

1
00:00:08,630 --> 00:00:12,300
[Music]

2
00:00:17,179 --> 00:00:25,289
welcome to shattered reality with your

3
00:00:20,669 --> 00:00:28,560
hosts eight Ballantine and prepared

4
00:00:25,289 --> 00:00:35,100
ahead of paradigm is shifted into booths

5
00:00:28,559 --> 00:00:37,409
question and now shattered reality well

6
00:00:35,100 --> 00:00:40,770
here we are again firoozeh and I guess

7
00:00:37,409 --> 00:00:50,519
you'd like to sleep the date absolutely

8
00:00:40,770 --> 00:00:57,719
today is September 12 2017 and we are

9
00:00:50,520 --> 00:01:01,379
back for our 54th show after a few weeks

10
00:00:57,719 --> 00:01:05,338
break for the summertime and Eclipse

11
00:01:01,378 --> 00:01:07,500
viewing right right and so I went down

12
00:01:05,338 --> 00:01:09,810
to view the Eclipse did you actually see

13
00:01:07,500 --> 00:01:13,950
there did a cloud over it was just at

14
00:01:09,810 --> 00:01:16,379
the it clouded over and and but I did

15
00:01:13,950 --> 00:01:19,799
see a great deal of it I saw it got dark

16
00:01:16,379 --> 00:01:22,818
I saw the planet Venus which was there I

17
00:01:19,799 --> 00:01:26,750
heard those insects come out in the

18
00:01:22,819 --> 00:01:29,099
semi-darkness and all around the horizon

19
00:01:26,750 --> 00:01:33,228
you could see a little bit of light but

20
00:01:29,099 --> 00:01:36,420
the the sky above was completely dark

21
00:01:33,228 --> 00:01:38,700
and then the cloud moved because it

22
00:01:36,420 --> 00:01:42,478
wasn't very thick and it moved away so I

23
00:01:38,700 --> 00:01:43,489
saw most of the eclipse but like a mile

24
00:01:42,478 --> 00:01:51,780
and a half away

25
00:01:43,489 --> 00:01:53,819
they had no cloud mmm yes yeah and I

26
00:01:51,780 --> 00:01:56,299
also went to see the Serpent Mound out

27
00:01:53,819 --> 00:01:59,579
in Ohio built by the mound builder

28
00:01:56,299 --> 00:02:02,159
civilization which was fascinating too

29

00:01:59,579 --> 00:02:07,789
but no time for that right now but was

30
00:02:02,159 --> 00:02:11,699
no we have today a wonderful guest and

31
00:02:07,789 --> 00:02:15,360
our guest is dr. Roger Nelson who is a

32
00:02:11,699 --> 00:02:18,780
PhD he was the coordinator of research

33
00:02:15,360 --> 00:02:20,490
at the Princeton engineering anomalies

34
00:02:18,780 --> 00:02:23,250
research laboratory

35
00:02:20,490 --> 00:02:27,060
pair lab as many people know it at

36
00:02:23,250 --> 00:02:29,639
Princeton University from 1980 to 2002

37
00:02:27,060 --> 00:02:33,810
and he has directed the global

38
00:02:29,639 --> 00:02:38,309
consciousness project the GCP since its

39
00:02:33,810 --> 00:02:40,319
inception in 1997 his interests lie in

40
00:02:38,310 --> 00:02:43,199
the areas of psychology physics

41
00:02:40,319 --> 00:02:45,590
philosophy and the arts and he has been

42
00:02:43,199 --> 00:02:49,799
given opportunities to collaborate with

43
00:02:45,590 --> 00:02:52,830

creative interdisciplinary teams at pear

44

00:02:49,800 --> 00:02:55,469

and elsewhere developing ways to study

45

00:02:52,830 --> 00:02:56,880

consciousness and intention so he's

46

00:02:55,469 --> 00:03:00,210

right up our alley with that

47

00:02:56,879 --> 00:03:02,090

consciousness and intention Roger's work

48

00:03:00,210 --> 00:03:04,740

integrates science and spirituality

49

00:03:02,090 --> 00:03:08,780

including research that is directly

50

00:03:04,740 --> 00:03:11,189

focused on numinous communal experience

51

00:03:08,780 --> 00:03:14,580

building on years of laboratory

52

00:03:11,189 --> 00:03:17,430

experiments Roger began using random

53

00:03:14,580 --> 00:03:20,219

event generator technology in the field

54

00:03:17,430 --> 00:03:22,230

to study the effects of special states

55

00:03:20,219 --> 00:03:25,710

of group consciousness

56

00:03:22,229 --> 00:03:28,349

this led naturally to the GCP which is

57

00:03:25,710 --> 00:03:30,740

designed to register indications of a

58
00:03:28,349 --> 00:03:33,780
coalescing global consciousness

59
00:03:30,740 --> 00:03:36,990
responding to major world events such as

60
00:03:33,780 --> 00:03:40,969
9/11 the beginnings of war or New Year's

61
00:03:36,990 --> 00:03:43,980
Eve speculative interpretation

62
00:03:40,969 --> 00:03:46,979
interpretations suggest that we may be

63
00:03:43,979 --> 00:03:49,649
looking at some form of consciousness

64
00:03:46,979 --> 00:03:52,169
field though we don't have a full

65
00:03:49,650 --> 00:03:54,750
explanation this frontier research

66
00:03:52,169 --> 00:03:57,359
provides evidence of interconnection and

67
00:03:54,750 --> 00:04:00,840
interaction of our minds with the

68
00:03:57,360 --> 00:04:04,410
environment it is consonant with ancient

69
00:04:00,840 --> 00:04:09,330
and modern ideas about a nascent greater

70
00:04:04,409 --> 00:04:13,340
consciousness and now dr. Roger Nelson

71
00:04:09,330 --> 00:04:17,639
welcome to shattered reality podcast

72
00:04:13,340 --> 00:04:19,410
hello thank you for having me on thank

73
00:04:17,639 --> 00:04:21,298
you for taking the time to be here with

74
00:04:19,410 --> 00:04:23,130
us it is really quite an interesting

75
00:04:21,298 --> 00:04:25,169
resume and I'm sure you're very busy

76
00:04:23,129 --> 00:04:28,949
person so we really appreciate your

77
00:04:25,170 --> 00:04:32,729
being here today we do and to start off

78
00:04:28,949 --> 00:04:33,959
with I wonder if you could tell us a

79
00:04:32,728 --> 00:04:39,329
little bit more of

80
00:04:33,959 --> 00:04:41,489
about your earlier self like we all know

81
00:04:39,329 --> 00:04:46,258
I mean people who are in the field and

82
00:04:41,490 --> 00:04:48,389
not our listenership has people who are

83
00:04:46,259 --> 00:04:51,990
in the fields of us following

84
00:04:48,389 --> 00:04:55,288
consciousness and other anomalous edge

85
00:04:51,990 --> 00:04:57,210
science stuff but not everybody knows

86

00:04:55,288 --> 00:05:01,620
about the pair lab though we did have

87
00:04:57,209 --> 00:05:04,168
Brenda done on a few weeks ago but what

88
00:05:01,620 --> 00:05:07,259
we don't know even people who know about

89
00:05:04,168 --> 00:05:09,240
you and the pair lab and the global

90
00:05:07,259 --> 00:05:14,400
consciousness project they don't know

91
00:05:09,240 --> 00:05:21,900
where you came from to start with the

92
00:05:14,399 --> 00:05:26,329
pair lab prior to 1980 as is the case

93
00:05:21,899 --> 00:05:26,329
for all of us I came from the stars star

94
00:05:26,689 --> 00:05:37,589
theory but I did I hear is I mean I was

95
00:05:32,579 --> 00:05:40,008
a curious kid and there were enormous ly

96
00:05:37,589 --> 00:05:43,079
interesting things that I would get

97
00:05:40,009 --> 00:05:45,389
window but I couldn't really learn very

98
00:05:43,079 --> 00:05:49,978
much about them because I would grew up

99
00:05:45,389 --> 00:05:52,769
in small town in Nebraska and things

100
00:05:49,978 --> 00:05:54,079

like yoga and Buddhism and

101

00:05:52,769 --> 00:05:56,038

[Music]

