the congratulations Richard on on

21
00:01:10,170 --> 00:01:13,409
everything that you've done I mean I've

22
00:01:11,310 --> 00:01:15,149
just take it a little role he just

23
00:01:13,409 --> 00:01:16,679
padding out the show every now and then

24
00:01:15,149 --> 00:01:19,469
but you don't some interviews you've got

25
00:01:16,680 --> 00:01:21,149
to mention I didn't yeah that was pretty

26
00:01:19,469 --> 00:01:22,950
good and you do some funny bits know

27
00:01:21,149 --> 00:01:24,390
every now and then yeah yeah went it Tim

28
00:01:22,950 --> 00:01:26,670
I actually skipping quite a few hits on

29

00:01:24,390 --> 00:01:28,469
YouTube too so that's not too bad that

30
00:01:26,670 --> 00:01:29,939
was pretty good yes happy and when I was

31
00:01:28,469 --> 00:01:33,719
a dragon Kong people saying in this

32
00:01:29,939 --> 00:01:35,069

35
00:01:36,659 --> 00:01:40,500
everything has been happening in the in

36
00:01:38,609 --> 00:01:42,329
the zone and what are we going to do for

37
00:01:40,500 --> 00:01:44,640
this surface person shot one year

38
00:01:42,329 --> 00:01:46,500
anniversary we're going to revisit where

39
00:01:44,640 --> 00:01:49,140
we are where we started which was Dragon

40
00:01:46,500 --> 00:01:51,090
Con ball and last year for the first

41
00:01:49,140 --> 00:01:52,709
show was a live recording from dragon

42
00:01:51,090 --> 00:01:55,290
console for the birthday anniversary

43
00:01:52,709 --> 00:01:57,629

edition we go back to dragoncon and do

44

00:01:55,290 --> 00:02:00,689

it again do it again so coming up is our

45

00:01:57,629 --> 00:02:02,579

live show from dragoncon made this year

46

00:02:00,688 --> 00:02:06,419

with our special guest Daniel Loxton

47

00:02:02,579 --> 00:02:08,639

from junior skeptic oh and one of our

48

00:02:06,420 --> 00:02:10,829

great friends George rub the singer Gio

49

00:02:08,639 --> 00:02:14,279

he's a bit of a legend yes I think

50

00:02:10,829 --> 00:02:16,319

Richard we should just hold a suspense

51

00:02:14,280 --> 00:02:18,949

and just go straight into it let's do it

52

00:02:16,319 --> 00:02:18,949

all right

53

00:02:37,430 --> 00:02:40,909

that'll stay with you

54

00:03:02,599 --> 00:03:05,590

hitman

55

00:03:18,409 --> 00:03:31,079

hello and welcome to the skin tone it

56

00:03:28,919 --> 00:03:33,030

service to be back here at dragon on in

57

00:03:31,080 --> 00:03:35,580

fact ladies on the state of the world

58
00:03:33,030 --> 00:03:37,650
just a moment it was this very room last

59
00:03:35,580 --> 00:03:44,430
year this time we launched the show so

60
00:03:37,650 --> 00:03:46,259
happy birthday let's get example joining

61
00:03:44,430 --> 00:03:47,969
me on the stage is our good friend and

62
00:03:46,259 --> 00:03:54,389
reporter from all the way from Perth in

63
00:03:47,969 --> 00:03:56,430
Western Australia collie Sturgis and of

64
00:03:54,389 --> 00:04:03,919
course you know her from her great dr.

