05,460

all the time so you can't really you

909

00:40:02,489 --> 00:40:08,000

can't hear the voice of the of the

910

00:40:05,460 --> 00:40:11,010

higher wisdom or whatever your own inner

911

00:40:08,000 --> 00:40:12,349

higher self because it's always being

912

00:40:11,010 --> 00:40:14,390

drowned out by this

913
00:40:12,349 --> 00:40:19,309
chatter that's going on like a radio in

914
00:40:14,389 --> 00:40:21,199
your left brain i couldn't've anymore so

915
00:40:19,309 --> 00:40:23,989
so I so I went there for a while and

916
00:40:21,199 --> 00:40:25,879
they were going to India and then they

917
00:40:23,989 --> 00:40:28,670
allowed me to go along even though I

918
00:40:25,880 --> 00:40:31,579
didn't technically qualify and so it was

919
00:40:28,670 --> 00:40:32,900
a nine-day trip and we we just SAT and

920
00:40:31,579 --> 00:40:34,910
looked at a point they got us up at

921
00:40:32,900 --> 00:40:36,499
three in the morning I always fat looked

922
00:40:34,909 --> 00:40:38,298
at a point that's oh he did when your

923
00:40:36,498 --> 00:40:40,699
words you're supposed to try not to

924
00:40:38,298 --> 00:40:45,380
think just look at this point and after

925
00:40:40,699 --> 00:40:49,098
a week the founder now deceased talked

926
00:40:45,380 --> 00:40:50,630
through a medium a nun for hours and

927
00:40:49,099 --> 00:40:52,489
hours and I got really tired and I went

928
00:40:50,630 --> 00:40:54,108
back to my room after a while fell

929
00:40:52,489 --> 00:40:55,999
asleep and then when I woke up there was

930
00:40:54,108 --> 00:40:59,210
just light coming out of my chest I had

931
00:40:55,998 --> 00:41:01,038
fire out boy I ran back and then so for

932
00:40:59,210 --> 00:41:03,619
the next two days it was just it was

933
00:41:01,039 --> 00:41:05,720
sort of like Disneyland or like it was

934
00:41:03,619 --> 00:41:07,999
just like the essence of the thing not

935
00:41:05,719 --> 00:41:10,639
not like a drug trip now I mean not like

936
00:41:07,998 --> 00:41:13,969
distorted but like more real than real

937
00:41:10,639 --> 00:41:15,650
and just this sort of so so I just and

938
00:41:13,969 --> 00:41:17,058
everything was good you know you feel

939
00:41:15,650 --> 00:41:19,548
good and I mean I can't even remember

940
00:41:17,059 --> 00:41:22,400
the details that much but it was just

941

00:41:19,548 --> 00:41:25,369
like another plateau of existence so I

942
00:41:22,400 --> 00:41:28,940
knew that we were capable if you can

943
00:41:25,369 --> 00:41:31,400
spin your chakras up a notch yeah the

944
00:41:28,940 --> 00:41:33,259
next matchup is something more marvelous

945
00:41:31,400 --> 00:41:37,809
than where we are now so we're actually

946
00:41:33,259 --> 00:41:41,869
like butterflies I mean it's like

947
00:41:37,809 --> 00:41:44,539
caterpillars waiting to become to become

948
00:41:41,869 --> 00:41:47,210
butterflies but soon to me that the

949
00:41:44,539 --> 00:41:49,999
message was my job was to figure out how

950
00:41:47,210 --> 00:41:52,068
to get the you know prepare the ground

951
00:41:49,998 --> 00:41:54,259
so that we're all ready to become

952
00:41:52,068 --> 00:41:56,538
butterflies and I can't do it alone it's

953
00:41:54,259 --> 00:41:58,998
got to be the whole I'd like we're all

954
00:41:56,539 --> 00:42:01,759
taking off together so where do you come

955
00:41:58,998 --> 00:42:04,659

down on the whole idea of of an

956

00:42:01,759 --> 00:42:08,119

enlightened somebody being like a an

957

00:42:04,659 --> 00:42:12,108

ascended master an enlightened soul I

958

00:42:08,119 --> 00:42:15,650

mean apparently the nun who had the Guru

959

00:42:12,108 --> 00:42:21,588

speak through her somehow activated your

960

00:42:15,650 --> 00:42:24,469

chakras yes and I've never had that

961

00:42:21,588 --> 00:42:25,608

experience again except when I would go

962

00:42:24,469 --> 00:42:29,358

to

963

00:42:25,608 --> 00:42:30,710

I would go to their Sunday ceremonies

964

00:42:29,358 --> 00:42:34,098

for a while and there would be this

965

00:42:30,710 --> 00:42:36,440

10-minute reading of the guru named Baba

966

00:42:34,099 --> 00:42:40,338

I mean there's a lot about us but he was

967

00:42:36,440 --> 00:42:42,048

there baba and and during that 10

968

00:42:40,338 --> 00:42:43,578

minutes I would flip into this state and

969

00:42:42,048 --> 00:42:46,460

then it would go away so it seemed like

970
00:42:43,579 --> 00:42:48,230
it was a guru induced thing and you hear

971
00:42:46,460 --> 00:42:50,028
about lots of people who go to India and

972
00:42:48,230 --> 00:42:54,498
get touched you know in some way by the

973
00:42:50,028 --> 00:42:58,480
shutter spot Shakti pots good yes it so

974
00:42:54,498 --> 00:43:01,818
somebody so there's that you need the

975
00:42:58,480 --> 00:43:04,369
person who wakes you up or guide you

976
00:43:01,818 --> 00:43:06,528
through or gets the energy going maybe

977
00:43:04,369 --> 00:43:09,170
activates the energy i'm not sure how it

978
00:43:06,528 --> 00:43:15,440
works i have a very short thing to say

979
00:43:09,170 --> 00:43:18,108
on that I jeevan mukthi yoga classes in

980
