

1  
00:00:00,000 --> 00:00:05,339  
the skeptic zone is brought to you by

2  
00:00:01,860 --> 00:00:08,789  
dr. Bob's trivia quiz visit dr. Bob's

3  
00:00:05,339 --> 00:00:17,100  
quiz wordpress.com and see if you can

4  
00:00:08,789 --> 00:00:19,979  
match wits with dr. Bob welcome to the

5  
00:00:17,100 --> 00:00:23,689  
skeptic zone the podcast from Australia

6  
00:00:19,980 --> 00:00:23,689  
for science and reason

7  
00:00:31,660 --> 00:00:37,909  
hello and welcome to the skeptic zone

8  
00:00:34,399 --> 00:00:39,439  
for December the 14th 2014 Richard

9  
00:00:37,909 --> 00:00:44,238  
Saunders here with you from Sydney

10  
00:00:39,439 --> 00:00:46,369  
Australia this is show number 321 coming

11  
00:00:44,238 --> 00:00:48,140  
up on this week's show an interview with

12  
00:00:46,369 --> 00:00:50,359  
a good friend of mine an old buddy of

13  
00:00:48,140 --> 00:00:52,549  
mine dr. Paul Willis from the Royal

14  
00:00:50,359 --> 00:00:56,390  
Institution of Australia you hear it

15  
00:00:52,549 --> 00:01:01,099  
here every week on the skeptic zone www

16  
00:00:56,390 --> 00:01:02,989  
RI aus ok you you know it so well I'd be

17  
00:01:01,100 --> 00:01:05,088  
meaning to visit the Royal Institution

18  
00:01:02,988 --> 00:01:07,099  
for a long time a couple of weeks ago I

19  
00:01:05,088 --> 00:01:09,799  
finally did it as part of the James

20  
00:01:07,099 --> 00:01:14,689  
Randi tour an evening with james randi

21  
00:01:09,799 --> 00:01:18,140  
tour oh hello Fred you come to join me

22  
00:01:14,689 --> 00:01:20,780  
for the skeptics on hello Fred let's

23  
00:01:18,140 --> 00:01:23,269  
read The Skeptical cat why don't you sit

24  
00:01:20,780 --> 00:01:26,299  
sit there sit there it's like herding

25  
00:01:23,269 --> 00:01:28,280  
cats anyway yes I went to the Royal

26  
00:01:26,299 --> 00:01:30,379  
Institution of Australia caught up with

27  
00:01:28,280 --> 00:01:33,379  
Paul Willis on his birthday which was a

28  
00:01:30,379 --> 00:01:35,618  
lot of fun and we chat about dad well

29

00:01:33,379 --> 00:01:39,259  
lots of things including digital

30  
00:01:35,618 --> 00:01:44,799  
disruption sort of like feline

31  
00:01:39,259 --> 00:01:48,200  
disruption isn't it Fred yeah thank you

32  
00:01:44,799 --> 00:01:51,709  
what really you're skeptical of what

33  
00:01:48,200 --> 00:01:53,090  
sorry what what following that it is a

34  
00:01:51,709 --> 00:01:55,700  
week in science from the Royal

35  
00:01:53,090 --> 00:01:59,000  
Institution of Australia and then we

36  
00:01:55,700 --> 00:02:00,829  
have a special guest reporter I won't

37  
00:01:59,000 --> 00:02:04,719  
tell you who you can find that out later

38  
00:02:00,829 --> 00:02:06,859  
for yourself when that segment comes up

39  
00:02:04,719 --> 00:02:13,909  
lately in Australia there's been a

40  
00:02:06,859 --> 00:02:19,129  
kerfuffle a flap I to do about raw milk

41  
00:02:13,909 --> 00:02:21,650  
oh yes raw milk you can bathe in it or

42  
00:02:19,129 --> 00:02:23,269  
you can throw it away personally I think

43  
00:02:21,650 --> 00:02:26,420

it should be thrown away but some people

44

00:02:23,270 --> 00:02:28,520

like to bathe in it or do they I doubt

45

00:02:26,419 --> 00:02:30,589

that I'm pretty skeptical about that raw

46

00:02:28,520 --> 00:02:34,099

milks been sold in this country as a

47

00:02:30,590 --> 00:02:35,689

bath product and our guest reporter has

48

00:02:34,098 --> 00:02:38,299

something to say about that following

49

00:02:35,689 --> 00:02:40,759

the recent death of a small child quite

50

00:02:38,300 --> 00:02:42,710

a serious report coming up then it's may

51

00:02:40,759 --> 00:02:43,399

not spooky action may not interviews

52

00:02:42,710 --> 00:02:45,769

people

53

00:02:43,400 --> 00:02:50,299

who attended the james randi talk here

54

00:02:45,769 --> 00:02:53,539

in sydney the movie and honest liar and

55

00:02:50,299 --> 00:02:55,370

then the talk rounding off with an

56

00:02:53,539 --> 00:02:59,090

interview with Lawrence loom the

57

00:02:55,370 --> 00:03:01,810

comedian skeptical comedian who are was

58  
00:02:59,090 --> 00:03:03,920  
chatting to Randy onstage in Sydney and

59  
00:03:01,810 --> 00:03:07,090  
Lawrence is going to be discussing

60  
00:03:03,919 --> 00:03:12,139  
amongst other things his skepticism of

61  
00:03:07,090 --> 00:03:15,259  
Santa Claus hmm there's a warning for

62  
00:03:12,139 --> 00:03:17,598  
you of her a skeptical look at Santa

63  
00:03:15,259 --> 00:03:21,439  
Claus Fred what do you want for

64  
00:03:17,598 --> 00:03:23,899  
christmas what's that a new cat post I

65  
00:03:21,439 --> 00:03:25,699  
will see what we can do then right at

66  
00:03:23,900 --> 00:03:28,099  
the end of the show a small tribute to a

67  
00:03:25,699 --> 00:03:31,188  
friend of mine who passed away a few

68  
00:03:28,098 --> 00:03:34,759  
days ago an inspiration of mine the

69  
00:03:31,188 --> 00:03:37,250  
magician Steve Walker very sorry to hear

70  
00:03:34,759 --> 00:03:38,449  
about Steve's passing indeed but for now

71  
00:03:37,250 --> 00:03:42,169  
I'm not going to run downstairs because

72  
00:03:38,449 --> 00:03:45,318  
I've got something right here it's a

73  
00:03:42,169 --> 00:03:48,888  
bowl of rice crackers grab your rice

74  
00:03:45,318 --> 00:03:51,488  
crackers and join me in listening to the

75  
00:03:48,889 --> 00:03:51,489  
skeptic zone

76  
00:04:12,960 --> 00:04:19,449  
i'm here in adelaide glorious adelaide

77  
00:04:16,060 --> 00:04:21,100  
i'm about to my arms being twisted i'm

78  
00:04:19,449 --> 00:04:22,719  
about to enjoy a nice glass of wine with

79  
00:04:21,100 --> 00:04:25,150  
my dear friend dr. paul Willis hello

80  
00:04:22,720 --> 00:04:26,950  
Paul how are you Richard particularly

81  
00:04:25,149 --> 00:04:29,529  
well you're looking more and more

82  
00:04:26,949 --> 00:04:32,589  
handsome as weak as we grow old because

83  
00:04:29,529 --> 00:04:34,719  
your your your physio gomene seems to

84  
00:04:32,589 --> 00:04:38,139  
have tracked mind throughout time it's

85  
00:04:34,720 --> 00:04:39,910  
hard isn't it originated I must I must

86

00:04:38,139 --> 00:04:42,310  
wish you a very happy right thank you

87  
00:04:39,910 --> 00:04:44,260  
very much and of course we were here

88  
00:04:42,310 --> 00:04:47,319  
last night visiting the fine royal and

89  
00:04:44,259 --> 00:04:49,899  
since you should not Australia www RI us

90  
00:04:47,319 --> 00:04:51,939  
that'll tell you i got that memory off

91  
00:04:49,899 --> 00:04:53,979  
by heart due for an evening with james

92  
00:04:51,939 --> 00:04:56,319  
randi and everybody i think had oh what

93  
00:04:53,980 --> 00:04:58,750  
a spectacular night it was a terrific

94  
00:04:56,319 --> 00:05:00,430  
night he's just such a gentleman you

95  
00:04:58,750 --> 00:05:02,199  
were the consummate host thank you it

96  
00:05:00,430 --> 00:05:04,209  
was a wonderful evening I certainly

97  
00:05:02,199 --> 00:05:06,729  
enjoy it but what a thrill it is for me

98  
00:05:04,209 --> 00:05:08,859  
I've been telling my listeners for years

99  
00:05:06,730 --> 00:05:12,040  
one day I'll get to our ions one and I

100  
00:05:08,860 --> 00:05:14,290

finally did it and I'm so impressed what

101

00:05:12,040 --> 00:05:17,530

a wonderful building you yeah well we've

102

00:05:14,290 --> 00:05:20,350

got the old stock exchange it was build

103

00:05:17,529 --> 00:05:25,209

in 1901 as the Adelaide stock exchange

104

00:05:20,350 --> 00:05:26,860

it worked until nineteen ninety one when

105

00:05:25,209 --> 00:05:28,989

everything went digital and everything

106

00:05:26,860 --> 00:05:33,580

went off to the east coast in that time

107

00:05:28,990 --> 00:05:36,550

now the the stock exchange building

108

00:05:33,579 --> 00:05:37,959

hosted Don Bradman as a stockbroker yeah

109

00:05:36,550 --> 00:05:43,030

that's what he did after he gave up

110

00:05:37,959 --> 00:05:44,469

cricket and also we found the by the way

111

00:05:43,029 --> 00:05:48,519

if you can hear it folks is the wine

112

00:05:44,470 --> 00:05:51,780

arriving most important event but also

113

00:05:48,519 --> 00:05:54,039

all the shares and Poseidon that famous

114

00:05:51,779 --> 00:05:57,489

misadventure an Australian stop probing

115  
00:05:54,040 --> 00:05:59,710  
years they were all sold in my office in

116  
00:05:57,490 --> 00:06:01,960  
your heart that vessel so that there was

117  
00:05:59,709 --> 00:06:05,349  
the claim to fame of the building and it

118  
00:06:01,959 --> 00:06:06,000  
was repurposed as the size exchange in

119  
00:06:05,350 --> 00:06:10,250  
the

120  
00:06:06,000 --> 00:06:14,009  
2000s and we opened our doors in 2009

121  
00:06:10,250 --> 00:06:18,649  
but all on many for many reasons happy

122  
00:06:14,009 --> 00:06:18,649  
birthday cheers my pleasure

123  
00:06:20,680 --> 00:06:27,579  
or thanks pretty good not bad for eleven

124  
00:06:25,120 --> 00:06:33,129  
o'clock in the morning is a well we do

125  
00:06:27,579 --> 00:06:36,038  
have to make hmmm that's a nice truck we

126  
00:06:33,129 --> 00:06:38,199  
do things well in that you do and please

127  
00:06:36,038 --> 00:06:41,560  
tell me more about the TV the new TV

128  
00:06:38,199 --> 00:06:44,410  
tutorials TV yes it's Australia's

129  
00:06:41,560 --> 00:06:48,639  
science channel it's an at the moment

130  
00:06:44,410 --> 00:06:50,860  
it's an on-demand service and we are not

131  
00:06:48,639 --> 00:06:54,310  
only putting up our own material but the

132  
00:06:50,860 --> 00:06:56,319  
best science audio-visual material we

133  
00:06:54,310 --> 00:06:58,269  
can lay our hands on there's a couple of

134  
00:06:56,319 --> 00:07:00,909  
sources I'm not at liberty to say who

135  
00:06:58,269 --> 00:07:02,589  
they are at the moment but when we're

136  
00:07:00,910 --> 00:07:04,860  
doing deals with a number of different

137  
00:07:02,589 --> 00:07:07,859  
groups number of different institutions

138  
00:07:04,860 --> 00:07:12,990  
to put up their audio-visual offerings

139  
00:07:07,860 --> 00:07:16,150  
all around science and and my my

140  
00:07:12,990 --> 00:07:19,918  
distinct into the Australian skeptical

141  
00:07:16,149 --> 00:07:24,209  
community is you need to have a vodcast

142  
00:07:19,918 --> 00:07:26,889  
you need to have a monthly video and

143

00:07:24,209 --> 00:07:28,839  
let's talk about putting it out on our

144  
00:07:26,889 --> 00:07:31,300  
oils TV well then it's been assessed for

145  
00:07:28,839 --> 00:07:33,369  
skipping town was a podcast ok it was

146  
00:07:31,300 --> 00:07:35,319  
but I suspect it was that as you can

147  
00:07:33,370 --> 00:07:37,629  
appreciate that sir it was weakly and it

148  
00:07:35,319 --> 00:07:39,848  
was a quite a task yeah quite Italian

149  
00:07:37,629 --> 00:07:42,219  
monthly sounds appealing yeah you will

150  
00:07:39,848 --> 00:07:43,899  
you know you can go out and get

151  
00:07:42,220 --> 00:07:47,770  
sponsorship because we will allow

152  
00:07:43,899 --> 00:07:51,038  
sponsorship on our oils TV it's

153  
00:07:47,769 --> 00:07:53,500  
accessible is specifically designed to

154  
00:07:51,038 --> 00:07:59,139  
be accessible via tablets smartphones

155  
00:07:53,500 --> 00:08:02,168  
computers you can also pick it up on an

156  
00:07:59,139 --> 00:08:03,519  
internet-capable television basically

157  
00:08:02,168 --> 00:08:06,519

anywhere that you can pick up an

158

00:08:03,519 --> 00:08:09,788

on-demand television service such as ABC

159

00:08:06,519 --> 00:08:11,680

or I've you or any of those you can get

160

00:08:09,788 --> 00:08:14,168

our oils teammates the way the future

161

00:08:11,680 --> 00:08:15,819

isn't it will exactly you know this is

162

00:08:14,168 --> 00:08:17,889

all part of the whole digital disruption

163

00:08:15,819 --> 00:08:21,069

I don't know how close you have been

164

00:08:17,889 --> 00:08:24,098

following that but it's a wave of how

165

00:08:21,069 --> 00:08:26,769

digital technology and online technology

166

00:08:24,098 --> 00:08:30,339

is completely redefining our our whole

167

00:08:26,769 --> 00:08:31,669

society yeah and so if you look at

168

00:08:30,339 --> 00:08:34,519

things like uber

169

00:08:31,670 --> 00:08:37,009

for instance it's going into competition

170

00:08:34,519 --> 00:08:39,949

with the taxi industry with the unfair

171

00:08:37,009 --> 00:08:42,289

advantage that it doesn't have to invest

172  
00:08:39,950 --> 00:08:44,360  
in all of that infrastructure that the

173  
00:08:42,289 --> 00:08:47,959  
taxi companies had to do or you look at

174  
00:08:44,360 --> 00:08:50,180  
air B&B they can compete in the hotel

175  
00:08:47,960 --> 00:08:52,720  
market without all of the the

176  
00:08:50,179 --> 00:08:55,939  
infrastructure that the old school

177  
00:08:52,720 --> 00:08:57,800  
hotels had to put in and they're

178  
00:08:55,940 --> 00:09:00,980  
carrying this liability in these days

179  
00:08:57,799 --> 00:09:02,899  
well this is digital destruction in the

180  
00:09:00,980 --> 00:09:05,120  
television space yeah we are actually

181  
00:09:02,899 --> 00:09:08,329  
now operating in the television space

182  
00:09:05,120 --> 00:09:12,110  
but we haven't had to commit to buying

183  
00:09:08,330 --> 00:09:14,060  
television stations and aerials and all

184  
00:09:12,110 --> 00:09:16,310  
of that infrastructure that the

185  
00:09:14,059 --> 00:09:19,789  
television stations have had to do but

186  
00:09:16,309 --> 00:09:21,949  
also because we go online it means that

187  
00:09:19,789 --> 00:09:24,649  
we don't have to have a license so we

188  
00:09:21,950 --> 00:09:27,050  
can do dangerous and interesting things

189  
00:09:24,649 --> 00:09:31,039  