65
00:03:56,430 --> 00:04:06,180
Reggie reports its dr. arranged a lot it

66
00:04:03,919 --> 00:04:08,159
really is remembers to be back here

67
00:04:06,180 --> 00:04:09,689
dragoncon although i think we've decided

68
00:04:08,159 --> 00:04:11,400
next year when we come we're going to

69
00:04:09,689 --> 00:04:14,340
come to like a week early just together

70
00:04:11,400 --> 00:04:17,550
try to adjust these rich of time zones

71
00:04:14,340 --> 00:04:19,500
and anything it's a killer yeah but you

72
00:04:17,550 --> 00:04:21,449
stopped on the way to do I stopped off

73
00:04:19,500 --> 00:04:22,949
in orland and I shall be returning to

74
00:04:21,449 --> 00:04:24,810
Auckland straight after these for the

75
00:04:22,949 --> 00:04:26,879
inaugural skeptics in the pub Auckland

76
00:04:24,810 --> 00:04:29,519
so we've inspired something in that

77
00:04:26,879 --> 00:04:31,649
regard fantastic we dr. H and I had a

78
00:04:29,519 --> 00:04:33,240
wonderful trip to visit Kylie and Perth

79
00:04:31,649 --> 00:04:35,939
on the outside of Australia a few weeks

80
00:04:33,240 --> 00:04:37,650
ago well we did some talks and just by

81
00:04:35,939 --> 00:04:41,160
accident more or less we found it perth

82
00:04:37,649 --> 00:04:43,109
skeptics in the park yes and that has

83
00:04:41,160 --> 00:04:45,360
argue that's had its second run and

84
00:04:43,110 --> 00:04:47,460
we're planning on meeting every last

85
00:04:45,360 --> 00:04:49,170
sunday of the month and reborn he

86

00:04:47,459 --> 00:04:50,939
started having of you on guest speakers

87
00:04:49,170 --> 00:04:52,800
lined up so it looks like it's good i

88
00:04:50,939 --> 00:04:54,899
really love skeptics in the pub I am I

89
00:04:52,800 --> 00:04:57,000
keep going off in Sydney about five or

90
00:04:54,899 --> 00:04:59,159
six years ago and it was sort of doing

91
00:04:57,000 --> 00:05:00,959
okay but in the last year year and a

92
00:04:59,160 --> 00:05:02,610
half it's exploded it's just gone

93
00:05:00,959 --> 00:05:05,219
bananas and I think that's likely due to

94
00:05:02,610 --> 00:05:07,620
I tell you who it's likely to be

95
00:05:05,220 --> 00:05:10,020
slightly due to SGU so many people come

96
00:05:07,620 --> 00:05:11,310
to our skeleton above and say hello

97
00:05:10,019 --> 00:05:20,519
about you on the skeptics guide to the

98
00:05:11,310 --> 00:05:21,780
universe great Thank You HD you that's

99
00:05:20,519 --> 00:05:23,969
tremendous that's tremendous and I

100
00:05:21,779 --> 00:05:26,549

really enjoy skeptics in the puppets so

101

00:05:23,970 --> 00:05:28,050

informal it's fantastic come along you

102

00:05:26,550 --> 00:05:31,168

don't even have to listen to the talk so

103

00:05:28,050 --> 00:05:32,668

you can just have a dream Chapman well

104

00:05:31,168 --> 00:05:35,008

you know Richard the podcast is a year

105

00:05:32,668 --> 00:05:36,990

old now and but I wasn't here last year

106

00:05:35,009 --> 00:05:40,139

and so I wasn't here to see the launch

107

00:05:36,990 --> 00:05:43,139

and what it used to be the tank vodcast

108

00:05:40,139 --> 00:05:45,990

mmm and was a video format and then it

109

00:05:43,139 --> 00:05:47,819

went back to audio and now we've gone

110

00:05:45,990 --> 00:05:49,650

back you've got my two audio again yeah

111

00:05:47,819 --> 00:05:51,509

and we've been it's been an amazing year

112

00:05:49,649 --> 00:05:53,068

hasn't it for design it's been very very

113

00:05:51,509 --> 00:05:55,800

successful we've gone from strength to

114

00:05:53,069 --> 00:05:57,150

strength Emily it's really been nice to

115
00:05:55,800 --> 00:05:59,610
look at the graphs of the statistics

116
00:05:57,149 --> 00:06:00,750
week after week and we first launched

117
00:05:59,610 --> 00:06:03,330
the show of course it was just flipping

118
00:06:00,750 --> 00:06:05,579
along and then suddenly you up at

119
00:06:03,329 --> 00:06:07,050
Wendell it's a it's really gratifying

120
00:06:05,579 --> 00:06:09,060
it's really great and it's really so

121
00:06:07,050 --> 00:06:10,560
nice for people to come up and shake us

122
00:06:09,060 --> 00:06:13,319
by the hand or kick ass on the teeth and

123
00:06:10,560 --> 00:06:16,978
say take us in the tape have you haven't

124
00:06:13,319 --> 00:06:19,860
had that yet really no maybe it's just

125
00:06:16,978 --> 00:06:22,589
one handle no it was can you all see the

126
00:06:19,860 --> 00:06:24,449
slide up there okay what you can see

127
00:06:22,589 --> 00:06:26,579
there are some of things that we do

128
00:06:24,449 --> 00:06:28,370
we've already briefly touched upon some

129
00:06:26,579 --> 00:06:33,120
of the travels yeah Richard Saunders

130
00:06:28,370 --> 00:06:34,829
last time you have done tam six he did

131
00:06:33,120 --> 00:06:38,189
that by yourself a lead and then you did

132
00:06:34,829 --> 00:06:40,829
ten seven members weird iran singer and

133
00:06:38,189 --> 00:06:42,658
the rose that's right over there as well

134
00:06:40,829 --> 00:06:44,490
yeah we had a great time at ten times

135
00:06:42,658 --> 00:06:47,610
always a good fun and it was so nice to

136
00:06:44,490 --> 00:06:50,968
see james randi at tam of course and we

137
00:06:47,610 --> 00:06:52,919
wish him we wish him well here it's so

138
00:06:50,968 --> 00:06:55,889
verifying I was just sitting home the

139
00:06:52,918 --> 00:06:58,198
other day not pop a chat and was James

140
00:06:55,889 --> 00:07:00,000
Randi just and he was telling me how

141
00:06:58,199 --> 00:07:01,169
much he appreciated my messages of

142
00:07:00,000 --> 00:07:02,519
support to him right but that's

143

00:07:01,168 --> 00:07:03,750
wonderful you know there he is going

144
00:07:02,519 --> 00:07:05,728
through all this stuff but he's taking

145
00:07:03,750 --> 00:07:07,908
time out to let people know that he's

146
00:07:05,728 --> 00:07:13,000
appreciating so Randy if you're watching

147
00:07:07,908 --> 00:07:14,800
thanks we are we also have networking

148
00:07:13,000 --> 00:07:16,839
with other skeptics in other states

149
00:07:14,800 --> 00:07:17,889
these are the capital cities of some of

150
00:07:16,839 --> 00:07:20,500
the other states that we visited the

151
00:07:17,889 --> 00:07:23,139
young Australian skeptics they hometown

152
00:07:20,500 --> 00:07:25,629
as Melbourne and we did the skeptic

153
00:07:23,139 --> 00:07:27,569
sidewalks to Melbourne at the University

154
00:07:25,629 --> 00:07:30,459
of Melbourne thanks to the skeptic

155
00:07:27,569 --> 00:07:32,769
podcast over there yes so a big shout

156
00:07:30,459 --> 00:07:35,259
out to them and escort we've done a

157
00:07:32,769 --> 00:07:37,870

delight which was the last australian

158

00:07:35,259 --> 00:07:40,629

skeptics conference last year yes

159

00:07:37,870 --> 00:07:43,750

featuring camels and our schools that's

160

00:07:40,629 --> 00:07:46,418

right are we don't do dogs and a box of

161

00:07:43,750 --> 00:07:48,939

dollars which makes it extra money perth

162

00:07:46,418 --> 00:07:51,519

and it's in oakland and open to be done

163

00:07:48,939 --> 00:07:52,540

one interviews we've done only half the

164

00:07:51,519 --> 00:07:54,819

people in this room have been

165

00:07:52,540 --> 00:08:00,490

interviewed by anyone not being very

166

00:07:54,819 --> 00:08:01,689

pleased i know and many of those

167

00:08:00,490 --> 00:08:04,960

interviews and having turned into

168

00:08:01,689 --> 00:08:07,719

transcripts and they were bringing out a

169

00:08:04,959 --> 00:08:09,279

book of the best interviews of all

170

00:08:07,720 --> 00:08:11,050

interviews or many interviews anyway

171

00:08:09,279 --> 00:08:13,719

regrettably the best interviews local

172
00:08:11,050 --> 00:08:17,889
skeptics and regrettably the rest of the

173
00:08:13,720 --> 00:08:21,310

says it's early yeah I'm really looking

183
00:08:47,139 --> 00:08:50,439
forward to that it's going to be great

184
00:08:48,419 --> 00:08:53,588
we have the Australian skip these

185
00:08:50,440 --> 00:08:55,540
companies in Brisbane november this year

186
00:08:53,589 --> 00:08:56,980
that big asteroid skeptics conference in

187
00:08:55,539 --> 00:08:57,429
Brisbane looking forward to that will be

188
00:08:56,980 --> 00:09:01,028
up there

189
00:08:57,429 --> 00:09:02,919
yo show and we have this isn't really

190
00:09:01,028 --> 00:09:04,450
upcoming in terms of an event that as a

191
00:09:02,919 --> 00:09:06,039
project we're involved if it's the blog

192
00:09:04,450 --> 00:09:07,690
anthology with the young Australian

193
00:09:06,039 --> 00:09:10,259
skeptics and critical teaching education

194
00:09:07,690 --> 00:09:12,850
group and that's something that we've

195
00:09:10,259 --> 00:09:15,189
known about and supported and we'll be

196
00:09:12,850 --> 00:09:16,509
working on that with this theme so it's

197
00:09:15,190 --> 00:09:18,880
bitter actual in da bak cast

198
00:09:16,509 --> 00:09:20,889
particularly in Australia we've got

199
00:09:18,879 --> 00:09:23,409
quite a high profile I must have been

200

00:09:20,889 --> 00:09:25,870
amongst the Australian podcast and yet

201
00:09:23,409 --> 00:09:27,939
we like to interact in support be

202
00:09:25,870 --> 00:09:29,379
understood it's surprising to when we

203
00:09:27,940 --> 00:09:31,930
launched the show last year back home

204
00:09:29,379 --> 00:09:34,330
though I don't know if I can recall on

205
00:09:31,929 --> 00:09:36,099
maybe one other skeptical podcast in the

206
00:09:34,330 --> 00:09:38,200
country or I'm not even sure about that

207
00:09:36,100 --> 00:09:40,810
but in the last year there's five six

208
00:09:38,200 --> 00:09:42,339
seven have just sprung up in Melbourne

209
00:09:40,809 --> 00:09:44,859
and Sydney everybody's getting into the

210
00:09:42,339 --> 00:09:46,720
game and many of them are pictured on

211
00:09:44,860 --> 00:09:49,480
the Australian skeptics Wilson yeah

212
00:09:46,720 --> 00:09:52,540
skeptics Comte you there's a link there

213
00:09:49,480 --> 00:09:54,519
you can see probably not all the science

214
00:09:52,539 --> 00:09:57,599

and skeptical podcasts coming out of

215

00:09:54,519 --> 00:10:01,149

Australia but most of them okay and

216

00:09:57,600 --> 00:10:05,080

anything else that we haven't done soon

217

00:10:01,149 --> 00:10:09,490

I haven't been to town yet Oh next year

218

00:10:05,080 --> 00:10:11,440

next year yeah absolutely yeah and let

219

00:10:09,490 --> 00:10:14,470

me see as individuals we've done a

220

00:10:11,440 --> 00:10:16,060

variety of projects as well both of you

221

00:10:14,470 --> 00:10:19,420

are members of the Australian skeptics

222

00:10:16,059 --> 00:10:21,069

turbo vice presidents yes and I those of

223

00:10:19,419 --> 00:10:26,349

you listen to the show certainly aware

224

00:10:21,070 --> 00:10:28,570

about continuing campaign promoting more

225

00:10:26,350 --> 00:10:30,040

or less good health by supporting

226

00:10:28,570 --> 00:10:32,320

vaccinations I'm sure you're all aware

227

00:10:30,039 --> 00:10:34,778

of this issue dr. ranky would you like

228

00:10:32,320 --> 00:10:36,028

to give our audience a low the view of

229

00:10:34,778 --> 00:10:38,110
what's been happening

230

00:10:36,028 --> 00:10:40,480
especially with the adopter region of

231

00:10:38,110 --> 00:10:42,669
course well a lot of if you saw my talk

232

00:10:40,480 --> 00:10:45,310
which was yesterday you might be would

233

00:10:42,669 --> 00:10:47,019
have seen an overview but when I got

234

00:10:45,309 --> 00:10:49,179
back to my room in fact after I did that

235

00:10:47,019 --> 00:10:51,190
talk checked up to see what the

236

00:10:49,179 --> 00:10:53,139
anti-vaxxers were up to because they're

237

00:10:51,190 --> 00:10:54,880
getting a little bit rattled of late

238

00:10:53,139 --> 00:10:56,528
because we just keep pounding away at

239

00:10:54,879 --> 00:10:58,899
them and they just burst into life that

240

00:10:56,528 --> 00:11:01,200
much and a couple of weeks ago they sent

241

00:10:58,899 --> 00:11:04,149
out a few lenders are insolent of people

242

00:11:01,200 --> 00:11:10,000
what what google translate did I say

243
00:11:04,149 --> 00:11:12,639
something parochial you know we point

244
00:11:10,000 --> 00:11:15,909
certain things out to them when we do we

245
00:11:12,639 --> 00:11:18,370
do but a few weeks ago they sent out an

246
00:11:15,909 --> 00:11:21,129
email to their members are pleading for

247
00:11:18,370 --> 00:11:24,399
donations because in fact a lot of

248
00:11:21,129 --> 00:11:26,289
people don't know this but we put an ad

249
00:11:24,399 --> 00:11:28,990
in a national newspaper about two weeks

250
00:11:26,289 --> 00:11:31,179
ago alerting Australian parents to the

251
00:11:28,990 --> 00:11:34,180
