the facility and I gotta tell you folks

8  
00:00:37,159 --> 00:00:46,099  
it's raining as hard as hell so if you

9  
00:00:41,000 --> 00:00:49,189  
hear like loud drops that's what you're

10  
00:00:46,100 --> 00:00:53,570  
hearing is this crazy storm that's

11  
00:00:49,189 --> 00:01:00,349  
coming through here tonight Joe to my

12  
00:00:53,570 --> 00:01:04,659  
lovely brother Joe goober Joe he had to

13  
00:01:00,350 --> 00:01:08,960  
go on a mission a long mission through

14  
00:01:04,659 --> 00:01:13,250  
difficult terrain and unmovable

15  
00:01:08,959 --> 00:01:14,959  
obstacles insurmountable barriers he's

16  
00:01:13,250 --> 00:01:15,560  
on the freeway right now but he'll be

17  
00:01:14,959 --> 00:01:18,679  
back soon

18  
00:01:15,560 --> 00:01:20,740  
he's coming back with his children's eye

19  
00:01:18,680 --> 00:01:23,600  
apparently they make things counselor

20  
00:01:20,739 --> 00:01:25,728  
never heard of them thank God I was

21  
00:01:23,599 --> 00:01:28,000  
never one of me no I'm kidding I love

22  
00:01:25,728 --> 00:01:32,950  
kids I love kids I'm just kidding but

23  
00:01:28,000 --> 00:01:38,840  
tonight folks I'm excited we have got

24  
00:01:32,950 --> 00:01:41,929  
stand-in Joe to help us cover this crazy

25  
00:01:38,840 --> 00:01:44,509  
topic and I'm gonna tell you this is

26  
00:01:41,929 --> 00:01:47,509  
just the start to some more information

27  
00:01:44,509 --> 00:01:51,049  
that we're gonna be putting out trying

28  
00:01:47,509 --> 00:01:55,489  
to connect all of this forties fifties

29

00:01:51,049 --> 00:01:58,039  
sixties UFO you'll connect all those

30  
00:01:55,489 --> 00:02:00,438  
dots with the aliens and the crashes in

31  
00:01:58,039 --> 00:02:03,769  
the and the discs and the sightings and

32  
00:02:00,438 --> 00:02:05,029  
and I think that our special guest is on

33  
00:02:03,769 --> 00:02:07,368  
to something but we're not going to

34  
00:02:05,030 --> 00:02:11,240  
reveal it all tonight so that's gonna be

35  
00:02:07,368 --> 00:02:14,180  
on the next podcast our probe cast

36  
00:02:11,240 --> 00:02:16,580  
actually we're changing the name right

37  
00:02:14,180 --> 00:02:19,610  
standing Joe it's a probe test

38  
00:02:16,580 --> 00:02:23,650  
it's a probe cast it's a probing yeah

39  
00:02:19,610 --> 00:02:27,580  
and some people could use a good probing

40  
00:02:23,650 --> 00:02:31,030  
but moving on for those of you out there

41  
00:02:27,580 --> 00:02:35,290  
who are supporters thank you all so much

42  
00:02:31,030 --> 00:02:37,000  
for supporting us on patreon if you

43  
00:02:35,289 --> 00:02:39,269

haven't yet make sure you check out our

44

00:02:37,000 --> 00:02:42,489  
website

45

00:02:39,269 --> 00:02:46,900  
WWF o'brosey tv.com

46

00:02:42,489 --> 00:02:51,219  
check it out we just put a ton of brand

47

00:02:46,900 --> 00:02:53,980  
new UFO alien related items all kinds of

48

00:02:51,219 --> 00:02:57,609  
things from shirts the pillows to

49

00:02:53,979 --> 00:03:00,959  
jewelry to novelty items to men's wear

50

00:02:57,609 --> 00:03:04,090  
two hats to beanies the selection is

51

00:03:00,959 --> 00:03:06,848  
very substantial so I did that for you

52

00:03:04,090 --> 00:03:08,469  
guys and the reason being is and I know

53

00:03:06,848 --> 00:03:11,108  
that you stand and you'll probably feel

54

00:03:08,469 --> 00:03:13,539  
the same way you know sometimes you love

55

00:03:11,109 --> 00:03:14,859  
UFOs you love aliens you love this topic

56

00:03:13,539 --> 00:03:17,408  
you love being part of this community

57

00:03:14,859 --> 00:03:20,379  
and sometimes you just want to go buy

58  
00:03:17,408 --> 00:03:22,989  
something cool but instead yeah but it

59  
00:03:20,378 --> 00:03:25,419  
sounds kind of hard to find it you know

60  
00:03:22,989 --> 00:03:28,090  
it can be hard to find and then it's

61  
00:03:25,419 --> 00:03:31,629  
hard to find and then the shipping is

62  
00:03:28,090 --> 00:03:36,189  
crazy or so what we did is we literally

63  
00:03:31,629 --> 00:03:38,799  
just hand-picked just I can't even tell

64  
00:03:36,189 --> 00:03:40,719  
you thousands of things to bring some

65  
00:03:38,799 --> 00:03:43,359  
things to our website we think you guys

66  
00:03:40,719 --> 00:03:46,989  
wouldn't like so if you got a minute UFO

67  
00:03:43,359 --> 00:03:49,870  
Bros TV things as low as \$5 on their all

68  
00:03:46,989 --> 00:03:51,579  
ships free and we do get a portion of

69  
00:03:49,870 --> 00:03:54,099  
that which we put right back into this

70  
00:03:51,579 --> 00:03:57,219  
guy's so this helps with our hosting

71  
00:03:54,098 --> 00:03:59,619  
this helps with our subscription and you

72  
00:03:57,219 --> 00:04:03,579  
know you know standing joke the more we

73  
00:03:59,620 --> 00:04:04,930  
do the more our expenses grow so you

74  
00:04:03,579 --> 00:04:06,699  
know check it out

75  
00:04:04,930 --> 00:04:09,430  
buy a little something even a sticker

76  
00:04:06,699 --> 00:04:11,949  
and show us some support alright that's

77  
00:04:09,430 --> 00:04:14,530  
enough for tonight's commercial about

78  
00:04:11,949 --> 00:04:15,969  
our own show and our own selves we're

79  
00:04:14,530 --> 00:04:21,699  
gonna move on we're gonna talk about

80  
00:04:15,969 --> 00:04:23,879  
project serpo and i today took some time

81  
00:04:21,699 --> 00:04:27,220  
and really tried to dig into this

82  
00:04:23,879 --> 00:04:30,399  
amazing story and I'm gonna be honest

83  
00:04:27,220 --> 00:04:32,440  
because I am NOT an expert on it if you

84  
00:04:30,399 --> 00:04:35,439  
sit down and talk to me about Roswell as

85  
00:04:32,439 --> 00:04:36,779  
most of you know I can go on and on and

86

00:04:35,439 --> 00:04:40,709  
on about Roswell

87  
00:04:36,779 --> 00:04:43,889  
but tonight special guests I think can

88  
00:04:40,709 --> 00:04:45,930  
do that with project serpo so what I'm

89  
00:04:43,889 --> 00:04:48,479  
going to do is give you a brief summary

90  
00:04:45,930 --> 00:04:51,840  
and introduction and then I'm going to

91  
00:04:48,480 --> 00:04:53,970  
kind of ask him some questions and if

92  
00:04:51,839 --> 00:04:56,250  
anybody is in the chat room has some

93  
00:04:53,970 --> 00:04:59,310  
questions like Oh wolf man mics in the

94  
00:04:56,250 --> 00:05:01,079  
chat tonight welcome welcome

95  
00:04:59,310 --> 00:05:04,230  
alien on board is in the chat room

96  
00:05:01,079 --> 00:05:06,839  
tonight what's up Balian what's going on

97  
00:05:04,230 --> 00:05:08,670  
and by the way alien on board if you

98  
00:05:06,839 --> 00:05:11,250  
have anything you want to contribute

99  
00:05:08,670 --> 00:05:12,810  
please send it over chat I know that

100  
00:05:11,250 --> 00:05:17,209

you've been researching this as well

101

00:05:12,810 --> 00:05:23,009

here is the story in a nutshell in the

102

00:05:17,209 --> 00:05:25,709

60s I believe that correct the 60s that

103

00:05:23,009 --> 00:05:29,430

this yeah well obviously a ties into

104

00:05:25,709 --> 00:05:31,500

Roswell so when Roswell happened 47 but

105

00:05:29,430 --> 00:05:34,769

it was a few years after that so but

106

00:05:31,500 --> 00:05:36,990

they did wait a small period before they

107

00:05:34,769 --> 00:05:39,359

actually took took the journey so I

108

00:05:36,990 --> 00:05:41,400

think it was the late 50s early 60s is

109

00:05:39,360 --> 00:05:44,340

when it actually took place right and

110

00:05:41,399 --> 00:05:48,199

and that's the 10-year gap enigmas yeah

111

00:05:44,339 --> 00:05:52,289

yeah we'll cover that but ultimately

112

00:05:48,199 --> 00:05:55,800