00:43:15,440 --> 00:43:20,869
the 1990s in the East Village of

981
00:43:18,108 --> 00:43:22,190
Manhattan and every once in a while

982
00:43:20,869 --> 00:43:24,710
every couple of months they would have a

983
00:43:22,190 --> 00:43:26,900
special session and I ended up going to

984
00:43:24,710 --> 00:43:31,159
this special session with the now

985
00:43:26,900 --> 00:43:35,088
deceased son bear Sun Bear was a Native

986
00:43:31,159 --> 00:43:37,518
American a holy man from the west coast

987
00:43:35,088 --> 00:43:39,440
somewhere that from the northwest and I

988
00:43:37,518 --> 00:43:41,389
should really know more about him

989
00:43:39,440 --> 00:43:44,119
considering the experience I had because

990
00:43:41,389 --> 00:43:45,980
I went to his lecture and he walked

991
00:43:44,119 --> 00:43:47,568
around he talked to people and he gave a

992
00:43:45,980 --> 00:43:49,909
lecture and he asked us all where we

993
00:43:47,568 --> 00:43:52,190
were from and he wanted in our

994
00:43:49,909 --> 00:43:54,078
backgrounds for some reason and I

995
00:43:52,190 --> 00:43:56,088
thought it was a very pleasant lecture

996
00:43:54,079 --> 00:43:57,859
but I wasn't really you know blown away

997
00:43:56,088 --> 00:44:00,619
in the sense that I didn't really feel

998

00:43:57,858 --> 00:44:03,139
anything had happened to me and he was

999
00:44:00,619 --> 00:44:05,349
supposedly giving everybody a healing

1000
00:44:03,139 --> 00:44:08,239
well I got back to my apartment and

1001
00:44:05,349 --> 00:44:10,789
about a half an hour after I got back to

1002
00:44:08,239 --> 00:44:13,548
my apartment I started running around

1003
00:44:10,789 --> 00:44:15,980
the living room I had I have a nice size

1004
00:44:13,548 --> 00:44:18,469
living room not huge but I rant began

1005
00:44:15,980 --> 00:44:21,650
running around in circles which I did

1006
00:44:18,469 --> 00:44:23,358
for approximately two hours just ran

1007
00:44:21,650 --> 00:44:25,579
around in a circle and I couldn't stop I

1008
00:44:23,358 --> 00:44:27,949
tried to stop I'd stop for like a minute

1009
00:44:25,579 --> 00:44:29,839
or got a glass of water or something and

1010
00:44:27,949 --> 00:44:32,419
I went back to running around my living

1011
00:44:29,838 --> 00:44:33,949
room was the craziest thing ever and I

1012
00:44:32,420 --> 00:44:35,298

don't know maybe it was some form of

1013

00:44:33,949 --> 00:44:37,338

healing he was supposed to be there

1014

00:44:35,298 --> 00:44:39,139

doing a healing and maybe I became

1015

00:44:37,338 --> 00:44:41,630

healed from something but

1016

00:44:39,139 --> 00:44:43,670

I sure had no idea that this was going

1017

00:44:41,630 --> 00:44:47,539

to happen to me so I just throw that out

1018

00:44:43,670 --> 00:44:51,050

there is a as a fun little tidbit wow

1019

00:44:47,539 --> 00:44:53,210

wow well put it but I like that whole

1020

00:44:51,050 --> 00:44:55,490

idea though I mean when you say bring

1021

00:44:53,210 --> 00:44:58,550

out the light I mean that really goes

1022

00:44:55,489 --> 00:45:01,549

back to biblical times like the darkness

1023

00:44:58,550 --> 00:45:03,769

and the light that yin the yang and it

1024

00:45:01,550 --> 00:45:07,220

so if you're saying that perhaps aliens

1025

00:45:03,769 --> 00:45:09,170

are behind all these large human

1026

00:45:07,219 --> 00:45:11,449

families that more or less control of

1027
00:45:09,170 --> 00:45:13,579
banking interests I guess they're not

1028
00:45:11,449 --> 00:45:15,919
very nice beings it seems like they

1029
00:45:13,579 --> 00:45:19,239
would be the dark powers not all of them

1030
00:45:15,920 --> 00:45:22,039
I don't think well I mean anybody who's

1031
00:45:19,239 --> 00:45:24,079
sort of enslaving you know that one of

1032
00:45:22,039 --> 00:45:27,349
the conspiracy theories is this will

1033
00:45:24,079 --> 00:45:29,179
eventually become prisoner 'the and it

1034
00:45:27,349 --> 00:45:30,889
seems like that's where we're headed but

1035
00:45:29,179 --> 00:45:32,690
just really quickly i'm just going to

1036
00:45:30,889 --> 00:45:35,299
interrupt this quickly we are talking to

1037
00:45:32,690 --> 00:45:38,179
Ellen Hodgson Brown she is the author of

1038
00:45:35,300 --> 00:45:40,789
the web of debt it's an extraordinarily

1039
00:45:38,179 --> 00:45:42,859
important book one that not enough

1040
00:45:40,789 --> 00:45:45,199
attention has been paid to because i

1041
00:45:42,860 --> 00:45:47,510
think the powers that be have somewhat

1042
00:45:45,199 --> 00:45:49,489
suppress the media to advertising your

1043
00:45:47,510 --> 00:45:52,070
book so hopefully people who are

1044
00:45:49,489 --> 00:45:54,679
listening get ahold of web of debt read

1045
00:45:52,070 --> 00:45:57,050
it and act on it absolutely you know

1046
00:45:54,679 --> 00:46:01,309
maybe that will help you bring the light

1047
00:45:57,050 --> 00:46:03,350
but yeah so did I I have to get back to

1048
00:46:01,309 --> 00:46:06,199
this you think that possibly there are

1049
00:46:03,349 --> 00:46:09,400
some alien families behind human

1050
00:46:06,199 --> 00:46:12,259
families behind banking families or

1051
00:46:09,400 --> 00:46:15,619
