00:00:35,920 --> 00:00:43,059  
Mentalist Jamy Ian Swiss recorded at the

8  
00:00:39,189 --> 00:00:45,308  
amazing meeting seven in Las Vegas also

9  
00:00:43,058 --> 00:00:47,589  
from the amazing meeting we have the

10  
00:00:45,308 --> 00:00:50,378  
entire press conference of Connie son

11  
00:00:47,590 --> 00:00:52,690  
the lady from Denmark who attempted to

12  
00:00:50,378 --> 00:00:56,369  
prove to us all that she does indeed

13  
00:00:52,689 --> 00:00:58,780  
have magical powers unknown to science

14  
00:00:56,369 --> 00:01:02,789  
but let's start straight away with the

15  
00:00:58,780 --> 00:01:02,789  
interview with Jamy Ian Swiss

16  
00:01:13,310 --> 00:01:19,640  
Jamy Ian Swiss is a sleight-of-hand

17  
00:01:15,930 --> 00:01:22,110  
artist and a world-renowned performer

18  
00:01:19,640 --> 00:01:24,868  
specializing in close-up and intimate

19  
00:01:22,109 --> 00:01:27,569  
card magic he is also a corporate

20  
00:01:24,868 --> 00:01:30,299  
entertainer a stage Mentalist and mind

21  
00:01:27,569 --> 00:01:34,019  
reader a lecturer public speaker or

22  
00:01:30,299 --> 00:01:36,899  
third teacher consultant designer TV

23  
00:01:34,019 --> 00:01:39,810  
writer skeptic and a hell of a nice

24  
00:01:36,899 --> 00:01:43,429  
fellow I caught up with Jamie in Las

25  
00:01:39,810 --> 00:01:43,429  
Vegas at the amazing meeting

26  
00:01:44,659 --> 00:01:50,909  
it's tam 7 in Las Vegas having a really

27  
00:01:48,420 --> 00:01:52,170  
great time it's only day one well it's

28  
00:01:50,909 --> 00:01:53,629  
really officially kicked off today

29

00:01:52,170 --> 00:01:56,040  
though although there were some

30  
00:01:53,629 --> 00:01:58,140  
workshops yesterday and it was a great

31  
00:01:56,040 --> 00:01:59,400  
workshop at about twelve o'clock it was

32  
00:01:58,140 --> 00:02:01,260  
that easement you might have missed

33  
00:01:59,400 --> 00:02:03,359  
about the intersection of magic and

34  
00:02:01,260 --> 00:02:06,750  
critical thinking I didn't is that a

35  
00:02:03,359 --> 00:02:08,699  
shame you mr. awful today that's the

36  
00:02:06,750 --> 00:02:10,680  
voice of Jamie's is delighted to meet

37  
00:02:08,699 --> 00:02:13,229  
you a larger to meet you at long last so

38  
00:02:10,680 --> 00:02:15,240  
yeah now you had a wonderful session

39  
00:02:13,229 --> 00:02:18,000  
today on the stage of the main stage

40  
00:02:15,240 --> 00:02:20,790  
with james randi which was turned into a

41  
00:02:18,000 --> 00:02:22,650  
wonderful like a fireside chat and

42  
00:02:20,789 --> 00:02:25,560  
showing highlights of Randy's

43  
00:02:22,650 --> 00:02:28,560

fascinating career was that their idea

44

00:02:25,560 --> 00:02:30,750

or you are that's my idea actually you

45

00:02:28,560 --> 00:02:33,060

know Randy I have a long relationship

46

00:02:30,750 --> 00:02:38,189

with Randy part of which he didn't know

47

00:02:33,060 --> 00:02:40,229

about because it began really as with

48

00:02:38,189 --> 00:02:43,439

Randy as inspiration I mean I remember

49

00:02:40,229 --> 00:02:47,909

seeing him on television in my childhood

50

00:02:43,439 --> 00:02:52,439

and I wanted to do that I wanted to be a

51

00:02:47,909 --> 00:02:57,090

magician although I was a magician for

52

00:02:52,439 --> 00:02:59,039

much of my life first 29 years of my

53

00:02:57,090 --> 00:03:00,870

life as an amateur strictly as an

54

00:02:59,039 --> 00:03:04,079

amateur and was actually a later in life

55

00:03:00,870 --> 00:03:06,539

career change and then he was a hero to

56

00:03:04,080 --> 00:03:09,060

me and really altered my thinking about

57

00:03:06,539 --> 00:03:10,469

skeptical activism i started magic when

58  
00:03:09,060 --> 00:03:12,810  
i was very young I read a book at the

59  
00:03:10,469 --> 00:03:15,239  
guinea and I was fascinated by his

60  
00:03:12,810 --> 00:03:19,439  
psychic busting escapades north perhaps

61  
00:03:15,239 --> 00:03:21,689  
than even about his escapology and I can

62  
00:03:19,439 --> 00:03:24,389  
remember going back as far as elementary

63  
00:03:21,689 --> 00:03:26,069  
school kids coming to me and saying wow

64  
00:03:24,389 --> 00:03:27,779  
you know i'm reading sherlock holmes and

65  
00:03:26,069 --> 00:03:29,129  
on me saying in return well don't you

66  
00:03:27,780 --> 00:03:31,140  
know that the guy who wrote that was an

67  
00:03:29,129 --> 00:03:34,019  
idiot who believed in fairies he got out

68  
00:03:31,139 --> 00:03:37,139  
of cardboard so i think i was kind of an

69  
00:03:34,019 --> 00:03:41,730  
innate skeptic from the beginning but in

70  
00:03:37,139 --> 00:03:43,469  
the 1970s when i read a book which has

71  
00:03:41,729 --> 00:03:45,599  
since been retitled but i love the

72  
00:03:43,469 --> 00:03:48,629  
original title which was called the

73  
00:03:45,599 --> 00:03:50,829  
magic of Uri Geller and this is a book

74  
00:03:48,629 --> 00:03:52,930  
that had a profound impact on

75  
00:03:50,830 --> 00:03:58,420  
you didn't really teach me anything that

76  
00:03:52,930 --> 00:04:00,939  
I didn't already know I knew that what

77  
00:03:58,419 --> 00:04:03,939  
was going on was was fake was magic

78  
00:04:00,939 --> 00:04:07,169  
tricks being presented as psychic feet

79  
00:04:03,939 --> 00:04:10,569  
but Randy presented it in a way that

80  
00:04:07,169 --> 00:04:12,159  
made it clear to me what the moral

81  
00:04:10,569 --> 00:04:16,449  
implications and what the human

82  
00:04:12,159 --> 00:04:19,209  
implications were yeah and I would buy

83  
00:04:16,449 --> 00:04:20,620  
copies of the books i would order copies

84  
00:04:19,209 --> 00:04:22,240  
of the books from book stories you know

85  
00:04:20,620 --> 00:04:24,160  
it was still called the magic on it was

86

00:04:22,240 --> 00:04:25,720  
a magical google i would go into a

87  
00:04:24,160 --> 00:04:27,160  
bookstore and i would ask if they had it

88  
00:04:25,720 --> 00:04:28,960  
had it makes they didn't have it i would

89  
00:04:27,160 --> 00:04:30,310  
i would have them order six copies for

90  
00:04:28,959 --> 00:04:32,319  
me and then I was gradually give away

91  
00:04:30,310 --> 00:04:34,149  
the copies and you know then I would go

92  
00:04:32,319 --> 00:04:36,099  
in in order them someplace else is get

93  
00:04:34,149 --> 00:04:37,719  
him on the shelf and I'm by no means

94  
00:04:36,100 --> 00:04:39,340  
alone in this if you talk to Banacek

95  
00:04:37,720 --> 00:04:41,320  
will tell you exactly the same thing a

96  
00:04:39,339 --> 00:04:45,849  
book had a profound impact I think on a

97  
00:04:41,319 --> 00:04:49,949  
generation of us yeah and so you know

98  
00:04:45,850 --> 00:04:54,129  
there was that stage of it and then in

99  
00:04:49,949 --> 00:04:56,639  
1985-86 I suppose with my friends and

100  
00:04:54,129 --> 00:04:59,709

colleagues chip denman the statistician

101

00:04:56,639 --> 00:05:01,750

and grace 10 min and the late Phil class

102

00:04:59,709 --> 00:05:04,329

we began the National Capital Area

103

00:05:01,750 --> 00:05:08,620

skeptics in the Washington DC area where

104

00:05:04,329 --> 00:05:11,529

I was living at that time and began to

105

00:05:08,620 --> 00:05:13,509

become active in the skeptical movement

106

00:05:11,529 --> 00:05:17,109

in the skeptical community I can start

107

00:05:13,509 --> 00:05:19,810

to know Randy and work with him as a

108

00:05:17,110 --> 00:05:23,680

colleague yeah and somewhere along the

109

00:05:19,810 --> 00:05:25,509

line that blossomed into a into a

110

00:05:23,680 --> 00:05:27,610

friendship I don't remember a time now

111

00:05:25,509 --> 00:05:29,860

really I have to work hard to remember a

112

00:05:27,610 --> 00:05:31,900

time when Randy wasn't in my life in

113

00:05:29,860 --> 00:05:34,479

that way and the truth of the matter is

114

00:05:31,899 --> 00:05:36,849

is that even after all these many years

115  
00:05:34,478 --> 00:05:39,610  
and all the different adventures and

116  
00:05:36,850 --> 00:05:42,129  
time spent together when the phone rings

117  
00:05:39,610 --> 00:05:45,129  
and the voice on the other end says at

118  
00:05:42,129 --> 00:05:47,409  
Randy mmm there is still a little part

119  
00:05:45,129 --> 00:05:49,719  
of me going way back to maybe when I was

120  
00:05:47,410 --> 00:05:51,669  
watching you know the Wonder am at the

121  
00:05:49,720 --> 00:05:53,260  
TV show when I was eight yrs old let's

122  
00:05:51,668 --> 00:05:54,759  
go a little part of you want you to look

123  
00:05:53,259 --> 00:05:59,139  
around to somebody in the room and go

124  
00:05:54,759 --> 00:06:01,990  
it's funny so so yeah so two years ago

125  
00:05:59,139 --> 00:06:04,509  
at tam i suggested the idea that

126  
00:06:01,990 --> 00:06:06,250  
we that he have a conversation on stage

127  
00:06:04,509 --> 00:06:08,610  
to talk actually what really happened

128  
00:06:06,250 --> 00:06:12,160  
was I was down in far too visiting him

129  
00:06:08,610 --> 00:06:14,410  
just for fun and he showed me some clips

130  
00:06:12,160 --> 00:06:16,270  
of this show he had done in Korea just a

131  
00:06:14,410 --> 00:06:17,710  
few years ago that was based on the

132  
00:06:16,269 --> 00:06:19,509  
million-dollar challenge where they were

133  
00:06:17,709 --> 00:06:21,489  
it was a local team that we're doing

134  
00:06:19,509 --> 00:06:23,110  
these investigations based on his idea

135  
00:06:21,490 --> 00:06:24,430  
and he was sort of a host and the studio

136  
00:06:23,110 --> 00:06:26,080  
kind of thing and they did some

137  
00:06:24,430 --> 00:06:28,000  
fantastic stuff I mean they really I

138  
00:06:26,079 --> 00:06:30,310  
would love to see that all yeah they

139  
00:06:28,000 --> 00:06:32,379  
busted some great stuff some great

140  
00:06:30,310 --> 00:06:35,490  
fakers and they made great TV out of it

141  
00:06:32,379 --> 00:06:39,790  
to which it's not always easy to do and

142  
00:06:35,490 --> 00:06:41,530  
so and I I was just looking at it at the

143

00:06:39,790 --> 00:06:44,260  
j ref and I said man this is great as

144  
00:06:41,529 --> 00:06:45,969  
anybody seen this though we got to show

145  
00:06:44,259 --> 00:06:47,379  
this thumb and I thought well why don't

146  
00:06:45,970 --> 00:06:48,820  
we just come into town and have a

147  
00:06:47,379 --> 00:06:49,839  
conversation and I'll go through the

148  
00:06:48,819 --> 00:06:52,029  
stuff and I'll pull out some highlights

149  
00:06:49,839 --> 00:06:55,810  
and so that was what we did two years

150  
00:06:52,029 --> 00:06:57,609  
ago and then this year I thought well

151  
00:06:55,810 --> 00:06:59,379  
let's do something else let's hold

152  
00:06:57,610 --> 00:07:01,689  
conferences skepticism everybody knows

153  
00:06:59,379 --> 00:07:03,969  
about this you know I know that even

154  
00:07:01,689 --> 00:07:07,329  
beyond that Randy is first and last a

155  
00:07:03,970 --> 00:07:10,690  
magician and that's what we have in

156  
00:07:07,329 --> 00:07:11,919  
common and for first and foremost and I

157  
00:07:10,689 --> 00:07:13,660

thought well let's let's talk a little

158

00:07:11,920 --> 00:07:15,699

bit about his career that the people

159

00:07:13,660 --> 00:07:17,860

don't know about I mean that so you saw

160

00:07:15,699 --> 00:07:20,349

I mean not only some old magic clips and

161

00:07:17,860 --> 00:07:23,740

escape clips and stunts no underwater

162

00:07:20,350 --> 00:07:27,280

and exactly why I believe this Superman

163

00:07:23,740 --> 00:07:28,540

stuff really Superman stuff but then you

164

00:07:27,279 --> 00:07:31,569

know things that this audience to know

165

00:07:28,540 --> 00:07:33,850

about the movie the film that is now

166

00:07:31,569 --> 00:07:35,949

available on DVD was not for some 30

167

00:07:33,850 --> 00:07:38,830

years the billion dollar babies two of

168

00:07:35,949 --> 00:07:40,360

my from Alice Cooper and randy was on

169

00:07:38,829 --> 00:07:42,669

that too and for three months like an

170

00:07:40,360 --> 00:07:46,990

on-stage character yeah so we showed

171

00:07:42,670 --> 00:07:49,390

some of that and then finally the the

172  
00:07:46,990 --> 00:07:51,490  
upside down straitjacket escapes one

173  
00:07:49,389 --> 00:07:54,279  
over Niagara Falls from a crane in the

174  
00:07:51,490 --> 00:07:57,759  
middle of January over the Horseshoe

175  
00:07:54,279 --> 00:08:00,699  
Falls and another in Japan suspended

176  
00:07:57,759 --> 00:08:02,079  
from a helicopter you know he's Superman

177  
00:08:00,699 --> 00:08:04,120  
it's hard to believe that you know the

178  
00:08:02,079 --> 00:08:05,529  
guy is sitting there next to you he's

179  
00:08:04,120 --> 00:08:07,780  
done all these things i'm still

180  
00:08:05,529 --> 00:08:11,759  
astonished yeah by and quite frankly and

181  
00:08:07,779 --> 00:08:13,568  
and so much more besides these wonderful

182  
00:08:11,759 --> 00:08:16,178  
entertaining precisely

183  
00:08:13,569 --> 00:08:18,460  
just his career you know just merely

184  
00:08:16,178 --> 00:08:20,408  
yeah we want to say his career as an

185  
00:08:18,459 --> 00:08:22,688  
entertainer it's an escapologist as a

186  
00:08:20,408 --> 00:08:26,498  
magician and now we begin with the fact

187  
00:08:22,689 --> 00:08:29,919  
that he's you know regards of grant

188  
00:08:26,499 --> 00:08:32,229  
award winner and an author and and it's

189  
00:08:29,918 --> 00:08:33,610  
basically the really the most important

190  
00:08:32,229 --> 00:08:35,110  
invisible skeptic in the world

191  
00:08:33,610 --> 00:08:39,599  
everyone's call them what it is you know

192  
00:08:35,110 --> 00:08:41,680  
sigh cop back at the beginning is a

193  