like last year we did world vasectomy

190  
00:09:27,049 --> 00:09:33,679  
day is we performed 17 vasectomies live

191  
00:09:31,039 --> 00:09:36,230  
to camera and broadcast it to the world

192  
00:09:33,679 --> 00:09:39,589  
yeah it was picked up by Reuters and

193  
00:09:36,230 --> 00:09:41,960  
literally we got global coverage we were

194  
00:09:39,590 --> 00:09:44,360  
able to do that as a way of talking

195  
00:09:41,960 --> 00:09:47,480  
about men's health issues family

196  
00:09:44,360 --> 00:09:50,000  
planning world population so we can do

197  
00:09:47,480 --> 00:09:52,670  
that who what other television stations

198  
00:09:50,000 --> 00:09:54,980  
going to do that no one no one its

199  
00:09:52,669 --> 00:09:58,399  
territory we we can be dangerous we can

200

00:09:54,980 --> 00:10:00,710  
do things differently at my direction to

201  
00:09:58,399 --> 00:10:02,269  
my staff is I want you to find the

202  
00:10:00,710 --> 00:10:05,389  
boundaries with your rear vision mirror

203  
00:10:02,269 --> 00:10:07,789  
go out there and break every boundary

204  
00:10:05,389 --> 00:10:09,259  
you can the worst that can happen is we

205  
00:10:07,789 --> 00:10:13,879  
have to say sorry and pull their heads

206  
00:10:09,259 --> 00:10:15,919  
in well yes that's true that's true tell

207  
00:10:13,879 --> 00:10:19,460  
me what other events do you have here in

208  
00:10:15,919 --> 00:10:23,000  
adelaide because not having been here

209  
00:10:19,460 --> 00:10:24,800  
before I don't know what I imagine the

210  
00:10:23,000 --> 00:10:26,600  
building would be like as I approached

211  
00:10:24,799 --> 00:10:29,419  
it but I discovered it sort of nestled

212  
00:10:26,600 --> 00:10:31,250  
in what's in between other buildings in

213  
00:10:29,419 --> 00:10:32,549  
some ways it's a bit like the great out

214  
00:10:31,250 --> 00:10:36,089

of a pool

215

00:10:32,549 --> 00:10:37,588

in london in the you can be half a block

216

00:10:36,089 --> 00:10:39,899

away and not know it's there and then

217

00:10:37,589 --> 00:10:42,330

there it is tucked in behind you

218

00:10:39,899 --> 00:10:44,580

although that the other buildings it's

219

00:10:42,330 --> 00:10:49,528

the same with our oils where we're

220

00:10:44,580 --> 00:10:53,700

surrounded by skyscrapers the Adelaide

221

00:10:49,528 --> 00:10:56,639

version of the skyscraper but then it's

222

00:10:53,700 --> 00:10:59,190

this little oasis of culture and

223

00:10:56,639 --> 00:11:03,449

intellectual thinking right in the heart

224

00:10:59,190 --> 00:11:06,510

of the city we do because we have a

225

00:11:03,450 --> 00:11:09,390

national reamer we don't tend to hold

226

00:11:06,509 --> 00:11:13,980

events that only people in Adelaide can

227

00:11:09,389 --> 00:11:16,649

access so we deliberately constructive

228

00:11:13,980 --> 00:11:18,570

ents that we can live stream so they're

229  
00:11:16,649 --> 00:11:20,399  
just the place to do it where we had the

230  
00:11:18,570 --> 00:11:23,850  
evening with james randi last night it's

231  
00:11:20,399 --> 00:11:26,039  
a wonderful intimate what would you call

232  
00:11:23,850 --> 00:11:28,350  
it a theater at a theater us it's a

233  
00:11:26,039 --> 00:11:30,240  
studio it's a skia auditorium and most

234  
00:11:28,350 --> 00:11:32,370  
important it's got a bar you know I know

235  
00:11:30,240 --> 00:11:35,250  
this suits me I think what do you notice

236  
00:11:32,370 --> 00:11:37,289  
that and so the cameras are there and

237  
00:11:35,250 --> 00:11:39,778  
the equipment is there it's it's quite

238  
00:11:37,289 --> 00:11:43,679  
something so we can actually set it up

239  
00:11:39,778 --> 00:11:46,078  
as quite an intimate space but because

240  
00:11:43,679 --> 00:11:49,799  
of the online capacity where we can live

241  
00:11:46,078 --> 00:11:52,759  
stream and high-definition we can

242  
00:11:49,799 --> 00:11:55,649  
actually expand at that audience

243  
00:11:52,759 --> 00:11:58,500  
nationwide internationally we regularly

244  
00:11:55,649 --> 00:12:01,019  
will have events where we had a grant

245  
00:11:58,500 --> 00:12:04,320  
writing workshop in there but earlier

246  
00:12:01,019 --> 00:12:06,838  
this year we had a team in the

247  
00:12:04,320 --> 00:12:10,730  
Netherlands participating in the grant

248  
00:12:06,839 --> 00:12:14,250  
writing workshop we had a livestream

249  
00:12:10,730 --> 00:12:16,980  
conversation with Antarctica and people

250  
00:12:14,250 --> 00:12:19,259  
in the United States and the United

251  
00:12:16,980 --> 00:12:22,680  
Kingdom were asking questions of me

252  
00:12:19,259 --> 00:12:24,720  
onstage in Adelaide to ask of Antarctica

253  
00:12:22,679 --> 00:12:25,189  
all in real time because we can do it

254  
00:12:24,720 --> 00:12:27,710  
online

255  
00:12:25,190 --> 00:12:30,320  
yeah yeah so this it's it's the key

256  
00:12:27,710 --> 00:12:33,200  
phrase isn't a digital disruption yeah I

257

00:12:30,320 --> 00:12:34,700  
guess in its own way something like the

258  
00:12:33,200 --> 00:12:37,340  
skeptics on podcast is a digital

259  
00:12:34,700 --> 00:12:39,440  
disruption to mainstream radio indeed

260  
00:12:37,340 --> 00:12:41,330  
indeed a digital disruption is all

261  
00:12:39,440 --> 00:12:45,470  
around us and it really has to be

262  
00:12:41,330 --> 00:12:47,750  
watched another startling factor or a

263  
00:12:45,470 --> 00:12:51,050  
factor we'd to keep in mind we're around

264  
00:12:47,750 --> 00:12:53,919  
digital disruption you go back 10 years

265  
00:12:51,049 --> 00:12:56,269  
ago if you wanted to start up a company

266  
00:12:53,919 --> 00:12:58,879  
basically you needed a million dollars

267  
00:12:56,269 --> 00:13:01,460  
that was the average startup costs for a

268  
00:12:58,879 --> 00:13:05,710  
company yeah now it's five thousand

269  
00:13:01,460 --> 00:13:08,030  
dollars 5,000 5,000 years that's because

270  
00:13:05,710 --> 00:13:10,009  
you don't have to invest in all the

271  
00:13:08,029 --> 00:13:11,779

infrastructure to choose to have to in

272

00:13:10,009 --> 00:13:14,929

order to set up a business you don't

273

00:13:11,779 --> 00:13:16,429

even have to buy servers in order to

274

00:13:14,929 --> 00:13:18,169

store your data run you do it all on the

275

00:13:16,429 --> 00:13:22,370

cloud you rent the space on the cloud

276

00:13:18,169 --> 00:13:24,919

your HR systems and your personnel

277

00:13:22,370 --> 00:13:27,289

systems and your spreadsheets all that

278

00:13:24,919 --> 00:13:29,389

sort of stuff you just get that free off

279

00:13:27,289 --> 00:13:31,699

the cloud you don't have to invest in

280

00:13:29,389 --> 00:13:34,549

all of the bloody software or whatever

281

00:13:31,700 --> 00:13:36,129

yeah so what are you talking about the

282

00:13:34,549 --> 00:13:39,949

back office basics like word processing

283

00:13:36,129 --> 00:13:42,500

spreadsheets or this sort of stuff yeah

284

00:13:39,950 --> 00:13:46,100

yeah it's all that it's it's all there

285

00:13:42,500 --> 00:13:48,590

yeah and net so now you have the unfair

286  
00:13:46,100 --> 00:13:50,300  
ability to compete with companies that

287  
00:13:48,590 --> 00:13:52,820  
have been around and have done the hard

288  
00:13:50,299 --> 00:13:54,979  
yards and if had to spend a million

289  
00:13:52,820 --> 00:13:56,270  
dollars on infrastructure and you can

290  
00:13:54,980 --> 00:13:59,120  
get in there and compete within 25

291  
00:13:56,269 --> 00:14:01,579  
thousand bucks yeah it's staggering and

292  
00:13:59,120 --> 00:14:03,620  
people are doing yeah yeah in every

293  
00:14:01,580 --> 00:14:05,210  
conceivable field yeah and if the

294  
00:14:03,620 --> 00:14:07,429  
enemies of reason you're doing that we

295  
00:14:05,210 --> 00:14:12,050  
should do it too almost definitely don't

296  
00:14:07,429 --> 00:14:14,659  
yeah it's it's intriguing when you says

297  
00:14:12,049 --> 00:14:17,179  
when you say the the activities of the

298  
00:14:14,659 --> 00:14:19,579  
enemies of reason because when you

299  
00:14:17,179 --> 00:14:22,849  
actually look at creationist websites

300  
00:14:19,580 --> 00:14:26,870  
the creationist had bloody good websites

301  
00:14:22,850 --> 00:14:29,029  
really early I mean of course they're

302  
00:14:26,870 --> 00:14:31,700  
content was crap I think we know what

303  
00:14:29,029 --> 00:14:33,799  
you mean here but from the point of view

304  
00:14:31,700 --> 00:14:34,769  
of the presentation of their ideas they

305  
00:14:33,799 --> 00:14:37,558  
know

306  
00:14:34,769 --> 00:14:40,649  
the early on that you need to have a

307  
00:14:37,558 --> 00:14:43,230  
high quality presence on the end on the

308  
00:14:40,649 --> 00:14:46,259  
internet or through a good quality

309  
00:14:43,230 --> 00:14:50,159  
website and and the same is true of the

310  
00:14:46,259 --> 00:14:52,589  
homeopaths and danna chiropractic all of

311  
00:14:50,159 --> 00:14:57,539  
their they all realize that you need

312  
00:14:52,589 --> 00:15:01,949  
that online presence and yeah I wouldn't

313  
00:14:57,539 --> 00:15:06,269  
say that the the skeptics have been have

314

00:15:01,948 --> 00:15:08,789  
had to learn from them i think the

315  
00:15:06,269 --> 00:15:12,119  
uptake of the the digital space has been

316  
00:15:08,789 --> 00:15:13,860  
bit more relaxing in the skeptics i want

317  
00:15:12,119 --> 00:15:16,739  
as terrific to see things like the

318  
00:15:13,860 --> 00:15:19,889  
skeptic go zone up and run running

319  
00:15:16,739 --> 00:15:22,860  
because that's exactly what needs to

320  
00:15:19,889 --> 00:15:25,139  
happen I would dare say I take the point

321  
00:15:22,860 --> 00:15:26,879  
but I dare say what what the difference

322  
00:15:25,139 --> 00:15:29,970  
is is that all these other sites you

323  
00:15:26,879 --> 00:15:32,039  
just discuss well yes and no for the

324  
00:15:29,970 --> 00:15:34,548  
creationist would certainly be the

325  
00:15:32,039 --> 00:15:37,860  
psychic to homeopaths and all those its

326  
00:15:34,548 --> 00:15:39,688  
first and foremost business yeah indeed

327  
00:15:37,860 --> 00:15:42,269  
where is when you think of Australian

328  
00:15:39,688 --> 00:15:44,669

skeptics and maybe the skeptics aren't

329

00:15:42,269 --> 00:15:46,499

even and other things like that it's not

330

00:15:44,669 --> 00:15:49,099

on the core motivation it's not business

331

00:15:46,499 --> 00:15:51,389

it's getting our message across yeah so

332

00:15:49,100 --> 00:15:54,540

maybe we can learn something from being

333

00:15:51,389 --> 00:15:56,909

a little bit more what's the word I'm

334

00:15:54,539 --> 00:15:59,159

looking for well taking leaf out of the

335

00:15:56,909 --> 00:16:01,618

digital disruption you don't have to be

336

00:15:59,159 --> 00:16:04,078

a business in order to set up a Google

337

00:16:01,619 --> 00:16:06,119

Earth quality web page you know when

338

00:16:04,078 --> 00:16:08,519

there was the business incentive to do

339

00:16:06,119 --> 00:16:11,399

it because it cost you so much money to

340

00:16:08,519 --> 00:16:13,499

actually set up and run a website then

341

00:16:11,399 --> 00:16:15,808

you know that was a deterrent to you

342

00:16:13,499 --> 00:16:20,449

guys because you weren't running as a

343  
00:16:15,808 --> 00:16:24,240  
business but now that those costs are

344  
00:16:20,448 --> 00:16:25,740  
largely evaporated you're free to get in

345  
00:16:24,240 --> 00:16:27,509  
there and compete with them yeah

346  
00:16:25,740 --> 00:16:29,999  
recognized a competitive advantage

347  
00:16:27,509 --> 00:16:31,860  
usually go in that you haven't had to go

348  
00:16:29,999 --> 00:16:34,649  
through all that

349  
00:16:31,860 --> 00:16:38,370  
but there's the word this exactly well

350  
00:16:34,649 --> 00:16:39,778  
Paul I will wrap it up now you won't

351  
00:16:38,370 --> 00:16:42,539  
believe the schedule I'm on for this

352  
00:16:39,778 --> 00:16:44,338  
week I'm after I'm just about to fly to

353  
00:16:42,539 --> 00:16:47,490  
perform in the brisbane Linda Melbourne

354  
00:16:44,339 --> 00:16:48,690  
Rebecca Sydney but we're all of this has

355  
00:16:47,490 --> 00:16:49,919  
been a week of james randi but it's

356  
00:16:48,690 --> 00:16:51,810  
certainly a great pleasure to catch up

357  
00:16:49,919 --> 00:16:53,729  
with you my old friend yep to see the

358  
00:16:51,809 --> 00:16:58,199  
Royal Institution of Australia at long

359  
00:16:53,730 --> 00:17:00,810  
last yeah and can I also say thank you

360  
00:16:58,200 --> 00:17:04,019  
to the listeners a number of them have

361  
00:17:00,809 --> 00:17:05,519  
come to me directly and so how much they

362  
00:17:04,019 --> 00:17:07,558  
appreciate a week in science on the

363  
00:17:05,519 --> 00:17:10,048  
skeptics oh yes we love with you that's

364  
00:17:07,558 --> 00:17:12,588  
a terrific partnership we're only too

365  
00:17:10,048 --> 00:17:15,418  
happy for you guys to run with that it

366  
00:17:12,588 --> 00:17:17,639  
it's a match made in heaven it is thank

367  
00:17:15,419 --> 00:17:19,439  
you and to sign up for how would you

368  
00:17:17,640 --> 00:17:22,410  
like to introduce this week's episode of

369  
00:17:19,439 --> 00:17:24,779  
a weekend side now ladies and gentlemen

370  
00:17:22,410 --> 00:17:27,380  
be prepared to be blown away learn

371

00:17:24,779 --> 00:17:32,639  
something you may not have known before

372  
00:17:27,380 --> 00:17:34,440  
coming up is a week in science welcome

373  
00:17:32,640 --> 00:17:36,630  
to a week and science from our a oz

374  
00:17:34,440 --> 00:17:38,820  
bringing you the science you need to

375  
00:17:36,630 --> 00:17:40,230  
know is that blue fuzz you might have

376  
00:17:38,819 --> 00:17:41,819  