102

00:05:54,079 --> 00:06:02,120

parapsychology for heaven's sakes or

103

00:05:56,038 --> 00:06:06,360

UFOs none of those things had much other

104

00:06:02,120 --> 00:06:10,680

representation there so I gradually

105

00:06:06,360 --> 00:06:14,069

found my way into these areas by going

106

00:06:10,680 --> 00:06:16,408

to the library and looking for one thing

107

00:06:14,069 --> 00:06:21,329

and finding another and until eventually

108

00:06:16,408 --> 00:06:24,259

I my curiosity was piqued so much that I

109

00:06:21,329 --> 00:06:27,859

gathered some of my friends to do

110

00:06:24,259 --> 00:06:32,340

experiments what we called

111

00:06:27,860 --> 00:06:35,370

parapsychology we did ESP experiments

112

00:06:32,339 --> 00:06:39,629

that is we asked people to try to guess

113

00:06:35,370 --> 00:06:41,759

which card is coming up next or what

114

00:06:39,629 --> 00:06:44,718

card would be in the middle of a stack

115
00:06:41,759 --> 00:06:47,670
and and so forth and it turned out that

116
00:06:44,718 --> 00:06:49,379
we we got results from those experiments

117
00:06:47,670 --> 00:06:54,600
which were exactly the right kind of

118
00:06:49,379 --> 00:06:57,540
thing by that I mean there was nothing

119
00:06:54,600 --> 00:06:59,520
so earth-shaking but it was always a

120
00:06:57,540 --> 00:07:01,980
little bit different from what should

121
00:06:59,519 --> 00:07:04,979
happen if there isn't any such thing as

122
00:07:01,980 --> 00:07:08,189
yes P so in other words we got results

123
00:07:04,980 --> 00:07:10,939
of like this I on just who were read

124
00:07:08,189 --> 00:07:15,870
about in the book also got and that

125
00:07:10,939 --> 00:07:19,199
probably settled me into the pad which

126
00:07:15,870 --> 00:07:22,800
had lots of twists and turns where I

127
00:07:19,199 --> 00:07:26,490
ultimately had the opportunity to dig in

128
00:07:22,800 --> 00:07:28,860
and do my own very careful scientific

129
00:07:26,490 --> 00:07:31,259
research along with a bunch of really

130
00:07:28,860 --> 00:07:35,879
bright people in Princeton that's that's

131
00:07:31,259 --> 00:07:40,099
very very cool now you say that you got

132
00:07:35,879 --> 00:07:43,079
some results that were a reasonable

133
00:07:40,100 --> 00:07:47,220
amount of I guess we say standard

134
00:07:43,079 --> 00:07:51,120
deviation from the the flatline right or

135
00:07:47,220 --> 00:07:53,370
as you guys put it the random walk it's

136
00:07:51,120 --> 00:07:56,970
not what you say Yeah right

137
00:07:53,370 --> 00:07:59,970
I mean basically when most of the

138
00:07:56,970 --> 00:08:03,540
experiments that we had at the pear lab

139
00:07:59,970 --> 00:08:06,420
at Princeton use some kind of had some

140
00:08:03,540 --> 00:08:08,400
kind of random source we also did what

141
00:08:06,420 --> 00:08:11,460
was called remote perception or remote

142
00:08:08,399 --> 00:08:13,949
viewing experiments but all of the all

143

00:08:11,459 --> 00:08:16,620
the machine oriented or mind machine

144
00:08:13,949 --> 00:08:18,599
interaction experiments had some kind of

145
00:08:16,620 --> 00:08:22,370
random source and what a random source

146
00:08:18,600 --> 00:08:25,379
does is unpredictable normally and

147
00:08:22,370 --> 00:08:28,019
that's the criterion for it to be random

148
00:08:25,379 --> 00:08:31,370
is that from one step to the next step

149
00:08:28,019 --> 00:08:36,120
there is no way that there would be

150
00:08:31,370 --> 00:08:40,200
nature or there the heads or tails

151
00:08:36,120 --> 00:08:43,200
quality of the next step can be best or

152
00:08:40,200 --> 00:08:45,420
predicted so what we did was set up

153
00:08:43,200 --> 00:08:48,390
experiments with a really high quality

154
00:08:45,419 --> 00:08:52,169
random sources a lot of different kinds

155
00:08:48,389 --> 00:08:55,649
things like pendulums and water

156
00:08:52,169 --> 00:08:58,919
fountains and beautiful optical displays

157
00:08:55,649 --> 00:09:00,809

and and so forth along with classical

158

00:08:58,919 --> 00:09:04,610
random number generator

159

00:09:00,809 --> 00:09:07,799
and in all cases we ask people to try to

160

00:09:04,610 --> 00:09:09,419
change that system so there it was it

161

00:09:07,799 --> 00:09:12,539
didn't become predictable in the sense

162

00:09:09,419 --> 00:09:14,729
that they would get higher numbers if

163

00:09:12,539 --> 00:09:17,849
that's what they were trying to do if

164

00:09:14,730 --> 00:09:20,870
they were trying for low numbers than we

165

00:09:17,850 --> 00:09:24,659
would expect and we did find that those

166

00:09:20,870 --> 00:09:26,940
truly high-quality random sources became

167

00:09:24,659 --> 00:09:29,549
a little bit less random apparently

168

00:09:26,940 --> 00:09:33,120
because of intention and consciousness

169

00:09:29,549 --> 00:09:37,109
who are the people that you used as test

170

00:09:33,120 --> 00:09:40,289
subjects we did get those at random as

171

00:09:37,110 --> 00:09:44,070
well or was there some sort of a pattern

172
00:09:40,289 --> 00:09:48,750
to your choosing them actually what we

173
00:09:44,070 --> 00:09:54,020
the way we describe our what we called

174
00:09:48,750 --> 00:09:55,230
operator pool subject were people who

175
00:09:54,019 --> 00:09:57,269
volunteered

176
00:09:55,230 --> 00:10:00,629
okay they were self selected they had to

177
00:09:57,269 --> 00:10:03,960
be interested enough to discover that we

178
00:10:00,629 --> 00:10:06,629
were there but we didn't look for people

179
00:10:03,960 --> 00:10:09,960
who claimed any special powers mm-hm and

180
00:10:06,629 --> 00:10:11,340
in a sense even though it might not be

181
00:10:09,960 --> 00:10:15,509
entirely true because of the self

182
00:10:11,340 --> 00:10:18,870
selection what we were trying and what

183
00:10:15,509 --> 00:10:23,519
we described as our pool was people who

184
00:10:18,870 --> 00:10:26,629
are ordinary people with thought to

185
00:10:23,519 --> 00:10:30,000
finding out how common is the ability to

186
00:10:26,629 --> 00:10:33,539
change the way of random machine works

187
00:10:30,000 --> 00:10:36,840
how common is that ability in the

188
00:10:33,539 --> 00:10:39,539
population so we wanted regular people

189
00:10:36,840 --> 00:10:42,560
in other words right what you did you

190
00:10:39,539 --> 00:10:45,629
did have down there one of our previous

191
00:10:42,559 --> 00:10:48,779
previous guests previous to yourself and

192
00:10:45,629 --> 00:10:51,570
Brenda done and that was Angela Thompson

193
00:10:48,779 --> 00:10:54,029
Smith who actually found out that she

194
00:10:51,570 --> 00:10:58,379
was quite psychic I suspect is that the

195
00:10:54,029 --> 00:11:00,870
case well we don't we never did talk

196
00:10:58,379 --> 00:11:03,990
very much about the performance of

197
00:11:00,870 --> 00:11:06,210
individuals but Angela did do none of

198
00:11:03,990 --> 00:11:07,889
those experiments I don't think she

199
00:11:06,210 --> 00:11:11,700
would mine and maybe she even did this

200

00:11:07,889 --> 00:11:14,730
herself if I tell a little story of an

201
00:11:11,700 --> 00:11:16,879
experience that she reported back

202
00:11:14,730 --> 00:11:19,769
after doing some of these experiments

203
00:11:16,879 --> 00:11:21,570
she said she was looking at this random

204
00:11:19,769 --> 00:11:24,149
number generator and trying to get high

205
00:11:21,570 --> 00:11:27,570
numbers or low numbers and we're trying

206
00:11:24,149 --> 00:11:30,570
to let it just do baselines which was in

207
00:11:27,570 --> 00:11:33,060
other words let it be so

208
00:11:30,570 --> 00:11:35,670
she wasn't having any success she tried

209
00:11:33,059 --> 00:11:38,669
and she tried different ways and she

210
00:11:35,669 --> 00:11:40,559
thought and she you know concentrated

211
00:11:38,669 --> 00:11:43,500
and so forth and she's finally she said

212
00:11:40,559 --> 00:11:46,039
at some point well I'm just I'm gonna

213
00:11:43,500 --> 00:11:49,559
just lean back and read it a magazine

214
00:11:46,039 --> 00:11:51,719

doggone it and at that point she began

215

00:11:49,559 --> 00:11:54,869
to get the kind of result she was

216

00:11:51,720 --> 00:11:57,690
expecting and desiring so in other words

217

00:11:54,870 --> 00:12:00,448
she learned how to get out of the way

218

00:11:57,690 --> 00:12:02,370
and I think that is something that is

219

00:12:00,448 --> 00:12:05,849
extremely important in these kinds of

220

00:12:02,370 --> 00:12:08,970
experiments we used to say grunting and

221

00:12:05,850 --> 00:12:13,230
straining isn't what works what works is

222

00:12:08,970 --> 00:12:15,778
to allow this interconnection the

223

00:12:13,230 --> 00:12:20,930
connection between myself and the

224

00:12:15,778 --> 00:12:26,220
machine to happen okay

225

00:12:20,929 --> 00:12:29,388
so just at this point we had as I had

226

00:12:26,220 --> 00:12:33,269
mentioned somebody who wrote me a very

227

00:12:29,389 --> 00:12:35,068
interested letter somebody who may have

228

00:12:33,269 --> 00:12:37,679
met you I think he didn't meet you back

229
00:12:35,068 --> 00:12:39,838
in the past not a significant meeting I

230
00:12:37,679 --> 00:12:43,409
don't think but he was very interested

231
00:12:39,839 --> 00:12:45,420
in the subject matter and generally goes

232
00:12:43,409 --> 00:12:48,809
out he's a spiritual seeker I would say

233
00:12:45,419 --> 00:12:51,149
his name is Bob paddock and he was under

234
00:12:48,809 --> 00:12:55,489
the impression for one thing that you

235
00:12:51,149 --> 00:12:58,129
were all using radioactive decay and I

236
00:12:55,490 --> 00:13:01,079
explained to him that you were using

237
00:12:58,129 --> 00:13:03,088
electron tunneling do you want to

238
00:13:01,078 --> 00:13:07,078
briefly and I don't want to get way off

239
00:13:03,089 --> 00:13:09,839
the the track in very technical stuff

240
00:13:07,078 --> 00:13:12,138
but maybe you want to tell us a little

241
00:13:09,839 --> 00:13:17,000
bit about electron tunneling versus

242
00:13:12,139 --> 00:13:20,789
versus decay of radioactive matter to

243
00:13:17,000 --> 00:13:23,068
generate random numbers or events right

244
00:13:20,789 --> 00:13:28,289
that's two different technologies for

245
00:13:23,068 --> 00:13:31,679
creating true random number sequences

246
00:13:28,289 --> 00:13:37,289