anti-vaxxers and saying don't listen to

252
00:11:31,179 --> 00:11:35,739
them please seek advice from medical

253
00:11:34,179 --> 00:11:37,599
professionals and health professionals

254
00:11:35,740 --> 00:11:40,028
whatever you do don't take advice from

255
00:11:37,600 --> 00:11:42,670
these people now we manage to do that

256
00:11:40,028 --> 00:11:44,919
because we knew that they were planning

257

00:11:42,669 --> 00:11:47,319
to do a similar thing now you could a

258
00:11:44,919 --> 00:11:51,669
great word to these sort of people rage

259
00:11:47,320 --> 00:11:53,079
what begins with n oh I have several but

260
00:11:51,669 --> 00:11:56,078
I think the one you're talking about is

261
00:11:53,078 --> 00:11:58,179
naughty is it Richard nineties yeah yes

262
00:11:56,078 --> 00:12:02,828
and evil are real numpties you know I we

263
00:11:58,179 --> 00:12:05,259
must make a special point to thank once

264
00:12:02,828 --> 00:12:07,028
again a man by the name of Dick Smith I

265
00:12:05,259 --> 00:12:08,740
think some of you probably would have

266
00:12:07,028 --> 00:12:10,149
heard of Dick Smith is a good friend of

267
00:12:08,740 --> 00:12:12,220
the strange skeptics in fact he was one

268
00:12:10,149 --> 00:12:15,370
of the founding of founders of the

269
00:12:12,220 --> 00:12:17,320
Australian skeptics he's a very good and

270
00:12:15,370 --> 00:12:19,959
dear friend of James Randi and it was in

271
00:12:17,320 --> 00:12:21,129

fact James Randi in 1980 you came out to

272

00:12:19,958 --> 00:12:23,469
Australia who sort of kicked off

273

00:12:21,129 --> 00:12:25,899
Australian skeptics but Dick Smith is a

274

00:12:23,470 --> 00:12:27,940
self-made millionaire who spent most of

275

00:12:25,899 --> 00:12:31,089
his life doing really good deeds with

276

00:12:27,940 --> 00:12:32,589
his money it's just fantastic and he

277

00:12:31,089 --> 00:12:34,060
came to our skeptics in the pub to give

278

00:12:32,589 --> 00:12:35,649
a talk and we were explaining the

279

00:12:34,059 --> 00:12:38,229
situation about the

280

00:12:35,649 --> 00:12:40,419
Andy backs lobby and he called us back a

281

00:12:38,230 --> 00:12:42,399
few days later and said I will pay for

282

00:12:40,419 --> 00:12:45,698
the be ad in the national newspaper

283

00:12:42,399 --> 00:12:48,578
which is not cheap not cheap at all but

284

00:12:45,698 --> 00:12:50,558
it's made a huge impact to our our fight

285

00:12:48,578 --> 00:12:51,789
so a big thank you to Dick Smith he's

286
00:12:50,558 --> 00:12:53,740
always been a strong supporter of

287
00:12:51,789 --> 00:12:56,230
science and just good common sense I

288
00:12:53,740 --> 00:12:58,808
think yeah and also a big thank you to

289
00:12:56,230 --> 00:13:00,850
you guys here because in the couple of

290
00:12:58,808 --> 00:13:02,678
days I've been here I've had so many

291
00:13:00,850 --> 00:13:04,659
people come up to me and say we heard

292
00:13:02,678 --> 00:13:06,818
about the anti-vaccine from you guys on

293
00:13:04,659 --> 00:13:09,039
the zone and because of your passion and

294
00:13:06,818 --> 00:13:10,568
dedication we've written about it we've

295
00:13:09,039 --> 00:13:12,818
blogged about it we've sent it around

296
00:13:10,568 --> 00:13:15,009
look at the world and I really

297
00:13:12,818 --> 00:13:16,269
appreciate that because in Australia a

298
00:13:15,009 --> 00:13:19,178
lot of people didn't know they were

299
00:13:16,269 --> 00:13:20,919
there and our aim was to expose them and

300
00:13:19,178 --> 00:13:22,749
then to expose their misinformation and

301
00:13:20,919 --> 00:13:24,490
their lives and we are doing that so

302
00:13:22,749 --> 00:13:26,170
well and we're so pleased about that so

303
00:13:24,490 --> 00:13:27,850
thank you to you guys too yeah I know

304
00:13:26,169 --> 00:13:30,149
and I don't think Phil's here Phil Plait

305
00:13:27,850 --> 00:13:32,439
but he's a real big supporter of us

306
00:13:30,149 --> 00:13:33,730
whenever we do something like this he'll

307
00:13:32,438 --> 00:13:35,860
blog it straight away and we get a

308
00:13:33,730 --> 00:13:37,539
massive amount of traffic coming back to

309
00:13:35,860 --> 00:13:40,568
and steve has as well sticking our

310
00:13:37,539 --> 00:13:42,490
thanks yeah thanks Steve but it's I mean

311
00:13:40,568 --> 00:13:44,110
a lot of us we do the skeptical stuff

312
00:13:42,490 --> 00:13:45,549
and sometimes we wind up to I we

313
00:13:44,110 --> 00:13:47,019
actually making a difference there we

314

00:13:45,549 --> 00:13:48,669
might enjoy it ourselves we might get

315
00:13:47,019 --> 00:13:50,649
something out of it but just

316
00:13:48,669 --> 00:13:52,539
occasionally we can really see the

317
00:13:50,649 --> 00:13:54,549
difference in the benefit we're

318
00:13:52,539 --> 00:13:56,139
hopefully the benefit to our way I

319
00:13:54,549 --> 00:13:59,109
thinking that there were men here

320
00:13:56,139 --> 00:14:00,730
it's very gratifying indeed good after

321
00:13:59,110 --> 00:14:02,490
all great I would have to regret in fact

322
00:14:00,730 --> 00:14:05,560
I was just thinking to myself then I

323
00:14:02,490 --> 00:14:06,879
remember a few months back somebody sent

324
00:14:05,559 --> 00:14:08,679
around an email saying have you heard

325
00:14:06,879 --> 00:14:11,230
this podcast called the skeptic sign

326
00:14:08,679 --> 00:14:14,039
they're really biased and stuff and that

327
00:14:11,230 --> 00:14:15,820
was actually come on willing to do

328
00:14:14,039 --> 00:14:17,860

parapsychologists a funny thing about

329

00:14:15,820 --> 00:14:20,200

that was that that was the week we

330

00:14:17,860 --> 00:14:21,970

interviewed Stephen Fry and then put a

331

00:14:20,200 --> 00:14:23,680

link to our website and when you went to

332

00:14:21,970 --> 00:14:25,389

the link there was a you know the page

333

00:14:23,679 --> 00:14:28,299

of the Stephen Fry interview and I was

334

00:14:25,389 --> 00:14:30,159

thinking huh what's the buyers bit here

335

00:14:28,299 --> 00:14:32,409

you know since it to you with Stephen

336

00:14:30,159 --> 00:14:34,059

Fry but yeah well let's not make any

337

00:14:32,409 --> 00:14:36,159

mistake I mean we're dealing with people

338

00:14:34,059 --> 00:14:38,619

here well amongst their ranks they

339

00:14:36,159 --> 00:14:41,259

they're into just about every possible

340

00:14:38,620 --> 00:14:42,850

conspiracy theory going now the basic

341

00:14:41,259 --> 00:14:46,299

thing about the only vaccination people

342

00:14:42,850 --> 00:14:48,460

will open in back home and probably here

343
00:14:46,299 --> 00:14:51,519
too though I can't come in too much is

344
00:14:48,460 --> 00:14:54,040
they really sincerely do think there is

345
00:14:51,519 --> 00:14:55,689
an evil plot by the Illuminati or world

346
00:14:54,039 --> 00:14:58,719
governments or whatever the case may be

347
00:14:55,690 --> 00:15:00,580
to poisonous and hurt us especially by

348
00:14:58,720 --> 00:15:02,529
the large pharmaceutical companies why

349
00:15:00,580 --> 00:15:04,770
they produce pharmaceuticals is to keep

350
00:15:02,529 --> 00:15:08,129
us sick to sell us more pharmaceuticals

351
00:15:04,769 --> 00:15:10,299
vaccinees makes vaccinations are a plot

352
00:15:08,129 --> 00:15:11,529
straight out a plot by the government's

353
00:15:10,299 --> 00:15:13,539
Barack Obama's probably involved

354
00:15:11,529 --> 00:15:15,009
somewhere along the way we're on the

355
00:15:13,539 --> 00:15:17,730
payroll of large pharmaceutical

356
00:15:15,009 --> 00:15:20,110
companies would be told that the TV

357
00:15:17,730 --> 00:15:22,509
network in Australia channel seven that

358
00:15:20,110 --> 00:15:24,370
ran a pro vaccination story are in the

359
00:15:22,509 --> 00:15:26,889
pay of large pharmaceutical companies

360
00:15:24,370 --> 00:15:28,600
and they sincerely and truly believe

361
00:15:26,889 --> 00:15:30,279
this I mean that's what I think I can't

362
00:15:28,600 --> 00:15:31,870
see why they would justify it any other

363
00:15:30,279 --> 00:15:33,699
way so it's an interesting situation

364
00:15:31,870 --> 00:15:35,590
where you've got a group of people doing

365
00:15:33,700 --> 00:15:38,890
what we consider bizarre and wacky

366
00:15:35,590 --> 00:15:41,769
things but we must question do they have

367
00:15:38,889 --> 00:15:43,299
in their own hearts good motives good

368
00:15:41,769 --> 00:15:45,730
motives that have been completely warped

369
00:15:43,299 --> 00:15:47,679
and twisted what do you mean did I have

370
00:15:45,730 --> 00:15:50,560
good mate who do they think they're

371

00:15:47,679 --> 00:15:52,659
doing good I think they're I think they

372
00:15:50,559 --> 00:15:54,099
initially probably did I mean a lot of

373
00:15:52,659 --> 00:15:56,769
the people that are involved at the

374
00:15:54,100 --> 00:15:58,269
grassroots level in the avn for example

375
00:15:56,769 --> 00:15:59,710
our parents that have had a vaccine

376
00:15:58,269 --> 00:16:01,029
injured child and then those

377
00:15:59,710 --> 00:16:03,009
the people that are desperate to find

378
00:16:01,029 --> 00:16:04,929
answers in stems from personal

379
00:16:03,009 --> 00:16:06,009
experience with family there is

380
00:16:04,929 --> 00:16:07,929
something that has happened to their

381
00:16:06,009 --> 00:16:09,730
child their family and they're just

382
00:16:07,929 --> 00:16:10,659
going to find it on well that's right

383
00:16:09,730 --> 00:16:13,450
and they're looking for answers

384
00:16:10,659 --> 00:16:16,389
obviously and so they find those answers

385
00:16:13,450 --> 00:16:18,490

unfortunately in the likes of the ABN

386

00:16:16,389 --> 00:16:20,740

who will tell them that the vaccine is

387

00:16:18,490 --> 00:16:23,230

made from selves that are cancerous that

388

00:16:20,740 --> 00:16:26,409

it's they're growing in aborted fetuses

389

00:16:23,230 --> 00:16:28,300

and as they don't work primarily yes

390

00:16:26,409 --> 00:16:31,600

they don't work and what it does work is

391

00:16:28,299 --> 00:16:33,069

homeopathic vaccination oh yeah that's

392

00:16:31,600 --> 00:16:35,230

another story that we've got in our

393

00:16:33,070 --> 00:16:37,060

hands at the moment in German we have a

394

00:16:35,230 --> 00:16:40,090

government in Australia who is like a

395

00:16:37,059 --> 00:16:41,439

wet week basically I'm in there like a

396

00:16:40,090 --> 00:16:43,570

lot of governments are pretty hopeless

397

00:16:41,440 --> 00:16:45,280

they take ages to do anything and you

398

00:16:43,570 --> 00:16:47,170

know they don't they're not proactive

399

00:16:45,279 --> 00:16:49,649

about doing anything and we recently

400
00:16:47,169 --> 00:16:51,339
came across a website that was touting

401
00:16:49,649 --> 00:16:53,110
homeopathic vaccination for

402
00:16:51,340 --> 00:16:55,330
meningococcal disease now many of you

403
00:16:53,110 --> 00:16:58,180
would know that meningococcal is a rapid

404
00:16:55,330 --> 00:16:59,590
onset bacterial infection thing is that

405
00:16:58,179 --> 00:17:03,329
just rolls off the tongue yes it's

406
00:16:59,590 --> 00:17:06,400
incredible thank you very much seasoning

407
00:17:03,330 --> 00:17:12,279
it's like pertussis such a nice word as

408
00:17:06,400 --> 00:17:14,830
new sorry if I've offended ketosis so we

409
00:17:12,279 --> 00:17:16,420
wrote to the equivalent of the FDA in

410
00:17:14,829 --> 00:17:18,129
Australia and said listen we think that

411
00:17:16,420 --> 00:17:20,500
this is really bad and you know this

412
00:17:18,130 --> 00:17:23,380
this disease can kill kids in 24 hours

413
00:17:20,500 --> 00:17:24,970
and please do something about removing

414
00:17:23,380 --> 00:17:28,510
this website because we do have laws in

415
00:17:24,970 --> 00:17:30,069
Australia where if you make claims that

416
00:17:28,509 --> 00:17:32,980
can't be substantiated or there's no

417
00:17:30,069 --> 00:17:34,809
evidence to support that the government

418
00:17:32,980 --> 00:17:37,509
can say write their websites gone get

419
00:17:34,809 --> 00:17:39,069
rid of it now we send them all this

420
00:17:37,509 --> 00:17:40,480
information and to make a complaint in

421
00:17:39,069 --> 00:17:42,129
Australia is not just sending an email

422
00:17:40,480 --> 00:17:44,710
saying this website's bad you have to

423
00:17:42,130 --> 00:17:47,170
investigate the website and match it to

424
00:17:44,710 --> 00:17:49,269
the legislation where you think it's

425
00:17:47,170 --> 00:17:52,269
been breached so it's not just a small

426
00:17:49,269 --> 00:17:54,579
project and we sent it to them and said

427
00:17:52,269 --> 00:17:56,410
look this is a problem and you wait six

428

00:17:54,579 --> 00:17:57,699
weeks and we heard nothing and then you

429
00:17:56,410 --> 00:17:59,110
