

1
00:00:08,570 --> 00:00:14,660
[Music]

2
00:00:17,190 --> 00:00:25,480
welcome to shattered reality with their

3
00:00:20,679 --> 00:00:28,539
hosts Kate Valentine and furs prepare to

4
00:00:25,480 --> 00:00:36,009
have your paradigms shifted into truths

5
00:00:28,539 --> 00:00:37,900
questioned and now shattered reality hi

6
00:00:36,009 --> 00:00:42,039
firoozeh we're back again I know you

7
00:00:37,899 --> 00:00:50,079
enjoy slating every time yes uh hi there

8
00:00:42,039 --> 00:00:55,239
Kate today is January 1919 yes

9
00:00:50,079 --> 00:01:00,939
January 19 2018 and this is our first

10
00:00:55,238 --> 00:01:04,268
show of the new year and it is our 61st

11
00:01:00,939 --> 00:01:06,159
show so we're really breaking we're

12
00:01:04,269 --> 00:01:09,540
breaking records and milestones here

13
00:01:06,159 --> 00:01:13,539
left and right unfortunately we also had

14
00:01:09,540 --> 00:01:16,479
an upset today yes indeed that's the

15
00:01:13,540 --> 00:01:20,439
first suit but we do hope mr. seal feels

16
00:01:16,478 --> 00:01:23,170
better but he is unfortunately it has a

17
00:01:20,438 --> 00:01:25,539
medical emergency and he's not available

18
00:01:23,170 --> 00:01:27,670
at this particular time okay

19
00:01:25,540 --> 00:01:30,490
that's correct and just in case

20
00:01:27,670 --> 00:01:34,570
everybody doesn't know who mr. seal is I

21
00:01:30,489 --> 00:01:38,468
should mention that it is Avril seal of

22
00:01:34,569 --> 00:01:41,709
Texas a professional writer who has

23
00:01:38,468 --> 00:01:44,140
recently written a book that was

24
00:01:41,709 --> 00:01:48,639
published by our good friends at

25
00:01:44,140 --> 00:01:51,670
anomalous books and it's called monster

26
00:01:48,640 --> 00:01:55,960
hike and we're hoping that mr. seal is

27
00:01:51,670 --> 00:01:58,710
back in the pink very soon now this is

28
00:01:55,959 --> 00:02:00,968
so his subjects are interrupt you it was

29

00:01:58,709 --> 00:02:02,199
cryptozoology or the hunt for Bigfoot

30
00:02:00,968 --> 00:02:05,379
among others

31
00:02:02,200 --> 00:02:09,610
well I think his primary interest in the

32
00:02:05,379 --> 00:02:12,400
area of cryptozoology is Bigfoot

33
00:02:09,610 --> 00:02:16,569
and it's kind of interesting to me

34
00:02:12,400 --> 00:02:20,400
because although the Kate Valentine UFO

35
00:02:16,568 --> 00:02:24,238
show which preceded shattered reality

36
00:02:20,400 --> 00:02:27,510
which I was guests but not a co-host the

37
00:02:24,239 --> 00:02:32,719
others think no no not at all not at all

38
00:02:27,509 --> 00:02:36,649
but in any case on that show a Kate my

39
00:02:32,719 --> 00:02:40,579
partner here she had interviewed several

40
00:02:36,650 --> 00:02:43,439
individuals regarding a variety of

41
00:02:40,579 --> 00:02:46,290
cryptozoological creatures including the

42
00:02:43,439 --> 00:02:49,439
flatwoods monster which was the one that

43
00:02:46,289 --> 00:02:50,759

I best one man Oh Mothman yes indeed

44

00:02:49,439 --> 00:02:52,889

Mothman

45

00:02:50,759 --> 00:02:56,608

Mothman is one that really kind of

46

00:02:52,889 --> 00:02:59,518

interests me quite a bit yeah it's it's

47

00:02:56,609 --> 00:03:02,700

kind of I think what interests me is the

48

00:02:59,519 --> 00:03:05,789

eeriness of Mothman oh you mean a

49

00:03:02,699 --> 00:03:09,199

15-foot winged black thing with glowing

50

00:03:05,789 --> 00:03:09,199

red eyes yeah that's that's interesting

51

00:03:09,530 --> 00:03:14,729

well you know what you said about mr.

52

00:03:11,878 --> 00:03:17,158

seal he felt that if you had an

53

00:03:14,729 --> 00:03:20,578

intention or if you had faith in Bigfoot

54

00:03:17,158 --> 00:03:23,009

you'd have more of an ability to find

55

00:03:20,579 --> 00:03:25,650

them that's true and I have a feeling

56

00:03:23,009 --> 00:03:28,709

Mothman is one of those events I think

57

00:03:25,650 --> 00:03:31,200

in the area oh I'm sorry I'm confusing

58
00:03:28,709 --> 00:03:33,569
him as that is not flatwoods monster no

59
00:03:31,199 --> 00:03:35,878
I'm sorry I confused it for a second but

60
00:03:33,568 --> 00:03:40,858
anyway to stick to Mothman for right now

61
00:03:35,878 --> 00:03:43,798
uh I was in an area a geographical area

62
00:03:40,859 --> 00:03:46,769
and people in that area were fairly

63
00:03:43,799 --> 00:03:49,859
convinced that this beastie existed as

64
00:03:46,769 --> 00:03:52,379
flatwoods monster I don't know more so

65
00:03:49,859 --> 00:03:55,169
I'm Mothman and so maybe their belief in

66
00:03:52,378 --> 00:03:58,078
the existence of Mothman was what caused

67
00:03:55,169 --> 00:04:01,530
all those sightings it's it's possible I

68
00:03:58,079 --> 00:04:08,129
do believe that in terms of Mothman

69
00:04:01,530 --> 00:04:13,889
there was a Native American belief in a

70
00:04:08,128 --> 00:04:18,418
similar type creature but I guess what I

71
00:04:13,889 --> 00:04:25,110
I wonder about what I wonder about here

72
00:04:18,418 --> 00:04:27,329
is the flesh-and-blood quality of such

73
00:04:25,110 --> 00:04:29,759
things I'm going to what I'm going to do

74
00:04:27,329 --> 00:04:33,029
is I'm going to simply I'm going to

75
00:04:29,759 --> 00:04:38,009
simply go directly

76
00:04:33,029 --> 00:04:39,899
to my own cryptozoological well just

77
00:04:38,009 --> 00:04:43,649
really quick okay but flatwoods monster

78
00:04:39,899 --> 00:04:47,699
actually was not a creature it turned

79
00:04:43,649 --> 00:04:50,399
out to be almost almost like a crashed

80
00:04:47,699 --> 00:04:53,189
Denson of a flying saucer of some sort

81
00:04:50,399 --> 00:04:56,429
and what's his name Frankfort Chino I

82
00:04:53,189 --> 00:04:59,790
kid yeah I know machine oh yeah really

83
00:04:56,430 --> 00:05:01,769
really delved into it and continued to

84
00:04:59,790 --> 00:05:04,379
delve into it to the point where he was

85
00:05:01,769 --> 00:05:06,599
quite convinced that there was an air

86

00:05:04,379 --> 00:05:10,860
war between the United States and alien

87
00:05:06,600 --> 00:05:12,800
ships in the early 50s and if you his

88
00:05:10,860 --> 00:05:16,800
title of the book was shoot him down

89
00:05:12,800 --> 00:05:19,980
fascinating book and he put a lot of

90
00:05:16,800 --> 00:05:22,860
good solid investigative research into

91
00:05:19,980 --> 00:05:26,850
it and his book was based on facts and

92
00:05:22,860 --> 00:05:29,580
actual occurrences and was not by any

93
00:05:26,850 --> 00:05:32,850
means brought about by any intention

94
00:05:29,579 --> 00:05:35,250
right and there were some involvement if

95
00:05:32,850 --> 00:05:37,830
I recall offhand with a family that also

96
00:05:35,250 --> 00:05:40,860
saw this type of monster so that was

97
00:05:37,829 --> 00:05:43,620
like not so much cryptozoological as I

98
00:05:40,860 --> 00:05:45,150
think alien yeah something that landed

99
00:05:43,620 --> 00:05:48,180
here by mistake

100
00:05:45,149 --> 00:05:51,629

and as a side effect of this war that

101

00:05:48,180 --> 00:05:54,209

was going on at the time well it is if I

102

00:05:51,629 --> 00:05:56,009

saw something that was as I believe the

103

00:05:54,209 --> 00:05:56,969

flatwoods thing was about fifteen feet

104

00:05:56,009 --> 00:06:01,529

tall

105

00:05:56,970 --> 00:06:04,140

get out of a spaceship were some kind of

106

00:06:01,529 --> 00:06:07,349

a craft whether it came from space or

107

00:06:04,139 --> 00:06:09,149

under the earth I didn't - looking at

108

00:06:07,350 --> 00:06:11,310

that point I'd be really booking don't

109

00:06:09,149 --> 00:06:13,859

forget - this was in the early 50s when

110

00:06:11,310 --> 00:06:17,639

all the early sci-fi movies with the

111

00:06:13,860 --> 00:06:20,100

really horrible flying saucer the thing

112

00:06:17,639 --> 00:06:22,349

the thing with James Arness what was the

113

00:06:20,100 --> 00:06:24,570

name of that one where they had the film

114

00:06:22,350 --> 00:06:26,460

where the parents and the kids saw the

115
00:06:24,569 --> 00:06:28,500
flying saucer land in the morning and

116
00:06:26,459 --> 00:06:29,969
the parents assured it was all a bad

117
00:06:28,500 --> 00:06:31,560
dream and he turned around they had

118
00:06:29,970 --> 00:06:33,810
little holes drilled in the back of

119
00:06:31,560 --> 00:06:36,509
their neck remember that oh it was

120
00:06:33,810 --> 00:06:38,879
really I was really creepy as creeped me

121
00:06:36,509 --> 00:06:40,589
out but anyway I'm sorry way off the

122
00:06:38,879 --> 00:06:43,829
topic of cryptozoology

123
00:06:40,589 --> 00:06:46,079
okay okay well you know in terms of the

124
00:06:43,829 --> 00:06:49,079
flatwoods monster

125
00:06:46,079 --> 00:06:51,688
I don't have the knowledge you have

126
00:06:49,079 --> 00:06:53,668
about it Kate but I would say that is a

127
00:06:51,689 --> 00:06:55,710
creature even if it was a creature from

128
00:06:53,668 --> 00:06:57,658
space and what it would have scared the

129
00:06:55,709 --> 00:06:59,638
living bejesus out of me frankly they

130
00:06:57,658 --> 00:07:01,348
found oil and stuff in the family that

131
00:06:59,639 --> 00:07:03,750
so it was really fun it was a funny

132
00:07:01,348 --> 00:07:06,329
story it was like you know back West

133
00:07:03,750 --> 00:07:09,629
Virginia in the fifties are sitting on a

134
00:07:06,329 --> 00:07:12,120
porch no TV yet I just sort of sitting

135
00:07:09,629 --> 00:07:13,770
there and this thing they see is

136
00:07:12,120 --> 00:07:15,569
something on the other side of the hill

137
00:07:13,769 --> 00:07:17,370
and they all go to investigate it mrs.

