

1  
00:00:08,570 --> 00:00:12,210  
[Music]

2  
00:00:17,199 --> 00:00:25,490  
welcome to shattered reality with your

3  
00:00:20,690 --> 00:00:28,520  
hosts Kate Valentine and furs prepare to

4  
00:00:25,489 --> 00:00:34,640  
have your paradigm shifted in the truths

5  
00:00:28,519 --> 00:00:38,448  
questioned and now shattered reality hey

6  
00:00:34,640 --> 00:00:41,120  
Kate I appreciate our you I think I'm

7  
00:00:38,448 --> 00:00:47,599  
doing okay today would you believe this

8  
00:00:41,119 --> 00:00:49,070  
is our 57th show I wouldn't and I'm just

9  
00:00:47,600 --> 00:00:55,840  
going to slate

10  
00:00:49,070 --> 00:00:57,829  
today is October 24th 2017 all right and

11  
00:00:55,840 --> 00:01:01,840  
we're all getting ready for Halloween

12  
00:00:57,829 --> 00:01:05,659  
around here at shattered reality podcast

13  
00:01:01,840 --> 00:01:10,270  
but today we are proud to present

14  
00:01:05,659 --> 00:01:15,979  
someone who was our thirteenth guest

15  
00:01:10,269 --> 00:01:19,670  
back two years ago we have a we have

16  
00:01:15,978 --> 00:01:24,108  
today for your listening pleasure John B

17  
00:01:19,670 --> 00:01:27,469  
Alexander who is a doctor of Education

18  
00:01:24,108 --> 00:01:30,618  
and thanatology he is a retired United

19  
00:01:27,468 --> 00:01:32,928  
States Army colonel and he has so many

20  
00:01:30,618 --> 00:01:36,429  
different awards that I can't even begin

21  
00:01:32,929 --> 00:01:39,728  
to mention them I know on his mids a

22  
00:01:36,429 --> 00:01:42,649  
national oh boy I'm going to investigate

23  
00:01:39,728 --> 00:01:45,739  
discovery science yes National Institute

24  
00:01:42,649 --> 00:01:48,799  
of discovery science he has a biography

25  
00:01:45,739 --> 00:01:52,688  
on there that is just one award after

26  
00:01:48,799 --> 00:01:56,469  
another today we're going to be mostly

27  
00:01:52,688 --> 00:02:00,739  
discussing his new book which is called

28  
00:01:56,468 --> 00:02:05,028  
reality denied firsthand experiences

29

00:02:00,739 --> 00:02:08,899  
with things that can't happen but did

30  
00:02:05,028 --> 00:02:12,729  
and the forward is by the famous psychic

31  
00:02:08,899 --> 00:02:17,539  
Uri Geller so without any further ado

32  
00:02:12,729 --> 00:02:20,689  
John B Alexander PhD welcome to the show

33  
00:02:17,539 --> 00:02:23,359  
so glad to be back

34  
00:02:20,689 --> 00:02:25,189  
yeah I'll tell you I have to say dr.