can go to their website and the

430
00:17:57,700 --> 00:18:00,850
complaints resolution

431
00:17:59,109 --> 00:18:02,889
panel there'll be a results page and

432
00:18:00,849 --> 00:18:04,899
there'll be a page that says unresolved

433
00:18:02,890 --> 00:18:07,840
now we found our complaint in the

434
00:18:04,900 --> 00:18:11,048
unresolved section with the comment that

435
00:18:07,839 --> 00:18:13,359
not under our jurisdiction and that was

436
00:18:11,048 --> 00:18:15,220
it and so they basically just put it in

437
00:18:13,359 --> 00:18:16,569
the too hard basket and said oh god win

438
00:18:15,220 --> 00:18:18,579
or not to do with that don't

439
00:18:16,569 --> 00:18:21,669
tell anyone just put it over there and

440
00:18:18,579 --> 00:18:23,678
what do we do now you know these people

441
00:18:21,670 --> 00:18:25,720
are still until like a week and a half

442
00:18:23,679 --> 00:18:27,490

ago when i checked saying that you can

443

00:18:25,720 --> 00:18:29,589

use homeopathy to vaccinate against

444

00:18:27,490 --> 00:18:31,890

meningococcal disease now what we do is

445

00:18:29,589 --> 00:18:34,839

what james rate he did with peter Popoff

446

00:18:31,890 --> 00:18:37,150

most of you probably know the story he

447

00:18:34,839 --> 00:18:38,798

busted peter Popoff who was using it was

448

00:18:37,150 --> 00:18:40,450

of a faith healer and he was saying

449

00:18:38,798 --> 00:18:42,160

running up to people in the audience he

450

00:18:40,450 --> 00:18:43,870

knew all about them Percy was getting

451

00:18:42,160 --> 00:18:45,730

messages from God where in fact he had a

452

00:18:43,869 --> 00:18:47,949

little earpiece and his wife is speeding

453

00:18:45,730 --> 00:18:49,150

in the information and James Randi went

454

00:18:47,950 --> 00:18:52,120

to the authorities in the skies are

455

00:18:49,150 --> 00:18:53,140

priorities but banking people counting

456

00:18:52,119 --> 00:18:54,519

the matter their money and let the

457
00:18:53,140 --> 00:18:56,799
authorities didn't want to know about

458
00:18:54,519 --> 00:18:58,418
anything about it so James only likes to

459
00:18:56,798 --> 00:19:01,539
say he went to a higher authority he

460
00:18:58,419 --> 00:19:04,450
went to Johnny Carson or whether

461
00:19:01,539 --> 00:19:05,558
government I just not willing to act or

462
00:19:04,450 --> 00:19:07,179
they don't think it's important matter

463
00:19:05,558 --> 00:19:10,178
than we will will tell the world about

464
00:19:07,179 --> 00:19:12,460
it and now with web 2.0 and the

465
00:19:10,179 --> 00:19:14,830
increasing popularity of what we do we

466
00:19:12,460 --> 00:19:16,960
can tell a lot of people at once it's

467
00:19:14,829 --> 00:19:18,699
really cool yeah that's why the

468
00:19:16,960 --> 00:19:20,860
blogosphere is so important to you know

469
00:19:18,700 --> 00:19:22,600
everyone's work has skeptics I think I

470
00:19:20,859 --> 00:19:24,729
mean you can get things out there so

471
00:19:22,599 --> 00:19:27,189
quickly and the good example of that is

472
00:19:24,730 --> 00:19:28,839
there the Ben Goldacre Jenny Barnett you

473
00:19:27,190 --> 00:19:31,509
notice that many people here would

474
00:19:28,839 --> 00:19:34,839
probably know about where Jenny Barnett

475
00:19:31,509 --> 00:19:37,390
is a UK announcer she did as a talkback

476
00:19:34,839 --> 00:19:39,939
show on a radio station called lbc when

477
00:19:37,390 --> 00:19:41,410
she was talking about MMR vaccines and

478
00:19:39,940 --> 00:19:43,419
saying they cause autism and everything

479
00:19:41,410 --> 00:19:46,450
else that you know has been perpetuated

480
00:19:43,419 --> 00:19:49,750
by the andrew wakefield paper and ben

481
00:19:46,450 --> 00:19:52,210
goldacre posted that a little sound bite

482
00:19:49,750 --> 00:19:54,220
from that show on his website because he

483
00:19:52,210 --> 00:19:56,569
couldn't explain it in words the stupid

484
00:19:54,220 --> 00:19:58,880
burnt so much that he just

485

00:19:56,569 --> 00:20:00,500
actually he's a time for it was it was

486
00:19:58,880 --> 00:20:02,240
like being beaten with a stupid stick

487
00:20:00,500 --> 00:20:04,909
repeatedly across their hand if that's

488
00:20:02,240 --> 00:20:07,278
how bad it was and the response from the

489
00:20:04,909 --> 00:20:09,500
radio station lbc was to send the

490
00:20:07,278 --> 00:20:10,880
lawyers round to say to Ben that's it

491
00:20:09,500 --> 00:20:13,419
you know this is breach of copyright

492
00:20:10,880 --> 00:20:15,950
we're going to see you take it down now

493
00:20:13,419 --> 00:20:17,659
now he's a little citizen fellow you

494
00:20:15,950 --> 00:20:19,429
know he's not in a position to fight the

495
00:20:17,659 --> 00:20:21,710
lawyers from a big multinational radio

496
00:20:19,429 --> 00:20:23,899
station so his response was okay I've

497
00:20:21,710 --> 00:20:25,579
got to take it down but the blogosphere

498
00:20:23,898 --> 00:20:27,619
decided that wasn't the way we wanted it

499
00:20:25,579 --> 00:20:33,439

to go and in fact it was your blog

500

00:20:27,619 --> 00:20:34,969

myblog gimpy let me see brained up a few

501

00:20:33,440 --> 00:20:36,649

of the illness yes that's what we were

502

00:20:34,970 --> 00:20:39,470

known as we banded together about five

503

00:20:36,648 --> 00:20:42,258

six of us and we said right we need the

504

00:20:39,470 --> 00:20:44,028

trauma we need the sound and I will do

505

00:20:42,259 --> 00:20:46,190

is will break it up to five minute

506

00:20:44,028 --> 00:20:47,269

segments each one of us will take one of

507

00:20:46,190 --> 00:20:49,580

those five minute segments and

508

00:20:47,269 --> 00:20:51,230

transcribe it and we then proceeded to

509

00:20:49,579 --> 00:20:52,849

spread it across internet on our blocks

510

00:20:51,230 --> 00:20:55,399

and encouraged other people to copy an

511

00:20:52,849 --> 00:20:58,339

off our websites so it wasn't just in

512

00:20:55,398 --> 00:21:01,729

one chunked place on one side it was

513

00:20:58,339 --> 00:21:03,859

dispersed across several sites linked to

514
00:21:01,730 --> 00:21:05,750
each other which then proceeded to link

515
00:21:03,859 --> 00:21:07,699
on from the anomalies and it essentially

516
00:21:05,750 --> 00:21:09,589
just spread everywhere so if anyone

517
00:21:07,700 --> 00:21:11,840
wanted to read what was being said by

518
00:21:09,589 --> 00:21:13,730
Jenny Barnett they could just point it

519
00:21:11,839 --> 00:21:17,928
doesn't go hop on was that the whole

520
00:21:13,730 --> 00:21:19,339
story disguising it went viral very

521
00:21:17,929 --> 00:21:21,528
quickly and so that was the end of a

522
00:21:19,339 --> 00:21:23,720
fail bc they can you know they can't

523
00:21:21,528 --> 00:21:27,259
take down 200 blogs across the world and

524
00:21:23,720 --> 00:21:29,899
it was on wikileaks as well yeah so yeah

525
00:21:27,259 --> 00:21:33,139
and I think actually Kylie I believe in

526
00:21:29,898 --> 00:21:37,219
Australia that occurred around maybe

527
00:21:33,138 --> 00:21:40,069
midnight perth time finger and that is 2

528
00:21:37,220 --> 00:21:42,200
a.m. sydney time so i remember getting a

529
00:21:40,069 --> 00:21:44,399
skype from you saying quick emergency

530
00:21:42,200 --> 00:21:46,200
skeptical emergency you would be

531
00:21:44,400 --> 00:21:48,240
you would be interesting section seats

532
00:21:46,200 --> 00:21:50,640
would you it's only five minutes senior

533
00:21:48,240 --> 00:21:52,559
girl yes I was because it was about a

534
00:21:50,640 --> 00:21:54,780
year about dinner time in London that

535
00:21:52,559 --> 00:21:56,849
was where ya long as we're and I said to

536
00:21:54,779 --> 00:21:58,649
you if we make miss international they

537
00:21:56,849 --> 00:22:00,689
can't shut us down because too many

538
00:21:58,650 --> 00:22:04,290
countries involved it was mostly british

539
00:22:00,690 --> 00:22:05,880
and then australian are significantly

540
00:22:04,289 --> 00:22:08,339
happened just a few weeks ago to me

541
00:22:05,880 --> 00:22:09,810
personally there was a homeopath on the

542

00:22:08,339 --> 00:22:11,639
morning television show in australia

543
00:22:09,809 --> 00:22:15,720
promoting the benefits of homeopathic

544
00:22:11,640 --> 00:22:17,910
vaccinations and I'm just the brain just

545
00:22:15,720 --> 00:22:20,610
hurts you need us to distinguish I need

546
00:22:17,910 --> 00:22:22,680
to send even a stick so I why do you

547
00:22:20,609 --> 00:22:24,629
want to do i video'd and i put it up on

548
00:22:22,680 --> 00:22:26,279
youtube and people going nuts and the

549
00:22:24,630 --> 00:22:28,260
writing to the station paper station was

550
00:22:26,279 --> 00:22:30,089
flooded with complaints a business

551
00:22:28,259 --> 00:22:32,250
dangerous apart from anything else this

552
00:22:30,089 --> 00:22:34,919
is bad advice and it's dangerous so the

553
00:22:32,250 --> 00:22:37,170
TV station reacted by whinging no

554
00:22:34,920 --> 00:22:40,950
complaining to youtube I lost my youtube

555
00:22:37,170 --> 00:22:42,990
account was just gone well if the

556
00:22:40,950 --> 00:22:44,670

network that was going to stop the story

557

00:22:42,990 --> 00:22:46,289

then I wearing strides in it takes

558

00:22:44,670 --> 00:22:48,029

everybody around the world picked it up

559

00:22:46,289 --> 00:22:49,889

and copied the video and posted and post

560

00:22:48,029 --> 00:22:52,109

the transcript so it does need to run

561

00:22:49,890 --> 00:22:54,210

our way like that no you can't get rid

562

00:22:52,109 --> 00:22:56,759

of things anymore with web 2.0 and with

563

00:22:54,210 --> 00:22:59,130

Twitter and with blogs don't try and

564

00:22:56,759 --> 00:23:00,629

hide things people mr. never be waiting

565

00:22:59,130 --> 00:23:02,910

for you even if it's three o'clock in

566

00:23:00,630 --> 00:23:05,150

the morning and see me and especially if

567

00:23:02,910 --> 00:23:07,920

you have a yahoo group that was healthy

568

00:23:05,150 --> 00:23:09,930

and people twittering agency at the

569

00:23:07,920 --> 00:23:11,250

moment but now what we'd like to do is

570

00:23:09,930 --> 00:23:13,230

change the piece of the show a little

571
00:23:11,250 --> 00:23:14,549
bit we've got a couple of great guests

572
00:23:13,230 --> 00:23:17,569
would like to chat to and i like to call

573
00:23:14,549 --> 00:23:17,569
up Daniel Loxton

574
00:23:21,349 --> 00:23:30,469
I just bring some hell didn't go we need

575
00:23:28,700 --> 00:23:32,390
an extra chair tied with one behind you

576
00:23:30,470 --> 00:23:37,819
excellent take a seat at the end there

577
00:23:32,390 --> 00:23:40,610
Daniel yeah that is just get reaching

578
00:23:37,819 --> 00:23:42,079
absolutely others tastes great now

579
00:23:40,609 --> 00:23:46,629
before we get going I know you've got

580
00:23:42,079 --> 00:23:49,399
some simple questions for Daniel Daniel

581
00:23:46,630 --> 00:23:51,110
year ago Daniel or maybe I can't even

582
00:23:49,400 --> 00:23:53,630
remember when it was I guess you all

583
00:23:51,109 --> 00:23:57,668
know I invented a origami big assist for

584
00:23:53,630 --> 00:23:57,669
James Randi and then you came to me yes

585
00:23:58,000 --> 00:24:02,599
Daniel came to me and said they were

586
00:24:00,890 --> 00:24:07,759
doing an issue the junior skeptics about

587
00:24:02,599 --> 00:24:09,019
dragons and that's correct and i decided

588
00:24:07,759 --> 00:24:10,429
to you would be so neat if there's a

589
00:24:09,019 --> 00:24:13,158
little little free something we could

590
00:24:10,429 --> 00:24:14,870
give away what about instructions for

591
00:24:13,159 --> 00:24:16,669
something else you know instructions can

592
00:24:14,869 --> 00:24:19,879
be given way around the world for zero

593
00:24:16,669 --> 00:24:24,169
dollars so what about a little puzzle

594
00:24:19,880 --> 00:24:26,390
little project and the Pegasus was so

595
00:24:24,169 --> 00:24:28,880
inspiring that I contacted Richard me

596
00:24:26,390 --> 00:24:31,940
and he suggested that he might do it and

597
00:24:28,880 --> 00:24:33,770
origami dragon and you could hit a

598
00:24:31,940 --> 00:24:35,450
little video glad to media yeah

599

00:24:33,769 --> 00:24:38,029
unfortunately the video was lost but I

600
00:24:35,450 --> 00:24:40,759
lost my youtube channel but of all the

601
00:24:38,029 --> 00:24:43,038
videos I had there that was one of the

602
00:24:40,759 --> 00:24:45,019
most downloaded in fact almost view to

603
00:24:43,038 --> 00:24:46,759
have every works it was rude and I get a

604
00:24:45,019 --> 00:24:49,668
lot of correspondence from people in

605
00:24:46,759 --> 00:24:51,379
South America I don't know why ever did

606
00:24:49,669 --> 00:24:52,550
