[Music]

2
00:00:17,199 --> 00:00:25,488
welcome to shattered reality with your

3
00:00:20,689 --> 00:00:28,519
hosts Kate Valentine and furs prepare to

4
00:00:25,489 --> 00:00:33,730
have your paradigm shifted in the truths

5
00:00:28,519 --> 00:00:37,340
questioned and now shattered reality

6
00:00:33,729 --> 00:00:40,038
well no the show another day how are you

7
00:00:37,340 --> 00:00:43,339
doing today firoozeh Kate I'm doing

8
00:00:40,039 --> 00:00:47,769
quite well good and I am happy to

9
00:00:43,338 --> 00:00:52,549
announce that this is our 58th show

10
00:00:47,768 --> 00:00:55,100
we've been going at it for three years

11
00:00:52,549 --> 00:01:00,259
could you believe that really yeah

12
00:00:55,100 --> 00:01:03,079
seriously seriously Wow no I believe

13
00:01:00,259 --> 00:01:08,689
yeah and today I'm going to slate as

14
00:01:03,079 --> 00:01:13,340
usual today is November 14th 2017 and

15
00:01:08,689 --> 00:01:17,269
this week this month we have a very

16
00:01:13,340 --> 00:01:22,520
interesting guest we've had people on

17
00:01:17,269 --> 00:01:24,799
before like a Paul Smith who is a remote

18
00:01:22,519 --> 00:01:28,420
viewer and we've spoken a good deal

19
00:01:24,799 --> 00:01:32,870
about remote viewing and if you recall

20
00:01:28,420 --> 00:01:35,570
both you and our trusty engineer were

21
00:01:32,870 --> 00:01:38,750
very interested in how we might make

22
00:01:35,569 --> 00:01:41,839
some money with remote viewing and I had

23
00:01:38,750 --> 00:01:44,689
tried to explain the whole thing down to

24
00:01:41,840 --> 00:01:48,260
the two of you went to our listeners and

25
00:01:44,689 --> 00:01:52,700
I sort of got it across but maybe not as

26
00:01:48,260 --> 00:01:55,850
well as the premiere associative remote

27
00:01:52,700 --> 00:01:57,920
viewer that's out there mr. mati

28
00:01:55,849 --> 00:02:00,939
Rosenblatt let's welcome him to

29

00:01:57,920 --> 00:02:03,590
shattered reality okay Marty welcome

30
00:02:00,939 --> 00:02:07,789
well thank you very much a pleasure to

31
00:02:03,590 --> 00:02:11,628
be here so I just think I should kind of

32
00:02:07,790 --> 00:02:14,810
mention how I know you and I'm not sure

33
00:02:11,628 --> 00:02:17,780
I think we may have met in person at one

34
00:02:14,810 --> 00:02:21,400
of the irva international remote viewers

35
00:02:17,780 --> 00:02:25,030
Association meetings that I was at

36
00:02:21,400 --> 00:02:28,789
where where was it down south but not

37
00:02:25,030 --> 00:02:31,640
New Orleans yes yes New Orleans that so

38
00:02:28,789 --> 00:02:36,049
I was down there at that one remote

39
00:02:31,639 --> 00:02:39,229
viewing conference and Marty is a real

40
00:02:36,050 --> 00:02:42,260
stalwart in the in the international

41
00:02:39,229 --> 00:02:46,250
remote viewers Association he's a

42
00:02:42,259 --> 00:02:51,919
longtime member and he also if I can get

43
00:02:46,250 --> 00:02:55,039

this correctly now he he is also the

44

00:02:51,919 --> 00:02:57,649

head of the applied precondition project

45

00:02:55,039 --> 00:03:01,900

he runs a website in addition called

46

00:02:57,650 --> 00:03:04,760

physics intuition applications and so

47

00:03:01,900 --> 00:03:08,090

what I would like to talk to you about

48

00:03:04,759 --> 00:03:11,269

firstly is how associative remote

49

00:03:08,090 --> 00:03:14,780

viewing is different from other kinds of

50

00:03:11,270 --> 00:03:19,330

remote viewing and I know but not all my

51

00:03:14,780 --> 00:03:19,330

listeners know and I don't either

52

00:03:21,639 --> 00:03:30,018

okay well remote viewing in general

53

00:03:25,879 --> 00:03:32,000

gives you the ability and this is a

54

00:03:30,019 --> 00:03:33,739

natural ability I don't even like to

55

00:03:32,000 --> 00:03:36,019

call a paranormal anymore because it

56

00:03:33,739 --> 00:03:39,590

makes sound like it's not normal but

57

00:03:36,019 --> 00:03:42,379

it's a very normal capability that when

58
00:03:39,590 --> 00:03:46,060
you get quiet and set your intention you

59
00:03:42,379 --> 00:03:51,159
can get information from a distance

60
00:03:46,060 --> 00:03:58,719
now distance includes space and time

61
00:03:51,159 --> 00:04:03,709
using capability that consciousness has

62
00:03:58,719 --> 00:04:05,569
where simply by intending to send your

63
00:04:03,709 --> 00:04:07,009
consciousness someplace that's one way

64
00:04:05,569 --> 00:04:09,979
of looking at it you could pick up

65
00:04:07,009 --> 00:04:12,560
information about whatever is there the

66
00:04:09,979 --> 00:04:13,699
military did this I'm sure Paul Smith

67
00:04:12,560 --> 00:04:18,290
must have talked a lot about that

68
00:04:13,699 --> 00:04:23,719
because it was used by the military as

69
00:04:18,290 --> 00:04:25,430
well as lots of other people now there

70
00:04:23,720 --> 00:04:28,100
are different forms of remote viewing

71
00:04:25,430 --> 00:04:32,689
where you try to get information at a

72
00:04:28,100 --> 00:04:33,360
distance past present or future where a

73
00:04:32,689 --> 00:04:36,219
so

74
00:04:33,360 --> 00:04:39,870
remote-viewing comes in and I think

75
00:04:36,220 --> 00:04:43,690
let's let's focus on that is an

76
00:04:39,870 --> 00:04:49,470
application of remote viewing where you

77
00:04:43,689 --> 00:04:52,990
in fact do want to make a decision among

78
00:04:49,470 --> 00:04:54,850
possible outcomes now let me get a

79
00:04:52,990 --> 00:04:58,478
little bit more specific and connect

80
00:04:54,850 --> 00:05:03,250
these to one of the ways we use this is

81
00:04:58,478 --> 00:05:07,050
in sports wagering or financial

82
00:05:03,250 --> 00:05:09,939
predictions so let's just make a simple

83
00:05:07,050 --> 00:05:15,310
financial prediction let's say we want

84
00:05:09,939 --> 00:05:17,728
to know tomorrow if the excuse me if the

85
00:05:15,310 --> 00:05:21,220
stock market is going to go up or down

86

00:05:17,728 --> 00:05:24,219
so that's a binary choice two choices up

87
00:05:21,220 --> 00:05:31,060
or down now how does remote viewing come

88
00:05:24,220 --> 00:05:35,440
in here well let's say I were to take

89
00:05:31,060 --> 00:05:38,978
two possible pictures since there are

90
00:05:35,439 --> 00:05:43,240
two possible outcomes and let's say I

91
00:05:38,978 --> 00:05:45,490
were to associate the Eiffel Tower with

92
00:05:43,240 --> 00:05:49,960
up and I had this nice picture of the

93
00:05:45,490 --> 00:05:53,829
Eiffel Tower or I had another picture

94
00:05:49,959 --> 00:05:56,079
say of a whale jumping out of the water

95
00:05:53,829 --> 00:06:00,038
or something like that and that might be

96
00:05:56,079 --> 00:06:04,029
associated with my down picture well a

97
00:06:00,038 --> 00:06:04,959
remote viewer could be tasked to go to

98
00:06:04,029 --> 00:06:08,559
the Eiffel Tower

99
00:06:04,959 --> 00:06:11,788
could be tasked to go to the whale what

100
00:06:08,560 --> 00:06:17,379

we do an associative remote viewing is

101

00:06:11,788 --> 00:06:20,439

task them to go to their own feedback

102

00:06:17,379 --> 00:06:23,469

session when they're going to see one or

103

00:06:20,439 --> 00:06:27,038

the other of these pictures now they're

104

00:06:23,470 --> 00:06:31,660

blind to all of this all they're tasked

105

00:06:27,038 --> 00:06:33,550

with is describe and sketch the photo we

106

00:06:31,660 --> 00:06:36,310

call it a photo site because they could

107

00:06:33,550 --> 00:06:39,150

pick up sounds and smells consciousness

108

00:06:36,310 --> 00:06:43,449

can do all of them use all the senses

109

00:06:39,149 --> 00:06:45,989

describe and sketch the photo site that

110

00:06:43,449 --> 00:06:49,469

you are going to see

111

00:06:45,990 --> 00:06:53,370

in your feedback session tomorrow after

112

00:06:49,470 --> 00:06:56,250

the market closes so the remote viewer

113

00:06:53,370 --> 00:07:00,060

gets quiet does what we call cool down

114

00:06:56,250 --> 00:07:03,629

opens himself up and basically intends

115
00:07:00,060 --> 00:07:07,740
to interact with the feedback session

116
00:07:03,629 --> 00:07:11,430
which is himself in the future now let's

117
00:07:07,740 --> 00:07:15,780
just say he says oh I sense water

118
00:07:11,430 --> 00:07:20,759
I sense activity I sense a big living

119
00:07:15,779 --> 00:07:25,169
form moving and he draws on his piece of

120
00:07:20,759 --> 00:07:27,959
paper you know some shapes and some

121
00:07:25,170 --> 00:07:29,879
Wiggly lines like water and depending on

122
00:07:27,959 --> 00:07:34,349
how long he works he can get better at

123
00:07:29,879 --> 00:07:36,659
it but already he's done enough so that

124
00:07:34,350 --> 00:07:38,610
when I see that session and that's

125
00:07:36,660 --> 00:07:41,939
before the market opens and I'm the

126
00:07:38,610 --> 00:07:45,270
judge so I'll be judging his transcript

127
00:07:41,939 --> 00:07:48,089
I would say oh well obviously he's

128
00:07:45,269 --> 00:07:49,919
seeing the whale the reason he's seen

129
00:07:48,089 --> 00:07:52,549
the whale is because that's what I'm

130
00:07:49,920 --> 00:07:56,970
gonna show him tomorrow

131
00:07:52,550 --> 00:08:00,270
because down is going to be the the

132
00:07:56,970 --> 00:08:02,460
actual direction the market goes if the

133
00:08:00,269 --> 00:08:05,639
market were to go up I would show them

134
00:08:02,459 --> 00:08:07,709
the Eiffel Tower but the fact that he

135
00:08:05,639 --> 00:08:09,959
drew the whale where did he get that

136
00:08:07,709 --> 00:08:13,469
information from he went to the future

137
00:08:09,959 --> 00:08:16,439
when in fact I showed him the picture of

138
00:08:13,470 --> 00:08:18,240
the whale that's associative remote

139
00:08:16,439 --> 00:08:20,310
viewing because I get to make that

140
00:08:18,240 --> 00:08:21,860
judgment before the market opens and

141
00:08:20,310 --> 00:08:26,459
then I can wager in the up direction

142
00:08:21,860 --> 00:08:32,029
well I will say that I have seen it work

143

00:08:26,459 --> 00:08:35,129
twice in sessions with you when you

144
00:08:32,029 --> 00:08:38,339
through the through one of your projects

145
00:08:35,129 --> 00:08:42,149
there the applied pre-ignition project

146
00:08:38,340 --> 00:08:45,810
you had some free sessions for practice

147
00:08:42,149 --> 00:08:48,059
that you opened up to members of hurva

148
00:08:45,809 --> 00:08:51,599
and perhaps some other associations

149
00:08:48,059 --> 00:08:55,919
there and I sat in on them and we did

150
00:08:51,600 --> 00:08:58,570
them over the Internet and we wrote we

151
00:08:55,919 --> 00:09:01,429
wrote out our responses and

152
00:08:58,570 --> 00:09:04,310
luckily enough and it you know it was

153
00:09:01,429 --> 00:09:07,189
yeah maybe not a little luck but I got

154
00:09:04,309 --> 00:09:10,579
both of them and made \$40 on the first

155
00:09:07,190 --> 00:09:12,950
wager that I bet on with you isn't that

156
00:09:10,580 --> 00:09:16,100
cool that is so cool and what is more

157
00:09:12,950 --> 00:09:19,040

cool is that you're not just using in

158

00:09:16,100 --> 00:09:22,879

what you do you're not just using one

159

00:09:19,039 --> 00:09:26,120

person's session you have however in

160

00:09:22,879 --> 00:09:29,179

this case maybe the sessions of 15 or 20

161

00:09:26,120 --> 00:09:31,399

participants in the two and the two

162

00:09:29,179 --> 00:09:34,969

experiments that I did with your group

163

00:09:31,399 --> 00:09:37,879

and then you're also having more than

164

00:09:34,970 --> 00:09:41,960

just you decide there are a couple of

165

00:09:37,879 --> 00:09:44,720

judges as I recall yes you can do this

166

00:09:41,960 --> 00:09:47,360

in lots of different ways this is called

167

00:09:44,720 --> 00:09:49,820

pre cognition that's the way you

168

00:09:47,360 --> 00:09:51,230

pronounce it precognition cognition okay

169

00:09:49,820 --> 00:09:55,370

so we're yeah we're the applied

170

00:09:51,230 --> 00:10:00,500

precognition project in fact our website

171

00:09:55,370 --> 00:10:03,169

supplied Precog calm and over the

172
00:10:00,500 --> 00:10:06,139
Internet and you must have seen an

173
00:10:03,169 --> 00:10:08,000
example of this we have lots of

174
00:10:06,139 --> 00:10:13,819
different groups where people can do

175
00:10:08,000 --> 00:10:16,190
this in Las Vegas we do a lot of sports

176
00:10:13,820 --> 00:10:17,810
wagering and the people make a lot of

177
00:10:16,190 --> 00:10:20,540
money but one of the things you have to

178
00:10:17,809 --> 00:10:24,079
understand is it's not a hundred percent

179
00:10:20,539 --> 00:10:27,289
you don't win all the time one of our

180
00:10:24,080 --> 00:10:29,600
mantras is wager wisely mm-hmm because

181
00:10:27,289 --> 00:10:32,329
this is not we don't know anybody not

182
00:10:29,600 --> 00:10:34,399
even the best of the remote viewers like

183
00:10:32,330 --> 00:10:36,650
