

1
00:00:15,619 --> 00:00:25,850
hey what's up everybody I'm Emmett Joe

2
00:00:21,289 --> 00:00:28,699
and we are the UF o Bros and here today

3
00:00:25,850 --> 00:00:31,189
we're with fellow bro as our special

4
00:00:28,699 --> 00:00:36,250
guest he's got a lot of information

5
00:00:31,189 --> 00:00:38,030
about the Nazi bell and Nazis

6
00:00:36,250 --> 00:00:41,000
technologies and maybe some people

7
00:00:38,030 --> 00:00:43,760
haven't heard about so give a round of

8
00:00:41,000 --> 00:00:46,939
applause for AJ is back everybody a big

9
00:00:43,759 --> 00:00:49,070
round of applause for AJ welcome to

10
00:00:46,939 --> 00:00:50,710
what's up guys how's it going good how

11
00:00:49,070 --> 00:00:53,719
are you doing today

12
00:00:50,710 --> 00:00:56,000
excellent excellent how excited are you

13
00:00:53,719 --> 00:00:58,550
about tonight's topic I'm like really

14
00:00:56,000 --> 00:01:01,189
excited about talking about this topic

15
00:00:58,549 --> 00:01:03,140
tonight yeah very excited it's pretty

16
00:01:01,189 --> 00:01:06,200
cool you know a lot of history a lot of

17
00:01:03,140 --> 00:01:07,640
stuff happening in that time period it's

18
00:01:06,200 --> 00:01:09,170
one of my favorite times to look back

19
00:01:07,640 --> 00:01:12,039
through you know that what was the

20
00:01:09,170 --> 00:01:14,868
period we were talking about like 33

21
00:01:12,039 --> 00:01:19,399
video like this one is in the 30s and

22
00:01:14,868 --> 00:01:22,849
40s especially in the 40s yes yes that

23
00:01:19,399 --> 00:01:26,929
seems to be where I think based on our

24
00:01:22,849 --> 00:01:29,659
past conversation based on our past

25
00:01:26,929 --> 00:01:31,099
conversation you're it you're just

26
00:01:29,659 --> 00:01:33,170
telling about all these technologies

27
00:01:31,099 --> 00:01:34,819
that they were developing and that's

28
00:01:33,170 --> 00:01:46,399
what actually piqued my interest in this

29

00:01:34,819 --> 00:01:47,829
whole topic so tonight Dan it's kind of

30
00:01:46,399 --> 00:01:50,390
like a fun night

31
00:01:47,829 --> 00:01:52,399
conspiracy type topic to talk about what

32
00:01:50,390 --> 00:01:56,179
you can going so many directions but you

33
00:01:52,399 --> 00:01:58,159
know you cannot rule out the Nazis and

34
00:01:56,179 --> 00:02:00,739
what they were experimenting with what a

35
00:01:58,159 --> 00:02:03,530
UFO is when you get into the whole you

36
00:02:00,739 --> 00:02:05,270
know UFO research you know I think when

37
00:02:03,530 --> 00:02:07,909
people first get in they think of just

38
00:02:05,269 --> 00:02:11,780
grays and typical flying saucers but

39
00:02:07,909 --> 00:02:13,789
when you stop you know just reading

40
00:02:11,780 --> 00:02:15,770
books by like you know Pete of a vendor

41
00:02:13,789 --> 00:02:17,900
or like Joseph Ferrell and those guys

42
00:02:15,770 --> 00:02:20,989
really go deep into that whole Nazi UFO

43
00:02:17,900 --> 00:02:23,209

history and World War two and what

44

00:02:20,989 --> 00:02:24,210

really happened after the war you cannot

45

00:02:23,209 --> 00:02:27,000

rule out that

46

00:02:24,210 --> 00:02:29,939

now a lot of the crap that you saw in

47

00:02:27,000 --> 00:02:36,270

that you know 30 to 40 year period was a

48

00:02:29,939 --> 00:02:39,990

hundred percent you know German made

49

00:02:36,270 --> 00:02:42,300

Nazi made for sure and yeah

50

00:02:39,990 --> 00:02:43,740

yeah we're gonna dive into I was

51

00:02:42,300 --> 00:02:45,630

thinking of and I want to get your

52

00:02:43,740 --> 00:02:49,290

opinion on this taking it maybe in two

53

00:02:45,629 --> 00:02:51,930

separate kind of things like one we're

54

00:02:49,289 --> 00:02:54,780

gonna talk about the Bell which is you

55

00:02:51,930 --> 00:02:57,480

know a whole from what I understand kind

56

00:02:54,780 --> 00:03:00,180

of the genesis of their technological

57

00:02:57,479 --> 00:03:01,829

ability back then and then we can

58
00:03:00,180 --> 00:03:03,780
separate it out and then I'm gonna ask

59
00:03:01,830 --> 00:03:06,510
you some questions about the flying

60
00:03:03,780 --> 00:03:07,979
saucers and some of the things that you

61
00:03:06,509 --> 00:03:10,739
had suggested that I thought was super

62
00:03:07,979 --> 00:03:13,219
intriguing about you know the display of

63
00:03:10,740 --> 00:03:15,600
the UFO fleet over the White House and

64
00:03:13,219 --> 00:03:18,569
some of those things I think could very

65
00:03:15,599 --> 00:03:20,400
well be tied to Nazi Germany like you

66
00:03:18,569 --> 00:03:24,359
would suggested so we're gonna talk

67
00:03:20,400 --> 00:03:27,659
about the Nazi bell and I was like yeah

68
00:03:24,360 --> 00:03:29,520
you know the History Channel ancient

69
00:03:27,659 --> 00:03:33,299
aliens they've all touched on this

70
00:03:29,520 --> 00:03:36,060
subject unsealed alien files all that

71
00:03:33,300 --> 00:03:38,580
good stuff and I didn't really find it

72
00:03:36,060 --> 00:03:40,500
that interesting until I started

73
00:03:38,580 --> 00:03:43,140
watching some documentaries about it and

74
00:03:40,500 --> 00:03:46,310
realizing that there are some

75
00:03:43,139 --> 00:03:49,889
correlations with this story along with

76
00:03:46,310 --> 00:03:51,750
many other sort of stories in the

77
00:03:49,889 --> 00:03:55,169
ufology world mainly about how the

78
00:03:51,750 --> 00:03:57,449
technology works and the foundation of

79
00:03:55,169 --> 00:03:59,759
the technology of this so-called Bell or

80
00:03:57,449 --> 00:04:01,099
as they called die Glocke and I don't

81
00:03:59,759 --> 00:04:04,109
know if I'm pronouncing that correctly

82
00:04:01,099 --> 00:04:07,769
but that's okay Thank You oxide that

83
00:04:04,110 --> 00:04:10,950
glow that's alright that's okay

84
00:04:07,770 --> 00:04:13,740
so they essentially in a nutshell we're

85
00:04:10,949 --> 00:04:17,310
gonna tell you about this this this Nazi

86

00:04:13,740 --> 00:04:19,889
bell now I don't know entirely where the

87
00:04:17,310 --> 00:04:23,850
idea came up but I'm just gonna kind of

88
00:04:19,889 --> 00:04:26,219
run through what it is and essentially

89
00:04:23,850 --> 00:04:29,340
it was I guess you could wrap it up in a

90
00:04:26,220 --> 00:04:31,120
sentence as an antigravity engine that's

91
00:04:29,339 --> 00:04:33,339
a good way to just

92
00:04:31,120 --> 00:04:36,100
drive it yeah that's a that's a great

93
00:04:33,339 --> 00:04:38,859
description of it because I could go on

94
00:04:36,100 --> 00:04:40,510
about all that's like all night about

95
00:04:38,860 --> 00:04:43,180
all this technical things I learned and

96
00:04:40,509 --> 00:04:44,978
I think in a nutshell that's basically

97
00:04:43,180 --> 00:04:47,949
just what it is and I'm interested to

98
00:04:44,978 --> 00:04:50,050
find out how that's going to work in to

99
00:04:47,949 --> 00:04:52,270
other technologies that they had so I'm

100
00:04:50,050 --> 00:04:55,150

going to ask you that later but so

101

00:04:52,269 --> 00:04:59,289

apparently they had the ability to

102

00:04:55,149 --> 00:05:01,439

manipulate gravity or anti-gravity if

103

00:04:59,290 --> 00:05:07,080

you'd like to call it that as well by

104

00:05:01,439 --> 00:05:11,199

having two counter-rotating I believe

105

00:05:07,079 --> 00:05:15,099

flowing metal liquid okay I don't know

106

00:05:11,199 --> 00:05:18,100

if the second rotating plate was a

107

00:05:15,100 --> 00:05:20,949

second rotating piece was a plate or if

108

00:05:18,100 --> 00:05:24,010

it was a liquid but I can tell you that

109

00:05:20,949 --> 00:05:25,960

the description of the I guess you could

110

00:05:24,009 --> 00:05:29,709