00:08:39,599 --> 00:08:43,028  
conversation of my friend ray hyman is

194  
00:08:41,679 --> 00:08:45,309  
here from the executive committee of

195  
00:08:43,028 --> 00:08:47,318  
side cop one of the founders and I've

196  
00:08:45,309 --> 00:08:49,448  
had the pleasure the privilege of

197  
00:08:47,318 --> 00:08:51,578  
spending time with Martin Gardner thanks

198  
00:08:49,448 --> 00:08:53,169  
to Randy some musical actually Randy

199  
00:08:51,578 --> 00:08:55,870  
called me up and said I'm going to visit

200

00:08:53,169 --> 00:09:00,490  
Martin you want to come do I wanna come

201  
00:08:55,870 --> 00:09:02,470  
are you and we went we went and visited

202  
00:09:00,490 --> 00:09:05,860  
Martin for a few days which was

203  
00:09:02,470 --> 00:09:10,360  
absolutely utterly fabulous and you know

204  
00:09:05,860 --> 00:09:12,129  
that room martin gardner james randi i'm

205  
00:09:10,360 --> 00:09:13,690  
talking about ray hyman II wasn't there

206  
00:09:12,129 --> 00:09:15,278  
with us that day when I was just talking

207  
00:09:13,690 --> 00:09:19,420  
to Ray about his history with with

208  
00:09:15,278 --> 00:09:21,220  
Martin and Randy and myself you know

209  
00:09:19,419 --> 00:09:24,309  
that's a that's a room full of magicians

210  
00:09:21,220 --> 00:09:25,689  
yeah you know yeah and you know bard and

211  
00:09:24,309 --> 00:09:28,059  
I got out of pack of cards and

212  
00:09:25,688 --> 00:09:30,519  
magic for a while yeah so and yet these

213  
00:09:28,059 --> 00:09:34,688  
are really the people who founded the

214  
00:09:30,519 --> 00:09:38,139

activist American skeptical movement and

215

00:09:34,688 --> 00:09:40,599

we're talking about it even before Paul

216

00:09:38,139 --> 00:09:42,759

Kurtz who eventually came from the

217

00:09:40,600 --> 00:09:44,860

academic side and had the letter about

218

00:09:42,759 --> 00:09:46,240

the astrology with leading thinkers

219

00:09:44,860 --> 00:09:49,360

signing on to it making this public

220

00:09:46,240 --> 00:09:52,899

statement that eventually built to the

221

00:09:49,360 --> 00:09:56,019

creation of psychic now CSI and and so

222

00:09:52,899 --> 00:09:57,938

on so you're reminding me of the Randy's

223

00:09:56,019 --> 00:09:59,828

past achievements and his TV spots

224

00:09:57,938 --> 00:10:01,269

there's something that I think the jrf

225

00:09:59,828 --> 00:10:03,519

recently put on YouTube and they're

226

00:10:01,269 --> 00:10:07,360

putting a lot of old these things which

227

00:10:03,519 --> 00:10:09,459

is just gold and wonderful to look at it

228

00:10:07,360 --> 00:10:12,129

was must have been a very early days of

229  
00:10:09,458 --> 00:10:14,649  
Geller where James only didn't went on

230  
00:10:12,129 --> 00:10:18,458  
some chat show or other and simply what

231  
00:10:14,649 --> 00:10:20,470  
he did reproduced what Geller did and

232  
00:10:18,458 --> 00:10:22,929  
one of the people in the little audience

233  
00:10:20,470 --> 00:10:24,850  
or the little panel was a gala supporter

234  
00:10:22,929 --> 00:10:26,449  
some doctor or scientist or whatever and

235  
00:10:24,850 --> 00:10:28,790  
the

236  
00:10:26,450 --> 00:10:31,160  
and his brain falling apart when Randy

237  
00:10:28,789 --> 00:10:33,620  
simply did them again and put it

238  
00:10:31,159 --> 00:10:36,379  
straight to him and I'm a magician and I

239  
00:10:33,620 --> 00:10:37,940  
can do it as easily as he can right

240  
00:10:36,379 --> 00:10:41,299  
Randy likes to say you know if he's

241  
00:10:37,940 --> 00:10:44,000  
using supernatural powers to alter the

242  
00:10:41,299 --> 00:10:46,250  
forces of nature he's doing it the hard

243  
00:10:44,000 --> 00:10:48,139  
way but it's also fascinated me and

244  
00:10:46,250 --> 00:10:52,009  
still does to the state that people

245  
00:10:48,139 --> 00:10:55,819  
would rather or prefer the the

246  
00:10:52,009 --> 00:10:58,669  
complicated answer which is paranormal

247  
00:10:55,820 --> 00:11:01,640  
mystical power than 0 to trick yes and I

248  
00:10:58,669 --> 00:11:03,049  
often point out that even though i do

249  
00:11:01,639 --> 00:11:05,779  
talks all around the country about

250  
00:11:03,049 --> 00:11:08,509  
critical thinking and so on that in the

251  
00:11:05,779 --> 00:11:10,189  
end you know we skeptics often make the

252  
00:11:08,509 --> 00:11:13,850  
mistake of thinking well if we just

253  
00:11:10,190 --> 00:11:16,340  
prevent present the evidence if we just

254  
00:11:13,850 --> 00:11:18,950  
present the evidence against astrology

255  
00:11:16,340 --> 00:11:21,860  
if we just present the evidence in favor

256  
00:11:18,950 --> 00:11:23,960  
of vaccination if we just present the

257

00:11:21,860 --> 00:11:27,379  
fact that we can duplicate the magic

258  
00:11:23,960 --> 00:11:29,330  
tricks of a psychic rational inquiry

259  
00:11:27,379 --> 00:11:31,610  
would suggest that this should be enough

260  
00:11:29,330 --> 00:11:34,520  
to alter someone's worldview well it

261  
00:11:31,610 --> 00:11:36,950  
doesn't because the world the world view

262  
00:11:34,519 --> 00:11:39,590  
is what's a more important do many

263  
00:11:36,950 --> 00:11:41,240  
people yeah and is the deciding factor

264  
00:11:39,590 --> 00:11:43,490  
rather than the evidence you have to be

265  
00:11:41,240 --> 00:11:46,159  
you have to first buy into the notion

266  
00:11:43,490 --> 00:11:48,529  
that evidence from a double-blind test

267  
00:11:46,159 --> 00:11:51,079  
that you didn't personally conduct

268  
00:11:48,529 --> 00:11:52,789  
perhaps is actually more important about

269  
00:11:51,080 --> 00:11:55,730  
how you make decisions about the world

270  
00:11:52,789 --> 00:11:57,769  
then your personal experience and that's

271  
00:11:55,730 --> 00:11:59,990

that's very honored to divide absolutely

272

00:11:57,769 --> 00:12:01,789

that's a counter intuitive idea you know

273

00:11:59,990 --> 00:12:03,919

there's a book by frame her I think it's

274

00:12:01,789 --> 00:12:05,629

gnarly early 90s called uncommon sense

275

00:12:03,919 --> 00:12:07,699

he talks about the fact that the

276

00:12:05,629 --> 00:12:10,700

scientific method is it is a completely

277

00:12:07,700 --> 00:12:13,129

unnatural way to think and that if it

278

00:12:10,700 --> 00:12:14,960

wasn't a aside from the Greek sort of

279

00:12:13,129 --> 00:12:16,700

dude playing with it for a little

280

00:12:14,960 --> 00:12:19,009

brushing up against the notion for a

281

00:12:16,700 --> 00:12:20,990

while really we're only going back 400

282

00:12:19,009 --> 00:12:25,069

years to the time of Galileo well what

283

00:12:20,990 --> 00:12:27,379

is 400 years in geologic evolutionary

284

00:12:25,070 --> 00:12:29,330

time yeah to say it's a blanket of an

285

00:12:27,379 --> 00:12:31,939

eye as a gross exaggeration in the end

286  
00:12:29,330 --> 00:12:34,670  
yeah and so you really have to wrestle

287  
00:12:31,940 --> 00:12:35,850  
yourself into the notion that that's how

288  
00:12:34,669 --> 00:12:37,799  
you find out what

289  
00:12:35,850 --> 00:12:40,050  
true and that that's more important than

290  
00:12:37,799 --> 00:12:43,229  
what your own personal feelings are

291  
00:12:40,049 --> 00:12:45,750  
about what might be true and where do

292  
00:12:43,230 --> 00:12:48,269  
they have or we have the disadvantage i

293  
00:12:45,750 --> 00:12:50,370  
might say is that that takes learning

294  
00:12:48,269 --> 00:12:52,679  
and explaining and you have to get your

295  
00:12:50,370 --> 00:12:55,470  
mind around certain things and sometimes

296  
00:12:52,679 --> 00:12:58,198  
that's not easy whereas i know it's true

297  
00:12:55,470 --> 00:13:00,480  
because i saw it is instant it's

298  
00:12:58,198 --> 00:13:03,269  
heartfelt and it can seem a lot more

299  
00:13:00,480 --> 00:13:05,278  
real right and you know it's the midst

300  
00:13:03,269 --> 00:13:06,480  
of personal validation yes really the

301  
00:13:05,278 --> 00:13:08,759  
worst kind of evidence in the world

302  
00:13:06,480 --> 00:13:10,769  
because if seeing was was the only thing

303  
00:13:08,759 --> 00:13:14,159  
you need to believe then you know every

304  
00:13:10,769 --> 00:13:16,169  
time I do a magic trick how do you how

305  
00:13:14,159 --> 00:13:18,000  
do you determine the difference between

306  
00:13:16,169 --> 00:13:19,740  
that and reality and you know I've had

307  
00:13:18,000 --> 00:13:22,889  
this discussion with attorneys about

308  
00:13:19,740 --> 00:13:26,190  
them about evidence about legal evidence

309  
00:13:22,889 --> 00:13:29,899  
in in the courtroom matter of fact I

310  
00:13:26,190 --> 00:13:31,949  
recall now offhand a Randy and I did a

311  
00:13:29,899 --> 00:13:34,458  
conference of years ago kind of a

312  
00:13:31,948 --> 00:13:37,469  
workshop the Isaac Asimov series

313  
00:13:34,458 --> 00:13:40,948  
somewhere and we staged long with chip

314

00:13:37,470 --> 00:13:44,399  
10 and we staged an accident in the

315  
00:13:40,948 --> 00:13:48,299  
opening session right a waiter who walks

316  
00:13:44,399 --> 00:13:50,490  
through and suddenly drops a picture of

317  
00:13:48,299 --> 00:13:53,309  
water and some glassware and while that

318  
00:13:50,490 --> 00:13:56,490  
happened we rearrange some things we run

319  
00:13:53,309 --> 00:13:58,528  
we strip we've changed clothing very

320  
00:13:56,490 --> 00:14:00,028  
quickly and some other things like this

321  
00:13:58,528 --> 00:14:01,649  
and then we ask people to break into

322  
00:14:00,028 --> 00:14:04,919  
breakout groups and report what they had

323  
00:14:01,649 --> 00:14:07,139  
seen and you know nobody came up with

324  
00:14:04,919 --> 00:14:08,729  
when we showed them that you know some

325  
00:14:07,139 --> 00:14:10,560  
guy had gotten up in the middle of all

326  
00:14:08,730 --> 00:14:12,600  
this it was only a few seconds

327  
00:14:10,559 --> 00:14:15,659  
misdirection but you know someone had

328  
00:14:12,600 --> 00:14:17,370

picked up a huge fire extinguisher from

329

00:14:15,659 --> 00:14:18,539

one end of the room and carried it to

330

00:14:17,370 --> 00:14:20,490

the other end of the room in front of

331

00:14:18,539 --> 00:14:22,649

the entire group and it will walked out

332

00:14:20,490 --> 00:14:26,100

the other door not one person reported

333

00:14:22,649 --> 00:14:28,350

it yeah okay so my point being that we

334

00:14:26,100 --> 00:14:30,959

have a prejudice a bias in the legal

335

00:14:28,350 --> 00:14:34,800

system that says that that gives great

336

00:14:30,958 --> 00:14:37,828

weight to eyewitness testimony yeah and

337

00:14:34,799 --> 00:14:40,708

you know if it was up to me I would

338

00:14:37,828 --> 00:14:42,958

suggest that today that made it seem to

339

00:14:40,708 --> 00:14:44,638

make sense perhaps a century ago or more

340

00:14:42,958 --> 00:14:46,689

but today when you have scientific

341

00:14:44,639 --> 00:14:49,240

forensic evidence this is

342

00:14:46,690 --> 00:14:51,190

considered circumstantial so-called

343  
00:14:49,240 --> 00:14:53,980  
circumstantial evidence but really jury

344  
00:14:51,190 --> 00:14:55,780  
should be instructed in my opinion to

345  
00:14:53,980 --> 00:14:58,000  
consider to give the greater weight the

346  
00:14:55,779 --> 00:15:00,519  
greatest weight to scientific evidence

347  
00:14:58,000 --> 00:15:02,169  
and while they may be allowed to

348  
00:15:00,519 --> 00:15:04,269  
consider eyewitness testimony they

349  
00:15:02,169 --> 00:15:06,099  
should assume it to be the lowest value

350  
00:15:04,269 --> 00:15:08,649  
on the totem pole you get this this

351  
00:15:06,100 --> 00:15:10,210  
intuitively yeah because because what

352  
00:15:08,649 --> 00:15:12,309  
people see we are human beings are

353  
00:15:10,210 --> 00:15:13,810  
terrible observers that that's the

354  
00:15:12,309 --> 00:15:16,750  
reason you need the double-blind test is

355  
00:15:13,809 --> 00:15:19,929  
yeah because we are innately pattern

356  
00:15:16,750 --> 00:15:21,820  
seeking animals who you know the great

357  
00:15:19,929 --> 00:15:23,319  
problem of life is always to detect I've

358  
00:15:21,820 --> 00:15:24,790  
detect the difference between confluence

359  
00:15:23,320 --> 00:15:27,460  
and causality right isn't that the great

360  
00:15:24,789 --> 00:15:29,709  
challenge of the human condition it is

361  
00:15:27,460 --> 00:15:31,570  
so we're pattern seeking animals which

362  
00:15:29,710 --> 00:15:33,310  
mostly works for us more times than not

363  
00:15:31,570 --> 00:15:35,890  
but often works against us we see

364  
00:15:33,309 --> 00:15:38,409  
patterns that are there I've been in our

365  
00:15:35,889 --> 00:15:40,539  
long history going back millennia it

366  
00:15:38,409 --> 00:15:42,519  
obviously it's work more forest and

367  
00:15:40,539 --> 00:15:47,889  
again is right but it also is why you

368  
00:15:42,519 --> 00:15:49,449  
dance for rain yes yes okay yeah cuz one

369  
00:15:47,889 --> 00:15:51,279  
day after you know after a long drought

370  
00:15:49,450 --> 00:15:53,050  
you happen to dance yet afternoon in

371

00:15:51,279 --> 00:15:54,819  
brain and now you're dancing for rain

372  
00:15:53,049 --> 00:15:57,159  
for the next millennium yeah yeah that's

373  
00:15:54,820 --> 00:16:00,970  
that's um you know nevertheless it is

374  
00:15:57,159 --> 00:16:02,649  
good as here yes and whatever would be

375  
00:16:00,970 --> 00:16:04,300  
as well finally it's got is anything

376  
00:16:02,649 --> 00:16:07,659  
either was got here despite it is fight

377  
00:16:04,299 --> 00:16:11,500  
it nevertheless we have now come into a

378  