like Stanton Joe said it really stems

113

00:05:52,290 --> 00:05:59,100

from Rose Roswell and then there's this

114

00:05:55,800 --> 00:06:04,770

large gap of time where we send our own

115  
00:05:59,100 --> 00:06:08,729  
people to a planet near a binary star

116  
00:06:04,769 --> 00:06:13,529  
system and this planet is supposedly

117  
00:06:08,728 --> 00:06:15,750  
called serpo and I I'm not entirely

118  
00:06:13,529 --> 00:06:18,418  
certain in detail we're gonna have our

119  
00:06:15,750 --> 00:06:22,050  
special guest comment on that but it has

120  
00:06:18,418 --> 00:06:26,609  
something to do with in an exchange of

121  
00:06:22,050 --> 00:06:30,000  
Technology a flying disc that has had

122  
00:06:26,610 --> 00:06:32,910  
been had basically been gifted to us we

123  
00:06:30,000 --> 00:06:36,300  
a lot of people refer to as the Kingman

124  
00:06:32,910 --> 00:06:39,150  
crash in Arizona this was a Kingman

125  
00:06:36,300 --> 00:06:42,509  
landing UFO saucer landing

126  
00:06:39,149 --> 00:06:46,829  
in Arizona and this is where this story

127  
00:06:42,509 --> 00:06:48,209  
starts to get all tied up and weird so

128  
00:06:46,829 --> 00:06:53,810  
let's start it trying to start from the

129  
00:06:48,209 --> 00:06:56,310  
beginning we have this landed spaceship

130  
00:06:53,810 --> 00:06:59,759  
flying saucer whatever you call it out

131  
00:06:56,310 --> 00:07:01,829  
in the middle of the desert we take it

132  
00:06:59,759 --> 00:07:03,449  
and we put it on a barge isn't that

133  
00:07:01,829 --> 00:07:07,050  
isn't that what we essentially did

134  
00:07:03,449 --> 00:07:08,910  
standing Joe we yeah they they

135  
00:07:07,050 --> 00:07:11,430  
essentially gave it to us so we could

136  
00:07:08,910 --> 00:07:13,380  
you know back engineering it as sort of

137  
00:07:11,430 --> 00:07:15,810  
a gift like you said it was just like

138  
00:07:13,379 --> 00:07:17,668  
you know it was further on in the

139  
00:07:15,810 --> 00:07:20,699  
exchange program as a good token because

140  
00:07:17,668 --> 00:07:24,978  
I guess the species that they this

141  
00:07:20,699 --> 00:07:29,759  
exchange program had were they were good

142  
00:07:24,978 --> 00:07:31,349  
they were they were you know you know

143

00:07:29,759 --> 00:07:33,449  
they were they were cool with humans

144  
00:07:31,350 --> 00:07:36,720  
right and these are these the Zeta

145  
00:07:33,449 --> 00:07:39,209  
reticulan Reticuli aliens correct yes

146  
00:07:36,720 --> 00:07:41,220  
also known as evens is not crap evens

147  
00:07:39,209 --> 00:07:43,379  
yeah that's the government named them

148  
00:07:41,220 --> 00:07:45,630  
even evens you know II bees you know

149  
00:07:43,379 --> 00:07:46,649  
right and just to kind of update anybody

150  
00:07:45,629 --> 00:07:48,740  
who's not sure

151  
00:07:46,649 --> 00:07:52,079  
evey E is just an acronym for

152  
00:07:48,740 --> 00:07:54,478  
extraterrestrial biological entity as is

153  
00:07:52,079 --> 00:07:58,009  
even it's just another way of kind of

154  
00:07:54,478 --> 00:08:00,899  
doing that I think even as a more I

155  
00:07:58,009 --> 00:08:03,598  
think that's a more official term that

156  
00:08:00,899 --> 00:08:06,329  
I've heard of so we get this technology

157  
00:08:03,598 --> 00:08:11,159

delivered to us it is then transferred

158

00:08:06,329 --> 00:08:16,199

to a base not far from there which we

159

00:08:11,160 --> 00:08:17,550

call area 51 and that is where the start

160

00:08:16,199 --> 00:08:22,769

of the back-engineering

161

00:08:17,550 --> 00:08:24,930

of craft had started so-called that's it

162

00:08:22,769 --> 00:08:29,370

according to this story which makes me

163

00:08:24,930 --> 00:08:31,410

wonder standing Joe was was that the

164

00:08:29,370 --> 00:08:34,168

saucer that Bob Lazar

165

00:08:31,410 --> 00:08:36,288

was working on do you think I was always

166

00:08:34,168 --> 00:08:39,958

thinking that as well

167

00:08:36,288 --> 00:08:42,088

but the only the event that author Len

168

00:08:39,958 --> 00:08:45,149

castings who you know wrote the book

169

00:08:42,089 --> 00:08:48,300

project circle based on you know the

170

00:08:45,149 --> 00:08:49,588

story and the lita pretty much that this

171

00:08:48,299 --> 00:08:51,990

this whole thing was leaked on the

172  
00:08:49,589 --> 00:08:52,500  
internet by an anonymous source in like

173  
00:08:51,990 --> 00:08:57,480  
two

174  
00:08:52,500 --> 00:08:59,820  
five and you know bill Ryan from project

175  
00:08:57,480 --> 00:09:04,080  
kilowatt he actually turned all those

176  
00:08:59,820 --> 00:09:06,170  
leaked emails that this anonymous sauce

177  
00:09:04,080 --> 00:09:08,009  
you know leaked onto the Internet

178  
00:09:06,169 --> 00:09:12,000  
through the wolf to blow the whistle

179  
00:09:08,009 --> 00:09:14,700  
blow it was like a former executive of

180  
00:09:12,000 --> 00:09:16,529  
the fence intelligence so he was really

181  
00:09:14,700 --> 00:09:18,150  
high up this is where this all these

182  
00:09:16,529 --> 00:09:19,889  
leaked information kind of came from

183  
00:09:18,149 --> 00:09:23,699  
obviously he didn't put it on the

184  
00:09:19,889 --> 00:09:26,610  
Internet this anonymous Austin and Bill

185  
00:09:23,700 --> 00:09:28,830  
Ryan actually turned into circle org so

186  
00:09:26,610 --> 00:09:29,399  
when you check that website alright

187  
00:09:28,830 --> 00:09:33,570  
Emmett

188  
00:09:29,399 --> 00:09:35,669  
yes awesome and in 2005-2006

189  
00:09:33,570 --> 00:09:37,260  
that went you know that went live don't

190  
00:09:35,669 --> 00:09:37,949  
write and put that up and you could go

191  
00:09:37,259 --> 00:09:40,259  
on there

192  
00:09:37,950 --> 00:09:41,970  
i'ma back in like 2008 I would go on

193  
00:09:40,259 --> 00:09:44,970  
there every now and then he would

194  
00:09:41,970 --> 00:09:47,040  
constantly update it with the emails

195  
00:09:44,970 --> 00:09:50,910  
that were being leaked and this is the

196  
00:09:47,039 --> 00:09:52,679  
source of the information so whether you

197  
00:09:50,909 --> 00:09:55,889  
believe the story or not this is pretty

198  
00:09:52,679 --> 00:09:58,919  
much where it's coming from and when

199  
00:09:55,889 --> 00:10:01,799  
cast ins was the he was just a author

200

00:09:58,919 --> 00:10:03,449  
that you know wrote a book on it and he

201  
00:10:01,799 --> 00:10:05,639  
has a you know a wealth of information

202  
00:10:03,450 --> 00:10:09,960  
on it but all the information that he

203  
00:10:05,639 --> 00:10:13,319  
has he you know he got from this

204  
00:10:09,960 --> 00:10:16,019  
anonymous leaker which is essentially

205  
00:10:13,320 --> 00:10:17,820  
kind of by the way ladies and gentlemen

206  
00:10:16,019 --> 00:10:19,559  
this you know you definitely should

207  
00:10:17,820 --> 00:10:21,120  
check out that site we're just

208  
00:10:19,559 --> 00:10:24,469  
summarizing it because we've only got

209  
00:10:21,120 --> 00:10:27,570  
about 45 minutes so somewhere between

210  
00:10:24,470 --> 00:10:32,910  
receiving this technology back

211  
00:10:27,570 --> 00:10:36,240  
engineering it and the crashed Roswell

212  
00:10:32,909 --> 00:10:39,588  
did this with what was said to have like

213  
00:10:36,240 --> 00:10:42,990  
we talked about before a live being was

214  
00:10:39,589 --> 00:10:45,690

taken into custody and this story starts

215

00:10:42,990 --> 00:10:48,360

here one survived yep just one survived

216

00:10:45,690 --> 00:10:50,130

and one being survived that's where the

217

