

1
00:00:16,789 --> 00:00:23,868
welcome to shattered reality with your

2
00:00:20,278 --> 00:00:27,149
hosts kate valentine and farrugia

3
00:00:23,868 --> 00:00:31,890
prepare to header paradigms shifted in

4
00:00:27,149 --> 00:00:36,479
the truths questioned and now shattered

5
00:00:31,890 --> 00:00:40,530
reality hi there Kate hey true show

6
00:00:36,479 --> 00:00:45,658
welcome and so here we are again and

7
00:00:40,530 --> 00:00:50,879
let's not forget to slate today is june

8
00:00:45,658 --> 00:00:57,899
seventh 2016 yes indeed and this will be

9
00:00:50,878 --> 00:01:01,469
our 32nd show so today on shattered

10
00:00:57,899 --> 00:01:07,469
reality we're going to start with a

11
00:01:01,469 --> 00:01:12,629
author Ron felber he has been on the

12
00:01:07,469 --> 00:01:16,530
show before and this has been with the

13
00:01:12,629 --> 00:01:21,718
Mojave incident today he's back with his

14
00:01:16,530 --> 00:01:25,228
new novel dark angel now we don't

15
00:01:21,718 --> 00:01:29,428
generally do novels but what we're going

16
00:01:25,228 --> 00:01:32,759
to talk about with him is the variety of

17
00:01:29,429 --> 00:01:38,310
different research he did for this

18
00:01:32,759 --> 00:01:43,349
latest thriller and it is a three a book

19
00:01:38,310 --> 00:01:47,549
series of Jack Madsen and Jack Madsen is

20
00:01:43,349 --> 00:01:53,519
a real tough guy so I without any

21
00:01:47,549 --> 00:01:56,490
further ado here is Ron felber hi Ron

22
00:01:53,519 --> 00:01:59,280
how are you good to be here it's good to

23
00:01:56,489 --> 00:02:03,449
have you seriously that's a great

24
00:01:59,280 --> 00:02:06,810
introduction to your book a nail-biting

25
00:02:03,450 --> 00:02:10,379
thriller government conspiracies

26
00:02:06,810 --> 00:02:16,520
research into cloning and mind control

27
00:02:10,379 --> 00:02:18,129
and the creation of a transhuman super

28
00:02:16,520 --> 00:02:21,939
soldier

29

00:02:18,129 --> 00:02:25,930
uh you know a few years back this would

30
00:02:21,939 --> 00:02:30,490
be just sci-fi I think you're getting

31
00:02:25,930 --> 00:02:34,360
close on to shattered reality here yes

32
00:02:30,490 --> 00:02:38,379
indeed before we step into the whole

33
00:02:34,360 --> 00:02:42,730
world of dark angel let us congratulate

34
00:02:38,379 --> 00:02:46,840
you because the Mojave incident is being

35
00:02:42,729 --> 00:02:49,810
made into a made-for-tv movie or

36
00:02:46,840 --> 00:02:52,270
something like that yeah we have a deal

37
00:02:49,810 --> 00:02:54,069
with the sci-fi channel and so we're

38
00:02:52,270 --> 00:02:56,050
going to have an hour an hour segments

39
00:02:54,069 --> 00:02:59,859
that will be devoted to the Mojave

40
00:02:56,050 --> 00:03:03,219
incident and you know the experiences

41
00:02:59,860 --> 00:03:06,190
with alien abduction of the Steven Dorn

42
00:03:03,219 --> 00:03:08,919
Hess well that's that's really very

43
00:03:06,189 --> 00:03:12,340

interesting and the original folks are

44

00:03:08,919 --> 00:03:14,139

they involved in all the family yeah yes

45

00:03:12,340 --> 00:03:16,240

and that's the end as a matter of fact

46

00:03:14,139 --> 00:03:19,329

you know it was really something because

47

00:03:16,240 --> 00:03:22,150

we all met after a number of years and

48

00:03:19,330 --> 00:03:26,200

including the doctors involved so the

49

00:03:22,150 --> 00:03:28,539

show will have videotape of the hypnotic

50

00:03:26,199 --> 00:03:30,369

sessions and interviews with all of the

51

00:03:28,539 --> 00:03:33,099

key players including the doctors the

52

00:03:30,370 --> 00:03:35,469

medical doctors involved one dr. Bernard

53

00:03:33,099 --> 00:03:38,199

Raton who is director of the National

54

00:03:35,469 --> 00:03:41,979

Center psychiatry in Washington DC very

55

00:03:38,199 --> 00:03:44,289

prominent physician and psychiatrist the

56

00:03:41,979 --> 00:03:47,590

other William anixter from the Asheville

57

00:03:44,289 --> 00:03:50,289

North Carolina a director of psychiatric

58
00:03:47,590 --> 00:03:53,800
care there so these are two very

59
00:03:50,289 --> 00:03:55,449
prominent physicians and I was really

60
00:03:53,800 --> 00:03:58,420
pleased that they were willing to step

61
00:03:55,449 --> 00:04:01,089
forward and do relate the interviews and

62
00:03:58,419 --> 00:04:04,319
also volunteer the original tapes that

63
00:04:01,090 --> 00:04:07,200
were recorded during their sessions oh

64
00:04:04,319 --> 00:04:10,810
well that's great and the family oh

65
00:04:07,199 --> 00:04:13,299
absolutely yeah they they are very much

66
00:04:10,810 --> 00:04:16,750
a part of this and it's unique because

67
00:04:13,300 --> 00:04:18,459
for the longest time really they did not

68
00:04:16,750 --> 00:04:21,160
step forward and so it was really

69
00:04:18,459 --> 00:04:23,980
delightful to see that that they wanted

70
00:04:21,160 --> 00:04:26,590
to be involved and and they did

71
00:04:23,980 --> 00:04:28,200
extensive interviews in front of the

72
00:04:26,589 --> 00:04:31,049
cameras for for this

73
00:04:28,199 --> 00:04:34,259
this show so this is going to be on the

74
00:04:31,050 --> 00:04:36,840
sci fi channel yes paranormal witness is

75
00:04:34,259 --> 00:04:41,159
the name of the show is the series and

76
00:04:36,839 --> 00:04:43,529
you have one full night of the series

77
00:04:41,160 --> 00:04:46,740
with the Mojave incident correct will be

78
00:04:43,529 --> 00:04:49,769
devoted to this one this one episode yes

79
00:04:46,740 --> 00:04:52,170
do you have any idea what date and time

80
00:04:49,769 --> 00:04:54,509
this will be it it's being filmed right

81
00:04:52,170 --> 00:04:56,939
now the interviews have been done for

82
00:04:54,509 --> 00:04:59,430
about a month now and now they're

83
00:04:56,939 --> 00:05:02,250
working on actors how about that so

84
00:04:59,430 --> 00:05:04,920
somebody's actually gonna play me I said

85
00:05:02,250 --> 00:05:10,410
how about how about George Clooney they

86

00:05:04,920 --> 00:05:12,780
said no yeah dark hair they said no so

87
00:05:10,410 --> 00:05:18,930
anyway who we should be a lot of fun of

88
00:05:12,779 --> 00:05:22,009
the October okay I an incident like that

89
00:05:18,930 --> 00:05:26,730
you wonder how much more evidence

90
00:05:22,009 --> 00:05:29,909
anybody needs to sort of believe that

91
00:05:26,730 --> 00:05:32,100
something happened to these people you

92
00:05:29,910 --> 00:05:35,850
know this was really a stunning account

93
00:05:32,100 --> 00:05:37,470
as you are aware and just extensive so

94
00:05:35,850 --> 00:05:39,330
you have a lot of times you'll hear like

95
00:05:37,470 --> 00:05:42,180
with the Betty and Barney Hill you know

96
00:05:39,329 --> 00:05:44,550
going back to the 60s that somebody has

97
00:05:42,180 --> 00:05:47,730
or a couple which is unusual you know to

98
00:05:44,550 --> 00:05:49,230
have more than one person is abducted

99
00:05:47,730 --> 00:05:53,910
and it's recovered through a

100
00:05:49,230 --> 00:05:57,090

retrogressive hypnosis but with the

101

00:05:53,910 --> 00:05:58,650

Mojave incident in the hasp situation it

102

00:05:57,089 --> 00:06:02,639

was about four or five hours of

103

00:05:58,649 --> 00:06:04,229

conscious experience and then then they

104

00:06:02,639 --> 00:06:05,459

had these violent nightmares they

105

00:06:04,230 --> 00:06:08,160

remembered something and happened to

106

00:06:05,459 --> 00:06:10,199

them missing time and another four hours

107

00:06:08,160 --> 00:06:14,160

was recovered that was actually on the

108

00:06:10,199 --> 00:06:17,610

craft itself amazing that's gonna be a

109

00:06:14,160 --> 00:06:21,150

great movie hi orse or episode 50

110

00:06:17,610 --> 00:06:23,460

episode yeah that and actually we are

111

00:06:21,149 --> 00:06:26,219

working on a feature film as well so

112

00:06:23,459 --> 00:06:28,019

also with the sci-fi channel but that's

113

00:06:26,220 --> 00:06:30,630

not quite in the can yet you're right

114

00:06:28,019 --> 00:06:33,659

okay well we wish you the very best of

115
00:06:30,629 --> 00:06:35,969
luck with that thank you and can perhaps

116
00:06:33,660 --> 00:06:38,250
a date I was going to say perhaps you

117
00:06:35,970 --> 00:06:40,729
could get together with Kathleen Mardon

118
00:06:38,250 --> 00:06:44,329
and Denise stoners since they're into

119
00:06:40,728 --> 00:06:48,288
abductions in this type of gas doors

120
00:06:44,329 --> 00:06:51,978
that would be an excellent idea and play

121
00:06:48,288 --> 00:06:57,248
rain arrows Hernandez is also involved

122
00:06:51,978 --> 00:07:00,829
there in any case moving on to darkangel

123
00:06:57,249 --> 00:07:03,379
this as we've said this is really an

124
00:07:00,829 --> 00:07:07,788
interesting thriller and this is the

125
00:07:03,379 --> 00:07:10,520
third book with Jack Madsen it do you

126
00:07:07,788 --> 00:07:12,978
have any immediate plans for another

127
00:07:10,519 --> 00:07:17,718
book actually I do have another book I'm

128
00:07:12,978 --> 00:07:20,269
working on and I'm hoping to to finish

129
00:07:17,718 --> 00:07:23,808
the outline and in three or four sample

130
00:07:20,269 --> 00:07:26,149
chapters by September and have the book

131
00:07:23,809 --> 00:07:28,279
written by January itself it's not a

132
00:07:26,149 --> 00:07:31,668
jack Manson story but actually it's a

133
00:07:28,278 --> 00:07:33,408
sort of combination of a lot of the

134
00:07:31,668 --> 00:07:37,278
things I learned in dark angel and

135
00:07:33,408 --> 00:07:38,930
mojave incident put into a fictional

136
00:07:37,278 --> 00:07:41,808
account which is called the radiant I

137
00:07:38,930 --> 00:07:46,098
see well we'll be looking forward to

138
00:07:41,809 --> 00:07:49,580
that as well um basically starting off

139
00:07:46,098 --> 00:07:53,838
at the beginning you discuss Josef

140
00:07:49,579 --> 00:07:58,459
Mengele and you say that he did not die

141
00:07:53,838 --> 00:08:02,088
until nineteen seventy eight in

142
00:07:58,459 --> 00:08:05,778
Argentina that's correct and you spoke

143

00:08:02,088 --> 00:08:10,009
about the ratline but you didn't explain

144
00:08:05,778 --> 00:08:12,889
the ratline in the book sure well

145
00:08:10,009 --> 00:08:16,309
basically the book starts with Josef

146
00:08:12,889 --> 00:08:20,120
Mengele leaving Germany escaping Germany

147
00:08:16,309 --> 00:08:24,110
as the Allies invade and like many

148
00:08:20,120 --> 00:08:26,120
others Klaus Barbie Eichmann and other

149
00:08:24,110 --> 00:08:28,939
there was what they called the ratline

150
00:08:26,120 --> 00:08:33,349
the CIA at that time is called the OSS

151
00:08:28,939 --> 00:08:36,639
and the OSS by way of a sort of a

152
00:08:33,349 --> 00:08:41,990
Faustian agreement with the the Nazis

153
00:08:36,639 --> 00:08:45,139
agreed to to give safe haven to some of

154
00:08:41,990 --> 00:08:46,970
the the most notorious criminals war

155
00:08:45,139 --> 00:08:50,079
criminals such as Josef Mengele the

156
00:08:46,970 --> 00:08:53,360
angel of death and relocate them to

157
00:08:50,078 --> 00:08:56,870

Bolivia to Argentina to

158

00:08:53,360 --> 00:08:59,180
bill etc paraguay Chilean chili and

159

00:08:56,870 --> 00:09:02,959
actually many of these guys went on to

160

00:08:59,179 --> 00:09:05,328
become key players in the militaries of

161

00:09:02,958 --> 00:09:09,939
those countries and change their

162

00:09:05,328 --> 00:09:12,259
identities but this was the CIA actually

163

00:09:09,940 --> 00:09:14,149
releasing these these people putting

164

00:09:12,259 --> 00:09:17,299
them through different lines with

165

00:09:14,149 --> 00:09:19,220
different identifications relocating

166

00:09:17,299 --> 00:09:23,208
them giving them new identities and safe

167

00:09:19,220 --> 00:09:26,600
haven in return for other people like

168

00:09:23,208 --> 00:09:31,309
Werner von Braun like Reinhardt Galen

169

00:09:26,600 --> 00:09:33,170
and other key scientists and despise to

170

00:09:31,309 --> 00:09:35,750
come into the CIA and work for the

171

00:09:33,169 --> 00:09:37,610
United States government so for example

172
00:09:35,750 --> 00:09:40,909
Wernher von Braun was that you know

173
00:09:37,610 --> 00:09:42,980
notorious for making the V the V two

174
00:09:40,909 --> 00:09:45,049
missiles that were dropped on Eiland and

175
00:09:42,980 --> 00:09:47,750
killed you know thousands and thousands

176
00:09:45,049 --> 00:09:50,028
of people citizen I you know but women

177
00:09:47,750 --> 00:09:52,370
children just regular citizens not

178
00:09:50,028 --> 00:09:57,879
enough hi we're back from the break

179
00:09:52,370 --> 00:10:02,509
let's start again with Reinhold a Galen

180
00:09:57,879 --> 00:10:06,049
yeah so as I was saying Reinhardt Galen

181
00:10:02,509 --> 00:10:10,698
was uh was one of the chief architects

182
00:10:06,049 --> 00:10:12,559
of the Nazi intelligence agency and what

183
00:10:10,698 --> 00:10:15,740
they had done out of Frankfurt Germany

184
00:10:12,559 --> 00:10:19,609
was to infiltrate the soviet union with

185
00:10:15,740 --> 00:10:22,220
spies now after the war ended of course

186
00:10:19,610 --> 00:10:23,959
we knew that our next enemy was going to

187
00:10:22,220 --> 00:10:26,360
be the Soviet Union that was in the

188
00:10:23,958 --> 00:10:28,458
cards and as a matter of fact Winston

189
00:10:26,360 --> 00:10:32,750
Churchill wanted to continue the war so

190
00:10:28,458 --> 00:10:35,539
did patent and and take on the Soviet

191
00:10:32,750 --> 00:10:38,149
Union right away so we knew a cold war

192
00:10:35,539 --> 00:10:40,429
was coming so basically what happened

193
00:10:38,149 --> 00:10:42,589
was Reinhardt galen had these seven

194
00:10:40,429 --> 00:10:45,139
thousand spies that had infiltrated the

195
00:10:42,589 --> 00:10:48,860
Soviet Union we needed intelligence on

196
00:10:45,139 --> 00:10:51,409
the Soviet Union and so we let escape

197
00:10:48,860 --> 00:10:53,419
and gave safe haven to some of the most

198
00:10:51,409 --> 00:10:56,899
notorious war criminals and I mentioned

199
00:10:53,419 --> 00:11:00,588
Klaus Barbie I mentioned our Josef

200

00:10:56,899 --> 00:11:04,309
Mengele Eichmann etc gave them safe

201
00:11:00,589 --> 00:11:06,510
haven and in return we got access to the

202
00:11:04,309 --> 00:11:08,729
spy network so Reinhardt Galen

203
00:11:06,509 --> 00:11:10,860
his offices in Frankfurt Germany and

204
00:11:08,730 --> 00:11:13,409
instead of reporting to Goering and

205
00:11:10,860 --> 00:11:17,430
Hitler wound up reporting to Allen

206
00:11:13,409 --> 00:11:20,189
Dulles and two to Truman does it really

207
00:11:17,429 --> 00:11:22,829
matter what side you're on dit just got

208
00:11:20,190 --> 00:11:26,070
a bunch of boys playing these games and

209
00:11:22,830 --> 00:11:29,639
people get killed anyway dangerous games

210
00:11:26,070 --> 00:11:32,460
yeah yeah Fareed but just for the

211
00:11:29,639 --> 00:11:36,629
information or some of our younger

212
00:11:32,460 --> 00:11:41,250
listeners I'll what exactly was dr.

