00:00:08,419 --> 00:00:12,219
[Music]

2
00:00:17,199 --> 00:00:25,488
welcome to shattered reality with your

3
00:00:20,689 --> 00:00:28,519
hosts Kate Valentine and furs prepare to

4
00:00:25,489 --> 00:00:34,510
have your paradigm shifted in the truths

5
00:00:28,519 --> 00:00:38,390
questioned and now shattered reality

6
00:00:34,509 --> 00:00:40,308
well another day another interview how

7
00:00:38,390 --> 00:00:43,219
you do in their fur ocean oh I'm just

8
00:00:40,308 --> 00:00:46,488
fine Kate it's so nice to be here with

9
00:00:43,219 --> 00:00:49,129
you on the vernal equinox oh that's true

10
00:00:46,488 --> 00:00:51,288
that's true leave well it is the 21st

11
00:00:49,128 --> 00:00:54,320
it's the official beginning of spring

12
00:00:51,289 --> 00:00:57,679
and the 21st is usually the vernal

13
00:00:54,320 --> 00:01:00,698
equinox which is when the days and the

14
00:00:57,679 --> 00:01:05,210
nights are exactly equal in length

15
00:01:00,698 --> 00:01:09,340
starting tomorrow the the days will be

16
00:01:05,209 --> 00:01:12,919
slightly longer every day until around

17
00:01:09,340 --> 00:01:15,320
June 21st when I have the summer

18
00:01:12,920 --> 00:01:17,689
solstice right and the long day and the

19
00:01:15,319 --> 00:01:21,799
longest day of the year so we're at the

20
00:01:17,689 --> 00:01:25,489
quarter point of the year today so as we

21
00:01:21,799 --> 00:01:28,640
have said today is March 21st 2017 we're

22
00:01:25,489 --> 00:01:31,759
sliding and and it's great to be back

23
00:01:28,640 --> 00:01:35,060
here with you since our last podcast

24
00:01:31,760 --> 00:01:37,520
which was really quite an event yes it

25
00:01:35,060 --> 00:01:40,760
was and we have gotten a number of

26
00:01:37,519 --> 00:01:43,149
comments on different sites and at

27
00:01:40,760 --> 00:01:45,980
different points in fact it was one I

28
00:01:43,150 --> 00:01:47,030
liked it to approve earlier today but

29

00:01:45,980 --> 00:01:52,100
I'll do it later

30
00:01:47,030 --> 00:01:56,120
yeah about our about our electronic

31
00:01:52,099 --> 00:02:00,769
voice phenomenon that we recorded the

32
00:01:56,120 --> 00:02:04,040
EVP EVP was totally surprising too much

33
00:02:00,769 --> 00:02:07,909
it came we had we record here on three

34
00:02:04,040 --> 00:02:11,989
channels one for Kate one for firoozeh

35
00:02:07,909 --> 00:02:14,658
that's me and one for our valued guests

36
00:02:11,989 --> 00:02:17,329
and we've had now this is going to be

37
00:02:14,658 --> 00:02:19,879
the second Tom in a row but less less

38
00:02:17,329 --> 00:02:24,260
shows Tom was Tom Butler

39
00:02:19,879 --> 00:02:28,009
of a trance see which is an organization

40
00:02:24,259 --> 00:02:32,019
that works with people who have lost

41
00:02:28,009 --> 00:02:36,049
loved ones and finding electronic voice

42
00:02:32,020 --> 00:02:38,750
phenomena whereby they may speak to them

43
00:02:36,050 --> 00:02:42,200

well we were very interested in what he

44

00:02:38,750 --> 00:02:45,110

had to say and much to our astonishment

45

00:02:42,199 --> 00:02:48,409

all three of us here at shattered

46

00:02:45,110 --> 00:02:51,440

reality podcast after Tom had hung up

47

00:02:48,409 --> 00:02:59,659

his line was dead

48

00:02:51,439 --> 00:03:01,789

Kate manifested it - you moi you

49

00:02:59,659 --> 00:03:05,979

manifested on your line

50

00:03:01,789 --> 00:03:08,810

an electron an electronic voice

51

00:03:05,979 --> 00:03:11,929

phenomenon yeah that was pretty amazing

52

00:03:08,810 --> 00:03:13,610

that was pretty amazing yeah it was you

53

00:03:11,930 --> 00:03:16,010

know you know I played it for a few of

54

00:03:13,610 --> 00:03:20,150

my friends and they have reported as

55

00:03:16,009 --> 00:03:22,669

similar incidents they was it Kathy was

56

00:03:20,150 --> 00:03:25,819

telling me about something on the GPS

57

00:03:22,669 --> 00:03:28,359

where a voice came out of the GPS you're

58
00:03:25,819 --> 00:03:31,939
lost you really have to go left and the

59
00:03:28,360 --> 00:03:36,410
GPS in the auto was turned off and her

60
00:03:31,939 --> 00:03:38,000
friend was riding with her and and said

61
00:03:36,409 --> 00:03:40,370
yeah I heard it too you might as well go

62
00:03:38,000 --> 00:03:42,050
left so they did as it turned out down

63
00:03:40,370 --> 00:03:44,930
the street a major accident had just

64
00:03:42,050 --> 00:03:47,270
occurred so you get these little stories

65
00:03:44,930 --> 00:03:49,219
from people once you tell them look this

66
00:03:47,270 --> 00:03:52,280
happened on the show and they'll go yeah

67
00:03:49,219 --> 00:03:55,099
this happened to me and then interesting

68
00:03:52,280 --> 00:03:58,150
yeah very uncanny

69
00:03:55,099 --> 00:04:01,039
well ours didn't give us a message but

70
00:03:58,150 --> 00:04:04,730
the people that I played it for who

71
00:04:01,039 --> 00:04:07,699
might have had some experience with the

72
00:04:04,729 --> 00:04:11,090
EVP phenomena when people were trying to

73
00:04:07,699 --> 00:04:13,519
get it to happen said ours was so clear

74
00:04:11,090 --> 00:04:15,979
it was clear as a bell compared to the

75
00:04:13,520 --> 00:04:19,609
kind of scratchiness that that goes on

76
00:04:15,979 --> 00:04:21,319
hmm so I we hope that you will listen to

77
00:04:19,608 --> 00:04:25,219
that if you haven't listened to that or

78
00:04:21,319 --> 00:04:26,899
ready it's episode 45 and our EVP is at

79
00:04:25,220 --> 00:04:31,340
the end of it and we actually have

80
00:04:26,899 --> 00:04:32,649
removed the EVP from the recording the

81
00:04:31,339 --> 00:04:35,409
recording and we

82
00:04:32,649 --> 00:04:37,810
have it on our website separately okay

83
00:04:35,410 --> 00:04:40,389
anyway we have a wonderful guest with us

84
00:04:37,810 --> 00:04:44,530
today I believe yes we do and I'm going

85
00:04:40,389 --> 00:04:48,579
to introduce him now I think yes that's

86

00:04:44,529 --> 00:04:53,409
mr. Tonko mwah yes we have today mm-hmm

87
00:04:48,579 --> 00:04:56,439
the UF ufologist Tom Conwell who has

88
00:04:53,410 --> 00:04:59,860
been our electronic technician with the

89
00:04:56,439 --> 00:05:03,339
US Navy and with Honeywell Incorporated

90
00:04:59,860 --> 00:05:06,189
for 42 years he has been a Honeywell

91
00:05:03,339 --> 00:05:09,299
temperature control fire alarm and

92
00:05:06,189 --> 00:05:13,060
security software specialist a

93
00:05:09,300 --> 00:05:17,020
biomedical engineer and he is a fire

94
00:05:13,060 --> 00:05:22,478
alarm level 2 certified a meteorologist

95
00:05:17,019 --> 00:05:25,689
and an HVAC engineering resource Tom has

96
00:05:22,478 --> 00:05:28,629
wide-ranging expertise with a keen

97
00:05:25,689 --> 00:05:32,279
awareness of physics computer and

98
00:05:28,629 --> 00:05:34,899
Internet's no wasn't me

99
00:05:32,279 --> 00:05:37,059
internet software and a broad knowledge

100
00:05:34,899 --> 00:05:42,098

of electronics and how it intersects

101

00:05:37,060 --> 00:05:45,310

with the paranormal world and UFOs so

102

00:05:42,098 --> 00:05:49,089

Tom remains a vital scientific resource

103

00:05:45,310 --> 00:05:51,579

on extreme paranormal encounter response

104

00:05:49,089 --> 00:05:55,000

team and embraces the wealth of

105

00:05:51,579 --> 00:05:58,930

information and theories that embody the

106

00:05:55,000 --> 00:06:01,810

title of ufologist so welcome Tom Kahn

107

00:05:58,930 --> 00:06:04,598

well thank you it's great to be here

108

00:06:01,810 --> 00:06:06,819

that's great you know it's been a long

109

00:06:04,598 --> 00:06:09,610

time since we've spoken to someone about

110

00:06:06,819 --> 00:06:13,209

UFOs yeah it's been a little while yeah

111

00:06:09,610 --> 00:06:15,220

yeah it really has been so you know Tom

112

00:06:13,209 --> 00:06:17,019

in my experience it's sort of all dried

113

00:06:15,220 --> 00:06:19,630

up in the last few years have you found

114

00:06:17,019 --> 00:06:24,219

that to be true or have you seen some

115
00:06:19,629 --> 00:06:26,168
interesting sightings lately ok broke up

116
00:06:24,220 --> 00:06:29,440
in the very beginning I'm sorry of your

117
00:06:26,168 --> 00:06:31,329
question can you give that sure I was

118
00:06:29,439 --> 00:06:33,370
saying that the number of sightings

119
00:06:31,329 --> 00:06:35,139
recently has really gone down

120
00:06:33,370 --> 00:06:39,030
considerably I was wondering if you had

121
00:06:35,139 --> 00:06:41,829
had any of my guess you're up in the

122
00:06:39,029 --> 00:06:45,879
Albany type area if you had seen

123
00:06:41,829 --> 00:06:48,008
anything new up there I personally have

124
00:06:45,879 --> 00:06:53,168
no

125
00:06:48,009 --> 00:06:55,569
I was I I got sick in January and I've

126
00:06:53,168 --> 00:07:00,939
been sort of out of the loop for quite a

127
00:06:55,569 --> 00:07:03,069
few months but I'm back in the man you

128
00:07:00,939 --> 00:07:06,610
know just just to go outside and scan

129
00:07:03,069 --> 00:07:09,099
the sky yeah like like I had been now I

130
00:07:06,610 --> 00:07:11,800
have not noticed that there's a major

131
00:07:09,100 --> 00:07:15,910
drop-off in sightings there was a very

132
00:07:11,800 --> 00:07:21,129
slight drop off however the type of

133
00:07:15,910 --> 00:07:24,939
sightings that are that are prevalent

134
00:07:21,129 --> 00:07:28,000
around here in upstate New York is the

135
00:07:24,939 --> 00:07:32,680
the ones that look like balls of fire

136
00:07:28,000 --> 00:07:35,019
hmm they're actually spheres and a lot

137
00:07:32,680 --> 00:07:37,870
of people call them spheres some people

138
00:07:35,019 --> 00:07:39,758
will call them fire balls and that's not

139
00:07:37,870 --> 00:07:43,870
to be confused with a meteor which is

140
00:07:39,759 --> 00:07:47,348
also a fireball and there's this quite a

141
00:07:43,870 --> 00:07:50,860
few sightings of that in the upstate New

142
00:07:47,348 --> 00:07:52,319
York area and in the southern New York

143

00:07:50,860 --> 00:07:56,169
area down around New York City

144
00:07:52,319 --> 00:08:00,689
especially in Long Island and the other

145
00:07:56,168 --> 00:08:04,810
places out near Buffalo which is

146
00:08:00,689 --> 00:08:07,300
bordering Lake Erie right so yeah

147
00:08:04,810 --> 00:08:13,319
there's plenty of sightings out that way

148
00:08:07,300 --> 00:08:15,610