00:10:48,360 --> 00:10:52,769

project came from and that's where I'm

218

00:10:50,129 --> 00:10:55,230

gonna turn it over to you stand-in Joe I

219

00:10:52,769 --> 00:10:58,439

want you to go from the point where here

220

00:10:55,230 --> 00:11:03,629

we are with this even just crashed here

221

00:10:58,440 --> 00:11:05,200

in 47 and we are now and then not too

222

00:11:03,629 --> 00:11:07,059

not too long

223

00:11:05,200 --> 00:11:11,170

do that we have a landing in Kingman

224

00:11:07,059 --> 00:11:13,838

Arizona yep and all this stuff's at area

225

00:11:11,169 --> 00:11:16,479

51 go ahead and take us on a journey to

226

00:11:13,839 --> 00:11:19,839

what the hexer po is how this happened

227

00:11:16,480 --> 00:11:22,870

and I'm gonna turn it over to you yeah I

228

00:11:19,839 --> 00:11:25,600

mean the the short version exactly one

229  
00:11:22,870 --> 00:11:28,389  
one even survived in the Roswell crash

230  
00:11:25,600 --> 00:11:32,860  
and over time we were able to

231  
00:11:28,389 --> 00:11:35,320  
communicate with it and obviously you

232  
00:11:32,860 --> 00:11:37,180  
know that being was you know hidden

233  
00:11:35,320 --> 00:11:38,949  
somewhere that from from you know the

234  
00:11:37,179 --> 00:11:41,708  
public wasn't obvious to anybody just

235  
00:11:38,948 --> 00:11:45,789  
the government atom and somehow they

236  
00:11:41,708 --> 00:11:49,239  
were able to communicate with his beings

237  
00:11:45,789 --> 00:11:51,360  
again this is how the story goes so you

238  
00:11:49,240 --> 00:11:55,360  
know the whistleblower testimony says

239  
00:11:51,360 --> 00:11:58,600  
and there was contact furious later they

240  
00:11:55,360 --> 00:12:00,789  
were able to come back and we that's

241  
00:11:58,600 --> 00:12:02,560  
when we had put together a team and we

242  
00:12:00,789 --> 00:12:05,620  
had thought that when they were coming

243  
00:12:02,559 --> 00:12:07,838  
back that that's when the exchange

244  
00:12:05,620 --> 00:12:10,240  
program took place but actually they

245  
00:12:07,839 --> 00:12:12,670  
weren't quite ready yet and we you know

246  
00:12:10,240 --> 00:12:15,490  
weren't quite ready yet so that's where

247  
00:12:12,669 --> 00:12:19,319  
those ten years came in when we had

248  
00:12:15,490 --> 00:12:22,570  
picked our 12 they had finally picked 12

249  
00:12:19,320 --> 00:12:24,430  
humans to go on this exchange program

250  
00:12:22,570 --> 00:12:26,500  
and that's where the whole you know

251  
00:12:24,429 --> 00:12:28,479  
Close Encounters of the Third Kind movie

252  
00:12:26,500 --> 00:12:30,009  
comes in there's a ton of information

253  
00:12:28,480 --> 00:12:31,870  
and that will get at if you want we can

254  
00:12:30,009 --> 00:12:33,730  
talk about as well they show you know

255  
00:12:31,870 --> 00:12:35,620  
the 12 people going into the craft at

256  
00:12:33,730 --> 00:12:37,629  
the end of the movie they show the 12

257

00:12:35,620 --> 00:12:40,149  
people in the middle so many parts of

258  
00:12:37,629 --> 00:12:43,000  
that movie his references to serpo

259  
00:12:40,149 --> 00:12:45,519  
project Scerbo and that specific will be

260  
00:12:43,000 --> 00:12:48,220  
right there that's well known even it

261  
00:12:45,519 --> 00:12:50,198  
anyway so yeah essentially you know the

262  
00:12:48,220 --> 00:12:52,329  
10 years past actually think that of us

263  
00:12:50,198 --> 00:12:56,620  
and years were so furious where was it

264  
00:12:52,328 --> 00:12:58,028  
was such top-secret that they I told

265  
00:12:56,620 --> 00:13:00,610  
guys they they put him in a prison

266  
00:12:58,028 --> 00:13:01,720  
Leavenworth for a little while oh let me

267  
00:13:00,610 --> 00:13:04,539  
not because they were gonna do anything

268  
00:13:01,720 --> 00:13:07,420  
bad but because they didn't want them to

269  
00:13:04,539 --> 00:13:09,519  
interact with anybody well until they

270  
00:13:07,419 --> 00:13:11,469  
were ready to go and they you know they

271  
00:13:09,519 --> 00:13:13,659

went up and there was the exchange

272

00:13:11,470 --> 00:13:15,759

program and you know they were able to

273

00:13:13,659 --> 00:13:18,639

go back it took him like I think when it

274

00:13:15,759 --> 00:13:20,798

was like 9 or 10 months to get back to

275

00:13:18,639 --> 00:13:24,639

this is at a Reticuli star system and

276

00:13:20,798 --> 00:13:27,698

their planet and one died on the way up

277

00:13:24,639 --> 00:13:30,100

there this is so the story says that's

278

00:13:27,698 --> 00:13:33,128

right one of one of the humans died up I

279

00:13:30,100 --> 00:13:38,319

thought it was alright I thought it was

280

00:13:33,129 --> 00:13:41,110

to die to died in two stayed well one

281

00:13:38,318 --> 00:13:42,969

died on the way pop never even got there

282

00:13:41,110 --> 00:13:44,949

okay another one died

283

00:13:42,970 --> 00:13:47,470

what did she died while they were on the

284

00:13:44,948 --> 00:13:51,578

planet twelve or thirteen years

285

00:13:47,470 --> 00:13:55,540

Wow two of them stayed and then the

286  
00:13:51,578 --> 00:13:59,138  
remaining you know six is five or six

287  
00:13:55,539 --> 00:14:00,818  
they they won that back home and they

288  
00:13:59,139 --> 00:14:02,230  
probably died and you know the 80s or

289  
00:14:00,818 --> 00:14:04,958  
the early 90s if they loved the gnome

290  
00:14:02,230 --> 00:14:07,480  
will him the bike wow is actually don't

291  
00:14:04,958 --> 00:14:10,359  
worry that one of them like the captain

292  
00:14:07,480 --> 00:14:12,850  
who they actually nicknamed him mr. hero

293  
00:14:10,360 --> 00:14:14,438  
mm-hm he actually met the Pope and

294  
00:14:12,850 --> 00:14:16,058  
there's pictures of him meeting the Pope

295  
00:14:14,438 --> 00:14:18,698  
somewhere and there's a whole story

296  
00:14:16,058 --> 00:14:21,039  
behind that oh you know was in on and

297  
00:14:18,698 --> 00:14:23,498  
knew you got to meet him but again I'm

298  
00:14:21,039 --> 00:14:26,738  
not exactly sure how how should that is

299  
00:14:23,499 --> 00:14:30,278  
but well so I just want to take a moment

300  
00:14:26,739 --> 00:14:33,339  
and just stop for a second so we have 12

301  
00:14:30,278 --> 00:14:38,369  
human beings yes that had been selected

302  
00:14:33,339 --> 00:14:42,299  
through some process yeah to go to this

303  
00:14:38,369 --> 00:14:44,528  
home planet circle of the Zeta

304  
00:14:42,298 --> 00:14:48,639  
Reticulans a the reticular star system

305  
00:14:44,528 --> 00:14:50,289  
and let me ask you who what kind of

306  
00:14:48,639 --> 00:14:53,019  
people what were they what kind of

307  
00:14:50,289 --> 00:14:56,368  
people were involved were they picking a

308  
00:14:53,019 --> 00:14:59,739  
certain type of you know you know

309  
00:14:56,369 --> 00:15:02,379  
somebody who's you know an herb you know

310  
00:14:59,739 --> 00:15:04,360  
a botanist and or somebody that's a

311  
00:15:02,379 --> 00:15:06,519  
surgeon or you know can you give us an

312  
00:15:04,360 --> 00:15:08,709  
idea of what I think yeah I think they

313  
00:15:06,519 --> 00:15:11,918  
assembled sort of like a team you know I

314

00:15:08,708 --> 00:15:14,768  
know the leader of like the captain he

315  
00:15:11,918 --> 00:15:17,198  
was in an older you know and you know

316  
00:15:14,769 --> 00:15:20,379  
his you know 50s or so where he had like

317  
00:15:17,198 --> 00:15:22,778  
that experience of leaving a squad so to

318  
00:15:20,379 --> 00:15:26,319  
speak but the other ones I guess they

319  
00:15:22,778 --> 00:15:28,389  
were you know 30s 40s you know probably