fished out of your belly button but

377  
00:17:40,230 --> 00:17:45,019  
what's his belly button lint and two

378  
00:17:41,819 --> 00:17:45,019  
guys get up more than women

379  
00:17:46,190 --> 00:17:50,308  
yeah seriously we're doing this is the

380  
00:17:49,019 --> 00:17:52,440  
question have always asked ourselves

381  
00:17:50,308 --> 00:17:54,690  
where does it come from it was always

382  
00:17:52,440 --> 00:17:57,600  
blue today we're finding an answer

383  
00:17:54,690 --> 00:17:59,850  
believe it or not Australia's ABC ran a

384  
00:17:57,599 --> 00:18:01,980  
nationwide survey to find out about

385  
00:17:59,849 --> 00:18:03,538

Australia's belly button lint they

386

00:18:01,980 --> 00:18:05,640

discovered that men have more belly

387

00:18:03,538 --> 00:18:08,099

button lint and generally the older you

388

00:18:05,640 --> 00:18:09,809

get the more you have most people who

389

00:18:08,099 --> 00:18:12,058

had belly button lint were hairy and

390

00:18:09,808 --> 00:18:14,250

nearly all had an innie belly button

391

00:18:12,058 --> 00:18:16,288

only eight percent of people who said

392

00:18:14,250 --> 00:18:18,779

they had belly button lint had a navel

393

00:18:16,288 --> 00:18:20,429

ring and many people reported that the

394

00:18:18,779 --> 00:18:22,470

production of belly button lint reduced

395

00:18:20,429 --> 00:18:26,788

or disappeared when they got a navel

396

00:18:22,470 --> 00:18:28,919

ring so that's the facts now let's look

397

00:18:26,788 --> 00:18:30,509

at the theory of what causes it the most

398

00:18:28,919 --> 00:18:32,340

plausible theories that the hairs on

399

00:18:30,509 --> 00:18:34,650

your stomach cause small abrasions in

400  
00:18:32,339 --> 00:18:37,589  
your clothes causing fabric fibers to

401  
00:18:34,650 --> 00:18:39,120  
fall off and get trapped the hairs on

402  
00:18:37,589 --> 00:18:41,189  
your stomach generally point towards

403  
00:18:39,119 --> 00:18:43,439  
your belly button so natural movements

404  
00:18:41,190 --> 00:18:45,150  
push the fibers along the hairs into the

405  
00:18:43,440 --> 00:18:47,490  
belly button where it combines to form a

406  
00:18:45,150 --> 00:18:49,140  
ball this hair movement theory would

407  
00:18:47,490 --> 00:18:50,940  
explain the difference between people

408  
00:18:49,140 --> 00:18:53,788  
with lots of body hair and those without

409  
00:18:50,940 --> 00:18:55,980  
in fact if you shave your stomach barely

410  
00:18:53,788 --> 00:18:57,990  
but and leads formation reduces the

411  
00:18:55,980 --> 00:19:00,089  
belly button lint isn't only just fabric

412  
00:18:57,990 --> 00:19:04,019  
fibers though the little balls also

413  
00:19:00,089 --> 00:19:06,849  
contain skin sweat and dust and now for

414  
00:19:04,019 --> 00:19:09,279  
fast facts about your belly button

415  
00:19:06,849 --> 00:19:11,469  
oh that has been claimed the ancient

416  
00:19:09,279 --> 00:19:13,539  
Egyptian stars navel piercing there is

417  
00:19:11,470 --> 00:19:15,579  
actually no historical evidence of it at

418  
00:19:13,539 --> 00:19:17,829  
all the bellybutton biodiversity project

419  
00:19:15,579 --> 00:19:19,750  
aims to understand the bacteria in your

420  
00:19:17,829 --> 00:19:21,970  
belly button they've found the amount

421  
00:19:19,750 --> 00:19:23,920  
and types vary widely from persons

422  
00:19:21,970 --> 00:19:25,809  
person whether you get an innie or an

423  
00:19:23,920 --> 00:19:28,000  
outie depends on the scar tissue that

424  
00:19:25,809 --> 00:19:30,309  
forms when your umbilical cord drops off

425  
00:19:28,000 --> 00:19:32,200  
and then Australian man holds the

426  
00:19:30,309 --> 00:19:34,839  
world's largest collection of his own

427  
00:19:32,200 --> 00:19:37,900  
belly button lint 22 grams collected

428

00:19:34,839 --> 00:19:39,939  
over the course of 26 years that's it

429  
00:19:37,900 --> 00:19:41,830  
for this week in science for more

430  
00:19:39,940 --> 00:19:46,900  
information on belly buttons go to the

431  
00:19:41,829 --> 00:19:49,299  
IRS website RI aus org dot a you follow

432  
00:19:46,900 --> 00:19:51,430  
us on twitter at our oz and like us on

433  
00:19:49,299 --> 00:19:54,029  
facebook i'm ben lewis and we'll catch

434  
00:19:51,430 --> 00:19:54,029  
you next week

435  
00:20:03,240 --> 00:20:09,099  
hi this is Tim Farley you probably know

436  
00:20:06,519 --> 00:20:11,889  
me from what's the harm net a catalog of

437  
00:20:09,099 --> 00:20:14,169  
the real world harm caused by lack of

438  
00:20:11,890 --> 00:20:17,350  
critical thinking but that's not my only

439  
00:20:14,170 --> 00:20:20,259  
project i present at skeptic events I

440  
00:20:17,349 --> 00:20:22,509  
post a daily skeptic history fact on

441  
00:20:20,259 --> 00:20:25,000  
Twitter and Facebook and I blog about

442  
00:20:22,509 --> 00:20:28,180

using new techniques on the internet to

443

00:20:25,000 --> 00:20:31,660

advance skepticism come over to skept

444

00:20:28,180 --> 00:20:34,750

tools com and check out my latest ideas

445

00:20:31,660 --> 00:20:36,990

but first enjoy the rest of the skeptic

446

00:20:34,750 --> 00:20:36,990

zone

447

00:20:48,730 --> 00:20:54,669

hi everyone I'm Heidi Robertson from the

448

00:20:52,339 --> 00:20:57,048

Northern Rivers vaccination supporters

449

00:20:54,669 --> 00:20:59,809

which it has been kind enough to have me

450

00:20:57,048 --> 00:21:01,128

as a guest reporter this week although

451

00:20:59,808 --> 00:21:05,240

I'm not actually going to be talking

452

00:21:01,128 --> 00:21:09,259

about vaccination this time well okay

453

00:21:05,240 --> 00:21:13,220

maybe mentioned a little bit on Thursday

454

00:21:09,259 --> 00:21:14,990

the 11th of December 2014 news broke in

455

00:21:13,220 --> 00:21:17,149

Australia of four children who had

456

00:21:14,990 --> 00:21:19,669

become seriously ill and a

457  
00:21:17,148 --> 00:21:22,398  
three-year-old who had died following

458  
00:21:19,669 --> 00:21:25,070  
ingestion by all children of raw cow's

459  
00:21:22,398 --> 00:21:28,418  
milk that came from a small dairy farm

460  
00:21:25,069 --> 00:21:31,490  
on the Mornington Peninsula in Victoria

461  
00:21:28,419 --> 00:21:35,000  
it is illegal in Australia to sell raw

462  
00:21:31,490 --> 00:21:38,929  
milk for consumption but let's cover a

463  
00:21:35,000 --> 00:21:40,730  
bit of background information first raw

464  
00:21:38,929 --> 00:21:42,548  
cow's milk is simply milk from the cow

465  
00:21:40,730 --> 00:21:45,200  
that has not been pasteurized

466  
00:21:42,548 --> 00:21:47,750  
pasteurization a process developed by

467  
00:21:45,200 --> 00:21:50,360  
louis pasteur is a process that heats

468  
00:21:47,750 --> 00:21:52,669  
milk to a specific temperature for a set

469  
00:21:50,359 --> 00:21:54,408  
period of time with the purpose of

470  
00:21:52,669 --> 00:21:57,409  
killing bacteria that are potentially

471  
00:21:54,409 --> 00:22:00,620  
dangerous for consumption according to

472  
00:21:57,409 --> 00:22:02,120  
the cdc website quote before the

473  
00:22:00,619 --> 00:22:04,939  
invention and acceptance of

474  
00:22:02,119 --> 00:22:06,648  
pasteurization raw milk was a common

475  
00:22:04,940 --> 00:22:09,919  
source of the bacteria that cause

476  
00:22:06,648 --> 00:22:12,648  
tuberculosis diphtheria severe

477  
00:22:09,919 --> 00:22:16,309  
streptococcal infections typhoid fever

478  
00:22:12,648 --> 00:22:18,339  
and other foodborne illnesses these

479  
00:22:16,308 --> 00:22:22,058  
illnesses killed many people each year

480  
00:22:18,339 --> 00:22:24,500  
especially young children end quote and

481  
00:22:22,058 --> 00:22:27,349  
from the Victorian Department of Health

482  
00:22:24,500 --> 00:22:29,480  
quote everybody is vulnerable to illness

483  
00:22:27,349 --> 00:22:33,168  
associated with the consumption of

484  
00:22:29,480 --> 00:22:35,889  
unpasteurized milk however the risks are

485

00:22:33,169 --> 00:22:38,629  
even greater for children the elderly

486  
00:22:35,888 --> 00:22:41,240  
anyone who is immunocompromised or has

487  
00:22:38,628 --> 00:22:45,408  
underlying health problems and pregnant

488  
00:22:41,240 --> 00:22:48,159  
women and quote pasteurization has been

489  
00:22:45,409 --> 00:22:50,330  
used in Australia since the early 1900s

490  
00:22:48,159 --> 00:22:54,139  
becoming standard practice in the

491  
00:22:50,329 --> 00:22:55,699  
mid-1950s processing requirements in the

492  
00:22:54,138 --> 00:22:59,028  
Australian New Zealand Food Standards

493  
00:22:55,700 --> 00:23:00,120  
code require that quote milk intended

494  
00:22:59,028 --> 00:23:03,390  
for human consumption

495  
00:23:00,119 --> 00:23:06,029  
is pasteurized or equivalently processed

496  
00:23:03,390 --> 00:23:08,370  
to eliminate pathogenic bacteria that

497  
00:23:06,029 --> 00:23:11,129  
may be present the National Food

498  
00:23:08,369 --> 00:23:13,259  
standard-setting body recently completed

499  
00:23:11,130 --> 00:23:16,350

an extensive assessment of raw cow's

500

00:23:13,259 --> 00:23:19,529

milk and concluded that the risk to the

501

00:23:16,349 --> 00:23:22,589

public was too high to change the

502

00:23:19,529 --> 00:23:25,759

current processing requirement end quote

503

00:23:22,589 --> 00:23:29,970

this review was completed this year in

504

00:23:25,759 --> 00:23:33,599

2014 the chief health officer in

505

00:23:29,970 --> 00:23:36,029

Victoria dr. Rosemarie Lester said that

506

00:23:33,599 --> 00:23:38,519

the three-year-old who died as well as

507

00:23:36,029 --> 00:23:41,789

two of the other children affected had

508

00:23:38,519 --> 00:23:44,250

hemolytic uremic syndrome which the

509

00:23:41,789 --> 00:23:46,529

Victorian Department of Health says is a

510

00:23:44,250 --> 00:23:48,990

rare condition affecting the kidneys and

511

00:23:46,529 --> 00:23:51,750

bloodstream which can lead to renal

512

00:23:48,990 --> 00:23:54,150

failure and death and can be caused by a

513

00:23:51,750 --> 00:23:57,480

type of e.coli found in the gut of

514  
00:23:54,150 --> 00:24:01,190  
cattle the other two children who became

515  
00:23:57,480 --> 00:24:04,710  
seriously ill had Cryptosporidium

516  
00:24:01,190 --> 00:24:07,650  
infection Mountain View farm owned by

517  
00:24:04,710 --> 00:24:10,890  
Vicky Jones is the small dairy farm at

518  
00:24:07,650 --> 00:24:14,040  
the center of the controversy on their

519  
00:24:10,890 --> 00:24:17,490  
website Mountain View organic claim they

520  
00:24:14,039 --> 00:24:20,819  
state that they run a herd of 150 Jersey

521  
00:24:17,490 --> 00:24:24,420  
and Jersey cross cows they offer

522  
00:24:20,819 --> 00:24:27,210  
customers a share in this herd as per

523  
00:24:24,420 --> 00:24:29,430  
the website quote a herd share is a

524  
00:24:27,210 --> 00:24:32,490  
group of people owning an interest in a

525  
00:24:29,430 --> 00:24:35,130  
herd they collectively by a herd in this

526  
00:24:32,490 --> 00:24:38,099  
case a dairy herd and pay a farmer to

527  
00:24:35,130 --> 00:24:40,320  
manage and care for their cows each her

528  
00:24:38,099 --> 00:24:44,579  
donor is then entitled to a portion of

529  
00:24:40,319 --> 00:24:47,069  
the herds produce end quote now while it

530  
00:24:44,579 --> 00:24:49,980  
is illegal to sell raw cow's milk for

531  
00:24:47,069 --> 00:24:52,789  
consumption in Australia it is perfectly

532  
00:24:49,980 --> 00:24:55,319  
legal to sell it for cosmetic purposes

533  
00:24:52,789 --> 00:24:58,829  
Mountain View Farm packages their raw

534  
00:24:55,319 --> 00:25:00,689  
milk labelled as bath milk it is sold

535  
00:24:58,829 --> 00:25:03,240  
alongside other drinks in health food

536  
00:25:00,690 --> 00:25:06,450  
stores and packaged in a similar way to

537  
00:25:03,240 --> 00:25:08,460  
pasteurized milk seen pictures of the

538  
00:25:06,450 --> 00:25:10,920  
raw milk alongside drinking milk in

539  
00:25:08,460 --> 00:25:13,410  
stores one might be forgiven for

540  
00:25:10,920 --> 00:25:15,750  
assuming that the raw milk is in

541  
00:25:13,410 --> 00:25:19,500  
act okay to drink if the label was not

542

00:25:15,750 --> 00:25:22,529  
looked at carefully in labeling it both

543  
00:25:19,500 --> 00:25:27,500  
as bath milk and not for human

544  
00:25:22,529 --> 00:25:30,119  
consumption it becomes a beauty product

545  
00:25:27,500 --> 00:25:33,569  
Mountain View Farm sells one liter of

546  
00:25:30,119 --> 00:25:36,409  
bath milk for three dollars fifty as one

547  
00:25:33,569 --> 00:25:39,149  
Facebook commentator pointed out quote

548  
00:25:36,410 --> 00:25:40,980  
it will cost over one hundred and fifty

549  
00:25:39,150 --> 00:25:44,550  
dollars to have a milk bath with their

550  
00:25:40,980 --> 00:25:47,160  
product unless you were Cleopatra who

551  
00:25:44,549 --> 00:25:50,759  
the hell has milk baths anymore end

552  
00:25:47,160 --> 00:25:53,250  
quote the age this week reported that a

553  
00:25:50,759 --> 00:25:55,349  
health food shop who was a high volume

554  
00:25:53,250 --> 00:25:57,569  
seller of the raw milk from Mountain

555  
00:25:55,349 --> 00:25:59,969  
View Farm said it was common knowledge

556  
00:25:57,569 --> 00:26:02,609

that customers purchased it to drink

557

00:25:59,970 --> 00:26:07,110

despite it being labeled for cosmetic

558

00:26:02,609 --> 00:26:09,869

use only he said quote no one's admitted

559

00:26:07,109 --> 00:26:14,490

to bathing in it everyone has a bit of a

560

00:26:09,869 --> 00:26:17,069

laugh about that and quote Vicky Jane's

561

00:26:14,490 --> 00:26:19,410

the owner of Mountain View Farm has

562

00:26:17,069 --> 00:26:22,589

admitted to ABC News that she drinks the

563

00:26:19,410 --> 00:26:26,460

milk herself she went on to say to the