possibility of I wouldn't obviously of

1052
00:46:12,260 --> 00:46:18,950
force you do I don't know but yeah well

1053
00:46:15,619 --> 00:46:21,170
i think the matrix the movie doing i saw

1054
00:46:18,949 --> 00:46:23,269
how it was made error i read how is made

1055

00:46:21,170 --> 00:46:25,670
it was actually that the people who

1056
00:46:23,269 --> 00:46:27,800
wrote it two men i think were i think

1057
00:46:25,670 --> 00:46:31,639
they were from essed and they had had

1058
00:46:27,800 --> 00:46:33,380
this revelation themselves so you know

1059
00:46:31,639 --> 00:46:35,210
they were sort of channeling this idea

1060
00:46:33,380 --> 00:46:39,019
but it that seems about right to me that

1061
00:46:35,210 --> 00:46:41,059
there's another dimension where we're

1062
00:46:39,019 --> 00:46:43,880
we're controlled from so it's not like

1063
00:46:41,059 --> 00:46:46,849
alien families like a number of people

1064
00:46:43,880 --> 00:46:48,559
that physically landed and breed it and

1065
00:46:46,849 --> 00:46:50,509
stuff like that but or maybe I don't

1066
00:46:48,559 --> 00:46:51,849
know who knows but but I would see it

1067
00:46:50,510 --> 00:46:54,850
Morris

1068
00:46:51,849 --> 00:46:59,259
and entities who are not necessarily

1069
00:46:54,849 --> 00:47:01,929

embodied wow what who knows i don't know

1070

00:46:59,260 --> 00:47:04,060

but and i've also read though that the

1071

00:47:01,929 --> 00:47:05,889

reason for things like chem trails and

1072

00:47:04,059 --> 00:47:10,869

heart been messing up the environment is

1073

00:47:05,889 --> 00:47:13,960

to block us from from escape or from it

1074

00:47:10,869 --> 00:47:17,409

stood like imprisoning us within their

1075

00:47:13,960 --> 00:47:19,809

meme are there they are able to control

1076

00:47:17,409 --> 00:47:21,460

the information we get we're not we you

1077

00:47:19,809 --> 00:47:24,519

know it's to keep the light out in other

1078

00:47:21,460 --> 00:47:27,760

words and so that we can't know what's

1079

00:47:24,519 --> 00:47:29,199

going on but the delight will will prove

1080

00:47:27,760 --> 00:47:31,840

it i mean a delight keep sleeping

1081

00:47:29,199 --> 00:47:33,669

through because one reason is the

1082

00:47:31,840 --> 00:47:38,140

internet and the where who brought the

1083

00:47:33,670 --> 00:47:41,740

internet it was good push that itself is

1084
00:47:38,139 --> 00:47:44,589
like our salvation connecting everybody

1085
00:47:41,739 --> 00:47:46,569
making us all one but i think the FTC is

1086
00:47:44,590 --> 00:47:49,210
trying to control that now yes they are

1087
00:47:46,570 --> 00:47:50,890
trying to control it you know they're

1088
00:47:49,210 --> 00:47:53,500
starting to stick the grimy little paws

1089
00:47:50,889 --> 00:47:55,449
into that too because you're right i

1090
00:47:53,500 --> 00:47:58,449
think that's going to be the fly in the

1091
00:47:55,449 --> 00:48:00,339
ointment I don't think I really think

1092
00:47:58,449 --> 00:48:02,049
that is the thing that hit them from

1093
00:48:00,340 --> 00:48:04,539
left field they never saw that one

1094
00:48:02,050 --> 00:48:06,510
coming the internet and I doubt if they

1095
00:48:04,539 --> 00:48:09,759
can control it at this point and also

1096
00:48:06,510 --> 00:48:12,790
alternative power is another is another

1097
00:48:09,760 --> 00:48:17,950
thing that's going to loosen the grip of

1098
00:48:12,789 --> 00:48:20,679
the oligarchs I think because i think if

1099
00:48:17,949 --> 00:48:23,589
we are off the oil standard and whether

1100
00:48:20,679 --> 00:48:25,179
we go with wind or solar or zero point

1101
00:48:23,590 --> 00:48:27,730
energy or something else that comes

1102
00:48:25,179 --> 00:48:30,159
along i think if we can get off oil we

1103
00:48:27,730 --> 00:48:31,719
can get out of some of the problems i

1104
00:48:30,159 --> 00:48:34,960
don't know how you feel about that Ellen

1105
00:48:31,719 --> 00:48:37,119
I agree no I think oil is one of the

1106
00:48:34,960 --> 00:48:39,250
things one of the ways in which we have

1107
00:48:37,119 --> 00:48:41,559
been controlled because they can limit

1108
00:48:39,250 --> 00:48:43,809
it or it is limited or they purport to I

1109
00:48:41,559 --> 00:48:48,039
mean it may not be there such a thing as

1110
00:48:43,809 --> 00:48:49,840
a brick AV AV attic oil that created I

1111
00:48:48,039 --> 00:48:51,880
mean it so we don't we don't even know

1112

00:48:49,840 --> 00:48:53,920
that it's really limited but we are told

1113
00:48:51,880 --> 00:48:56,530
that it's limited and therefore they can

1114
00:48:53,920 --> 00:48:59,380
raise the prices on it I think they play

1115
00:48:56,530 --> 00:49:01,810
that oil I mean this is just my opinion

1116
00:48:59,380 --> 00:49:05,410
but I think that of course oil is being

1117
00:49:01,809 --> 00:49:08,799
produced now in in the earth but in

1118
00:49:05,409 --> 00:49:11,799
such small quantities that I I don't

1119
00:49:08,800 --> 00:49:14,490
believe that it's a limited limitless

1120
00:49:11,800 --> 00:49:17,769
resource I don't believe in the larger a

1121
00:49:14,489 --> 00:49:19,509
picture of abiotic oil only in the