213
00:11:36,629 --> 00:11:44,460
Mengele up to mmm well or what we see ya

214
00:11:41,250 --> 00:11:46,679

hot up to that they have you know one of

215

00:11:44,460 --> 00:11:50,370

the things that got me interested in

216

00:11:46,679 --> 00:11:54,019

writing that dark angel this Jack Manton

217

00:11:50,370 --> 00:11:58,889

book was a conversation I had with a

218

00:11:54,019 --> 00:12:00,659

colleague in Germany and we had our

219

00:11:58,889 --> 00:12:03,449

glass of beer we're just talking about

220

00:12:00,659 --> 00:12:06,659

post-world war two in America this and

221

00:12:03,450 --> 00:12:08,730

that and the subject of a Dolf Hitler

222

00:12:06,659 --> 00:12:12,600

came up and he made a chilling statement

223

00:12:08,730 --> 00:12:15,360

he said Adolf Hitler wasn't wrong he was

224

00:12:12,600 --> 00:12:17,519

just ahead of his time oh and then he

225

00:12:15,360 --> 00:12:20,580

went on to talk about genetic

226

00:12:17,519 --> 00:12:22,949

engineering he had the idea of designer

227

00:12:20,580 --> 00:12:28,410

children which we talk about now the

228

00:12:22,950 --> 00:12:31,740

idea of all right perfecting a nature so

229

00:12:28,409 --> 00:12:33,779

that prior to this scientist would look

230

00:12:31,740 --> 00:12:35,970

at the environment and try to change it

231

00:12:33,779 --> 00:12:40,289

you know how do you get more food how do

232

00:12:35,970 --> 00:12:43,170

you you know have have a situation with

233

00:12:40,289 --> 00:12:46,049

his more water recycling water external

234

00:12:43,169 --> 00:12:48,360

things but now what they turn to is what

235

00:12:46,049 --> 00:12:52,019

Mengele was working on which is making

236

00:12:48,360 --> 00:12:54,240

better in quote human beings through

237

00:12:52,019 --> 00:12:57,929

radical evolution through accelerated

238

00:12:54,240 --> 00:13:02,519

evolution and human engineered people

239

00:12:57,929 --> 00:13:05,539

but he had some very dark projects there

240

00:13:02,519 --> 00:13:09,480

oh absolutely he experimented on

241

00:13:05,539 --> 00:13:11,099

thousands of humans sometimes to just to

242

00:13:09,480 --> 00:13:15,480

see at what temperature blood would

243
00:13:11,100 --> 00:13:19,070
freeze you know so these experiments

244
00:13:15,480 --> 00:13:21,740
were horrendous and the idea was to

245
00:13:19,070 --> 00:13:26,120
for example change brown-eyed people to

246
00:13:21,740 --> 00:13:28,190
blue eyed people look at longevity look

247
00:13:26,120 --> 00:13:31,009
at at and this is where the idea of

248
00:13:28,190 --> 00:13:35,000
super soldiers or transhumans come comes

249
00:13:31,009 --> 00:13:39,049
in to make a soldier that did not need

250
00:13:35,000 --> 00:13:41,570
to sleep eat or even drink water for

251
00:13:39,049 --> 00:13:44,299
long periods of time that maybe it was

252
00:13:41,570 --> 00:13:47,990
immune to pain so at the end these

253
00:13:44,299 --> 00:13:50,929
transhumans could be smarter more agile

254
00:13:47,990 --> 00:13:54,110
more athletic have incredible endurance

255
00:13:50,929 --> 00:13:56,359
and strength and be able to operate with

256
00:13:54,110 --> 00:13:59,029
no remorse whatsoever through behavioral

257

00:13:56,360 --> 00:14:01,070
techniques so that they really became

258
00:13:59,029 --> 00:14:03,980
what the Nazis called in Mengele called

259
00:14:01,070 --> 00:14:06,560
slaughter machines they'd be dropped

260
00:14:03,980 --> 00:14:09,620
behind enemy lines and they would just

261
00:14:06,559 --> 00:14:13,009
kill at anything in sight for days on

262
00:14:09,620 --> 00:14:15,740
end and then terminate Wow well they

263
00:14:13,009 --> 00:14:20,779
never invented Saints though did they

264
00:14:15,740 --> 00:14:23,029
just these soldiers no yo doesn't seem

265
00:14:20,779 --> 00:14:25,909
to work that way I'm afraid I'll what's

266
00:14:23,029 --> 00:14:28,789
really scary I and I'm not totally

267
00:14:25,909 --> 00:14:33,620
familiar with it but this new technique

268
00:14:28,789 --> 00:14:37,189
of crisper where you can essentially cut

269
00:14:33,620 --> 00:14:39,679
and paste DNA segments and it does not

270
00:14:37,190 --> 00:14:43,250
require sophisticated laboratory

271
00:14:39,679 --> 00:14:46,699

equipment little startup firms can do

272

00:14:43,250 --> 00:14:50,179

this and so little startup nut jobs can

273

00:14:46,700 --> 00:14:53,660

be making transhumans in Topeka Kansas

274

00:14:50,179 --> 00:14:56,209

for all we know absolutely your book is

275

00:14:53,659 --> 00:14:58,069

right on that money it really is and

276

00:14:56,210 --> 00:15:00,620

actually it's called DNA splicing at

277

00:14:58,070 --> 00:15:04,700

crisprers walk but also DNA splicing yeah

278

00:15:00,620 --> 00:15:07,490

and as a result you can create designer

279

00:15:04,700 --> 00:15:09,560

children for example you know children

280

00:15:07,490 --> 00:15:11,720

that are more athletic than they would

281

00:15:09,559 --> 00:15:14,419

be normally well children that maybe

282

00:15:11,720 --> 00:15:16,490

have more intellectual capacity this is

283

00:15:14,419 --> 00:15:18,740

sorry you can actually design human

284

00:15:16,490 --> 00:15:22,789

beings wow this has been going on for

285

00:15:18,740 --> 00:15:30,169

years I used to entertain from time to

286
00:15:22,789 --> 00:15:32,839
time for a holiday party with Japanese

287
00:15:30,169 --> 00:15:35,389
children these children were

288
00:15:32,840 --> 00:15:38,389
are the children of parents who had come

289
00:15:35,389 --> 00:15:41,539
from Japan to work for a particular Bank

290
00:15:38,389 --> 00:15:44,000
and what I would be doing would be I

291
00:15:41,539 --> 00:15:46,879
would be face painting or doing things

292
00:15:44,000 --> 00:15:50,240
that would primarily interest the girls

293
00:15:46,879 --> 00:15:53,090
and my partner in crime would come in

294
00:15:50,240 --> 00:15:55,580
and do things like juggling and top

295
00:15:53,090 --> 00:15:58,399
spinning and rope spinning that would

296
00:15:55,580 --> 00:16:00,440
primarily interest the boys now there

297
00:15:58,399 --> 00:16:02,750
was some crossover and lots of little

298
00:16:00,440 --> 00:16:06,310
Japanese boys got their face painted and

299
00:16:02,750 --> 00:16:10,580
lots of girls learn to spin ropes but um

300
00:16:06,309 --> 00:16:12,849
we would be hired by this concern every

301
00:16:10,580 --> 00:16:15,320
three years or so so that they could

302
00:16:12,850 --> 00:16:17,090
have different people appear to have

303
00:16:15,320 --> 00:16:19,250
different people every year because by

304
00:16:17,090 --> 00:16:21,110
the time three years went by either the

305
00:16:19,250 --> 00:16:22,909
children had grown up a bit and

306
00:16:21,110 --> 00:16:25,009
forgotten or there would be a different

307
00:16:22,909 --> 00:16:28,360
crop of children from Japan because

308
00:16:25,009 --> 00:16:30,919
these were temporary workers at the

309
00:16:28,360 --> 00:16:35,090
temporary in the United States at least

310
00:16:30,919 --> 00:16:37,309
well after about three cycles I was no

311
00:16:35,090 --> 00:16:40,730
longer needed because there were no more

312
00:16:37,309 --> 00:16:43,029
girl children there were only boy

313
00:16:40,730 --> 00:16:47,000
children there may be two girls and

314

00:16:43,029 --> 00:16:51,139
forty boys why because the parents had

315
00:16:47,000 --> 00:16:53,690
selected to have a male child yeah

316
00:16:51,139 --> 00:16:57,580
it's it's really are quite astounding and

317
00:16:53,690 --> 00:17:00,410
and not only in terms of just the the

318
00:16:57,580 --> 00:17:02,389
concept of super soldiers and designer

319
00:17:00,409 --> 00:17:04,399
children but really in terms of a

320
00:17:02,389 --> 00:17:06,379
society it's clear to me and this is

321
00:17:04,400 --> 00:17:09,050
already happening that there will be

322
00:17:06,380 --> 00:17:12,620
enhanced humans and natural there'll be

323
00:17:09,049 --> 00:17:14,839
two classes of people and the enhanced

324
00:17:12,619 --> 00:17:18,889
will will obviously come from well-to-do

325
00:17:14,839 --> 00:17:21,439
backgrounds and they will be enhanced in

326
00:17:18,890 --> 00:17:24,230
many ways intellectually physically etc

327
00:17:21,440 --> 00:17:26,269
and the naturals will be like sort of

328
00:17:24,230 --> 00:17:27,799

drones people that are just normal

329

00:17:26,269 --> 00:17:30,410

people that don't have these

330

00:17:27,799 --> 00:17:32,659

enhancements or access to them so you

331

00:17:30,410 --> 00:17:35,660

could really see where we talk about one

332

00:17:32,660 --> 00:17:42,500

percent which may or may not be a you

333

00:17:35,660 --> 00:17:44,900

know a a very relevant phrase these days

334

00:17:42,500 --> 00:17:45,558

but I think the one percent going in the

335

00:17:44,900 --> 00:17:47,538

future

336

00:17:45,558 --> 00:17:50,418

won't have to be won't be about how much

337

00:17:47,538 --> 00:17:52,759

money you make it'll be about what you

338

00:17:50,419 --> 00:17:55,970

are whether you're enhanced or not and

339

00:17:52,759 --> 00:17:59,179

the one percent clearly will live in a

340

00:17:55,970 --> 00:18:02,929

world a virtual world almost that that's

341

00:17:59,179 --> 00:18:06,440

clearly different better and far above

342

00:18:02,929 --> 00:18:08,929

or inaccessible to the other 99 percent

343
00:18:06,440 --> 00:18:12,740
would you say this is a break away

344
00:18:08,929 --> 00:18:16,580
society you know frankly I think it's

345
00:18:12,740 --> 00:18:20,179
already a breakaway society okay well

346
00:18:16,579 --> 00:18:25,668
moving on to the next question having to

347
00:18:20,179 --> 00:18:29,419
do with the Forrestal situation you had

348
00:18:25,669 --> 00:18:32,059
done some research on that and it's a

349
00:18:29,419 --> 00:18:37,970
very interesting situation involving

350
00:18:32,058 --> 00:18:43,069
this fellow who was a long time a higher

351
00:18:37,970 --> 00:18:46,179
up in the Navy was it and he was working

352
00:18:43,069 --> 00:18:50,089
with Truman and then suddenly he was

353
00:18:46,179 --> 00:18:51,798
dead have having been thrown out or

354
00:18:50,089 --> 00:18:54,168
jumping out the window what did you

355
00:18:51,798 --> 00:18:58,278
aside this it was a suicide yeah that's

356
00:18:54,169 --> 00:19:00,499
right morrisville yeah actually the

357
00:18:58,278 --> 00:19:03,740
Forrestal campus at Princeton University

358
00:19:00,499 --> 00:19:06,259
is where the experiment in my book take

359
00:19:03,740 --> 00:19:10,548
place and these experiments that deal

360
00:19:06,259 --> 00:19:14,298
with cloning with well basically they

361
00:19:10,548 --> 00:19:16,429
call it green g Rin technologies and

362
00:19:14,298 --> 00:19:19,960
that that would be genetic engineering

363
00:19:16,429 --> 00:19:22,669
robotics artificial intelligence and

364
00:19:19,960 --> 00:19:25,669
nanotechnology so basically what they're

365
00:19:22,669 --> 00:19:29,028
working on is merging these these green

366
00:19:25,669 --> 00:19:31,429
technologies with memories with bodies

367
00:19:29,028 --> 00:19:34,609
and metabolisms even with personalities

368
00:19:31,429 --> 00:19:37,149
and progeny to create radical evolution

369
00:19:34,609 --> 00:19:40,128
they call it high-risk high-reward

370
00:19:37,148 --> 00:19:42,709
experimentation it's done by DARPA and

371

00:19:40,128 --> 00:19:45,980
this is a real thing this is not fiction

372
00:19:42,710 --> 00:19:49,610
dr. is the real thing but so is his

373
00:19:45,980 --> 00:19:53,628