564

00:26:22,589 --> 00:26:28,829

herald-sun quote we put warnings on our

565

00:26:26,460 --> 00:26:30,809

milk for people not to drink it and we

566

00:26:28,829 --> 00:26:34,889

always tell them it is not to be

567

00:26:30,809 --> 00:26:37,829

consumed end quote she went on to say

568

00:26:34,890 --> 00:26:39,870

quote parents are irresponsible if they

569

00:26:37,829 --> 00:26:43,949

actually give raw milk to their children

570

00:26:39,869 --> 00:26:46,500

end quote these statements are made

571  
00:26:43,950 --> 00:26:49,289  
despite the farms about page on their

572  
00:26:46,500 --> 00:26:51,750  
website stating in the description about

573  
00:26:49,289 --> 00:26:55,349  
themselves their milk and yogurt is

574  
00:26:51,750 --> 00:26:58,259  
incredibly tasty this page has since

575  
00:26:55,349 --> 00:27:00,029  
been taken down although several people

576  
00:26:58,259 --> 00:27:01,769  
with foresight have captured the page

577  
00:27:00,029 --> 00:27:05,460  
along with other material that may be

578  
00:27:01,769 --> 00:27:07,410  
likely to be taken down the day after

579  
00:27:05,460 --> 00:27:09,210  
this story broke Mountain View Farm

580  
00:27:07,410 --> 00:27:11,850  
posted the following on their Facebook

581  
00:27:09,210 --> 00:27:15,180  
page which is called Mountain View Farm

582  
00:27:11,849 --> 00:27:17,089  
share and that page has also since been

583  
00:27:15,180 --> 00:27:20,960  
taken down

584  
00:27:17,089 --> 00:27:23,029  
here's the quote what a day we had

585  
00:27:20,960 --> 00:27:25,400  
yesterday waking up to the disgusting

586  
00:27:23,029 --> 00:27:26,839  
front page of the herald-sun shame on

587  
00:27:25,400 --> 00:27:28,580  
the reporter and the people that were

588  
00:27:26,839 --> 00:27:30,799  
behind that piece of rubbish that was

589  
00:27:28,579 --> 00:27:33,379  
written to the health department you

590  
00:27:30,799 --> 00:27:35,750  
have opened a hornet's nest not for raw

591  
00:27:33,380 --> 00:27:38,030  
milk but for exposing the garbage that

592  
00:27:35,750 --> 00:27:41,210  
consumers are fed the chemical laid and

593  
00:27:38,029 --> 00:27:43,190  
pesticides herbicides antibiotics that

594  
00:27:41,210 --> 00:27:45,529  
are used to grow food to feed families

595  
00:27:43,190 --> 00:27:48,380  
shame on the system that allows this

596  
00:27:45,529 --> 00:27:50,690  
shame on food safety standards that

597  
00:27:48,380 --> 00:27:53,390  
permit and make up the levels they

598  
00:27:50,690 --> 00:27:56,509  
deemed safe look at how many people are

599

00:27:53,390 --> 00:27:59,360  
sick why are our hospitals overflowing

600  
00:27:56,509 --> 00:28:01,519  
why is good quality food so expensive

601  
00:27:59,359 --> 00:28:03,859  
and out of reach of young families on

602  
00:28:01,519 --> 00:28:07,099  
low wages the very people that need to

603  
00:28:03,859 --> 00:28:09,469  
feed our future generation today is the

604  
00:28:07,099 --> 00:28:11,990  
start of a change in the world for

605  
00:28:09,470 --> 00:28:13,819  
communities and farmers we will grow and

606  
00:28:11,990 --> 00:28:16,250  
educate farmers to grow food without

607  
00:28:13,819 --> 00:28:18,559  
chemicals and antibiotics and we will

608  
00:28:16,250 --> 00:28:21,079  
educate families and we will make sure

609  
00:28:18,559 --> 00:28:26,599  
that everyone is fed from the young to

610  
00:28:21,079 --> 00:28:28,699  
the very old end quote hardly the

611  
00:28:26,599 --> 00:28:30,439  
response one would expect to see from a

612  
00:28:28,700 --> 00:28:33,640  
business claiming that their product is

613  
00:28:30,440 --> 00:28:36,110

only sold for cosmetic purposes and

614

00:28:33,640 --> 00:28:38,390

specifically stating that they will make

615

00:28:36,109 --> 00:28:41,029

sure everyone from the young to the very

616

00:28:38,390 --> 00:28:44,000

oldest fed is probably a foolish thing

617

00:28:41,029 --> 00:28:45,710

to say given that these are two of the

618

00:28:44,000 --> 00:28:48,490

vulnerable groups that will suffer the

619

00:28:45,710 --> 00:28:51,049

most as a result of these infections and

620

00:28:48,490 --> 00:28:54,349

given that a three-year-old has just

621

00:28:51,049 --> 00:28:57,589

passed away it has been widely

622

00:28:54,349 --> 00:29:00,289

speculated on social media of the farms

623

00:28:57,589 --> 00:29:02,059

legal or ethical responsibility with

624

00:29:00,289 --> 00:29:04,190

regards to death and illness of these

625

00:29:02,059 --> 00:29:08,569

children or whether it was the parents

626

00:29:04,190 --> 00:29:11,029

responsibility or was it both either way

627

00:29:08,569 --> 00:29:14,659

it is a tragic outcome and one that

628  
00:29:11,029 --> 00:29:17,359  
shouldn't happen speaking now as a

629  
00:29:14,660 --> 00:29:19,519  
parent myself much of what we decide on

630  
00:29:17,359 --> 00:29:21,829  
for our kids is weighed up according to

631  
00:29:19,519 --> 00:29:24,410  
the risk to the child versus that

632  
00:29:21,829 --> 00:29:27,679  
benefit to the child should I let him

633  
00:29:24,410 --> 00:29:30,390  
climb that tree should I vaccinate my

634  
00:29:27,680 --> 00:29:32,490  
child the answer to that of course

635  
00:29:30,390 --> 00:29:35,460  
is yes unless the child has a legitimate

636  
00:29:32,490 --> 00:29:37,079  
medical reason not to be should I let

637  
00:29:35,460 --> 00:29:40,110  
him have that extra slice of chocolate

638  
00:29:37,079 --> 00:29:43,409  
cake do I let him have a ride on that

639  
00:29:40,109 --> 00:29:45,359  
trail bike because ultimately we as

640  
00:29:43,410 --> 00:29:48,090  
adults have to make the best decisions

641  
00:29:45,359 --> 00:29:51,000  
on their behalf they rely on us for it

642  
00:29:48,089 --> 00:29:54,569  
so what is the risk-benefit analysis for

643  
00:29:51,000 --> 00:29:56,430  
letting a child consume raw milk well

644  
00:29:54,569 --> 00:29:58,769  
raw milk proponents have a wide variety

645  
00:29:56,430 --> 00:30:02,580  
of views on the benefit of raw cow's

646  
00:29:58,769 --> 00:30:04,589  
milk as I found out here are a sample of

647  
00:30:02,579 --> 00:30:07,439  
the testimonials I found on various

648  
00:30:04,589 --> 00:30:12,539  
pages of the interwebs ranging from

649  
00:30:07,440 --> 00:30:14,850  
plausible to not so plausible raw milk

650  
00:30:12,539 --> 00:30:18,269  
tastes better it's thicker it's creamier

651  
00:30:14,849 --> 00:30:21,509  
it aids digestion it gets rid of or

652  
00:30:18,269 --> 00:30:24,200  
prevents allergies and asthma it aids in

653  
00:30:21,509 --> 00:30:26,730  
the treatment of osteoporosis arthritis

654  
00:30:24,200 --> 00:30:30,809  
digestive disorders fatigue weight loss

655  
00:30:26,730 --> 00:30:34,860  
and even cancer and the old favorite it

656

00:30:30,809 --> 00:30:37,109  
boosts the immune system so are there

657  
00:30:34,859 --> 00:30:40,859  
any quality studies showing benefits of

658  
00:30:37,109 --> 00:30:42,899  
raw milk over pasteurized well this year

659  
00:30:40,859 --> 00:30:45,209  
a policy statement was put out jointly

660  
00:30:42,900 --> 00:30:48,120  
by the committee on infectious diseases

661  
00:30:45,210 --> 00:30:51,710  
the Committee on nutrition and the

662  
00:30:48,119 --> 00:30:54,539  
American Academy of Pediatrics titled

663  
00:30:51,710 --> 00:30:57,059  
consumption of raw or unpasteurized milk

664  
00:30:54,539 --> 00:31:01,170  
and milk products by pregnant women and

665  
00:30:57,059 --> 00:31:02,789  
children it is stated here with regards

666  
00:31:01,170 --> 00:31:05,519  
the infections that can occur from the

667  
00:31:02,789 --> 00:31:08,000  
ingestion of raw milk quote these

668  
00:31:05,519 --> 00:31:10,920  
infections can occur in both healthy and

669  
00:31:08,000 --> 00:31:14,309  
immunocompromised individuals including

670  
00:31:10,920 --> 00:31:16,560

older adults infants young children and

671

00:31:14,309 --> 00:31:18,990

pregnant women and their unborn fetuses

672

00:31:16,559 --> 00:31:21,929

in whom life-threatening infections and

673

00:31:18,990 --> 00:31:24,180

fetal miscarriage can occur efforts to

674

00:31:21,930 --> 00:31:26,250

limit the sale of raw milk products have

675

00:31:24,180 --> 00:31:28,529

met with opposition from those who are

676

00:31:26,250 --> 00:31:30,930

proponents of the purported health

677

00:31:28,529 --> 00:31:33,420

benefits of consuming raw milk products

678

00:31:30,930 --> 00:31:36,080

which contain natural or unprocessed

679

00:31:33,420 --> 00:31:40,350

factors not inactivated by

680

00:31:36,079 --> 00:31:42,689

pasteurization however the benefits of

681

00:31:40,349 --> 00:31:44,279

these natural factors have not been

682

00:31:42,690 --> 00:31:47,009

clearly demonstrated

683

00:31:44,279 --> 00:31:49,829

in evidence-based studies and therefore

684

00:31:47,009 --> 00:31:53,369

do not outweigh the risks of raw milk

685  
00:31:49,829 --> 00:31:56,789  
consumption substantial data suggests

686  
00:31:53,369 --> 00:31:59,129  
that pasteurized milk confers equivalent

687  
00:31:56,789 --> 00:32:02,970  
health benefits compared with raw milk

688  
00:31:59,130 --> 00:32:07,650  
without the additional risk of bacterial

689  
00:32:02,970 --> 00:32:09,299  
infections and quote on Friday a mother

690  
00:32:07,650 --> 00:32:12,240  
of one of the children who recovered

691  
00:32:09,299 --> 00:32:14,609  
from hemolytic uremic syndrome spoke to

692  
00:32:12,240 --> 00:32:16,589  
the media stating that her son developed

693  
00:32:14,609 --> 00:32:19,229  
diarrhea and vomiting which lasted 10

694  
00:32:16,589 --> 00:32:21,149  
days after he had sips of her smoothies

695  
00:32:19,230 --> 00:32:24,690  
made with Mountain View organic bath

696  
00:32:21,150 --> 00:32:27,630  
milk she stated that at the time of his

697  
00:32:24,690 --> 00:32:29,730  
subsequent hospitalization he had only

698  
00:32:27,630 --> 00:32:33,600  
twenty percent kidney function and was

699  
00:32:29,730 --> 00:32:36,390  
seriously ill in hospital for a week the

700  
00:32:33,599 --> 00:32:38,399  
baby has since recovered the mother

701  
00:32:36,390 --> 00:32:41,190  
acknowledged that she had been blinded

702  
00:32:38,400 --> 00:32:43,350  
by the wider trend towards raw food but

703  
00:32:41,190 --> 00:32:47,279  
said she was not aware of the serious

704  
00:32:43,349 --> 00:32:49,589  
risks associated with raw milk she said

705  
00:32:47,279 --> 00:32:52,109  
quote if I had heard of anything like

706  
00:32:49,589 --> 00:32:54,959  
this happening to anyone I wouldn't have

707  
00:32:52,109 --> 00:32:57,929  
brought it into my home I wouldn't have

708  
00:32:54,960 --> 00:33:00,809  
consumed it myself it was a wake-up call

709  
00:32:57,930 --> 00:33:04,019  
to make sure i'm no longer blinded by

710  
00:33:00,809 --> 00:33:06,659  
the latest trends it was a wake-up call

711  
00:33:04,019 --> 00:33:11,490  
to make sure i'm making informed

712  
00:33:06,660 --> 00:33:13,200  
decisions for my family and quote there

713

00:33:11,490 --> 00:33:16,079  
are other concerning aspects to this

714  
00:33:13,200 --> 00:33:18,360  
story for example the farms facebook

715  
00:33:16,079 --> 00:33:21,149  
page seems to like sharing links from

716  
00:33:18,359 --> 00:33:24,269  
Mike Adams aka the health ranger over at

717  
00:33:21,150 --> 00:33:28,920  
the natural news website one mean they

718  
00:33:24,269 --> 00:33:33,690  
shared has two columns on the left is

719  
00:33:28,920 --> 00:33:37,500  
the title FDA says safe with a list

720  
00:33:33,690 --> 00:33:41,370  
including aspartame msg artificial

721  
00:33:37,500 --> 00:33:44,309  
colors propylene glycol fluoride SSRI

722  
00:33:41,369 --> 00:33:46,919  
day and antidepressants antipsychotic

723  
00:33:44,309 --> 00:33:48,799  
drugs for soldiers psychotropic drugs

724  
00:33:46,920 --> 00:33:50,880  
for kids mercury in vaccines

725  
00:33:48,799 --> 00:33:52,919  
chemotherapy for babies authorized

726  
00:33:50,880 --> 00:33:55,170  
proteins chemical preservatives sodium

727  
00:33:52,920 --> 00:33:57,660

nitrite cow pus in milk pesticides

728

00:33:55,170 --> 00:33:59,640

herbicides fungicides radiation GMOs

729

00:33:57,660 --> 00:34:03,060

chlorine arsenic aluminium mercury in

730

00:33:59,640 --> 00:34:08,519

fish and BPA in the right-hand column

731

00:34:03,059 --> 00:34:13,199

the title FDA says dangerous has one

732

00:34:08,519 --> 00:34:15,418

thing underneath fresh milk it's these

733

00:34:13,199 --> 00:34:18,469

kind of fear-mongering memes that

734

00:34:15,418 --> 00:34:21,299

shocked the scientifically illiterate

735

00:34:18,469 --> 00:34:23,879

the old saying that dose makes the

736

00:34:21,300 --> 00:34:27,019

poison seems to have no place in the

737

00:34:23,880 --> 00:34:29,490

minds of certain fundamentalist groups

738

00:34:27,019 --> 00:34:31,650

another naturalnews meme that was posted

739

00:34:29,489 --> 00:34:33,389

on the farms Facebook page had nothing

740

00:34:31,650 --> 00:34:36,570

to do with raw milk or farming in

741

00:34:33,389 --> 00:34:39,418

general but the rise in autism and how

742  
00:34:36,570 --> 00:34:43,500  
quote experts say vaccines have nothing

743  
00:34:39,418 --> 00:34:45,239  
to do with it and quote or perhaps they

744  
00:34:43,500 --> 00:34:48,090  
were concerned about the cows developing

745  
00:34:45,239 --> 00:34:49,979  
autism although being a certified

746  
00:34:48,090 --> 00:34:53,280  
organic farm means that they do not have

747  
00:34:49,980 --> 00:34:56,010  
to vaccinate their herd and in fact may

748  
00:34:53,280 --> 00:34:58,650  
only do so if there is a specific threat

749  
00:34:56,010 --> 00:35:01,050  
of an endemic vaccine preventable

750  