I have Dryden's there they might have

607
00:24:51,380 --> 00:24:55,340
been

608
00:24:52,549 --> 00:24:57,829
I did you did you tell you that it had

609
00:24:55,339 --> 00:24:59,809
been downloaded 94,000 honor me as

610
00:24:57,829 --> 00:25:02,960
something like that something like even

611
00:24:59,809 --> 00:25:06,980
more than the biggest yeah that was a

612
00:25:02,960 --> 00:25:09,410
real surprise to me gratifying what a

613
00:25:06,980 --> 00:25:11,450

lot of fun yeah that was then I love

614

00:25:09,410 --> 00:25:13,660
simple things like that can make a big

615

00:25:11,450 --> 00:25:15,470
difference but most of the most of the

616

00:25:13,660 --> 00:25:17,120
correspondence I got back was just

617

00:25:15,470 --> 00:25:20,019
saying oh I could make it thank you

618

00:25:17,119 --> 00:25:22,039
because sometimes you especially people

619

00:25:20,019 --> 00:25:23,509
making origami and books or whatever

620

00:25:22,039 --> 00:25:25,339
they give up our fighters they can't

621

00:25:23,509 --> 00:25:27,440
possibly follow but I tried to make that

622

00:25:25,339 --> 00:25:29,329
nice and simple it was kind of idiot

623

00:25:27,440 --> 00:25:32,269
proof i managed to model my way back and

624

00:25:29,329 --> 00:25:34,549
just a couple of tries wrote back to me

625

00:25:32,269 --> 00:25:36,349
and said yeah I made it but it doesn't

626

00:25:34,549 --> 00:25:37,430
really look like a dragon so I wrote

627

00:25:36,349 --> 00:25:43,699
back saying well if you send me a

628
00:25:37,430 --> 00:25:45,650
photograph of a dragon I'll take before

629
00:25:43,700 --> 00:25:47,180
we get going questions deadly would you

630
00:25:45,650 --> 00:25:48,769
like to tell our audience else in the

631
00:25:47,180 --> 00:25:50,170
audience a little bit about yourself

632
00:25:48,769 --> 00:25:54,829
then a little bit about your background

633
00:25:50,170 --> 00:25:57,350
well I work for skeptic magazine which

634
00:25:54,829 --> 00:25:59,389
is which is the magazine produced by the

635
00:25:57,349 --> 00:26:02,149
skeptics society here in the United

636
00:25:59,390 --> 00:26:03,590
States it's nonprofit organization and

637
00:26:02,150 --> 00:26:07,009
instead because their quarterly magazine

638
00:26:03,589 --> 00:26:09,679
I do i do a number of things there but

639
00:26:07,009 --> 00:26:12,170
my name is the the junior skeptic

640
00:26:09,680 --> 00:26:14,509
section which is a 10 10 page

641
00:26:12,170 --> 00:26:17,269
illustrative kit sign section values the

642
00:26:14,509 --> 00:26:18,609
back of magazine and it typically four

643
00:26:17,269 --> 00:26:21,910
tackles

644
00:26:18,609 --> 00:26:24,428
a classic paranormal topics like exploit

645
00:26:21,910 --> 00:26:28,509
or pyramid power we do the crystal

646
00:26:24,429 --> 00:26:31,120
skulls & Dragons just for fun put the

647
00:26:28,509 --> 00:26:33,099
monsters and things about that night the

648
00:26:31,119 --> 00:26:35,048
usual fare for juniors it's the other

649
00:26:33,099 --> 00:26:37,269
great innocent of skepticism especially

650
00:26:35,048 --> 00:26:39,160
for the younger kids well you coming to

651
00:26:37,269 --> 00:26:41,619
who doesn't love a monster yes that's

652
00:26:39,160 --> 00:26:44,400
the thing and you know and people who

653
00:26:41,619 --> 00:26:47,639
write to write to us or contact me the

654
00:26:44,400 --> 00:26:51,460
adults very often say oh yeah you know

655
00:26:47,640 --> 00:26:53,620
even i reach the junior skeptic and I

656

00:26:51,460 --> 00:26:55,269
say well you know you don't have to be

657
00:26:53,619 --> 00:26:57,668
sheepish about it when when I was just a

658
00:26:55,269 --> 00:27:00,490
reader skeptic makin Jr skeptic which

659
00:26:57,669 --> 00:27:02,460
was created by Pat Lindsey and it was my

660
00:27:00,490 --> 00:27:06,190
favorite part I would turn to it first

661
00:27:02,460 --> 00:27:07,840
and that's the pattern Lily we hear

662
00:27:06,190 --> 00:27:09,970
sometimes a little bit a little sheepish

663
00:27:07,839 --> 00:27:11,798
liquid but most of our readers taught us

664
00:27:09,970 --> 00:27:14,140
that but in flip did you your skeptic

665
00:27:11,798 --> 00:27:16,418
first it's like reading the comics you

666
00:27:14,140 --> 00:27:17,830
know that it's you start with the start

667
00:27:16,419 --> 00:27:19,690
with the comics and then you go on to a

668
00:27:17,829 --> 00:27:22,539
these letters and book reviews and

669
00:27:19,690 --> 00:27:27,039
eventually get features at the end but

670
00:27:22,539 --> 00:27:29,678

yes it's people like monsters even in

671

00:27:27,039 --> 00:27:32,019

Australia if I we were just discussing

672

00:27:29,679 --> 00:27:33,669

and Rachel nodded i'm used to

673

00:27:32,019 --> 00:27:36,129

investigate a show here a few hours ago

674

00:27:33,669 --> 00:27:38,950

and just last week in australia we got a

675

00:27:36,130 --> 00:27:43,510

guy called Rex Gilroy who looks for

676

00:27:38,950 --> 00:27:46,000

Yowies Yowies Bigfoot Australia Bigfoot

677

00:27:43,509 --> 00:27:48,129

so-called Yogi's but he's also found you

678

00:27:46,000 --> 00:27:51,039

says evidence of a plesiosaur in the

679

00:27:48,130 --> 00:27:53,770

river north of sydney so when we go back

680

00:27:51,039 --> 00:27:56,490

dr. AG yeah we're going to realize look

681

00:27:53,769 --> 00:27:56,490

very pleased yourself

682

00:27:56,519 --> 00:28:07,288

can't wait tonight how good a big river

683

00:28:02,429 --> 00:28:07,288

yeah not by please use our standard

684

00:28:09,269 --> 00:28:14,169

Daniel are you aware that the man who

685
00:28:12,069 --> 00:28:16,599
thinks he's jesus lives next door to me

686
00:28:14,169 --> 00:28:25,450
and the man who thinks he's jesus is my

687
00:28:16,599 --> 00:28:26,980
color TV what am I saying I I I think

688
00:28:25,450 --> 00:28:30,669
you've just tested me and found me

689
00:28:26,980 --> 00:28:32,950
wanting oh I would take a stab at maybe

690
00:28:30,669 --> 00:28:36,129
a minute kind of work there no that was

691
00:28:32,950 --> 00:28:37,509
cooking the G speaks oh go to you there

692
00:28:36,128 --> 00:28:39,638
because it was our we first started

693
00:28:37,509 --> 00:28:42,909
chatting I believe we haven't shared a

694
00:28:39,638 --> 00:28:46,959
lot of comedy that's true and if that's

695
00:28:42,909 --> 00:28:49,809
you majored in theatre I did I did a

696
00:28:46,960 --> 00:28:51,879
little theatre back Rebecca in Bishop

697
00:28:49,808 --> 00:28:54,579
Bishop to university in Quebec Canada I

698
00:28:51,878 --> 00:28:57,250
did sat design and

699
00:28:54,579 --> 00:29:01,720
and that's good writing there but thank

700
00:28:57,250 --> 00:29:04,839
you no no acting I'm not not not at all

701
00:29:01,720 --> 00:29:09,429
by nature I'm very shy and a setting

702
00:29:04,839 --> 00:29:11,470
like this I find it kind of alarming hey

703
00:29:09,429 --> 00:29:17,500
I keep hoping them will get geo up here

704
00:29:11,470 --> 00:29:18,880
soon to do the funny and so even with

705
00:29:17,500 --> 00:29:20,500
the sum of the background that you had

706
00:29:18,880 --> 00:29:22,990
in theater did you ever come across many

707
00:29:20,500 --> 00:29:25,898
superstitions edge challenged you well

708
00:29:22,990 --> 00:29:31,179
we did a we did a production of the

709
00:29:25,898 --> 00:29:34,268
Scottish player and Sangha second is not

710
00:29:31,179 --> 00:29:38,679
a slice it's not like yeah that's what

711
00:29:34,269 --> 00:29:41,500
they call me fat me yeah yeah that was

712
00:29:38,679 --> 00:29:43,929
funnier so you know the usual kind of

713

00:29:41,500 --> 00:29:47,679
product and I will chat sensitive the

714
00:29:43,929 --> 00:29:50,048
theater superstitions bad that one being

715
00:29:47,679 --> 00:29:51,309
one that comes to mind so being a person

716
00:29:50,048 --> 00:29:54,609
who comes from a background in

717
00:29:51,308 --> 00:29:56,648
humanities I guess connecting with

718
00:29:54,609 --> 00:29:59,259
skepticism is something that doesn't

719
00:29:56,648 --> 00:30:01,569
readily come to mind and yet you seem to

720
00:29:59,259 --> 00:30:06,908
be quite an epic improvement allowing

721
00:30:01,569 --> 00:30:09,519
for all diversity well I I think modern

722
00:30:06,909 --> 00:30:12,460
skepticism is built to a huge degree on

723
00:30:09,519 --> 00:30:14,500
the humanities I mean 19 me you guys are

724
00:30:12,460 --> 00:30:17,110
your you're doing communication right

725
00:30:14,500 --> 00:30:20,169
now that's that's what I typically do is

726
00:30:17,109 --> 00:30:22,740
it might remain part of my job drawing

727
00:30:20,169 --> 00:30:24,860

pictures and telling stories and

728

00:30:22,740 --> 00:30:27,089

I'm kind of historical sleuthing and

729

00:30:24,859 --> 00:30:30,479

those those kinds of things are a lot of

730

00:30:27,089 --> 00:30:32,970

humanities disciplines it definitely you

731

00:30:30,480 --> 00:30:36,240

know skepticism got got its teeth into

732

00:30:32,970 --> 00:30:39,000

me very early in a junior high school

733

00:30:36,240 --> 00:30:41,009

line and I was really a committed salad

734

00:30:39,000 --> 00:30:43,500

for the time i was in freshman year of

735

00:30:41,009 --> 00:30:46,558

university discovered a huge huge stack

736

00:30:43,500 --> 00:30:48,900

of skeptical inquirer back issues and

737

00:30:46,558 --> 00:30:50,490

you know at that time when in 1993 I

738

00:30:48,900 --> 00:30:52,830

don't think skeptical inquirer was

739

00:30:50,490 --> 00:30:55,170

available on newsstands yet you know you

740

00:30:52,829 --> 00:30:57,269

have to have a university library in

741

00:30:55,170 --> 00:30:59,420

order to find it and read it this little

742
00:30:57,269 --> 00:31:03,869
journal format thing black and white and

743
00:30:59,420 --> 00:31:05,429
but I did too he was just like a cool

744
00:31:03,869 --> 00:31:09,178
cool drink of water for me it was

745
00:31:05,429 --> 00:31:11,490
wonderful if anyways Canada and

746
00:31:09,179 --> 00:31:13,530
Australia but the same I think I mean we

747
00:31:11,490 --> 00:31:14,910
both a part of the Commonwealth a head

748
00:31:13,529 --> 00:31:16,799
of state is still the Queen of England

749
00:31:14,910 --> 00:31:19,620
yeah it is a bit strange jealous it made

750
00:31:16,799 --> 00:31:21,480
the Big O she's on our coins if you

751
00:31:19,619 --> 00:31:22,919
didn't complete you don't much cricket

752
00:31:21,480 --> 00:31:25,230
in Canada I can't get my head around

753
00:31:22,920 --> 00:31:27,150
that not too much but they're the same

754
00:31:25,230 --> 00:31:29,640
in many ways I mean they're large their

755
00:31:27,150 --> 00:31:31,890
their population base is quite similar

756
00:31:29,640 --> 00:31:33,690
but culturally there

757
00:31:31,890 --> 00:31:35,940
very similar there by the resource

758
00:31:33,690 --> 00:31:38,180
extraction economies you use the venting

759
00:31:35,940 --> 00:31:43,710
system right yeah we should be sure do

760
00:31:38,180 --> 00:31:45,870
buddy it's a handsome mix you know no

761
00:31:43,710 --> 00:31:47,279
one in Canada knows what of minors but

762
00:31:45,869 --> 00:31:49,559
people don't have a really good sense of

763
00:31:47,279 --> 00:31:51,089
what a kilo is either they have to stop

764
00:31:49,559 --> 00:31:53,490
and think about it most people think in

765
00:31:51,089 --> 00:31:56,849
for everyday use people in Canada

766
00:31:53,490 --> 00:32:03,809
thinking feet and inches and pounds and

767
00:31:56,849 --> 00:32:06,059
hang kilometers I see well that's a good

768
00:32:03,809 --> 00:32:09,329
point nice and when I some of my

769
00:32:06,059 --> 00:32:11,460
generation in ventura came in 1973 in

770

00:32:09,329 --> 00:32:15,079
australia but i still think if we just

771
00:32:11,460 --> 00:32:17,910
tighten cleaned inches it's yes Trent

772
00:32:15,079 --> 00:32:21,240
yeah they somebody sometimes you'll get

773
00:32:17,910 --> 00:32:22,650
directions and in miles on the prairies

774
00:32:21,240 --> 00:32:25,529
is there everything's kind of ruled off

775
00:32:22,650 --> 00:32:28,290
and miles squares so I'll say you know

776
00:32:25,529 --> 00:32:31,559
go east for two miles and that's not

777
00:32:28,289 --> 00:32:35,730
helpful if you you know 99 miles or

778
00:32:31,559 --> 00:32:37,470
points of the compass I like and I like

779
00:32:35,730 --> 00:32:50,309
to thank Daniel oxen for being our first

780
00:32:37,470 --> 00:33:00,630
guest today and without any more have

781
00:32:50,309 --> 00:33:03,919
another drink come on I know I Mexicans

782
00:33:00,630 --> 00:33:03,920
I like to pull up amenities

783
00:33:06,950 --> 00:33:11,870
I'm sorry we start because we have to we

784
00:33:09,648 --> 00:33:15,739

have do we have an agreement oh yeah dr.