and probably more than more than you a

149
00:08:13,319 --> 00:08:18,370
reasonable person would consider

150
00:08:15,610 --> 00:08:20,408
reasonable I mean this is so many it's

151
00:08:18,370 --> 00:08:24,579
incredible let me ask you something

152
00:08:20,408 --> 00:08:26,529
about the fireballs now we've all seen

153
00:08:24,579 --> 00:08:31,019
shooting stars which are a type of

154
00:08:26,529 --> 00:08:34,689
meteor coming into the atmosphere and

155
00:08:31,019 --> 00:08:38,429
then there's a second type of fireballs

156
00:08:34,690 --> 00:08:42,760
which are called the February fireballs

157
00:08:38,429 --> 00:08:46,199

which have extended in past years into

158

00:08:42,759 --> 00:08:49,028

March now the February fireballs

159

00:08:46,200 --> 00:08:52,300

astronomically are thought to be also

160

00:08:49,028 --> 00:08:56,289

meteors but they're much bigger much

161

00:08:52,299 --> 00:08:58,838

more fiery and they seem to appear to

162

00:08:56,289 --> 00:08:59,519

move more slowly through the atmosphere

163

00:08:58,839 --> 00:09:03,260

that

164

00:08:59,519 --> 00:09:06,449

the smaller shooting stars are back in

165

00:09:03,259 --> 00:09:08,490

2010 I think it was maybe it wasn't 2010

166

00:09:06,450 --> 00:09:11,879

but it was it was about five years ago

167

00:09:08,490 --> 00:09:15,000

in any case I saw one of these giant

168

00:09:11,879 --> 00:09:17,700

February fireballs but it was on March

169

00:09:15,000 --> 00:09:21,600

it was on March 5th and I did report it

170

00:09:17,700 --> 00:09:24,480

to the new fork the the website which

171

00:09:21,600 --> 00:09:28,769

you used to look for some of your

172
00:09:24,480 --> 00:09:32,220
phenomena I believe and they said that

173
00:09:28,769 --> 00:09:35,039
it was indeed a meteor fireball which

174
00:09:32,220 --> 00:09:39,450
had been seen entering the atmosphere as

175
00:09:35,039 --> 00:09:43,589
far away as Sweden its weeped over the

176
00:09:39,450 --> 00:09:45,840
the ocean passed over Greenland and

177
00:09:43,590 --> 00:09:48,300
Newfoundland came down passed over

178
00:09:45,840 --> 00:09:50,490
Connecticut and passed over me and in

179
00:09:48,299 --> 00:09:53,009
New York New Jersey area where I did see

180
00:09:50,490 --> 00:09:55,230
it and it glowed green and had a tail

181
00:09:53,009 --> 00:09:56,610
and I thought it was gone I thought it

182
00:09:55,230 --> 00:09:58,710
was the end of the world frankly I

183
00:09:56,610 --> 00:10:00,870
thought it was going to come down right

184
00:09:58,710 --> 00:10:02,750
near me and set everything on fire but

185
00:10:00,870 --> 00:10:06,960
apparently it finally came down

186
00:10:02,750 --> 00:10:09,029
somewhere around West Virginia so now

187
00:10:06,960 --> 00:10:11,070
you're talking about a third kind of

188
00:10:09,029 --> 00:10:13,980
fireball or are we speaking about the

189
00:10:11,070 --> 00:10:19,490
the kind of what we'll call the February

190
00:10:13,980 --> 00:10:22,039
fireball okay well many many times

191
00:10:19,490 --> 00:10:24,419
fireballs are confused with meteors

192
00:10:22,039 --> 00:10:26,370
meteors will strike the earth at between

193
00:10:24,419 --> 00:10:30,569
thirty and sixty thousand miles per hour

194
00:10:26,370 --> 00:10:33,629
and the actual amount of time that it

195
00:10:30,570 --> 00:10:35,400
would take for someone to see it the the

196
00:10:33,629 --> 00:10:38,100
meteor would would disappear within

197
00:10:35,399 --> 00:10:40,860
three to four seconds sometimes

198
00:10:38,100 --> 00:10:43,710
depending on how the angle of the meteor

199
00:10:40,860 --> 00:10:46,830
that hits the ground hits the atmosphere

200

00:10:43,710 --> 00:10:49,530
a person may see it from possibly up to

201
00:10:46,830 --> 00:10:54,000
ten seconds what I was referring to in

202
00:10:49,529 --> 00:10:57,120
the fireball is is a ball of fire in the

203
00:10:54,000 --> 00:10:59,720
sky that goes very very slowly very

204
00:10:57,120 --> 00:11:04,820
similar to what an airplane travels and

205
00:10:59,720 --> 00:11:04,820
we'll make a course correction and

206
00:11:05,360 --> 00:11:13,750
perhaps then disappear but it would take

207
00:11:10,110 --> 00:11:16,360
quite some time for this to work

208
00:11:13,750 --> 00:11:18,279
her with someone looking at it from the

209
00:11:16,360 --> 00:11:22,060
from the from the ground

210
00:11:18,279 --> 00:11:24,970
it may take perhaps four or five six

211
00:11:22,059 --> 00:11:27,069
seven minutes the ones that I saw lasted

212
00:11:24,970 --> 00:11:31,649
about seven or eight minutes Wow

213
00:11:27,070 --> 00:11:39,760
and this this wasn't a meteor believe me

214
00:11:31,649 --> 00:11:42,519

anything but the actual actually seeing

215

00:11:39,759 --> 00:11:46,029
this thing I got a good look at it

216

00:11:42,519 --> 00:11:49,960
through a pair of binoculars and seeing

217

00:11:46,029 --> 00:11:53,049
it it almost looked like a fake fire

218

00:11:49,960 --> 00:11:56,560
when was this sighting of yours can you

219

00:11:53,049 --> 00:12:00,549
maybe start yeah roughly beginning about

220

00:11:56,559 --> 00:12:04,059
the sighting your specific sighting okay

221

00:12:00,549 --> 00:12:07,779
the sighting occurred going by memory

222

00:12:04,059 --> 00:12:19,179
here I believe it was the middle of May

223

00:12:07,779 --> 00:12:21,159
of 2013 and I had seen to come over the

224

00:12:19,179 --> 00:12:22,689
house and I saw them from the back of

225

00:12:21,159 --> 00:12:24,549
the house but it wasn't getting a good

226

00:12:22,690 --> 00:12:28,810
look at him so I walked through the

227

00:12:24,549 --> 00:12:31,389
house and went to the front and in in

228

00:12:28,809 --> 00:12:33,219
the front there were like really visible

229
00:12:31,389 --> 00:12:35,949
they were about the size of the moon

230
00:12:33,220 --> 00:12:39,730
perhaps even the size of your thumbnail

231
00:12:35,950 --> 00:12:41,800
at an arm's length and they were roaring

232
00:12:39,730 --> 00:12:45,519
balls of flame although they made no

233
00:12:41,799 --> 00:12:48,729
noise and they traveled across the sky

234
00:12:45,519 --> 00:12:52,149
and angled upward and disappeared behind

235
00:12:48,730 --> 00:12:54,940
clouds now there were groups of them

236
00:12:52,149 --> 00:12:58,269
that came through in an echelon

237
00:12:54,940 --> 00:13:00,970
formation to come through initially and

238
00:12:58,269 --> 00:13:04,059
I just saw the end of that another two

239
00:13:00,970 --> 00:13:06,009
came through and then another two came

240
00:13:04,059 --> 00:13:11,649
through and then there was a single one

241
00:13:06,009 --> 00:13:14,588
and then to it two more groups of two

242
00:13:11,649 --> 00:13:17,559
but I got an idea of where they were

243
00:13:14,589 --> 00:13:19,690
sort of coming from and I was hoping

244
00:13:17,559 --> 00:13:21,789
that they weren't going to just go away

245
00:13:19,690 --> 00:13:23,150
at that point because I was staring at

246
00:13:21,789 --> 00:13:28,399
the sky

247
00:13:23,149 --> 00:13:31,789
and they just appeared from black sky to

248
00:13:28,399 --> 00:13:34,039
brilliant orange just popped right on in

249
00:13:31,789 --> 00:13:35,750
the sky as I was looking right at the

250
00:13:34,039 --> 00:13:39,469
spot in the sky where they were coming

251
00:13:35,750 --> 00:13:43,250
from it was just remarkable that that

252
00:13:39,470 --> 00:13:46,269
almost makes me think of something that

253
00:13:43,250 --> 00:13:50,090
would be in two-dimensional rather than

254
00:13:46,269 --> 00:13:54,889
like something akin to a chemical rocket

255
00:13:50,090 --> 00:13:58,879
coming into interview yes it this wasn't

256
00:13:54,889 --> 00:14:01,100
a rocket and there wouldn't have been 11

257

00:13:58,879 --> 00:14:07,539
of them following each other all making

258
00:14:01,100 --> 00:14:12,820
exactly the same precise maneuver it in

259
00:14:07,539 --> 00:14:17,480
interdimensional I guess is possible but

260
00:14:12,820 --> 00:14:19,430
they are seen so many times around the

261
00:14:17,480 --> 00:14:24,710
world and especially all along the east

262
00:14:19,429 --> 00:14:28,609
coast yet I doubt if they're parading

263
00:14:24,710 --> 00:14:32,240
like this from an interdimensional way I

264
00:14:28,610 --> 00:14:35,000
think they have our pre-programmed to

265
00:14:32,240 --> 00:14:40,879
appear in the sky to do these things and

266
00:14:35,000 --> 00:14:44,350
it they may even they may even be drones

267
00:14:40,879 --> 00:14:48,019
mmm no I mean the drone you buy and

268
00:14:44,350 --> 00:14:51,920
Walmart I don't mean that I met they may

269
00:14:48,019 --> 00:14:53,059
be pilotless crafts that are run by

270
00:14:51,919 --> 00:14:57,769
who-knows-who

271
00:14:53,059 --> 00:15:00,799

and I would not be surprised to see that

272

00:14:57,769 --> 00:15:02,449

actually I wouldn't because because

273

00:15:00,799 --> 00:15:07,339

everyone that came through written

274

00:15:02,450 --> 00:15:11,000

exactly the same corner of the same path

275

00:15:07,340 --> 00:15:13,340

and changed in exactly the same spot in

276

00:15:11,000 --> 00:15:17,360

the sky and they all did the same thing

277

00:15:13,340 --> 00:15:21,440

all 11 of them so this sighting that you

278

00:15:17,360 --> 00:15:24,649

had caused you a greater interest in the

279

00:15:21,440 --> 00:15:27,260

UFO phenomena now can you tell us what

280

00:15:24,649 --> 00:15:30,740

extreme paranormal encounter response

281

00:15:27,259 --> 00:15:35,409

team is yeah we are a paranormal group

282

00:15:30,740 --> 00:15:39,730

and what we do is we will go to homes

283

00:15:35,409 --> 00:15:44,409

and investigate the paranormal and take

284

00:15:39,730 --> 00:15:46,959

well every EVPs of course and we will do

285

00:15:44,409 --> 00:15:49,149

that and that we have been doing that

286
00:15:46,958 --> 00:15:52,628
for quite some time but I'm also a youth

287
00:15:49,149 --> 00:15:55,688
ologist and and have turned into a

288
00:15:52,629 --> 00:16:01,360
ufologist since I retired about 10 years

289
00:15:55,688 --> 00:16:06,278
ago and also on our team we have three

290
00:16:01,360 --> 00:16:09,100
psychics and we have a Bigfoot

291
00:16:06,278 --> 00:16:11,379
specialist one who has been published

292
00:16:09,100 --> 00:16:13,060
