skeptic amp it's the welcome return of

15
00:01:06,519 --> 00:01:10,929
the think tank yes it's been a long time

16
00:01:09,010 --> 00:01:13,510
since we've had a think tank it's back

17
00:01:10,930 --> 00:01:16,630
again joining us this week on the think

18
00:01:13,510 --> 00:01:20,380
tank our doctor a chi mei none of course

19
00:01:16,629 --> 00:01:23,219
and jason brown right from his great

20
00:01:20,379 --> 00:01:25,509
success from organizing skeptic camp

21
00:01:23,219 --> 00:01:28,150
thank you to those people who have

22
00:01:25,510 --> 00:01:31,390
written to me wishing me well i'm almost

23
00:01:28,150 --> 00:01:34,359
better it's as one of these rotten cold

24
00:01:31,390 --> 00:01:36,460
sort of things that more or less over in

25
00:01:34,359 --> 00:01:40,299
a week and then just decides to hang

26
00:01:36,459 --> 00:01:42,759
around for a while yeah so i'm almost

27
00:01:40,299 --> 00:01:45,700
almost there almost better it must build

28
00:01:42,760 --> 00:01:48,790
that echinacea and psychic vibrations

29

00:01:45,700 --> 00:01:50,980
i've been getting lately well as i look

30
00:01:48,790 --> 00:01:56,700
at my calendar i see that it's scarcely

31
00:01:50,980 --> 00:01:59,560
a week to go before the end of the world

32
00:01:56,700 --> 00:02:02,320
there's a funny people in America family

33
00:01:59,560 --> 00:02:05,260
radio you know I was driving today in

34
00:02:02,319 --> 00:02:07,269
Sydney out along Parramatta Road which

35
00:02:05,260 --> 00:02:13,000
is the major artery out of the city

36
00:02:07,269 --> 00:02:15,430
heading west and stagger me there's a

37
00:02:13,000 --> 00:02:18,030
giant billboard from these people saying

38
00:02:15,430 --> 00:02:21,510
twenty first of may end of the world

39
00:02:18,030 --> 00:02:25,740
return of Jesus Christ or whatever they

40
00:02:21,509 --> 00:02:27,419
think wow I mean isn't the same in your

41
00:02:25,740 --> 00:02:28,560
city if you live in a major city around

42
00:02:27,419 --> 00:02:31,169
the world are they have billboards

43
00:02:28,560 --> 00:02:34,349

popping up from these people where the

44

00:02:31,169 --> 00:02:36,238

hell are they getting the money from Wow

45

00:02:34,349 --> 00:02:38,789

and what a waste the money it is too

46

00:02:36,239 --> 00:02:42,209

terrible if the world really will end on

47

00:02:38,789 --> 00:02:45,959

the twenty first of May then this is the

48

00:02:42,209 --> 00:02:49,110

second last skeptic zoned this is a bit

49

00:02:45,959 --> 00:02:51,719

of a worry hmm but it make next week's

50

00:02:49,110 --> 00:02:52,980

show really good yeah I look to it I'm

51

00:02:51,719 --> 00:02:54,840

gonna go away and think of that I'm

52

00:02:52,979 --> 00:02:57,449

going to have some nice tea and honey to

53

00:02:54,840 --> 00:03:02,420

soothe my voice and i'll let you enjoy

54

00:02:57,449 --> 00:03:02,419

this second last skeptics

55

00:03:04,030 --> 00:03:06,060

Oh

56

00:03:14,479 --> 00:03:21,429

here's my not spooky action at a

57

00:03:18,889 --> 00:03:21,429

distance

58
00:03:22,408 --> 00:03:38,108
welcome to skeptic am Sydney 2011 ever

59
00:03:30,818 --> 00:03:41,619
get to camp Australia look in here we

60
00:03:38,109 --> 00:03:43,689
are i'm here with alan conradi and que

61
00:03:41,620 --> 00:03:44,859
tal way now now we're just all looking

62
00:03:43,688 --> 00:03:47,289
at what's going to be on this afternoon

63
00:03:44,859 --> 00:03:49,389
after lunch and it's pretty hard to

64
00:03:47,289 --> 00:03:51,400
choose in it yes it is there's a lot

65
00:03:49,389 --> 00:03:56,409
going on well what's looking good to you

66
00:03:51,400 --> 00:03:58,900
just at the moment ah well introducing

67
00:03:56,408 --> 00:04:00,938
women to skepticism and how do we solve

68
00:03:58,900 --> 00:04:04,419
a problem like that but that looks good

69
00:04:00,938 --> 00:04:06,188
and think about it like a musical yes

70
00:04:04,419 --> 00:04:08,409
and there's little musical notes written

71
00:04:06,188 --> 00:04:10,509
on the photo posted note but I think

72
00:04:08,408 --> 00:04:13,750
though the question is quite serious

73
00:04:10,509 --> 00:04:15,548
really pretty good that that's been very

74
00:04:13,750 --> 00:04:17,139
serious it like would you be asking

75
00:04:15,549 --> 00:04:18,340
questions at that one and now you're the

76
00:04:17,139 --> 00:04:19,989
kind of person is going to be asking

77
00:04:18,339 --> 00:04:21,969
questions at the end of most of lectures

78
00:04:19,988 --> 00:04:24,429
are seeing today

79
00:04:21,970 --> 00:04:27,370
I haven't actually been asking questions

80
00:04:24,430 --> 00:04:30,430
of this I'm really from more the Atheist

81
00:04:27,370 --> 00:04:33,250
movement the skeptics movement and it's

82
00:04:30,430 --> 00:04:36,490
all quite similar there's the things

83
00:04:33,250 --> 00:04:39,430
that are a bit new for me so what would

84
00:04:36,490 --> 00:04:41,889
you be an anti fears would be described

85
00:04:39,430 --> 00:04:43,449
as that I could be described as a whole

86

00:04:41,889 --> 00:04:46,300
lot of things but we probably need three

87
00:04:43,449 --> 00:04:48,459
hours to discuss it fully maybe it does

88
00:04:46,300 --> 00:04:50,199
well enough for me I will stand by the

89
00:04:48,459 --> 00:04:51,279
term I'd like to say it's a broad church

90
00:04:50,199 --> 00:04:53,620
but that's probably the wrong word to

91
00:04:51,279 --> 00:04:56,639
use it somebody came up with the broad

92
00:04:53,620 --> 00:04:59,079
tint the other day maybe that'll work

93
00:04:56,639 --> 00:05:00,550
look at your looking here and like

94
00:04:59,079 --> 00:05:02,620
you've been given some you haven't

95
00:05:00,550 --> 00:05:05,079
talked earlier didn't you I suddenly did

96
00:05:02,620 --> 00:05:07,360
I gave a talk on NCR euro cranial

97
00:05:05,079 --> 00:05:10,089
restructuring that was crazy that was

98
00:05:07,360 --> 00:05:12,610
batshit crazy um yeah yeah you know

99
00:05:10,089 --> 00:05:14,560
during the talk I tried to keep it along

100
00:05:12,610 --> 00:05:16,030

lines of evidence but when you put it

101

00:05:14,560 --> 00:05:19,569

like that it's hard to disagree well no

102

00:05:16,029 --> 00:05:21,099

boom I mean I don't want to like slander

103

00:05:19,569 --> 00:05:23,230

any particular practitioner but I had

104

00:05:21,100 --> 00:05:25,419

never heard that by putting up a balloon

105

00:05:23,230 --> 00:05:27,430

into your nasal cavity and inflating it

106

00:05:25,418 --> 00:05:29,709

that that could fix all these things

107

00:05:27,430 --> 00:05:32,980

aren't that that I mean I've seen a rake

108

00:05:29,709 --> 00:05:35,589

reiki I thought yeah I mean I mean yeah

109

00:05:32,980 --> 00:05:36,879

Wow my nose has been a party for years

110

00:05:35,589 --> 00:05:38,379

and i have been putting a balloon up

111

00:05:36,879 --> 00:05:40,870

there yeah well there you guys say

112

00:05:38,379 --> 00:05:42,430

you've got to try by not taking the

113

00:05:40,870 --> 00:05:44,079

substance out of the balloon first i

114

00:05:42,430 --> 00:05:46,750

think that's how it came around in the

115
00:05:44,079 --> 00:05:48,579
beginning yeah now you said that the

116
00:05:46,750 --> 00:05:50,500
people could there were some

117
00:05:48,579 --> 00:05:52,359
significantly negative side effects of

118
00:05:50,500 --> 00:05:54,430
it but they're fairly rare so does that

119
00:05:52,360 --> 00:05:56,139
mean it's a relatively safe alternative

120
00:05:54,430 --> 00:05:58,660
practice it really comes down to your

121
00:05:56,139 --> 00:06:01,719
definition of safe like I said it is

122
00:05:58,660 --> 00:06:04,419
rare that these side effects a scene but

123
00:06:01,720 --> 00:06:07,090
when the side effects are around your

124
00:06:04,418 --> 00:06:10,180
asphyxiating babies and basically

125
00:06:07,089 --> 00:06:13,560
blowing up people's noses is not a very

126
00:06:10,180 --> 00:06:17,459
safe thing just like

127
00:06:13,560 --> 00:06:18,990
the rarity and you know the danger I

128
00:06:17,459 --> 00:06:20,579
don't think balance each other out i

129
00:06:18,990 --> 00:06:23,668
think that the danger is a lot worse

130
00:06:20,579 --> 00:06:26,279
than though yeah i just when you said it

131
00:06:23,668 --> 00:06:28,620
was a child that a baby that some of

132
00:06:26,279 --> 00:06:30,209
that i mean i don't know i just you know

133
00:06:28,620 --> 00:06:31,560
being a non-doctor i'm thinking i should

134
00:06:30,209 --> 00:06:32,879
be careful what you're doing the babies

135
00:06:31,560 --> 00:06:34,889
that learns ticking balloons up their

136
00:06:32,879 --> 00:06:36,810
noses for people who aren't registered

137
00:06:34,889 --> 00:06:38,579
doctors shouldn't be doing that yeah

138
00:06:36,810 --> 00:06:41,759
absolutely and the chiropractic

139
00:06:38,579 --> 00:06:44,759
profession does have a history of doing

140
00:06:41,759 --> 00:06:47,728
terrible things to a bee's so thanks

141
00:06:44,759 --> 00:06:48,959
Dave before we interrupted rudely I just

142
00:06:47,728 --> 00:06:50,189
really interrupted you talking to three

143

00:06:48,959 --> 00:06:52,109
people don't worry I'll make sure you

144
00:06:50,189 --> 00:06:53,668
never have friends again we were

145
00:06:52,110 --> 00:06:54,930
interrupted by the cupcake contest well

146
00:06:53,668 --> 00:06:57,000
I was just saying that they know putting

147
00:06:54,930 --> 00:06:58,769
a balloon up and baby's nose would just

148
00:06:57,000 --> 00:07:00,089
be one of the strangest ideas ever to

149
00:06:58,769 --> 00:07:03,329
cure them of something that they can't

150
00:07:00,089 --> 00:07:05,369
tell you about yeah and the chiropractic

151
00:07:03,329 --> 00:07:07,918
industry does have a history of harming

152
00:07:05,370 --> 00:07:13,019
children you know there was the famous

153
00:07:07,918 --> 00:07:15,478
case where a chiropractor was a broker

154
00:07:13,019 --> 00:07:18,089
child's neck trying to fix its hearing I

155
00:07:15,478 --> 00:07:21,209
believe with chiropractic manipulation

156
00:07:18,089 --> 00:07:23,129
so yeah I guess there's a history there

157
00:07:21,209 --> 00:07:25,228

of crazy things done two children now

158

00:07:23,129 --> 00:07:26,668

again we were talking about these side

159

00:07:25,228 --> 00:07:28,349

effects were extremely rare because

160

00:07:26,668 --> 00:07:30,538

saying that when they do happen they're

161

00:07:28,350 --> 00:07:32,250

pretty bad but what about the safety

162

00:07:30,538 --> 00:07:34,978

element to be considered if people who

163

00:07:32,250 --> 00:07:37,110

don't get normal treatments and they go

164

00:07:34,978 --> 00:07:38,819

filter need ones and Delayne regular

165

00:07:37,110 --> 00:07:41,580

treatment well one of the case studies

166

00:07:38,819 --> 00:07:45,000

that I I mentioned in my talk was about

167

00:07:41,579 --> 00:07:47,038

a woman who had a septum was fractured

168

00:07:45,000 --> 00:07:48,600

because it was the practice was done

169

00:07:47,038 --> 00:07:53,129

wrong in the balloon inflated in her nor

170

00:07:48,600 --> 00:07:56,189

phone in her nose and that case the

171

00:07:53,129 --> 00:07:58,079

woman had seen a proper facial

172
00:07:56,189 --> 00:08:00,389
reconstructive surgeon you know a

173
00:07:58,079 --> 00:08:02,550
legitimate doctor who would you know

174
00:08:00,389 --> 00:08:04,319
suggested some sorts of surgery to fix a

175
00:08:02,550 --> 00:08:07,199
problem but then she went and got this

176
00:08:04,319 --> 00:08:09,980
chiropractic treatment and ended up

177
00:08:07,199 --> 00:08:11,810
ruining her nose who needed a hole

178
00:08:09,980 --> 00:08:13,550
really invasive for reconstructive

179
00:08:11,810 --> 00:08:17,569
surgery afterwards absolutely terrible

180
00:08:13,550 --> 00:08:19,189
case Wow what is it what is it called I

181
00:08:17,569 --> 00:08:21,889
mean what it was this one this is a new

182
00:08:19,189 --> 00:08:23,600
one I've never heard of this balloon up

183
00:08:21,889 --> 00:08:25,629
the nose one but what is it technically

184
00:08:23,600 --> 00:08:29,030
called it's called neuro cranial

185
00:08:25,629 --> 00:08:30,439
restructuring NCR and you've only heard

186
00:08:29,029 --> 00:08:32,029
of it in the last month how long has

187
00:08:30,439 --> 00:08:32,960
been going on the state so because I've

188
00:08:32,029 --> 00:08:36,079
got a guess that's where it came from

189
00:08:32,960 --> 00:08:37,519
well yeah I think it's been around since

190
00:08:36,080 --> 00:08:40,060
about the 80s though it's a little bit

191
00:08:37,519 --> 00:08:42,819
fuzzy on when it was actually developed

192
00:08:40,059 --> 00:08:46,579
the the balloon up the nose the

193
00:08:42,820 --> 00:08:48,530
bilateral nasal specific therapies what

194
00:08:46,580 --> 00:08:50,740
the balloon up the nose itself is called

195
00:08:48,529 --> 00:08:54,799
and that's been around since the 1930s

196
00:08:50,740 --> 00:08:56,419
so it's been there for a long time and I

197
00:08:54,799 --> 00:08:58,639
found it very interesting that a lot of

198
00:08:56,419 --> 00:08:59,990
the very well credentialed skeptics that

199
00:08:58,639 --> 00:09:02,090
I've been speaking to haven't heard of

200

00:08:59,990 --> 00:09:04,070
this now you usually these people have

201
00:09:02,090 --> 00:09:06,590
the whole background of all the

202
00:09:04,070 --> 00:09:07,790
different crazy therapies but this is

203
00:09:06,590 --> 00:09:09,500
one that seems to have just gone under

204
00:09:07,789 --> 00:09:11,750