785

00:33:11,869 --> 00:33:17,538

H not have agreement the cameras

786

00:33:15,740 --> 00:33:19,519

explained and explained our agreement on

787

00:33:17,538 --> 00:33:22,009

Mike can and give a play-by-play what's

788

00:33:19,519 --> 00:33:25,880

happening oh you're everyone again quite

789

00:33:22,009 --> 00:33:27,379

an absolute I was going really weird we

790

00:33:25,880 --> 00:33:29,090

were you at least we investigated show

791

00:33:27,380 --> 00:33:32,899

back in Australia we have a bed of nails

792

00:33:29,089 --> 00:33:34,849

and one of the key parts about that is I

793

00:33:32,898 --> 00:33:38,178

lie down on the bed and ales and rate

794

00:33:34,849 --> 00:33:49,788

she walks all over my back and suggested

795

00:33:38,179 --> 00:33:53,480

that yeah genuine Australian Minty's a

796

00:33:49,788 --> 00:33:55,700

bed or more of a cot I'm gonna lay down

797

00:33:53,480 --> 00:34:01,278

now God we have not agreed to do this

798

00:33:55,700 --> 00:34:02,538

before I we never met except for this is

799

00:34:01,278 --> 00:34:04,130
part of the agreement and let it be

800

00:34:02,538 --> 00:34:05,419
known that if you come to cham and you

801

00:34:04,130 --> 00:34:07,700
want to walk on my back and I say you

802

00:34:05,419 --> 00:34:13,668
can we will eventually meet and will

803

00:34:07,700 --> 00:34:17,628
happen over there oh Christ it's I

804

00:34:13,668 --> 00:34:20,628
memory okay yo yo yo you are you yeah i

805

00:34:17,628 --> 00:34:24,858
think if you move the lord yeah that's

806

00:34:20,628 --> 00:34:26,809
fun so give the play-by-play here all

807

00:34:24,858 --> 00:34:28,039
right go for all right so this is this

808

00:34:26,809 --> 00:34:30,469
is based on physics

809

00:34:28,039 --> 00:34:33,559
so your physical enough to help chaucer

810

00:34:30,469 --> 00:34:53,839
evil she's a scientist do you want to

811

00:34:33,559 --> 00:35:05,449
pass it out please join me in welcoming

812

00:34:53,840 --> 00:35:10,430
a good friend George or even root that's

813
00:35:05,449 --> 00:35:13,569
what there you go look good yes but i

814
00:35:10,429 --> 00:35:16,639
think that would hello fellows fellows

815
00:35:13,570 --> 00:35:19,490
now geo there's a great Italian accent

816
00:35:16,639 --> 00:35:21,319
minus I'm fighting to not do it because

817
00:35:19,489 --> 00:35:22,909
I can't do it in front of you people

818
00:35:21,320 --> 00:35:24,260
because you will just you but I'm

819
00:35:22,909 --> 00:35:26,119
sitting there listening to you talk and

820
00:35:24,260 --> 00:35:28,670
just I just want to just very gently

821
00:35:26,119 --> 00:35:30,889
sort of that I can't I can't I can't

822
00:35:28,670 --> 00:35:32,389
walk over into that pot I can't do it

823
00:35:30,889 --> 00:35:34,129
okay because it's because it's terrible

824
00:35:32,389 --> 00:35:35,869
and to do it it's like I won't do my

825
00:35:34,130 --> 00:35:40,570
Canadian accent either just 44 daniel

826
00:35:35,869 --> 00:35:40,569
sorry I won't do my Canadian accent

827

00:35:42,309 --> 00:35:50,469
I figure the difference no I don't think

828
00:35:48,489 --> 00:35:52,539
this is this is necessary but for our

829
00:35:50,469 --> 00:35:54,250
listening audience Gino can you keep

830
00:35:52,539 --> 00:35:56,769
them a little bit of background badges

831
00:35:54,250 --> 00:36:05,260
oh sure I have a podcast called the

832
00:35:56,769 --> 00:36:07,690
geologic podcast I'm a musician I play

833
00:36:05,260 --> 00:36:08,890
drums i wear guitar I work with the

834
00:36:07,690 --> 00:36:14,440
fantastic slough I work with

835
00:36:08,889 --> 00:36:17,940
misinformation of course also and i am

836
00:36:14,440 --> 00:36:20,980
currently the most successful skeptic

837
00:36:17,940 --> 00:36:25,869
musician atheist podcasting person

838
00:36:20,980 --> 00:36:29,170
living in my apartment little story

839
00:36:25,869 --> 00:36:31,239
about Joe angina some he joined the 365

840
00:36:29,170 --> 00:36:34,990
days of a star B podcast which I'm sure

841
00:36:31,239 --> 00:36:36,879

award winning by the way award-winning

842

00:36:34,989 --> 00:36:39,239

it's right misinformation as if there it

843

00:36:36,880 --> 00:36:41,829

is award-winning parsec award-winning

844

00:36:39,239 --> 00:36:44,619

385 days I accepted on behalf of panel

845

00:36:41,829 --> 00:36:46,150

up she was doing something else and so

846

00:36:44,619 --> 00:36:48,609

yeah oh weird winning start that's

847

00:36:46,150 --> 00:36:51,970

fantastic and enjoying the podcast very

848

00:36:48,610 --> 00:36:54,280

much and I didn't realize it gio sang

849

00:36:51,969 --> 00:36:56,859

the the believe the theme that annoying

850

00:36:54,280 --> 00:37:00,720

themes that weasel every beginning and

851

00:36:56,860 --> 00:37:00,720

then I was finally moving

852

00:37:02,469 --> 00:37:08,959

I watched the clip on YouTube where he's

853

00:37:06,530 --> 00:37:10,730

skating around Bethel anism yes yes mile

854

00:37:08,960 --> 00:37:12,019

in town yes on these rollerblades and

855

00:37:10,730 --> 00:37:13,670

it's all spit out that he's driving

856
00:37:12,019 --> 00:37:15,380
backwards on this great i thought this

857
00:37:13,670 --> 00:37:17,030
is just fantastic because i could be a

858
00:37:15,380 --> 00:37:19,010
video producer myself completely

859
00:37:17,030 --> 00:37:20,390
appreciated that what he went through to

860
00:37:19,010 --> 00:37:22,099
do it because you had to do it in

861
00:37:20,389 --> 00:37:24,139
different speed because then you change

862
00:37:22,099 --> 00:37:26,359
the screen who was there singing you

863
00:37:24,139 --> 00:37:27,889
must look like a complete dog running

864
00:37:26,358 --> 00:37:30,679
around with a camera like this with that

865
00:37:27,889 --> 00:37:32,449
ordering the video oh yes absolutely the

866
00:37:30,679 --> 00:37:35,868
door I mean really I have different hats

867
00:37:32,449 --> 00:37:38,299
to put your glasses be like just yeah

868
00:37:35,869 --> 00:37:41,660
very much so I is invalid email just say

869
00:37:38,300 --> 00:37:43,910
I really appreciate it said GM your pick

870
00:37:41,659 --> 00:37:45,558
for 365 days of so many podcast it's

871
00:37:43,909 --> 00:37:47,598
really great to do my socks off please

872
00:37:45,559 --> 00:37:52,460
send them back that two weeks later in

873
00:37:47,599 --> 00:37:58,190
the post paper pair of socks and you

874
00:37:52,460 --> 00:38:00,380
have them are saying so okay all right

875
00:37:58,190 --> 00:38:02,780
here inside so I say it even pierre

876
00:38:00,380 --> 00:38:04,910
songs from australia so the next thing I

877
00:38:02,780 --> 00:38:07,010
know I get a series of photographs back

878
00:38:04,909 --> 00:38:11,598
from George and he's making origami with

879
00:38:07,010 --> 00:38:15,530
my socks so he goes this way poses that

880
00:38:11,599 --> 00:38:17,930
way they see you know to Canberra more

881
00:38:15,530 --> 00:38:20,839
it more morphed into a digital camera

882
00:38:17,929 --> 00:38:22,969
yes yes very very simple three-step you

883
00:38:20,838 --> 00:38:24,679
know then you just take a sock fold it

884

00:38:22,969 --> 00:38:29,838
over and then you grab a camera and take

885
00:38:24,679 --> 00:38:31,190
a picture okay nice that was a full

886
00:38:29,838 --> 00:38:34,250
ragama or whatever you are called yeah

887
00:38:31,190 --> 00:38:35,730
yeah yeah but seriously seriously as I

888
00:38:34,250 --> 00:38:37,710
was saying before my perspective

889
00:38:35,730 --> 00:38:39,840
do you use a video production work it

890
00:38:37,710 --> 00:38:48,240
really did learn myself so I think you

891
00:38:39,840 --> 00:38:58,769
have you see that Oh George you're a

892
00:38:48,239 --> 00:39:00,449
bitch 22 months is being what about fine

893
00:38:58,769 --> 00:39:04,820
interviews with you need to be yourself

894
00:39:00,449 --> 00:39:07,469
on episode 50 it's a little difficult

895
00:39:04,820 --> 00:39:10,369
I'm sure you have brilliant questions

896
00:39:07,469 --> 00:39:16,529
that no one else's thought of that hair

897
00:39:10,369 --> 00:39:20,850
nothing is off-limits ok your songs true

898
00:39:16,530 --> 00:39:22,650

I did write my songs what is the shag

899

00:39:20,849 --> 00:39:32,940

rug is my persona venture and can you

900

00:39:22,650 --> 00:39:34,950

demonstrate on which itself actually I

901

00:39:32,940 --> 00:39:36,510

could well if you have the boa if you

902

00:39:34,949 --> 00:39:38,399

have a feather boa the shag rug is my

903

00:39:36,510 --> 00:39:41,850

purse on adventures from a song that's

904

00:39:38,400 --> 00:39:45,420

called a simple sybian simple simeon and

905

00:39:41,849 --> 00:39:48,839

it's about there's a host of a

906

00:39:45,420 --> 00:39:51,809

children's show his name is the show was

907

00:39:48,840 --> 00:39:54,780

was a way to get slimed what the hell is

908

00:39:51,809 --> 00:39:55,799

that show called no no no that's another

909

00:39:54,780 --> 00:39:57,720

know this is like where you have

910

00:39:55,800 --> 00:40:00,210

challenged that game show double dare

911

00:39:57,719 --> 00:40:03,569

right mark mark summer summers yes Marc

912

00:40:00,210 --> 00:40:05,699

summers Marc summers thank you she's

913

00:40:03,570 --> 00:40:07,710
always Marc summers has OCD

914

00:40:05,699 --> 00:40:09,358
obsessive-compulsive disorder and I saw

915

00:40:07,710 --> 00:40:11,730
documentary about him and there was this

916

00:40:09,358 --> 00:40:13,650
sequence where Marc summers before he

917

00:40:11,730 --> 00:40:16,108
could leave his house would have to

918

00:40:13,650 --> 00:40:18,090
adjust the fringe on his rug into

919

00:40:16,108 --> 00:40:21,500
perfect parallel lines something like

920

00:40:18,090 --> 00:40:24,500
this so take this

921

00:40:21,500 --> 00:40:27,739
you would sit and just with his fingers

922

00:40:24,500 --> 00:40:32,869
very gently make all the little parallel

923

00:40:27,739 --> 00:40:35,599
lines parallel and uh and I thought hit

924

00:40:32,869 --> 00:40:37,819
every day this guy is as if he's stuck

925

00:40:35,599 --> 00:40:40,969
on a sinking ship and the only way you

926

00:40:37,820 --> 00:40:42,590
can get out is by adjusting the shag rug

927
00:40:40,969 --> 00:40:44,329
so shag rug is my Poseidon Adventure

928
00:40:42,590 --> 00:40:49,550
that's what that like that shot really

929
00:40:44,329 --> 00:40:52,279
oh we try to do our rinse Lulu we try to

930
00:40:49,550 --> 00:40:53,750
do errands right until our Wizards from

931
00:40:52,280 --> 00:40:56,570
a song called bebop which is about a

932
00:40:53,750 --> 00:41:01,610
former a piano player that I used to

933
00:40:56,570 --> 00:41:03,830
work for and just this idea of he he was

934
00:41:01,610 --> 00:41:06,440