138
00:07:15,569 --> 00:07:19,650
Mae I believe was the name of the lady

139
00:07:17,370 --> 00:07:21,439
and the neighborhood kids and the dog

140
00:07:19,649 --> 00:07:25,288
and the traipsing up over the whole

141
00:07:21,439 --> 00:07:27,240
surprise surprise careful what you wish

142
00:07:25,288 --> 00:07:29,310
for and they see this thing and they

143

00:07:27,240 --> 00:07:32,009
come back screaming and hollering and

144
00:07:29,310 --> 00:07:37,819
there's a monster out there but you know

145
00:07:32,009 --> 00:07:37,819
I think it was a mechanical thing it was

146
00:07:39,680 --> 00:07:45,300
an artificial intelligence because it

147
00:07:43,769 --> 00:07:48,418
disappeared they didn't find it they I

148
00:07:45,300 --> 00:07:48,689
think I saw it whatever it whatever it

149
00:07:48,418 --> 00:07:50,549
is

150
00:07:48,689 --> 00:07:54,659
came doubt it took it back up and got

151
00:07:50,550 --> 00:07:58,348
rid of the evidence well anyway I'm just

152
00:07:54,658 --> 00:08:02,000
as happy it's no longer here so I mean

153
00:07:58,348 --> 00:08:07,408
we haven't had on on shattered reality

154
00:08:02,000 --> 00:08:10,158
any cryptozoology writers prior to this

155
00:08:07,408 --> 00:08:14,338
and as I was saying prior to us starting

156
00:08:10,158 --> 00:08:18,629
today part of the reason that is is that

157
00:08:14,338 --> 00:08:22,699

we are not big experiencers in the area

158

00:08:18,629 --> 00:08:23,968

of cryptozoology so while we are not

159

00:08:22,699 --> 00:08:27,240

disbelievers

160

00:08:23,968 --> 00:08:31,500

we are also by and large not believers

161

00:08:27,240 --> 00:08:35,668

which is not to say that we don't think

162

00:08:31,500 --> 00:08:38,549

that it's possible but just we it hasn't

163

00:08:35,668 --> 00:08:40,978

been shown to us maybe that's because

164

00:08:38,549 --> 00:08:43,889

we're in the New York metropolitan area

165

00:08:40,979 --> 00:08:47,190

and most of the cryptozoological

166

00:08:43,889 --> 00:08:49,649

creatures only come out at night under

167

00:08:47,190 --> 00:08:51,750

the subway where if we are not spending

168

00:08:49,649 --> 00:08:54,389

too much time like the pizza eating brat

169

00:08:51,750 --> 00:08:58,019

like yeah like the giant pizza eating

170

00:08:54,389 --> 00:08:59,449

brat however a couple of years ago I

171

00:08:58,019 --> 00:09:02,389

think it was back in

172
00:08:59,450 --> 00:09:04,759
2005 I have to check my date on that I

173
00:09:02,389 --> 00:09:10,279
was on my way down to the Monroe

174
00:09:04,759 --> 00:09:13,039
Institute and I was at a sitting in an

175
00:09:10,279 --> 00:09:17,870
airplane waiting to take off at Newark

176
00:09:13,039 --> 00:09:22,339
Airport and I saw a black butterfly at

177
00:09:17,870 --> 00:09:24,590
the window and I had a reason for pause

178
00:09:22,340 --> 00:09:26,480
at that moment because I didn't know

179
00:09:24,590 --> 00:09:28,759
what a black butterfly was doing at the

180
00:09:26,480 --> 00:09:33,500
airport looking in my window with the

181
00:09:28,759 --> 00:09:36,889
engines running yeah it was weird and I

182
00:09:33,500 --> 00:09:39,830
I was which you were I was at Newark

183
00:09:36,889 --> 00:09:42,169
Airport I was I believe taking off to go

184
00:09:39,830 --> 00:09:44,840
to Charlotte North Carolina to change

185
00:09:42,169 --> 00:09:48,529
planes to then go to Charlottesville so

186
00:09:44,840 --> 00:09:50,600
you were in a large jet then I wasn't no

187
00:09:48,529 --> 00:09:52,549
I would imagine Newark to Charlotte

188
00:09:50,600 --> 00:09:56,060
would be sort of a small medium it

189
00:09:52,549 --> 00:09:58,490
wasn't a tiny but it wasn't like well it

190
00:09:56,059 --> 00:10:00,679
was neuter it wasn't like I would say

191
00:09:58,490 --> 00:10:04,850
now I have to remember this I would say

192
00:10:00,679 --> 00:10:06,559
there were 50 people 50 it wasn't a tiny

193
00:10:04,850 --> 00:10:09,290
one I've been on puddle jumpers it

194
00:10:06,559 --> 00:10:11,899
definitely wasn't that and so this black

195
00:10:09,289 --> 00:10:14,029
butterflies at the window and I'm

196
00:10:11,899 --> 00:10:15,980
thinking to myself is this a sign I

197
00:10:14,029 --> 00:10:18,409
shouldn't be flying should I just get up

198
00:10:15,980 --> 00:10:21,830
and say I have to get off this airplane

199
00:10:18,409 --> 00:10:24,289
now I don't want to go it was a flying

200

00:10:21,830 --> 00:10:26,690
or was it landed on the window itself it

201
00:10:24,289 --> 00:10:29,599
was flying but it came up to the window

202
00:10:26,690 --> 00:10:32,720
and it was at the window now this it was

203
00:10:29,600 --> 00:10:36,769
here it was in all black butterfly or

204
00:10:32,720 --> 00:10:39,290
moth but I believe it was a blood fly

205
00:10:36,769 --> 00:10:41,149
because it had its wings spread it

206
00:10:39,289 --> 00:10:45,829
didn't it didn't close like a moth

207
00:10:41,149 --> 00:10:49,129
closes differently and I saw it from for

208
00:10:45,830 --> 00:10:51,950
more than a minute and I just decided I

209
00:10:49,129 --> 00:10:55,070
will have have I will try to have faith

210
00:10:51,950 --> 00:10:58,190
and go on this trip anyway well then

211
00:10:55,070 --> 00:11:01,310
when I get to Charlotte and I get on the

212
00:10:58,190 --> 00:11:03,050
other plane there is a large black

213
00:11:01,309 --> 00:11:05,059
butterfly that's strange

214
00:11:03,049 --> 00:11:07,189

and this one didn't come up to the

215

00:11:05,059 --> 00:11:12,259

window this one was a distance away from

216

00:11:07,190 --> 00:11:13,130

the plane but this butterfly was I would

217

00:11:12,259 --> 00:11:16,429

say

218

00:11:13,129 --> 00:11:18,889

wingspan and everything six to eight

219

00:11:16,429 --> 00:11:20,750

inches and I'm looking back it's a fair

220

00:11:18,889 --> 00:11:24,080

size but yeah I'm looking back twelve

221

00:11:20,750 --> 00:11:26,990

years ago at least so I'm not but it was

222

00:11:24,080 --> 00:11:30,290

a big butterfly and I think oh geez this

223

00:11:26,990 --> 00:11:33,080

is very very weird and not a bird not a

224

00:11:30,289 --> 00:11:36,289

bird definitely not a bird III and not

225

00:11:33,080 --> 00:11:39,680

like smoke patterns no no no no smoke

226

00:11:36,289 --> 00:11:41,569

this was a sunny day it was clear these

227

00:11:39,679 --> 00:11:43,609

were two Lynette so now I've seen two

228

00:11:41,570 --> 00:11:45,890

black butterflies and I'm yeah that's a

229

00:11:43,610 --> 00:11:49,279

little off-putting yeah a little bit off

230

00:11:45,889 --> 00:11:51,500

and I was going to start a program the

231

00:11:49,279 --> 00:11:54,230

following day and I stayed over at a

232

00:11:51,500 --> 00:11:58,820

friend's house in what's called the new

233

00:11:54,230 --> 00:12:01,370

land which is some homes that were built

234

00:11:58,820 --> 00:12:04,430

around the Monroe Institute on land that

235

00:12:01,370 --> 00:12:07,340

was owned by Bob Monroe I guess and he

236

00:12:04,429 --> 00:12:09,439

sold it off I could be wrong exactly a

237

00:12:07,340 --> 00:12:11,330

legalistic of that but anyway there are

238

00:12:09,440 --> 00:12:13,880

a bunch of homes that are built in the

239

00:12:11,330 --> 00:12:16,550

in the vicinity of the Monroe Institute

240

00:12:13,879 --> 00:12:18,049

and that's called a new land and so I

241

00:12:16,549 --> 00:12:21,620

was staying with a friend at a house

242

00:12:18,049 --> 00:12:24,199

there and there was a terrace a small

243
00:12:21,620 --> 00:12:27,830
Terrace outside a little outdoor patio

244
00:12:24,200 --> 00:12:30,020
and I was sitting on the patio I was

245
00:12:27,830 --> 00:12:31,730
going to go eat dinner at some third

246
00:12:30,019 --> 00:12:33,799
person's house there was some kind of

247
00:12:31,730 --> 00:12:35,990
gathering and people I'd kind of know

248
00:12:33,799 --> 00:12:38,629
you know not very well but all friendly

249
00:12:35,990 --> 00:12:42,710
and so sitting there waiting to go to

250
00:12:38,629 --> 00:12:46,159
the dinner and there's a third black

251
00:12:42,710 --> 00:12:47,870
butterfly up by the eaves of the house

252
00:12:46,159 --> 00:12:50,120
and I'm looking at the thing and I'm

253
00:12:47,870 --> 00:12:52,820
thinking could that be a bat yeah yeah

254
00:12:50,120 --> 00:12:55,039
that's weird and no it wasn't a bad it

255
00:12:52,820 --> 00:12:58,490
was an insect it was black and looked

256
00:12:55,039 --> 00:13:02,389
like a butterfly and I when I got back

257

00:12:58,490 --> 00:13:07,129
to my home a week later I looked in all

258
00:13:02,389 --> 00:13:09,379
the books and online for butterflies in

259
00:13:07,129 --> 00:13:11,750
there were no butterflies that fit that

260
00:13:09,379 --> 00:13:13,519
description yeah and they don't hang

261
00:13:11,750 --> 00:13:15,980
around that long anyway you don't know

262
00:13:13,519 --> 00:13:18,460
me said mmm-hmm well you were saying

263
00:13:15,980 --> 00:13:21,019
earlier too about intentions right and

264
00:13:18,460 --> 00:13:23,990
creating things like dopus which we'll

265
00:13:21,019 --> 00:13:27,319
go into a little later right maybe did

266
00:13:23,990 --> 00:13:29,240
you have like worrisome thoughts or

267
00:13:27,320 --> 00:13:31,010
I mean this was something you're looking

268
00:13:29,240 --> 00:13:34,519
forward to yeah I was looking forward to

269
00:13:31,009 --> 00:13:37,009
to not know how stressful not really no

270
00:13:34,519 --> 00:13:40,309
I mean it's it's something of a vacation

271
00:13:37,009 --> 00:13:44,299

and um I I wasn't thinking any negative

272

00:13:40,309 --> 00:13:46,159

thoughts the only thing that was on my

273

00:13:44,299 --> 00:13:49,129

mind after seeing these things was that

274

00:13:46,159 --> 00:13:51,889

the date was the data of my parents

275

00:13:49,129 --> 00:13:54,169

wedding anniversary and my godmothers

276

00:13:51,889 --> 00:13:55,639

birthday happened to have to take place

277

00:13:54,169 --> 00:14:00,229

on the same day but they wouldn't be

278

00:13:55,639 --> 00:14:02,149

sending me like black images you know I

279

00:14:00,230 --> 00:14:02,750

mean there's no reason for it they had

280

00:14:02,149 --> 00:14:04,699

nothing

281

00:14:02,750 --> 00:14:06,139

certainly they wouldn't be thinking it

282

00:14:04,700 --> 00:14:08,629

was some horrible thing for me to be

283

00:14:06,139 --> 00:14:10,549

going down to Virginia and meditating

284

00:14:08,629 --> 00:14:11,929

for a week basically which is what it

285

00:14:10,549 --> 00:14:14,149

comes down to and you don't collect

286
00:14:11,929 --> 00:14:16,099
butterflies no I would never well I

287
00:14:14,149 --> 00:14:19,250
could friend of mine her parents were

288
00:14:16,100 --> 00:14:23,529
very involved with Bert her father's

289
00:14:19,250 --> 00:14:26,090
involved with Robinson so one day in

290
00:14:23,529 --> 00:14:28,279
offseason there were about 50 Robins in

291
00:14:26,090 --> 00:14:30,050
the backyard and so she thought it was a

292
00:14:28,279 --> 00:14:33,259
message from her father in that sense

293
00:14:30,049 --> 00:14:35,629
you know who he had passed on birds are

294
00:14:33,259 --> 00:14:38,419
known to be messengers well maybe in

295
00:14:35,629 --> 00:14:43,070
your case it's a butterfly well that the

296
00:14:38,419 --> 00:14:46,370
the name for Russia is very close to the

297
00:14:43,070 --> 00:14:50,960
word for butterfly in Arabic oh really

298
00:14:46,370 --> 00:14:53,210
yeah oh but still I don't see them all

299
00:14:50,960 --> 00:14:55,910
the time why on this you know why this

300
00:14:53,210 --> 00:14:58,100
one day of all days yeah okay well then

301
00:14:55,909 --> 00:15:01,250
why does sometimes people see UFOs

302
00:14:58,100 --> 00:15:03,800
sometimes they see Bigfoot sometimes you

303
00:15:01,250 --> 00:15:06,950
know this is one of these you know with

304
00:15:03,799 --> 00:15:08,779
um what fourth what was it guy's name

305
00:15:06,950 --> 00:15:11,410
Fort Charles for all right you know all

306
00:15:08,779 --> 00:15:14,029
these anomalous occurrences and

307
00:15:11,409 --> 00:15:16,039
supposedly you know like the famous one

308
00:15:14,029 --> 00:15:19,610
was well rocks don't fall out of the sky

309
00:15:16,039 --> 00:15:22,429
and then they discovered meteors but you

310
00:15:19,610 --> 00:15:25,220
know all these anomalies I mean I think

311
00:15:22,429 --> 00:15:27,199
we were saying just before the show why

312
00:15:25,220 --> 00:15:30,100
would somebody be interested in

313
00:15:27,200 --> 00:15:32,480
supernatural or paranormal or all these

314

00:15:30,100 --> 00:15:35,029
anomalous events I think it's because

315
00:15:32,480 --> 00:15:38,019
everyone senses just as you do with a

316
00:15:35,029 --> 00:15:41,039
butterfly is it all right there is no

317
00:15:38,019 --> 00:15:42,870