35  
00:02:23,360 --> 00:02:27,470  
Alexander this is Kate Valentine here

36  
00:02:25,189 --> 00:02:30,259  
now it was such a pleasure to read your

37  
00:02:27,469 --> 00:02:33,319  
book you're one of the few people that

38  
00:02:30,259 --> 00:02:35,810  
write in conversational tones and it was

39  
00:02:33,319 --> 00:02:38,719  
like sitting down and having a talk with

40  
00:02:35,810 --> 00:02:41,240  
you a very interesting person discussing

41  
00:02:38,719 --> 00:02:46,150  
extremely interesting things it was a

42  
00:02:41,240 --> 00:02:48,110  
very very very enjoyable book thank you

43  
00:02:46,150 --> 00:02:52,879

glad you enjoyed it

44

00:02:48,110 --> 00:02:55,090

well I did too and basically what I

45

00:02:52,879 --> 00:02:59,530

would like to start out with because

46

00:02:55,090 --> 00:03:02,900

your book is separated into chapters

47

00:02:59,530 --> 00:03:06,140

according to the type of phenomena that

48

00:03:02,900 --> 00:03:08,990

you experienced or witnessed or with

49

00:03:06,139 --> 00:03:12,159

were with people who experienced it

50

00:03:08,990 --> 00:03:17,060

rather than it being a chronological

51

00:03:12,159 --> 00:03:19,310

sort of what a biography if you will so

52

00:03:17,060 --> 00:03:21,530

which I did lose some of them based on

53

00:03:19,310 --> 00:03:23,569

my personal experiences then there's a

54

00:03:21,530 --> 00:03:26,930

whole group on the military things that

55

00:03:23,569 --> 00:03:29,359

we did when I was with the intelligence

56

00:03:26,930 --> 00:03:32,270

community that were pretty pretty

57

00:03:29,360 --> 00:03:35,690

interesting and very different so you

58  
00:03:32,270 --> 00:03:38,840  
you started out as an Army private you

59  
00:03:35,689 --> 00:03:42,770  
were it just enlisted as a as a very

60  
00:03:38,840 --> 00:03:46,039  
young man and went on from there to

61  
00:03:42,770 --> 00:03:48,489  
finally become a colonel and during that

62  
00:03:46,039 --> 00:03:51,679  
time you were in Vietnam and you had

63  
00:03:48,489 --> 00:03:56,599  
some very very interesting experiences

64  
00:03:51,680 --> 00:03:58,280  
there as in combat in in Vietnam would

65  
00:03:56,599 --> 00:04:03,319  
you like to talk a little bit about that

66  
00:03:58,280 --> 00:04:06,650  
oh well are we talking about stuff on

67  
00:04:03,319 --> 00:04:08,840  
intuition or yes yes I'm assuming you

68  
00:04:06,650 --> 00:04:10,219  
don't watch this war story no no I mean

69  
00:04:08,840 --> 00:04:12,469  
that I mean I'm sure that they're

70  
00:04:10,219 --> 00:04:15,430  
interesting also but not really the

71  
00:04:12,469 --> 00:04:19,970  
subject of our show right I understand

72  
00:04:15,430 --> 00:04:23,030  
no I did a chapter called tripwire and

73  
00:04:19,970 --> 00:04:26,720  
now when I mentioned there they're

74  
00:04:23,029 --> 00:04:34,709  
several incidents but one in particular

75  
00:04:26,720 --> 00:04:36,810  
where I was entering BC my

76  
00:04:34,709 --> 00:04:38,939  
field if you will now these are not like

77  
00:04:36,810 --> 00:04:42,569  
classic military minefields because

78  
00:04:38,939 --> 00:04:47,819  
they're not marked or anything like that

79  
00:04:42,569 --> 00:04:52,589  
and as I was backing up because we were

80  
00:04:47,819 --> 00:04:56,069  
in contact I suddenly stopped and then

81  
00:04:52,589 --> 00:04:59,189  
this Vietnamese lieutenant with me

82  
00:04:56,069 --> 00:05:03,110  
starts yelling mean mean and I looked

83  
00:04:59,189 --> 00:05:05,670  
down and there's a tripwire

84  
00:05:03,110 --> 00:05:08,310  
that's running behind the heel of my

85  
00:05:05,670 --> 00:05:12,300  
boots that I've already started to put

86

00:05:08,310 --> 00:05:17,100  
tension on so had I continued backwards

87  
00:05:12,300 --> 00:05:19,710  
for and another inch I would have set

88  
00:05:17,100 --> 00:05:23,340  
off for mine and probably taken off my

89  
00:05:19,709 --> 00:05:26,219  
legs so exactly why I stopped at that

90  
00:05:23,339 --> 00:05:29,689  
point I can't quite say but it's the

91  
00:05:26,220 --> 00:05:32,490  
type of experience that military people

92  
00:05:29,689 --> 00:05:36,269  
lose in combat in particular or just

93  
00:05:32,490 --> 00:05:39,439  
recount by the thousands I mean that's

94  
00:05:36,269 --> 00:05:43,709  
not atypical at all

95  
00:05:39,439 --> 00:05:46,370  
yes well would you say that that was the

96  
00:05:43,709 --> 00:05:49,729  
beginning of your feelings of having

97  
00:05:46,370 --> 00:05:52,079  
intuition or the beginnings of your

98  
00:05:49,730 --> 00:05:56,670  
experience almost although this is

99  
00:05:52,079 --> 00:06:00,349  
decades later okay as I started my

100  
00:05:56,670 --> 00:06:07,100

interest actually my earliest

101

00:06:00,350 --> 00:06:11,070

recollection saj goes back to 1947 I

102

00:06:07,100 --> 00:06:13,740

went to a very unique grade school and

103

00:06:11,069 --> 00:06:15,290

was actually part of a college that

104

00:06:13,740 --> 00:06:19,069

became part of the University of

105

00:06:15,290 --> 00:06:22,920

Wisconsin and because of that we had a

106

00:06:19,069 --> 00:06:25,709

radio system that was inside the school

107

00:06:22,920 --> 00:06:28,980

we could put broadcasts out and students

108

00:06:25,709 --> 00:06:32,639

would periodically be tasked to you know

109

00:06:28,980 --> 00:06:43,920

to broadcast my very first broadcast was

110

00:06:32,639 --> 00:06:45,389

on UFOs wow I just remember 40 47 things

111

00:06:43,920 --> 00:06:48,300

were just getting started

112

00:06:45,389 --> 00:06:51,839

that was the wasn't that the washing

113

00:06:48,300 --> 00:06:59,158

2dc fly over and all we sat in the 50s

114

00:06:51,839 --> 00:07:01,439

51 Roswell and the first sightings by

115  
00:06:59,158 --> 00:07:04,918  
Kenneth Arnold I believe right right

116  
00:07:01,439 --> 00:07:08,490  
right and it's uh they had the first

117  
00:07:04,918 --> 00:07:10,288  
sightings by Kenneth Arnold followed by

118  
00:07:08,490 --> 00:07:14,430  
a series of other sightings and of

119  
00:07:10,288 --> 00:07:18,060  
course infamous Roswell event which I

120  
00:07:14,430 --> 00:07:21,329  
get into lots of trouble over but all of

121  
00:07:18,060 --> 00:07:24,449  
those things were going on just about

122  
00:07:21,329 --> 00:07:28,019  
that time you also have the famous

123  
00:07:24,449 --> 00:07:31,680  
twining memo that came out it said hey

124  
00:07:28,019 --> 00:07:34,468  
this is a classified memo to the Air

125  
00:07:31,680 --> 00:07:36,530  
Force not to the public but saying this

126  
00:07:34,468 --> 00:07:40,769  
is real we need to take it seriously

127  
00:07:36,529 --> 00:07:45,089  
it's not hallucinations or anything we

128  
00:07:40,769 --> 00:07:48,029  
can explain indeed indeed well and you

129  
00:07:45,089 --> 00:07:51,689  
you have since more in more recent times

130  
00:07:48,029 --> 00:07:53,939  
you were out in I don't know that ranch

131  
00:07:51,689 --> 00:07:56,278  
in the upper Northwest the name of which

132  
00:07:53,939 --> 00:07:59,668  
is escaping me no not skinwalker that

133  
00:07:56,278 --> 00:08:01,829  
was that was in the southwest that where

134  
00:07:59,668 --> 00:08:04,139  
you you saw something of that you might

135  
00:08:01,829 --> 00:08:07,528  
you might have thought was a UFO correct

136  
00:08:04,139 --> 00:08:11,129  
that was a while back well that's yeah

137  
00:08:07,528 --> 00:08:15,389  
that's quite a while ago in this book an

138  
00:08:11,129 --> 00:08:23,490  
incident that's much more intriguing and

139  
00:08:15,389 --> 00:08:24,990  
this happened almost two years ago right

140  
00:08:23,490 --> 00:08:28,918  
around this time of year

141  
00:08:24,990 --> 00:08:31,800  
but I was following up with Kris blood

142  
00:08:28,918 --> 00:08:36,718  
soul man a number of people might

143

00:08:31,800 --> 00:08:38,849  
recognize him on the case at what we

144  
00:08:36,719 --> 00:08:43,320  
haven't got an hour to just cover that

145  
00:08:38,849 --> 00:08:46,949  
case alone but it started with a

146  
00:08:43,320 --> 00:08:49,399  
sighting that he and some other people

147  
00:08:46,948 --> 00:08:55,740  
had major sighting interactions with

148  
00:08:49,399 --> 00:08:59,639  
creepy crawlers things hovering a he

149  
00:08:55,740 --> 00:09:01,509  
goes home and is followed by some type

150  
00:08:59,639 --> 00:09:03,939  
of alien gets off in the yard

151  
00:09:01,509 --> 00:09:07,360  
running off and he's captured by them

152  
00:09:03,940 --> 00:09:12,220  
turns around and says okay

153  
00:09:07,360 --> 00:09:14,830  
you got me and the alien telepathically

154  
00:09:12,220 --> 00:09:18,310  
communicated oh you don't understand

155  
00:09:14,830 --> 00:09:21,009  
we're here to help you which he doesn't

156  
00:09:18,309 --> 00:09:25,929  
think much of and whatever this entity

157  
00:09:21,009 --> 00:09:29,679

is it disappears as Chris jr. Chris

158

00:09:25,929 --> 00:09:34,479

seniors son shows up who and also had a

159

00:09:29,679 --> 00:09:37,089

major encounter that evening himself but

160

00:09:34,480 --> 00:09:39,480

what he learned the next day he just

161

00:09:37,090 --> 00:09:42,280

realized around noon he says gee I

162

00:09:39,480 --> 00:09:44,680

haven't taken my medicine today and it

163

00:09:42,279 --> 00:09:49,509

turns out he had had Crohn's disease

164

00:09:44,679 --> 00:09:54,039

which is terribly debilitating and had

165

00:09:49,509 --> 00:09:57,309

that had gone on for 12 years and after

166

00:09:54,039 --> 00:10:01,539

this encounter since then he's never

167

00:09:57,309 --> 00:10:04,029

taken a pill again what happened

168

00:10:01,539 --> 00:10:07,360

that may be of interest is that we went

169

00:10:04,029 --> 00:10:10,149

down and visited him and as fact we got

170

00:10:07,360 --> 00:10:14,320

a lovely family and they're all involved

171

00:10:10,149 --> 00:10:18,069

and Carib ly supportive so he took us

172  
00:10:14,320 --> 00:10:20,800  
down to the river the initial incident

173  
00:10:18,070 --> 00:10:24,760  
had happened on the Cape Fear River just

174  
00:10:20,799 --> 00:10:27,219  
a few miles from his home and we went

175  
00:10:24,759 --> 00:10:29,439  
down there it was getting early evening

176  
00:10:27,220 --> 00:10:31,840  
and we came back up and he's showing us

177  
00:10:29,440 --> 00:10:34,090  
where you know this happened here and

178  
00:10:31,840 --> 00:10:38,759  
here's where I saw this and all that so

179  
00:10:34,090 --> 00:10:41,470  
we get back up in an empty field and

180  
00:10:38,759 --> 00:10:44,939  
Chris and I are leaning against the car

181  
00:10:41,470 --> 00:10:47,740  
talking about it Victoria was along and

182  
00:10:44,940 --> 00:10:49,540  
she and his daughter we've gotten the

183  
00:10:47,740 --> 00:10:53,500  
backseat of the car and we're talking

184  
00:10:49,539 --> 00:10:56,589  
that's getting yeah it's just dark but

185  
00:10:53,500 --> 00:10:58,720  
you know just turned that way and as

186  
00:10:56,590 --> 00:11:03,280  
we're discussing it all of a sudden he

187  
00:10:58,720 --> 00:11:05,440  
goes oh I think they're here and within

188  
00:11:03,279 --> 00:11:08,379  
about 10 seconds all of a sudden

189  
00:11:05,440 --> 00:11:12,930  
something pops into view and goes

190  
00:11:08,379 --> 00:11:12,929  
zipping off to the south

191  
00:11:13,070 --> 00:11:19,310  
and with a specific interest of course

192  
00:11:16,339 --> 00:11:22,220  
is a temporal relationship between the

193  
00:11:19,309 --> 00:11:27,409  
time him saying I think they're here and

194  
00:11:22,220 --> 00:11:30,610  
the objects appearing hmm but it kept my

195  
00:11:27,409 --> 00:11:33,620  
attention much more so than the insin

196  
00:11:30,610 --> 00:11:35,810  
Upton Washington right that was that was

197  
00:11:33,620 --> 00:11:38,269  
some some time ago and from your last

198  
00:11:35,809 --> 00:11:42,799  
book but with the Bledsoe family here

199  
00:11:38,269 --> 00:11:46,028  
you you also took a trip to Mount Mount

200

00:11:42,799 --> 00:11:51,139  
Charleston outside of Las Vegas and I

201  
00:11:46,028 --> 00:11:53,870  
live in Las Vegas and he and some other

202  
00:11:51,139 --> 00:11:59,778  
friends were out visiting and they they

203  
00:11:53,870 --> 00:12:04,610  
wanted to try and interact because the

204  
00:11:59,778 --> 00:12:09,948  
premise being that whatever it is a

205  
00:12:04,610 --> 00:12:13,940  
formal consciousness or whatnot can be

206  
00:12:09,948 --> 00:12:16,789  
attracted and so we went up and we were

207  
00:12:13,940 --> 00:12:19,220  
about a mush people don't know Las Vegas

208  
00:12:16,789 --> 00:12:23,360  
is only 2,000 feet high but the mountain

209  
00:12:19,220 --> 00:12:26,778  
goes up to nearly 12,000 feet so pretty

210  
00:12:23,360 --> 00:12:31,159  
high mountains within half an hour of

211  
00:12:26,778 --> 00:12:35,448  
the city until we're traversing at about

212  
00:12:31,159 --> 00:12:40,698  
the 9,000 foot level and stopped and

213  
00:12:35,448 --> 00:12:44,870  
we're putting up balloons with some chem

214  
00:12:40,698 --> 00:12:47,509

light kinds of things on them just to

215

00:12:44,870 --> 00:12:49,879

see what would happen and what was the

216

00:12:47,509 --> 00:12:54,769

Ventris was that I took a number of

217

00:12:49,879 --> 00:12:57,259

flash photos and in some of them you see

218

00:12:54,769 --> 00:13:00,528

these kinds of orbs and others

219

00:12:57,259 --> 00:13:05,088

absolutely nothing just you know the

220

00:13:00,528 --> 00:13:08,179

picture is you would expect it to be so

221

00:13:05,089 --> 00:13:10,220

the so the I'm just gonna quote you here

222

00:13:08,179 --> 00:13:12,289

for a second it says in your book with

223

00:13:10,220 --> 00:13:15,528

temperatures near freezing we conducted

224

00:13:12,289 --> 00:13:20,149

activities that some contend attract

225

00:13:15,528 --> 00:13:22,389