Jill mcmoneagle is usually at our

184
00:10:34,399 --> 00:10:42,189
conferences and he does some great stuff

185
00:10:36,649 --> 00:10:46,809
but he's not he's not perfect either so

186
00:10:42,190 --> 00:10:51,580
this is real it is a natural capability

187
00:10:46,809 --> 00:10:54,259
time and science of course is is

188
00:10:51,580 --> 00:10:56,990
beginning to spend more and more time

189
00:10:54,259 --> 00:11:01,179
and trying to unravel the mysteries of

190
00:10:56,990 --> 00:11:05,870
time but it's obvious that you can

191
00:11:01,179 --> 00:11:08,149
access information from the future but

192
00:11:05,870 --> 00:11:09,710
Marty that the one obvious question is

193
00:11:08,149 --> 00:11:11,409
that then you're saying that the future

194
00:11:09,710 --> 00:11:15,299
is predetermined

195
00:11:11,409 --> 00:11:15,298
oh I love it

196
00:11:15,788 --> 00:11:24,639
no I'm not in fact what this shows is

197
00:11:20,109 --> 00:11:28,839
actually even more significant than that

198
00:11:24,639 --> 00:11:33,579
it shows that the future affects the

199
00:11:28,839 --> 00:11:36,159
present moment yes because when I in the

200

00:11:33,578 --> 00:11:38,438
example I gave you of the whale the only

201
00:11:36,158 --> 00:11:41,349
way the remote viewer could have done so

202
00:11:38,438 --> 00:11:44,318
well was because the future feedback

203
00:11:41,349 --> 00:11:47,399
session gave him information about the

204
00:11:44,318 --> 00:11:50,858
whale think about it for a moment

205
00:11:47,399 --> 00:11:54,448
consciousness this reality that we get

206
00:11:50,859 --> 00:11:59,319
through our conscious awareness only

207
00:11:54,448 --> 00:12:02,738
really exists in the now and it's in

208
00:11:59,318 --> 00:12:06,188
this now that you have your full and

209
00:12:02,739 --> 00:12:09,220
only awareness the past is only a memory

210
00:12:06,188 --> 00:12:13,808
and guess what we know memories are not

211
00:12:09,220 --> 00:12:16,538
100% either right well the future memory

212
00:12:13,808 --> 00:12:18,608
and their books titled that there's what

213
00:12:16,538 --> 00:12:21,369
we do with precognition we're like

214
00:12:18,609 --> 00:12:27,999

trying to remember the future which is

215

00:12:21,369 --> 00:12:30,509

going to come free will is in the now

216

00:12:27,999 --> 00:12:34,119

the only time you get to make choices

217

00:12:30,509 --> 00:12:36,908

the only time you get to influence what

218

00:12:34,119 --> 00:12:41,168

you want to think about is in the now

219

00:12:36,908 --> 00:12:44,889

and I consider freewill to be the

220

00:12:41,168 --> 00:12:48,548

absolute fundamental aspect of our being

221

00:12:44,889 --> 00:12:50,979

yeah are there influences absolutely

222

00:12:48,548 --> 00:12:53,948

from the past and this is what's so

223

00:12:50,979 --> 00:12:59,850

magnificent magnificent also from the

224

00:12:53,948 --> 00:13:02,948

future so knowing that you can put out

225

00:12:59,850 --> 00:13:07,178

positive intentions which you're going

226

00:13:02,948 --> 00:13:10,598

to go both ways help the past influence

227

00:13:07,178 --> 00:13:13,678

the future and I'm spending more and

228

00:13:10,599 --> 00:13:16,359

more time getting into health now

229
00:13:13,678 --> 00:13:21,568
because I believe once you really

230
00:13:16,359 --> 00:13:23,639
appreciate that all times are connected

231
00:13:21,568 --> 00:13:27,240
consciousness kind of show

232
00:13:23,639 --> 00:13:29,458
that everything is indeed connected all

233
00:13:27,240 --> 00:13:32,639
of your conscious moments past present

234
00:13:29,458 --> 00:13:35,819
future are all connected you can pay

235
00:13:32,639 --> 00:13:38,789
more attention to the now and put out

236
00:13:35,820 --> 00:13:42,990
these health healthy thoughts put out

237
00:13:38,789 --> 00:13:44,969
things with your own free will that in

238
00:13:42,990 --> 00:13:45,539
fact will influence you in a positive

239
00:13:44,970 --> 00:13:47,790
way

240
00:13:45,539 --> 00:13:50,849
I agree I well don't you think it's

241
00:13:47,789 --> 00:13:53,549
possible though that I mean some of the

242
00:13:50,850 --> 00:13:56,610
things that you state are fairly you

243
00:13:53,549 --> 00:13:59,399
know available to the general public

244
00:13:56,610 --> 00:14:01,430
let's say the stock market so perhaps

245
00:13:59,399 --> 00:14:03,809
and I use this term loosely

246
00:14:01,429 --> 00:14:07,169
subconsciously they're aware of certain

247
00:14:03,809 --> 00:14:08,879
movements of some political aspects some

248
00:14:07,169 --> 00:14:11,909
worldwide events something that would

249
00:14:08,879 --> 00:14:13,769
influence the stock market or even for

250
00:14:11,909 --> 00:14:15,208
example in a horse race I mean you have

251
00:14:13,769 --> 00:14:18,240
the morning line you have various

252
00:14:15,208 --> 00:14:21,299
jockeys you have various horses and if

253
00:14:18,240 --> 00:14:24,659
they're able to access that information

254
00:14:21,299 --> 00:14:26,599
now that's readily available on a in the

255
00:14:24,659 --> 00:14:30,299
so called present and then now and then

256
00:14:26,600 --> 00:14:32,339
interpolate that into a potential in

257

00:14:30,299 --> 00:14:35,819
other words there's a million different

258
00:14:32,339 --> 00:14:37,770
outcomes but you know in the collapsing

259
00:14:35,820 --> 00:14:40,890
state of course one of them is going to

260
00:14:37,769 --> 00:14:45,958
be the final outcome and I'm wondering

261
00:14:40,889 --> 00:14:48,299
if the mind isn't that fast to access

262
00:14:45,958 --> 00:14:51,149
all this information that's also

263
00:14:48,299 --> 00:14:53,879
floating around to come up with the most

264
00:14:51,149 --> 00:14:56,159
likely outcome well that's interesting

265
00:14:53,879 --> 00:14:58,919
because that is another model of what's

266
00:14:56,159 --> 00:15:03,088
going on and I will refute that for you

267
00:14:58,919 --> 00:15:06,419
right now and that is this exact same

268
00:15:03,089 --> 00:15:08,430
idea has been done in fact it was at

269
00:15:06,419 --> 00:15:11,009
Princeton University there was a group

270
00:15:08,429 --> 00:15:13,399
they called pair yes we've had them a

271
00:15:11,009 --> 00:15:16,769

couple of uh we've had Roger Nelson and

272

00:15:13,399 --> 00:15:18,299

oh boy she's going to be mad at me all

273

00:15:16,769 --> 00:15:21,750

of a sudden same atrophy you better

274

00:15:18,299 --> 00:15:24,149

start accessing the future yeah we had

275

00:15:21,750 --> 00:15:28,289

that we had the keys we had movement I

276

00:15:24,149 --> 00:15:30,480

know and yeah because but but let me

277

00:15:28,289 --> 00:15:32,129

make my point with this what they did is

278

00:15:30,480 --> 00:15:34,289

something very similar to what I've

279

00:15:32,129 --> 00:15:35,789

discussed here except they did it with

280

00:15:34,289 --> 00:15:39,959

pure random number

281

00:15:35,789 --> 00:15:41,909

generators right and predict the random

282

00:15:39,960 --> 00:15:43,530

number generators where there isn't the

283

00:15:41,909 --> 00:15:45,659

kind of information out there that

284

00:15:43,529 --> 00:15:47,209

you're talking about how many numbers in

285

00:15:45,659 --> 00:15:51,480

a random generator

286

00:15:47,210 --> 00:15:53,910

well they zero in once and it's Brenda

287

00:15:51,480 --> 00:15:56,009

done please Brenda red give us all of a

288

00:15:53,909 --> 00:16:00,449

sudden my I kept thinking marry and it

289

00:15:56,009 --> 00:16:06,809

was not merry anything yes she was on

290

00:16:00,450 --> 00:16:08,970

with us let's use that smarty joking bit

291

00:16:06,809 --> 00:16:12,269

hey that's good we have that fun at this

292

00:16:08,970 --> 00:16:15,230

this is this is fantastic stuff but also

293

00:16:12,269 --> 00:16:18,960

the other way to look at this is

294

00:16:15,230 --> 00:16:23,399

pictures remember all the person is

295

00:16:18,960 --> 00:16:27,810

really predicting is a random picture

296

00:16:23,399 --> 00:16:29,429

the association is unknown to them when

297

00:16:27,809 --> 00:16:34,769

this program when you see some of these

298

00:16:29,429 --> 00:16:38,129

comparisons how could they know a random

299

00:16:34,769 --> 00:16:40,259

picture that they've never seen and do

300
00:16:38,129 --> 00:16:43,320
such a good match if it wasn't getting

301
00:16:40,259 --> 00:16:46,139
direct access from the future and the

302
00:16:43,320 --> 00:16:48,330
future and here's another word and there

303
00:16:46,139 --> 00:16:50,129
aren't too many but but here's another

304
00:16:48,330 --> 00:16:53,610
word I want to put out there retro

305
00:16:50,129 --> 00:16:55,860
causation yeah that's a new buzzword and

306
00:16:53,610 --> 00:16:58,320
there's a lot of science going on now

307
00:16:55,860 --> 00:17:00,300
with that term they used to do a

308
00:16:58,320 --> 00:17:03,330
precognition but now they like to think

309
00:17:00,299 --> 00:17:05,369
about the now affecting the past just

310
00:17:03,330 --> 00:17:07,559
like the feedback session was affecting

311
00:17:05,369 --> 00:17:10,709
the remote viewing session that's called

312
00:17:07,559 --> 00:17:14,309
retro causation and that's what's

313
00:17:10,710 --> 00:17:19,309
happening here that's the fact that

314

00:17:14,309 --> 00:17:22,740
the person saw it tomorrow okay cause

315
00:17:19,309 --> 00:17:26,339
the remote viewing session to come in

316
00:17:22,740 --> 00:17:28,200
now one final word and this is a word

317
00:17:26,339 --> 00:17:30,269
that comes from quantum mechanics and

318
00:17:28,200 --> 00:17:32,480
this is what in my opinion is exactly

319
00:17:30,269 --> 00:17:36,950
going on and that is the word

320
00:17:32,480 --> 00:17:39,660
entanglement right are being totally

321
00:17:36,950 --> 00:17:42,509
entangled between the remote viewing

322
00:17:39,660 --> 00:17:44,100
session when you were tasked to describe

323
00:17:42,509 --> 00:17:47,519
it sketch what you go to see in the

324
00:17:44,099 --> 00:17:49,459
future and that indeed is entangled with

325
00:17:47,519 --> 00:17:54,450
that future time

326
00:17:49,460 --> 00:17:57,960
kento can I add one thing Marty - Kate's

327
00:17:54,450 --> 00:18:02,399
question which was very good I thought

328
00:17:57,960 --> 00:18:03,120

but that with some of the associative

329

00:18:02,398 --> 00:18:05,189
remote-viewing

330

00:18:03,119 --> 00:18:08,518
I don't know if you did this in practice

331

00:18:05,190 --> 00:18:10,769
sessions we had with you but with some

332

00:18:08,519 --> 00:18:12,298
of the associative remote-viewing they

333

00:18:10,769 --> 00:18:15,450
it is triple blind

334

00:18:12,298 --> 00:18:17,878
in other words like let's say somebody

335

00:18:15,450 --> 00:18:20,370
like Russ Targ he puts two pictures in

336

00:18:17,878 --> 00:18:22,678
an envelope and then he passes them over

337

00:18:20,369 --> 00:18:25,109
to Stephen Schwartz and he writes on one

338

00:18:22,679 --> 00:18:27,298
of them stock market up and on the other

339

00:18:25,109 --> 00:18:29,398
one stock market down so they don't even

340

00:18:27,298 --> 00:18:31,648
know what the picture is and which one

341

00:18:29,398 --> 00:18:33,298
refers to RIT which I just picked those

342

00:18:31,648 --> 00:18:35,849
guys out at random because I know them

343
00:18:33,298 --> 00:18:40,339
right they're involved so the so it

344
00:18:35,849 --> 00:18:43,829
could be like triple blind and therefore

345
00:18:40,339 --> 00:18:45,990
the original people don't even know I

346
00:18:43,829 --> 00:18:48,720
mean the judges don't know which one is

347
00:18:45,990 --> 00:18:50,819
which until they open the envelope on on

348
00:18:48,720 --> 00:18:53,940
the morning of the stock market you know

349
00:18:50,819 --> 00:18:58,740
it still begs a question though yeah I

350
00:18:53,940 --> 00:19:00,808
mean you know there was an interest I've

351
00:18:58,740 --> 00:19:03,149
been trying to think of the physicist

352
00:19:00,808 --> 00:19:06,839
name but this might be actually much

353
00:19:03,148 --> 00:19:08,638
more to your point and that's is that he

354
00:19:06,839 --> 00:19:10,888
said that for example let's say there

355
00:19:08,638 --> 00:19:13,888
was a big bang he assumes that

356
00:19:10,888 --> 00:19:17,069
everything everywhere occurs

357
00:19:13,888 --> 00:19:19,469
simultaneously but the human mind cannot

358
00:19:17,069 --> 00:19:22,558
wrap itself around that and so it

359
00:19:19,470 --> 00:19:24,659
invented time in that case if that man

360
00:19:22,558 --> 00:19:27,089
were true then then your theories would

361
00:19:24,659 --> 00:19:29,039
be valid and I accept that I call that

362
00:19:27,089 --> 00:19:31,319
the eternal now and I didn't invent that

363
00:19:29,038 --> 00:19:34,079
term that turns been around a long time

364