the radar and up the nose of everybody

205
00:09:09,500 --> 00:09:14,389
off it makes you wonder what's the next

206
00:09:11,750 --> 00:09:17,480
one doesn't it yeah well I'm actually

207
00:09:14,389 --> 00:09:20,000
going to start research into the neuro

208
00:09:17,480 --> 00:09:21,590
anal reconstructive surgery I was about

209
00:09:20,000 --> 00:09:24,200
to say the balloon up the bum will have

210
00:09:21,590 --> 00:09:25,460
to meet next month yeah yeah but it's

211
00:09:24,200 --> 00:09:29,560
very difficult to get that sort of thing

212
00:09:25,460 --> 00:09:29,560
over borders and through customers

213
00:09:30,690 --> 00:09:34,360
well we're just big talking about lots

214
00:09:32,740 --> 00:09:35,799

of things it's kept camp today and one

215

00:09:34,360 --> 00:09:38,050

of the things is why don't we see more

216

00:09:35,799 --> 00:09:39,789

women in the skeptic movement and here's

217

00:09:38,049 --> 00:09:41,109

someone who may have an answer for us

218

00:09:39,789 --> 00:09:46,539

who we got here all the way from our

219

00:09:41,110 --> 00:09:48,610

nation's capital hi I'm love so so but

220

00:09:46,539 --> 00:09:49,990

from your open discussion you we weren't

221

00:09:48,610 --> 00:09:52,090

lecturing anybody we're having an open

222

00:09:49,990 --> 00:09:53,860

discussion in the small room about why

223

00:09:52,090 --> 00:09:55,420

there aren't more women in the skeptical

224

00:09:53,860 --> 00:09:57,220

movement and did we seem to come to any

225

00:09:55,419 --> 00:09:59,559

sort of consensus or even in kind of

226

00:09:57,220 --> 00:10:02,170

answer um I think that the conversation

227

00:09:59,559 --> 00:10:06,969

developed into not big enough women in

228

00:10:02,169 --> 00:10:09,219

technology in science and in general is

229
00:10:06,970 --> 00:10:12,040
it that where you know women aren't

230
00:10:09,220 --> 00:10:13,720
predisposed to thinking critically is

231
00:10:12,039 --> 00:10:14,889
that something we need to address is of

232
00:10:13,720 --> 00:10:16,420
course they don't have generally big

233
00:10:14,889 --> 00:10:18,159
egos and want to push themselves in and

234
00:10:16,419 --> 00:10:19,120
be hey i'm a celebrity skeptic do you

235
00:10:18,159 --> 00:10:20,620
think that could be part of it because

236
00:10:19,120 --> 00:10:21,909
that was brought up that you know men

237
00:10:20,620 --> 00:10:24,610
like putting themselves forward and

238
00:10:21,909 --> 00:10:27,279
women don't seem to do that as much um

239
00:10:24,610 --> 00:10:29,230
yes i think that is the case and I think

240
00:10:27,279 --> 00:10:30,909
a lot of women can feel a little bit

241
00:10:29,230 --> 00:10:32,320
intimidated by the big egos in the room

242
00:10:30,909 --> 00:10:34,269
and that's why they're not speaking up

243
00:10:32,320 --> 00:10:36,010
although during that discussion I

244
00:10:34,269 --> 00:10:37,539
noticed love the men shut the hell up

245
00:10:36,009 --> 00:10:39,610
and let the women do the talking in your

246
00:10:37,539 --> 00:10:41,860
discussion yes after someone pointed

247
00:10:39,610 --> 00:10:43,029
that out there mmm although I thought

248
00:10:41,860 --> 00:10:44,080
that was going on because I was

249
00:10:43,029 --> 00:10:45,850
different in hearing what the women had

250
00:10:44,080 --> 00:10:47,080
to say and and do you think we actually

251
00:10:45,850 --> 00:10:48,220
kept like you said do you think we

252
00:10:47,080 --> 00:10:50,170
actually got an answer there I think

253
00:10:48,220 --> 00:10:52,210
it's such a vague kind of question that

254
00:10:50,169 --> 00:10:53,949
there is no real answer but just asking

255
00:10:52,210 --> 00:10:56,200
it's important then I think it's going

256
00:10:53,950 --> 00:10:57,310
to be a continuing debate the many many

257

00:10:56,200 --> 00:10:58,900
years to come I don't think we're going

258
00:10:57,309 --> 00:11:00,939
to find a definitive answer any time

259
00:10:58,899 --> 00:11:03,610
soon so how did you get into the

260
00:11:00,940 --> 00:11:06,250
movement smarty pants I used to be a

261
00:11:03,610 --> 00:11:10,500
believer of a lot of interesting things

262
00:11:06,250 --> 00:11:13,210
and it was a gradual realization that

263
00:11:10,500 --> 00:11:14,919
science was science in the real world is

264
00:11:13,210 --> 00:11:16,330
far more interesting well you got my

265
00:11:14,919 --> 00:11:17,679
attention when you started by saying

266
00:11:16,330 --> 00:11:18,759
some of the favorite shows you like

267
00:11:17,679 --> 00:11:19,509
watching which is the ones i like

268
00:11:18,759 --> 00:11:20,950
watching two and i think i know

269
00:11:19,509 --> 00:11:23,649
skeptical podcast we should bring these

270
00:11:20,950 --> 00:11:25,600
two light fact or faked is a great show

271
00:11:23,649 --> 00:11:28,240

on the universal channel on Foxtel and

272

00:11:25,600 --> 00:11:30,129

you know sometimes they just overlook

273

00:11:28,240 --> 00:11:31,330

the obvious solution just to get to what

274

00:11:30,129 --> 00:11:32,860

they've got to do but sometimes they

275

00:11:31,330 --> 00:11:34,450

actually they go oh yeah that's just

276

00:11:32,860 --> 00:11:36,610

something but what do you think of the

277

00:11:34,450 --> 00:11:37,750

show I think it's really good and that

278

00:11:36,610 --> 00:11:40,629

the fact that they're actually willing

279

00:11:37,750 --> 00:11:41,740

to experiment and try and make a UFO

280

00:11:40,629 --> 00:11:43,779

like

281

00:11:41,740 --> 00:11:45,009

the video that they're presented with

282

00:11:43,779 --> 00:11:46,870

that's fantastic they're actually

283

00:11:45,009 --> 00:11:49,330

showing that you know it is actually a

284

00:11:46,870 --> 00:11:51,580

big balloon rather than little green men

285

00:11:49,330 --> 00:11:52,930

from outer space yeah and your podcast

286

00:11:51,580 --> 00:11:55,690

mysterious world which is at a

287

00:11:52,929 --> 00:11:57,189

sydney-based podcast they are really

288

00:11:55,690 --> 00:11:58,960

good at telling the story they're really

289

00:11:57,190 --> 00:12:01,330

good production they have really good

290

00:11:58,960 --> 00:12:02,350

pond safe music in it as far as a

291

00:12:01,330 --> 00:12:04,450

production standard goes and the

292

00:12:02,350 --> 00:12:06,639

storytelling goes it's quite good as we

293

00:12:04,450 --> 00:12:08,290

fantastic and I love listening to it it

294

00:12:06,639 --> 00:12:10,659

helps me hone my critical thinking

295

00:12:08,289 --> 00:12:13,990

skills by being able to listen to the

296

00:12:10,659 --> 00:12:16,419

stories and think you think about it

297

00:12:13,990 --> 00:12:18,070

correctly mmm and what's the one area of

298

00:12:16,419 --> 00:12:20,889

what you would call whew that really

299

00:12:18,070 --> 00:12:22,300

gets your goat Oh whenever you see it

300
00:12:20,889 --> 00:12:23,679
because you did mention how you had a

301
00:12:22,299 --> 00:12:25,509
falling out of your previous work place

302
00:12:23,679 --> 00:12:31,750
over astrology is there's that the thing

303
00:12:25,509 --> 00:12:36,669
that annoys you most um I do like I yeah

304
00:12:31,750 --> 00:12:38,799
I'm not a very argumentative person so

305
00:12:36,669 --> 00:12:42,309
it's very hard for me to listen to

306
00:12:38,799 --> 00:12:47,289
people talk about whoo and I'm not able

307
00:12:42,309 --> 00:12:48,909
to you to argue back because I'm trying

308
00:12:47,289 --> 00:12:50,379
to be too nice but you just basically

309
00:12:48,909 --> 00:12:51,429
don't what you want to be polite you

310
00:12:50,379 --> 00:12:54,220
don't want to start a fight you don't

311
00:12:51,429 --> 00:12:56,139
want to destroy their of icons yes

312
00:12:54,220 --> 00:12:57,670
exactly Wow and do you think maybe

313
00:12:56,139 --> 00:12:59,860
that's why the women are skeptical

314

00:12:57,669 --> 00:13:01,089
movement of I mean but then again I hear

315
00:12:59,860 --> 00:13:02,710
a lot of yelling on the view and the

316
00:13:01,090 --> 00:13:04,480
circle and Oprah you're a lot of yelling

317
00:13:02,710 --> 00:13:05,860
I hear a lot of women arguing but you do

318
00:13:04,480 --> 00:13:08,170
hear a lot of war on those choice as

319
00:13:05,860 --> 00:13:09,580
well that's true actually you ever

320
00:13:08,169 --> 00:13:11,169
written a letter to the producer of the

321
00:13:09,580 --> 00:13:13,840
circle going why you got that on a thing

322
00:13:11,169 --> 00:13:16,059
like that well no but after the

323
00:13:13,840 --> 00:13:18,160
discussions today I'm certainly thinking

324
00:13:16,059 --> 00:13:20,079
of about a lot of different ways that we

325
00:13:18,159 --> 00:13:22,299
can try and get women interested in

326
00:13:20,080 --> 00:13:23,320
skepticism so if people you know want to

327
00:13:22,299 --> 00:13:24,729
be nice to your don't want to start

328
00:13:23,320 --> 00:13:28,629

argument where can I find you on Twitter

329

00:13:24,730 --> 00:13:30,190

they can follow me at lowes lolz well

330

00:13:28,629 --> 00:13:31,509

enjoy maadi looking for the rest of them

331

00:13:30,190 --> 00:13:34,810

where I was skipped account reading

332

00:13:31,509 --> 00:13:37,029

anyway Isley fantastic um it's great for

333

00:13:34,809 --> 00:13:39,609

skeptic am and can't wait to see it

334

00:13:37,029 --> 00:13:40,750

expand to other cities well I'll go

335

00:13:39,610 --> 00:13:44,269

start an argument with someone else

336

00:13:40,750 --> 00:13:46,559

someone else somewhere else okay

337

00:13:44,269 --> 00:13:48,990

we have some great stuff here I'm

338

00:13:46,559 --> 00:13:51,688

getting my geek on in an aeronautical

339

00:13:48,990 --> 00:13:53,909

kinda way with Robin Hilliard who has

340

00:13:51,688 --> 00:13:55,230

just given a talk that some people

341

00:13:53,909 --> 00:13:58,948

friend refreshing others found a little

342

00:13:55,230 --> 00:14:00,329

scary on well our fear of flying and all

343
00:13:58,948 --> 00:14:02,248
your questions answered about aerial

344
00:14:00,328 --> 00:14:04,109
safety well the bit that worried me is

345
00:14:02,249 --> 00:14:05,519
that there's a magazine with photos bits

346
00:14:04,110 --> 00:14:07,079
of airplanes of people find on the

347
00:14:05,519 --> 00:14:08,669
ground all over the world that seems a

348
00:14:07,078 --> 00:14:10,528
little bit alarming it used to be called

349
00:14:08,669 --> 00:14:12,748
aviation safety digest or in the in the

350
00:14:10,528 --> 00:14:14,999
industry called crash comics because it

351
00:14:12,749 --> 00:14:16,319
was always these stories about that i

352
00:14:14,999 --> 00:14:17,909
found the fascinating even as a teenager

353
00:14:16,318 --> 00:14:20,308
which is probably a bit more but but

354
00:14:17,909 --> 00:14:21,870
what it is its fastener is like it's a

355
00:14:20,308 --> 00:14:23,730
mystery it's it's it's a mystery it's

356
00:14:21,870 --> 00:14:26,909
basically seeing how a lot of very small

357
00:14:23,730 --> 00:14:28,860
things can line up to cause a real issue

358
00:14:26,909 --> 00:14:30,778
well I mean will you can even and

359
00:14:28,860 --> 00:14:32,399
situation like 911 itself would not have

360
00:14:30,778 --> 00:14:34,649
occurred as it had if everything hadn't

361
00:14:32,399 --> 00:14:35,879
fallen into place so you know well

362
00:14:34,649 --> 00:14:38,249
there's a thing called the Swiss cheese

363
00:14:35,879 --> 00:14:39,688
safety model which is where they

364
00:14:38,249 --> 00:14:40,949
basically talk about you have a whole

365
00:14:39,688 --> 00:14:42,748
lot of rotating Swiss cheeses it

366
00:14:40,948 --> 00:14:44,789
obviously requires very complicated

367
00:14:42,749 --> 00:14:46,350
equipment to set this up now holding the

368
00:14:44,789 --> 00:14:47,610
pieces of Swiss cheese and a revolver

369
00:14:46,350 --> 00:14:50,100
firing at the end and it's just when all

370
00:14:47,610 --> 00:14:52,438
the holes line up at you know at the at

371

00:14:50,100 --> 00:14:53,909
the way your company is run at the

372
00:14:52,438 --> 00:14:54,958
behavior of the pilot and what the

373
00:14:53,909 --> 00:14:57,659
weather was doing all of these things

374
00:14:54,958 --> 00:14:59,458
and when it all lines up that's when the

375
00:14:57,659 --> 00:15:01,850
bullet gets through and disaster happens

376
00:14:59,458 --> 00:15:04,078
and and the whole model that that the

377
00:15:01,850 --> 00:15:04,980
aggregation that surround Transport

378
00:15:04,078 --> 00:15:06,539
Safety below and all these other

379
00:15:04,980 --> 00:15:08,550
organizations around the world who are

380
00:15:06,539 --> 00:15:09,778
campaigning to improve safety they're

381
00:15:08,549 --> 00:15:11,068
all working on this thing and trying to

382
00:15:09,778 --> 00:15:12,629
eliminate all these tiny little things

383
00:15:11,068 --> 00:15:14,698
wit and that's where all the annoyance

384
00:15:12,629 --> 00:15:15,959
you know when you are even all of those

385
00:15:14,698 --> 00:15:17,458

little things that they ask you to do

386

00:15:15,958 --> 00:15:18,750

when you do your pre-flight briefing

387

00:15:17,458 --> 00:15:20,369

when you get on a plane you know I'm a

388

00:15:18,750 --> 00:15:21,958

pilot and I actually watch the

389

00:15:20,370 --> 00:15:24,028

pre-flight briefing every time I get on

390

00:15:21,958 --> 00:15:25,289

a plane because more people to know

391

00:15:24,028 --> 00:15:26,428

where the exit is because it's not the

392

00:15:25,289 --> 00:15:28,049