research exactly yeah and and basically

374
00:19:49,609 --> 00:19:56,508
DARPA was started by which is defense

375
00:19:53,628 --> 00:19:57,189
advanced research projects agency under

376
00:19:56,509 --> 00:19:59,769
the depart

377
00:19:57,190 --> 00:20:02,830
defense was started by eisenhower

378
00:19:59,769 --> 00:20:05,440
post-world war two to keep the United

379
00:20:02,829 --> 00:20:08,619
States weaponry and technology for

380
00:20:05,440 --> 00:20:11,559
weaponry one full generation ahead of

381
00:20:08,619 --> 00:20:14,709
our nearest competitor so he could only

382
00:20:11,559 --> 00:20:16,809
imagine what kinds of things they would

383
00:20:14,710 --> 00:20:20,400
be working on but certainly the idea of

384
00:20:16,809 --> 00:20:22,690
super soldiers is not only something

385
00:20:20,400 --> 00:20:25,500

they're working on it's something that

386

00:20:22,690 --> 00:20:28,480

clearly has happened and I have some

387

00:20:25,500 --> 00:20:30,910

information from a book I wrote prior to

388

00:20:28,480 --> 00:20:32,410

this called the privacy war and some

389

00:20:30,910 --> 00:20:34,300

documents that came to me through a

390

00:20:32,410 --> 00:20:36,430

congressman that headed up the committee

391

00:20:34,299 --> 00:20:39,549

his name was Neil Gallagher about

392

00:20:36,430 --> 00:20:42,759

operation Phoenix where soldiers were

393

00:20:39,549 --> 00:20:45,659

dropped behind enemy lines they had used

394

00:20:42,759 --> 00:20:49,269

behavioral modification techniques and

395

00:20:45,660 --> 00:20:52,960

drugs a cocktail of drugs called the

396

00:20:49,269 --> 00:20:55,720

Green Hornet and basically these were in

397

00:20:52,960 --> 00:20:57,460

feta means and knob and combinations of

398

00:20:55,720 --> 00:21:01,150

other drugs actually have a list of them

399

00:20:57,460 --> 00:21:04,000

and Anton testimony from the committee

400
00:21:01,150 --> 00:21:05,860
by some of the soldiers involved had no

401
00:21:04,000 --> 00:21:07,630
memories of the atrocities they

402
00:21:05,859 --> 00:21:10,599
committed but basically they were given

403
00:21:07,630 --> 00:21:12,910
index cards with the names of families

404
00:21:10,599 --> 00:21:15,669
and they go into that were supposedly

405
00:21:12,910 --> 00:21:18,250
viacom and they've assassinate him in

406
00:21:15,670 --> 00:21:20,529
the most brutal ways and this would go

407
00:21:18,250 --> 00:21:22,750
on for days at a time and then they'd be

408
00:21:20,529 --> 00:21:25,089
picked up again and brought back but

409
00:21:22,750 --> 00:21:27,940
literally they could operate for days at

410
00:21:25,089 --> 00:21:30,639
a time with no need for food water sleep

411
00:21:27,940 --> 00:21:32,650
and they literally be killing machines

412
00:21:30,640 --> 00:21:35,740
it was cold operation Phoenix and it's

413
00:21:32,650 --> 00:21:39,610
very well documented okay well that is

414
00:21:35,740 --> 00:21:44,589
very interesting nor tax dollars at work

415
00:21:39,609 --> 00:21:47,919
your tax dollars at work indeed had you

416
00:21:44,589 --> 00:21:53,769
read the men who stare at goats by jon

417
00:21:47,920 --> 00:21:55,840
ronson and Jim Channon and that his

418
00:21:53,769 --> 00:21:58,569
whole crew yeah yeah I did as a matter

419
00:21:55,839 --> 00:22:00,730
of fact one of the really good books on

420
00:21:58,569 --> 00:22:02,500
that which it just scrapes the surface

421
00:22:00,730 --> 00:22:05,589
was called in search of the manchurian

422
00:22:02,500 --> 00:22:07,930
candidate and you know that has a lot of

423
00:22:05,589 --> 00:22:09,158
the things that went on in the 60s but

424
00:22:07,930 --> 00:22:12,009
again if you think

425
00:22:09,159 --> 00:22:15,070
people just basic you know a woman goes

426
00:22:12,009 --> 00:22:19,450
into McGill University Hospital in

427
00:22:15,069 --> 00:22:22,598
Canada for for you know depression and

428

00:22:19,450 --> 00:22:25,598
winds up in some kind of a sleep

429
00:22:22,598 --> 00:22:28,089
deprivation chamber for 40 days on LSD

430
00:22:25,598 --> 00:22:29,888
you know like this is the kind of thing

431
00:22:28,089 --> 00:22:31,628
that was going on I mean people had to

432
00:22:29,888 --> 00:22:34,418
be toilet trained after these

433
00:22:31,628 --> 00:22:37,598
experiments in brainwashing wiping mines

434
00:22:34,419 --> 00:22:40,269
clean and implanting memories that's

435
00:22:37,598 --> 00:22:42,460
very done interests of military purposes

436
00:22:40,269 --> 00:22:46,269
of course that part is really

437
00:22:42,460 --> 00:22:49,778
interesting in terms of what some people

438
00:22:46,269 --> 00:22:53,288
have talked about involving UFOs that

439
00:22:49,778 --> 00:22:56,470
some of the things that have been seen

440
00:22:53,288 --> 00:22:58,589
are not extraterrestrial visitors or

441
00:22:56,470 --> 00:23:01,960
interdimensional visitors but rather

442
00:22:58,589 --> 00:23:04,538

government programs where false memories

443

00:23:01,960 --> 00:23:06,999

have been inserted into people what's

444

00:23:04,538 --> 00:23:09,598

your take on that I think it's entirely

445

00:23:06,999 --> 00:23:12,308

possible and not not only possible but

446

00:23:09,598 --> 00:23:13,928

not not even probable I I mean I think

447

00:23:12,308 --> 00:23:16,960

you can probably say these things with

448

00:23:13,929 --> 00:23:18,340

some some real search certitude yeah as

449

00:23:16,960 --> 00:23:20,108

a matter of fact maybe they would

450

00:23:18,339 --> 00:23:23,319

interest you but I do have a document

451

00:23:20,108 --> 00:23:26,489

that I could read to you from one of the

452

00:23:23,319 --> 00:23:28,450

participants in operation Phoenix from

453

00:23:26,489 --> 00:23:31,358

1966 would you like to hear something

454

00:23:28,450 --> 00:23:33,759

yes go for it a standard equipment most

455

00:23:31,358 --> 00:23:36,788

of us carried hush puppies a mark 22

456

00:23:33,759 --> 00:23:39,368

model Oh which used 9-millimeter ammo

457
00:23:36,788 --> 00:23:42,190
and had a five inch barrel equipped with

458
00:23:39,368 --> 00:23:44,138
silencer the weapon along with the fact

459
00:23:42,190 --> 00:23:46,720
that each of us could kill with our hand

460
00:23:44,138 --> 00:23:49,388
at only one other thing in common we

461
00:23:46,720 --> 00:23:51,729
were insane the most important element

462
00:23:49,388 --> 00:23:53,528
of the program aside from the men where

463
00:23:51,729 --> 00:23:56,229
the drugs supplied by the local case

464
00:23:53,528 --> 00:23:58,839
manager that kept us awake for days at a

465
00:23:56,229 --> 00:24:00,999
time erase the deeds committed from the

466
00:23:58,839 --> 00:24:03,220
mind and allowed peace to enter the soul

467
00:24:00,999 --> 00:24:05,108
at least for time it was called the

468
00:24:03,220 --> 00:24:07,210
Green Hornet a capsule containing a

469
00:24:05,108 --> 00:24:09,819
mixture of Benjamin an amphetamine which

470
00:24:07,210 --> 00:24:12,729
stimulated the central nervous system

471
00:24:09,819 --> 00:24:15,548
dexamethasone synthetic steroid that

472
00:24:12,729 --> 00:24:18,609
stimulated the adrenal glands which made

473
00:24:15,548 --> 00:24:20,519
a man superhuman and reserpine commonly

474
00:24:18,608 --> 00:24:22,949
used to treat high blood pressure

475
00:24:20,519 --> 00:24:25,019
and mental patients The Green Hornet

476
00:24:22,950 --> 00:24:27,450
that Jones described was Kate was a

477
00:24:25,019 --> 00:24:29,459
capsule that quote caused Amanda act

478
00:24:27,450 --> 00:24:31,558
faster than normal he could feel his

479
00:24:29,459 --> 00:24:33,989
heart speed up his head would throb and

480
00:24:31,558 --> 00:24:36,418
it felt as if the brain was actually

481
00:24:33,989 --> 00:24:38,819
growing it gave the man his own personal

482
00:24:36,419 --> 00:24:41,489
radar and his senses were fine-tuned to

483
00:24:38,819 --> 00:24:43,648
an extreme pitch every nerve ending was

484
00:24:41,489 --> 00:24:45,899
sensitive to sound sight and smell and

485

00:24:43,648 --> 00:24:48,449
it seemed as if a receiver was in the

486
00:24:45,898 --> 00:24:50,819
brain put all this together a man could

487
00:24:48,450 --> 00:24:52,739
stay awake for days fight function and

488
00:24:50,819 --> 00:24:57,208
not lose his mind that come from

489
00:24:52,739 --> 00:25:00,149
congressional testimony wow it's I don't

490
00:24:57,209 --> 00:25:04,679
understand why people spend so much time

491
00:25:00,148 --> 00:25:06,328
on money making ways to kill well you

492
00:25:04,679 --> 00:25:08,459
know Albert Einstein had a great quote

493
00:25:06,328 --> 00:25:10,918
about that he said giving technology to

494
00:25:08,459 --> 00:25:14,009
generals is like giving an axe to a

495
00:25:10,919 --> 00:25:16,889
serial killer that's a good thing I had

496
00:25:14,009 --> 00:25:21,719
not heard that one before but that's

497
00:25:16,888 --> 00:25:23,778
excellent that's really good so um how

498
00:25:21,719 --> 00:25:26,820
do you come down on the Forrestal

499
00:25:23,778 --> 00:25:28,828

incident um well there's a lot of you

500

00:25:26,819 --> 00:25:31,078

know speculation of what he knew or what

501

00:25:28,828 --> 00:25:35,489

he saw some say that he was involved

502

00:25:31,078 --> 00:25:39,598

with the UFOs and actually with a alien

503

00:25:35,489 --> 00:25:43,308

being that had been had been captured or

504

00:25:39,598 --> 00:25:45,989

rescued from the Roswell incident

505

00:25:43,308 --> 00:25:48,178

whether this is true or not I don't know

506

00:25:45,989 --> 00:25:51,239

but clearly this was somebody with a lot

507

00:25:48,179 --> 00:25:53,278

on his mind and at that time as my

508

00:25:51,239 --> 00:25:55,489

friend Neil Gallagher the congressman

509

00:25:53,278 --> 00:25:58,078

who ran the privacy committees found out

510

00:25:55,489 --> 00:26:01,558

there was all kinds of experimentation

511

00:25:58,078 --> 00:26:03,538

going on on human beings unknown to them

512

00:26:01,558 --> 00:26:05,219

sometimes grammar school children that

513

00:26:03,538 --> 00:26:07,588

were given drugs half the class were

514
00:26:05,219 --> 00:26:09,599
given a drug half the class wasn't as a

515
00:26:07,588 --> 00:26:12,028
control group to see how their grades

516
00:26:09,598 --> 00:26:14,759
came up they call them smart pills at

517
00:26:12,028 --> 00:26:17,429
the time things like that things that

518
00:26:14,759 --> 00:26:20,788
were clear violations of any human

519
00:26:17,429 --> 00:26:24,179
rights or our constitutional right and

520
00:26:20,788 --> 00:26:25,648
so these are really documented things at

521
00:26:24,179 --> 00:26:27,659
this stage of the game you know

522
00:26:25,648 --> 00:26:29,968
assassinations in the church committee

523
00:26:27,659 --> 00:26:32,639
you know for example in the late

524
00:26:29,969 --> 00:26:33,259
seventies contradicted the Warren

525
00:26:32,638 --> 00:26:35,179
committee

526
00:26:33,259 --> 00:26:37,490
you know assassinations and we were just

527
00:26:35,180 --> 00:26:39,200
killing people we were experimenting on

528

00:26:37,490 --> 00:26:41,839

people killing people it was just

529

00:26:39,200 --> 00:26:43,940

absolutely you know a bizarre time in

530

00:26:41,839 --> 00:26:45,519

American history and I don't think it's

531

00:26:43,940 --> 00:26:48,970

changed I think it's just become

532

00:26:45,519 --> 00:26:53,150

institutionalized and gone very dark

533

00:26:48,970 --> 00:26:55,660

exactly what bothers me occasionally you

534

00:26:53,150 --> 00:26:59,120

read in the news about a very private

535

