[Music]

2
00:00:14,630 --> 00:00:20,219
hey what's up everybody I'm in it and

3
00:00:17,190 --> 00:00:23,250
I'm back I'm Jill and we are the UFO

4
00:00:20,219 --> 00:00:25,169
pros and we're coming out with we have a

5
00:00:23,250 --> 00:00:27,719
problem here we have a problem

6
00:00:25,170 --> 00:00:36,359
we've got blockage we've been blocked

7
00:00:27,719 --> 00:00:43,500
yeah we well here's go ahead back up we

8
00:00:36,359 --> 00:00:47,609
just dammit - what happened was we were

9
00:00:43,500 --> 00:00:49,019
having a day I wasn't gonna podcast

10
00:00:47,609 --> 00:00:51,509
today because you were on a date

11
00:00:49,020 --> 00:00:56,340
yep which you're back from and I'm glad

12
00:00:51,509 --> 00:00:58,439
it went well no talk about the date

13
00:00:56,340 --> 00:01:02,160
later I guess yes please and they need

14
00:00:58,439 --> 00:01:04,378
our women are fake looks like epic but I

15
00:01:02,159 --> 00:01:05,938
mean I'm happy for you bro I really am I

16
00:01:04,379 --> 00:01:10,650
think that's fantastic mm-hmm

17
00:01:05,938 --> 00:01:13,919
yeah okay mm-hmm so okay please tell

18
00:01:10,650 --> 00:01:15,299
them it's hold on a second so to be

19
00:01:13,920 --> 00:01:19,349
honest I've been trying to be more like

20
00:01:15,299 --> 00:01:21,060
Oh God if you're honest I've been trying

21
00:01:19,349 --> 00:01:24,390
to be more like you know like I don't

22
00:01:21,060 --> 00:01:27,659
wanna stay regimented I guess more put

23
00:01:24,390 --> 00:01:29,969
more production into yes podcasts so

24
00:01:27,659 --> 00:01:31,200
it's like you know so that we can get

25
00:01:29,969 --> 00:01:32,609
some more information out there and I

26
00:01:31,200 --> 00:01:37,920
was like doing all kinds of research on

27
00:01:32,609 --> 00:01:43,069
YouTube and stuff and I was watching a

28
00:01:37,920 --> 00:01:47,579
few dr. Greer interviews and

29

00:01:43,069 --> 00:01:49,769
specifically one of him arguing with not

30
00:01:47,578 --> 00:01:52,169
arguing but in an intense debate sorry I

31
00:01:49,769 --> 00:01:55,228
retract the word arguing intense debate

32
00:01:52,170 --> 00:01:57,750
from the lady that hosts Project Camelot

33
00:01:55,228 --> 00:02:02,549
on YouTube and anyway so I went to

34
00:01:57,750 --> 00:02:03,640
Twitter and I noticed that he blocked us

35
00:02:02,549 --> 00:02:05,750
on Twitter bro

36
00:02:03,640 --> 00:02:10,259
[Music]