multiple times so we have a quite a

293
00:16:11,379 --> 00:16:15,519
talented team Wow

294
00:16:13,059 --> 00:16:18,578
so Tom you've been even though you

295
00:16:15,519 --> 00:16:21,039
probably got into this in a really

296
00:16:18,578 --> 00:16:22,958
intense way after retired it seems that

297
00:16:21,039 --> 00:16:29,649
your interest went way back though

298
00:16:22,958 --> 00:16:32,619
yeah from from from a child that there

299
00:16:29,649 --> 00:16:35,610
were actual UFOs in the sky that they

300
00:16:32,620 --> 00:16:38,740
were real that we're being visited

301
00:16:35,610 --> 00:16:40,419
don't ask me how because back then there

302
00:16:38,740 --> 00:16:42,730
wasn't that kind of information around

303
00:16:40,419 --> 00:16:45,669
this was like the early 50s when I was a

304
00:16:42,730 --> 00:16:48,399
child but I always knew that they were

305
00:16:45,669 --> 00:16:51,759
real always well of all the people I've

306
00:16:48,399 --> 00:16:54,938
interviewed on the show I have to say at

307
00:16:51,759 --> 00:16:57,850
least 95 if not a hundred percent really

308
00:16:54,938 --> 00:16:59,769
became interested as children which

309
00:16:57,850 --> 00:17:01,959
makes me think that perhaps the people

310
00:16:59,769 --> 00:17:04,538
who are that really intense interest

311
00:17:01,958 --> 00:17:07,029
were in some way contacted as a child

312
00:17:04,538 --> 00:17:08,949
and like you just knew there was

313
00:17:07,029 --> 00:17:09,849
something out there and wanted to know

314

00:17:08,949 --> 00:17:12,308
what it was

315
00:17:09,849 --> 00:17:14,828
so you're in with some very good company

316
00:17:12,308 --> 00:17:18,939
but you also had an aunt Wilma didn't

317
00:17:14,828 --> 00:17:24,099
you hit Wilma I admit I had a net Wilma

318
00:17:18,939 --> 00:17:26,259
too but she wasn't interested in this I

319
00:17:24,099 --> 00:17:29,639
did know a woman named Wilma but let's

320
00:17:26,259 --> 00:17:31,929
add a good friend in high school

321
00:17:29,640 --> 00:17:36,340
sometimes we get into the comedy

322
00:17:31,929 --> 00:17:39,190
routines but Tom won't you tell us about

323
00:17:36,339 --> 00:17:43,449
how your aunt Wilma has sort of effected

324
00:17:39,190 --> 00:17:49,298
your growing up okay

325
00:17:43,450 --> 00:17:52,629
I had always been interested in the sky

326
00:17:49,298 --> 00:17:55,269
and space and whatever came along with

327
00:17:52,628 --> 00:17:58,980
that and I found out when I was about

328
00:17:55,269 --> 00:18:03,839

nine years old that my aunt Wilma was

329

00:17:58,980 --> 00:18:06,759

the I believe that she was the secretary

330

00:18:03,839 --> 00:18:07,720

for the astronomical Association of

331

00:18:06,759 --> 00:18:11,319

America Wow

332

00:18:07,720 --> 00:18:14,889

that's pretty hard yeah but this again

333

00:18:11,319 --> 00:18:16,898

this was back in the 50s okay but what a

334

00:18:14,888 --> 00:18:19,148

great source and especially as a woman

335

00:18:16,898 --> 00:18:26,738

that was really unusual back then yeah

336

00:18:19,148 --> 00:18:28,748

so she she realized that I had been

337

00:18:26,739 --> 00:18:31,798

trying to absorb all the information

338

00:18:28,749 --> 00:18:34,509

that I possibly could about the sky and

339

00:18:31,798 --> 00:18:38,429

she showed me her publications which

340

00:18:34,509 --> 00:18:40,839

were from the astronomical lake and I

341

00:18:38,429 --> 00:18:46,570

just ate them up I mean I just loved

342

00:18:40,839 --> 00:18:51,368

reading them and so she offered to take

343
00:18:46,569 --> 00:18:55,358
me on a trip with her to a to an annual

344
00:18:51,368 --> 00:18:59,378
conference mm-hmm and we went on that

345
00:18:55,358 --> 00:19:01,388
trip and the people were great they

346
00:18:59,378 --> 00:19:03,308
realized hey this is some kid who was

347
00:19:01,388 --> 00:19:06,608
really interested so they were

348
00:19:03,308 --> 00:19:11,408
interested in in me and really helped me

349
00:19:06,608 --> 00:19:14,858
out so it did it was great it was great

350
00:19:11,409 --> 00:19:18,278
being with with everyone and they were

351
00:19:14,858 --> 00:19:19,509
all willing to give me all the

352
00:19:18,278 --> 00:19:22,898
information that they could possibly

353
00:19:19,509 --> 00:19:25,480
give me and that's what really really

354
00:19:22,898 --> 00:19:27,819
piqued my interest I mean that that was

355
00:19:25,480 --> 00:19:29,769
the number one item right there and not

356
00:19:27,819 --> 00:19:31,329
only that but they didn't put it down

357
00:19:29,769 --> 00:19:34,528
and say well you're just a ridiculous

358
00:19:31,329 --> 00:19:39,868
child they encouraged you that's using

359
00:19:34,528 --> 00:19:46,749
they absolutely did and that I probably

360
00:19:39,868 --> 00:19:49,959
kept my wishes to learn more all the way

361
00:19:46,749 --> 00:19:51,368
through my life and even today I'll I'll

362
00:19:49,960 --> 00:19:53,528
take online courses

363
00:19:51,368 --> 00:19:55,749
I mean I'm 70 years old but I'll still

364
00:19:53,528 --> 00:19:57,999
take online courses because I just have

365
00:19:55,749 --> 00:19:59,858
an insatiable desire to learn well

366
00:19:57,999 --> 00:20:01,749
that's wonderful do you think we'll ever

367
00:19:59,858 --> 00:20:03,009
find out Tom Cruise I'm up there with

368
00:20:01,749 --> 00:20:04,660
you too and you know

369
00:20:03,009 --> 00:20:08,140
just annoys me that you spend all this

370
00:20:04,660 --> 00:20:11,830
time and just never gonna find out yeah

371

00:20:08,140 --> 00:20:14,950
but what do you think well I think that

372
00:20:11,829 --> 00:20:17,259
we are right now in the throes of a

373
00:20:14,950 --> 00:20:20,920
disclosure mm-hmm it's happening really

374
00:20:17,259 --> 00:20:24,250
slowly but they are trying to get us to

375
00:20:20,920 --> 00:20:27,490
think that oh well you know we have lots

376
00:20:24,250 --> 00:20:29,410
of planets out there and it's possible

377
00:20:27,490 --> 00:20:34,170
and then they talked about a couple of

378
00:20:29,410 --> 00:20:37,360
stars that were they had weird light

379
00:20:34,170 --> 00:20:39,700
anomalies around them and they said well

380
00:20:37,359 --> 00:20:44,229
you know maybe maybe this is a Dyson

381
00:20:39,700 --> 00:20:48,279
Sphere around this star where an

382
00:20:44,230 --> 00:20:50,710
extraterrestrial civilization built the

383
00:20:48,279 --> 00:20:54,069
structure around the star to absorb all

384
00:20:50,710 --> 00:20:56,259
the energy from it and and you know

385
00:20:54,069 --> 00:20:58,089

they're just releasing little tiny bits

386

00:20:56,259 --> 00:21:00,640

of stuff just to get people to think

387

00:20:58,089 --> 00:21:04,569

well okay maybe they are maybe there are

388

00:21:00,640 --> 00:21:07,480

and eventually they will just transition

389

00:21:04,569 --> 00:21:09,399

right into it and people will be coming

390

00:21:07,480 --> 00:21:10,269

down from the skies and it'll be just

391

00:21:09,400 --> 00:21:12,850

like everyday

392

00:21:10,269 --> 00:21:14,619

well I remember in grade school they

393

00:21:12,849 --> 00:21:16,959

would tell you there is no such thing as

394

00:21:14,619 --> 00:21:20,859

planets outside our solar system I

395

00:21:16,960 --> 00:21:22,809

didn't believe them sounds ridiculous to

396

00:21:20,859 --> 00:21:25,299

me but and now you have all these

397

00:21:22,809 --> 00:21:27,220

extrasolar planets and like you say the

398

00:21:25,299 --> 00:21:31,119

Goldilocks zone and all that business

399

00:21:27,220 --> 00:21:33,279

but maybe and then there's also I know a

400
00:21:31,119 --> 00:21:36,069
lot of you follow just have like a

401
00:21:33,279 --> 00:21:38,859
Hollywood type conspiracy like Spielberg

402
00:21:36,069 --> 00:21:42,039
was releasing information in a friendly

403
00:21:38,859 --> 00:21:44,559
manner like et to get us used to the

404
00:21:42,039 --> 00:21:46,629
idea of a friendly alien race as opposed

405
00:21:44,559 --> 00:21:49,029
to some of the more nasty ones are they

406
00:21:46,630 --> 00:21:54,730
remember the sci-fi movies of the 50s

407
00:21:49,029 --> 00:21:57,299
that would scare the bad Dickens but now

408
00:21:54,730 --> 00:22:00,099
they're sort of friendly and et ish or

409
00:21:57,299 --> 00:22:02,169
advanced and um you know so you're right

410
00:22:00,099 --> 00:22:05,250
I think there may be a slow but sure

411
00:22:02,170 --> 00:22:09,340
release well what you've been doing here

412
00:22:05,250 --> 00:22:11,410
tom is you've been characterizing the

413
00:22:09,339 --> 00:22:14,829
different types of sightings and then

414
00:22:11,410 --> 00:22:16,570
you've also been sectioning off a

415
00:22:14,829 --> 00:22:20,638
portions of the

416
00:22:16,569 --> 00:22:22,720
United States by state and seeing

417
00:22:20,638 --> 00:22:24,969
explaining to us what you've been doing

418
00:22:22,720 --> 00:22:28,110
I I see clearly here you have seven

419
00:22:24,970 --> 00:22:31,028
different types of sightings in that are

420
00:22:28,109 --> 00:22:34,058
arkham PI's like cigar that rushed

421
00:22:31,028 --> 00:22:36,278
roughly the shape of a cigar cylindrical

422
00:22:34,058 --> 00:22:40,450
with no wings very large and able to

423
00:22:36,278 --> 00:22:42,730
hover that would be the number one type

424
00:22:40,450 --> 00:22:45,730
that you have characterized that but

425
00:22:42,730 --> 00:22:47,110
you've also cut up the us into sections

426
00:22:45,730 --> 00:22:53,950
why don't you tell us your methodology

427
00:22:47,109 --> 00:22:57,058
there yeah I I pored over the right way

428

00:22:53,950 --> 00:23:00,220
to go about this for quite some time and

429
00:22:57,058 --> 00:23:03,730
the reason was when it when I first

430
00:23:00,220 --> 00:23:07,450
started going through all of all of the

431
00:23:03,730 --> 00:23:09,610
databases I of course started with my

432
00:23:07,450 --> 00:23:12,759
home state because I wanted to do some

433
00:23:09,609 --> 00:23:14,319
talks about UFOs so I thought well let

434
00:23:12,759 --> 00:23:18,819
me try to get some information from here

435
00:23:14,319 --> 00:23:22,418
well it very shortly after starting

436
00:23:18,819 --> 00:23:24,339
reading reading the database that there

437
00:23:22,419 --> 00:23:27,730
were about fifty different types of

438
00:23:24,339 --> 00:23:31,058