00:26:55,660 --> 00:27:01,220

individual doing a berserk act about a

536

00:26:59,119 --> 00:27:04,879

year and a half ago there was a woman

537

00:27:01,220 --> 00:27:08,690

with a her son I belong in the car right

538

00:27:04,880 --> 00:27:10,610

and she'd rammed the White House I tried

539

00:27:08,690 --> 00:27:12,950

to kill the president and it was

540

00:27:10,609 --> 00:27:15,859

completely out of character I have

541

00:27:12,950 --> 00:27:19,190

nowhere you know what if these people

542

00:27:15,859 --> 00:27:21,889
are being trouble or not obviously not

543
00:27:19,190 --> 00:27:24,320
not not that they know about because

544
00:27:21,890 --> 00:27:27,410
you'll hear about it here and there this

545
00:27:24,319 --> 00:27:30,619
is bizarre incidents well the Unabomber

546
00:27:27,410 --> 00:27:32,990
I was a good example of that he was one

547
00:27:30,619 --> 00:27:37,039
of six people at Harvard that was being

548
00:27:32,990 --> 00:27:40,099
paid to you know undergo experiments and

549
00:27:37,039 --> 00:27:41,599
testing on drugs etc I think of the six

550
00:27:40,099 --> 00:27:45,139
and there's a book on it pulled the

551
00:27:41,599 --> 00:27:47,029
Unabomber and Harvard and basically I

552
00:27:45,140 --> 00:27:49,430
think five of the six either wound up

553
00:27:47,029 --> 00:27:53,799
committing suicide or doing some some

554
00:27:49,430 --> 00:27:57,830
being a violent act I think one survives

555
00:27:53,799 --> 00:28:01,069
so Ashley darkangel start with Jack

556
00:27:57,829 --> 00:28:06,079

Matson going to Princeton University at

557

00:28:01,069 --> 00:28:08,089

the behest of parent whose daughter has

558

00:28:06,079 --> 00:28:10,009

jumped off a building and committed

559

00:28:08,089 --> 00:28:12,740

suicide they can't understand why she

560

00:28:10,009 --> 00:28:15,259

would commit a suicide clearly she did

561

00:28:12,740 --> 00:28:17,990

and Madison verifies with the police

562

00:28:15,259 --> 00:28:20,720

find that it was suicide but what he can

563

00:28:17,990 --> 00:28:23,359

never understand is why right once he

564

00:28:20,720 --> 00:28:26,000

starts investigating the question why is

565

00:28:23,359 --> 00:28:28,729

when he starts to come upon these black

566

00:28:26,000 --> 00:28:32,450

projects it's called mayhem which is

567

00:28:28,730 --> 00:28:37,839

going on below forestville campus in

568

00:28:32,450 --> 00:28:41,750

secret laboratories run by DARPA well I

569

00:28:37,839 --> 00:28:43,639

wonder how much in this story you

570

00:28:41,750 --> 00:28:46,400

borrowed there from the Forrestal

571
00:28:43,640 --> 00:28:46,880
incident because immediately when I was

572
00:28:46,400 --> 00:28:49,700
read

573
00:28:46,880 --> 00:28:52,190
about the young girl committing suicide

574
00:28:49,700 --> 00:28:56,230
and having no reason i thought about

575
00:28:52,190 --> 00:29:00,019
forest all right there and also the

576
00:28:56,230 --> 00:29:03,200
suicide rate at princeton you have down

577
00:29:00,019 --> 00:29:06,200
there as being the highest among the Ivy

578
00:29:03,200 --> 00:29:08,690
League colleges which is fine to write

579
00:29:06,200 --> 00:29:10,789
that I mean that's the shirt that's me

580
00:29:08,690 --> 00:29:13,549
that is it really i always thought it

581
00:29:10,789 --> 00:29:16,609
was Cornell was a matter of fact the

582
00:29:13,549 --> 00:29:18,440
heart rate was so high that above the

583
00:29:16,609 --> 00:29:20,599
second floor they hasp all the windows

584
00:29:18,440 --> 00:29:23,299
so they can't open all the way at

585
00:29:20,599 --> 00:29:26,209
Princeton that's correct oh wow I had

586
00:29:23,299 --> 00:29:29,599
always thought that it was for now

587
00:29:26,210 --> 00:29:33,740
because of the gorge and I was just so

588
00:29:29,599 --> 00:29:38,480
competitive and cold yeah well you know

589
00:29:33,740 --> 00:29:40,970
I guess many of those universities

590
00:29:38,480 --> 00:29:43,370
particularly Ivy League you know it's

591
00:29:40,970 --> 00:29:45,769
just so competitive it gets gets into

592
00:29:43,369 --> 00:29:48,169
sort of a surreal world I think but I

593
00:29:45,769 --> 00:29:49,730
don't think they put suicide rates on

594
00:29:48,170 --> 00:29:51,380
their brochures no I don't think so

595
00:29:49,730 --> 00:29:55,970
either of the fact that they put hasps

596
00:29:51,380 --> 00:29:59,060
on the windows yeah well having you know

597
00:29:55,970 --> 00:30:01,970
gone with a child to both Princeton and

598
00:29:59,059 --> 00:30:04,909
Cornell and a number of other Ivy League

599

00:30:01,970 --> 00:30:07,880
institutions I could just feel it at

600
00:30:04,910 --> 00:30:11,330
Cornell where a difference and I was it

601
00:30:07,880 --> 00:30:18,080
I I didn't feel that that much so um

602
00:30:11,329 --> 00:30:23,899
moving on uh how how much did you study

603
00:30:18,079 --> 00:30:27,559
about the prevalence of these former

604
00:30:23,900 --> 00:30:30,620
Nazis in this country are quite a bit

605
00:30:27,559 --> 00:30:32,450
and as a matter of fact you know I was

606
00:30:30,619 --> 00:30:35,179
going to Germany on business once a

607
00:30:32,450 --> 00:30:37,549
month for about 15 years so I actually

608
00:30:35,180 --> 00:30:41,720
went to the former SS headquarters in

609
00:30:37,549 --> 00:30:44,930
Northwest filia in weasel wheelersburg

610
00:30:41,720 --> 00:30:46,730
and Germany and there's really a lot to

611
00:30:44,930 --> 00:30:50,480
be learned from all of that but then

612
00:30:46,730 --> 00:30:55,339
there was a lot of satanic cult things

613
00:30:50,480 --> 00:30:58,279

going on there and a lot of the Nazi way

614

00:30:55,339 --> 00:30:59,589

of doing things the SS way of doing

615

00:30:58,279 --> 00:31:02,230

things whether it

616

00:30:59,589 --> 00:31:05,908

had to do with medical medicine medical

617

00:31:02,230 --> 00:31:09,000

practices whether it had to do with

618

00:31:05,909 --> 00:31:12,010

eugenics whether it had to do with

619

00:31:09,000 --> 00:31:16,089

intelligence operations really

620

00:31:12,009 --> 00:31:18,190

influenced the CIA and in my view people

621

00:31:16,089 --> 00:31:19,329

say well many people feel like the

622

00:31:18,190 --> 00:31:22,960

United States took a wrong turn

623

00:31:19,329 --> 00:31:24,759

somewhere well if I had a place in

624

00:31:22,960 --> 00:31:27,130

history to say where the United States

625

00:31:24,759 --> 00:31:29,288

took a wrong turn it was getting in

626

00:31:27,130 --> 00:31:31,990

league with the SS and the Nazis after

627

00:31:29,288 --> 00:31:37,470

post after World War two because I think

628
00:31:31,990 --> 00:31:40,538
it it changed the the philosophy of

629
00:31:37,470 --> 00:31:43,000
intelligence agencies to again where

630
00:31:40,538 --> 00:31:45,490
assassinations were okay and a lot of

631
00:31:43,000 --> 00:31:48,308
the things that the Nazis were doing we

632
00:31:45,490 --> 00:31:52,839
just sort of inculcated into our own

633
00:31:48,308 --> 00:31:56,349
playbook with human experimentation well

634
00:31:52,839 --> 00:31:58,240
and they also invented propaganda and we

635
00:31:56,349 --> 00:32:01,329
see that now in all the political

636
00:31:58,240 --> 00:32:05,679
campaigns tell a lie often enough and

637
00:32:01,329 --> 00:32:07,418
big enough and and then you get well

638
00:32:05,679 --> 00:32:09,220
never mind we won't get into politics

639
00:32:07,419 --> 00:32:10,509
nobody but I wouldn't say this I think

640
00:32:09,220 --> 00:32:12,669
this is that that's a very good point

641
00:32:10,509 --> 00:32:16,419
because I would say if there's a

642
00:32:12,669 --> 00:32:19,390
question that that people at least that

643
00:32:16,419 --> 00:32:21,429
have some sense of history ask is what

644
00:32:19,390 --> 00:32:23,830
is the truth because it's like

645
00:32:21,429 --> 00:32:27,640
baskin-robbins these days yeah we which

646
00:32:23,829 --> 00:32:30,220
truths would you lie and speaking of

647
00:32:27,640 --> 00:32:33,600
history we should make a note and a

648
00:32:30,220 --> 00:32:39,220
thank you to all those people that died

649
00:32:33,599 --> 00:32:44,589
back in 1944 on jun 6 now which was

650
00:32:39,220 --> 00:32:47,460
d-day and so it seems a shame that a lot

651
00:32:44,589 --> 00:32:49,808
of these people that died on both sides

652
00:32:47,460 --> 00:32:52,720
really felt they were doing the right

653
00:32:49,808 --> 00:32:55,359
thing and forwarding human progress and

654
00:32:52,720 --> 00:32:58,269
I agree with you in your book that what

655
00:32:55,359 --> 00:33:01,599
they were really doing was forwarding

656

00:32:58,269 --> 00:33:05,230
sort of like a sort of a forward guard

657
00:33:01,599 --> 00:33:08,230
for creatures like dark angel mm-hmm

658
00:33:05,230 --> 00:33:11,019
making the world safe for conspiracies

659
00:33:08,230 --> 00:33:14,680
and I also think what are the

660
00:33:11,019 --> 00:33:17,170
powerful things about dark angel is that

661
00:33:14,680 --> 00:33:21,640
that really ultimately what Jack Matson

662
00:33:17,170 --> 00:33:25,470
stumbles on to is is an attempt to

663
00:33:21,640 --> 00:33:28,509
recreate a Fourth Reich ah and basically

664
00:33:25,470 --> 00:33:31,180
this is not science fiction I mean this

665
00:33:28,509 --> 00:33:35,019
is not crazy I mean you had Daisy this

666
00:33:31,180 --> 00:33:39,509
sheep clone you know back what 40 years

667
00:33:35,019 --> 00:33:42,220
ago almost I would bet my house that

668
00:33:39,509 --> 00:33:44,619
there's a number of countries that have

669
00:33:42,220 --> 00:33:47,440
cloned human beings yeah a number of

670
00:33:44,619 --> 00:33:52,059

countries you know I your pet cloned in

671

00:33:47,440 --> 00:33:56,070

China it's amazing and then so so I

672

00:33:52,059 --> 00:33:59,559

think that this sort of idea of

673

00:33:56,069 --> 00:34:02,859

transhumans is is not only here it's

674

00:33:59,559 --> 00:34:05,859

almost irrevocably here it's part of our

675

00:34:02,859 --> 00:34:07,359

culture if you look at even my son that

676

00:34:05,859 --> 00:34:09,609

are watching just for lack of anything

677

00:34:07,359 --> 00:34:11,769

else to watch weightlifters you know it

678

00:34:09,610 --> 00:34:14,740

just sort of channel surfing and so

679

00:34:11,769 --> 00:34:16,719

these people were so freakish mm-hmm but

680

00:34:14,739 --> 00:34:18,879

no offense against weightless lifters

681

00:34:16,719 --> 00:34:20,648

per se but but these guys are clearly

682

00:34:18,880 --> 00:34:22,539

and they'll tell you you know that

683

00:34:20,648 --> 00:34:25,929

they're on all kinds of steroids all

684

00:34:22,539 --> 00:34:29,469

kinds of doping chemistry's etc and

685
00:34:25,929 --> 00:34:31,510
really they are transhumans yeah because

686
00:34:29,469 --> 00:34:33,699
you people are not don't look like that

687
00:34:31,510 --> 00:34:35,440
people don't have back sides that are

688
00:34:33,699 --> 00:34:39,189
you know the size of a melon and

689
00:34:35,440 --> 00:34:41,500
shoulders the width of a car the human

690
00:34:39,190 --> 00:34:43,599
beings aren't built that way so really

691
00:34:41,500 --> 00:34:46,570
walking among us right now whether it's

692
00:34:43,599 --> 00:34:49,148
Mark McGwire or Lance Armstrong or

693
00:34:46,570 --> 00:34:51,039
Arnold Schwarzenegger really are trans

694
00:34:49,148 --> 00:34:55,929
humans that were all very well aware of

695
00:34:51,039 --> 00:34:59,409
that is interesting and remarkable on a

696
00:34:55,929 --> 00:35:03,250
certain level but what sort of gets me