37
00:02:05,750 --> 00:02:11,219
explosive dynamite saddening I don't

38
00:02:10,258 --> 00:02:14,819
understand it

39
00:02:11,219 --> 00:02:17,370
this isn't shuck yes jackass well no

40
00:02:14,819 --> 00:02:19,919
look here's think I just want to take a

41
00:02:17,370 --> 00:02:22,080
moment if dr. Greer if you're listening

42
00:02:19,919 --> 00:02:22,949
you're probably not because you blocked

43
00:02:22,080 --> 00:02:28,350

us on Twitter

44

00:02:22,949 --> 00:02:31,519
I apologize specifically if we did

45

00:02:28,349 --> 00:02:33,419
anything at all to offend you but

46

00:02:31,520 --> 00:02:37,530
honestly I think you're taking a little

47

00:02:33,419 --> 00:02:40,199
bit too seriously if you blocked us we

48

00:02:37,530 --> 00:02:46,199
do respect you a lot I spend a lot of

49

00:02:40,199 --> 00:02:48,109
time sorry use yourself spend a lot of

50

00:02:46,199 --> 00:02:51,259
time listening to your lectures and so

51

00:02:48,110 --> 00:02:54,690
and anyway

52

00:02:51,259 --> 00:02:59,009
apologies to you if we offended you even

53

00:02:54,689 --> 00:03:01,739
we even since we're going to we bought

54

00:02:59,009 --> 00:03:03,299
tickets to your weekend workshop I'm

55

00:03:01,739 --> 00:03:04,950
good at contacting the other content as

56

00:03:03,300 --> 00:03:06,300
those which don't one that everybody

57

00:03:04,949 --> 00:03:08,609
know we are going we're going to be

58
00:03:06,300 --> 00:03:10,110
there we will be there we bought our

59
00:03:08,610 --> 00:03:12,000
tickets we just bought the tickets

60
00:03:10,110 --> 00:03:13,620
maybe that offended him I don't maybe

61
00:03:12,000 --> 00:03:14,789
like all these two jokes are coming in

62
00:03:13,620 --> 00:03:21,150
on a block home maybe he just thinks

63
00:03:14,789 --> 00:03:22,798
we're annoying well I mean look here's

64
00:03:21,150 --> 00:03:25,950
the thing the guy lives in breezes every

65
00:03:22,799 --> 00:03:27,120
day I mean I'm trying to you know he

66
00:03:25,949 --> 00:03:29,069
makes millions of dollars doing this

67
00:03:27,120 --> 00:03:30,930
stuff you think so yeah

68
00:03:29,069 --> 00:03:32,939
I've researched it a little bit I mean I

69
00:03:30,930 --> 00:03:34,650
don't think that it's here's here's my

70
00:03:32,939 --> 00:03:36,060
overarching thing because I've

71
00:03:34,650 --> 00:03:37,769
researched dr. Greer I've researched

72
00:03:36,060 --> 00:03:39,390
extra a lot of ufologist but recently

73
00:03:37,769 --> 00:03:41,459
it's been dr. Greer mainly because

74
00:03:39,389 --> 00:03:43,079
people he's pretty much been the

75
00:03:41,459 --> 00:03:45,200
forefront of the apology movement

76
00:03:43,080 --> 00:03:48,140
recently he's even calling

77
00:03:45,199 --> 00:03:49,639
no he's I think he's even called

78
00:03:48,139 --> 00:03:51,229
himself the father have you followed you

79
00:03:49,639 --> 00:03:53,659
so are you listening dr. Greer so you

80
00:03:51,229 --> 00:03:56,628
know I've been listening so you can

81
00:03:53,659 --> 00:03:57,889
unblock me on unclutter okay I block us

82
00:03:56,628 --> 00:04:01,370
we're good people

83
00:03:57,889 --> 00:04:04,659
we're gonna see you make it your weekend

84
00:04:01,370 --> 00:04:08,120
workshop we're gonna say hello and

85
00:04:04,659 --> 00:04:12,469
you're gonna say hello and I'm gonna say

86

00:04:08,120 --> 00:04:14,090
the letter and you're gonna go I just

87
00:04:12,469 --> 00:04:16,069
don't know what you're talking about but

88
00:04:14,090 --> 00:04:19,668
that's okay but he I think he probably

89
00:04:16,069 --> 00:04:23,959
thinks were you are one pathetic losers

90
00:04:19,668 --> 00:04:25,879
ah no I think I sneaks because he

91
00:04:23,959 --> 00:04:31,779
probably checked up on us maybe it was

92
00:04:25,879 --> 00:04:31,779
like these two guys are retarded and

93
00:04:32,019 --> 00:04:36,199
they're retarded their big man babies

94
00:04:34,459 --> 00:04:38,269
let me make it fun of this so what are

95
00:04:36,199 --> 00:04:45,289
they doing I know I'm gonna block him on

96
00:04:38,269 --> 00:04:47,589
Twitter I want to mess with it why I

97
00:04:45,290 --> 00:04:51,620
mean why do we have to take this so

98
00:04:47,589 --> 00:04:55,129
seriously I mean honestly I have fun

99
00:04:51,620 --> 00:04:58,519
with this I am so deep into it I love

100
00:04:55,129 --> 00:05:00,050

kind of just going with I guess as you

101

00:04:58,519 --> 00:05:04,189

could say the rabbit hole the deeper

102

00:05:00,050 --> 00:05:08,720

goes more willingham to go with the

103

00:05:04,189 --> 00:05:11,478

rabbit on the hole yeah yeah the more

104

00:05:08,720 --> 00:05:12,440

you read into it and like like today I

105

00:05:11,478 --> 00:05:15,769

was reading a whole bunch of stuff about

106

00:05:12,439 --> 00:05:17,089

9/11 and all kinds of conspiracy

107

00:05:15,769 --> 00:05:19,549

theories and lots of different

108

00:05:17,089 --> 00:05:22,009

documentaries and that kind of like you

109

00:05:19,550 --> 00:05:25,129

know put a little a bug in my mind a

110

00:05:22,009 --> 00:05:26,509

little don't even something to consider

111

00:05:25,129 --> 00:05:29,089

I know you're not like a big fan of that