things seen in the sky fifty now if I

439
00:23:27,730 --> 00:23:35,019
tried to put fifty on a graph it would

440
00:23:31,058 --> 00:23:38,678
look ridiculous so what I did was tried

441
00:23:35,019 --> 00:23:41,349
to get the major ones where the most

442
00:23:38,679 --> 00:23:44,980

kinds of sightings were were seen break

443

00:23:41,349 --> 00:23:48,219

it down into seven groups and then I

444

00:23:44,980 --> 00:23:49,990

could create a graph that at least when

445

00:23:48,220 --> 00:23:51,819

you look at the graph you're gonna be

446

00:23:49,990 --> 00:23:54,579

able to extract some information from it

447

00:23:51,819 --> 00:23:57,638

I also really realized at that point

448

00:23:54,579 --> 00:24:00,548

even though I did it this way that I

449

00:23:57,638 --> 00:24:03,939

that it's possible that I was gonna have

450

00:24:00,548 --> 00:24:06,339

to take one of the seven groups that I

451

00:24:03,940 --> 00:24:08,649

created and break that down even further

452

00:24:06,339 --> 00:24:12,638

I just didn't know what was going to

453

00:24:08,648 --> 00:24:14,859

happen so so I broke them down into

454

00:24:12,638 --> 00:24:17,500

seven groups put them into these

455

00:24:14,859 --> 00:24:20,008

categories and then created graphs from

456

00:24:17,500 --> 00:24:22,990

them and then I was able to compare

457
00:24:20,009 --> 00:24:25,000
apples to apples even though there were

458
00:24:22,990 --> 00:24:27,769
different types there was same a

459
00:24:25,000 --> 00:24:30,919
quantity of sighting scene

460
00:24:27,769 --> 00:24:33,528
and I could say well this is being seen

461
00:24:30,919 --> 00:24:37,130
here in this particular area more than

462
00:24:33,528 --> 00:24:39,409
anything else so then maybe I could take

463
00:24:37,130 --> 00:24:42,350
one step further why are they being seen

464
00:24:39,409 --> 00:24:44,990
here okay but any other that that's just

465
00:24:42,349 --> 00:24:48,019
how I started out it there were so many

466
00:24:44,990 --> 00:24:50,990
things to see that I just didn't know

467
00:24:48,019 --> 00:24:55,879
what to do I broke them down and there I

468
00:24:50,990 --> 00:24:57,649
had it so after I did my my first book

469
00:24:55,880 --> 00:25:03,409
okay

470
00:24:57,648 --> 00:25:06,229
I took some time off thinking there's

471
00:25:03,409 --> 00:25:09,590
got to be a better way to give people a

472
00:25:06,230 --> 00:25:13,370
pictorial on what's actually being seen

473
00:25:09,589 --> 00:25:16,158
in the sky so I decided to use a map

474
00:25:13,369 --> 00:25:18,619
with pins in it I didn't realize what I

475
00:25:16,159 --> 00:25:23,059
was getting into oh my goodness well so

476
00:25:18,619 --> 00:25:25,849
I had this big US map and I started

477
00:25:23,058 --> 00:25:29,629
putting pins in it with the central US

478
00:25:25,849 --> 00:25:33,048
which was my second volume eastern us

479
00:25:29,630 --> 00:25:35,240
being the first volume u.s. I'm gonna

480
00:25:33,048 --> 00:25:37,220
stop you for one second and ask you to

481
00:25:35,240 --> 00:25:39,769
announce the names of your books and

482
00:25:37,220 --> 00:25:42,110
where they're available because we may

483
00:25:39,769 --> 00:25:44,509
have people who are listening to this

484
00:25:42,109 --> 00:25:48,589
who want to acquire your books which I'm

485

00:25:44,509 --> 00:25:54,349
sure you'll be happy about sure okay my

486
00:25:48,589 --> 00:25:57,288
books are entitled they are here volume

487
00:25:54,349 --> 00:26:00,349
1 and volume 2 so far volume 3 is being

488
00:25:57,288 --> 00:26:06,500
worked on now they are available through

489
00:26:00,349 --> 00:26:10,038
Amazon but if you were to make a request

490
00:26:06,500 --> 00:26:14,240
of me directly through my email then I

491
00:26:10,038 --> 00:26:16,778
could sign it and send it to you and I

492
00:26:14,240 --> 00:26:19,159
wouldn't try to as much as Amazon would

493
00:26:16,778 --> 00:26:23,450
so you want to give us your email their

494
00:26:19,159 --> 00:26:26,299
weather our listeners okay here it is

495
00:26:23,450 --> 00:26:33,200
and and this is confusing listen very

496
00:26:26,298 --> 00:26:36,308
carefully okay okay G t CN wel with a

497
00:26:33,200 --> 00:26:40,880
number two not two hours like my name is

498
00:26:36,308 --> 00:26:48,440
T Co n wel two

499
00:26:40,880 --> 00:26:50,180

uh-huh @n y CA P dot RR calm okay that's

500

00:26:48,440 --> 00:26:52,610

a long one we might have to repeat that

501

00:26:50,180 --> 00:26:54,259

again y'all at the end of of being okay

502

00:26:52,609 --> 00:26:56,959

we'll repeat that again in the name of

503

00:26:54,259 --> 00:27:01,789

the book books the two books going to be

504

00:26:56,960 --> 00:27:03,680

three books before long yep okay so I'm

505

00:27:01,789 --> 00:27:05,720

sorry to have interrupted you and I hope

506

00:27:03,680 --> 00:27:08,060

that you will find your space there

507

00:27:05,720 --> 00:27:10,610

where we interrupted you and I'm I'm so

508

00:27:08,059 --> 00:27:12,829

sorry he was saying the points on the

509

00:27:10,609 --> 00:27:17,389

map was the points on the map yes the

510

00:27:12,829 --> 00:27:20,210

the the pushpins in the end of the map

511

00:27:17,390 --> 00:27:24,130

that you had acquired up the United

512

00:27:20,210 --> 00:27:29,240

States it became very crowded mm-hmm so

513

00:27:24,130 --> 00:27:32,600

what he did was I sighed I bought three

514
00:27:29,240 --> 00:27:37,309
different types of pins to try to get

515
00:27:32,599 --> 00:27:39,829
the ones seen most often I realized that

516
00:27:37,309 --> 00:27:42,649
I wasn't going to be able to for seven

517
00:27:39,829 --> 00:27:44,960
different types of pins and also

518
00:27:42,650 --> 00:27:46,730
realized very early on that they were

519
00:27:44,960 --> 00:27:54,920
going to be impossible to put all those

520
00:27:46,730 --> 00:27:57,829
pins on the map so I chose three and so

521
00:27:54,920 --> 00:28:00,170
I picked the states that had the fewest

522
00:27:57,829 --> 00:28:03,079
sightings just so I could get a feel for

523
00:28:00,170 --> 00:28:06,580
it like North Dakota and Kansas and

524
00:28:03,079 --> 00:28:09,919
Nebraska and I worked my way down

525
00:28:06,579 --> 00:28:13,879
vertically from North Dakota and by the

526
00:28:09,920 --> 00:28:15,529
time I got into Texas then I knew that I

527
00:28:13,880 --> 00:28:19,850
was going to have my first really big

528
00:28:15,529 --> 00:28:22,430
problem around cities what am I gonna do

529
00:28:19,849 --> 00:28:25,399
with all these little pins around the

530
00:28:22,430 --> 00:28:27,170
cities such as Dallas or Houston they're

531
00:28:25,400 --> 00:28:30,950
gonna they're just going to take up

532
00:28:27,170 --> 00:28:35,690
almost the whole state of Texas so what

533
00:28:30,950 --> 00:28:39,140
I did was I got large pins and the large

534
00:28:35,690 --> 00:28:43,509
pins equal 20 small pins so I was able

535
00:28:39,140 --> 00:28:46,750
to compress the kind of area that I was

536
00:28:43,509 --> 00:28:49,629
that I was covering in the states and

537
00:28:46,750 --> 00:28:52,940
make it at least still seem reasonable

538
00:28:49,630 --> 00:28:54,440
well that worked out for Texas and it

539
00:28:52,940 --> 00:28:56,120
worked out for a few states

540
00:28:54,440 --> 00:29:00,080
and I started heading back north again

541
00:28:56,119 --> 00:29:02,750
slightly east of that and I had my first

542

00:29:00,079 --> 00:29:06,829
problem in st. Louis there were so many

543
00:29:02,750 --> 00:29:10,220
sightings that even with the big pins

544
00:29:06,829 --> 00:29:13,428
they were expanding way out and they're

545
00:29:10,220 --> 00:29:15,470
almost being unreasonable there were so

546
00:29:13,429 --> 00:29:18,259
many of them and I said what am I gonna

547
00:29:15,470 --> 00:29:21,860
do when I get in your Chicago well as I

548
00:29:18,259 --> 00:29:24,710
worked my way up I realized that by the

549
00:29:21,859 --> 00:29:29,959
time I got around Chicago I had to put

550
00:29:24,710 --> 00:29:32,630
in about 25 large pins remember each

551
00:29:29,960 --> 00:29:35,390
large pin equal 20 small pins going to

552
00:29:32,630 --> 00:29:41,059
put about 25 big pins that took up a

553
00:29:35,390 --> 00:29:44,450
whole lot of coverage in an Illinois and

554
00:29:41,058 --> 00:29:46,399
it covered most of the northern portion

555
00:29:44,450 --> 00:29:48,110
of the state oh my goodness

556
00:29:46,400 --> 00:29:50,360

where are you where are you getting

557

00:29:48,109 --> 00:29:52,879

these reports from Tom like UFO

558

00:29:50,359 --> 00:29:54,788

organizations or private parties did you

559

00:29:52,880 --> 00:29:57,620

have a number for them to call in on

560

00:29:54,788 --> 00:29:59,629

yeah all from the national UFO Reporting

561

00:29:57,619 --> 00:30:04,849

Center oh that's a good one

562

00:29:59,630 --> 00:30:06,559

yes it is see still dirt and so that

563

00:30:04,849 --> 00:30:10,579

wasn't even the biggest problem as I

564

00:30:06,558 --> 00:30:16,308

worked toward the east from there I had

565

00:30:10,579 --> 00:30:18,408

my biggest problem in Ohio and Ohio I

566

00:30:16,308 --> 00:30:21,798

it was just totally and completely

567

00:30:18,409 --> 00:30:24,380

covered with pins mm-hmm totally I mean

568

00:30:21,798 --> 00:30:31,629

he missed the state and there's a pretty

569

00:30:24,380 --> 00:30:35,990

big state yes so I was able to at least

570

00:30:31,630 --> 00:30:38,510

create this map for my second book okay

571
00:30:35,990 --> 00:30:43,220
well since then I've gone back and

572
00:30:38,509 --> 00:30:47,058
filled in the map for the sightings in

573
00:30:43,220 --> 00:30:50,870
the first book and I will have them and

574
00:30:47,058 --> 00:30:54,168
provide those those sightings on a web

575
00:30:50,869 --> 00:30:56,298
page to people who purchase my book cool

576
00:30:54,169 --> 00:30:58,220
you know give them the web address and

577
00:30:56,298 --> 00:31:03,109
then they can go in and look themselves

578
00:30:58,220 --> 00:31:06,019
in full color and the maps will stand

579
00:31:03,109 --> 00:31:07,240
out and they're actually very very

580
00:31:06,019 --> 00:31:10,179
pretty

581
00:31:07,240 --> 00:31:12,190
I tried putting them in a

582
00:31:10,179 --> 00:31:14,500