radioactive decay just has a counter

247
00:13:31,679 --> 00:13:41,698
Geiger counter counting noting the the

248
00:13:37,289 --> 00:13:46,528
ticks and he uses that breakdown of

249
00:13:41,698 --> 00:13:49,828
atomic particles to which is a truly

250
00:13:46,528 --> 00:13:52,289
random process and you're right we never

251
00:13:49,828 --> 00:13:58,409
did use random sources instead we use

252
00:13:52,289 --> 00:14:02,789
diodes and some other technology but the

253
00:13:58,409 --> 00:14:04,889
diodes are basically a switch which is

254
00:14:02,789 --> 00:14:08,068
not designed to allow electrons to flow

255
00:14:04,889 --> 00:14:11,159
one direction but not the other

256
00:14:08,068 --> 00:14:14,669
direction and our circuits were set up

257

00:14:11,159 --> 00:14:17,730
to push electrons against the barrier of

258
00:14:14,669 --> 00:14:20,338
the switch where they and they should

259
00:14:17,730 --> 00:14:25,050
not have you know they shouldn't be able

260
00:14:20,339 --> 00:14:27,720
to get through the barrier but because

261
00:14:25,049 --> 00:14:32,068
of this quantum level process called

262
00:14:27,720 --> 00:14:33,870
electron tunneling some electrons appear

263
00:14:32,068 --> 00:14:36,198
on the other side of the barrier and

264
00:14:33,870 --> 00:14:39,720
they create a tiny voltage which

265
00:14:36,198 --> 00:14:42,990
fluctuates randomly that is what we

266
00:14:39,720 --> 00:14:46,220
sample and turn into ones and zeros for

267
00:14:42,990 --> 00:14:49,198
our random sequence so it's a very

268
00:14:46,220 --> 00:14:52,490
that's it just as radioactivity is a

269
00:14:49,198 --> 00:14:57,539
completely unpredictable quantum process

270
00:14:52,490 --> 00:15:03,120
which produces truly random numbers they

271
00:14:57,539 --> 00:15:06,179

qualify as unpredictable very good but I

272

00:15:03,120 --> 00:15:09,839

think the point of all this research on

273

00:15:06,179 --> 00:15:13,799

yours was to lead you more deeply into

274

00:15:09,839 --> 00:15:16,560

global consciousness yeah and I think

275

00:15:13,799 --> 00:15:17,909

that is that your main interest now at

276

00:15:16,559 --> 00:15:21,169

this time thank you

277

00:15:17,909 --> 00:15:25,019

well the global consciousness project

278

00:15:21,169 --> 00:15:26,729

came came after the two earlier stages

279

00:15:25,019 --> 00:15:28,560

one of them that we've been talking

280

00:15:26,730 --> 00:15:32,220

about machines in the laboratory and

281

00:15:28,559 --> 00:15:35,399

people intentionally trying to change

282

00:15:32,220 --> 00:15:38,790

their behavior the second stage was what

283

00:15:35,399 --> 00:15:40,769

we called field research or field or EEG

284

00:15:38,789 --> 00:15:42,120

research random number generator

285

00:15:40,769 --> 00:15:45,000

research where we

286
00:15:42,120 --> 00:15:48,740
you would take a very you know a very

287
00:15:45,000 --> 00:15:51,570
miniaturized version of this electronic

288
00:15:48,740 --> 00:15:54,990
random number generator the field with a

289
00:15:51,570 --> 00:15:57,000
computer that could collect the data put

290
00:15:54,990 --> 00:15:59,820
in files where we could then later do an

291
00:15:57,000 --> 00:16:03,990
analysis and protocol there was to go to

292
00:15:59,820 --> 00:16:08,910
someplace like fabulously engaging

293
00:16:03,990 --> 00:16:10,620
musical conference concert or perhaps a

294
00:16:08,909 --> 00:16:12,629
meeting of people who are going to be

295
00:16:10,620 --> 00:16:16,139
doing something really creative or a

296
00:16:12,629 --> 00:16:19,500
ritual or ceremony of some kind the idea

297
00:16:16,139 --> 00:16:22,528
was that if people come together and

298
00:16:19,500 --> 00:16:26,190
become a kind of group forgetting about

299
00:16:22,528 --> 00:16:28,740
their individual qualities and interests

300
00:16:26,190 --> 00:16:31,770
and instead becoming literally a a

301
00:16:28,740 --> 00:16:34,649
component in a group consciousness then

302
00:16:31,769 --> 00:16:38,490
we would expect to see changes in the

303
00:16:34,649 --> 00:16:40,199
random sequence more or less as if there

304
00:16:38,490 --> 00:16:44,039
were an intention in this case it would

305
00:16:40,200 --> 00:16:46,140
be just attention or even a

306
00:16:44,039 --> 00:16:51,750
consciousness field that was generated

307
00:16:46,139 --> 00:16:54,059
by the group which would include the

308
00:16:51,750 --> 00:16:55,649
random number generator almost as if it

309
00:16:54,059 --> 00:16:59,059
were a member of the group and it too

310
00:16:55,649 --> 00:17:02,579
could partake in this kind of group

311
00:16:59,059 --> 00:17:05,328
coherent group consciousness and that

312
00:17:02,580 --> 00:17:09,209
led to the third stage which was this

313
00:17:05,328 --> 00:17:11,609
world spanning network of random number

314

00:17:09,209 --> 00:17:13,740
generators placed all over the world

315
00:17:11,609 --> 00:17:15,178
hosted by people who are interested

316
00:17:13,740 --> 00:17:18,959
enough to just run a computer

317
00:17:15,179 --> 00:17:22,410
continuously and with software designed

318
00:17:18,959 --> 00:17:25,230
to send us on a regular basis the data

319
00:17:22,410 --> 00:17:28,650
which formed a continuous stream of data

320
00:17:25,230 --> 00:17:31,819
from what should be random and was

321
00:17:28,650 --> 00:17:35,940
basically most of the time random from

322
00:17:31,819 --> 00:17:38,849
60 or 70 places around the world so

323
00:17:35,940 --> 00:17:41,640
that's the technology and then the

324
00:17:38,849 --> 00:17:44,189
question yeah consciousness part of this

325
00:17:41,640 --> 00:17:46,890
was a little bit like what we asked for

326
00:17:44,190 --> 00:17:48,509
the group consciousness if there is an

327
00:17:46,890 --> 00:17:54,570
event in the world where if people

328
00:17:48,509 --> 00:17:56,279

decide from within their own motivations

329

00:17:54,569 --> 00:17:59,960
to come to

330

00:17:56,279 --> 00:18:02,789
in a kind of coherent way if there's a

331

00:17:59,960 --> 00:18:05,870
terrible tragedy that engages millions

332

00:18:02,789 --> 00:18:10,559
of people around the world in compassion

333

00:18:05,869 --> 00:18:14,399
sympathy or maybe other emotion we would

334

00:18:10,559 --> 00:18:16,230
predict that they just has happened in

335

00:18:14,400 --> 00:18:19,890
our field experiments with smaller

336

00:18:16,230 --> 00:18:21,569
groups that this engagement of large

337

00:18:19,890 --> 00:18:23,970
numbers of people in a coherent

338

00:18:21,569 --> 00:18:27,480
synchronised kind of emotional state

339

00:18:23,970 --> 00:18:30,059
that would gather in and somehow include

340

00:18:27,480 --> 00:18:32,370
our network of random number generators

341

00:18:30,059 --> 00:18:35,460
which we would predict then would show

342

00:18:32,369 --> 00:18:39,779
changes from random and indeed that's

343
00:18:35,460 --> 00:18:44,930
what we found repeatedly over almost 20

344
00:18:39,779 --> 00:18:50,009
years now well ask you one question

345
00:18:44,930 --> 00:18:53,519
relating to 911 since that has just

346
00:18:50,009 --> 00:18:59,460
happened our anniversary of 911 so to

347
00:18:53,519 --> 00:19:01,440
speak to me the day before 9/11 I I had

348
00:18:59,460 --> 00:19:03,750
some indication that something was going

349
00:19:01,440 --> 00:19:06,360
on and one thing that happens to me

350
00:19:03,750 --> 00:19:08,730
personally is before often before

351
00:19:06,359 --> 00:19:11,549
there's a big tragedy everything seems

352
00:19:08,730 --> 00:19:13,890
to be very quiet it's like the there's a

353
00:19:11,549 --> 00:19:17,190
certain level of noise inside my head

354
00:19:13,890 --> 00:19:20,220
that seems to flatten out and go dull

355
00:19:17,190 --> 00:19:21,840
now I'm not claiming anything on this

356
00:19:20,220 --> 00:19:24,240
you know I'm not trying to put myself

357
00:19:21,839 --> 00:19:28,319
out there as claiming something but I

358
00:19:24,240 --> 00:19:30,569
understand that sometimes the the the

359
00:19:28,319 --> 00:19:35,669
random number generators have a

360
00:19:30,569 --> 00:19:38,419
precognitive aspect to it what at what

361
00:19:35,670 --> 00:19:41,730
level do you notice this before a

362
00:19:38,420 --> 00:19:44,100
tragedy and would you put out a

363
00:19:41,730 --> 00:19:47,069
notification if it was if things

364
00:19:44,099 --> 00:19:49,829
suddenly went wazzle let's say you know

365
00:19:47,069 --> 00:19:53,240
really way off the standard deviation

366
00:19:49,829 --> 00:19:56,849
would you would you make a statement

367
00:19:53,240 --> 00:19:58,920
it's a good question and a fair one that

368
00:19:56,849 --> 00:20:03,449
many people have asked especially

369
00:19:58,920 --> 00:20:07,200
inspired by the apparent change in the

370
00:20:03,450 --> 00:20:09,808
data in on 911 some four or five hours

371

00:20:07,200 --> 00:20:13,219
before the first plane hit

372
00:20:09,808 --> 00:20:18,450
we don't have a kind of protocol for

373
00:20:13,219 --> 00:20:23,099
looking at or looking for major changes

374
00:20:18,450 --> 00:20:27,090
before events and so we actually don't

375
00:20:23,098 --> 00:20:29,729
do that if we did look for spikes as

376
00:20:27,089 --> 00:20:32,548
people usually refer to that and we

377
00:20:29,729 --> 00:20:35,069
found one I wouldn't know what to

378
00:20:32,548 --> 00:20:39,778
announce so if you can if you think

379
00:20:35,069 --> 00:20:41,668
about this amazingly complex world we

380
00:20:39,778 --> 00:20:45,989
live in there's you know this eight

381
00:20:41,669 --> 00:20:49,288
million eight billion people and how

382
00:20:45,989 --> 00:20:52,528
many possible events involving their

383
00:20:49,288 --> 00:20:55,378
consciousness every minute of every day

384
00:20:52,528 --> 00:20:59,219
so we really just wouldn't know what a

385
00:20:55,378 --> 00:21:01,558

spike might portend and so we don't try

386

00:20:59,219 --> 00:21:05,519

to make any predictions like that our

387

00:21:01,558 --> 00:21:08,158

work is always you know the analytical

388

00:21:05,519 --> 00:21:13,229

work and attempts to understand what's

389

00:21:08,159 --> 00:21:15,599

going on is always retrospective in the

390

00:21:13,229 --> 00:21:18,058

sense that we make a prediction before

391

00:21:15,598 --> 00:21:19,979

