

1
00:00:00,410 --> 00:00:03,410
okay

2
00:00:09,720 --> 00:00:13,199
[Music]

3
00:00:17,070 --> 00:00:25,359
welcome to shattered reality with their

4
00:00:20,559 --> 00:00:28,449
hosts Kate Valentine and furs prepare to

5
00:00:25,359 --> 00:00:35,079
have a paradigm shifted into truths

6
00:00:28,449 --> 00:00:37,329
questions and now shattered reality well

7
00:00:35,079 --> 00:00:40,989
here we are again firoozeh yeah Kate

8
00:00:37,329 --> 00:00:43,929
here we are and it's All Saints Day

9
00:00:40,988 --> 00:00:46,449
today only either All Saints are all

10
00:00:43,929 --> 00:00:50,009
souls I think all souls us tomorrow in

11
00:00:46,450 --> 00:00:53,980
any case here we are on November 1st

12
00:00:50,009 --> 00:00:57,988
2016 and oh boy do we have a wonderful

13
00:00:53,979 --> 00:01:00,699
guest yeah for you today a really really

14
00:00:57,988 --> 00:01:04,718
thought-provoking and intelligent

15
00:01:00,700 --> 00:01:07,420
gentleman and I have to thank miss

16
00:01:04,718 --> 00:01:10,509
Shannon Chandler for facilitating this

17
00:01:07,420 --> 00:01:12,579
interview by reminding our guests that

18
00:01:10,509 --> 00:01:16,780
we had met and we had once spoken about

19
00:01:12,578 --> 00:01:19,178
the podcast so thanks Shannon and this

20
00:01:16,780 --> 00:01:22,748
is an unusual situation because very

21
00:01:19,179 --> 00:01:25,388
seldom do I find that I am going to be

22
00:01:22,748 --> 00:01:28,868
introducing a guest who has an even

23
00:01:25,388 --> 00:01:31,298
bigger tent than I do which is to say

24
00:01:28,868 --> 00:01:35,289
that he talks about all kinds of things

25
00:01:31,299 --> 00:01:40,079
in his two books that he really has a

26
00:01:35,289 --> 00:01:45,129
big big tent and so our guest today is

27
00:01:40,078 --> 00:01:49,899
claude swanson PhD he went to MIT he got

28
00:01:45,129 --> 00:01:53,129
his PhD from Princeton he is just really

29

00:01:49,899 --> 00:01:57,340
a very very well accomplished gentleman

30
00:01:53,129 --> 00:02:01,528
he has worked in grav in the gravity

31
00:01:57,340 --> 00:02:05,439
group at Princeton and he has focused on

32
00:02:01,528 --> 00:02:09,189
experimental cosmology and astronomy I

33
00:02:05,438 --> 00:02:14,139
so he has had a lot of experience both

34
00:02:09,189 --> 00:02:17,379
in the sort of industrial world which

35
00:02:14,139 --> 00:02:20,109
involved DuPont United Technologies the

36
00:02:17,379 --> 00:02:20,549
United States Army and Navy DARPA and

37
00:02:20,110 --> 00:02:24,510
the

38
00:02:20,550 --> 00:02:28,830
I a but now he is focusing more on other

39
00:02:24,509 --> 00:02:31,919
things so please let's welcome dr.

40
00:02:28,830 --> 00:02:33,630
Claude Swanson yes thank you so much for

41
00:02:31,919 --> 00:02:35,399
being here with us today well I was

42
00:02:33,629 --> 00:02:36,060
wonderful to be here thank you for

43
00:02:35,400 --> 00:02:38,219

having me

44

00:02:36,060 --> 00:02:40,800

and and Russia we have to give the name

45

00:02:38,219 --> 00:02:43,199

of his book yes we do because he has two

46

00:02:40,800 --> 00:02:45,960

books one of which I am the proud owner

47

00:02:43,199 --> 00:02:48,899

of the first book which is called the

48

00:02:45,960 --> 00:02:51,780

synchronized universe the new science of

49

00:02:48,900 --> 00:02:56,069

the paranormal his second book is called

50

00:02:51,780 --> 00:02:59,879

life force the scientific basis volume 2

51

00:02:56,069 --> 00:03:01,979

of the synchronized universe so let me

52

00:02:59,879 --> 00:03:05,060

start by asking you just simply is there

53

00:03:01,979 --> 00:03:09,239

a volume tree in the works

54

00:03:05,060 --> 00:03:13,770

yeah I've been taking about seven years

55

00:03:09,240 --> 00:03:17,070

per volume unfortunately I'm hoping that

56

00:03:13,770 --> 00:03:19,680

it's soon within a few months to a year

57

00:03:17,069 --> 00:03:24,680

and at the max I'm hoping with it lest

58
00:03:19,680 --> 00:03:30,480
under that basically my my trajectory

59
00:03:24,680 --> 00:03:34,200
since since I discovered I discovered

60
00:03:30,479 --> 00:03:37,859
remote viewing in 1980s and that told me

61
00:03:34,199 --> 00:03:40,769
that physics as we know it is missing a

62
00:03:37,860 --> 00:03:43,260
whole lot of things that you know our

63
00:03:40,770 --> 00:03:44,730
physics can't really explain so ever

64
00:03:43,259 --> 00:03:48,000
since then I've been doing research on

65
00:03:44,729 --> 00:03:50,669
what is missing from current Western

66
00:03:48,000 --> 00:03:54,330
science so the first the first book was

67
00:03:50,669 --> 00:03:57,389
about the paranormal and those are all

68
00:03:54,330 --> 00:04:01,969
kinds of phenomena that science can't

69
00:03:57,389 --> 00:04:04,919
explain like ESP and remote viewing and

70
00:04:01,969 --> 00:04:07,800
levitation and near-death and

71
00:04:04,919 --> 00:04:11,250
out-of-body experiences the second book

72
00:04:07,800 --> 00:04:14,340
life force is okay well these things

73
00:04:11,250 --> 00:04:17,009
happen how can we make a science how can

74
00:04:14,340 --> 00:04:18,149
we understand these things and and I

75
00:04:17,009 --> 00:04:20,939
determined that there's something

76
00:04:18,149 --> 00:04:23,279
missing from our Western science we have

77
00:04:20,939 --> 00:04:25,560
electromagnetism we have quantum physics

78
00:04:23,279 --> 00:04:28,139
blah blah blah but there's something

79
00:04:25,560 --> 00:04:31,259
that the Chinese have known about for

80
00:04:28,139 --> 00:04:34,319
five thousand years called Chi the

81
00:04:31,259 --> 00:04:36,360
Hindus call it prana and it's

82
00:04:34,319 --> 00:04:39,029
been known about it's been used by

83
00:04:36,360 --> 00:04:41,370
healers around the world but it's not

84
00:04:39,029 --> 00:04:43,919
part of Western science they don't have

85
00:04:41,370 --> 00:04:47,160
a clue what this is and so of course

86

00:04:43,920 --> 00:04:49,290
they ignore it all right so that's the

87
00:04:47,160 --> 00:04:52,230
second book is about what is the science

88
00:04:49,290 --> 00:04:54,090
and pulling together the best we know

89
00:04:52,230 --> 00:04:57,030
and the Russians have actually figured

90
00:04:54,089 --> 00:05:00,419
out a lot about what it is and the

91
00:04:57,029 --> 00:05:03,629
scientific basis so on the next book is

92
00:05:00,420 --> 00:05:06,150
about the next level of subtlety the

93
00:05:03,629 --> 00:05:08,399
next level of abstraction which is the

94
00:05:06,149 --> 00:05:13,019
afterlife and the soul what is the

95
00:05:08,399 --> 00:05:15,989
energy that makes the soul possible how

96
00:05:13,019 --> 00:05:20,069
is it that the afterlife appears to be

97
00:05:15,990 --> 00:05:21,870
very real and that maybe even the

98
00:05:20,069 --> 00:05:24,389
physical life here that we are so

99
00:05:21,870 --> 00:05:27,060
absorbed in maybe this may be the

100
00:05:24,389 --> 00:05:30,029

illusion and that may be the real life

101

00:05:27,060 --> 00:05:33,480

the soul life may be much more real than

102

00:05:30,029 --> 00:05:35,699

this but trying to pull together the

103

00:05:33,480 --> 00:05:38,730

physics of it and the science behind it

104

00:05:35,699 --> 00:05:41,039

so that's it's a big job and there

105

00:05:38,730 --> 00:05:42,840

aren't as many experiments as I would

106

00:05:41,040 --> 00:05:45,360

like but I've been trying to do that

107

00:05:42,839 --> 00:05:49,799

well that sounds really fascinating but

108

00:05:45,360 --> 00:05:53,610

what occurs to me is that a lot of your

109

00:05:49,800 --> 00:05:58,500

your research and your studies now came

110

00:05:53,610 --> 00:06:01,860

about due to the hard question in the

111

00:05:58,500 --> 00:06:04,589

study of consciousness it would and you

112

00:06:01,860 --> 00:06:06,870

know what I'm speaking of like the fact

113

00:06:04,589 --> 00:06:08,879

that you know Max Planck for instance

114

00:06:06,870 --> 00:06:10,889

said that you know consciousness is at

115
00:06:08,879 --> 00:06:13,250
the base of everything and you just

116
00:06:10,889 --> 00:06:16,169
can't get behind it you can't get behind

117
00:06:13,250 --> 00:06:20,009
consciousness because it is the re the

118
00:06:16,170 --> 00:06:23,540
real the reality behind everything now

119
00:06:20,009 --> 00:06:26,670
is would you say that this is like where

120
00:06:23,540 --> 00:06:28,830
many of your thoughts and studies

121
00:06:26,670 --> 00:06:32,009
originated from this hard question of

122
00:06:28,829 --> 00:06:32,909
consciousness or am i off no you're

123
00:06:32,009 --> 00:06:36,750
right

124
00:06:32,910 --> 00:06:41,850
it is it is the deep question that it's

125
00:06:36,750 --> 00:06:45,240
hard for anybody to access because we're

126
00:06:41,850 --> 00:06:48,030
in the middle of it can't really make it

127
00:06:45,240 --> 00:06:54,230
a objective and look at it from outside

128
00:06:48,029 --> 00:06:58,619
well I I started from a more prosaic

129
00:06:54,230 --> 00:07:01,560
point of view or like a scientist the

130
00:06:58,620 --> 00:07:04,949
the scientists noticed that when

131
00:07:01,560 --> 00:07:08,550
consciousness is presence that

132
00:07:04,949 --> 00:07:11,639
experiments get messed up results yet

133
00:07:08,550 --> 00:07:14,250
affected they call it the wavefunction

134
00:07:11,639 --> 00:07:17,389
collapse the double slit experiment and

135
00:07:14,250 --> 00:07:19,860
I'm sure you're familiar with yes

136
00:07:17,389 --> 00:07:24,079
website to talk about it and things like

137
00:07:19,860 --> 00:07:27,000
that that if you have a quantum system

138
00:07:24,079 --> 00:07:29,519
you so describe the probability of

139
00:07:27,000 --> 00:07:31,949
particles by these things called wave

140
00:07:29,519 --> 00:07:34,169
functions which are the way be the

141
00:07:31,949 --> 00:07:36,689
waviness the wavy probability of them

142
00:07:34,170 --> 00:07:39,629
being in certain places and doing

143

00:07:36,689 --> 00:07:43,439
certain things and and we have equations

144
00:07:39,629 --> 00:07:47,310
that tell us how those waves behave but

145
00:07:43,439 --> 00:07:51,029
we also know that if you look at it if a

146
00:07:47,310 --> 00:07:53,490
human consciousness focuses on it that

147
00:07:51,029 --> 00:07:56,639
something else happens that it affects

148
00:07:53,490 --> 00:07:59,430
that system and we don't really have a

149
00:07:56,639 --> 00:08:00,959
three for that there's no physics to

150
00:07:59,430 --> 00:08:03,509
explain what happened

151
00:08:00,959 --> 00:08:06,719
when the experimenter looks inside the

152
00:08:03,509 --> 00:08:10,230
box and you know they've been all kinds

153
00:08:06,720 --> 00:08:12,870
of discussions about this and Dean Radin

154
00:08:10,230 --> 00:08:15,660
did some experiments a few years ago to

155
00:08:12,870 --> 00:08:19,680
show that even if you are just remote

156
00:08:15,660 --> 00:08:21,540
viewing a double slit experiment we have

157
00:08:19,680 --> 00:08:24,060

photons coming along I'm going to go

158

00:08:21,540 --> 00:08:25,819
through a double-slit nice and

159

00:08:24,060 --> 00:08:33,149
interference pattern or the other side

160

00:08:25,819 --> 00:08:35,669
but if you just eyeball not photons not

161

00:08:33,149 --> 00:08:39,629
with instruments but just with your

162

00:08:35,669 --> 00:08:41,839
consciousness it still messes up the

163

00:08:39,629 --> 00:08:45,120
wavefunction it still affects thing so

164

00:08:41,840 --> 00:08:49,769
you know this to me this is an important

165

00:08:45,120 --> 00:08:54,750
step that consciousness is something and

166

00:08:49,769 --> 00:08:58,470
it's embedded in everything else that we

167

00:08:54,750 --> 00:09:01,480
do perceive in the world and yet physics

168

00:08:58,470 --> 00:09:05,949
pretty much has tried to ignore it

169

00:09:01,480 --> 00:09:09,310
the base bases problem and many and many

170

00:09:05,948 --> 00:09:12,479
neuroscientists tend to want to ignore

171

00:09:09,309 --> 00:09:16,088
it and you know take the mechanistic

172
00:09:12,480 --> 00:09:20,769
materialistic view that it's a

173
00:09:16,089 --> 00:09:24,959
consciousness is an accident and that it

174
00:09:20,769 --> 00:09:28,750
really has no it has no meaning beyond a

175
00:09:24,958 --> 00:09:31,869
lot you know beyond life as we know it

176
00:09:28,750 --> 00:09:34,028
on in 3d just a real quick question dr.