black-and-white format figuring if I

583
00:31:12,190 --> 00:31:17,620
take a really good picture this will

584
00:31:14,500 --> 00:31:18,339
work out fine well it did did not work

585
00:31:17,619 --> 00:31:22,000
out fine

586
00:31:18,339 --> 00:31:25,240
so that's why I had to go to the to the

587
00:31:22,000 --> 00:31:27,819
web page with full-color maps

588
00:31:25,240 --> 00:31:29,079
I like the full-color maps I you sent me

589
00:31:27,819 --> 00:31:32,129
some of them and they are really

590
00:31:29,079 --> 00:31:34,689
beautiful and you've done an incredible

591
00:31:32,130 --> 00:31:37,950
and incredible you've done yeoman's work

592
00:31:34,690 --> 00:31:40,058
yeah which is this character

593
00:31:37,950 --> 00:31:42,819
characterizing the different types and

594
00:31:40,058 --> 00:31:46,089
and put in a lot of a lot of effort and

595
00:31:42,819 --> 00:31:48,730
time that you know just can't be

596
00:31:46,089 --> 00:31:51,789
duplicated any other way can you

597
00:31:48,730 --> 00:31:55,450
possibly give us some idea of some of

598
00:31:51,789 --> 00:31:58,690
your most compelling reports that you've

599

00:31:55,450 --> 00:32:01,000
gotten like say you know maybe from one

600
00:31:58,690 --> 00:32:03,580
area the most compelling and maybe a

601
00:32:01,000 --> 00:32:05,950
couple from another area which you found

602
00:32:03,579 --> 00:32:08,308
to be the most convincing compelling

603
00:32:05,950 --> 00:32:13,029
reports okay

604
00:32:08,308 --> 00:32:19,210
the some of the most interesting reports

605
00:32:13,029 --> 00:32:23,980
were out of out of Ohio and there were

606
00:32:19,210 --> 00:32:29,730
sightings over top of a nuclear power

607
00:32:23,980 --> 00:32:35,079
plant and this plant was at the far

608
00:32:29,730 --> 00:32:38,440
western edge of Lake Erie and about ten

609
00:32:35,079 --> 00:32:43,299
years ago maybe 10 12 years ago there

610
00:32:38,440 --> 00:32:45,610
was an event that almost created this

611
00:32:43,299 --> 00:32:50,500
nuclear power plant to just blow

612
00:32:45,609 --> 00:32:53,589
sky-high and after that event there were

613
00:32:50,500 --> 00:32:55,769

a tremendous amount of sightings of UFOs

614

00:32:53,589 --> 00:32:59,199

just hovering over top of the plant

615

00:32:55,769 --> 00:33:03,160

that's that's the one that I found the

616

00:32:59,200 --> 00:33:05,620

most interesting because apparently the

617

00:33:03,160 --> 00:33:08,529

ETS were familiar with what almost

618

00:33:05,619 --> 00:33:11,349

happened and they took a look for

619

00:33:08,529 --> 00:33:14,289

themselves thought that was really

620

00:33:11,349 --> 00:33:17,859

unique have you been in contact with

621

00:33:14,289 --> 00:33:20,950

Robert Hastings who collects information

622

00:33:17,859 --> 00:33:25,389

about UFO sightings around

623

00:33:20,950 --> 00:33:27,720

nuclear power plants no I have not well

624

00:33:25,390 --> 00:33:30,970

I think he would be very interested in

625

00:33:27,720 --> 00:33:34,600

the compilations that you have done visa

626

00:33:30,970 --> 00:33:38,049

via Ohio's nuclear power plant there and

627

00:33:34,599 --> 00:33:41,500

the and the almost accident that that

628
00:33:38,049 --> 00:33:46,299
occurred there because he has done a lot

629
00:33:41,500 --> 00:33:51,759
of work about UFO sightings that have

630
00:33:46,299 --> 00:33:54,369
shut down nuclear launch places missile

631
00:33:51,759 --> 00:33:57,009
launch sites nuclear missile launch

632
00:33:54,369 --> 00:33:59,289
sites so I I think that he would find

633
00:33:57,009 --> 00:34:01,440
your work really compelling and I think

634
00:33:59,289 --> 00:34:06,009
that you should try contacting him

635
00:34:01,440 --> 00:34:09,280
excellent foucha can you put his name in

636
00:34:06,009 --> 00:34:11,860
a email sure sure well do it

637
00:34:09,280 --> 00:34:15,460
excellent okay that some of the others

638
00:34:11,860 --> 00:34:17,559
that I found incidentally just what you

639
00:34:15,460 --> 00:34:25,418
just said some of the other really cool

640
00:34:17,559 --> 00:34:30,099
ones were from northern northern states

641
00:34:25,418 --> 00:34:33,460
like North Dakota and Montana and this

642
00:34:30,099 --> 00:34:36,339
occurred in book two from the central

643
00:34:33,460 --> 00:34:41,668
u.s. there were a lot of accounts of

644
00:34:36,340 --> 00:34:46,390
sightings from military people who saw

645
00:34:41,668 --> 00:34:48,819
UFOs and they were hovering over their

646
00:34:46,389 --> 00:34:51,539
nuclear power plants excuse me over

647
00:34:48,820 --> 00:34:55,480
there over there nuclear weapons and

648
00:34:51,539 --> 00:34:57,570
they had gone so far as to actually shut

649
00:34:55,480 --> 00:35:03,990
down the power in some of these places

650
00:34:57,570 --> 00:35:07,240
some had even gone in to retarget

651
00:35:03,989 --> 00:35:10,419
the intercontinental ballistic missiles

652
00:35:07,239 --> 00:35:15,069
Wow yeah retarget if you can imagine

653
00:35:10,420 --> 00:35:17,170
that retarget them so that they were so

654
00:35:15,070 --> 00:35:20,710
that they were sent to a different place

655
00:35:17,170 --> 00:35:23,019
and really really incredible stuff

656

00:35:20,710 --> 00:35:28,030
really incredibly frightening I might

657
00:35:23,019 --> 00:35:31,719
add oh my yeah that caused it caused

658
00:35:28,030 --> 00:35:33,700
severe consternation among the military

659
00:35:31,719 --> 00:35:37,199
elite let me tell you mm-hmm

660
00:35:33,699 --> 00:35:40,568
and they sat up and noticed I bet I

661
00:35:37,199 --> 00:35:44,199
certainly did when you said that I i sat

662
00:35:40,568 --> 00:35:46,719
up and noticed right here yeah so you

663
00:35:44,199 --> 00:35:50,798
found those sightings in Ohio compelling

664
00:35:46,719 --> 00:35:54,009
and how about in our more local region

665
00:35:50,798 --> 00:35:57,400
that spans between New York New Jersey

666
00:35:54,010 --> 00:36:00,700
and Albany area where you are located

667
00:35:57,400 --> 00:36:03,430
anything compelling in that region yeah

668
00:36:00,699 --> 00:36:06,879
there's one really into actually several

669
00:36:03,429 --> 00:36:11,139
very interesting they came from Buffalo

670
00:36:06,880 --> 00:36:13,930

area where people would see these

671

00:36:11,139 --> 00:36:16,389

fireballs in the sky and they it looked

672

00:36:13,929 --> 00:36:19,239

like that was as they were looking out

673

00:36:16,389 --> 00:36:22,509

over Lake Erie it almost looked like

674

00:36:19,239 --> 00:36:25,058

they were lowering themselves towards

675

00:36:22,510 --> 00:36:30,790

the water and then they entered the

676

00:36:25,059 --> 00:36:36,510

water oh yeah so and and there's several

677

00:36:30,789 --> 00:36:41,889

of those that that I had come across

678

00:36:36,510 --> 00:36:45,910

what was interesting there is because

679

00:36:41,889 --> 00:36:50,920

the Buffalo area had so many sightings

680

00:36:45,909 --> 00:36:55,929

of these fireballs I couldn't help but

681

00:36:50,920 --> 00:36:58,720

notice that these ones that were going

682

00:36:55,929 --> 00:37:04,298

in into the water and leaving the water

683

00:36:58,719 --> 00:37:06,639

by the way were possibly going to their

684

00:37:04,298 --> 00:37:09,250

home base I would not be at all

685
00:37:06,639 --> 00:37:12,759
surprised that there was a underwater

686
00:37:09,250 --> 00:37:15,909
base in one or more of the Great Lakes

687
00:37:12,760 --> 00:37:18,130
that's what we would call a USO right

688
00:37:15,909 --> 00:37:19,659
yeah right yeah so I was trying to think

689
00:37:18,130 --> 00:37:21,760
of the name of the fellow who wrote the

690
00:37:19,659 --> 00:37:24,460
book on that I can't I can't place it

691
00:37:21,760 --> 00:37:26,770
but yeah that's very common occurrence

692
00:37:24,460 --> 00:37:29,710
I'm sure people have asked you about

693
00:37:26,769 --> 00:37:32,259
these fireballs if they're you know like

694
00:37:29,710 --> 00:37:36,099
ball lightning or a electromagnetic

695
00:37:32,260 --> 00:37:36,839
phenomenon and do you have any response

696
00:37:36,099 --> 00:37:41,369
to that

697
00:37:36,838 --> 00:37:44,980
yeah as far as the ball lightning goes I

698
00:37:41,369 --> 00:37:46,990
think that they would not be ball

699
00:37:44,980 --> 00:37:47,199
lightning because they wouldn't go

700
00:37:46,989 --> 00:37:50,679
through

701
00:37:47,199 --> 00:37:52,838
the sky in a formation oh okay or change

702
00:37:50,679 --> 00:37:54,549
course yeah

703
00:37:52,838 --> 00:37:59,559
change course they'd probably either

704
00:37:54,550 --> 00:38:01,510
just fall or drift mm-hmm and the ones

705
00:37:59,559 --> 00:38:07,358
that I saw and ones that are noted

706
00:38:01,510 --> 00:38:10,060
throughout the various states in a

707
00:38:07,358 --> 00:38:13,980
national UFO Reporting Center they did

708
00:38:10,059 --> 00:38:18,429
none of those things now were they

709
00:38:13,980 --> 00:38:21,608
magnetic in origin they could very well

710
00:38:18,429 --> 00:38:23,529
have been severely magnetic and maybe

711
00:38:21,608 --> 00:38:26,289
that was part of their propulsion system

712
00:38:23,530 --> 00:38:29,589
hmm I wouldn't be surprised about that

713

00:38:26,289 --> 00:38:32,259
either do you have any reports that they

714
00:38:29,588 --> 00:38:34,690
were in low enough altitude actually

715
00:38:32,260 --> 00:38:37,119
near some of the less commercial

716
00:38:34,690 --> 00:38:40,059
airports but still important ones like

717
00:38:37,119 --> 00:38:46,210
around Buffalo and Albany and any pilot

718
00:38:40,059 --> 00:38:50,608
reports at all of these really what I

719
00:38:46,210 --> 00:38:55,210
did when I went through the the

720
00:38:50,608 --> 00:38:57,009
sightings I made notes for the ones that

721
00:38:55,210 --> 00:39:00,539
I thought were probably the most

722
00:38:57,010 --> 00:39:03,010
interesting the ones that were seen by

723
00:39:00,539 --> 00:39:05,529
professional people the ones that were

724
00:39:03,010 --> 00:39:08,050
seen by pilots the ones that were seen

725
00:39:05,530 --> 00:39:10,990
by military people hmm the ones that was

726
00:39:08,050 --> 00:39:17,170
seen by police oh and these are the ones

727
00:39:10,989 --> 00:39:19,568

that are mostly sewn with it my my book

728

00:39:17,170 --> 00:39:20,740