00:19:31,319 --> 00:19:38,339
there are so many different ways of

365
00:19:34,079 --> 00:19:44,339
looking at this frankly the eternal time

366
00:19:38,339 --> 00:19:50,009
one I think is the closest to the way it

367
00:19:44,339 --> 00:19:55,319
really is except somehow in a way we

368
00:19:50,009 --> 00:19:58,679
can't understand this creative into this

369
00:19:55,319 --> 00:20:01,710
well creative freewill idea has to get

370
00:19:58,679 --> 00:20:02,940
put in there you know so it's not just a

371

00:20:01,710 --> 00:20:06,000
one-liner

372
00:20:02,940 --> 00:20:10,200
but I do believe it is all out there now

373
00:20:06,000 --> 00:20:12,299
and we're creating it so it's like the

374
00:20:10,200 --> 00:20:15,059
information we see what we're really

375
00:20:12,299 --> 00:20:17,879
talking about is information that's why

376
00:20:15,059 --> 00:20:20,069
in some ways it doesn't contradict what

377
00:20:17,880 --> 00:20:22,740
Einstein said about you know nothing can

378
00:20:20,069 --> 00:20:25,619
travel faster than light well that's

379
00:20:22,740 --> 00:20:28,589
sort of right if you talk about mass but

380
00:20:25,619 --> 00:20:31,229
information that doesn't really have you

381
00:20:28,589 --> 00:20:33,750
know mass associated with it and

382
00:20:31,230 --> 00:20:36,299
everything we're talking about is in

383
00:20:33,750 --> 00:20:38,339
like quantum and information theory and

384
00:20:36,299 --> 00:20:46,019
there are whole fields of people looking

385
00:20:38,339 --> 00:20:49,829

at that sort of thing so it it your

386

00:20:46,019 --> 00:20:52,500

hypothesis that you could sort of from

387

00:20:49,829 --> 00:20:57,779

the past extrapolate into the future I

388

00:20:52,500 --> 00:20:59,460

just think it it doesn't hold water if

389

00:20:57,779 --> 00:21:03,359

you will because there are too many

390

00:20:59,460 --> 00:21:05,400

cases where it was totally blind the

391

00:21:03,359 --> 00:21:08,549

only way the person can get and we do

392

00:21:05,400 --> 00:21:10,500

everything we can including some cases

393

00:21:08,549 --> 00:21:13,079

with independent judges which a triple

394

00:21:10,500 --> 00:21:16,500

blind except for a computer the computer

395

00:21:13,079 --> 00:21:21,269

picks the two random pictures out of a

396

00:21:16,500 --> 00:21:23,220

set of eight hundred possible pairs and

397

00:21:21,269 --> 00:21:26,759

nobody but the computer knows what those

398

00:21:23,220 --> 00:21:30,140

are the remote viewer doesn't know it

399

00:21:26,759 --> 00:21:34,650

until he sees it the judge does see it

400
00:21:30,140 --> 00:21:38,009
because he has to see the two so that

401
00:21:34,650 --> 00:21:42,330
they can wager but there's no way that

402
00:21:38,009 --> 00:21:44,609
you can extrapolate that picture from

403
00:21:42,329 --> 00:21:48,439
the present since it's randomly done by

404
00:21:44,609 --> 00:21:51,479
a computer well it's it's just really

405
00:21:48,440 --> 00:21:53,940
fascinating stuff if somebody if our

406
00:21:51,480 --> 00:21:56,910
listeners and I poorly described it on

407
00:21:53,940 --> 00:21:59,039
another one of our episodes but if one

408
00:21:56,910 --> 00:22:00,210
of a group this is this is the thing

409
00:21:59,039 --> 00:22:02,430
about remote viewing

410
00:22:00,210 --> 00:22:05,970
I love remote viewing I've been doing

411
00:22:02,430 --> 00:22:07,680
remote viewing for over ten years I've

412
00:22:05,970 --> 00:22:10,950
studied with three or fourteen well

413
00:22:07,680 --> 00:22:14,730
probably four or five teachers at this

414
00:22:10,950 --> 00:22:16,620
juncture and I really enjoy it but it's

415
00:22:14,730 --> 00:22:21,120
something that must be done in a

416
00:22:16,619 --> 00:22:23,419
group no no you can do it by yourself

417
00:22:21,119 --> 00:22:28,709
because I haven't figured out how yet oh

418
00:22:23,420 --> 00:22:32,190
yeah we have we have now in our group

419
00:22:28,710 --> 00:22:35,160
over 800 members and they're about a

420
00:22:32,190 --> 00:22:37,410
hundred I would say who are active doing

421
00:22:35,160 --> 00:22:39,240
you know they listen to the discussions

422
00:22:37,410 --> 00:22:41,430
and we give webinars and stuff like that

423
00:22:39,240 --> 00:22:45,599
and they're probably about a hundred or

424
00:22:41,430 --> 00:22:48,360
so who are active in our various groups

425
00:22:45,599 --> 00:22:50,459
we probably have about 15 active groups

426
00:22:48,359 --> 00:22:55,558
between sports and financials right

427
00:22:50,460 --> 00:22:58,710
right and most of them are doing this by

428

00:22:55,558 --> 00:23:01,710
themselves some with independent judges

429
00:22:58,710 --> 00:23:03,720
and they send their transcripts you know

430
00:23:01,710 --> 00:23:07,110
all everything's done over the Internet

431
00:23:03,720 --> 00:23:10,289
we do tasking over emails but then once

432
00:23:07,109 --> 00:23:12,899
a person gets a tasking online they

433
00:23:10,289 --> 00:23:15,089
click and they get a coordinate and then

434
00:23:12,900 --> 00:23:17,190
they do their remote viewing session on

435
00:23:15,089 --> 00:23:19,980
their own you can sit down quietly

436
00:23:17,190 --> 00:23:22,679
you've got your coordinate now you sit

437
00:23:19,980 --> 00:23:26,269
down quietly you do your remote viewing

438
00:23:22,679 --> 00:23:31,890
session and then we ask you to upload it

439
00:23:26,269 --> 00:23:33,509
to our server right via ok and so we

440
00:23:31,890 --> 00:23:36,240
keep track of everything we're really

441
00:23:33,509 --> 00:23:39,150
big on statistics because we want to

442
00:23:36,240 --> 00:23:43,589

find those people that are very good at

443

00:23:39,150 --> 00:23:46,620

this and we have an associative company

444

00:23:43,589 --> 00:23:49,439

called a PPI it's like the app Institute

445

00:23:46,619 --> 00:23:53,339

where we have something called Precog

446

00:23:49,440 --> 00:23:55,740

prose and we actually give them a stake

447

00:23:53,339 --> 00:23:58,829

and become partners with them yes once

448

00:23:55,740 --> 00:24:01,490

we identify someone as being good we

449

00:23:58,829 --> 00:24:04,019

will basically make them a professional

450

00:24:01,490 --> 00:24:06,630

and we'll set up an even partnership

451

00:24:04,019 --> 00:24:10,558

with them and all of that information is

452

00:24:06,630 --> 00:24:12,090

on our website repeat and again d4r for

453

00:24:10,558 --> 00:24:18,990

a listener because we want them to go to

454

00:24:12,089 --> 00:24:22,759

it as well sure applied Precog dot-com

455

00:24:18,990 --> 00:24:26,400

so the word applied and then Precog no

456

00:24:22,759 --> 00:24:29,329

space.com and they'll see everything

457
00:24:26,400 --> 00:24:29,330
everything there

458
00:24:29,349 --> 00:24:33,730
I think you misunderstood what I was

459
00:24:31,779 --> 00:24:35,910
saying though Marty I mean not not not

460
00:24:33,730 --> 00:24:38,048
drastically because that's how I

461
00:24:35,910 --> 00:24:40,808
participated in the two practice

462
00:24:38,048 --> 00:24:43,710
sessions I did with you I'm good at home

463
00:24:40,808 --> 00:24:46,450
yeah then in the groups that you offered

464
00:24:43,710 --> 00:24:49,419
through through irva I guess is how I

465
00:24:46,450 --> 00:24:52,750
got got to it and I came on there and

466
00:24:49,419 --> 00:24:55,600
did did two two sessions with you and

467
00:24:52,750 --> 00:24:58,210
the group but what I meant was when I

468
00:24:55,599 --> 00:25:01,298
did study remote viewing and and and

469
00:24:58,210 --> 00:25:03,429
practiced it with you and I studied it

470
00:25:01,298 --> 00:25:06,908
with others it's always helped me it's

471
00:25:03,429 --> 00:25:08,950
always up to my my side potential so to

472
00:25:06,909 --> 00:25:12,640
speak that because I work as an

473
00:25:08,950 --> 00:25:14,080
intuitive you know that's my job so so

474
00:25:12,640 --> 00:25:17,110
it has helped me and that's why I've

475
00:25:14,079 --> 00:25:19,899
continued to do it but even in the

476
00:25:17,109 --> 00:25:23,048
manner that you describe you the

477
00:25:19,900 --> 00:25:25,360
putative remote viewer is participating

478
00:25:23,048 --> 00:25:27,639
with a group in other words they they're

479
00:25:25,359 --> 00:25:30,369
getting their coordinates from you or

480
00:25:27,640 --> 00:25:32,470
your organization and then they are

481
00:25:30,369 --> 00:25:35,769
uploading their session now they're

482
00:25:32,470 --> 00:25:38,288
doing it alone in their home but it's

483
00:25:35,769 --> 00:25:41,408
not a singular activity as opposed to

484
00:25:38,288 --> 00:25:43,599
let's say me reading your cards would be

485

00:25:41,409 --> 00:25:45,760
a singular activity you see the

486
00:25:43,599 --> 00:25:47,678
difference of what I'm saying I do and

487
00:25:45,759 --> 00:25:51,460
you're exactly right in fact as I said

488
00:25:47,679 --> 00:25:54,038
we have 15 or so active groups in

489
00:25:51,460 --> 00:25:55,419
exactly the sense that you mean and you

490
00:25:54,038 --> 00:25:57,879
are part of that group

491
00:25:55,419 --> 00:26:00,640
and you make your own individual

492
00:25:57,880 --> 00:26:03,760
prediction but then also after someone

493
00:26:00,640 --> 00:26:05,830
like myself who's a group manager looks

494
00:26:03,759 --> 00:26:07,750
at all the different predictions we will

495
00:26:05,829 --> 00:26:10,808
actually put out a group prediction

496
00:26:07,750 --> 00:26:13,150
right so what you're saying is is right

497
00:26:10,808 --> 00:26:15,428
on well I'm sure you're aware too that

498
00:26:13,150 --> 00:26:19,298
Wall Street hires pretty advanced

499
00:26:15,429 --> 00:26:22,210

mathematicians and in now they will

500

00:26:19,298 --> 00:26:25,839

predict various outcomes in the stock

501

00:26:22,210 --> 00:26:27,220

market based on statistical analysis do

502

00:26:25,839 --> 00:26:29,619

you think that they're actually just

503

00:26:27,220 --> 00:26:32,409

using math or do you think as a group

504

00:26:29,619 --> 00:26:35,319

they're starting to as you said this

505

00:26:32,409 --> 00:26:36,960

cognitive ability is inherent and human

506

00:26:35,319 --> 00:26:39,730

so you think that perhaps they're

507

00:26:36,960 --> 00:26:42,789

accessing that in addition to having

508

00:26:39,730 --> 00:26:43,470

some really pretty cool statistical and

509

00:26:42,789 --> 00:26:46,259

now

510

00:26:43,470 --> 00:26:49,740

well I'd say there's both I mean they're

511

00:26:46,259 --> 00:26:51,990

Xterra yeah there's some funds that are

512

00:26:49,740 --> 00:26:54,299

really into the heavy mathematics and

513

00:26:51,990 --> 00:26:56,640

predicting things and all that but I

514
00:26:54,299 --> 00:26:59,789
would think there are other funds out

515
00:26:56,640 --> 00:27:02,640
there that use traders and even though

516
00:26:59,789 --> 00:27:05,490
they might not say it but their traders

517
00:27:02,640 --> 00:27:07,800
are basically using their gut using

518
00:27:05,490 --> 00:27:09,539
intuition it's actually exactly and I

519
00:27:07,799 --> 00:27:11,369
think when they say using your gut

520
00:27:09,539 --> 00:27:14,970
they're actually accessing what you

521
00:27:11,369 --> 00:27:18,000
refer to as an innate ability I'd

522
00:27:14,970 --> 00:27:20,220
totally agree exactly hedge funds do use

523
00:27:18,000 --> 00:27:22,170
remote viewers and I know some of them

524
00:27:20,220 --> 00:27:25,170
that work for hedge funds on the other

525
00:27:22,170 --> 00:27:26,789
hand some funds just use quants which is

526
00:27:25,170 --> 00:27:28,830
what you were talking about that's the I

527
00:27:26,789 --> 00:27:31,200
guess that's the name of the the field

528
00:27:28,829 --> 00:27:34,139
of these advanced mathematicians are

529
00:27:31,200 --> 00:27:37,110
generally called quants at their offices

530
00:27:34,140 --> 00:27:39,090
do the hedge funds that you know about

531
00:27:37,109 --> 00:27:42,779
are they public will they acknowledge

532
00:27:39,089 --> 00:27:47,009
they're using remote viewers you know I

533
00:27:42,779 --> 00:27:49,139
would refer you privately to after the

534
00:27:47,009 --> 00:27:52,230
show to the remote viewers that I know

535
00:27:49,140 --> 00:27:54,509
that do that for money and I know you

536
00:27:52,230 --> 00:27:57,079
know these people so I will refer you to

537
00:27:54,509 --> 00:27:59,400
them rather than outing somebody on

538
00:27:57,079 --> 00:28:01,740
public I mean I don't know what's

539
00:27:59,400 --> 00:28:04,050
private and what's public so I would

540
00:28:01,740 --> 00:28:06,269
rather keep my mouth shut but I know

541
00:28:04,049 --> 00:28:08,069
it's good I knew I do know beyond the

542

00:28:06,269 --> 00:28:12,089
shadow of a doubt that there are people

543
00:28:08,069 --> 00:28:15,439
who are employed by hedge funds to