00:34:58,650 --> 00:35:05,039  
disease and even then they have to get a

751  
00:35:01,050 --> 00:35:06,930  
vet to sign a document stating this it

752  
00:35:05,039 --> 00:35:09,090  
is interesting however that whilst the

753  
00:35:06,929 --> 00:35:12,679  
farm purports to be ethical and kind to

754  
00:35:09,090 --> 00:35:15,320  
animals use of antibiotics vaccination

755  
00:35:12,679 --> 00:35:18,889  
parasit asides and anesthetics is

756  
00:35:15,320 --> 00:35:21,750  
discouraged accepting cases of emergency

757  
00:35:18,889 --> 00:35:24,750  
it's stated on the farms heard share

758  
00:35:21,750 --> 00:35:27,000  
agreement quote we have outstanding

759  
00:35:24,750 --> 00:35:30,349  
success with alternative treatments such

760  
00:35:27,000 --> 00:35:33,420  
as manuka honey garlic tinctures and

761  
00:35:30,349 --> 00:35:38,279  
homeopathic remedies and are committed

762  
00:35:33,420 --> 00:35:40,380  
to continuing end quote and quote we use

763  
00:35:38,280 --> 00:35:42,630  
alternative methods of treating cows

764  
00:35:40,380 --> 00:35:45,599  
that would conventionally be treated

765  
00:35:42,630 --> 00:35:48,269  
with antibiotics for example if a cow is

766  
00:35:45,599 --> 00:35:50,909  
showing signs of mastitis something very

767  
00:35:48,269 --> 00:35:53,849  
rare in our organic heard they would be

768  
00:35:50,909 --> 00:35:55,949  
treated with manuka honey the honey is

769  
00:35:53,849 --> 00:35:59,400  
massaged onto the infected teeth and

770

00:35:55,949 --> 00:36:02,309  
surrounding other area this massage in

771  
00:35:59,400 --> 00:36:04,590  
itself is highly beneficial in clearing

772  
00:36:02,309 --> 00:36:06,009  
blockages that may be leading to

773  
00:36:04,590 --> 00:36:11,440  
mastitis

774  
00:36:06,010 --> 00:36:15,480  
quote now clearly i hope i'm not a cow

775  
00:36:11,440 --> 00:36:19,150  
and i do not generally favored anecdotes

776  
00:36:15,480 --> 00:36:21,880  
however i have had mastitis myself post

777  
00:36:19,150 --> 00:36:25,690  
pregnancy which left me with a fever of

778  
00:36:21,880 --> 00:36:30,880  
40 degrees and feeling like a sack of

779  
00:36:25,690 --> 00:36:33,250  
well cow manure how it is deemed ethical

780  
00:36:30,880 --> 00:36:36,450  
to not give antibiotics for such a

781  
00:36:33,250 --> 00:36:39,849  
painful condition I'm not too sure at

782  
00:36:36,449 --> 00:36:42,039  
the time of writing the a Triple C has

783  
00:36:39,849 --> 00:36:44,199  
asked the Mountain View Farm to place a

784  
00:36:42,039 --> 00:36:47,259

product recall on their website which

785

00:36:44,199 --> 00:36:50,799

they have done they have also taken down

786

00:36:47,260 --> 00:36:52,930

their Facebook page in the meantime the

787

00:36:50,800 --> 00:36:56,519

child's death is being investigated by

788

00:36:52,929 --> 00:36:59,619

the coroner and we await the results

789

00:36:56,519 --> 00:37:01,949

this has been harder Robertson of the

790

00:36:59,619 --> 00:37:05,460

Northern Rivers vaccination supporters

791

00:37:01,949 --> 00:37:13,769

you can find out more about our group at

792

00:37:05,460 --> 00:37:13,769

ww nrvs dot info thank you

793

00:37:31,730 --> 00:37:37,349

hello may not here pull my cracker no

794

00:37:34,860 --> 00:37:39,260

that's not quite right Maynard's handy

795

00:37:37,349 --> 00:37:41,759

tip

796

00:37:39,260 --> 00:37:45,060

did you know that next year which i

797

00:37:41,760 --> 00:37:47,610

believe is referred to as 2015 you can

798

00:37:45,059 --> 00:37:49,049

reuse some of your old calendars that's

799

00:37:47,610 --> 00:37:50,789

right i'm sure you all just chuck them

800

00:37:49,050 --> 00:37:52,890

out and hook them out when you've got a

801

00:37:50,789 --> 00:37:54,809

bang over on New Year's Day but don't do

802

00:37:52,889 --> 00:37:57,359

that folks keep them I keep everything

803

00:37:54,809 --> 00:37:59,369

in fact this recording was made in 1957

804

00:37:57,360 --> 00:38:02,519

it is a significant occasion in the

805

00:37:59,369 --> 00:38:05,639

history of the British Empire in 2015

806

00:38:02,519 --> 00:38:11,519

you can reuse your calendars from the

807

00:38:05,639 --> 00:38:12,869

following years 1987 that'll be

808

00:38:11,519 --> 00:38:20,699

calendars would lots of shoulder pads on

809

00:38:12,869 --> 00:38:23,639

them 1998 and 2009 as well as lots of

810

00:38:20,699 --> 00:38:25,289

other years like 1925 so if your

811

00:38:23,639 --> 00:38:27,299

grandma's got something around there it

812

00:38:25,289 --> 00:38:29,789

could be time to raid her calendar stash

813  
00:38:27,300 --> 00:38:37,070  
those years again for those playing at

814  
00:38:29,789 --> 00:38:40,139  
home 1987 1998 and 2009 can be reused in

815  
00:38:37,070 --> 00:38:42,480  
2015 now this year I was reusing

816  
00:38:40,139 --> 00:38:44,400  
calendars I think from 2004 and I was

817  
00:38:42,480 --> 00:38:48,269  
able to use my Star Trek calendar from

818  
00:38:44,400 --> 00:38:51,750  
2004 my Melrose Place calendar I bet

819  
00:38:48,269 --> 00:38:54,449  
you're jealous from the 90s and my

820  
00:38:51,750 --> 00:38:56,579  
dannii minogue calendar I bet you wish

821  
00:38:54,449 --> 00:39:00,089  
you lived at my place so for this year

822  
00:38:56,579 --> 00:39:04,230  
I've only found one the 1998 vintage

823  
00:39:00,090 --> 00:39:05,940  
Helmut Newton RT calendar it's very arty

824  
00:39:04,230 --> 00:39:08,849  
very black and white people not wearing

825  
00:39:05,940 --> 00:39:10,980  
much but I'll be putting that up I don't

826  
00:39:08,849 --> 00:39:12,539  
know underneath my kitchen table I think

827

00:39:10,980 --> 00:39:14,130  
as well i'll be putting that so remember

828  
00:39:12,539 --> 00:39:17,159  
that those winning years again for those

829  
00:39:14,130 --> 00:39:20,880  
of you with the supplementary 1997 1998

830  
00:39:17,159 --> 00:39:24,839  
and 2009 get to it reuse those calendars

831  
00:39:20,880 --> 00:39:26,130  
remember reduce reuse and rewind your

832  
00:39:24,840 --> 00:39:28,200  
tape before you take it back to the

833  
00:39:26,130 --> 00:39:31,119  
video rental store that's been Maynard's

834  
00:39:28,199 --> 00:39:34,909  
handy tip let me say that

835  
00:39:31,119 --> 00:39:37,009  
Raju by Maynard calm Dada you where you

836  
00:39:34,909 --> 00:39:40,009  
can find the Christmas episode of bunga

837  
00:39:37,010 --> 00:39:42,530  
bunga a very bunga bunga Christmas in

838  
00:39:40,010 --> 00:39:45,350  
which Tim Ferguson says I wasn't it all

839  
00:39:42,530 --> 00:39:47,450  
offended the guy's a scientist he's

840  
00:39:45,349 --> 00:39:50,000  
probably never even seen a naked girl he

841  
00:39:47,449 --> 00:39:52,689

probably didn't even know what it was

842

00:39:50,000 --> 00:39:58,059

that was being depicted on his show hey

843

00:39:52,690 --> 00:40:01,659

silent night holy night all is calm all

844

00:39:58,059 --> 00:40:01,659

is bright

845

00:40:04,019 --> 00:40:11,449

his main art spooky action at the

846

00:40:08,940 --> 00:40:11,450

distance

847

00:40:11,940 --> 00:40:15,519

look we're here with someone who's

848

00:40:14,139 --> 00:40:17,379

traveled a bit of a way well who we got

849

00:40:15,519 --> 00:40:19,960

here is pity young and I've driven

850

00:40:17,380 --> 00:40:21,610

straight up hours to get it yeah look

851

00:40:19,960 --> 00:40:23,019

and how was the movie an honest life

852

00:40:21,610 --> 00:40:24,849

just seeing it there on the big screen I

853

00:40:23,019 --> 00:40:26,259

was I really didn't watch it until

854

00:40:24,849 --> 00:40:27,789

tonight I want to see it fresh for the

855

00:40:26,260 --> 00:40:29,440

first time and I was really impressed

856  
00:40:27,789 --> 00:40:31,719  
with the editing the way it moved it was

857  
00:40:29,440 --> 00:40:34,059  
never dull for a sec it was an amazing

858  
00:40:31,719 --> 00:40:36,459  
story and I can't believe it's true yeah

859  
00:40:34,059 --> 00:40:40,059  
yeah I liked at the end when they said

860  
00:40:36,460 --> 00:40:42,039  
that the real jose's he missed his

861  
00:40:40,059 --> 00:40:45,159  
sister's wedding by two weeks never went

862  
00:40:42,039 --> 00:40:46,659  
are like that what would a poor guy he

863  
00:40:45,159 --> 00:40:48,159  
only took 25 years to apply for a

864  
00:40:46,659 --> 00:40:50,710  
passport she's lucky was supposed to be

865  
00:40:48,159 --> 00:40:53,079  
dead oh that's the boss of course he was

866  
00:40:50,710 --> 00:40:54,159  
meeting you there and what was the best

867  
00:40:53,079 --> 00:40:56,289  
bit of the movie was it some of the

868  
00:40:54,159 --> 00:40:58,059  
unveiling of the so-called psychics I

869  
00:40:56,289 --> 00:41:00,070  
thought that was fantastic i'd heard I'd

870  
00:40:58,059 --> 00:41:02,500  
seen the footage on TV from the 80s if

871  
00:41:00,070 --> 00:41:04,090  
Don Lane getting a shits and walking off

872  
00:41:02,500 --> 00:41:05,650  
but I hadn't seen any other footage and

873  
00:41:04,090 --> 00:41:07,120  
I thought it was I love that sort of

874  
00:41:05,650 --> 00:41:09,550  
stuff when people are revealed to be

875  
00:41:07,119 --> 00:41:10,869  
fraudsters it was great I'm just

876  
00:41:09,550 --> 00:41:12,340  
wondering why Randy never took it to the

877  
00:41:10,869 --> 00:41:13,809  
next level would Peter pop up there and

878  
00:41:12,340 --> 00:41:15,340  
actually took a transmitter along on

879  
00:41:13,809 --> 00:41:17,500  
that frequency and started talking to

880  
00:41:15,340 --> 00:41:19,420  
pop out at the same time oh what a great

881  
00:41:17,500 --> 00:41:20,769  
tree yeah that would've been pretty wild

882  
00:41:19,420 --> 00:41:21,940  
maybe just was the technology wasn't

883  
00:41:20,769 --> 00:41:23,139  
available at the time well you know it's

884

00:41:21,940 --> 00:41:24,579  
interesting we still haven't learned our

885  
00:41:23,139 --> 00:41:27,759  
lesson and there are still fraudsters

886  
00:41:24,579 --> 00:41:29,559  
out there selling yeah what do

887  
00:41:27,760 --> 00:41:30,640  
we wear drinkin come on let's be honest

888  
00:41:29,559 --> 00:41:33,579  
here is their time you think you've been

889  
00:41:30,639 --> 00:41:36,549  
fooled I bought a pet rock back in the

890  
00:41:33,579 --> 00:41:38,559  
day I've got rose quartz at home I did

891  
00:41:36,550 --> 00:41:40,539  
get my palm read once in California get

892  
00:41:38,559 --> 00:41:44,110  
out and was it at bread generic reading

893  
00:41:40,539 --> 00:41:47,369  
very very generic okay thanks and would

894  
00:41:44,110 --> 00:41:50,890  
you and you could be calling on us liar

895  
00:41:47,369 --> 00:41:52,659  
yes yes if I'm telling the truth know if

896  
00:41:50,889 --> 00:41:54,670  
I'm not nigga it's a bit of a testa me a

897  
00:41:52,659 --> 00:41:56,440  
testimony to the art to the fact that we

898  
00:41:54,670 --> 00:41:58,780

all like to self deceive on some level

899

00:41:56,440 --> 00:42:02,800

yes I self deceived myself that I would

900

00:41:58,780 --> 00:42:04,300

get here on time Rick Craig you've just

901

00:42:02,800 --> 00:42:06,519

seen it on the sly what do you think I

902

00:42:04,300 --> 00:42:09,079

thought it was fantastic yeah what with

903

00:42:06,519 --> 00:42:12,150

your favorite team

904

00:42:09,079 --> 00:42:14,039

it's a really hard one I mean I think

905

00:42:12,150 --> 00:42:17,490

the scene where he was saying he doesn't

906

00:42:14,039 --> 00:42:19,140

want on film and he obviously came back

907

00:42:17,489 --> 00:42:20,969

and changed his mind about that but

908

00:42:19,139 --> 00:42:22,980

because it watchings going hang on so

909

00:42:20,969 --> 00:42:24,389

either the guys used it without the

910

00:42:22,980 --> 00:42:26,309

permission or he's changed his mind

911

00:42:24,389 --> 00:42:27,719

about it yeah and so I guess it means

912

00:42:26,309 --> 00:42:29,160

that we can all be received on some

913  
00:42:27,719 --> 00:42:31,199  
level about something beard in our

914  
00:42:29,159 --> 00:42:32,699  
professional or our personal life yeah

915  
00:42:31,199 --> 00:42:34,469  
absolutely yeah there's we've all got

916  
00:42:32,699 --> 00:42:35,848  
secrets I guess well is there something

917  
00:42:34,469 --> 00:42:37,558  
you think you've been deceived with like

918  
00:42:35,849 --> 00:42:39,119  
it you know of the woo or paranormal

919  
00:42:37,559 --> 00:42:40,798  
nature in your life or something you

920  
00:42:39,119 --> 00:42:43,410  
bought something human hang on I didn't

921  
00:42:40,798 --> 00:42:47,130  
need to get this yeah my mother took me

922  
00:42:43,409 --> 00:42:50,639  
for 42 years to a neurologist Wow two

923  
00:42:47,130 --> 00:42:52,108  
years you know okay um what I think I

924  
00:42:50,639 --> 00:42:53,489  
find about iridology is it's supposed to

925  
00:42:52,108 --> 00:42:55,348  
be the way you find out what stuff is

926  
00:42:53,489 --> 00:42:57,659  
but yet they use other methods as well

927  
00:42:55,349 --> 00:42:59,880  
so they might use iridology and they'll

928  
00:42:57,659 --> 00:43:02,098  
do some liver testing or that look at

929  
00:42:59,880 --> 00:43:04,108  
things as well as that yeah it was

930  
00:43:02,099 --> 00:43:06,088  
really weird i had these um these like

931  
00:43:04,108 --> 00:43:08,969  
supplements that he gave me for the

932  
00:43:06,088 --> 00:43:11,548  
years so it was like a nonspecific kind

933  
00:43:08,969 --> 00:43:13,139  
of cure for a nonspecific problem it

934  
00:43:11,548 --> 00:43:15,989  
seemed to be that way in hindsight I

935  
00:43:13,139 --> 00:43:17,730  
think it was ok thanks a lot.joe didn't

936  
00:43:15,989 --> 00:43:20,879  
expect that this is real hard-hitting

937  
00:43:17,730 --> 00:43:22,259  