typical explanation for it but

318
00:15:41,039 --> 00:15:45,328
there is an explanation I mean you saw

319
00:15:42,870 --> 00:15:47,610
it it was there yes even if it was your

320
00:15:45,328 --> 00:15:50,519
imagination you still saw something that

321
00:15:47,610 --> 00:15:52,289
was there so why did you see it or why

322
00:15:50,519 --> 00:15:53,639
did you even think that you saw it it

323
00:15:52,289 --> 00:15:55,948
doesn't matter whether you actually saw

324
00:15:53,639 --> 00:15:58,680
it you think you saw it it was as far as

325
00:15:55,948 --> 00:16:00,389
you're concerned it was there so why and

326
00:15:58,679 --> 00:16:03,659
there's no answer for that I believe

327
00:16:00,389 --> 00:16:06,389
that the person who I was staying with

328
00:16:03,659 --> 00:16:12,028

also saw the third butterfly so it

329

00:16:06,389 --> 00:16:14,100

wasn't just me and I have no idea and I

330

00:16:12,028 --> 00:16:17,189

think that when I was when I've left

331

00:16:14,100 --> 00:16:18,959

before I left the Charlotte Airport

332

00:16:17,190 --> 00:16:21,930

I might have pointed out the large

333

00:16:18,958 --> 00:16:24,208

butterfly in the distance to some person

334

00:16:21,929 --> 00:16:27,239

who was like sitting next to me but my

335

00:16:24,208 --> 00:16:29,489

my memory and nastya dims a little bit

336

00:16:27,240 --> 00:16:30,959

so I don't want to make any strange but

337

00:16:29,490 --> 00:16:32,519

but I think that's why people get

338

00:16:30,958 --> 00:16:34,258

interested in these things because they

339

00:16:32,519 --> 00:16:36,750

sense that there's a meaning behind it

340

00:16:34,259 --> 00:16:39,050

which they cannot find out what that

341

00:16:36,750 --> 00:16:42,179

meaning is or determine what it is and

342

00:16:39,049 --> 00:16:44,008

and it's intriguing you know I mean you

343

00:16:42,179 --> 00:16:46,019

know if you were if you were on the

344

00:16:44,009 --> 00:16:47,909

plane and it was a piston engine let's

345

00:16:46,019 --> 00:16:49,919

say and it gave off of the puff of black

346

00:16:47,909 --> 00:16:51,838

smoke you wouldn't even notice it you

347

00:16:49,919 --> 00:16:52,889

figure okay the engine just burped some

348

00:16:51,839 --> 00:16:55,709

gas in there you go

349

00:16:52,889 --> 00:16:57,750

so the explanation is immediate it's

350

00:16:55,708 --> 00:16:59,549

non-threatening but you see a black

351

00:16:57,750 --> 00:17:02,039

butterfly and yeah I mean if I were on a

352

00:16:59,549 --> 00:17:05,519

plane so a black butterfly I'd think

353

00:17:02,039 --> 00:17:12,720

twice about excuse me I would like to

354

00:17:05,519 --> 00:17:14,730

get off thank you yeah I think that's

355

00:17:12,720 --> 00:17:18,328

what interests people about it and

356

00:17:14,730 --> 00:17:20,789

certainly with UFOs and then I that

357
00:17:18,328 --> 00:17:23,279
there definitely I've been without a

358
00:17:20,789 --> 00:17:26,220
question objects that are seen that are

359
00:17:23,279 --> 00:17:28,529
flying and are unidentified and I guess

360
00:17:26,220 --> 00:17:31,110
it's fun to speculate about what these

361
00:17:28,529 --> 00:17:34,619
things could be right and we we actually

362
00:17:31,109 --> 00:17:37,529
do not know factually definitely what

363
00:17:34,619 --> 00:17:40,579
they are since people come back even

364
00:17:37,529 --> 00:17:44,039
people who are contact these abductees

365
00:17:40,579 --> 00:17:46,829
and experiencers which are the three

366
00:17:44,039 --> 00:17:49,829
words that are used to describe people

367
00:17:46,829 --> 00:17:54,779
who have Close Encounters of the Third

368
00:17:49,829 --> 00:17:57,869
Kind and they they don't agree on

369
00:17:54,779 --> 00:18:01,079
on what it is because either because

370
00:17:57,869 --> 00:18:05,879
whatever it is lies to us

371

00:18:01,079 --> 00:18:11,699
A or B we misinterpret in our monkey

372
00:18:05,880 --> 00:18:14,910
mind like the quote unquote alien could

373
00:18:11,700 --> 00:18:17,670
be given giving the contact he the

374
00:18:14,910 --> 00:18:20,670
secrets of the universe but the

375
00:18:17,670 --> 00:18:22,470
contactee with their monkey brain and

376
00:18:20,670 --> 00:18:24,300
I'm not putting any particular contact

377
00:18:22,470 --> 00:18:30,210
details so I don't want any letters

378
00:18:24,299 --> 00:18:34,379
about that but but the human animal with

379
00:18:30,210 --> 00:18:40,740
their monkey brain his primary primate

380
00:18:34,380 --> 00:18:43,160
primate primate brain is not is not

381
00:18:40,740 --> 00:18:45,299
getting the message correctly it's

382
00:18:43,160 --> 00:18:46,710
misinterpreting the message all right

383
00:18:45,299 --> 00:18:48,029
all right well that brings us back to

384
00:18:46,710 --> 00:18:51,150
Bigfoot okay

385
00:18:48,029 --> 00:18:53,099

I mean certainly if you're primed to be

386

00:18:51,150 --> 00:18:56,030

out there looking for Bigfoot and you

387

00:18:53,099 --> 00:18:58,139

see a 15-foot grizzly bear

388

00:18:56,029 --> 00:19:01,920

maybe that's what you think you're

389

00:18:58,140 --> 00:19:04,530

seeing or or as you as you say to you

390

00:19:01,920 --> 00:19:07,680

know it again it's intriguing like I

391

00:19:04,529 --> 00:19:09,809

think myself I think is some sort of a

392

00:19:07,680 --> 00:19:11,370

land primate you know really there's a

393

00:19:09,809 --> 00:19:12,269

lift maybe even left over from the

394

00:19:11,369 --> 00:19:14,669

Neanderthals

395

00:19:12,269 --> 00:19:17,639

who knows but it's out there it knows

396

00:19:14,670 --> 00:19:20,310

very well if it contacts human

397

00:19:17,640 --> 00:19:22,590

civilizations it's in big trouble right

398

00:19:20,309 --> 00:19:24,990

it'll be hunted killed or exhibited or

399

00:19:22,589 --> 00:19:27,389

something in that nature and it

400
00:19:24,990 --> 00:19:29,009
understands that but and so it avoids

401
00:19:27,390 --> 00:19:32,460
that at all costs and I'm sure it

402
00:19:29,009 --> 00:19:36,660
teaches its children never near anything

403
00:19:32,460 --> 00:19:40,680
like that like a human but you still you

404
00:19:36,660 --> 00:19:43,200
want to know if it's out there I mean

405
00:19:40,680 --> 00:19:45,509
like the Yeti some primate loose up in

406
00:19:43,200 --> 00:19:47,190
the Himalayan sir I mean how many people

407
00:19:45,509 --> 00:19:51,660
are in the Himalayas on a day-to-day

408
00:19:47,190 --> 00:19:54,150
basis and you know could hide out there

409
00:19:51,660 --> 00:19:55,890
forever and even northwestern

410
00:19:54,150 --> 00:19:58,230
Pennsylvania all those hills and

411
00:19:55,890 --> 00:20:01,470
mountains and it's I think one of the

412
00:19:58,230 --> 00:20:06,960
most compelling stories that I have

413
00:20:01,470 --> 00:20:08,259
heard about a Sasquatch or Yeti more

414
00:20:06,960 --> 00:20:13,870
like a Yeti

415
00:20:08,259 --> 00:20:19,029
comes from a village I think somewhere

416
00:20:13,869 --> 00:20:21,939
in just outside of Siberia in the former

417
00:20:19,029 --> 00:20:24,730
Soviet Union and I don't know what

418
00:20:21,940 --> 00:20:28,029
country it would be now but there was

419
00:20:24,730 --> 00:20:31,690
apparently one of these things living in

420
00:20:28,029 --> 00:20:34,149
the village for years and people that

421
00:20:31,690 --> 00:20:36,519
were there were samples of the fur that

422
00:20:34,150 --> 00:20:38,290
exists now that you're talking I

423
00:20:36,519 --> 00:20:43,539
remember this and it lived with some

424
00:20:38,289 --> 00:20:45,909
woman or that yeah everybody in the town

425
00:20:43,539 --> 00:20:48,129
knew about it and everything and I would

426
00:20:45,910 --> 00:20:51,670
say that was probably the most

427
00:20:48,130 --> 00:20:55,450
compelling thing more hand to me about a

428

00:20:51,670 --> 00:20:57,880
Yeti but now there seem they seem to be

429
00:20:55,450 --> 00:21:00,370
popping up all over the United States

430
00:20:57,880 --> 00:21:01,630
and Canada or else people say that they

431
00:21:00,369 --> 00:21:06,099
see them they're known by different

432
00:21:01,630 --> 00:21:09,790
names like Bigfoot sasquatch skunk ape

433
00:21:06,099 --> 00:21:11,679
all these these different names and my

434
00:21:09,789 --> 00:21:13,809
jury is out I mean I don't have an

435
00:21:11,680 --> 00:21:15,759
opinion on it maybe they're successful

436
00:21:13,809 --> 00:21:17,409
primate and they're starting to increase

437
00:21:15,759 --> 00:21:22,420
in numbers and that will increase the

438
00:21:17,410 --> 00:21:25,779
sightings that would be interesting but

439
00:21:22,420 --> 00:21:28,390
it would be interesting I I have to

440
00:21:25,779 --> 00:21:30,460
wonder that people aren't interested in

441
00:21:28,390 --> 00:21:31,960
we started to talk about how people

442
00:21:30,460 --> 00:21:34,600

might be interested in the supernatural

443

00:21:31,960 --> 00:21:38,319

of why they're interested in these

444

00:21:34,599 --> 00:21:44,230

anomalous things and I believe that is

445

00:21:38,319 --> 00:21:47,079

because on a certain level reality is

446

00:21:44,230 --> 00:21:52,509

not what it's cooked up to be right we

447

00:21:47,079 --> 00:21:57,099

have what is called a kind of agreed

448

00:21:52,509 --> 00:22:02,799

upon a consensual reality a group

449

00:21:57,099 --> 00:22:06,609

consensual reality that certain laws of

450

00:22:02,799 --> 00:22:09,549

physics apply and then sometimes they

451

00:22:06,609 --> 00:22:13,359

don't and that's why we find that

452

00:22:09,549 --> 00:22:18,069

interesting because as we are getting to

453

00:22:13,359 --> 00:22:20,679

learn from string theory quantum physics

454

00:22:18,069 --> 00:22:21,928

all the things that were discovered

455

00:22:20,680 --> 00:22:26,298

around a hundred year

456

00:22:21,929 --> 00:22:31,399

ago but most scientists don't even

457
00:22:26,298 --> 00:22:35,069
consider while they're going about their

458
00:22:31,398 --> 00:22:38,459
studies and their daily lives the idea

459
00:22:35,069 --> 00:22:41,548
that everything is is really an illusion

460
00:22:38,460 --> 00:22:44,278
and that we only see such a small band

461
00:22:41,548 --> 00:22:47,099
of electromagnetic radiation on the big

462
00:22:44,278 --> 00:22:49,378
spectrum and things could be coexisting

463
00:22:47,099 --> 00:22:53,219
with us right here and in this room when

464
00:22:49,378 --> 00:22:55,498
we might not see them and after all even

465
00:22:53,220 --> 00:23:04,139
if we do see them does it any of does

466
00:22:55,499 --> 00:23:07,159
any of it really exist right this is a

467
00:23:04,138 --> 00:23:09,928
good time for us to contact our

468
00:23:07,159 --> 00:23:12,778
listeners or are people who are tuned

469
00:23:09,929 --> 00:23:14,700
into this little podcast obviously

470
00:23:12,778 --> 00:23:16,288
you're interested in the paranormal

471
00:23:14,700 --> 00:23:20,369
obviously you're interested in the

472
00:23:16,288 --> 00:23:23,460
supernatural so please write us a right

473
00:23:20,368 --> 00:23:25,079
answer why are you interested well snow

474
00:23:23,460 --> 00:23:26,899
and how do I do that for you because you

475
00:23:25,079 --> 00:23:32,628
know me I'm inept when it comes to this

476
00:23:26,898 --> 00:23:41,069
well hopefully they can go on any one of

477
00:23:32,628 --> 00:23:58,368
four interactive places which would be W

478
00:23:41,069 --> 00:24:05,069
w or shattered reality podcast

479
00:23:58,368 --> 00:24:09,509
wordpress.com or or our channel on

480
00:24:05,069 --> 00:24:12,329
youtube or our facebook channel which is

481
00:24:09,509 --> 00:24:15,628
a radio station channel because facebook

482
00:24:12,329 --> 00:24:18,808
doesn't have a podcast designation yet

483
00:24:15,628 --> 00:24:21,148
which it hadn't had three years ago and

484
00:24:18,808 --> 00:24:23,668
it still doesn't have which i find to be

485

00:24:21,148 --> 00:24:27,748
quite amazing but we are shattered

486
00:24:23,669 --> 00:24:30,119
reality podcast on facebook on and they

487
00:24:27,749 --> 00:24:32,429
can just type in their answer right they

488
00:24:30,118 --> 00:24:34,618
can they can speak to us on facebook

489
00:24:32,429 --> 00:24:36,180
they can speak to us on either of our

490
00:24:34,618 --> 00:24:39,029
two

491
00:24:36,180 --> 00:24:45,870
websites they could even speak to us on

492
00:24:39,029 --> 00:24:48,809
iTunes or on YouTube on our YouTube

493
00:24:45,869 --> 00:24:51,029
channel which is very active actual or

494
00:24:48,809 --> 00:25:00,000
ESP right for Russia I mean you'll pick

495
00:24:51,029 --> 00:25:01,889
up on that right yeah okay but if if

496
00:25:00,000 --> 00:25:04,000
you're so psychic how come you don't

497
00:25:01,890 --> 00:25:08,550
know my mother's maiden name thank you

498
00:25:04,000 --> 00:25:08,549
[Laughter]