visitors now that sentence really took

226

00:13:20,149 --> 00:13:25,610

me you know it captured my interest

227

00:13:22,389 --> 00:13:27,948

because what were those activities

228

00:13:25,610 --> 00:13:31,850

putting up the balloon

229

00:13:27,948 --> 00:13:31,849

inquiring minds want to know

230

00:13:32,419 --> 00:13:39,958

yeah they primarily using these balloons

231

00:13:37,350 --> 00:13:42,180

with say with a chem light silent so

232

00:13:39,958 --> 00:13:44,429

they would trinkle so if anybody else

233

00:13:42,179 --> 00:13:48,419

saw I'm sure they thought those would

234

00:13:44,429 --> 00:13:52,379

have been good right right well it would

235

00:13:48,419 --> 00:13:55,759

certainly I'm going to skip almost to

236

00:13:52,379 --> 00:13:59,429

the end here and say that you are

237

00:13:55,759 --> 00:14:03,180

hosting the Society for scientific

238

00:13:59,429 --> 00:14:08,219

exploration annual symposium out in Las

239

00:14:03,179 --> 00:14:11,429

Vegas in June of 2018 and I'm hoping

240

00:14:08,220 --> 00:14:14,459

that maybe everybody can take a trip out

241

00:14:11,429 --> 00:14:17,939

to a Mount Charleston but I don't know

242

00:14:14,458 --> 00:14:20,458

if that's in the offing like I say it's

243

00:14:17,940 --> 00:14:23,300  
only about thirty minutes away

244

00:14:20,458 --> 00:14:27,659  
I would mention that the esse meeting

245

00:14:23,299 --> 00:14:31,649  
will be here from seven to ten June next

246

00:14:27,659 --> 00:14:35,480  
year but this is also combined with Irv

247

00:14:31,649 --> 00:14:39,360  
o the International remote viewing

248

00:14:35,480 --> 00:14:41,970  
Association so we're going to work

249

00:14:39,360 --> 00:14:43,949  
together that we did one with the Perot

250

00:14:41,970 --> 00:14:46,970  
Psychological Association a few years

251

00:14:43,948 --> 00:14:50,159  
ago and it ups the ante we also have

252

00:14:46,970 --> 00:14:52,800  
ranking a lot of members that happen to

253

00:14:50,159 --> 00:14:54,688  
belong to both organizations I think

254

00:14:52,799 --> 00:14:59,549  
that was part of the thinking and

255

00:14:54,688 --> 00:15:02,399  
getting getting it here and have a we're

256

00:14:59,549 --> 00:15:05,278  
going to be at the South Point Hotel and

257

00:15:02,399 --> 00:15:08,818  
Casino and the room rates that we've

258  
00:15:05,278 --> 00:15:11,220  
secured are very attractive okay well

259  
00:15:08,818 --> 00:15:13,259  
I'm a member of both and so I get two

260  
00:15:11,220 --> 00:15:14,879  
for my one money and that's going to be

261  
00:15:13,259 --> 00:15:17,519  
great well that's why we did it I mean

262  
00:15:14,879 --> 00:15:21,948  
there's we have quite a few folks like

263  
00:15:17,519 --> 00:15:25,049  
you who belong to both organizations and

264  
00:15:21,948 --> 00:15:26,758  
we're we're still working on the well

265  
00:15:25,049 --> 00:15:30,419  
the program committee is working on

266  
00:15:26,759 --> 00:15:33,389  
exactly what will be covered actually I

267  
00:15:30,419 --> 00:15:38,789  
would say that you're a documentation of

268  
00:15:33,389 --> 00:15:40,620  
your experiences was very meticulous i I

269  
00:15:38,789 --> 00:15:42,958  
did a swim with the doll

270  
00:15:40,620 --> 00:15:47,039  
and you you've done swims with dolphins

271  
00:15:42,958 --> 00:15:50,688

and whales and I I did get beamed by

272

00:15:47,039 --> 00:15:53,938

some some dolphins I did experience that

273

00:15:50,688 --> 00:15:56,938

sonar I guess it is that they that they

274

00:15:53,938 --> 00:16:00,509

sort of beam at you and it was a very

275

00:15:56,938 --> 00:16:06,149

unique experience did you want to speak

276

00:16:00,509 --> 00:16:09,659

about that at all well we did we were

277

00:16:06,149 --> 00:16:13,110

actually a we were I assumed your

278

00:16:09,659 --> 00:16:17,639

dolphins were in captivity no no I went

279

00:16:13,110 --> 00:16:21,329

out on a pontoon type boat into the

280

00:16:17,639 --> 00:16:24,539

Bermuda Triangle with the marine mammal

281

00:16:21,328 --> 00:16:27,828

stranding Institute of New Jersey down

282

00:16:24,539 --> 00:16:31,469

in there from there out of Neptune

283

00:16:27,828 --> 00:16:35,188

Brigantine New Jersey and they

284

00:16:31,470 --> 00:16:38,300

instituted a trip that my friend was

285

00:16:35,188 --> 00:16:42,208

going to go on a lady friend of mine and

286

00:16:38,299 --> 00:16:44,938  
she got me to go and I practice my

287

00:16:42,208 --> 00:16:47,609  
swimming and I went out there and at one

288

00:16:44,938 --> 00:16:49,860  
point I was left behind by the boat and

289

00:16:47,610 --> 00:16:52,438  
I have to tell you it it was it was an

290

00:16:49,860 --> 00:16:59,308  
experience but Here I am to talk about

291

00:16:52,438 --> 00:17:03,088  
it today water if you want to be scared

292

00:16:59,308 --> 00:17:07,288  
no no I I won't see it thank you I don't

293

00:17:03,089 --> 00:17:09,838  
want to be scared I'm scared that's

294

00:17:07,288 --> 00:17:13,500  
about it I've divers like those who are

295

00:17:09,838 --> 00:17:17,099  
there down and come up and the boat is

296

00:17:13,500 --> 00:17:19,588  
gone yes yes they were going but I saw

297

00:17:17,099 --> 00:17:23,038  
it I saw it disappearing into the

298

00:17:19,588 --> 00:17:26,038  
distance and for I was waving and waving

299

00:17:23,038 --> 00:17:27,779  
and waving with my you know flippers on

300  
00:17:26,038 --> 00:17:30,179  
underneath and they were going going

301  
00:17:27,779 --> 00:17:31,980  
going and finally I guess that lady

302  
00:17:30,179 --> 00:17:34,830  
friend of mine happened to mention to

303  
00:17:31,980 --> 00:17:38,429  
the woman running the cruise that hey my

304  
00:17:34,829 --> 00:17:40,798  
friend isn't there and so she they came

305  
00:17:38,429 --> 00:17:45,360  
started back towards me and she jumped

306  
00:17:40,798 --> 00:17:48,119  
off the boat and she swam to me and she

307  
00:17:45,359 --> 00:17:49,798  
said now don't worry your I might have

308  
00:17:48,119 --> 00:17:52,199  
to knock you out because you're drowning

309  
00:17:49,798 --> 00:17:53,920  
and I said hold on I'm not drowning I'm

310  
00:17:52,200 --> 00:17:57,220  
swimming you left me

311  
00:17:53,920 --> 00:18:00,850  
I'm here I'm fine just take me back onto

312  
00:17:57,220 --> 00:18:04,420  
the boat from a diagnostic perspective

313  
00:18:00,849 --> 00:18:07,089  
that's inexcusable and they're supposed

314

00:18:04,420 --> 00:18:09,940  
to make I've done a lot of that and

315  
00:18:07,089 --> 00:18:12,579  
you're supposed to make you know head

316  
00:18:09,940 --> 00:18:17,200  
counts and have a solid head count

317  
00:18:12,579 --> 00:18:21,220  
before you depart locations but unless

318  
00:18:17,200 --> 00:18:27,370  
we were actually living out in the area

319  
00:18:21,220 --> 00:18:30,490  
north of Bimini mm-hmm and yeah our

320  
00:18:27,369 --> 00:18:34,719  
interactions were kind of continuous one

321  
00:18:30,490 --> 00:18:37,170  
for several days including and what's in

322  
00:18:34,720 --> 00:18:40,589  
the book is about telepathic

323  
00:18:37,170 --> 00:18:44,410  
communication where we have the Dolphins

324  
00:18:40,589 --> 00:18:51,369  
responding to specific instructions that

325  
00:18:44,410 --> 00:18:54,840  
were being sent to them and they seem to

326  
00:18:51,369 --> 00:18:58,089  
respond quite positively and you know

327  
00:18:54,839 --> 00:19:02,919  
like major changes in direction and

328  
00:18:58,089 --> 00:19:07,240

whatnot they also it also describes ones

329

00:19:02,920 --> 00:19:10,450

that were run by Scott Jones in where

330

00:19:07,240 --> 00:19:13,329

they were in tanks in captivity with

331

00:19:10,450 --> 00:19:16,509

very intricate patterns that the

332

00:19:13,329 --> 00:19:20,649

Dolphins responded to and they get all

333

00:19:16,509 --> 00:19:25,180

of it done telepathically no hand hand

334

00:19:20,650 --> 00:19:28,390

signals or anything like that quite

335

00:19:25,180 --> 00:19:31,269

impressive you have quite a history in

336

00:19:28,390 --> 00:19:35,740

the water shall we say you've gone down

337

00:19:31,269 --> 00:19:40,869

in a shark tank you swum with whales and

338

00:19:35,740 --> 00:19:43,809

with dolphins and also you went looking

339

00:19:40,869 --> 00:19:46,569

for the remains of a possible Atlantis

340

00:19:43,809 --> 00:19:50,409

near Bimini at one point in the in the

341

00:19:46,569 --> 00:19:55,980

past the further past that is antiquity

342

00:19:50,410 --> 00:20:01,090

but yes it goes back to about 1970

343  
00:19:55,980 --> 00:20:04,839  
somewhere around in there but yeah we

344  
00:20:01,089 --> 00:20:07,019  
were looking at was known as the Bimini

345  
00:20:04,839 --> 00:20:09,959  
wall

346  
00:20:07,019 --> 00:20:10,529  
a lot of questions about what it really

347  
00:20:09,960 --> 00:20:16,819  
is

348  
00:20:10,529 --> 00:20:23,609  
however what we saw was a very long one

349  
00:20:16,819 --> 00:20:28,919  
eighteen hundred yard layer of rocks out

350  
00:20:23,609 --> 00:20:33,209  
there that were very geometric in you

351  
00:20:28,920 --> 00:20:36,000  
know specific large rectangles hex

352  
00:20:33,210 --> 00:20:39,210  
angles and things of that nature it was

353  
00:20:36,000 --> 00:20:42,890  
very clear that when you swim over it

354  
00:20:39,210 --> 00:20:48,019  
you have ocean floor on one side wall

355  
00:20:42,890 --> 00:20:52,590  
off the other side ocean floor again and

356  
00:20:48,019 --> 00:20:56,069  
I forget that that there were a few

357  
00:20:52,589 --> 00:21:02,189  
books written on that probably forty

358  
00:20:56,069 --> 00:21:04,609  
years ago also dr. Alexander just to get

359  
00:21:02,190 --> 00:21:08,190  
back to generalities as opposed to

360  
00:21:04,609 --> 00:21:10,859  
specificities are in writing the book

361  
00:21:08,190 --> 00:21:13,259  
you state that your objective for many

362  
00:21:10,859 --> 00:21:15,569  
years has been to it and I'm quoting has

363  
00:21:13,259 --> 00:21:18,089  
been to assist in making it possible for

364  
00:21:15,569 --> 00:21:20,970  
the young best and brightest scientists

365  
00:21:18,089 --> 00:21:23,490  
to explore areas of phenomena without

366  
00:21:20,970 --> 00:21:26,970  
risking their reputation or livelihood

367  
00:21:23,490 --> 00:21:29,130  
and that does seem to be the problem you

368  
00:21:26,970 --> 00:21:31,319  
seem to have escaped that do you have

369  
00:21:29,130 --> 00:21:34,830  
made a really nice career for yourself

370  
00:21:31,319 --> 00:21:37,309  
in both small yeah when I tell folks who

371

00:21:34,829 --> 00:21:44,730  
say that is you want to see the scars

372  
00:21:37,309 --> 00:21:47,730  
really it is a career can't I get

373  
00:21:44,730 --> 00:21:49,799  
questions periodically from young folks

374  
00:21:47,730 --> 00:21:52,920  
who say how can I get a career in this

375  
00:21:49,799 --> 00:21:57,200  
and that and they be independently

376  
00:21:52,920 --> 00:21:59,550  
wealthy yeah what the thing he's

377  
00:21:57,200 --> 00:22:03,720  
selected there was I think one of the

378  
00:21:59,549 --> 00:22:07,440  
most important points in the book that I

379  
00:22:03,720 --> 00:22:12,960  
do think we need to get or make it

380  
00:22:07,440 --> 00:22:14,970  
permissible for people to do this one of

381  
00:22:12,960 --> 00:22:16,620  
the things I point out we haven't got to

382  
00:22:14,970 --> 00:22:20,190  
the complexity of what we're talking

383  
00:22:16,619 --> 00:22:21,439  
about yet but as you know I look at

384  
00:22:20,190 --> 00:22:25,409  
these fine

385  
00:22:21,440 --> 00:22:28,729

across the board for all the things that

386

00:22:25,409 --> 00:22:31,559

you might from you know UFOs who

387

00:22:28,729 --> 00:22:35,489

psychokinesis a near-death experience of

388

00:22:31,558 --> 00:22:38,700

fire walking to sasquatch to you know

389

00:22:35,489 --> 00:22:41,009

better than a nun alone and I think

390

00:22:38,700 --> 00:22:44,788

there is a connection that consciousness

391

00:22:41,009 --> 00:22:49,079

is a key piece of that so I point out

392

00:22:44,788 --> 00:22:52,819

that whatever we're looking at is at

393

00:22:49,079 --> 00:22:55,470

least as complex as cancer or AIDS and

394

00:22:52,819 --> 00:22:58,168

yet when you look at the amount of

395

00:22:55,470 --> 00:23:01,710

resources placed towards a research on

396

00:22:58,169 --> 00:23:06,720

it it is miniscule at best you're

397

00:23:01,710 --> 00:23:13,098

probably not have you know locally 1/10

398

00:23:06,720 --> 00:23:17,839

of 1% of what we put into even rare

399

00:23:13,098 --> 00:23:22,499

diseases I said my best guess is that

400  
00:23:17,839 --> 00:23:25,858  
maybe 10 million dollars a year is and

401  
00:23:22,499 --> 00:23:27,450  
you know globally has put in it there's

402  
00:23:25,858 --> 00:23:33,509  
no way of knowing because most of this

403  
00:23:27,450 --> 00:23:35,869  
is private donations but for comparison

404  
00:23:33,509 --> 00:23:39,598  
I point to the Large Hadron Collider

405  
00:23:35,868 --> 00:23:44,278  
where we spent about 18 billion dollars

406  
00:23:39,598 --> 00:23:47,848  
just to try and find the Higgs boson and

407  
00:23:44,278 --> 00:23:49,499  
once they did that then they found well

408  
00:23:47,848 --> 00:23:53,278  
thinking that would be quote the god

409  
00:23:49,499 --> 00:23:55,379  
particle you have a step beyond that and

410  
00:23:53,278 --> 00:23:58,798  
you find out we have pentaquarks that

411  
00:23:55,378 --> 00:24:01,168  
are even smaller the issue of course is

412  
00:23:58,798 --> 00:24:04,138  
a belief system a materialistic belief

413  
00:24:01,169 --> 00:24:06,479  
system that says we can cut things into

414  
00:24:04,138 --> 00:24:10,829  
smaller and smaller parts but you always

415  
00:24:06,479 --> 00:24:13,499  
have material at some point whereas I

416  