177
00:09:31,870 --> 00:09:37,389
Swanson how far is the remote viewer

178
00:09:34,028 --> 00:09:39,639
from the double-slit experiment just is

179
00:09:37,389 --> 00:09:42,698
it feet inches miles

180
00:09:39,639 --> 00:09:45,669
i roughly just roughly i mean i know you

181
00:09:42,698 --> 00:09:48,490
don't know exactly how next room oh

182
00:09:45,669 --> 00:09:53,679
there were a bunch of different

183
00:09:48,490 --> 00:09:56,409
experiments different people doing the

184
00:09:53,679 --> 00:09:59,439
work and my impression is there's a

185
00:09:56,409 --> 00:10:02,490
range of distances problem to hundreds

186
00:09:59,440 --> 00:10:04,690
or thousands of miles Wow okay but I

187
00:10:02,490 --> 00:10:08,259
haven't gone over his experiment in

188
00:10:04,690 --> 00:10:11,019
detail to see but I know with other data

189
00:10:08,259 --> 00:10:11,500
this show then pretty much it doesn't

190
00:10:11,019 --> 00:10:14,230
matter

191
00:10:11,500 --> 00:10:17,799
promoters it doesn't matter how far away

192
00:10:14,230 --> 00:10:21,190
you are in fact you can also affect

193
00:10:17,799 --> 00:10:23,109
things in the future or in the past so

194
00:10:21,190 --> 00:10:26,889
time doesn't matter either

195
00:10:23,110 --> 00:10:29,409
well even but even in quantum mechanics

196
00:10:26,889 --> 00:10:31,629
you have the process of entanglement we

197
00:10:29,409 --> 00:10:33,610
would giant stein cold you know action

198
00:10:31,629 --> 00:10:35,980
in a spooky action at a distance or

199
00:10:33,610 --> 00:10:38,409
whatever so there seems to be some as

200

00:10:35,980 --> 00:10:40,360
you said hard evidence for that as well

201
00:10:38,409 --> 00:10:43,419
so that's why I was interested as to how

202
00:10:40,360 --> 00:10:47,470
far away the remote viewer was Ingo Swan

203
00:10:43,419 --> 00:10:50,289
by the way Ingo Swan viewed something

204
00:10:47,470 --> 00:10:55,149
about the rings of Saturn that wasn't

205
00:10:50,289 --> 00:10:57,659
proven until years after it occurred and

206
00:10:55,149 --> 00:11:01,289
perhaps even after poor INGOs passing

207
00:10:57,659 --> 00:11:05,078
that it was seen that what he had viewed

208
00:11:01,289 --> 00:11:07,230
remotely in all the way into Saturn you

209
00:11:05,078 --> 00:11:09,789
know about that right Claude mm-hmm I

210
00:11:07,230 --> 00:11:12,550
don't know about that particular session

211
00:11:09,789 --> 00:11:15,959
but I know that you can Remote View out

212
00:11:12,549 --> 00:11:19,000
those distance there's no problem too

213
00:11:15,960 --> 00:11:21,129
yeah it's very hard to interview you you

214
00:11:19,000 --> 00:11:26,049

have a million-and-a-half interesting

215

00:11:21,129 --> 00:11:28,659

topic synchronized universe right here

216

00:11:26,049 --> 00:11:31,809

on the desk between us and you know

217

00:11:28,659 --> 00:11:34,149

every chapter in your book could be a

218

00:11:31,809 --> 00:11:37,019

whole hour interview on shattered

219

00:11:34,149 --> 00:11:46,090

reality and I'm sure that our our

220

00:11:37,019 --> 00:11:49,509

listeners would put my name into Google

221

00:11:46,090 --> 00:11:54,280

Klaus Swanson website synchronized

222

00:11:49,509 --> 00:11:57,549

universe comm will pop up some people

223

00:11:54,279 --> 00:12:01,899

who are English not not American spell

224

00:11:57,549 --> 00:12:04,149

synchronized with an s not a Z not as

225

00:12:01,899 --> 00:12:06,309

ahead as they say so so that's the only

226

00:12:04,149 --> 00:12:09,039

possible confusion if you put my name

227

00:12:06,309 --> 00:12:12,399

into Google the website pops up and you

228

00:12:09,039 --> 00:12:16,089

can find discussions off the books there

229
00:12:12,399 --> 00:12:19,559
some sample pages and more information

230
00:12:16,090 --> 00:12:24,940
and about half about a dozen different

231
00:12:19,559 --> 00:12:27,009
YouTube lectures or interviews so you

232
00:12:24,940 --> 00:12:31,660
can get more information there great I

233
00:12:27,009 --> 00:12:35,139
have a kind of complicated question for

234
00:12:31,659 --> 00:12:38,919
you and it may include you are having to

235
00:12:35,139 --> 00:12:41,919
explain more about the torsion situation

236
00:12:38,919 --> 00:12:44,219
and the subtle energy but um when they

237
00:12:41,919 --> 00:12:49,389
did the double-slit experiments that

238
00:12:44,220 --> 00:12:53,230
were observed could the spin on the

239
00:12:49,389 --> 00:12:57,549
electrons or subatomic particles that

240
00:12:53,230 --> 00:12:59,769
you speak of in torsion have an effect

241
00:12:57,549 --> 00:13:04,000
on the double slit or am i as mike

242
00:12:59,769 --> 00:13:08,980
physics really not up to snuff at all no

243
00:13:04,000 --> 00:13:14,139
you're far ahead of most business I just

244
00:13:08,980 --> 00:13:18,940
wrote a paper that's coming out the the

245
00:13:14,139 --> 00:13:22,509
IC is SS EEM organization the subtle

246
00:13:18,940 --> 00:13:27,670
energy organization has a magazine

247
00:13:22,509 --> 00:13:28,990
called bridges that they published

248
00:13:27,669 --> 00:13:31,959
periodically and I have

249
00:13:28,990 --> 00:13:36,159
article coming out this next month in

250
00:13:31,960 --> 00:13:39,670
that about that exact question I talked

251
00:13:36,159 --> 00:13:42,909
about Dean Ravens experiment from the

252
00:13:39,669 --> 00:13:46,208
point of view of torsion and basically

253
00:13:42,909 --> 00:13:51,490
that when the remote viewer or the the

254
00:13:46,208 --> 00:13:54,579
psychic focuses his intention on the

255
00:13:51,490 --> 00:13:58,089
double-slit trying to perceive which

256
00:13:54,580 --> 00:14:00,879
hole the photon or the electron went

257

00:13:58,089 --> 00:14:06,160
through that you create a torsion field

258
00:14:00,879 --> 00:14:09,309
there and it is strong enough to cause

259
00:14:06,159 --> 00:14:12,458
the wave functions to the phases of the

260
00:14:09,309 --> 00:14:15,129
two slits to get scrambled so the

261
00:14:12,458 --> 00:14:19,629
interference pattern goes away so it

262
00:14:15,129 --> 00:14:22,088
will explain in my opinion great

263
00:14:19,629 --> 00:14:25,120
experiment and I think that so to me

264
00:14:22,089 --> 00:14:27,850
torsion is the answer to a lot of these

265
00:14:25,120 --> 00:14:32,549
questions about consciousness that that

266
00:14:27,850 --> 00:14:36,159
we really do have a field around us of

267
00:14:32,549 --> 00:14:39,458
consciousness which is in terms of

268
00:14:36,159 --> 00:14:41,049
physics it's the torsion field could you

269
00:14:39,458 --> 00:14:42,699
just go over there for me quickly

270
00:14:41,049 --> 00:14:44,859
because I'm really not too familiar with

271
00:14:42,700 --> 00:14:48,190

what you're referring to my tour sure

272

00:14:44,860 --> 00:14:50,139

yeah you know in in physics if you go

273

00:14:48,190 --> 00:14:52,560

through the conventional Western

274

00:14:50,139 --> 00:14:55,689

education go through all your courses

275

00:14:52,559 --> 00:14:58,289

you say there's only four forces there's

276

00:14:55,690 --> 00:15:01,360

two nuclear forces that are very short

277

00:14:58,289 --> 00:15:03,399

distances inside the nucleus as is the

278

00:15:01,360 --> 00:15:07,200

strong and the weak forces and then is

279

00:15:03,399 --> 00:15:09,909

gravity which works over big distances

280

00:15:07,200 --> 00:15:12,520

electromagnetism that works over big

281

00:15:09,909 --> 00:15:12,990

distances and they say that's all there

282

00:15:12,519 --> 00:15:15,909

is

283

00:15:12,990 --> 00:15:20,669

those so they say and you know all the

284

00:15:15,909 --> 00:15:23,469

physics the problem is you don't you

285

00:15:20,669 --> 00:15:25,778

they they're not looking at a whole

286
00:15:23,470 --> 00:15:28,410
bunch of phenomena that have been

287
00:15:25,778 --> 00:15:32,259
discovered in the past 50 years that

288
00:15:28,409 --> 00:15:35,289
require something else and like I said

289
00:15:32,259 --> 00:15:36,909
before the Chinese call it Chi they have

290
00:15:35,289 --> 00:15:40,328
known about it for a long time it's part

291
00:15:36,909 --> 00:15:43,480
of their major medicine but in Western

292
00:15:40,328 --> 00:15:46,750
physics we pretend it doesn't exist

293
00:15:43,480 --> 00:15:50,320
there are Qi Gong masters in China who

294
00:15:46,750 --> 00:15:53,110
pinning short physical forces with this

295
00:15:50,320 --> 00:15:55,629
energy they can push things away they

296
00:15:53,110 --> 00:15:58,419
can pull things toward they can bend a

297
00:15:55,629 --> 00:16:01,779
laser beam a thousand miles away they

298
00:15:58,419 --> 00:16:04,509
can alter radioactive decay they can do

299
00:16:01,779 --> 00:16:07,750
things that physicists would say yeah

300
00:16:04,509 --> 00:16:10,120
that's physics okay and if this force

301
00:16:07,750 --> 00:16:13,059
does those things then it ought to be

302
00:16:10,120 --> 00:16:16,480
part of physics too and the Russians

303
00:16:13,059 --> 00:16:20,229
have been working to include to expand

304
00:16:16,480 --> 00:16:22,120
physics to include this energy one of

305
00:16:20,230 --> 00:16:26,710
the things they've discovered is that

306
00:16:22,120 --> 00:16:30,340
the PK masters gives I've seen any of

307
00:16:26,710 --> 00:16:33,940
the old films with some of the Russian

308
00:16:30,340 --> 00:16:37,240
PK experts all God you can move things

309
00:16:33,940 --> 00:16:39,700
move objects with this force or just go

310
00:16:37,240 --> 00:16:42,759
to the Princeton experiments where they

311
00:16:39,700 --> 00:16:45,400
cause a random event generator to change

312
00:16:42,759 --> 00:16:46,299
more ones than zeros because of

313
00:16:45,399 --> 00:16:49,090
consciousness

314

00:16:46,299 --> 00:16:52,870
those are PK effects there's a physical

315
00:16:49,090 --> 00:16:56,460
effects cost purely by the mind and this

316
00:16:52,870 --> 00:16:59,950
torsion field explains all those things

317
00:16:56,460 --> 00:17:03,519
it's really it's a property of

318
00:16:59,950 --> 00:17:06,789
space-time that needs to be included in

319
00:17:03,519 --> 00:17:10,449
Western physics we talk about Einstein's

320
00:17:06,789 --> 00:17:12,819
theory who said well gravity is really a

321
00:17:10,449 --> 00:17:15,579
curving of space you have a big mass

322
00:17:12,819 --> 00:17:19,088
like the earth it bends the space around

323
00:17:15,578 --> 00:17:20,948
it and that's what causes the forces we

324
00:17:19,088 --> 00:17:23,740
call attraction the orbits of the

325
00:17:20,949 --> 00:17:26,560
planets and things like that so he

326
00:17:23,740 --> 00:17:30,180
described gravity as a curving of space

327
00:17:26,559 --> 00:17:33,220
but the Russians have discovered is that

328
00:17:30,180 --> 00:17:37,330

torsion is an additional property of

329

00:17:33,220 --> 00:17:38,890

space it can also have a twist a local

330

00:17:37,329 --> 00:17:40,929

little twisting motion like a little

331

00:17:38,890 --> 00:17:43,240

vortex think about it like that

332

00:17:40,930 --> 00:17:45,910

and every little particle in the

333

00:17:43,240 --> 00:17:48,759