499
00:25:10,490 --> 00:25:14,339

we'd love to hear from you you know I

500

00:25:12,690 --> 00:25:18,059

mean you know we sit here chattering

501

00:25:14,339 --> 00:25:20,099

away is anybody listening who knows but

502

00:25:18,059 --> 00:25:22,259

or why are you listening I mean what's

503

00:25:20,099 --> 00:25:24,089

got you involved in this stuff with it I

504

00:25:22,259 --> 00:25:26,190

mean why would you care as to whether or

505

00:25:24,089 --> 00:25:28,829

not there's a Bigfoot out there you do

506

00:25:26,190 --> 00:25:30,660

care you wouldn't be listening Avril

507

00:25:28,829 --> 00:25:31,710

seal would not care or he wouldn't write

508

00:25:30,660 --> 00:25:33,480

a book about it

509

00:25:31,710 --> 00:25:35,850

right so there's got to be some

510

00:25:33,480 --> 00:25:38,610

compelling reason for you to be

511

00:25:35,849 --> 00:25:40,230

interested in this or what else did we

512

00:25:38,609 --> 00:25:44,099

talk about God knows everything

513

00:25:40,230 --> 00:25:46,259

but what about UFOs a lot about ESP I

514
00:25:44,099 --> 00:25:49,439
think would you all the topics that

515
00:25:46,259 --> 00:25:52,079
really that you you're mostly concerned

516
00:25:49,440 --> 00:25:54,450
with are based around intention and

517
00:25:52,079 --> 00:25:58,230
consciousness consciousness I think is

518
00:25:54,450 --> 00:26:01,559
is the big is the big element here we do

519
00:25:58,230 --> 00:26:04,680
have a very interesting letter from mr.