say this is sort of the fuel or what

111

00:05:25,959 --> 00:05:32,349

creates the anti-gravity field is the

112

00:05:29,709 --> 00:05:37,538

energy source the energy source exactly

113

00:05:32,350 --> 00:05:39,460

is source is that I here's what people

114

00:05:37,538 --> 00:05:41,620

describe to us because I guess they're

115
00:05:39,459 --> 00:05:43,839
not entirely certain what the fluid was

116
00:05:41,620 --> 00:05:46,269
that they used to spin at such a rapid

117
00:05:43,839 --> 00:05:49,779
speed but it was described as like a

118
00:05:46,269 --> 00:05:53,529
reddish maroon color very heavily heavy

119
00:05:49,779 --> 00:05:56,168
to me very heavy density sort of liquid

120
00:05:53,529 --> 00:06:00,069
so a lot of people liken that to mercury

121
00:05:56,168 --> 00:06:03,819
think you didn't need yeah exactly and

122
00:06:00,069 --> 00:06:07,439
like a new mercury blend yep absolutely

123
00:06:03,819 --> 00:06:11,319
when these I guess counter rotating

124
00:06:07,439 --> 00:06:14,500
mechanisms were turned on and they did

125
00:06:11,319 --> 00:06:16,240
that with like high pulse high current

126
00:06:14,500 --> 00:06:20,038
electricity to do that like to get this

127
00:06:16,240 --> 00:06:23,680
thing to spin or I don't know exactly

128
00:06:20,038 --> 00:06:25,629
how they did it but when it did there

129
00:06:23,680 --> 00:06:28,930
was all kinds of effects from this thing

130
00:06:25,629 --> 00:06:33,639
of course anti-gravity was one of them

131
00:06:28,930 --> 00:06:37,538
and the other it was it was this search

132
00:06:33,639 --> 00:06:39,129
I'm sorry it was this search for like

133
00:06:37,538 --> 00:06:41,408
the zero-point energy

134
00:06:39,129 --> 00:06:42,158
they're always ever like that yeah do

135
00:06:41,408 --> 00:06:43,870
you know what I mean

136
00:06:42,158 --> 00:06:45,879
no that's an interesting point

137
00:06:43,870 --> 00:06:48,639
I was just gonna actually ask you about

138
00:06:45,879 --> 00:06:52,089
that what is there what was their

139
00:06:48,639 --> 00:06:54,909
motivation for building this Bell what

140
00:06:52,089 --> 00:06:56,799
was their purpose what made him even get

141
00:06:54,910 --> 00:06:58,030
into looking and finding in front of

142
00:06:56,800 --> 00:07:00,270
this technology what it what have you

143

00:06:58,029 --> 00:07:00,269
found

144
00:07:00,509 --> 00:07:05,079
well they're always into like you know

145
00:07:03,250 --> 00:07:07,209
strange things like that and they will

146
00:07:05,079 --> 00:07:10,689
always exploring different avenues of

147
00:07:07,209 --> 00:07:13,509
Technology and science and you know they

148
00:07:10,689 --> 00:07:16,509
were interesting a call obviously not

149
00:07:13,509 --> 00:07:18,310
seasoned I think that you know

150
00:07:16,509 --> 00:07:21,370
especially when Hitler finally gained

151
00:07:18,310 --> 00:07:25,240
power I think he urged his scientists to

152
00:07:21,370 --> 00:07:28,660
you know explore different you know

153
00:07:25,240 --> 00:07:31,300
different avenues of you know scientific

154
00:07:28,660 --> 00:07:33,070
you know technological devices secret

155
00:07:31,300 --> 00:07:36,670
weapons things like that absolutely

156
00:07:33,069 --> 00:07:40,329
secret weapons but the you know that

157
00:07:36,670 --> 00:07:45,310

Glock the Bell I think that definitely

158

00:07:40,329 --> 00:07:47,589

was not so much you know I think think

159

00:07:45,310 --> 00:07:50,139

of as a weapon right up front I think it

160

00:07:47,589 --> 00:07:52,529

was more their you know constant search

161

00:07:50,139 --> 00:07:55,889

for that zero point energy anti gravity

162

00:07:52,529 --> 00:07:58,419

getting that down and making a you know

163

00:07:55,889 --> 00:08:00,699

crafts out of that and obviously the end

164

00:07:58,420 --> 00:08:02,259

goal would be to weaponize those crafts

165

00:08:00,699 --> 00:08:06,129

you know and in running their enemies

166

00:08:02,259 --> 00:08:09,430

you know and I think that was the

167

00:08:06,129 --> 00:08:12,250

beginning the origin of what they I

168

00:08:09,430 --> 00:08:14,980

think essentially used to you know they

169

00:08:12,250 --> 00:08:16,930

probably miniaturize it made its you all

170

00:08:14,980 --> 00:08:19,360

cuz the bail is huge you know it was

171

00:08:16,930 --> 00:08:21,699

this big thing that glowed and it's like

172
00:08:19,360 --> 00:08:23,500
cover it is something like 15 feet tall

173
00:08:21,699 --> 00:08:26,740
or something like that it was yeah it

174
00:08:23,500 --> 00:08:28,480
was really big and bulky and you know

175
00:08:26,740 --> 00:08:30,720
but I think that they learned a lot from

176
00:08:28,480 --> 00:08:33,970
that because I mean again it was a

177
00:08:30,720 --> 00:08:36,220
primarily a scientific experiment that

178
00:08:33,970 --> 00:08:38,350
they were working on you know but that

179
00:08:36,220 --> 00:08:40,509
was the power sauce I think that was

180
00:08:38,350 --> 00:08:41,980
what they were you know a you know what

181
00:08:40,509 --> 00:08:45,929
they accomplished and they were able to

182
00:08:41,980 --> 00:08:49,480
you know pop that into a you know

183
00:08:45,929 --> 00:08:51,849
so-called UFO you know like saucer you

184
00:08:49,480 --> 00:08:54,670
know right shape once you know what this

185
00:08:51,850 --> 00:08:56,110
technology that they're they seem to be

186
00:08:54,669 --> 00:09:00,110
meddling in

187
00:08:56,110 --> 00:09:02,330
reminds me of the Vimanas and for those

188
00:09:00,110 --> 00:09:06,769
of you who follow ancient aliens that's

189
00:09:02,330 --> 00:09:09,259
from the Sanskrit you know text back in

190
00:09:06,769 --> 00:09:11,090
I guess when was that I don't even know

191
00:09:09,259 --> 00:09:13,850
the whole the exact story but it's

192
00:09:11,090 --> 00:09:16,340
basically these ancient texts that

193
00:09:13,850 --> 00:09:20,240
describe flying machines that are called

194
00:09:16,340 --> 00:09:21,350
Vimanas and the power source in as

195
00:09:20,240 --> 00:09:23,930
described

196
00:09:21,350 --> 00:09:27,500
believe it or not in these script texts

197
00:09:23,929 --> 00:09:29,719
actually tells you like how these flying

198
00:09:27,500 --> 00:09:32,419
Vimanas worked and you know and in many

199
00:09:29,720 --> 00:09:36,860
ways the one thing that I did find that

200

00:09:32,419 --> 00:09:39,349
is similar is these fluids these metal

201
00:09:36,860 --> 00:09:41,180
these heavy metal fluids that they seem

202
00:09:39,350 --> 00:09:44,710
to spin seems very similar

203
00:09:41,179 --> 00:09:44,709
have you made any connection with that

204
00:09:44,769 --> 00:09:48,350
um nothing

205
00:09:46,639 --> 00:09:50,120
lemnoc I thought it but now that you say

206
00:09:48,350 --> 00:09:52,779
it that's definitely a connection sounds

207
00:09:50,120 --> 00:09:56,389
extremely similar you know or at least

208
00:09:52,779 --> 00:09:57,980
you know very much the same how they how

209
00:09:56,389 --> 00:09:59,629
they got the idea from because

210
00:09:57,980 --> 00:10:03,259
definitely the Bell was exactly what

211
00:09:59,629 --> 00:10:06,259
what you said you know exactly they

212
00:10:03,259 --> 00:10:08,539
described it in the Vimanas in the Vedas

213
00:10:06,259 --> 00:10:10,909
is basically they said it was the same

214
00:10:08,539 --> 00:10:13,099

thing two rotating cylinders filled with

215

00:10:10,909 --> 00:10:15,169

like a you know mercury and you know

216

00:10:13,100 --> 00:10:16,460

kind of glow it as well I guess in the

217

00:10:15,169 --> 00:10:17,990

night when they were testing at mainly

218

00:10:16,460 --> 00:10:20,540

at night they could see that it glowed