544
00:28:12,089 --> 00:28:17,009
predict things and I I do recall that

545
00:28:15,440 --> 00:28:19,590
rust argh

546
00:28:17,009 --> 00:28:23,599
and Stephen Schwartz when I studied with

547
00:28:19,589 --> 00:28:28,139
them that they were talking about oh

548
00:28:23,599 --> 00:28:32,759
geez the silver futures and that they

549
00:28:28,140 --> 00:28:34,950
had not a binary model but a four part

550
00:28:32,759 --> 00:28:37,019
model goes up a little goes up a lot

551
00:28:34,950 --> 00:28:39,240
goes down a little goes down a lot and

552
00:28:37,019 --> 00:28:41,099
and they did quite well with it until

553
00:28:39,240 --> 00:28:43,680
they got bored or something and then

554
00:28:41,099 --> 00:28:45,750
they lost the they lost the plot so to

555
00:28:43,680 --> 00:28:48,120
speak no that's exactly right

556
00:28:45,750 --> 00:28:50,369

rust args he was like the first one to

557

00:28:48,119 --> 00:28:52,829

do that in the silvers market he made

558

00:28:50,369 --> 00:28:55,289

the Wall Street Journal on that but then

559

00:28:52,829 --> 00:28:56,699

tried it again he said he got too much

560

00:28:55,289 --> 00:28:59,579

pressure from the advisor

561

00:28:56,700 --> 00:29:01,710

stirrers to do more than they were doing

562

00:28:59,579 --> 00:29:04,109

at the original one and then it didn't

563

00:29:01,710 --> 00:29:05,610

work well and Stephen Schwartz was

564

00:29:04,109 --> 00:29:07,500

successful I think he was the one who

565

00:29:05,609 --> 00:29:10,559

stopped just because it was the way he

566

00:29:07,500 --> 00:29:13,460

put it too much work anybody gotten a

567

00:29:10,559 --> 00:29:16,559

little bored and you know he's not one

568

00:29:13,460 --> 00:29:19,710

you know that was after the money per se

569

00:29:16,559 --> 00:29:22,169

and I think he had made his point you

570

00:29:19,710 --> 00:29:25,350

know why I'm doing all of this again why

571
00:29:22,170 --> 00:29:27,000
we're good not for the miscue it's not

572
00:29:25,349 --> 00:29:30,209
for the money but it is for the money

573
00:29:27,000 --> 00:29:33,180
and let me explain why I want to have a

574
00:29:30,210 --> 00:29:36,480
lot of people make a lot of money on

575
00:29:33,180 --> 00:29:39,810
this so society will wake up to the

576
00:29:36,480 --> 00:29:42,470
reality the information we've been

577
00:29:39,809 --> 00:29:45,750
talking about has been out there forever

578
00:29:42,470 --> 00:29:49,589
Oracle's and Delphi the Bible has all

579
00:29:45,750 --> 00:29:53,670
kinds of examples of precognition and

580
00:29:49,589 --> 00:29:56,970
yet our society and science which really

581
00:29:53,670 --> 00:30:00,539
frost me as a scientist refused to

582
00:29:56,970 --> 00:30:04,519
acknowledge that consciousness has these

583
00:30:00,539 --> 00:30:07,440
kind of psycho bitch

584
00:30:04,519 --> 00:30:11,250
money talks to society let's just face

585
00:30:07,440 --> 00:30:16,460
it that is our society materialistic it

586
00:30:11,250 --> 00:30:16,460
well yes say that like it's a bad thing

587
00:30:17,329 --> 00:30:25,639
yeah and so if if we can get a lot of

588
00:30:21,630 --> 00:30:28,620
people doing this and making money

589
00:30:25,640 --> 00:30:33,170
science will not start investigating it

590
00:30:28,619 --> 00:30:36,539
to try to understand it better and also

591
00:30:33,170 --> 00:30:38,550
one other aspect of this the people who

592
00:30:36,539 --> 00:30:41,759
get into this has certainly been my

593
00:30:38,549 --> 00:30:43,680
experience and I don't think it has to

594
00:30:41,759 --> 00:30:47,160
be this way but it's in my experience

595
00:30:43,680 --> 00:30:49,410
become more deeply spiritual and you

596
00:30:47,160 --> 00:30:51,180
know what I would like to have those

597
00:30:49,410 --> 00:30:53,880
kind of people have a lot of money

598
00:30:51,180 --> 00:30:57,509
because they would use it in much wiser

599

00:30:53,880 --> 00:31:01,620
ways than you know a lot of the others

600
00:30:57,509 --> 00:31:03,960
who are say pure lis materialistic which

601
00:31:01,619 --> 00:31:06,939
don't have kind of a spur to allege to

602
00:31:03,960 --> 00:31:09,669
them the spiritual side yes

603
00:31:06,940 --> 00:31:12,399
that's what's motivating me well that's

604
00:31:09,669 --> 00:31:14,979
very cool but you don't know why you're

605
00:31:12,398 --> 00:31:16,988
almost going backwards in time if I

606
00:31:14,979 --> 00:31:19,389
might say that you know you say that

607
00:31:16,989 --> 00:31:21,179
science does not recognize these

608
00:31:19,388 --> 00:31:24,069
abilities and you're quite right

609
00:31:21,179 --> 00:31:26,710
but what was that turnover must have

610
00:31:24,069 --> 00:31:29,079
been in the 1700s because philosophy was

611
00:31:26,710 --> 00:31:31,778
the love of knowledge and that's what

612
00:31:29,079 --> 00:31:34,210
started during the Renaissance the whole

613
00:31:31,778 --> 00:31:37,148

european investigation into the

614

00:31:34,210 --> 00:31:39,098

so-called sciences what do you have any

615

00:31:37,148 --> 00:31:41,949

idea or if you have any thoughts about

616

00:31:39,098 --> 00:31:44,048

where that I mean prior to Newton I

617

00:31:41,950 --> 00:31:47,109

would say it was pretty philosophical

618

00:31:44,048 --> 00:31:49,058

and pretty religious and after that with

619

00:31:47,108 --> 00:31:52,569

cause and effect it seemed to switch

620

00:31:49,058 --> 00:31:54,339

into you know you don't have a cause for

621

00:31:52,569 --> 00:31:57,569

that effect and that effect doesn't

622

00:31:54,339 --> 00:32:01,118

happen yeah that was an interesting

623

00:31:57,569 --> 00:32:03,249

switch oh yeah yeah and it may very well

624

00:32:01,118 --> 00:32:05,949

in what was called the Scientific

625

00:32:03,249 --> 00:32:07,808

Revolution science did become and I

626

00:32:05,950 --> 00:32:10,330

never would want to take anything away

627

00:32:07,808 --> 00:32:12,308

from science and the intellectual part

628
00:32:10,329 --> 00:32:14,470
of us it's just that we've lost that

629
00:32:12,308 --> 00:32:16,358
balance yeah you've lost the balance

630
00:32:14,470 --> 00:32:19,749
between the intellect and the intuitive

631
00:32:16,358 --> 00:32:21,939
but science became and maybe as the

632
00:32:19,749 --> 00:32:23,649
Copernicus Revolution was in other times

633
00:32:21,940 --> 00:32:27,639
just about the timeframe you're talking

634
00:32:23,648 --> 00:32:30,038
about it became so popular that this

635
00:32:27,638 --> 00:32:31,988
other side and when they were the

636
00:32:30,038 --> 00:32:33,848
parapsychology Association was

637
00:32:31,989 --> 00:32:38,470
investigating all kinds of things back

638
00:32:33,848 --> 00:32:43,720
then right but they got sort of dwarfed

639
00:32:38,470 --> 00:32:45,608
by all of the great accomplishments of

640
00:32:43,720 --> 00:32:48,879
science would you continuing to this day

641
00:32:45,608 --> 00:32:53,428
right well I think that we sort of have

642
00:32:48,878 --> 00:32:56,949
to draw a difference between science and

643
00:32:53,429 --> 00:33:01,389
technology and also between religious

644
00:32:56,950 --> 00:33:04,210
and spiritual because prior to the

645
00:33:01,388 --> 00:33:05,008
Copernican Revolution and Newton and so

646
00:33:04,210 --> 00:33:09,519
forth

647
00:33:05,009 --> 00:33:13,889
religion was dogmatic and not not too

648
00:33:09,519 --> 00:33:18,220
many Gnostics around to be to be

649
00:33:13,888 --> 00:33:20,808
spiritual about it religion was a in the

650
00:33:18,220 --> 00:33:23,269
Western world and in the judeo-christian

651
00:33:20,808 --> 00:33:28,658
Meritage including the islamic heritage

652
00:33:23,269 --> 00:33:31,788
we see a paternalistic sort of hierarchy

653
00:33:28,659 --> 00:33:34,669
being and having us being told what the

654
00:33:31,788 --> 00:33:37,158
thought to think and that's rather

655
00:33:34,669 --> 00:33:38,778
different from spiritualism or I don't

656

00:33:37,159 --> 00:33:41,210
mean spiritualism like ghost I mean

657
00:33:38,778 --> 00:33:43,210
being spirit spirituality it's relevant

658
00:33:41,210 --> 00:33:45,999
to say yeah

659
00:33:43,210 --> 00:33:48,829
absolutely absolutely

660
00:33:45,999 --> 00:33:50,960
so how did you get into all this anyway

661
00:33:48,829 --> 00:33:55,548
Marty's it's sort of a really

662
00:33:50,960 --> 00:34:00,038
interesting field well you know I for 35

663
00:33:55,548 --> 00:34:03,378
years I was a classical physicist doing

664
00:34:00,038 --> 00:34:06,079
computational physics simulating nuclear

665
00:34:03,378 --> 00:34:12,549
weapon effects inside of jet engines

666
00:34:06,079 --> 00:34:15,679
high-energy physics Wow but before that

667
00:34:12,550 --> 00:34:17,750
okay I'm gonna mix this up with you

668
00:34:15,679 --> 00:34:20,720
you'll get it okay I was always

669
00:34:17,750 --> 00:34:23,300
interested in as a child science fiction

670
00:34:20,719 --> 00:34:25,128

and advanced stuff and used to read

671

00:34:23,300 --> 00:34:28,099

about these miracle stories that these

672

00:34:25,128 --> 00:34:30,259

yoga's and gurus would supposedly do and

673

00:34:28,099 --> 00:34:32,990

I never knew what to do with that but

674

00:34:30,260 --> 00:34:35,649

it's always interesting and then the

675

00:34:32,989 --> 00:34:40,009

imagining of science fiction now I'm a

676

00:34:35,648 --> 00:34:41,929

scientist and I have clearances because

677

00:34:40,010 --> 00:34:43,639

we used to do like I said nuclear weapon

678

00:34:41,929 --> 00:34:46,608

effects work and things like that so I

679

00:34:43,639 --> 00:34:49,128

had contact with the DIA and I see this

680

00:34:46,608 --> 00:34:54,098

article by how poo dolphin rust argh

681

00:34:49,128 --> 00:34:56,418

early 1970s on remote viewing and the

682

00:34:54,099 --> 00:34:57,980

fact that they had a sort of invent that

683

00:34:56,418 --> 00:35:00,949

word because they couldn't use psychic

684

00:34:57,980 --> 00:35:02,480

phenomena I went to my DNA contacts I

685
00:35:00,949 --> 00:35:05,719
said guy you guys need to know about

686
00:35:02,480 --> 00:35:08,269
this it turned out later I found out

687
00:35:05,719 --> 00:35:10,669
they were funding how poo - rust argh

688
00:35:08,269 --> 00:35:14,750
and they sent me to meet them

689
00:35:10,670 --> 00:35:16,190
so I actually met them in the mid-70s I

690
00:35:14,750 --> 00:35:18,170
don't remember exactly when it was but

691
00:35:16,190 --> 00:35:21,710
it was after that first paper came out

692
00:35:18,170 --> 00:35:24,588
and so you know I've never lost and

693
00:35:21,710 --> 00:35:29,179
those guys were so impressive they did

694
00:35:24,588 --> 00:35:33,230
the first real science I ever saw on

695
00:35:29,179 --> 00:35:35,598
this subject and basically their studies

696
00:35:33,230 --> 00:35:37,849
basically proved it you know with odds

697
00:35:35,599 --> 00:35:42,019
against chance of well over one out of a

698
00:35:37,849 --> 00:35:43,548
million that sort of thing where I do

699
00:35:42,019 --> 00:35:45,369
that what did you got you get these

700
00:35:43,548 --> 00:35:47,509
psychics would give you their yearly

701
00:35:45,369 --> 00:35:49,700
predictions but they would never come

702
00:35:47,510 --> 00:35:51,619
back and give you any kind of feedback

703
00:35:49,699 --> 00:35:54,048
you know what was their percentage hit

704
00:35:51,619 --> 00:35:56,450
rate and all that but these guys were

705
00:35:54,048 --> 00:35:59,739
doing all that it was very impressive to

706
00:35:56,449 --> 00:36:06,588
see science take on this field yes and

707
00:35:59,739 --> 00:36:09,529
so when I got at the end of my sort of

708
00:36:06,588 --> 00:36:11,630
classical career I was in a position

709
00:36:09,530 --> 00:36:14,089
where I could do what I wanted which is

710
00:36:11,630 --> 00:36:15,890
perfect when you're you know near

711
00:36:14,088 --> 00:36:19,519
retirement I retired relatively early

712
00:36:15,889 --> 00:36:22,029
and this is what I got into I started a

713

00:36:19,519 --> 00:36:23,929
company called physics intuition

714
00:36:22,030 --> 00:36:26,930
applications

715
00:36:23,929 --> 00:36:30,289
that's defunct now and now I'm totally

716
00:36:26,929 --> 00:36:37,639
within applied precognition project and

717
00:36:30,289 --> 00:36:39,529
this APPI and I'm just having a great

718
00:36:37,639 --> 00:36:41,868
time you know it's just so interesting

719
00:36:39,530 --> 00:36:45,530
to be at cutting-edge always at cutting

720
00:36:41,869 --> 00:36:48,858
edge and regular science for my 35 year

721
00:36:45,530 --> 00:36:54,519
plus career as a classical scientist and

722
00:36:48,858 --> 00:36:56,690
now I'm probably in my 15th year in this

723
00:36:54,519 --> 00:36:59,030
sigh I don't know what you got

724
00:36:56,690 --> 00:37:01,269
precognition Retro causation feel

725