00:16:07,659 --> 00:16:13,480  
point of the the human story where we

379  
00:16:11,500 --> 00:16:15,759  
are in a privileged position unlike the

380  
00:16:13,480 --> 00:16:17,950  
most of our ancestors of course of

381  
00:16:15,759 --> 00:16:20,230  
having a real good understanding about

382  
00:16:17,950 --> 00:16:22,509  
these matters and this is due to the

383  
00:16:20,230 --> 00:16:24,940  
scientific method of course but it still

384  
00:16:22,509 --> 00:16:28,659  
is as you say it's counterintuitive it

385  
00:16:24,940 --> 00:16:30,280

really is it is and you know Nanda

386

00:16:28,659 --> 00:16:32,409

thought man buried is dead with food and

387

00:16:30,279 --> 00:16:33,699

tools over 30,000 years ago and we don't

388

00:16:32,409 --> 00:16:35,259

know exactly what he was thinking but

389

00:16:33,700 --> 00:16:36,640

it's not unreasonable to guess it had

390

00:16:35,259 --> 00:16:40,299

something to do with the notion about

391

00:16:36,639 --> 00:16:42,519

they have to life yeah and that's the

392

00:16:40,299 --> 00:16:44,949

kind of innate thinking that was that

393

00:16:42,519 --> 00:16:46,899

was still faced with today that gives

394

00:16:44,950 --> 00:16:49,690

religion power that gives superstition

395

00:16:46,899 --> 00:16:51,338

power and that you know we just stepped

396

00:16:49,690 --> 00:16:54,940

out of a presentation about people

397

00:16:51,339 --> 00:16:57,460

fighting the notion of vaccine yes yeah

398

00:16:54,940 --> 00:16:59,800

that and this is this is no longer just

399

00:16:57,460 --> 00:17:02,750

a philosophical argument

400  
00:16:59,799 --> 00:17:04,940  
not any longer an argument about whether

401  
00:17:02,750 --> 00:17:07,069  
someone is bending a spoon by sleight of

402  
00:17:04,940 --> 00:17:10,578  
hand or by thinking about it this is

403  
00:17:07,069 --> 00:17:12,639  
life and death for children that's it

404  
00:17:10,578 --> 00:17:15,379  
that's it that's it that's a terrifying

405  
00:17:12,640 --> 00:17:16,940  
terrifying it is no but do people are

406  
00:17:15,380 --> 00:17:19,550  
making the comments with what can we do

407  
00:17:16,940 --> 00:17:21,289  
what can we do what I was seeing now and

408  
00:17:19,549 --> 00:17:23,059  
this sort of relates back to what you're

409  
00:17:21,289 --> 00:17:24,889  
saying before where you had the book the

410  
00:17:23,059 --> 00:17:28,519  
magic of every Geller which inspired you

411  
00:17:24,890 --> 00:17:30,380  
and etc well now when people like like

412  
00:17:28,519 --> 00:17:33,410  
yourself or Randy or whatever do

413  
00:17:30,380 --> 00:17:34,970  
something thousands and thousands of

414  
00:17:33,410 --> 00:17:37,070  
people hear about it not just somebody

415  
00:17:34,970 --> 00:17:39,769  
finding a book in a bookshop and then

416  
00:17:37,069 --> 00:17:41,659  
going from there thousands of people are

417  
00:17:39,769 --> 00:17:43,430  
going to be listening to this thousands

418  
00:17:41,660 --> 00:17:44,960  
of people followed the junior from what

419  
00:17:43,430 --> 00:17:47,690  
Randy has to say in phil plait and all

420  
00:17:44,960 --> 00:17:49,880  
the richland it's okay but i'll be

421  
00:17:47,690 --> 00:17:53,029  
skeptical for a moment if you'll forgive

422  
00:17:49,880 --> 00:17:56,690  
me to you and say that you know compared

423  
00:17:53,029 --> 00:17:58,819  
to the number of years that get to hear

424  
00:17:56,690 --> 00:18:01,269  
what's going on at the j ref how many

425  
00:17:58,819 --> 00:18:04,579  
people get to hear oprah winfrey

426  
00:18:01,269 --> 00:18:06,680  
supporting jenny mccarthy or selling

427  
00:18:04,579 --> 00:18:08,419  
making them making a secret one

428

00:18:06,680 --> 00:18:10,820  
best-selling book this is the secret

429  
00:18:08,420 --> 00:18:16,039  
which is a book with both an ancient and

430  
00:18:10,819 --> 00:18:18,109  
evil idea that people who are sick are

431  
00:18:16,039 --> 00:18:23,089  
and don't get well or people who are

432  
00:18:18,109 --> 00:18:24,589  
poor and don't get better are they are

433  
00:18:23,089 --> 00:18:26,149  
the victim of their own poor think it's

434  
00:18:24,589 --> 00:18:31,069  
there that's it that's a terrible idea

435  
00:18:26,150 --> 00:18:33,680  
it's a really terrible idea so you know

436  
00:18:31,069 --> 00:18:35,509  
I think that part of the purpose of the

437  
00:18:33,680 --> 00:18:38,870  
skeptical movement yes of course first

438  
00:18:35,509 --> 00:18:40,640  
and foremost I suppose is activism in

439  
00:18:38,869 --> 00:18:43,639  
the sense of public education in the

440  
00:18:40,640 --> 00:18:45,950  
sense of providing information but it's

441  
00:18:43,640 --> 00:18:48,020  
also there's another side to it and a

442  
00:18:45,950 --> 00:18:51,080

lot of that side and a lot of it goes on

443

00:18:48,019 --> 00:18:54,379

here for example at the amazing meeting

444

00:18:51,079 --> 00:18:56,899

is association with people of like mine

445

00:18:54,380 --> 00:18:58,610

yeah and that's very human it's it's

446

00:18:56,900 --> 00:19:01,009

here it's extremely humid and it's

447

00:18:58,609 --> 00:19:03,799

extremely necessary yeah yeah you know

448

00:19:01,009 --> 00:19:06,140

I've I was accounted a co-founder of the

449

00:19:03,799 --> 00:19:08,990

National Capital Area skeptics on 21 and

450

00:19:06,140 --> 00:19:09,740

I think years ago two years ago I helped

451

00:19:08,990 --> 00:19:11,779

found the

452

00:19:09,740 --> 00:19:14,480

the New York City skeptics I work with

453

00:19:11,779 --> 00:19:17,240

the Center for inquiry I work with cam

454

00:19:14,480 --> 00:19:19,670

and and much of this is to be with like

455

00:19:17,240 --> 00:19:21,529

minded people I grand you know there are

456

00:19:19,670 --> 00:19:23,120

worse things you can do with your time

457  
00:19:21,529 --> 00:19:25,160  
than spend it among the great minds of

458  
00:19:23,119 --> 00:19:26,239  
your generation right that's well you

459  
00:19:25,160 --> 00:19:27,950  
know when you put it that way you're

460  
00:19:26,240 --> 00:19:30,019  
absolutely right but of course the flip

461  
00:19:27,950 --> 00:19:32,120  
side and again it relates back to what

462  
00:19:30,019 --> 00:19:34,269  
you were just saying the reach of Oprah

463  
00:19:32,119 --> 00:19:36,349  
and all that sort of thing is of course

464  
00:19:34,269 --> 00:19:39,049  
this goes across all walks of life

465  
00:19:36,349 --> 00:19:40,159  
people no matter what their outlook they

466  
00:19:39,049 --> 00:19:42,079  
want to associate with like-minded

467  
00:19:40,160 --> 00:19:44,660  
people and by and large I'm sure they

468  
00:19:42,079 --> 00:19:46,879  
all think they're right as we probably

469  
00:19:44,660 --> 00:19:48,230  
do too you see what I mean right well my

470  
00:19:46,880 --> 00:19:50,120  
friendship then he likes to say that

471  
00:19:48,230 --> 00:19:53,299  
although we like to think that we

472  
00:19:50,119 --> 00:19:55,369  
believe what we want to believe more

473  
00:19:53,299 --> 00:19:57,319  
often than not human beings believe what

474  
00:19:55,369 --> 00:19:58,939  
they need to believe the things that

475  
00:19:57,319 --> 00:20:01,399  
make us feel better in the night you

476  
00:19:58,940 --> 00:20:03,920  
know when it's a large and dark and

477  
00:20:01,400 --> 00:20:05,780  
lonely universe yeah and those are those

478  
00:20:03,920 --> 00:20:09,170  
are difficult forces to work against

479  
00:20:05,779 --> 00:20:11,329  
rationality is often not enough yes yes

480  
00:20:09,170 --> 00:20:13,840  
there's some people are possibly so but

481  
00:20:11,329 --> 00:20:17,029  
yeah I take your point I take your point

482  
00:20:13,839 --> 00:20:18,379  
now listeners without my noticing and I

483  
00:20:17,029 --> 00:20:19,490  
don't know how this happened maybe it's

484  
00:20:18,380 --> 00:20:21,440  
because I'm in the presence of a

485

00:20:19,490 --> 00:20:23,269  
magician a card is appeared on the table

486  
00:20:21,440 --> 00:20:24,500  
oh my goodness look at that how did that

487  
00:20:23,269 --> 00:20:27,470  
get that wasn't there a second ago

488  
00:20:24,500 --> 00:20:29,329  
what's that cousin well this card is

489  
00:20:27,470 --> 00:20:32,120  
about a couple of upcoming events that

490  
00:20:29,329 --> 00:20:33,859  
I'm involved in one is for the National

491  
00:20:32,119 --> 00:20:36,769  
Capital Area skeptics i'll be doing a

492  
00:20:33,859 --> 00:20:38,509  
day in the fall probably in october

493  
00:20:36,769 --> 00:20:40,670  
jointly between the National Capital

494  
00:20:38,509 --> 00:20:42,890  
Area skeptics and the Center for inquiry

495  
00:20:40,670 --> 00:20:44,870  
myself and DJ Grothe the host of the

496  
00:20:42,890 --> 00:20:46,640  
wonderful podcast point of inquiry will

497  
00:20:44,869 --> 00:20:50,299  
be doing a day on the intersection

498  
00:20:46,640 --> 00:20:53,420  
between magic and skepticism not unlike

499  
00:20:50,299 --> 00:20:56,058

the workshop that we did here at tam and

500

00:20:53,420 --> 00:20:58,670

then also in September in the fall

501

00:20:56,058 --> 00:21:03,170

September 12th actually the New York

502

00:20:58,670 --> 00:21:05,509

City skeptics along with the the New

503

00:21:03,170 --> 00:21:07,880

England skeptics are jointly producing

504

00:21:05,509 --> 00:21:09,950

the first Northeast Conference on

505

00:21:07,880 --> 00:21:13,910

science and skepticism which we have

506

00:21:09,950 --> 00:21:18,679

done nexus any CSS you can find out more

507

00:21:13,910 --> 00:21:20,419

at any CSS CO and Nexus con dot org and

508

00:21:18,679 --> 00:21:23,320

this will be an all day

509

00:21:20,419 --> 00:21:26,509

de convención so for the Northeast

510

00:21:23,319 --> 00:21:29,048

featuring Carl Zimmer and Paul Offit and

511

00:21:26,509 --> 00:21:31,639

the skeptic guides the universe folks

512

00:21:29,048 --> 00:21:33,798

Massimo Pucci was actually on a board of

513

00:21:31,638 --> 00:21:36,589

directors in the New York City skeptics

514  
00:21:33,798 --> 00:21:38,960  
John Rennie the recent editor-in-chief

515  
00:21:36,589 --> 00:21:42,288  
of Scientific American will be talking

516  
00:21:38,960 --> 00:21:44,480  
all about vaccinations and about public

517  
00:21:42,288 --> 00:21:46,638  
education and median science and so on

518  
00:21:44,480 --> 00:21:48,528  
and so that's some of the latest thing

519  
00:21:46,638 --> 00:21:50,089  
that some of the local groups I'm

520  
00:21:48,528 --> 00:21:51,919  
involved in there so that's very

521  
00:21:50,089 --> 00:21:53,509  
exciting for zonna listeners to because

522  
00:21:51,919 --> 00:21:56,659  
one of the speakers is none other than

523  
00:21:53,509 --> 00:21:58,429  
our very own dr. H E dr. Rachel Dunlop

524  
00:21:56,659 --> 00:22:00,080  
from the skeptic zone yes we're

525  
00:21:58,429 --> 00:22:02,419  
delighted she's going to be in town and

526  
00:22:00,079 --> 00:22:04,428  
be able to join us on the she is very

527  
00:22:02,419 --> 00:22:06,528  
excited about being part of that's great

528  
00:22:04,429 --> 00:22:08,389  
that's been happening not long after

529  
00:22:06,528 --> 00:22:10,009  
dragoncon that's right right after dark

530  
00:22:08,388 --> 00:22:12,168  
and we're doing Dragon Con and then

531  
00:22:10,009 --> 00:22:13,759  
she's jetting up to take part in net and

532  
00:22:12,169 --> 00:22:16,759  
I can't tell you how excited she is to

533  
00:22:13,759 --> 00:22:19,099  
be part of that right well New York City

534  
00:22:16,759 --> 00:22:23,659  
skeptics is is new and we've been doing

535  
00:22:19,099 --> 00:22:25,308  
public programs and on a growing pretty

536  
00:22:23,659 --> 00:22:26,509  
well under a short amount of time and

537  
00:22:25,308 --> 00:22:28,069  
this is something that had been in

538  
00:22:26,509 --> 00:22:29,450  
conversation for a while if we could get

539  
00:22:28,069 --> 00:22:31,220  
sort of a regional conference together

540  
00:22:29,450 --> 00:22:33,619  
so we'll start this with this one day

541  
00:22:31,220 --> 00:22:36,368  
event and hopefully if it's successful

542

00:22:33,618 --> 00:22:38,868  
we'll get to build on it going forward

543  
00:22:36,368 --> 00:22:40,730  
fantastic well a pleasure to meet you at

544

thinking in our world of New Age

573  
00:24:15,250 --> 00:24:21,460  
religion and credulous pop culture I

574  
00:24:18,210 --> 00:24:23,890  
myself write a few articles but most are

575  
00:24:21,460 --> 00:24:26,769  
written by everyone else and they're

576  
00:24:23,890 --> 00:24:29,500  
paid for that effort if you're an expert

577  
00:24:26,769 --> 00:24:31,240  
in your field if you need a forum or if

578

Connie son from Denmark thinks she has

592  
00:25:38,890 --> 00:25:45,160  
powers unknown to science despite

593  
00:25:42,009 --> 00:25:48,579  
failing the lemon Airy test for the

594  
00:25:45,160 --> 00:25:51,700  
James Randi 1 million dollar prize now

595  
00:25:48,579 --> 00:25:53,919  
failing this test is nothing new in fact

596  
00:25:51,700 --> 00:25:56,590  
no one has ever passed this stage of the

597  
00:25:53,920 --> 00:25:59,170  
1 million dollar prize before however

598  
00:25:56,589 --> 00:26:01,269  
this time the preliminary test was

599

00:25:59,170 --> 00:26:04,660  
conducted in front of a live audience of

600  
00:26:01,269 --> 00:26:07,329

604  
00:26:13,569 --> 00:26:20,439  
find 3 playing cards hidden from view in

605  
00:26:16,900 --> 00:26:22,780  
envelopes you can see the entire test by

00:26:37,569 --> 00:26:42,759  
this podcast take a look at the video of

611  
00:26:40,269 --> 00:26:45,519  
the test and come back to hear the press