219

00:10:17,990 --> 00:10:22,250

so you know I'm not familiar with what

220

00:10:20,539 --> 00:10:24,529

you were saying but definitely if it was

221

00:10:22,250 --> 00:10:26,269

you know two rotating cylinders yeah

222

00:10:24,529 --> 00:10:28,370

it's exactly how they out of the belt

223

00:10:26,269 --> 00:10:30,769

that's where they were you know because

224

00:10:28,370 --> 00:10:32,120

that's a lot you maybe they you know

225

00:10:30,769 --> 00:10:35,419

we're pulling their inspiration from

226

00:10:32,120 --> 00:10:36,139

that in a sense yes absol absolutely the

227

00:10:35,419 --> 00:10:39,110

vasila

228

00:10:36,139 --> 00:10:44,059

the Vedas described in vimana as vehicle

229
00:10:39,110 --> 00:10:45,580
that these gods used to fly around to

230
00:10:44,059 --> 00:10:47,799
move around

231
00:10:45,580 --> 00:10:50,350
you know it was very kind of similar in

232
00:10:47,799 --> 00:10:52,719
the way they describe how it works so

233
00:10:50,350 --> 00:10:57,399
going back to the bell here we've got

234
00:10:52,720 --> 00:11:01,090
you know I guess you know here we have

235
00:10:57,399 --> 00:11:03,220
the Nazis with this this technology from

236
00:11:01,090 --> 00:11:05,170
what I understood and I'm going to ask

237
00:11:03,220 --> 00:11:07,899
you here in a minute AJ I think that

238
00:11:05,169 --> 00:11:14,139
they weren't able to actually harness

239
00:11:07,899 --> 00:11:18,669
what the the effects of using the Bell

240
00:11:14,139 --> 00:11:22,059
they weren't able to what I'm trying to

241
00:11:18,669 --> 00:11:25,149
say is it was poisonous when it was on

242
00:11:22,059 --> 00:11:27,159
and when it was being used here just

243
00:11:25,149 --> 00:11:30,100
killed people and burnt people you got

244
00:11:27,159 --> 00:11:32,679
to close to it and I think you've really

245
00:11:30,100 --> 00:11:34,990
used it it was causing all sorts of

246
00:11:32,679 --> 00:11:37,059
issues in the time continuum and you

247
00:11:34,990 --> 00:11:39,580
know punching holes and rippling the

248
00:11:37,059 --> 00:11:41,619
time that's what you know you know

249
00:11:39,580 --> 00:11:43,540
researches who really dug in you know

250
00:11:41,620 --> 00:11:45,370
what that's what they claimed as well

251
00:11:43,539 --> 00:11:47,079
yeah the result I don't know what did

252
00:11:45,370 --> 00:11:49,870
with the effects of time around a word

253
00:11:47,080 --> 00:11:51,879
but I guess local time not you know the

254
00:11:49,870 --> 00:11:54,399
whole entire world but locally it had

255
00:11:51,879 --> 00:11:58,210
you know it gave the surrounding areas

256
00:11:54,399 --> 00:12:00,519
issues yeah but it started it had

257

00:11:58,210 --> 00:12:03,280
negative biological effects so plants

258
00:12:00,519 --> 00:12:04,750
yeah liquefied so it wasn't really good

259
00:12:03,279 --> 00:12:06,490
for humans to be around this thing

260
00:12:04,750 --> 00:12:09,429
whatsoever you know I wasn't something

261
00:12:06,490 --> 00:12:12,370
that was safe by any stretch like you

262
00:12:09,429 --> 00:12:15,669
said you know quite a few people died

263
00:12:12,370 --> 00:12:17,289
from exposure when they were testing

264
00:12:15,669 --> 00:12:21,159
this device they didn't understand that

265
00:12:17,289 --> 00:12:23,740
it was dangerous to organic beings our

266
00:12:21,159 --> 00:12:25,329
surrounding so from what I understood

267
00:12:23,740 --> 00:12:27,430
that's what they're stopping point was

268
00:12:25,330 --> 00:12:29,290
that they weren't able to harness or

269
00:12:27,429 --> 00:12:33,759
deal with that problem

270
00:12:29,289 --> 00:12:36,219
what we're now I mean maybe you could

271
00:12:33,759 --> 00:12:38,590

you know different to have a different

272

00:12:36,220 --> 00:12:41,190

thought or something I just want to get

273

00:12:38,590 --> 00:12:41,190

your thoughts on that

274

00:12:41,860 --> 00:12:45,879

you mean like hey that was just like

275

00:12:43,750 --> 00:12:49,539

unsuccessful and they just stopped I

276

00:12:45,879 --> 00:12:51,730

think that the big Madras was 15-foot

277

00:12:49,539 --> 00:12:53,620

belly is because you can still go I

278

00:12:51,730 --> 00:12:55,629

think to this day there's still that

279

00:12:53,620 --> 00:12:57,029

round thing and you know right outside

280

00:12:55,629 --> 00:12:59,250

of Jeremy I think I'm full

281

00:12:57,029 --> 00:13:01,889

somewhere where they actually you know

282

00:12:59,250 --> 00:13:04,019

we're testing it but then I think after

283

00:13:01,889 --> 00:13:04,799

the war that we probably came in and

284

00:13:04,019 --> 00:13:06,329

took the Bell

285

00:13:04,799 --> 00:13:09,029

I think they said I made it over here

286
00:13:06,330 --> 00:13:10,950
somewhere oh okay maybe like to

287
00:13:09,029 --> 00:13:11,699
wright-patterson is somewhere they sort

288
00:13:10,950 --> 00:13:16,080
it you know

289
00:13:11,700 --> 00:13:18,540
oh so possibly but yes go ahead

290
00:13:16,080 --> 00:13:19,710
no I was gonna it's interesting that you

291
00:13:18,539 --> 00:13:22,469
said that I didn't know that they

292
00:13:19,710 --> 00:13:24,629
actually brought it here I am pretty

293
00:13:22,470 --> 00:13:26,850
sure they definitely took it they it

294
00:13:24,629 --> 00:13:29,129
they definitely took it and they just

295
00:13:26,850 --> 00:13:30,810
kept that you know on a few scene like

296
00:13:29,129 --> 00:13:33,269
documentaries of videos where they have

297
00:13:30,809 --> 00:13:36,119
that you know that big area of like

298
00:13:33,269 --> 00:13:38,879
stone and around a little bit you know

299
00:13:36,120 --> 00:13:42,149
they were testing it in there you know

300
00:13:38,879 --> 00:13:44,279
and then here after the war thing

301
00:13:42,149 --> 00:13:45,990
someone took it as you know so the

302
00:13:44,279 --> 00:13:49,500
Russians I think it was I think it was

303
00:13:45,990 --> 00:13:51,360
the United States you know I mean I'm

304
00:13:49,500 --> 00:13:52,710
pretty sure that probably pretty pretty

305
00:13:51,360 --> 00:13:55,050
easy to look up because of the belt

306
00:13:52,710 --> 00:13:57,269
wasn't like secret or anything you know

307
00:13:55,049 --> 00:13:59,879
this is documented that they were you

308
00:13:57,269 --> 00:14:02,009
know testing these devices out they were

309
00:13:59,879 --> 00:14:03,750
testing a ton of this devices out and I

310
00:14:02,009 --> 00:14:06,569
think at the time that's not something

311
00:14:03,750 --> 00:14:08,429
that you know a government was you know

312
00:14:06,570 --> 00:14:11,070
putting in the media like it would be

313
00:14:08,429 --> 00:14:13,500
today you know so I don't think the puck

314

00:14:11,070 --> 00:14:15,120
the United States had any idea you know

315
00:14:13,500 --> 00:14:16,470
that they were testing these crazy

316
00:14:15,120 --> 00:14:18,659
things it seems normal

317
00:14:16,470 --> 00:14:20,250
is the way the world is today that we

318
00:14:18,659 --> 00:14:23,579
know when everybody's doing and they're

319
00:14:20,250 --> 00:14:25,769
spying and there's this adapt it was any

320
00:14:23,580 --> 00:14:29,129
of them you know so the American people

321
00:14:25,769 --> 00:14:34,559
were clueless to the fact that the Nazis

322
00:14:29,129 --> 00:14:37,230
were testing these you know scientific

323
00:14:34,559 --> 00:14:39,000
technological devices that were you know

324
00:14:37,230 --> 00:14:42,779
trying to achieve anti-gravity

325
00:14:39,000 --> 00:14:45,450
propulsion and zero-point energy and you

326
00:14:42,779 --> 00:14:51,899
know yeah we had no idea that they were

327
00:14:45,450 --> 00:14:53,580
doing their yeah I it seems like we