1122
00:49:17,769 --> 00:49:22,000
smaller picture like sure plants are

1123
00:49:19,510 --> 00:49:24,160
dying and they're getting squashed under

1124
00:49:22,000 --> 00:49:26,710
earth and the earth is compounding them

1125
00:49:24,159 --> 00:49:30,219
and somewhere oil is actually being

1126
00:49:26,710 --> 00:49:34,659

produced but the rate of production does

1127

00:49:30,219 --> 00:49:37,299

not equal the rate of extraction as far

1128

00:49:34,659 --> 00:49:38,529

as as far as I could see and I really

1129

00:49:37,300 --> 00:49:42,400

think that we got to look at something

1130

00:49:38,530 --> 00:49:44,800

else yeah well yeah well there's so many

1131

00:49:42,400 --> 00:49:46,750

wedding so it's something else is you

1132

00:49:44,800 --> 00:49:49,120

don't even really I need oil that's also

1133

00:49:46,750 --> 00:49:50,980

a fiction I mean I'll is necessary to

1134

00:49:49,119 --> 00:49:52,989

create plastic and plastic may or may

1135

00:49:50,980 --> 00:49:55,420

not be necessary but other than that who

1136

00:49:52,989 --> 00:49:57,759

needs it you know and I think that would

1137

00:49:55,420 --> 00:49:59,409

really put a damper I think that's as

1138

00:49:57,760 --> 00:50:02,470

you said and this goes back to the

1139

00:49:59,409 --> 00:50:05,730

roster aisles you know money is lent out

1140

00:50:02,469 --> 00:50:08,259

to both sides of a war and right now

1141
00:50:05,730 --> 00:50:09,849
just to kill the Middle East problem you

1142
00:50:08,260 --> 00:50:11,740
could just do away with oil the money

1143
00:50:09,849 --> 00:50:14,319
would dry up and they go back out to

1144
00:50:11,739 --> 00:50:16,119
whatever they had been before they are

1145
00:50:14,320 --> 00:50:20,170
working on billions and trillions of

1146
00:50:16,119 --> 00:50:21,969
dollars that are all oil dollars and you

1147
00:50:20,170 --> 00:50:24,639
know if once those go away they really

1148
00:50:21,969 --> 00:50:30,629
don't have an awful lot left nothing

1149
00:50:24,639 --> 00:50:32,739
actually you know it is such an American

1150
00:50:30,630 --> 00:50:34,780
misconception I always think of the

1151
00:50:32,739 --> 00:50:36,429
cities there is little Santa's I mean

1152
00:50:34,780 --> 00:50:39,010
they're enormous like Turan is an

1153
00:50:36,429 --> 00:50:42,279
enormous City it's a beautiful city it's

1154
00:50:39,010 --> 00:50:44,740
a shiny of the idiots have it but um you

1155
00:50:42,280 --> 00:50:46,510
know that's just my opinion I'm sorry I

1156
00:50:44,739 --> 00:50:47,949
don't need to say that I suppose I'm in

1157
00:50:46,510 --> 00:50:49,300
trouble but then again I'm a woman

1158
00:50:47,949 --> 00:50:52,899
without a burger so I'm in trouble

1159
00:50:49,300 --> 00:50:57,240
anyway so you're away a woman without a

1160
00:50:52,900 --> 00:51:00,430
burka and be a great title for a book I

1161
00:50:57,239 --> 00:51:05,229
don't understand with Bertha is that is

1162
00:51:00,429 --> 00:51:09,190
that better burka yeah yeah I had a

1163
00:51:05,230 --> 00:51:11,679
friend who went around in Iran addressed

1164
00:51:09,190 --> 00:51:15,070
as a boy when she was a teenager she was

1165
00:51:11,679 --> 00:51:17,529
her father was some kind of attache and

1166
00:51:15,070 --> 00:51:19,309
she you know she was more or less kept

1167
00:51:17,530 --> 00:51:22,010
inside even though that was more

1168
00:51:19,309 --> 00:51:24,469
old times so she went out dressed as a

1169

00:51:22,010 --> 00:51:30,140
boy as a fourteen-year-old just so she

1170
00:51:24,469 --> 00:51:32,239
could walk around yeah but so so you

1171
00:51:30,139 --> 00:51:35,029
speculate that there really is sort of a

1172
00:51:32,239 --> 00:51:36,649
war going on now between people that are

1173
00:51:35,030 --> 00:51:39,650
things or whatever they'll want to

1174
00:51:36,650 --> 00:51:41,000
control the whole planet and the rest of

1175
00:51:39,650 --> 00:51:43,820
the planet that doesn't want to be

1176
00:51:41,000 --> 00:51:48,500
controlled does that sort of sum it up a

1177
00:51:43,820 --> 00:51:51,410
little or yeah yeah I think the numbers

1178
00:51:48,500 --> 00:51:53,090
are on our side and yeah I did you well

1179
00:51:51,409 --> 00:51:54,679
the way we definitely got the numbers

1180
00:51:53,090 --> 00:51:56,660
and I mean if it's the ninety-nine

1181
00:51:54,679 --> 00:51:59,899
percent versus the one percent we've got

1182
00:51:56,659 --> 00:52:03,019
the numbers in terms of votes so what

1183
00:51:59,900 --> 00:52:06,410

but what we don't have is a consolidated

1184

00:52:03,019 --> 00:52:09,829

yes the understanding wait once

1185

00:52:06,409 --> 00:52:11,809

everybody knows how we're going to move

1186

00:52:09,829 --> 00:52:15,170

forward you know if we had a united

1187

00:52:11,809 --> 00:52:18,469

front if we had a plan that everybody

1188

00:52:15,170 --> 00:52:20,360

agreed on that I'm for me I'm arguing

1189

00:52:18,469 --> 00:52:22,639

with the other money reformers at this

1190

00:52:20,360 --> 00:52:24,289

stage and I saying no it's one says no

1191

00:52:22,639 --> 00:52:26,119

we've got inflation no this is no a