same on every plane and you're not

393

00:15:26,428 --> 00:15:30,120

sitting in the same place and and also

394

00:15:28,049 --> 00:15:31,349

because I know that my brain goes to

395

00:15:30,120 --> 00:15:33,808

Marsh in an emergency because every time

396

00:15:31,350 --> 00:15:35,040

my instructor pulled the throttle on me

397

00:15:33,808 --> 00:15:37,110

when I was learning to fly and said

398

00:15:35,039 --> 00:15:39,389

simulated engine failure I would know

399

00:15:37,110 --> 00:15:41,399

that if I hadn't practiced recently my

400
00:15:39,389 --> 00:15:44,100
checklist of things I would do I would

401
00:15:41,399 --> 00:15:45,808
be you know mushy and down to a thousand

402
00:15:44,100 --> 00:15:47,699
feet above the ground before I'd even

403
00:15:45,808 --> 00:15:49,438
managed to you know give my part give my

404
00:15:47,698 --> 00:15:50,818
passenger briefing and make my fake made

405
00:15:49,438 --> 00:15:52,469
a call and all those sort of things it's

406
00:15:50,818 --> 00:15:54,189
because we're human and you have to

407
00:15:52,470 --> 00:15:55,389
rehearse those things and

408
00:15:54,190 --> 00:15:56,800
all of those little things like keeping

409
00:15:55,389 --> 00:15:58,779
your feet on the floor and stuff they've

410
00:15:56,799 --> 00:16:00,039
saved lives people you know people's

411
00:15:58,779 --> 00:16:02,769
lives have been lost to learn that

412
00:16:00,039 --> 00:16:04,449
lesson and so that's what I want to ask

413
00:16:02,769 --> 00:16:06,189
him just probably not the right forum

414
00:16:04,450 --> 00:16:07,600
here but like it okay there's a brace

415
00:16:06,190 --> 00:16:09,280
position and there's the putting the

416
00:16:07,600 --> 00:16:10,690
head into the front and in various

417
00:16:09,279 --> 00:16:11,919
different crashes people have been

418
00:16:10,690 --> 00:16:13,060
killed if their heads down there so how

419
00:16:11,919 --> 00:16:14,439
do you know if you can put your head

420
00:16:13,059 --> 00:16:15,399
down or whether you should put it up and

421
00:16:14,440 --> 00:16:16,870
put it in the seat in front of you

422
00:16:15,399 --> 00:16:19,149
because they both potentially dangerous

423
00:16:16,870 --> 00:16:21,370
depending on what you run into or what

424
00:16:19,149 --> 00:16:22,899
angle you're at I suppose it's just what

425
00:16:21,370 --> 00:16:24,190
my understanding of it is that you're

426
00:16:22,899 --> 00:16:26,199
just trying to pretend a smaller target

427
00:16:24,190 --> 00:16:27,940
as possible for debris or flame or

428

00:16:26,200 --> 00:16:29,050
anything that happens and and the truth

429
00:16:27,940 --> 00:16:30,580
is that all there are a lot of there are

430
00:16:29,049 --> 00:16:32,199
a lot of crashes which are on the edge

431
00:16:30,580 --> 00:16:33,940
which are survivable it's not every

432
00:16:32,200 --> 00:16:35,560
crash is not you know and that they're

433
00:16:33,940 --> 00:16:37,780
incredibly rare these days every crash

434
00:16:35,559 --> 00:16:39,250
is not a completely unsurvivable crash

435
00:16:37,779 --> 00:16:41,079
there are lots of in-between ones the

436
00:16:39,250 --> 00:16:43,000
thing is I probably not as good news not

437
00:16:41,080 --> 00:16:44,290
as newsworthy as the one everyone walked

438
00:16:43,000 --> 00:16:45,820
away nothing to see here nothing

439
00:16:44,289 --> 00:16:47,889
happened to our plane landed and the

440
00:16:45,820 --> 00:16:49,840
slides deployed and everyone got off you

441
00:16:47,889 --> 00:16:52,539
know but you know but there have been

442
00:16:49,840 --> 00:16:53,860

some terrible accidents we're just very

443

00:16:52,539 --> 00:16:56,319

basic things like knowing how to

444

00:16:53,860 --> 00:16:58,629

evacuate the plane as cases were even in

445

00:16:56,320 --> 00:17:00,910

the last 20 years I think a plane landed

446

00:16:58,629 --> 00:17:02,649

and I don't know this is too much

447

00:17:00,909 --> 00:17:04,088

information but the plane landed they

448

00:17:02,649 --> 00:17:06,309

just forgot to evacuate the plane and

449

00:17:04,088 --> 00:17:07,779

the very small manageable fire that they

450

00:17:06,309 --> 00:17:09,009

had in the air spread and actually

451

00:17:07,779 --> 00:17:10,209

killed most of the people on the plane

452

00:17:09,009 --> 00:17:11,559

because I just forgot to evacuate it

453

00:17:10,209 --> 00:17:13,750

when i got to the ground what do you

454

00:17:11,559 --> 00:17:15,220

make of all the plane crash porn that's

455

00:17:13,750 --> 00:17:17,470

on telly and all the cable channels were

456

00:17:15,220 --> 00:17:18,880

got all these like the dramatizations of

457
00:17:17,470 --> 00:17:21,100
that do you think that's making people

458
00:17:18,880 --> 00:17:22,540
more aware it's making them feel safe or

459
00:17:21,099 --> 00:17:24,338
you think it's making some people feel a

460
00:17:22,539 --> 00:17:26,199
bit more nervous and they should about a

461
00:17:24,338 --> 00:17:27,879
regular flight I think it's the same

462
00:17:26,199 --> 00:17:29,440
thing as they do when with all the crime

463
00:17:27,880 --> 00:17:31,690
shows and stuff is it makes very good

464
00:17:29,440 --> 00:17:33,789
media and it's actually quite

465
00:17:31,690 --> 00:17:34,960
destructive I mean I know that the crime

466
00:17:33,789 --> 00:17:36,190
shows about you know everyone imagines

467
00:17:34,960 --> 00:17:38,019
at the moment they step outside their

468
00:17:36,190 --> 00:17:39,400
door they're going to be murdered and

469
00:17:38,019 --> 00:17:41,819
that's the same thing with the planes

470
00:17:39,400 --> 00:17:43,840
and it's it's it's just you know the the

471
00:17:41,819 --> 00:17:47,669
chances of things going wrong even in

472
00:17:43,839 --> 00:17:50,439
light planes are amazingly low and it's

473
00:17:47,670 --> 00:17:52,420
it's it's frustrating cuz it is but look

474
00:17:50,440 --> 00:17:53,529
I've actually what I do feel dirty every

475
00:17:52,420 --> 00:17:57,430
now then I watch one of them and I just

476
00:17:53,529 --> 00:17:58,690
feel the way it dwells on the there's a

477
00:17:57,430 --> 00:18:00,730
big difference between the reports I

478
00:17:58,690 --> 00:18:02,470
have in the magazine in my bag which are

479
00:18:00,730 --> 00:18:03,910
really which is the more the scientific

480
00:18:02,470 --> 00:18:04,650
sort of approach i suppose what we're

481
00:18:03,910 --> 00:18:06,450
saying what

482
00:18:04,650 --> 00:18:08,900
and how can we make sure it never ever

483
00:18:06,450 --> 00:18:11,100
happens again how can we learn from this

484
00:18:08,900 --> 00:18:12,930
versus the other ones which are sort of

485

00:18:11,099 --> 00:18:16,379
dwelling on the actors pretending to be

486
00:18:12,930 --> 00:18:18,060
the you know the the the mother of the

487
00:18:16,380 --> 00:18:19,410
you know the second coming of Christ

488
00:18:18,059 --> 00:18:21,029
with the five children from the

489
00:18:19,410 --> 00:18:22,440
orphanage and all this sort of stuff who

490
00:18:21,029 --> 00:18:24,240
didn't realize that she only had hours

491
00:18:22,440 --> 00:18:26,730
to live you know all this sort of stuff

492
00:18:24,240 --> 00:18:29,130
it's just I find that I can't imagine

493
00:18:26,730 --> 00:18:30,210
being a relative of I mean what would

494
00:18:29,130 --> 00:18:31,980
happen they started doing that with car

495
00:18:30,210 --> 00:18:33,509
crashes and it was the people any of

496
00:18:31,980 --> 00:18:35,279
your friends you know how would you feel

497
00:18:33,509 --> 00:18:37,200
about seeing seeing these sorts of

498
00:18:35,279 --> 00:18:39,899
things and would that in fact make the

499
00:18:37,200 --> 00:18:41,640

roads safer if they did yes would that

500

00:18:39,900 --> 00:18:42,990

would it would it make well i don't i

501

00:18:41,640 --> 00:18:45,630

don't know i mean we seem to be having

502

00:18:42,990 --> 00:18:47,009

some of these other actually I suppose

503

00:18:45,630 --> 00:18:48,630

there's a counterexample to that is

504

00:18:47,009 --> 00:18:50,400

we've seen some of those really shocked

505

00:18:48,630 --> 00:18:53,250

advertisement campaigns and a very good

506

00:18:50,400 --> 00:18:55,710

effect on road safety but I think the

507

00:18:53,250 --> 00:18:57,240

reason it's not the thing is there that

508

00:18:55,710 --> 00:18:58,680

people are drivers the people watching

509

00:18:57,240 --> 00:19:01,259

and our drivers and can do something

510

00:18:58,680 --> 00:19:03,060

about it and I suppose the magazine that

511

00:19:01,259 --> 00:19:04,500

I've got here is aimed at pilots and

512

00:19:03,059 --> 00:19:05,849

maintain errs and other people in

513

00:19:04,500 --> 00:19:07,529

working in the industry who can do

514
00:19:05,849 --> 00:19:08,669
something about it I suppose you know

515
00:19:07,529 --> 00:19:10,769
that is the thing that as a passenger

516
00:19:08,670 --> 00:19:11,759
and you're watching that what all the

517
00:19:10,769 --> 00:19:13,740
all it's doing is hitting all the

518
00:19:11,759 --> 00:19:15,420
buttons for you but there's not you know

519
00:19:13,740 --> 00:19:17,400
a lot that you would actually be able to

520
00:19:15,420 --> 00:19:19,170
do about that except except pay

521
00:19:17,400 --> 00:19:21,180
attention to the safety briefing which

522
00:19:19,170 --> 00:19:22,590
we always suggest you do to tell you the

523
00:19:21,180 --> 00:19:24,539
truth I have a terrible confession i

524
00:19:22,589 --> 00:19:27,119
watched the royal wedding last night and

525
00:19:24,539 --> 00:19:28,920
my excuse was that the Battle of Britain

526
00:19:27,119 --> 00:19:30,239
flight was doing the flyby so just to

527
00:19:28,920 --> 00:19:31,800
say well you know I wasn't interested in

528
00:19:30,240 --> 00:19:33,930
the balcony scene except for the fact

529
00:19:31,799 --> 00:19:35,849
that there were six merlin engines going

530
00:19:33,930 --> 00:19:38,160
overhead one in a hurricane want to spit

531
00:19:35,849 --> 00:19:39,539
fire and four in a Lancaster look what

532
00:19:38,160 --> 00:19:40,950
do you think of skeptic ampere well what

533
00:19:39,539 --> 00:19:42,899
do you think of the day and the

534
00:19:40,950 --> 00:19:45,180
skeptical situations are that have been

535
00:19:42,900 --> 00:19:46,650
played out in the rooms with you with

536
00:19:45,180 --> 00:19:48,630
including yourself what's what's the

537
00:19:46,650 --> 00:19:50,130
mood here I think it's I think it's

538
00:19:48,630 --> 00:19:51,660
really excellent I think people it's a

539
00:19:50,130 --> 00:19:53,940
different it's right it's different to

540
00:19:51,660 --> 00:19:55,800
Tam and the other sorts of sorts of

541
00:19:53,940 --> 00:19:57,210
things it's more laid back but I think

542

00:19:55,799 --> 00:19:59,220
it's something we can do more often and

543
00:19:57,210 --> 00:20:01,829
I think it's great to have a partner

544
00:19:59,220 --> 00:20:03,120
Ainge a spectrum from the pubs and the

545
00:20:01,829 --> 00:20:04,889
various drinking skeptically and things

546
00:20:03,119 --> 00:20:07,469
through the fantastic things like tam

547
00:20:04,890 --> 00:20:08,880
which is the fantastic experience or but

548
00:20:07,470 --> 00:20:10,410
this is this is something that we can

549
00:20:08,880 --> 00:20:12,230
pull off and I mean Jason and the other

550
00:20:10,410 --> 00:20:14,870
organizers have done a fantastic

551
00:20:12,230 --> 00:20:18,470
you know I think it's done a fantastic

552
00:20:14,869 --> 00:20:21,709
job and it wasn't I'm notnot to I'm not

553
00:20:18,470 --> 00:20:23,750
saying it wasn't a lot of a lot of work

554
00:20:21,710 --> 00:20:25,579
but it was no it's a sort of achievable

555
00:20:23,750 --> 00:20:27,829
work that people with day jobs and

556
00:20:25,579 --> 00:20:29,539

things can actually bring off and i

557

00:20:27,829 --> 00:20:31,279

think the mood here is great people are

558

00:20:29,539 --> 00:20:33,230

really enjoying it and it's the holes

559

00:20:31,279 --> 00:20:37,789

definitely greater than the sum of its

560

00:20:33,230 --> 00:20:40,690

sum of its parts now look it's all over

561

00:20:37,789 --> 00:20:43,548

the drinking is started how you feeling

562

00:20:40,690 --> 00:20:45,470

brilliant yeah yeah I've got drinking my

563

00:20:43,548 --> 00:20:47,418

hand so now I'm happy now everyone has

564

00:20:45,470 --> 00:20:48,620

learned something today you I think you

565

00:20:47,419 --> 00:20:51,080

yourself said that what have you learned

566

00:20:48,619 --> 00:20:52,729

today I've learned that it's really not

567

00:20:51,079 --> 00:20:55,609

that difficult to do a successful

568

00:20:52,730 --> 00:20:58,009

conference we've been having more

569

00:20:55,609 --> 00:21:00,079

corporate events doing ing you'll be

570

00:20:58,009 --> 00:21:01,339

organizing stuff from Malaysian airwaves

571
00:21:00,079 --> 00:21:02,569
I'm not quite convinced about the

572
00:21:01,339 --> 00:21:04,699
corporate side of things but they'll be

573
00:21:02,569 --> 00:21:07,519
certainly more skeptic amps cool that's

574
00:21:04,700 --> 00:21:09,169
great so roll on skeptic appt Melbourne

575
00:21:07,519 --> 00:21:11,210
is that a real possibility home has been

576
00:21:09,169 --> 00:21:13,400
committed to today so we got a date for

577
00:21:11,210 --> 00:21:14,779
skeptic MLB's money they want to do it

578
00:21:13,400 --> 00:21:17,210
in august or September but we'll update

579
00:21:14,779 --> 00:21:19,730
on the wiki close to the time Canberra