00:24:10,829 --> 00:24:17,788  
think that consciousness transcends

417  
00:24:13,499 --> 00:24:19,589  
those issues and is integral to all of

418  
00:24:17,788 --> 00:24:23,519  
the things that we see and does not

419  
00:24:19,589 --> 00:24:27,298  
behave by what we call the laws of

420  
00:24:23,519 --> 00:24:29,848  
science well I guess you get down to

421  
00:24:27,298 --> 00:24:32,638  
what is called I believe the hard

422  
00:24:29,848 --> 00:24:34,599  
question of consciousness because you're

423  
00:24:32,638 --> 00:24:37,388  
always conscious when you're

424  
00:24:34,599 --> 00:24:40,480  
using consciousness to research

425  
00:24:37,388 --> 00:24:45,250  
consciousness so it it becomes difficult

426  
00:24:40,480 --> 00:24:49,019  
to parse that somehow but I would point

427  
00:24:45,250 --> 00:24:51,669  
to your career and the kind of

428

00:24:49,019 --> 00:24:55,798  
metamorphosis that you have undergone

429  
00:24:51,669 --> 00:24:58,990  
from the time of being a soldier in the

430  
00:24:55,798 --> 00:25:03,788  
infantry and being let's say in Vietnam

431  
00:24:58,990 --> 00:25:06,130  
and being in a battle type situation to

432  
00:25:03,788 --> 00:25:08,288  
moving forward in your career and

433  
00:25:06,130 --> 00:25:11,309  
eventually going into the area of

434  
00:25:08,288 --> 00:25:14,378  
non-lethal weapons and now then into

435  
00:25:11,308 --> 00:25:17,349  
being involved with the mids project and

436  
00:25:14,378 --> 00:25:21,519  
furthermore going on beyond that and and

437  
00:25:17,349 --> 00:25:28,329  
exploring shamanism so I would say that

438  
00:25:21,519 --> 00:25:32,378  
you have had quite a transformation yeah

439  
00:25:28,329 --> 00:25:34,928  
I've been very fortunate many areas and

440  
00:25:32,378 --> 00:25:37,269  
some things that happened particularly

441  
00:25:34,929 --> 00:25:42,340  
in the military there was a period when

442  
00:25:37,269 --> 00:25:45,250

I would say well people asked me what I

443

00:25:42,339 --> 00:25:49,329

did I'd say I'm a freelance colonel I

444

00:25:45,250 --> 00:25:52,778

worked for male nobert Stubblebine and

445

00:25:49,329 --> 00:25:56,759

we were able to do some very unusual

446

00:25:52,778 --> 00:25:59,710

things and had was at a time when

447

00:25:56,759 --> 00:26:03,038

resources were adequate for doing that

448

00:25:59,710 --> 00:26:07,019

and we weren't you know constantly in

449

00:26:03,038 --> 00:26:09,308

conflict and had the right kind of

450

00:26:07,019 --> 00:26:14,909

open-minded leadership that would allow

451

00:26:09,308 --> 00:26:18,428

us to do that having said that you know

452

00:26:14,909 --> 00:26:22,000

subline paid a huge price for that as

453

00:26:18,429 --> 00:26:25,440

well was forced to retire because of

454

00:26:22,000 --> 00:26:28,538

interest in these areas and the the

455

00:26:25,440 --> 00:26:31,509

leadership who did not appreciate what

456

00:26:28,538 --> 00:26:35,288

we were doing won that battle so you

457  
00:26:31,509 --> 00:26:39,038  
have you know you have both sides of the

458  
00:26:35,288 --> 00:26:42,158  
coin people are wonderful innovative and

459  
00:26:39,038 --> 00:26:46,480  
supportive and conversely the very

460  
00:26:42,159 --> 00:26:47,250  
conservative well two aspects of it one

461  
00:26:46,480 --> 00:26:51,680  
it can

462  
00:26:47,250 --> 00:26:56,279  
a done so therefore it cannot be real

463  
00:26:51,680 --> 00:26:58,170  
and the other is well maybe you can do

464  
00:26:56,279 --> 00:27:02,149  
that but if you do is the work of the

465  
00:26:58,170 --> 00:27:06,269  
devil so you run into the religious

466  
00:27:02,150 --> 00:27:11,250  
complaints well there seems to be a good

467  
00:27:06,269 --> 00:27:14,210  
deal of of that in today's military from

468  
00:27:11,250 --> 00:27:16,799  
what I hear a lot of people

469  
00:27:14,210 --> 00:27:18,329  
I'm not against Christianity by any

470  
00:27:16,799 --> 00:27:21,409  
means I mean I would grow up as a

471  
00:27:18,329 --> 00:27:24,059  
Christian but this kind of forced

472  
00:27:21,410 --> 00:27:26,279  
Christian aspect to being in the

473  
00:27:24,059 --> 00:27:29,909  
military and seeing all these things as

474  
00:27:26,279 --> 00:27:33,420  
possibly being satanic as opposed to

475  
00:27:29,910 --> 00:27:35,370  
being just other in other words I think

476  
00:27:33,420 --> 00:27:42,900  
if the founder returned he would not

477  
00:27:35,369 --> 00:27:45,479  
recognize the organization yeah III

478  
00:27:42,900 --> 00:27:49,590  
would have to I would have to agree with

479  
00:27:45,480 --> 00:27:52,049  
that I was interested in something that

480  
00:27:49,589 --> 00:27:54,029  
you mentioned twice in the book I mean

481  
00:27:52,049 --> 00:27:56,730  
there were two separate chapters that

482  
00:27:54,029 --> 00:28:01,220  
had dealt with things are around

483  
00:27:56,730 --> 00:28:06,660  
levitation because we did we did have

484  
00:28:01,220 --> 00:28:07,799  
dr. Michael I think of his last name oh

485

00:28:06,660 --> 00:28:10,200  
boy

486  
00:28:07,799 --> 00:28:12,240  
he was on the levitation gentleman the

487  
00:28:10,200 --> 00:28:15,870  
man who wrote the book about levitation

488  
00:28:12,240 --> 00:28:19,019  
most recently he was doing what anyway

489  
00:28:15,869 --> 00:28:21,750  
anyway and I've had some minor

490  
00:28:19,019 --> 00:28:24,059  
experiences with levitation and you

491  
00:28:21,750 --> 00:28:26,849  
mentioned about your pull-ups and the

492  
00:28:24,059 --> 00:28:28,440  
dancers and I had been a dancer and I

493  
00:28:26,849 --> 00:28:31,109  
know other dancers who talked about

494  
00:28:28,440 --> 00:28:33,840  
going across the floor during dance

495  
00:28:31,109 --> 00:28:36,329  
class and when they do their jumps they

496  
00:28:33,839 --> 00:28:39,449  
feel as though they are being held up

497  
00:28:36,329 --> 00:28:41,490  
during their jumps yep I think I

498  
00:28:39,450 --> 00:28:44,640  
mentioned Baryshnikov because that was

499  
00:28:41,490 --> 00:28:46,950

one where they said that they really do

500

00:28:44,640 --> 00:28:50,940

think that you know there were times

501

00:28:46,950 --> 00:28:55,920

that he just seemed to stay aloft longer

502

00:28:50,940 --> 00:28:58,679

than is reasonably expected right and

503

00:28:55,920 --> 00:29:00,690

and he's not he's far from the only one

504

00:28:58,679 --> 00:29:04,800

who has reported that

505

00:29:00,690 --> 00:29:09,000

a fellow who was a roommate of mine at

506

00:29:04,799 --> 00:29:13,740

one point was a with the New York ballet

507

00:29:09,000 --> 00:29:16,140

and he would experience the same thing

508

00:29:13,740 --> 00:29:18,089

in his jumps and you experienced

509

00:29:16,140 --> 00:29:21,570

something similar when you were doing

510

00:29:18,089 --> 00:29:26,099

pull-ups and was that in basic training

511

00:29:21,569 --> 00:29:29,849

or no no as I pointed out I was with a

512

00:29:26,099 --> 00:29:32,759

hundred and first Airborne Division I

513

00:29:29,849 --> 00:29:36,289

was still enlisted as a young medic at

514  
00:29:32,759 --> 00:29:40,619  
the time and if you wanted to eat daily

515  
00:29:36,289 --> 00:29:45,659  
went past the pull-up bar three times a

516  
00:29:40,619 --> 00:29:49,109  
day and it was one where like I said I

517  
00:29:45,660 --> 00:29:52,259  
could at best to a torque and upper-body

518  
00:29:49,109 --> 00:29:57,839  
strength as number of them as good does

519  
00:29:52,259 --> 00:30:01,170  
you know I can run forever so just all

520  
00:29:57,839 --> 00:30:04,199  
of a sudden one evening I point out it

521  
00:30:01,170 --> 00:30:07,200  
was like I didn't weigh anything that

522  
00:30:04,200 --> 00:30:10,650  
you know I wasn't pulling up more or

523  
00:30:07,200 --> 00:30:12,600  
less almost floating and I did you know

524  
00:30:10,650 --> 00:30:16,730  
maybe 20 in a row and just stopped

525  
00:30:12,599 --> 00:30:19,949  
because you know taking up too much time

526  
00:30:16,730 --> 00:30:24,150  
Wow well I've never been able to do a

527  
00:30:19,950 --> 00:30:26,580  
pull-up at all so I'm in awe of that but

528  
00:30:24,150 --> 00:30:29,580  
which brings me to the whole idea that

529  
00:30:26,579 --> 00:30:32,039  
you you have quite a regimen to keep

530  
00:30:29,579 --> 00:30:34,500  
yourself physically fit you travel

531  
00:30:32,039 --> 00:30:38,819  
around the world you go to Mongolia you

532  
00:30:34,500 --> 00:30:42,420  
go you go to South America and you seem

533  
00:30:38,819 --> 00:30:45,329  
to emerge virtually unscathed where I

534  
00:30:42,420 --> 00:30:48,960  
think that I probably would you know

535  
00:30:45,329 --> 00:30:51,960  
come down with berry berry or something

536  
00:30:48,960 --> 00:30:53,870  
terrible so I'm probably less than an

537  
00:30:51,960 --> 00:30:56,130  
hour out of the pool now

538  
00:30:53,869 --> 00:30:58,229  
so you weren't you were you were saying

539  
00:30:56,130 --> 00:31:00,690  
you swim quite a great deal to stay

540  
00:30:58,230 --> 00:31:02,640  
inside I do right swim probably a mile

541  
00:31:00,690 --> 00:31:04,620  
at least six days a week and that's

542

00:31:02,640 --> 00:31:12,680  
because the pools closed on the seventh

543  
00:31:04,619 --> 00:31:14,409  
but all the time that's that's very good

544  
00:31:12,680 --> 00:31:18,779  
great exercise

545  
00:31:14,410 --> 00:31:23,670  
a whole body everything's moving and

546  
00:31:18,779 --> 00:31:27,519  
low-impact I ran for many decades and

547  
00:31:23,670 --> 00:31:32,080  
eventually you pay a price and knees and

548  
00:31:27,519 --> 00:31:36,220  
ankle but not so bad as swimming is

549  
00:31:32,079 --> 00:31:38,379  
quite amazing well I guess you do need

550  
00:31:36,220 --> 00:31:47,559  
some impact though to keep keep your

551  
00:31:38,380 --> 00:31:48,640  
bones good working on us there's no

552  
00:31:47,559 --> 00:31:52,329  
problem there

553  
00:31:48,640 --> 00:31:54,310  
commit now you do have about astronauts

554  
00:31:52,329 --> 00:32:00,789  
are in space for long periods of time to

555  
00:31:54,309 --> 00:32:03,639  
have degradation of bones but well you

556  
00:32:00,789 --> 00:32:06,430

also go into SCI and the martial arts

557

00:32:03,640 --> 00:32:09,190

which and also in just in sports in

558

00:32:06,430 --> 00:32:12,009

general you know there's so much

559

00:32:09,190 --> 00:32:14,259

psychology I would you say I guess

560

00:32:12,009 --> 00:32:16,839

psychology or whatever we're people

561

00:32:14,259 --> 00:32:19,119

doing sports will sort of go beyond

562

00:32:16,839 --> 00:32:22,839

human abilities for at least a short

563

00:32:19,119 --> 00:32:27,009

period of time but the thing that always

564

00:32:22,839 --> 00:32:29,799

amazed me was the gymnast and they'll do

565

00:32:27,009 --> 00:32:32,529

it time and time again I mean that to me

566

00:32:29,799 --> 00:32:34,599

is supernatural what seriously what

567

00:32:32,529 --> 00:32:36,639

these young women do and the young men

568

00:32:34,599 --> 00:32:40,179

especially on the Rings I find

569

00:32:36,640 --> 00:32:41,770

unbelievable but you find that they have

570

00:32:40,180 --> 00:32:44,049

to sort of prep themselves

571  
00:32:41,769 --> 00:32:44,740  
psychologically before entering a

572  
00:32:44,049 --> 00:32:51,329  
contest

573  
00:32:44,740 --> 00:32:54,900  
oh well no we've long known that the

574  
00:32:51,329 --> 00:32:59,889  
metal preparation is at least as

575  
00:32:54,900 --> 00:33:02,680  
important as physical and that when he

576  
00:32:59,890 --> 00:33:04,810  
talks about the Warriors edge and even

577  
00:33:02,680 --> 00:33:08,740  
here I talk a lot about NLP

578  
00:33:04,809 --> 00:33:11,529  
neuro-linguistic programming and some of

579  
00:33:08,740 --> 00:33:16,799  
the research we did with them with the

580  
00:33:11,529 --> 00:33:20,980  
ancient Jedi Project as you find that

581  
00:33:16,799 --> 00:33:21,879  
yeah that mental rehearsal is certainly

582  
00:33:20,980 --> 00:33:28,390  
as

583  
00:33:21,880 --> 00:33:31,450  
important as physical Jedi project that

584  
00:33:28,390 --> 00:33:34,060  
we did this was another one that the

585  
00:33:31,450 --> 00:33:37,630  
Army Intelligence and Security Command

586  
00:33:34,059 --> 00:33:43,720  
and we what we were doing we had I've

587  
00:33:37,630 --> 00:33:47,260  
had multi agencies well I'll just say

588  
00:33:43,720 --> 00:33:49,360  
several agencies were involved and a lot

589  
00:33:47,259 --> 00:33:53,529  
of things we had in common is everybody

590  
00:33:49,359 --> 00:33:56,679  
shopped things and most of the things

591  
00:33:53,529 --> 00:34:01,389  
with NLP is you know it was designed to

592  
00:33:56,680 --> 00:34:03,670  
fix broken people we were questioning

593  
00:34:01,390 --> 00:34:08,648  
how can we take people who are already

594  
00:34:03,670 --> 00:34:13,628  
good and you know make them excel make

595  
00:34:08,648 --> 00:34:16,329  
them better and so in this case and what

596  
00:34:13,628 --> 00:34:18,819  
we liked about shooting was is highly

597  
00:34:16,329 --> 00:34:21,099  
quantifiable you get the targeting you

598  
00:34:18,820 --> 00:34:28,750  
didn't you can't say I fell X amount

599

00:34:21,099 --> 00:34:31,839  
better or something so we took the well

600  
00:34:28,750 --> 00:34:34,570  
the best 45 shooters in the world which

601  
00:34:31,840 --> 00:34:37,539  
happened to be in the army and we had

602  
00:34:34,570 --> 00:34:41,519  
the army champion the inter-service

603  
00:34:37,539 --> 00:34:44,500  
champion and their boss and we modeled

604  
00:34:41,519 --> 00:34:46,360  
what they did what and what made them

605  
00:34:44,500 --> 00:34:48,699  
good our question is what's the

606  
00:34:46,360 --> 00:34:51,490  
difference it makes a difference and we

607  
00:34:48,699 --> 00:34:53,918  
frankly found that we could stress them

608  