697
00:34:59,409 --> 00:35:06,849
more is this whole part about erasing

698
00:35:03,250 --> 00:35:09,900
memories and placing in new ones and all

699
00:35:06,849 --> 00:35:14,049
the people in the United States who were

700
00:35:09,900 --> 00:35:17,200
experimented on with LSD back in the I

701
00:35:14,050 --> 00:35:20,289
was let's say 1960 it was a sixties yes

702
00:35:17,199 --> 00:35:23,319
sure and as a matter of fact I mean some

703
00:35:20,289 --> 00:35:24,519
of them didn't survive it and you know i

704
00:35:23,320 --> 00:35:27,309
think was Franco

705
00:35:24,519 --> 00:35:29,940
Tsin actually jumped out a window he was

706
00:35:27,309 --> 00:35:32,289
given LSD didn't know it and this

707
00:35:29,940 --> 00:35:34,889
survivor sued the US government and

708
00:35:32,289 --> 00:35:37,630
actually won because was one of the few

709
00:35:34,889 --> 00:35:39,789
documented situations that came to light

710
00:35:37,630 --> 00:35:41,559
where this guy just jumped out of a

711
00:35:39,789 --> 00:35:44,380
hotel window very similar to again

712
00:35:41,559 --> 00:35:46,179
Forrestal are very similar to to marry

713

00:35:44,380 --> 00:35:48,880
Linda Schumann in my book and the

714
00:35:46,179 --> 00:35:51,190
Overlander Schumann your book that's

715
00:35:48,880 --> 00:35:53,980
that's correct that was it's just very

716
00:35:51,190 --> 00:35:58,119
very interesting and how do you come

717
00:35:53,980 --> 00:36:01,920
down on this situation up in Connecticut

718
00:35:58,119 --> 00:36:06,369
where the young man killed all the

719
00:36:01,920 --> 00:36:08,260
children at the grammar school Sandy

720
00:36:06,369 --> 00:36:11,289
Hook Sandy Hook yeah how do you come

721
00:36:08,260 --> 00:36:13,990
down on that as a I mean here he had all

722
00:36:11,289 --> 00:36:16,420
these guns and all of a sudden bang one

723
00:36:13,989 --> 00:36:19,599
day everything went I think he was just

724
00:36:16,420 --> 00:36:23,710
crazy just crazy you think yeah I think

725
00:36:19,599 --> 00:36:26,409
I think there's naturally crazy people

726
00:36:23,710 --> 00:36:29,340
do doesn't have to be you know they'd

727
00:36:26,409 --> 00:36:31,779

nut jobs back in the cave days I'm sure

728

00:36:29,340 --> 00:36:34,180

but but i would say this it's a little

729

00:36:31,780 --> 00:36:36,880

like if you want to cultivate a plant an

730

00:36:34,179 --> 00:36:38,710

orchid you get a particular kind of soil

731

00:36:36,880 --> 00:36:40,690

and you get a particular kind of

732

00:36:38,710 --> 00:36:44,670

watering procedure and certain nutrients

733

00:36:40,690 --> 00:36:47,679

in the and the flower grows similarly

734

00:36:44,670 --> 00:36:50,530

craziness grows out of a certain kind of

735

00:36:47,679 --> 00:36:53,049

yeah environment and I think the United

736

00:36:50,530 --> 00:36:55,180

States if you look at the gun violence

737

00:36:53,050 --> 00:37:00,400

if you look at the arrest statistics if

738

00:36:55,179 --> 00:37:02,169

you look at the drug use I mean we have

739

00:37:00,400 --> 00:37:05,559

become a culture I was just in the

740

00:37:02,170 --> 00:37:09,400

airport on my way to uh tomorrow which

741

00:37:05,559 --> 00:37:11,440

was very nice but um you go to order

742
00:37:09,400 --> 00:37:14,230
food and basically they put an iPad in

743
00:37:11,440 --> 00:37:16,510
front of you and you have to figure out

744
00:37:14,230 --> 00:37:18,969
let's say you want a glass of beer and a

745
00:37:16,510 --> 00:37:20,170
sandwich so you enter all of this you do

746
00:37:18,969 --> 00:37:21,339
your thing and let's say you want

747
00:37:20,170 --> 00:37:24,220
another glass appear you have to go

748
00:37:21,340 --> 00:37:27,070
through all of that again people and by

749
00:37:24,219 --> 00:37:29,339
the by the time it's obviously who do i

750
00:37:27,070 --> 00:37:31,840
work for do i work for this restaurant

751
00:37:29,340 --> 00:37:33,670
because it sure feels like i work for

752
00:37:31,840 --> 00:37:36,700
this restaurant there's no human

753
00:37:33,670 --> 00:37:40,809
interaction at the end of the day it's

754
00:37:36,699 --> 00:37:42,759
a nuisance from A to Z there's no human

755
00:37:40,809 --> 00:37:45,250
interaction there's no smile from a

756
00:37:42,760 --> 00:37:47,829
waiter there's no human encounter or

757
00:37:45,250 --> 00:37:51,250
interchange and societies like that

758
00:37:47,829 --> 00:37:53,589
breed madness well like the club all

759
00:37:51,250 --> 00:37:55,210
going down that corner we don't would

760
00:37:53,588 --> 00:37:58,358
you agree I mean basically it's likely

761
00:37:55,210 --> 00:38:02,800
orchid in Reverse lack of human touch

762
00:37:58,358 --> 00:38:04,809
lack of just the human scent the the

763
00:38:02,800 --> 00:38:07,329
idea of shaky hands or hugging someone

764
00:38:04,809 --> 00:38:10,000
or cetera this is a culture that that

765
00:38:07,329 --> 00:38:13,269
has really Expo cated that from its

766
00:38:10,000 --> 00:38:16,000
vocabulary well would you quote actually

767
00:38:13,269 --> 00:38:19,690
is EO wilson back in the 60s with

768
00:38:16,000 --> 00:38:22,719
sociobiology were with his experiments

769
00:38:19,690 --> 00:38:26,559
with norwegian rats after it over

770

00:38:22,719 --> 00:38:30,338
populated overcrowded the rats'll turned

771
00:38:26,559 --> 00:38:34,179
on each other we're not over populated

772
00:38:30,338 --> 00:38:37,119
lots of land they were fine and they had

773
00:38:34,179 --> 00:38:40,509
their little rat thing but also in this

774
00:38:37,119 --> 00:38:43,680
country in the early 1700s where you had

775
00:38:40,510 --> 00:38:47,200
all these phenomenal inventions of

776
00:38:43,679 --> 00:38:49,449
government and philosophy those were

777
00:38:47,199 --> 00:38:53,949
times where there was a very limited

778
00:38:49,449 --> 00:38:56,949
population and I think overpopulation is

779
00:38:53,949 --> 00:39:00,669
truly at the root of many evils yeah

780
00:38:56,949 --> 00:39:03,639
also allows for cannon fodder for these

781
00:39:00,670 --> 00:39:05,650
dark angels yeah yeah but you know

782
00:39:03,639 --> 00:39:08,710
you're talking about Forrestal and

783
00:39:05,650 --> 00:39:10,930
university actually DARPA invests ninety

784
00:39:08,710 --> 00:39:13,088

percent of its budget outside the

785

00:39:10,929 --> 00:39:15,909

federal government in Newton

786

00:39:13,088 --> 00:39:19,480

universities MIT Stanford Carnegie

787

00:39:15,909 --> 00:39:21,879

Mellon those are you know this is where

788

00:39:19,480 --> 00:39:27,039

they conduct their radical high-risk

789

00:39:21,880 --> 00:39:30,010

high-reward change experiment and the

790

00:39:27,039 --> 00:39:32,289

talk about super soldiers really this is

791

00:39:30,010 --> 00:39:34,990

again not something that's science

792

00:39:32,289 --> 00:39:38,739

fiction by any means I mean for example

793

00:39:34,989 --> 00:39:40,539

just to give you a modest example

794

00:39:38,739 --> 00:39:42,909

scientists at the University of

795

00:39:40,539 --> 00:39:45,670

Pennsylvania created genetically

796

00:39:42,909 --> 00:39:48,579

modified mice the mice were like

797

00:39:45,670 --> 00:39:51,280

shockingly large and muscular

798

00:39:48,579 --> 00:39:53,679

launches next wider than their heads in

799
00:39:51,280 --> 00:39:56,920
other words they created a new species

800
00:39:53,679 --> 00:39:58,480
of mice and that's exactly what what's

801
00:39:56,920 --> 00:40:02,530
going on with human beings that's

802
00:39:58,480 --> 00:40:06,010
troubling so you figure the top 1% as

803
00:40:02,530 --> 00:40:09,160
you say that are there uh what happens

804
00:40:06,010 --> 00:40:11,770
to the other 99 percent which we will

805
00:40:09,159 --> 00:40:14,949
probably be part of I mean do we just go

806
00:40:11,769 --> 00:40:17,800
on our way we go to supermarket so we

807
00:40:14,949 --> 00:40:19,889
get our little soil and green and go

808
00:40:17,800 --> 00:40:23,890
home and watch our little entertainment

809
00:40:19,889 --> 00:40:25,809
sort of like life is today yeah I think

810
00:40:23,889 --> 00:40:27,339
I think that that's true I don't know

811
00:40:25,809 --> 00:40:31,119
that there's somebody puts a billboard

812
00:40:27,340 --> 00:40:33,460
up and says you know there are enhanced

813
00:40:31,119 --> 00:40:35,469
human beings and naturals yeah I don't

814
00:40:33,460 --> 00:40:37,990
think it goes that way I just think an

815
00:40:35,469 --> 00:40:41,019
outside observer would look at it intact

816
00:40:37,989 --> 00:40:43,239
but this one percent has computers this

817
00:40:41,019 --> 00:40:45,420
one percent has chips in their head so

818
00:40:43,239 --> 00:40:48,459
that they can communicate telepathically

819
00:40:45,420 --> 00:40:53,019
this one percent you know has all the

820
00:40:48,460 --> 00:40:56,530
wealth this one percent lives 30 years

821
00:40:53,019 --> 00:40:58,659
longer this one percent etc etc etc this

822
00:40:56,530 --> 00:41:01,720
one percent is unusually handsome or

823
00:40:58,659 --> 00:41:05,469
beautiful and and and I guess the other

824
00:41:01,719 --> 00:41:07,869
99 percent look up and admire them the

825
00:41:05,469 --> 00:41:10,539
way one might admire movie stars but

826
00:41:07,869 --> 00:41:14,170
there is going to be a glitch one of the

827

00:41:10,539 --> 00:41:17,409
naturals will be enhanced just due to

828
00:41:14,170 --> 00:41:19,750
perhaps genetic dabbling from the

829
00:41:17,409 --> 00:41:23,549
enhanced ones and they're going to

830
00:41:19,750 --> 00:41:26,320
realize what's going on and they'll be a

831
00:41:23,550 --> 00:41:28,600
revolution and the whole crap will start

832
00:41:26,320 --> 00:41:30,880
all over again I think that's what's

833
00:41:28,599 --> 00:41:35,409
going to happen well that might actually

834
00:41:30,880 --> 00:41:37,450
happen Kate we can only wait and see I

835
00:41:35,409 --> 00:41:40,929
think I don't think we're on the inside

836
00:41:37,449 --> 00:41:44,289
of DARPA or anything else but run I

837
00:41:40,929 --> 00:41:46,589
think Ron is let's do a good war crime

838
00:41:44,289 --> 00:41:49,659
before run runs off to become

839
00:41:46,590 --> 00:41:51,940
genetically enhanced we would like him

840
00:41:49,659 --> 00:41:54,699
to mention his book and where it's

841
00:41:51,940 --> 00:41:58,119

available sure dark angel is the name of

842

00:41:54,699 --> 00:42:00,279

the book nice easy title and and you

843

00:41:58,119 --> 00:42:00,759

know it's available in bookstores I

844

00:42:00,280 --> 00:42:03,790

certainly

845

00:42:00,760 --> 00:42:05,440

amazon and somebody uh you know buys it

846

00:42:03,789 --> 00:42:07,000

on Amazon I'd really appreciate it they

847

00:42:05,440 --> 00:42:10,690

wrote a review that's always you know

848

00:42:07,000 --> 00:42:12,159

very helpful we're looking at at perhaps

849

00:42:10,690 --> 00:42:15,550

a feature film there's a screenplay

850

00:42:12,159 --> 00:42:17,679

being written about it and I think I

851

00:42:15,550 --> 00:42:21,269

think dark angel is an important book

852

00:42:17,679 --> 00:42:25,869

because I think it brings to light in a

853

00:42:21,269 --> 00:42:29,050

accessible way the the potential that we

854

00:42:25,869 --> 00:42:31,239

face going into the future and might not

855

00:42:29,050 --> 00:42:34,390

be aware of otherwise I think it's

856
00:42:31,239 --> 00:42:39,399
important that people understand where

857
00:42:34,389 --> 00:42:41,710
we are as a as a species and and the

858
00:42:39,400 --> 00:42:45,099
crossroads that we might be at makes