520
00:26:01,559 --> 00:26:08,099
Freeman who has time favorite all-time

521
00:26:04,680 --> 00:26:10,620
favorite of our of our listeners he's

522
00:26:08,099 --> 00:26:13,259
been listening to the Kate Valentine UFO

523
00:26:10,619 --> 00:26:15,750
show he listened to viewpoints with Kate

524
00:26:13,259 --> 00:26:18,539
Valentine and now he's listening to me

525
00:26:15,750 --> 00:26:24,210
and Kate Valentine here on shattered

526
00:26:18,539 --> 00:26:26,490
reality podcast and Freeman's I'm gonna

527
00:26:24,210 --> 00:26:30,269
read his letter here and maybe you want

528
00:26:26,490 --> 00:26:32,460
to make a comment on this - just wanted

529
00:26:30,269 --> 00:26:36,509
to respond to your comment about the way

530
00:26:32,460 --> 00:26:40,049
aliens might think in essence biological

531
00:26:36,509 --> 00:26:42,559
intelligence exists to direct efficient

532
00:26:40,049 --> 00:26:46,349
movement and actions by incorporating

533
00:26:42,559 --> 00:26:49,379
sensory input from a scientific point of

534
00:26:46,349 --> 00:26:51,949
view logic reasoning and rationality

535
00:26:49,380 --> 00:26:54,750
our Universal as applied to

536
00:26:51,950 --> 00:26:57,029
problem-solving investigation and the

537
00:26:54,750 --> 00:27:00,769
scientific method for the development of

538
00:26:57,029 --> 00:27:03,740
technology and maths based modeling

539
00:27:00,769 --> 00:27:06,960
however general reasoning as applied by

540
00:27:03,740 --> 00:27:10,429
individuals can often be used to justify

541
00:27:06,960 --> 00:27:13,740
any action or behavior but may contain

542

00:27:10,429 --> 00:27:16,410
erroneous flaws of logic and incorrect

543
00:27:13,740 --> 00:27:18,569
assumptions to put it crudely there

544
00:27:16,410 --> 00:27:21,900
could be considered a difference in the

545
00:27:18,569 --> 00:27:24,750
application of rationality between the

546
00:27:21,900 --> 00:27:28,440
architects of technology and the users

547
00:27:24,750 --> 00:27:33,029
of Technology rational decisions will

548
00:27:28,440 --> 00:27:35,580
include statistical outliers for example

549
00:27:33,029 --> 00:27:38,428
statistically abnormal decision making

550
00:27:35,579 --> 00:27:41,759
considered unethical irrational or

551
00:27:38,429 --> 00:27:45,179
unacceptable by society in general this

552
00:27:41,759 --> 00:27:47,569
overlaps with concepts of justice legal

553
00:27:45,179 --> 00:27:49,769
systems and protecting the public

554
00:27:47,569 --> 00:27:52,259
abnormal thinking can result from

555
00:27:49,769 --> 00:27:55,019
biological dysfunctions including

556
00:27:52,259 --> 00:27:59,669

genetic abnormalities and brain damage

557

00:27:55,019 --> 00:28:03,599
or learn behaviors biological et

558

00:27:59,669 --> 00:28:06,620
intelligence is likely to arise from

559

00:28:03,599 --> 00:28:10,230
universal evolutionary processes

560

00:28:06,619 --> 00:28:12,839
competitions for resources is likely to

561

00:28:10,230 --> 00:28:15,659
promote hunting as a winning strategy

562

00:28:12,839 --> 00:28:19,220
with the consequences of a natural

563

00:28:15,659 --> 00:28:21,710
sensory intelligence arms race

564

00:28:19,220 --> 00:28:25,679
individuals within a self-aware

565

00:28:21,710 --> 00:28:28,140
technologically developing species will

566

00:28:25,679 --> 00:28:30,150
likely continue to exhibit inherited

567

00:28:28,140 --> 00:28:33,179
behaviors relating to self-preservation

568

00:28:30,150 --> 00:28:36,900
and basic needs as well as high-level

569

00:28:33,179 --> 00:28:39,298
behaviors such as altruism we might also

570

00:28:36,900 --> 00:28:41,759
expect aliens to exhibit behaviors

571
00:28:39,298 --> 00:28:44,940
relating to interspecies cultures as

572
00:28:41,759 --> 00:28:47,579
well as fill in the gap concepts

573
00:28:44,940 --> 00:28:51,029
provided by faith and various religious

574
00:28:47,579 --> 00:28:54,629
ideas abnormal behaviors are in some

575
00:28:51,029 --> 00:28:57,960
respects statistical so one day we might

576
00:28:54,630 --> 00:29:00,120
define extreme behaviors in terms of the

577
00:28:57,960 --> 00:29:02,970
galactic norm for rational beings

578
00:29:00,119 --> 00:29:05,788
another aspect to consider is learn

579
00:29:02,970 --> 00:29:08,640
and education the common subjects that

580
00:29:05,788 --> 00:29:12,119
any biological alien intelligence would

581
00:29:08,640 --> 00:29:14,070
teach subsequent generations in

582
00:29:12,119 --> 00:29:15,899
practical terms the necessary

583
00:29:14,069 --> 00:29:19,109
intelligence skills and knowledge

584
00:29:15,900 --> 00:29:21,030
required to function and thrive in a

585
00:29:19,109 --> 00:29:23,699
physical environment capable of

586
00:29:21,029 --> 00:29:26,220
supporting a tool-making species provide

587
00:29:23,700 --> 00:29:29,640
both a common frame of reference for all

588
00:29:26,220 --> 00:29:33,600
species and an influence and influence

589
00:29:29,640 --> 00:29:36,240
cultures and behaviors there may be more

590
00:29:33,599 --> 00:29:36,949
that we share in common than keeps us

591
00:29:36,240 --> 00:29:40,079
apart

592
00:29:36,950 --> 00:29:43,169
well that's true except that we have had

593
00:29:40,079 --> 00:29:45,269
hunters and developed societies for

594
00:29:43,169 --> 00:29:47,179
example Egypt ancient Egypt and ancient

595
00:29:45,269 --> 00:29:51,119
Rome that never really got

596
00:29:47,179 --> 00:29:54,210
technologically inclined and so and yet

597
00:29:51,119 --> 00:29:56,219
they survived and for their time I mean

598
00:29:54,210 --> 00:29:57,870
they were wiped out by something else

599

00:29:56,220 --> 00:30:01,579
which I really don't want to go into it

600
00:29:57,869 --> 00:30:04,649
this time but there maybe I was often

601
00:30:01,579 --> 00:30:07,168
thinking what if there was no need in

602
00:30:04,650 --> 00:30:10,470
this planet everything kills something

603
00:30:07,169 --> 00:30:11,570
so it survives we do not survive without

604
00:30:10,470 --> 00:30:14,700
killing something

605
00:30:11,569 --> 00:30:17,428
and whether you're vegetarian or you're

606
00:30:14,700 --> 00:30:19,980
bacteria you kill something you have to

607
00:30:17,429 --> 00:30:22,500
there's always been a changeover of

608
00:30:19,980 --> 00:30:25,640
carbon hydrogen oxygen nitrogen sulfur

609
00:30:22,500 --> 00:30:30,569
and phosphorus and other odd elements

610
00:30:25,640 --> 00:30:35,429
but what if instead of a hair or skin we

611
00:30:30,569 --> 00:30:38,460
had chlorophyll producing cells and so

612
00:30:35,429 --> 00:30:42,720
all we had to do to for nutrition was to

613
00:30:38,460 --> 00:30:45,569

go out in the sunlight inhale some co2

614

00:30:42,720 --> 00:30:49,048

and give off some oxygen and you know be

615

00:30:45,569 --> 00:30:52,678

a happy little but still been mobile in

616

00:30:49,048 --> 00:30:55,470

other words a mobile plant look at trees

617

00:30:52,679 --> 00:30:57,769

well yeah well seriously well what oh

618

00:30:55,470 --> 00:31:00,808

then there would be no need to kill

619

00:30:57,769 --> 00:31:03,000

there would be no need to hunt there

620

00:31:00,808 --> 00:31:05,369

would be a lot of time to think and then

621

00:31:03,000 --> 00:31:10,740

this is where I think you come in for

622

00:31:05,369 --> 00:31:14,519

OSHA that rather than develop how would

623

00:31:10,740 --> 00:31:16,589

you say a material technology they could

624

00:31:14,519 --> 00:31:20,190

then develop and then

625

00:31:16,589 --> 00:31:23,129

tensional technology where anything that

626

00:31:20,190 --> 00:31:27,210

they needed would be supplied just by

627

00:31:23,130 --> 00:31:31,799

their imagination and and as you said to

628
00:31:27,210 --> 00:31:34,019
like a societal intentionality and you

629
00:31:31,798 --> 00:31:35,668
know so I'm thinking alien intelligence

630
00:31:34,019 --> 00:31:38,819
would not be quite what you'd expect

631
00:31:35,669 --> 00:31:41,038
what what he's discussing is what I

632
00:31:38,819 --> 00:31:44,819
would prefer it to be such as like a

633
00:31:41,038 --> 00:31:46,619
Klingon type or a Romulan but if you

634
00:31:44,819 --> 00:31:50,278
remember on one of the old Star Trek

635
00:31:46,619 --> 00:31:53,308
movies there was a planet where they

636
00:31:50,278 --> 00:31:55,710
landed and the the inhabitants that

637
00:31:53,308 --> 00:31:57,869
planet were all shepherds and they

638
00:31:55,710 --> 00:32:01,710
tended their flock but they were pets

639
00:31:57,869 --> 00:32:04,398
they were not food and they were very

640
00:32:01,710 --> 00:32:07,769
simple people and both the Klingons and

641
00:32:04,398 --> 00:32:10,048
Kirk were trying to save them and they

642
00:32:07,769 --> 00:32:12,000
refused all help from either party and

643
00:32:10,048 --> 00:32:14,158
they said that they were in no immediate

644
00:32:12,000 --> 00:32:16,288
danger and Kirk kept saying the Klingons

645
00:32:14,159 --> 00:32:19,590
are going to take over and this leader

646
00:32:16,288 --> 00:32:21,898
of these people said no they can't and

647
00:32:19,589 --> 00:32:24,869
they just didn't understand it and what

648
00:32:21,898 --> 00:32:26,519
happened was through mental prowess they

649
00:32:24,869 --> 00:32:30,569
just shut down their weapons on both

650
00:32:26,519 --> 00:32:32,190
both ships and so both the Klingon and

651
00:32:30,569 --> 00:32:35,788
Kirk looked at each other and go what do

652
00:32:32,190 --> 00:32:38,640
we do now I mean these people just won't

653
00:32:35,788 --> 00:32:43,440
fight and they can't be attacked so what

654
00:32:38,640 --> 00:32:46,278
do we do now yeah so I think I think it

655
00:32:43,440 --> 00:32:49,740
might be something like that

656

00:32:46,278 --> 00:32:52,380
certainly the obviously it could have

657
00:32:49,740 --> 00:32:55,169
evolved into you know again similar

658
00:32:52,380 --> 00:32:59,610
species to ours but I think we're going

659
00:32:55,169 --> 00:33:02,490
to be very very surprised and I know on

660
00:32:59,609 --> 00:33:04,709
a prior letter from mr. Freeman he said

661
00:33:02,490 --> 00:33:06,839
I was thinking that maybe UFOs were from

662
00:33:04,710 --> 00:33:09,390
a different civilization on this very

663
00:33:06,839 --> 00:33:12,449
planet and he thought that that was not

664
00:33:09,390 --> 00:33:16,500
likely because civilizations are messy

665
00:33:12,450 --> 00:33:19,110
but not necessarily so and I have a you

666
00:33:16,500 --> 00:33:21,240
know I just have a hunch that prior to

667
00:33:19,109 --> 00:33:24,538
the flood there was another civilization

668
00:33:21,240 --> 00:33:27,179
on this planet that was completely wiped

669
00:33:24,538 --> 00:33:29,669
away and it was not technological which

670
00:33:27,179 --> 00:33:30,600

is why we find no evidence of them other

671

00:33:29,669 --> 00:33:34,740
than things like

672

00:33:30,599 --> 00:33:40,529
pyramids and well I could speak to that

673

00:33:34,740 --> 00:33:44,910
for a moment because there have there

674

00:33:40,529 --> 00:33:48,168
has recently been a lot of evidence for

675

00:33:44,910 --> 00:33:51,690
the idea that there was a cataclysm

676

00:33:48,169 --> 00:33:54,600
similar to the flood or or the flood I

677

00:33:51,690 --> 00:33:59,750
mean yeah I'm pretty sure I and that

678

00:33:54,599 --> 00:34:02,449
that happened about 12,000 years ago and

679

00:33:59,750 --> 00:34:05,099
now we're beginning to see some

680

00:34:02,450 --> 00:34:09,148
archaeological evidence particularly in

681

00:34:05,099 --> 00:34:15,750
Turkey and the site of Gobekli Nabi and

682

00:34:09,148 --> 00:34:19,819
that these are sort of temples that were

683

00:34:15,750 --> 00:34:23,369
built on on a hillside and there are

684

00:34:19,820 --> 00:34:28,010
more than 20 of these stone circles and

685
00:34:23,369 --> 00:34:31,019
advanced carving indicating a

686
00:34:28,010 --> 00:34:33,300
civilization that was at least as

687
00:34:31,019 --> 00:34:36,769
advanced as the Egyptians and it's

688
00:34:33,300 --> 00:34:41,129
unknown why these people buried there

689
00:34:36,769 --> 00:34:44,579
quote-unquote temples and there are

690
00:34:41,128 --> 00:34:50,069
other indications under the water in

691
00:34:44,579 --> 00:34:52,799
places like the Gulf of Mexico Japan off

692
00:34:50,070 --> 00:34:57,660
the coast of India there are a lot of

693
00:34:52,800 --> 00:35:00,750
like really clear signs that there were

694
00:34:57,659 --> 00:35:03,599
advanced civilizations prior to this

695
00:35:00,750 --> 00:35:06,929
flood but since this flood happened

696
00:35:03,599 --> 00:35:10,710
these places are now still underwater as

697
00:35:06,929 --> 00:35:12,989
we speak and they're not coming up

698
00:35:10,710 --> 00:35:17,190
anytime soon so it's going to take some

699

00:35:12,989 --> 00:35:19,409
deep-sea divers to look at what this

700

00:35:17,190 --> 00:35:22,380
civilization these these not

701

00:35:19,409 --> 00:35:26,670
civilization but civilizations consisted

702

00:35:22,380 --> 00:35:29,940
of prior to 12,000 or prior to 10,000 BC

703

00:35:26,670 --> 00:35:34,650
prior to 12,000 years ago basically and

704

00:35:29,940 --> 00:35:37,230
in fact geologically I believe a Robert

705

00:35:34,650 --> 00:35:40,559
Shaw was amongst the people who were

706

00:35:37,230 --> 00:35:43,480
able to determine pretty much within

707

00:35:40,559 --> 00:35:48,190
this span of a few years

708

00:35:43,480 --> 00:35:52,019
when this Cataclysm came about mm-hmm so

709

00:35:48,190 --> 00:35:55,480
there there very well may have been a

710

00:35:52,019 --> 00:35:57,400
civilization prior to when there

711

00:35:55,480 --> 00:36:00,699
definitely was a civilization prior to

712

00:35:57,400 --> 00:36:03,849
the Egyptians apparently now whether or

713

00:36:00,699 --> 00:36:06,279
not this was a civilization of humans we

714
00:36:03,849 --> 00:36:11,170
don't really know I mean maybe it was

715
00:36:06,280 --> 00:36:13,990
the big feet you know but it could it

716
00:36:11,170 --> 00:36:16,570
could have been but that was the first

717
00:36:13,989 --> 00:36:20,169
part the second that's my first answer

718
00:36:16,570 --> 00:36:24,630
to what you said my second answer more

719
00:36:20,170 --> 00:36:29,710
or less to you and Freeman is that I

720
00:36:24,630 --> 00:36:32,470
agree with him in so let's let's take a

721
00:36:29,710 --> 00:36:36,309
step back because I'm a big proponent of

722
00:36:32,469 --> 00:36:40,299
the idea of panspermia and that's why we

723
00:36:36,309 --> 00:36:45,599
had oh go ahead say it

724
00:36:40,300 --> 00:36:51,310
go ahead wick wick for Shangri Oh

725
00:36:45,599 --> 00:36:54,880
Chandra Wickramasinghe well no but we

726
00:36:51,309 --> 00:36:57,009
had a guest on last year who a wonderful

727
00:36:54,880 --> 00:36:59,858

gentleman oh really really nice fellow

728

00:36:57,010 --> 00:37:03,369

who was talking about sending balloons

729

00:36:59,858 --> 00:37:06,460

up and finding some some creatures that

730

00:37:03,369 --> 00:37:10,180

probably oh I was I was thinking of the

731

00:37:06,460 --> 00:37:12,670

other guy from India who was woozy

732

00:37:10,179 --> 00:37:16,329

English fellow with panspermia you know

733

00:37:12,670 --> 00:37:19,358

the astronomer Sir Fred Hoyle yeah he's

734

00:37:16,329 --> 00:37:28,659

been dead for no but came on our show we

735

00:37:19,358 --> 00:37:32,889

would have proof of life okay but but

736

00:37:28,659 --> 00:37:43,539

all right what was was okay panspermia

737

00:37:32,889 --> 00:37:49,239

but as I say I'm a big proponent of

738

00:37:43,539 --> 00:37:52,420

panspermia and I do agree with with our

739

00:37:49,239 --> 00:37:57,039

friend Freeman here when he discusses

740

00:37:52,420 --> 00:37:59,740

the idea of a similar biological entity

741

00:37:57,039 --> 00:38:04,300

coming from space it may have developed

742
00:37:59,739 --> 00:38:06,549
as I had said at on at the at the UFO

743
00:38:04,300 --> 00:38:11,110
event that they could have developed

744
00:38:06,550 --> 00:38:15,160
along similar lines but because so many

745
00:38:11,110 --> 00:38:19,349
of the things that are seen in our skies

746
00:38:15,159 --> 00:38:22,929
and so many of the experiences are

747
00:38:19,349 --> 00:38:25,029
ineffable to us in other words something

748
00:38:22,929 --> 00:38:27,399
shows up in the sky in one place and

749
00:38:25,030 --> 00:38:30,190
then turns up in the sky a second later

750
00:38:27,400 --> 00:38:34,090
a distance that couldn't be traversed by

751
00:38:30,190 --> 00:38:37,300
a terrestrial vehicle etc I am led to

752
00:38:34,090 --> 00:38:40,930
believe that perhaps some of these

753
00:38:37,300 --> 00:38:45,330
visitors are not in the same bandwidth

754
00:38:40,929 --> 00:38:47,829
as we are in other words they may be

755
00:38:45,329 --> 00:38:50,289
physical beings somewhere in the

756
00:38:47,829 --> 00:38:53,559
universe but they're they're not in the

757
00:38:50,289 --> 00:38:56,800
same small bandwidth that the human

758
00:38:53,559 --> 00:39:00,549
species has come to see and recognize

759
00:38:56,800 --> 00:39:04,510
because we see such a small little part

760
00:39:00,550 --> 00:39:07,210
of and what we see if in fact if you're

761
00:39:04,510 --> 00:39:11,520
gonna get into it isn't really what's

762
00:39:07,210 --> 00:39:15,579
there it's what our eyes interpreted as

763
00:39:11,519 --> 00:39:17,769
the reality of what is there is

764
00:39:15,579 --> 00:39:20,139
something that I'm afraid that I don't

765
00:39:17,769 --> 00:39:24,099
have the the scientific chops to

766
00:39:20,139 --> 00:39:26,969
completely discuss here but I I guess

767
00:39:24,099 --> 00:39:32,019
that we could look into it however I

768
00:39:26,969 --> 00:39:36,579
don't see any reason that if the

769
00:39:32,019 --> 00:39:39,699
entities even biological entities are

770

00:39:36,579 --> 00:39:42,699
coming from another point in space that

771
00:39:39,699 --> 00:39:46,449
they would that they would follow these

772
00:39:42,699 --> 00:39:49,239
guidelines if if they were if they were

773
00:39:46,449 --> 00:39:51,399
not on the same bandwidth because what

774
00:39:49,239 --> 00:39:54,969
would appear to us it would appear like

775
00:39:51,400 --> 00:39:58,030
magic when in fact they're just on a

776
00:39:54,969 --> 00:40:01,049
different bandwidth right well you could

777
00:39:58,030 --> 00:40:03,940
do that or you could do you could follow

778
00:40:01,050 --> 00:40:06,160
Stephen Hawking one step further and if

779
00:40:03,940 --> 00:40:08,760
technology you know back in the days of

780
00:40:06,159 --> 00:40:10,849
SETI they were trying to discover radio

781
00:40:08,760 --> 00:40:12,620
signals and then they'd realize

782
00:40:10,849 --> 00:40:14,960
it's not gonna work so they went to

783
00:40:12,619 --> 00:40:17,690
light signals while Hawking now says we

784
00:40:14,960 --> 00:40:20,449

was all developed technologies

785

00:40:17,690 --> 00:40:22,190

eventually they will hit on computers

786

00:40:20,449 --> 00:40:24,619

eventually they will had artificial

787

00:40:22,190 --> 00:40:27,050

intelligence there very well maybe I

788

00:40:24,619 --> 00:40:28,789

take over of the silicon beings of the

789

00:40:27,050 --> 00:40:30,470

artificial intelligence it may have

790

00:40:28,789 --> 00:40:32,779

happened already for all we'd know

791

00:40:30,469 --> 00:40:35,629

because they're in charge of all the

792

00:40:32,780 --> 00:40:37,130

media so they could let us they could

793

00:40:35,630 --> 00:40:40,130

tell us whatever I gotta tell us and

794

00:40:37,130 --> 00:40:43,400

we'd believe them but again with

795

00:40:40,130 --> 00:40:46,910

panspermia how hard would it be for them

796

00:40:43,400 --> 00:40:48,800

to put a little silicon chip on a tiny

797

00:40:46,909 --> 00:40:51,739

little piece of rock and send it off

798

00:40:48,800 --> 00:40:53,780

into space and a million of them and if

799

00:40:51,739 --> 00:40:56,179
they landed in the right place where DNA

800

00:40:53,780 --> 00:40:58,210
could be created they created and the

801

00:40:56,179 --> 00:41:00,589
DNA would transform into whatever

802

00:40:58,210 --> 00:41:03,380
creature would be suitable for that

803

00:41:00,590 --> 00:41:05,450
particular environment so yeah I think

804

00:41:03,380 --> 00:41:07,670
panspermia is a reality and I think it's

805

00:41:05,449 --> 00:41:12,379
the eventual outcome of a technological

806

00:41:07,670 --> 00:41:14,150
society ok but so but still you know mr.