00:34:51,489 --> 00:34:57,250  
in various ways we could make them get

609  
00:34:53,918 --> 00:35:01,150  
far off balance and they could still

610  
00:34:57,250 --> 00:35:03,849  
shoot very effectively but if we made

611  
00:35:01,150 --> 00:35:05,500  
them do meth Alexis oh like home mary

612  
00:35:03,849 --> 00:35:09,099  
had a little lamb while they were

613  
00:35:05,500 --> 00:35:12,519

shooting he went to hell immediately so

614

00:35:09,099 --> 00:35:14,679

we found out very quickly that you know

615

00:35:12,519 --> 00:35:16,989

the muscle memory could have come for

616

00:35:14,679 --> 00:35:19,230

some things but the mental aspects of it

617

00:35:16,989 --> 00:35:22,649

were absolutely critical

618

00:35:19,230 --> 00:35:25,659

well that that kind of reminds me of

619

00:35:22,650 --> 00:35:28,030

doing creative visualization which is

620

00:35:25,659 --> 00:35:30,309

something that I do and I understand

621

00:35:28,030 --> 00:35:33,700

that people who are in sports like

622

00:35:30,309 --> 00:35:35,049

tennis players and golfers and so forth

623

00:35:33,699 --> 00:35:38,289

where it's a

624

00:35:35,050 --> 00:35:40,810

kind of repetitive thing that they can

625

00:35:38,289 --> 00:35:45,849

visualize doing better that that works

626

00:35:40,809 --> 00:35:50,259

quite well why are the the models we

627

00:35:45,849 --> 00:35:54,069

were using was so good now well what

628  
00:35:50,260 --> 00:35:57,660  
they would do before a match is they

629  
00:35:54,070 --> 00:36:01,390  
would shoot the entire match not just

630  
00:35:57,659 --> 00:36:05,849  
practice how do I take a shot but they

631  
00:36:01,389 --> 00:36:08,019  
would go through every aspect of the mat

632  
00:36:05,849 --> 00:36:11,650  
one of the things I might point out that

633  
00:36:08,019 --> 00:36:17,079  
we've also found was that their styles

634  
00:36:11,650 --> 00:36:22,510  
were very differently very different he

635  
00:36:17,079 --> 00:36:25,000  
we had one who if you interrupted him at

636  
00:36:22,510 --> 00:36:27,250  
any point he would stop what he was

637  
00:36:25,000 --> 00:36:30,429  
doing take off his hat take off his

638  
00:36:27,250 --> 00:36:33,130  
glasses unload his weapon put it back in

639  
00:36:30,429 --> 00:36:35,349  
the box then take the weapon out of the

640  
00:36:33,130 --> 00:36:38,410  
box load the weapon put off the thing

641  
00:36:35,349 --> 00:36:41,380  
and go through this exquisite routine

642  
00:36:38,409 --> 00:36:44,409  
and then we had the other one who

643  
00:36:41,380 --> 00:36:46,690  
interrupted him and he go okay back in

644  
00:36:44,409 --> 00:36:50,440  
and go back to shooting so what we knew

645  
00:36:46,690 --> 00:36:52,360  
from that was that you didn't have to

646  
00:36:50,440 --> 00:36:54,550  
unload the weapon and put it back in the

647  
00:36:52,360 --> 00:36:57,070  
box and go through all this long

648  
00:36:54,550 --> 00:36:59,470  
laborious thing although that is what he

649  
00:36:57,070 --> 00:37:02,410  
did but what we were looking for what

650  
00:36:59,469 --> 00:37:04,389  
you'd call a critical path model what is

651  
00:37:02,409 --> 00:37:07,899  
it that all of these people are doing

652  
00:37:04,389 --> 00:37:11,049  
that they have in common and then can we

653  
00:37:07,900 --> 00:37:14,070  
transition that into something that can

654  
00:37:11,050 --> 00:37:15,880  
be used to train other people

655  
00:37:14,070 --> 00:37:20,530  
understanding what are the critical

656

00:37:15,880 --> 00:37:23,710  
elements did you find that being in the

657  
00:37:20,530 --> 00:37:26,350  
group in other words that let's say you

658  
00:37:23,710 --> 00:37:30,429  
said you had 45 shooters but whether it

659  
00:37:26,349 --> 00:37:32,860  
be 45 45 is a pistol that's the caliber

660  
00:37:30,429 --> 00:37:38,619  
of a pistol oh no no I'm sorry I

661  
00:37:32,860 --> 00:37:40,059  
misunderstood earlier and anybody who's

662  
00:37:38,619 --> 00:37:43,389  
worked with the military that will

663  
00:37:40,059 --> 00:37:46,269  
recognize 45 caliber like 9 millimeter

664  
00:37:43,389 --> 00:37:46,769  
or 10 is actually about a equivalent of

665  
00:37:46,269 --> 00:37:52,619  
the 10

666  
00:37:46,769 --> 00:37:54,900  
meter pistol okay I think I was there

667  
00:37:52,619 --> 00:37:59,100  
were a group of people shooting I am

668  
00:37:54,900 --> 00:38:03,240  
thinking and if the group was like four

669  
00:37:59,099 --> 00:38:05,639  
or more did you find let's say or did

670  
00:38:03,239 --> 00:38:08,639

you notice that being part of the group

671

00:38:05,639 --> 00:38:10,799

and and kind of intending if you will

672

00:38:08,639 --> 00:38:11,750

together that this thing was going to

673

00:38:10,800 --> 00:38:14,760

happen

674

00:38:11,750 --> 00:38:18,630

couldn't help like the more than one

675

00:38:14,760 --> 00:38:21,119

person intending no because they're

676

00:38:18,630 --> 00:38:23,220

operating independently but I'll tell

677

00:38:21,119 --> 00:38:25,980

you where that does take over I

678

00:38:23,219 --> 00:38:32,969

mentioned before that I've done a lot of

679

00:38:25,980 --> 00:38:35,639

running very early in my career you know

680

00:38:32,969 --> 00:38:40,589

I went to Ranger School and came out as

681

00:38:35,639 --> 00:38:44,069

a sergeant and was then sent to 101st

682

00:38:40,590 --> 00:38:49,700

airborne jump school as an instructor

683

00:38:44,070 --> 00:38:52,920

and so we as as such we took people out

684

00:38:49,699 --> 00:38:55,379

runs you see three two you know the

685  
00:38:52,920 --> 00:38:59,010  
final one was like five mile run and

686  
00:38:55,380 --> 00:39:01,890  
what you find out very quickly is that

687  
00:38:59,010 --> 00:39:04,890  
when everybody gets in step the cadence

688  
00:39:01,889 --> 00:39:08,039  
is there everybody's running it's very

689  
00:39:04,889 --> 00:39:10,889  
smooth it's effortless and we're not you

690  
00:39:08,039 --> 00:39:13,019  
have one person that gets out of

691  
00:39:10,889 --> 00:39:15,029  
synchronization with it and it can

692  
00:39:13,019 --> 00:39:19,400  
destroy the whole you know a whole

693  
00:39:15,030 --> 00:39:23,280  
platoon if you will but yeah yeah

694  
00:39:19,400 --> 00:39:26,358  
synchronization people just get it it'll

695  
00:39:23,280 --> 00:39:29,220  
pick you up and carry the group alone

696  
00:39:26,358 --> 00:39:32,549  
well you know just to relate it to

697  
00:39:29,219 --> 00:39:36,149  
something that that is familiar to me is

698  
00:39:32,550 --> 00:39:38,160  
that you know I often have people they

699  
00:39:36,150 --> 00:39:40,680  
tell me they want to get a particular

700  
00:39:38,159 --> 00:39:42,719  
job and they put their their name down

701  
00:39:40,679 --> 00:39:45,329  
for a job they went for an interview and

702  
00:39:42,719 --> 00:39:47,250  
so forth and I often tell them to

703  
00:39:45,329 --> 00:39:49,920  
visualize getting the phone call

704  
00:39:47,250 --> 00:39:51,960  
visualize what the person's going to say

705  
00:39:49,920 --> 00:39:54,750  
to them because if it's at a tipping

706  
00:39:51,960 --> 00:39:57,539  
point where it's at the 40 to 60% aisle

707  
00:39:54,750 --> 00:40:00,030  
that they're going to get the job by by

708  
00:39:57,539 --> 00:40:00,779  
this visualization they can put it over

709  
00:40:00,030 --> 00:40:03,150  
the edge

710  
00:40:00,780 --> 00:40:05,250  
furthermore if they get their mother or

711  
00:40:03,150 --> 00:40:07,950  
their cousin or their best friend or

712  
00:40:05,250 --> 00:40:09,150  
their significant other to visualize it

713

00:40:07,949 --> 00:40:11,549  
- if they can get two or three more

714  
00:40:09,150 --> 00:40:14,700  
people to do it why that will even bring

715  
00:40:11,550 --> 00:40:19,650  
them closer - pushing pushing things off

716  
00:40:14,699 --> 00:40:21,799  
the tipping point okay well I just

717  
00:40:19,650 --> 00:40:26,490  
wondered if you if you found any

718  
00:40:21,800 --> 00:40:30,090  
agreement in that oh I put that in the

719  
00:40:26,489 --> 00:40:32,609  
one that I've heard have not seen any

720  
00:40:30,090 --> 00:40:37,670  
you know like hard evidence that would

721  
00:40:32,610 --> 00:40:37,670  
support it but if it works it works

722  
00:40:38,389 --> 00:40:44,309  
there are so many facts again if I get

723  
00:40:41,400 --> 00:40:50,880  
back to let me transition this to

724  
00:40:44,309 --> 00:40:54,119  
another chapter in reality denied and I

725  
00:40:50,880 --> 00:40:58,079  
think I'll make the correlation and that

726  
00:40:54,119 --> 00:41:03,389  
has to do with healing and I mentioned

727  
00:40:58,079 --> 00:41:05,849

in there visiting John of God oh wow yep

728

00:41:03,389 --> 00:41:09,139

edenia in Brazil I've seen him a couple

729

00:41:05,849 --> 00:41:11,610

of times and it's been a huge change

730

00:41:09,139 --> 00:41:16,109

first time we saw him there were a few

731

00:41:11,610 --> 00:41:18,599

hundred people of the last time three

732

00:41:16,110 --> 00:41:21,840

years ago now there were thousands I

733

00:41:18,599 --> 00:41:26,039

would also point out this is post Oprah

734

00:41:21,840 --> 00:41:27,990

Oprah went down and did an entire week

735

00:41:26,039 --> 00:41:31,259

down there but it's not just these

736

00:41:27,989 --> 00:41:34,289

people come from around the world and

737

00:41:31,260 --> 00:41:38,010

the point is that there's a room there

738

00:41:34,289 --> 00:41:41,460

that I've taken pictures of and is

739

00:41:38,010 --> 00:41:45,330

filled with crutches and braces and

740

00:41:41,460 --> 00:41:48,869

wheelchairs and all of that having said

741

00:41:45,329 --> 00:41:52,259

that I said that they were there last

742  
00:41:48,869 --> 00:41:55,199  
time there were thousands coming in and

743  
00:41:52,260 --> 00:42:01,940  
everybody who came in a wheelchair left

744  
00:41:55,199 --> 00:42:05,939  
in a wheelchair but I still say it works

745  
00:42:01,940 --> 00:42:08,280  
and my personal experience at that time

746  
00:42:05,940 --> 00:42:14,159  
you probably know Whitley Strieber

747  
00:42:08,280 --> 00:42:16,019  
sure I have identified

748  
00:42:14,159 --> 00:42:20,730  
what happened with with his permission

749  
00:42:16,019 --> 00:42:23,219  
but at the time Anne was very ill and I

750  
00:42:20,730 --> 00:42:27,389  
had recommended that they go down they

751  
00:42:23,219 --> 00:42:30,328  
said that did not feel that that they

752  
00:42:27,389 --> 00:42:32,368  
could handle the trip but they knew I

753  
00:42:30,329 --> 00:42:33,750  
was going down for other purposes but

754  
00:42:32,369 --> 00:42:37,079  
stopping by

755  
00:42:33,750 --> 00:42:40,440  
Aberdeen iya so I took at a picture of

756  
00:42:37,079 --> 00:42:44,220  
Anne and put it in one of their prayer

757  
00:42:40,440 --> 00:42:46,588  
stations and work with that for a bit

758  
00:42:44,219 --> 00:42:49,048  
now they knew I was going to Brazil but

759  
00:42:46,588 --> 00:42:54,480  
they didn't know exactly when or where

760  
00:42:49,048 --> 00:42:57,989  
so I then sent Whitley a email and said

761  
00:42:54,480 --> 00:43:01,079  
all right we have you know I here's what

762  
00:42:57,989 --> 00:43:05,669  
I did and when and all of that and the

763  
00:43:01,079 --> 00:43:08,970  
response was that was one of the best

764  
00:43:05,670 --> 00:43:11,579  
few days that she has had shown

765  
00:43:08,969 --> 00:43:16,500  
improvement obviously did not survive it

766  
00:43:11,579 --> 00:43:19,829  
but you know significantly improved you

767  
00:43:16,500 --> 00:43:24,510  
know the big question that this leads to

768  
00:43:19,829 --> 00:43:27,298  
is why is it that the these sorts of

769  
00:43:24,510 --> 00:43:30,089  
interactions with consciousness be that

770

00:43:27,298 --> 00:43:34,739  
short-term to get a job be a long-term

771  
00:43:30,088 --> 00:43:38,009  
for healing that sometimes they work and

772  
00:43:34,739 --> 00:43:41,189  
other times they don't this is why I say

773  
00:43:38,010 --> 00:43:45,569  
it's at least as complex as cancer and

774  
00:43:41,190 --> 00:43:50,309  
we need to begin to explore you know

775  
00:43:45,568 --> 00:43:52,079  
some of these areas well you going to

776  
00:43:50,309 --> 00:43:54,750  
build Bengston sorry

777  
00:43:52,079 --> 00:43:59,609  
you going to build Bengston and and his

778  
00:43:54,750 --> 00:44:02,639  
healing his healing work with basically

779  
00:43:59,608 --> 00:44:06,960  
mice and then furthermore with people

780  
00:44:02,639 --> 00:44:11,639  
and so it does seem to be very positive

781  
00:44:06,960 --> 00:44:14,608  
that that healing does seem to happen

782  
00:44:11,639 --> 00:44:18,210  
with through consciousness at some time

783  
00:44:14,608 --> 00:44:21,989  
sometimes as you say well it does and of

784  
00:44:18,210 --> 00:44:26,250

course builds a friend the little blurbs

785

00:44:21,989 --> 00:44:31,109

for the book and I did write to as if

786

00:44:26,250 --> 00:44:35,039

efforts I have taken his training ah now

787

00:44:31,110 --> 00:44:38,720

with people one of the explanations is

788

00:44:35,039 --> 00:44:41,610

that it was psychosomatic and that they

789

00:44:38,719 --> 00:44:45,209

wanted to get well so they did in

790

00:44:41,610 --> 00:44:48,539

response as opposed to it's an actual

791

00:44:45,210 --> 00:44:52,110

psychic intervention you can't say that

792

00:44:48,539 --> 00:44:54,559

with mice because the mice we do not

793

00:44:52,110 --> 00:44:56,570

believe have a consciousness at a level

794

00:44:54,559 --> 00:45:00,630

where they would have the cognitive

795

00:44:56,570 --> 00:45:03,539

capability to understand what's going on

796

00:45:00,630 --> 00:45:05,910

and yet we see these repeated

797

00:45:03,539 --> 00:45:09,389

experiments that are replicated in other

798

00:45:05,909 --> 00:45:12,449

laboratories when the mice get better

799  