859
00:42:41,710 --> 00:42:50,349
makes me really wonder about my wearing

860
00:42:45,099 --> 00:42:53,259
my Fitbit you know what anyhow uh thank

861
00:42:50,349 --> 00:42:56,170
you so much Ron for being on again and

862
00:42:53,260 --> 00:42:58,420
keep us posted well it's always a

863
00:42:56,170 --> 00:43:01,740
pleasure and keep up the good work we

864
00:42:58,420 --> 00:43:01,740
thank you thanks so much

865
00:43:08,460 --> 00:43:16,619
hello hey what they doing purusha and in

866
00:43:12,900 --> 00:43:20,250
case Valentine and Alice with others

867
00:43:16,619 --> 00:43:24,599
today from the bronxville Paranormal

868
00:43:20,250 --> 00:43:29,000
Society and um he's going to talk to us

869
00:43:24,599 --> 00:43:32,940
about a couple of his UFO sightings

870
00:43:29,000 --> 00:43:35,909
before he actually starts with that one

871
00:43:32,940 --> 00:43:39,950
thing that came to my mind when i was

872
00:43:35,909 --> 00:43:43,799
talking to AI was that certain people

873
00:43:39,949 --> 00:43:48,210
are just those that have multiple

874
00:43:43,800 --> 00:43:50,190
sightings or multiple experiences while

875
00:43:48,210 --> 00:43:54,690
other people can go through their whole

876
00:43:50,190 --> 00:43:57,659
lives and never even see uh you know the

877
00:43:54,690 --> 00:44:00,809
wisp of a ghost or hear any voices in

878
00:43:57,659 --> 00:44:04,259
their heads or ever see a flying saucer

879
00:44:00,809 --> 00:44:07,500
so ow I think you're one of those guys

880
00:44:04,260 --> 00:44:10,950
right yeah my brother is the other guy

881
00:44:07,500 --> 00:44:13,559
you're talking about he's just jealous

882
00:44:10,949 --> 00:44:18,269
cuz that what the t-shirt says the

883
00:44:13,559 --> 00:44:20,639
voices don't speak to him yeah you know

884

00:44:18,269 --> 00:44:23,280
my brother's a parapsychologist and he's

885
00:44:20,639 --> 00:44:26,219
been doing this for 40 years and he's

886
00:44:23,280 --> 00:44:28,950
seen one UFO when he was like 12 years

887
00:44:26,219 --> 00:44:31,409
old when they were visiting Italy back

888
00:44:28,949 --> 00:44:33,389
in God the 50s or something I don't even

889
00:44:31,409 --> 00:44:36,690
know you know and that was like the only

890
00:44:33,389 --> 00:44:40,500
one he's ever seen so tell us a little

891
00:44:36,690 --> 00:44:43,230
bit about your best sightings or even

892
00:44:40,500 --> 00:44:44,909
your your society too yeah well we'll

893
00:44:43,230 --> 00:44:46,588
hear about the society will give them a

894
00:44:44,909 --> 00:44:50,159
plug at the end but we want to get in

895
00:44:46,588 --> 00:44:53,940
the sidewall ok yeah Kate I'm sorry miss

896
00:44:50,159 --> 00:44:57,449
ya Pine Bush would like to meet you um

897
00:44:53,940 --> 00:45:00,269
but getting back to my sightings uh I

898
00:44:57,449 --> 00:45:02,129

have really three big ones that are in

899

00:45:00,269 --> 00:45:03,929

my brothers book my brother wrote a book

900

00:45:02,130 --> 00:45:07,320

it's called paranormal family and

901

00:45:03,929 --> 00:45:09,179

friends bye Frank RC and Auriga those

902

00:45:07,320 --> 00:45:12,838

are the three that are in the debtor of

903

00:45:09,179 --> 00:45:17,699

a cop in copyrighted that I can use but

904

00:45:12,838 --> 00:45:19,829

um the first one goes back to well i'll

905

00:45:17,699 --> 00:45:21,699

start with the big one big one was an 84

906

00:45:19,829 --> 00:45:24,619

85

907

00:45:21,699 --> 00:45:26,480

working down in Yonkers I was living up

908

00:45:24,619 --> 00:45:28,608

in Bridgeport Connecticut one night I

909

00:45:26,480 --> 00:45:32,000

was traveling north on the Merritt

910

00:45:28,608 --> 00:45:35,119

Parkway and I was coming up over one of

911

00:45:32,000 --> 00:45:38,449

the one of the hills and a car i just

912

00:45:35,119 --> 00:45:40,490

bought a brand-new 84 mustang in the car

913
00:45:38,449 --> 00:45:41,809
was starting to putter on me oh boy says

914
00:45:40,489 --> 00:45:43,489
i was getting up to the top of the hill

915
00:45:41,809 --> 00:45:45,739
i said let me get off onto the grass

916
00:45:43,489 --> 00:45:47,569
before i get rear-ended and i got to the

917
00:45:45,739 --> 00:45:50,118
top of the hill i got off the grass and

918
00:45:47,570 --> 00:45:52,070
when I got out of the car I looked down

919
00:45:50,119 --> 00:45:54,349
and I seen the parkway with a parking

920
00:45:52,070 --> 00:45:56,090
lot it was just car stopped on both

921
00:45:54,349 --> 00:45:58,640
sides of the parking lot and I really

922
00:45:56,090 --> 00:46:00,530
didn't know what was going on and I kind

923
00:45:58,639 --> 00:46:02,000
of seen a state trooper down here so I

924
00:46:00,530 --> 00:46:03,890
thought maybe there was a motorcycle

925
00:46:02,000 --> 00:46:05,630
accident or something so I was going

926
00:46:03,889 --> 00:46:08,239
down to get help as I figured my car was

927
00:46:05,630 --> 00:46:10,130
dead and I got down there and I said

928
00:46:08,239 --> 00:46:11,959
what's going on and he said look up and

929
00:46:10,130 --> 00:46:14,450
the whole time I was there I never

930
00:46:11,960 --> 00:46:17,630
thought to look up because I'm on top of

931
00:46:14,449 --> 00:46:20,269
the hill looking down and so I look up

932
00:46:17,630 --> 00:46:23,210
and there in the and the sky over the

933
00:46:20,269 --> 00:46:26,630
parkway maybe 50 feet above the tree

934
00:46:23,210 --> 00:46:29,750
line is like a mothership that I would

935
00:46:26,630 --> 00:46:31,670
describe that looked like the Roman

936
00:46:29,750 --> 00:46:35,239
Coliseum for lack of a better definition

937
00:46:31,670 --> 00:46:37,400
um but it was all lit up underneath it

938
00:46:35,239 --> 00:46:39,379
had different levels different like

939
00:46:37,400 --> 00:46:41,680
differently cuz 12-story building or

940
00:46:39,380 --> 00:46:44,869
something and it was just sitting there

941

00:46:41,679 --> 00:46:46,759
parked in the sky and the people were

942
00:46:44,869 --> 00:46:49,250
all out of their cars or everybody's

943
00:46:46,760 --> 00:46:52,580
looking up there's no wind there's no

944
00:46:49,250 --> 00:46:54,320
noise there's no hysteria that people

945
00:46:52,579 --> 00:46:55,369
aren't run around screaming it's the end

946
00:46:54,320 --> 00:46:57,920
of the world and everybody's just

947
00:46:55,369 --> 00:46:59,510
looking up at this thing in awe and i

948
00:46:57,920 --> 00:47:01,608
turned to the state trooper and i say

949
00:46:59,510 --> 00:47:03,680
what do you think it is and he says game

950
00:47:01,608 --> 00:47:05,630
you look like you joking me you know

951
00:47:03,679 --> 00:47:07,250
it's a he was what do you think it is

952
00:47:05,630 --> 00:47:10,460
like a looks like a UFO to me he goes he

953
00:47:07,250 --> 00:47:12,260
exactly and we're just sitting there for

954
00:47:10,460 --> 00:47:14,480
a few minutes and people are coming over

955
00:47:12,260 --> 00:47:16,310

and we're all talking and with just a

956

00:47:14,480 --> 00:47:20,510

base by the size of this thing I mean it

957

00:47:16,309 --> 00:47:22,909

was just humongous and after a few

958

00:47:20,510 --> 00:47:25,400

minutes of it just sitting there it kind

959

00:47:22,909 --> 00:47:26,629

of just popped up like a thousand feet

960

00:47:25,400 --> 00:47:28,970

in the blink of an eye went up a

961

00:47:26,630 --> 00:47:31,640

thousand feet and also you hear all the

962

00:47:28,969 --> 00:47:32,230

cars start back up radios going on and

963

00:47:31,639 --> 00:47:35,049

the

964

00:47:32,230 --> 00:47:37,389

police actual the police radio started

965

00:47:35,050 --> 00:47:39,070

to work so I'm standing next to him he

966

00:47:37,389 --> 00:47:43,118

calls in to the station and he says

967

00:47:39,070 --> 00:47:45,090

could you um send out a couple of F air

968

00:47:43,119 --> 00:47:47,710

national guard's from the Bridgeport

969

00:47:45,090 --> 00:47:50,410

airport because we have a UFO between

970
00:47:47,710 --> 00:47:53,320
these two exits on the Parkway so the

971
00:47:50,409 --> 00:47:56,199
the dispatches is okay so they send out

972
00:47:53,320 --> 00:47:58,090
the two Air National Guard guys that

973
00:47:56,199 --> 00:47:59,409
they get up in the plane and they're

974
00:47:58,090 --> 00:48:01,358
flying towards us and they're saying

975
00:47:59,409 --> 00:48:04,210
it's a beautiful clear night it's like

976
00:48:01,358 --> 00:48:08,049
730 and night eight o'clock it's July

977
00:48:04,210 --> 00:48:09,369
the sun is out everybody can see and do

978
00:48:08,050 --> 00:48:11,920
they say well we can't see anything

979
00:48:09,369 --> 00:48:13,930
visually where is it he says it's you

980
00:48:11,920 --> 00:48:15,670
know right here so we don't have

981
00:48:13,929 --> 00:48:18,909
anything on radar but we'll be there in

982
00:48:15,670 --> 00:48:22,990
like 30 seconds will be over you in 30

983
00:48:18,909 --> 00:48:25,480
seconds at that point this mother craft

984
00:48:22,989 --> 00:48:28,419
of a ship goes straight up in the air

985
00:48:25,480 --> 00:48:30,820
just in a blink of an eye it's gone just

986
00:48:28,420 --> 00:48:33,550
gone and a blinking guy and again

987
00:48:30,820 --> 00:48:35,830
there's no sound there's no wind there's

988
00:48:33,550 --> 00:48:40,060
no nothing this thing is gone at that

989
00:48:35,829 --> 00:48:42,250
point the the planes come roaring down

990
00:48:40,059 --> 00:48:44,440
the Parkway and they're really low and

991
00:48:42,250 --> 00:48:46,389
the trees are blowing it'll leave a

992
00:48:44,440 --> 00:48:48,760
fallen all over the place in the ground

993
00:48:46,389 --> 00:48:50,409
to shake it felt like the end of the

994
00:48:48,760 --> 00:48:52,450
world at that point that was the only

995
00:48:50,409 --> 00:48:54,339
time during the whole experience that I

996
00:48:52,449 --> 00:48:56,618
was scared when the UH when the

997
00:48:54,340 --> 00:48:58,960
airplanes went over and they're talking

998

00:48:56,619 --> 00:49:00,340
to the officer on the ground under

999
00:48:58,960 --> 00:49:02,559
saying well we don't see anything then

1000
00:49:00,340 --> 00:49:06,130
turn around we're gonna come back they

1001
00:49:02,559 --> 00:49:09,340
go back up north up the parkway and they

1002
00:49:06,130 --> 00:49:10,630
leave and I go racing home I was living

1003
00:49:09,340 --> 00:49:13,780
with my brother at the time I had as a

1004
00:49:10,630 --> 00:49:15,010
living his attic apartment yet a three

1005
00:49:13,780 --> 00:49:16,930
family house and I was up in the

1006
00:49:15,010 --> 00:49:18,580
upstairs and I I go crash it in the

1007
00:49:16,929 --> 00:49:20,858
front door he comes running out the back

1008
00:49:18,579 --> 00:49:23,889
he heard about it on the radio they had

1009
00:49:20,858 --> 00:49:26,319
actually seen it um in bridgeport come

1010
00:49:23,889 --> 00:49:27,879
over Bridgeport and wanted a DJ from the

1011
00:49:26,320 --> 00:49:30,010
radio station went up on the roof and he

1012
00:49:27,880 --> 00:49:31,690

was talking about it and my brother had

1013

00:49:30,010 --> 00:49:33,130

its camera and all his gear he's getting

1014

00:49:31,690 --> 00:49:35,619

ready to jump in the car to come and get

1015

00:49:33,130 --> 00:49:37,720

pictures of it I was like stop it's gone

1016

00:49:35,619 --> 00:49:39,940

and I said you know you're not gonna

1017

00:49:37,719 --> 00:49:42,819

believe what I saw and it just told him

1018

00:49:39,940 --> 00:49:45,700

about it and basically blew his mind you

1019

00:49:42,820 --> 00:49:48,640

know he was already to get the evidence

1020