580
00:21:17,210 --> 00:21:20,990
have committed to it today as well so

581
00:21:19,730 --> 00:21:23,298
there'll be a Canberra one sometime

582
00:21:20,990 --> 00:21:24,950
later in the air I'd like to do Brisbane

583
00:21:23,298 --> 00:21:27,589
but I haven't found the right person yet

584
00:21:24,950 --> 00:21:29,029
but I'll do that soon well Adam and then

585
00:21:27,589 --> 00:21:33,069
next year will be another one of these

586
00:21:29,029 --> 00:21:34,720
skip decamp Empire oh yeah oh yeah

587
00:21:33,069 --> 00:21:36,428
now someone that you've probably heard

588
00:21:34,720 --> 00:21:38,740
on the skeptic zone is a postie Lindley

589
00:21:36,429 --> 00:21:40,509
and she's actually here how's how's

590
00:21:38,740 --> 00:21:42,250
things in the bottle shop world and the

591
00:21:40,509 --> 00:21:44,288
postal world of linleigh in Melbourne

592
00:21:42,250 --> 00:21:46,028
I'm actually going to be a pushbike

593
00:21:44,288 --> 00:21:47,619
postie soon they're going to take me off

594
00:21:46,028 --> 00:21:49,750
my motorbike ground finally and I'm

595
00:21:47,619 --> 00:21:51,969
going to get fit on a motorized push

596
00:21:49,750 --> 00:21:53,288
play how does that work in the posting

597
00:21:51,970 --> 00:21:54,700
world where you move to does that mean

598
00:21:53,288 --> 00:21:56,500
they want you to be fitter or you've got

599

00:21:54,700 --> 00:21:58,298
a shorter run why would you suddenly

600
00:21:56,500 --> 00:21:59,679
lose your bike to get a push bike well

601
00:21:58,298 --> 00:22:02,470
it's more something that I won't

602
00:21:59,679 --> 00:22:04,570
actually wanted to do it'll be quite

603
00:22:02,470 --> 00:22:05,919
good i want the exercise but now you've

604
00:22:04,569 --> 00:22:07,778
come all the way from Melbourne to

605
00:22:05,919 --> 00:22:12,190
Sydney for skip decamp what made you put

606
00:22:07,778 --> 00:22:13,898
in those kilometres to get here today to

607
00:22:12,190 --> 00:22:17,980
come up and have some fun to finally get

608
00:22:13,898 --> 00:22:18,969
out and with my new fellow yeah yeah you

609
00:22:17,980 --> 00:22:20,378
both look like you're having a bit of

610
00:22:18,970 --> 00:22:22,720
fun there he's a smart dressed man with

611
00:22:20,378 --> 00:22:25,509
a very good hat very a nice quite spunky

612
00:22:22,720 --> 00:22:27,370
underneath all yeah and that of course

613
00:22:25,509 --> 00:22:30,099

you're going off to the dc-3 gig tonight

614

00:22:27,369 --> 00:22:32,079

which is the guy from Scism Ian's band

615

00:22:30,099 --> 00:22:33,428

at the sandringham which is a very rare

616

00:22:32,079 --> 00:22:35,048

thing in Sydney and there's room is it

617

00:22:33,429 --> 00:22:36,490

like this could be the last gig just

618

00:22:35,048 --> 00:22:38,798

last time we'll ever see him in Sydney

619

00:22:36,490 --> 00:22:41,910

last gig of any Ben because I hear

620

00:22:38,798 --> 00:22:45,609

everything up here is like

621

00:22:41,910 --> 00:22:47,200

no Ben bars or something we're having a

622

00:22:45,609 --> 00:22:48,939

good drink here now yeah what was the

623

00:22:47,200 --> 00:22:50,080

one thing you learn today everyone's

624

00:22:48,940 --> 00:22:51,250

learnt something from there what's the

625

00:22:50,079 --> 00:22:53,289

one thing you learned from today at

626

00:22:51,250 --> 00:22:55,210

skeptic a minute sometimes I've got to

627

00:22:53,289 --> 00:22:59,980

shut my mouth and not say things that

628
00:22:55,210 --> 00:23:01,660
come straight out behave yourself did

629
00:22:59,980 --> 00:23:03,789
you say something in your hell down what

630
00:23:01,660 --> 00:23:07,029
happened no no no it was just something

631
00:23:03,789 --> 00:23:08,470
in the media don't speak to the media or

632
00:23:07,029 --> 00:23:10,149
a certain way you're worried about

633
00:23:08,470 --> 00:23:13,539
getting sued and nothing over the

634
00:23:10,150 --> 00:23:15,490
forecast I did something that maybe not

635
00:23:13,539 --> 00:23:17,799
offended anyone there people are a

636
00:23:15,490 --> 00:23:21,400
little bit slow to the uptake of modern

637
00:23:17,799 --> 00:23:23,139
technology and these people are need to

638
00:23:21,400 --> 00:23:25,750
catch up but I've got to shut my mouth

639
00:23:23,140 --> 00:23:26,740
and not okay will grade them so I bet

640
00:23:25,750 --> 00:23:28,599
you're looking forward to skip the camp

641
00:23:26,740 --> 00:23:31,240
Melbourne I am too and where we've

642
00:23:28,599 --> 00:23:35,709
already got 150 dollars towards skip the

643
00:23:31,240 --> 00:23:38,480
camp Melvin or is it more \$150 towards

644
00:23:35,710 --> 00:23:41,808
skeptic at Melbourne

645
00:23:38,480 --> 00:23:43,279
oh we've got four hundred fifty dollars

646
00:23:41,808 --> 00:23:45,109
towards skeptic and Melbourne which

647
00:23:43,279 --> 00:23:46,970
should be probably this year hopefully

648
00:23:45,109 --> 00:23:48,849
well the diseased possibly good luck

649
00:23:46,970 --> 00:23:50,929
with a peanut and I love you long time

650
00:23:48,849 --> 00:23:53,839
I'm just at the bar were they as

651
00:23:50,929 --> 00:23:55,970
seasoned talented am a talented amateur

652
00:23:53,839 --> 00:23:57,558
and professional drinker Richard now

653
00:23:55,970 --> 00:23:59,750
what did you make it today it was a

654
00:23:57,558 --> 00:24:00,950
great grassroots and was people talking

655
00:23:59,750 --> 00:24:03,380
for the first time that hadn't spoken

656

00:24:00,950 --> 00:24:04,730
before a great success and I encourage

657
00:24:03,380 --> 00:24:06,830
anybody in the world it's think of

658
00:24:04,730 --> 00:24:09,980
holding a similar thing a skeptic camp

659
00:24:06,829 --> 00:24:12,678
one-day event of speakers excellent idea

660
00:24:09,980 --> 00:24:14,019
hmm now someone like yourself you've

661
00:24:12,679 --> 00:24:16,340
seen them you've been around the tracks

662
00:24:14,019 --> 00:24:17,690
skeptically everyone saying that that

663
00:24:16,339 --> 00:24:18,980
they've learnt at least one thing today

664
00:24:17,690 --> 00:24:21,919
what have you learnt from the day from

665
00:24:18,980 --> 00:24:26,210
skeptic am Richard Saunders anything

666
00:24:21,919 --> 00:24:28,429
yeah I learned that you can you can use

667
00:24:26,210 --> 00:24:30,590
Star Wars to talk about the Bible and

668
00:24:28,429 --> 00:24:32,390
the force and the remakes and the

669
00:24:30,589 --> 00:24:34,099
prequels and the sequels I thought that

670
00:24:32,390 --> 00:24:35,720

was quite funny wow that's good that was

671

00:24:34,099 --> 00:24:37,308

the that was the Bible according to

672

00:24:35,720 --> 00:24:39,140

George Lucas that correct yes that's

673

00:24:37,308 --> 00:24:40,940

right wow I'm sure I learnt many other

674

00:24:39,140 --> 00:24:43,130

things but I have to go home and just

675

00:24:40,940 --> 00:24:44,360

mull them over in my head well I'm going

676

00:24:43,130 --> 00:24:45,950

to stop recording now because I've just

677

00:24:44,359 --> 00:24:47,659

learned that by holding up the skeptic

678

00:24:45,950 --> 00:24:49,069

camp card you get free drinks I'm not

679

00:24:47,660 --> 00:24:52,450

that's going to run out real fast i'm

680

00:24:49,069 --> 00:24:52,450

gonna get moving I know

681

00:25:08,169 --> 00:25:12,100

think tank

698
00:26:07,160 --> 00:26:11,160
anyone take his pants obvious just got

699
00:26:09,690 --> 00:26:12,480
that he's like ripped off shorts and use

700
00:26:11,160 --> 00:26:16,290
a completely painted blue and he's

701
00:26:12,480 --> 00:26:19,048
following his wife around and that of

702
00:26:16,289 --> 00:26:22,079
course talking about people not taking

703
00:26:19,048 --> 00:26:24,298
their pants office can only be dr. HC

704
00:26:22,079 --> 00:26:26,879
hello dr. AG and welcome to the think

705
00:26:24,298 --> 00:26:28,410
tank once again hi Richard things I was

706
00:26:26,880 --> 00:26:31,260
talking about the Blue Man Group but

707
00:26:28,410 --> 00:26:34,400
that's just don't worry about that well

708
00:26:31,259 --> 00:26:38,308
I will try not to and it's a big one

709
00:26:34,400 --> 00:26:41,850
it's a big welcome to Jason Brown fresh

710
00:26:38,308 --> 00:26:43,798
fresh fresh from his success with a

711
00:26:41,849 --> 00:26:45,209
skeptic am of success I'm glad you think

712
00:26:43,798 --> 00:26:47,910
is a success hello Richard how are you

713

00:26:45,210 --> 00:26:49,350
going I'm well I'm much better now is a

714
00:26:47,910 --> 00:26:52,410
little under weather for a while but I'm

715
00:26:49,349 --> 00:26:54,029
back on deck no it was a great success I

716
00:26:52,410 --> 00:26:55,769
think I all round people are commenting

717
00:26:54,029 --> 00:26:57,089
that they thought it was quite

718
00:26:55,769 --> 00:26:59,190
successful it was fun to do it was

719
00:26:57,089 --> 00:27:01,259
really good fun to do I loved it yeah

720
00:26:59,190 --> 00:27:03,570
every minute and missed a bit where I

721
00:27:01,259 --> 00:27:06,839
had beer well that was a good part and

722
00:27:03,569 --> 00:27:08,759
of course one of the reasons that we

723
00:27:06,839 --> 00:27:11,250
know so much about skeptic camp was the

724
00:27:08,759 --> 00:27:12,839
great interviews brought to us by none

725
00:27:11,250 --> 00:27:14,609
other than may not I want to thank

726
00:27:12,839 --> 00:27:16,409
everyone who is happy to talk to me and

727
00:27:14,609 --> 00:27:17,819

I put out the challenges beginning of

728

00:27:16,410 --> 00:27:19,950

the episode that I was wearing my good

729

00:27:17,819 --> 00:27:22,019

underwear and no one was skeptical of

730

00:27:19,950 --> 00:27:23,669

that claim so I think a few of them are

731

00:27:22,019 --> 00:27:25,889

letting themselves down I mean really

732

00:27:23,669 --> 00:27:29,610

you demand evidence no one asked to see

733

00:27:25,890 --> 00:27:31,230

my own dear band nobody's what are you

734

00:27:29,609 --> 00:27:34,019

wearing tonight well net will now you

735

00:27:31,230 --> 00:27:35,730

ask it's alright put the boy put them

736

00:27:34,019 --> 00:27:37,679

away I just like to say that on this day

737

00:27:35,730 --> 00:27:39,900

could little bit of a skeptics God the

738

00:27:37,679 --> 00:27:41,940

universe thing on this day it's rather

739

00:27:39,900 --> 00:27:45,150

close to when Douglas Adams passed on to

740

00:27:41,940 --> 00:27:47,190

another realm and also it's a injuries

741

00:27:45,150 --> 00:27:48,840

birthday if he injury was alive it would

742
00:27:47,190 --> 00:27:51,269
have been his birthday today as well

743
00:27:48,839 --> 00:27:53,699
human beings and hit me with your rhythm

744
00:27:51,269 --> 00:27:55,410
stick that's correct and I recommend his

745
00:27:53,700 --> 00:27:56,669
laughter album a lot of people didn't

746
00:27:55,410 --> 00:27:58,048
like the laughter album because as a bit

747
00:27:56,669 --> 00:27:59,910
more of a commercial album but it's got

748
00:27:58,048 --> 00:28:01,679
Superman's big sister which I think was

749
00:27:59,910 --> 00:28:03,929
an underrated track by him i love that

750
00:28:01,679 --> 00:28:07,110
track have a skewer knowledge of bounds

751
00:28:03,929 --> 00:28:08,759
with Maynard now let me just cover a

752
00:28:07,109 --> 00:28:09,669
story which I found quite intriguing

753
00:28:08,759 --> 00:28:12,059
some

754
00:28:09,670 --> 00:28:15,009
brought this to my attention a listener

755
00:28:12,059 --> 00:28:16,599
gonna hide I'm sorry if I pronounced

756
00:28:15,009 --> 00:28:20,920
your name incorrectly they're sent me

757
00:28:16,599 --> 00:28:24,039
the story of Italians flee Rome ahead of

758
00:28:20,920 --> 00:28:25,720
quake prophecy now apparently over the

759
00:28:24,039 --> 00:28:28,119
last few days a thousands of Italians

760
00:28:25,720 --> 00:28:32,890
have been quite worried and fleeing the

761
00:28:28,119 --> 00:28:34,659
city of Rome because us of a possible

762
00:28:32,890 --> 00:28:36,759
prediction of an earthquake that was

763
00:28:34,660 --> 00:28:40,930
supposed to strike Rome on the eleventh

764
00:28:36,759 --> 00:28:43,180
of May now the eleventh of Mayors come

765
00:28:40,930 --> 00:28:46,240
and gone and no earthquake struck room

766
00:28:43,180 --> 00:28:48,779
but I just heard on the news that two

767
00:28:46,240 --> 00:28:52,299
earthquakes struck southern Spain oh

768
00:28:48,779 --> 00:28:54,279
that's Rome is that southern solid angle

769
00:28:52,299 --> 00:28:56,470
them sort of that's close enough is

770

00:28:54,279 --> 00:28:58,359
enough European so this is this is this

771
00:28:56,470 --> 00:29:00,640
an example of science being wrong is a

772
00:28:58,359 --> 00:29:02,740
seismologist considered a scientist or

773
00:29:00,640 --> 00:29:04,780
as he considered like you know but the

774
00:29:02,740 --> 00:29:06,490
back of the that like the Keitel records

775
00:29:04,779 --> 00:29:09,609
selector of science well this this was a

776
00:29:06,490 --> 00:29:11,349
prophecy or interpreted as such by

777
00:29:09,609 --> 00:29:13,979
somebody who died in nineteen

778
00:29:11,349 --> 00:29:17,079
seventy-nine a a self-taught

779
00:29:13,980 --> 00:29:20,110
seismologist by the name of Raphael been

780
00:29:17,079 --> 00:29:22,569
dandy predicted more apparently

781
00:29:20,109 --> 00:29:25,899
predicted of an earthquake although no

782
00:29:22,569 --> 00:29:28,269
date was exactly written anyway so hang

783
00:29:25,900 --> 00:29:30,220
on so he might have been a seismologist

784
00:29:28,269 --> 00:29:32,079

but he might not oh yes right he may