328
00:14:51,899 --> 00:14:56,090

always come back to that zero-point

329

00:14:53,580 --> 00:14:59,100

antigravity I think those are the I

330

00:14:56,090 --> 00:15:00,750

guess the next logical steps of our

331

00:14:59,100 --> 00:15:03,990

evolution it seems and they knew that

332

00:15:00,750 --> 00:15:06,230

back in you know the early nineteen

333

00:15:03,990 --> 00:15:08,549

hundred's so this is sure here we are in

334

00:15:06,230 --> 00:15:09,379

2017 you know worrying about our battery

335

00:15:08,549 --> 00:15:13,250

dying on her

336

00:15:09,379 --> 00:15:16,309

you know just different technological

337

00:15:13,250 --> 00:15:18,559

challenges but even this sort of

338

00:15:16,309 --> 00:15:21,189

technology Joe and I was going to talk

339

00:15:18,559 --> 00:15:24,789

to you can I bring you in on this Joe

340

00:15:21,190 --> 00:15:24,790

how you feeling today

341

00:15:25,190 --> 00:15:29,570

Joe's been so just chill he's been

342

00:15:27,889 --> 00:15:31,129

hanging back chillin while I'm chatting

343

00:15:29,570 --> 00:15:34,700
with AJ and I'm like oh that's right

344

00:15:31,129 --> 00:15:40,370
chose here this is UFO Rose with Emmet

345

00:15:34,700 --> 00:15:42,050
and Joe how you doing can we have a

346

00:15:40,370 --> 00:15:43,279
letter plus four over giving Joe did you

347

00:15:42,049 --> 00:15:46,549
dine at the cloud right now because

348

00:15:43,279 --> 00:15:51,529
you're glad he's back in the game

349

00:15:46,549 --> 00:15:54,589
Joe so real quick cuz we're about 15

350

00:15:51,529 --> 00:15:56,990
minutes in so far people know we like to

351

00:15:54,590 --> 00:16:10,370
update people how much time we've had we

352

00:15:56,990 --> 00:16:12,590
like to if you haven't that's one of our

353

00:16:10,370 --> 00:16:14,659
favorite movies Howard Stern private

354

00:16:12,590 --> 00:16:16,970
parts by the way we're just shopping out

355

00:16:14,659 --> 00:16:20,839
that movie and don't forget my Ivanka

356

00:16:16,970 --> 00:16:23,330
Trump clothing jewelry and shoes just go

357
00:16:20,840 --> 00:16:25,370
buy her stuff I just think it's fabulous

358
00:16:23,330 --> 00:16:28,700
I own all of us Jeff I don't know about

359
00:16:25,370 --> 00:16:31,970
you I don't over jewelry Ivanka Trump by

360
00:16:28,700 --> 00:16:33,770
the way for those of you there you know

361
00:16:31,970 --> 00:16:35,779
caught up on the politics the media I

362
00:16:33,769 --> 00:16:38,629
hope maybe that makes you giggle a

363
00:16:35,779 --> 00:16:41,629
little bit because I don't actually wear

364
00:16:38,629 --> 00:16:44,389
it Ivanka Trump shit at all and I think

365
00:16:41,629 --> 00:16:52,519
she makes stuff my size anyway we're

366
00:16:44,389 --> 00:16:56,210
gonna move on we're talking about going

367
00:16:52,519 --> 00:16:57,350
across country Joe okay and one of the

368
00:16:56,210 --> 00:17:01,009
places I want to go is to Kecksburg

369
00:16:57,350 --> 00:17:07,640
Pennsylvania and AJ some of the Amish

370
00:17:01,009 --> 00:17:14,109
are yes I know fireplaces and barns in

371

00:17:07,640 --> 00:17:14,110
butter yeah okay get on the Nexen Oh

372
00:17:14,799 --> 00:17:22,639
sorry I said we started talking about

373
00:17:16,609 --> 00:17:25,219
Amish people deciding they had their

374
00:17:22,640 --> 00:17:29,120
which they said was a very acorn looking

375
00:17:25,220 --> 00:17:32,870
sort of ship is very much similar in

376
00:17:29,119 --> 00:17:34,369
resemblance to die Glocke the Nazi bell

377
00:17:32,869 --> 00:17:37,549
so there's all these weird spirit

378
00:17:34,369 --> 00:17:41,979
conspiracy theories that did the Nazi

379
00:17:37,549 --> 00:17:44,990
bell somehow actually bend space-time

380
00:17:41,980 --> 00:17:47,750
travel or teleport over there text for

381
00:17:44,990 --> 00:17:50,839
Pennsylvania or like AJ said maybe they

382
00:17:47,750 --> 00:17:52,819
brought it which I believe they did you

383
00:17:50,839 --> 00:17:55,879
know at the end of the war we took it

384
00:17:52,819 --> 00:17:58,279
I actually just was just doing a quick

385
00:17:55,880 --> 00:18:00,950

pop a quick look up and it doesn't look

386

00:17:58,279 --> 00:18:04,160

like I think we took it supposedly and

387

00:18:00,950 --> 00:18:09,230

wound up in South America well I have to

388

00:18:04,160 --> 00:18:10,519

do tracked on that comment but either

389

00:18:09,230 --> 00:18:12,950

way it doesn't matter when you're

390

00:18:10,519 --> 00:18:14,900

talking about time and space it could be

391

00:18:12,950 --> 00:18:17,029

getting Antarctic that doesn't really

392

00:18:14,900 --> 00:18:19,210

even matter which could happen it could

393

00:18:17,029 --> 00:18:21,769

be anywhere hit a well no the point

394

00:18:19,210 --> 00:18:24,620

right the point of this story is could

395

00:18:21,769 --> 00:18:27,769

it been spent could it bend space-time

396

00:18:24,619 --> 00:18:31,399

and could potentially the Kecksburg

397

00:18:27,769 --> 00:18:35,809

incident have been tied to the Nazi bell

398

00:18:31,400 --> 00:18:38,870

both of the items in question on items

399

00:18:35,809 --> 00:18:41,450

but the bell and the actual text burger

400
00:18:38,869 --> 00:18:45,589
UFO Joe looks very similar and I want to

401
00:18:41,450 --> 00:18:46,670
go there because they have a monument in

402
00:18:45,589 --> 00:18:51,500
Kecksburg Pennsylvania

403
00:18:46,670 --> 00:18:54,140
it looks like the acorn ship that has

404
00:18:51,500 --> 00:18:58,789
been reported and it's got writing all

405
00:18:54,140 --> 00:19:03,530
around it the Nazi bell has writing all

406
00:18:58,789 --> 00:19:10,519
around it it's shaped like an acorn

407
00:19:03,529 --> 00:19:16,779
well what do you think amazing yeah well

408
00:19:10,519 --> 00:19:18,769
you're just so enthusiastic tonight yeah

409
00:19:16,779 --> 00:19:20,269
thank you all for listening we're gonna

410
00:19:18,769 --> 00:19:25,039
take a second then you better get back

411
00:19:20,269 --> 00:19:27,259
to Nazis Joe well yeah we have to get

412
00:19:25,039 --> 00:19:29,180
back to that topic but I we gotta talk

413
00:19:27,259 --> 00:19:31,160
pushy we got to get on our social media

414
00:19:29,180 --> 00:19:35,029
here look we got to tell people we love

415
00:19:31,160 --> 00:19:38,170
them we must tell them that we love them

416
00:19:35,029 --> 00:19:39,410
so we're gonna start here oh by the way

417
00:19:38,170 --> 00:19:41,300
Sabrina

418
00:19:39,410 --> 00:19:49,040
alien on board they're in on the chat

419
00:19:41,299 --> 00:19:52,430
room so hello to y'all yes oh we got

420

00:20:08,750 --> 00:20:15,140
yeah and aliens with gas so thank you

428

00:20:12,200 --> 00:20:19,700
guys too for participating in our social

429
00:20:15,140 --> 00:20:22,250
media lives very appreciative going over

430
00:20:19,700 --> 00:20:25,360
to Twitter project captures been giving

431
00:20:22,250 --> 00:20:28,490
us some love thank you guys Thomas

432
00:20:25,359 --> 00:20:31,639
Pilkington jr. thank you

433
00:20:28,490 --> 00:20:34,849
and of course master mastaba

434
00:20:31,640 --> 00:20:36,320
is giving us I think well-deserved

435
00:20:34,849 --> 00:20:37,879
flubbed then we've got AJ on there of

436
00:20:36,319 --> 00:20:40,759
course but we've got AJ on the show

437
00:20:37,880 --> 00:20:42,500
which is exciting by the way I just want

438
00:20:40,759 --> 00:20:44,750
to tell you AJ you are just a fountain

439
00:20:42,500 --> 00:20:45,140
of knowledge man I love having you on

440
00:20:44,750 --> 00:20:47,420
the show

441
00:20:45,140 --> 00:20:55,180
can we can we all agree this giving Murr

442
00:20:47,420 --> 00:20:57,670

[Applause]