we know anything about the data we make

392

00:21:18,058 --> 00:21:22,489

a prediction that because of this event

393

00:21:19,979 --> 00:21:25,558

that causes a kind of synchronous

394

00:21:22,489 --> 00:21:28,319

coherent consciousness we think the data

395

00:21:25,558 --> 00:21:33,329

will change and then we after having

396

00:21:28,319 --> 00:21:35,668

stable made a stable identifiable

397

00:21:33,329 --> 00:21:37,648

predictions specifying the beginning

398

00:21:35,669 --> 00:21:40,950

time and the ending time and what we're

399

00:21:37,648 --> 00:21:43,258

going to do for analysis only then do we

400
00:21:40,950 --> 00:21:46,739
look at the data and only that way can

401
00:21:43,259 --> 00:21:51,058
we actually get interpretable statistics

402
00:21:46,739 --> 00:21:53,869
it's a it's a thought that occurs to

403
00:21:51,058 --> 00:21:57,868
lots of people and I wish we could

404
00:21:53,868 --> 00:22:02,689
identify what you know identify a spike

405
00:21:57,868 --> 00:22:05,398
and and warn people or possibly we'd

406
00:22:02,690 --> 00:22:06,509
just not make an announcement that

407
00:22:05,398 --> 00:22:09,238
there's going to be a great celebration

408
00:22:06,509 --> 00:22:13,229
pretty soon and that will change the

409
00:22:09,239 --> 00:22:16,769
data or has already changed the data so

410
00:22:13,229 --> 00:22:18,598
I'm sorry we we can't do that it just

411
00:22:16,769 --> 00:22:22,409
isn't in the nature of the technology

412
00:22:18,598 --> 00:22:23,609
even though it may have some kind of

413
00:22:22,409 --> 00:22:27,780
response to you

414
00:22:23,609 --> 00:22:29,759
before the event happens well and then -

415
00:22:27,779 --> 00:22:31,649
I mean even let's say if you could that

416
00:22:29,759 --> 00:22:35,160
would be quite a responsibility you

417
00:22:31,650 --> 00:22:37,019
would have to uh you know possibly put

418
00:22:35,160 --> 00:22:43,320
people in a panic and cause a lot of

419
00:22:37,019 --> 00:22:44,700
problems that way - I think if I didn't

420
00:22:43,319 --> 00:22:50,250
even know what it was they were supposed

421
00:22:44,700 --> 00:22:52,950
to or where no I I certainly agree with

422
00:22:50,250 --> 00:22:57,809
that that it would be irresponsible to

423
00:22:52,950 --> 00:23:01,430
put out a panic call I just after 9/11

424
00:22:57,809 --> 00:23:04,649
when the word got out that we did have

425
00:23:01,430 --> 00:23:06,840
really clear change in the data before

426
00:23:04,650 --> 00:23:08,670
the event quite a number of

427
00:23:06,839 --> 00:23:14,399
entrepreneurs immediately started

428

00:23:08,670 --> 00:23:16,529
inventing terrorism detectors okay I did

429
00:23:14,400 --> 00:23:21,090
the best I could to disabuse people of

430
00:23:16,529 --> 00:23:23,369
the motion I would say that you do what

431
00:23:21,089 --> 00:23:26,699
used to be called pure science and one

432
00:23:23,369 --> 00:23:28,829
of the downfalls if anything of that is

433
00:23:26,700 --> 00:23:33,029
that you hardly ever made any money at

434
00:23:28,829 --> 00:23:35,039
it and but it's interesting that as soon

435
00:23:33,029 --> 00:23:36,569
as people think that they can use it

436
00:23:35,039 --> 00:23:39,990
suddenly there's a lot of interest in

437
00:23:36,569 --> 00:23:42,599
developing that field but well you know

438
00:23:39,990 --> 00:23:45,839
there there are very definite uses for

439
00:23:42,599 --> 00:23:47,250
it yes and not not that they would

440
00:23:45,839 --> 00:23:49,919
necessarily lead to making a lot of

441
00:23:47,250 --> 00:23:51,569
money but the fact that we are

442
00:23:49,920 --> 00:23:54,029

interconnected which i think is

443

00:23:51,569 --> 00:23:58,589
demonstrated without question and this

444

00:23:54,029 --> 00:24:01,129
is not just my work but other related

445

00:23:58,589 --> 00:24:03,149
and similar kinds of work we are

446

00:24:01,130 --> 00:24:04,710
connected in ways that we don't

447

00:24:03,150 --> 00:24:06,780
understand in fact we don't even

448

00:24:04,710 --> 00:24:09,509
perceive them for the most part some

449

00:24:06,779 --> 00:24:13,609
sensitive people realize that we're all

450

00:24:09,509 --> 00:24:18,960
you know there's a kind of deep lying

451

00:24:13,609 --> 00:24:22,709
subconscious or unconscious strand of

452

00:24:18,960 --> 00:24:26,970
connection that binds us all together we

453

00:24:22,710 --> 00:24:29,250
don't if we I'm personally convinced and

454

00:24:26,970 --> 00:24:31,259
this is what I do when I'm giving talks

455

00:24:29,250 --> 00:24:35,670
and various places around the world I

456

00:24:31,259 --> 00:24:37,440
try to persuade people to look at the

457
00:24:35,670 --> 00:24:40,110
data

458
00:24:37,440 --> 00:24:42,090
let the data speak to them about this

459
00:24:40,109 --> 00:24:43,799
possibility that there is something

460
00:24:42,089 --> 00:24:47,339
about ourselves that we don't really

461
00:24:43,799 --> 00:24:49,649
know very much about think deeply about

462
00:24:47,339 --> 00:24:51,899
the implications though which are along

463
00:24:49,650 --> 00:24:53,940
the lines that the same things the wise

464
00:24:51,900 --> 00:24:57,720
ones in every culture have always said

465
00:24:53,940 --> 00:25:00,570
we are one we are it's an illusion we're

466
00:24:57,720 --> 00:25:04,259
separated and that we you know that this

467
00:25:00,569 --> 00:25:07,710
the idea that we should you know live as

468
00:25:04,259 --> 00:25:11,250
if we were isolated beings you know all

469
00:25:07,710 --> 00:25:13,440
of that leads to a kind of application

470
00:25:11,250 --> 00:25:15,089
we need to grow up a new way we need to

471
00:25:13,440 --> 00:25:17,759
do it rather quickly on this planet

472
00:25:15,089 --> 00:25:21,509
because we're destructive because of our

473
00:25:17,759 --> 00:25:25,079
immense creativity and capability and

474
00:25:21,509 --> 00:25:27,569
are up to this point fairly lacking

475
00:25:25,079 --> 00:25:32,730
social comprehension

476
00:25:27,569 --> 00:25:36,059
so we where our powers are being

477
00:25:32,730 --> 00:25:39,240
misapplied and they could it could be an

478
00:25:36,059 --> 00:25:42,659
easy switch to make no people can become

479
00:25:39,240 --> 00:25:44,519
extremely rich and powerful by doing

480
00:25:42,660 --> 00:25:47,190
good things and constructive things

481
00:25:44,519 --> 00:25:51,329
don't have we don't have to knock it all

482
00:25:47,190 --> 00:25:54,049
down so rant over but I think in other

483
00:25:51,329 --> 00:25:58,740
words there is very important practical

484
00:25:54,049 --> 00:26:01,049
value but a lot of people that haven't

485

00:25:58,740 --> 00:26:03,329
even studied it scientifically just sort

486
00:26:01,049 --> 00:26:05,220
of come by it by second nature I mean

487
00:26:03,329 --> 00:26:07,879
you have all the propaganda specialist

488
00:26:05,220 --> 00:26:10,589
of world war two yeah Madison Avenue

489
00:26:07,880 --> 00:26:15,120
sports people certainly recognize home

490
00:26:10,589 --> 00:26:17,759
team advantage so you know at the which

491
00:26:15,119 --> 00:26:20,639
what you're proving has already been

492
00:26:17,759 --> 00:26:23,759
recognized done scientifically by people

493
00:26:20,640 --> 00:26:27,870
and as you point out usually not for

494
00:26:23,759 --> 00:26:30,059
good things the people that try to do it

495
00:26:27,869 --> 00:26:34,469
for good like the various religions of

496
00:26:30,059 --> 00:26:36,720
the world tend to get I I think usurped

497
00:26:34,470 --> 00:26:40,230
by people who then turn the religion

498
00:26:36,720 --> 00:26:43,110
into political motivation so it is a I

499
00:26:40,230 --> 00:26:45,870

don't understand what this this whole

500

00:26:43,109 --> 00:26:50,849
path to destruction is about

501

00:26:45,869 --> 00:26:55,069
well is mostly greed I would just like

502

00:26:50,849 --> 00:26:59,189
to ask about a little bit about the

503

00:26:55,069 --> 00:27:01,439
comparison to animals because we're all

504

00:26:59,190 --> 00:27:04,470
animal lovers on this side and I think

505

00:27:01,440 --> 00:27:08,250
that that you and your lovely wife also

506

00:27:04,470 --> 00:27:11,970
enjoy animal companionship and a lot of

507

00:27:08,250 --> 00:27:17,099
herd animals and birds and so forth seem

508

00:27:11,970 --> 00:27:20,370
to have some kind of install it instinct

509

00:27:17,099 --> 00:27:24,028
but it is an ESP of sorts going on

510

00:27:20,369 --> 00:27:25,829
between them right yeah that that seems

511

00:27:24,028 --> 00:27:28,919
to guide the flocks of birds or

512

00:27:25,829 --> 00:27:33,439
certainly insects and some herd animals

513

00:27:28,919 --> 00:27:37,830
to behave as they do so is the

514
00:27:33,440 --> 00:27:40,080
application of the GCP global

515
00:27:37,829 --> 00:27:45,058
consciousness project does that seek to

516
00:27:40,079 --> 00:27:51,379
in any way see you know bolster that

517
00:27:45,058 --> 00:27:51,379
idea of our ESP in the sense of instinct

518
00:27:51,859 --> 00:27:57,389
hey I think you know I got a little bit

519
00:27:54,750 --> 00:28:00,929
distracted because I saw this I think it

520
00:27:57,390 --> 00:28:06,299
was just a local aphoristic kind of

521
00:28:00,929 --> 00:28:17,460
quote says dogs don't have egos that's

522
00:28:06,298 --> 00:28:20,158
not true dogs have egos but I thought

523
00:28:17,460 --> 00:28:23,278
the I took the meaning of it being

524
00:28:20,159 --> 00:28:30,750
something like they therefore can kind

525
00:28:23,278 --> 00:28:32,250
of like accept what's going on dogs

526
00:28:30,750 --> 00:28:34,349
definitely have a sense of self because

527
00:28:32,250 --> 00:28:36,659
if you have ten dogs and you call out

528
00:28:34,349 --> 00:28:38,129
Jobrani come here that brownie goes

529
00:28:36,659 --> 00:28:39,630
there the other night look at you and go

530
00:28:38,130 --> 00:28:41,929
now we're not brownie we're not coming

531
00:28:39,630 --> 00:28:44,399
over there so they have a sense of that

532
00:28:41,929 --> 00:28:46,798
sense of self is not the same thing as

533
00:28:44,398 --> 00:28:50,428
an ego oh you think oh that I think is

534
00:28:46,798 --> 00:28:53,349
referred to there is one where it's all

535
00:28:50,429 --> 00:28:56,149
me I have mine first

536
00:28:53,349 --> 00:29:02,398
[Music]