320  
00:15:26,318 --> 00:15:30,038  
some military experience I'm sure some

321  
00:15:28,389 --> 00:15:32,990  
of them were botanist chemist maybe

322  
00:15:30,038 --> 00:15:36,299  
teachers you know

323  
00:15:32,990 --> 00:15:37,529  
you know again sometimes top secret that

324  
00:15:36,299 --> 00:15:39,750  
you know the names of the people who

325  
00:15:37,529 --> 00:15:41,490  
went you know they you know know their

326  
00:15:39,750 --> 00:15:44,190  
exact profession but I'm sure they've

327  
00:15:41,490 --> 00:15:47,039  
selected people you know with those

328  
00:15:44,190 --> 00:15:51,660

types of jobs and whatnot yeah cuz it

329

00:15:47,039 --> 00:15:54,120

seems is though that there there wasn't

330

00:15:51,659 --> 00:15:57,139

and I couldn't find necessarily like a

331

00:15:54,120 --> 00:15:59,850

really common thread of type of person

332

00:15:57,139 --> 00:16:01,769

except I did know that there was some

333

00:15:59,850 --> 00:16:06,149

controversy whether women went or not

334

00:16:01,769 --> 00:16:09,750

because I've heard that it was like ten

335

00:16:06,149 --> 00:16:11,250

men and two women or one woman or no

336

00:16:09,750 --> 00:16:12,840

women so there's a little bit of

337

00:16:11,250 --> 00:16:16,019

speculation on that I don't know if

338

00:16:12,840 --> 00:16:18,120

there is and it does show one or two

339

00:16:16,019 --> 00:16:20,309

women in the close encounters movie no

340

00:16:18,120 --> 00:16:23,250

it shows up around blonde lady and and I

341

00:16:20,309 --> 00:16:25,979

think another one another woman but Rob

342

00:16:23,250 --> 00:16:28,049

yeah that that's definitely speculation

343  
00:16:25,980 --> 00:16:30,210  
as well as it could have been twelve men

344  
00:16:28,049 --> 00:16:33,269  
it could have been you know ten men and

345  
00:16:30,210 --> 00:16:35,490  
two women again exactly those exact

346  
00:16:33,269 --> 00:16:37,289  
details will probably you know never

347  
00:16:35,490 --> 00:16:39,810  
officially you know when I went through

348  
00:16:37,289 --> 00:16:42,179  
all that and and it's it's it's that's

349  
00:16:39,809 --> 00:16:44,879  
like a gray area right there exactly you

350  
00:16:42,179 --> 00:16:47,299  
know could have been eleven now I know

351  
00:16:44,879 --> 00:16:50,009  
but supposedly the number was 12

352  
00:16:47,299 --> 00:16:52,109  
yeah and I think so yeah you know

353  
00:16:50,009 --> 00:16:53,610  
unfortunately we actually I mean no one

354  
00:16:52,110 --> 00:16:56,070  
else I just remember now was you know

355  
00:16:53,610 --> 00:16:59,730  
holding a little crash and some people

356  
00:16:56,070 --> 00:17:02,310  
say that you know when uh you know the

357  
00:16:59,730 --> 00:17:04,890  
one sauce of that actually crashed but

358  
00:17:02,309 --> 00:17:06,569  
you know was still assemble you know it

359  
00:17:04,890 --> 00:17:08,640  
didn't disintegrate that there was human

360  
00:17:06,569 --> 00:17:11,159  
body pots on the on the craft

361  
00:17:08,640 --> 00:17:14,190  
I don't really fly with that but the

362  
00:17:11,160 --> 00:17:16,050  
whole story awesome well but supposedly

363  
00:17:14,190 --> 00:17:18,630  
as what people say I know what are you

364  
00:17:16,049 --> 00:17:22,379  
hots on the car and that ties into the

365  
00:17:18,630 --> 00:17:27,210  
story because the this species of evens

366  
00:17:22,380 --> 00:17:29,630  
they were really into science and you

367  
00:17:27,210 --> 00:17:32,930  
know the the body and DNA

368  
00:17:29,630 --> 00:17:35,660  
and geology and and and plant life and

369  
00:17:32,930 --> 00:17:39,730  
just anything that you know you know

370  
00:17:35,660 --> 00:17:43,160  
revolves around life and they actually

371

00:17:39,730 --> 00:17:44,900  
when that when the one human will

372  
00:17:43,160 --> 00:17:47,690  
actually died on his way up it's just

373  
00:17:44,900 --> 00:17:49,310  
surf out when they when the other eleven

374  
00:17:47,690 --> 00:17:51,670  
found out that he had died and there was

375  
00:17:49,309 --> 00:17:55,279  
nothing do they ask for the body and the

376  
00:17:51,670 --> 00:17:58,070  
even Zuri had chopped him up oh my god

377  
00:17:55,279 --> 00:18:00,920  
and they chopped him up and they won't

378  
00:17:58,069 --> 00:18:03,200  
fight on the way up because you know the

379  
00:18:00,920 --> 00:18:05,150  
humans were pissed because that's you am

380  
00:18:03,200 --> 00:18:06,950  
an atheist basically after they knew you

381  
00:18:05,150 --> 00:18:08,750  
would they couldn't say when he died you

382  
00:18:06,950 --> 00:18:11,390  
know they didn't want him to die but he

383  
00:18:08,750 --> 00:18:14,299  
did you know and and they chopped them

384  
00:18:11,390 --> 00:18:15,800  
up and they with the humans with the

385  
00:18:14,299 --> 00:18:17,930

stoppeth they tried to explain you know

386

00:18:15,799 --> 00:18:20,299

notes so if we do this is how science

387

00:18:17,930 --> 00:18:22,840

you know we study it we this and that

388

00:18:20,299 --> 00:18:25,430

and so supposedly all those body pots

389

00:18:22,839 --> 00:18:27,379

work they went they don't beat humans

390

00:18:25,430 --> 00:18:30,259

they don't eat flesh they're not like

391

00:18:27,380 --> 00:18:31,970

that but they were they had that as an

392

00:18:30,259 --> 00:18:34,670

exchange you know they would get that

393

00:18:31,970 --> 00:18:36,440

was given to them for study I see I see

394

00:18:34,670 --> 00:18:38,330

and so that's where that whole story

395

00:18:36,440 --> 00:18:40,160

comes in so that's what the experiment

396

00:18:38,329 --> 00:18:43,789

started Neela play it off as their their

397

00:18:40,160 --> 00:18:46,190

flesh eating you know alien oh this is

398

00:18:43,789 --> 00:18:47,720

the truth that that wasn't the case at

399

00:18:46,190 --> 00:18:50,690

all it's that they were given those body

400  
00:18:47,720 --> 00:18:52,519  
pods as for studying and for research

401  
00:18:50,690 --> 00:18:55,850  
for their own research they go around

402  
00:18:52,519 --> 00:18:58,490  
the galaxy collecting species and things

403  
00:18:55,849 --> 00:19:00,379  
like that they're not harmful it's just

404  
00:18:58,490 --> 00:19:02,900  
what they do that's just that's there

405  
00:19:00,380 --> 00:19:05,270  
there's very smart you know in there and

406  
00:19:02,900 --> 00:19:07,880  
that's where that whole story so they

407  
00:19:05,269 --> 00:19:09,170  
crammed on gym and all those body pods

408  
00:19:07,880 --> 00:19:11,870  
work

409  
00:19:09,170 --> 00:19:14,900  
food it was for studying in for research

410  
00:19:11,869 --> 00:19:19,279  
so that's what that ties into now let me

411  
00:19:14,900 --> 00:19:21,800  
ask you so just to clarify here now

412  
00:19:19,279 --> 00:19:24,950  
we're you know to talk tying into

413  
00:19:21,799 --> 00:19:26,869  
Roswell yep which kind of really builds

414  
00:19:24,950 --> 00:19:28,880  
on this story you know it's such a huge

415  
00:19:26,869 --> 00:19:30,819  
story and then we add this on top of it

416  
00:19:28,880 --> 00:19:33,920  
it's like whoa

417  
00:19:30,819 --> 00:19:40,189  
so we've got let's go back to our are

418  
00:19:33,920 --> 00:19:42,620  
twelve earthly people what happens when

419  
00:19:40,190 --> 00:19:44,720  
they get on the ship

420  
00:19:42,619 --> 00:19:47,839  
how long does it take them to get to

421  
00:19:44,720 --> 00:19:50,329  
surf oh and do you know of any you know

422  
00:19:47,839 --> 00:19:52,909  
telling or story of what they

423  
00:19:50,329 --> 00:19:56,029  