443

00:20:55,180 --> 00:21:00,850

you know our soundboard isn't up tonight

444

00:20:57,670 --> 00:21:16,029

Joe I'm really missing the farts and

445

00:21:00,849 --> 00:21:26,169

burps pretty catchy

446

00:21:16,029 --> 00:21:27,789

okay the GGG just just mr. Joe have you

447

00:21:26,170 --> 00:21:29,350

let me get you don't forget that setting

448

00:21:27,789 --> 00:21:31,359

you were talking about right with the

449

00:21:29,349 --> 00:21:34,480

you know a cleanse shape and they have a

450

00:21:31,359 --> 00:21:36,969

statue you know it possibly could be

451

00:21:34,480 --> 00:21:38,440

connected in some way but I mean I don't

452

00:21:36,970 --> 00:21:40,450

think they go over the Nazis never

453

00:21:38,440 --> 00:21:42,309

weren't to like it but can they ever

454

00:21:40,450 --> 00:21:45,400

have to pilot this thing you know this

455

00:21:42,309 --> 00:21:46,750

thing was an experiment in energy sauce

456

00:21:45,400 --> 00:21:49,600

you know they were they were

457
00:21:46,750 --> 00:21:52,410
experimenting with an energy source of

458
00:21:49,599 --> 00:21:55,740
some kind and whether it was you know

459
00:21:52,410 --> 00:22:00,670
the bell or something else that was

460
00:21:55,740 --> 00:22:03,940
derived from the Bell what of everything

461
00:22:00,670 --> 00:22:06,370
I've read and seen and Watson and what

462
00:22:03,940 --> 00:22:08,440
you know a few of the people said I

463
00:22:06,369 --> 00:22:10,029
think even even Stephen Brett said

464
00:22:08,440 --> 00:22:11,830
because he talks a lot about this time

465
00:22:10,029 --> 00:22:17,079
period too and I realist about

466
00:22:11,829 --> 00:22:18,579
everything Stephen grant about the Bell

467
00:22:17,079 --> 00:22:22,569
the Nazis he's mentioned that a few

468
00:22:18,579 --> 00:22:25,720
times you know that's right yeah but but

469
00:22:22,569 --> 00:22:30,099
I I definitely think that when they

470
00:22:25,720 --> 00:22:32,950
finally were able to you know make some

471
00:22:30,099 --> 00:22:35,139
sort of you know saucer like craft that

472
00:22:32,950 --> 00:22:37,240
you see a lot of in the 30s and the 40s

473
00:22:35,140 --> 00:22:39,130
with the saucer shape the bump on the

474
00:22:37,240 --> 00:22:40,630
top that's pretty much what everyone

475
00:22:39,130 --> 00:22:42,520
thinks of when they think of a flying

476
00:22:40,630 --> 00:22:44,830
saucer absolutely especially from that

477
00:22:42,519 --> 00:22:48,700
time period you know that's probably

478
00:22:44,829 --> 00:22:50,740
where they had me you know that the

479
00:22:48,700 --> 00:22:54,190
power source which leads me to the

480
00:22:50,740 --> 00:22:56,410
question age it is kind of shaped like a

481
00:22:54,190 --> 00:22:58,150
bell half of a bell that's on top it's a

482
00:22:56,410 --> 00:22:59,800
little smaller than practice smaller

483
00:22:58,150 --> 00:23:00,730
sorry so we're probably talking about

484
00:22:59,799 --> 00:23:03,480
five 880

485

00:23:00,730 --> 00:23:06,819
tweaking it and getting it smaller

486
00:23:03,480 --> 00:23:08,769
cementing and question AJ yes sorry to

487
00:23:06,819 --> 00:23:11,759
interrupt you but I do I do I do have a

488
00:23:08,769 --> 00:23:15,039
good question for you how do we go from

489
00:23:11,759 --> 00:23:17,769
Nazi bell technology to Flying Saucer

490
00:23:15,039 --> 00:23:20,799
and that was I think my confusion was

491
00:23:17,769 --> 00:23:22,029
trying to figure out how do those parts

492
00:23:20,799 --> 00:23:24,039
fit together because you were just

493
00:23:22,029 --> 00:23:26,710
talking about it but I want to get your

494
00:23:24,039 --> 00:23:28,750
I'm sure there was definitely something

495
00:23:26,710 --> 00:23:31,900
in the middle but again like I had that

496
00:23:28,750 --> 00:23:35,559
the Bell was the very big ol like what

497
00:23:31,900 --> 00:23:38,340
origin of the experiment there right you

498
00:23:35,559 --> 00:23:42,369
know scientific experiments on

499
00:23:38,339 --> 00:23:46,539

ultimately achieving you know craft that

500

00:23:42,369 --> 00:23:48,819

could you know have anti-gravity

501

00:23:46,539 --> 00:23:51,159

propulsion that could you know go pretty

502

00:23:48,819 --> 00:23:53,619

fast you know much faster than anything

503

00:23:51,160 --> 00:23:56,680

that that our rocket could do hole to

504

00:23:53,619 --> 00:24:06,219

pole in 30 minutes something like that

505

00:23:56,680 --> 00:24:08,740

you know and obviously they couldn't get

506

00:24:06,220 --> 00:24:12,039

that far again this is you know from why

507

00:24:08,740 --> 00:24:14,680

I think has definitely some you know

508

00:24:12,039 --> 00:24:17,349

some some truth to it I definitely think

509

00:24:14,680 --> 00:24:19,900

that again the Bell was hitting just go

510

00:24:17,349 --> 00:24:22,059

from the Bell to all the sudden flying

511

00:24:19,900 --> 00:24:24,820

saucers over the White House you know

512

00:24:22,059 --> 00:24:27,339

the Bell was just the beginning that was

513

00:24:24,819 --> 00:24:28,689

just it's fun talk about the bell but it

514
00:24:27,339 --> 00:24:30,519
was just like you know I'm saying like

515
00:24:28,690 --> 00:24:32,320
there's probably be you know not so much

516
00:24:30,519 --> 00:24:34,210
baby steps but and they might have who

517
00:24:32,319 --> 00:24:37,960
knows if they had helped along the way

518
00:24:34,210 --> 00:24:39,490
from from something you know but I think

519
00:24:37,960 --> 00:24:41,799
it was just the beginning of their of

520
00:24:39,490 --> 00:24:44,319
their technology of their stock you know

521
00:24:41,799 --> 00:24:46,629
and eventually they were able to you

522
00:24:44,319 --> 00:24:47,950
know because they really this was what

523
00:24:46,630 --> 00:24:50,560
they really believed and they really put

524
00:24:47,950 --> 00:24:53,440
a lot of effort into achieving what they

525
00:24:50,559 --> 00:24:55,210
wanted to do you know but they couldn't

526
00:24:53,440 --> 00:24:56,799
do anything with the craft so eventually

527
00:24:55,210 --> 00:25:01,029
say it took five ten years for them to

528
00:24:56,799 --> 00:25:04,899
you know ultimately create a saucer put

529
00:25:01,029 --> 00:25:07,839
a smaller melon side on the top flying

530
00:25:04,900 --> 00:25:09,610
around they couldn't you know they could

531
00:25:07,839 --> 00:25:11,230
go fast and they could fly out and they

532
00:25:09,609 --> 00:25:13,899
probably did scare the shit out of our

533
00:25:11,230 --> 00:25:19,240
government you know right but

534
00:25:13,900 --> 00:25:21,130
they they they couldn't put a a weapon

535
00:25:19,240 --> 00:25:23,890
on it when they put a weapon on it it

536
00:25:21,130 --> 00:25:26,559
would cause the craft to shake it like

537
00:25:23,890 --> 00:25:28,380
it when it was unstable they couldn't

538
00:25:26,558 --> 00:25:31,269
they couldn't figure out how to do

539
00:25:28,380 --> 00:25:33,640
someone like you know a like that a

540
00:25:31,269 --> 00:25:36,430
laser beam weapon or something cool like

541
00:25:33,640 --> 00:25:39,850
that that you would direct beam weapon

542

00:25:36,430 --> 00:25:43,029
or heat weapon they weren't that far you

543
00:25:39,849 --> 00:25:46,539
know so they asked us AG is so because

544
00:25:43,029 --> 00:25:48,460
I'm envisioning in this so so they they

545
00:25:46,539 --> 00:25:50,829
take the bell you think of a youth they

546
00:25:48,460 --> 00:25:52,630
actually put that in though in the

547
00:25:50,829 --> 00:25:54,699
saucer looking things is that what

548
00:25:52,630 --> 00:25:59,830
you're saying because that's what I

549
00:25:54,700 --> 00:26:01,870
think was again the Bell was just not

550
00:25:59,829 --> 00:26:04,119
the bells it's just like the first idea

551
00:26:01,869 --> 00:26:06,069
of like the girl like you know when like

552
00:26:04,119 --> 00:26:07,599
Steve Jobs is first thinking of the

553
00:26:06,069 --> 00:26:08,919
iPhone isn't like anything like the

554
00:26:07,599 --> 00:26:09,339
first one that came out you know I'm

555
00:26:08,920 --> 00:26:11,380
saying

556
00:26:09,339 --> 00:26:13,029

a prototype maybe that's a better word

557

00:26:11,380 --> 00:26:16,690

this there we go I like that better than

558

00:26:13,029 --> 00:26:19,210