537
00:28:56,148 --> 00:29:06,569
you haven't owned no I think they

538
00:29:02,398 --> 00:29:09,599
do to some extent I can't start those

539
00:29:06,569 --> 00:29:12,178
cats do they have an idea of like which

540
00:29:09,599 --> 00:29:15,808
I'd like the order of who's in charge

541
00:29:12,179 --> 00:29:17,940
dogs you know I think that some I think

542

00:29:15,808 --> 00:29:20,398
listening to Eckhart Tolle

543
00:29:17,940 --> 00:29:22,409
on the subject of dogs is rather

544
00:29:20,398 --> 00:29:25,798
interesting because he does speak about

545
00:29:22,409 --> 00:29:29,010
how some dogs get kind of very

546
00:29:25,798 --> 00:29:31,769
domesticated and they get to I have a

547
00:29:29,009 --> 00:29:36,990
friend who's got a miniature Doberman

548
00:29:31,769 --> 00:29:39,569
pincer and this dog baby bee she likes

549
00:29:36,990 --> 00:29:41,730
to get dressed up she likes her clothes

550
00:29:39,569 --> 00:29:44,308
yeah I mean it's just really bizarre but

551
00:29:41,730 --> 00:29:46,980
in something in a sense I mean and she's

552
00:29:44,308 --> 00:29:50,519
adorable and my friend is great however

553
00:29:46,980 --> 00:29:52,798
but it's something that humans like do

554
00:29:50,519 --> 00:29:56,129
to dogs I would say I don't think in the

555
00:29:52,798 --> 00:30:00,648
wild the baby bee would be wearing you

556
00:29:56,130 --> 00:30:00,649

know Halloween costume for instance

557

00:30:10,490 --> 00:30:18,179
tangent but I brought up I would

558

00:30:13,648 --> 00:30:28,469
suggested that our ego is given over

559

00:30:18,179 --> 00:30:32,850
into the dog I mean maybe be wouldn't be

560

00:30:28,470 --> 00:30:35,220
wearing her Halloween costume in any

561

00:30:32,849 --> 00:30:38,490
case I've as a shout out to you Louise

562

00:30:35,220 --> 00:30:40,589
just in case you're listening in on that

563

00:30:38,490 --> 00:30:43,919
we did mention your favorite baby bee

564

00:30:40,589 --> 00:30:46,589
but back to the primate back back to the

565

00:30:43,919 --> 00:30:49,350
back to our our stuff here I wanted to

566

00:30:46,589 --> 00:30:52,379
talk a little bit about something that

567

00:30:49,349 --> 00:30:57,589
I've noticed and it may have a

568

00:30:52,380 --> 00:31:02,250
relationship to the effect that you see

569

00:30:57,589 --> 00:31:04,619
with the random event generators now um

570

00:31:02,250 --> 00:31:07,829
I studied quite a bit of remote viewing

571
00:31:04,619 --> 00:31:13,739
for better or worse I found it helped my

572
00:31:07,829 --> 00:31:15,689
my sigh aspects to grow and even though

573
00:31:13,740 --> 00:31:17,640
because it requires a couple of people

574
00:31:15,690 --> 00:31:19,920
to do it I don't do it on an everyday

575
00:31:17,640 --> 00:31:23,700
basis I enjoy going to those type of

576
00:31:19,920 --> 00:31:25,350
classes now one thing over the course of

577
00:31:23,700 --> 00:31:27,569
time and I've met a whole bunch of

578
00:31:25,349 --> 00:31:31,289
different former government remote

579
00:31:27,569 --> 00:31:33,750
viewers and it's something that they

580
00:31:31,289 --> 00:31:35,849
disagree on entirely because I kind of

581
00:31:33,750 --> 00:31:40,500
take them by surprise sometimes and I

582
00:31:35,849 --> 00:31:43,439
said hey how about remote influencing

583
00:31:40,500 --> 00:31:46,109
and you know Stephen Prouty and you know

584
00:31:43,440 --> 00:31:50,670
he has studied remote influencing how do

585
00:31:46,109 --> 00:31:52,829
you think that that whole idea relates

586
00:31:50,670 --> 00:31:55,950
to what you're doing first of all and

587
00:31:52,829 --> 00:31:58,649
secondly my I found it interesting that

588
00:31:55,950 --> 00:32:00,569
different remote viewers who know each

589
00:31:58,650 --> 00:32:03,990
other lots of them

590
00:32:00,569 --> 00:32:06,359
I get very different answers oh no we

591
00:32:03,990 --> 00:32:09,740
would never do remote influencing no no

592
00:32:06,359 --> 00:32:12,869
the government would never do that no -

593
00:32:09,740 --> 00:32:14,940
well I don't know I didn't do it I don't

594
00:32:12,869 --> 00:32:17,459
know what the government might do I have

595
00:32:14,940 --> 00:32:21,720
no idea what they might have in mind -

596
00:32:17,460 --> 00:32:23,819
oh yeah we did that I think they call it

597
00:32:21,720 --> 00:32:25,980
propaganda well I can't speak for the

598
00:32:23,819 --> 00:32:28,919
government no I know but I can speak to

599

00:32:25,980 --> 00:32:32,759
the science and yes please what we're

600
00:32:28,920 --> 00:32:35,190
talking about with this random event

601
00:32:32,759 --> 00:32:37,349
number random number generator random

602
00:32:35,190 --> 00:32:41,759
the Ben generator research and any other

603
00:32:37,349 --> 00:32:44,279
kind of so-called PK is some kind of

604
00:32:41,759 --> 00:32:46,650
remote influence I mean what that

605
00:32:44,279 --> 00:32:48,779
literally means is I'm not touching it

606
00:32:46,650 --> 00:32:51,090
I'm not pushing it with a stick it's

607
00:32:48,779 --> 00:32:52,920
changing because I think about it and

608
00:32:51,089 --> 00:32:56,159
then because of some kind of mental

609
00:32:52,920 --> 00:32:59,279
field at least that's the interpretation

610
00:32:56,160 --> 00:33:02,160
that I personally like and there are

611
00:32:59,279 --> 00:33:03,779
other ones other you know different

612
00:33:02,160 --> 00:33:07,380
theories about how these kind of thing

613
00:33:03,779 --> 00:33:11,420

kinds of things work but they were but

614

00:33:07,380 --> 00:33:14,160

the global consciousness network has

615

00:33:11,420 --> 00:33:15,480

devices they're spread around the world

616

00:33:14,160 --> 00:33:17,490

as I mentioned before and they're

617

00:33:15,480 --> 00:33:21,569

separated by thousands and thousands of

618

00:33:17,490 --> 00:33:24,569

kilometers or miles and they become

619

00:33:21,569 --> 00:33:28,079

correlate appearing a an event where

620

00:33:24,569 --> 00:33:31,079

which is defined by it being powerfully

621

00:33:28,079 --> 00:33:34,289

engaging from large numbers millions of

622

00:33:31,079 --> 00:33:37,769

people and so what's going on there is

623

00:33:34,289 --> 00:33:39,720

that this engagement this consciousness

624

00:33:37,769 --> 00:33:42,680

state on the part of a large number of

625

00:33:39,720 --> 00:33:45,660

people is present in the world and now

626

00:33:42,680 --> 00:33:47,970

remote that remote locations remote from

627

00:33:45,660 --> 00:33:49,950

each other remote from whatever might be

628
00:33:47,970 --> 00:33:53,579
causing the event in the first place

629
00:33:49,950 --> 00:33:55,830
well that by thousands of kilometers

630
00:33:53,579 --> 00:33:58,769
something happens some connection is

631
00:33:55,829 --> 00:34:03,199
made so we're talking about remote

632
00:33:58,769 --> 00:34:05,490
influencing there is actually a very

633
00:34:03,200 --> 00:34:10,170
literature of attempting remote

634
00:34:05,490 --> 00:34:12,389
influencing on other organic beings or

635
00:34:10,170 --> 00:34:16,340
other humans is that literature is

636
00:34:12,389 --> 00:34:20,369
pretty small but it exists and it's a

637
00:34:16,340 --> 00:34:23,610
very persuasive to the possibility in

638
00:34:20,369 --> 00:34:25,949
other words it may be they the people in

639
00:34:23,610 --> 00:34:28,170
the government remote viewing programs

640
00:34:25,949 --> 00:34:36,149
don't do it but that doesn't mean they

641
00:34:28,170 --> 00:34:38,340
could not do it the research answer for

642
00:34:36,150 --> 00:34:39,930
that and of course you can't speak the

643
00:34:38,340 --> 00:34:42,180
government but I thought that the

644
00:34:39,929 --> 00:34:44,069
various answers that I got from the

645
00:34:42,179 --> 00:34:48,149
various different people was rather

646
00:34:44,070 --> 00:34:52,260
amusing and I was wondering to go

647
00:34:48,150 --> 00:34:53,940
further with the animal stuff if you had

648
00:34:52,260 --> 00:34:58,650
said I had asked you privately if you

649
00:34:53,940 --> 00:35:00,420
ever tested any effects that the animals

650
00:34:58,650 --> 00:35:04,260
might have if you brought it to a

651
00:35:00,420 --> 00:35:07,530
situation like a dog run or an abattoir

652
00:35:04,260 --> 00:35:09,540
on the other end of the spectrum at what

653
00:35:07,530 --> 00:35:12,570
you know how dogs they get all excited

654
00:35:09,539 --> 00:35:14,279
and happy when they go to a multiple dog

655
00:35:12,570 --> 00:35:16,950
run and they meet their friends and all

656

00:35:14,280 --> 00:35:19,230
that kind of thing versus some place

657
00:35:16,949 --> 00:35:22,679
where animals were being killed and I

658
00:35:19,230 --> 00:35:25,050
don't like to get into the the kind of

659
00:35:22,679 --> 00:35:27,359
morbid idea but I just wondered if if

660
00:35:25,050 --> 00:35:29,550
the animals themselves what you think

661
00:35:27,360 --> 00:35:32,269
about that idea would they have an

662
00:35:29,550 --> 00:35:34,680
effect on the random number generator I

663
00:35:32,269 --> 00:35:35,599
don't know any reason why not I think

664
00:35:34,679 --> 00:35:37,949
there

665
00:35:35,599 --> 00:35:43,050
interconnected in the same way we are

666
00:35:37,949 --> 00:35:47,579
they may not you know be component parts

667
00:35:43,050 --> 00:35:51,180
in a aware thoughtful we're self

668
00:35:47,579 --> 00:35:53,969
reflective kind of consciousness which I

669
00:35:51,179 --> 00:35:58,139
imagine that we could in principle have

670
00:35:53,969 --> 00:35:59,459

become be as human beings but frankly I

671

00:35:58,139 --> 00:36:05,489
think there isn't a whole lot of

672

00:35:59,460 --> 00:36:07,440
separation from humans to animals in any

673

00:36:05,489 --> 00:36:10,229
part of the spectrum or even to plants

674

00:36:07,440 --> 00:36:12,059
and when you if you press me I'll even

675

00:36:10,230 --> 00:36:14,670
say why not rocks

676

00:36:12,059 --> 00:36:18,179
I think consciousness is all pervasive

677

00:36:14,670 --> 00:36:22,230
and that we are you know kind of missing

678

00:36:18,179 --> 00:36:24,929
the boat if we if we don't acknowledge

679

00:36:22,230 --> 00:36:27,809
that I think we probably Altima will

680

00:36:24,929 --> 00:36:30,029
understand and I don't mean any time in

681

00:36:27,809 --> 00:36:35,039
the next your decades it's more like

682

00:36:30,030 --> 00:36:38,519
centuries or if we ever become civilized

683

00:36:35,039 --> 00:36:41,039
it could happen fast but we will

684

00:36:38,519 --> 00:36:44,070
eventually understand that the universe

685
00:36:41,039 --> 00:36:47,460
is conscious that it's there is

686
00:36:44,070 --> 00:36:50,640
consciousness Oh everywhere and probably

687
00:36:47,460 --> 00:36:53,730
it is the source of everything in the

688
00:36:50,639 --> 00:36:56,868
universe of course it's not the same

689
00:36:53,730 --> 00:37:00,740
kind of consciousness as you and I are

690
00:36:56,869 --> 00:37:03,660
you know self perceiving we're it's a

691
00:37:00,739 --> 00:37:08,029
it's a it's a different order it's a

692
00:37:03,659 --> 00:37:08,029
little bit like a source of everything

693
00:37:10,639 --> 00:37:18,710
I agree largely agree I would take that

694
00:37:14,579 --> 00:37:22,440
one step forward Roger and ask you about

695
00:37:18,710 --> 00:37:26,220
the idea that I think about almost every

696
00:37:22,440 --> 00:37:29,780
day I'm that crazy that I think every

697
00:37:26,219 --> 00:37:32,809
day about the small amount of the

698
00:37:29,780 --> 00:37:36,589
electromagnetic spectrum which we as

699
00:37:32,809 --> 00:37:40,980
humans with our eyes and ears etc

700
00:37:36,588 --> 00:37:44,369
actually see or hear the the percentage

701
00:37:40,980 --> 00:37:46,858