Volume one and volume two because these

729

00:39:19,568 --> 00:39:26,500

are the ones that are the most

730

00:39:20,739 --> 00:39:31,689

believable right well yeah it was all

731

00:39:26,500 --> 00:39:35,170

right thanks Bill Carl find Fei NDT was

732

00:39:31,690 --> 00:39:38,559

the name of the author of us OS great

733

00:39:35,170 --> 00:39:40,019

book if you're interested in it but I

734

00:39:38,559 --> 00:39:42,460

would the reason I asked you about the

735

00:39:40,019 --> 00:39:44,769

sort of the ball lightning electrical

736

00:39:42,460 --> 00:39:46,389

phenomena things with the pilot said

737

00:39:44,769 --> 00:39:49,000

they noticed any change in their

738

00:39:46,389 --> 00:39:50,969

instrumentation while these things were

739

00:39:49,000 --> 00:39:56,530

close by their craft

740

00:39:50,969 --> 00:39:58,679

I guess not none that they reported yeah

741

00:39:56,530 --> 00:40:02,250

yeah

742
00:39:58,679 --> 00:40:06,750
now it's possible that one or two of

743
00:40:02,250 --> 00:40:08,960
them had some something happen that they

744
00:40:06,750 --> 00:40:12,300
would rather not say out loud yeah

745
00:40:08,960 --> 00:40:14,369
because you know you know you have 150

746
00:40:12,300 --> 00:40:17,250
people in the sky you don't want to be

747
00:40:14,369 --> 00:40:20,969
yeah saying I lost all my

748
00:40:17,250 --> 00:40:30,199
instrumentation you know so I can sort

749
00:40:20,969 --> 00:40:30,199
of understand that but as far as the

750
00:40:33,019 --> 00:40:40,650
accounts being similar to what happened

751
00:40:36,570 --> 00:40:43,230
in Iran with with the one pilot who

752
00:40:40,650 --> 00:40:45,660
approached the UFO and everything went

753
00:40:43,230 --> 00:40:48,030
dead on them right right in the Leslie

754
00:40:45,659 --> 00:40:53,009
Kane book yes yeah

755
00:40:48,030 --> 00:40:55,350
and I don't think that very many

756
00:40:53,010 --> 00:40:58,800
sightings like that are happening

757
00:40:55,349 --> 00:41:03,389
because I think that people realize I

758
00:40:58,800 --> 00:41:08,850
can't be approaching these things in the

759
00:41:03,389 --> 00:41:11,819
sky with my weapons loaded and things

760
00:41:08,849 --> 00:41:14,670
like that so they they pretty much stay

761
00:41:11,820 --> 00:41:16,740
to themselves as long as we don't

762
00:41:14,670 --> 00:41:18,960
approach them and force the issue right

763
00:41:16,739 --> 00:41:21,989
and I think that fellows name was Jafari

764
00:41:18,960 --> 00:41:26,099
am i right yes something like that if

765
00:41:21,989 --> 00:41:27,929
not I can't remember which but yes

766
00:41:26,099 --> 00:41:28,880
Jafari yeah couldn't recall his name

767
00:41:27,929 --> 00:41:32,759
thank you

768
00:41:28,880 --> 00:41:36,210
well so at this point you're you're

769
00:41:32,760 --> 00:41:38,970
compiling your third group of sightings

770

00:41:36,210 --> 00:41:40,380
what what if anything and I'm not saying

771
00:41:38,969 --> 00:41:41,669
that you had to do this but what if

772
00:41:40,380 --> 00:41:45,090
anything have you done about have you

773
00:41:41,670 --> 00:41:49,530
met some of the people who have reported

774
00:41:45,090 --> 00:41:52,559
these sightings even locally oh yes yes

775
00:41:49,530 --> 00:41:55,620
one in particular told me about a

776
00:41:52,559 --> 00:41:58,769
sighting that that she had I just

777
00:41:55,619 --> 00:42:01,739
thought it was just so fascinating the

778
00:41:58,769 --> 00:42:04,710
types of sightings are you know discs

779
00:42:01,739 --> 00:42:07,439
and and whatever else but this lady said

780
00:42:04,710 --> 00:42:11,610
that she saw something that reminded her

781
00:42:07,440 --> 00:42:15,780
of a great big shoebox

782
00:42:11,610 --> 00:42:18,090
haha rectangular huh how the heck does

783
00:42:15,780 --> 00:42:20,010
this thing fly you know a great big long

784
00:42:18,090 --> 00:42:22,920

rectangular thing it was about a mile

785

00:42:20,010 --> 00:42:26,490

and a half long and went directly over

786

00:42:22,920 --> 00:42:30,030

her car at a slightly to slightly above

787

00:42:26,489 --> 00:42:33,089

treetop level it was a mile and a half

788

00:42:30,030 --> 00:42:35,760

long yeah and she had a wonderful view

789

00:42:33,090 --> 00:42:42,840

of this whole thing and as the as this

790

00:42:35,760 --> 00:42:46,530

thing was was nearing its its its its

791

00:42:42,840 --> 00:42:50,340

its end as from her viewpoint on the

792

00:42:46,530 --> 00:42:52,140

backside of them there was there was

793

00:42:50,340 --> 00:42:55,800

another there was an angle that that

794

00:42:52,139 --> 00:42:57,869

popped out at at 90 degrees that went

795

00:42:55,800 --> 00:43:01,170

out maybe another couple hundred yards

796

00:42:57,869 --> 00:43:08,309

Wow so it was like elda shaped like an L

797

00:43:01,170 --> 00:43:12,269

Wow that's what I was going to say like

798

00:43:08,309 --> 00:43:17,099

uh and and and I'm sure she was a very

799
00:43:12,269 --> 00:43:18,659
credible witness and she was very more

800
00:43:17,099 --> 00:43:20,969
than willing to talk about it and

801
00:43:18,659 --> 00:43:21,509
describe it and ask you if you thought

802
00:43:20,969 --> 00:43:26,669
what

803
00:43:21,510 --> 00:43:30,000
wondered what you thought it was and in

804
00:43:26,670 --> 00:43:33,720
the in the national UFO Reporting Center

805
00:43:30,000 --> 00:43:35,699
if you want to spend a couple of a

806
00:43:33,719 --> 00:43:40,169
couple of months of your life reading

807
00:43:35,699 --> 00:43:43,230
the reports you will come across some of

808
00:43:40,170 --> 00:43:45,510
those like that yeah

809
00:43:43,230 --> 00:43:47,730
yeah you do there was one I think up in

810
00:43:45,510 --> 00:43:51,840
Alaska quite a while ago the same thing

811
00:43:47,730 --> 00:43:54,500
like a large box shaped object and you

812
00:43:51,840 --> 00:43:57,210
wonder just really how that how that is

813
00:43:54,500 --> 00:43:59,820
aerodynamically working it's yes it's

814
00:43:57,210 --> 00:44:01,860
not yeah not not in our present level of

815
00:43:59,820 --> 00:44:02,970
understanding no it's it's it's so

816
00:44:01,860 --> 00:44:05,820
strange

817
00:44:02,969 --> 00:44:08,639
George flier had a theory about that he

818
00:44:05,820 --> 00:44:11,519
thought that maybe these were all sort

819
00:44:08,639 --> 00:44:14,759
of like dirigible dirigible am i

820
00:44:11,519 --> 00:44:17,460
pronouncing that right yeah and that the

821
00:44:14,760 --> 00:44:21,180
military was sort of experimenting with

822
00:44:17,460 --> 00:44:22,650
various types of them and possibly

823
00:44:21,179 --> 00:44:25,199
that's it because I can't think of

824
00:44:22,650 --> 00:44:28,500
anything else or there

825
00:44:25,199 --> 00:44:30,689
from another world another dimension of

826
00:44:28,500 --> 00:44:33,119
space and time there's no other planets

827

00:44:30,690 --> 00:44:35,940
you know that oh boy I never believed

828
00:44:33,119 --> 00:44:39,239
that I I always got in trouble as a

829
00:44:35,940 --> 00:44:42,480
Grammar School student because I had a

830
00:44:39,239 --> 00:44:44,099
science fiction mind he was Apple Tom

831
00:44:42,480 --> 00:44:47,250
you were lucky you had your aunt Wilma

832
00:44:44,099 --> 00:44:50,099
the rest of us the rest of us just got

833
00:44:47,250 --> 00:44:54,269
sent to our room and stop talking

834
00:44:50,099 --> 00:44:57,809
nonsense you know me well my father also

835
00:44:54,269 --> 00:45:00,150
believed believed in UFOs I mean he

836
00:44:57,809 --> 00:45:03,119
believed in the existence of UFOs he

837
00:45:00,150 --> 00:45:06,630
believed that they did exist and he

838
00:45:03,119 --> 00:45:10,009
actually built a sculpture which was an

839
00:45:06,630 --> 00:45:13,070
instrument to contact alien

840
00:45:10,010 --> 00:45:17,850
intelligences and he felt that if he

841
00:45:13,070 --> 00:45:22,019

vibrated a copper basic shapes this

842

00:45:17,849 --> 00:45:25,230

sculpture is a is a wooden board and on

843

00:45:22,019 --> 00:45:28,559

it is mounted a copper wires and then

844

00:45:25,230 --> 00:45:34,699

flat copper basic what is it called

845

00:45:28,559 --> 00:45:39,869

platonic shapes square circle triangle

846

00:45:34,699 --> 00:45:42,599

maybe six sided figure I forget what the

847

00:45:39,869 --> 00:45:47,069

other one was and he would hit them with

848

00:45:42,599 --> 00:45:50,610

a mallet alternative alternately and he

849

00:45:47,070 --> 00:45:54,330

felt that that might be a kind of basic

850

00:45:50,610 --> 00:45:57,180

language vibrating those shapes out to

851

00:45:54,329 --> 00:45:59,670

the the UFOs it sounds a little bit

852

00:45:57,179 --> 00:46:03,509

nutty on one hand but he was trying and

853

00:45:59,670 --> 00:46:05,940

he was sincere and interested and so was

854

00:46:03,510 --> 00:46:08,660

he successful that's well he thinks he

855

00:46:05,940 --> 00:46:11,519

was I don't really ya know he was he was

856
00:46:08,659 --> 00:46:13,500
really eager in that regard well look at

857
00:46:11,519 --> 00:46:16,829
Tesla Tesla was convinced that we were

858
00:46:13,500 --> 00:46:18,750
getting messages from a maybe or he

859
00:46:16,829 --> 00:46:20,130
thought Mars but you know definitely not

860
00:46:18,750 --> 00:46:22,380
from this planet oh we're getting

861
00:46:20,130 --> 00:46:25,320
messages all right I'm getting some too

862
00:46:22,380 --> 00:46:29,579
okay so anyway I would get we get far

863
00:46:25,320 --> 00:46:32,010
afield sorry tom sorry Tom yes so where

864
00:46:29,579 --> 00:46:36,630
where are we going with this next I mean

865
00:46:32,010 --> 00:46:38,570
what is is your your next step here okay

866
00:46:36,630 --> 00:46:43,480
I tell you what I noticed in

867
00:46:38,570 --> 00:46:48,559
to that I never expected yeah I I

868
00:46:43,480 --> 00:46:55,750
changed what I did in vol 1 so that I

869
00:46:48,559 --> 00:46:59,630
would include the questions that were

870
00:46:55,750 --> 00:47:00,500
posed to me during abduction interviews

871
00:46:59,630 --> 00:47:08,420
ah

872
00:47:00,500 --> 00:47:11,809
and what these questions were were were

873
00:47:08,420 --> 00:47:17,180
was I given the message and what what

874
00:47:11,809 --> 00:47:21,349
did this message consists of and so I I

875
00:47:17,179 --> 00:47:24,109