stuff we're doing here well you've just

938  
00:43:20,880 --> 00:43:23,250  
been to see an honest lawyer in there

939  
00:43:22,259 --> 00:43:24,750  
with all of us there did you have a

940  
00:43:23,250 --> 00:43:27,449  
favorite bit of Randy's story that you

941

00:43:24,750 --> 00:43:29,130  
like oh that's a hard thing no it was

942  
00:43:27,449 --> 00:43:30,538  
all good it was there's a lot there and

943  
00:43:29,130 --> 00:43:32,519  
and went in the end but all the

944  
00:43:30,539 --> 00:43:34,019  
extradition stuff was coming out that it

945  
00:43:32,518 --> 00:43:36,088  
was certainly interesting wasn't it was

946  
00:43:34,018 --> 00:43:37,768  
it really was I think it's great it

947  
00:43:36,088 --> 00:43:38,849  
shows that no matter who we are like you

948  
00:43:37,768 --> 00:43:40,618  
said we can always be deceived by

949  
00:43:38,849 --> 00:43:42,088  
something even in our personal life or

950  
00:43:40,619 --> 00:43:44,160  
whatever definitely anything that's

951  
00:43:42,088 --> 00:43:46,768  
important to remember yeah well what did

952  
00:43:44,159 --> 00:43:48,629  
you learn from the movie I loved it i've

953  
00:43:46,768 --> 00:43:49,979  
been following Randy lot on YouTube fans

954  
00:43:48,630 --> 00:43:51,480  
saw a lot of his videos so I've seen

955  
00:43:49,980 --> 00:43:53,250

this eve Popoff story and some of the

956

00:43:51,480 --> 00:43:55,409

year ago or so it was really good to see

957

00:43:53,250 --> 00:43:57,599

more of who he is as a person you see

958

00:43:55,409 --> 00:43:59,009

all the showmanship and everything like

959

00:43:57,599 --> 00:44:01,470

that but to get a bit of an insight is

960

00:43:59,009 --> 00:44:02,679

to as to how we became interested in

961

00:44:01,469 --> 00:44:04,029

that or

962

00:44:02,679 --> 00:44:06,460

to learn how he got up and I really

963

00:44:04,030 --> 00:44:07,840

interesting and again the fact that his

964

00:44:06,460 --> 00:44:09,639

father really only had two serious

965

00:44:07,840 --> 00:44:12,340

conversations with the Beast I alone

966

00:44:09,639 --> 00:44:14,049

yeah that's remarkable but I think it's

967

00:44:12,340 --> 00:44:15,579

a great comment on his character that he

968

00:44:14,050 --> 00:44:17,110

is able to joke about the fact that oh

969

00:44:15,579 --> 00:44:18,789

yeah but I mean to me that would be a

970  
00:44:17,110 --> 00:44:20,440  
devastating void in my childhood but

971  
00:44:18,789 --> 00:44:21,639  
he's sort of used that and can laugh

972  
00:44:20,440 --> 00:44:23,320  
about an hour thought that was really

973  
00:44:21,639 --> 00:44:24,730  
inspiring I guess that's a way great

974  
00:44:23,320 --> 00:44:26,260  
performers do they take something like

975  
00:44:24,730 --> 00:44:27,909  
that and try and turn around yeah I

976  
00:44:26,260 --> 00:44:29,260  
can't argue with that and this is

977  
00:44:27,909 --> 00:44:31,509  
something you think you've fallen for in

978  
00:44:29,260 --> 00:44:32,770  
the world of woo or being self deceived

979  
00:44:31,510 --> 00:44:34,360  
or something you bought something you

980  
00:44:32,769 --> 00:44:36,730  
thought I really shouldn't have got this

981  
00:44:34,360 --> 00:44:38,650  
or something like that I think when I

982  
00:44:36,730 --> 00:44:41,199  
was a lot younger I was quite naive

983  
00:44:38,650 --> 00:44:43,660  
believing in the potential for psychics

984  
00:44:41,199 --> 00:44:45,639  
and whatnot but then actually went and

985  
00:44:43,659 --> 00:44:48,339  
saw you regular at the civic leader in

986  
00:44:45,639 --> 00:44:49,869  
Newcastle I got a free ticket but I did

987  
00:44:48,340 --> 00:44:52,300  
go and see him and I remember God how to

988  
00:44:49,869 --> 00:44:54,250  
do that no I know but I think becoming

989  
00:44:52,300 --> 00:44:56,860  
interested in people like Randy like

990  
00:44:54,250 --> 00:44:57,969  
Jaron brown like Richard Dawkins people

991  
00:44:56,860 --> 00:45:00,700  
like that and listening to them speak

992  
00:44:57,969 --> 00:45:02,139  
and hearing how common it isn't how easy

993  
00:45:00,699 --> 00:45:04,359  
it is for people to be tricked and to

994  
00:45:02,139 --> 00:45:06,159  
sort of learn to use your mind and sort

995  
00:45:04,360 --> 00:45:07,329  
of take not take everything just because

996  
00:45:06,159 --> 00:45:08,829  
that's what's being presented but to

997  
00:45:07,329 --> 00:45:11,409  
look at evidence and things like that is

998

00:45:08,829 --> 00:45:12,489  
critical thinking absolutely if there's

999  
00:45:11,409 --> 00:45:15,069  
something you might have been filled

1000  
00:45:12,489 --> 00:45:16,679  
with in the past or yesterday long it's

1001  
00:45:15,070 --> 00:45:19,570  
so embarrassed

1002  
00:45:16,679 --> 00:45:21,309  
astronomy tarot cards I was into all

1003  
00:45:19,570 --> 00:45:22,750  
that i think is astrology the

1004  
00:45:21,309 --> 00:45:25,000  
astronomers are you upset yes sorry

1005  
00:45:22,750 --> 00:45:28,750  
right what's dice I know you by the way

1006  
00:45:25,000 --> 00:45:30,880  
guys do we have to I'm Capricorn which

1007  
00:45:28,750 --> 00:45:33,099  
I'm pleased to say means nothing to me

1008  
00:45:30,880 --> 00:45:35,289  
seem like a Capricorn exactly I thought

1009  
00:45:33,099 --> 00:45:36,969  
you'd say that well look at have a great

1010  
00:45:35,289 --> 00:45:38,650  
time here we gonna meet rudy a very

1011  
00:45:36,969 --> 00:45:39,879  
Randy Randy know he was on the Brady

1012  
00:45:38,650 --> 00:45:42,130

Bunch as well I was waiting for each

1013

00:45:39,880 --> 00:45:43,980

Brady Bunch lip to come up here alright

1014

00:45:42,130 --> 00:45:47,230

yeah oh sorry i was thinking of them

1015

00:45:43,980 --> 00:45:49,269

what was the show that later happy days

1016

00:45:47,230 --> 00:45:52,949

happy days that's right he got Fonzie to

1017

00:45:49,269 --> 00:45:52,949

say his name how many of us can say that

1018

00:45:54,059 --> 00:45:57,820

we just did the meet and greet

1019

00:45:56,289 --> 00:45:59,559

afterwards and a few people are gonna be

1020

00:45:57,820 --> 00:46:00,760

seeing Randy doing his thing here what

1021

00:45:59,559 --> 00:46:02,980

did you think of the movie and the

1022

00:46:00,760 --> 00:46:05,200

nighttime those excellent actually it

1023

00:46:02,980 --> 00:46:07,300

was quite nice in the fact that I came

1024

00:46:05,199 --> 00:46:09,429

expecting more of a logical explanation

1025

00:46:07,300 --> 00:46:11,890

of debunking and and strangely turned

1026

00:46:09,429 --> 00:46:13,899

into a love story in some respects so it

1027  
00:46:11,889 --> 00:46:16,659  
was quite an interesting film fantastic

1028  
00:46:13,900 --> 00:46:18,280  
for more I think because of that and so

1029  
00:46:16,659 --> 00:46:21,489  
having this stuff you expect it but also

1030  
00:46:18,280 --> 00:46:23,170  
the i guess the honesty in terms of his

1031  
00:46:21,489 --> 00:46:25,059  
own personal relationships and certainly

1032  
00:46:23,170 --> 00:46:27,250  
the twist at the end yes I almost

1033  
00:46:25,059 --> 00:46:28,960  
stopped the spoilers but the fact that

1034  
00:46:27,250 --> 00:46:31,119  
he came out as being gay and everyone

1035  
00:46:28,960 --> 00:46:33,010  
was like so what that was really not the

1036  
00:46:31,119 --> 00:46:34,630  
big issue really wasn't yeah no but I

1037  
00:46:33,010 --> 00:46:36,520  
think it's nice it's addressed quite

1038  
00:46:34,630 --> 00:46:38,470  
early in the film matter-of-factly as

1039  
00:46:36,519 --> 00:46:40,570  
part of the thing but now excellent film

1040  
00:46:38,469 --> 00:46:42,069  
excellent film and what did you think of

1041  
00:46:40,570 --> 00:46:43,510  
the movie tonight yeah thought it was

1042  
00:46:42,070 --> 00:46:46,769  
great as well I mean I wasn't expecting

1043  
00:46:43,510 --> 00:46:48,510  
yeah the story that actually

1044  
00:46:46,769 --> 00:46:50,130  
presented the de nerval of all the

1045  
00:46:48,510 --> 00:46:53,790  
debunking that James has done in his

1046  
00:46:50,130 --> 00:46:56,970  
life most of it seen it along the over

1047  
00:46:53,789 --> 00:46:58,500  
the years yeah it's fine as hell Don

1048  
00:46:56,969 --> 00:46:59,909  
lane there's place that's the important

1049  
00:46:58,500 --> 00:47:01,800  
part in the movie really of Ozma that's

1050  
00:46:59,909 --> 00:47:03,210  
a pretty pivotal moment it's obvious

1051  
00:47:01,800 --> 00:47:06,269  
quite fundamental people selling my age

1052  
00:47:03,210 --> 00:47:08,670  
in terms of that thing cuz I think up

1053  
00:47:06,269 --> 00:47:10,289  
till then most people tend to you just

1054  
00:47:08,670 --> 00:47:12,269  
like a whether it's true or not Doris

1055

00:47:10,289 --> 00:47:16,440  
Stokes whatever that's fine but i think

1056  
00:47:12,269 --> 00:47:18,449  
that moment gave people to a point to

1057  
00:47:16,440 --> 00:47:20,670  
say called called hope and hokum to

1058  
00:47:18,449 --> 00:47:22,500  
actually say it's this is rubbish this

1059  
00:47:20,670 --> 00:47:24,630  
really is rather than just accepting it

1060  
00:47:22,500 --> 00:47:27,480  
so i'm certainly for me it was part of

1061  
00:47:24,630 --> 00:47:28,860  
that but I Perez got honestly forgot the

1062  
00:47:27,480 --> 00:47:31,440  
Richard Carlton story I think I must be

1063  
00:47:28,860 --> 00:47:34,950  
in a way that week or something but now

1064  
00:47:31,440 --> 00:47:36,179  
excellent really excellent film there's

1065  
00:47:34,949 --> 00:47:37,649  
some people who have traveled across New

1066  
00:47:36,179 --> 00:47:39,449  
South Wales to be here tonight in sydney

1067  
00:47:37,650 --> 00:47:41,519  
i believe you from bathurst that's right

1068  
00:47:39,449 --> 00:47:43,289  
and why have you here tonight you get

1069  
00:47:41,519 --> 00:47:45,480

you've traveled across the state to see

1070

00:47:43,289 --> 00:47:47,699

an 86 year old retired magician on stage

1071

00:47:45,480 --> 00:47:49,440

talk about critical thinking of course

1072

00:47:47,699 --> 00:47:52,319

well I've got to be honest I heard that

1073

00:47:49,440 --> 00:47:55,139

he was really amazing and he did you

1074

00:47:52,320 --> 00:47:57,180

think so he did not disappoint it was a

1075

00:47:55,139 --> 00:47:59,460

really wonderful film anyone out there

1076

00:47:57,179 --> 00:48:00,839

who is thinking about seeing a tour on

1077

00:47:59,460 --> 00:48:03,929

the fence they should definitely see it

1078

00:48:00,840 --> 00:48:05,340

when they get the opportunity and yet

1079

00:48:03,929 --> 00:48:06,869

become involved in skepticism when they

1080

00:48:05,340 --> 00:48:09,510

can i'm sure listening to this podcast

1081

00:48:06,869 --> 00:48:11,730

they're obviously interested and of all

1082

00:48:09,510 --> 00:48:13,290

the sub scams and things that he's

1083

00:48:11,730 --> 00:48:15,190

busted is there one that was shown in

1084  
00:48:13,289 --> 00:48:18,068  
the film you a that was good

1085  
00:48:15,190 --> 00:48:20,800  
I don't know about good I one of those

1086  
00:48:18,068 --> 00:48:22,150  
reactions you know you have the

1087  
00:48:20,800 --> 00:48:24,160  
different reactions depending on the

1088  
00:48:22,150 --> 00:48:28,059  
level of scam you've got the things like

1089  
00:48:24,159 --> 00:48:32,588  
pop off where it's oh it's really great

1090  
00:48:28,059 --> 00:48:35,769  
that he was able to hamper that but the

1091  
00:48:32,588 --> 00:48:40,420  
one that feels the best is probably a

1092  
00:48:35,769 --> 00:48:42,519  
gala on on Carson because it's just so

1093  
00:48:40,420 --> 00:48:44,010  
fun to watch so fun to watch him kind of

1094  
00:48:42,519 --> 00:48:47,500  
I guess suddenly he can't do his

1095  
00:48:44,010 --> 00:48:50,410  
illusions ya feeling not strong not

1096  
00:48:47,500 --> 00:48:52,449  
feeling strong enough and that's always

1097  
00:48:50,409 --> 00:48:54,190  
find us and and I always ask people on

1098  
00:48:52,449 --> 00:48:55,779  
the show this is what's your sort of

1099  
00:48:54,190 --> 00:48:59,000  
whoo that get your back up the first

1100  
00:48:55,780 --> 00:49:01,810  
well what's the loo that gets your goat

1101  
00:48:59,000 --> 00:49:03,829  
that is that's a tough question maybe

1102  
00:49:01,809 --> 00:49:07,039  
homeopathy just because there's so

1103  
00:49:03,829 --> 00:49:08,299  
little to it and I'm sure you've been in

1104  
00:49:07,039 --> 00:49:10,880  
the situation where you're trying to

1105  
00:49:08,300 --> 00:49:12,680  
talk through with someone like okay so

1106  
00:49:10,880 --> 00:49:15,590  
what do you feel like you get out of it

1107  
00:49:12,679 --> 00:49:16,819  
but what about these things and this and

1108  
00:49:15,590 --> 00:49:18,470  
then you get right down to the level

1109  
00:49:16,820 --> 00:49:20,300  
where it's like I say so basically at

1110  
00:49:18,469 --> 00:49:22,099  
this point we've rewritten physics and

1111  
00:49:20,300 --> 00:49:24,200  
they're still like yeah but it makes me

1112

00:49:22,099 --> 00:49:26,480  
it makes me feel better and at that

1113  
00:49:24,199 --> 00:49:28,039  
point it's kind of well we have to agree

1114  
00:49:26,480 --> 00:49:30,500  
to disagree all right then what's your

1115  
00:49:28,039 --> 00:49:32,029  
name hi mellow also from bathurst street

1116  
00:49:30,500 --> 00:49:33,650  
that is correct and what did you learn

1117  
00:49:32,030 --> 00:49:35,690  
tonight from seeing the documentary on

1118  
00:49:33,650 --> 00:49:38,059  
James Randi and hearing the man being

1119  
00:49:35,690 --> 00:49:39,559  
interview on stage it definitely looks

1120  
00:49:38,059 --> 00:49:43,309  
like to his main name of being quite

1121  
00:49:39,559 --> 00:49:45,679  
amazing was their particular part of the