that we are able to to grasp with our

702
00:37:44,369 --> 00:37:48,720
senses is like one percent less than one

703
00:37:46,858 --> 00:37:49,170
percent I mean I don't know the current

704
00:37:48,719 --> 00:37:53,189
number

705
00:37:49,170 --> 00:37:56,369
on that so my question to you would be

706
00:37:53,190 --> 00:37:58,588
have you found places it's a dual

707
00:37:56,369 --> 00:38:01,200
question have you found places on the

708
00:37:58,588 --> 00:38:03,480
surface of the earth where random number

709
00:38:01,199 --> 00:38:04,618
generators are placed for your global

710
00:38:03,480 --> 00:38:08,670
consciousness project

711
00:38:04,619 --> 00:38:14,039
have you found places where there's an

712
00:38:08,670 --> 00:38:18,329
anomalous readings for that is specific

713

00:38:14,039 --> 00:38:20,308
to the place no I haven't although

714
00:38:18,329 --> 00:38:23,339
there's something very closely related

715
00:38:20,309 --> 00:38:25,019
to that and it is what I think of a

716
00:38:23,338 --> 00:38:26,699
sacred place is that's probably about

717
00:38:25,019 --> 00:38:33,769
what you have in mind as well

718
00:38:26,699 --> 00:38:36,689
those places are perceived by us I think

719
00:38:33,769 --> 00:38:38,250
it isn't clear to me in fact I tried to

720
00:38:36,690 --> 00:38:41,869
figure this out when I went to Egypt

721
00:38:38,250 --> 00:38:45,088
with a bunch of seekers and a random

722
00:38:41,869 --> 00:38:46,798
number generator amazing experiences

723
00:38:45,088 --> 00:38:51,029
there when the questions I had in mind

724
00:38:46,798 --> 00:38:53,190
was about sacred places are they there

725
00:38:51,030 --> 00:38:55,980
and we discover them or do we create

726
00:38:53,190 --> 00:38:59,700
them by bringing our consciousness and

727
00:38:55,980 --> 00:39:00,960

our spiritual being into those places so

728

00:38:59,699 --> 00:39:04,379

that's not a question that you can

729

00:39:00,960 --> 00:39:07,530

actually answer and ultimately I think

730

00:39:04,380 --> 00:39:13,950

it's instead the description of where we

731

00:39:07,530 --> 00:39:16,950

are so but to answer your question in a

732

00:39:13,949 --> 00:39:20,699

way what I found I have found in my

733

00:39:16,949 --> 00:39:22,529

research is is that the consciousness is

734

00:39:20,699 --> 00:39:24,659

what it's really about and the

735

00:39:22,530 --> 00:39:27,359

consciousness it becomes a little

736

00:39:24,659 --> 00:39:28,889

different for either of that you know no

737

00:39:27,358 --> 00:39:31,529

matter from which direction you approach

738

00:39:28,889 --> 00:39:35,480

it consciousness is different in a

739

00:39:31,530 --> 00:39:37,798

sacred space or a sacred place and that

740

00:39:35,480 --> 00:39:40,409

difference is the kind of thing which

741

00:39:37,798 --> 00:39:44,699

shows up in the data from our random

742
00:39:40,409 --> 00:39:48,719
number generators you know I I think

743
00:39:44,699 --> 00:39:50,429
that's it's something that no nobody has

744
00:39:48,719 --> 00:39:54,659
written much about but which I'm

745
00:39:50,429 --> 00:39:58,440
personally convinced is quite and not

746
00:39:54,659 --> 00:40:01,980
only true but rather important so well

747
00:39:58,440 --> 00:40:02,818
but to further address the real question

748
00:40:01,980 --> 00:40:05,938
you're asking

749
00:40:02,818 --> 00:40:07,949
the sacred place affects us and we in

750
00:40:05,938 --> 00:40:10,199
turn because of the consciousness

751
00:40:07,949 --> 00:40:12,059
connection affect the random number

752
00:40:10,199 --> 00:40:14,938
generator so it isn't the sacred space

753
00:40:12,059 --> 00:40:20,660
itself that does anything for the random

754
00:40:14,938 --> 00:40:27,478
numbers it's it's us I'm reminded of

755
00:40:20,659 --> 00:40:29,308
what's called local sidereal time on the

756
00:40:27,478 --> 00:40:32,009
performance in remote viewing

757
00:40:29,309 --> 00:40:35,249
experiments and it's not a hundred

758
00:40:32,009 --> 00:40:38,458
percent clear that this has been

759
00:40:35,248 --> 00:40:41,448
sufficiently replicated but is probably

760
00:40:38,458 --> 00:40:47,608
it's really good data to begin with

761
00:40:41,449 --> 00:40:52,469
people become more effective in whatever

762
00:40:47,608 --> 00:40:56,639
the side task is at a certain time in

763
00:40:52,469 --> 00:40:58,219
the local sidereal day namely something

764
00:40:56,639 --> 00:41:02,308
like 1300 hours

765
00:40:58,219 --> 00:41:07,918
whereas they become weakest at their

766
00:41:02,309 --> 00:41:10,739
task in the local sidereal night and

767
00:41:07,918 --> 00:41:15,108
again in a similar kind of thing that

768
00:41:10,739 --> 00:41:18,329
cosmic fluctuations things like

769
00:41:15,108 --> 00:41:21,869
electromagnetic geomagnetic fluctuation

770

00:41:18,329 --> 00:41:26,329
also affects people such that they do

771
00:41:21,869 --> 00:41:31,079
better at their side tasks and when the

772
00:41:26,329 --> 00:41:33,298
geomagnetic weather is called so the

773
00:41:31,079 --> 00:41:35,969
geomagnetic weather doesn't affect the

774
00:41:33,298 --> 00:41:40,199
random number generator FEX the person

775
00:41:35,969 --> 00:41:43,338
in that interim shows up in a different

776
00:41:40,199 --> 00:41:47,099
performance with the in the experiment

777
00:41:43,338 --> 00:41:49,288
yes I believe Stephen Schwartz did a lot

778
00:41:47,099 --> 00:41:51,599
of work with the psy.d real-time am I

779
00:41:49,289 --> 00:41:53,999
right about that it's actually James

780
00:41:51,599 --> 00:41:57,150
Spottiswoode has done most of that James

781
00:41:53,998 --> 00:41:59,308
modest would yeah but you know just to

782
00:41:57,150 --> 00:42:01,619
interject here I know a lot of people

783
00:41:59,309 --> 00:42:03,509
that listen to this podcast are

784
00:42:01,619 --> 00:42:05,759

interested in the subject would love to

785

00:42:03,509 --> 00:42:08,608

become part of your experiment is there

786

00:42:05,759 --> 00:42:12,358

some way that they can set up a random

787

00:42:08,608 --> 00:42:16,559

generator and sort of connect with you

788

00:42:12,358 --> 00:42:19,949

very through various software well it's

789

00:42:16,559 --> 00:42:22,619

I'm actually not adding to the network

790

00:42:19,949 --> 00:42:28,129

in that case it's kind of winding down

791

00:42:22,619 --> 00:42:31,049

but a couple of things one the database

792

00:42:28,130 --> 00:42:34,019

is always publicly available so if

793

00:42:31,050 --> 00:42:38,130

anybody wants to you know learn more

794

00:42:34,019 --> 00:42:41,039

about it or stir that pot it's using you

795

00:42:38,130 --> 00:42:43,740

know cleaning protocols and statistical

796

00:42:41,039 --> 00:42:46,579

analysis and what that's that's one way

797

00:42:43,739 --> 00:42:48,989

to participate and I'm always happy when

798

00:42:46,579 --> 00:42:51,000

excuse me when somebody does that and

799

00:42:48,989 --> 00:42:53,399
sends me their results they will have

800

00:42:51,000 --> 00:42:54,780
asked a question I didn't ask and it's

801

00:42:53,400 --> 00:42:56,730
it's nice

802

00:42:54,780 --> 00:43:02,010
well then there's another thing there's

803

00:42:56,730 --> 00:43:04,740
a an app which is not yet available but

804

00:43:02,010 --> 00:43:07,020
will be I hopeful always hopefully

805

00:43:04,739 --> 00:43:11,119
within a few months it's called the

806

00:43:07,019 --> 00:43:13,230
consciousness app and it will have the

807

00:43:11,119 --> 00:43:15,719
capability of people doing their own

808

00:43:13,230 --> 00:43:17,159
personal experiments with a random

809

00:43:15,719 --> 00:43:21,959
number generator that's actually

810

00:43:17,159 --> 00:43:23,879
hardware and probably pretty good and do

811

00:43:21,960 --> 00:43:31,110
you mind if I just think quickly tell

812

00:43:23,880 --> 00:43:35,760
people that's good so this consciousness

813
00:43:31,110 --> 00:43:38,430
app will be out how does somebody get

814
00:43:35,760 --> 00:43:42,180
information about that oh just put

815
00:43:38,429 --> 00:43:46,559
consciousness app in Google okay I hope

816
00:43:42,179 --> 00:43:51,659
you can look up atom curry adam2 you are

817
00:43:46,559 --> 00:43:55,139
why he's the the spearhead mm-hmm in the

818
00:43:51,659 --> 00:43:56,969
project then I hope maybe you would let

819
00:43:55,139 --> 00:43:59,039
us know so we could announce it on

820
00:43:56,969 --> 00:44:01,379
shattered reality because you know the

821
00:43:59,039 --> 00:44:04,139
people who do listen to this I I would

822
00:44:01,380 --> 00:44:08,190
suspect that more than 50% would be

823
00:44:04,139 --> 00:44:12,750
interested in that in that app is there

824
00:44:08,190 --> 00:44:15,119
any are there any let's say websites

825
00:44:12,750 --> 00:44:18,750
that you would like to mention while

826
00:44:15,119 --> 00:44:21,449
you're on that you would like to like

827

00:44:18,750 --> 00:44:23,250
say put out there for people right well

828
00:44:21,449 --> 00:44:25,379
they're interested in the global

829
00:44:23,250 --> 00:44:29,130
consciousness project that the simplest

830
00:44:25,380 --> 00:44:29,910
version of the website address is global

831
00:44:29,130 --> 00:44:33,450
-

832
00:44:29,909 --> 00:44:37,379
mind dot org okay

833
00:44:33,449 --> 00:44:42,538
I think the consciousness app might be

834
00:44:37,380 --> 00:44:47,640
consciousness app calm the IC RL website

835
00:44:42,539 --> 00:44:51,150
which brand which Brenda done you know

836
00:44:47,639 --> 00:44:53,190
is responsible for and is another one

837
00:44:51,150 --> 00:44:55,530
that people might want to look up ions

838
00:44:53,190 --> 00:44:59,880
io NS that's Institute of noetic

839
00:44:55,530 --> 00:45:03,048
Sciences is an important place with a

840
00:44:59,880 --> 00:45:06,740
lot of huge amount of consciousness

841
00:45:03,048 --> 00:45:09,989

connection Dean Radin is there and other

842

00:45:06,739 --> 00:45:11,879
scientists he or our listeners might

843

00:45:09,989 --> 00:45:14,459
know oh yes

844

00:45:11,880 --> 00:45:21,180
the global conscious the global

845

00:45:14,460 --> 00:45:24,420
coherence initiative which is in Boulder

846

00:45:21,179 --> 00:45:32,068
Creek as part of heart math Institute

847

00:45:24,420 --> 00:45:36,990
yes a very important place there there

848

00:45:32,068 --> 00:45:40,009
lots of European and a couple of or you

849

00:45:36,989 --> 00:45:42,778
know Eastern like Japanese and Chinese

850

00:45:40,010 --> 00:45:47,160
kinds of places Google is your friend

851

00:45:42,778 --> 00:45:48,568
yeah looking for consciousness or look

852

00:45:47,159 --> 00:45:51,808
for something like global consciousness

853

00:45:48,568 --> 00:45:55,079
the first age or so is old just my

854

00:45:51,809 --> 00:45:59,369
project but mmm it quickly gets into

855

00:45:55,079 --> 00:46:01,769
other work you're such a great guy to

856
00:45:59,369 --> 00:46:04,108
mention all the other places too you

857
00:46:01,769 --> 00:46:07,849
know it shows like a true scientific

858
00:46:04,108 --> 00:46:12,808
interest rather than the kind of

859
00:46:07,849 --> 00:46:16,528
competitive situation I wanted to talk a

860
00:46:12,809 --> 00:46:20,900
little bit about what your son has done

861
00:46:16,528 --> 00:46:26,389
he has called the the network the eg G

862
00:46:20,900 --> 00:46:31,858
much of the egg much like an electro

863
00:46:26,389 --> 00:46:34,078
right yeah that's really cool and EEG

864
00:46:31,858 --> 00:46:36,690
everybody has heard of that it's an

865
00:46:34,079 --> 00:46:40,500
electroencephalogram that it's basically

866
00:46:36,690 --> 00:46:42,119
a monitor for the brain attempting to

867
00:46:40,500 --> 00:46:44,019