a very technical player that didn't have

935
00:41:03,829 --> 00:41:08,029
much passion and we kept trying to get

936
00:41:06,440 --> 00:41:11,090
him to push himself to get out of his

937
00:41:08,030 --> 00:41:12,350
comfort zone and sometimes when you're

938
00:41:11,090 --> 00:41:13,880
planning really burning and you're in

939
00:41:12,349 --> 00:41:15,559
that red zone you feel like you're just

940
00:41:13,880 --> 00:41:16,700
really on fire and it's hot and things

941

00:41:15,559 --> 00:41:18,349
are swinging then it's cooking and it's

942
00:41:16,699 --> 00:41:20,149
great and you get to that point where

943
00:41:18,349 --> 00:41:22,969
just sometimes you just cool off so when

944
00:41:20,150 --> 00:41:25,010
you try so hard you just until your that

945
00:41:22,969 --> 00:41:26,659
read that fire is just gone and we

946
00:41:25,010 --> 00:41:29,300
couldn't we couldn't get him to kind of

947
00:41:26,659 --> 00:41:33,259
move beyond this little this is the sort

948
00:41:29,300 --> 00:41:36,680
of stylistic a iceberg he was frozen in

949
00:41:33,260 --> 00:41:37,820
so that's what that oh this is fun no

950
00:41:36,679 --> 00:41:41,359
one ever asked this stuff and there's

951
00:41:37,820 --> 00:41:44,390
answers to everything you know there's a

952
00:41:41,360 --> 00:41:46,849
little course in Bobby's an event yes

953
00:41:44,389 --> 00:41:49,299
which means a variety words which sound

954
00:41:46,849 --> 00:41:51,860
Ukrainian of usage I have to be

955
00:41:49,300 --> 00:41:53,870

something else you figure it out is it

956

00:41:51,860 --> 00:41:55,820

figure out a bull yes internally

957

00:41:53,869 --> 00:41:58,099

Williams Bart Barney's in the vent is

958

00:41:55,820 --> 00:42:01,460

normally it's like what can we do with

959

00:41:58,099 --> 00:42:04,179

skepticism and just go oh we should

960

00:42:01,460 --> 00:42:04,179

breed more

961

00:42:04,650 --> 00:42:09,690

need pills that maybe I don't know where

962

00:42:07,349 --> 00:42:11,220

we shouldn't what should we do you know

963

00:42:09,690 --> 00:42:13,798

so like this is great to have actual

964

00:42:11,219 --> 00:42:15,838

answers okay the song barneys in the

965

00:42:13,798 --> 00:42:17,639

vent is about mission impossible to TV

966

00:42:15,838 --> 00:42:19,679

show not the piece of movies but

967

00:42:17,639 --> 00:42:21,420

the TV show you know you're into the

968

00:42:19,679 --> 00:42:23,190

line of the 1980s we know the original

969

00:42:21,420 --> 00:42:24,750

the original one although the 1980s

970
00:42:23,190 --> 00:42:26,730
remake I understand was based on scripts

971
00:42:24,750 --> 00:42:28,829
from the original Australian Australian

972
00:42:26,730 --> 00:42:31,019
oh really oh yeah with Peter Graves is

973
00:42:28,829 --> 00:42:33,750
the one sir and the son of Barney okay

974
00:42:31,019 --> 00:42:36,659
now Barney was the technician guy now

975
00:42:33,750 --> 00:42:39,088
Barney was whenever the rest of the crew

976
00:42:36,659 --> 00:42:40,980
was in some fantastic locale wearing

977
00:42:39,088 --> 00:42:42,778
clothing like I'm wearing right now just

978
00:42:40,980 --> 00:42:45,990
miss nice tuxes and things like that

979
00:42:42,778 --> 00:42:48,059
poor Barney was in a vent some we're

980
00:42:45,989 --> 00:42:51,750
running the remote control now of course

981
00:42:48,059 --> 00:42:53,309
Barney was the black guy it's like yeah

982
00:42:51,750 --> 00:42:54,929
you go you go wait an event we're gonna

983
00:42:53,309 --> 00:43:01,410
go have cocktails with like you know the

984
00:42:54,929 --> 00:43:03,690
the governor of mold or whatever it's

985
00:43:01,409 --> 00:43:06,358
yeah fredonia the places like that you

986
00:43:03,690 --> 00:43:08,068
know so the course of that I actually

987
00:43:06,358 --> 00:43:10,920
went and found a mission impossible

988
00:43:08,068 --> 00:43:13,558
website that lists all of the you know

989
00:43:10,920 --> 00:43:15,990
they couldn't say that the mi force was

990
00:43:13,559 --> 00:43:18,990
in Czechoslovakia so they would be in

991
00:43:15,989 --> 00:43:21,179
you know gems Nick that was the country

992
00:43:18,989 --> 00:43:23,009
that ran you know and and because the

993
00:43:21,179 --> 00:43:24,929
because whatever so I found all these

994
00:43:23,010 --> 00:43:26,520
fictional names either they were fake

995
00:43:24,929 --> 00:43:28,889
Eastern European country names or they

996
00:43:26,519 --> 00:43:33,059
were fake South American names so you

997
00:43:28,889 --> 00:43:34,769
had yeah yeah well Tony oh yeah we're in

998

00:43:33,059 --> 00:43:36,790
the country of mole Tony really are you

999
00:43:34,769 --> 00:43:39,559
that's great

1000
00:43:36,789 --> 00:43:42,139
and that that's what is listed as your

1001
00:43:39,559 --> 00:43:44,360
as the core is that the pre solo is

1002
00:43:42,139 --> 00:43:48,170
happening is all these all these fake

1003
00:43:44,360 --> 00:43:49,370
countries that they visited so this is

1004
00:43:48,170 --> 00:43:52,809
on the other song that you mentioned

1005
00:43:49,369 --> 00:43:55,309
clear the plaintiff tech- is a nice

1006
00:43:52,809 --> 00:43:56,389
clear the oh okay yeah it's also from

1007
00:43:55,309 --> 00:43:57,679
yeah that's the another one of the

1008
00:43:56,389 --> 00:43:59,659
subsets of things yeah that's just a

1009
00:43:57,679 --> 00:44:01,159
list of kind of obsessive behavior the

1010
00:43:59,659 --> 00:44:05,690
idea you can't you can't stop eating

1011
00:44:01,159 --> 00:44:07,579
until the plate is done and the to look

1012
00:44:05,690 --> 00:44:09,019

like there's no problem like you have a

1013

00:44:07,579 --> 00:44:11,210

face like Mona Lisa like you you're

1014

00:44:09,019 --> 00:44:13,219

totally in control so that's the best

1015

00:44:11,210 --> 00:44:19,130

model uses advice is to not show your

1016

00:44:13,219 --> 00:44:21,079

show your hand actually I love no one

1017

00:44:19,130 --> 00:44:22,910

ever asks me in this much detail and I'm

1018

00:44:21,079 --> 00:44:24,259

always like you know there are some some

1019

00:44:22,909 --> 00:44:25,909

songs that are some songwriters that

1020

00:44:24,260 --> 00:44:27,110

sort of go real stream of consciousness

1021

00:44:25,909 --> 00:44:29,869

and they go I don't know what that's

1022

00:44:27,110 --> 00:44:31,250

really about there's a very few number

1023

00:44:29,869 --> 00:44:32,779

of teams that are like that pretty much

1024

00:44:31,250 --> 00:44:34,809

every single little thing that I put in

1025

00:44:32,780 --> 00:44:34,810

my

1026

00:44:34,900 --> 00:44:43,719

oh Jesus

1027
00:44:38,278 --> 00:44:52,739
Pence's ladies hit you see that feedback

1028
00:44:43,719 --> 00:44:55,749
was based on we ok we got done that

1029
00:44:52,739 --> 00:44:58,088
anyway so it's just nice to nice to be

1030
00:44:55,748 --> 00:44:59,259
has two other stuff oh well I don't know

1031
00:44:58,088 --> 00:45:03,509
who helped you ever get away with this

1032
00:44:59,259 --> 00:45:06,398
one um just how nasty used for reals I

1033
00:45:03,509 --> 00:45:11,699
don't know from well i know from some

1034
00:45:06,398 --> 00:45:15,188
personal experience but tori welles is a

1035
00:45:11,699 --> 00:45:19,269
famous or infamous well if it well known

1036
00:45:15,188 --> 00:45:23,078
a adult movie star we'll call it that uh

1037
00:45:19,268 --> 00:45:25,238
yeah so that was sure that she gets

1038
00:45:23,079 --> 00:45:27,818
pretty nasty she was pretty much is fine

1039
00:45:25,239 --> 00:45:29,380
see you know I'm sure rhyme dude it's

1040
00:45:27,818 --> 00:45:30,880
like you go on Google to find something

1041
00:45:29,380 --> 00:45:32,619
that rhymes with you know yet to sign

1042
00:45:30,880 --> 00:45:35,108
else so it's like I need a porn star

1043
00:45:32,619 --> 00:45:37,119
that rhymes tori welles perfect i get

1044
00:45:35,108 --> 00:45:40,088
speaking of nasty will there be enough

1045
00:45:37,119 --> 00:45:43,269
songs not about Nancy Clark another

1046
00:45:40,088 --> 00:45:45,489
every day no probably not i was i was i

1047
00:45:43,268 --> 00:45:48,458
was sued by a former employee of mine i

1048
00:45:45,489 --> 00:45:50,199
wrote a song about this employee well

1049
00:45:48,458 --> 00:45:52,618
supposedly no i wrote a song about her

1050
00:45:50,199 --> 00:45:52,619
and

1051
00:45:58,590 --> 00:46:05,380
I'm sorry I'm a peasant I'm sorry I'm

1052
00:46:02,320 --> 00:46:09,309
sorry um you saying that Richard after

1053
00:46:05,380 --> 00:46:18,450
what you and I did on his show you

1054
00:46:09,309 --> 00:46:21,340
remember us recruit I there was a 832

1055

00:46:18,449 --> 00:46:22,569
second 34 second song that I wrote which

1056
00:46:21,340 --> 00:46:24,280
was just using the syllables of

1057
00:46:22,570 --> 00:46:26,350
someone's name and then the word sucks

1058
00:46:24,280 --> 00:46:30,160
at the end very immature very silly or

1059
00:46:26,349 --> 00:46:34,839
stupid I was sued for fifty thousand

1060
00:46:30,159 --> 00:46:36,519
dollars and she won even though even

1061
00:46:34,840 --> 00:46:38,170
though the judges name was Simpson and I

1062
00:46:36,519 --> 00:46:41,679
thought this is a good sign you know

1063
00:46:38,170 --> 00:46:44,559
judge Simpson cool like yeah but no the

1064
00:46:41,679 --> 00:46:46,239
judge sort of deferred judgment he made

1065
00:46:44,559 --> 00:46:48,039
an outrageous judgment figuring we would

1066
00:46:46,239 --> 00:46:49,959
appeal now the attorney that I was using

1067
00:46:48,039 --> 00:46:52,599
was an attorney that you get when you

1068
00:46:49,960 --> 00:46:54,519
are a poor struggling starving artist

1069
00:46:52,599 --> 00:46:56,259

there's a great organization called the

1070

00:46:54,519 --> 00:46:58,300

Philadelphia lawyer lawyers for the Arts

1071

00:46:56,260 --> 00:47:01,390

where you go you show them your tax form

1072

00:46:58,300 --> 00:47:02,560

they kind of laugh for a second and then

1073

00:47:01,389 --> 00:47:04,359

they say sure it will represent you

1074

00:47:02,559 --> 00:47:07,509

because yeah how did you get here you

1075

00:47:04,360 --> 00:47:09,490

know where'd you get cab fare how did

1076

00:47:07,510 --> 00:47:10,510

you pay for the gas in your car and they

1077

00:47:09,489 --> 00:47:11,349

were presented me and they kind of

1078

00:47:10,510 --> 00:47:13,720

messed up because they missed the

1079

00:47:11,349 --> 00:47:15,460

deadline my attorney said you actually

1080

00:47:13,719 --> 00:47:16,809

should sue us is what you should do I

1081

00:47:15,460 --> 00:47:22,510

sort of said I'm not going to sue

1082

00:47:16,809 --> 00:47:25,779

anybody so so i ended up i sort of never

1083

00:47:22,510 --> 00:47:27,520

really wrote another song with lyrics

1084
00:47:25,780 --> 00:47:33,360