807

00:41:12,380 --> 00:41:17,000
freeman and i would probably disagree on

808

00:41:14,150 --> 00:41:20,090
some of that too ok I know we'll get a

809

00:41:17,000 --> 00:41:24,559
letter from him is writing even now I

810

00:41:20,090 --> 00:41:28,789
hope I hope we do get a letter from yeah

811

00:41:24,559 --> 00:41:31,610
but from you too come on guys well he

812

00:41:28,789 --> 00:41:33,860
has had I don't know why but he has

813
00:41:31,610 --> 00:41:36,860
contacted me several times and he has

814
00:41:33,860 --> 00:41:42,140
some difficulty posting on our site and

815
00:41:36,860 --> 00:41:46,190
I don't know why that is the EVPs that's

816
00:41:42,139 --> 00:41:49,609
what it is it might be it might be it

817
00:41:46,190 --> 00:41:52,909
could be yeah but in any case they're

818
00:41:49,610 --> 00:41:57,230
free of them it could be going back to

819
00:41:52,909 --> 00:42:01,599
the entire discussion about why people

820
00:41:57,230 --> 00:42:06,920
should be interested in paranormal

821
00:42:01,599 --> 00:42:10,369
experiences is because it shakes up this

822
00:42:06,920 --> 00:42:13,039
very pedestrian view of reality which is

823
00:42:10,369 --> 00:42:15,469
not really boring it's boring it's

824
00:42:13,039 --> 00:42:18,980
boring but it's not really real anyway

825
00:42:15,469 --> 00:42:23,149
it's only real because we allow it to be

826
00:42:18,980 --> 00:42:24,740
and I think most people sense that I

827

00:42:23,150 --> 00:42:27,590
think they do I

828
00:42:24,739 --> 00:42:31,279
think that most people sense that

829
00:42:27,590 --> 00:42:35,059
there's something more but so many

830
00:42:31,280 --> 00:42:37,880
people are little cogs in the wheel and

831
00:42:35,059 --> 00:42:40,250
they just perform there they get up

832
00:42:37,880 --> 00:42:43,369
because the man next door gets up in the

833
00:42:40,250 --> 00:42:49,420
morning and you know they like to eat

834
00:42:43,369 --> 00:42:54,289
but there there's a tremendous amount of

835
00:42:49,420 --> 00:42:58,730
societal conformity oh yeah that is is

836
00:42:54,289 --> 00:43:01,219
that occurs and groupthink and I think

837
00:42:58,730 --> 00:43:03,469
that but that would be in tension again

838
00:43:01,219 --> 00:43:05,769
you know what you're saying is everybody

839
00:43:03,469 --> 00:43:09,169
thinks the same thing at the same time

840
00:43:05,769 --> 00:43:11,630
so it's it's group intention to to some

841
00:43:09,170 --> 00:43:15,579

extent but what is that when you get

842

00:43:11,630 --> 00:43:17,930

expelled from the group outcasts yeah

843

00:43:15,579 --> 00:43:21,829

you know the word I'm trying to think of

844

00:43:17,929 --> 00:43:30,049

like in the Amish societies yes and and

845

00:43:21,829 --> 00:43:32,150

Switzerland too but I do remember the

846

00:43:30,050 --> 00:43:36,289

name of the guy from said II from less

847

00:43:32,150 --> 00:43:38,920

time Seth shots good yeah his name will

848

00:43:36,289 --> 00:43:42,858

his name will not die in our memories

849

00:43:38,920 --> 00:43:47,500

sets szostak which is hard to say seth

850

00:43:42,858 --> 00:43:50,719

shostack some that's easy

851

00:43:47,500 --> 00:43:57,949

no not to me because you have to say

852

00:43:50,719 --> 00:43:59,989

seth shostack from SETI not sure well

853

00:43:57,949 --> 00:44:03,139

there is shunning but I was thinking of

854

00:43:59,989 --> 00:44:06,079

shunning but do something else anyway

855

00:44:03,139 --> 00:44:08,900

that that's horrible for people in a

856
00:44:06,079 --> 00:44:12,289
small community in a it is because it in

857
00:44:08,900 --> 00:44:14,119
terms of shunning that the practice of

858
00:44:12,289 --> 00:44:15,590
shunning is when the person comes you

859
00:44:14,119 --> 00:44:18,108
just turn you back to them and you just

860
00:44:15,590 --> 00:44:20,059
don't acknowledge them at all well and

861
00:44:18,108 --> 00:44:22,699
that's why there's a lot of research not

862
00:44:20,059 --> 00:44:24,230
being done in UFOs and ghosts and things

863
00:44:22,699 --> 00:44:27,108
like that because you're made out to be

864
00:44:24,230 --> 00:44:28,820
a fool for believing in things that the

865
00:44:27,108 --> 00:44:30,920
group does not believe in and so you're

866
00:44:28,820 --> 00:44:32,869
shunned by the group I would you know

867
00:44:30,920 --> 00:44:38,099
who white eagle fact I would like to get

868
00:44:32,869 --> 00:44:42,568
honest guest because his specialty is

869
00:44:38,099 --> 00:44:48,900
the bubble that is bursting the bubble

870
00:44:42,568 --> 00:44:52,829
that is groupthink and that is David

871
00:44:48,900 --> 00:44:56,190
Icke oh wow talk about bursting bubbles

872
00:44:52,829 --> 00:44:58,950
and he he has he has his own way of

873
00:44:56,190 --> 00:45:01,079
looking at things that isn't the group

874
00:44:58,949 --> 00:45:03,568
thought and I don't necessarily agree

875
00:45:01,079 --> 00:45:07,798
with everything he says but I still

876
00:45:03,568 --> 00:45:12,150
think that it is extremely prescient in

877
00:45:07,798 --> 00:45:15,028
many cases it well what he does do is

878
00:45:12,150 --> 00:45:17,099
open you up to thinking outside the

879
00:45:15,028 --> 00:45:19,369
group think I'm gonna save them outside

880
00:45:17,099 --> 00:45:22,079
the box but outside group thinking and

881
00:45:19,369 --> 00:45:25,019
he said with the blue bloods the real

882
00:45:22,079 --> 00:45:26,489
blue bloods he's a guy royal family

883
00:45:25,018 --> 00:45:28,199
actually do have blue blood because

884

00:45:26,489 --> 00:45:32,009
they're reptilians but yeah he's got

885
00:45:28,199 --> 00:45:34,798
some reptilian ideas about what's going

886
00:45:32,009 --> 00:45:37,228
on but I don't think that's the main

887
00:45:34,798 --> 00:45:43,639
thesis of what he's talking about today

888
00:45:37,228 --> 00:45:48,149
which is more about not accepting the

889
00:45:43,639 --> 00:45:51,298
the common group reality and that if you

890
00:45:48,150 --> 00:45:53,608
begin to be aware that there's something

891
00:45:51,298 --> 00:45:56,309
else then things start to happen which

892
00:45:53,608 --> 00:45:59,009
is something that we we would have dealt

893
00:45:56,309 --> 00:46:01,499
with today with mister seal I suspect

894
00:45:59,009 --> 00:46:06,179
but then you get into the idea that

895
00:46:01,498 --> 00:46:09,328
perhaps adjust the human mind alone can

896
00:46:06,179 --> 00:46:11,989
create a Tulpa that's what you said the

897
00:46:09,329 --> 00:46:14,700
intention the intention and and we go to

898
00:46:11,989 --> 00:46:17,269

something which I believe was called the

899

00:46:14,699 --> 00:46:20,429
skull field experiments where they

900

00:46:17,268 --> 00:46:22,858
invented this character whose name I

901

00:46:20,429 --> 00:46:24,719
think was Patrick I could be wrong about

902

00:46:22,858 --> 00:46:26,998
this somebody will have to correct me

903

00:46:24,719 --> 00:46:30,539
since I'm not speaking from notes here

904

00:46:26,998 --> 00:46:33,838
today but they created this this

905

00:46:30,539 --> 00:46:37,140
fictional character that lived in a past

906

00:46:33,838 --> 00:46:39,929
time and the the character began to

907

00:46:37,139 --> 00:46:42,719
answer them on the Ouija board and they

908

00:46:39,929 --> 00:46:46,318
began to get answers from this character

909

00:46:42,719 --> 00:46:51,568
that didn't exist prior to they made him

910

00:46:46,318 --> 00:46:54,058
up okay and and then he took on

911

00:46:51,568 --> 00:46:58,798
a personality of his own and continued

912

00:46:54,059 --> 00:47:03,028
to exist on some level yeah and a woman

913
00:46:58,798 --> 00:47:05,309
traveling in India may be in the 20s she

914
00:47:03,028 --> 00:47:10,798
created Tulpa too and this is something

915
00:47:05,309 --> 00:47:13,670
that is known about in Tibetan and

916
00:47:10,798 --> 00:47:16,349
Indian mysticism that you can create a

917
00:47:13,670 --> 00:47:18,989
being and if you think about it if you

918
00:47:16,349 --> 00:47:21,660
would ever scare it as a child in your

919
00:47:18,989 --> 00:47:23,818
room alone at night and you began to see

920
00:47:21,659 --> 00:47:26,998
something coming out from underneath

921
00:47:23,818 --> 00:47:30,239
your closet and could be very real to

922
00:47:26,998 --> 00:47:32,429
you and and then if it's real enough but

923
00:47:30,239 --> 00:47:34,858
perhaps you know your little brother can

924
00:47:32,429 --> 00:47:37,440
see it too yeah yeah no definitely

925
00:47:34,858 --> 00:47:38,548
didn't we have a kiss on young lady I

926
00:47:37,440 --> 00:47:41,729
forget her name now

927
00:47:38,548 --> 00:47:46,159
oh she was traveling I was her aunt or

928
00:47:41,728 --> 00:47:49,018
something to a temple and she was cured

929
00:47:46,159 --> 00:47:50,548
okay I forget I'd forgotten that but I

930
00:47:49,018 --> 00:47:56,208
think she had something of a tough

931
00:47:50,548 --> 00:47:58,829
experience too but well so what about

932
00:47:56,208 --> 00:47:59,419
Bigfoot would you want to see one do you

933
00:47:58,829 --> 00:48:04,079
care

934
00:47:59,420 --> 00:48:04,469
um I don't know if I would want to see

935
00:48:04,079 --> 00:48:08,430
one

936
00:48:04,469 --> 00:48:10,889
I'll don't it's not high on my priorities

937
00:48:08,429 --> 00:48:13,649
list of things I want to do because I

938
00:48:10,889 --> 00:48:15,509
don't I don't know how dangerous Bigfoot

939
00:48:13,650 --> 00:48:18,028
might be I don't think at all

940
00:48:15,509 --> 00:48:20,130
I knew I just never been any stories of

941

00:48:18,028 --> 00:48:22,858
him harming well look I mean for example

942
00:48:20,130 --> 00:48:25,380
I live in a very busy busy road in

943
00:48:22,858 --> 00:48:27,478
suburbia okay I looked out my window and

944
00:48:25,380 --> 00:48:29,249
I saw a bear up a tree and I know he's

945
00:48:27,478 --> 00:48:31,679
America's the dog was barking at it

946
00:48:29,248 --> 00:48:33,629
it was so cute and he was loose all

947
00:48:31,679 --> 00:48:36,118
throughout the town and the police

948
00:48:33,630 --> 00:48:39,568
eventually sort of anesthetized him and

949
00:48:36,119 --> 00:48:41,130
let him loose in the park but that was

950
00:48:39,568 --> 00:48:45,599
about as close as I'd like to see

951
00:48:41,130 --> 00:48:47,969
Bigfoot okay well put in and ordered for

952
00:48:45,599 --> 00:48:56,430
you to see Bigfoot up a tree okay so

953
00:48:47,969 --> 00:48:57,719
where it can't get you in with a lot of

954
00:48:56,429 --> 00:49:00,118
people who are seeing a lot of things

955
00:48:57,719 --> 00:49:04,108

pretty soon then you know but all right

956

00:49:00,119 --> 00:49:05,000

well what but what else do what other

957

00:49:04,108 --> 00:49:07,519

cryptids

958

00:49:05,000 --> 00:49:08,869

there well should we bring bill into the

959

00:49:07,519 --> 00:49:12,409

conversation yeah we should

960

00:49:08,869 --> 00:49:15,049

oh no no look you so shy all right we'll

961

00:49:12,409 --> 00:49:19,549

just say what he saw yes yes which is a

962

00:49:15,050 --> 00:49:22,390

flesh covered bird bill yeah yeah and

963

00:49:19,550 --> 00:49:26,180

where'd you see it where did you see it

964

00:49:22,389 --> 00:49:27,710

behind w-what was it up like really up a

965

00:49:26,179 --> 00:49:28,210

little bit north like in the Hudson

966

00:49:27,710 --> 00:49:32,539

Valley

967

00:49:28,210 --> 00:49:39,980

no Alpine oh yeah in Alpine New Jersey

968

00:49:32,539 --> 00:49:42,079

hmm on Route 9 w you saw a bird that had

969

00:49:39,980 --> 00:49:47,119

flesh instead of feathers and it was

970
00:49:42,079 --> 00:49:51,319
orange you say well it's interesting how

971
00:49:47,119 --> 00:49:55,429
large a bird was it like Eagle Robin a

972
00:49:51,320 --> 00:50:05,050
hawk hawk sighs yeah did it have a face

973
00:49:55,429 --> 00:50:09,169
that you remember like a beaker it had a

974
00:50:05,050 --> 00:50:11,960
face of of a mammal a mammalian face you

975
00:50:09,170 --> 00:50:13,909
would say hmm interesting

976
00:50:11,960 --> 00:50:15,920
but see that's what I mean by anomalous

977
00:50:13,909 --> 00:50:18,170
you saw it it was there well what the

978
00:50:15,920 --> 00:50:20,360
hell did I what is it you know I mean

979
00:50:18,170 --> 00:50:30,639
there's no real answer no and you'll

980
00:50:20,360 --> 00:50:33,620
never know you'll never know yeah yeah

981
00:50:30,639 --> 00:50:36,679
but don't you find two anomalous events

982
00:50:33,619 --> 00:50:39,619
stay in your mind and I mean they hit

983
00:50:36,679 --> 00:50:42,769
you well not right exactly but it hits

984
00:50:39,619 --> 00:50:44,989
you immediately this is not not what we

985
00:50:42,769 --> 00:50:47,119
consider normal that it's outside the

986
00:50:44,989 --> 00:50:53,419
range of events that we typically would

987
00:50:47,119 --> 00:51:00,980
see a strange vibe that's what I mean

988
00:50:53,420 --> 00:51:02,750
you do Moraine things sort of draw you

989
00:51:00,980 --> 00:51:04,849
into them before you actually see them

990
00:51:02,750 --> 00:51:06,739
it's almost like a lot of sightings and

991
00:51:04,849 --> 00:51:08,809
UFOs first you get the feeling that

992
00:51:06,739 --> 00:51:11,319
something's there then you look and then

993
00:51:08,809 --> 00:51:11,320
you see it

994
00:51:13,019 --> 00:51:18,920
[Music]