experienced they're getting on board yep

424  
00:19:52,910 --> 00:19:57,950  
beings from another planet and going to

425  
00:19:56,029 --> 00:20:02,200  
their planet if this indeed happened so

426  
00:19:57,950 --> 00:20:05,150  
by all means explain that a little yeah

427  
00:20:02,200 --> 00:20:07,190  
but what the email say delete emails and

428

00:20:05,150 --> 00:20:09,230  
what you know though Ryan is you know

429  
00:20:07,190 --> 00:20:10,990  
what he posted on syrup without all over

430  
00:20:09,230 --> 00:20:13,670  
the years and again this was updated

431  
00:20:10,990 --> 00:20:15,970  
almost daily for years so there's so

432  
00:20:13,670 --> 00:20:18,650  
much information right it's it's through

433  
00:20:15,970 --> 00:20:20,329  
it was a mothership because the little

434  
00:20:18,650 --> 00:20:23,150  
ships you know that crashed in Roswell

435  
00:20:20,329 --> 00:20:25,849  
obviously are you know gonna fly through

436  
00:20:23,150 --> 00:20:27,769  
the galaxy they're not big you know

437  
00:20:25,849 --> 00:20:29,359  
they're not meant for warp speed and you

438  
00:20:27,769 --> 00:20:31,279  
know we're talking 40 you know

439  
00:20:29,359 --> 00:20:35,209  
light-years away this is a long you know

440  
00:20:31,279 --> 00:20:36,889  
million light years is very far so they

441  
00:20:35,210 --> 00:20:38,720  
obviously had a mothership in the area

442  
00:20:36,890 --> 00:20:40,400

so the mothership is huge I mean one of

443

00:20:38,720 --> 00:20:42,200

the guys one of the human says that he

444

00:20:40,400 --> 00:20:44,750

walks into a room that had a hundred

445

00:20:42,200 --> 00:20:46,580

foot ceiling this was inside the

446

00:20:44,750 --> 00:20:48,710

spaceship so the spaceship was enormous

447

00:20:46,579 --> 00:20:51,980

they were able the humans were able to

448

00:20:48,710 --> 00:20:53,509

take human jeeps and weapons they were

449

00:20:51,980 --> 00:20:55,308

really a comedy and they let him take

450

00:20:53,509 --> 00:20:58,250

him with anything that they wanted food

451

00:20:55,308 --> 00:20:59,720

so they had enough room to them they

452

00:20:58,250 --> 00:21:01,900

owned their own little quarters on the

453

00:20:59,720 --> 00:21:04,910

ship and I guess because the ship was

454

00:21:01,900 --> 00:21:06,980

traveling in a way where we weren't used

455

00:21:04,910 --> 00:21:09,890

to it it made them sick if they left

456

00:21:06,980 --> 00:21:11,539

this area that they had for the humans

457  
00:21:09,890 --> 00:21:15,590  
so they were able to have beach their

458  
00:21:11,539 --> 00:21:17,659  
own being a little dwelling and as long

459  
00:21:15,589 --> 00:21:20,779  
as they stayed in there they were they

460  
00:21:17,660 --> 00:21:22,640  
they were fine and they pretty much

461  
00:21:20,779 --> 00:21:25,069  
stayed in there the whole time and I

462  
00:21:22,640 --> 00:21:27,650  
guess it took them about nine or ten

463  
00:21:25,069 --> 00:21:29,000  
months you know I mean I know if it was

464  
00:21:27,650 --> 00:21:30,590  
they weren't straight or if they took a

465  
00:21:29,000 --> 00:21:33,019  
stop and rather plan it on the way I

466  
00:21:30,589 --> 00:21:34,819  
have no idea this sound doesn't say but

467  
00:21:33,019 --> 00:21:37,670  
took about nine months to get from Earth

468  
00:21:34,819 --> 00:21:40,700  
to you know their star systems that are

469  
00:21:37,670 --> 00:21:43,210  
articulate right so let's say now here

470  
00:21:40,700 --> 00:21:47,960  
we are we've got our twelve citizens

471  
00:21:43,210 --> 00:21:50,660  
what do they find on Sun serpo what is

472  
00:21:47,960 --> 00:21:53,450  
what is the vegetation like what is the

473  
00:21:50,660 --> 00:21:55,070  
landscape of buildings it was a binary

474  
00:21:53,450 --> 00:21:58,730  
star system so

475  
00:21:55,069 --> 00:22:01,849  
their planet you could see two suns so

476  
00:21:58,730 --> 00:22:02,990  
it was really hot for them and that was

477  
00:22:01,849 --> 00:22:05,119  
one thing they didn't like was the heat

478  
00:22:02,990 --> 00:22:06,500  
but as far as the atmosphere and

479  
00:22:05,119 --> 00:22:08,418  
everything there's oxygen they were able

480  
00:22:06,500 --> 00:22:12,009  
to breathe you know they were able to

481  
00:22:08,419 --> 00:22:15,649  
the other than that you know the heat

482  
00:22:12,009 --> 00:22:18,019  
which is like being in a desert you know

483  
00:22:15,648 --> 00:22:19,398  
was the description eventually the

484  
00:22:18,019 --> 00:22:20,929  
longer they were there they were able to

485

00:22:19,398 --> 00:22:24,500  
go on to a different part of the planet

486  
00:22:20,929 --> 00:22:27,080  
that wasn't as warm and they had a lot

487  
00:22:24,500 --> 00:22:28,909  
of dwellings that went down inside the

488  
00:22:27,079 --> 00:22:31,189  
earth where it's obviously naturally

489  
00:22:28,909 --> 00:22:33,649  
cooler so they were able to go in there

490  
00:22:31,190 --> 00:22:35,570  
but it was a planet that was completely

491  
00:22:33,648 --> 00:22:37,459  
open to all sorts of beings so the

492  
00:22:35,569 --> 00:22:39,619  
humans said while they were there wasn't

493  
00:22:37,460 --> 00:22:41,629  
like a big deal even's didn't care that

494  
00:22:39,619 --> 00:22:44,268  
they were there because they was of a

495  
00:22:41,628 --> 00:22:46,788  
you know extraterrestrial life coming

496  
00:22:44,269 --> 00:22:55,339  
and going all day long you know right

497  
00:22:46,788 --> 00:22:57,079  
just another day for them you know could

498  
00:22:55,339 --> 00:22:59,628  
have been a human colony already there

499  
00:22:57,079 --> 00:23:02,599

and there by somewhere now so here we

500

00:22:59,628 --> 00:23:04,398

are on this planet it's hot as hell yeah

501

00:23:02,599 --> 00:23:05,869

at the grill hot because I heard that

502

00:23:04,398 --> 00:23:07,878

they've landed somewhere on the equator

503

00:23:05,869 --> 00:23:09,428

of the planet yeah it was like really

504

00:23:07,878 --> 00:23:12,288

really tough day today live hundred

505

00:23:09,429 --> 00:23:14,538

gonzalo minute yeah it was just like a

506

00:23:12,288 --> 00:23:18,470

hundred forty degrees Oh something like

507

00:23:14,538 --> 00:23:20,628

that some crazy temperature and now I

508

00:23:18,470 --> 00:23:23,028

remember I'm just gonna kind of fast

509

00:23:20,628 --> 00:23:29,599

forward yeah because I want to get to

510

00:23:23,028 --> 00:23:31,220

the culture and it matches and I'm just

511

00:23:29,599 --> 00:23:36,259

gonna say I heard that evens love

512

00:23:31,220 --> 00:23:39,440

dancing and they love vocalization they

513

00:23:36,259 --> 00:23:41,870

plan it actually it was only like again

514  
00:23:39,440 --> 00:23:43,850  
this is completely according to The

515  
00:23:41,869 --> 00:23:45,768  
Whistleblower testimony and the

516  
00:23:43,849 --> 00:23:47,329  
anonymous emails that were leaked that

517  
00:23:45,769 --> 00:23:49,788  
there was only about six hundred

518  
00:23:47,329 --> 00:23:50,839  
thousand beings that live that resided

519  
00:23:49,788 --> 00:23:53,210  
that was right you know

520  
00:23:50,839 --> 00:23:55,250  
preg native to that planet what'd you

521  
00:23:53,210 --> 00:23:58,069  
figure with how many people are in this

522  
00:23:55,250 --> 00:24:00,409  
in this world you know it's a stupid

523  
00:23:58,069 --> 00:24:01,908  
amount compared to that you know so they

524  
00:24:00,409 --> 00:24:03,950  
had a lot under control

525  
00:24:01,909 --> 00:24:06,230  
and from what I understand it was a

526  
00:24:03,950 --> 00:24:08,450  