but there is a song called litigious

1085
00:47:27,519 --> 00:47:33,360
bitch which it's an instrumental

1086
00:47:33,858 --> 00:47:41,818
depletion of trial and error and trial

1087
00:47:40,199 --> 00:47:43,289
and area trial error has an actual

1088
00:47:41,818 --> 00:47:45,329
little snippet from the trial the trial

1089
00:47:43,289 --> 00:47:50,969
was about 60 minutes long it was like

1090
00:47:45,329 --> 00:47:54,510
this great episode of Law & n haha and

1091
00:47:50,969 --> 00:47:56,338
and so it within within the within the

1092
00:47:54,510 --> 00:47:57,750
song which is also instrumental there is

1093
00:47:56,338 --> 00:48:00,150
an actual transcript from the trial

1094
00:47:57,750 --> 00:48:01,769
which to me was that was the crux of the

1095
00:48:00,150 --> 00:48:04,019
biscuit of the whole trial was in that

1096
00:48:01,769 --> 00:48:05,338
little was like five lines yeah can I

1097
00:48:04,019 --> 00:48:07,108
ask you about that do because you did a

1098
00:48:05,338 --> 00:48:09,449
whole episode where you did all the

1099
00:48:07,108 --> 00:48:12,179
voices yes the people from the trial

1100
00:48:09,449 --> 00:48:15,000
right and right out the judgment yes how

1101
00:48:12,179 --> 00:48:16,618
is that Commission to do that on oh yeah

1102
00:48:15,000 --> 00:48:18,780
that's that that's public public record

1103
00:48:16,619 --> 00:48:21,539
yeah so once you which is the funniest

1104
00:48:18,780 --> 00:48:24,030
thing is all of the headache and all of

1105
00:48:21,539 --> 00:48:27,568
the weirdness and all of the the years

1106
00:48:24,030 --> 00:48:29,700
of just garbage we had to go through was

1107
00:48:27,568 --> 00:48:33,259
all worth it because at one point they

1108
00:48:29,699 --> 00:48:36,358
had to play the song in the corner and

1109
00:48:33,260 --> 00:48:40,319
it was n number one it's now in the

1110
00:48:36,358 --> 00:48:43,500
public record forever number two it was

1111
00:48:40,318 --> 00:48:45,869
such kind of this Python moment of I I'm

1112

00:48:43,500 --> 00:48:48,780
sitting there saying don't smile too

1113
00:48:45,869 --> 00:48:51,150
broadly like you're gonna don't smile

1114
00:48:48,780 --> 00:48:53,579
don't don't and i just couldnt just

1115
00:48:51,150 --> 00:48:56,338
grinning and the witness another witness

1116
00:48:53,579 --> 00:48:57,869
who was a co-worker she's trying to hold

1117
00:48:56,338 --> 00:49:01,170
back a smile even though she was a

1118
00:48:57,869 --> 00:49:02,760
witness for the prosecution my attorney

1119
00:49:01,170 --> 00:49:06,630
says it's kind of funny isn't it she's

1120
00:49:02,760 --> 00:49:08,369
like its humors yes okay you know what

1121
00:49:06,630 --> 00:49:11,460
that's worth 50 grand right there that's

1122
00:49:08,369 --> 00:49:13,890
right that's what that was now to wrap

1123
00:49:11,460 --> 00:49:15,240
it up both okay so put this question to

1124
00:49:13,889 --> 00:49:18,598
you because it's I find it very

1125
00:49:15,239 --> 00:49:22,529
interesting i know i've spoken to steve

1126
00:49:18,599 --> 00:49:22,860

another about this being just really

1127

00:49:22,530 --> 00:49:26,070

nice

1128

00:49:22,860 --> 00:49:28,710

we are deeply deeply concerned involved

1129

00:49:26,070 --> 00:49:32,820

in skepticism also if you Daniel how do

1130

00:49:28,710 --> 00:49:34,860

you allocate your time what weight you

1131

00:49:32,820 --> 00:49:37,860

put on this project of that book project

1132

00:49:34,860 --> 00:49:39,870

like personally I maybe I do too much

1133

00:49:37,860 --> 00:49:43,140

but I find it so important like I do

1134

00:49:39,869 --> 00:49:44,339

didn't get a lot of time to my wife's in

1135

00:49:43,139 --> 00:49:46,559

the audience I think she'll tell you

1136

00:49:44,340 --> 00:49:53,579

that I just spend all of my time yeah

1137

00:49:46,559 --> 00:49:55,489

she's not I know I was just laughing

1138

00:49:53,579 --> 00:50:00,630

with the guys in my studio about this

1139

00:49:55,489 --> 00:50:02,399

basically my the sort of fun fundamental

1140

00:50:00,630 --> 00:50:04,470

tasks that I have to do during a quarter

1141
00:50:02,400 --> 00:50:06,480
are more or less enough to take out the

1142
00:50:04,469 --> 00:50:08,250
entire quarter but I do a lot of extra

1143
00:50:06,480 --> 00:50:12,360
projects and so all of it all of those

1144
00:50:08,250 --> 00:50:14,789
projects whenever I feel you know the

1145
00:50:12,360 --> 00:50:18,450
need to write a manifesto something like

1146
00:50:14,789 --> 00:50:19,980
that you know it comes at the expense of

1147
00:50:18,449 --> 00:50:22,949
some other desperate deadline I have

1148
00:50:19,980 --> 00:50:25,619
that's right so you know it's always the

1149
00:50:22,949 --> 00:50:27,119
wrong reckless decision to take on one

1150
00:50:25,619 --> 00:50:29,329
of those projects and yet sometimes you

1151
00:50:27,119 --> 00:50:32,009
just have to yeah you know if there's a

1152
00:50:29,329 --> 00:50:34,650
faith healer coming to your town or if

1153
00:50:32,010 --> 00:50:37,470
there's you know somebody trying to sink

1154
00:50:34,650 --> 00:50:40,710
a piece of responsible legislation you

1155
00:50:37,469 --> 00:50:42,689
have to get to speak up when you have to

1156
00:50:40,710 --> 00:50:44,639
speak up and sometimes it's timely or

1157
00:50:42,690 --> 00:50:46,260
sometimes it's just a matter of not

1158
00:50:44,639 --> 00:50:48,210
being willing to leave a million

1159
00:50:46,260 --> 00:50:50,370
projects and the half done folder

1160
00:50:48,210 --> 00:50:52,019
forever so that sometimes you just have

1161
00:50:50,369 --> 00:50:56,250
to have two floor at and hope for the

1162
00:50:52,019 --> 00:50:59,780
best George yeah for me is skepticism is

1163
00:50:56,250 --> 00:51:02,130
such a such a tool in such a part of

1164
00:50:59,780 --> 00:51:04,410
every day every decision that you make

1165
00:51:02,130 --> 00:51:07,019
on some level you know in percentage

1166
00:51:04,409 --> 00:51:08,159
wise that I feel no matter what I'm

1167
00:51:07,019 --> 00:51:11,489
doing on whether I'm working on

1168
00:51:08,159 --> 00:51:14,099
something specifically for a skeptical

1169

00:51:11,489 --> 00:51:16,279
project song or a video or an

1170
00:51:14,099 --> 00:51:19,019
interviewer or you know going to tab

1171
00:51:16,280 --> 00:51:21,300
that's one thing but just in everyday

1172
00:51:19,019 --> 00:51:23,030
existence it's such a sort of key part

1173
00:51:21,300 --> 00:51:25,580
that I feel I get the kind of

1174
00:51:23,030 --> 00:51:28,430
utilize it and do it all the time I'm

1175
00:51:25,579 --> 00:51:32,029
very lucky in that what I do has

1176
00:51:28,429 --> 00:51:33,469
afforded me the opportunity to let's put

1177
00:51:32,030 --> 00:51:35,390
it this way every bit of effort that

1178
00:51:33,469 --> 00:51:38,809
I've put into a skeptical project has

1179
00:51:35,389 --> 00:51:40,969
paid paid off paid back I'm a million

1180
00:51:38,809 --> 00:51:43,309
foam hearing there is no reason that you

1181
00:51:40,969 --> 00:51:46,519
guys should know who I am in terms of

1182
00:51:43,309 --> 00:51:50,029
logistics and soon will return back to

1183
00:51:46,519 --> 00:51:52,130

not know it's somehow you know you saw

1184

00:51:50,030 --> 00:51:53,630
this video that I did and and the

1185

00:51:52,130 --> 00:51:55,820
somehow the right people from the

1186

00:51:53,630 --> 00:51:57,769
giraffe and from Tam got involved in

1187

00:51:55,820 --> 00:51:59,750
Sutton it's like every little sort of

1188

00:51:57,769 --> 00:52:01,460
bit of effort that you put in at some

1189

00:51:59,750 --> 00:52:02,960
point writing a song like skeptic which

1190

00:52:01,460 --> 00:52:06,349
I wrote ten years ago when I was

1191

00:52:02,960 --> 00:52:08,510
visiting London with Slough and I didn't

1192

00:52:06,349 --> 00:52:10,639
sit down and think this will lead to a

1193

00:52:08,510 --> 00:52:14,900
panel panel the discussion with james

1194

00:52:10,639 --> 00:52:16,250
randi give its time that's not how I was

1195

00:52:14,900 --> 00:52:17,660
thinking but yet there was a lot of work

1196

00:52:16,250 --> 00:52:19,250
to finish the song and do it and someone

1197

00:52:17,659 --> 00:52:20,839
connected with it and saw something in

1198
00:52:19,250 --> 00:52:21,980
it and then when I met Jeff why I use

1199
00:52:20,840 --> 00:52:23,120
like oh you should do this and then you

1200
00:52:21,980 --> 00:52:24,920
make the other person yeah and that's

1201
00:52:23,119 --> 00:52:28,250
how it works so any effort that you put

1202
00:52:24,920 --> 00:52:30,470
in and that's also the cool thing to

1203
00:52:28,250 --> 00:52:34,039
tell your listeners is that you can be a

1204
00:52:30,469 --> 00:52:35,269
complete nobody and have a tremendous

1205
00:52:34,039 --> 00:52:37,969
influence you know whether you're

1206
00:52:35,269 --> 00:52:39,980
hosting you know a bit of a radio

1207
00:52:37,969 --> 00:52:41,779
program on your website so that it can't

1208
00:52:39,980 --> 00:52:43,369
get taken down from someplace else it is

1209
00:52:41,780 --> 00:52:44,720
such a vital link in this sort of

1210
00:52:43,369 --> 00:52:47,029
skeptical chain that we're building and

1211
00:52:44,719 --> 00:52:48,469
anyone can be a part of it as long as as

1212
00:52:47,030 --> 00:52:51,050
long as you're doing it with a certain

1213
00:52:48,469 --> 00:52:53,029
enthusiasm at a certain of genuineness

1214
00:52:51,050 --> 00:52:55,340
yes and that's what's so cool I then

1215
00:52:53,030 --> 00:52:57,320
that's I'm that I'm the poster boy for

1216
00:52:55,340 --> 00:52:59,240
that because i have no degrees in

1217
00:52:57,320 --> 00:53:01,070
anything so you know who you are person

1218
00:52:59,239 --> 00:53:03,409
is on us that's true yes the little

1219
00:53:01,070 --> 00:53:06,280
poster boy any please join me thanking

1220
00:53:03,409 --> 00:53:06,279
our guests today

1221
00:53:12,289 --> 00:53:18,089

1231
00:54:46,699 --> 00:54:52,009
makes us all very very very sad that we

1232
00:54:48,710 --> 00:54:54,440

00:55:16,550 --> 00:55:20,869

step yes if you can't make these

1246

00:55:18,320 --> 00:55:24,530

wonderful convention next year in Sydney

1247

00:55:20,869 --> 00:55:26,720

Oh Marga diary November the 26 to the 28

1248

00:55:24,530 --> 00:55:30,320

1249

00:55:26,719 --> 00:55:31,608

fabulous convention oh it's gonna be a

1250

00:55:30,320 --> 00:55:33,559

huge one the Australian skeptics

1251

00:55:31,608 --> 00:55:35,779

National Convention and maybe there's

1252

00:55:33,559 --> 00:55:38,090

some more information we can tell you in

1253

00:55:35,780 --> 00:55:41,060

a couple of weeks about that but for now

1254

00:55:38,090 --> 00:55:43,309

but for now our special guests will be

1255
00:55:41,059 --> 00:55:45,380