00:49:45,699 --> 00:49:50,259

smoking gun the great photo and it was

1021

00:49:48,639 --> 00:49:54,429

already gone by the time he got out of

1022

00:49:50,260 --> 00:50:00,570

the house um second time well are

1023

00:49:54,429 --> 00:50:04,449

actually on another time was in 1994-95

1024

00:50:00,570 --> 00:50:07,930

I was working in yonkers at the time and

1025

00:50:04,449 --> 00:50:10,299

at the Yonkers wipe up post office on

1026

00:50:07,929 --> 00:50:14,139

North Broadway North Yonkers on but then

1027
00:50:10,300 --> 00:50:15,850
it was a cold winter night and my friend

1028
00:50:14,139 --> 00:50:18,489
Kevin we would last you guys leave the

1029
00:50:15,849 --> 00:50:20,920
building that night just hanging out by

1030
00:50:18,489 --> 00:50:24,699
the cars shooting the breeze and it was

1031
00:50:20,920 --> 00:50:26,530
really you know dark quite a cold night

1032
00:50:24,699 --> 00:50:29,439
but it was a cold chill in the air but

1033
00:50:26,530 --> 00:50:31,900
it wasn't really cold you know and kev

1034
00:50:29,440 --> 00:50:34,780
kind of felt that he was a tabbed UKTI

1035
00:50:31,900 --> 00:50:36,910
and and we've seen this light in the sky

1036
00:50:34,780 --> 00:50:39,190
really really far away she's a bright

1037
00:50:36,909 --> 00:50:40,629
light and it looked like it was blinking

1038
00:50:39,190 --> 00:50:43,570
and I just thought it was high

1039
00:50:40,630 --> 00:50:46,150
atmospheric clouds going by to give it

1040
00:50:43,570 --> 00:50:48,160
that impression and I said to kev kev

1041
00:50:46,150 --> 00:50:50,590
just busting his chops i said hey keV

1042
00:50:48,159 --> 00:50:53,019
watch this I'm gonna give it morse code

1043
00:50:50,590 --> 00:50:54,880
with the headlights in my car so I

1044
00:50:53,019 --> 00:50:56,949
started playing with the Morse code and

1045
00:50:54,880 --> 00:50:59,140
he Kevin was freaking out it's a gas

1046
00:50:56,949 --> 00:51:01,629
stopped I'll do that leave it alone you

1047
00:50:59,139 --> 00:51:04,299
know and I honest to god I didn't think

1048
00:51:01,630 --> 00:51:06,130
anything of it at a star and right after

1049
00:51:04,300 --> 00:51:09,180
i finished the morse code thing it

1050
00:51:06,130 --> 00:51:13,780
started to move closer towards us and

1051
00:51:09,179 --> 00:51:16,509
there was a big field that divided us in

1052
00:51:13,780 --> 00:51:18,370
the and the next street over it must

1053
00:51:16,510 --> 00:51:19,780
have been like 100 200 yards away and it

1054
00:51:18,369 --> 00:51:21,670
was a tree line there of course there

1055

00:51:19,780 --> 00:51:23,910
was no leaves on a tree because it was

1056
00:51:21,670 --> 00:51:27,610
december january something like that and

1057
00:51:23,909 --> 00:51:29,859
this thing stops across this across the

1058
00:51:27,610 --> 00:51:32,590
field on the other tree line and it

1059
00:51:29,860 --> 00:51:34,090
drops out three red balls and these

1060
00:51:32,590 --> 00:51:35,920
balls are coming down in there we're

1061
00:51:34,090 --> 00:51:37,900
watching these bulls as I've they

1062
00:51:35,920 --> 00:51:39,519
they're floating down out of this craft

1063
00:51:37,900 --> 00:51:41,380
behind a tree line and they get to a

1064
00:51:39,519 --> 00:51:43,690
certain height and they all just blink

1065
00:51:41,380 --> 00:51:45,700
off and they're gone and you can't see

1066
00:51:43,690 --> 00:51:49,450
him anymore and at this point something

1067
00:51:45,699 --> 00:51:51,159
says to me look up and I look up and

1068
00:51:49,449 --> 00:51:54,819
we're standing by the building buildings

1069
00:51:51,159 --> 00:51:57,940

maybe 50 feet high if that and there's a

1070

00:51:54,820 --> 00:51:58,619

black triangle directly above our heads

1071

00:51:57,940 --> 00:52:01,170

just

1072

00:51:58,619 --> 00:52:03,690

yeah and it's looking at us and we're

1073

00:52:01,170 --> 00:52:05,400

looking at it and Kevin is absolutely

1074

00:52:03,690 --> 00:52:07,710

freaking out and he's trying to get back

1075

00:52:05,400 --> 00:52:10,019

into the building and I'm trying to stop

1076

00:52:07,710 --> 00:52:11,730

this if he goes back in the building the

1077

00:52:10,018 --> 00:52:13,018

alarm is gonna go off and the postal

1078

00:52:11,730 --> 00:52:14,940

inspectors are gonna comment I'm like

1079

00:52:13,018 --> 00:52:17,848

stop stop don't go into building you

1080

00:52:14,940 --> 00:52:19,559

know he was just freaking out and I'm

1081

00:52:17,849 --> 00:52:21,210

looking at this thing and he's like

1082

00:52:19,559 --> 00:52:22,890

saying oh maybe it's the stealth bomber

1083

00:52:21,210 --> 00:52:24,720

and all this and I'm like come on keV

1084
00:52:22,889 --> 00:52:26,639
this thing is just parked in the sky

1085
00:52:24,719 --> 00:52:31,318
like somebody pulled up and put it in

1086
00:52:26,639 --> 00:52:33,028
park again no sound no no motor you can

1087
00:52:31,318 --> 00:52:35,130
hear any motor there was no wind nothing

1088
00:52:33,028 --> 00:52:37,949
like that and it's a night but it was so

1089
00:52:35,130 --> 00:52:39,930
close that I could see like rivets in

1090
00:52:37,949 --> 00:52:43,409
the metalwork it looked like it was

1091
00:52:39,929 --> 00:52:46,980
metal work I could see and it just

1092
00:52:43,409 --> 00:52:50,278
pivoted as if if it was on an access and

1093
00:52:46,980 --> 00:52:52,588
it just kind of glided back across the

1094
00:52:50,278 --> 00:52:55,588
field where it had dropped off those

1095
00:52:52,588 --> 00:52:57,298
three red balls and if you would have

1096
00:52:55,588 --> 00:53:02,009
blinked your eye you would have lost it

1097
00:52:57,298 --> 00:53:04,528
a nice guy it blended in so well and he

1098
00:53:02,009 --> 00:53:07,289
went north on the Parkway I went south

1099
00:53:04,528 --> 00:53:09,659
and I ran home and I went up on the roof

1100
00:53:07,289 --> 00:53:11,339
to my house where I was living just to

1101
00:53:09,659 --> 00:53:16,498
make sure nothing had followed me home

1102
00:53:11,338 --> 00:53:21,748
we didn't see anything and ten years to

1103
00:53:16,498 --> 00:53:24,268
the day 2004 something like that um I'm

1104
00:53:21,748 --> 00:53:26,818
ooh I moved upstate I'm living up stay

1105
00:53:24,268 --> 00:53:28,828
put a house up stay and my daughter was

1106
00:53:26,818 --> 00:53:31,288
born my daughter who was born in 94 she

1107
00:53:28,829 --> 00:53:34,170
had just turned 10 and we're coming back

1108
00:53:31,289 --> 00:53:36,180
from martial arts and we're driving down

1109
00:53:34,170 --> 00:53:39,749
the road we're going north of this road

1110
00:53:36,179 --> 00:53:42,449
in dutchess county route 376 and she

1111
00:53:39,748 --> 00:53:46,048
says to me I did opt out of the blue she

1112

00:53:42,449 --> 00:53:47,278
says dad there's a UFO following us can

1113
00:53:46,048 --> 00:53:49,858
I start laughing cuz she's a

1114
00:53:47,278 --> 00:53:52,048
ten-year-old kid I go what do you know

1115
00:53:49,858 --> 00:53:54,150
about UFOs you know and she says well

1116
00:53:52,048 --> 00:53:55,980
there's a UFO following us I said okay

1117
00:53:54,150 --> 00:53:57,298
and she goes look at that light it's

1118
00:53:55,980 --> 00:54:00,389
been following us since we left the

1119
00:53:57,298 --> 00:54:02,818
karate school and I say it's probably

1120
00:54:00,389 --> 00:54:04,528
just a plane or a helicopter go into the

1121
00:54:02,818 --> 00:54:07,380
airport the local airport is on that

1122
00:54:04,528 --> 00:54:08,969
road and but I noticed that you know

1123
00:54:07,380 --> 00:54:10,349
we're hitting all the traffic light so

1124
00:54:08,969 --> 00:54:11,858
we're hitting all the stop signs and

1125
00:54:10,349 --> 00:54:13,660
this thing has never passed

1126
00:54:11,858 --> 00:54:16,389

and I'm saying why isn't this thing

1127

00:54:13,659 --> 00:54:17,980

passes it should have gone past us at at

1128

00:54:16,389 --> 00:54:20,469

a certain point should have gotten bias

1129

00:54:17,980 --> 00:54:23,349

but it never does it always stays to my

1130

00:54:20,469 --> 00:54:25,118

left my rear corner panel right wish she

1131

00:54:23,349 --> 00:54:27,818

can see and she's watching it the whole

1132

00:54:25,119 --> 00:54:29,739

time we get to the airport and this

1133

00:54:27,818 --> 00:54:32,768

thing makes a hard left and it goes

1134

00:54:29,739 --> 00:54:34,539

south towards the city we continue north

1135

00:54:32,768 --> 00:54:35,949

towards our house and I tell her I said

1136

00:54:34,539 --> 00:54:38,559

see must have been a plane or a

1137

00:54:35,949 --> 00:54:40,298

helicopter so I'm no big deal we get

1138

00:54:38,559 --> 00:54:43,028

home we pull into the park in the

1139

00:54:40,298 --> 00:54:45,159

driveway the sensor lights go on she

1140

00:54:43,028 --> 00:54:46,719

jumps out of the car I'm farting around

1141
00:54:45,159 --> 00:54:49,210
in a car looking for something and I

1142
00:54:46,719 --> 00:54:50,768
hear her screaming hysterical so I jump

1143
00:54:49,210 --> 00:54:53,559
out of cargo what's the matter she says

1144
00:54:50,768 --> 00:54:57,368
dad looked up and there above my house

1145
00:54:53,559 --> 00:55:02,680
is a black triangle just sitting above

1146
00:54:57,369 --> 00:55:04,829
my house silently no wind no noise no

1147
00:55:02,679 --> 00:55:07,118
nothing and it's just sitting there

1148
00:55:04,829 --> 00:55:10,150
parked over my house and at this point

1149
00:55:07,119 --> 00:55:12,460
I'm a little aggravated that this thing

1150
00:55:10,150 --> 00:55:15,460
is parked over my house he scared to

1151
00:55:12,460 --> 00:55:17,048
death so I said to her go get your

1152
00:55:15,460 --> 00:55:18,608
mother and your brother and my wife

1153
00:55:17,048 --> 00:55:20,380
comes out on the deck the front deck

1154
00:55:18,608 --> 00:55:23,170
with my son who's about five at the time

1155
00:55:20,380 --> 00:55:25,989
and she goes what may go look up and she

1156
00:55:23,170 --> 00:55:28,059
looked up and she sees it my son season

1157
00:55:25,989 --> 00:55:30,699
you get scared to death and she grabs

1158
00:55:28,059 --> 00:55:32,289
him as she runs inside and I'm standing

1159
00:55:30,699 --> 00:55:33,998
there looking at it and I'm just like

1160
00:55:32,289 --> 00:55:35,799
thinking you know what do you want with

1161
00:55:33,998 --> 00:55:38,649
me why over my house you know what's

1162
00:55:35,798 --> 00:55:42,460
this all about and it starts to drift

1163
00:55:38,650 --> 00:55:44,950
just float past me gets to the road and

1164
00:55:42,460 --> 00:55:47,259
it makes a hard left and it's going east

1165
00:55:44,949 --> 00:55:49,989
on my road I live on a long coup de sac

1166
00:55:47,259 --> 00:55:52,210
and at the end of my rotor power lines

1167
00:55:49,989 --> 00:55:54,009
and there's no street lights up here

1168
00:55:52,210 --> 00:55:56,289
where I live its pitch black and I'm

1169

00:55:54,009 --> 00:55:58,480
keeping an eye on this thing again if I

1170
00:55:56,289 --> 00:56:01,890
blink I'll lose it it gets to the power

1171
00:55:58,480 --> 00:56:06,190
lines and it drops out three red balls

1172
00:56:01,889 --> 00:56:09,098
okay at this point I'm freaking out I

1173
00:56:06,190 --> 00:56:11,769
run into the house I grab my German

1174
00:56:09,099 --> 00:56:15,009
Shepherd my bag flashlight a cell phone

1175
00:56:11,768 --> 00:56:17,439
I grab my my samurai sword I tell my

1176
00:56:15,009 --> 00:56:19,480
wife I'm going well I'm going into the

1177
00:56:17,440 --> 00:56:21,039
woods okay so I don't want to go into

1178
00:56:19,480 --> 00:56:25,210
the woods unarmed because there are