00:36:59,030 --> 00:37:05,170
consciousness it's really about

726
00:37:01,269 --> 00:37:09,170
consciousness yes would you like to have

727
00:37:05,170 --> 00:37:12,108

my pet theory yes about how this it's

728

00:37:09,170 --> 00:37:15,349

really okay absolutely have you heard of

729

00:37:12,108 --> 00:37:17,539

vacuum energy zero point energy rope

730

00:37:15,349 --> 00:37:21,430

that was Buddhist right was really the

731

00:37:17,539 --> 00:37:26,269

guy who got into that yeah isn't that

732

00:37:21,429 --> 00:37:30,259

interesting yeah after he left sr i he

733

00:37:26,269 --> 00:37:32,480

started a company and probably a few

734

00:37:30,260 --> 00:37:34,270

other people but what he got into was

735

00:37:32,480 --> 00:37:38,389

zero-point energy

736

00:37:34,269 --> 00:37:42,199

now's ero point energy as you probably

737

00:37:38,389 --> 00:37:44,929

know is this bubbling energy down at the

738

00:37:42,199 --> 00:37:46,029

smallest scale that you can imagine so

739

00:37:44,929 --> 00:37:50,679

no matter where

740

00:37:46,030 --> 00:37:52,930

you are at whatever time you are the one

741

00:37:50,679 --> 00:37:57,009

thing which is always around is this

742
00:37:52,929 --> 00:38:00,309
zero-point energy field which is at any

743
00:37:57,010 --> 00:38:04,630
point that you go down to you will get

744
00:38:00,309 --> 00:38:07,809
these huge amounts of energy I mean

745
00:38:04,630 --> 00:38:09,760
really huge energy densities on the

746
00:38:07,809 --> 00:38:11,409
order of what goes on when you set off a

747
00:38:09,760 --> 00:38:13,990
nuclear explosion okay

748
00:38:11,409 --> 00:38:16,690
so we're sitting on this potential well

749
00:38:13,989 --> 00:38:19,149
of huge amounts of energy but it's

750
00:38:16,690 --> 00:38:20,829
constant kind of if you go down to the

751
00:38:19,150 --> 00:38:22,480
deepest parts of the ocean the pressure

752
00:38:20,829 --> 00:38:25,029
would crush you if you went down there

753
00:38:22,480 --> 00:38:26,710
suddenly but the little fish are down

754
00:38:25,030 --> 00:38:30,220
there and they wag their did they whack

755
00:38:26,710 --> 00:38:32,440
tails they move their tail like that and

756
00:38:30,219 --> 00:38:34,929
they could move along just fine because

757
00:38:32,440 --> 00:38:37,470
it's the changes in energy and the

758
00:38:34,929 --> 00:38:43,329
changes in pressure that matter okay

759
00:38:37,469 --> 00:38:44,949
that field in my opinion which is on the

760
00:38:43,329 --> 00:38:48,369
basis of everything in the physical

761
00:38:44,949 --> 00:38:52,419
world is the interface between the

762
00:38:48,369 --> 00:38:55,690
physical and the non-physical cool the

763
00:38:52,420 --> 00:38:58,119
and by non-physical that's another word

764
00:38:55,690 --> 00:39:01,659
for the spiritual we were talking about

765
00:38:58,119 --> 00:39:07,559
the world of pure information and I

766
00:39:01,659 --> 00:39:10,989
think it's through this interface that

767
00:39:07,559 --> 00:39:14,769
all the magic is done in other words the

768
00:39:10,989 --> 00:39:17,619
magic is not really done in the physical

769
00:39:14,769 --> 00:39:19,420
world it's like you go down with your

770

00:39:17,619 --> 00:39:22,420
physical body which is intimately

771
00:39:19,420 --> 00:39:26,470
connected with the zero-point energy you

772
00:39:22,420 --> 00:39:29,680
go across into the spiritual world which

773
00:39:26,469 --> 00:39:32,649
has access to everything immediately

774
00:39:29,679 --> 00:39:35,529
that's the eternal now kind of concept

775
00:39:32,650 --> 00:39:38,550
and then you can go wherever you want to

776
00:39:35,530 --> 00:39:43,390
you can go back up then to your feedback

777
00:39:38,550 --> 00:39:45,519
session experience it go back down send

778
00:39:43,389 --> 00:39:47,349
the information back and you're

779
00:39:45,519 --> 00:39:52,329
connected and all of that of course is

780
00:39:47,349 --> 00:39:54,909
happening instantly but the intermediary

781
00:39:52,329 --> 00:39:58,119
place is this zero-point energy field

782
00:39:54,909 --> 00:39:59,379
this vacuum energy field that's very

783
00:39:58,119 --> 00:40:01,960
fascinating that's

784
00:39:59,380 --> 00:40:04,838

very interesting proposition you've put

785

00:40:01,960 --> 00:40:09,608

forth there has anybody ever followed up

786

00:40:04,838 --> 00:40:15,599

on helpu top series on how Pooh toss

787

00:40:09,608 --> 00:40:19,058

what theory well I mean he is to me i

788

00:40:15,599 --> 00:40:20,980

way past my abilities but you know from

789

00:40:19,059 --> 00:40:23,440

the little I've read about zero-point

790

00:40:20,980 --> 00:40:25,028

energy it seems like you know someone

791

00:40:23,440 --> 00:40:26,548

who's just starting out in physics would

792

00:40:25,028 --> 00:40:31,358

be all over this

793

00:40:26,548 --> 00:40:35,528

well it's well well past that zero-point

794

00:40:31,358 --> 00:40:39,298

energy is not debated you know that part

795

00:40:35,528 --> 00:40:44,259

of quantum mechanics and all that is

796

00:40:39,298 --> 00:40:50,108

very well kind of not only established

797

00:40:44,259 --> 00:40:53,130

but he and so many others are working to

798

00:40:50,108 --> 00:40:56,949

find practical applications and in fact

799

00:40:53,130 --> 00:41:01,798

I know this is public

800

00:40:56,949 --> 00:41:05,259

he has contracts with NASA to look at

801

00:41:01,798 --> 00:41:06,759

advanced propulsion systems now think

802

00:41:05,259 --> 00:41:10,798

about if you could have a propulsion

803

00:41:06,759 --> 00:41:14,679

system that would use zero-point energy

804

00:41:10,798 --> 00:41:16,690

off say the skin of your spacecraft you

805

00:41:14,679 --> 00:41:19,509

wouldn't have to carry any fuel that's

806

00:41:16,690 --> 00:41:21,309

to revive yeah and I think that's the

807

00:41:19,509 --> 00:41:26,849

sort of think that they're talking about

808

00:41:21,309 --> 00:41:26,849

and I would think advanced technologies

809

00:41:27,298 --> 00:41:34,119

would would have solved these problems

810

00:41:31,719 --> 00:41:36,639

people are right now trying to get

811

00:41:34,119 --> 00:41:38,440

what's often called free energy and

812

00:41:36,639 --> 00:41:40,328

where they're getting it from is this

813
00:41:38,440 --> 00:41:42,818
zero-point energy field so people are

814
00:41:40,329 --> 00:41:45,640
working this very aggressively now well

815
00:41:42,818 --> 00:41:47,980
this I tell you how poof I've almost

816
00:41:45,639 --> 00:41:50,048
seems like a mystery man to hit me you

817
00:41:47,980 --> 00:41:53,409
know like his name pops up his name pops

818
00:41:50,048 --> 00:41:55,599
up here and there and it's like how come

819
00:41:53,409 --> 00:41:58,690
one person have been like all over the

820
00:41:55,599 --> 00:42:00,599
map doing all these things and you know

821
00:41:58,690 --> 00:42:04,028
you never see a picture of it oh I I

822
00:42:00,599 --> 00:42:06,730
don't know you know I understand no I'm

823
00:42:04,028 --> 00:42:08,318
listen I'm from a very naive viewpoint

824
00:42:06,730 --> 00:42:11,079
here I am NOT questioning this I'm just

825
00:42:08,318 --> 00:42:12,639
telling you from my viewpoint like it's

826
00:42:11,079 --> 00:42:14,890
like who is help

827

00:42:12,639 --> 00:42:17,259
with all these great ideas that how come

828
00:42:14,889 --> 00:42:20,289
I've never heard of them you know it

829
00:42:17,260 --> 00:42:24,730
seems that way to me like this is just a

830
00:42:20,289 --> 00:42:26,949
phenomenal mind and he just it is he

831
00:42:24,730 --> 00:42:31,480
being tamp down by the government like

832
00:42:26,949 --> 00:42:33,489
the way Tesla was is okay so I mean I

833
00:42:31,480 --> 00:42:43,409
don't know if you're I'm sorry I'm wait

834
00:42:33,489 --> 00:42:46,419
wait no no I am farmer when I when I

835
00:42:43,409 --> 00:42:49,469
interacted with Marty on the internet

836
00:42:46,420 --> 00:42:53,320
and invited him to be on the program I

837
00:42:49,469 --> 00:42:56,199
I've only met how put off once at the

838
00:42:53,320 --> 00:42:58,300
Irv a convention and I would not say I

839
00:42:56,199 --> 00:43:00,519
know the man I did speak to him briefly

840
00:42:58,300 --> 00:43:05,260
actually about being on shadowed reality

841
00:43:00,519 --> 00:43:07,420

podcast but in any case when I did speak

842

00:43:05,260 --> 00:43:09,850

with Marty or write with Marty on the

843

00:43:07,420 --> 00:43:11,500

internet about coming on I had mentioned

844

00:43:09,849 --> 00:43:14,110

to Marty that one of the subjects I was

845

00:43:11,500 --> 00:43:17,679

planning on asking him about had to do

846

00:43:14,110 --> 00:43:21,700

with one same how put off and the to the

847

00:43:17,679 --> 00:43:26,099

Stars Academy and his standing on the

848

00:43:21,699 --> 00:43:29,139

stage there with Tom DeLonge of blink

849

00:43:26,099 --> 00:43:32,529

152 or 158 what is it I don't know I

850

00:43:29,139 --> 00:43:35,469

can't recall in any case he and about

851

00:43:32,530 --> 00:43:37,960

six other scientists of high reput

852

00:43:35,469 --> 00:43:41,500

we're standing on the stage with this

853

00:43:37,960 --> 00:43:46,659

former rock star and it left a lot of

854

00:43:41,500 --> 00:43:49,659

people out here in the let's say more

855

00:43:46,659 --> 00:43:53,289

serious paranormal world wondering what

856
00:43:49,659 --> 00:43:56,339
the hell is going on and we did ask our

857
00:43:53,289 --> 00:43:59,500
last guest who was a second time guest

858
00:43:56,340 --> 00:44:01,809
dr. John B Alexander about what was

859
00:43:59,500 --> 00:44:03,940
going on and he didn't see didn't have

860
00:44:01,809 --> 00:44:07,480
too much to say about it but he said to

861
00:44:03,940 --> 00:44:09,369
be careful of investing in the in the

862
00:44:07,480 --> 00:44:12,519
company because you might lose your

863
00:44:09,369 --> 00:44:14,230
shirt but he didn't have much to say

864
00:44:12,519 --> 00:44:20,050
about what the heck they were doing I

865
00:44:14,230 --> 00:44:23,230
actually called boot offs former former

866
00:44:20,050 --> 00:44:25,030
partner at SR I rust hog who is a friend

867
00:44:23,230 --> 00:44:26,829
and a friend of the show and he didn't

868
00:44:25,030 --> 00:44:30,130
have much to say about it so

869
00:44:26,829 --> 00:44:31,960
I guess we're asking you now Oh Marty

870
00:44:30,130 --> 00:44:34,329
that's funny

871
00:44:31,960 --> 00:44:37,210
yes I guess we're all in the same place

872
00:44:34,329 --> 00:44:39,759
that is what I wanted to bring up yes

873
00:44:37,210 --> 00:44:44,769
the fact that how is involved in there

874
00:44:39,760 --> 00:44:50,380
and that gave it for me enormous

875
00:44:44,769 --> 00:44:53,980
credibility yes and I just saw a film I

876
00:44:50,380 --> 00:44:56,110
mean like just now unacknowledged have

877
00:44:53,980 --> 00:45:00,340
you heard about that one yes no that's

878
00:44:56,110 --> 00:45:06,460
Greer and Pooh Dolph was actually in

879
00:45:00,340 --> 00:45:10,690
that for a short bit which I've I've now

880
00:45:06,460 --> 00:45:15,369
come to believe the UFO phenomenon is

881
00:45:10,690 --> 00:45:17,889
absolutely real and all that the to the

882
00:45:15,369 --> 00:45:21,269
stars just because of my great respect

883
00:45:17,889 --> 00:45:24,129
for Hal I actually did invest in it

884

00:45:21,269 --> 00:45:27,009
really not enough money that it matters

885
00:45:24,130 --> 00:45:33,400
I invested in it to show my support for

886
00:45:27,010 --> 00:45:37,180
it right and yet a lot of people have

887
00:45:33,400 --> 00:45:38,710
done a lot of negative stuff and told me

888
00:45:37,179 --> 00:45:41,079
about this because now I'm talking about

889
00:45:38,710 --> 00:45:46,269
it with you know friends associates and

890
00:45:41,079 --> 00:45:50,710
they say Tom DeLonge is into this idea

891
00:45:46,269 --> 00:45:53,739
of negative yes UFOs yes

892
00:45:50,710 --> 00:45:56,019
and I happen not to believe that because

893
00:45:53,739 --> 00:45:59,379
if they have the capability to be here

894
00:45:56,019 --> 00:46:02,289
notice they're here we're not there they

895
00:45:59,380 --> 00:46:04,480
could have destroyed us long ago if that

896
00:46:02,289 --> 00:46:07,900
was their desire and that was what Greer

897
00:46:04,480 --> 00:46:15,969
says and after listening to this his

898
00:46:07,900 --> 00:46:22,780

unacknowledged okay so I'm passed I now

899

00:46:15,969 --> 00:46:26,139

accept UFOs are here ETS are around the

900

00:46:22,780 --> 00:46:32,410

big question and I think this is why

901

00:46:26,139 --> 00:46:33,909

both Russ and John Alexander who I've

902

00:46:32,409 --> 00:46:36,549

worked with both of them they both been

903

00:46:33,909 --> 00:46:37,940

in our workshops and stuff yeah

904

00:46:36,550 --> 00:46:43,400

[Music]