1192

00:52:24,289 --> 00:52:27,380

difficulty for a sinner you know we

1193

00:52:26,119 --> 00:52:31,429

should be printing the money we should

1194

00:52:27,380 --> 00:52:33,440

be controlling the debt pet sitter so we

1195

00:52:31,429 --> 00:52:36,109

don't even agree on how we can move

1196

00:52:33,440 --> 00:52:38,780

forward but if we did I think we would

1197

00:52:36,110 --> 00:52:41,090

we would necessarily win because we've

1198
00:52:38,780 --> 00:52:43,010
got all the book but it has to be it has

1199
00:52:41,090 --> 00:52:45,860
to be public because there's also a

1200
00:52:43,010 --> 00:52:48,530
conspiracy theory that said that Lincoln

1201
00:52:45,860 --> 00:52:50,240
was assassinated too I mean obviously

1202
00:52:48,530 --> 00:52:53,570
John Wilkes Booth had a lot of other

1203
00:52:50,239 --> 00:52:56,809
issues but greenback issuing had a lot

1204
00:52:53,570 --> 00:52:59,840
to do with it and there was also tales

1205
00:52:56,809 --> 00:53:04,309
that Kennedy was actually creating a

1206
00:52:59,840 --> 00:53:05,900
bill creating redback dollars and when

1207
00:53:04,309 --> 00:53:08,210
he was assassinated the first thing

1208
00:53:05,900 --> 00:53:10,820
Johnson did was run into the office and

1209
00:53:08,210 --> 00:53:13,340
veto that bill so whether or not that's

1210
00:53:10,820 --> 00:53:16,850
true or an urban myth I don't know but

1211
00:53:13,340 --> 00:53:19,130
it seems like unless you have somebody

1212
00:53:16,849 --> 00:53:22,179
willing to do something like that that

1213
00:53:19,130 --> 00:53:24,440
has a lot of people and a lot of

1214
00:53:22,179 --> 00:53:28,940
protection around them they're not going

1215
00:53:24,440 --> 00:53:31,070
to make much headway yeah agreed yeah

1216
00:53:28,940 --> 00:53:32,420
that's a sad but true and and

1217
00:53:31,070 --> 00:53:34,670
governments

1218
00:53:32,420 --> 00:53:39,470
whether you come down on the right or

1219
00:53:34,670 --> 00:53:41,930
the left like live by gurbles theory of

1220
00:53:39,469 --> 00:53:43,909
telling lies enough times that you

1221
00:53:41,929 --> 00:53:46,429
believe them and I don't think that's

1222
00:53:43,909 --> 00:53:49,789
limited to any particular party no

1223
00:53:46,429 --> 00:53:51,619
that's a politician specialty but you

1224
00:53:49,789 --> 00:53:53,659
know they were saying how many things

1225
00:53:51,619 --> 00:53:55,759
came out of World War two and that's one

1226

00:53:53,659 --> 00:53:58,039
of them is propaganda and media control

1227
00:53:55,760 --> 00:54:00,200
they certainly learned that well very

1228
00:53:58,039 --> 00:54:03,259
well actually more so than nuclear power

1229
00:54:00,199 --> 00:54:05,480
that propaganda is stronger stronger

1230
00:54:03,260 --> 00:54:07,520
weapon against the general population I

1231
00:54:05,480 --> 00:54:09,380
think it was gurbles that said that yeah

1232
00:54:07,519 --> 00:54:10,940
well one of them who cares you know one

1233
00:54:09,380 --> 00:54:13,309
of these old guys they're all dead so

1234
00:54:10,940 --> 00:54:17,090
who cares what we have left is a

1235
00:54:13,309 --> 00:54:20,389
propaganda machine yeah well and the

1236
00:54:17,090 --> 00:54:23,030
two-party system means that we you can't

1237
00:54:20,389 --> 00:54:25,849
get any opposing views in there the two

1238
00:54:23,030 --> 00:54:27,980
parties are they used to be the party of

1239
00:54:25,849 --> 00:54:29,239
Rockefeller and the party of Morgan I

1240
00:54:27,980 --> 00:54:32,329

mean there were two big bankers

1241
00:54:29,239 --> 00:54:35,119
competing with each other so if you well

1242
00:54:32,329 --> 00:54:37,250
I actually ran for state treasurer in

1243
00:54:35,119 --> 00:54:39,799
California so I'm good see how hopeless

1244
00:54:37,250 --> 00:54:42,050
it was if you can't don't have the money

1245
00:54:39,800 --> 00:54:44,750
to get onto TV because how are you

1246
00:54:42,050 --> 00:54:47,240
possibly going to reach millions of

1247
00:54:44,750 --> 00:54:49,670
people unless you know you can you could

1248
00:54:47,239 --> 00:54:52,039
win a local election like that we do

1249
00:54:49,670 --> 00:54:54,619
have grout Iran as a green so we do have

1250
00:54:52,039 --> 00:54:58,360
good good good i'm a green i'm a radical

1251
00:54:54,619 --> 00:55:01,489
three you go girls you go you go girl it

1252
00:54:58,360 --> 00:55:04,840
so we have like it we have a green party

1253
00:55:01,489 --> 00:55:08,239
mayor in rich richmond richmond

1254
00:55:04,840 --> 00:55:10,550
california which is a hundred thousand

1255
00:55:08,239 --> 00:55:12,739
population hundred thousands so that's a

1256
00:55:10,550 --> 00:55:15,560
place where you actually can have make a

1257
00:55:12,739 --> 00:55:17,989
difference by getting on local TV doing

1258
00:55:15,559 --> 00:55:21,110
local speeches doing bumper stickers

1259
00:55:17,989 --> 00:55:23,569
putting signs on your lawn and that can

1260
00:55:21,110 --> 00:55:25,610
influence the vote but in a whole state

1261
00:55:23,570 --> 00:55:27,470
the size of California or definitely in

1262
00:55:25,610 --> 00:55:29,720
the inner country the size of the u.s.