612  
00:26:42,759 --> 00:26:47,759  
conference held immediately after the

613  
00:26:45,519 --> 00:26:47,759

test

614

00:26:54,970 --> 00:27:00,808

now here is the audio of Connie's press

615

00:26:58,269 --> 00:27:00,808

conference

616

00:27:02,089 --> 00:27:05,079

peace

617

00:27:06,839 --> 00:27:13,299

hello everyone thank you so much

618

00:27:10,299 --> 00:27:15,159

I guess we should start this off with

619

00:27:13,299 --> 00:27:17,230

questions about the test questions you

620

00:27:15,160 --> 00:27:23,170

have for Connie or container or anything

621

00:27:17,230 --> 00:27:27,490

about a challenge just started Connie

622

00:27:23,170 --> 00:27:30,070

and uh you know after you fail the test

623

00:27:27,490 --> 00:27:36,190

you have second thoughts about how fair

624

00:27:30,069 --> 00:27:39,099

it was no no I do know what I can so

625

00:27:36,190 --> 00:27:42,940

it's okay can you elaborate on you do

626

00:27:39,099 --> 00:27:47,230

know what you can and what's behind yeah

627

00:27:42,940 --> 00:27:52,930

you know the story is huge very so I had

628  
00:27:47,230 --> 00:27:56,589  
to try to lose them I still even though

629  
00:27:52,930 --> 00:28:01,049  
i missed this challenge but things

630  
00:27:56,589 --> 00:28:03,669  
welcome and i don't know what yes

631  
00:28:01,049 --> 00:28:06,490  
because i have to follow up some stairs

632  
00:28:03,670 --> 00:28:08,179  
of time once they at the time everything

633  
00:28:06,490 --> 00:28:12,200  
stick together if you know

634  
00:28:08,179 --> 00:28:15,830  
and I had to do their part and parcel

635  
00:28:12,200 --> 00:28:19,490  
digitizer to do some things before I can

636  
00:28:15,829 --> 00:28:24,230  
do some other things this stuff

637  
00:28:19,490 --> 00:28:27,980  
outdoorsy it's not the real thing I mean

638  
00:28:24,230 --> 00:28:32,240  
that's much more I could sure if I was

639  
00:28:27,980 --> 00:28:36,639  
about to today are I was not allowed to

640  
00:28:32,240 --> 00:28:40,490  
show you that provided because I can i

641  
00:28:36,638 --> 00:28:42,229  
yeah it is real fast let me go ahead and

642  
00:28:40,490 --> 00:28:45,440  
do a quick introduction I assume the

643  
00:28:42,230 --> 00:28:48,829  
null know me too well myself this in

644  
00:28:45,440 --> 00:28:54,980  
case you don't we mr. any event don't

645  
00:28:48,829 --> 00:28:58,579  
let Connie jet and announcing is there

646  
00:28:54,980 --> 00:29:02,130  
any test that if you fail would convince

647  
00:28:58,579 --> 00:29:04,329  
you that you did not have people know

648  
00:29:02,130 --> 00:29:06,130  
kinda can you tell us do you have any

649  
00:29:04,329 --> 00:29:10,449  
idea why you think you feel I suppose

650  
00:29:06,130 --> 00:29:14,110  
today yes activate before I where two of

651  
00:29:10,450 --> 00:29:18,130  
the state's I have thought about it that

652  
00:29:14,109 --> 00:29:20,740  
ever there because something else are

653  
00:29:18,130 --> 00:29:25,120  
going to happen and if you follow my

654  
00:29:20,740 --> 00:29:29,319  
then I built sometimes I can't play a

655  
00:29:25,119 --> 00:29:32,349  
time horizon but if you fall out my name

656

00:29:29,319 --> 00:29:35,019  
at the Miss for example there were many

657  
00:29:32,349 --> 00:29:36,279  
things but other than speculation about

658  
00:29:35,019 --> 00:29:38,410  
the future you have no specific

659  
00:29:36,279 --> 00:29:42,190  
explanation as to why it failed today

660  
00:29:38,410 --> 00:29:44,440  
yes I have because it wasn't the right

661  
00:29:42,190 --> 00:29:48,670  
time for people out there to get food

662  
00:29:44,440 --> 00:29:51,160  
now and that now you hit that out it on

663  
00:29:48,670 --> 00:29:54,310  
but you could see something was going to

664  
00:29:51,160 --> 00:29:57,630  
happen when I dogs right and it's not me

665  
00:29:54,309 --> 00:30:00,759  
he's not friendly passport from outside

666  
00:29:57,630 --> 00:30:03,640  
Connie Richard Saunders from Sydney

667  
00:30:00,759 --> 00:30:06,190  
Australia did you try before coming here

668  
00:30:03,640 --> 00:30:08,430  
to give yourself a similar sort of test

669  
00:30:06,190 --> 00:30:12,309  
with cards and envelopes and that

670  
00:30:08,430 --> 00:30:15,039

once I guess I'm sorry before you came

671

00:30:12,309 --> 00:30:23,319

here yeah did you try to test yourself

672

00:30:15,039 --> 00:30:26,139

in Denmark with cards and envelopes Alan

673

00:30:23,319 --> 00:30:29,049

cows were from Des Moines what what

674

00:30:26,140 --> 00:30:34,570

specifically have you done successfully

675

00:30:29,049 --> 00:30:37,149

with the dowsing the many things as a

676

00:30:34,569 --> 00:30:41,319

child before his daughter is very huge

677

00:30:37,150 --> 00:30:44,620

and one of my missions if you can say so

678

00:30:41,319 --> 00:30:47,019

there's no that you can't at all there's

679

00:30:44,619 --> 00:30:51,579

no God something like that it's not

680

00:30:47,019 --> 00:30:56,410

about that but well the huge missions

681

00:30:51,579 --> 00:30:59,589

the it's not like this it was a part of

682

00:30:56,410 --> 00:31:03,370

it of course but I did find the British

683

00:30:59,589 --> 00:31:06,339

be using government in the head and I

684

00:31:03,369 --> 00:31:11,829

was told to do and I have the evidence

685  
00:31:06,339 --> 00:31:13,980  
and why I can show me explain how is it

686  
00:31:11,829 --> 00:31:18,609  
believes itself Goldman's everywhere

687  
00:31:13,980 --> 00:31:21,519  
well well separate from the fact that

688  
00:31:18,609 --> 00:31:23,349  
are you just just one second let me go

689  
00:31:21,519 --> 00:31:25,589  
ahead we have no dispute on that because

690  
00:31:23,349 --> 00:31:27,899  
if you don't know that we can expire

691  
00:31:25,589 --> 00:31:31,678  
disappeared from Portugal she's a

692  
00:31:27,900 --> 00:31:33,240  
British girl and Connie has been in if

693  
00:31:31,679 --> 00:31:35,490  
you look at her package she's been in

694  
00:31:33,240 --> 00:31:39,599  
magazines getting interviews about where

695  
00:31:35,490 --> 00:31:41,759  
she believes math McCann is but none of

696  
00:31:39,599 --> 00:31:46,798  
the information you found has actually

697  
00:31:41,759 --> 00:31:48,960  
found Madeline hello and why that's a

698  
00:31:46,798 --> 00:31:52,470  
question it is because in top of the

699  
00:31:48,960 --> 00:31:57,329  
government's for theorem there is a

700  
00:31:52,470 --> 00:32:01,528  
little to the police welcome did you

701  
00:31:57,329 --> 00:32:03,329  
exercise America now and did you

702  
00:32:01,528 --> 00:32:08,220  
actually use dowsing like you did today

703  
00:32:03,329 --> 00:32:11,069  
to find Madeleine no I like that well I

704  
00:32:08,220 --> 00:32:15,630  
when I started to do what I'm doing

705  
00:32:11,069 --> 00:32:17,639  
these will chew his arm up I started

706  
00:32:15,630 --> 00:32:21,059  
with dozing I have never done this stuff

707  
00:32:17,640 --> 00:32:24,290  
before but some friend told me that I I

708  
00:32:21,058 --> 00:32:28,399  
had a crystal ball in Marbella

709  
00:32:24,289 --> 00:32:35,299  
those with it that's why he suddenly all

710  
00:32:28,400 --> 00:32:38,810  
things having their words hi I'm

711  
00:32:35,299 --> 00:32:41,450  
followed from Spain and disciple to go

712  
00:32:38,809 --> 00:32:43,700  
so you can imagine that I know a lot

713

00:32:41,450 --> 00:32:48,680  
about this case you know how many people

714  
00:32:43,700 --> 00:32:52,789  
say that they have seen her yeah it's a

715  
00:32:48,680 --> 00:32:59,570  
lie many of me they are all liars except

716  
00:32:52,789 --> 00:33:03,980  
you some of it I lies some really many

717  
00:32:59,569 --> 00:33:07,970  
movement but if you later yes because we

718  
00:33:03,980 --> 00:33:11,420  
don't we have not people here are not

719  
00:33:07,970 --> 00:33:15,319  
going to forgive her it's a sort of data

720  
00:33:11,420 --> 00:33:19,880  
you can censor and very she's all right

721  
00:33:15,319 --> 00:33:23,029  
the keeper for a special reason but what

722  
00:33:19,880 --> 00:33:25,940  
is the children one appendage of the

723  
00:33:23,029 --> 00:33:30,139  
market calm the storm is maybe she's

724  
00:33:25,940 --> 00:33:35,240  
making a joke if you cross the road from

725  
00:33:30,140 --> 00:33:37,009  
here I can talk your weight now we so I

726  
00:33:35,240 --> 00:33:40,900  
have so much do you hear voices or

727  
00:33:37,009 --> 00:33:40,900

somebody just me

728

00:33:42,179 --> 00:33:49,690

they write on my computer charger where

729

00:33:46,329 --> 00:33:53,349

was it fate what ya were they who are

730

00:33:49,690 --> 00:33:57,669

they what's behind us oh no god but

731

00:33:53,349 --> 00:34:00,428

there is something have it ok so it's

732

00:33:57,669 --> 00:34:04,299

not only in my hand now it's with our

733

00:34:00,429 --> 00:34:08,309

eyes would like only less a some what

734

00:34:04,298 --> 00:34:13,030

else can hear and see it to music

735

00:34:08,309 --> 00:34:17,168

relationship so is making all the stars

736

00:34:13,030 --> 00:34:19,030

of tomorrow a little right all I don't

737

00:34:17,168 --> 00:34:22,690

want the poor quality minds question

738

00:34:19,030 --> 00:34:25,210

here from today instead of just saying I

739

00:34:22,690 --> 00:34:26,530

can't get you said this is the car and

740

00:34:25,210 --> 00:34:27,878

with the next message you can say i

741

00:34:26,530 --> 00:34:30,760

don't think it's called you said this is

742  
00:34:27,878 --> 00:34:34,089  
the garden when i to the m on that yet

743  
00:34:30,760 --> 00:34:36,909  
you arrive lessons respectfully at the

744  
00:34:34,090 --> 00:34:40,059  
end you were wrong on those how do you

745  
00:34:36,909 --> 00:34:41,829  
know that the same thing is not the same

746  
00:34:40,059 --> 00:34:43,489  
doesn't apply with Maddox you leave to

747  
00:34:41,829 --> 00:34:47,719  
write today

748  
00:34:43,489 --> 00:34:53,839  
that's not because I know it's the truth

749  
00:34:47,719 --> 00:34:57,859  
what is I know thanks i went to get my

750  
00:34:53,840 --> 00:35:02,210  
mom because she chose white wasn't that

751  
00:34:57,860 --> 00:35:05,930  
I was talking to her talk when I thought

752  
00:35:02,210 --> 00:35:08,690  
out across my adult in their children he

753  
00:35:05,929 --> 00:35:12,259  
was the right heart but sometimes they

754  
00:35:08,690 --> 00:35:15,710  
are mine because I had to find something

755  
00:35:12,260 --> 00:35:21,890  
healthy something out myself and this

756  
00:35:15,710 --> 00:35:25,010  
this guy has got today it's probably

757  
00:35:21,889 --> 00:35:36,019  
because all the at least and numbers

758  
00:35:25,010 --> 00:35:40,220  
have my ways than we all do know that

759  
00:35:36,019 --> 00:35:42,190  
don't you let go of the bay no I didn't

760  
00:35:40,219 --> 00:35:44,289  
get out there with Mady

761  
00:35:42,190 --> 00:35:50,679  
not to get skeptics and don't you get

762  
00:35:44,289 --> 00:35:56,710  
that same for everyone and i will write

763  
00:35:50,679 --> 00:36:02,469  
it all down at some time you will come

764  
00:35:56,710 --> 00:36:05,440  
to a point where we go i love the story

765  
00:36:02,469 --> 00:36:12,429  
i mean all today i'll push the boat test

766  
00:36:05,440 --> 00:36:14,829  
oh you approach the foundation approach

767  
00:36:12,429 --> 00:36:16,598  
you approach them yeah and you pretty

768  
00:36:14,829 --> 00:36:19,000  
much said the protocol you said what is

769  
00:36:16,599 --> 00:36:22,390  
that you could do you knew that you're

770

00:36:19,000 --> 00:36:25,000  
going into a groove skeptics do that I

771  
00:36:22,389 --> 00:36:27,368  
have time and you did it anyway knowing

772  
00:36:25,000 --> 00:36:30,338  
full well that as you say now that

773  
00:36:27,369 --> 00:36:34,869  
they're my damn super abilities in some

774  
00:36:30,338 --> 00:36:37,739  
way why did he do that because i am

775  
00:36:34,869 --> 00:36:37,740  
spelled with your

776  
00:36:40,780 --> 00:36:48,800  
other things I'll call you I said

777  
00:36:47,449 --> 00:36:51,829  
there's no time we're not trying to

778  
00:36:48,800 --> 00:36:53,660  
compete you then you are trying to

779  
00:36:51,829 --> 00:36:56,029  
convince us or something you found

780  
00:36:53,659 --> 00:36:58,190  
general done this that I congratulate

781  
00:36:56,030 --> 00:37:00,440  
you for your practice and your openness

782  
00:36:58,190 --> 00:37:04,309  
and your willingness to subject yourself

783  
00:37:00,440 --> 00:37:06,200  
to a power cable line test like this but

784  
00:37:04,309 --> 00:37:08,269

we're not trying to we're not claiming

785

00:37:06,199 --> 00:37:10,639

that these power don't exist you never

786

00:37:08,269 --> 00:37:12,590

have they always said that we don't see

787

00:37:10,639 --> 00:37:14,539

the chemicals from the time we offered

788

00:37:12,590 --> 00:37:16,910

million-dollar price if someone who can

789

00:37:14,539 --> 00:37:19,309

show us that we're incorrect and I'm

790

00:37:16,909 --> 00:37:20,690

thinking in that direction so don't

791

00:37:19,309 --> 00:37:24,108

think we're trying to convert you to

792

00:37:20,690 --> 00:37:26,960

change your mind or username against you

793

00:37:24,108 --> 00:37:29,480

are that we that we have any lack of

794

00:37:26,960 --> 00:37:32,599

respect for your for your beliefs in

795

00:37:29,480 --> 00:37:35,329

touch that's not the case so we want to

796

00:37:32,599 --> 00:37:37,190

understand what you're saying if I was

797

00:37:35,329 --> 00:37:39,529

very excited about that first card out

798

00:37:37,190 --> 00:37:41,780