785

00:29:30,220 --> 00:29:35,170

have predicted it on my 11 but not

786

00:29:32,079 --> 00:29:37,869

exactly where is the sauce this is AFP

787

00:29:35,170 --> 00:29:40,000

the sources AFP The Associated French

788

00:29:37,869 --> 00:29:41,379

press well apparently enough people in

789

00:29:40,000 --> 00:29:43,029

Rome were worried about it for it to

790

00:29:41,380 --> 00:29:44,740

make the news but they need not have

791

00:29:43,029 --> 00:29:48,789

worried and I hope they didn't seek

792

00:29:44,740 --> 00:29:50,710

refuge in southern Spain otherwise it

793

00:29:48,789 --> 00:29:52,359

would have been in BO nasty shock I

794

00:29:50,710 --> 00:29:54,700

think I think Carmen what are you doing

795

00:29:52,359 --> 00:29:57,789

on the 21st some a Jason I'm dying

796

00:29:54,700 --> 00:30:01,299

apparently are you doing to avoid dying

797

00:29:57,789 --> 00:30:02,470

oh oh well I actually dis an interesting

798

00:30:01,299 --> 00:30:04,869

point I was talking to someone online

799

00:30:02,470 --> 00:30:07,569

today they've claimed that it's going to

800

00:30:04,869 --> 00:30:10,329

start at Christmas Island and head west

801

00:30:07,569 --> 00:30:12,039

the rapture Lions the rapture line

802

00:30:10,329 --> 00:30:13,599

international Raptor Linus your West

803

00:30:12,039 --> 00:30:15,730

it's gonna take ages to get here it's

804

00:30:13,599 --> 00:30:17,230

gonna take a good 24 hours or so but

805

00:30:15,730 --> 00:30:19,660

they also said that everybody will be

806

00:30:17,230 --> 00:30:20,920

dead by the end of that day but we're

807

00:30:19,660 --> 00:30:22,779

going to be in the next day so I think

808

00:30:20,920 --> 00:30:25,900

Australia is going to be fine Oh

809

00:30:22,779 --> 00:30:28,420

that's a relief a day so it's Christmas

810

00:30:25,900 --> 00:30:30,790

Island a day behind us just west of

811

00:30:28,420 --> 00:30:33,460

western australia ever so they're on the

812

00:30:30,789 --> 00:30:35,740

same day as us though no other they're

813
00:30:33,460 --> 00:30:37,509
on wa time I think if they're on Western

814
00:30:35,740 --> 00:30:41,079
Australia time there were in the same

815
00:30:37,509 --> 00:30:42,640
times I was to die on and in this whole

816
00:30:41,079 --> 00:30:46,029
Raptor thing at 20th century invention

817
00:30:42,640 --> 00:30:51,100
anyway I think so I think so but this

818
00:30:46,029 --> 00:30:54,430
isn't people deeply held belief but this

819
00:30:51,099 --> 00:30:57,490
is this this family radio outfit in the

820
00:30:54,430 --> 00:30:59,259
States was at the who I met one of them

821
00:30:57,490 --> 00:31:01,809
in the street about two months ago in

822
00:30:59,259 --> 00:31:03,309
Sydney handing out yeah and I've got at

823
00:31:01,809 --> 00:31:04,690
home about the leaflet he was handing

824
00:31:03,309 --> 00:31:06,279
out saying you know this is at the end

825
00:31:04,690 --> 00:31:08,890
of everything but about twenty first

826
00:31:06,279 --> 00:31:10,149
time I Wow and I said to him I said are

827

00:31:08,890 --> 00:31:11,800
you going to give me all your money said

828
00:31:10,150 --> 00:31:15,490
I hi everyone says that to me and I well

829
00:31:11,799 --> 00:31:17,980
no wonder there's a woman in the States

830
00:31:15,490 --> 00:31:19,599
who sold a house and painted her car

831
00:31:17,980 --> 00:31:21,039
with warning things that you've been

832
00:31:19,599 --> 00:31:22,899
driving around the states trying to warn

833
00:31:21,039 --> 00:31:24,399
people she's gonna feel a bit of a goose

834
00:31:22,900 --> 00:31:27,400
she has a little so you gonna be living

835
00:31:24,400 --> 00:31:29,050
in a car is the same rapture that Louis

836
00:31:27,400 --> 00:31:30,430
Theroux covered or as they won every

837
00:31:29,049 --> 00:31:32,279
second this is a difference there I'm

838
00:31:30,430 --> 00:31:34,720
sure they'd be very area on another boat

839
00:31:32,279 --> 00:31:37,509
right so when they have them all the

840
00:31:34,720 --> 00:31:39,400
time do they every couple of years

841
00:31:37,509 --> 00:31:47,769

there'll be a cult or someone to say

842

00:31:39,400 --> 00:31:49,360

that you know this is the date that was

843

00:31:47,769 --> 00:31:54,190

that was it that was a very quick bus

844

00:31:49,359 --> 00:31:58,589

announcement would you finish it off

845

00:31:54,190 --> 00:32:00,940

always a big too soon yes look there

846

00:31:58,589 --> 00:32:02,829

james randi wrote about this you know

847

00:32:00,940 --> 00:32:04,390

there are hundreds of predictions of the

848

00:32:02,829 --> 00:32:06,519

world ending in the end

849

00:32:04,390 --> 00:32:08,290

the god or gods coming a little book

850

00:32:06,519 --> 00:32:09,819

along the encyclopedia with paranormal

851

00:32:08,289 --> 00:32:11,259

by james randi that's in there yes an

852

00:32:09,819 --> 00:32:15,279

appendix at the back of hundreds of them

853

00:32:11,259 --> 00:32:17,799

yeah yeah so I'm not too concerned maino

854

00:32:15,279 --> 00:32:19,990

and on predictions a person has been on

855

00:32:17,799 --> 00:32:21,159

this show Jessica Adams claims that one

856
00:32:19,990 --> 00:32:24,130
of her predictions has come true she

857
00:32:21,160 --> 00:32:25,690
pursuers the astrologer yeah sushi

858
00:32:24,130 --> 00:32:27,490
monster Shii particular online that

859
00:32:25,690 --> 00:32:29,140
there would be an amount of money given

860
00:32:27,490 --> 00:32:31,200
to Papua New Guinea as aid in the

861
00:32:29,140 --> 00:32:34,930
Australian budget and that has occurred

862
00:32:31,200 --> 00:32:37,000
Wow who could have seen you think that

863
00:32:34,930 --> 00:32:38,830
killing who would have think she's also

864
00:32:37,000 --> 00:32:40,299
in an astrological chart for our douglas

865
00:32:38,829 --> 00:32:42,339
adams and she said that he shares a

866
00:32:40,299 --> 00:32:44,259
similar chart to Doctor Who now I'm

867
00:32:42,339 --> 00:32:46,779
assuming she did the chart for the TV

868
00:32:44,259 --> 00:32:49,769
show as one for the Time Lord would be

869
00:32:46,779 --> 00:32:52,059
bearing actually wrote for you me

870
00:32:49,769 --> 00:32:54,970
douglas adams wrote for i want to hang

871
00:32:52,059 --> 00:32:56,829
on but doctor he was born on Gallifrey

872
00:32:54,970 --> 00:32:58,779
is go to war year so what I saw that's

873
00:32:56,829 --> 00:33:00,789
why I'm hoping she did it for the

874
00:32:58,779 --> 00:33:02,319
Tickells if you were born on Gallifrey

875
00:33:00,789 --> 00:33:04,779
the stars would be completely different

876
00:33:02,319 --> 00:33:06,819
and also a year and also when he when he

877
00:33:04,779 --> 00:33:11,079
regenerates does is that the that count

878
00:33:06,819 --> 00:33:12,849
as a rebirth yeah so that's proly worth

879
00:33:11,079 --> 00:33:14,379
a look to for your fans of dr. acquiring

880
00:33:12,849 --> 00:33:16,689
a mind and want to know let me quickly

881
00:33:14,380 --> 00:33:19,150
mention a website of interest to people

882
00:33:16,690 --> 00:33:26,130
in Australia which is HTTP colon slash

883
00:33:19,150 --> 00:33:30,070
slash say community net a USC I Co mm UN

884

00:33:26,130 --> 00:33:33,130
ity dot net a you and that's the website

885
00:33:30,069 --> 00:33:38,409
sharing Australian science communication

886
00:33:33,130 --> 00:33:40,840
events worth checking oh I have a segue

887
00:33:38,410 --> 00:33:42,670
Richard whoa but you're riding around on

888
00:33:40,839 --> 00:33:44,799
all weekend don't know not that kind of

889
00:33:42,670 --> 00:33:46,810
thing I is a tree that guy what fell off

890
00:33:44,799 --> 00:33:48,519
a cliff that's a wait yeah it's yeah

891
00:33:46,809 --> 00:33:50,470
I've ridden a Segway they're so easy

892
00:33:48,519 --> 00:33:51,819
have you yeah I'm never really a Segway

893
00:33:50,470 --> 00:33:53,500
it's basically I've seen them on

894
00:33:51,819 --> 00:33:55,569
arrested development is easy as falling

895
00:33:53,500 --> 00:33:58,089
on her placement about yeah

896
00:33:55,569 --> 00:34:00,659
just my life I live my life through

897
00:33:58,089 --> 00:34:02,919
arrested development it's a coincidence

898
00:34:00,660 --> 00:34:05,500

anyway I would using one main I'd

899

00:34:02,920 --> 00:34:07,690

mentioned the budget and we the budget

900

00:34:05,500 --> 00:34:09,550

was announced at seven-thirty p.m. on

901

00:34:07,690 --> 00:34:12,309

tuesday in australia this is the federal

902

00:34:09,550 --> 00:34:14,970

economic out for the next to the three

903

00:34:12,309 --> 00:34:17,230

years yeah and we were worried that

904

00:34:14,969 --> 00:34:18,939

Australia would lose a lot of funding to

905

00:34:17,230 --> 00:34:20,500

medical research and as a result of that

906

00:34:18,940 --> 00:34:23,099

many Australians would know this but

907

00:34:20,500 --> 00:34:25,030

maybe our internationalists don't know

908

00:34:23,099 --> 00:34:27,000

scientists took to the streets and there

909

00:34:25,030 --> 00:34:29,769

were rallies all across the country and

910

00:34:27,000 --> 00:34:31,630

we ran a bit campaign on Twitter called

911

00:34:29,769 --> 00:34:34,059

protect research and discoveries need

912

00:34:31,630 --> 00:34:35,619

dollars and we were very pleased on

913
00:34:34,059 --> 00:34:37,119
Tuesday that we actually got a four

914
00:34:35,619 --> 00:34:39,009
point three percent increase in funding

915
00:34:37,119 --> 00:34:41,699
as opposed to four hundred million

916
00:34:39,010 --> 00:34:45,970
dollars cut from fantastic yeah good

917
00:34:41,699 --> 00:34:47,919
budget as well yeah our own we'll have

918
00:34:45,969 --> 00:34:50,289
some excellent sicom coming out sometime

919
00:34:47,920 --> 00:34:51,880
soon the only thing that that is now a

920
00:34:50,289 --> 00:34:53,500
bit of a concern we're very very happy

921
00:34:51,880 --> 00:34:55,300
with the way the campaign went but the

922
00:34:53,500 --> 00:34:57,820
synchrotron is now under threat in

923
00:34:55,300 --> 00:35:00,430
Victoria lots of state isn't it that in

924
00:34:57,820 --> 00:35:01,450
Victoria well it kind of is but also the

925
00:35:00,429 --> 00:35:04,089
federal government did apparently

926
00:35:01,449 --> 00:35:05,710
promise to give some money so a friend

927
00:35:04,090 --> 00:35:07,840
of mine suggested that maybe we just get

928
00:35:05,710 --> 00:35:10,030
some bogans to drive do some circle work

929
00:35:07,840 --> 00:35:11,350
in the car park when they kind of hit

930
00:35:10,030 --> 00:35:12,820
each other and bounce off each other

931
00:35:11,349 --> 00:35:14,139
that could be the equivalent of the

932
00:35:12,820 --> 00:35:17,880
synchrotron I don't know for those

933
00:35:14,139 --> 00:35:20,710
international listeners a bogan is is

934
00:35:17,880 --> 00:35:22,990
true trailer park trash would you say

935
00:35:20,710 --> 00:35:25,510
yeah ready okay it's a chav isn't it

936
00:35:22,989 --> 00:35:27,159
mature yeah chavs are a bit more urban

937
00:35:25,510 --> 00:35:29,800
than bouillon a bogans a bit more sort

938
00:35:27,159 --> 00:35:32,079
of thing regional are than urban what

939
00:35:29,800 --> 00:35:33,700
would you pull a boner city in the UK

940
00:35:32,079 --> 00:35:35,739
I'm not really sure don't think we have

941

00:35:33,699 --> 00:35:38,319
the equivalent it's sort of like a

942
00:35:35,739 --> 00:35:41,349
little britain that the character Sharon

943
00:35:38,320 --> 00:35:43,090
isn't Vicki Vicki sorry the couch is

944
00:35:41,349 --> 00:35:45,009
very urban she's very inner city let's

945
00:35:43,090 --> 00:35:47,170
iboga not so much beauty there could be

946
00:35:45,010 --> 00:35:48,610
a broken man maybe yeah something like

947
00:35:47,170 --> 00:35:50,320
that also there's been two billion

948
00:35:48,610 --> 00:35:52,930
dollars given to mental health in

949
00:35:50,320 --> 00:35:54,550
Australia in this budget but pointed out

950
00:35:52,929 --> 00:35:56,349
by Tony Abbott the opposition leader or

951
00:35:54,550 --> 00:35:58,120
not I'd like I haven't investigated as

952
00:35:56,349 --> 00:35:59,799
myself he was claiming that the rebate

953
00:35:58,119 --> 00:36:01,960
that you get on Medicare for going to

954
00:35:59,800 --> 00:36:03,850
the psychiatrist will either stay the

955
00:36:01,960 --> 00:36:05,050

same or not get increased or go down so

956

00:36:03,849 --> 00:36:06,880

there is more money for mental health

957

00:36:05,050 --> 00:36:08,000

but if you go to the psychiatrist the

958

00:36:06,880 --> 00:36:09,380

men you've carried

959

00:36:08,000 --> 00:36:11,000

isn't as good so I'd like someone to

960

00:36:09,380 --> 00:36:13,690

check that out is that research on this

961

00:36:11,000 --> 00:36:16,519

no I do dinner on Twitter today saying

962

00:36:13,690 --> 00:36:18,530

that GPS are a bit annoyed about it

963

00:36:16,519 --> 00:36:20,480

because it's going to take some stuff

964

00:36:18,530 --> 00:36:22,160

away from your family practitioners and

965

00:36:20,480 --> 00:36:24,230

put it more into mental health units and

966

00:36:22,159 --> 00:36:25,609

they're a bit annoyed but I haven't done

967

00:36:24,230 --> 00:36:27,740

the research so I'm going to bug out at

968

00:36:25,610 --> 00:36:29,990

this one is also quite annoyed about it

969

00:36:27,739 --> 00:36:31,489

as well yeah now you were part of the

970
00:36:29,989 --> 00:36:33,589
campaign you actually took to the

971
00:36:31,489 --> 00:36:36,349
streets or to the park with banners dr.