1122  
00:49:43,309 --> 00:49:47,509  
movie like in his personal life that you

1123  
00:49:45,679 --> 00:49:49,519  
found illuminating my event oh that's

1124  
00:49:47,510 --> 00:49:50,990  
that's interesting I think you

1125  
00:49:49,519 --> 00:49:52,940  
definitely pulled to my emotions the

1126  
00:49:50,989 --> 00:49:55,209

story about his partner and him and the

1127

00:49:52,940 --> 00:49:57,829

trials they went through but also how he

1128

00:49:55,210 --> 00:49:59,389

combated all these different types of

1129

00:49:57,829 --> 00:50:00,860

people and what they were trying to sell

1130

00:49:59,389 --> 00:50:02,389

and how they were harming the public I

1131

00:50:00,860 --> 00:50:03,980

think that's a really important story to

1132

00:50:02,389 --> 00:50:05,389

get out especially how we finished and

1133

00:50:03,980 --> 00:50:07,400

close the night telling is always to be

1134

00:50:05,389 --> 00:50:09,619

kind about it and to always you know

1135

00:50:07,400 --> 00:50:10,940

think of others before we maybe jump on

1136

00:50:09,619 --> 00:50:13,699

the band we're going to be the too harsh

1137

00:50:10,940 --> 00:50:14,659

towards it's very important look I'm

1138

00:50:13,699 --> 00:50:16,099

going to see if I can find some more

1139

00:50:14,659 --> 00:50:18,230

types of James around you on the Don

1140

00:50:16,099 --> 00:50:19,730

Lane show yes that looks fantastic i

1141  
00:50:18,230 --> 00:50:21,289  
remember when we're at the convention

1142  
00:50:19,730 --> 00:50:23,119  
last weekend sunrise I'll showing that

1143  
00:50:21,289 --> 00:50:24,349  
infamous tape and it's unfortunately

1144  
00:50:23,119 --> 00:50:26,480  
seems to me that's what Brandis

1145  
00:50:24,349 --> 00:50:27,889  
associated with in Australia it's really

1146  
00:50:26,480 --> 00:50:29,510  
disappointing considering the work he

1147  
00:50:27,889 --> 00:50:31,099  
has done and especially if Dick Smith

1148  
00:50:29,510 --> 00:50:32,810  
the stuff they've come out a dumper the

1149  
00:50:31,099 --> 00:50:34,219  
public was really disappointing that

1150  
00:50:32,809 --> 00:50:36,110  
that's when the media decides to draw

1151  
00:50:34,219 --> 00:50:37,549  
around look and it's funny that even in

1152  
00:50:36,110 --> 00:50:39,289  
the day to the internet I reckon that

1153  
00:50:37,550 --> 00:50:41,150  
you could still pull something like the

1154  
00:50:39,289 --> 00:50:43,159  
car loss it wouldn't be as easy but you

1155  
00:50:41,150 --> 00:50:45,980  
still could do it oh definitely oh yeah

1156  
00:50:43,159 --> 00:50:48,619  
its people really tricky with what they

1157  
00:50:45,980 --> 00:50:50,119  
can do now they never enter surprise me

1158  
00:50:48,619 --> 00:50:52,069  
that's great have you got many local

1159  
00:50:50,119 --> 00:50:53,929  
skeptics in bathurst or in that area no

1160  
00:50:52,070 --> 00:50:56,030  
we actually just met a few people from

1161  
00:50:53,929 --> 00:50:57,169  
orion she tonight and we're discussing

1162  
00:50:56,030 --> 00:50:58,790  
starting up the skeptics in the pub

1163  
00:50:57,170 --> 00:50:59,869  
which would be absolutely amazing you'd

1164  
00:50:58,789 --> 00:51:01,070  
be great to get some more people

1165  
00:50:59,869 --> 00:51:01,618  
involved I definitely know there's

1166  
00:51:01,070 --> 00:51:04,140  
members

1167  
00:51:01,619 --> 00:51:05,640  
but we were reluctant to be coined with

1168  
00:51:04,139 --> 00:51:07,920  
the name skeptic but they're really

1169

00:51:05,639 --> 00:51:09,389  
interested in the scientific critical

1170  
00:51:07,920 --> 00:51:11,278  
thinking and rationale behind some of

1171  
00:51:09,389 --> 00:51:12,929  
the claims that are sort of brought to

1172  
00:51:11,278 --> 00:51:13,889  
them especially scientist so it would be

1173  
00:51:12,929 --> 00:51:15,419  
great to reach out to the wider

1174  
00:51:13,889 --> 00:51:17,429  
community and get some more people yeah

1175  
00:51:15,420 --> 00:51:18,720  
even if you just got half a dozen people

1176  
00:51:17,429 --> 00:51:21,298  
in a pub for a start off and you just

1177  
00:51:18,719 --> 00:51:23,068  
had a back room and watch some uh no all

1178  
00:51:21,298 --> 00:51:24,538  
cosmos videos or something that'll be a

1179  
00:51:23,068 --> 00:51:25,710  
kickoff I'd be amazing in these

1180  
00:51:24,539 --> 00:51:28,079  
definitely something I'd really like to

1181  
00:51:25,710 --> 00:51:29,818  
work towards we're backstage here again

1182  
00:51:28,079 --> 00:51:31,829  
and something I've gotta ask laura leon

1183  
00:51:29,818 --> 00:51:34,409

is what the hell is that mr. fire I

1184

00:51:31,829 --> 00:51:36,599

mystify that is a really good question I

1185

00:51:34,409 --> 00:51:38,788

think I mr. fire is the name someone

1186

00:51:36,599 --> 00:51:42,390

gives themselves when they can't admit

1187

00:51:38,789 --> 00:51:45,210

that they're a magician okay it's a sort

1188

00:51:42,389 --> 00:51:46,679

of a gray in between no man's land I

1189

00:51:45,210 --> 00:51:48,059

think people can come up with many

1190

00:51:46,679 --> 00:51:50,518

different types there's mr. fires

1191

00:51:48,059 --> 00:51:52,380

there's astonishes you know I mean he's

1192

00:51:50,518 --> 00:51:53,578

a good one of a scholarship but it's

1193

00:51:52,380 --> 00:51:55,230

also quite interesting when you look at

1194

00:51:53,579 --> 00:51:56,339

the history of magic it seems like a lot

1195

00:51:55,230 --> 00:51:58,170

of the in the got especially in the

1196

00:51:56,338 --> 00:52:00,989

Golden Age of magic there's been so many

1197

00:51:58,170 --> 00:52:03,599

magicians with the great or the

1198  
00:52:00,989 --> 00:52:05,098  
incredible I mean James Randy's the

1199  
00:52:03,599 --> 00:52:08,420  
amazing Randi but we never hear about

1200  
00:52:05,099 --> 00:52:11,640  
magicians who are mildly entertaining

1201  
00:52:08,420 --> 00:52:15,588  
magicians or the ambiguously okay

1202  
00:52:11,639 --> 00:52:18,568  
magician the equivocal yeah yeah yeah

1203  
00:52:15,588 --> 00:52:20,009  
where do you think you know your magic

1204  
00:52:18,568 --> 00:52:22,710  
and you know history of magic weird as

1205  
00:52:20,009 --> 00:52:26,909  
James Randi sit in the history of magic

1206  
00:52:22,710 --> 00:52:28,588  
oh I would imagine he well as he was

1207  
00:52:26,909 --> 00:52:31,588  
saying on station I he's been recognized

1208  
00:52:28,588 --> 00:52:33,690  
by the academy of magical arts as a

1209  
00:52:31,588 --> 00:52:36,420  
living legend

1210  
00:52:33,690 --> 00:52:37,829  
I mean I believe that's truly weary

1211  
00:52:36,420 --> 00:52:40,800  
where he stands in the pantheon of

1212  
00:52:37,829 --> 00:52:43,829  
modern magic also for my point of view

1213  
00:52:40,800 --> 00:52:46,320  
like I read his book conjuring by James

1214  
00:52:43,829 --> 00:52:49,679  
rania Scott Esquire when I was a young

1215  
00:52:46,320 --> 00:52:51,660  
teenager in the library and what I loved

1216  
00:52:49,679 --> 00:52:53,849  
about that particular book when I was

1217  
00:52:51,659 --> 00:52:56,219  
starting out in magic as a very nerdy

1218  
00:52:53,849 --> 00:52:59,069  
kid was the fact that it didn't teach

1219  
00:52:56,219 --> 00:53:00,389  
you a single trick you taught you more

1220  
00:52:59,070 --> 00:53:02,850  
than that it taught you about the

1221  
00:53:00,389 --> 00:53:05,129  
history of magic the genres of magic

1222  
00:53:02,849 --> 00:53:06,299  
that they're amazing names behind magic

1223  
00:53:05,130 --> 00:53:08,460  
from all the countries of the world

1224  
00:53:06,300 --> 00:53:10,680  
there's different types of magic and it

1225  
00:53:08,460 --> 00:53:12,720  
gave me this appreciation of something

1226

00:53:10,679 --> 00:53:14,399  
as an art form rather than oh I need to

1227  
00:53:12,719 --> 00:53:17,369  
learn a trick to fool someone I learned

1228  
00:53:14,400 --> 00:53:19,559  
about the true history in appreciation

1229  
00:53:17,369 --> 00:53:21,599  
of it as an ass but that's more valuable

1230  
00:53:19,559 --> 00:53:23,309  
in some ways because you can just read

1231  
00:53:21,599 --> 00:53:24,960  
how to do a trick but if you can read

1232  
00:53:23,309 --> 00:53:26,429  
the history of why you should do the

1233  
00:53:24,960 --> 00:53:27,690  
trick that's more important well yeah I

1234  
00:53:26,429 --> 00:53:29,429  
know especially with this book in the

1235  
00:53:27,690 --> 00:53:31,110  
library maybe if he taught some tricks

1236  
00:53:29,429 --> 00:53:33,569  
in the book I could steal this book from

1237  
00:53:31,110 --> 00:53:35,550  
the library but I didn't I returned it I

1238  
00:53:33,570 --> 00:53:38,700  
borrowed that book so many times in the

1239  
00:53:35,550 --> 00:53:40,800  
library back then and so it was so great

1240  
00:53:38,699 --> 00:53:43,679

on this to other evening with james

1241  
00:53:40,800 --> 00:53:45,660  
randi tour to meet him in person look

1242  
00:53:43,679 --> 00:53:46,799  
it's actually it's not too hard work up

1243  
00:53:45,659 --> 00:53:48,299  
there because you just give him a little

1244  
00:53:46,800 --> 00:53:51,360  
nudge and he goes off on a great story

1245  
00:53:48,300 --> 00:53:53,700  
oh I think he has a lot of stories he's

1246  
00:53:51,360 --> 00:53:57,329  
probably got a catalog of impressive

1247  
00:53:53,699 --> 00:53:59,399  
feats and and and situations and amazing

1248  
00:53:57,329 --> 00:54:01,619  
points of view and you know you only

1249  
00:53:59,400 --> 00:54:03,960  
have to say a particular word and he's

1250  
00:54:01,619 --> 00:54:07,259  
got a point of view on it or story about

1251  
00:54:03,960 --> 00:54:10,150  
it but it's so generously so why's he so

1252  
00:54:07,260 --> 00:54:12,579  
generous even backstage

1253  
00:54:10,150 --> 00:54:15,190  
what he told you did you did you drink

1254  
00:54:12,579 --> 00:54:17,798  
acceptance has he got a wild bar going

1255  
00:54:15,190 --> 00:54:20,769  
back there ah I know for certain james

1256  
00:54:17,798 --> 00:54:23,369  
randi does not touch alcohol or drugs he

1257  
00:54:20,769 --> 00:54:25,480  
prefers his Myers be completely clear

1258  
00:54:23,369 --> 00:54:27,670  
when you're dangling from a rope on a

1259  
00:54:25,480 --> 00:54:30,190  
helicopter you have to be you have to be

1260  
00:54:27,670 --> 00:54:33,010  
but yeah backstage he you know pulled me

1261  
00:54:30,190 --> 00:54:35,950  
aside and he taught me a magic trick to

1262  
00:54:33,010 --> 00:54:38,680  
improve some of my mentalism and you

1263  
00:54:35,949 --> 00:54:41,949  
know discussed some theories and some

1264  
00:54:38,679 --> 00:54:44,858  
say methods that he came up with that no

1265  
00:54:41,949 --> 00:54:46,269  
one else does and got really privy

1266  
00:54:44,858 --> 00:54:47,588  
talking to him in a way that most other

1267  
00:54:46,269 --> 00:54:50,440  
people wouldn't you were in the industry

1268  
00:54:47,588 --> 00:54:53,019  
kind of well I've been serving with him

1269  
00:54:50,440 --> 00:54:56,019  
for the last few days and maybe maybe in

1270  
00:54:53,019 --> 00:54:59,380  
the last day or so he's he's come to

1271  
00:54:56,019 --> 00:55:01,659  
warm to me as not just it's not another

1272  
00:54:59,380 --> 00:55:04,720  
fan boy you know I know as a

1273  
00:55:01,659 --> 00:55:06,038  
professional performer myself when

1274  
00:55:04,719 --> 00:55:08,500  
people come up to me they get quite

1275  
00:55:06,039 --> 00:55:11,079  
nervous meeting their heroes and when I

1276  
00:55:08,500 --> 00:55:12,519  
met my hero in the last few days and I

1277  
00:55:11,079 --> 00:55:15,190  
have met him before in a professional

1278  
00:55:12,519 --> 00:55:17,259  
context but when I'm sitting backstage

1279  
00:55:15,190 --> 00:55:20,048  
with him someone who I've admired since

1280  
00:55:17,260 --> 00:55:22,990  
I was you know a teenager I have to

1281  
00:55:20,048 --> 00:55:27,608  
realize don't be a fanboy just look like

1282  
00:55:22,989 --> 00:55:29,108  
a colleague another professional ah but

1283

00:55:27,608 --> 00:55:30,578  
then when I remember people this is

1284  
00:55:29,108 --> 00:55:33,519  
someone who's worked in the industry and

1285  
00:55:30,579 --> 00:55:35,109  
for you to sort of get be like that it

1286  
00:55:33,519 --> 00:55:36,608  
but it's hard to do is it's hard to just

1287  
00:55:35,108 --> 00:55:38,139  
remove your memory of the person and the

1288  
00:55:36,608 --> 00:55:41,828  
way you feel about them and relax isn't

1289  
00:55:38,139 --> 00:55:44,019  
it but what makes it easy is he is just

1290  
00:55:41,829 --> 00:55:48,039  
like the grandpa you've always wanted to

1291  
00:55:44,019 --> 00:55:49,889  
have ah and when you realize he is just

1292  
00:55:48,039 --> 00:55:53,160  
another human being

1293  
00:55:49,889 --> 00:55:57,389  
is a lot more talented and funny and

1294  
00:55:53,159 --> 00:56:00,359  
intelligent than I'll ever be but having

1295  
00:55:57,389 --> 00:56:03,500  
said that he is a human first and

1296  
00:56:00,360 --> 00:56:06,420  
foremost is just a really great guy and

1297  
00:56:03,500 --> 00:56:10,889

backstage it shines he's just making

1298

00:56:06,420 --> 00:56:12,930

jokes is you know willing to share with

1299

00:56:10,889 --> 00:56:17,009

a fellow magician who is nowhere near to

1300

00:56:12,929 --> 00:56:19,440

his his level a trick or two and it's

1301

00:56:17,010 --> 00:56:20,820

been an absolute pleasure just to set up

1302

00:56:19,440 --> 00:56:23,970

on a stage and ask him all the questions

1303

00:56:20,820 --> 00:56:25,470

I've ever wanted to ask him let me think

1304

00:56:23,969 --> 00:56:27,209

of critical thinking let's ask a

1305

00:56:25,469 --> 00:56:28,649