it was a low card as well and of course

799  
00:37:39,530 --> 00:37:43,550  
it's hard as a magician eek ook you're

800  
00:37:41,780 --> 00:37:46,210  
trying to get the city tangle its parts

801  
00:37:43,550 --> 00:37:46,210  
what we exposed

802  
00:37:47,389 --> 00:37:55,009  
Lokar to write so I was very excited for

803  
00:37:51,139 --> 00:37:57,199  
you at that moment I to do it this time

804  
00:37:55,010 --> 00:38:01,460  
because things like I went to have in

805  
00:37:57,199 --> 00:38:03,889  
the black time also as I said that

806  
00:38:01,460 --> 00:38:05,990  
everyone if you cancel your packets the

807  
00:38:03,889 --> 00:38:07,730  
agreement item number six I do not

808  
00:38:05,989 --> 00:38:09,528  
believe the taking my challenge asked in

809  
00:38:07,730 --> 00:38:12,818  
trouble are giants what influenced my

810  
00:38:09,528 --> 00:38:12,818  
friend ability in a negative way

811  
00:38:14,710 --> 00:38:21,170  
question one from the jera was this the

812  
00:38:17,889 --> 00:38:23,118  
most visible or largest scale by

813  
00:38:21,170 --> 00:38:24,740  
audience watching and so what are any

814  
00:38:23,119 --> 00:38:27,019  
other ways in which this test was

815  
00:38:24,739 --> 00:38:30,018  
exceptional I suspect that it probably

816  
00:38:27,018 --> 00:38:32,449  
was the most widely viewed cover from my

817  
00:38:30,018 --> 00:38:36,558  
mind and spirit of the environment I

818  
00:38:32,449 --> 00:38:41,028  
mean that same time so how do we have

819  
00:38:36,559 --> 00:38:44,580  
1700 you something we had properly 6700

820  
00:38:41,028 --> 00:38:47,710  
in the room with us easily

821  
00:38:44,579 --> 00:38:49,840  
yes oh that wasn't quite there was a

822  
00:38:47,710 --> 00:38:52,000  
1700 people watching live on the

823  
00:38:49,840 --> 00:38:54,789  
internet repeat you know it comes and

824  
00:38:52,000 --> 00:38:55,869  
goes a lot of them are so sweet it's

825  
00:38:54,789 --> 00:38:57,519  
something I've actually at one point

826  
00:38:55,869 --> 00:39:01,569  
eight the moderator chattering because

827

00:38:57,519 --> 00:39:06,070  
people were talking in Swedish I'm sorry

828  
00:39:01,570 --> 00:39:08,680  
so I gotcha sanguis be the job I think

829  
00:39:06,070 --> 00:39:13,240  
that video created this is probably the

830  
00:39:08,679 --> 00:39:15,609  
most widely live and feeling I detest

831  
00:39:13,239 --> 00:39:17,919  
that we've done absolutely this was the

832  
00:39:15,610 --> 00:39:20,849  
most visible most widely promoted is

833  
00:39:17,920 --> 00:39:23,710  
most viewed testing and everything I

834  
00:39:20,849 --> 00:39:26,500  
just have one question in some Asian

835  
00:39:23,710 --> 00:39:28,630  
what what I hear you saying is that this

836  
00:39:26,500 --> 00:39:30,969  
experience is a stepping stone to

837  
00:39:28,630 --> 00:39:34,420  
something greater and reader ready for

838  
00:39:30,969 --> 00:39:35,889  
or you're not and there's some reason

839  
00:39:34,420 --> 00:39:37,869  
why you're here that they have have

840  
00:39:35,889 --> 00:39:41,599  
anything to do with playing cards my

841  
00:39:37,869 --> 00:39:44,670

understanding is too okay

842

00:39:41,599 --> 00:39:47,119

plain answer question knowing the test

843

00:39:44,670 --> 00:39:51,780

protocol beforehand you practice at all

844

00:39:47,119 --> 00:39:53,670

get smaller than ours interaction we get

845

00:39:51,780 --> 00:39:56,310

the shot show all the time of people we

846

00:39:53,670 --> 00:39:58,440

always ask them specifically please try

847

00:39:56,309 --> 00:40:01,980

and don't want test under the condition

848

00:39:58,440 --> 00:40:04,800

to leave underline our primary and that

849

00:40:01,980 --> 00:40:08,760

please do test yourself independently

850

00:40:04,800 --> 00:40:11,519

and every case in every case without

851

00:40:08,760 --> 00:40:14,340

fail it was said though I don't need to

852

00:40:11,519 --> 00:40:16,320

do that because I go to their work I'm

853

00:40:14,340 --> 00:40:19,410

just putting that out Maddie you lookin

854

00:40:16,320 --> 00:40:21,660

packet many has what would be before

855

00:40:19,409 --> 00:40:24,599

where she's guess cards that will face

856  
00:40:21,659 --> 00:40:30,899  
down put on the elbows based on numbers

857  
00:40:24,599 --> 00:40:34,559  
nothing is my paradise not intended era

858  
00:40:30,900 --> 00:40:41,130  
it was there any concern something this

859  
00:40:34,559 --> 00:40:44,380  
large scale about exporting tested this

860  
00:40:41,130 --> 00:40:51,039  
large-scale very concern in exploiting

861  
00:40:44,380 --> 00:40:54,309  
or question yeah or any concerns on but

862  
00:40:51,039 --> 00:40:56,799  
we try very hard and we searched it in

863  
00:40:54,309 --> 00:40:58,539  
this case of person to sort out any such

864  
00:40:56,798 --> 00:41:02,349  
cases because there are people out there

865  
00:40:58,539 --> 00:41:05,920  
who are emotionally unstable in many

866  
00:41:02,349 --> 00:41:08,559  
ways and who make the most incredible

867  
00:41:05,920 --> 00:41:12,519  
claims might or credible the fan megami

868  
00:41:08,559 --> 00:41:14,528  
have made and we we eventually have to

869  
00:41:12,518 --> 00:41:18,098  
get rid of them because we don't want to

870  
00:41:14,528 --> 00:41:21,429  
exploit people who are textured ahead if

871  
00:41:18,099 --> 00:41:23,318  
we can use the common expression yes we

872  
00:41:21,429 --> 00:41:25,210  
go through a lot of thing to make sure

873  
00:41:23,318 --> 00:41:28,329  
that that doesn't happen we have to be

874  
00:41:25,210 --> 00:41:29,920  
fair to folks and I think that funny

875  
00:41:28,329 --> 00:41:31,900  
will agree that we have been perfectly

876  
00:41:29,920 --> 00:41:33,548  
fair and aboveboard with her the

877  
00:41:31,900 --> 00:41:35,710  
evidence is still in the envelope can be

878  
00:41:33,548 --> 00:41:38,048  
examined by anybody I think cinetic I

879  
00:41:35,710 --> 00:41:40,119  
think that I have to get personal thanks

880  
00:41:38,048 --> 00:41:43,298  
to my good friend about a gent area who

881  
00:41:40,119 --> 00:41:46,599  
did a absolutely superb job doing this

882  
00:41:43,298 --> 00:41:49,449  
correctly succinctly and the way the

883  
00:41:46,599 --> 00:41:56,109  
book calls for it it was a defendant yes

884

00:41:49,449 --> 00:41:57,518  
oh yeah I guess the question I was going

885  
00:41:56,108 --> 00:42:01,778  
to ask a little similar to the last

886  
00:41:57,518 --> 00:42:05,709  
question for the GF for the members of

887  
00:42:01,778 --> 00:42:08,409  
the foundation on the panel what sort of

888  
00:42:05,710 --> 00:42:10,900  
quality control if there is various

889  
00:42:08,409 --> 00:42:13,778  
levels of quality among claimants do you

890  
00:42:10,900 --> 00:42:17,670  
go through and have you select among the

891  
00:42:13,778 --> 00:42:22,588  
planets that you test I think all of us

892  
00:42:17,670 --> 00:42:26,588  
can agree that Connie is sincere and and

893  
00:42:22,588 --> 00:42:28,750  
you know she she's not trying to pull

894  
00:42:26,588 --> 00:42:33,038  
one over on anybody she came here and

895  
00:42:28,750 --> 00:42:35,829  
his earnest how do you know that she's

896  
00:42:33,039 --> 00:42:38,640  
the best we have to test it for

897  
00:42:35,829 --> 00:42:41,769  
everybody or such a public rest Oh

898  
00:42:38,639 --> 00:42:44,528

collecting the two of the the new

899

00:42:41,768 --> 00:42:47,739

additions to the protocol to have a

900

00:42:44,528 --> 00:42:49,329

medium presence that if somebody has

901

00:42:47,739 --> 00:42:51,608

paid some attention to you before the

902

00:42:49,329 --> 00:42:53,980

drugs or somebody living at erratic he

903

00:42:51,608 --> 00:42:55,989

decided to send us a letter Waka million

904

00:42:53,980 --> 00:42:58,690

dollars the second thing is we have to

905

00:42:55,989 --> 00:43:01,508

have academic reference which body

906

00:42:58,690 --> 00:43:03,759

provided to us saying that she had done

907

00:43:01,509 --> 00:43:07,420

the test which was relatively successful

908

00:43:03,759 --> 00:43:08,190

in turn me promise that seemed to

909

00:43:07,420 --> 00:43:10,200

produce

910

00:43:08,190 --> 00:43:13,200

indications that it would be successful

911

00:43:10,199 --> 00:43:15,659

in that a formal test so that is part of

912

00:43:13,199 --> 00:43:17,939

the filtration but I will admit you that

913  
00:43:15,659 --> 00:43:19,710  
it is difficult to do and we don't want

914  
00:43:17,940 --> 00:43:22,858  
to offend anybody you don't want to

915  
00:43:19,710 --> 00:43:24,838  
leave anybody ever has a legitimate

916  
00:43:22,858 --> 00:43:27,480  
claim they really believe they can

917  
00:43:24,838 --> 00:43:30,869  
fulfill so it is a difficult procedure I

918  
00:43:27,480 --> 00:43:32,519  
agree with you there I just want to make

919  
00:43:30,869 --> 00:43:35,608  
sure the reception is that were choosing

920  
00:43:32,519 --> 00:43:38,818  
any everyone who goes through the

921  
00:43:35,608 --> 00:43:40,469  
application process gets tested so we

922  
00:43:38,818 --> 00:43:42,659  
don't have oh let's test this one

923  
00:43:40,469 --> 00:43:45,719  
without every single person who goes

924  
00:43:42,659 --> 00:43:47,639  
through the application process they

925  
00:43:45,719 --> 00:43:49,828  
have a testicle clay well they won't get

926  
00:43:47,639 --> 00:43:51,809  
through the broth record oh that's a

927  
00:43:49,829 --> 00:43:53,818  
good but Connie was the only one that

928  
00:43:51,809 --> 00:43:58,259  
you had available to you for such a

929  
00:43:53,818 --> 00:44:00,779  
public display this weekend we have

930  
00:43:58,260 --> 00:44:01,930  
several people several things are going

931  
00:44:00,780 --> 00:44:04,630  
to the classics

932  
00:44:01,929 --> 00:44:06,669  
she happened to be the next one week and

933  
00:44:04,630 --> 00:44:08,500  
aren't you we can't let people go out of

934  
00:44:06,670 --> 00:44:10,480  
order and be tested out of order because

935  
00:44:08,500 --> 00:44:12,940  
if one of them actually does pass the

936  
00:44:10,480 --> 00:44:15,068  
preliminary then that's not fair to all

937  
00:44:12,940 --> 00:44:18,760  
the people who have been waiting so she

938  
00:44:15,068 --> 00:44:22,029  
was the next day line question to Phil

939  
00:44:18,760 --> 00:44:25,890  
Plait Philistine you know she beat the

940  
00:44:22,030 --> 00:44:28,210  
president almost is now you must be

941

00:44:25,889 --> 00:44:30,279  
trusted quite satisfied the way things

942  
00:44:28,210 --> 00:44:31,780  
are going what's your opinion of the

943  
00:44:30,280 --> 00:44:32,980  
continuation or the possible

944  
00:44:31,780 --> 00:44:36,430  
continuation of a million-dollar

945  
00:44:32,980 --> 00:44:39,068  
challenge well I'm thrilled that's not

946  
00:44:36,429 --> 00:44:42,368  
just possible when you drink yes they're

947  
00:44:39,068 --> 00:44:44,460  
in what state will continue we're still

948  
00:44:42,369 --> 00:44:46,599  
working on that's what I mean I want yes

949  
00:44:44,460 --> 00:44:50,829  
the million-dollar challenge on things

950  
00:44:46,599 --> 00:44:55,300  
up fascinating a tool to test to test

951  
00:44:50,829 --> 00:44:57,130  
claimants and see how this works to see

952  
00:44:55,300 --> 00:44:59,050  
do I see me to give the public a chance

953  
00:44:57,130 --> 00:45:00,730  
to see how this works this is a

954  
00:44:59,050 --> 00:45:04,050  
beautiful example of that because now we

955  
00:45:00,730 --> 00:45:08,500

have an audience man online audience and

956

00:45:04,050 --> 00:45:10,119  
it's a it's not a well it is in fact a

957

00:45:08,500 --> 00:45:13,059  
site in the process there is a claim

958

00:45:10,119 --> 00:45:15,280  
that is made we work out a testing

959

00:45:13,059 --> 00:45:17,319  
protocol for it there are statistics

960

00:45:15,280 --> 00:45:19,298  
involved she had to pick three cards

961

00:45:17,318 --> 00:45:22,119  
there's a one in ten chance each time

962

00:45:19,298 --> 00:45:23,798  
they're independent each time so in fact

963

00:45:22,119 --> 00:45:26,140  
to get all three right there is a 1 in

964

00:45:23,798 --> 00:45:27,329  
1,000 chance now if we were running us

965

00:45:26,139 --> 00:45:29,609  
1,000 times

966

00:45:27,329 --> 00:45:32,400  
much higher chance of something winning

967

00:45:29,610 --> 00:45:34,230  
but in each individual test its 1000 so

968

00:45:32,400 --> 00:45:36,660  
if someone in that it that's by pure

969

00:45:34,230 --> 00:45:43,190  
chance only so if someone has an ability

970  
00:45:36,659 --> 00:45:46,649  
then we should see a different amount of

971  
00:45:43,190 --> 00:45:49,050  
people being able to pass this test so I

972  
00:45:46,650 --> 00:45:50,820  
like this idea as a scientist because it

973  
00:45:49,050 --> 00:45:53,730  
is scientifically testing an unusual

974  
00:45:50,820 --> 00:45:55,920  
claim and I like that we're going to

975  
00:45:53,730 --> 00:45:57,960  
continue it because I think it's an

976  
00:45:55,920 --> 00:45:59,610  
excellent tool for this it shows the

977  
00:45:57,960 --> 00:46:02,869  
public how this all works it shows the

978  
00:45:59,610 --> 00:46:05,280  
public how skeptics analyze evidence and

979  
00:46:02,869 --> 00:46:07,230  
how would we change the challenge in the

980  
00:46:05,280 --> 00:46:09,210  
future I think that's still going to be

981  
00:46:07,230 --> 00:46:11,190  
the coordinate it's just like any more

982  
00:46:09,210 --> 00:46:13,170  
administrative change we do it to make

983  
00:46:11,190 --> 00:46:15,510  