1263
00:55:27,469 --> 00:55:31,669
you absolutely have to get on to

1264
00:55:29,719 --> 00:55:34,429
national TV which means you have to have

1265
00:55:31,670 --> 00:55:36,680
the very big basically the big banks

1266
00:55:34,429 --> 00:55:38,929
behind you which means you have to cater

1267
00:55:36,679 --> 00:55:40,730
to the big banks so there's we should

1268
00:55:38,929 --> 00:55:42,529
have at least we should have

1269
00:55:40,730 --> 00:55:45,289
proportional representation like they

1270
00:55:42,530 --> 00:55:46,400
have in europe where if some party its

1271
00:55:45,289 --> 00:55:49,009
twenty percent of the vote

1272
00:55:46,400 --> 00:55:51,470
then they get running out of 5 yep

1273
00:55:49,010 --> 00:55:54,440
resented oh yeah that would be good that

1274
00:55:51,469 --> 00:55:59,480
would be good well what can we can we

1275
00:55:54,440 --> 00:56:04,190
say in terms of this think globally act

1276
00:55:59,480 --> 00:56:08,059
locally which is the green slogan yeah

1277
00:56:04,190 --> 00:56:10,849
well I think did our only hope maybe two

1278
00:56:08,059 --> 00:56:15,109
to act locally and like get your

1279
00:56:10,849 --> 00:56:18,019
community together and provide in your

1280
00:56:15,108 --> 00:56:20,869
community for farming or with you no

1281
00:56:18,019 --> 00:56:22,250
access to food and and you could set up

1282
00:56:20,869 --> 00:56:24,349
here you can set up your own money

1283

00:56:22,250 --> 00:56:26,510
system and I'm head of the public

1284
00:56:24,349 --> 00:56:28,220
banking Institute so our thing is that

1285
00:56:26,510 --> 00:56:30,528
every state should have its own Bank

1286
00:56:28,219 --> 00:56:33,230
like the Bank of North Dakota but also

1287
00:56:30,528 --> 00:56:35,778
you could have city owned banks I live

1288
00:56:33,230 --> 00:56:38,119
in Los Angeles which is 14 times the

1289
00:56:35,778 --> 00:56:40,278
size of North Dakota population wise so

1290
00:56:38,119 --> 00:56:43,039
we could definitely have several city

1291
00:56:40,278 --> 00:56:44,568
owned banks here which could then fund

1292
00:56:43,039 --> 00:56:47,599
or you know if you're just a large

1293
00:56:44,568 --> 00:56:50,389
community you could have your own bank

1294
00:56:47,599 --> 00:56:52,130
funding your own community things so

1295
00:56:50,389 --> 00:56:53,690
basically it would be like a cooperative

1296
00:56:52,130 --> 00:56:56,720
where the profits instead of being

1297
00:56:53,690 --> 00:56:59,778

sucked out all the time would be would

1298

00:56:56,719 --> 00:57:02,028

return to the community so you could do

1299

00:56:59,778 --> 00:57:04,010

long-range things where you could do

1300

00:57:02,028 --> 00:57:05,329

infrastructure if you're big enough for

1301

00:57:04,010 --> 00:57:07,339

infrastructure I mean that's one reason

1302

00:57:05,329 --> 00:57:08,960

why we don't do infrastructure is you

1303

00:57:07,338 --> 00:57:11,358

can't care we're not putting money into

1304

00:57:08,960 --> 00:57:15,139

it you can't get this Congress to think

1305

00:57:11,358 --> 00:57:17,269

beyond short term whereas in China they

1306

00:57:15,139 --> 00:57:19,578

can do like their ten-year plans they

1307

00:57:17,269 --> 00:57:21,259

can look way for a head and they just

1308

00:57:19,579 --> 00:57:22,970

print the money that's where they get

1309

00:57:21,260 --> 00:57:26,089

the money and it works very well for

1310

00:57:22,969 --> 00:57:29,328

them to questions about money one

1311

00:57:26,088 --> 00:57:32,000

question of a has have you ever been to

1312
00:57:29,329 --> 00:57:35,180
heard of or know of da manure in

1313
00:57:32,000 --> 00:57:38,778
northern Italy in the foothills of the

1314
00:57:35,179 --> 00:57:43,879
Alps where it is a commune a spiritual

1315
00:57:38,778 --> 00:57:45,980
artistic civic commune and they have

1316
00:57:43,880 --> 00:57:50,720
their own money that dominora in

1317
00:57:45,980 --> 00:57:52,880
currency there are you aware of that no

1318
00:57:50,719 --> 00:57:57,318
not aware but I know that my daughter

1319
00:57:52,880 --> 00:57:59,298
lives in Europe and that's what she her

1320
00:57:57,318 --> 00:58:00,079
thing is biomimicry where you would

1321
00:57:59,298 --> 00:58:03,079
imitate

1322
00:58:00,079 --> 00:58:04,489
nature but she lectures to ecovillages

1323
00:58:03,079 --> 00:58:08,180
about how they can set up their own

1324
00:58:04,489 --> 00:58:10,400
money systems well da manure has to end

1325
00:58:08,179 --> 00:58:12,949
and it fairly successfully and they've

1326
00:58:10,400 --> 00:58:16,789
pretty much you know they fight they

1327
00:58:12,949 --> 00:58:20,629
fight the church and they fight the the

1328
00:58:16,789 --> 00:58:23,269
country a lot of Italy to keep their to

1329
00:58:20,630 --> 00:58:27,048
keep their own autonomy and they have

1330
00:58:23,268 --> 00:58:29,179
run for local council seats and one at

1331
00:58:27,048 --> 00:58:31,788
first the people the in surrounding

1332
00:58:29,179 --> 00:58:33,949
communities were against them and they

1333
00:58:31,789 --> 00:58:35,839
proved to the local people that they had

1334
00:58:33,949 --> 00:58:37,639
the people's best interest in mind and

1335
00:58:35,838 --> 00:58:40,429
it's really it's really quite a

1336
00:58:37,639 --> 00:58:42,318
beautiful place to visit and I recommend

1337
00:58:40,429 --> 00:58:46,690
it to your daughter into yourself my

1338
00:58:42,318 --> 00:58:51,349
second question ready brother da a.m

1339
00:58:46,690 --> 00:58:53,950
anhu our da manure now there's a dominar

1340

00:58:51,349 --> 00:58:57,859
in Egypt it's not in Egypt this one is

1341
00:58:53,949 --> 00:58:59,718
in in the foothills and val KO sehla or

1342
00:58:57,858 --> 00:59:05,558
something like that in northern in

1343
00:58:59,719 --> 00:59:09,588
northern italy near the town of tori no

1344
00:59:05,559 --> 00:59:11,569
it's it's about 50 60 miles into the

1345
00:59:09,588 --> 00:59:14,630
hills from tory know which is a lovely

1346
00:59:11,568 --> 00:59:17,469
town as well the second question that I

1347
00:59:14,630 --> 00:59:19,430
had for you had to do with bitcoin is

1348
00:59:17,469 --> 00:59:23,329
anything we going to see anything happen

1349