police state how did you read about that

527  
00:24:06,230 --> 00:24:08,990  
where they had a wear bracelets I would

528  
00:24:08,450 --> 00:24:11,450  
not

529  
00:24:08,990 --> 00:24:13,339  
to eat they were told when to sleep but

530  
00:24:11,450 --> 00:24:15,019  
it wasn't like we thought we would we

531  
00:24:13,339 --> 00:24:17,299  
would relate to that as like being in

532  
00:24:15,019 --> 00:24:19,039  
prison where they were perfectly happy

533  
00:24:17,299 --> 00:24:21,649  
because they didn't really work they

534  
00:24:19,039 --> 00:24:23,480  
didn't have to worry about food all the

535  
00:24:21,650 --> 00:24:26,269  
food was given to everything essentially

536  
00:24:23,480 --> 00:24:29,808  
everything that they needed was just

537  
00:24:26,269 --> 00:24:31,940  
given to them you know so like I'm

538  
00:24:29,808 --> 00:24:34,519  
physically fine when being told when to

539  
00:24:31,940 --> 00:24:40,160  
eat and whatnot because they were always

540  
00:24:34,519 --> 00:24:43,819  
happy and that's good I would like to go

541  
00:24:40,160 --> 00:24:45,890  
to a planet where my things are taken

542

00:24:43,819 --> 00:24:49,250  
care of and and I'm happy all the time

543  
00:24:45,890 --> 00:24:53,150  
now they're there they're witnessing

544  
00:24:49,250 --> 00:24:55,519  
this culture the even's dancing up there

545  
00:24:53,150 --> 00:24:57,980  
like chant music they were into like the

546  
00:24:55,519 --> 00:25:00,440  
chanting type of music and which

547  
00:24:57,980 --> 00:25:03,039  
apparently they were very spirited yeah

548  
00:25:00,440 --> 00:25:05,330  
high vocalizations that sounded very

549  
00:25:03,039 --> 00:25:07,359  
almost computer ish

550  
00:25:05,329 --> 00:25:09,259  
I guess exactly it was Harriet

551  
00:25:07,359 --> 00:25:15,729  
high-pitched in it which sounds

552  
00:25:09,259 --> 00:25:19,819  
terrifying too and happy beings but now

553  
00:25:15,730 --> 00:25:21,620  
they're on the planet ten plus years now

554  
00:25:19,819 --> 00:25:24,139  
do you can you walk us through who you

555  
00:25:21,619 --> 00:25:25,729  
know the people that decided to stay do

556  
00:25:24,140 --> 00:25:28,520

we know why they decided to stay on

557

00:25:25,730 --> 00:25:31,099

serpo can you you know give us an e l

558

00:25:28,519 --> 00:25:33,079

don't know I think I guess there's truth

559

00:25:31,099 --> 00:25:35,928

at the side of the state maybe that was

560

00:25:33,079 --> 00:25:37,490

born late you know guys and the girls

561

00:25:35,929 --> 00:25:39,350

and they were in love and they just

562

00:25:37,490 --> 00:25:43,220

thought that they would stay there that

563

00:25:39,349 --> 00:25:46,069

was one of the assumptions but I have no

564

00:25:43,220 --> 00:25:48,170

idea I'm not sure what what that we know

565

00:25:46,069 --> 00:25:51,159

interesting I mean what was it you know

566

00:25:48,170 --> 00:25:54,769

I wonder was it was it a utopia was it

567

00:25:51,160 --> 00:25:57,558

what did it have lots of plant life or

568

00:25:54,769 --> 00:25:59,720

yeah I mean they I guess the food it was

569

00:25:57,558 --> 00:26:02,058

a little while for them to digest food

570

00:25:59,720 --> 00:26:06,740

but after a while our bodies took to it

571  
00:26:02,058 --> 00:26:08,509  
fine it seemed like a fine place but the

572  
00:26:06,740 --> 00:26:11,450  
thing I got from was just how

573  
00:26:08,509 --> 00:26:14,329  
accommodating and and friendly they were

574  
00:26:11,450 --> 00:26:17,900  
and they were all happy even though they

575  
00:26:14,329 --> 00:26:21,928  
were all you know very much controlled

576  
00:26:17,900 --> 00:26:25,889  
by something you know our people

577  
00:26:21,929 --> 00:26:28,409  
that anyone of significance and in their

578  
00:26:25,888 --> 00:26:30,868  
society like we didn't meet and because

579  
00:26:28,409 --> 00:26:32,850  
it wasn't that big of a deal for them

580  
00:26:30,868 --> 00:26:35,240  
another race to go there wait wait for

581  
00:26:32,849 --> 00:26:38,158  
us it would be different you know

582  
00:26:35,240 --> 00:26:41,368  
because that's never publicly happened

583  
00:26:38,159 --> 00:26:43,679  
to here you know right you know what I

584  
00:26:41,368 --> 00:26:44,939  
mean but there like I said I mean they

585  
00:26:43,679 --> 00:26:46,440  
go there they think they're gonna get

586  
00:26:44,940 --> 00:26:47,970  
the royal treatment you know the

587  
00:26:46,440 --> 00:26:49,999  
president's gonna come out they're gonna

588  
00:26:47,970 --> 00:26:52,618  
and it didn't happen like that at all

589  
00:26:49,999 --> 00:26:56,940  
they were like kept secluded I mean

590  
00:26:52,618 --> 00:26:57,148  
again it was they people were very you

591  
00:26:56,940 --> 00:27:00,690  
know

592  
00:26:57,148 --> 00:27:02,878  
hospitable but it was not a big deal at

593  
00:27:00,690 --> 00:27:04,769  
all for them to show up 11:00 I'm cuz

594  
00:27:02,878 --> 00:27:07,829  
one of them died because there was it

595  
00:27:04,769 --> 00:27:10,019  
was aliens et other life coming and

596  
00:27:07,829 --> 00:27:12,778  
going on a daily basis on that planet

597  
00:27:10,019 --> 00:27:14,190  
there's nothing for them so stand-in Joe

598  
00:27:12,778 --> 00:27:16,319  
I'm gonna go to the chat room here

599

00:27:14,190 --> 00:27:17,190  
because yes sir alien on board has a

600  
00:27:16,319 --> 00:27:21,599  
good question

601  
00:27:17,190 --> 00:27:25,700  
awesome for both of us and he says would

602  
00:27:21,599 --> 00:27:28,678  
you guys stay if you went absolutely I

603  
00:27:25,700 --> 00:27:29,879  
would go if standing Joe was there

604  
00:27:28,679 --> 00:27:32,629  
because we could talk the whole time

605  
00:27:29,878 --> 00:27:35,699  
we'd probably drive the planet crazy all

606  
00:27:32,628 --> 00:27:38,099  
600,000 of them that'd be fun I would do

607  
00:27:35,700 --> 00:27:40,499  
it illegal I would stay why you have one

608  
00:27:38,099 --> 00:27:41,428  
life I mean we know what's here I would

609  
00:27:40,499 --> 00:27:45,450  
love to

610  
00:27:41,429 --> 00:27:47,869  
I don't know wait coming back would be

611  
00:27:45,450 --> 00:27:53,610  
and let's talk about that because I

612  
00:27:47,868 --> 00:27:54,408  
wonder what kind of kind what calling

613  
00:27:53,609 --> 00:28:02,069

old

614

00:27:54,409 --> 00:28:06,450

that's my Childress impression you won't

615

00:28:02,069 --> 00:28:09,418

get David chilled oak I'm sorry okay and

616

00:28:06,450 --> 00:28:15,808

I'm done but what was I talking about

617

00:28:09,419 --> 00:28:17,850

see you know if you were gonna stay I

618

00:28:15,808 --> 00:28:21,329

gotta tell you Joe you are right on

619

00:28:17,849 --> 00:28:27,298

today you are just spot-on helping me

620

00:28:21,329 --> 00:28:31,079

out I love it so stay yes but what about

621

00:28:27,298 --> 00:28:35,058

the people that came back and

622

00:28:31,079 --> 00:28:38,668

did they experience any kind of

623

00:28:35,058 --> 00:28:40,950

reintegration issues you know any

624

00:28:38,669 --> 00:28:44,129

emotional distress do you know anything

625

00:28:40,950 --> 00:28:46,769

about the survivors the return that the

626

00:28:44,128 --> 00:28:49,888

people that returned you know the the

627

00:28:46,769 --> 00:28:52,429

only thing that's out there is the one

628  
00:28:49,888 --> 00:28:55,199  
person I said where the his nickname was

629  
00:28:52,429 --> 00:28:57,149  
they missed the hero of something like

630  
00:28:55,200 --> 00:29:00,090  
that I think it was actually miss mr.