905

00:46:37,940 --> 00:46:45,800

I probably or maybe I don't know in the

906

00:46:43,400 --> 00:46:47,690

same place I am because I don't quite

907

00:46:45,800 --> 00:46:51,220

know how to put that together right I

908

00:46:47,690 --> 00:46:55,550

would like to think that they are both

909

00:46:51,219 --> 00:46:59,719

part of a positive disclosure where

910

00:46:55,550 --> 00:47:02,900

things like free energy and they said

911

00:46:59,719 --> 00:47:04,699

wait for future announcements yes so I'd

912

00:47:02,900 --> 00:47:07,639

like to think that Tom DeLonge has

913
00:47:04,699 --> 00:47:10,578
changed his opinion and it's the

914
00:47:07,639 --> 00:47:12,049
scientists in that group and noticed

915
00:47:10,579 --> 00:47:12,920
there were that the head of the

916
00:47:12,050 --> 00:47:15,140
skunkworks

917
00:47:12,920 --> 00:47:17,838
previous head who had just left his job

918
00:47:15,139 --> 00:47:21,549
was there indeed yes and you know so

919
00:47:17,838 --> 00:47:23,929
they must have known about this deep

920
00:47:21,550 --> 00:47:25,609
conspiracy which is the way greer puts

921
00:47:23,929 --> 00:47:27,440
it out i mean it's hard to imagine a

922
00:47:25,608 --> 00:47:29,000
worse conspiracy the way he puts it out

923
00:47:27,440 --> 00:47:30,619
and that's the part of that

924
00:47:29,000 --> 00:47:38,150
unacknowledged film i don't know how

925
00:47:30,619 --> 00:47:40,190
much you know to take quite as deeply as

926
00:47:38,150 --> 00:47:41,720
he wanted to take it but what I'm saying

927
00:47:40,190 --> 00:47:44,059
is I can't give you any more information

928
00:47:41,719 --> 00:47:46,789
on that because I don't know okay I'd

929
00:47:44,059 --> 00:47:50,000
like to think Hal is still pure yes and

930
00:47:46,789 --> 00:47:51,858
hasn't been around it threat in some way

931
00:47:50,000 --> 00:47:53,989
or corrupt it right but it might be

932
00:47:51,858 --> 00:47:56,539
threatened because what was one this is

933
00:47:53,989 --> 00:47:59,598
this is the way I look at it and maybe

934
00:47:56,539 --> 00:48:01,460
Kate agrees with most of what I have to

935
00:47:59,599 --> 00:48:03,440
say first of all I have to say I don't

936
00:48:01,460 --> 00:48:05,329
have a dog in the race in terms of what

937
00:48:03,440 --> 00:48:08,030
happens with to the stars you know I'm

938
00:48:05,329 --> 00:48:12,230
not for it I'm not against it I am an

939
00:48:08,030 --> 00:48:14,329
observer at this juncture at the

940
00:48:12,230 --> 00:48:16,670
negative side of it it people are saying

941

00:48:14,329 --> 00:48:19,880
that Tom DeLonge is apparently going to

942
00:48:16,670 --> 00:48:21,440
take a big a big salary off of this I

943
00:48:19,880 --> 00:48:24,108
don't know why he would need to and I

944
00:48:21,440 --> 00:48:27,440
don't know if that's true the other part

945
00:48:24,108 --> 00:48:32,230
is that there are it's a three part it's

946
00:48:27,440 --> 00:48:36,139
a three part deal where one part is

947
00:48:32,230 --> 00:48:39,139
entertainment the other part is research

948
00:48:36,139 --> 00:48:41,210
and the other part is education or just

949
00:48:39,139 --> 00:48:43,818
the disclosure part of it that's the way

950
00:48:41,210 --> 00:48:46,490
I understand it now Greer on the other

951
00:48:43,818 --> 00:48:50,210
hand believes that the et contact is all

952
00:48:46,489 --> 00:48:52,338
positive and Tom DeLonge has written

953
00:48:50,210 --> 00:48:58,608
science fiction

954
00:48:52,338 --> 00:49:02,449
where the the ETS are negative and

955
00:48:58,608 --> 00:49:04,880

hostile and a people are afraid that for

956

00:49:02,449 --> 00:49:07,129

whatever reason that the people who have

957

00:49:04,880 --> 00:49:09,140

come out with him on the stage and I

958

00:49:07,130 --> 00:49:11,298

don't believe this nor do i disbelieve

959

00:49:09,139 --> 00:49:13,879

it though I'm inclined not to believe it

960

00:49:11,298 --> 00:49:18,018

entirely but these people believe that

961

00:49:13,880 --> 00:49:22,548

this is a government sioop to make you

962

00:49:18,018 --> 00:49:24,768

afraid of et should ET show up and the

963

00:49:22,548 --> 00:49:27,650

three of us here are engineer Kate and

964

00:49:24,768 --> 00:49:30,018

myself we're all experiencers so we do

965

00:49:27,650 --> 00:49:32,420

believe something is going on now in

966

00:49:30,018 --> 00:49:36,078

terms of it being ET in other words some

967

00:49:32,420 --> 00:49:39,769

some ship from Zeta Reticuli or Alpha

968

00:49:36,079 --> 00:49:42,109

Centauri hey I don't know is it is it

969

00:49:39,768 --> 00:49:44,028

different dimensional creatures that

970
00:49:42,108 --> 00:49:46,159
probably are they are on a different

971
00:49:44,028 --> 00:49:47,809
dimension and that may be the way they

972
00:49:46,159 --> 00:49:50,328
get here so quickly if they are coming

973
00:49:47,809 --> 00:49:53,028
from Zeta Reticuli or maybe they're just

974
00:49:50,329 --> 00:49:55,369
endemic in our own atmosphere maybe

975
00:49:53,028 --> 00:49:57,949
they're like Jack valet a seems to think

976
00:49:55,369 --> 00:50:02,329
you know alternate type of creatures

977
00:49:57,949 --> 00:50:04,189
that may be within our own sphere they

978
00:50:02,329 --> 00:50:06,230
also could be people from the future

979
00:50:04,190 --> 00:50:10,519
though I'm not I'm not clear about how

980
00:50:06,230 --> 00:50:12,048
exactly how that works but do this is

981
00:50:10,518 --> 00:50:14,689
just to say that I don't really have a

982
00:50:12,048 --> 00:50:17,900
dog in the race but it would seem that

983
00:50:14,690 --> 00:50:21,349
the long as you had mentioned and Steven

984
00:50:17,900 --> 00:50:25,818
Greer are on opposite poles and what I

985
00:50:21,349 --> 00:50:27,769
would say to that is just like let's say

986
00:50:25,818 --> 00:50:29,509
the United States may have other

987
00:50:27,768 --> 00:50:32,689
countries around that are friends and

988
00:50:29,509 --> 00:50:37,099
enemies et doesn't have to be all one

989
00:50:32,690 --> 00:50:41,239
thing does it no no I I agree and I

990
00:50:37,099 --> 00:50:44,329
still lean towards a side that says and

991
00:50:41,239 --> 00:50:47,088
this is what Greer said in another piece

992
00:50:44,329 --> 00:50:49,818
that private industry is going to have

993
00:50:47,088 --> 00:50:52,159
to bring out these free energy ideas and

994
00:50:49,818 --> 00:50:56,139
I'd like to think that's going to come

995
00:50:52,159 --> 00:50:58,489
through something like to the stars

996
00:50:56,139 --> 00:51:00,098
but we have to wait we'll have to wait

997
00:50:58,489 --> 00:51:04,068
and see what they do

998

00:51:00,099 --> 00:51:06,019
we have Elon Musk and and Bob Bigelow

999
00:51:04,068 --> 00:51:09,019
who are trying to bring

1000
00:51:06,019 --> 00:51:10,820
space travel to private industry I would

1001
00:51:09,019 --> 00:51:13,608
say and probably some others yeah but

1002
00:51:10,820 --> 00:51:16,220
JPMorgan shut down Tesla because it was

1003
00:51:13,608 --> 00:51:18,289
free and I think the same thing is going

1004
00:51:16,219 --> 00:51:21,169
to happen with this but eventually

1005
00:51:18,289 --> 00:51:22,670
electric car for many wait yeah let's

1006
00:51:21,170 --> 00:51:26,990
let's just stop there for a minute

1007
00:51:22,670 --> 00:51:30,710
because for me and I think so many

1008
00:51:26,989 --> 00:51:34,489
people I mean I got careers point which

1009
00:51:30,710 --> 00:51:37,190
was it's the free energy issue mm-hmm

1010
00:51:34,489 --> 00:51:40,309
that's more important than the UFO issue

1011
00:51:37,190 --> 00:51:42,829
haha you know the worst scenario is

1012
00:51:40,309 --> 00:51:45,500

they're going to use the bad UFOs to

1013

00:51:42,829 --> 00:51:54,858

take control of the whole planet I mean

1014

00:51:45,500 --> 00:51:56,269

and I don't know but you know I'll tell

1015

00:51:54,858 --> 00:51:58,909

you I'm gonna just do an interesting

1016

00:51:56,269 --> 00:52:00,170

side note for you Marty this this is

1017

00:51:58,909 --> 00:52:01,549

something for you to think about it a

1018

00:52:00,170 --> 00:52:03,349

good friend of mine had been abducted

1019

00:52:01,550 --> 00:52:06,890

and actually never came back

1020

00:52:03,349 --> 00:52:09,050

but before she left she sort of paid me

1021

00:52:06,889 --> 00:52:12,469

a visit which scared the bejesus out of

1022

00:52:09,050 --> 00:52:15,320

me I actually fainted but she said the

1023

00:52:12,469 --> 00:52:17,179

way that these people traveled was that

1024

00:52:15,320 --> 00:52:19,369

they had no ships that they would just

1025

00:52:17,179 --> 00:52:23,299

access their own mind and become the

1026

00:52:19,369 --> 00:52:25,190

ship and so I if she were and this is a

1027
00:52:23,300 --> 00:52:27,800
person who had no background of science

1028
00:52:25,190 --> 00:52:29,750
whatsoever and she used to go into this

1029
00:52:27,800 --> 00:52:32,630
in great detail but so that would

1030
00:52:29,750 --> 00:52:34,250
actually speak to your point absolutely

1031
00:52:32,630 --> 00:52:39,019
you know and so you might be interested

1032
00:52:34,250 --> 00:52:42,530
in we've had well go ahead if you want

1033
00:52:39,019 --> 00:52:44,989
no no no it's just this we have to

1034
00:52:42,530 --> 00:52:46,880
realize that I come from a place and I

1035
00:52:44,989 --> 00:52:48,949
keep the same theme now it's probably

1036
00:52:46,880 --> 00:52:51,349
three conferences ago that we first put

1037
00:52:48,949 --> 00:52:54,710
it out there and that is consciousness

1038
00:52:51,349 --> 00:52:58,099