universe has a spin it's spinning like a

334

00:17:45,910 --> 00:17:51,910

top whenever it that spin changes

335

00:17:48,759 --> 00:17:55,538

direction it causes is twisting property

336

00:17:51,910 --> 00:17:58,210

in space so these little twisting motion

337

00:17:55,538 --> 00:18:01,089

are propagating through space all the

338

00:17:58,210 --> 00:18:04,360

time and so it's a very important force

339

00:18:01,089 --> 00:18:07,298

this is what mediates consciousness

340

00:18:04,359 --> 00:18:11,168

it's what the aura around the body is

341

00:18:07,298 --> 00:18:13,509

made of okay Western scientists have

342

00:18:11,169 --> 00:18:16,690

trouble measuring the aura because it's

343
00:18:13,509 --> 00:18:20,470
not electromagnetic it's not a feel that

344
00:18:16,690 --> 00:18:22,899
they understand and yet healers use it

345
00:18:20,470 --> 00:18:25,899
you can learn how to feel it it's

346
00:18:22,898 --> 00:18:28,719
something very real it's that's made of

347
00:18:25,898 --> 00:18:33,069
torsion again consciousness is also made

348
00:18:28,720 --> 00:18:34,149
of torsion and I believe the soul is

349
00:18:33,069 --> 00:18:36,519
made of torsion

350
00:18:34,148 --> 00:18:39,158
so if we understand torsion we

351
00:18:36,519 --> 00:18:42,069
understand the essence of consciousness

352
00:18:39,159 --> 00:18:43,990
and how it is we're able to go out of

353
00:18:42,069 --> 00:18:47,168
body and we're able to go to other

354
00:18:43,990 --> 00:18:49,440
places and you know pick up information

355
00:18:47,169 --> 00:18:53,049
and communicate and things like that so

356
00:18:49,440 --> 00:18:56,440
the Russians say that is really the key

357
00:18:53,048 --> 00:19:00,579
to all psychic phenomena and and and

358
00:18:56,440 --> 00:19:06,159
some of this torsion has to do with the

359
00:19:00,579 --> 00:19:08,798
the movement of subatomic particles as I

360
00:19:06,159 --> 00:19:16,390
read your book and there's some mention

361
00:19:08,798 --> 00:19:19,690
of that is is that the case yeah every

362
00:19:16,390 --> 00:19:22,570
subatomic particle under a very very

363
00:19:19,690 --> 00:19:24,370
powerful microscope is they don't just

364
00:19:22,569 --> 00:19:26,500
sit still

365
00:19:24,369 --> 00:19:29,619
they're actually jiggling there's things

366
00:19:26,500 --> 00:19:33,339
a going back and forth and they have a

367
00:19:29,619 --> 00:19:35,259
random motion on a very small scale on

368
00:19:33,339 --> 00:19:36,819
the average they said still but they're

369
00:19:35,259 --> 00:19:38,950
really kind of blurry and they jiggle

370
00:19:36,819 --> 00:19:42,099
around because the energy of the vacuum

371

00:19:38,950 --> 00:19:45,308
of space is causing this random motion

372
00:19:42,099 --> 00:19:47,500
that's the origin of the uncertainty

373
00:19:45,308 --> 00:19:50,619
principle it's the origin of a lot of

374
00:19:47,500 --> 00:19:53,648
the strange properties of quantum

375
00:19:50,619 --> 00:19:58,139
physics and one of the things that's

376
00:19:53,648 --> 00:20:01,269
causing that random motion are these

377
00:19:58,140 --> 00:20:04,028
waves of torsion which the russians call

378
00:20:01,269 --> 00:20:07,329
pi times they're kind of analogous to

379
00:20:04,028 --> 00:20:09,538
photons but they're made of torsion not

380
00:20:07,329 --> 00:20:12,038
of little bit

381
00:20:09,538 --> 00:20:16,179
so but you're right at the very small

382
00:20:12,038 --> 00:20:18,730
scale in the vacuum of space this is

383
00:20:16,179 --> 00:20:22,509
very very important the vacuum is

384
00:20:18,730 --> 00:20:25,950
spilled with these little waves and they

385
00:20:22,509 --> 00:20:29,710

they really have a lot to do with how

386

00:20:25,950 --> 00:20:32,950

physics supporters have motion occurs

387

00:20:29,710 --> 00:20:35,980

how forces occur and the Russians have

388

00:20:32,950 --> 00:20:39,730

been to the leaders in figuring out what

389

00:20:35,980 --> 00:20:41,829

this energy is how to manipulate it and

390

00:20:39,730 --> 00:20:47,169

has nothing excuse me nothing to do with

391

00:20:41,829 --> 00:20:49,029

the string theory then that was just an

392

00:20:47,169 --> 00:20:53,169

attempt to sort of explain that type of

393

00:20:49,029 --> 00:20:55,779

force yeah may we may be able to connect

394

00:20:53,169 --> 00:20:59,288

it up at some point right the string

395

00:20:55,779 --> 00:21:03,279

theory is a western direction that

396

00:20:59,288 --> 00:21:04,929

particle physicist dawn I'm sorry yeah I

397

00:21:03,279 --> 00:21:06,849

was saying it sounds like it was an

398

00:21:04,929 --> 00:21:10,179

attempt to sort of westernize the other

399

00:21:06,849 --> 00:21:13,178

theory but I guess yours actually makes

400
00:21:10,179 --> 00:21:17,470
a lot of sense though it does I mean

401
00:21:13,179 --> 00:21:20,200
from a nun physics from a layperson it

402
00:21:17,470 --> 00:21:25,390
just sounds like it sounds like a very

403
00:21:20,200 --> 00:21:30,429
good explanation yeah cultural issue

404
00:21:25,390 --> 00:21:33,850
here great that Western scientists they

405
00:21:30,429 --> 00:21:35,500
talk to each other yeah and their dick

406
00:21:33,849 --> 00:21:38,199
what they work on is dictated by

407
00:21:35,500 --> 00:21:40,210
government funding so this funding

408
00:21:38,200 --> 00:21:43,210
string theory then they work on the

409
00:21:40,210 --> 00:21:45,340
string theory and they usually go ask

410
00:21:43,210 --> 00:21:50,380
the top string theorists what do you

411
00:21:45,339 --> 00:21:53,259
think I work on hey so you get these

412
00:21:50,380 --> 00:21:55,750
fads that go on for decades right and

413
00:21:53,259 --> 00:21:58,658
the problems has been that no one can

414

00:21:55,750 --> 00:22:00,548

solve some of the string theory

415

00:21:58,659 --> 00:22:04,030

equations doing the predictions from

416

00:22:00,548 --> 00:22:07,269

them the other thing the big problem is

417

00:22:04,029 --> 00:22:11,259

they're kind of divorced from experiment

418

00:22:07,269 --> 00:22:13,389

because their theory is so complicated

419

00:22:11,259 --> 00:22:16,150

so they can't really measure these

420

00:22:13,390 --> 00:22:19,360

strings they can't see these strings and

421

00:22:16,150 --> 00:22:21,788

there's no feedback from the real world

422

00:22:19,359 --> 00:22:24,548

on experiment in their case

423

00:22:21,788 --> 00:22:27,638

the Russians just the opposite there's

424

00:22:24,548 --> 00:22:30,519

been a very heavy experimental component

425

00:22:27,638 --> 00:22:33,548

in the torsion research and a lot of

426

00:22:30,519 --> 00:22:36,669

feedback between theory and experiment

427

00:22:33,548 --> 00:22:39,418

so they have dozens upon dozens of

428

00:22:36,669 --> 00:22:44,999
experiments that show the effects of

429
00:22:39,419 --> 00:22:47,799
torsion so it's a no and as far as why

430
00:22:44,999 --> 00:22:51,308
these two groups are talking to each

431
00:22:47,798 --> 00:22:54,700
other and that may be partly cultural it

432
00:22:51,308 --> 00:22:57,190
may be that you know that there are

433
00:22:54,700 --> 00:22:58,840
government programs that work on torsion

434
00:22:57,190 --> 00:23:02,379
but they're not gonna tell you about the

435
00:22:58,839 --> 00:23:05,470
perhaps because we know that remote

436
00:23:02,378 --> 00:23:08,949
human went on for 20 years you know CIA

437
00:23:05,470 --> 00:23:12,579
funded and without secret nobody talked

438
00:23:08,950 --> 00:23:14,048
about it so who knows what else might be

439
00:23:12,579 --> 00:23:17,098
going on I'd like to think that

440
00:23:14,048 --> 00:23:21,429
somewhere in the u.s. people working on

441
00:23:17,098 --> 00:23:24,329
torsion but it's hard to do that well

442
00:23:21,429 --> 00:23:33,399

you have the clash of egos - I mean

443

00:23:24,329 --> 00:23:38,368

that's not - minimal I say just - since

444

00:23:33,398 --> 00:23:41,368

you mentioned sort of fads in physics I

445

00:23:38,368 --> 00:23:44,888

there's a theory that I have some

446

00:23:41,368 --> 00:23:47,678

interest in but I'm not sure about the

447

00:23:44,888 --> 00:23:52,748

validity of it and that has to do with

448

00:23:47,679 --> 00:23:55,629

the idea of our 3-d or 4d reality being

449

00:23:52,749 --> 00:23:58,839

a matrix now that does figure in a

450

00:23:55,628 --> 00:24:03,699

little bit with the idea that the bigger

451

00:23:58,839 --> 00:24:06,668

reality comes to us perhaps to our souls

452

00:24:03,700 --> 00:24:11,700

in an after death manner but where do

453

00:24:06,669 --> 00:24:16,509

you come down on the matrix Theory the

454

00:24:11,700 --> 00:24:23,788

matrix theory of reality you're asking

455

00:24:16,509 --> 00:24:23,788

if I've taken the red pill yeah yeah

456

00:24:24,749 --> 00:24:34,538

that's what people who have near-death

457
00:24:29,048 --> 00:24:35,799
experiences or when they die one of my

458
00:24:34,538 --> 00:24:41,529
favorite people is the

459
00:24:35,799 --> 00:24:45,460
as cannon hypnotized client for 40 years

460
00:24:41,529 --> 00:24:47,649
a thousands of people and we developed a

461
00:24:45,460 --> 00:24:51,130
pretty good understanding of the

462
00:24:47,650 --> 00:24:54,580
afterlife and the whole system from from

463
00:24:51,130 --> 00:24:59,410
that and when you regress people through

464
00:24:54,579 --> 00:25:00,819
the death process in the afterlife or it

465
00:24:59,410 --> 00:25:03,190
oftentimes happened and near-death

466
00:25:00,819 --> 00:25:05,529
experiences as well all of a sudden they

467
00:25:03,190 --> 00:25:08,380
realized they look back at the physical

468
00:25:05,529 --> 00:25:11,379
reality that we thought so important and

469
00:25:08,380 --> 00:25:14,500
so tangible and they realized oh it was

470
00:25:11,380 --> 00:25:16,540
just to play it was just an illusion it

471
00:25:14,500 --> 00:25:19,599
wasn't really the important thing the

472
00:25:16,539 --> 00:25:22,690
other stuff the the soul like the energy

473
00:25:19,599 --> 00:25:24,909
in the afterlife that's where the action

474
00:25:22,690 --> 00:25:27,610
you know and this this is kind of an

475
00:25:24,910 --> 00:25:30,779
illusion and set up for us to have our

476
00:25:27,609 --> 00:25:34,599
experiences and to you know learn things

477
00:25:30,779 --> 00:25:37,619
so I I definitely would go along with

478
00:25:34,599 --> 00:25:42,879
the matrix idea or the holographic idea

479
00:25:37,619 --> 00:25:45,299
that's physical reality is in a sense an

480
00:25:42,880 --> 00:25:49,950
illusion but the synchronized universe

481
00:25:45,299 --> 00:25:53,649
verse book kind of led me to that idea

482
00:25:49,950 --> 00:25:56,860
so independently because there's so many

483
00:25:53,650 --> 00:26:00,480
phenomena like the teleportation for

484
00:25:56,859 --> 00:26:03,039
example there are young people in China

485

00:26:00,480 --> 00:26:06,640
who have already gifted they've been

486
00:26:03,039 --> 00:26:12,369
experiments with them and teleporting

487
00:26:06,640 --> 00:26:15,220
objects to glass beans for example of

488