00:59:19,429 --> 00:59:25,338
with that do you think well bitcoins are

1350
00:59:23,329 --> 00:59:27,469
really interesting development I mean I

1351
00:59:25,338 --> 00:59:29,389
don't when people ask me about it I

1352
00:59:27,469 --> 00:59:31,449
don't necessarily recommend that people

1353
00:59:29,389 --> 00:59:34,308
put their money into it because it's so

1354
00:59:31,449 --> 00:59:35,838

volatile it so you could lose your money

1355

00:59:34,309 --> 00:59:37,369

as well as make your money you know had

1356

00:59:35,838 --> 00:59:39,978

you gotten in right at the beginning it

1357

00:59:37,369 --> 00:59:42,798

would obviously been really good but

1358

00:59:39,978 --> 00:59:45,858

it's a very interesting model for how

1359

00:59:42,798 --> 00:59:48,978

you could set up a currency system that

1360

00:59:45,858 --> 00:59:51,170

could not be confiscated by by the big

1361

00:59:48,978 --> 00:59:53,058

bank you know within a bail-in in other

1362

00:59:51,170 --> 00:59:55,099

words it's an independent currency

1363

00:59:53,059 --> 00:59:59,059

system which is still a reliable and

1364

00:59:55,099 --> 01:00:01,818

it's because it's digital it's not you

1365

00:59:59,059 --> 01:00:03,559

don't have like one paper community

1366

01:00:01,818 --> 01:00:06,739

currency competing with another paper

1367

01:00:03,559 --> 01:00:10,160

community currency I saw that Vera

1368

01:00:06,739 --> 01:00:12,798

Farkas the the finance minister for

1369
01:00:10,159 --> 01:00:13,969
Greece had recommended one possibility

1370
01:00:12,798 --> 01:00:15,409
for getting out

1371
01:00:13,969 --> 01:00:18,730
are helping them get out of their

1372
01:00:15,409 --> 01:00:22,279
troubles would be to have a Bitcoin like

1373
01:00:18,730 --> 01:00:24,440
algorithm used to create a local

1374
01:00:22,280 --> 01:00:28,670
currency that would be you know a local

1375
01:00:24,440 --> 01:00:31,670
Greek currency issued by the government

1376
01:00:28,670 --> 01:00:36,889
or by the government's state-owned banks

1377
01:00:31,670 --> 01:00:39,440
to that would be an advance against

1378
01:00:36,889 --> 01:00:41,150
future taxes so it would be acceptable

1379
01:00:39,440 --> 01:00:44,929
in the payment of taxes and that would

1380
01:00:41,150 --> 01:00:46,789
give it its viability but but in order

1381
01:00:44,929 --> 01:00:51,379
to make the whole thing secure you would

1382
01:00:46,789 --> 01:00:54,349
follow the Bitcoin model all right yeah

1383
01:00:51,380 --> 01:00:57,050
that's an interesting idea I think that

1384
01:00:54,349 --> 01:01:01,340
we're coming down to the end of our road

1385
01:00:57,050 --> 01:01:03,650
here of visa V our time but we've had a

1386
01:01:01,340 --> 01:01:05,269
wonderful time talking to you and we

1387
01:01:03,650 --> 01:01:09,650
hope that you'll come back sometime

1388
01:01:05,269 --> 01:01:11,719
Ellen Hodge Hodgson Brown and would you

1389
01:01:09,650 --> 01:01:13,130
like to say other names of some of your

1390
01:01:11,719 --> 01:01:15,980
other books because I know that you've

1391
01:01:13,130 --> 01:01:17,869
written on health issues natural healthy

1392
01:01:15,980 --> 01:01:19,789
preservation and that looked very

1393
01:01:17,869 --> 01:01:24,920
interesting and I'm going to personally

1394
01:01:19,789 --> 01:01:26,329
look into that more deeply okay thank

1395
01:01:24,920 --> 01:01:29,240
you and it's been great talking to you

1396
01:01:26,329 --> 01:01:31,579
too I've written 12 books actually my

1397

01:01:29,239 --> 01:01:33,919
12th is called the public bank solution

1398
01:01:31,579 --> 01:01:36,319
so that was a sequel to web of debt on

1399
01:01:33,920 --> 01:01:38,869
how we could set up our own state-owned

1400
01:01:36,320 --> 01:01:42,109
banks City on banks etc and look it

1401
01:01:38,869 --> 01:01:44,300
there I looked globally and historically

1402
01:01:42,108 --> 01:01:47,900
at other public banking models of which

1403
01:01:44,300 --> 01:01:49,910
there are many and then my first ten

1404
01:01:47,900 --> 01:01:54,050
books are on health alternative health

1405
01:01:49,909 --> 01:01:56,088
care we I had one that I co-authored

1406
01:01:54,050 --> 01:01:58,220
with dr. Lynn Walker that was a

1407
01:01:56,088 --> 01:02:02,269
best-seller called nature's pharmacy

1408
01:01:58,219 --> 01:02:04,309
uh-huh I did I did one called forbidden

1409
01:02:02,269 --> 01:02:05,929
medicine that was it was actually a

1410
01:02:04,309 --> 01:02:08,659
lawsuit I worked on but it was an

1411
01:02:05,929 --> 01:02:10,549

alternative cancer healer who wound up

1412

01:02:08,659 --> 01:02:12,618
spending four years in jail for the

1413

01:02:10,550 --> 01:02:15,019
alleged fraud of saying he had a high

1414

01:02:12,619 --> 01:02:18,320
rate of success with cancer which he

1415

01:02:15,019 --> 01:02:20,599
actually did so quite tragic story

1416

01:02:18,320 --> 01:02:24,830
really bad but I right there I fishing

1417

01:02:20,599 --> 01:02:27,588
skiing in love isn't he no that was

1418

01:02:24,829 --> 01:02:29,298
Jimmy Keller but that the

1419

01:02:27,588 --> 01:02:31,578
terney Rick Jaffe who is the attorney

1420

01:02:29,298 --> 01:02:35,088
for Pierzynski also was an attorney on

1421

01:02:31,579 --> 01:02:37,068
Jimmy Keller's case for part of it wow

1422

01:02:35,088 --> 01:02:39,409
you're fascinating person it's been a

1423

01:02:37,068 --> 01:02:42,170
fascinating conversation and an

1424

01:02:39,409 --> 01:02:44,478
important one I mean you know we can

1425

01:02:42,170 --> 01:02:47,269
speculate about the paranormal but as I

1426
01:02:44,478 --> 01:02:49,578
said before this shifts your paradigms

1427
01:02:47,268 --> 01:02:52,129
more than anything you know those little

1428
01:02:49,579 --> 01:02:54,680
little pieces of paper in your wallet

1429
01:02:52,130 --> 01:02:57,650
aren't worth diddly unless you get your

1430
01:02:54,679 --> 01:02:59,149
act together and start to act and I

1431
01:02:57,650 --> 01:03:01,278
guess this would be the time to do it

1432
01:02:59,150 --> 01:03:03,920
because it's getting real close yes I

1433
01:03:01,278 --> 01:03:05,900
agree and I'd vote for you if you ran

1434
01:03:03,920 --> 01:03:08,028
somewhere where I could vote for you I'm