a prototype for what was to come five

559

00:26:16,690 --> 00:26:20,980

ten years down the line you know that's

560

00:26:19,210 --> 00:26:22,660

probably a better wait what I think I

561

00:26:20,980 --> 00:26:25,269

think of the bells I'm sure at some

562

00:26:22,660 --> 00:26:26,920

point they were they big they scrapped

563

00:26:25,269 --> 00:26:28,629

the Bell project because killing

564

00:26:26,920 --> 00:26:31,539

scientists yeah

565

00:26:28,630 --> 00:26:33,640

highly x too big it was loud but it was

566

00:26:31,539 --> 00:26:37,089

a prototype you know they didn't just

567

00:26:33,640 --> 00:26:39,940

quit the Bell and did nothing you know

568

00:26:37,089 --> 00:26:41,919

really they probably put you know

569

00:26:39,940 --> 00:26:44,529

tweaked and got it better got it's

570

00:26:41,920 --> 00:26:47,110

smaller and and you know just just I

571
00:26:44,529 --> 00:26:49,119
think they went from there you know are

572
00:26:47,109 --> 00:26:52,419
you eventually they were able to yeah

573
00:26:49,119 --> 00:26:55,599
put it in put it in cracked right so

574
00:26:52,420 --> 00:26:59,769
basically the Bell was indeed we could

575
00:26:55,599 --> 00:27:02,619
say the motor and it was the prototype

576
00:26:59,769 --> 00:27:04,269
motor just kind of simplifying this down

577
00:27:02,619 --> 00:27:05,919
for maybe people that are listening

578
00:27:04,269 --> 00:27:10,329
because I'm trying to simply simplify it

579
00:27:05,920 --> 00:27:13,058
for myself too so they refine it like

580
00:27:10,329 --> 00:27:15,369
you say you know over years or decades

581
00:27:13,058 --> 00:27:17,589
or whatever and then they're able to get

582
00:27:15,369 --> 00:27:19,419
it up like five ten years now maybe a

583
00:27:17,589 --> 00:27:21,730
decade of tops if you look at the other

584
00:27:19,420 --> 00:27:24,259
timeline right probably I'll talk to my

585
00:27:21,730 --> 00:27:25,519
for ten years

586
00:27:24,259 --> 00:27:29,869
even sooner they were flying these

587
00:27:25,519 --> 00:27:33,650
things everywhere and you know here's

588
00:27:29,869 --> 00:27:36,259
the other mystery what is with the

589
00:27:33,650 --> 00:27:38,450
writing on the outside of the Bell and

590
00:27:36,259 --> 00:27:41,750
that is also very consistent with

591
00:27:38,450 --> 00:27:43,759
actually every damn UFO crash kind of

592
00:27:41,750 --> 00:27:46,039
major sighting there seems to be writing

593
00:27:43,759 --> 00:27:47,329
what is the writing on the outside of

594
00:27:46,039 --> 00:27:50,359
the Bell I didn't get a chance to really

595
00:27:47,329 --> 00:27:55,429
you know dive into that have you been

596
00:27:50,359 --> 00:27:57,740
able to figure that with any any other

597
00:27:55,430 --> 00:27:59,769
UFO crap it's definitely similar you

598
00:27:57,740 --> 00:28:02,450
know Brandon is always weird writing on

599

00:27:59,769 --> 00:28:05,569
absolute roswell yeah you know there's

600
00:28:02,450 --> 00:28:08,870
some weird writing on it and you know

601
00:28:05,569 --> 00:28:10,659
but but again I think that separation

602
00:28:08,869 --> 00:28:13,609
had any weird writing on it you know

603
00:28:10,660 --> 00:28:15,890
again a they probably just it was just

604
00:28:13,609 --> 00:28:17,839
an old prototype that you know it's

605
00:28:15,890 --> 00:28:19,400
beginning of something bigger because

606
00:28:17,839 --> 00:28:22,159
you know what's really messing with my

607
00:28:19,400 --> 00:28:26,030
mind are the pictures online of the Bell

608
00:28:22,160 --> 00:28:27,680
merged with the possible symbols on the

609
00:28:26,029 --> 00:28:29,629
bottom of it and I'm like that's what I

610
00:28:27,680 --> 00:28:31,610
thought I don't think that's the case I

611
00:28:29,630 --> 00:28:33,260
think that's some BS because I think

612
00:28:31,609 --> 00:28:35,449
there's probably just writing or some

613
00:28:33,259 --> 00:28:39,200

kind of inscription of some sort I would

614

00:28:35,450 --> 00:28:43,130

imagine I still can't say that Roswell

615

00:28:39,200 --> 00:28:51,170

is I know I owe you want to think about

616

00:28:43,130 --> 00:28:53,690

Ron ability wants the thing but alright

617

00:28:51,170 --> 00:28:55,850

I will you can't roll off the fact that

618

00:28:53,690 --> 00:28:58,279

it's very possible that it could have

619

00:28:55,849 --> 00:29:00,619

been you know the Nazis and to be quite

620

00:28:58,279 --> 00:29:03,349

honest again the government at that time

621

00:29:00,619 --> 00:29:05,959

at that time area right after World War

622

00:29:03,349 --> 00:29:08,359

two there's no way they could tell the

623

00:29:05,960 --> 00:29:10,130

American people that yeah we did we won

624

00:29:08,359 --> 00:29:13,099

the war but enough you have all his

625

00:29:10,130 --> 00:29:15,320

weapon these these flying discs

626

00:29:13,099 --> 00:29:18,109

technologies and it's flying over your

627

00:29:15,319 --> 00:29:19,339

house you know be back in Germany in 15

628
00:29:18,109 --> 00:29:21,109
minutes Wow

629
00:29:19,339 --> 00:29:21,919
you know and eventually they would have

630
00:29:21,109 --> 00:29:24,589
you know

631
00:29:21,920 --> 00:29:26,750
put some so that if this gets into the

632
00:29:24,589 --> 00:29:31,369
hole where they you're right they go

633
00:29:26,750 --> 00:29:33,049
over a white house and you know that's

634
00:29:31,369 --> 00:29:34,309
how a lot of people believe you know and

635
00:29:33,049 --> 00:29:37,430
there's definitely you can I think

636
00:29:34,309 --> 00:29:40,609
there's the video of that real video is

637
00:29:37,430 --> 00:29:42,759
online but they flew about what twelve

638
00:29:40,609 --> 00:29:45,349
or fifteen

639
00:29:42,759 --> 00:29:47,589
you know crafts over the white house and

640
00:29:45,349 --> 00:29:50,329
that was it that was actually it was in

641
00:29:47,589 --> 00:29:54,189
1952 that's what I was gonna ask me why

642
00:29:50,329 --> 00:29:59,089
they did that what date that was indeed

643
00:29:54,190 --> 00:30:01,100
from the convo and that's when I just

644
00:29:59,089 --> 00:30:03,799
heard from the combo for a minute

645
00:30:01,099 --> 00:30:05,389
AJ sorry to interrupt you I wanted to

646
00:30:03,799 --> 00:30:08,779
talk about for just a minute for our

647
00:30:05,390 --> 00:30:10,610
listeners out there when with the last

648
00:30:08,779 --> 00:30:13,099
conversation actually an aging you are

649
00:30:10,609 --> 00:30:17,329
on that that last probe cast we did

650
00:30:13,099 --> 00:30:19,159
about Roswell I actually will we Joe you

651
00:30:17,329 --> 00:30:20,990
were there we received a couple messages

652
00:30:19,160 --> 00:30:25,070
from people yeah

653
00:30:20,990 --> 00:30:28,099
who said both BS Rosalynn was real my

654
00:30:25,069 --> 00:30:31,039
friend did this or my friend I actually

655
00:30:28,099 --> 00:30:32,449
had two people kind of mess shout out to

656

00:30:31,039 --> 00:30:34,460
the interactors so thank you for

657
00:30:32,450 --> 00:30:36,019
listening but I just wanted to

658
00:30:34,460 --> 00:30:38,450
acknowledge those people for a minute

659
00:30:36,019 --> 00:30:40,309
because we don't know what happened at

660
00:30:38,450 --> 00:30:42,950
Roswell all we do know is that an event

661
00:30:40,309 --> 00:30:44,450
happened in that you know material of

662
00:30:42,950 --> 00:30:50,240
some sort was picked up and transported

663
00:30:44,450 --> 00:30:53,170
that's all we know so you know yeah with

664
00:30:50,240 --> 00:30:56,690
some sort of aerial craft that crashed

665
00:30:53,170 --> 00:30:58,730
there was some sort of debris that you

666
00:30:56,690 --> 00:31:02,390
know we at that point I've never really

667
00:30:58,730 --> 00:31:07,009
seen her you know felt before right

668
00:31:02,390 --> 00:31:09,680
oh yeah we've covered that before yes

669
00:31:07,009 --> 00:31:11,150
yes we I could cover that again let's

670
00:31:09,680 --> 00:31:15,740

talk about Roswell again Joe what are

671

00:31:11,150 --> 00:31:18,830

you saying no actually I want to say

672

00:31:15,740 --> 00:31:21,079

because in the chatroom here Joe

673

00:31:18,829 --> 00:31:23,119

by the way alien on board guess where

674

00:31:21,079 --> 00:31:26,199

he's going on Friday

675

00:31:23,119 --> 00:31:26,199

[Music]