00:26:12,369 --> 00:26:18,189
seeds put in a bottle

489
00:26:15,220 --> 00:26:20,410
seal the bottle up of tape put the tape

490
00:26:18,190 --> 00:26:24,009
inside of the box bottle inside a box

491
00:26:20,410 --> 00:26:27,580
seal the box up then hand it to them and

492
00:26:24,009 --> 00:26:33,039
say okay now remove the seeds don't open

493
00:26:27,579 --> 00:26:37,299
the box and they can do it they teleport

494
00:26:33,039 --> 00:26:40,599
the seeds outside of the bottle okay and

495
00:26:37,299 --> 00:26:41,409
so they're amazing people who can do

496
00:26:40,599 --> 00:26:45,399
these things

497
00:26:41,410 --> 00:26:47,800
and they show us that physical matter is

498
00:26:45,400 --> 00:26:49,330
not what we thought it was that there's

499
00:26:47,799 --> 00:26:52,089

a transparency there

500

00:26:49,329 --> 00:26:54,849

so the synchronized universe model and I

501

00:26:52,089 --> 00:26:57,368

proposed in my book is a way to explain

502

00:26:54,849 --> 00:26:59,439

how that can be

503

00:26:57,368 --> 00:27:04,209

and that also takes you back to the idea

504

00:26:59,440 --> 00:27:07,048

that it's really an illusion the

505

00:27:04,210 --> 00:27:11,259

conditions make it feel real to us but

506

00:27:07,048 --> 00:27:14,769

at a higher level there's a holographic

507

00:27:11,259 --> 00:27:16,899

property to it well it sounds like it's

508

00:27:14,769 --> 00:27:19,179

very comforting theory to know that you

509

00:27:16,898 --> 00:27:21,788

know we go on and so on and I mean not

510

00:27:19,179 --> 00:27:24,100

to be totally crass but is there any

511

00:27:21,788 --> 00:27:28,058

practical applications to this that you

512

00:27:24,099 --> 00:27:30,509

see like perhaps really silly stuff by

513

00:27:28,058 --> 00:27:33,819

like increasing a computer speed or or

514
00:27:30,509 --> 00:27:36,849
you know even invoking artificial

515
00:27:33,819 --> 00:27:38,918
intelligence was this type of a force

516
00:27:36,849 --> 00:27:44,558
that would make it a little bit more

517
00:27:38,919 --> 00:27:46,149
real well yep Yogi's and a Depp's and

518
00:27:44,558 --> 00:27:49,148
wise men have been doing this for

519
00:27:46,148 --> 00:27:52,418
thousands of years this is the purpose

520
00:27:49,148 --> 00:27:55,988
of the meditation they go through the

521
00:27:52,419 --> 00:28:00,299
disciplines that go through that they

522
00:27:55,989 --> 00:28:03,429
can tap into universal consciousness

523
00:28:00,298 --> 00:28:07,778
because the thing what the torsion field

524
00:28:03,429 --> 00:28:09,879
is it has elements that travel both much

525
00:28:07,778 --> 00:28:13,960
faster than life and also I would love

526
00:28:09,878 --> 00:28:17,469
to travel backwards in time and that

527
00:28:13,960 --> 00:28:20,259
means that we are connected with

528
00:28:17,470 --> 00:28:22,358
everything else in the universe that's

529
00:28:20,259 --> 00:28:27,759
ever happened and will ever happen and

530
00:28:22,358 --> 00:28:31,658
exactly now so we're really part of this

531
00:28:27,759 --> 00:28:35,409
huge supercomputer called the universe

532
00:28:31,659 --> 00:28:38,830
and when you enter altered states as the

533
00:28:35,409 --> 00:28:41,169
Yogi's do they can tap into that

534
00:28:38,829 --> 00:28:44,470
knowledge they follow about the Akashic

535
00:28:41,169 --> 00:28:47,950
record that information is available all

536
00:28:44,470 --> 00:28:51,249
the time so I think that that would be

537
00:28:47,950 --> 00:28:52,538
the goal of computer programmers or if

538
00:28:51,249 --> 00:28:54,368
they would just meditate maybe they

539
00:28:52,538 --> 00:28:56,888
wouldn't need to build a computer you

540
00:28:54,368 --> 00:28:58,538
know but would be good but that

541
00:28:56,888 --> 00:29:02,108
information and that information is

542

00:28:58,538 --> 00:29:03,129
carried in the torsion field which is

543
00:29:02,108 --> 00:29:05,589
this way

544
00:29:03,130 --> 00:29:08,020
find scale energy that I was mentioning

545
00:29:05,589 --> 00:29:11,139
before so it's going to pass him through

546
00:29:08,019 --> 00:29:14,829
every point of space-time all the time

547
00:29:11,140 --> 00:29:17,860
is always present so that's that work

548
00:29:14,829 --> 00:29:21,039
that's a much more advanced technology

549
00:29:17,859 --> 00:29:25,779
than what we have today one very

550
00:29:21,039 --> 00:29:30,430
practical application of some of this

551
00:29:25,779 --> 00:29:34,139
knowledge is the idea of changing the

552
00:29:30,430 --> 00:29:37,750
past in a way that involves one's

553
00:29:34,140 --> 00:29:41,380
relationships if one one can send love

554
00:29:37,750 --> 00:29:44,920
back to ones earlier self or information

555
00:29:41,380 --> 00:29:50,670
back to one's younger self but one also

556
00:29:44,920 --> 00:29:55,900

can heal relationships from the past by

557

00:29:50,670 --> 00:29:59,440

sending loving feelings to whatever was

558

00:29:55,900 --> 00:30:02,350

the cause of the friction between two or

559

00:29:59,440 --> 00:30:06,539

more people and the results are really

560

00:30:02,349 --> 00:30:09,279

phenomenal that I have witnessed myself

561

00:30:06,539 --> 00:30:13,389

yeah absolutely I'd love to talk to you

562

00:30:09,279 --> 00:30:17,379

more about that when I when I was in

563

00:30:13,390 --> 00:30:20,920

therapy many years ago my therapist

564

00:30:17,380 --> 00:30:22,800

would have me practice exercises like

565

00:30:20,920 --> 00:30:25,930

that you know if you go back to some

566

00:30:22,799 --> 00:30:30,009

traumatic event in childhood for example

567

00:30:25,930 --> 00:30:33,210

and you feel so alone if you can go back

568

00:30:30,009 --> 00:30:36,490

in the form of your Higher Self and

569

00:30:33,210 --> 00:30:39,970

comfort that little child that is going

570

00:30:36,490 --> 00:30:43,960

through the difficult situation you can

571
00:30:39,970 --> 00:30:48,250
heal the pain heal the trauma from early

572
00:30:43,960 --> 00:30:50,019
events and provide the log that may be

573
00:30:48,250 --> 00:30:53,049
seen at the time or thought you were

574
00:30:50,019 --> 00:30:54,519
missing so you're right now from a

575
00:30:53,049 --> 00:30:58,329
scientific point of view it's

576
00:30:54,519 --> 00:31:01,450
interesting because what that means is

577
00:30:58,329 --> 00:31:03,669
that now as you come forward and again

578
00:31:01,450 --> 00:31:05,970
the timeline as you move back into the

579
00:31:03,670 --> 00:31:08,080
future you're really on a different path

580
00:31:05,970 --> 00:31:11,170
than you were before

581
00:31:08,079 --> 00:31:13,559
yes synchronized universe idea where

582
00:31:11,170 --> 00:31:16,400
there are multiple parallel realities

583
00:31:13,559 --> 00:31:20,240
actually you need something like that

584
00:31:16,400 --> 00:31:22,670
to help explain it we have parallel

585
00:31:20,240 --> 00:31:25,789
realities that we end up coming back on

586
00:31:22,670 --> 00:31:28,039
a slightly different reality than we

587
00:31:25,789 --> 00:31:30,649
were on before they do you think about

588
00:31:28,039 --> 00:31:34,190
the movie Back to the Future it really

589
00:31:30,650 --> 00:31:37,640
has that philosophy built into it so

590
00:31:34,190 --> 00:31:40,580
that you know every time he went back

591
00:31:37,640 --> 00:31:44,630
into the path changed something came

592
00:31:40,579 --> 00:31:46,519
into the future it was different once

593
00:31:44,630 --> 00:31:52,670
you start talking about time that's when

594
00:31:46,519 --> 00:31:55,549
my mind just goes totally blank it is

595
00:31:52,670 --> 00:31:57,710
time is real somebody said once that the

596
00:31:55,549 --> 00:31:59,839
that there and this would agree with

597
00:31:57,710 --> 00:32:01,370
what you say about everything happening

598
00:31:59,839 --> 00:32:03,369
at at the same time they said that

599

00:32:01,369 --> 00:32:06,679
everything does happen simultaneously

600
00:32:03,369 --> 00:32:08,839
everything that ever was is now and the

601
00:32:06,680 --> 00:32:11,000
human mind can't comprehend that so it

602
00:32:08,839 --> 00:32:13,519
invents time two separate events and

603
00:32:11,000 --> 00:32:18,170
that sort of made more sense to me than

604
00:32:13,519 --> 00:32:20,059
anything else but I cannot imagine

605
00:32:18,170 --> 00:32:22,490
everything like once the Big Bang

606
00:32:20,059 --> 00:32:25,339
happened that's just postulate big bang

607
00:32:22,490 --> 00:32:29,269
and bam from there everything was

608
00:32:25,339 --> 00:32:31,609
created boom right now so it which sort

609
00:32:29,269 --> 00:32:34,549
of bad because then that gets into the

610
00:32:31,609 --> 00:32:36,469
Fate freewill versus determinism and you

611
00:32:34,549 --> 00:32:42,109
know and that's when they lose being on

612
00:32:36,470 --> 00:32:54,920
multiple universes oh yeah I I'm sorry I

613
00:32:42,109 --> 00:32:58,219

really that type of philosophy but there

614

00:32:54,920 --> 00:33:00,410

are other sources that that do paint a

615

00:32:58,220 --> 00:33:03,200

picture where we learn from the past

616

00:33:00,410 --> 00:33:05,210

life experience so the next lifetime we

617

00:33:03,200 --> 00:33:07,580

do it better you know like dannion

618

00:33:05,210 --> 00:33:11,509

brinkley talks about three near-death

619

00:33:07,579 --> 00:33:14,869

experiences each time he died and came

620

00:33:11,509 --> 00:33:18,619

into his past life regression is the

621

00:33:14,869 --> 00:33:21,379

panoramic life review he saw all the

622

00:33:18,619 --> 00:33:23,839

things he'd seen before but he also saw

623

00:33:21,380 --> 00:33:26,630

the new things all the good things he'd

624

00:33:23,839 --> 00:33:28,099

done sent them that really made him

625

00:33:26,630 --> 00:33:30,269

happy so there was a definite

626

00:33:28,099 --> 00:33:32,458

progression and a learning

627

00:33:30,269 --> 00:33:37,169

as well so you have these two

628
00:33:32,459 --> 00:33:39,959
contradictory theories about these

629
00:33:37,169 --> 00:33:41,369
parallel times but I don't I think I'm

630
00:33:39,959 --> 00:33:45,389
still working on that I've got to finish

631
00:33:41,368 --> 00:33:45,628
I've got a figure that went out good

632
00:33:45,388 --> 00:33:48,838
luck

633
00:33:45,628 --> 00:33:51,958
well there's the idea that anything that

634
00:33:48,838 --> 00:33:54,178
could happen about is true somewhere

635
00:33:51,959 --> 00:33:56,729
yeah we believe in some Russian

636
00:33:54,179 --> 00:34:01,859
scientists mmm-hmm have used this

637
00:33:56,729 --> 00:34:06,499
torsion force to build simple time

638
00:34:01,858 --> 00:34:10,500
machines mmm they they don't so far

639
00:34:06,499 --> 00:34:12,898
reject the some future event you know

640
00:34:10,500 --> 00:34:16,500
like being back to the future they do

641
00:34:12,898 --> 00:34:19,048
slow down time or speed up top they can

642
00:34:16,500 --> 00:34:21,119
generate torsion waves I'll be the

643
00:34:19,048 --> 00:34:24,719
left-handed or right-handed polarity and

644
00:34:21,119 --> 00:34:27,858
fill up a chamber with more of one kind