631  
00:28:57,148 --> 00:29:02,158  
hero and he might have been the captain

632  
00:29:00,089 --> 00:29:07,108  
he might have been you know the leader

633  
00:29:02,159 --> 00:29:10,799  
and he in 1978 got to meet with the Pope

634  
00:29:07,108 --> 00:29:13,829  
whether the Pope was in 78 and so the

635  
00:29:10,798 --> 00:29:15,720  
pulp do I mean probably their you know

636  
00:29:13,829 --> 00:29:18,839  
the I'm sure he's kind of a lot of you

637  
00:29:15,720 --> 00:29:23,278  
know inside knowledge that we'll never

638  
00:29:18,839 --> 00:29:24,028  
know and yeah and that's it but I'm for

639  
00:29:23,278 --> 00:29:25,648  
everyone else

640  
00:29:24,028 --> 00:29:27,839  
then they obviously weren't going to be

641  
00:29:25,648 --> 00:29:30,358  
able to write a book on it you know I

642  
00:29:27,839 --> 00:29:32,339  
mean that's not something that was gonna

643  
00:29:30,358 --> 00:29:32,939  
happen as you know they keep that under

644  
00:29:32,339 --> 00:29:39,168  
wraps

645  
00:29:32,940 --> 00:29:44,269  
I did recall a story of a woman who

646  
00:29:39,169 --> 00:29:47,278  
wrote a book of a very very similar

647  
00:29:44,269 --> 00:29:50,669  
experience it's completely separate from

648  
00:29:47,278 --> 00:29:54,058  
Project serpo but in the details of the

649  
00:29:50,669 --> 00:29:56,700  
story about the ship how long it took to

650  
00:29:54,058 --> 00:29:58,798  
get there what the culture was like and

651  
00:29:56,700 --> 00:30:04,100  
apparently she came back and wrote a

652  
00:29:58,798 --> 00:30:04,099  
book about it I got to get her name yeah

653  
00:30:06,829 --> 00:30:11,788  
you know the circle book that made you

654  
00:30:09,480 --> 00:30:14,249  
know the the main novels that they wrote

655  
00:30:11,788 --> 00:30:15,989  
you know right and like I said Justin's

656

00:30:14,249 --> 00:30:17,909  
in the end there's another one that's

657  
00:30:15,989 --> 00:30:20,730  
been pretty popular well like I said

658  
00:30:17,909 --> 00:30:23,519  
this is a separate from serpo it's

659  
00:30:20,730 --> 00:30:28,230  
similar to so that was another exchange

660  
00:30:23,519 --> 00:30:30,409  
program that servo it's actually I'm not

661  
00:30:28,230 --> 00:30:32,999  
entirely certain if it was just like

662  
00:30:30,409 --> 00:30:37,259  
your kind of standard quote-unquote

663  
00:30:32,999 --> 00:30:39,778  
abduction case sure or if it was I don't

664  
00:30:37,259 --> 00:30:41,159  
you know what I think whoa okay it is

665  
00:30:39,778 --> 00:30:43,890  
actually a Torah

666  
00:30:41,159 --> 00:30:46,380  
I'm not sure clearly

667  
00:30:43,890 --> 00:30:47,880  
Betty and Barney Hill know all right

668  
00:30:46,380 --> 00:30:48,990  
because you know they you know the

669  
00:30:47,880 --> 00:30:51,840  
obviously you heard of them and their

670  
00:30:48,990 --> 00:30:54,028

encounter and they she said that they

671

00:30:51,839 --> 00:30:55,918

also were taken to the Zeta Reticuli

672

00:30:54,028 --> 00:30:59,759

star system yeah I don't know if it was

673

00:30:55,919 --> 00:31:01,470

based on that yeah so maybe that's just

674

00:30:59,759 --> 00:31:04,079

where they've been taking us you know

675

00:31:01,470 --> 00:31:06,600

but then again you know alien abductions

676

00:31:04,079 --> 00:31:08,398

a whole other topic like you and I were

677

00:31:06,599 --> 00:31:11,129

talking about that again I mean these

678

00:31:08,398 --> 00:31:13,229

even say they were not into the whole

679

00:31:11,130 --> 00:31:16,409

abduction scene you know they're not the

680

00:31:13,230 --> 00:31:18,620

gray aliens that we're known for the

681

00:31:16,409 --> 00:31:22,860

abductions in the program you know these

682

00:31:18,619 --> 00:31:24,479

these beings were just you know we're

683

00:31:22,859 --> 00:31:26,939

just really no different from us they

684

00:31:24,480 --> 00:31:30,480

were just far more advanced from you

685  
00:31:26,940 --> 00:31:33,389  
know faraway place and they were really

686  
00:31:30,480 --> 00:31:36,599  
into the whole science of the universe

687  
00:31:33,388 --> 00:31:39,509  
and they went from planet to planet just

688  
00:31:36,599 --> 00:31:42,269  
you know collecting things that they

689  
00:31:39,509 --> 00:31:45,869  
deemed important to their science I will

690  
00:31:42,269 --> 00:31:51,058  
say it makes you wonder why they only

691  
00:31:45,869 --> 00:31:53,189  
have 600,000 actual you know habitants

692  
00:31:51,058 --> 00:31:56,308  
of that planet why what was that me yeah

693  
00:31:53,190 --> 00:31:59,038  
I mean imagine if Earth only at 600,000

694  
00:31:56,308 --> 00:32:01,019  
you know humans but we was set up like

695  
00:31:59,038 --> 00:32:03,148  
we are I mean we would probably get

696  
00:32:01,019 --> 00:32:05,190  
everything free as well be everything we

697  
00:32:03,148 --> 00:32:07,379  
would need but when you have millions of

698  
00:32:05,190 --> 00:32:08,070  
people you know that's me that's not

699

00:32:07,380 --> 00:32:10,139

possible

700

00:32:08,069 --> 00:32:13,710

it makes me think that there was

701

00:32:10,138 --> 00:32:16,918

probably genetic degradation over time

702

00:32:13,710 --> 00:32:19,500

maybe reproductive issues well I just

703

00:32:16,919 --> 00:32:21,720

think that maybe but I I think that it

704

00:32:19,500 --> 00:32:23,849

was a control planet but not controlled

705

00:32:21,720 --> 00:32:27,409

the way this planet it's controlled

706

00:32:23,849 --> 00:32:30,359

hidden with the hidden hand that planet

707

00:32:27,409 --> 00:32:32,130

like I know I guess my friend where they

708

00:32:30,359 --> 00:32:35,969

only could have they could be Mary but

709

00:32:32,130 --> 00:32:38,070

oh you only have one child I know I know

710

00:32:35,970 --> 00:32:40,500

I'm positive ever that one of the email

711

00:32:38,069 --> 00:32:43,829

said that was one of the you know the

712

00:32:40,500 --> 00:32:47,849

laws of of their of their societies owns

713

00:32:43,829 --> 00:32:49,710  
only one one child per family huh yup

714  
00:32:47,849 --> 00:32:52,558  
sting they can only have one offspring

715  
00:32:49,710 --> 00:32:54,690  
per family thanks they called it so I

716  
00:32:52,558 --> 00:33:01,230  
guess what I'm getting at here

717  
00:32:54,690 --> 00:33:02,759  
is if there's only 600,000 is that are

718  
00:33:01,230 --> 00:33:05,069  
you saying that that is a number they

719  
00:33:02,759 --> 00:33:08,640  
strive to maintain what I'm asking is

720  
00:33:05,069 --> 00:33:11,159  
before you answer what I'm asking is if

721  
00:33:08,640 --> 00:33:12,930  
we're it's six billion and they're far

722  
00:33:11,160 --> 00:33:15,269  
more irrational I think we're coming up

723  
00:33:12,930 --> 00:33:18,920  
on eight billion people and let's say

724  
00:33:15,269 --> 00:33:23,279  
they're millions of years advanced and

725  
00:33:18,920 --> 00:33:25,800  
but they have 650,000 I'm asking the

726  
00:33:23,279 --> 00:33:29,819  
question was there some kind of plague

727  
00:33:25,799 --> 00:33:32,789

or you know disruption to a planet or

728

00:33:29,819 --> 00:33:35,519

their species or their our genetics or

729

00:33:32,789 --> 00:33:37,559

whatever why why is there only six

730

00:33:35,519 --> 00:33:41,599

hundred thousand of these beings on a

731

00:33:37,559 --> 00:33:45,450

planet now that's a good question and I

732

00:33:41,599 --> 00:33:50,089

you know the feeling that I get from

733

00:33:45,450 --> 00:33:53,190

from reading all of the emails in the

734

00:33:50,089 --> 00:33:55,199

information on project serpo is that

735

00:33:53,190 --> 00:33:57,900

that's just how they want it I didn't

736

00:33:55,200 --> 00:33:59,850

get a feeling that they were playing you

737

00:33:57,900 --> 00:34:05,370

know it seems sick or anything like that

738

00:33:59,849 --> 00:34:06,899

doesn't seem to be any genetic issues

739

00:34:05,369 --> 00:34:09,239

going on over time

740

00:34:06,900 --> 00:34:12,570

like you care possibly with the gray

741

00:34:09,239 --> 00:34:15,000

aces it's I think that that's the

742  
00:34:12,570 --> 00:34:18,090  
number that functions best with their

743  
00:34:15,000 --> 00:34:19,650  
society they have established over time

744  
00:34:18,090 --> 00:34:22,019  
that that's the number that works for

745  
00:34:19,650 --> 00:34:24,570  
them I'm sure it fluctuates over time

746  
00:34:22,019 --> 00:34:27,300  
but they experienced debt supposedly

747  
00:34:24,570 --> 00:34:29,789  
just like us and they you know they and

748  
00:34:27,300 --> 00:34:32,280  
of course the birth and and they have

749  
00:34:29,789 --> 00:34:34,739  
offspring you know there's there only

750  
00:34:32,280 --> 00:34:36,810  
one per family there's a human Napoleon

751  
00:34:34,739 --> 00:34:39,599  
population yeah I think he's wrong I

752  
00:34:36,809 --> 00:34:41,279  
mean I think that works for them and you

753  
00:34:39,599 --> 00:34:42,719  
know just turning over to the chatroom

754  
00:34:41,280 --> 00:34:44,910  
because I think some of our chatters

755  
00:34:42,719 --> 00:34:49,289  
have you know our followers here they

756  
00:34:44,909 --> 00:34:50,879  
have some input as well war that's when

757  
00:34:49,289 --> 00:34:53,429  
I didn't think of which you know for

758  
00:34:50,880 --> 00:34:55,530  
obvious reasons sure according to alien

759  
00:34:53,429 --> 00:34:56,879  
on board I'm not sure where the source

760  
00:34:55,530 --> 00:34:59,280  
came from but he says that there was a

761  
00:34:56,880 --> 00:35:01,829  
100 year war that wiped out a lot of

762  
00:34:59,280 --> 00:35:03,540  
them and I don't recall me like I said I

763  
00:35:01,829 --> 00:35:05,269  
haven't done that much rest but yep

764  
00:35:03,539 --> 00:35:09,679  
there was that they were involved

765  
00:35:05,269 --> 00:35:12,769  
100 there we go presented several times

766  
00:35:09,679 --> 00:35:15,289  
on the leaked information they were

767  
00:35:12,769 --> 00:35:16,849  
involved in a hundred-year what I don't

768  
00:35:15,289 --> 00:35:18,590  
know I don't remember it saying that

769  
00:35:16,849 --> 00:35:21,860  
that's the reason why they only have six

770

00:35:18,590 --> 00:35:23,870  
hundred thousand possibly but it's just

771  
00:35:21,860 --> 00:35:26,360  
the kind of things I think in a long

772  