it more streamlined and more efficient

984  
00:46:13,170 --> 00:46:18,059  
so people can apply more easily and they

985  
00:46:15,510 --> 00:46:21,560  
be tested would you be happy in a year's

986  
00:46:18,059 --> 00:46:24,059  
time to offer cutting another change

987  
00:46:21,559 --> 00:46:25,949  
that's a protocol question we coverage

988  
00:46:24,059 --> 00:46:27,989  
apparatus

989  
00:46:25,949 --> 00:46:30,239  
yes she can be tested or she realizes

990  
00:46:27,989 --> 00:46:32,598  
his qualifications and her in place at

991  
00:46:30,239 --> 00:46:32,598  
that time

992  
00:46:33,570 --> 00:46:38,789  
yeah ambekar Houston skeptics society a

993  
00:46:36,570 --> 00:46:40,590  
question from the chat is related to

994  
00:46:38,789 --> 00:46:42,929  
what Richard assassins if you feel

995  
00:46:40,590 --> 00:46:45,240  
there's some future time that would

996  
00:46:42,929 --> 00:46:47,309  
reapply for similar or slightly change

997  
00:46:45,239 --> 00:46:49,859  
test when you feel that it's time for

998

00:46:47,309 --> 00:46:51,889  
your powers to be revealed as you said

999  
00:46:49,860 --> 00:46:51,890  
earlier

1000  
00:46:53,909 --> 00:46:56,909  
you think there's some future time as

1001  
00:46:55,769 --> 00:47:00,389  
you mentioned that this was not the

1002  
00:46:56,909 --> 00:47:02,368  
correct time to be tribution yes to it

1003  
00:47:00,389 --> 00:47:05,250  
are you able to tell them that might be

1004  
00:47:02,369 --> 00:47:08,818  
the right time because I can't say that

1005  
00:47:05,250 --> 00:47:12,039  
at the time when beautiful things thank

1006  
00:47:08,818 --> 00:47:13,529  
you should you feel at that time

1007  
00:47:12,039 --> 00:47:16,538  
why

1008  
00:47:13,530 --> 00:47:21,400  
item please

1009  
00:47:16,539 --> 00:47:24,249  
try them I just wondered has anyone ever

1010  
00:47:21,400 --> 00:47:26,439  
gotten past the protocol past

1011  
00:47:24,248 --> 00:47:27,899  
preliminary testing no one has ever

1012  
00:47:26,438 --> 00:47:31,670

passed the preliminary

1013

00:47:27,900 --> 00:47:35,250

history of the challenge how many have

1014

00:47:31,670 --> 00:47:37,200

done the preliminary testing I started

1015

00:47:35,250 --> 00:47:41,130

work to answer it that surprising in

1016

00:47:37,199 --> 00:47:44,129

doesn't think of Vietnam 207 years ok 30

1017

00:47:41,130 --> 00:47:46,710

hundreds but the answer is not that easy

1018

00:47:44,130 --> 00:47:48,838

to ride that because many many more

1019

00:47:46,710 --> 00:47:51,778

people make application initial

1020

00:47:48,838 --> 00:47:55,259

application by sending in the farm than

1021

00:47:51,778 --> 00:47:57,179

ever moved to the next stage and it

1022

00:47:55,260 --> 00:48:01,410

starts out like this it's a fair wage

1023

00:47:57,179 --> 00:48:03,568

with the huge number of people apply by

1024

00:48:01,409 --> 00:48:07,469

sending in the farm that it drops down

1025

00:48:03,568 --> 00:48:09,900

whenever you don't hear from join eighty

1026

00:48:07,469 --> 00:48:11,399

percent of those people ever again and

1027  
00:48:09,900 --> 00:48:13,740  
then they don't do this they don't do

1028  
00:48:11,400 --> 00:48:17,700  
this big find you to get down to Italy

1029  
00:48:13,739 --> 00:48:19,919  
pretty here actually going a score or so

1030  
00:48:17,699 --> 00:48:22,259  
in a year actually get to the point

1031  
00:48:19,920 --> 00:48:24,659  
where they're ready to be now testing

1032  
00:48:22,260 --> 00:48:26,700  
through the preliminary test so it's not

1033  
00:48:24,659 --> 00:48:30,929  
an easy number to give you but it is but

1034  
00:48:26,699 --> 00:48:33,509  
hundreds and del siglo that has been at

1035  
00:48:30,929 --> 00:48:37,409  
least eighty eighty-five percent of the

1036  
00:48:33,510 --> 00:48:41,569  
total blank no we are farthest Berkeley

1037  
00:48:37,409 --> 00:48:41,568  
or some ways over parts

1038  
00:48:41,750 --> 00:48:47,780  
markedly is preparing a report by

1039  
00:48:45,050 --> 00:48:49,160  
analyzing all of the applications that

1040  
00:48:47,780 --> 00:48:51,920  
have ever to mention the million-dollar

1041  
00:48:49,159 --> 00:48:55,639  
prize we're reading with great

1042  
00:48:51,920 --> 00:48:58,159  
anticipation see the breakdown the kind

1043  
00:48:55,639 --> 00:49:00,409  
of people the gender of the location the

1044  
00:48:58,159 --> 00:49:02,359  
age group and central people who make

1045  
00:49:00,409 --> 00:49:04,190  
these application and what happens to

1046  
00:49:02,360 --> 00:49:07,010  
the application of it last challenge

1047  
00:49:04,190 --> 00:49:10,130  
with this that exceedingly fine fun but

1048  
00:49:07,010 --> 00:49:12,140  
with a very small of the other right so

1049  
00:49:10,130 --> 00:49:13,820  
that would be interesting documentation

1050  
00:49:12,139 --> 00:49:16,879  
fine that's good so i would i would

1051  
00:49:13,820 --> 00:49:20,210  
think from with what your files began

1052  
00:49:16,880 --> 00:49:27,349  
with your maybe 35 40 years ago there's

1053  
00:49:20,210 --> 00:49:30,559  
probably between 150 and 220 preliminary

1054  
00:49:27,349 --> 00:49:32,869  
challenges that were actually bunch of

1055

00:49:30,559 --> 00:49:36,838  
that plan because it's practically

1056  
00:49:32,869 --> 00:49:40,480  
stronger identity yes

1057  
00:49:36,838 --> 00:49:42,670  
yeah the questions for therapy but now I

1058  
00:49:40,480 --> 00:49:45,130  
presume that this test will eventually

1059  
00:49:42,670 --> 00:49:48,309  
go on youtube somehow in some form do

1060  
00:49:45,130 --> 00:49:50,349  
you think they'll be now that the folks

1061  
00:49:48,309 --> 00:49:52,539  
out there can see how it's done and how

1062  
00:49:50,349 --> 00:49:54,220  
Richard it is and you know that this is

1063  
00:49:52,539 --> 00:49:55,960  
the wheel this is a real sensitive test

1064  
00:49:54,219 --> 00:49:57,759  
not just you know do you think you have

1065  
00:49:55,960 --> 00:49:59,470  
less applicants for this where people

1066  
00:49:57,760 --> 00:50:02,170  
think that you know they can get away

1067  
00:49:59,469 --> 00:50:04,750  
with more guys well in what way they

1068  
00:50:02,170 --> 00:50:06,460  
will see the integrity of the price you

1069  
00:50:04,750 --> 00:50:08,380

will see how carefully done it is and

1070

00:50:06,460 --> 00:50:12,028

that I think we have to agree with it

1071

00:50:08,380 --> 00:50:14,950

that what we showed you today is is

1072

00:50:12,028 --> 00:50:17,289

absolutely attorney the care with which

1073

00:50:14,949 --> 00:50:20,439

is you prepared through the various

1074

00:50:17,289 --> 00:50:24,520

steps in such and again the security of

1075

00:50:20,440 --> 00:50:26,950

widgets handle is unbeatable it can't be

1076

00:50:24,519 --> 00:50:29,108

improved on because we could have ended

1077

00:50:26,949 --> 00:50:31,058

it right the point where Connie had

1078

00:50:29,108 --> 00:50:33,068

missed the three cars and said okay we

1079

00:50:31,059 --> 00:50:35,200

all go home now but we insist about

1080

00:50:33,068 --> 00:50:39,460

opening up the other envelopes to make

1081

00:50:35,199 --> 00:50:41,618

sure it was possibly there was a

1082

00:50:39,460 --> 00:50:43,838

possibility that money could add one

1083

00:50:41,619 --> 00:50:47,079

because the card was there and was

1084  
00:50:43,838 --> 00:50:49,778  
started properly placed each other so i

1085  
00:50:47,079 --> 00:50:51,490  
think this both encourages and perhaps

1086  
00:50:49,778 --> 00:50:53,739  
discourages some people the people who

1087  
00:50:51,489 --> 00:50:56,229  
will discourage is people who are trying

1088  
00:50:53,739 --> 00:50:57,239  
to do some tricks on us and we're going

1089  
00:50:56,230 --> 00:50:59,880  
to get rid of

1090  
00:50:57,239 --> 00:51:01,709  
the time for that we would each sincere

1091  
00:50:59,880 --> 00:51:05,369  
people really believe you about the

1092  
00:51:01,710 --> 00:51:08,670  
power and if they do step right up here

1093  
00:51:05,369 --> 00:51:11,400  
we are I'm actually expecting a wall of

1094  
00:51:08,670 --> 00:51:13,139  
criticism from folks are from our

1095  
00:51:11,400 --> 00:51:15,300  
detractors who learn now be able to

1096  
00:51:13,139 --> 00:51:17,549  
examine the test piece by piece trying

1097  
00:51:15,300 --> 00:51:19,680  
to see if I'm where the shadow of an

1098  
00:51:17,550 --> 00:51:21,360  
effects and covered a card and that was

1099  
00:51:19,679 --> 00:51:25,109  
the moment I switched the correct card

1100  
00:51:21,360 --> 00:51:28,200  
so you don't get many ideas create a

1101  
00:51:25,110 --> 00:51:41,369  
photographer is not backed up question

1102  
00:51:28,199 --> 00:51:45,059  
and I have scientists about a young

1103  
00:51:41,369 --> 00:51:46,289  
Richards with the hygiene one samples I

1104  
00:51:45,059 --> 00:51:48,179  
just had a question that wasn't

1105  
00:51:46,289 --> 00:51:50,880  
disclosed as part of the test today

1106  
00:51:48,179 --> 00:51:52,859  
about the protocol which is so surprise

1107  
00:51:50,880 --> 00:51:55,349  
to those prices he'd managed I carefully

1108  
00:51:52,860 --> 00:51:56,940  
keeping your of the envelope says that

1109  
00:51:55,349 --> 00:51:59,670  
came out of a large envelope and just

1110  
00:51:56,940 --> 00:52:01,530  
curious however how did they get in that

1111  
00:51:59,670 --> 00:52:04,559  
order who knew what order they were in

1112

00:52:01,530 --> 00:52:06,660  
inside that new clothes yeah that is a

1113  
00:52:04,559 --> 00:52:08,130  
good question when he got to me I all

1114  
00:52:06,659 --> 00:52:09,509  
they know is I was told I was not

1115  
00:52:08,130 --> 00:52:11,729  
something similar

1116  
00:52:09,509 --> 00:52:13,019  
that I'm not allowed to do that that

1117  
00:52:11,728 --> 00:52:15,148  
kind of shoot so that don't whine

1118  
00:52:13,018 --> 00:52:16,438  
somebody else is already makes the model

1119  
00:52:15,148 --> 00:52:19,858  
they put inside the envelope when they

1120  
00:52:16,438 --> 00:52:21,778  
come out on the table you want to just

1121  
00:52:19,858 --> 00:52:24,268  
follow the protocol that's off as much

1122  
00:52:21,778 --> 00:52:25,708  
what I have Alice you can ask so the

1123  
00:52:24,268 --> 00:52:27,928  
beginning part that question they're

1124  
00:52:25,708 --> 00:52:31,588  
actually shoveled and sealed by the at

1125  
00:52:27,929 --> 00:52:33,869  
first and gently rain runs so I know

1126  
00:52:31,588 --> 00:52:35,989

you're at work that they were injected

1127

00:52:33,869 --> 00:52:39,149

in the order that they were in vantage

1128

00:52:35,989 --> 00:52:40,798

activated yoga conservatives that

1129

00:52:39,148 --> 00:52:43,199

someone could know the order who was in

1130

00:52:40,798 --> 00:52:45,028

the room and it sounds like there's no

1131

00:52:43,199 --> 00:52:46,619

way that you were showing that they were

1132

00:52:45,028 --> 00:52:50,458

double envelope and there's no

1133

00:52:46,619 --> 00:52:52,380

indications on your side right because

1134

00:52:50,458 --> 00:52:54,928

they were randomized twice before bad

1135

00:52:52,380 --> 00:52:57,269

check under judgment promising that was

1136

00:52:54,929 --> 00:52:58,119

why the console you that one has ain't

1137

00:52:57,268 --> 00:53:03,038

no weak you know

1138

00:52:58,119 --> 00:53:06,430

g one of the cars time jobs from

1139

00:53:03,039 --> 00:53:08,319

Colorado as I understand it you believe

1140

00:53:06,429 --> 00:53:12,088

that you are the only person who has

1141  
00:53:08,318 --> 00:53:16,420  
these nurses yeah no that's what I

1142  
00:53:12,088 --> 00:53:18,489  
didn't take that because one foot of the

1143  
00:53:16,420 --> 00:53:23,259  
collection on this earth can do

1144  
00:53:18,489 --> 00:53:27,689  
something and that's why people don't do

1145  
00:53:23,259 --> 00:53:31,210  
when they are coming here for assistance

1146  
00:53:27,690 --> 00:53:33,429  
I'm sure that many of them can't do

1147  
00:53:31,210 --> 00:53:39,249  
something but it's not the right time

1148  
00:53:33,429 --> 00:53:44,489  
just to show people up there that way so

1149  
00:53:39,248 --> 00:53:46,538  
therefore nobody has take the chance I

1150  
00:53:44,489 --> 00:53:48,008  
have one more question about the

1151  
00:53:46,539 --> 00:53:50,829  
protocol it seems like everyone from the

1152  
00:53:48,009 --> 00:53:53,440  
jrez Harry happy with the protocol as

1153  
00:53:50,829 --> 00:53:55,599  
you designed it question one who came up

1154  
00:53:53,440 --> 00:53:57,909  
with it it was regionally agreed to of

1155  
00:53:55,599 --> 00:54:00,369  
course but who invented that protocol

1156  
00:53:57,909 --> 00:54:03,159  
and the follow up then would be are you

1157  
00:54:00,369 --> 00:54:04,869  
going to use this exact protocol to do

1158  
00:54:03,159 --> 00:54:07,210  
similar tests of dowsing in the future

1159  
00:54:04,869 --> 00:54:09,160  
or every claimant gets different

1160  
00:54:07,210 --> 00:54:11,099  
profiles Oh every time I guess different

1161  
00:54:09,159 --> 00:54:13,179  
part of all in riverdale is different

1162  
00:54:11,099 --> 00:54:16,030  
what are people saying they think

1163  
00:54:13,179 --> 00:54:18,159  
determine the colors of cards or objects

1164  
00:54:16,030 --> 00:54:19,869  
or poker chips or whatever and on will

1165  
00:54:18,159 --> 00:54:23,739  
further can find missing children our

1166  
00:54:19,869 --> 00:54:25,390  
goal whatever every claim is totally

1167  
00:54:23,739 --> 00:54:28,088  
different from every other clan but is

1168  
00:54:25,389 --> 00:54:30,759  
another claimant says i can use thousand

1169