645
00:34:24,719 --> 00:34:31,259
or more of the other time rate of time

646
00:34:27,858 --> 00:34:35,398
ends up being different to the outside

647
00:34:31,260 --> 00:34:39,599
world so that's kind of I I have one

648
00:34:35,398 --> 00:34:43,288
thought about all of that which goes

649
00:34:39,599 --> 00:34:46,440
beyond you know time time travel for

650
00:34:43,289 --> 00:34:49,500
humans like the biological entities that

651
00:34:46,440 --> 00:34:53,099
are humans or dogs or cats or whatever

652
00:34:49,500 --> 00:34:58,769
and it it's kind of boggles my mind that

653
00:34:53,099 --> 00:35:01,650
a person could be a time traveler unless

654
00:34:58,769 --> 00:35:04,500
they engaged in space travel where they

655
00:35:01,650 --> 00:35:06,809
were going so fast that they we remained

656

00:35:04,500 --> 00:35:11,250
younger and when they came back to earth

657
00:35:06,809 --> 00:35:13,619
etc etc but the reason why I can't

658
00:35:11,250 --> 00:35:18,929
imagine time travel for a biological

659
00:35:13,619 --> 00:35:24,358
entity is because of the location of the

660
00:35:18,929 --> 00:35:28,379
stars whence let's say let's just take a

661
00:35:24,358 --> 00:35:31,230
big a big event in human history let's

662
00:35:28,380 --> 00:35:34,440
take the birth of Christ okay and let's

663
00:35:31,230 --> 00:35:37,500
say that there really was a individual

664
00:35:34,440 --> 00:35:39,869
person named Jesus Christ or something

665
00:35:37,500 --> 00:35:44,010
similar in his own language in Aramaic

666
00:35:39,869 --> 00:35:47,340
that was born at approximately zero ad

667
00:35:44,010 --> 00:35:52,080
4ad well the stars were in a certain

668
00:35:47,340 --> 00:35:54,510
place at that time so if in order to go

669
00:35:52,079 --> 00:35:58,880
back in time the stars you have to

670
00:35:54,510 --> 00:35:58,880

actually be in a different

671

00:35:59,000 --> 00:36:04,530
cosmologically different cosmological

672

00:36:01,829 --> 00:36:09,569
universe that existed then I just told

673

00:36:04,530 --> 00:36:12,500
you don't mess around with time does

674

00:36:09,570 --> 00:36:15,330
that make any sense that thought or not

675

00:36:12,500 --> 00:36:18,260
yeah actually it does especially with

676

00:36:15,329 --> 00:36:22,920
with dr. Swanson's theory because your

677

00:36:18,260 --> 00:36:25,260
torsion your vortices would then sort of

678

00:36:22,920 --> 00:36:27,450
coincide with the vortices of that time

679

00:36:25,260 --> 00:36:29,850
and so everything would be real for you

680

00:36:27,449 --> 00:36:31,829
at that time and then when you came back

681

00:36:29,849 --> 00:36:33,630
to this time you would then be in sync

682

00:36:31,829 --> 00:36:36,059
with these forces well it seems to me

683

00:36:33,630 --> 00:36:38,190
that your mind yours consciousness could

684

00:36:36,059 --> 00:36:40,079
go back to that time but your biologic

685
00:36:38,190 --> 00:36:42,780
in terms of the time machine where your

686
00:36:40,079 --> 00:36:46,799
biological body yeah I can't see that

687
00:36:42,780 --> 00:36:48,510
but that's just me in any case this is I

688
00:36:46,800 --> 00:36:51,920
think that we're getting really deep

689
00:36:48,510 --> 00:36:53,190
here and I don't want to lose our our

690
00:36:51,920 --> 00:36:57,630
listeners

691
00:36:53,190 --> 00:36:59,490
well cruising through the book no but

692
00:36:57,630 --> 00:37:01,530
I'm saying so - just ask you a quick

693
00:36:59,489 --> 00:37:04,829
question doctors what obviously you

694
00:37:01,530 --> 00:37:08,640
started out as a sort of a westernized

695
00:37:04,829 --> 00:37:10,949
physicist and you then came into this

696
00:37:08,639 --> 00:37:13,799
field and I can see why it's far more

697
00:37:10,949 --> 00:37:16,049
interesting than the old you know how

698
00:37:13,800 --> 00:37:25,980
fast does it take a bowl to run down an

699
00:37:16,050 --> 00:37:27,870
inclined plane but I you know I I really

700
00:37:25,980 --> 00:37:32,670
I really like the direction of this

701
00:37:27,869 --> 00:37:34,589
physics because it to me it's it's a

702
00:37:32,670 --> 00:37:37,470
primer it's a prime mover I mean what

703
00:37:34,590 --> 00:37:40,260
we're seeing is what occurs as a result

704
00:37:37,469 --> 00:37:43,230
of this and I think you're absolutely on

705
00:37:40,260 --> 00:37:45,120
the right track by you know so how did

706
00:37:43,230 --> 00:37:47,369
you get into because I'm sure you know

707
00:37:45,119 --> 00:37:49,559
getting grants and you know and all that

708
00:37:47,369 --> 00:37:51,630
stuff and getting invited to conferences

709
00:37:49,559 --> 00:37:55,559
started to sort of just gradually

710
00:37:51,630 --> 00:37:57,509
dwindle away yeah well it all started

711
00:37:55,559 --> 00:38:00,688
that was great I

712
00:37:57,509 --> 00:38:02,818
I grew up in a small town mm-hmm Oh and

713

00:38:00,688 --> 00:38:04,668
then you know you you were in nature and

714
00:38:02,818 --> 00:38:07,918
you look up at the stars and you have

715
00:38:04,668 --> 00:38:09,088
curiosity you want to know how things

716
00:38:07,918 --> 00:38:11,728
work mm-hmm

717
00:38:09,088 --> 00:38:13,739
and eventually I figured out in school

718
00:38:11,728 --> 00:38:17,398
that oh okay well the way you figure out

719
00:38:13,739 --> 00:38:19,679
science has the answer we got things

720
00:38:17,398 --> 00:38:22,588
work you have to go into science that

721
00:38:19,679 --> 00:38:25,108
has a process you experiment you have

722
00:38:22,588 --> 00:38:27,509
theories and there's an actual procedure

723
00:38:25,108 --> 00:38:30,949
to figure out the answer to things so

724
00:38:27,509 --> 00:38:33,449
that was what got me into science yeah I

725
00:38:30,949 --> 00:38:40,009
really thought that I would get all the

726
00:38:33,449 --> 00:38:45,418
answers and what I got was ended up

727
00:38:40,009 --> 00:38:49,199

feeling superficial it felt like a lot

728

00:38:45,418 --> 00:38:51,688
of the science we have comes from making

729

00:38:49,199 --> 00:38:55,739
observations we see there are certain

730

00:38:51,688 --> 00:38:57,928
things like gravity exerts a force on a

731

00:38:55,739 --> 00:39:00,719
mass and it pulls it and things like

732

00:38:57,929 --> 00:39:03,418
that okay but as far as the deeper

733

00:39:00,719 --> 00:39:04,938
question of why it does why it is the

734

00:39:03,418 --> 00:39:08,788
way it is

735

00:39:04,938 --> 00:39:12,509
physics tends to gloss over a lot of the

736

00:39:08,789 --> 00:39:15,709
deep questions and Einstein was a deep

737

00:39:12,509 --> 00:39:19,108
thinker and his theories you can kind of

738

00:39:15,708 --> 00:39:22,648
express you know in a sentence or two

739

00:39:19,108 --> 00:39:25,409
the basic idea richard fineman who was

740

00:39:22,648 --> 00:39:29,130
one of my all-time favorite physicist

741

00:39:25,409 --> 00:39:35,608
said that if mathematics disappeared it

742
00:39:29,130 --> 00:39:37,739
was set physics back about one week but

743
00:39:35,608 --> 00:39:41,668
that I think he was really saying is the

744
00:39:37,739 --> 00:39:44,608
physical ideas that are the important

745
00:39:41,668 --> 00:39:46,348
part of science the most businesses

746
00:39:44,608 --> 00:39:48,328
probably wouldn't either agree or

747
00:39:46,349 --> 00:39:51,419
understand that but I've but that's how

748
00:39:48,329 --> 00:39:53,789
I understand it so but there aren't

749
00:39:51,418 --> 00:39:56,638
enough of those ideas and a lot of

750
00:39:53,789 --> 00:40:00,089
things don't get explained of course the

751
00:39:56,639 --> 00:40:03,989
things that you see that are presented

752
00:40:00,088 --> 00:40:07,619
in school in class are the ones that

753
00:40:03,989 --> 00:40:11,418
they can explain so they show you you

754
00:40:07,619 --> 00:40:11,419
know gas is expanding

755
00:40:11,550 --> 00:40:15,900
is moving and things like that and you

756
00:40:14,010 --> 00:40:18,570
go into the lab and you duplicate that

757
00:40:15,900 --> 00:40:20,340
and you say oh yeah that's it does work

758
00:40:18,570 --> 00:40:23,970
it's all it must be all correct because

759
00:40:20,340 --> 00:40:26,880
it doesn't just the way they said but

760
00:40:23,969 --> 00:40:29,549
they don't show you the things that

761
00:40:26,880 --> 00:40:31,700
don't agree yeah

762
00:40:29,550 --> 00:40:34,860
they don't take you into a haunted house

763
00:40:31,699 --> 00:40:37,169
okay where you have a cold spot that

764
00:40:34,860 --> 00:40:39,930
feels 10 degrees colder than anywhere

765
00:40:37,170 --> 00:40:43,349
else you know or you see orbs flying

766
00:40:39,929 --> 00:40:46,230
around out of a near-death experience or

767
00:40:43,349 --> 00:40:49,139
you do all the ESP all the Princeton

768
00:40:46,230 --> 00:40:52,710
pear lab experiments that show that

769
00:40:49,139 --> 00:40:54,989
consciousness is measurable even though

770

00:40:52,710 --> 00:40:57,389
it can't be explained by Western physics

771
00:40:54,989 --> 00:41:01,199
what did it for me what started me on

772
00:40:57,389 --> 00:41:04,710
this path was in the mid 1980s when I

773
00:41:01,199 --> 00:41:06,299
learned about remote viewing and I began

774
00:41:04,710 --> 00:41:10,230
to finding out that remote viewing

775
00:41:06,300 --> 00:41:14,300
actually does occur and Israel but that

776
00:41:10,230 --> 00:41:18,420
you can use it to see through barriers

777
00:41:14,300 --> 00:41:21,930
see through you know metal shielding see

778
00:41:18,420 --> 00:41:24,059
thousands of miles away into the past it

779
00:41:21,929 --> 00:41:27,750
doesn't matter and that's not a force

780
00:41:24,059 --> 00:41:30,269
that our Western science has so that

781
00:41:27,750 --> 00:41:33,300
told me that's nothing really important

782
00:41:30,269 --> 00:41:35,250
was left out so once like once I knew

783
00:41:33,300 --> 00:41:38,910
that then I began asking well what else

784
00:41:35,250 --> 00:41:41,039

has been left out yes well I think

785

00:41:38,909 --> 00:41:43,109

that's where you started first to write

786

00:41:41,039 --> 00:41:45,269

with remote viewing I mean that was sort

787

00:41:43,110 --> 00:41:49,590

of a changed life changer for you well

788

00:41:45,269 --> 00:41:52,199

it was but yes I would say I enjoyed

789

00:41:49,590 --> 00:41:54,539

going to remote viewing classes and I've

790

00:41:52,199 --> 00:41:56,879

studied remote viewing with a number of

791

00:41:54,539 --> 00:41:59,849

the former government remote viewers but

792

00:41:56,880 --> 00:42:03,000

I was a a psychic reader before then and

793

00:41:59,849 --> 00:42:05,730

it was a sort of a tradition in my

794

00:42:03,000 --> 00:42:08,639

family more than anything else and it's

795

00:42:05,730 --> 00:42:11,070

just since the remote viewers in the

796

00:42:08,639 --> 00:42:13,679

Monroe Institute and wonderful people

797

00:42:11,070 --> 00:42:18,600

like our wonderful guest dr. Claude

798

00:42:13,679 --> 00:42:22,319

Swanson it became more okay to be a

799

00:42:18,599 --> 00:42:25,829

psychic reader or an intuitive or do any

800

00:42:22,320 --> 00:42:28,230