00:45:09,389 --> 00:45:16,079  
you know they have cancer induced into

800  
00:45:12,449 --> 00:45:17,599  
them and they actually live longer than

801  
00:45:16,079 --> 00:45:21,619  
they should have under normal

802  
00:45:17,599 --> 00:45:25,049  
circumstances had they never been ill

803  
00:45:21,619 --> 00:45:27,839  
it's it's quite an amazing I I recently

804  
00:45:25,050 --> 00:45:30,840  
went down to Princeton to see Bill give

805  
00:45:27,840 --> 00:45:34,350  
a second lecture of beyond the one that

806  
00:45:30,840 --> 00:45:37,880  
he did up at up and Yale so he's quite

807  
00:45:34,349 --> 00:45:40,739  
he's quite an interesting and innovative

808  
00:45:37,880 --> 00:45:44,070  
gentleman that we hope to have on as

809  
00:45:40,739 --> 00:45:47,250  
well one of the things that I've that's

810  
00:45:44,070 --> 00:45:50,220  
always impressed me about you John is

811  
00:45:47,250 --> 00:45:57,289  
that you know everybody you've met

812  
00:45:50,219 --> 00:46:00,539  
everybody you have so many contacts

813  
00:45:57,289 --> 00:46:01,590  
reality denied is that Elizabeth

814  
00:46:00,539 --> 00:46:05,099  
kubler-ross

815  
00:46:01,590 --> 00:46:09,630  
who basically brought hospice to the

816  
00:46:05,099 --> 00:46:13,009  
u.s. ended up served definitely as the

817  
00:46:09,630 --> 00:46:17,150  
head of my committee for my dissertation

818  
00:46:13,010 --> 00:46:20,120  
that and itself isn't as an interesting

819  
00:46:17,150 --> 00:46:23,519  
anecdote because what happened is I had

820  
00:46:20,119 --> 00:46:25,980  
attended one of her workshops of life

821  
00:46:23,519 --> 00:46:29,969  
death and transition I thought it was

822  
00:46:25,980 --> 00:46:32,400  
really powerful so I sent her a letter I

823  
00:46:29,969 --> 00:46:35,129  
was working assigned in at Fort

824  
00:46:32,400 --> 00:46:39,510  
McPherson which is in Atlanta Georgia

825  
00:46:35,130 --> 00:46:41,309  
area and the center a letter

826  
00:46:39,510 --> 00:46:45,330  
that gee thanks you don't really

827

00:46:41,309 --> 00:46:48,570  
appreciate it meaningful experience a

828  
00:46:45,329 --> 00:46:52,799  
few weeks later I got a call from her

829  
00:46:48,570 --> 00:46:55,559  
office that said elizabeth is going to

830  
00:46:52,800 --> 00:46:58,920  
be passing through Atlanta if she has a

831  
00:46:55,559 --> 00:47:03,570  
few hours there could you meet her well

832  
00:46:58,920 --> 00:47:05,849  
the obvious answer will of course so at

833  
00:47:03,570 --> 00:47:07,710  
the time I was getting ready to do a

834  
00:47:05,849 --> 00:47:12,329  
dissertation in a slightly different

835  
00:47:07,710 --> 00:47:16,170  
area but so I went to the airport and

836  
00:47:12,329 --> 00:47:17,849  
met Elizabeth at the time when you could

837  
00:47:16,170 --> 00:47:21,389  
you know go out to the gates you know

838  
00:47:17,849 --> 00:47:24,900  
everything mm-hmm both of those strict

839  
00:47:21,389 --> 00:47:27,119  
as it is now turnout met her and we go

840  
00:47:24,900 --> 00:47:30,119  
off to sit down and she says she says

841  
00:47:27,119 --> 00:47:33,059

you know I know thousands of people in

842

00:47:30,119 --> 00:47:38,130

Atlanta and I chose you to call and I

843

00:47:33,059 --> 00:47:39,509

have no idea why and so I said well I'm

844

00:47:38,130 --> 00:47:42,480

supposed to I think I was supposed to

845

00:47:39,510 --> 00:47:45,860

ask you a question you know would you

846

00:47:42,480 --> 00:47:47,849

head the committee and she says oh yes

847

00:47:45,860 --> 00:47:49,559

everything and that's how it happened

848

00:47:47,849 --> 00:47:52,019

they say the rest is history

849

00:47:49,559 --> 00:47:55,110

well that is very very cool the person

850

00:47:52,019 --> 00:47:58,619

that you have met that I have often

851

00:47:55,110 --> 00:48:02,490

wondered about and will never meet

852

00:47:58,619 --> 00:48:09,569

on in 3-d or 4d this time around because

853

00:48:02,489 --> 00:48:12,149

she's passed is Andres and Mirage and so

854

00:48:09,570 --> 00:48:17,160

I was wondering about your impressions

855

00:48:12,150 --> 00:48:21,960

of him how you met him and so forth hmm

856  
00:48:17,159 --> 00:48:25,230  
how did I meet him again goes way way

857  
00:48:21,960 --> 00:48:28,849  
back I think it probably had to do with

858  
00:48:25,230 --> 00:48:37,530  
metalbending when Jack Hawke was

859  
00:48:28,849 --> 00:48:41,759  
starting the process and he was Andre Oh

860  
00:48:37,530 --> 00:48:43,760  
was in the kind of a circle but as you

861  
00:48:41,760 --> 00:48:47,400  
know he had been researching these areas

862  
00:48:43,760 --> 00:48:50,730  
decades before that I'm talking my

863  
00:48:47,400 --> 00:48:56,340  
interaction was probably early 1980s

864  
00:48:50,730 --> 00:49:00,329  
81-82 time frame and Jack Hawk was

865  
00:48:56,340 --> 00:49:03,930  
working based on what we Geller had done

866  
00:49:00,329 --> 00:49:06,269  
with metalbending making it to it now

867  
00:49:03,929 --> 00:49:09,449  
known in many communities as the spoon

868  
00:49:06,269 --> 00:49:13,469  
bending parties I might mention at the

869  
00:49:09,449 --> 00:49:18,509  
end of related night I put in a annex

870  
00:49:13,469 --> 00:49:25,618  
on how one goes about that but we were

871  
00:49:18,510 --> 00:49:30,050  
having a new session at my house and

872  
00:49:25,619 --> 00:49:36,000  
well actually was apartment high-rise in

873  
00:49:30,050 --> 00:49:39,900  
Alexandria and aundrea and seven Gaiman

874  
00:49:36,000 --> 00:49:43,619  
who was an amazing psychic was there and

875  
00:49:39,900 --> 00:49:46,619  
of course double bind and what happened

876  
00:49:43,619 --> 00:49:51,320  
at that event is the thing that led us

877  
00:49:46,619 --> 00:49:57,059  
into doing research in the area of

878  
00:49:51,320 --> 00:49:59,039  
psychokinesis but after that Andre and I

879  
00:49:57,059 --> 00:50:02,340  
just kept in touch and we I would just

880  
00:49:59,039 --> 00:50:05,309  
periodically meet with him kind of just

881  
00:50:02,340 --> 00:50:08,010  
generically his friends well that must

882  
00:50:05,309 --> 00:50:10,049  
have been very fascinating and I was

883  
00:50:08,010 --> 00:50:12,450  
going to mention towards the end of our

884

00:50:10,050 --> 00:50:15,090  
interview about that chapter in your

885  
00:50:12,449 --> 00:50:17,759  
book about holding a spoon bending party

886  
00:50:15,090 --> 00:50:19,858  
having been to you know the Monroe

887  
00:50:17,760 --> 00:50:22,859  
Institute a number of times and having

888  
00:50:19,858 --> 00:50:25,799  
done some of that and experienced it not

889  
00:50:22,858 --> 00:50:28,139  
not to the extent where things just bent

890  
00:50:25,800 --> 00:50:29,820  
without me touching it but more or less

891  
00:50:28,139 --> 00:50:32,368  
that the spoons when you get into that

892  
00:50:29,820 --> 00:50:34,230  
zone whatever it is it's sort of like

893  
00:50:32,369 --> 00:50:36,570  
when you bend the spoon it's like

894  
00:50:34,230 --> 00:50:39,659  
putting the amount of effort that you

895  
00:50:36,570 --> 00:50:43,680  
would put in to bending a heavy-duty

896  
00:50:39,659 --> 00:50:46,889  
aluminum foil type of situation and it

897  
00:50:43,679 --> 00:50:52,469  
just kind of bends it seems sort of warm

898  
00:50:46,889 --> 00:50:56,549

and molten but but the effects vary

899

00:50:52,469 --> 00:51:00,358

greatly and those are all real and can

900

00:50:56,550 --> 00:51:01,600

be experienced what happened at this

901

00:51:00,358 --> 00:51:04,289

particular evening

902

00:51:01,599 --> 00:51:08,889

it was the second session I had attended

903

00:51:04,289 --> 00:51:11,800

and we held it specifically for double

904

00:51:08,889 --> 00:51:14,469

buying so he could see you know what it

905

00:51:11,800 --> 00:51:17,800

was like and we were sitting in kind of

906

00:51:14,469 --> 00:51:20,439

an oval and it just happened that they

907

00:51:17,800 --> 00:51:24,390

said and Gaiman who's a very well-known

908

00:51:20,440 --> 00:51:30,550

psychic was sitting directly across from

909

00:51:24,389 --> 00:51:33,009

Andrea and his dumb wife Pam captain Joe

910

00:51:30,550 --> 00:51:35,789

Dicky and a few other people were a

911

00:51:33,010 --> 00:51:38,830

little bit further off to my right and

912

00:51:35,789 --> 00:51:42,789

we get to the final session which

913  
00:51:38,829 --> 00:51:49,170  
includes no physical manipulation you

914  
00:51:42,789 --> 00:51:54,369  
simply hold the two forks together and

915  
00:51:49,170 --> 00:51:57,940  
what happened was that things are sort

916  
00:51:54,369 --> 00:52:01,539  
of winding down and it was holding her

917  
00:51:57,940 --> 00:52:04,780  
to Forks up and all of a sudden in front

918  
00:52:01,539 --> 00:52:08,559  
of Bourke which was important dropped to

919  
00:52:04,780 --> 00:52:10,960  
full 90 degrees and that's with no

920  
00:52:08,559 --> 00:52:13,389  
touching you know other than holding at

921  
00:52:10,960 --> 00:52:16,720  
the base but no physical force applied

922  
00:52:13,389 --> 00:52:22,379  
and thus we went in the corner huddle

923  
00:52:16,719 --> 00:52:27,419  
says oh my god what just happened yeah

924  
00:52:22,380 --> 00:52:30,190  
we had I mean those sorts of bends occur

925  
00:52:27,420 --> 00:52:32,710  
once a while you don't see that dramatic

926  
00:52:30,190 --> 00:52:37,030  
we saw a lot where you might see tines

927  
00:52:32,710 --> 00:52:42,369  
Bend again in isolation without physical

928  
00:52:37,030 --> 00:52:45,670  
contact but we have several I described

929  
00:52:42,369 --> 00:52:47,880  
some in the book were you know I learned

930  
00:52:45,670 --> 00:52:50,800  
how to teach this and we were doing it

931  
00:52:47,880 --> 00:52:54,430  
might mention the important aspect of

932  
00:52:50,800 --> 00:52:58,210  
this we were using this with senior

933  
00:52:54,429 --> 00:52:59,769  
military officers and I would also get

934  
00:52:58,210 --> 00:53:03,250  
questions like what you guys they've

935  
00:52:59,769 --> 00:53:07,539  
been tank barrels say no I want to move

936  
00:53:03,250 --> 00:53:09,579  
electrons because digitisation was just

937  
00:53:07,539 --> 00:53:13,210  
coming in computers were being adopted

938  
00:53:09,579 --> 00:53:14,190  
and said I don't need to actually ruin

939  
00:53:13,210 --> 00:53:17,579  
computers are you

940  
00:53:14,190 --> 00:53:22,320  
have to make them unreliable but our

941

00:53:17,579 --> 00:53:24,630  
point and you know presenting this to

942  
00:53:22,320 --> 00:53:27,630  
the senior officers and this was

943  
00:53:24,630 --> 00:53:32,010  
intelligence community and and the point

944  
00:53:27,630 --> 00:53:33,900  
was do not just reject things because

945  
00:53:32,010 --> 00:53:37,680  
you don't believe it can be done

946  
00:53:33,900 --> 00:53:39,840  
we have been blindsided a few times it

947  
00:53:37,679 --> 00:53:42,989  
was then the former you know Soviet

948  
00:53:39,840 --> 00:53:45,720  
Union certain things emerged that caught

949  
00:53:42,989 --> 00:53:47,339  
us unexpected and then when you went

950  
00:53:45,719 --> 00:53:49,919  
back and look you found out the

951  
00:53:47,340 --> 00:53:52,920  
information was there it had just been

952  
00:53:49,920 --> 00:53:56,000  
rejected because you know we didn't know

953  
00:53:52,920 --> 00:53:58,980  
how to do it now you know with the

954  
00:53:56,000 --> 00:54:00,570  
egocentricity of Americans you know if

955  
00:53:58,980 --> 00:54:06,240

we don't know how to do it nobody else

956

00:54:00,570 --> 00:54:08,519

possibly could well you know earlier on

957

00:54:06,239 --> 00:54:11,429

you had mentioned the Hadron Collider

958

00:54:08,519 --> 00:54:15,150

which keeps breaking down matter into

959

00:54:11,429 --> 00:54:16,799

smaller and smaller particles but would

960

00:54:15,150 --> 00:54:20,760

you let me just quote from your book

961

00:54:16,800 --> 00:54:23,400

again you state that more important when

962

00:54:20,760 --> 00:54:26,790

viewed in aggregate the evidence in

963

00:54:23,400 --> 00:54:29,550

favor of multiple phenomena physically

964

00:54:26,789 --> 00:54:32,489

interacting with humans and consensus

965

00:54:29,550 --> 00:54:34,940

reality is overwhelming so what you're

966

00:54:32,489 --> 00:54:37,349

trying to say with all these facts in

967

00:54:34,940 --> 00:54:39,869

sort of episodes that you've described

968

00:54:37,349 --> 00:54:42,059

is that you believe that there is an

969

00:54:39,869 --> 00:54:44,549

underlying reality that has not yet been

970  
00:54:42,059 --> 00:54:45,809  
discovered or even really thoroughly

971  
00:54:44,550 --> 00:54:48,960  
researched is that correct

972  
00:54:45,809 --> 00:54:52,889  
well I disagree absolutely discovered

973  
00:54:48,960 --> 00:54:56,760  
it's ignored but but it is it is

974  
00:54:52,889 --> 00:55:01,379  
happening right in front of us and just

975  
00:54:56,760 --> 00:55:04,620  
is a priori just regarded well it's true

976  
00:55:01,380 --> 00:55:06,630  
but then so your thesis really is that

977  
00:55:04,619 --> 00:55:09,650  
this should obviously not been disregard

978  
00:55:06,630 --> 00:55:13,320  
to but more thoroughly researched well

979  
00:55:09,650 --> 00:55:15,780  
into the open I think one of the

980  
00:55:13,320 --> 00:55:19,740  
critical issues is the importance of

981  
00:55:15,780 --> 00:55:26,060  
belief systems and I often point to

982  
00:55:19,739 --> 00:55:27,719  
Brazil in this case point is in the West

983  
00:55:26,059 --> 00:55:29,670  
Western

984  
00:55:27,719 --> 00:55:31,980  
or in education we have this

985  
00:55:29,670 --> 00:55:35,130  
materialistic view which is very

986  
00:55:31,980 --> 00:55:38,219  
delimiting as to what can and cannot be

987  
00:55:35,130 --> 00:55:41,220  
accepted when I deal with the shamans I

988  
00:55:38,219 --> 00:55:43,409  
talk about you know a spirit world and