00:35:23,869 --> 00:35:29,210  
time more like a hundred years it was a

773  
00:35:26,360 --> 00:35:31,610  
it was a serious war yes and that's just

774  
00:35:29,210 --> 00:35:32,750  
the kind of thing that stops me and some

775  
00:35:31,610 --> 00:35:34,280  
of these stories is I'm kind of

776  
00:35:32,750 --> 00:35:37,460  
exploring them going with how a second

777  
00:35:34,280 --> 00:35:39,740  
but in some ways it doesn't it doesn't

778  
00:35:37,460 --> 00:35:42,650  
subtract from the story I think it

779  
00:35:39,739 --> 00:35:46,879  
actually adds more depth to the story

780  
00:35:42,650 --> 00:35:49,910  
and sure and I just you know if I don't

781  
00:35:46,880 --> 00:35:52,430  
know let me ask you this and I'm gonna

782  
00:35:49,909 --> 00:35:57,259  
turn this over to also the people in the

783  
00:35:52,429 --> 00:36:02,269  
chat room if you could sit down with one

784  
00:35:57,260 --> 00:36:04,730

of these you know earthling astronauts

785

00:36:02,269 --> 00:36:09,590

that you know took this incredible

786

00:36:04,730 --> 00:36:11,360

journey to a planet you know in a binary

787

00:36:09,590 --> 00:36:15,829

star system if you could sit down with

788

00:36:11,360 --> 00:36:19,760

them and under you know off the record

789

00:36:15,829 --> 00:36:20,929

and ask them you get to questions I'm

790

00:36:19,760 --> 00:36:22,030

gonna go ahead and turn it over to you

791

00:36:20,929 --> 00:36:24,349

first

792

00:36:22,030 --> 00:36:25,580

stand-in Joe what are the two questions

793

00:36:24,349 --> 00:36:28,880

you asked this person but you only get

794

00:36:25,579 --> 00:36:33,739

to two questions off the top of my head

795

00:36:28,880 --> 00:36:35,390

they I what I probably would ask it what

796

00:36:33,739 --> 00:36:36,799

did they see anything anything

797

00:36:35,389 --> 00:36:38,809

interesting probably all the way I want

798

00:36:36,800 --> 00:36:41,390

to know like what with the you know the

799

00:36:38,809 --> 00:36:43,880

the experience was like if they got to

800

00:36:41,389 --> 00:36:47,449

look at a window you know halfway there

801

00:36:43,880 --> 00:36:49,820

or if you know good to see any anything

802

00:36:47,449 --> 00:36:52,429

fascinating you know on the way to the

803

00:36:49,820 --> 00:36:56,000

star system probably one and probably

804

00:36:52,429 --> 00:36:59,029

two I would probably just you know maybe

805

00:36:56,000 --> 00:37:01,639

want to know what you know what the

806

00:36:59,030 --> 00:37:03,560

other planet just the sense is you know

807

00:37:01,639 --> 00:37:05,719

what it smells like what the ground

808

00:37:03,559 --> 00:37:08,210

feels like does it feel differently you

809

00:37:05,719 --> 00:37:10,939

know just basic stuff like that what do

810

00:37:08,210 --> 00:37:12,710

you people smell or feel like they're

811

00:37:10,940 --> 00:37:16,010

things like that you know that our

812

00:37:12,710 --> 00:37:18,289

senses that our clothes that we can all

813  
00:37:16,010 --> 00:37:18,860  
relate to you wanted to be honest with

814  
00:37:18,289 --> 00:37:20,989  
you

815  
00:37:18,860 --> 00:37:22,610  
think I would probably ask similar

816  
00:37:20,989 --> 00:37:25,549  
questions and relate through in a

817  
00:37:22,610 --> 00:37:27,829  
relation to census you know yeah how

818  
00:37:25,550 --> 00:37:30,019  
does your body feel on this point how

819  
00:37:27,829 --> 00:37:32,210  
does our body feel is there more weight

820  
00:37:30,019 --> 00:37:35,809  
to your bodies and less weight is there

821  
00:37:32,210 --> 00:37:38,510  
what's the you know you know just giving

822  
00:37:35,809 --> 00:37:40,400  
the best possible everything the sounds

823  
00:37:38,510 --> 00:37:42,260  
what is it is a sound difference in the

824  
00:37:40,400 --> 00:37:44,329  
air wind sound different you know they

825  
00:37:42,260 --> 00:37:46,100  
smell a bit for just you know there's

826  
00:37:44,329 --> 00:37:48,769  
the water feel different tastes

827

00:37:46,099 --> 00:37:52,940  
different stuff like that yeah

828  
00:37:48,769 --> 00:37:55,400  
or you know is there water like you know

829  
00:37:52,940 --> 00:37:56,179  
water is water h2o is h2o but you know

830  
00:37:55,400 --> 00:37:58,730  
yeah

831  
00:37:56,179 --> 00:38:01,309  
our water is h2o but if you give it this

832  
00:37:58,730 --> 00:38:02,690  
right have minerals exact minerals I

833  
00:38:01,309 --> 00:38:05,960  
mean I we have somewhere else

834  
00:38:02,690 --> 00:38:08,619  
oh what a bracket there what I was just

835  
00:38:05,960 --> 00:38:12,829  
exactly going to say that I think that I

836  
00:38:08,619 --> 00:38:15,409  
would ask that I would say you know what

837  
00:38:12,829 --> 00:38:18,829  
does water taste like what is the what

838  
00:38:15,409 --> 00:38:22,219  
is the air smell like what does what did

839  
00:38:18,829 --> 00:38:24,860  
the beings feel like what yeah what did

840  
00:38:22,219 --> 00:38:26,839  
the being smell like those are the kinds

841  
00:38:24,860 --> 00:38:29,750

of weird quick I guess those are kind of

842

00:38:26,840 --> 00:38:35,059

weird reaper questions as like did you

843

00:38:29,750 --> 00:38:36,829

get to know this did you know that but i

844

00:38:35,059 --> 00:38:39,019

think that's the only thing that I could

845

00:38:36,829 --> 00:38:42,230

get a grasp of what it would really be

846

00:38:39,019 --> 00:38:46,519

like I don't really care about like was

847

00:38:42,230 --> 00:38:48,019

there a cool car or was there a you know

848

00:38:46,519 --> 00:38:49,429

things floating in the sky

849

00:38:48,019 --> 00:38:53,360

yeah the technology would be

850

00:38:49,429 --> 00:38:55,399

downloadable but they had all oh yeah

851

00:38:53,360 --> 00:38:59,180

they were very advanced you know what I

852

00:38:55,400 --> 00:39:01,940

kind of got out of it was and I'm not

853

00:38:59,179 --> 00:39:04,039

even really big you know sci-fi person

854

00:39:01,940 --> 00:39:06,050

you know I mean I watched the Star Wars

855

00:39:04,039 --> 00:39:08,360

movies and stuff I really get into a lot

856  
00:39:06,050 --> 00:39:11,240  
of sci-fi movies but I kind of get like

857  
00:39:08,360 --> 00:39:13,309  
the the new hope movie with the Tatooine

858  
00:39:11,239 --> 00:39:15,349  
teen when Luke was younger you know and

859  
00:39:13,309 --> 00:39:17,900  
the two sons and they had a lot of crazy

860  
00:39:15,349 --> 00:39:19,460  
technology right the way I look was they

861  
00:39:17,900 --> 00:39:21,590  
looked very primitive like the yeah

862  
00:39:19,460 --> 00:39:23,510  
thing in the huts and it was desert like

863  
00:39:21,590 --> 00:39:25,910  
so it was like in one sense it's like

864  
00:39:23,510 --> 00:39:28,190  
primitive but yet the technology was

865  
00:39:25,909 --> 00:39:30,429  
right there you know a veteran like one

866  
00:39:28,190 --> 00:39:34,210  
who goes wide

867  
00:39:30,429 --> 00:39:37,058  
solutely I love that whole you know mix

868  
00:39:34,210 --> 00:39:40,119  
of old and new and yeah I think that's

869  
00:39:37,059 --> 00:39:43,750  
technology on Star Wars seems to be just

870  
00:39:40,119 --> 00:39:48,640  
an extension of yourself or the

871  
00:39:43,750 --> 00:39:51,159  
technology that they have is old and and

872  
00:39:48,639 --> 00:39:52,690  
and so old that you don't know any

873  
00:39:51,159 --> 00:40:00,368  
different you don't even know that it's

874  
00:39:52,690 --> 00:40:02,200  
dick knowledge just some primitives like

875  
00:40:00,369 --> 00:40:04,900  
cavemen but like they don't look very

876  
00:40:02,199 --> 00:40:07,449  
futuristic but yet still they'll whip

877  
00:40:04,900 --> 00:40:10,720  
out a crap I can go you know 7,000 miles

878  
00:40:07,449 --> 00:40:12,159  
an hour you know no problem so yeah and

879  
00:40:10,719 --> 00:40:14,259  
they had all these crazy things that

880  
00:40:12,159 --> 00:40:16,808  
they used to run around you know like

881  
00:40:14,260 --> 00:40:19,329  
helicopters with no wings and all sorts

882  
00:40:16,809 --> 00:40:22,119  
of stuff that you know there's you know

883  
00:40:19,329 --> 00:40:23,818  
no need for petroleum and gasoline and

884

00:40:22,119 --> 00:40:25,539  
stuff like that out to play it that

885  
00:40:23,818 --> 00:40:27,880  
would be nice

886  
00:40:25,539 --> 00:40:29,469  
a planet that doesn't need that we're

887  
00:40:27,880 --> 00:40:31,210  
gonna pause here for a moment and we're

888  
00:40:29,469 --> 00:40:34,629  
gonna turn it over to social media and

889  
00:40:31,210 --> 00:40:39,130  
just do some shout outs because I got to

890  
00:40:34,630 --> 00:40:41,410  
give it up for hysteria 51 their podcast

891  
00:40:39,130 --> 00:40:43,298  
they cover you know similar sorts of

892  
00:40:41,409 --> 00:40:47,199  
things but in their own awesome way and

893  
00:40:43,298 --> 00:40:49,239

will be regularly updating that website

932  
00:42:43,639 --> 00:42:50,779  
so woo project serpo they're you know

933  
00:42:48,320 --> 00:42:53,600  
like 45 minutes just isn't enough to

934  
00:42:50,780 --> 00:42:57,860  
discuss it in in full detail but i think

935  
00:42:53,599 --> 00:42:59,569  
for the most part stand in joe we were

936  
00:42:57,860 --> 00:43:02,300  
able to give the listeners a good taste

937  
00:42:59,570 --> 00:43:04,910  
the basic summary understanding it and

938  
00:43:02,300 --> 00:43:07,370  
you know ask the questions i think most

939  
00:43:04,909 --> 00:43:10,250  
people would ask what does it smell like

940  
00:43:07,369 --> 00:43:11,750  
what's it like being there all those you

941

00:43:10,250 --> 00:43:12,920  
know very human senses would be

942  
00:43:11,750 --> 00:43:15,320  
important that would be the ultimate

943  
00:43:12,920 --> 00:43:17,180  
question and i mean yeah that would be

944  
00:43:15,320 --> 00:43:21,800  
they would be important that would be

945  
00:43:17,179 --> 00:43:24,469  
important questions so absolutely so

946  
00:43:21,800 --> 00:43:26,390  
thank you all so much too bad Joe

947  
00:43:24,469 --> 00:43:29,209  
couldn't be here tonight but you know

948  
00:43:26,389 --> 00:43:31,819

949  
00:43:29,210 --> 00:43:33,889

that I think we're gonna be covering and

956

00:43:47,389 --> 00:43:52,009

00:43:50,360 --> 00:43:53,539

about Nazi Germany and their

958

00:43:52,010 --> 00:43:55,839