of these things so I can't tell you how

801

00:42:25,829 --> 00:42:30,480

much we appreciate people such as

802

00:42:28,230 --> 00:42:33,929

yourself in Russell Targ do you want to

803

00:42:30,480 --> 00:42:36,630

mention your books again because that's

804

00:42:33,929 --> 00:42:41,399

that's what you know we like to give you

805

00:42:36,630 --> 00:42:46,410

a blog type a listener would be

806

00:42:41,400 --> 00:42:48,720

fascinated in some of these subjects a

807

00:42:46,409 --> 00:42:50,699

compendium I mean there's just no doubt

808

00:42:48,719 --> 00:42:53,489

about it there's so much information in

809

00:42:50,699 --> 00:42:57,929

these books that it's they're wonderful

810

00:42:53,489 --> 00:43:01,439

they are wonderful so go ahead this way

811

00:42:57,929 --> 00:43:03,599

is take my name claud swanson and put

812

00:43:01,440 --> 00:43:05,880

that into google and it'll take you to

813
00:43:03,599 --> 00:43:08,519
my website synchronized universe comm

814
00:43:05,880 --> 00:43:11,910
and it describes the books there and

815
00:43:08,519 --> 00:43:14,219
there are links to amazon where you can

816
00:43:11,909 --> 00:43:16,589
purchase the books or you can just go to

817
00:43:14,219 --> 00:43:18,889
Amazon and look up Claude Swanson and

818
00:43:16,590 --> 00:43:22,050
look for my two books one is called

819
00:43:18,889 --> 00:43:24,269
synchronized universe use science the

820
00:43:22,050 --> 00:43:27,780
paranormal the other is called life

821
00:43:24,269 --> 00:43:33,199
force the scientific basis so either way

822
00:43:27,780 --> 00:43:37,500
you go to Amazon or the website and so

823
00:43:33,199 --> 00:43:40,889
the thing that is interesting to me from

824
00:43:37,500 --> 00:43:45,389
a point of view of somebody who works in

825
00:43:40,889 --> 00:43:47,339
these fields the idea of intention now

826
00:43:45,389 --> 00:43:51,089
let's say that you have a few people

827

00:43:47,340 --> 00:43:54,500
that aren't as adept as these children

828
00:43:51,090 --> 00:43:56,910
in China for instance but are averagely

829
00:43:54,500 --> 00:44:00,539
you know that they can sing happy

830
00:43:56,909 --> 00:44:04,559
birthday in terms of psychic phenomena

831
00:44:00,539 --> 00:44:07,440
but they're not Pavarotti and so if you

832
00:44:04,559 --> 00:44:11,460
get more than one person exerting the

833
00:44:07,440 --> 00:44:15,210
same intention that seems to kind of

834
00:44:11,460 --> 00:44:18,599
double up the chances that you are able

835
00:44:15,210 --> 00:44:21,599
to have an effect on the physical

836
00:44:18,599 --> 00:44:23,809
universe and some III don't know if it

837
00:44:21,599 --> 00:44:27,150
was Dean Radin or another

838
00:44:23,809 --> 00:44:30,199
parapsychological of force out there in

839
00:44:27,150 --> 00:44:33,660
our universe that had done some

840
00:44:30,199 --> 00:44:37,619
experiments that indicated that you can

841
00:44:33,659 --> 00:44:43,679

change any given out

842

00:44:37,619 --> 00:44:46,980
by about 6% per intention but if more

843

00:44:43,679 --> 00:44:49,710
than one person is intending for the

844

00:44:46,980 --> 00:44:51,869
same event this is not all of future but

845

00:44:49,710 --> 00:44:54,990
like the outcome of a horse race or

846

00:44:51,869 --> 00:44:57,480
something just one one event that if if

847

00:44:54,989 --> 00:45:01,739
more than one person is intending that

848

00:44:57,480 --> 00:45:04,679
can skew things even more would you say

849

00:45:01,739 --> 00:45:11,189
that that is a part of torsion I would

850

00:45:04,679 --> 00:45:18,750
expect it might be yeah you can think

851

00:45:11,190 --> 00:45:22,260
about it in a way in a way one way of

852

00:45:18,750 --> 00:45:26,219
thinking about it is if you because

853

00:45:22,260 --> 00:45:29,840
torsion is able to stretch or compress

854

00:45:26,219 --> 00:45:35,129
space and also stretch or compress time

855

00:45:29,840 --> 00:45:37,590
so you can impose patterns on space-time

856
00:45:35,130 --> 00:45:42,240
which means you could make certain

857
00:45:37,590 --> 00:45:47,400
events or certain objects more likely to

858
00:45:42,239 --> 00:45:50,129
appear or to occur by by visualizing the

859
00:45:47,400 --> 00:45:54,690
outline of the event or the item that

860
00:45:50,130 --> 00:45:56,280
you how put off was a great physicist

861
00:45:54,690 --> 00:45:59,429
one of the people who started the remote

862
00:45:56,280 --> 00:46:01,410
viewing program and also has been active

863
00:45:59,429 --> 00:46:04,199
in psychic research ordering gala and

864
00:46:01,409 --> 00:46:07,109
other people used to say that he

865
00:46:04,199 --> 00:46:10,769
believed if you would visualize a blue

866
00:46:07,110 --> 00:46:13,500
sphere a blue ball hovering in front of

867
00:46:10,769 --> 00:46:18,030
your face you just picture there and

868
00:46:13,500 --> 00:46:22,260
picture intensely enough that to some

869
00:46:18,030 --> 00:46:24,360
extent it is really there to some extent

870
00:46:22,260 --> 00:46:27,690
the probability of a popping in and

871
00:46:24,360 --> 00:46:30,990
appearing becomes increased by the act

872
00:46:27,690 --> 00:46:33,510
of visualized the way I think about it

873
00:46:30,989 --> 00:46:36,750
is that the torsion field starts to

874
00:46:33,510 --> 00:46:39,890
shift to make the probability that they

875
00:46:36,750 --> 00:46:42,719
will appear there become greater and

876
00:46:39,889 --> 00:46:47,969
that maybe that's a move that it's an

877
00:46:42,719 --> 00:46:50,299
extreme example well the background of

878
00:46:47,969 --> 00:46:50,299
the tour

879
00:46:50,820 --> 00:46:58,710
it's associated with every pattern and

880
00:46:55,230 --> 00:47:02,670
every object so for example a pyramid

881
00:46:58,710 --> 00:47:06,570
has an aura to it it has a framework

882
00:47:02,670 --> 00:47:09,480
that is how it changes the space around

883
00:47:06,570 --> 00:47:11,940
it and there's a torsion field

884

00:47:09,480 --> 00:47:15,090
associated with that so the power of

885
00:47:11,940 --> 00:47:18,360
intention to me is how would shape that

886
00:47:15,090 --> 00:47:23,579
torsion field to make what we want more

887
00:47:18,360 --> 00:47:28,220
likely to appear okay it's I'm sorry but

888
00:47:23,579 --> 00:47:30,739
that picture of what how put off said

889
00:47:28,219 --> 00:47:36,029
brings to mind to me

890
00:47:30,739 --> 00:47:38,849
UFOs oh well all right now I have a

891
00:47:36,030 --> 00:47:40,680
little confession to me during the UFO

892
00:47:38,849 --> 00:47:43,639
show that I had I was frequently asked

893
00:47:40,679 --> 00:47:46,079
if I had my druthers how would I like

894
00:47:43,639 --> 00:47:49,639
what explanation would I like to have

895
00:47:46,079 --> 00:47:53,039
for UFO and there's a lot of various

896
00:47:49,639 --> 00:47:55,980
sort of feels but my preference would

897
00:47:53,039 --> 00:47:59,190
always been a real nuts and bolts type

898
00:47:55,980 --> 00:48:01,469

craft with beings on it that you could

899

00:47:59,190 --> 00:48:05,159

actually eventually communicate with on

900

00:48:01,469 --> 00:48:06,959

some form and not something that pops in

901

00:48:05,159 --> 00:48:09,659

and out of dimensions and that has

902

00:48:06,960 --> 00:48:12,659

spiritual beings I mean that's fine and

903

00:48:09,659 --> 00:48:15,899

God bless them but I wanted a Klingon

904

00:48:12,659 --> 00:48:18,569

craft without its warlike intentions you

905

00:48:15,900 --> 00:48:21,990

know I I really wanted something like I

906

00:48:18,570 --> 00:48:24,960

put my hands on and you know my father

907

00:48:21,989 --> 00:48:26,519

once I I was sort of engaging in this

908

00:48:24,960 --> 00:48:28,650

philosophy with him when I was in

909

00:48:26,519 --> 00:48:32,009

college and he's you know telling about

910

00:48:28,650 --> 00:48:34,889

reality and so he said yeah well I think

911

00:48:32,010 --> 00:48:38,840

I told you yeah let me tell you kids you

912

00:48:34,889 --> 00:48:41,849

stub your toe it's gonna hurt but that

913
00:48:38,840 --> 00:48:43,950
begs I think what we're talking is

914
00:48:41,849 --> 00:48:46,619
reality is actually an emerging quality

915
00:48:43,949 --> 00:48:48,989
of what you're describing and I think

916
00:48:46,619 --> 00:48:50,880
you're at the base of it all really it's

917
00:48:48,989 --> 00:48:54,059
a fascinating theory that you have here

918
00:48:50,880 --> 00:48:56,309
I like it it's it you know some things

919
00:48:54,059 --> 00:49:03,420
just seem right when you hear them and

920
00:48:56,309 --> 00:49:04,559
it just seems right yes is that we

921
00:49:03,420 --> 00:49:08,380
humans

922
00:49:04,559 --> 00:49:10,690
various different stages of evolution if

923
00:49:08,380 --> 00:49:12,880
you go from one person even in a crowd

924
00:49:10,690 --> 00:49:15,519
of people in the store you buy any

925
00:49:12,880 --> 00:49:19,170
different levels of involvement I think

926
00:49:15,519 --> 00:49:22,539
you pull out of a crowd if in addition

927
00:49:19,170 --> 00:49:24,639
you started going to other planets where

928
00:49:22,539 --> 00:49:28,259
civilization might have been involving

929
00:49:24,639 --> 00:49:31,029
for millions or even billions of years

930
00:49:28,260 --> 00:49:34,390
you're gonna find beings that are much

931
00:49:31,030 --> 00:49:37,210
more evolved than anything we've ever

932
00:49:34,389 --> 00:49:41,319
encountered we have here on this planet

933
00:49:37,210 --> 00:49:43,329
Yogi's and a depths and masters who can

934
00:49:41,320 --> 00:49:46,350
do some of these magical things and

935
00:49:43,329 --> 00:49:49,500
they're pretty well-documented to study

936
00:49:46,349 --> 00:49:53,920
and so we know that some of these

937
00:49:49,500 --> 00:49:56,440
abilities exist among humans but they're

938
00:49:53,920 --> 00:49:58,809
pretty rare but if you have a planet

939
00:49:56,440 --> 00:50:02,200
that's been evolving separately and it's

940
00:49:58,809 --> 00:50:05,230
much longer it's not surprising to have

941

00:50:02,199 --> 00:50:06,579
a craft of beings that to us would be

942
00:50:05,230 --> 00:50:09,990
like gods mm-hmm

943
00:50:06,579 --> 00:50:13,989
put that would levitate and would be

944
00:50:09,989 --> 00:50:18,429
more like Christ or more like Buddha in

945
00:50:13,989 --> 00:50:20,199
their normal way of thinking about the

946
00:50:18,429 --> 00:50:22,929
world even she had they've all become in

947
00:50:20,199 --> 00:50:24,939
light by our standards you know that was

948
00:50:22,929 --> 00:50:27,429
a long time ago but then that was their

949
00:50:24,940 --> 00:50:29,769
third great you know test or something

950
00:50:27,429 --> 00:50:32,919
so some of these planets have beings

951
00:50:29,769 --> 00:50:37,509
that have evolved far beyond us now if

952
00:50:32,920 --> 00:50:50,110
you prefer to make the Klingons yes oh I

953
00:50:37,510 --> 00:50:53,320
say well III myself firoozeh here sort

954
00:50:50,110 --> 00:50:57,309
of I flirt with the idea of the

955
00:50:53,320 --> 00:51:01,390

panspermia that is evidence there by dr.