989  
00:55:41,219 --> 00:55:46,919  
the real world now in the West if you

990  
00:55:43,409 --> 00:55:50,789  
even accept the possibility you see them

991  
00:55:46,920 --> 00:55:54,920  
as separate and distinct my point in

992  
00:55:50,789 --> 00:55:59,400  
Brazil is that you have people who are

993  
00:55:54,920 --> 00:56:03,950  
very highly educated normally in Western

994  
00:55:59,400 --> 00:56:07,559  
traditions and yet they have integrated

995  
00:56:03,949 --> 00:56:10,019  
spiritism and you know all of these

996  
00:56:07,559 --> 00:56:12,960  
spiritual aspects into their life and

997  
00:56:10,019 --> 00:56:15,599  
are willing to accept that these things

998

00:56:12,960 --> 00:56:18,059  
occur if you assume that they don't

999  
00:56:15,599 --> 00:56:23,910  
occur then why would you research them

1000  
00:56:18,059 --> 00:56:27,170  
but they absolutely do occur in UFOs we

1001  
00:56:23,909 --> 00:56:31,190  
you know we talk about alien beings and

1002  
00:56:27,170 --> 00:56:34,079  
interactions I point out that throughout

1003  
00:56:31,190 --> 00:56:37,369  
human history there are reports of

1004  
00:56:34,079 --> 00:56:42,750  
humans dealing with sentient non-human

1005  
00:56:37,369 --> 00:56:47,250  
intelligent beings and this shows up in

1006  
00:56:42,750 --> 00:56:51,510  
every culture globally there's no you

1007  
00:56:47,250 --> 00:56:54,119  
know Geographic restrictions on it and

1008  
00:56:51,510 --> 00:56:57,060  
so the question has got to be why are

1009  
00:56:54,119 --> 00:57:00,329  
these things occurring and yet when they

1010  
00:56:57,059 --> 00:57:02,210  
get reported in Western civilization it

1011  
00:57:00,329 --> 00:57:05,190  
is just assumed that it must be a

1012  
00:57:02,210 --> 00:57:07,980

hallucination yet we have strong

1013

00:57:05,190 --> 00:57:11,070

evidence for physical interactions that

1014

00:57:07,980 --> 00:57:13,769

take place so so you're saying that the

1015

00:57:11,070 --> 00:57:15,630

Western belief systems are what actually

1016

00:57:13,769 --> 00:57:19,170

is holding back research into these

1017

00:57:15,630 --> 00:57:21,930

phenomena absolutely that's interesting

1018

00:57:19,170 --> 00:57:27,240

and yet it certainly has also produced

1019

00:57:21,929 --> 00:57:30,868

some excellent results and I think the

1020

00:57:27,239 --> 00:57:32,848

original paradigm of science was such

1021

00:57:30,869 --> 00:57:34,530

that did produce better results and I

1022

00:57:32,849 --> 00:57:37,170

have to agree with you I think that the

1023

00:57:34,530 --> 00:57:40,660

materialistic belief system is starting

1024

00:57:37,170 --> 00:57:43,119

to overwhelm even science

1025

00:57:40,659 --> 00:57:46,679

I've talked to that extensively in the

1026

00:57:43,119 --> 00:57:51,579

Balkans they don't take this my position

1027  
00:57:46,679 --> 00:57:54,819  
in reality tonight as being anti science

1028  
00:57:51,579 --> 00:57:59,789  
right science has produced many wonders

1029  
00:57:54,820 --> 00:58:02,500  
we have expanded you know extended life

1030  
00:57:59,789 --> 00:58:04,960  
considerably if you look at just what

1031  
00:58:02,500 --> 00:58:08,320  
happened in the last decade I'm sorry

1032  
00:58:04,960 --> 00:58:09,789  
the last century for instance the things

1033  
00:58:08,320 --> 00:58:13,269  
that have occurred throughout the world

1034  
00:58:09,789 --> 00:58:15,670  
you know and from a practical standpoint

1035  
00:58:13,269 --> 00:58:17,860  
you know if you throw the switch on the

1036  
00:58:15,670 --> 00:58:21,610  
light you want the light to go on most

1037  
00:58:17,860 --> 00:58:24,250  
of the time it works and most of the

1038  
00:58:21,610 --> 00:58:27,370  
time is good enough for many of the

1039  
00:58:24,250 --> 00:58:31,420  
things that we do what I'm interested in

1040  
00:58:27,369 --> 00:58:34,179  
are the things that don't fall into most

1041  
00:58:31,420 --> 00:58:38,430  
of the time white ghost showing up in

1042  
00:58:34,179 --> 00:58:41,589  
your bedroom or levitation or you know

1043  
00:58:38,429 --> 00:58:44,889  
interaction with entities or spontaneous

1044  
00:58:41,590 --> 00:58:47,440  
healing those are the ones that interest

1045  
00:58:44,889 --> 00:58:50,799  
me but the problem with all of them is

1046  
00:58:47,440 --> 00:58:53,860  
that they are a one-time event that the

1047  
00:58:50,800 --> 00:58:56,440  
data is difficult to collect on them not

1048  
00:58:53,860 --> 00:58:58,720  
that it's impossible but again I would

1049  
00:58:56,440 --> 00:59:00,460  
say to be able to collect it effectively

1050  
00:58:58,719 --> 00:59:02,919  
you would have to alter the belief

1051  
00:59:00,460 --> 00:59:05,679  
system and the whole paradigm of

1052  
00:59:02,920 --> 00:59:08,050  
Sciences is recognized today just for

1053  
00:59:05,679 --> 00:59:11,409  
example when Fleming found that bread

1054  
00:59:08,050 --> 00:59:13,510  
mold inhibited bacteria a lot of people

1055

00:59:11,409 --> 00:59:16,059  
would have said well so what you know

1056  
00:59:13,510 --> 00:59:18,220  
and yet he went on to further that

1057  
00:59:16,059 --> 00:59:22,179  
investigation up against some serious

1058  
00:59:18,219 --> 00:59:25,959  
odds Marie Curie is another one but I I

1059  
00:59:22,179 --> 00:59:28,449  
think the older scientist had a little

1060  
00:59:25,960 --> 00:59:30,490  
bit easier time of overcoming a belief

1061  
00:59:28,449 --> 00:59:31,989  
system that's become seriously

1062  
00:59:30,489 --> 00:59:35,189  
entrenched and I think that's what

1063  
00:59:31,989 --> 00:59:35,189  
you're addressing in this book

1064  
00:59:35,860 --> 00:59:45,650  
well yeah like I say our problem is a

1065  
00:59:41,989 --> 00:59:48,769  
belief structure that does not allow for

1066  
00:59:45,650 --> 00:59:52,039  
anything that is not preordained

1067  
00:59:48,769 --> 00:59:55,340  
you know we limit research and as I said

1068  
00:59:52,039 --> 00:59:57,800  
before you know what we need is to get

1069  
00:59:55,340 --> 01:00:00,620

the best and brightest people and allow

1070

00:59:57,800 --> 01:00:03,110

them to doing it without you know

1071

01:00:00,619 --> 01:00:05,989

risking their reputation or livelihood I

1072

01:00:03,110 --> 01:00:11,750

put my experience in there but they

1073

01:00:05,989 --> 01:00:15,919

defer to John Mack no you know it was a

1074

01:00:11,750 --> 01:00:17,110

premier psychiatrist Pulitzer

1075

01:00:15,920 --> 01:00:21,920

prize-winner

1076

01:00:17,110 --> 01:00:26,450

and he wrote about alien abductions and

1077

01:00:21,920 --> 01:00:28,579

because of that is sanctioned by you

1078

01:00:26,449 --> 01:00:30,919

know Harvard University he was a tenured

1079

01:00:28,579 --> 01:00:33,590

professor things that are not supposed

1080

01:00:30,920 --> 01:00:37,369

to happen we're done to him strictly

1081

01:00:33,590 --> 01:00:41,150

because of the topic not because of you

1082

01:00:37,369 --> 01:00:43,460

know how he went about it same with Bob

1083

01:00:41,150 --> 01:00:46,970

John who was Dean and School of

1084  
01:00:43,460 --> 01:00:49,909  
Engineering at Princeton yes and I point

1085  
01:00:46,969 --> 01:00:51,889  
to the book you know how how that was

1086  
01:00:49,909 --> 01:00:54,710  
treated even after he left and these

1087  
01:00:51,889 --> 01:00:57,679  
people have impeccable credentials

1088  
01:00:54,710 --> 01:01:00,320  
Peter Sturrock who wrote a book that I

1089  
01:00:57,679 --> 01:01:04,639  
recommend Tale of Two Sciences

1090  
01:01:00,320 --> 01:01:07,910  
again he comes with impeccable Sciences

1091  
01:01:04,639 --> 01:01:12,799  
a standard impeccable credentials of

1092  
01:01:07,909 --> 01:01:16,569  
Stanford University and his work on

1093  
01:01:12,800 --> 01:01:20,660  
microwave research is considered premier

1094  
01:01:16,570 --> 01:01:24,350  
his work with UFOs is considered heresy

1095  
01:01:20,659 --> 01:01:28,489  
well heretic it's a bad thing to be a

1096  
01:01:24,349 --> 01:01:30,920  
heretic that's what you can't you know

1097  
01:01:28,489 --> 01:01:35,359  
we talk now about people who were big

1098  
01:01:30,920 --> 01:01:37,579  
enough that they you know they didn't

1099  
01:01:35,360 --> 01:01:42,140  
get fired over that although they tried

1100  
01:01:37,579 --> 01:01:45,799  
with John Mack but you know are

1101  
01:01:42,139 --> 01:01:48,319  
considered to be heretics and you can't

1102  
01:01:45,800 --> 01:01:49,820  
go to young scientists or come on

1103  
01:01:48,320 --> 01:01:52,100  
to make a living you know they're out

1104  
01:01:49,820 --> 01:01:55,400  
there and I have families they've gotta

1105  
01:01:52,099 --> 01:01:58,670  
be supportive but beans on the table is

1106  
01:01:55,400 --> 01:01:59,539  
one of my colleagues she used to say

1107  
01:01:58,670 --> 01:02:03,349  
about that

1108  
01:01:59,539 --> 01:02:07,909  
and you know if you get a reputation of

1109  
01:02:03,349 --> 01:02:10,489  
dabbling too far afield it's going to

1110  
01:02:07,909 --> 01:02:13,699  
affect your livelihood because I really

1111  
01:02:10,489 --> 01:02:15,949  
a basic investigator hardly makes any

1112

01:02:13,699 --> 01:02:18,319  
living as it is until they become head

1113  
01:02:15,949 --> 01:02:20,960  
of a lab and to get to be head of a lab

1114  
01:02:18,320 --> 01:02:23,090  
you cannot be a heretic because of

1115  
01:02:20,960 --> 01:02:25,519  
grants and I think you mentioned too

1116  
01:02:23,090 --> 01:02:28,130  
that money talks and certainly big farm

1117  
01:02:25,519 --> 01:02:30,800  
it starts to play a part in Western

1118  
01:02:28,130 --> 01:02:33,320  
medicine as well and you know it's a

1119  
01:02:30,800 --> 01:02:35,690  
shame that you can't somehow or other as

1120  
01:02:33,320 --> 01:02:38,720  
you said step not out of the box but

1121  
01:02:35,690 --> 01:02:42,619  
never be in the box at all but it is

1122  
01:02:38,719 --> 01:02:48,199  
difficult yeah I really think yeah I

1123  
01:02:42,619 --> 01:02:50,449  
really think I really don't like we

1124  
01:02:48,199 --> 01:02:52,969  
mentioned it but III think you did a

1125  
01:02:50,449 --> 01:02:56,269  
great service by writing this book and I

1126  
01:02:52,969 --> 01:02:58,879

hope you serve as a you know as an

1127

01:02:56,269 --> 01:03:02,539

example to people that do have enough

1128

01:02:58,880 --> 01:03:04,340

courage to stop you know just get out of

1129

01:03:02,539 --> 01:03:06,079

their own way and start investigating

1130

01:03:04,340 --> 01:03:08,780

what they want to investigate because

1131

01:03:06,079 --> 01:03:10,789

you're an excellent example you seem to

1132

01:03:08,780 --> 01:03:12,560

have had a wonderful life and a very

1133

01:03:10,789 --> 01:03:16,429

interesting career and I hope people

1134

01:03:12,559 --> 01:03:19,099

take courage from that before we take

1135

01:03:16,429 --> 01:03:22,759

too much of your time I see that we are

1136

01:03:19,099 --> 01:03:27,230

just about at an hour but I do do want

1137

01:03:22,760 --> 01:03:30,200

to mention concurrent to what kate has

1138

01:03:27,230 --> 01:03:34,190

said that I kind of think that many

1139

01:03:30,199 --> 01:03:36,710

people are also exhibit fear because if

1140

01:03:34,190 --> 01:03:39,860

you live in a mechanistic universe very

1141  
01:03:36,710 --> 01:03:42,860  
materialistic a mechanistic view of

1142  
01:03:39,860 --> 01:03:45,110  
reality things can be controlled and I

1143  
01:03:42,860 --> 01:03:47,960  
think that some of the people that hold

1144  
01:03:45,110 --> 01:03:51,050  
fast to this mechanistic point of view

1145  
01:03:47,960 --> 01:03:53,780  
are terrified of the the idea that

1146  
01:03:51,050 --> 01:03:57,230  
things are perhaps out of their control

1147  
01:03:53,780 --> 01:04:00,830  
and that there are unseen forces that

1148  
01:03:57,230 --> 01:04:02,059  
aren't just you know physics basic

1149  
01:04:00,829 --> 01:04:06,650  
physics 101

1150  
01:04:02,059 --> 01:04:08,989  
but beyond that I wanted to get to the

1151  
01:04:06,650 --> 01:04:11,570  
questions I have a couple questions from

1152  
01:04:08,989 --> 01:04:14,979  
listeners and I think you may have

1153  
01:04:11,570 --> 01:04:18,380  
answered one is from a couple here from

1154  
01:04:14,980 --> 01:04:22,309  
Freeman who has been he sees in the UK

1155  
01:04:18,380 --> 01:04:24,530  
he's a radar expert and he's very very

1156  
01:04:22,309 --> 01:04:27,469  
interested in the UFO phenomena so he

1157  
01:04:24,530 --> 01:04:29,960  
questions something about that he said

1158  
01:04:27,469 --> 01:04:32,539  
he says here given that both the US and

1159  
01:04:29,960 --> 01:04:35,240  
Russia have investigated and Exploited

1160  
01:04:32,539 --> 01:04:38,420  
paranormal effects like remote viewing

1161  
01:04:35,239 --> 01:04:41,119  
is it likely that rational et

1162  
01:04:38,420 --> 01:04:44,300  
civilizations would also research and

1163  
01:04:41,119 --> 01:04:47,480  
explore and exploit the paranormal so

1164  
01:04:44,300 --> 01:04:51,650  
this is from Freeman one of our regular

1165  
01:04:47,480 --> 01:04:57,260  
listeners so I put that out to you is

1166  
01:04:51,650 --> 01:04:59,930  
that a question well he wants to know is

1167  
01:04:57,260 --> 01:05:02,540  
it likely that the ETS would also

1168  
01:04:59,929 --> 01:05:04,849  
receive a research and exploit the

1169

01:05:02,539 --> 01:05:08,599  
paranormal I would have to say I don't

1170  
01:05:04,849 --> 01:05:12,440  
know but I don't know what you have oh I

1171  
01:05:08,599 --> 01:05:16,639  
think we did adjust that early on and it

1172  
01:05:12,440 --> 01:05:18,950  
is that my experience is that these

1173  
01:05:16,639 --> 01:05:21,949  
things are generally personality

1174  
01:05:18,949 --> 01:05:26,210  
dependent meaning that if you have

1175  
01:05:21,949 --> 01:05:28,099  
people who are positively disposed

1176  