1435
01:03:05,900 --> 01:03:11,499
a green and I would definitely vote for

1436
01:03:08,028 --> 01:03:16,039
you well I'm not agreeing I vote fer too

1437
01:03:11,498 --> 01:03:17,868
well maybe I will Alan thank you so much

1438
01:03:16,039 --> 01:03:20,299
it's been a real pleasure really thank

1439
01:03:17,869 --> 01:03:23,119
you thank you best of luck in your

1440

yeah well my reality was shattered how

1443
01:03:30,318 --> 01:03:35,538
about yours I thought she was wonderful

1444
01:03:32,690 --> 01:03:37,548
Kate she's a paradigm shifter your he

1445
01:03:35,539 --> 01:03:40,190
was wonderful she was a great guest

1446
01:03:37,548 --> 01:03:43,278
fascinating person too and yes

1447
01:03:40,190 --> 01:03:48,469
absolutely very wide renaissance woman

1448
01:03:43,278 --> 01:03:53,179
of interests and so forth um please like

1449
01:03:48,469 --> 01:03:57,920
us on Facebook Like us on our blog spots

1450
01:03:53,179 --> 01:04:01,009
and like us on iTunes we are looking for

1451
01:03:57,920 --> 01:04:04,338
your comments and we would be happy to

1452
01:04:01,009 --> 01:04:08,989
look at your guest suggestions as well

1453
01:04:04,338 --> 01:04:13,338
and as a thought and this is just a very

1454

01:04:08,989 --> 01:04:16,369
wild supposition I wanted to end with a

1455
01:04:13,338 --> 01:04:19,728
couple of thoughts about the crash of

1456
01:04:16,369 --> 01:04:22,700
the amtrak train the very unfortunate

1457
01:04:19,728 --> 01:04:25,699
crash of the amtrak train which I I did

1458
01:04:22,699 --> 01:04:27,439
start to mention with Ellen there and at

1459
01:04:25,699 --> 01:04:29,929
how it showed that we need to keep up

1460
01:04:27,440 --> 01:04:31,818
our infrastructure because you get on a

1461
01:04:29,929 --> 01:04:33,679
train and you expect to get where you're

1462
01:04:31,818 --> 01:04:37,420
going you know you don't expect one of

1463
01:04:33,679 --> 01:04:41,899
these horrible things that to occur and

1464
01:04:37,420 --> 01:04:46,760
it reminds me of something to do

1465
01:04:41,900 --> 01:04:50,389
with the 1980s late 1980s and 1990s when

1466
01:04:46,760 --> 01:04:53,150
people on the amtrak trains that went

1467
01:04:50,389 --> 01:04:57,400
from philadelphia to wilmington and

1468
01:04:53,150 --> 01:05:00,200

onward towards baltimore and washington

1469

01:04:57,400 --> 01:05:02,900

there were a lot of people who were on

1470

01:05:00,199 --> 01:05:05,778

that train and they would report hearing

1471

01:05:02,900 --> 01:05:07,700

voices in their heads during the time

1472

01:05:05,778 --> 01:05:10,548

really that they were on the train and

1473

01:05:07,699 --> 01:05:13,278

these were people who did not have a

1474

01:05:10,548 --> 01:05:15,798

history of psych psychiatric conditions

1475

01:05:13,278 --> 01:05:17,059

they lived ordinary lives and when they

1476

01:05:15,798 --> 01:05:20,778

weren't on the train they were not

1477

01:05:17,059 --> 01:05:22,760

hearing the voices okay and it was

1478

01:05:20,778 --> 01:05:25,940

reported in the New York Times at one

1479

01:05:22,760 --> 01:05:28,039

point like an article about people

1480

01:05:25,940 --> 01:05:30,230

hearing voices and how it could you

1481

01:05:28,039 --> 01:05:32,569

possibly project a voice inside

1482

01:05:30,230 --> 01:05:35,719

someone's head and as it turns out it

1483
01:05:32,568 --> 01:05:38,480
seems you can do so no they just yeah

1484
01:05:35,719 --> 01:05:40,759
and you know it harks back to days of

1485
01:05:38,480 --> 01:05:43,608
MKULTRA and so forth and in fact a

1486
01:05:40,760 --> 01:05:45,890
friend of mine who lives in Wilmington

1487
01:05:43,608 --> 01:05:48,288
Delaware had a son that was traveling

1488
01:05:45,889 --> 01:05:50,989
along that route going up to Philly and

1489
01:05:48,289 --> 01:05:54,380
back to wilmington and he had some very

1490
01:05:50,989 --> 01:05:56,088
strange experiences of that sort and you

1491
01:05:54,380 --> 01:05:58,760
know he was in his 20s he wasn't a

1492
01:05:56,088 --> 01:06:01,880
psychiatric patient and so you know I

1493
01:05:58,760 --> 01:06:05,900
had some actual confirmation on that

1494
01:06:01,880 --> 01:06:10,099
story so um I wonder if something like

1495
01:06:05,900 --> 01:06:11,869
that could have happened to the the head

1496
01:06:10,099 --> 01:06:13,670
of that train the engineer of that train

1497
01:06:11,869 --> 01:06:15,650
I'm not saying it was it's just

1498
01:06:13,670 --> 01:06:19,159
something that went through my evil

1499
01:06:15,650 --> 01:06:21,019
little mind yeah yeah yeah yeah that's

1500
01:06:19,159 --> 01:06:23,389
the one Joe Biden travels on the gray

1501
01:06:21,019 --> 01:06:26,179
Joe Biden traveled the part of it from

1502
01:06:23,389 --> 01:06:28,818
from Wilmington down to Washington for

1503
01:06:26,179 --> 01:06:32,210
years right maybe the voices were in his

1504
01:06:28,818 --> 01:06:35,269
head too well maybe so I don't know in

1505
01:06:32,210 --> 01:06:37,460
any case a lot of the loving lawmakers

1506
01:06:35,269 --> 01:06:39,170
travel down the amtrak route it's true

1507
01:06:37,460 --> 01:06:41,630
actually them do love you know that's

1508
01:06:39,170 --> 01:06:44,269
interesting that is true that is true oh

1509
01:06:41,630 --> 01:06:46,910
and if you could influence lawmakers far

1510
01:06:44,269 --> 01:06:52,838
for the front far from the only one yeah

1511

01:06:46,909 --> 01:06:56,058
but it people in the Philly to

1512
01:06:52,838 --> 01:06:57,650
Washington stretch would come

1513
01:06:56,059 --> 01:07:01,400
playing about hearing voices in their

1514
01:06:57,650 --> 01:07:03,858
heads and that this stretch where the

1515
01:07:01,400 --> 01:07:06,349
train went out of control is about 15

1516
01:07:03,858 --> 01:07:09,650
miles north of the stretch that began

1517
01:07:06,349 --> 01:07:10,759
but still it seems very coincidental may

1518
01:07:09,650 --> 01:07:12,499
have nothing what they may have

1519
01:07:10,759 --> 01:07:15,880
absolutely nothing to do with the other

1520
01:07:12,498 --> 01:07:18,618
but it's worth thinking about ya okay

1521
01:07:15,880 --> 01:07:20,660
okay well if anybody out there has any

1522
01:07:18,619 --> 01:07:22,729