seasonal question here how come most

1306

00:56:27,210 --> 00:56:30,630

people can get around the critical

1307

00:56:28,650 --> 00:56:32,340

thinking of Santa but they don't manage

1308

00:56:30,630 --> 00:56:34,220

to apply that to a few no other things

1309

00:56:32,340 --> 00:56:36,329

in their lives like a stroller G or

1310

00:56:34,219 --> 00:56:39,449

crystals yeah that's a really good

1311

00:56:36,329 --> 00:56:41,489

question I know James discusses it in

1312  
00:56:39,449 --> 00:56:43,139  
the terms that people have a want they

1313  
00:56:41,489 --> 00:56:46,379  
want what's not so much a want but they

1314  
00:56:43,139 --> 00:56:48,329  
need to believe in something and I think

1315  
00:56:46,380 --> 00:56:50,340  
once they once you pinpoint what that

1316  
00:56:48,329 --> 00:56:51,960  
need is whether it's a fact that they

1317  
00:56:50,340 --> 00:56:54,360  
feel insecure about their lives or they

1318  
00:56:51,960 --> 00:56:57,030  
feel like they don't have control and

1319  
00:56:54,360 --> 00:56:59,190  
they need to a psychologist would say

1320  
00:56:57,030 --> 00:57:01,860  
find an external locus of control to

1321  
00:56:59,190 --> 00:57:04,440  
explain their situation in the world and

1322  
00:57:01,860 --> 00:57:06,599  
sometimes people feel like they need to

1323  
00:57:04,440 --> 00:57:09,809  
have someone to tell them what to do

1324  
00:57:06,599 --> 00:57:11,730  
with their lives certainly with a

1325  
00:57:09,809 --> 00:57:13,710  
skeptic movement it's really hard to

1326  
00:57:11,730 --> 00:57:16,710  
tell people this is how you should

1327  
00:57:13,710 --> 00:57:19,740  
believe but I tell you what when James

1328  
00:57:16,710 --> 00:57:21,380  
Randi says I think you know so you have

1329  
00:57:19,739 --> 00:57:23,599  
to have compassion

1330  
00:57:21,380 --> 00:57:26,690  
have to be critical the critical thinker

1331  
00:57:23,599 --> 00:57:28,579  
then you listen because he has met a lot

1332  
00:57:26,690 --> 00:57:31,070  
of people who are both charlatans and

1333  
00:57:28,579 --> 00:57:33,440  
frauds but also a lot of people who have

1334  
00:57:31,070 --> 00:57:36,860  
a genuine need to want to understand and

1335  
00:57:33,440 --> 00:57:38,480  
they are seeking explanations and the

1336  
00:57:36,860 --> 00:57:40,670  
mud moment in your life was the whole

1337  
00:57:38,480 --> 00:57:42,139  
San Lucas conspiracy G gap do you

1338  
00:57:40,670 --> 00:57:44,990  
remember them no matter where Hank what

1339  
00:57:42,139 --> 00:57:46,730  
a minute I absolutely remember and it

1340

00:57:44,989 --> 00:57:48,079  
was I always did as a scientific

1341  
00:57:46,730 --> 00:57:50,150  
experiment and I didn't know was a

1342  
00:57:48,079 --> 00:57:53,029  
little naive scientist when I was a

1343  
00:57:50,150 --> 00:57:55,400  
child but my house in box here where I

1344  
00:57:53,030 --> 00:57:56,630  
grew up didn't have a chimney but how

1345  
00:57:55,400 --> 00:57:59,630  
was I getting Christmas presents every

1346  
00:57:56,630 --> 00:58:01,700  
single year right so starting summer or

1347  
00:57:59,630 --> 00:58:03,740  
Nate breakin into deal that's right so

1348  
00:58:01,699 --> 00:58:05,750  
my hypothesis was but perhaps Santa

1349  
00:58:03,739 --> 00:58:07,549  
Claus isn't real so I tested it out my

1350  
00:58:05,750 --> 00:58:10,280  
method was to go downstairs hide behind

1351  
00:58:07,550 --> 00:58:12,500  
the couch and Christmas Eve results I

1352  
00:58:10,280 --> 00:58:14,120  
saw my parents putting presents

1353  
00:58:12,500 --> 00:58:17,179  
underneath the tree and my conclusion

1354  
00:58:14,119 --> 00:58:18,500

was Santa Claus it doesn't exist and

1355

00:58:17,179 --> 00:58:20,409

then the following year on the first day

1356

00:58:18,500 --> 00:58:22,190

of school i got up at X show-and-tell

1357

00:58:20,409 --> 00:58:23,119

and everyone was showing off their

1358

00:58:22,190 --> 00:58:24,139

Christmas toys and their Christmas

1359

00:58:23,119 --> 00:58:26,480

presents and I got up in front of

1360

00:58:24,139 --> 00:58:30,619

everyone and I said Santa Claus does not

1361

00:58:26,480 --> 00:58:32,389

exist no more popular yeah well my

1362

00:58:30,619 --> 00:58:34,190

friends shield at the time he's heckled

1363

00:58:32,389 --> 00:58:35,480

you know he said that's bull de Santa

1364

00:58:34,190 --> 00:58:37,369

Claus does exist he puts a process

1365

00:58:35,480 --> 00:58:38,990

underneath my tree every single year and

1366

00:58:37,369 --> 00:58:41,109

I said that's because my parents break

1367

00:58:38,989 --> 00:58:43,669

into your house and put them there oh

1368

00:58:41,110 --> 00:58:45,440

it's okay so that's not quite the right

1369  
00:58:43,670 --> 00:58:47,300  
explanation but you know that was

1370  
00:58:45,440 --> 00:58:50,420  
logical and I'll using my critical mind

1371  
00:58:47,300 --> 00:58:51,920  
yes for many people I i feel about this

1372  
00:58:50,420 --> 00:58:54,619  
myself if I ever have kids or when I

1373  
00:58:51,920 --> 00:58:57,590  
have kids will I ever dress up a Santa

1374  
00:58:54,619 --> 00:59:00,170  
Claus where I carry on with this adult

1375  
00:58:57,590 --> 00:59:01,550  
delusion this cultural delusion to gives

1376  
00:59:00,170 --> 00:59:04,639  
a tough issue for a skeptic isn't it

1377  
00:59:01,550 --> 00:59:07,640  
well I believe a it's good for a science

1378  
00:59:04,639 --> 00:59:09,409  
point of view and also good from a

1379  
00:59:07,639 --> 00:59:10,879  
a parenting point of view because if

1380  
00:59:09,409 --> 00:59:12,619  
people when they think about their

1381  
00:59:10,880 --> 00:59:15,170  
childhood memories Christmas is an

1382  
00:59:12,619 --> 00:59:19,759  
important joyful moment about bringing

1383  
00:59:15,170 --> 00:59:22,130  
families together and secondly it it is

1384  
00:59:19,760 --> 00:59:24,920  
the foot one that when a child works out

1385  
00:59:22,130 --> 00:59:27,200  
the center doesn't exist it's their

1386  
00:59:24,920 --> 00:59:28,579  
first skeptical moment of critical

1387  
00:59:27,199 --> 00:59:31,789  
thinking they've suddenly realized that

1388  
00:59:28,579 --> 00:59:33,139  
the world isn't as as always seems all

1389  
00:59:31,789 --> 00:59:34,309  
it's not parents have been lying to them

1390  
00:59:33,139 --> 00:59:37,219  
and their parents have been lying to

1391  
00:59:34,309 --> 00:59:38,329  
them however the kids bricks that

1392  
00:59:37,219 --> 00:59:40,069  
intelligence level would they do the

1393  
00:59:38,329 --> 00:59:42,230  
switcheroo and they go okay that's fine

1394  
00:59:40,070 --> 00:59:43,789  
i set this delusion so I'll just carry

1395  
00:59:42,230 --> 00:59:45,380  
on with it because I know mom and dad

1396  
00:59:43,789 --> 00:59:48,320  
still gonna give me presents yeah

1397

00:59:45,380 --> 00:59:50,630  
exactly there's a benefit yeah so I

1398  
00:59:48,320 --> 00:59:53,510  
think I think Santa Claus is a good

1399  
00:59:50,630 --> 00:59:54,950  
thing because people grow out of it well

1400  
00:59:53,510 --> 00:59:56,420  
thank you for that and merry christmas

1401  
00:59:54,949 --> 01:00:00,429  
mr. lawrence i'm sure he'd never heard

1402  
00:59:56,420 --> 01:00:00,430  
that before Merry Christmas dad

1403  
01:00:13,869 --> 01:00:19,309  
earlier this week Australian skeptics

1404  
01:00:16,329 --> 01:00:23,299  
very saddened to hear of the passing of

1405  
01:00:19,309 --> 01:00:25,309  
magician Steve Walker Steve was a

1406  
01:00:23,300 --> 01:00:28,450  
wonderful man a wonderful showman a

1407  
01:00:25,309 --> 01:00:31,159  
wonderful entertainer a great magician

1408  
01:00:28,449 --> 01:00:32,838  
but his rapport with the crowd as

1409  
01:00:31,159 --> 01:00:35,449  
something I'll never forget he fronted

1410  
01:00:32,838 --> 01:00:38,869  
many skeptics dinners and events and

1411  
01:00:35,449 --> 01:00:42,199

conventions and I learned so much from

1412

01:00:38,869 --> 01:00:44,450

Steve Walker about relating to an

1413

01:00:42,199 --> 01:00:47,588

audience feeling at home on the stage

1414

01:00:44,449 --> 01:00:51,949

this tribute to Steve was published at

1415

01:00:47,588 --> 01:00:54,139

www skeptics com not a you Australian

1416

01:00:51,949 --> 01:00:56,299

skeptics are greatly saddened to hear

1417

01:00:54,139 --> 01:00:58,519

the death of one of our staunchest

1418

01:00:56,300 --> 01:01:01,250

supporters Steve Walker who died

1419

01:00:58,519 --> 01:01:05,059

suddenly and far too early on Thursday

1420

01:01:01,250 --> 01:01:07,338

December 11 past Australian skeptics

1421

01:01:05,059 --> 01:01:10,460

president buried Williams rights steve

1422

01:01:07,338 --> 01:01:11,989

was not only a talented magician he was

1423

01:01:10,460 --> 01:01:14,539

also one of those rare people who

1424

01:01:11,989 --> 01:01:16,368

brightened up the lives of all those who

1425

01:01:14,539 --> 01:01:18,409

came in contact with him his use of

1426  
01:01:16,369 --> 01:01:20,960  
humor was unsurpassed in making his

1427  
01:01:18,409 --> 01:01:23,659  
performance as a delight to all who

1428  
01:01:20,960 --> 01:01:26,030  
witnessed them the skeptics owe him an

1429  
01:01:23,659 --> 01:01:28,608  
incalculable debt not only in the

1430  
01:01:26,030 --> 01:01:31,460  
innumerable gigs he put on for free of

1431  
01:01:28,608 --> 01:01:33,710  
charge and which drew record crowds to

1432  
01:01:31,460 --> 01:01:36,829  
our dinner functions he performed at our

1433  
01:01:33,710 --> 01:01:39,500  
very first convention in 1985 but for

1434  
01:01:36,829 --> 01:01:41,630  
his many impromptu performances anywhere

1435  
01:01:39,500 --> 01:01:44,449  
a few skeptics were gathered together

1436  
01:01:41,630 --> 01:01:47,000  
Steve's unfailing good humor did much to

1437  
01:01:44,449 --> 01:01:49,368  
convince those who knew him that despite

1438  
01:01:47,000 --> 01:01:52,070  
the perception that some might have that

1439  
01:01:49,369 --> 01:01:53,950  
skeptics are a humorous crowd of the

1440  
01:01:52,070 --> 01:01:56,900  
spoilors of other people's illusions

1441  
01:01:53,949 --> 01:01:59,989  
much enjoyment and fun can be gleaned

1442  
01:01:56,900 --> 01:02:02,389  
from belonging to Australian skeptics we

1443  
01:01:59,989 --> 01:02:04,969  
may never see Steve Walker's like again

1444  
01:02:02,389 --> 01:02:07,449  
and we are much the poorer for his

1445  
01:02:04,969 --> 01:02:07,449  
passing

1446  
01:02:22,768 --> 01:02:27,219  
thank you for listening to the skeptic

1447  
01:02:25,329 --> 01:02:30,009  
zone next week I think we have some more

1448  
01:02:27,219 --> 01:02:32,699  
Joe alabaster with her convention round

1449  
01:02:30,009 --> 01:02:35,679  
up and an interview with George rub

1450  
01:02:32,699 --> 01:02:38,469  
thanks to Maynard lots of interviews

1451  
01:02:35,679 --> 01:02:41,169  
coming up from a nod from the Australian

1452  
01:02:38,469 --> 01:02:42,879  
skeptics National Convention thank you

1453  
01:02:41,170 --> 01:02:45,489  
to all those people who subscribed to

1454

01:02:42,880 --> 01:02:48,849  
the skeptics own podcast via paypal less

1455  
01:02:45,489 --> 01:02:51,519  
than a dollar a week your subscription

1456  
01:02:48,849 --> 01:02:53,528  
your help your support simply means you

1457  
01:02:51,518 --> 01:02:55,778  
get a show and the story if nobody

1458  
01:02:53,528 --> 01:02:58,358  
supported the show were those tiny

1459  
01:02:55,778 --> 01:03:00,909  
payments there would be no show so those

1460  
01:02:58,358 --> 01:03:04,328  
people who do subscribe you know who you

1461  
01:03:00,909 --> 01:03:06,848  
are thank you and on behalf of everybody

1462  
01:03:04,329 --> 01:03:09,278  
who listens to the skeptic zone thank

1463  
01:03:06,849 --> 01:03:11,739  
you hey I guest reporter Heidi Robinson

1464  
01:03:09,278 --> 01:03:13,449  
she sure can write and she does a good

1465  
01:03:11,739 --> 01:03:16,179  
report to I think she can read a good

1466  
01:03:13,449 --> 01:03:18,969  
report maybe we can encourage her to

1467  
01:03:16,179 --> 01:03:21,699  
give us some more work some more reports

1468  
01:03:18,969 --> 01:03:23,709

and more insights from her point of view

1469

01:03:21,699 --> 01:03:25,598

over the coming months I think that

1470

01:03:23,710 --> 01:03:27,220

would be pretty good oh and if you want

1471

01:03:25,599 --> 01:03:29,588

to hear an interview with me and Maynard

1472

01:03:27,219 --> 01:03:32,588

on another podcast why don't you are

1473

01:03:29,588 --> 01:03:35,619

Google skeptically challenged by Russ

1474

01:03:32,588 --> 01:03:37,150

bulge he interviewed myself and Maynard

1475

01:03:35,619 --> 01:03:40,048

and a few other people at the convention

1476

01:03:37,150 --> 01:03:42,309

and that might make for some

1477

01:03:40,048 --> 01:03:45,518

entertaining listening well that's

1478

01:03:42,309 --> 01:03:48,009

enough for me I'm going to pack up yes

1479

01:03:45,518 --> 01:03:50,169

put Fred in the box now if it doesn't go

1480

01:03:48,009 --> 01:03:54,190

in a box at least sound asleep at the

1481

01:03:50,170 --> 01:03:55,829

moment are when he's cat post yeah but

1482

01:03:54,190 --> 01:03:59,200

frayed around the edges the old cat post

1483  
01:03:55,829 --> 01:04:01,390  
until next week with lots more reports

1484  
01:03:59,199 --> 01:04:04,318  
this is Richard Saunders signing off

1485  
01:04:01,389 --> 01:04:04,318  
from Sydney Australia

1486  
01:04:06,400 --> 01:04:13,789  
you've been listening to the skeptic

1487  
01:04:08,780 --> 01:04:17,570  
zone visit our website at [www skeptics](http://www.skeptics)

1488  
01:04:13,789 --> 01:04:20,500  
on TV for comments contacts and extra

1489  
01:04:17,570 --> 01:04:20,500  
video reports

1490  
01:04:23,429 --> 01:04:25,460  
Oh