956

00:50:57,309 --> 00:51:07,679

Chandra Wickramasinghe she says so just

957

00:51:01,389 --> 00:51:11,589

because she can pronounce his name but I

958

00:51:07,679 --> 00:51:14,679

really I really have to say that most

959

00:51:11,590 --> 00:51:16,750

things and and of me be it's it's

960

00:51:14,679 --> 00:51:18,039

necessary that most things that we

961

00:51:16,750 --> 00:51:23,019

discuss have

962

00:51:18,039 --> 00:51:26,650

to do with human beings but my own sort

963

00:51:23,019 --> 00:51:31,320

of cosmology using the word in a broad

964

00:51:26,650 --> 00:51:35,680

broader context includes that

965

00:51:31,320 --> 00:51:38,950

consciousness is all around us it's in

966

00:51:35,679 --> 00:51:42,190

the the earth itself that even inanimate

967

00:51:38,949 --> 00:51:44,019

objects may have some rudimentary form

968

00:51:42,190 --> 00:51:47,530

of consciousness and certainly the

969

00:51:44,019 --> 00:51:51,750

heavenly spheres must and and that

970
00:51:47,530 --> 00:51:54,970
animals are have great consciousness and

971
00:51:51,750 --> 00:51:56,980
themselves and I know that the Kate and

972
00:51:54,969 --> 00:52:01,539
I both have very strong relationships

973
00:51:56,980 --> 00:52:03,190
with companion animals but just as we

974
00:52:01,539 --> 00:52:06,340
were getting ready as I was getting

975
00:52:03,190 --> 00:52:09,849
ready to be speaking to you perusing the

976
00:52:06,340 --> 00:52:12,880
science news on the Internet I

977
00:52:09,849 --> 00:52:15,699
discovered that scientists just in this

978
00:52:12,880 --> 00:52:19,930
past week have published some form of a

979
00:52:15,699 --> 00:52:22,179
document about how porpoises dolphins

980
00:52:19,929 --> 00:52:24,460
speak to one another and this was

981
00:52:22,179 --> 00:52:26,139
actually you'll be interested to hear

982
00:52:24,460 --> 00:52:28,720
Claude if you hadn't read about this

983
00:52:26,139 --> 00:52:31,269
quite yet that it was in the Black Sea

984
00:52:28,719 --> 00:52:35,949
of Russia I believe it was Black Sea

985
00:52:31,269 --> 00:52:39,400
bottlenose dolphins that the Russians

986
00:52:35,949 --> 00:52:42,189
were monitoring and they found that they

987
00:52:39,400 --> 00:52:44,289
were clicking back and forth between one

988
00:52:42,190 --> 00:52:47,800
another two female bottlenose dolphins

989
00:52:44,289 --> 00:52:50,380
and they were actually speaking what

990
00:52:47,800 --> 00:52:52,960
could be determined to be sentences to

991
00:52:50,380 --> 00:52:54,820
one another and it's all quite

992
00:52:52,960 --> 00:52:57,789
fascinating some back a long time

993
00:52:54,820 --> 00:53:00,180
though actually and sadly enough the

994
00:52:57,789 --> 00:53:12,579
United States Navy tried to use it

995
00:53:00,179 --> 00:53:14,799
defensive they have a real sense I told

996
00:53:12,579 --> 00:53:17,230
you I did a little bit of marine biology

997
00:53:14,800 --> 00:53:19,030
and we used to put ropes in the in the

998

00:53:17,230 --> 00:53:21,760
salt water and they would get really

999
00:53:19,030 --> 00:53:23,860
really tight and one day we were pulling

1000
00:53:21,760 --> 00:53:26,530
the dredge up and and all sudden they're

1001
00:53:23,860 --> 00:53:29,050
broken and this para dolphin said we're

1002
00:53:26,530 --> 00:53:30,880
always around us so the both came over

1003
00:53:29,050 --> 00:53:31,750
the water at the same time as we pulled

1004
00:53:30,880 --> 00:53:34,750
up this dead end

1005
00:53:31,750 --> 00:53:39,250
and they both got and off they would

1006
00:53:34,750 --> 00:53:40,539
know and that was planned it's true it's

1007
00:53:39,250 --> 00:53:42,880
a true side they're very intelligent

1008
00:53:40,539 --> 00:53:44,500
Adam and it's a sin the way the whales

1009
00:53:42,880 --> 00:53:51,910
and the Dolphins are treated but I mean

1010
00:53:44,500 --> 00:53:55,360
we but what I'm saying is that only in

1011
00:53:51,909 --> 00:54:05,109
that way would I say I thought to

1012
00:53:55,360 --> 00:54:07,030

Swanson he's still there but and only in

1013

00:54:05,110 --> 00:54:09,519

that way it would I say that perhaps

1014

00:54:07,030 --> 00:54:11,590

that my tent is bigger than yours though

1015

00:54:09,519 --> 00:54:13,929

your tent is certainly very very large

1016

00:54:11,590 --> 00:54:16,269

I'm just I just don't believe that

1017

00:54:13,929 --> 00:54:18,039

humans are the crown of creation and

1018

00:54:16,269 --> 00:54:20,019

clearly when you're talking about other

1019

00:54:18,039 --> 00:54:22,840

civilizations in the in the cosmos

1020

00:54:20,019 --> 00:54:26,920

clearly you don't either necessarily

1021

00:54:22,840 --> 00:54:29,350

which is not - which is I'm not against

1022

00:54:26,920 --> 00:54:33,639

humans but I'm just I don't think that

1023

00:54:29,349 --> 00:54:36,940

the average human really conceptualizes

1024

00:54:33,639 --> 00:54:45,849

that their place in the cosmos is not

1025

00:54:36,940 --> 00:54:51,519

really the center of every to be an

1026

00:54:45,849 --> 00:54:55,480

entry level planet really the new souls

1027
00:54:51,519 --> 00:54:57,639
come and they can get their experiences

1028
00:54:55,480 --> 00:55:00,969
being physical and things like that but

1029
00:54:57,639 --> 00:55:04,179
I think that when people evolved to a

1030
00:55:00,969 --> 00:55:05,949
certain level then they might not come

1031
00:55:04,179 --> 00:55:09,909
back to the earth after that but we may

1032
00:55:05,949 --> 00:55:12,339
not see so many adepts and masters here

1033
00:55:09,909 --> 00:55:14,789
on the planet as we might like because

1034
00:55:12,340 --> 00:55:18,610
there are other places that they may go

1035
00:55:14,789 --> 00:55:21,610
you can read Yogananda the great yogi

1036
00:55:18,610 --> 00:55:25,960
from Indian brought self-realization

1037
00:55:21,610 --> 00:55:30,990
fellowship to America years ago and his

1038
00:55:25,960 --> 00:55:34,630
teacher Sri Yuktswar from India died

1039
00:55:30,989 --> 00:55:38,919
when Yogananda was away and Yogananda

1040
00:55:34,630 --> 00:55:42,220
was bereft about this and was sitting in

1041
00:55:38,920 --> 00:55:45,639
his room one night and his master

1042
00:55:42,219 --> 00:55:48,429
appeared to him in a full Philemon

1043
00:55:45,639 --> 00:55:50,318
Tyrael formed organizer ran up to him he

1044
00:55:48,429 --> 00:55:52,358
could smell him he can hug him he could

1045
00:55:50,318 --> 00:55:56,018
touch him even though his master had

1046
00:55:52,358 --> 00:55:59,469
been gone and buried for or cremated for

1047
00:55:56,018 --> 00:56:03,009
months and they had a conversation and

1048
00:55:59,469 --> 00:56:05,018
it's in chapter 43 of Yogananda's

1049
00:56:03,010 --> 00:56:08,528
autobiography and it's fascinating

1050
00:56:05,018 --> 00:56:11,858
because he asks his teacher what have

1051
00:56:08,528 --> 00:56:13,719
you been doing what where have you been

1052
00:56:11,858 --> 00:56:17,318
what you've been doing things like that

1053
00:56:13,719 --> 00:56:21,459
and it's reinforced or explains that he

1054
00:56:17,318 --> 00:56:24,489
is now a teacher a guru on another

1055

00:56:21,460 --> 00:56:27,789
planet of a higher dimension and that's

1056
00:56:24,489 --> 00:56:29,919
the planet and he goes on to comment how

1057
00:56:27,789 --> 00:56:31,809
there are many planets of higher

1058
00:56:29,920 --> 00:56:35,130
dimensions in our universe that we

1059
00:56:31,809 --> 00:56:37,480
probably wouldn't even perceive and so

1060
00:56:35,130 --> 00:56:41,048
beings when they've reached a certain

1061
00:56:37,480 --> 00:56:45,358
level they can you know incarnate in

1062
00:56:41,048 --> 00:56:49,119
other places so it's a much richer

1063
00:56:45,358 --> 00:56:54,130
multi-level picture of the universe than

1064
00:56:49,119 --> 00:56:55,450
we normally think of what what what are

1065
00:56:54,130 --> 00:56:57,579
your feelings about artificial

1066
00:56:55,449 --> 00:57:00,639
intelligence do you think there's is

1067
00:56:57,579 --> 00:57:02,798
that just sort of a computer game or do

1068
00:57:00,639 --> 00:57:05,440
you think there's some possible reality

1069
00:57:02,798 --> 00:57:08,619

there I think I think one of them drop

1070

00:57:05,440 --> 00:57:11,170

one of the problems right now is that

1071

00:57:08,619 --> 00:57:15,278

computer scientists have this very

1072

00:57:11,170 --> 00:57:18,130

materialistic idea the brain is and of

1073

00:57:15,278 --> 00:57:19,719

what intelligence is it's it's a

1074

00:57:18,130 --> 00:57:21,720

mechanistic picture that comes from

1075

00:57:19,719 --> 00:57:24,788

Western science so if you know

1076

00:57:21,719 --> 00:57:27,538

conferences on consciousness everything

1077

00:57:24,789 --> 00:57:31,569

is pretty much modeled on the computer

1078

00:57:27,539 --> 00:57:34,720

so they're missing the really special

1079

00:57:31,568 --> 00:57:37,869

aspect of us humans that we have the

1080

00:57:34,719 --> 00:57:41,108

spiritual connection this right that can

1081

00:57:37,869 --> 00:57:43,180

connect through the tourism field in my

1082

00:57:41,108 --> 00:57:44,230

opinion to all kinds of other

1083

00:57:43,179 --> 00:57:47,949

information

1084
00:57:44,230 --> 00:57:49,960
I read the Akashic record you can do you

1085
00:57:47,949 --> 00:57:51,699
can do remote viewing you can do

1086
00:57:49,960 --> 00:57:55,269
out-of-body experiences you can tune

1087
00:57:51,699 --> 00:57:58,808
into information that pewter made of

1088
00:57:55,268 --> 00:57:59,500
silicon chips can do and of course

1089
00:57:58,809 --> 00:58:01,960
that's

1090
00:57:59,500 --> 00:58:04,570
what the computer scientists are

1091
00:58:01,960 --> 00:58:08,050
educated to believe so I just have

1092
00:58:04,570 --> 00:58:12,130
spoken heresy as far as they're

1093
00:58:08,050 --> 00:58:14,530
concerned but that's where we humans

1094
00:58:12,130 --> 00:58:16,890
have an advantage over computers we can

1095
00:58:14,530 --> 00:58:21,460
get these brilliant ideas and

1096
00:58:16,889 --> 00:58:25,119
inspirations which writers write i've

1097
00:58:21,460 --> 00:58:27,400
logically at ever they come up with and

1098
00:58:25,119 --> 00:58:29,859
in my book on the afterlife that I've

1099
00:58:27,400 --> 00:58:32,440
been writing I've learned a lot about

1100
00:58:29,860 --> 00:58:37,240
what life is like on these higher planes

1101
00:58:32,440 --> 00:58:40,450
and the scientists who die like Tesla or

1102
00:58:37,239 --> 00:58:42,819
Edison they don't stop inventing their

1103
00:58:40,449 --> 00:58:45,609
their their souls are still totally

1104
00:58:42,820 --> 00:58:48,970
intact they keep on inventing on these

1105
00:58:45,610 --> 00:58:53,910
higher planes and in many cases they

1106
00:58:48,969 --> 00:58:58,230
send back to us humans ideas huh it

1107
00:58:53,909 --> 00:59:00,639
wasn't that lightbulb comes on it's off

1108
00:58:58,230 --> 00:59:03,429
communication with a spirit that just

1109
00:59:00,639 --> 00:59:06,159
gave you an idea popped into your head

1110
00:59:03,429 --> 00:59:08,109
and you think you thought of it but

1111
00:59:06,159 --> 00:59:10,899
somebody else might have told it to you

1112

00:59:08,110 --> 00:59:14,230
you just don't really know it and the

1113
00:59:10,900 --> 00:59:16,680
big problem according to these many

1114
00:59:14,230 --> 00:59:19,329
communications that are godly come from

1115
00:59:16,679 --> 00:59:22,059
mediums and near-death experiences and

1116
00:59:19,329 --> 00:59:26,849
other sources the big problem they have

1117
00:59:22,059 --> 00:59:30,639
is that they can't give us just any idea

1118
00:59:26,849 --> 00:59:33,670
because we humans tend to misuse one

1119
00:59:30,639 --> 00:59:37,000
thing yep yeah talk into a weapon so

1120
00:59:33,670 --> 00:59:39,550
they have to be very very careful and

1121
00:59:37,000 --> 00:59:41,559
what they can tell us yeah yeah just

1122
00:59:39,550 --> 00:59:44,650
like the stupid Navy with the Dolphins I

1123
00:59:41,559 --> 00:59:49,210
mean no really I mean they use them as a

1124
00:59:44,650 --> 00:59:52,329
weapon yeah ridiculous just anyway well

1125
00:59:49,210 --> 00:59:54,730
you know I I wonder which one right we

1126
00:59:52,329 --> 00:59:59,349

had a brief discussion before you came

1127

00:59:54,730 --> 01:00:03,880

on a couple of days ago I guess and we

1128

00:59:59,349 --> 01:00:06,730

spoke to some extent about having a

1129

01:00:03,880 --> 01:00:09,340

near-death experience and how that kind

1130

01:00:06,730 --> 01:00:12,070

of opens things up for a person and that

1131

01:00:09,340 --> 01:00:13,280

that neither of us to date had had one

1132

01:00:12,070 --> 01:00:17,630

or

1133

01:00:13,280 --> 01:00:20,420