is fundamental absolutely it is this

1039
00:52:54,710 --> 00:53:00,079
consciousness field that is what is

1040
00:52:58,099 --> 00:53:03,140
transmitted through the zero-point

1041
00:53:00,079 --> 00:53:04,909
energy field its consciousness itself so

1042
00:53:03,139 --> 00:53:09,230
the idea that you're talking about I

1043
00:53:04,909 --> 00:53:11,118
totally resonate with and you can do

1044
00:53:09,230 --> 00:53:14,510
that we've you know they're these and

1045
00:53:11,119 --> 00:53:16,309
they're just so unusual and yet it must

1046
00:53:14,510 --> 00:53:18,050
be a natural characteristic if some

1047
00:53:16,309 --> 00:53:19,650
people can do it and you hear all these

1048
00:53:18,050 --> 00:53:20,910
stories where

1049
00:53:19,650 --> 00:53:23,039
people do things there our last

1050
00:53:20,909 --> 00:53:24,989
conference I saw someone bender not saw

1051
00:53:23,039 --> 00:53:27,089
I wish I had seen it and videotaped it

1052
00:53:24,989 --> 00:53:29,458
but I know she couldn't do it manually

1053
00:53:27,088 --> 00:53:31,650
she bent a rod you know we've all heard

1054
00:53:29,458 --> 00:53:34,169
a spoon bending party yeah so at our

1055

00:53:31,650 --> 00:53:36,028
last conference I had a spoon and rod

1056
00:53:34,170 --> 00:53:40,920
bending conference so I had some rods

1057
00:53:36,028 --> 00:53:45,838
there and this psychic detective Nancy

1058
00:53:40,920 --> 00:53:49,950
the twerk day turned this rod into a

1059
00:53:45,838 --> 00:53:52,619
horseshoe literally and so the powers of

1060
00:53:49,949 --> 00:53:54,718
the mind are incredible and I've seen

1061
00:53:52,619 --> 00:53:57,599
experiments with manifestations that

1062
00:53:54,719 --> 00:54:00,239
look physical that they weren't really

1063
00:53:57,599 --> 00:54:02,190
in this case but the example you gave I

1064
00:54:00,239 --> 00:54:03,989
believe I want to throw out one more

1065
00:54:02,190 --> 00:54:07,469
thing because I'm about to give a

1066
00:54:03,989 --> 00:54:14,009
lecture in fact tomorrow on quantum

1067
00:54:07,469 --> 00:54:15,150
computers that is a wonderful thing

1068
00:54:14,009 --> 00:54:19,139
which is going on

1069
00:54:15,150 --> 00:54:22,619

universities are competing I made a

1070

00:54:19,139 --> 00:54:24,808

chart of the dates the big thing that

1071

00:54:22,619 --> 00:54:27,749

you used to count quantum computers are

1072

00:54:24,809 --> 00:54:31,920

called qubits the quantum bit sort of

1073

00:54:27,748 --> 00:54:34,738

thing mm-hmm and it goes on an

1074

00:54:31,920 --> 00:54:36,778

exponential curve just like a lot of

1075

00:54:34,739 --> 00:54:40,259

other things and we're going to be up to

1076

00:54:36,778 --> 00:54:44,518

a trillion bits within about a million

1077

00:54:40,259 --> 00:54:47,728

years about 50 years okay trillion bits

1078

00:54:44,518 --> 00:54:50,848

that's like cells in our body I'm

1079

00:54:47,728 --> 00:54:52,798

beginning to think our nucleus connected

1080

00:54:50,849 --> 00:54:55,349

with these things called microtubules

1081

00:54:52,798 --> 00:54:58,528

and there's a guy ham Hameroff and

1082

00:54:55,349 --> 00:55:03,410

Penrose who takes the point of view that

1083

00:54:58,528 --> 00:55:07,469

we are in fact quantum computers using

1084
00:55:03,409 --> 00:55:09,409
these microtubules I believe that I

1085
00:55:07,469 --> 00:55:11,429
believe we're going to get to a point

1086
00:55:09,409 --> 00:55:13,649
where things like artificial

1087
00:55:11,429 --> 00:55:17,219
intelligence and quantum computers are

1088
00:55:13,650 --> 00:55:21,479
going to come together you when I'm

1089
00:55:17,219 --> 00:55:23,159
lined heard Marty I know I know

1090
00:55:21,478 --> 00:55:24,509
because what does this all mean and you

1091
00:55:23,159 --> 00:55:26,038
know already people are talking about

1092
00:55:24,509 --> 00:55:29,068
worrying about artificial intelligence

1093
00:55:26,039 --> 00:55:31,319
we've all seen movies where they kick

1094
00:55:29,068 --> 00:55:32,889
over the world against scary stuff I

1095
00:55:31,318 --> 00:55:35,320
don't think it has to be that

1096
00:55:32,889 --> 00:55:37,420
wait well but gotta get our psychology

1097
00:55:35,320 --> 00:55:39,280
together we've got to just become better

1098
00:55:37,420 --> 00:55:43,480
people we think we need some safeguards

1099
00:55:39,280 --> 00:55:45,640
you like science fiction right yeah

1100
00:55:43,480 --> 00:55:48,099
well Dan Brown just came out with a book

1101
00:55:45,639 --> 00:55:51,569
that I've just finished origin you will

1102
00:55:48,099 --> 00:55:54,639
love it it's all about he actually

1103
00:55:51,570 --> 00:55:58,330
combined two different quantum computer

1104
00:55:54,639 --> 00:56:01,420
with a just a regular I guess like a

1105
00:55:58,329 --> 00:56:04,719
sort of a super crate type computer and

1106
00:56:01,420 --> 00:56:07,930
he invented instead of one computer he

1107
00:56:04,719 --> 00:56:10,809
called it a bicameral mind so just like

1108
00:56:07,929 --> 00:56:13,539
the human mind is right and left that's

1109
00:56:10,809 --> 00:56:19,299
how he integrated these two parts of his

1110
00:56:13,539 --> 00:56:22,570
computers it's a phenomenal idea origins

1111
00:56:19,300 --> 00:56:25,600
origin it's great but let me tell you I

1112

00:56:22,570 --> 00:56:31,809
I've actually gone one step further

1113
00:56:25,599 --> 00:56:33,969
ah the I have down below the ZPE level

1114
00:56:31,809 --> 00:56:36,779
there's this universal collective

1115
00:56:33,969 --> 00:56:39,579
consciousness so it contains everything

1116
00:56:36,780 --> 00:56:43,030
well if you break those up into let's

1117
00:56:39,579 --> 00:56:45,909
say people mm-hmm all of us together can

1118
00:56:43,030 --> 00:56:50,110
be viewed as a network of quantum

1119
00:56:45,909 --> 00:56:52,269
computers and all that is the universe

1120
00:56:50,110 --> 00:56:56,890
of collective consciousness uh-huh it's

1121
00:56:52,269 --> 00:57:02,679
like the supercomputer my mind is

1122
00:56:56,889 --> 00:57:05,920
hurting it's changing as each of us

1123
00:57:02,679 --> 00:57:12,569
change the supercomputer changes so we

1124
00:57:05,920 --> 00:57:12,570
are creating parts of this giant quantum

1125
00:57:12,630 --> 00:57:19,960
multiverse as the case may be well this

1126
00:57:16,840 --> 00:57:23,470

is this has just been totally fantastic

1127

00:57:19,960 --> 00:57:27,490

and interesting Marty and I just want to

1128

00:57:23,469 --> 00:57:29,439

close with the idea of finding out if

1129

00:57:27,489 --> 00:57:33,279

you're going to be at the ERV a

1130

00:57:29,440 --> 00:57:38,320

convention in Las Vegas next June where

1131

00:57:33,280 --> 00:57:41,260

the SSE is joining together under John

1132

00:57:38,320 --> 00:57:45,430

Alexander is hosting it are you going to

1133

00:57:41,260 --> 00:57:46,930

host a and an ARV a session before or

1134

00:57:45,429 --> 00:57:51,069

after

1135

00:57:46,929 --> 00:57:54,969

right before hope you've set up ours so

1136

00:57:51,070 --> 00:57:57,730

it goes Sunday Monday Tuesday and then

1137

00:57:54,969 --> 00:58:00,699

the SCE irva conference starts Wednesday

1138

00:57:57,730 --> 00:58:04,480

so people could do both and we did that

1139

00:58:00,699 --> 00:58:06,759

on purpose man that one week you travel

1140

00:58:04,480 --> 00:58:08,829

you know you come in on Saturday night

1141
00:58:06,760 --> 00:58:10,900
you stay the full week you go out the

1142
00:58:08,829 --> 00:58:14,619
following Sunday and you can see both

1143
00:58:10,900 --> 00:58:16,539
well I hope to be seeing you at all

1144
00:58:14,619 --> 00:58:18,549
three things so to speak even though

1145
00:58:16,539 --> 00:58:20,769
it's a city if two things are combined

1146
00:58:18,550 --> 00:58:21,519
and your thing is before and it sounds

1147
00:58:20,769 --> 00:58:26,079
fabulous

1148
00:58:21,519 --> 00:58:29,110
so yes why don't you just repeat all of

1149
00:58:26,079 --> 00:58:30,880
repeat your website and repeat how

1150
00:58:29,110 --> 00:58:32,890
people can contact you if they're

1151
00:58:30,880 --> 00:58:35,380
interested etcetera

1152
00:58:32,889 --> 00:58:40,809
okay that's beautiful yeah the website

1153
00:58:35,380 --> 00:58:46,420
is applied Precog comm so the word

1154
00:58:40,809 --> 00:58:48,009
applied and then PR ecog comm and if you

1155
00:58:46,420 --> 00:58:50,650
go there there's a way of sending

1156
00:58:48,010 --> 00:58:52,780
messages which go to our organization

1157
00:58:50,650 --> 00:58:54,820
but if anybody wants to they're more

1158
00:58:52,780 --> 00:59:02,050
than welcome to contact me I'm an email

1159
00:58:54,820 --> 00:59:05,410
person Marti ma RT y @p - I - a.com well

1160
00:59:02,050 --> 00:59:08,620
when we put up this this broadcast on

1161
00:59:05,409 --> 00:59:12,639
the internet we will include link to

1162
00:59:08,619 --> 00:59:15,009
your site it will be a link from our our

1163
00:59:12,639 --> 00:59:15,909
site to your site okay beautiful

1164
00:59:15,010 --> 00:59:18,880
beautiful

1165
00:59:15,909 --> 00:59:21,519
thank you so much yes thanks for such an

1166
00:59:18,880 --> 00:59:24,150
enjoyable discussion I really enjoyed it

1167
00:59:21,519 --> 00:59:27,610
I couldn't go home and take an aspirin

1168
00:59:24,150 --> 00:59:31,539
and we hope to have you on again we hope

1169

00:59:27,610 --> 00:59:33,430
that you enjoyed us shattered reality so

1170
00:59:31,539 --> 00:59:36,670
with that we're gonna say goodbye to you

1171
00:59:33,429 --> 00:59:38,739
and continue on to our listeners corner

1172
00:59:36,670 --> 00:59:45,550
Thank You Marty thank you very much