seem to have come to find out that the

876
00:47:21,349 --> 00:47:27,429
message messages that that people were

877
00:47:24,110 --> 00:47:31,400
getting were directly related to the

878
00:47:27,429 --> 00:47:35,239
condition of our planet in other words

879
00:47:31,400 --> 00:47:41,210
are we polluting that kind of condition

880
00:47:35,239 --> 00:47:41,989
so I went from that premise and expanded

881
00:47:41,210 --> 00:47:46,599
it way out

882
00:47:41,989 --> 00:47:55,459
so for each particular state I looked at

883
00:47:46,599 --> 00:47:57,589
well is there is there some dumping

884

00:47:55,460 --> 00:48:02,090
that's going on in that particular state

885
00:47:57,590 --> 00:48:08,420
that shouldn't be oh yeah well what is

886
00:48:02,090 --> 00:48:12,650
the air like in this state are they

887
00:48:08,420 --> 00:48:18,590
cutting corners what about oil spills

888
00:48:12,650 --> 00:48:24,050
mm-hmm millions of gallons of dumping

889
00:48:18,590 --> 00:48:27,500
from fracking oh boy yeah and then also

890
00:48:24,050 --> 00:48:31,700
added to the to our atmosphere is fossil

891
00:48:27,500 --> 00:48:35,570
fuels well of course we're burning

892
00:48:31,699 --> 00:48:39,009
gasoline but the majority of the plants

893
00:48:35,570 --> 00:48:43,400
in the central us are coal burning

894
00:48:39,010 --> 00:48:48,140
mm-hmm and even though coal can be made

895
00:48:43,400 --> 00:48:52,490
to be cleaner most most companies don't

896
00:48:48,139 --> 00:48:54,618
really take that extra step because it's

897
00:48:52,489 --> 00:48:59,118
very very expensive so they just dumped

898
00:48:54,619 --> 00:49:00,740

into the air then what about Air Force

899

00:48:59,119 --> 00:49:03,380

bases because there's a whole lot of

900

00:49:00,739 --> 00:49:06,889

sightings around Air Force bases so I

901

00:49:03,380 --> 00:49:09,289

made notes within the book of every

902

00:49:06,889 --> 00:49:12,489

state that if there were Air Force bases

903

00:49:09,289 --> 00:49:17,960

I want to make note of that sure and

904

00:49:12,489 --> 00:49:21,368

then I also noticed that the Native

905

00:49:17,960 --> 00:49:26,179

Americans had something to do with

906

00:49:21,369 --> 00:49:27,619

contacting what they thought were their

907

00:49:26,179 --> 00:49:31,579

gods from the skies

908

00:49:27,619 --> 00:49:34,670

stops no yes yeah so I looked into every

909

00:49:31,579 --> 00:49:42,079

single state what Indians settled there

910

00:49:34,670 --> 00:49:48,110

and if they had any any stories of

911

00:49:42,079 --> 00:49:51,860

ancient gods well I came across one up

912

00:49:48,110 --> 00:50:02,260

in the Upper Lake Michigan area

913
00:49:51,860 --> 00:50:07,400
a it was called the seven fires prophecy

914
00:50:02,260 --> 00:50:12,410
look that one up because the seven fires

915
00:50:07,400 --> 00:50:15,608
prophecy has all come true and the

916
00:50:12,409 --> 00:50:21,649
seventh fire which we are in right now

917
00:50:15,608 --> 00:50:25,819
the seventh fire may relate to the fact

918
00:50:21,650 --> 00:50:28,760
that we are polluting our planet badly

919
00:50:25,820 --> 00:50:31,280
and that the planet is due for a reset

920
00:50:28,760 --> 00:50:34,520
yeah I think I think we're in the midst

921
00:50:31,280 --> 00:50:38,500
of the fifth great extinction on this

922
00:50:34,519 --> 00:50:41,719
planet and we're losing a lot of species

923
00:50:38,500 --> 00:50:44,480
etc when it's really not necessary when

924
00:50:41,719 --> 00:50:48,319
we could have a wind power and solar

925
00:50:44,480 --> 00:50:51,440
power powering a lot of our things we

926
00:50:48,320 --> 00:50:55,490
had at on our episode number 40

927
00:50:51,440 --> 00:50:59,539
dr. rd6 killer Clarke who reported on a

928
00:50:55,489 --> 00:51:03,739
lot of the Native American stories about

929
00:50:59,539 --> 00:51:05,779
star people and both today on the

930
00:51:03,739 --> 00:51:06,108
reservation and off the reservation so

931
00:51:05,780 --> 00:51:08,599
that's

932
00:51:06,108 --> 00:51:11,239
another connection for you regarding

933
00:51:08,599 --> 00:51:16,119
that but yeah I thought I think that a

934
00:51:11,239 --> 00:51:18,440
lot of the a lot of the contactees

935
00:51:16,119 --> 00:51:22,460
particularly and the abductees to a

936
00:51:18,440 --> 00:51:26,690
lesser extent get the ecological message

937
00:51:22,460 --> 00:51:28,429
from the beings from from from wherever

938
00:51:26,690 --> 00:51:30,679
they're from I want to say from space

939
00:51:28,429 --> 00:51:32,960
but we don't really know if they're from

940
00:51:30,679 --> 00:51:36,768
space or elsewhere or whether they're

941

00:51:32,960 --> 00:51:38,869
from a different a different dimensional

942
00:51:36,768 --> 00:51:41,538
plane and may live here on the earth

943
00:51:38,869 --> 00:51:44,390
with us and that would make a lot of

944
00:51:41,539 --> 00:51:51,430
sense if they're concerned about the

945
00:51:44,389 --> 00:51:55,368
ecology of the earth sure what sure I

946
00:51:51,429 --> 00:51:57,710
had my eyes open when I did the research

947
00:51:55,369 --> 00:51:59,720
for this book let me tell you because I

948
00:51:57,710 --> 00:52:04,099
never expected to find the things that I

949
00:51:59,719 --> 00:52:08,058
found with the ancient gods and the

950
00:52:04,099 --> 00:52:10,970
stories of the Indians that were exactly

951
00:52:08,059 --> 00:52:15,470
coincidental with the ancient Sumerians

952
00:52:10,969 --> 00:52:21,018
and the Egyptians and the the Dogon

953
00:52:15,469 --> 00:52:24,348
tribe and tribes in Australia and South

954
00:52:21,018 --> 00:52:26,629
America all happening right around the

955
00:52:24,349 --> 00:52:29,690

same time which was after the Second

956

00:52:26,630 --> 00:52:34,249

Great Flood hmm that's that's a very

957

00:52:29,690 --> 00:52:35,720

that's a really good that's good that

958

00:52:34,248 --> 00:52:36,788

you put those two together that's

959

00:52:35,719 --> 00:52:41,238

excellent

960

00:52:36,789 --> 00:52:45,950

yeah it shocked me it really did yeah he

961

00:52:41,239 --> 00:52:47,690

shocked me and if you know dr. Rita

962

00:52:45,949 --> 00:52:49,308

Louise I don't know if you know yes I I

963

00:52:47,690 --> 00:52:52,009

don't know her personally but I

964

00:52:49,309 --> 00:52:54,349

certainly know of her yes we have talked

965

00:52:52,009 --> 00:52:57,949

at great length about lots of different

966

00:52:54,349 --> 00:53:00,559

things and she helped me to draw some of

967

00:52:57,949 --> 00:53:06,199

the parallels that I was able to do at

968

00:53:00,559 --> 00:53:09,349

the end of volume 2 okay and it's really

969

00:53:06,199 --> 00:53:11,439

eye-opening I can't even believe that I

970
00:53:09,349 --> 00:53:14,239
found this information on my own and

971
00:53:11,440 --> 00:53:15,769
started asking questions about it and I

972
00:53:14,239 --> 00:53:17,360
can't believe that she helped me as much

973
00:53:15,768 --> 00:53:20,269
as she did it was wonderful

974
00:53:17,360 --> 00:53:23,510
it was just wonderful well one thing

975
00:53:20,269 --> 00:53:26,179
that I found out recently which blew my

976
00:53:23,510 --> 00:53:30,320
socks off a little bit was that a

977
00:53:26,179 --> 00:53:31,879
researcher about this with his second

978
00:53:30,320 --> 00:53:37,930
great flood that you was speaking of

979
00:53:31,880 --> 00:53:43,250
that ended the last ice age and about

980
00:53:37,929 --> 00:53:47,419
9,000 70 or so BC is the closest they

981
00:53:43,250 --> 00:53:50,329
can come to it that the ice of the last

982
00:53:47,420 --> 00:53:54,079
great Ice Age ended in about two weeks

983
00:53:50,329 --> 00:53:57,409
time that the the climate of the planet

984
00:53:54,079 --> 00:53:59,739
totally changed in two weeks time so

985
00:53:57,409 --> 00:54:03,799
that that would be a real wake-up call

986
00:53:59,739 --> 00:54:07,519
to us here on earth if something like

987
00:54:03,800 --> 00:54:09,530
that were to happen again had nothing to

988
00:54:07,519 --> 00:54:10,909
do with pollution obviously no no that

989
00:54:09,530 --> 00:54:14,240
time it didn't have nothing to do with

990
00:54:10,909 --> 00:54:18,409
pollution but nonetheless it did and it

991
00:54:14,239 --> 00:54:22,429
ended it is summize over a coronal mass

992
00:54:18,409 --> 00:54:25,819
ejection of great proportion like we

993
00:54:22,429 --> 00:54:28,639
have never seen in ten thousand years

994
00:54:25,820 --> 00:54:33,350
ten ten thousand years now that we are

995
00:54:28,639 --> 00:54:37,549
in a time now of relative solar quiet

996
00:54:33,349 --> 00:54:40,969
which can proceeds big outbursts from

997
00:54:37,550 --> 00:54:42,440
the Sun which could knock out all our

998

00:54:40,969 --> 00:54:43,909
internet and all that stuff and then

999
00:54:42,440 --> 00:54:47,269
there'd be no more shattered reality

1000
00:54:43,909 --> 00:54:50,059
podcast for a while from ever we could

1001
00:54:47,269 --> 00:54:52,340
always write it by hand and mail it no

1002
00:54:50,059 --> 00:54:55,880
no not even mail it no no

1003
00:54:52,340 --> 00:54:58,190
so um but but we keep forgetting to ask

1004
00:54:55,880 --> 00:55:01,099
Tom the name of his book yeah we want to

1005
00:54:58,190 --> 00:55:03,500
repeat before before we say goodbye not

1006
00:55:01,099 --> 00:55:06,500
immediately but shortly we do want you

1007
00:55:03,500 --> 00:55:09,139
to repeat the names of your books and

1008
00:55:06,500 --> 00:55:14,300
where they can get them and your all

1009
00:55:09,139 --> 00:55:18,739
your various and sundry info there okay

1010
00:55:14,300 --> 00:55:24,289
Mike well the book is entitled they are

1011
00:55:18,739 --> 00:55:26,029
here volume 1 and volume 2 so far volume

1012
00:55:24,289 --> 00:55:30,159

3 is going to be out shortly

1013

00:55:26,030 --> 00:55:30,160
well in in a while

1014

00:55:31,510 --> 00:55:38,860
it is available through Amazon okay it

1015

00:55:34,960 --> 00:55:45,179
is also available if you were to email

1016

00:55:38,860 --> 00:55:47,740
me directly and I will give it to you at

1017

00:55:45,179 --> 00:55:52,869
significantly reduced price plus I'll

1018

00:55:47,739 --> 00:55:58,000
also sign it for you now you can contact

1019

00:55:52,869 --> 00:56:01,929
me through Facebook was one way my my

1020