995
00:51:14,380 --> 00:51:21,680
right looking at that particular thing

996
00:51:18,920 --> 00:51:24,259
at that spot yeah well I remember

997
00:51:21,679 --> 00:51:28,338
driving here less than half a year ago

998

00:51:24,259 --> 00:51:32,329
and seeing a flock of wild turkey some

999
00:51:28,338 --> 00:51:35,778
of which were huge they were huge and I

1000
00:51:32,329 --> 00:51:37,940
thought this was - this was a really big

1001
00:51:35,778 --> 00:51:40,670
group of wild turkeys I'd seen them

1002
00:51:37,940 --> 00:51:44,269
prior to that but let's go back to birds

1003
00:51:40,670 --> 00:51:48,499
for a minute and speak to the idea that

1004
00:51:44,268 --> 00:51:51,139
many people see birds that are not

1005
00:51:48,498 --> 00:51:54,048
necessarily anomalous birds in that that

1006
00:51:51,139 --> 00:51:58,699
their regular Robins are Hawks or

1007
00:51:54,048 --> 00:52:02,349
whatever but in in conjunction with the

1008
00:51:58,699 --> 00:52:05,960
loss of of life and that sometimes

1009
00:52:02,349 --> 00:52:08,568
people see Birds after their loved ones

1010
00:52:05,960 --> 00:52:11,449
have died and the bird will try to get

1011
00:52:08,568 --> 00:52:15,619
in the window or behave in a way that

1012
00:52:11,449 --> 00:52:17,868

our birds don't usually behave not you

1013

00:52:15,619 --> 00:52:20,150

know really like they're from from

1014

00:52:17,869 --> 00:52:21,769

another planet or encrypted or something

1015

00:52:20,150 --> 00:52:29,119

but these are regular birds and they

1016

00:52:21,768 --> 00:52:33,889

behave in unusual ways to display some

1017

00:52:29,119 --> 00:52:37,999

kind of a contact from The Departed when

1018

00:52:33,889 --> 00:52:39,528

I was disposing of my parents ashes in

1019

00:52:37,998 --> 00:52:44,629

several different places

1020

00:52:39,528 --> 00:52:46,818

I saw pairs of ducks that that came by

1021

00:52:44,630 --> 00:52:49,700

in in in different places where you

1022

00:52:46,818 --> 00:52:53,900

would not expect to see pairs of ducks

1023

00:52:49,699 --> 00:52:58,189

and so that was kind of meaningful to me

1024

00:52:53,900 --> 00:53:02,749

but I hear this over and over again from

1025

00:52:58,190 --> 00:53:07,940

clients that Birds show up and frankly I

1026

00:53:02,748 --> 00:53:13,129

saw a huge flock of crows descend upon a

1027
00:53:07,940 --> 00:53:16,608
yard where a woman was very sick in the

1028
00:53:13,130 --> 00:53:19,849
home and the next day she was she was

1029
00:53:16,608 --> 00:53:21,440
deceased and I don't know if one thing

1030
00:53:19,849 --> 00:53:23,210
had anything to do with the other and

1031
00:53:21,440 --> 00:53:25,760
I'm not going to make that

1032
00:53:23,210 --> 00:53:28,789
well there was the cat in the nursing

1033
00:53:25,760 --> 00:53:33,140
home that time to remember that every it

1034
00:53:28,789 --> 00:53:35,869
was an assisted-living hospice type

1035
00:53:33,139 --> 00:53:38,118
situation and when one of the patients

1036
00:53:35,869 --> 00:53:42,079
or the the people residents would

1037
00:53:38,119 --> 00:53:44,269
suddenly show up all of a sudden his cat

1038
00:53:42,079 --> 00:53:45,949
would be found sitting on its lap and

1039
00:53:44,269 --> 00:53:47,840
the next day that person would be gone

1040
00:53:45,949 --> 00:53:50,419
so there must have been a sense that the

1041
00:53:47,840 --> 00:53:52,519
cat was picking up - yeah and it's hard

1042
00:53:50,420 --> 00:53:56,630
to say I mean people have surmised about

1043
00:53:52,519 --> 00:53:58,670
that that in like I don't know necropsy

1044
00:53:56,630 --> 00:54:01,070
may not be the right word you would know

1045
00:53:58,670 --> 00:54:04,070
better than me but when the body is

1046
00:54:01,070 --> 00:54:08,510
undergoing the dying process that it may

1047
00:54:04,070 --> 00:54:12,050
exude a a smell that is undetermined to

1048
00:54:08,510 --> 00:54:14,119
us we can smell it as readily as as an

1049
00:54:12,050 --> 00:54:18,100
animal might and that the cat might have

1050
00:54:14,119 --> 00:54:21,440
been picking up on some kind of ethereal

1051
00:54:18,099 --> 00:54:23,358
reaction yeah and as opposed to the cat

1052
00:54:21,440 --> 00:54:25,280
simply having a ESP which of course is

1053
00:54:23,358 --> 00:54:26,239
equally possible as far as I'm concerned

1054
00:54:25,280 --> 00:54:31,430
well yeah

1055

00:54:26,239 --> 00:54:35,000
very possible well do we sort of fill in

1056
00:54:31,429 --> 00:54:36,829
the spaces here yeah oh okay all right

1057
00:54:35,000 --> 00:54:39,650
okay we got another six minutes okay

1058
00:54:36,829 --> 00:54:43,179
well let me see what some other favorite

1059
00:54:39,650 --> 00:54:48,099
supernatural topics that we can smash

1060
00:54:43,179 --> 00:54:52,549
hmm all this UFOs is cryptology what we

1061
00:54:48,099 --> 00:54:54,618
haven't we haven't weighed in on well

1062
00:54:52,550 --> 00:54:57,500
this week because there is one topic

1063
00:54:54,619 --> 00:55:00,470
which is very much on everyone's mind

1064
00:54:57,500 --> 00:55:03,349
right now what's going to happen with

1065
00:55:00,469 --> 00:55:05,929
this to the Stars Academy what's going

1066
00:55:03,349 --> 00:55:09,019
to happen with Leslie Kane's adventures

1067
00:55:05,929 --> 00:55:11,210
with the New York Times and when is the

1068
00:55:09,019 --> 00:55:13,880
other shoe going to fall mm-hmm

1069
00:55:11,210 --> 00:55:15,829

as far as government disclosure well it

1070

00:55:13,880 --> 00:55:23,510

that everybody's promising you know I

1071

00:55:15,829 --> 00:55:30,319

mean I'm not hopeful Toph and Louis

1072

00:55:23,510 --> 00:55:33,020

Elizondo and Link what's his name Tom

1073

00:55:30,320 --> 00:55:35,510

DeLonge and Leslie Kane and all these

1074

00:55:33,019 --> 00:55:36,199

characters I hope I hope that the next

1075

00:55:35,510 --> 00:55:37,910

shoot

1076

00:55:36,199 --> 00:55:39,739

drop because I'm waiting I don't know

1077

00:55:37,909 --> 00:55:42,348

about you are you waiting yeah I'd love

1078

00:55:39,739 --> 00:55:44,000

to know I you know I honestly I told you

1079

00:55:42,349 --> 00:55:45,920

I think is I don't think the government

1080

00:55:44,000 --> 00:55:50,530

has anything to disclose because I think

1081

00:55:45,920 --> 00:55:56,838

they're as much in the dark as we are I

1082

00:55:50,530 --> 00:55:59,570

just don't think I don't know well what

1083

00:55:56,838 --> 00:56:06,949

does what is it that Bob Bigelow claims

1084
00:55:59,570 --> 00:56:10,160
he has these metallic pieces pieces yeah

1085
00:56:06,949 --> 00:56:12,489
what that's that's the one that's the

1086
00:56:10,159 --> 00:56:16,578
one outlier here because everything else

1087
00:56:12,489 --> 00:56:20,029
fits within the paradigm which we've

1088
00:56:16,579 --> 00:56:25,250
seen UFOs before they move in anomalous

1089
00:56:20,030 --> 00:56:26,720
ways they well if they were alien they

1090
00:56:25,250 --> 00:56:29,780
came from another planet are they

1091
00:56:26,719 --> 00:56:34,129
actually going to use metal you know it

1092
00:56:29,780 --> 00:56:36,050
just does I mean yes no I mean it just

1093
00:56:34,130 --> 00:56:38,510
doesn't ring true I'm sorry it's just

1094
00:56:36,050 --> 00:56:41,630
something I wish I could explain it

1095
00:56:38,510 --> 00:56:44,390
better but it just there's just

1096
00:56:41,630 --> 00:56:46,338
something missing in that equation the

1097
00:56:44,389 --> 00:56:49,039
other thing too as far as Bigelow goes

1098
00:56:46,338 --> 00:56:51,588
he's definitely interested in it as is

1099
00:56:49,039 --> 00:56:54,050
Elon Musk I'm sure because there have

1100
00:56:51,588 --> 00:56:56,989
been proven forms of propulsion that are

1101
00:56:54,050 --> 00:56:59,359
far out outweigh anything that we have

1102
00:56:56,989 --> 00:57:01,969
regardless of whether they're alien or

1103
00:56:59,358 --> 00:57:04,250
another civilization or whatever but

1104
00:57:01,969 --> 00:57:04,519
lord knows I mean there's something out

1105
00:57:04,250 --> 00:57:08,139
there

1106
00:57:04,519 --> 00:57:08,139
what are you looking at the window for

1107
00:57:09,818 --> 00:57:17,059
no I you know there that what I find

1108
00:57:12,920 --> 00:57:20,720
interesting about the the possible metal

1109
00:57:17,059 --> 00:57:27,409
pieces and so forth is that there have

1110
00:57:20,719 --> 00:57:31,939
been reports of kind of things left

1111
00:57:27,409 --> 00:57:35,509
behind that involve certain isotopes of

1112

00:57:31,940 --> 00:57:38,030
metals including large amounts I believe

1113
00:57:35,510 --> 00:57:39,890
now somebody's gonna slap me down for

1114
00:57:38,030 --> 00:57:42,470
this because I'm you know I'm not

1115
00:57:39,889 --> 00:57:45,559
speaking scientifically but certain

1116
00:57:42,469 --> 00:57:47,539
isotopes of metals that contain unusual

1117
00:57:45,559 --> 00:57:49,818
amounts of magnesium in that and

1118
00:57:47,539 --> 00:57:53,690
isotopes of metals not found

1119
00:57:49,818 --> 00:57:58,548
the earth etc etc so since these things

1120
00:57:53,690 --> 00:58:00,858
exist and people have reported them and

1121
00:57:58,548 --> 00:58:03,728
taken them to the lab for analysis and

1122
00:58:00,858 --> 00:58:06,588
so forth and no one's come up with a

1123
00:58:03,728 --> 00:58:08,118
sourcing for this but you know if

1124
00:58:06,588 --> 00:58:10,130
they're so advanced how come there's so

1125
00:58:08,119 --> 00:58:12,349
many crashes I mean we're just bad

1126
00:58:10,130 --> 00:58:15,680

drivers I'm glad that's something else

1127

00:58:12,349 --> 00:58:17,869

that's you know it's that begs the

1128

00:58:15,679 --> 00:58:20,389

imagination all these crashes I don't I

1129

00:58:17,869 --> 00:58:22,459

don't get it I don't get it either you

1130

00:58:20,389 --> 00:58:25,458

come across the universe to come here

1131

00:58:22,458 --> 00:58:28,429

yeah and and and get baffled by you know

1132

00:58:25,458 --> 00:58:32,149

rudimentary radar yeah and it sounds

1133

00:58:28,429 --> 00:58:34,399

like you know they hear what a 40 model

1134

00:58:32,150 --> 00:58:35,568

something or other no that's why I said

1135

00:58:34,400 --> 00:58:37,880

there's something that doesn't add up

1136

00:58:35,568 --> 00:58:39,469