capture something of the brain activity

868
00:46:42,119 --> 00:46:47,980
and maybe interpret

869
00:46:44,019 --> 00:46:51,250
as mind or something and then the what

870
00:46:47,980 --> 00:46:53,500
my son said he helped put together with

871
00:46:51,250 --> 00:46:56,710
the original software architecture

872
00:46:53,500 --> 00:46:58,780
together which is I'll be I'm eternally

873
00:46:56,710 --> 00:47:01,840
grateful to him and others who've been

874
00:46:58,780 --> 00:47:05,740
so instrumental in making this thing go

875
00:47:01,840 --> 00:47:08,289
he said you know what you're doing looks

876
00:47:05,739 --> 00:47:11,109
a little bit like an EEG for the world

877
00:47:08,289 --> 00:47:14,610
and you could think of that as an

878
00:47:11,110 --> 00:47:18,070
electoral diagram beautiful beautiful

879
00:47:14,610 --> 00:47:21,570
that would you know the acronym for that

880
00:47:18,070 --> 00:47:23,559
would be e GG and so we call these

881
00:47:21,570 --> 00:47:26,559
random number generators scattered

882
00:47:23,559 --> 00:47:28,840
around the world we call them eggs and

883
00:47:26,559 --> 00:47:31,599
the software that collects the data from

884

00:47:28,840 --> 00:47:36,940
from all these outlying stations is

885
00:47:31,599 --> 00:47:39,639
called the basket very good there are

886
00:47:36,940 --> 00:47:43,450
quite a few other you know a bits and

887
00:47:39,639 --> 00:47:45,940
pieces of the project language that come

888
00:47:43,449 --> 00:47:48,879
from that metaphor and an egg of course

889
00:47:45,940 --> 00:47:51,429
is a in its own right such an

890
00:47:48,880 --> 00:47:55,180
interesting concept a kind of metaphor

891
00:47:51,429 --> 00:47:59,500
for life and the beginning and the

892
00:47:55,179 --> 00:48:02,049
burgeoning and so forth so early on it

893
00:47:59,500 --> 00:48:03,789
was easy for me to think of the egg

894
00:48:02,050 --> 00:48:09,039
project which we called it at the

895
00:48:03,789 --> 00:48:10,800
beginning helping to birth any new thing

896
00:48:09,039 --> 00:48:15,940
which would be a global consciousness

897
00:48:10,800 --> 00:48:18,940
well not today I think it needs any help

898
00:48:15,940 --> 00:48:21,789

it just needs us to get with these

899

00:48:18,940 --> 00:48:24,429
synchronicities are quite amazing in

900

00:48:21,789 --> 00:48:26,829
terms of a Brenda done story about the

901

00:48:24,429 --> 00:48:29,049
pair lab and how it got to be the pair

902

00:48:26,829 --> 00:48:32,170
lab and how she kept seeing pairs

903

00:48:29,050 --> 00:48:34,210
everywhere and she was first to sort of

904

00:48:32,170 --> 00:48:36,280
agree that that was a good name then so

905

00:48:34,210 --> 00:48:38,380
this is this is sort of similar that

906

00:48:36,280 --> 00:48:42,850
there are the synchronicities around it

907

00:48:38,380 --> 00:48:44,829
now I was looking at the site and one

908

00:48:42,849 --> 00:48:50,190
thing I didn't understand how the

909

00:48:44,829 --> 00:48:53,289
mechanism worked was how minh museum

910

00:48:50,190 --> 00:48:56,070
music that is on the site that was sort

911

00:48:53,289 --> 00:48:57,989
of generated by the results of certain

912

00:48:56,070 --> 00:49:05,789
times that you went out

913
00:48:57,989 --> 00:49:08,819
to celebrations or when there was a an

914
00:49:05,789 --> 00:49:14,360
event that that was recorded on the

915
00:49:08,820 --> 00:49:14,360
random event generators music was

916
00:49:15,679 --> 00:49:23,509
actually you are touching upon something

917
00:49:19,590 --> 00:49:26,910
that I always from the beginning hoped I

918
00:49:23,510 --> 00:49:29,220
would myself be able to do or somebody

919
00:49:26,909 --> 00:49:32,099
else would find the time and interest

920
00:49:29,219 --> 00:49:35,879
view which is to make music directly

921
00:49:32,099 --> 00:49:41,539
using the incoming numbers from these

922
00:49:35,880 --> 00:49:47,480
random number generators to specify

923
00:49:41,539 --> 00:49:51,469
pitches no durations pause length Tambor

924
00:49:47,480 --> 00:49:55,619
and quality instrumentation and so forth

925
00:49:51,469 --> 00:49:59,219
so if that never happened on the other

926
00:49:55,619 --> 00:50:03,090
hand mmm well actually there there is

927
00:49:59,219 --> 00:50:06,989
some music made like that by by the

928
00:50:03,090 --> 00:50:09,900
other primary programmer contributor

929
00:50:06,989 --> 00:50:12,599
John Walker is a fantastic programmer he

930
00:50:09,900 --> 00:50:15,809
created some music that he says sounds a

931
00:50:12,599 --> 00:50:20,089
little like John Cage which it does it

932
00:50:15,809 --> 00:50:23,250
it's actually and there are some movies

933
00:50:20,090 --> 00:50:25,710
they're deep in the website and hard to

934
00:50:23,250 --> 00:50:29,579
find but if you're really interested I

935
00:50:25,710 --> 00:50:35,250
can send you a link to them so it plays

936
00:50:29,579 --> 00:50:38,369
this John Cage like movie which changes

937
00:50:35,250 --> 00:50:44,789
according to how five-minute blocks of

938
00:50:38,369 --> 00:50:47,850
the of the data are looking a friend a

939
00:50:44,789 --> 00:50:50,699
couple of other people made music some

940
00:50:47,849 --> 00:50:56,880
I'm sort of directly but others just

941

00:50:50,699 --> 00:51:03,779
using the random numbers data to select

942
00:50:56,880 --> 00:51:06,450
from any kind of a thematic cluster of

943
00:51:03,780 --> 00:51:08,040
notes and rhythms and so on and so

944
00:51:06,449 --> 00:51:10,618
that's probably the ones you if you

945
00:51:08,039 --> 00:51:11,880
listen to some there's like there was a

946
00:51:10,619 --> 00:51:15,180
one called souls

947
00:51:11,880 --> 00:51:17,460
on a page called music HTML there's

948
00:51:15,179 --> 00:51:19,169
links to various kinds of things well in

949
00:51:17,460 --> 00:51:22,440
fact that I'm pretty sure there's a link

950
00:51:19,170 --> 00:51:25,950
to one of those John Walker John Cage

951
00:51:22,440 --> 00:51:28,470
movies they're okay great length

952
00:51:25,949 --> 00:51:31,559
we never know nobody ever actually did

953
00:51:28,469 --> 00:51:34,259
what I'm hoping might be done the the

954
00:51:31,559 --> 00:51:39,320
vision which is kind of an auditory

955
00:51:34,260 --> 00:51:49,290

hallucination still is a kind of

956

00:51:39,320 --> 00:51:53,809

slightly unharmonious and occasionally

957

00:51:49,289 --> 00:51:58,230

becomes beautifully harmonic as if the

958

00:51:53,809 --> 00:52:03,000

universe the chorus of the entire

959

00:51:58,230 --> 00:52:08,670

universe suddenly starts singing

960

00:52:03,000 --> 00:52:12,449

beautifully that is reminiscent of what

961

00:52:08,670 --> 00:52:19,530

the some of the astronauts had said when

962

00:52:12,449 --> 00:52:21,210

the original when when the spaceship for

963

00:52:19,530 --> 00:52:25,910

lack of a better word for the moment

964

00:52:21,210 --> 00:52:29,369

goes behind the moon and they lose

965

00:52:25,909 --> 00:52:33,779

contact with the earth they have said

966

00:52:29,369 --> 00:52:36,480

that they hear this lovely music the

967

00:52:33,780 --> 00:52:39,960

sort of a music of the spheres if you

968

00:52:36,480 --> 00:52:43,079

will now I have I I don't know the

969

00:52:39,960 --> 00:52:45,480

veracity of that you know I've only only

970
00:52:43,079 --> 00:52:47,340
ever met two astronauts and I didn't get

971
00:52:45,480 --> 00:52:52,079
to ask them that question one was Ed

972
00:52:47,340 --> 00:52:53,970
Mitchell but I wondered that sort of

973
00:52:52,079 --> 00:52:56,250
sounds like the harmonies that they

974
00:52:53,969 --> 00:52:58,019
might have heard when they go behind the

975
00:52:56,250 --> 00:53:02,639
moon which I always found so fascinating

976
00:52:58,019 --> 00:53:09,800
and such a fascinating to what they what

977
00:53:02,639 --> 00:53:13,469
has been done in that context is to take

978
00:53:09,800 --> 00:53:16,950
Astrophysical data change it to sound

979
00:53:13,469 --> 00:53:22,289
wave frequencies and play that excuse me

980
00:53:16,949 --> 00:53:25,199
I'm sorry but you remind me that the

981
00:53:22,289 --> 00:53:25,650
name that I gave this music that never

982
00:53:25,199 --> 00:53:30,618
happened

983
00:53:25,650 --> 00:53:35,849
was the music of the noosphere oh right

984
00:53:30,619 --> 00:53:38,579
right one of these days um before we

985
00:53:35,849 --> 00:53:43,019
before we say goodbye I guess

986
00:53:38,579 --> 00:53:45,359
that there are two things that I wanted

987
00:53:43,019 --> 00:53:48,269
to mention and maybe Kate has something

988
00:53:45,358 --> 00:53:50,130
else yeah I'm pretty good right no well

989
00:53:48,269 --> 00:53:54,778
we did have this one question from the

990
00:53:50,130 --> 00:53:58,019
gentleman who I had to to make clear

991
00:53:54,778 --> 00:54:00,690
that you were not using previous

992
00:53:58,019 --> 00:54:02,639
radiation the radioactive decay and that

993
00:54:00,690 --> 00:54:05,700
you were using this other electronic

994
00:54:02,639 --> 00:54:07,440
tunneling but he had put out the this

995
00:54:05,699 --> 00:54:09,750
question and I think you've answered it

996
00:54:07,440 --> 00:54:13,079
too a bit but maybe you want to speak

997
00:54:09,750 --> 00:54:16,409
directly to him on this he says so what

998

00:54:13,079 --> 00:54:19,079
do we do with this information at this

999
00:54:16,409 --> 00:54:22,679
point I have no idea there's been over

1000
00:54:19,079 --> 00:54:25,380
28 years of study and pair accumulated

1001
00:54:22,679 --> 00:54:28,980
billions of bits of data from the regs

1002
00:54:25,380 --> 00:54:30,690
and many types of many types and what do

1003
00:54:28,980 --> 00:54:34,278
we do

1004
00:54:30,690 --> 00:54:37,440
and and he says here and I'm quoting him

1005
00:54:34,278 --> 00:54:39,778
however maybe the next time the customer

1006
00:54:37,440 --> 00:54:42,389
complains that something was not working

1007
00:54:39,778 --> 00:54:44,849
perhaps we should ask them what they

1008
00:54:42,389 --> 00:54:49,588
were thinking of at the time of the

1009
00:54:44,849 --> 00:54:55,619
anomaly you say it this way what were

1010
00:54:49,588 --> 00:55:00,328
you thinking no I hear the question and

1011
00:54:55,619 --> 00:55:02,130
I did as best I can and I think I may

1012
00:55:00,329 --> 00:55:05,220

never be able to do it very much better

1013

00:55:02,130 --> 00:55:07,528

give the answer that seems to me to be

1014

00:55:05,219 --> 00:55:10,409

important this is a tool for learning

1015

00:55:07,528 --> 00:55:12,059

more about ourselves about our

1016

00:55:10,409 --> 00:55:18,568

capacities about what consciousness

1017

00:55:12,059 --> 00:55:22,440

really is and it's a kind of an urgent

1018

00:55:18,568 --> 00:55:26,639

urging from from the universe

1019

00:55:22,440 --> 00:55:31,409

perhaps sort of indirectly but from

1020

00:55:26,639 --> 00:55:34,889

science and from from our you know

1021

00:55:31,409 --> 00:55:39,179

personal interest in the way the world

1022

00:55:34,889 --> 00:55:41,818

is to just lean back learn as much

1023

00:55:39,179 --> 00:55:46,949

as we can and then connect with each

1024

00:55:41,818 --> 00:55:50,219

other if that's my interpretation the 28

1025

00:55:46,949 --> 00:55:53,389

years of study shows that we are able to

1026

00:55:50,219 --> 00:55:56,098

do to touch the world without thoughts

1027
00:55:53,389 --> 00:55:58,440
that probably means we always are

1028
00:55:56,099 --> 00:55:59,760
touching the world with our thoughts but

1029
00:55:58,440 --> 00:56:01,349
we don't know about it

1030
00:55:59,760 --> 00:56:04,020
we're not thoughtful about it and

1031
00:56:01,349 --> 00:56:07,849
therefore what the result is a little

1032
00:56:04,019 --> 00:56:11,550