00:55:58,000 --> 00:56:06,099
address on Facebook is Tom dot con well

1021

00:56:01,929 --> 00:56:08,409
dot three if you look that up you you're

1022

00:56:06,099 --> 00:56:11,349
gonna see me and see all my my

1023

00:56:08,409 --> 00:56:14,710
information there and you can contact me

1024

00:56:11,349 --> 00:56:17,949
through Facebook author Thomas author

1025

00:56:14,710 --> 00:56:21,990
Thomas Conwell is an is my author page

1026

00:56:17,949 --> 00:56:24,569
on Facebook and my email address is

1027
00:56:21,989 --> 00:56:32,229
listen carefully okay

1028
00:56:24,570 --> 00:56:36,510
Co n wel to my last name is LL okay but

1029
00:56:32,230 --> 00:56:45,550
this is not my email addresses T Co n

1030
00:56:36,510 --> 00:56:49,170
wel to @n y CA P dot RR dot com okay

1031
00:56:45,550 --> 00:56:53,230
what does C PA that's your a group the

1032
00:56:49,170 --> 00:56:56,220
phenomenal expert the expert group yeah

1033
00:56:53,230 --> 00:57:00,940
you want to say research group that you

1034
00:56:56,219 --> 00:57:06,039
know the NYC ap the New York capital

1035
00:57:00,940 --> 00:57:12,700
that's a Oh a Time Warner address oh

1036
00:57:06,039 --> 00:57:14,800
okay okay sorry so um so you obviously

1037
00:57:12,699 --> 00:57:18,909
put a lot of time and effort and

1038
00:57:14,800 --> 00:57:20,800
research into these books yeah when I

1039
00:57:18,909 --> 00:57:23,230
wrote my first book I didn't expect to

1040
00:57:20,800 --> 00:57:26,019
write a book I was just looking to get

1041
00:57:23,230 --> 00:57:28,150
some information so that I could go out

1042
00:57:26,019 --> 00:57:30,099
and do talks

1043
00:57:28,150 --> 00:57:33,730
mm-hm I just I enjoy that the most

1044
00:57:30,099 --> 00:57:36,610
mm-hmm and I got so much information

1045
00:57:33,730 --> 00:57:39,670
together and found out such cool stuff

1046
00:57:36,610 --> 00:57:42,490
that I had to put it in a book for him

1047
00:57:39,670 --> 00:57:43,510
okay so I did I didn't think it through

1048
00:57:42,489 --> 00:57:46,329
his throat

1049
00:57:43,510 --> 00:57:49,210
probably sort of because once I did vol

1050
00:57:46,329 --> 00:57:53,380
2 that's when I got all that other

1051
00:57:49,210 --> 00:57:56,440
information in there about pollution and

1052
00:57:53,380 --> 00:57:59,260
about Native Americans and I did the map

1053
00:57:56,440 --> 00:58:01,630
I'm in the process now doing the map for

1054
00:57:59,260 --> 00:58:05,220
volume 1 and putting that on my webpage

1055

00:58:01,630 --> 00:58:09,940
which I will give to anyone who

1056
00:58:05,219 --> 00:58:11,739
purchases my book yeah so at least you

1057
00:58:09,940 --> 00:58:16,360
could be an aunt rumor to some young

1058
00:58:11,739 --> 00:58:19,329
feller girl coming up in the field I can

1059
00:58:16,360 --> 00:58:21,070
only hope yeah that would be great so we

1060
00:58:19,329 --> 00:58:25,480
want to thank you so much for being with

1061
00:58:21,070 --> 00:58:28,930
us today Tom and your work sounds just

1062
00:58:25,480 --> 00:58:32,019
very interesting and very intense and we

1063
00:58:28,929 --> 00:58:34,480
hope you keep up the the struggle here

1064
00:58:32,019 --> 00:58:37,000
to get it all categorized and so forth

1065
00:58:34,480 --> 00:58:40,780
and we look forward to speaking to you

1066
00:58:37,000 --> 00:58:43,599
again yeah thank you very much I would

1067
00:58:40,780 --> 00:58:46,720
love to be on your show again also I'd

1068
00:58:43,599 --> 00:58:51,099
like for you to consider talking to

1069
00:58:46,719 --> 00:58:54,189

Cheryl hosta Cheryl is doing a similar

1070

00:58:51,099 --> 00:58:57,819

kind of research that I'm doing and we

1071

00:58:54,190 --> 00:59:00,039

actually found each other because we of

1072

00:58:57,820 --> 00:59:02,350

something that she published that I had

1073

00:59:00,039 --> 00:59:03,849

seen hey I'm doing that too you know we

1074

00:59:02,349 --> 00:59:05,500

struck up a friendship and you're both

1075

00:59:03,849 --> 00:59:11,380

in New York State so what could be

1076

00:59:05,500 --> 00:59:14,619

better yes she is she is I I am friends

1077

00:59:11,380 --> 00:59:17,980

with her on Facebook and I have sent you

1078

00:59:14,619 --> 00:59:20,170

a friend request as well and and as long

1079

00:59:17,980 --> 00:59:23,710

as we're talking about Facebook I would

1080

00:59:20,170 --> 00:59:27,220

like all our listeners to get on

1081

00:59:23,710 --> 00:59:31,030

facebook and like shattered reality

1082

00:59:27,219 --> 00:59:33,189

podcast just put those words in we're

1083

00:59:31,030 --> 00:59:38,740

the only ones on Facebook that are

1084
00:59:33,190 --> 00:59:41,190
shattered reality podcast okay so we're

1085
00:59:38,739 --> 00:59:45,879
going to wish you a fond farewell

1086
00:59:41,190 --> 00:59:48,220
temporary but necessary and take care

1087
00:59:45,880 --> 00:59:50,170
now Tom yeah thanks again Tom thank you

1088
00:59:48,219 --> 00:59:53,219
okay thank thank you for everything

1089
00:59:50,170 --> 00:59:53,220
thank you

1090
00:59:55,170 --> 01:00:02,490
so here we are mm-hmm shattered reality

1091
00:59:59,550 --> 01:00:04,800
once again yeah I just hoped for Tom and

1092
01:00:02,489 --> 01:00:08,189
for both of us that one day we do find

1093
01:00:04,800 --> 01:00:10,620
out who they are I certainly would come

1094
01:00:08,190 --> 01:00:13,230
on you know really it's getting annoying

1095
01:00:10,619 --> 01:00:15,779
no I mean so like you know you're flying

1096
01:00:13,230 --> 01:00:18,719
around forever so pop up let us know say

1097
01:00:15,780 --> 01:00:20,460
hi you know something Kate and I have to

1098
01:00:18,719 --> 01:00:22,769
tell you something you need to be

1099
01:00:20,460 --> 01:00:25,320
careful of what you wish for since we

1100
01:00:22,769 --> 01:00:27,179
had an EVP last time your watch Street

1101
01:00:25,320 --> 01:00:29,070
oh and you know you're gonna be driving

1102
01:00:27,179 --> 01:00:31,589
in a car and you're gonna do look to

1103
01:00:29,070 --> 01:00:33,080
your right and there's guys gonna be

1104
01:00:31,590 --> 01:00:34,620
sitting right next to you and the

1105
01:00:33,079 --> 01:00:37,529
nightmare actually

1106
01:00:34,619 --> 01:00:39,000
oh yeah in the backseat though in the

1107
01:00:37,530 --> 01:00:41,160
backseat and I see it in the rearview

1108
01:00:39,000 --> 01:00:50,670
mirror it's just a nice person sitting

1109
01:00:41,159 --> 01:00:52,319
there yes no monster but that's okay

1110
01:00:50,670 --> 01:00:54,659
but you're right I do drive through some

1111
01:00:52,320 --> 01:00:56,820
pretty dark areas on the way home so we

1112

01:00:54,659 --> 01:01:00,899
you have to be careful for what you wish

1113
01:00:56,820 --> 01:01:03,420
for we all want to see a UFO we don't

1114
01:01:00,900 --> 01:01:05,369
necessarily all want to get inside one

1115
01:01:03,420 --> 01:01:07,980
no not unless we're with a group of

1116
01:01:05,369 --> 01:01:12,210
friends well even then they separate you

1117
01:01:07,980 --> 01:01:17,150
when you come on anyway what we would

1118
01:01:12,210 --> 01:01:21,929
like to announce is that on May 20th

1119
01:01:17,150 --> 01:01:28,079
2017 we hope to see you and do the drum

1120
01:01:21,929 --> 01:01:32,759
roll okay we hope to see you at the Pine

1121
01:01:28,079 --> 01:01:34,860
Bush UFO phenomena festival first of all

1122
01:01:32,760 --> 01:01:36,420
what's a phenomenon it is a phenomena

1123
01:01:34,860 --> 01:01:38,610
and it's if you haven't been there go

1124
01:01:36,420 --> 01:01:40,920
it's just a lot of fun yeah oh he is and

1125
01:01:38,610 --> 01:01:42,599
you know good luck parking but it did

1126
01:01:40,920 --> 01:01:44,369

set many people there and it's just

1127

01:01:42,599 --> 01:01:46,829

really interesting and fun and they have

1128

01:01:44,369 --> 01:01:51,569

good food they have nice food there's

1129

01:01:46,829 --> 01:01:53,880

also the Flying Saucer diner up yeah and

1130

01:01:51,570 --> 01:01:55,830

then they have the UFO patrol car that

1131

01:01:53,880 --> 01:01:57,900

was good that was all excellent and

1132

01:01:55,829 --> 01:02:01,110

people dressed in costume so basically

1133

01:01:57,900 --> 01:02:04,889

what the breakdown is is the daytime at

1134

01:02:01,110 --> 01:02:08,760

the festival is generally family fun and

1135

01:02:04,889 --> 01:02:11,759

there are some speakers that

1136

01:02:08,760 --> 01:02:14,580

speak short gives short presentations

1137

01:02:11,760 --> 01:02:17,120

and then at night there are the very

1138

01:02:14,579 --> 01:02:19,679

serious researchers at the high school

1139

01:02:17,119 --> 01:02:21,869

and we're going to be there and we're

1140

01:02:19,679 --> 01:02:25,500

going to be talking to people asking

1141
01:02:21,869 --> 01:02:28,739
questions maybe giving a little talk

1142
01:02:25,500 --> 01:02:32,489
ourselves and recording the responses of

1143
01:02:28,739 --> 01:02:36,149
our listeners so come on up there

1144
01:02:32,489 --> 01:02:38,189
talk to us May 20th Pine Bush New York

1145
01:02:36,150 --> 01:02:41,610
if you're anywhere in the area

1146
01:02:38,190 --> 01:02:44,190
whatsoever it is a fun day out and

1147
01:02:41,610 --> 01:02:46,980
especially if you're interested in the

1148
01:02:44,190 --> 01:02:49,860
UFO phenomena in addition there are some

1149
01:02:46,980 --> 01:02:52,889
people who are general paranormalists I

1150
01:02:49,860 --> 01:02:55,890
would say into EVPs and stuff like that

1151
01:02:52,889 --> 01:02:58,409
yeah anti-bush what is or was at least a

1152
01:02:55,889 --> 01:03:00,059
real hot spot for UFOs at one time yes

1153
01:02:58,409 --> 01:03:02,489
it was it was like all the triangles

1154
01:03:00,059 --> 01:03:04,829
seemed to be coming from there yeah yeah

1155
01:03:02,489 --> 01:03:08,609
during the triangle sightings the Hudson

1156
01:03:04,829 --> 01:03:11,219
Valley triangle sightings yeah laughs

1157
01:03:08,610 --> 01:03:15,269
yeah and we're kind of waiting for a new

1158
01:03:11,219 --> 01:03:17,609
flap to begin yeah come on okay all

1159
01:03:15,269 --> 01:03:20,059
right okay well I guess that concludes

1160
01:03:17,610 --> 01:03:24,230
yet another wonderful session of

1161
01:03:20,059 --> 01:03:24,230
shattered reality

1162
01:03:30,610 --> 01:03:34,419
[Music]

1163
01:03:41,369 --> 01:03:44,789
what was it