972
00:36:33,590 --> 00:36:38,059
AJ execute what do scientists look when

973
00:36:36,349 --> 00:36:39,409
they look like when they all protest in

974
00:36:38,059 --> 00:36:41,239
a group in the one place as a whole

975
00:36:39,409 --> 00:36:42,710
bunch of white coats and waving of

976
00:36:41,239 --> 00:36:44,629
things like you know like honestly the

977
00:36:42,710 --> 00:36:46,550
professor on The Simpsons it's in London

978
00:36:44,630 --> 00:36:49,730
it was just like that but with test

979
00:36:46,550 --> 00:36:51,920
tubes now we actually put down upper

980
00:36:49,730 --> 00:36:55,360
pets and our test tubes but we did March

981
00:36:51,920 --> 00:36:58,309
you know in our lab coats yep and we had

982
00:36:55,360 --> 00:37:00,200
big banners the theme was orange and

983
00:36:58,309 --> 00:37:03,799
blue which I think orange is a symbol of

984

00:37:00,199 --> 00:37:06,319

hope apparently or optimism I'm not

985

00:37:03,800 --> 00:37:08,480

exactly sure so yeah we had big sort of

986

00:37:06,320 --> 00:37:09,980

placards like he did you know in the 80s

987

00:37:08,480 --> 00:37:11,990

when you're marching against the Vietnam

988

00:37:09,980 --> 00:37:14,090

War man that was his extincted made

989

00:37:11,989 --> 00:37:17,599

there so you left your run a bit late

990

00:37:14,090 --> 00:37:19,220

too much against Vietnamese it made the

991

00:37:17,599 --> 00:37:21,440

TV news though did it I look the

992

00:37:19,219 --> 00:37:22,579

coverage was huge and there's a couple

993

00:37:21,440 --> 00:37:24,740

of people that were really instrumental

994

00:37:22,579 --> 00:37:27,519

mostly they were from the white Walter

995

00:37:24,739 --> 00:37:30,019

and Eliza Hall Institute in Melbourne

996

00:37:27,519 --> 00:37:31,730

they sort of kicked it off and in Sydney

997

00:37:30,019 --> 00:37:34,369

the garvan institute were the ones that

998

00:37:31,730 --> 00:37:36,320
I got in touch with but but what was

999
00:37:34,369 --> 00:37:37,940
interesting about it too was that the

1000
00:37:36,320 --> 00:37:40,400
Twitterverse was really critical to the

1001
00:37:37,940 --> 00:37:42,289
success of this campaign first of all

1002
00:37:40,400 --> 00:37:44,000
because when my director sent me an

1003
00:37:42,289 --> 00:37:45,800
email one thursday night at nine o'clock

1004
00:37:44,000 --> 00:37:49,159
at night and said can you organize a

1005
00:37:45,800 --> 00:37:50,870
rally do you remember i Skyped you and I

1006
00:37:49,159 --> 00:37:53,059
swear my head's exploding that's not

1007
00:37:50,869 --> 00:37:55,159
going to happen I jumped onto Twitter

1008
00:37:53,059 --> 00:37:57,920
and said we want to do a rally in Sydney

1009
00:37:55,159 --> 00:37:59,659
who can help me do you I do I remember

1010
00:37:57,920 --> 00:38:01,820
that message going right yeah and

1011
00:37:59,659 --> 00:38:04,460
immediately I got people responding and

1012
00:38:01,820 --> 00:38:08,059

saying we're doing this will email you

1013

00:38:04,460 --> 00:38:11,389

tomorrow and then we also ran sort of

1014

00:38:08,059 --> 00:38:13,730

Twitter campaigns when the rallies were

1015

00:38:11,389 --> 00:38:15,859

running in different states in support

1016

00:38:13,730 --> 00:38:17,059

of the people walking if you weren't in

1017

00:38:15,860 --> 00:38:19,000

that state you would have a Twitter

1018

00:38:17,059 --> 00:38:20,789

campaign for an hour so we'd all tweet

1019

00:38:19,000 --> 00:38:23,130

to em

1020

00:38:20,789 --> 00:38:25,259

pays or to julia gillard our prime

1021

00:38:23,130 --> 00:38:27,510

minister or to mark butler the guy who

1022

00:38:25,260 --> 00:38:29,610

holds the health portfolio and they just

1023

00:38:27,510 --> 00:38:33,030

got so they got slammed with tweets and

1024

00:38:29,610 --> 00:38:34,680

with questions and and I really think

1025

00:38:33,030 --> 00:38:36,510

that critical to us collaborating

1026

00:38:34,679 --> 00:38:40,169

through our Australia on this project

1027
00:38:36,510 --> 00:38:42,180
was Twitter absolutely yeah I in fact I

1028
00:38:40,170 --> 00:38:44,639
send out a Twitter just last week I said

1029
00:38:42,179 --> 00:38:46,500
do you think as a general thing I said

1030
00:38:44,639 --> 00:38:48,059
who thinks will still be using Twitter

1031
00:38:46,500 --> 00:38:50,159
in 10 years that occurred to me are we

1032
00:38:48,059 --> 00:38:51,299
still in you know ten years time are we

1033
00:38:50,159 --> 00:38:52,710
still going to be pouring over our

1034
00:38:51,300 --> 00:38:54,570
devices looking at what people are

1035
00:38:52,710 --> 00:38:55,710
twittering all that be just something we

1036
00:38:54,570 --> 00:38:58,920
used to do and there'll be something

1037
00:38:55,710 --> 00:39:00,840
bigger and better I wanna reminds me of

1038
00:38:58,920 --> 00:39:02,340
that question of where's my jetpack you

1039
00:39:00,840 --> 00:39:04,250
know I don't actually think we're going

1040
00:39:02,340 --> 00:39:06,570
to have anything different to Twitter

1041
00:39:04,250 --> 00:39:07,769
because I think some of the responses

1042
00:39:06,570 --> 00:39:09,600
you got was people saying they'll be

1043
00:39:07,769 --> 00:39:12,059
microchips in our head and we'll try you

1044
00:39:09,599 --> 00:39:13,319
know different interface at that point

1045
00:39:12,059 --> 00:39:14,489
you might still have the hundred and

1046
00:39:13,320 --> 00:39:16,170
forty character thing going on we'll

1047
00:39:14,489 --> 00:39:17,759
just think it instead of typing any well

1048
00:39:16,170 --> 00:39:19,380
but well it will be it would there be

1049
00:39:17,760 --> 00:39:20,820
something which is so much better than

1050
00:39:19,380 --> 00:39:23,670
twitter twitter was just one of the

1051
00:39:20,820 --> 00:39:25,380
things we used to do well who knows can

1052
00:39:23,670 --> 00:39:27,360
predict that i can read that yeah but

1053
00:39:25,380 --> 00:39:29,280
will you would think that like video on

1054
00:39:27,360 --> 00:39:31,260
twitter hasn't really taken off like a

1055

00:39:29,280 --> 00:39:33,330
short video messages to each other that

1056
00:39:31,260 --> 00:39:36,000
sort of thing audio things on Twitter

1057
00:39:33,329 --> 00:39:37,710
are there you can use them but but but

1058
00:39:36,000 --> 00:39:38,940
but people don't seem to click on them

1059
00:39:37,710 --> 00:39:40,500
as much people are happy just to read

1060
00:39:38,940 --> 00:39:42,720
the text and get on with it or not read

1061
00:39:40,500 --> 00:39:44,610
the text even on facebook you put audio

1062
00:39:42,719 --> 00:39:46,649
links and video links up on facebook

1063
00:39:44,610 --> 00:39:48,890
people will like them without looking at

1064
00:39:46,650 --> 00:39:50,700
them often because people just can't be

1065
00:39:48,889 --> 00:39:52,799
asking for that is going to be the

1066
00:39:50,699 --> 00:39:56,969
interface and how the clients handle

1067
00:39:52,800 --> 00:39:59,130
video and images and audio so hdf5 was

1068
00:39:56,969 --> 00:40:01,759
that would be bought by twitter if that

1069
00:39:59,130 --> 00:40:03,869

starts running video in the browser and

1070

00:40:01,760 --> 00:40:06,330

sound in the browser i mean does to an

1071

00:40:03,869 --> 00:40:08,219

extent now but it has more universal

1072

00:40:06,329 --> 00:40:09,750

support then it'll be great and of

1073

00:40:08,219 --> 00:40:13,349

course skype has been bought by

1074

00:40:09,750 --> 00:40:15,659

microsoft I feel dirty I feel dirty it's

1075

00:40:13,349 --> 00:40:20,480

going to be a dear but Scott by

1076

00:40:15,659 --> 00:40:22,920

microphone as well no I the skype I

1077

00:40:20,480 --> 00:40:25,940

think the time for that now it told me

1078

00:40:22,920 --> 00:40:28,650

about the skype issue good Heaven skype

1079

00:40:25,940 --> 00:40:30,179

skype to meet to me has been more

1080

00:40:28,650 --> 00:40:31,369

important over the years than twitter

1081

00:40:30,179 --> 00:40:34,518

yeah me too

1082

00:40:31,369 --> 00:40:36,650

definitely yeah I don't know I don't

1083

00:40:34,518 --> 00:40:38,449

have a small group whereas Twitter's you

1084
00:40:36,650 --> 00:40:40,880
know twitter us a bit of a broadcast and

1085
00:40:38,449 --> 00:40:42,828
a gathering in medium well I mean a lot

1086
00:40:40,880 --> 00:40:45,499
of the skeptic zone well I latte

1087
00:40:42,829 --> 00:40:47,450
percentages done over over Skype what

1088
00:40:45,498 --> 00:40:50,358
time australia was organized over skype

1089
00:40:47,449 --> 00:40:52,518
it was it was of course dr. 'he that the

1090
00:40:50,358 --> 00:40:54,170
five of us on the committee would meet

1091
00:40:52,518 --> 00:40:56,449
week after week after week over skype

1092
00:40:54,170 --> 00:40:57,798
for hours when i was up to three three

1093
00:40:56,449 --> 00:41:00,828
and a half hours every wednesday night

1094
00:40:57,798 --> 00:41:02,929
the sky media scope to know the panel's

1095
00:41:00,829 --> 00:41:05,749
the panel I was on with brian and those

1096
00:41:02,929 --> 00:41:06,710
guys we did that over skype initially to

1097
00:41:05,748 --> 00:41:09,949
sort out what we're going to talk about

1098
00:41:06,710 --> 00:41:13,220
I think I think SG you get together over

1099
00:41:09,949 --> 00:41:15,588
skype to do this so skype is bloody

1100
00:41:13,219 --> 00:41:17,689
important and just officially this year

1101
00:41:15,588 --> 00:41:19,009
the ABCA started to use skype for some

1102
00:41:17,690 --> 00:41:21,108
of its recorded interviews with in the

1103
00:41:19,009 --> 00:41:22,940
ABC like we haven't used it before this

1104
00:41:21,108 --> 00:41:24,380
officially people have used it

1105
00:41:22,940 --> 00:41:25,940
unofficially but now the ABC is

1106
00:41:24,380 --> 00:41:27,798
sanctioned it and we were using it that

1107
00:41:25,940 --> 00:41:29,599
way as an alternative to phone lines but

1108
00:41:27,798 --> 00:41:32,028
not live we don't use it live because

1109
00:41:29,599 --> 00:41:33,859
it's not reliable no well that I can

1110
00:41:32,028 --> 00:41:35,838
understand that I don't know what that's

1111
00:41:33,858 --> 00:41:38,239
got to do with skepticism exactly but

1112

00:41:35,838 --> 00:41:41,798
skype is really important to us and I

1113
00:41:38,239 --> 00:41:45,199
just hope that Microsoft don't try to

1114
00:41:41,798 --> 00:41:47,630
fix something that's not broken well the

1115
00:41:45,199 --> 00:41:49,518
other thing is I use it on a mac so they

1116
00:41:47,630 --> 00:41:51,519
have said that they can continue to

1117
00:41:49,518 --> 00:41:53,778
support it on an Apple platform but

1118
00:41:51,518 --> 00:41:56,298
maybe they'll just put so many bugs in

1119
00:41:53,778 --> 00:42:01,699
it it won't work anymore who knows full

1120
00:41:56,298 --> 00:42:04,670
disclosure on imax microsoft is a most

1121
00:42:01,699 --> 00:42:05,929
especially now one one person is not

1122
00:42:04,670 --> 00:42:08,869
going to be twittering anymore of course

1123
00:42:05,929 --> 00:42:10,699
as a sama bin Laden and i'm not going to

1124
00:42:08,869 --> 00:42:12,650
talk about the conspiracy theories that

1125
00:42:10,699 --> 00:42:16,159
he is going to be treating you not seen

1126
00:42:12,650 --> 00:42:19,220

it what obama's ghost Osama's ghost

1127

00:42:16,159 --> 00:42:23,199

sorry really yeah yeah what is he saying

1128

00:42:19,219 --> 00:42:23,199

how i turned on location on my tweets

1129

00:42:24,420 --> 00:42:30,269

um did you see that facebook message he

1130

00:42:28,199 --> 00:42:33,689

left as well well there's someone tagged

1131

00:42:30,269 --> 00:42:35,210

at least at some what was it alarm about

1132

00:42:33,690 --> 00:42:39,210

or whatever it was but I bought about

1133

00:42:35,210 --> 00:42:41,250

Nixon dude turn off the tag the one else

1134

00:42:39,210 --> 00:42:43,829

with it you can turn it off yourself man

1135

00:42:41,250 --> 00:42:53,730

untag me at them to see out see I I went

1136

00:42:43,829 --> 00:42:57,630

see you in a sec well who say's uh thank

1137

00:42:53,730 --> 00:42:59,519

you may not look sorry host an excellent

1138

00:42:57,630 --> 00:43:03,750

of course they were all as soon as he

1139

00:42:59,519 --> 00:43:06,059

was killed by the operatives and Baron

1140

00:43:03,750 --> 00:43:07,769

see all the conspiracy theories came up

1141
00:43:06,059 --> 00:43:09,690
pretty quickly which didn't surprise me

1142
00:43:07,769 --> 00:43:11,639
at all what has surprised me is that

1143
00:43:09,690 --> 00:43:13,590
they've all sort of done it away pretty

1144
00:43:11,639 --> 00:43:15,359
quickly I mean they were a flash in the

1145
00:43:13,590 --> 00:43:16,980
pan and now no one's still running

1146
00:43:15,360 --> 00:43:19,890
around saying oh it's all a lie it's all

1147
00:43:16,980 --> 00:43:22,019
alive but they'll be simmering away now

1148
00:43:19,889 --> 00:43:24,179
this simmering away but but I think once

1149
00:43:22,019 --> 00:43:27,150
al Qaeda said yeah he's dead a lot of

1150
00:43:24,179 --> 00:43:30,659
the conspiracy theories sort of sat down

1151
00:43:27,150 --> 00:43:32,579
trust al Qaeda that's right over that I

1152
00:43:30,659 --> 00:43:34,079
trust al Qaeda but Maynard you were

1153
00:43:32,579 --> 00:43:36,630
telling me of something that I haven't

1154
00:43:34,079 --> 00:43:39,750
caught up yet caught up with the it cold

1155
00:43:36,630 --> 00:43:42,090
what's us what's Oh summer watching

1156
00:43:39,750 --> 00:43:44,820
what's Osama bin watching what's

1157
00:43:42,090 --> 00:43:46,769
O'Sullivan watching and what it is it's

1158
00:43:44,820 --> 00:43:49,019
it's the still of him having a look at

1159
00:43:46,769 --> 00:43:51,570
one of these videos on TV I'm a little

1160
00:43:49,019 --> 00:43:54,119
13-inch TV and what they've done is it

1161
00:43:51,570 --> 00:43:57,230
is that replaced the existing TV program

1162