chaotic if we as Buckminster once said

1033
00:56:07,849 --> 00:56:16,318
buckminster fuller sorry once said in a

1034
00:56:11,550 --> 00:56:21,990
slightly different context if we would

1035
00:56:16,318 --> 00:56:24,389
organize ourselves we could feed all the

1036
00:56:21,989 --> 00:56:28,098
people on earth very well and in fact

1037
00:56:24,389 --> 00:56:31,588
even more people then now exist on earth

1038
00:56:28,099 --> 00:56:33,740
as it is people are starving but it's

1039
00:56:31,588 --> 00:56:37,049
because we're not organizing ourselves

1040
00:56:33,739 --> 00:56:42,750
we're not in other words acting like the

1041
00:56:37,050 --> 00:56:44,760
potential human that we have we have so

1042
00:56:42,750 --> 00:56:47,480
much potential as human beings and these

1043
00:56:44,760 --> 00:56:50,700
kinds of subtle experiments and the

1044
00:56:47,480 --> 00:56:52,409
extent of it the outer reaches of what

1045
00:56:50,699 --> 00:56:58,139
consciousness what we understand about

1046
00:56:52,409 --> 00:57:00,539
consciousness those the results from

1047
00:56:58,139 --> 00:57:01,969
those experiments from the 28 years and

1048
00:57:00,539 --> 00:57:04,338
from the global consciousness project

1049
00:57:01,969 --> 00:57:07,980
they're all pointing the same direction

1050
00:57:04,338 --> 00:57:12,349
we are more than we understand we are

1051
00:57:07,980 --> 00:57:14,490
and it's it's time it behooves us to

1052
00:57:12,349 --> 00:57:17,400
recognize that and get on with the

1053
00:57:14,489 --> 00:57:21,779
business of becoming human beings

1054
00:57:17,400 --> 00:57:23,338
as we have the potential to do I don't

1055

00:57:21,780 --> 00:57:26,339
really think you need to make any

1056
00:57:23,338 --> 00:57:29,009
excuses for studying this for 28 years I

1057
00:57:26,338 --> 00:57:31,349
think you did just fine we are increment

1058
00:57:29,010 --> 00:57:34,260
with that and and we are in your debt

1059
00:57:31,349 --> 00:57:36,960
for coming on our humble program

1060
00:57:34,260 --> 00:57:39,720
shattered reality podcast and we thank

1061
00:57:36,960 --> 00:57:43,409
you very very much for giving us your

1062
00:57:39,719 --> 00:57:48,449
time and we hope to hear from you again

1063
00:57:43,409 --> 00:57:52,098
and all I can say is what was I for now

1064
00:57:48,449 --> 00:57:52,098
or we'll think about it

1065
00:57:53,849 --> 00:57:58,920
I think deeply about it and then we'll

1066
00:57:56,070 --> 00:58:01,380
go for it all right thank you again

1067
00:57:58,920 --> 00:58:04,610
thank you so much dr. Roger Nelson

1068
00:58:01,380 --> 00:58:10,829
global consciousness project yes

1069
00:58:04,610 --> 00:58:13,050

everyone okay thank you okay I also want

1070

00:58:10,829 --> 00:58:15,299

to thank Bob paddock for submitting some

1071

00:58:13,050 --> 00:58:16,470

questions I hope ice I did a good job

1072

00:58:15,300 --> 00:58:18,930

with them Bob

1073

00:58:16,469 --> 00:58:20,909

if I didn't I'm sorry and we'd like to

1074

00:58:18,929 --> 00:58:23,250

hear a lot more from you yeah we'd like

1075

00:58:20,909 --> 00:58:28,259

to hear more from all our listeners now

1076

00:58:23,250 --> 00:58:32,639

I do have one other thing to talk about

1077

00:58:28,260 --> 00:58:37,470

we have a listener who I'm just going to

1078

00:58:32,639 --> 00:58:41,339

call mr. a because he is on the other

1079

00:58:37,469 --> 00:58:42,899

side of a I'm not on the other side of

1080

00:58:41,340 --> 00:58:46,230

the globe he's in England and he's a

1081

00:58:42,900 --> 00:58:48,000

listener and he's an experienter as far

1082

00:58:46,230 --> 00:58:51,119

as I know I've read about some

1083

00:58:48,000 --> 00:58:52,739

experiences he's had in the UFO area but

1084
00:58:51,119 --> 00:58:56,460
I'm not going to identify him because

1085
00:58:52,739 --> 00:59:00,719
we've had a hard time getting our our

1086
00:58:56,460 --> 00:59:03,929
emails to reach each other at and a good

1087
00:59:00,719 --> 00:59:07,079
time you think email happens immediately

1088
00:59:03,929 --> 00:59:09,869
but in this case it did not only if you

1089
00:59:07,079 --> 00:59:14,759
think about it if you think about it

1090
00:59:09,869 --> 00:59:18,630
yeah but now this mr. a has a story

1091
00:59:14,760 --> 00:59:23,040
about a real life anomaly which occurred

1092
00:59:18,630 --> 00:59:24,930
I think sometime last week or maybe a

1093
00:59:23,039 --> 00:59:26,639
little prior to that a week to 10 days

1094
00:59:24,929 --> 00:59:28,679
ago but he's going to get back to me

1095
00:59:26,639 --> 00:59:33,989
with the exact date which I will mention

1096
00:59:28,679 --> 00:59:39,449
on our website and he says that he was

1097
00:59:33,989 --> 00:59:43,109
walking by the the the cliffs in England

1098
00:59:39,449 --> 00:59:44,849
on the English Channel they were white

1099
00:59:43,110 --> 00:59:47,039
cliffs I don't know if they were the

1100
00:59:44,849 --> 00:59:51,089
White Cliffs of Dover or not but he said

1101
00:59:47,039 --> 00:59:54,539
he was walking on Khuddam Beach with his

1102
00:59:51,090 --> 00:59:58,829
wife and dog and taking some family

1103
00:59:54,539 --> 01:00:03,150
pictures and he happened to capture this

1104
00:59:58,829 --> 01:00:05,730
anomalous cloud Kuden Beach is a place

1105
01:00:03,150 --> 01:00:06,539
that people go I assume to bathe and to

1106
01:00:05,730 --> 01:00:08,969
sunbathe and

1107
01:00:06,539 --> 01:00:12,960
to be on the channel on the waterfront

1108
01:00:08,969 --> 01:00:16,439
and he has photos that he took of the

1109
01:00:12,960 --> 01:00:19,440
Seven Sisters sea cliffs from a few

1110
01:00:16,440 --> 01:00:21,829
miles away but he hadn't heard the news

1111
01:00:19,440 --> 01:00:26,309
of the anomaly until a few days later

1112

01:00:21,829 --> 01:00:30,139
what he saw in his pictures was a cloud

1113
01:00:26,309 --> 01:00:33,239
that came up from behind the cliffs and

1114
01:00:30,139 --> 01:00:34,650
went down over the cliffs now what

1115
01:00:33,239 --> 01:00:38,219
happened

1116
01:00:34,650 --> 01:00:41,940
it burned people's skin and their their

1117
01:00:38,219 --> 01:00:44,279
eyes and he says my photographs may

1118
01:00:41,940 --> 01:00:46,800
indicate that a cloud of gas could have

1119
01:00:44,280 --> 01:00:49,500
arrived either directly downwards from

1120
01:00:46,800 --> 01:00:52,740
the sky above or perhaps may have

1121
01:00:49,500 --> 01:00:56,099
written risen upward from the cliff tops

1122
01:00:52,739 --> 01:00:59,519
as a chimney shaped cloud resembling a

1123
01:00:56,099 --> 01:01:02,789
rising rocket type plume of exhaust or

1124
01:00:59,519 --> 01:01:05,759
gaseous cloud that's the only reason why

1125
01:01:02,789 --> 01:01:08,159
I'm skeptical about as the national

1126
01:01:05,760 --> 01:01:11,300

media reported that the gas cloud

1127

01:01:08,159 --> 01:01:14,269

suddenly rolled in from the sea before

1128

01:01:11,300 --> 01:01:18,539

instantaneously harming the cliff

1129

01:01:14,269 --> 01:01:21,960

walkers and Beach sunbathers in in my

1130

01:01:18,539 --> 01:01:25,440

humble opinion it's most certainly a

1131

01:01:21,960 --> 01:01:30,300

weird and perhaps even suspicious event

1132

01:01:25,440 --> 01:01:33,000

and as far as I know still unexplained

1133

01:01:30,300 --> 01:01:36,000

there is a chance and I'm taking a

1134

01:01:33,000 --> 01:01:38,849

suspicious but educated guess here that

1135

01:01:36,000 --> 01:01:41,340

this cloud of noxious gas might have

1136

01:01:38,849 --> 01:01:44,789

come from say an oil tanker or likewise

1137

01:01:41,340 --> 01:01:47,640

which may have been illegally flushing

1138

01:01:44,789 --> 01:01:49,980

or clearing its tanks with chemicals

1139

01:01:47,639 --> 01:01:52,289

somewhat offshore and out of sight or

1140

01:01:49,980 --> 01:01:56,010

over the horizon but there have been no

1141
01:01:52,289 --> 01:01:59,219
such ship seen or reported at that time

1142
01:01:56,010 --> 01:02:02,670
the chances of the poison cloud blowing

1143
01:01:59,219 --> 01:02:04,649
in from France about 60 miles distant at

1144
01:02:02,670 --> 01:02:08,570
this point of the English Channel are

1145
01:02:04,650 --> 01:02:11,849
minimal as our national meteor

1146
01:02:08,570 --> 01:02:14,130
meteorological office in Exeter reports

1147
01:02:11,849 --> 01:02:16,349
that there were only very light winds

1148
01:02:14,130 --> 01:02:18,360
blowing at the time and they were

1149
01:02:16,349 --> 01:02:20,368
blowing from another direction other

1150
01:02:18,360 --> 01:02:23,190
than France so

1151
01:02:20,369 --> 01:02:26,309
we're going to get some pictures on this

1152
01:02:23,190 --> 01:02:30,358
and if anybody knows anything more about

1153
01:02:26,309 --> 01:02:36,059
this anomalous event at the seven

1154
01:02:30,358 --> 01:02:39,358
sisters at the seven sisters sea cliffs

1155
01:02:36,059 --> 01:02:44,940
by kuden Beach and how people were

1156
01:02:39,358 --> 01:02:47,548
burned there with the gas if anybody

1157
01:02:44,940 --> 01:02:50,519
else knows anything about it please

1158
01:02:47,548 --> 01:02:53,489
contact us and we will be showing I

1159
01:02:50,518 --> 01:02:57,268
believe on our website some of the

1160
01:02:53,489 --> 01:02:59,009
photos that mr. a took which we owe him

1161
01:02:57,268 --> 01:03:01,558
an enormous debt of gratitude as well

1162
01:02:59,009 --> 01:03:02,699
for sharing with us absolutely hope to

1163
01:03:01,559 --> 01:03:05,969
hear from all of you that have

1164
01:03:02,699 --> 01:03:08,548
experiences like this be great yes it

1165
01:03:05,969 --> 01:03:10,858
really would be I think this is a really

1166
01:03:08,548 --> 01:03:14,179
bizarre one because people were hurt you

1167
01:03:10,858 --> 01:03:16,558
know I don't hope to get a lot of of

1168
01:03:14,179 --> 01:03:18,028
instances of people being hurt but if it

1169

01:03:16,559 --> 01:03:20,009
happens it happens we got to know about

1170
01:03:18,028 --> 01:03:22,170
it it does sound like a low-flying

1171
01:03:20,009 --> 01:03:26,369
chemtrail almost or something alone

1172
01:03:22,170 --> 01:03:30,298
chemtrail ideal could be could be cake I

1173
01:03:26,369 --> 01:03:33,329
certainly don't say that wouldn't be the

1174
01:03:30,298 --> 01:03:36,509
case coming up on shattered reality

1175
01:03:33,329 --> 01:03:39,509
podcast we will I have a few other

1176
01:03:36,509 --> 01:03:43,498
listeners are on deck who are interested

1177
01:03:39,509 --> 01:03:47,998
in expressing what they have experienced

1178
01:03:43,498 --> 01:03:50,759
and also I believe all things working

1179
01:03:47,998 --> 01:03:54,118
out well that we will have dr. Irena

1180
01:03:50,759 --> 01:03:58,409
Scott who has written a very interesting

1181
01:03:54,119 --> 01:04:03,239
book involving the UFO phenomena at on

1182
01:03:58,409 --> 01:04:07,739
our next podcast we also have a mr.

1183
01:04:03,239 --> 01:04:12,690

David Bowie who has written also a book

1184

01:04:07,739 --> 01:04:14,778

investigating a particular gentleman who

1185

01:04:12,690 --> 01:04:18,989

had a lot of anomalous experiences

1186

01:04:14,778 --> 01:04:21,268

including purported UFO abduction so um

1187

01:04:18,989 --> 01:04:23,728

for the next couple of weeks at any rate

1188

01:04:21,268 --> 01:04:25,618

we will be in the UFO subject as it

1189

01:04:23,728 --> 01:04:28,409

appears now but as you know dear

1190

01:04:25,619 --> 01:04:31,318

listeners things sometimes change you

1191

01:04:28,409 --> 01:04:33,659

never know because it's anomalous and we

1192

01:04:31,318 --> 01:04:38,630

are OH

1193

01:04:33,659 --> 01:04:38,629

from shattered reality

1194

01:04:44,800 --> 01:04:48,550

[Music]

1195

01:04:56,329 --> 01:04:58,389

you