there which is why I think they come

1137

00:58:37,880 --> 00:58:43,099

from this planet where it would make

1138

00:58:39,469 --> 00:58:45,849

sense that they would then have metal

1139

00:58:43,099 --> 00:58:49,068

craft with different propulsions but I

1140

00:58:45,849 --> 00:58:51,859

and they might and it could exist in a

1141
00:58:49,068 --> 00:58:54,858
different bandwidth somehow which would

1142
00:58:51,858 --> 00:58:57,318
explain why they go over these these

1143
00:58:54,858 --> 00:59:00,139
nuclear weapon sites and shut down the

1144
00:58:57,318 --> 00:59:03,170
the missiles and so forth well there was

1145
00:59:00,139 --> 00:59:04,818
always that one up here in rocky rocky

1146
00:59:03,170 --> 00:59:09,499
woods that went on the Hudson the

1147
00:59:04,818 --> 00:59:11,748
nuclear power plant point Indian point

1148
00:59:09,498 --> 00:59:14,389
and the end point yeah where the one guy

1149
00:59:11,748 --> 00:59:16,308
was so freaked out because he swears up

1150
00:59:14,389 --> 00:59:18,679
and down that is is a responsible man

1151
00:59:16,309 --> 00:59:20,989
that an alien came right through the

1152
00:59:18,679 --> 00:59:23,088
wall and told him to shut it down a

1153
00:59:20,989 --> 00:59:26,298
little when the little grey ones you

1154
00:59:23,088 --> 00:59:30,380
know I mean the man was left somewhat

1155
00:59:26,298 --> 00:59:32,509
shaken well one has to wonder if you

1156
00:59:30,380 --> 00:59:34,999
have an experience like that I mean just

1157
00:59:32,509 --> 00:59:38,869
taking it on face value yeah absolutely

1158
00:59:34,998 --> 00:59:41,689
believe it this is going to destroy your

1159
00:59:38,869 --> 00:59:45,140
mind hmm on a certain level it's gonna

1160
00:59:41,690 --> 00:59:47,179
destroy your the way you see the world

1161
00:59:45,139 --> 00:59:49,489
but it's also going to destroy your

1162
00:59:47,179 --> 00:59:51,828
mentation world like some time to come

1163
00:59:49,489 --> 01:00:02,869
yeah he did yeah he was not a happy guy

1164
00:59:51,829 --> 01:00:03,200
after that they put him on leave but you

1165
01:00:02,869 --> 01:00:05,088
know

1166
01:00:03,199 --> 01:00:08,210
I'm pretty sure the man saw something

1167
01:00:05,088 --> 01:00:10,670
like that and so okay so then you as a

1168
01:00:08,210 --> 01:00:13,400
person which is why we want you to write

1169

01:00:10,670 --> 01:00:15,800
in as a person you would then have to

1170
01:00:13,400 --> 01:00:19,130
rethink your whole reality and not just

1171
01:00:15,800 --> 01:00:22,369
you but your neighbors you know the

1172
01:00:19,130 --> 01:00:25,338
local newspapers everyone would have to

1173
01:00:22,369 --> 01:00:29,269
go back and say oh maybe aliens do exist

1174
01:00:25,338 --> 01:00:32,358
oh oh well then we have to reset our

1175
01:00:29,269 --> 01:00:35,389
whole view it must have been like the

1176
01:00:32,358 --> 01:00:37,989
people around Copernicus you know oh oh

1177
01:00:35,389 --> 01:00:40,519
you mean we do revolve around the Sun oh

1178
01:00:37,989 --> 01:00:43,279
crap now we've got to go back and redo

1179
01:00:40,519 --> 01:00:45,829
all these books and stuff you know so I

1180
01:00:43,280 --> 01:00:48,440
think that's another reason you know

1181
01:00:45,829 --> 01:00:51,260
you're right it's like societies think

1182
01:00:48,440 --> 01:00:55,010
well III think the reason why I

1183
01:00:51,260 --> 01:00:58,490

personally got into the businesses that

1184

01:00:55,010 --> 01:01:00,920

I've been in and doing this is because I

1185

01:00:58,489 --> 01:01:04,358

never really and this is going to sound

1186

01:01:00,920 --> 01:01:09,500

like I ought to be committed but I never

1187

01:01:04,358 --> 01:01:12,289

I never really had a strong grasp of

1188

01:01:09,500 --> 01:01:14,989

reality I was always expecting something

1189

01:01:12,289 --> 01:01:16,550

to occur like I was always expecting the

1190

01:01:14,989 --> 01:01:19,039

guy to come walking through the wall

1191

01:01:16,550 --> 01:01:21,589

really even as a child I mean I didn't I

1192

01:01:19,039 --> 01:01:24,588

didn't have faith in reality and I

1193

01:01:21,588 --> 01:01:26,659

didn't have any overwhelming reason not

1194

01:01:24,588 --> 01:01:29,900

to have faith in reality I mean I got up

1195

01:01:26,659 --> 01:01:32,568

in the morning I ate my Cheerios I went

1196

01:01:29,900 --> 01:01:34,519

to grammar school you know public school

1197

01:01:32,568 --> 01:01:37,429

everything that everybody else did but I

1198
01:01:34,519 --> 01:01:40,369
didn't have a real faith that the Sun

1199
01:01:37,429 --> 01:01:42,679
was gonna rise tomorrow basically I was

1200
01:01:40,369 --> 01:01:45,519
expecting at all times the hand to come

1201
01:01:42,679 --> 01:01:51,230
through the Warley yeah and and that's

1202
01:01:45,519 --> 01:01:53,900
that's just my my own little no no I

1203
01:01:51,230 --> 01:01:56,240
didn't have that feeling no this was me

1204
01:01:53,900 --> 01:02:00,108
well throughout my life never really

1205
01:01:56,239 --> 01:02:02,989
trusted the three the three or four D

1206
01:02:00,108 --> 01:02:04,818
reality I can't explain to you why well

1207
01:02:02,989 --> 01:02:06,618
maybe you had a vision of it you know

1208
01:02:04,818 --> 01:02:08,838
you keep harping about this other

1209
01:02:06,619 --> 01:02:10,730
dimension I keep telling you that it's a

1210
01:02:08,838 --> 01:02:12,588
mathematical construct there are no

1211
01:02:10,730 --> 01:02:14,539
other dimensions but I know what you

1212
01:02:12,588 --> 01:02:16,219
mean you don't mean the actual dimension

1213
01:02:14,539 --> 01:02:18,710
you just mean a different

1214
01:02:16,219 --> 01:02:20,899
I'm in place it coexists say there are

1215
01:02:18,710 --> 01:02:26,000
no other dimensions but well I don't

1216
01:02:20,900 --> 01:02:29,090
know no I know which yeah semantics with

1217
01:02:26,000 --> 01:02:31,940
us yes it's a semantic thing I I think

1218
01:02:29,090 --> 01:02:35,900
that there are just so many realities so

1219
01:02:31,940 --> 01:02:39,320
many coexisting reality's most of which

1220
01:02:35,900 --> 01:02:42,590
we are not aware of on a daily life and

1221
01:02:39,320 --> 01:02:45,230
whether I you know was a little more

1222
01:02:42,590 --> 01:02:47,539
aware as a child my father certainly was

1223
01:02:45,230 --> 01:02:51,050
in that category so maybe it's a

1224
01:02:47,539 --> 01:02:53,719
familial thing and he never he never had

1225
01:02:51,050 --> 01:02:55,609
a real strong grasp but this for the

1226

01:02:53,719 --> 01:02:58,909
reality though we he worked his whole

1227
01:02:55,608 --> 01:03:02,690
life you know yeah blue-collar worker

1228
01:02:58,909 --> 01:03:04,848
and you know basically doing engineer

1229
01:03:02,690 --> 01:03:08,030
forms well within this dimension yes he

1230
01:03:04,849 --> 01:03:10,390
did engineering type work and you know

1231
01:03:08,030 --> 01:03:13,369
was straight pretty straightforward but

1232
01:03:10,389 --> 01:03:17,239
yet did not have a great deal of faith

1233
01:03:13,369 --> 01:03:19,880
in well just just what we say to is like

1234
01:03:17,239 --> 01:03:21,739
you know ESP and so on like certain

1235
01:03:19,880 --> 01:03:24,019
people have different antennas to pick

1236
01:03:21,739 --> 01:03:26,059
up different things and maybe you have

1237
01:03:24,019 --> 01:03:27,469
an antenna that you know sort of picks

1238
01:03:26,059 --> 01:03:37,299
up signals from these other realities

1239
01:03:27,469 --> 01:03:41,629
from time to time yes maybe in any case

1240
01:03:37,300 --> 01:03:45,680

we here at shattered reality would love

1241

01:03:41,630 --> 01:03:49,070

for you to write in and suggest guests

1242

01:03:45,679 --> 01:03:51,909

that you might like to see generally

1243

01:03:49,070 --> 01:03:55,609

speaking we do not interview claimants

1244

01:03:51,909 --> 01:04:00,039

that is people that claim strange powers

1245

01:03:55,608 --> 01:04:02,838

unless that's been demonstrated to us

1246

01:04:00,039 --> 01:04:05,690

by and large we do not interview

1247

01:04:02,838 --> 01:04:08,320

claimants other than that we are very

1248

01:04:05,690 --> 01:04:12,829

interested in people who are studying

1249

01:04:08,320 --> 01:04:15,800

anomalous phenomena of all sorts and we

1250

01:04:12,829 --> 01:04:19,219

would like to hear from you

1251

01:04:15,800 --> 01:04:23,660

perhaps some guests suggestions some

1252

01:04:19,219 --> 01:04:26,539

thoughts on our shows we do have a

1253

01:04:23,659 --> 01:04:29,629

variety of ways to get in touch with us

1254

01:04:26,539 --> 01:04:33,139

including our face

1255
01:04:29,630 --> 01:04:36,670
book page which is shattered reality

1256
01:04:33,139 --> 01:04:40,518
podcast and it's listed under the radio

1257
01:04:36,670 --> 01:04:45,670
heading in face book it so it's under

1258
01:04:40,518 --> 01:04:49,278
radio in addition we have two websites

1259
01:04:45,670 --> 01:04:53,028
one of which is shattered reality

1260
01:04:49,278 --> 01:04:56,690
podcast wordpress.com the other is

1261
01:04:53,028 --> 01:05:01,608
shattered reality podcast calm we have a

1262
01:04:56,690 --> 01:05:05,480
number of our shows up on iTunes and

1263
01:05:01,608 --> 01:05:09,469
also on YouTube and we are adding more

1264
01:05:05,480 --> 01:05:13,759
every week and once again we would like

1265
01:05:09,469 --> 01:05:16,669
to send our best healthy greetings to

1266
01:05:13,759 --> 01:05:19,298
mister Avril seal whatever has occurred

1267
01:05:16,670 --> 01:05:24,349
to him today and extend an invitation

1268
01:05:19,298 --> 01:05:26,150
for him to come back in the future so do

1269
01:05:24,349 --> 01:05:28,579
you have anything else to say there Kate

1270
01:05:26,150 --> 01:05:30,528
no I I think that sort of why wraps it

1271
01:05:28,579 --> 01:05:32,960
up very nicely except I would also like

1272
01:05:30,528 --> 01:05:34,150
to extend my best wishes as well to mr.

1273
01:05:32,960 --> 01:05:36,949
seal okay

1274
01:05:34,150 --> 01:05:41,990
anything anything from your corner there

1275
01:05:36,949 --> 01:05:49,239
mr. bill get over there so I guess that

1276
01:05:41,989 --> 01:05:49,239
means goodbye from shattered reality

1277
01:05:55,730 --> 01:05:59,380
[Music]

1278
01:06:12,119 --> 01:06:14,179
you