1173
00:59:38,739 --> 00:59:48,759
appreciate thank you yeah that was that

1174
00:59:45,550 --> 00:59:51,430
was really like mind-expanding and

1175
00:59:48,760 --> 00:59:54,310
interesting and really started out at

1176
00:59:51,429 --> 00:59:58,480
the small level and just burst out into

1177
00:59:54,309 --> 00:59:59,389
a big much big universal response yes it

1178
00:59:58,480 --> 01:00:02,240
is yes

1179
00:59:59,389 --> 01:00:06,379
so now we're at our point where we're

1180
01:00:02,239 --> 01:00:08,449
going to talk about our listeners and we

1181
01:00:06,380 --> 01:00:11,510
have some really wonderful listeners

1182
01:00:08,449 --> 01:00:16,518
some of whom have been experiencers and

1183
01:00:11,510 --> 01:00:19,490

I wanted to mention two different women

1184

01:00:16,518 --> 01:00:24,078

who have been on our listeners corner

1185

01:00:19,489 --> 01:00:27,679

the first one is June Ponte who was on a

1186

01:00:24,079 --> 01:00:31,160

few shows ago with her UFO experience

1187

01:00:27,679 --> 01:00:32,719

and currently and I I realized that a

1188

01:00:31,159 --> 01:00:34,969

lot of people are not going to be

1189

01:00:32,719 --> 01:00:37,009

listening to this show immediately after

1190

01:00:34,969 --> 01:00:39,048

its published so you'll just have to

1191

01:00:37,010 --> 01:00:42,079

check out what's going on at this place

1192

01:00:39,048 --> 01:00:45,349

at that time but currently as of the

1193

01:00:42,079 --> 01:00:48,430

middle of November 2017 June Ponte has

1194

01:00:45,349 --> 01:00:51,440

an art show going on at the artery in

1195

01:00:48,429 --> 01:00:53,929

Milford Pennsylvania the artery is an

1196

01:00:51,440 --> 01:00:57,289

art gallery on the one of the two main

1197

01:00:53,929 --> 01:00:59,179

streets of Milford PA and I think it was

1198
01:00:57,289 --> 01:01:00,559
quite a good show I did manage to get

1199
01:00:59,179 --> 01:01:03,739
out there and see it and I want to

1200
01:01:00,559 --> 01:01:07,369
congratulate June on her work now moving

1201
01:01:03,739 --> 01:01:09,258
on to another one of our listeners we

1202
01:01:07,369 --> 01:01:14,180
have Diane way bright do you recall

1203
01:01:09,259 --> 01:01:19,449
Diane also had some UFO experiences in

1204
01:01:14,179 --> 01:01:23,509
her life and is a real consciousness

1205
01:01:19,449 --> 01:01:26,239
pioneer somebody who really is trying to

1206
01:01:23,509 --> 01:01:28,400
promote the concepts of consciousness

1207
01:01:26,239 --> 01:01:29,899
and she has she's an artist as well

1208
01:01:28,400 --> 01:01:31,700
isn't that interesting

1209
01:01:29,900 --> 01:01:34,369
yeah they're all artists I mean the

1210
01:01:31,699 --> 01:01:36,618
people we for most of our listeners that

1211
01:01:34,369 --> 01:01:41,240
have been experiences are also artists

1212
01:01:36,619 --> 01:01:43,039
Anthony and you well I have a master's

1213
01:01:41,239 --> 01:01:46,008
degree in fine arts you know it makes

1214
01:01:43,039 --> 01:01:48,410
sense and are good or a good engineer

1215
01:01:46,009 --> 01:01:50,778
here bill is a fantastic musician so but

1216
01:01:48,409 --> 01:01:53,480
I can't even draw stick figures so I'm

1217
01:01:50,778 --> 01:01:56,480
sorry well well you you're a special

1218
01:01:53,480 --> 01:01:58,880
case and we love you anyway Kate but I

1219
01:01:56,480 --> 01:02:01,490
can't sing either no I can't sing either

1220
01:01:58,880 --> 01:02:03,798
but that's I can't you know draw I can

1221
01:02:01,489 --> 01:02:05,239
do things to write fairly well I can

1222
01:02:03,798 --> 01:02:10,219
sing but you don't want to hear it no I

1223
01:02:05,239 --> 01:02:12,279
don't know but now here we go with Diane

1224
01:02:10,219 --> 01:02:14,859
way brights latest

1225
01:02:12,280 --> 01:02:17,710
latest creation here and she is she's an

1226

01:02:14,860 --> 01:02:21,150
extremely creative individual and she

1227
01:02:17,710 --> 01:02:23,800
has illustrated a children's book and

1228
01:02:21,150 --> 01:02:27,849
the name of the children's book is

1229
01:02:23,800 --> 01:02:32,260
imagine if thoughts were balloons okay

1230
01:02:27,849 --> 01:02:35,110
and it writes it goes through it's it's

1231
01:02:32,260 --> 01:02:37,930
really for little kids probably kids who

1232
01:02:35,110 --> 01:02:40,480
can't actually read it to themselves but

1233
01:02:37,929 --> 01:02:43,480
it's a beautiful color book yeah where

1234
01:02:40,480 --> 01:02:46,809
we see it's it's a large a large scale a

1235
01:02:43,480 --> 01:02:48,460
large format book and I'm going to I'm

1236
01:02:46,809 --> 01:02:51,699
going to just read a little bit of it

1237
01:02:48,460 --> 01:02:54,610
and you'll have to buy the book in in

1238
01:02:51,699 --> 01:02:57,819
order to it see the pictures that she

1239
01:02:54,610 --> 01:03:02,500
drew it was written by Rico Vann Venuti

1240
01:02:57,820 --> 01:03:04,720

and illustrated by Diane Wave right so

1241

01:03:02,500 --> 01:03:07,780

I'm gonna read a little bit of it here

1242

01:03:04,719 --> 01:03:11,619

where do thoughts come from those things

1243

01:03:07,780 --> 01:03:14,440

that you wonder like why is the sky blue

1244

01:03:11,619 --> 01:03:17,769

and what causes thunder or where does

1245

01:03:14,440 --> 01:03:20,789

the Sun go when everyone sleeps and why

1246

01:03:17,769 --> 01:03:23,530

do small critters give people the creeps

1247

01:03:20,789 --> 01:03:26,259

do they come from a room somewhere

1248

01:03:23,530 --> 01:03:28,960

locked up in your head from up in the

1249

01:03:26,260 --> 01:03:30,910

clouds or under your bed are they just

1250

01:03:28,960 --> 01:03:33,909

words and pictures that float up in

1251

01:03:30,909 --> 01:03:37,960

space circling the planets or standing

1252

01:03:33,909 --> 01:03:41,199

in place are they given to you by your

1253

01:03:37,960 --> 01:03:43,659

father or mother an aunt or an uncle a

1254

01:03:41,199 --> 01:03:45,909

sister or brother are they something you

1255
01:03:43,659 --> 01:03:48,129
get when you're glued to a screen from a

1256
01:03:45,909 --> 01:03:51,009
book that you've read from a movie

1257
01:03:48,130 --> 01:03:54,070
you've seen and it goes on from there

1258
01:03:51,010 --> 01:03:56,940
explaining that we all have thoughts but

1259
01:03:54,070 --> 01:04:01,360
we get to choose our thoughts which is

1260
01:03:56,940 --> 01:04:04,750
one of the basic concepts in working

1261
01:04:01,360 --> 01:04:07,269
with our intentions if we choose the

1262
01:04:04,750 --> 01:04:09,070
positive thoughts if we choose the

1263
01:04:07,269 --> 01:04:11,980
thoughts that of things that we wish to

1264
01:04:09,070 --> 01:04:15,400
manifest we can all have a better life

1265
01:04:11,980 --> 01:04:17,320
or we can choose alternatively not to

1266
01:04:15,400 --> 01:04:20,860
have any thoughts at all in which case

1267
01:04:17,320 --> 01:04:23,470
we could become Zen masters but either

1268
01:04:20,860 --> 01:04:24,970
way we want to perhaps reject the

1269
01:04:23,469 --> 01:04:26,199
negative thoughts and lots of people

1270
01:04:24,969 --> 01:04:28,289
even adults

1271
01:04:26,199 --> 01:04:32,169
don't realize that they are able to

1272
01:04:28,289 --> 01:04:36,190
reject the negative thoughts yeah so

1273
01:04:32,170 --> 01:04:38,769
okay yes so we are about done for today

1274
01:04:36,190 --> 01:04:41,039
but I I do want to recommend

1275
01:04:38,769 --> 01:04:43,900
imagine if thoughts were balloons

1276
01:04:41,039 --> 01:04:46,900
written by Rico van venuti and

1277
01:04:43,900 --> 01:04:50,079
illustrated by Diane Way bright who is

1278
01:04:46,900 --> 01:04:53,019
one of our listeners one of our

1279
01:04:50,079 --> 01:04:56,289
experiencers who've been on explaining

1280
01:04:53,019 --> 01:05:00,099
her experiences and it is published by

1281
01:04:56,289 --> 01:05:05,019
Hermes house press press of San Juan

1282
01:05:00,099 --> 01:05:06,369
Capistrano California so please order

1283

01:05:05,019 --> 01:05:09,219
this book it's a good one yeah it's

1284
01:05:06,369 --> 01:05:12,519
great for small children and it's nice

1285
01:05:09,219 --> 01:05:16,539
to have children start thinking okay to

1286
01:05:12,519 --> 01:05:19,809
use it that's just horrible horrible

1287
01:05:16,539 --> 01:05:21,400
cliche but outside the box it is you

1288
01:05:19,809 --> 01:05:23,559
know there are a lot of times children

1289
01:05:21,400 --> 01:05:31,599
don't really think about things they

1290
01:05:23,559 --> 01:05:34,389
just do really colorful really pretty

1291
01:05:31,599 --> 01:05:36,460
book um and I think reasonably

1292
01:05:34,389 --> 01:05:38,318
inexpensive for those people who are

1293
01:05:36,460 --> 01:05:41,108
looking for holiday gifts for little

1294
01:05:38,318 --> 01:05:43,509
ones grandparents and parents and

1295
01:05:41,108 --> 01:05:46,088
stockings and stocking stuffers uncles

1296
01:05:43,510 --> 01:05:49,000
and aunts and friends and so forth so I

1297
01:05:46,088 --> 01:05:50,469

think that's about it for us Kate huh

1298

01:05:49,000 --> 01:05:53,199
the other thing so have any

1299

01:05:50,469 --> 01:05:56,169
announcements anything no no I'm good

1300

01:05:53,199 --> 01:05:58,449
I'm good so we're gonna be off for a few

1301

01:05:56,170 --> 01:06:00,818
weeks with the Thanksgiving holiday but

1302

01:05:58,449 --> 01:06:04,559
we hope to come back to you soon but

1303

01:06:00,818 --> 01:06:08,759
right now let's say okay farewell from

1304

01:06:04,559 --> 01:06:08,759
shattered reality

1305

01:06:15,650 --> 01:06:19,300
[Music]

1306

01:06:32,048 --> 01:06:34,108
you