00:43:54,119 --> 00:44:00,089
with any YouTube URL you want to put in

1163
00:43:57,230 --> 00:44:01,889
you can put whatever you whatever you

1164
00:44:00,090 --> 00:44:03,900
can get on YouTube you just you tag that

1165
00:44:01,889 --> 00:44:05,579
into what's Osama bin watching he can be

1166
00:44:03,900 --> 00:44:07,200
watching the skeptic zone doing a bit of

1167
00:44:05,579 --> 00:44:09,150
work on the powerbands you can be

1168
00:44:07,199 --> 00:44:10,500
watching anime nerd video of us at sexpo

1169

00:44:09,150 --> 00:44:11,910
he give you watching anything this it's

1170
00:44:10,500 --> 00:44:13,949
just a still of him with the remote but

1171
00:44:11,909 --> 00:44:14,759
it is pretty funny is it Merrill all

1172
00:44:13,949 --> 00:44:18,989
right you should be watching that

1173
00:44:14,760 --> 00:44:20,550
Merrill I speak about that the Merrill

1174
00:44:18,989 --> 00:44:22,049
she's been a bit quiet lately hasn't she

1175
00:44:20,550 --> 00:44:23,730
doctor aging oh yeah because she's got a

1176
00:44:22,050 --> 00:44:25,140
court case on the seventeenth of May

1177
00:44:23,730 --> 00:44:28,230
hasn't she Justin

1178
00:44:25,139 --> 00:44:29,818
the rapture yeah yeah trouble at the

1179
00:44:28,230 --> 00:44:32,068
moment I don't really want to talk about

1180
00:44:29,818 --> 00:44:34,798
how look and speaking of the summer bin

1181
00:44:32,068 --> 00:44:37,259
Laden I spoke with the co-host of the no

1182
00:44:34,798 --> 00:44:39,538
agenda show adam curry this week for for

1183
00:44:37,260 --> 00:44:41,069

ABC radio and for Manor calm that are

1184

00:44:39,539 --> 00:44:42,690

you and to come up on the skeptic zone

1185

00:44:41,068 --> 00:44:44,400

in the near future beauty of future and

1186

00:44:42,690 --> 00:44:47,159

I had him on specifically to speak about

1187

00:44:44,400 --> 00:44:49,500

the conspiracy well about what the sama

1188

00:44:47,159 --> 00:44:51,358

bin Laden's death means and even he said

1189

00:44:49,500 --> 00:44:53,429

look the why where and what of his death

1190

00:44:51,358 --> 00:44:55,170

isn't important it's how it's used by

1191

00:44:53,429 --> 00:44:56,879

the government to scare people to be

1192

00:44:55,170 --> 00:44:59,250

used as a scare campaign to it because

1193

00:44:56,880 --> 00:45:01,079

he's very big against the the naked body

1194

00:44:59,250 --> 00:45:03,568

scanners that the TSA uses whenever you

1195

00:45:01,079 --> 00:45:05,068

go in out of America I'm going now do

1196

00:45:03,568 --> 00:45:07,440

you opt out or do you go through the

1197

00:45:05,068 --> 00:45:09,659

naked bodies or the naked one and I

1198
00:45:07,440 --> 00:45:11,970
haven't been there since I've had them

1199
00:45:09,659 --> 00:45:13,768
actually that's right so you you might

1200
00:45:11,969 --> 00:45:15,629
be giving it up will you opt out all you

1201
00:45:13,768 --> 00:45:18,179
go through it oh I don't care so you

1202
00:45:15,630 --> 00:45:20,400
what you get touched up or or fatal

1203
00:45:18,179 --> 00:45:21,929
radiation can be sent to toss a coin I

1204
00:45:20,400 --> 00:45:23,940
really don't know mate or cuz I'm still

1205
00:45:21,929 --> 00:45:25,139
alive you know okay well anyway yes so

1206
00:45:23,940 --> 00:45:26,880
you're gonna have a good giggle at me as

1207
00:45:25,139 --> 00:45:28,288
i go through i don't but if you opt out

1208
00:45:26,880 --> 00:45:29,460
that they might do an opt-out opt out

1209
00:45:28,289 --> 00:45:31,890
and point you and that's worth it just

1210
00:45:29,460 --> 00:45:33,420
to do it but bidding like there's any

1211
00:45:31,889 --> 00:45:34,500
view with him on the ABC there so go

1212
00:45:33,420 --> 00:45:37,259
have a look at that it's easy to find

1213
00:45:34,500 --> 00:45:39,088
adam curry media assassin I don't get to

1214
00:45:37,259 --> 00:45:41,818
write that very often for the ABC and

1215
00:45:39,088 --> 00:45:43,108
would then also form a Soviet spy never

1216
00:45:41,818 --> 00:45:45,239
comes up very often in my writings

1217
00:45:43,108 --> 00:45:46,469
either so enjoy that please go and have

1218
00:45:45,239 --> 00:45:49,318
a look at that well coming up in the

1219
00:45:46,469 --> 00:45:52,048
near future growth dr. rich and i are

1220
00:45:49,318 --> 00:45:55,798
heading for town vegas dr. hu will be

1221
00:45:52,048 --> 00:45:57,420
there a good few days before i will i'm

1222
00:45:55,798 --> 00:45:59,009
flying in very quickly i'm going to be

1223
00:45:57,420 --> 00:46:01,230
flying in getting there on the friday of

1224
00:45:59,009 --> 00:46:04,679
town and leaving back to Sydney on the

1225
00:46:01,230 --> 00:46:07,409
sunday so only two days in America the

1226

00:46:04,679 --> 00:46:10,288
reason for that is I will be working

1227
00:46:07,409 --> 00:46:14,219
with the Channel Seven Network here on a

1228
00:46:10,289 --> 00:46:16,349
show called the 1 series 2 of a show

1229
00:46:14,219 --> 00:46:18,719
that I was involved with it involved

1230
00:46:16,349 --> 00:46:21,660
with a few years ago where I'm going to

1231
00:46:18,719 --> 00:46:25,409
be well basically being myself playing a

1232
00:46:21,659 --> 00:46:27,358
skeptical person on this TV show I i'll

1233
00:46:25,409 --> 00:46:28,980
try to give give you all more

1234
00:46:27,358 --> 00:46:30,929
information about that as the months

1235
00:46:28,980 --> 00:46:32,309
progress but that's what I'm doing at

1236
00:46:30,929 --> 00:46:33,929
the moment but Rachel you'll be there a

1237
00:46:32,309 --> 00:46:34,820
few days before me to suss out the

1238
00:46:33,929 --> 00:46:36,169
crabby late

1239
00:46:34,820 --> 00:46:37,850
situation well that's the only reason

1240
00:46:36,170 --> 00:46:40,280

I'm going to Vegas is for the krabby leg

1241
00:46:37,849 --> 00:46:42,110
situation but I do have something more

1242
00:46:40,280 --> 00:46:46,430
important to discuss than that it's

1243
00:46:42,110 --> 00:46:48,440
surely not if that's okay oh just a sec

1244
00:46:46,429 --> 00:46:50,029
I gotta find my breakfast well why you

1245
00:46:48,440 --> 00:46:52,280
just quickly looking for your references

1246
00:46:50,030 --> 00:46:53,450
are job enemy our good old friend Joe

1247
00:46:52,280 --> 00:46:56,240
better move who can't be with us tonight

1248
00:46:53,449 --> 00:46:58,399
has asked me to remind our audience that

1249
00:46:56,239 --> 00:47:01,699
today the recording of this is the 11th

1250
00:46:58,400 --> 00:47:04,190
of me it is the 11th that is the 12th I

1251
00:47:01,699 --> 00:47:07,219
big ones the top of me it's

1252
00:47:04,190 --> 00:47:10,159
international nurses day and a big shout

1253
00:47:07,219 --> 00:47:12,230
out to yes some of the best nights

1254
00:47:10,159 --> 00:47:14,029
drinking I've ever had have been word

1255
00:47:12,230 --> 00:47:16,340
nurses I've got to say nurses like

1256
00:47:14,030 --> 00:47:17,840
doctors know how to party isn't it the

1257
00:47:16,340 --> 00:47:19,490
start with a grouse hunting season two

1258
00:47:17,840 --> 00:47:22,820
is this glorious twelfth of May is

1259
00:47:19,489 --> 00:47:25,219
another grouse hunting season if you say

1260
00:47:22,820 --> 00:47:27,650
so but look a big hello to all the

1261
00:47:25,219 --> 00:47:29,419
nurses listening to us the the backbone

1262
00:47:27,650 --> 00:47:33,260
of the medical industry if I can put it

1263
00:47:29,420 --> 00:47:36,470
that way you are appreciated and Joe

1264
00:47:33,260 --> 00:47:39,770
Benna mu a you too congratulations on

1265
00:47:36,469 --> 00:47:41,209
your fine work now dr. AG ok so this is

1266
00:47:39,769 --> 00:47:42,980
something that is actually quite big

1267
00:47:41,210 --> 00:47:44,869
news and I'm a little bit disappointed

1268
00:47:42,980 --> 00:47:49,340
that it hasn't been covered to a very

1269
00:47:44,869 --> 00:47:51,589
big e % in Australia our sort of medical

1270
00:47:49,340 --> 00:47:53,559
advice board is called the National

1271
00:47:51,590 --> 00:47:56,390
Health and Medical Research Council

1272
00:47:53,559 --> 00:47:58,420
NHMRC and they're kind of the equivalent

1273
00:47:56,389 --> 00:48:01,879
of the NIH in a sense that they advise

1274
00:47:58,420 --> 00:48:04,570
the public and medical people about

1275
00:48:01,880 --> 00:48:07,550
what's good and bad in terms of drugs

1276
00:48:04,570 --> 00:48:10,190
last week they did something that is

1277
00:48:07,550 --> 00:48:12,740
unprecedented in this country and it

1278
00:48:10,190 --> 00:48:15,440
went under the radar and it really needs

1279
00:48:12,739 --> 00:48:17,059
to be made to get out there more because

1280
00:48:15,440 --> 00:48:20,240
they actually made released a draft

1281
00:48:17,059 --> 00:48:22,130
statement on homeopathy this is the

1282
00:48:20,239 --> 00:48:23,179
first time they've ever the Australian

1283

00:48:22,130 --> 00:48:25,070
Government has ever made a statement

1284
00:48:23,179 --> 00:48:28,279
about homeopathy in this country and

1285
00:48:25,070 --> 00:48:31,700
basically to summarize it they said that

1286
00:48:28,280 --> 00:48:34,310
it is unethical in other words it

1287
00:48:31,699 --> 00:48:37,039
doesn't work and it is unethical to use

1288
00:48:34,309 --> 00:48:39,769
it now

1289
00:48:37,039 --> 00:48:41,659
you there we know that no well no when

1290
00:48:39,769 --> 00:48:43,880
they say unethical unethical for a

1291
00:48:41,659 --> 00:48:45,440
registered doctor to you yes basically

1292
00:48:43,880 --> 00:48:47,150
yes for practitioner general

1293
00:48:45,440 --> 00:48:49,190
practitioners to prescribe it is

1294
00:48:47,150 --> 00:48:51,619
unethical because it doesn't work now

1295
00:48:49,190 --> 00:48:55,099
interestingly for our UK listeners they

1296
00:48:51,619 --> 00:48:56,719
based this on a couple of things but one

1297
00:48:55,099 --> 00:48:58,190

of them was the findings of the UK

1298

00:48:56,719 --> 00:49:00,230

Science and Technology Committee from

1299

00:48:58,190 --> 00:49:02,780

2010 so Marsh if you're listening

1300

00:49:00,230 --> 00:49:06,019

because I know Martians get this homage

1301

00:49:02,780 --> 00:49:09,730

how much they read through that report

1302

00:49:06,019 --> 00:49:12,199

and they took that on board they also

1303

00:49:09,730 --> 00:49:13,760

considered a couple of recent deaths in

1304

00:49:12,199 --> 00:49:16,129

Australia where homeopathy has been

1305

00:49:13,760 --> 00:49:17,990

implicated one is Penelope Dingle who

1306

00:49:16,130 --> 00:49:20,450

died from untreated bowel cancer and

1307

00:49:17,989 --> 00:49:22,219

glorious am a nine month old baby who

1308

00:49:20,449 --> 00:49:24,199

died from septicemia as a result of

1309

00:49:22,219 --> 00:49:25,639

severe eczema who she was treated with

1310

00:49:24,199 --> 00:49:28,699

homeopathy instead of conventional

1311

00:49:25,639 --> 00:49:31,009

medicine and in addition they also cited

1312
00:49:28,699 --> 00:49:32,539
the fact that there seems to be a lot of

1313
00:49:31,010 --> 00:49:34,190
stuff going around the internets these

1314
00:49:32,539 --> 00:49:36,440
days saying that you can use homeopathy

1315
00:49:34,190 --> 00:49:40,340
to vaccinate your children which I know

1316
00:49:36,440 --> 00:49:42,769
is something tell me yeah I'm currently

1317
00:49:40,340 --> 00:49:46,910
reviewing a DVD I have reviewed a DVD

1318
00:49:42,769 --> 00:49:50,929
from homeopathy plus which goes into it

1319
00:49:46,909 --> 00:49:54,710
leaves nothing to to debate it is saying

1320
00:49:50,929 --> 00:49:57,980
use magic sugar pills to immunize it's

1321
00:49:54,710 --> 00:50:00,369
it's just unbelievable well this is a

1322
00:49:57,980 --> 00:50:03,590
draft statement and as a result of that

1323
00:50:00,369 --> 00:50:06,259
I blogged about it because it's not for

1324
00:50:03,590 --> 00:50:09,470
general release so I can't put it up

1325
00:50:06,260 --> 00:50:11,110
anywhere for people to see but i

1326
00:50:09,469 --> 00:50:13,759
received it through a couple of sources

1327
00:50:11,110 --> 00:50:15,440
the energy no mercy are going to consult

1328
00:50:13,760 --> 00:50:16,820
several bodies before they make a final

1329
00:50:15,440 --> 00:50:18,380
decision about this statement one of

1330
00:50:16,820 --> 00:50:21,769
them is the TGA the Therapeutic Goods

1331
00:50:18,380 --> 00:50:24,079
Administration one is the UK government

1332
00:50:21,769 --> 00:50:26,179
there particularly the Science and

1333
00:50:24,079 --> 00:50:28,909
Technology Committee one is the consumer

1334
00:50:26,179 --> 00:50:31,519
health forum which is a consumer group

1335
00:50:28,909 --> 00:50:33,559
set up to talk to patients and consumers

1336
00:50:31,519 --> 00:50:36,739
so consumers will be consulted about

1337
00:50:33,559 --> 00:50:38,750
this but I think what's really important

1338
00:50:36,739 --> 00:50:41,569
to remember is that one of the

1339
00:50:38,750 --> 00:50:44,420
criticisms that this

1340

00:50:41,570 --> 00:50:45,410
incurred in the UK when they were when

1341
00:50:44,420 --> 00:50:48,710
the UK's Science and Technology

1342
00:50:45,409 --> 00:50:50,269
Committee report first came out was

1343
00:50:48,710 --> 00:50:52,639
people got up in arms and said it's

1344
00:50:50,269 --> 00:50:54,530
going to be banned now that's not what

1345
00:50:52,639 --> 00:50:56,949
this is about it's not about homeopathy

1346
00:50:54,530 --> 00:50:59,240
being banned yeah it's actually about

1347
00:50:56,949 --> 00:51:01,039
the Australian government finally

1348
00:50:59,239 --> 00:51:03,049
standing up and making a clear and

1349
00:51:01,039 --> 00:51:05,090
concise statement that it doesn't work

1350
00:51:03,050 --> 00:51:07,010
and it's not a medicine now the

1351
00:51:05,090 --> 00:51:08,900
implications for this if this goes

1352
00:51:07,010 --> 00:51:11,450
through are potentially huge first of

1353
00:51:08,900 --> 00:51:14,990
all the Australian government spends