00:54:28,088 --> 00:54:32,558  
right will you use this exact protocol

1170  
00:54:30,760 --> 00:54:34,480  
know depends of what they say they can

1171  
00:54:32,559 --> 00:54:36,849  
do this evening so the sack i won't be

1172  
00:54:34,480 --> 00:54:39,369  
finding tour with water flowing fresh

1173  
00:54:36,849 --> 00:54:42,010  
water for example you know that pressure

1174  
00:54:39,369 --> 00:54:43,599  
in Australia pressure 2000 get very very

1175  
00:54:42,010 --> 00:54:46,510  
copier and doesn't work when you've

1176  
00:54:43,599 --> 00:54:48,789  
ended up here but nonetheless they they

1177  
00:54:46,510 --> 00:54:51,670  
have specific claims I can only find

1178  
00:54:48,789 --> 00:54:55,358  
water which is flowing east and west and

1179  
00:54:51,670 --> 00:54:57,670  
etc they're very specific most of them

1180  
00:54:55,358 --> 00:54:59,259  
in their claims and the test has to be

1181  
00:54:57,670 --> 00:55:02,409  
designed the protocol has to be designed

1182  
00:54:59,260 --> 00:55:05,079  
to accommodate exactly that the the

1183  
00:55:02,409 --> 00:55:06,818

person makes the claim dictates the

1184

00:55:05,079 --> 00:55:09,220

rules as to how these things will happen

1185

00:55:06,818 --> 00:55:10,779

all we have to do is filter it out in

1186

00:55:09,219 --> 00:55:13,328

such a way that is a double-blind

1187

00:55:10,780 --> 00:55:15,760

procedure that it is perfectly fair and

1188

00:55:13,329 --> 00:55:17,980

aboveboard and the dollars that put

1189

00:55:15,760 --> 00:55:20,230

online is this protocol therefore

1190

00:55:17,980 --> 00:55:22,329

retired you're not going to use this of

1191

00:55:20,230 --> 00:55:25,210

us exactly the same language make or if

1192

00:55:22,329 --> 00:55:26,619

if I should wish to come back next year

1193

00:55:25,210 --> 00:55:27,280

and do the same thing and uses a

1194

00:55:26,619 --> 00:55:29,079

protocol

1195

00:55:27,280 --> 00:55:31,120

we don't know usually with a claim that

1196

00:55:29,079 --> 00:55:33,130

comes in this small subtlety that's

1197

00:55:31,119 --> 00:55:35,650

different and that changes the protocol

1198  
00:55:33,130 --> 00:55:37,150  
even it's a small salty right now for

1199  
00:55:35,650 --> 00:55:38,740  
instance we do have a claimant her

1200  
00:55:37,150 --> 00:55:40,900  
name's Ann Gifford and she will be

1201  
00:55:38,739 --> 00:55:43,569  
coming to the front of the line soon she

1202  
00:55:40,900 --> 00:55:45,250  
also does sealed envelope identification

1203  
00:55:43,570 --> 00:55:48,000  
which we playing cards but she doesn't

1204  
00:55:45,250 --> 00:55:50,559  
do it through Desmond and that's for the

1205  
00:55:48,000 --> 00:55:53,920  
protocol see idea initial negotiations

1206  
00:55:50,559 --> 00:55:56,159  
write the first draft and Jeff and I

1207  
00:55:53,920 --> 00:55:57,909  
confer over what we come up with

1208  
00:55:56,159 --> 00:56:00,579  
everything's worked out with the

1209  
00:55:57,909 --> 00:56:02,379  
claimant and then Randy's contacted to

1210  
00:56:00,579 --> 00:56:04,090  
finalize all of them and make any

1211  
00:56:02,380 --> 00:56:06,460  
changes that he sees fit do you ever

1212  
00:56:04,090 --> 00:56:08,350  
have statisticians or scientists told

1213  
00:56:06,460 --> 00:56:10,690  
you again with all the members for all

1214  
00:56:08,349 --> 00:56:12,279  
of these an important couple of

1215  
00:56:10,690 --> 00:56:14,650  
important points if first off Allison

1216  
00:56:12,280 --> 00:56:15,730  
does the major bulk of the workers a lot

1217  
00:56:14,650 --> 00:56:19,990  
of what you've seen the day's Allison's

1218  
00:56:15,730 --> 00:56:21,940  
work second it's really the claimant who

1219  
00:56:19,989 --> 00:56:24,099  
designs the challenge they come to us

1220  
00:56:21,940 --> 00:56:25,028  
and talk stuff they do for example let's

1221  
00:56:24,099 --> 00:56:28,239  
say seven

1222  
00:56:25,028 --> 00:56:30,518  
to coin toss use what the coin I think I

1223  
00:56:28,239 --> 00:56:32,650  
was going to be here two tails that is

1224  
00:56:30,518 --> 00:56:34,418  
the protocol that's the nation protocol

1225  
00:56:32,650 --> 00:56:36,489  
now of course we all know that's 5050

1226

00:56:34,418 --> 00:56:37,929  
it's not good enough so we will do the

1227  
00:56:36,489 --> 00:56:40,028  
numbers to come back with them and say

1228  
00:56:37,929 --> 00:56:42,668  
okay if you can do that can you do this

1229  
00:56:40,028 --> 00:56:45,248  
because this fits what we need and then

1230  
00:56:42,668 --> 00:56:47,588  
they really don't agree with Vanessa and

1231  
00:56:45,248 --> 00:56:51,578  
a lot of times that's where it ends

1232  
00:56:47,588 --> 00:56:54,938  
because people will not accept anything

1233  
00:56:51,579 --> 00:56:57,219  
beyond the 50-50 chances now you see the

1234  
00:56:54,938 --> 00:57:00,009  
initial thing we required for all the

1235  
00:56:57,219 --> 00:57:03,849  
things is a simple statement of in three

1236  
00:57:00,009 --> 00:57:07,298  
parts what can you do under what

1237  
00:57:03,849 --> 00:57:09,119  
circumstances with what accuracy and

1238  
00:57:07,298 --> 00:57:12,009  
that could be causing that could be

1239  
00:57:09,119 --> 00:57:13,929  
flying by tracking the arms or whatever

1240  
00:57:12,009 --> 00:57:15,880

they tell you maybe but under what

1241  
00:57:13,929 --> 00:57:18,219  
circumstances with what happened to see

1242  
00:57:15,880 --> 00:57:21,400  
these are very important that means that

1243  
00:57:18,219 --> 00:57:23,499  
the claimant designs the protocol all we

1244  
00:57:21,400 --> 00:57:25,809  
have to do is organize it and set about

1245  
00:57:23,498 --> 00:57:29,188  
a certain number of steps that they

1246  
00:57:25,809 --> 00:57:29,189  
claim it also a reason

1247  
00:57:30,539 --> 00:57:39,779  
now here i came across perception cisco

1248  
00:57:33,179 --> 00:57:42,719  
if i had passed this purpose fasho her

1249  
00:57:39,780 --> 00:57:45,900  
memory does a street web stream of the

1250  
00:57:42,719 --> 00:57:48,059  
next time for dinner the test of the

1251  
00:57:45,900 --> 00:57:51,059  
next test can be essentially the same

1252  
00:57:48,059 --> 00:57:52,799  
but perhaps with somewhat different

1253  
00:57:51,059 --> 00:57:55,949  
security depending on how the

1254  
00:57:52,800 --> 00:57:58,470  
performance when the first time I same

1255  
00:57:55,949 --> 00:58:00,449  
protocol or it could be that we change

1256  
00:57:58,469 --> 00:58:03,569  
big we've ever had to deal with that

1257  
00:58:00,449 --> 00:58:05,939  
property so but would have to design a

1258  
00:58:03,570 --> 00:58:07,890  
peasant as it comes along I think I

1259  
00:58:05,940 --> 00:58:09,869  
think what we do is tickle of the test

1260  
00:58:07,889 --> 00:58:11,489  
analyzes see the waiting weakness is

1261  
00:58:09,869 --> 00:58:13,259  
there this week I should strengthen it

1262  
00:58:11,489 --> 00:58:15,929  
and make a little bit more security if

1263  
00:58:13,260 --> 00:58:19,400  
I'm a tu casa and should hear from both

1264  
00:58:15,929 --> 00:58:19,399  
sides exchanged the river

1265  
00:58:24,739 --> 00:58:31,049  
are you glad the receptacle community is

1266  
00:58:28,320 --> 00:58:32,910  
offering thank Christ is there any

1267  
00:58:31,050 --> 00:58:35,220  
recommendation how you did you could be

1268  
00:58:32,909 --> 00:58:39,509  
better because if there are any sparks

1269  
00:58:35,219 --> 00:58:42,179  
you need to know well I think and

1270  
00:58:39,510 --> 00:58:46,680  
reading and cheaply we're wet all the

1271  
00:58:42,179 --> 00:58:51,779  
time and I think it's easy it's easy if

1272  
00:58:46,679 --> 00:58:55,289  
you if you agree the protocol well its

1273  
00:58:51,780 --> 00:58:57,900  
second someone but it's okay and I don't

1274  
00:58:55,289 --> 00:59:02,210  
have some comments about that because I

1275  
00:58:57,900 --> 00:59:05,730  
think it's fair and easy to compare yeah

1276  
00:59:02,210 --> 00:59:08,510  
yeah Connie army what your friend he

1277  
00:59:05,730 --> 00:59:11,369  
just said was that you are allowed to

1278  
00:59:08,510 --> 00:59:13,650  
suggest an initial protocol and then it

1279  
00:59:11,369 --> 00:59:15,990  
was modified how close to your initial

1280  
00:59:13,650 --> 00:59:18,800  
suggestion of a protocol was the actual

1281  
00:59:15,989 --> 00:59:18,799  
challenge today

1282  
00:59:20,000 --> 00:59:23,840  
the original actually in her application

1283

00:59:21,860 --> 00:59:26,269  
which you guys can see in your packets

1284  
00:59:23,840 --> 00:59:27,099  
the statement of McLain said that she

1285  
00:59:26,269 --> 00:59:30,130  
was able to

1286  
00:59:27,099 --> 00:59:31,989  
five layers Rick come tiles we had a

1287  
00:59:30,130 --> 00:59:37,450  
cardboard turned upside down on a table

1288  
00:59:31,989 --> 00:59:39,278  
so this was very close I'd take it from

1289  
00:59:37,449 --> 00:59:45,268  
Sydney Australia pushed into the derrick

1290  
00:59:39,278 --> 00:59:48,610  
people why do you say that he might

1291  
00:59:45,268 --> 00:59:51,449  
might be some

1292  
00:59:48,610 --> 00:59:51,450  
sentiment

1293  
00:59:52,289 --> 00:59:56,558  
there's a minimum

1294  
00:59:53,679 --> 00:59:58,899  
there's actually for me personally there

1295  
00:59:56,559 --> 01:00:01,329  
was no fear that exactly protocol is so

1296  
00:59:58,900 --> 01:00:03,789  
secure that the tester can't actually

1297  
01:00:01,329 --> 01:00:05,859

give alter what happens he was never

1298

01:00:03,789 --> 01:00:10,769

given the level of access that would

1299

01:00:05,858 --> 01:00:13,239

have been needed perception perception I

1300

01:00:10,769 --> 01:00:16,210

think that we've I response to any way

1301

01:00:13,239 --> 01:00:17,588

that you never had the option I think

1302

01:00:16,210 --> 01:00:19,838

you have that perception on both sides

1303

01:00:17,588 --> 01:00:23,259

and going away in one you say well maybe

1304

01:00:19,838 --> 01:00:25,328

you can do something to help I'm but

1305

01:00:23,260 --> 01:00:27,280

then there is my background we may look

1306

01:00:25,329 --> 01:00:28,930

and say well if something was going on

1307

01:00:27,280 --> 01:00:30,550

fanatec might be wondering what I should

1308

01:00:28,929 --> 01:00:31,659

be able to see if you see right up there

1309

01:00:30,550 --> 01:00:33,818

because this is what I do for a living

1310

01:00:31,659 --> 01:00:36,489

every day so that is such a thing go

1311

01:00:33,818 --> 01:00:38,650

both ways the bottom line there's only

1312  
01:00:36,489 --> 01:00:40,479  
involves online so I think if you're

1313  
01:00:38,650 --> 01:00:41,920  
going to look at their go which way I'm

1314  
01:00:40,480 --> 01:00:43,510  
going to go you'd rather have somebody

1315  
01:00:41,920 --> 01:00:45,730  
up there that you know could detect the

1316  
01:00:43,510 --> 01:00:47,619  
trigger a grab and then Maurice little

1317  
01:00:45,730 --> 01:00:49,240  
deception or somebody's saying hey he

1318  
01:00:47,619 --> 01:00:51,280  
can be helping to be cheap the other

1319  
01:00:49,239 --> 01:00:52,779  
thing is it works both ways I woke up to

1320  
01:00:51,280 --> 01:00:54,730  
ranting the very beginning and I said

1321  
01:00:52,780 --> 01:00:56,230  
Randy I said you know I just want to

1322  
01:00:54,730 --> 01:00:58,329  
make sure that any question I had to ask

1323  
01:00:56,230 --> 01:01:01,059  
because I work with a scientists they

1324  
01:00:58,329 --> 01:01:02,980  
never did ask we magicians I said Randy

1325  
01:01:01,059 --> 01:01:04,990  
this isn't this isn't my god above the

1326  
01:01:02,980 --> 01:01:06,019  
city's thought I just I don't believe it

1327  
01:01:04,989 --> 01:01:07,489  
it is but ash

1328  
01:01:06,019 --> 01:01:09,889  
question it's not to get to that first

1329  
01:01:07,489 --> 01:01:12,169  
station and he said pelamela stuff and I

1330  
01:01:09,889 --> 01:01:14,029  
took it was worth it is a question I had

1331  
01:01:12,170 --> 01:01:16,360  
to put it out there I had to put it out

1332  
01:01:14,030 --> 01:01:21,140  
that I wasn't eating my granny pompous I

1333  
01:01:16,360 --> 01:01:22,880  
mean I was outside I had no clue and the

1334  
01:01:21,139 --> 01:01:25,549  
other thing it was looking scary for me

1335  
01:01:22,880 --> 01:01:27,019  
because Frank I can think of multiple

1336  
01:01:25,550 --> 01:01:30,289  
ways that some of you if they want to

1337  
01:01:27,019 --> 01:01:31,820  
achieve could cheat and so as a result I

1338  
01:01:30,289 --> 01:01:33,679  
was not allowed to examine the cards I

1339  
01:01:31,820 --> 01:01:35,510  
was on that look at those and that was

1340

01:01:33,679 --> 01:01:37,250  
something I worry about I mean you know

1341  
01:01:35,510 --> 01:01:39,890  
the very back of my mind of course is a

1342  
01:01:37,250 --> 01:01:42,320  
frustrated with my life but you just

1343  
01:01:39,889 --> 01:01:44,869  
never know you know you never really

1344  
01:01:42,320 --> 01:01:46,670  
know and so it work both ways for me as

1345  
01:01:44,869 --> 01:01:48,650  
a result they had their their double

1346  
01:01:46,670 --> 01:01:50,210  
line to you know set and that bothered

1347  
01:01:48,650 --> 01:01:52,460  
me but I knew that I had to be put in

1348  
01:01:50,210 --> 01:01:54,590  
that position a lot of it goes to always

1349  
01:01:52,460 --> 01:01:56,210  
at the back of my head where one of

1350  
01:01:54,590 --> 01:01:59,240  
these days in Thunder taking place I

1351  
01:01:56,210 --> 01:02:01,429  
think of all the possibilities if there

1352  
01:01:59,239 --> 01:02:04,609  
are so many not supported we magicians

1353  