676

00:31:27,169 --> 00:31:40,620

yes not chuck-e-cheese Rendlesham forest

677

00:31:34,279 --> 00:31:43,379

sweet where UFO what what

678

00:31:40,619 --> 00:31:46,709

that's where okay British Roswell yeah

679

00:31:43,380 --> 00:31:50,580

it's a huge huge huge story to I in 1980

680

00:31:46,710 --> 00:31:52,980

it's only one of the biggest like it's

681

00:31:50,579 --> 00:31:57,529

alright Joe Joe's learning with us so

682

00:31:52,980 --> 00:31:57,529

you know it's okay just a comic relief

683

00:32:00,619 --> 00:32:10,109

so let's get back to learning more about

684

00:32:03,690 --> 00:32:14,940

these technologies of Nazi Germany and I

685
00:32:10,109 --> 00:32:16,949
was really kind of stuck on your

686
00:32:14,940 --> 00:32:19,048
explanation of the UFOs that were not

687
00:32:16,950 --> 00:32:20,580
UFO sorry though the Nazi flying saucers

688
00:32:19,048 --> 00:32:25,679
they were able to go from pole to pole

689
00:32:20,579 --> 00:32:28,798
so quickly why why is that I mean is

690
00:32:25,679 --> 00:32:32,490
that just just the you know because the

691
00:32:28,798 --> 00:32:36,960
antigravity anti-gravity I mean is that

692
00:32:32,490 --> 00:32:42,029
what that was multiple story that has to

693
00:32:36,960 --> 00:32:44,370
do you know the project

694
00:32:42,029 --> 00:32:46,619
operation Highjump you know that's what

695
00:32:44,369 --> 00:32:49,288
he said he witnessed and I think he did

696
00:32:46,619 --> 00:32:50,459
backtrack that start because again he he

697
00:32:49,288 --> 00:32:51,900
for Chris came out and there's an

698
00:32:50,460 --> 00:32:54,298
Oakland to view online

699
00:32:51,900 --> 00:32:56,400
this is him being interviewed as a you

700
00:32:54,298 --> 00:32:58,829
know early interview I think it might

701
00:32:56,400 --> 00:33:00,809
even be in black and white or color um

702
00:32:58,829 --> 00:33:03,359
but it's definitely on YouTube and it's

703
00:33:00,808 --> 00:33:06,418
really cool and interesting but yeah

704
00:33:03,359 --> 00:33:11,069
he's the one that essentially said I

705
00:33:06,419 --> 00:33:12,538
think it was I was in a newspaper and it

706
00:33:11,069 --> 00:33:14,730
was retracted it was definitely

707
00:33:12,538 --> 00:33:17,429
something that he went on record saying

708
00:33:14,730 --> 00:33:19,349
that when they finally got to Anton

709
00:33:17,429 --> 00:33:20,730
occur this whole brigade that they went

710
00:33:19,349 --> 00:33:23,399
down all these nations

711
00:33:20,730 --> 00:33:25,029
there's powerful boats and you know a

712
00:33:23,400 --> 00:33:28,000
ton of weapon

713

00:33:25,029 --> 00:33:30,039
and you know they essentially got their

714
00:33:28,000 --> 00:33:32,140
asses kicked and the word was that it

715
00:33:30,039 --> 00:33:34,420
was you know again those round classic

716
00:33:32,140 --> 00:33:39,040
saucer-shaped craft came out of the

717
00:33:34,420 --> 00:33:40,840
water and you know at that point they

718
00:33:39,039 --> 00:33:42,909
were able to the weaponize him and they

719
00:33:40,839 --> 00:33:45,909
had some other weapons and you know they

720
00:33:42,910 --> 00:33:47,890
beat us pretty easily and that's when

721
00:33:45,910 --> 00:33:50,650
Admiral Byrd said that they were so fast

722
00:33:47,890 --> 00:33:53,230
they could you know literally fly from

723
00:33:50,650 --> 00:33:56,350
pole to pole in like a half an hour that

724
00:33:53,230 --> 00:33:59,980
evening they could just go full very

725
00:33:56,349 --> 00:34:01,449
fast Wow and in like you said it's great

726
00:33:59,980 --> 00:34:02,860
to be able to do all that but if you

727
00:34:01,450 --> 00:34:06,430

don't a have a weapon of mass

728

00:34:02,859 --> 00:34:07,269

destruction you know it's not gonna be

729

00:34:06,430 --> 00:34:09,849

of any help

730

00:34:07,269 --> 00:34:13,239

yeah and then B of course like you said

731

00:34:09,849 --> 00:34:14,559

adding any kind of technology or not

732

00:34:13,239 --> 00:34:17,649

technology of any kind of weaponry would

733

00:34:14,559 --> 00:34:19,949

mess up the whole thing Joe I know you

734

00:34:17,650 --> 00:34:19,950

had a question

735

00:34:22,168 --> 00:34:34,629

I had my hand up for two hours I know

736

00:34:26,050 --> 00:34:38,320

your arms oh you just make me laugh I

737

00:34:34,630 --> 00:34:43,720

don't know okay Joe so can I borrow your

738

00:34:38,320 --> 00:34:46,690

brain no because no okay listen up you

739

00:34:43,719 --> 00:34:49,769

have four again and it make Homer go

740

00:34:46,690 --> 00:34:49,769

jump D jumping

741

00:34:51,550 --> 00:35:00,940

okay the quest I want to talk about this

742
00:34:59,710 --> 00:35:03,970
weird fluid that they put in the damn

743
00:35:00,940 --> 00:35:05,530
belt jeez I think it's just a weird I

744
00:35:03,969 --> 00:35:07,750
don't know I don't think a liquid but

745
00:35:05,530 --> 00:35:11,800
the military is not reddish more but

746
00:35:07,750 --> 00:35:14,170
much deeper what it was rent it was a

747
00:35:11,800 --> 00:35:18,300
burgundy red and you know they called it

748
00:35:14,170 --> 00:35:22,030
serum they call the IRR serum 5 to 5

749
00:35:18,300 --> 00:35:26,380
where does that's so specific I mean

750
00:35:22,030 --> 00:35:28,300
it's probably what they portray mixing

751
00:35:26,380 --> 00:35:36,970
paint and sometimes just so they have an

752
00:35:28,300 --> 00:35:38,410
R for red stupid and they mix it and

753
00:35:36,969 --> 00:35:40,569
they drop the drops and that's what they

754
00:35:38,409 --> 00:35:46,210
have they don't want to call it I can't

755
00:35:40,570 --> 00:35:47,830
call it you know I think this is

756
00:35:46,210 --> 00:35:50,740
interesting cuz I want to know what the

757
00:35:47,829 --> 00:35:52,269
anthill together Thanks I don't know

758
00:35:50,739 --> 00:35:54,579
that's the kind of weird said my mind

759
00:35:52,269 --> 00:36:00,460
gets stuck on you know go ahead AJ

760
00:35:54,579 --> 00:36:02,289
please leave whatever it was also a

761
00:36:00,460 --> 00:36:04,179
reaction being around it so it wasn't

762
00:36:02,289 --> 00:36:07,139
obviously safe to figure out it must

763
00:36:04,179 --> 00:36:07,139
have been some sort of

764
00:36:12,800 --> 00:36:17,480
like living negative electrons are back

765
00:36:15,289 --> 00:36:22,460
on weighing baseballs when barf pours in

766
00:36:17,480 --> 00:36:24,889
the stuff and yeah liquid Schwartz what

767
00:36:22,460 --> 00:36:31,309
it is we should bottle it we use liquid

768
00:36:24,889 --> 00:36:36,949
sports our next trip oh maybe the

769
00:36:31,309 --> 00:36:38,420
Schwartz be with you I just laughing all

770

00:36:36,949 --> 00:36:41,449
night tonight I'm sorry can we do this

771
00:36:38,420 --> 00:36:45,940
stupid just you know Joe you don't say a

772
00:36:41,449 --> 00:36:45,939
lot but when you do it's worth the wait

773
00:36:48,369 --> 00:36:58,239
okay AJ you're so go ahead man but we

774
00:36:53,480 --> 00:37:00,829
were talking about this weird fluid and

775
00:36:58,239 --> 00:37:06,469
and when you get your thoughts on you

776
00:37:00,829 --> 00:37:08,869
know I don't know why you do this here's

777
00:37:06,469 --> 00:37:10,879
the string it's made of this and there

778
00:37:08,869 --> 00:37:13,400
and then it can hold this I'm trying to

779
00:37:10,880 --> 00:37:15,680
figure what kind of string it is I think

780
00:37:13,400 --> 00:37:19,160
because to me on hours and hours on a

781
00:37:15,679 --> 00:37:28,759
piece of string I told it was a Superman

782
00:37:19,159 --> 00:37:30,500
charity believe me I hope you are if

783
00:37:28,760 --> 00:37:32,600
you're laughing out there too you know

784
00:37:30,500 --> 00:37:33,590

give us a like by the way we are on all

785

00:37:32,599 --> 00:37:36,799

things social media

786

00:37:33,590 --> 00:37:39,829

we're on Instagram Twitter if you find

787

youtube-dot-com forward-slash you get

795

00:38:01,460 --> 00:38:06,250

what i'm saying if only

796

00:38:06,269 --> 00:38:10,099

by the way the website is currently down

797

00:38:08,280 --> 00:38:14,240

people so to try to go on our website

798

00:38:10,099 --> 00:38:14,240

it's gonna give you the middle finger

799

00:38:14,300 --> 00:38:20,750

but that's just temporary

800

00:38:17,809 --> 00:38:25,320

yeah

801

00:38:20,750 --> 00:38:35,940

my cat's spondylus ichi-san follow us

802

00:38:25,320 --> 00:38:37,740

like this ball fondlers' you're my

803

00:38:35,940 --> 00:38:39,329

favorite part of this probe cast Jo is

804

00:38:37,739 --> 00:38:42,118

when we can reminisce about movies we

805

00:38:39,329 --> 00:38:48,000

love like explorers and all those other

806

00:38:42,119 --> 00:38:50,490

crazy movies that we always mention so

807

00:38:48,000 --> 00:38:52,349

we're just kind of few minutes left and

808

00:38:50,489 --> 00:38:54,899

I want to give AJ the opportunity to

809

00:38:52,349 --> 00:38:57,150

just talk about anything that you think

810

00:38:54,900 --> 00:38:59,400

might be pertinent for our listeners and

811

00:38:57,150 --> 00:39:01,019

followers to know about this story maybe

812

00:38:59,400 --> 00:39:03,389

something I haven't you know touched

813
00:39:01,019 --> 00:39:05,400
base on in this you know 30 plus minute

814
00:39:03,389 --> 00:39:07,500
combo and just kind of give it up to for

815