01:05:26,210 --> 01:05:32,240  
towards it particularly in leadership

1177  
01:05:28,099 --> 01:05:35,539  
positions they will you know allow

1178  
01:05:32,239 --> 01:05:39,019  
certain research one of the examples

1179  
01:05:35,539 --> 01:05:42,769  
that I give him other book you oppose

1180  
01:05:39,019 --> 01:05:46,070  
this conspiracies realities is talking

1181  
01:05:42,769 --> 01:05:49,210  
to individual who had been the head of

1182  
01:05:46,070 --> 01:05:53,570  
one of our three-letter intelligence

1183  
01:05:49,210 --> 01:05:56,809

agencies who said eh we don't do that

1184

01:05:53,570 --> 01:05:59,840

meaning the institution be I'll tell you

1185

01:05:56,809 --> 01:06:03,849

about the ones I saw so the point is

1186

01:05:59,840 --> 01:06:06,590

that his did not have his institution

1187

01:06:03,849 --> 01:06:08,599

exploring it that B had no trouble

1188

01:06:06,590 --> 01:06:13,220

believing it because he's actually seen

1189

01:06:08,599 --> 01:06:15,199

UFOs right right so I'm going to move on

1190

01:06:13,219 --> 01:06:15,489

to another listener question and then

1191

01:06:15,199 --> 01:06:18,489

I'm

1192

01:06:15,489 --> 01:06:22,539

ask you my final question that is not

1193

01:06:18,489 --> 01:06:27,039

about the book okay so the listener

1194

01:06:22,539 --> 01:06:29,880

question from will is any of the extreme

1195

01:06:27,039 --> 01:06:33,329

weather situations that we've been

1196

01:06:29,880 --> 01:06:36,160

experiencing are they possibly

1197

01:06:33,329 --> 01:06:38,019

engineered like the fires or the

1198  
01:06:36,159 --> 01:06:41,039  
Hurricanes given that you spoke about

1199  
01:06:38,019 --> 01:06:46,980  
weather modification James me oh and

1200  
01:06:41,039 --> 01:06:50,529  
Vilhelm life Oh short answer is no

1201  
01:06:46,980 --> 01:06:54,639  
longer answer is welcome to the world of

1202  
01:06:50,530 --> 01:06:58,360  
global climate change and I do think

1203  
01:06:54,639 --> 01:07:03,219  
that it's unless you mean engineered not

1204  
01:06:58,360 --> 01:07:06,130  
intentionally but humanly derived mm-hmm

1205  
01:07:03,219 --> 01:07:09,339  
okay good answer on that one

1206  
01:07:06,130 --> 01:07:11,680  
so I'm gonna move to my final question

1207  
01:07:09,340 --> 01:07:13,960  
before we thank you extremely much for

1208  
01:07:11,679 --> 01:07:17,409  
coming on shattered reality and my final

1209  
01:07:13,960 --> 01:07:20,380  
question has to do with something that

1210  
01:07:17,409 --> 01:07:25,569  
has just happened in the past ten days

1211  
01:07:20,380 --> 01:07:28,900  
in the field of ufology and that is that

1212  
01:07:25,570 --> 01:07:31,480  
some people one of whom I am I've been

1213  
01:07:28,900 --> 01:07:33,420  
acquainted with very vaguely and that I

1214  
01:07:31,480 --> 01:07:39,719  
know that you know much better than I do

1215  
01:07:33,420 --> 01:07:44,380  
one Harold Puthoff got on the stage with

1216  
01:07:39,719 --> 01:07:46,419  
the guy from blink de'longhi

1217  
01:07:44,380 --> 01:07:48,990  
de Longueville Tom DeLonge I was going

1218  
01:07:46,420 --> 01:07:51,280  
to call him John DeLong Tom DeLonge and

1219  
01:07:48,989 --> 01:07:53,259  
got on the stage with a bunch of other

1220  
01:07:51,280 --> 01:07:58,170  
people that I would imagine you might

1221  
01:07:53,260 --> 01:08:01,030  
know some of those folks right right so

1222  
01:07:58,170 --> 01:08:04,930  
what's your opinion of what is going on

1223  
01:08:01,030 --> 01:08:09,280  
there with Tom DeLonge and asking for

1224  
01:08:04,929 --> 01:08:12,849  
money and research education and

1225  
01:08:09,280 --> 01:08:14,080  
entertainment and and what are these

1226

01:08:12,849 --> 01:08:21,028  
guys doing up there

1227  
01:08:14,079 --> 01:08:25,899  
in short well I think this was widely

1228  
01:08:21,029 --> 01:08:28,160  
misunderstood as to what their effect

1229  
01:08:25,899 --> 01:08:32,059  
the TV thing

1230  
01:08:28,159 --> 01:08:36,819  
that they did it was

1231  
01:08:32,060 --> 01:08:41,110  
it's basically an investment offering

1232  
01:08:36,819 --> 01:08:43,639  
they have a group of you know brilliant

1233  
01:08:41,109 --> 01:08:46,899  
well-connected folks together who would

1234  
01:08:43,640 --> 01:08:46,900  
like to do serious research

1235  
01:08:47,659 --> 01:08:55,939  
Tom's thinking on it is to incorporate

1236  
01:08:52,819 --> 01:08:58,009  
you know take both the research aspect

1237  
01:08:55,939 --> 01:09:02,389  
and the entertainment aspect one of his

1238  
01:08:58,010 --> 01:09:06,440  
personal concerns is kind of exciting

1239  
01:09:02,390 --> 01:09:08,539  
the younger generation who do not have

1240  
01:09:06,439 --> 01:09:12,199

not expressed the level of interest you

1241

01:09:08,539 --> 01:09:14,949  
attend the meetings like the SSE

1242

01:09:12,199 --> 01:09:20,139  
we're basically dinosaurs you know

1243

01:09:14,949 --> 01:09:24,019  
certainly populated by a much older

1244

01:09:20,140 --> 01:09:27,400  
generation and they're trying to get

1245

01:09:24,020 --> 01:09:29,990  
younger folks more integrally involved

1246

01:09:27,399 --> 01:09:32,029  
well that's a good thing that's

1247

01:09:29,989 --> 01:09:36,679  
definitely a good thing but people have

1248

01:09:32,029 --> 01:09:42,019  
people have commented that Tom DeLonge

1249

01:09:36,680 --> 01:09:46,310  
in his books and in his language in

1250

01:09:42,020 --> 01:09:51,110  
other interviews has kind of indicated

1251

01:09:46,310 --> 01:09:52,430  
that he believes that any aliens we're

1252

01:09:51,109 --> 01:09:53,409  
going to call them aliens because we

1253

01:09:52,430 --> 01:09:55,190  
don't know for sure that they're

1254

01:09:53,409 --> 01:09:58,279  
extraterrestrials they could be coming

1255  
01:09:55,189 --> 01:09:59,059  
from from another dimension or you know

1256  
01:09:58,279 --> 01:10:01,729  
that sort of thing

1257  
01:09:59,060 --> 01:10:03,650  
other consciousnesses which we're going

1258  
01:10:01,729 --> 01:10:05,569  
to call aliens for the moment that

1259  
01:10:03,649 --> 01:10:07,519  
they're very negative and they need to

1260  
01:10:05,569 --> 01:10:11,000  
be shot out of the sky and there are

1261  
01:10:07,520 --> 01:10:12,560  
people out there who have thought that

1262  
01:10:11,000 --> 01:10:15,470  
well maybe a lot of them are positive

1263  
01:10:12,560 --> 01:10:17,390  
and why is he portraying the negative

1264  
01:10:15,470 --> 01:10:21,949  
side of it I know that you may not have

1265  
01:10:17,390 --> 01:10:27,079  
the answer to this yeah I have read the

1266  
01:10:21,949 --> 01:10:30,800  
material seeing commentary on both sides

1267  
01:10:27,079 --> 01:10:32,600  
of it again the people that I know I

1268  
01:10:30,800 --> 01:10:36,380  
have spoken with Tom I have not

1269  
01:10:32,600 --> 01:10:40,920  
physically met him I know several of the

1270  
01:10:36,380 --> 01:10:45,810  
others some of them quite well and there

1271  
01:10:40,920 --> 01:10:50,969  
interest is Rd perspective how can we

1272  
01:10:45,810 --> 01:10:53,580  
move the science forward and we'll see

1273  
01:10:50,969 --> 01:10:56,159  
the last time I looked I've been on for

1274  
01:10:53,579 --> 01:10:59,670  
a couple days but they had only raised a

1275  
01:10:56,159 --> 01:11:03,238  
few hundred thousand dollars which is

1276  
01:10:59,670 --> 01:11:05,730  
nowhere near you know he was projecting

1277  
01:11:03,238 --> 01:11:08,869  
50 million so unless something changes

1278  
01:11:05,729 --> 01:11:14,729  
dramatically the amount that they

1279  
01:11:08,869 --> 01:11:17,119  
already had invested would not begin to

1280  
01:11:14,729 --> 01:11:20,939  
do research I have talked to the CEO

1281  
01:11:17,119 --> 01:11:23,670  
again personal friend and they have a

1282  
01:11:20,939 --> 01:11:26,549  
requirement that if they don't reach a

1283

01:11:23,670 --> 01:11:30,539  
million or I'm sorry a minimum which is

1284  
01:11:26,550 --> 01:11:34,380  
multi millions that they must return the

1285  
01:11:30,539 --> 01:11:36,420  
money to the investors I see well I just

1286  
01:11:34,380 --> 01:11:38,310  
for the record I don't have a dog in

1287  
01:11:36,420 --> 01:11:40,739  
that race but I was interested in your

1288  
01:11:38,310 --> 01:11:43,469  
perspective on it and yeah what I

1289  
01:11:40,738 --> 01:11:46,738  
encourage everybody who's interested is

1290  
01:11:43,469 --> 01:11:50,399  
to carefully read page seven which is

1291  
01:11:46,738 --> 01:11:53,279  
the risk assessment of their their

1292  
01:11:50,399 --> 01:11:55,639  
initial offering is that it extremely

1293  
01:11:53,279 --> 01:11:58,050  
high risk as an investment perspective

1294  
01:11:55,640 --> 01:12:00,170  
well I don't I don't have that kind of

1295  
01:11:58,050 --> 01:12:03,570  
money anyway so I wasn't I wasn't

1296  
01:12:00,170 --> 01:12:05,699  
personally interested in an investing

1297  
01:12:03,569 --> 01:12:08,340

but I was very interested in the group

1298

01:12:05,698 --> 01:12:10,619  
of gentlemen that were up there and the

1299

01:12:08,340 --> 01:12:13,380  
fact that they seemed kind of high level

1300

01:12:10,619 --> 01:12:15,869  
and wonder they are what the heck was

1301

01:12:13,380 --> 01:12:20,520  
going on exactly know they're real yes

1302

01:12:15,869 --> 01:12:22,710  
yes I imagine they are so before we say

1303

01:12:20,520 --> 01:12:27,020  
goodbye would you like to repeat the

1304

01:12:22,710 --> 01:12:30,539  
name of your book and talk about the SSE

1305

01:12:27,020 --> 01:12:34,219  
we've got reality denied here with John

1306

01:12:30,539 --> 01:12:36,630  
B Alexander PhD and it's the firsthand

1307

01:12:34,219 --> 01:12:40,230  
experiences with things that can happen

1308

01:12:36,630 --> 01:12:43,890  
but did and that is from anomalous books

1309

01:12:40,229 --> 01:12:46,019  
and once again in terms of Las Vegas

1310

01:12:43,890 --> 01:12:49,679  
next year you've got the dates in your

1311

01:12:46,020 --> 01:12:54,360  
head and I know it's June 2018 10 June

1312  
01:12:49,679 --> 01:12:57,719  
and this is a combination SSE SSI

1313  
01:12:54,359 --> 01:13:00,179  
the scientific exploration and the

1314  
01:12:57,719 --> 01:13:03,658  
International remote viewers association

1315  
01:13:00,179 --> 01:13:05,730  
and I'm planning on being there if my if

1316  
01:13:03,658 --> 01:13:12,719  
my health is good and I have the money

1317  
01:13:05,729 --> 01:13:14,339  
to fly I'll buy all there yes you are so

1318  
01:13:12,719 --> 01:13:16,649  
is there anything else that would you

1319  
01:13:14,340 --> 01:13:21,050  
would like to say before we bid you a

1320  
01:13:16,649 --> 01:13:23,879  
fond farewell yeah let's make it

1321  
01:13:21,050 --> 01:13:26,489  
possible for young scientists who get

1322  
01:13:23,880 --> 01:13:29,190  
involved in these areas without risking

1323  
01:13:26,488 --> 01:13:31,109  
their livelihood or reputation because

1324  
01:13:29,189 --> 01:13:36,988  
we're looking at something that's at

1325  
01:13:31,109 --> 01:13:40,859  
least as complex as cancer okay well I

1326

01:13:36,988 --> 01:13:42,959

agree with you there 100% and I wish you

1327

01:13:40,859 --> 01:13:44,819

well and I hope a lot of young

1328

01:13:42,960 --> 01:13:48,420

scientists are listening I think you

1329

01:13:44,819 --> 01:13:58,829

have encouraged okay thank you so much

1330

01:13:48,420 --> 01:14:01,170

have a great day bye-bye yeah it was a

1331

01:13:58,829 --> 01:14:04,670

very interesting thing in a great book I

1332

01:14:01,170 --> 01:14:07,500

really do I I wasn't just trying to

1333

01:14:04,670 --> 01:14:08,670

flatter him the book was so well written

1334

01:14:07,500 --> 01:14:11,670

I really enjoyed it

1335

01:14:08,670 --> 01:14:13,679

he certainly is a man of just tremendous

1336

01:14:11,670 --> 01:14:15,270

experience and the way he writes it's

1337

01:14:13,679 --> 01:14:16,920

like sitting down having dinner with

1338

01:14:15,270 --> 01:14:19,489

them and having a very interesting

1339

01:14:16,920 --> 01:14:23,029

conversation I enjoyed it very much

1340

01:14:19,488 --> 01:14:25,738  
that was reality reality denied

1341  
01:14:23,029 --> 01:14:26,759  
firsthand experiences with things that

1342  
01:14:25,738 --> 01:14:32,250  
can't happen

1343  
01:14:26,760 --> 01:14:35,039  
but did with John B Alexander PhD and I

1344  
01:14:32,250 --> 01:14:37,408  
as well I enjoyed the book and in fact

1345  
01:14:35,039 --> 01:14:39,630  
there were so many things to talk about

1346  
01:14:37,408 --> 01:14:41,519  
that I felt like we kind of you know I

1347  
01:14:39,630 --> 01:14:44,699  
felt like I was skipping around from

1348  
01:14:41,520 --> 01:14:50,130  
place to place and it I wish I had a

1349  
01:14:44,698 --> 01:14:53,819  
more of a a focus but there was so many

1350  
01:14:50,130 --> 01:14:56,880  
things in that book and I cannot say

1351  
01:14:53,819 --> 01:15:00,779  
more to recommend it to you listeners to

1352  
01:14:56,880 --> 01:15:03,599  
go out buy the book and read it okay so

1353  
01:15:00,779 --> 01:15:05,609  
I don't know who's coming up next on

1354  
01:15:03,599 --> 01:15:08,190

shattered reality but we do have another

1355

01:15:05,609 --> 01:15:10,799

we do have another show planned

1356

01:15:08,189 --> 01:15:22,439

not-too-distant future and we will

1357

01:15:10,800 --> 01:15:25,340

continue on anyway yes unfortunately

1358

01:15:22,439 --> 01:15:28,649

this week we don't have a listener

1359

01:15:25,340 --> 01:15:31,140

experience or corner person but we felt

1360

01:15:28,649 --> 01:15:36,139

that the time would be more than filled

1361

01:15:31,140 --> 01:15:39,240

by John P Alexander and and it was so I

1362

01:15:36,140 --> 01:15:43,430

think it's time to say goodbye for today

1363

01:15:39,239 --> 01:15:47,539

what do you think okay so goodbye from

1364

01:15:43,430 --> 01:15:47,539

shattered reality

1365