01:02:01,429 --> 01:02:08,389  
know what the possibilities are and we

1354  
01:02:04,610 --> 01:02:11,360

did that and trouble just we did I

1355

01:02:08,389 --> 01:02:14,329

wonder if we've got a rare jumping in

1356

01:02:11,360 --> 01:02:18,620

here was actually a cousin of so many

1357

01:02:14,329 --> 01:02:21,079

whatever who has done nothing I could

1358

01:02:18,619 --> 01:02:22,449

have very well we both would I didn't

1359

01:02:21,079 --> 01:02:25,989

know I already had

1360

01:02:22,449 --> 01:02:28,659

ways getting my head the way Freddy

1361

01:02:25,989 --> 01:02:30,789

wanted you also details Allison was

1362

01:02:28,659 --> 01:02:33,399

Allison you know you know you just never

1363

01:02:30,789 --> 01:02:35,170

know you know no offense out but you

1364

01:02:33,400 --> 01:02:37,030

never know how you think in both ways

1365

01:02:35,170 --> 01:02:38,500

that they could have accomplished they

1366

01:02:37,030 --> 01:02:41,680

were working with con so you think about

1367

01:02:38,500 --> 01:02:44,108

this so i would think that if it had

1368

01:02:41,679 --> 01:02:46,269

been a success will be going to the

1369  
01:02:44,108 --> 01:02:48,639  
official testing I probably would not be

1370  
01:02:46,269 --> 01:02:51,489  
the tester at that point that that that

1371  
01:02:48,639 --> 01:02:54,069  
equation will be taken out that very

1372  
01:02:51,489 --> 01:02:56,739  
fact is the reason for the two-part the

1373  
01:02:54,070 --> 01:02:59,500  
preliminary than the formal test because

1374  
01:02:56,739 --> 01:03:04,269  
as she mentioned very early on this

1375  
01:02:59,500 --> 01:03:07,179  
discussion the preliminary test the odds

1376  
01:03:04,269 --> 01:03:10,630  
are relatively easy to beat one one

1377  
01:03:07,179 --> 01:03:14,230  
thousand okay and we we take a great

1378  
01:03:10,630 --> 01:03:18,280  
deal of care but we recently tend to

1379  
01:03:14,230 --> 01:03:21,039  
assume that this is not a clever wizard

1380  
01:03:18,280 --> 01:03:23,050  
from across the ocean who is a trained

1381  
01:03:21,039 --> 01:03:25,000  
my mystical forces and whatnot

1382  
01:03:23,050 --> 01:03:27,789  
government agencies there you'll win

1383  
01:03:25,000 --> 01:03:29,949  
that buddy dollars we eat it to buy

1384  
01:03:27,789 --> 01:03:32,318  
something the bull's eye makeup with the

1385  
01:03:29,949 --> 01:03:34,389  
United States no we don't think that way

1386  
01:03:32,318 --> 01:03:35,909  
we ought to make it make the assumption

1387  
01:03:34,389 --> 01:03:38,639  
the basic

1388  
01:03:35,909 --> 01:03:41,098  
this is a modest person who believes

1389  
01:03:38,639 --> 01:03:42,808  
that he or she has the power and that's

1390  
01:03:41,099 --> 01:03:46,200  
a safe enough of sumption because it

1391  
01:03:42,809 --> 01:03:48,298  
very very very probably true but that

1392  
01:03:46,199 --> 01:03:52,169  
impression at the second stage and

1393  
01:03:48,298 --> 01:03:54,750  
that's our seeker manager this is little

1394  
01:03:52,170 --> 01:03:56,730  
strange but we actually have spare tests

1395  
01:03:54,750 --> 01:03:59,548  
and if you would like to actually go

1396  
01:03:56,730 --> 01:04:15,088  
through the tests in winneconne did your

1397

01:03:59,548 --> 01:04:17,429  
wallet no you're the bottom line is I

1398  
01:04:15,088 --> 01:04:19,139  
wouldn't do it as much as I would love

1399  
01:04:17,429 --> 01:04:21,598  
to simply because i feel that would be

1400  
01:04:19,139 --> 01:04:23,639  
making them operating system and to be

1401  
01:04:21,599 --> 01:04:25,200  
quite honest with you it shouldn't be

1402  
01:04:23,639 --> 01:04:26,670  
made of concrete this is very seriously

1403  
01:04:25,199 --> 01:04:29,189  
and connie came here seems very serious

1404  
01:04:26,670 --> 01:04:30,720  
about it i think we need to do with the

1405  
01:04:29,190 --> 01:04:32,010  
same respect you just as serious and

1406  
01:04:30,719 --> 01:04:33,480  
hopefully that's exactly I with you

1407  
01:04:32,010 --> 01:04:36,299  
across in what we did is that was my

1408  
01:04:33,480 --> 01:04:38,608  
intent time so you know we joke about

1409  
01:04:36,298 --> 01:04:40,920  
maybe going after that prize money it

1410  
01:04:38,608 --> 01:04:43,048  
would be fun just as a fun thing to try

1411  
01:04:40,920 --> 01:04:45,329

to do it but I think it would make it

1412

01:04:43,048 --> 01:04:46,588

more great i can come up to bat attack

1413

01:04:45,329 --> 01:04:49,818

again and say you know you really should

1414

01:04:46,588 --> 01:04:49,818

have just gone for the fourth off

1415

01:04:50,840 --> 01:04:53,559

yes

1416

01:04:57,059 --> 01:05:03,789

as was noted before you seem very

1417

01:05:00,429 --> 01:05:08,679

certain you have the right car but did

1418

01:05:03,789 --> 01:05:10,869

you feel very certain until they're

1419

01:05:08,679 --> 01:05:13,419

solid to you or whether those are some

1420

01:05:10,869 --> 01:05:20,940

moments doubt within your own mind at

1421

01:05:13,420 --> 01:05:20,940

quality brush already this wasn't hot I

1422

01:05:22,500 --> 01:05:27,369

just don't want a we're going to have

1423

01:05:24,519 --> 01:05:30,940

about ten more pens here so let's go

1424

01:05:27,369 --> 01:05:33,339

ahead and get everybody okay I'm Brian

1425

01:05:30,940 --> 01:05:35,679

Johnson Santa Maria did I understand you

1426  
01:05:33,340 --> 01:05:37,360  
correctly instigating interviews where

1427  
01:05:35,679 --> 01:05:39,399  
you suggested that just prior to

1428  
01:05:37,360 --> 01:05:41,349  
arriving at the test site of you said

1429  
01:05:39,400 --> 01:05:44,920  
you had a feeling that it was not going

1430  
01:05:41,349 --> 01:05:48,670  
to work the end don't know and just boy

1431  
01:05:44,920 --> 01:05:50,920  
yes ma'am but once you arrived on the

1432  
01:05:48,670 --> 01:05:53,590  
test site you also say that you felt

1433  
01:05:50,920 --> 01:05:57,039  
sure when you select the cards that goes

1434  
01:05:53,590 --> 01:06:01,740  
yeah me by huh yeah right I don't

1435  
01:05:57,039 --> 01:06:01,739  
contradict myself that's why we try now

1436  
01:06:02,530 --> 01:06:10,220  
an animal from Australia mentioned the

1437  
01:06:07,400 --> 01:06:13,849  
source of your insights you refer to

1438  
01:06:10,219 --> 01:06:15,559  
them and he also referred or mentioned

1439  
01:06:13,849 --> 01:06:18,199  
that you feel that you are not permitted

1440  
01:06:15,559 --> 01:06:20,360  
to succeed today was it then who were

1441  
01:06:18,199 --> 01:06:22,789  
preventing you for exceeding and

1442  
01:06:20,360 --> 01:06:27,369  
secondly if I may do you know who they

1443  
01:06:22,789 --> 01:06:37,480  
are yes I can you elaborate plan today

1444  
01:06:27,369 --> 01:06:40,070  
oh I can say more than you're crazy so

1445  
01:06:37,480 --> 01:06:45,380  
today you have been here playing with

1446  
01:06:40,070 --> 01:06:46,789  
carts and with us enjoy but you know

1447  
01:06:45,380 --> 01:06:49,610  
that in the case of Maddie you are

1448  
01:06:46,789 --> 01:06:53,269  
playing with the feelings family of

1449  
01:06:49,610 --> 01:06:57,440  
course yeah you realize this I'm not

1450  
01:06:53,269 --> 01:07:01,610  
here for just one minute I'm here for

1451  
01:06:57,440 --> 01:07:03,829  
plain okay it's just that it's a way yes

1452  
01:07:01,610 --> 01:07:06,849  
there is no other way you know in Europe

1453  
01:07:03,829 --> 01:07:10,400  
how many children disappear every year I

1454

01:07:06,849 --> 01:07:12,829  
you guys in a whiteout got 250 you're

1455  
01:07:10,400 --> 01:07:15,950  
here about many all the time and all the

1456  
01:07:12,829 --> 01:07:19,429  
other kids why did you choose the the

1457  
01:07:15,949 --> 01:07:23,000  
only one who was in the media

1458  
01:07:19,429 --> 01:07:26,659  
why not another one why not because they

1459  
01:07:23,000 --> 01:07:34,579  
don't you yes because it's because they

1460  
01:07:26,659 --> 01:07:37,250  
told you because I right because it does

1461  
01:07:34,579 --> 01:07:40,369  
this is wrong the same lines there today

1462  
01:07:37,250 --> 01:07:42,679  
you failed the test today at the time

1463  
01:07:40,369 --> 01:07:44,088  
felt they were telling you what the

1464  
01:07:42,679 --> 01:07:45,889  
cards were you thought you were right

1465  
01:07:44,088 --> 01:07:48,500  
and I just have to ask you one more time

1466  
01:07:45,889 --> 01:07:51,199  
because it is an important question that

1467  
01:07:48,500 --> 01:07:52,940  
you're asking that I think how do you

1468  
01:07:51,199 --> 01:07:54,980

know that they are not telling you wrong

1469

01:07:52,940 --> 01:07:56,630

about Matty as much as we convinced i'm

1470

01:07:54,980 --> 01:07:59,059

going to say that you won't have sit

1471

01:07:56,630 --> 01:08:01,338

right back the cards how can you know

1472

01:07:59,059 --> 01:08:04,130

not know have some doubt there at all

1473

01:08:01,338 --> 01:08:07,099

because i have evidences as interview

1474

01:08:04,130 --> 01:08:12,730

our farmer that twice a headache

1475

01:08:07,099 --> 01:08:12,730

advances of it I have them in my hands

1476

01:08:15,349 --> 01:08:26,659

yeah that makes more sense yes okay one

1477

01:08:24,630 --> 01:08:29,789

more and then we're gonna close that I

1478

01:08:26,659 --> 01:08:32,210

don't want something David Richards

1479

01:08:29,789 --> 01:08:37,130

again I just wondered if anyone has ever

1480

01:08:32,210 --> 01:08:46,560

referred you to the ideomotor producter

1481

01:08:37,130 --> 01:08:56,819

see the definition okay really probably

1482

01:08:46,560 --> 01:09:00,930

i suggested certain and that it all very

1483  
01:08:56,819 --> 01:09:04,410  
strong psychological effect which most

1484  
01:09:00,930 --> 01:09:06,838  
people are quite unconscious unlike you

1485  
01:09:04,409 --> 01:09:15,239  
maybe have something to ponder about

1486  
01:09:06,838 --> 01:09:17,519  
just a suggestion there is something in

1487  
01:09:15,239 --> 01:09:21,048  
psychology for me if your motion

1488  
01:09:17,520 --> 01:09:23,580  
artifact and it's a very very strong

1489  
01:09:21,048 --> 01:09:26,460  
impulsive most people are doing unaware

1490  
01:09:23,579 --> 01:09:31,430  
of and I've seen many many instances of

1491  
01:09:26,460 --> 01:09:34,890  
it and most of the way of the the obese

1492  
01:09:31,430 --> 01:09:38,190  
doctors have in their success is due to

1493  
01:09:34,890 --> 01:09:42,740  
the ideomotor effect but it is not a

1494  
01:09:38,189 --> 01:09:42,739  
genuine power or ability

1495  
01:09:42,850 --> 01:09:50,150  
perception is purely a psychological

1496  
01:09:46,250 --> 01:09:53,260  
self deception I suggest you can find

1497  
01:09:50,149 --> 01:09:57,319  
that our sales by effect if ego motor

1498  
01:09:53,260 --> 01:10:00,409  
ieo hello to you are no longer effect

1499  
01:09:57,319 --> 01:10:03,259  
it's very strong and not very well known

1500  
01:10:00,409 --> 01:10:07,970  
author is not very large it's not the

1501  
01:10:03,260 --> 01:10:10,130  
truth it'll toughen so i think what

1502  
01:10:07,970 --> 01:10:13,150  
kanye say she pleased she has evidence

1503  
01:10:10,130 --> 01:10:17,770  
physical evidence already this that

1504  
01:10:13,149 --> 01:10:17,769  
prevented the rescue

1505  
01:10:18,819 --> 01:10:25,179  
so okay I think we're going to close out

1506  
01:10:22,039 --> 01:10:25,179  
now thank you all so much

1507  
01:10:31,060 --> 01:10:36,740  
one more thing before we go home I

1508  
01:10:33,739 --> 01:10:39,559  
sincerely want to thank there's nothing

1509  
01:10:36,739 --> 01:10:41,539  
coming all this distance she had the

1510  
01:10:39,560 --> 01:10:43,850  
confession the strength of her

1511

01:10:41,539 --> 01:10:47,149  
convictions and we are honored to have

1512  
01:10:43,850 --> 01:10:50,690  
her here on certainly HD when it was a

1513  
01:10:47,149 --> 01:10:53,170  
wonderful chest and we hope we are out

1514  
01:10:50,689 --> 01:10:53,169  
of a bottle

1515  
01:11:13,340 --> 01:11:18,960  
so according to Connie at the time of

1516  
01:11:16,710 --> 01:11:22,199  
the press conference she thought the

1517  
01:11:18,960 --> 01:11:26,640  
test was fair and had no problems at all

1518  
01:11:22,199 --> 01:11:29,220  
with Banacek being involved sadly it

1519  
01:11:26,640 --> 01:11:32,670  
wasn't long after the test that she

1520  
01:11:29,220 --> 01:11:36,590  
switched her blame from them whoever

1521  
01:11:32,670 --> 01:11:38,850  
they are to blaming Banacek himself and

1522  
01:11:36,590 --> 01:11:41,400  
accusing him of cheating by using

1523  
01:11:38,850 --> 01:11:43,650  
sleight of hand she made these

1524  
01:11:41,399 --> 01:11:46,859  
allegations on the James Randi forum

1525  
01:11:43,649 --> 01:11:49,289

boards from what I saw at the test and

1526

01:11:46,859 --> 01:11:51,509

in the press conference Connie was

1527

01:11:49,289 --> 01:11:54,989

treated with respect politeness and

1528

01:11:51,510 --> 01:11:57,150

gratitude throughout her adventure that

1529

01:11:54,989 --> 01:11:59,609

she would find something or someone to

1530

01:11:57,149 --> 01:12:01,979

blame for her failure was simply no

1531

01:11:59,609 --> 01:12:05,069

surprise at all this is par for the

1532

01:12:01,979 --> 01:12:08,189

course Banacek is an honorable and

1533

01:12:05,069 --> 01:12:10,739

honest man but as anyone can see from

1534

01:12:08,189 --> 01:12:14,609

watching the test it was Connie who

1535

01:12:10,739 --> 01:12:17,329

failed all by herself she at the time of

1536

01:12:14,609 --> 01:12:20,689

testing simply did not display any

1537

01:12:17,329 --> 01:12:20,689

paranormal powers