neither has has Kate that I know that

1134

01:00:17,630 --> 01:00:23,269

but I wonder it with you on a on a

1135

01:00:20,420 --> 01:00:26,780

you've been pursuing all of this now for

1136

01:00:23,269 --> 01:00:29,829

a number of years and if you have found

1137

01:00:26,780 --> 01:00:35,000

that you have had more psychic

1138

01:00:29,829 --> 01:00:44,239

experiences than prior to the study that

1139

01:00:35,000 --> 01:00:45,769

you've been undergoing yeah yeah no has

1140

01:00:44,239 --> 01:00:50,649

this affected you have you had

1141
01:00:45,769 --> 01:00:50,650
experience periences have have you

1142
01:00:53,289 --> 01:00:57,739
sometimes I I think that if I don't

1143
01:00:55,940 --> 01:01:04,510
hurry up finishing my book I might have

1144
01:00:57,739 --> 01:01:08,779
way the channeling from the other side

1145
01:01:04,510 --> 01:01:11,680
not be my first choice I'm here alright

1146
01:01:08,780 --> 01:01:14,500
if you're gone and I'm here I volunteer

1147
01:01:11,679 --> 01:01:19,690
I'm joking I'm sure you'll outlive me

1148
01:01:14,500 --> 01:01:20,869
one fascinating book that I read was by

1149
01:01:19,690 --> 01:01:26,210
purportedly

1150
01:01:20,869 --> 01:01:29,299
a bishop in the Church of England his

1151
01:01:26,210 --> 01:01:32,030
father had been our Archbishop of

1152
01:01:29,300 --> 01:01:36,380
Canterbury hmm he was a noted scholar

1153
01:01:32,030 --> 01:01:38,120
and theologian wrote with great

1154
01:01:36,380 --> 01:01:40,420
authority and assurance about the

1155
01:01:38,119 --> 01:01:44,059
afterlife he thought based on church

1156
01:01:40,420 --> 01:01:46,490
doctrine but he also had some psychic

1157
01:01:44,059 --> 01:01:49,009
ability and he had the met a couple

1158
01:01:46,489 --> 01:01:52,729
spirits along the way and had some

1159
01:01:49,010 --> 01:01:55,790
communication and it caused him not to

1160
01:01:52,730 --> 01:02:01,010
be so sure that the doctrine was 100%

1161
01:01:55,789 --> 01:02:02,929
correct so he made an agreement with a

1162
01:02:01,010 --> 01:02:06,140
medium he got to know a medium before he

1163
01:02:02,929 --> 01:02:10,239
passed away and he began coming to her

1164
01:02:06,139 --> 01:02:16,460
after he died describing his experiences

1165
01:02:10,239 --> 01:02:18,859
and you know by and large what he said

1166
01:02:16,460 --> 01:02:22,659
was that you know things aren't exactly

1167
01:02:18,860 --> 01:02:25,130
the way I thought they were going to be

1168
01:02:22,659 --> 01:02:26,670
well what I want to know for sure is

1169

01:02:25,130 --> 01:02:29,519
that my pets

1170
01:02:26,670 --> 01:02:32,720
and my friendship with my animals around

1171
01:02:29,519 --> 01:02:37,230
me will in some way even with trees and

1172
01:02:32,719 --> 01:02:40,349
other non-human entities will continue

1173
01:02:37,230 --> 01:02:44,070
because I feel like my experiences with

1174
01:02:40,349 --> 01:02:47,190
non-human entities in many cases Trump

1175
01:02:44,070 --> 01:02:49,380
my experiences with the the human

1176
01:02:47,190 --> 01:02:51,990
entities and I have lots of good human

1177
01:02:49,380 --> 01:02:55,140
friends as well but I really am looking

1178
01:02:51,989 --> 01:02:57,959
forward in in my death State to

1179
01:02:55,139 --> 01:02:59,579
reconnect with animals that I've known

1180
01:02:57,960 --> 01:03:02,610
who have a past

1181
01:02:59,579 --> 01:03:04,889
ahead of me franchise yeah animals

1182
01:03:02,610 --> 01:03:09,210
certainly you find animals over there

1183
01:03:04,889 --> 01:03:12,659

sure that would be a good thing well we

1184

01:03:09,210 --> 01:03:15,860

have to apologize to you because I think

1185

01:03:12,659 --> 01:03:17,639

that our interview is a lot more

1186

01:03:15,860 --> 01:03:21,829

conversational than some other

1187

01:03:17,639 --> 01:03:21,829

interviews and we go off into some very

1188

01:03:25,550 --> 01:03:34,050

but I think that's that's the charm of

1189

01:03:28,710 --> 01:03:36,210

shudder yes but I want to thank you so

1190

01:03:34,050 --> 01:03:38,519

very much for being with us and I hope

1191

01:03:36,210 --> 01:03:40,349

that you will come and join us again I

1192

01:03:38,519 --> 01:03:44,309

think there's so much more to talk to

1193

01:03:40,349 --> 01:03:46,549

you about and we we appreciate that

1194

01:03:44,309 --> 01:03:52,739

you've been on it you just really have

1195

01:03:46,550 --> 01:03:55,920

suffered fools gladly both delightful

1196

01:03:52,739 --> 01:03:57,809

and your fellow your fellow explorers

1197

01:03:55,920 --> 01:04:01,139

we're all just trying to learn it up

1198
01:03:57,809 --> 01:04:04,199
without that Psychonauts we are well

1199
01:04:01,139 --> 01:04:05,969
thank you so much really very much from

1200
01:04:04,199 --> 01:04:11,309
here at from us here at shattered

1201
01:04:05,969 --> 01:04:15,929
reality as as we bid dr. Claude Swanson

1202
01:04:11,309 --> 01:04:19,889
a farewell I'd you thanks again doc

1203
01:04:15,929 --> 01:04:23,879
great thank you I enjoyed it okay bye

1204
01:04:19,889 --> 01:04:26,159
now bye so that was exciting right that

1205
01:04:23,880 --> 01:04:28,110
was a good one like that that was fun

1206
01:04:26,159 --> 01:04:32,009
that was it was really really good and

1207
01:04:28,110 --> 01:04:33,809
he's a very good sport because he's just

1208
01:04:32,010 --> 01:04:36,270
such an intelligent man with so much

1209
01:04:33,809 --> 01:04:39,090
going on and he listened to our

1210
01:04:36,269 --> 01:04:39,800
questions very patiently no reminds me

1211
01:04:39,090 --> 01:04:49,510
sort of us

1212
01:04:39,800 --> 01:04:52,789
to our dogs yes what I have one other

1213
01:04:49,510 --> 01:04:56,030
announcement to make that there is a

1214
01:04:52,789 --> 01:05:00,259
friend of shattered reality podcast who

1215
01:04:56,030 --> 01:05:03,320
is adept at Taoism I would say and her

1216
01:05:00,260 --> 01:05:05,870
name is Sharon Smith she is a friend of

1217
01:05:03,320 --> 01:05:08,930
mine and she's an astrologer but she's

1218
01:05:05,869 --> 01:05:12,559
also a talented photographer and

1219
01:05:08,929 --> 01:05:14,839
independent filmmaker and I remember

1220
01:05:12,559 --> 01:05:18,949
about a year ago I mentioned her film

1221
01:05:14,840 --> 01:05:23,510
which is called Saturn saved me and she

1222
01:05:18,949 --> 01:05:29,659
has just now released it for viewing on

1223
01:05:23,510 --> 01:05:32,660
the internet on vhx TV the film is set

1224
01:05:29,659 --> 01:05:34,549
in India where Sharon goes husbands

1225
01:05:32,659 --> 01:05:36,889
numerous times I've never been myself

1226

01:05:34,550 --> 01:05:40,220
it's one of my bucket list things here

1227
01:05:36,889 --> 01:05:42,679
but she has gone to India a number of

1228
01:05:40,219 --> 01:05:45,739
times and she's visited with astrologers

1229
01:05:42,679 --> 01:05:49,909
and other soothsayers of India

1230
01:05:45,739 --> 01:05:52,219
prognosticators as it is and she has

1231
01:05:49,909 --> 01:05:55,159
created this film pretty much on her own

1232
01:05:52,219 --> 01:05:57,829
which I have to be say that's it's hard

1233
01:05:55,159 --> 01:06:00,199
and she's one you know total of awards

1234
01:05:57,829 --> 01:06:02,480
for it I think it's about 45 minutes

1235
01:06:00,199 --> 01:06:05,029
long but I'd have to check on that I saw

1236
01:06:02,480 --> 01:06:08,630
it myself I was very impressed it's

1237
01:06:05,030 --> 01:06:10,490
visually rich and to me part of what it

1238
01:06:08,630 --> 01:06:13,550
does is it points up the difference

1239
01:06:10,489 --> 01:06:15,739
between readers of any form of psychic

1240
01:06:13,550 --> 01:06:20,000

reading in the West and readers in the

1241

01:06:15,739 --> 01:06:23,899

East as in India particularly because in

1242

01:06:20,000 --> 01:06:27,260

India there's a great deal of focus put

1243

01:06:23,900 --> 01:06:30,440

on predestination whereas in the West

1244

01:06:27,260 --> 01:06:33,230

most readers will tell you that you have

1245

01:06:30,440 --> 01:06:36,309

some amount of free will there may be

1246

01:06:33,230 --> 01:06:39,170

certain things that are predestined but

1247

01:06:36,309 --> 01:06:42,710

often in your life you have some free

1248

01:06:39,170 --> 01:06:44,750

will so that is that is my little

1249

01:06:42,710 --> 01:06:49,760

announcement so get out there and and

1250

01:06:44,750 --> 01:06:53,509

see Wilson Saturn saved me it's 399 on

1251

01:06:49,760 --> 01:06:55,849

vh x TB and i recommend

1252

01:06:53,509 --> 01:07:00,228

for people who are interested in India

1253

01:06:55,849 --> 01:07:03,829

or astrology or predestination or any

1254

01:07:00,228 --> 01:07:07,489

number of things like that so coming up

1255
01:07:03,829 --> 01:07:10,849
on our podcast we expect that we are

1256
01:07:07,489 --> 01:07:15,318
going to be featuring our t6 killer

1257
01:07:10,849 --> 01:07:19,068
Clark next time and her conversations

1258
01:07:15,318 --> 01:07:22,788
with indigenous Ahmet Americans the

1259
01:07:19,068 --> 01:07:26,679
Native Americans from both the United

1260
01:07:22,789 --> 01:07:30,139
States and points north and south their

1261
01:07:26,679 --> 01:07:35,358
conversations their experiences with the

1262
01:07:30,139 --> 01:07:37,429
star people and this has to do with what

1263
01:07:35,358 --> 01:07:39,619
everybody sees in the night sky not

1264
01:07:37,429 --> 01:07:41,929
everybody but fortunate people or on

1265
01:07:39,619 --> 01:07:46,429
some of them unfortunate people see UFOs

1266
01:07:41,929 --> 01:07:49,278
and some of us have had experiences with

1267
01:07:46,429 --> 01:07:54,798
extraterrestrials and so we are going to

1268
01:07:49,278 --> 01:08:00,199
be talking to professor six killer Clark

1269
01:07:54,798 --> 01:08:03,130
and getting her ideas about what has

1270
01:08:00,199 --> 01:08:07,009
come from the anthropological evidence

1271
01:08:03,130 --> 01:08:10,309
from Native American peoples about the

1272
01:08:07,009 --> 01:08:13,579
star people I'm trying to think of the

1273
01:08:10,309 --> 01:08:17,719
man's name he was also in the UFO field

1274
01:08:13,579 --> 01:08:20,838
and it was with the airport O'Hare

1275
01:08:17,719 --> 01:08:26,059
Airport yes in Chicago with that

1276
01:08:20,838 --> 01:08:28,338
sighting and he was involved yeah I

1277
01:08:26,059 --> 01:08:30,440
can't think of his name but what he did

1278
01:08:28,338 --> 01:08:32,658
he had a side interest and it was with

1279
01:08:30,439 --> 01:08:34,729
the Hopi Indians and their petroglyphs

1280
01:08:32,658 --> 01:08:36,229
and there was like remember that he was

1281
01:08:34,729 --> 01:08:38,058
saying that he was investigating it's

1282
01:08:36,229 --> 01:08:40,488
like a black substance within the

1283

01:08:38,059 --> 01:08:43,250
petroglyph and he felt that there may

1284
01:08:40,488 --> 01:08:49,308
have been some DNA contained in that Wow

1285
01:08:43,250 --> 01:08:53,569
yeah in the Chicago area was it Sam

1286
01:08:49,309 --> 01:08:59,538
Moran trance or something yeah yeah yeah

1287
01:08:53,569 --> 01:09:01,159
yeah yes yeah and and then he sort of

1288
01:08:59,538 --> 01:09:03,048
faded away they didn't hear that much

1289
01:09:01,158 --> 01:09:04,969
from him I think I don't think that

1290
01:09:03,048 --> 01:09:07,448
ferry I think he just sort of lost

1291
01:09:04,969 --> 01:09:09,828
interest or he might still be

1292
01:09:07,448 --> 01:09:12,259
mr. Gaeta you just stop publishing or

1293
01:09:09,828 --> 01:09:13,728
not publishing that we've seen but we

1294
01:09:12,259 --> 01:09:14,958
could certainly think about getting him

1295
01:09:13,729 --> 01:09:19,849
on as well he sounds like a very

1296
01:09:14,958 --> 01:09:22,038
interesting fellow I've seen him I don't

1297
01:09:19,849 --> 01:09:23,869

know I don't know how far he got with

1298

01:09:22,038 --> 01:09:27,889

that I think was just staged as a theory

1299

01:09:23,868 --> 01:09:29,498

but even you know dr. Swanson too is

1300

01:09:27,889 --> 01:09:34,639

matching the hoppy

1301

01:09:29,498 --> 01:09:38,059

sure and and when I was down at at the

1302

01:09:34,639 --> 01:09:41,208

national park down there in Arizona I

1303

01:09:38,059 --> 01:09:44,239

had an experience a out of body dream

1304

01:09:41,208 --> 01:09:47,269

experience with some of the Kachinas

1305

01:09:44,238 --> 01:09:50,828

there and I wrote about it on my blog

1306

01:09:47,269 --> 01:09:54,170

which is Ferruccio dot wordpress.com

1307

01:09:50,828 --> 01:09:57,049

plug my blog anyway I think it's time

1308

01:09:54,170 --> 01:09:58,309

that we need to say thank you so do you

1309

01:09:57,050 --> 01:10:00,529

thinking that do you have any do you