1354
00:51:11,449 --> 00:51:18,289

three billion dollars a year on refunds

1355

00:51:14,989 --> 00:51:20,689

to private health funds health fund

1356

00:51:18,289 --> 00:51:22,550

rebates now if you go to a doctor and

1357

00:51:20,690 --> 00:51:24,200

they prescribe you with homeopathy there

1358

00:51:22,550 --> 00:51:27,260

for taxpayers are paying for homeopathy

1359

00:51:24,199 --> 00:51:29,119

so inadvertently we're paying so we're

1360

00:51:27,260 --> 00:51:31,250

paying for an unethical placebo that

1361

00:51:29,119 --> 00:51:33,109

doesn't work so there will be pressure

1362

00:51:31,250 --> 00:51:36,579

on the health funds to stop funding it

1363

00:51:33,110 --> 00:51:39,170

in there extras the other thing that is

1364

00:51:36,579 --> 00:51:41,539

important is potentially and this is

1365

00:51:39,170 --> 00:51:42,980

just my speculation hopefully it will

1366

00:51:41,539 --> 00:51:45,800

lead on to the fact that it's no longer

1367

00:51:42,980 --> 00:51:47,119

sold in pharmacies well will not be

1368

00:51:45,800 --> 00:51:49,130

great would I be growing players

1369
00:51:47,119 --> 00:51:51,679
officially that it's unethical and

1370
00:51:49,130 --> 00:51:54,349
doesn't work how can pharmacists

1371
00:51:51,679 --> 00:51:56,299
continue to sell it on the shelves they

1372
00:51:54,349 --> 00:51:58,190
can but we will do everything in our

1373
00:51:56,300 --> 00:52:00,110
power to shame them and make them stop

1374
00:51:58,190 --> 00:52:01,550
this is why I'm really disappointed that

1375
00:52:00,110 --> 00:52:05,390
this story just got swept under the

1376
00:52:01,550 --> 00:52:06,830
carpet because I know the journalists

1377
00:52:05,389 --> 00:52:08,569
who wrote about it initially and I know

1378
00:52:06,829 --> 00:52:10,159
he sent it to a lot of other people and

1379
00:52:08,570 --> 00:52:11,600
they just weren't interested and I've

1380
00:52:10,159 --> 00:52:12,949
blogged about it so you can look at the

1381
00:52:11,599 --> 00:52:14,900
skeptics book if you want to see more

1382
00:52:12,949 --> 00:52:17,149
information but it's actually a

1383
00:52:14,900 --> 00:52:19,610
potentially a huge story in this country

1384
00:52:17,150 --> 00:52:21,170
that's kind of been missed so I'm trying

1385
00:52:19,610 --> 00:52:23,000
to get it out there as much as i can so

1386
00:52:21,170 --> 00:52:24,860
people can what should people do reach

1387
00:52:23,000 --> 00:52:28,039
you to find out more apart from go to

1388
00:52:24,860 --> 00:52:29,480
your blog well go to my blog that's all

1389
00:52:28,039 --> 00:52:32,210
i can tell you at the moment because the

1390
00:52:29,480 --> 00:52:34,460
original stories behind a paywall yes

1391
00:52:32,210 --> 00:52:36,019
you can't read the original story the

1392
00:52:34,460 --> 00:52:37,730
actual statement itself is not for

1393
00:52:36,019 --> 00:52:39,829
circulation so i can't send you that

1394
00:52:37,730 --> 00:52:42,320
either that this is probably a good

1395
00:52:39,829 --> 00:52:43,849
reason why no one's heard about it yeah

1396
00:52:42,320 --> 00:52:46,010
but the journalist who got the original

1397

00:52:43,849 --> 00:52:47,539
leak he sent it to a lot of other jurors

1398
00:52:46,010 --> 00:52:50,630
who didn't follow it up but I think if

1399
00:52:47,539 --> 00:52:52,009
you're in Australia perhaps the best

1400
00:52:50,630 --> 00:52:52,769
thing you can do is just keep an eye out

1401
00:52:52,010 --> 00:52:58,020
for it

1402
00:52:52,769 --> 00:53:00,090
if you I mean I can give people tips as

1403
00:52:58,019 --> 00:53:01,980
to whether it's being discussed anywhere

1404
00:53:00,090 --> 00:53:04,320
if you ever see that the consumer health

1405
00:53:01,980 --> 00:53:05,940
forum is asking patients do they want

1406
00:53:04,320 --> 00:53:07,800
that sort of stuff that's going to be

1407
00:53:05,940 --> 00:53:09,840
the influence that will decide whether

1408
00:53:07,800 --> 00:53:11,070
it becomes an official statement so I

1409
00:53:09,840 --> 00:53:12,809
guess the only thing I can say right now

1410
00:53:11,070 --> 00:53:14,550
is just keep looking at my blog and

1411
00:53:12,809 --> 00:53:17,519

listen to the zone all right we shall

1412

00:53:14,550 --> 00:53:20,070

link to that blog post dr. AG in the

1413

00:53:17,519 --> 00:53:24,809

free newsletter that goes out Dave

1414

00:53:20,070 --> 00:53:26,670

people go to ww skeptics on TV and sign

1415

00:53:24,809 --> 00:53:28,500

in you can every week get the free

1416

00:53:26,670 --> 00:53:31,619

newsletter which accompanies the skeptic

1417

00:53:28,500 --> 00:53:33,869

zone so that's very interesting story

1418

00:53:31,619 --> 00:53:35,400

really interesting story and I'm really

1419

00:53:33,869 --> 00:53:37,559

keen to follow an upsell keep our

1420

00:53:35,400 --> 00:53:40,800

listeners in the loop that's excellent

1421

00:53:37,559 --> 00:53:42,329

now before we go Maynard here's an

1422

00:53:40,800 --> 00:53:45,600

interesting story that you brought to my

1423

00:53:42,329 --> 00:53:47,369

attention from a beehive well that's

1424

00:53:45,599 --> 00:53:49,349

right and I believe that there's some

1425

00:53:47,369 --> 00:53:52,199

other members at this table of our had a

1426
00:53:49,349 --> 00:53:55,049
rid of it as well it's claimed that

1427
00:53:52,199 --> 00:53:56,699
mobile phones are damaging bees quite

1428
00:53:55,050 --> 00:53:58,110
seriously a Swedish study that looks

1429
00:53:56,699 --> 00:54:00,119
like it was done about a year ago and

1430
00:53:58,110 --> 00:54:02,460
I've done some with Swiss the same

1431
00:54:00,119 --> 00:54:03,389
Switzerland ah Switzerland all right

1432
00:54:02,460 --> 00:54:05,280
well that's the other country that

1433
00:54:03,389 --> 00:54:06,900
starts with SW I knew it wasn't a

1434
00:54:05,280 --> 00:54:10,500
swaziland they're not called that

1435
00:54:06,900 --> 00:54:12,570
anymore um and add that the sample size

1436
00:54:10,500 --> 00:54:15,449
was extremely small and the details were

1437
00:54:12,570 --> 00:54:18,120
extremely shonky so what happened in

1438
00:54:15,449 --> 00:54:20,519
sketchy details but sometime last year

1439
00:54:18,119 --> 00:54:23,299
researcher got for be housed together

1440
00:54:20,519 --> 00:54:26,400
and put some mobile phones in them and

1441
00:54:23,300 --> 00:54:28,410
ran the mobile phones called them that

1442
00:54:26,400 --> 00:54:32,010
can mean you mean he gave them a buzz it

1443
00:54:28,409 --> 00:54:36,089
gives them a buzz oh how do you reset it

1444
00:54:32,010 --> 00:54:39,090
but basically the UM the hives in which

1445
00:54:36,090 --> 00:54:40,680
there were phones he collapsed which is

1446
00:54:39,090 --> 00:54:42,630
not physically collapsed but the

1447
00:54:40,679 --> 00:54:45,000
populations of bees collapsed which was

1448
00:54:42,630 --> 00:54:46,800
kind of terrible they just couldn't take

1449
00:54:45,000 --> 00:54:49,199
the buzzy anymore hey yeah they buzzed

1450
00:54:46,800 --> 00:54:53,000
off it was though no a quick sound

1451
00:54:49,199 --> 00:55:01,609
effects whoopsie so which the up

1452
00:54:53,000 --> 00:55:04,329
I said first up I feel dirty what's the

1453
00:55:01,610 --> 00:55:06,680
upshot of this well the upshot is that

1454

00:55:04,329 --> 00:55:08,360
the blog post looks like it's a

1455
00:55:06,679 --> 00:55:09,889
legitimate research when you look at it

1456
00:55:08,360 --> 00:55:12,289
a bit further not only have you got the

1457
00:55:09,889 --> 00:55:13,909
wrong country like I had bit you also

1458
00:55:12,289 --> 00:55:15,050
you didn't see the sample size and you

1459
00:55:13,909 --> 00:55:17,629
didn't see exactly what they were doing

1460
00:55:15,050 --> 00:55:19,730
so I think it falls in the the new

1461
00:55:17,630 --> 00:55:21,140
scientific news without any looking

1462
00:55:19,730 --> 00:55:23,179
further it's actually shonky or not and

1463
00:55:21,139 --> 00:55:24,289
its way shonky it does but I think we

1464
00:55:23,179 --> 00:55:25,429
should be concerned that I think

1465
00:55:24,289 --> 00:55:27,019
Vodafone should be having a little

1466
00:55:25,429 --> 00:55:30,349
checkbox on their application forms now

1467
00:55:27,019 --> 00:55:31,610
saying are you Abby yes or no and if

1468
00:55:30,349 --> 00:55:34,789

there are be don't give him the phone

1469

00:55:31,610 --> 00:55:38,840

it's that simple and it makes strange

1470

00:55:34,789 --> 00:55:41,360

sort of sense to me not much else does

1471

00:55:38,840 --> 00:55:43,220

but that does green and just say thank

1472

00:55:41,360 --> 00:55:45,590

you dude Alice now before we go Richard

1473

00:55:43,219 --> 00:55:51,169

I'm John Campbell who is on Twitter as

1474

00:55:45,590 --> 00:55:53,360

NH 0 j j0 hn oh yes of course yeah

1475

00:55:51,170 --> 00:55:57,680

that's the worst twitter handle John

1476

00:55:53,360 --> 00:55:59,800

ever he sent me some slippers this way

1477

00:55:57,679 --> 00:56:03,199

some slippers yeah that have sheep

1478

00:55:59,800 --> 00:56:05,740

foreheads but like sheep what actually

1479

00:56:03,199 --> 00:56:08,659

made out of actual sheet no the Rams

1480

00:56:05,739 --> 00:56:11,419

slippers and they're just made of all

1481

00:56:08,659 --> 00:56:13,190

Rams the whole own people yes yes yeah

1482

00:56:11,420 --> 00:56:16,309

you've got a pair of sheepy slippers

1483
00:56:13,190 --> 00:56:18,019
black Rams shaping slippers look like so

1484
00:56:16,309 --> 00:56:20,150
could someone send me I preferably

1485
00:56:18,019 --> 00:56:23,949
something in its shell I'm a big rocket

1486
00:56:20,150 --> 00:56:23,950
chill yes hear it for him

1487
00:56:25,088 --> 00:56:32,478
this time that I bet yeah but that's

1488
00:56:30,858 --> 00:56:34,608
keeping your feet warm in this cold

1489
00:56:32,478 --> 00:56:37,818
isn't it the last few days freezing cold

1490
00:56:34,608 --> 00:56:40,159
freezing cold sunny well while we run to

1491
00:56:37,818 --> 00:56:42,619
the bar for our final warming drink I'd

1492
00:56:40,159 --> 00:56:47,149
like a Rachel's founder sound effects

1493
00:56:42,619 --> 00:56:53,660
are all hope is lost well you're exactly

1494
00:56:47,150 --> 00:56:55,548
what we're under the buck idea I'd like

1495
00:56:53,659 --> 00:56:58,639
to say thank you very much to Jason

1496
00:56:55,548 --> 00:57:00,920
Brown for sharing our think tank table

1497
00:56:58,639 --> 00:57:04,489
tonight thank you thank you and thank

1498
00:57:00,920 --> 00:57:06,650

sound effects tonight thanks Richard I'm

1500
00:57:06,650 --> 00:57:13,099

1520
00:58:09,829 --> 00:58:14,329
really cool podcast called meet the

1521
00:58:11,719 --> 00:58:16,189
skeptics where I basically call up all

1522
00:58:14,329 --> 00:58:18,200
those great critical thinkers and

1523
00:58:16,190 --> 00:58:21,019
skeptics and people like James Randi

1524
00:58:18,199 --> 00:58:23,868
George Crom J novella Brian Dunning both

1525
00:58:21,019 --> 00:58:26,329

Derek and swoopy Eugenie Scott Richard

1526

00:58:23,869 --> 00:58:28,160

Saunders and so many more the enemies

1527

00:58:26,329 --> 00:58:31,339

are even a perfect length an average

1528

00:58:28,159 --> 00:58:33,440

between 30 and 45 minutes just right for

1529

00:58:31,338 --> 00:58:35,358

an average commute to work but I just

1530

00:58:33,440 --> 00:58:37,608

don't know how to get the word out so do

1531

00:58:35,358 --> 00:58:39,858

me a favor everybody go to iTunes listen

1532

00:58:37,608 --> 00:58:41,598

1533

00:58:39,858 --> 00:58:43,159

great interviews on there learn some

1534

00:58:41,599 --> 00:58:45,650

things you probably never knew about and

1535

00:58:43,159 --> 00:58:48,108

if you have any ideas for how i can get

1536

00:58:45,650 --> 00:58:50,150

the word out and advertise the podcast

1537

00:58:48,108 --> 00:58:53,179

soon

1542
00:59:07,650 --> 00:59:13,210
thank you for listening to the skeptic

1543
00:59:10,150 --> 00:59:16,480
zone and as ever a big thank you to

1544
00:59:13,210 --> 00:59:18,730
those people who do chip in with only

1545
00:59:16,480 --> 00:59:21,880
less than a dollar a week and it helps

1546
00:59:18,730 --> 00:59:24,190
us keep the show ticking over my

1547
00:59:21,880 --> 00:59:26,440
heartfelt thanks to you and to those

1548
00:59:24,190 --> 00:59:29,079
very generous people who chip in a bit

1549
00:59:26,440 --> 00:59:31,599
more than that every now and then thank

1550
00:59:29,079 --> 00:59:33,429
you very much I'm so glad that you enjoy

1551
00:59:31,599 --> 00:59:36,190
the show and the team are very glad you

1552
00:59:33,429 --> 00:59:40,179
enjoy the show too well next week's show

1553
00:59:36,190 --> 00:59:42,190
is a bit of a mystery I'll have to

1554
00:59:40,179 --> 00:59:44,259
consult a few psychics and look at the

1555
00:59:42,190 --> 00:59:46,539
crystal balls and the tarot cards and

1556
00:59:44,260 --> 00:59:49,180
maybe a numerologist might be old to

1557
00:59:46,539 --> 00:59:51,699
tell me what's coming up on next week's

1558
00:59:49,179 --> 00:59:54,159
show I think it's probably Maynard with

1559
00:59:51,699 --> 00:59:56,079
another fabulous interview maybe a

1560
00:59:54,159 --> 00:59:58,949
doctor a cheese in there somewhere who

1561
00:59:56,079 --> 01:00:04,059
knows who knows who can see the future

1562
00:59:58,949 --> 01:00:05,889
not me but until that episode which what

1563
01:00:04,059 --> 01:00:08,219
may be the last episode if the world

1564
01:00:05,889 --> 01:00:16,179
comes to an end this is Richard Saunders

1565
01:00:08,219 --> 01:00:19,569
signing off from Sydney Australia you've

1566
01:00:16,179 --> 01:00:24,129
been listening to the skeptic zone visit

1567
01:00:19,570 --> 01:00:26,650
our website at [www.skeptics on TV](http://www.skepticsontv.com) for

1568

01:00:24,130 --> 01:00:29,280
comments contacts and extra video

1569
01:00:26,650 --> 01:00:29,280
reports