00:39:05,400 --> 00:39:11,780
a few minutes here man to chime in let

816
00:39:07,500 --> 00:39:17,449
us know what but you know four-30 scope

817
00:39:11,780 --> 00:39:20,970
pertinent I don't know not rule it out

818
00:39:17,449 --> 00:39:23,159
you know you're gonna you know still you

819
00:39:20,969 --> 00:39:25,169
know research and reading up on you know

820
00:39:23,159 --> 00:39:27,420
the whole you can start with a Nazi bell

821
00:39:25,170 --> 00:39:28,889
and I guarantee when you stop it you

822
00:39:27,420 --> 00:39:31,829
won't stop keep reading

823
00:39:28,889 --> 00:39:34,019
going going by the time you're done you

824
00:39:31,829 --> 00:39:36,690
know paying upon how far down you go yo

825
00:39:34,019 --> 00:39:38,608
yo cool in the vacuum on you always hope

826
00:39:36,690 --> 00:39:41,760
be like now anytime you see a saucer

827

00:39:38,608 --> 00:39:44,940
that's you know round that was spotted

828
00:39:41,760 --> 00:39:46,619
in their 30s and 40s and 50s and who

829
00:39:44,940 --> 00:39:48,300
knows even in the sixties year there's

830
00:39:46,619 --> 00:39:49,800
old there always will be event Allison

831
00:39:48,300 --> 00:39:53,580
hey that might have been a German press

832
00:39:49,800 --> 00:39:55,980
you know and I think that's you know

833
00:39:53,579 --> 00:39:58,230
maybe people who don't even know they

834
00:39:55,980 --> 00:39:59,849
they maybe they never you know thought

835
00:39:58,230 --> 00:40:01,920
about it you know no this is always a

836
00:39:59,849 --> 00:40:03,510
soma sister gray alien that's you know

837
00:40:01,920 --> 00:40:04,980
do you think the driving

838
00:40:03,510 --> 00:40:08,190
start interrupted do you think the

839
00:40:04,980 --> 00:40:09,990
Germans had contacted the aliens why

840
00:40:08,190 --> 00:40:11,820
would I know I told you okay talk about

841
00:40:09,989 --> 00:40:13,679

the question to the line yeah I mean why

842

00:40:11,820 --> 00:40:14,789

the saucer shape that's my question it

843

00:40:13,679 --> 00:40:16,588

might be something to that or the

844

00:40:14,789 --> 00:40:18,449

inspiration thing they they weren't just

845

00:40:16,588 --> 00:40:19,710

you know crazy scientists I wanted to

846

00:40:18,449 --> 00:40:21,779

explore a different type and

847

00:40:19,710 --> 00:40:23,970

wage weapons they were into you know

848

00:40:21,780 --> 00:40:27,300

their call and that whole real society

849

00:40:23,969 --> 00:40:29,250

where they you know almost you know

850

00:40:27,300 --> 00:40:30,960

looked up to these you know beings that

851

00:40:29,250 --> 00:40:34,199

live in the center of the earth and they

852

00:40:30,960 --> 00:40:36,659

got the girl power and you know they

853

00:40:34,199 --> 00:40:40,348

don't make experiments with that yeah

854

00:40:36,659 --> 00:40:41,670

Joe here how are you what's up Joe I've

855

00:40:40,349 --> 00:40:43,019

been even just like to talk about being

856
00:40:41,670 --> 00:40:44,099
around you think that you know what I'm

857
00:40:43,019 --> 00:40:46,019
gonna stab yourself

858
00:40:44,099 --> 00:40:50,070
alright have we're the only thing

859
00:40:46,019 --> 00:40:51,530
holding us do you think we're the only

860
00:40:50,070 --> 00:40:55,080
thing in the universe the only living

861
00:40:51,530 --> 00:40:57,269
comments by Joe that's do I think we're

862
00:40:55,079 --> 00:41:00,358
the only humans are the only living no

863
00:40:57,269 --> 00:41:03,059
not at all he's a healthy skeptic

864
00:41:00,358 --> 00:41:05,848
dentist healthy skeptic as am i I mean

865
00:41:03,059 --> 00:41:07,529
will lady or Joe I think I think you

866
00:41:05,849 --> 00:41:09,240
would be considered a healthy skeptic I

867
00:41:07,530 --> 00:41:13,320
think I'm a healthy skeptic or me would

868
00:41:09,239 --> 00:41:14,969
you agree with that yeah it's not to

869
00:41:13,320 --> 00:41:16,588
life in the universe I'm sorry let me

870
00:41:14,969 --> 00:41:18,179
narrow this down not to life in the

871
00:41:16,588 --> 00:41:19,980
universe I mean I'm not skeptical of

872
00:41:18,179 --> 00:41:22,108
that I believe in that like AJ does but

873
00:41:19,980 --> 00:41:24,119
I mean you know when you get into the

874
00:41:22,108 --> 00:41:29,279
you apology Lord so I guess what I'm

875
00:41:24,119 --> 00:41:31,980
sure yeah that was a good question oh I

876
00:41:29,280 --> 00:41:34,320
think that a lot of it's bullshit I do I

877
00:41:31,980 --> 00:41:38,309
think that a lot of people bullshitting

878
00:41:34,320 --> 00:41:41,039
now and I do I really do I was shooting

879
00:41:38,309 --> 00:41:43,199
fans no one knows what did I do

880
00:41:41,039 --> 00:41:44,670
unfortunately I know I mean something

881
00:41:43,199 --> 00:41:46,679
that makes a lot of friends think like

882
00:41:44,670 --> 00:41:49,349
that because they're like people want to

883
00:41:46,679 --> 00:41:53,639
believe things but I mean like it I mean

884

00:41:49,349 --> 00:41:55,380
if you know alien on board if he's still

885
00:41:53,639 --> 00:41:57,059
in the chatroom oh yeah he's been too

886
00:41:55,380 --> 00:41:59,338
blunt debunking videos left and right

887
00:41:57,059 --> 00:42:01,380
seconds you know that people just put

888
00:41:59,338 --> 00:42:03,000
out there you know or you've been you

889
00:42:01,380 --> 00:42:04,980
know alien attic look at you know the

890
00:42:03,000 --> 00:42:07,019
things he's done he's not even trying to

891
00:42:04,980 --> 00:42:09,449
do to do the only doesn't want to be

892
00:42:07,019 --> 00:42:12,000
mean and you would interpret I think

893
00:42:09,449 --> 00:42:14,399
like I used to be so ninja you know into

894
00:42:12,000 --> 00:42:16,710
it almost a believer but you know now I

895
00:42:14,400 --> 00:42:19,680
just kind of stop thinking when I hear

896
00:42:16,710 --> 00:42:22,409
like a like a big-name speaker now like

897
00:42:19,679 --> 00:42:25,129
you know Corey good or David Wilcock are

898
00:42:22,409 --> 00:42:27,838

listen to any other of the people who

899

00:42:25,130 --> 00:42:30,960

claim to be so much more than just a

900

00:42:27,838 --> 00:42:31,909

researcher yeah I don't believe blindly

901

00:42:30,960 --> 00:42:33,409

anymore

902

00:42:31,909 --> 00:42:35,899

hundred percent of what they say and I

903

00:42:33,409 --> 00:42:39,108

think it's almost foolish if one does

904

00:42:35,900 --> 00:42:40,639

you know yeah but you know I'm not

905

00:42:39,108 --> 00:42:43,098

trying to tell anybody how they should

906

00:42:40,639 --> 00:42:44,808

be everybody has their own path and you

907

00:42:43,099 --> 00:42:46,910

know is gonna believe what they you know

908

00:42:44,809 --> 00:42:49,430

what they what they gonna believe you

909

00:42:46,909 --> 00:42:52,519

know I just think that a lot of it is is

910

00:42:49,429 --> 00:42:54,649

craziness Nels this crazy talk I really

911

00:42:52,519 --> 00:42:57,199

do I want it you know I want to chime in

912

00:42:54,650 --> 00:42:59,269

with you there I agree because I was I

913
00:42:57,199 --> 00:43:01,399
went into this like oh my gosh I'm gonna

914
00:42:59,269 --> 00:43:02,630
learn you know about this and this and

915
00:43:01,400 --> 00:43:04,430
then the more you kind of started

916
00:43:02,630 --> 00:43:07,010
researching it the more you're kind of

917
00:43:04,429 --> 00:43:10,368
like hmm

918
00:43:07,010 --> 00:43:12,740
maybe this isn't as paranormal or

919
00:43:10,369 --> 00:43:15,440
whatever and that's the great thing go

920
00:43:12,739 --> 00:43:17,779
ahead go ahead you sorry no I just I

921
00:43:15,440 --> 00:43:19,880
think we just really don't know and I

922
00:43:17,780 --> 00:43:24,109
think it's more fun to think that

923
00:43:19,880 --> 00:43:26,990
there's you know the Grail type of alien

924
00:43:24,108 --> 00:43:28,730
and everything else and dip there there

925
00:43:26,989 --> 00:43:30,709
probably is all of the above I'm sure

926
00:43:28,730 --> 00:43:34,130
there's everything going on you know but

927
00:43:30,710 --> 00:43:35,869
at the same time I think the best thing

928
00:43:34,130 --> 00:43:37,548
to do is what you guys do is just you

929
00:43:35,869 --> 00:43:42,170
know have conversations about certain

930
00:43:37,548 --> 00:43:45,230
topics don't claim to you know I'd be

931
00:43:42,170 --> 00:43:46,818
like yeah yeah I mean like I just think

932
00:43:45,230 --> 00:43:48,980
that more people should communicate

933
00:43:46,818 --> 00:43:51,139
especially the big-name researchers I

934
00:43:48,980 --> 00:43:53,298
think that a lot of them are more

935
00:43:51,139 --> 00:43:56,088
competitive with one another I mean I

936
00:43:53,298 --> 00:43:58,190
understand everybody has to eat and you

937
00:43:56,088 --> 00:44:01,578
know we're at the point now where that

938
00:43:58,190 --> 00:44:04,099
that is you know their main source of

939
00:44:01,579 --> 00:44:07,220
income and I completely understand but I

940
00:44:04,099 --> 00:44:10,160
don't well AJ I hate to cut you off but

941

00:44:07,219 --> 00:44:12,078
we're at just a few seconds left here

942
00:44:10,159 --> 00:44:15,078
and I just want to thank you so much for

943
00:44:12,079 --> 00:44:18,230
being on tonight's probe cash yeah and

944
00:44:15,079 --> 00:44:19,940
you're gonna be won by fast I know and I

945
00:44:18,230 --> 00:44:21,798