1179
00:56:21,039 --> 00:56:26,830
coyotes and big cats and black bear I'm

1180
00:56:25,210 --> 00:56:29,860
gonna walk into the woods unarmed at

1181
00:56:26,829 --> 00:56:32,259
night so I said to my wife is the cell

1182
00:56:29,860 --> 00:56:33,880
phone call me every 10 minutes I'm going

1183
00:56:32,260 --> 00:56:36,640

to look for these three red balls i fell

1184

00:56:33,880 --> 00:56:38,140

out of this thing I go into the I going

1185

00:56:36,639 --> 00:56:40,359

under the palin the power lines is a

1186

00:56:38,139 --> 00:56:42,159

nice cut under the power lines kids use

1187

00:56:40,360 --> 00:56:44,140

it to ride the dirt bikes and their quad

1188

00:56:42,159 --> 00:56:46,779

runners and everything so it's a big

1189

00:56:44,139 --> 00:56:48,879

open space you know and I'm looking

1190

00:56:46,780 --> 00:56:50,769

around I'm looking for broken branches

1191

00:56:48,880 --> 00:56:53,320

where this thing may have come down I'm

1192

00:56:50,769 --> 00:56:55,389

looking for smoldering leaf litter on

1193

00:56:53,320 --> 00:56:58,330

the ground because again it was in you

1194

00:56:55,389 --> 00:57:01,539

know the late winter december january

1195

00:56:58,329 --> 00:57:04,659

i'm looking for smoldering objects

1196

00:57:01,539 --> 00:57:06,969

anything that looks unusual and i walked

1197

00:57:04,659 --> 00:57:09,099

up and down apparel line maybe a mile in

1198
00:57:06,969 --> 00:57:11,500
each direction while my wife called me

1199
00:57:09,099 --> 00:57:14,949
every 10 minutes to stay in contact and

1200
00:57:11,500 --> 00:57:16,780
i found absolutely nothing well done

1201
00:57:14,949 --> 00:57:20,019
whatever came out of that craft never

1202
00:57:16,780 --> 00:57:22,210
had to grab a Braverman and me at but

1203
00:57:20,019 --> 00:57:24,610
then again i was mad at me honest i was

1204
00:57:22,210 --> 00:57:27,099
i was upset at that point because you

1205
00:57:24,610 --> 00:57:29,530
know what is this thing doing parked

1206
00:57:27,099 --> 00:57:31,299
over my house i mean you know what is it

1207
00:57:29,530 --> 00:57:34,600
why is it here why is it over my house

1208
00:57:31,300 --> 00:57:37,120
sucking energy from the power line well

1209
00:57:34,599 --> 00:57:39,279
i mean it didn't hover over the power

1210
00:57:37,119 --> 00:57:41,230
lines like to absorb the energy it

1211
00:57:39,280 --> 00:57:44,110
hovered over the power lines to drop

1212
00:57:41,230 --> 00:57:47,920
these three red balls out and i don't

1213
00:57:44,110 --> 00:57:50,829
know what with those three red um balls

1214
00:57:47,920 --> 00:57:53,320
are are you know where they went when

1215
00:57:50,829 --> 00:57:56,289
they came out or whatever but i wonder

1216
00:57:53,320 --> 00:57:59,860
if these are the same things that are

1217
00:57:56,289 --> 00:58:04,949
described as red orbs there i met a

1218
00:57:59,860 --> 00:58:07,240
fellow at the at the UFO convention in

1219
00:58:04,949 --> 00:58:09,099
Pennsylvania it actually was over the

1220
00:58:07,239 --> 00:58:12,489
river in new jersey but it was the

1221
00:58:09,099 --> 00:58:14,679
Pennsylvania MUFON meeting about a year

1222
00:58:12,489 --> 00:58:16,479
and a half ago and it was a gentleman

1223
00:58:14,679 --> 00:58:18,009
there and I'm awfully sorry I can't

1224
00:58:16,480 --> 00:58:21,369
remember his name but he had written an

1225
00:58:18,010 --> 00:58:24,460
entire book on how many people were

1226

00:58:21,369 --> 00:58:27,369
seeing these small red orbs anything

1227
00:58:24,460 --> 00:58:30,579
from the size of a baseball to the size

1228
00:58:27,369 --> 00:58:32,259
of a small room you know like the size

1229
00:58:30,579 --> 00:58:35,199
of a Volkswagen or something yeah

1230
00:58:32,260 --> 00:58:36,820
absolutely yeah and uh I wonder if these

1231
00:58:35,199 --> 00:58:38,989
things are related it might be an

1232
00:58:36,820 --> 00:58:42,440
interest they think thing for you

1233
00:58:38,989 --> 00:58:44,959
to look into al but anyway I want to

1234
00:58:42,440 --> 00:58:48,050
thank you so much one question I just

1235
00:58:44,960 --> 00:58:53,000
cracked uh what would come to mind are

1236
00:58:48,050 --> 00:58:56,180
any missing time on your part um no no

1237
00:58:53,000 --> 00:58:59,090
not if not at all I'm not not not that

1238
00:58:56,179 --> 00:59:04,368
particular that not that particular

1239
00:58:59,090 --> 00:59:07,910
night but um I've had um experiences and

1240
00:59:04,369 --> 00:59:10,610

in my home where I believe not only I

1241
00:59:07,909 --> 00:59:13,329
was abducted but one of my children were

1242
00:59:10,610 --> 00:59:16,400
adopted too far at least attempted

1243
00:59:13,329 --> 00:59:19,489
attempted to be abducted you know and

1244
00:59:16,400 --> 00:59:21,829
then the BPS team doubt so paranoid

1245
00:59:19,489 --> 00:59:24,649
site we did do an investigation last

1246
00:59:21,829 --> 00:59:27,980
October on Halloween Eve where we've

1247
00:59:24,650 --> 00:59:31,670
seen a red orb in the sky that came to

1248
00:59:27,980 --> 00:59:33,349
us and when we shut off our headlamps to

1249
00:59:31,670 --> 00:59:37,039
get a better at it hit us with a

1250
00:59:33,349 --> 00:59:39,460
floodlight and at some point during the

1251
00:59:37,039 --> 00:59:43,130
course of the night we lost two hours

1252
00:59:39,460 --> 00:59:45,230
but um we do have that on video because

1253
00:59:43,130 --> 00:59:47,119
we were streaming live on periscope and

1254
00:59:45,230 --> 00:59:49,730
Twitter at the time so we do have that

1255
00:59:47,119 --> 00:59:51,740
on video it is on our website but um

1256
00:59:49,730 --> 00:59:53,869
it's you know it's that's another story

1257
00:59:51,739 --> 00:59:56,449
for another day yeah well for if

1258
00:59:53,869 --> 00:59:59,210
exciting yes very good sightings and we

1259
00:59:56,449 --> 01:00:01,868
really nice trying i fighting with us

1260
00:59:59,210 --> 01:00:04,519
I've had I've had tons and tons of

1261
01:00:01,869 --> 01:00:07,039
sightings I mean tons of sightings at

1262
01:00:04,519 --> 01:00:08,420
all so many at one point I had so many

1263
01:00:07,039 --> 01:00:10,219
sightings that I thought it was losing

1264
01:00:08,420 --> 01:00:11,930
my mind that I had a call my brother I

1265
01:00:10,219 --> 01:00:14,000
said I think I'm losing my mind I'm

1266
01:00:11,929 --> 01:00:15,949
seeing him every single night and he

1267
01:00:14,000 --> 01:00:17,599
just said document everything the time

1268
01:00:15,949 --> 01:00:19,969
where you were and all this other stuff

1269
01:00:17,599 --> 01:00:22,400
and try to get photos of them I tried a

1270
01:00:19,969 --> 01:00:24,319
couple of times but nobody cameras

1271
01:00:22,400 --> 01:00:26,450
always said the batteries were dead but

1272
01:00:24,320 --> 01:00:29,090
soon as the thing went away the camera

1273
01:00:26,449 --> 01:00:33,169
works fine yeah that seems to be the way

1274
01:00:29,090 --> 01:00:36,350

1292
01:01:19,009 --> 01:01:26,179
sightings cryptids or paranormal ghost

1293
01:01:23,568 --> 01:01:28,759
or whatever you know we cover the gamut

1294
01:01:26,179 --> 01:01:31,728
of paranormal we don't just look for one

1295
01:01:28,759 --> 01:01:33,228
particular thing and you know so we're

1296
01:01:31,728 --> 01:01:35,689
always we're always interested in

1297
01:01:33,228 --> 01:01:38,058

picking up cases and investigating

1298

01:01:35,690 --> 01:01:39,619

that's what we do and I'll tell you what

1299

01:01:38,059 --> 01:01:40,970

we did an investigation that night at

1300

01:01:39,619 --> 01:01:43,430

pine bush in that hundred year old

1301

01:01:40,969 --> 01:01:44,899

Victorian and you won't believe the

1302

01:01:43,429 --> 01:01:47,328

evidence we came away with it was

1303

01:01:44,900 --> 01:01:49,190

amazing well we're gonna get back to you

1304

01:01:47,329 --> 01:01:52,400

on that absolutely and we'd love that

1305

01:01:49,190 --> 01:01:55,670

Becca thank you so much yeah I'm sorry I

1306

01:01:52,400 --> 01:01:58,910

missed you at Pine Bush too they don't

1307

01:01:55,670 --> 01:02:02,838

make sure next year yeah baby sitter

1308

01:01:58,909 --> 01:02:04,518

okay okay signing off there now okay

1309

01:02:02,838 --> 01:02:08,659

thank you late thanks for good bye yeah

1310

01:02:04,518 --> 01:02:12,318

bye bye s'okay mm-hmm we had double

1311

01:02:08,659 --> 01:02:16,368

trouble today huh yeah yeah yeah I don't

1312
01:02:12,318 --> 01:02:20,239
know what's more paranormal ufos or all

1313
01:02:16,369 --> 01:02:22,579
these star fur experiments well it seems

1314
01:02:20,239 --> 01:02:26,509
as though the darpa experiments are

1315
01:02:22,579 --> 01:02:28,849
scarier I mean there are UFOs that seem

1316
01:02:26,509 --> 01:02:31,159
to harm people but most of them don't

1317
01:02:28,849 --> 01:02:33,048
know yeah most of the most of them don't

1318
01:02:31,159 --> 01:02:34,848
other than scaring them out of their

1319
01:02:33,048 --> 01:02:37,248
ways yeah they've been people who've

1320
01:02:34,849 --> 01:02:40,430
gotten irradiated and there were people

1321
01:02:37,248 --> 01:02:44,238
down in Brazil that really got messed up

1322
01:02:40,429 --> 01:02:47,298
down in down in that I largely a lot is

1323
01:02:44,239 --> 01:02:49,909
largely nothing much but largely people

1324
01:02:47,298 --> 01:02:54,978
just get frightened they lose time they

1325
01:02:49,909 --> 01:02:59,568
see things but the DARPA is more scary

1326
01:02:54,978 --> 01:03:02,899
to me mm-hmm especially you don't know

1327
01:02:59,568 --> 01:03:06,650
who's really running it and how saying

1328
01:03:02,900 --> 01:03:10,309
they are how same as anybody

1329
01:03:06,650 --> 01:03:13,970
but most people don't deal with death

1330
01:03:10,309 --> 01:03:18,380
rays and transom and soldiers and stuff

1331
01:03:13,969 --> 01:03:21,019
oh well yeah anyway well we're looking

1332
01:03:18,380 --> 01:03:23,030
forward to seeing you again or hearing

1333
01:03:21,019 --> 01:03:28,929
you're hearing us again and we do

1334
01:03:23,030 --> 01:03:34,160
welcome your participation by way of

1335
01:03:28,929 --> 01:03:42,129
letters writing to our websites which

1336
01:03:34,159 --> 01:03:46,420
are wwh a turd reality podcast calm and

1337
01:03:42,130 --> 01:03:51,710
shattered reality podcast dot

1338
01:03:46,420 --> 01:03:53,269
wordpress.com no ww on that and we have

1339
01:03:51,710 --> 01:03:55,519
I think would have to wait till next

1340

01:03:53,269 --> 01:03:58,849
time but we had some interesting

1341
01:03:55,519 --> 01:04:02,269
responses to rosalynd burn which maybe

1342
01:03:58,849 --> 01:04:05,599
we'll read next time and look forward to

1343
01:04:02,269 --> 01:04:07,610
hearing from all of you Chris DARPA I

1344
01:04:05,599 --> 01:04:10,250
mean there's got to be conspiracy

1345
01:04:07,610 --> 01:04:14,780
theorists out there that have a lot to

1346
01:04:10,250 --> 01:04:17,179
say about DARPA indeed there must be and

1347
01:04:14,780 --> 01:04:22,100
please remember we're a non commercial

1348
01:04:17,179 --> 01:04:25,219
radio type program in the podcast but

1349
01:04:22,099 --> 01:04:29,269
there's nobody to tell us what to do or

1350
01:04:25,219 --> 01:04:33,169
what to say so we are really the

1351
01:04:29,269 --> 01:04:35,360
antidote to mainstream media so please

1352
01:04:33,170 --> 01:04:37,519
get out there and support us like our

1353
01:04:35,360 --> 01:04:41,690
page on Facebook and give us some

1354
01:04:37,519 --> 01:04:47,289

feedback thanks so much okay just last

1355

01:04:41,690 --> 01:04:47,289

time bite from shattered reality