112

00:05:26,509 --> 00:05:31,279

conspiracy towards 9/11 but there are a

113

00:05:29,089 --> 00:05:32,779

few documentaries in light of learning

114

00:05:31,279 --> 00:05:36,978

and education that I think you should

115
00:05:32,779 --> 00:05:38,719
watch it seriously and camera no I'm

116
00:05:36,978 --> 00:05:42,038
asking for a round of applause yes

117
00:05:38,720 --> 00:05:44,230
I need standing ovation for Emmett

118
00:05:42,038 --> 00:05:51,189
because

119
00:05:44,230 --> 00:05:53,379
I just think yeah come on 911 talking

120
00:05:51,189 --> 00:05:55,269
about documentaries and then somehow I

121
00:05:53,379 --> 00:05:57,250
got into autopsies it was really weird

122
00:05:55,269 --> 00:05:59,709
you know how when you on YouTube you end

123
00:05:57,250 --> 00:06:01,329
up you like start researching how to

124
00:05:59,709 --> 00:06:03,009
make a burrito and then you're like how

125
00:06:01,329 --> 00:06:11,560
to talk to a giraffe two hours later

126
00:06:03,009 --> 00:06:13,389
like what the hell but I have heard

127
00:06:11,560 --> 00:06:18,030
about what we're talking about tonight

128
00:06:13,389 --> 00:06:21,870
the topic tonight is T Townsend Brown

129
00:06:18,029 --> 00:06:24,399
boomer who was a scientist back in the

130
00:06:21,870 --> 00:06:26,709
primarily as young leaders of 20s I

131
00:06:24,399 --> 00:06:28,689
think he died in the 80s if I remember

132
00:06:26,709 --> 00:06:31,769
correctly anyway

133
00:06:28,689 --> 00:06:36,069
he claimed to have been able to

134
00:06:31,769 --> 00:06:38,019
manipulate gravity or oh yeah yes yes

135
00:06:36,069 --> 00:06:39,519
yes okay I get you as a matter of fact

136
00:06:38,019 --> 00:06:42,339
if you look on YouTube you'll see a lot

137
00:06:39,519 --> 00:06:45,039
of what they call electrogravitic

138
00:06:42,339 --> 00:06:46,899
lifters or whatever they want to call

139
00:06:45,040 --> 00:06:51,040
them they call them lifters they look

140
00:06:46,899 --> 00:06:52,899
like tinfoil triangles that float up in

141
00:06:51,040 --> 00:06:54,310
the air okay and there's a couple is

142
00:06:52,899 --> 00:06:59,349
that what it is very that it's a what a

143

00:06:54,310 --> 00:07:01,899
balloon no no these are like okay so

144
00:06:59,350 --> 00:07:05,890
little education time this is not

145
00:07:01,899 --> 00:07:06,759
anything applicable to well actually I

146
00:07:05,889 --> 00:07:08,439
take that back

147
00:07:06,759 --> 00:07:12,399
it's not that it's not applicable to

148
00:07:08,439 --> 00:07:14,680
today's technology it's that it's been

149
00:07:12,399 --> 00:07:17,409
covered up the type of technology it is

150
00:07:14,680 --> 00:07:19,240
and mainly because the United States

151
00:07:17,410 --> 00:07:22,390
military was interested in what he was

152
00:07:19,240 --> 00:07:27,519
able to do and so basically what he did

153
00:07:22,389 --> 00:07:32,529
is he took did some experiments where he

154
00:07:27,519 --> 00:07:33,849
created what he calls a lifter or a disc

155
00:07:32,529 --> 00:07:39,899
actually I think is what he talked about

156
00:07:33,850 --> 00:07:43,570
specifically and he would run a current

157
00:07:39,899 --> 00:07:45,189

from one end of it which would be like

158

00:07:43,569 --> 00:07:47,290

you know negative and positive or

159

00:07:45,189 --> 00:07:50,290

whatever the ignition

160

00:07:47,290 --> 00:07:54,490

I need you because you probably know

161

00:07:50,290 --> 00:07:57,520

more about like you know but here's the

162

00:07:54,490 --> 00:07:59,769

thing apparently if you charge if one

163

00:07:57,519 --> 00:08:02,049

ins charge positive of the disk and the

164

00:07:59,769 --> 00:08:04,089

other image charge negative there is a

165

00:08:02,050 --> 00:08:05,829

weird phenomenon where it will move on

166

00:08:04,089 --> 00:08:07,959

its own and that's what he had

167

00:08:05,829 --> 00:08:13,889

discovered same thing is okay

168

00:08:07,959 --> 00:08:17,069

so the theory is imagine if you're on

169

00:08:13,889 --> 00:08:19,810

surfboard and you're like a wave

170

00:08:17,069 --> 00:08:24,060

what he's saying is is that essentially

171

00:08:19,810 --> 00:08:24,060

he was able to control the gravity and

172
00:08:24,300 --> 00:08:34,990
have it move basically by creating a on

173
00:08:30,579 --> 00:08:38,409
the positive end a well in in gravity

174
00:08:34,990 --> 00:08:40,720
space-time and on the positive end a way

175
00:08:38,409 --> 00:08:42,279
behind it so therefore yeah you're

176
00:08:40,720 --> 00:08:44,710
moving forward constantly so you're

177
00:08:42,279 --> 00:08:46,959
riding away that's what he claimed that

178
00:08:44,710 --> 00:08:50,139
these saucers he created which by the

179
00:08:46,960 --> 00:08:53,050
way had no moving parts could spin

180
00:08:50,139 --> 00:08:56,199
around this pole he had a T like a t

181
00:08:53,049 --> 00:09:01,870
pole let's not eat anyway T Townsend and

182
00:08:56,200 --> 00:09:03,940
he hit a pole look I'm really worried

183
00:09:01,870 --> 00:09:06,220
about dr. Greer I'm sorry I'm trying to

184
00:09:03,940 --> 00:09:10,680
talk about anti I know I'm trying to

185
00:09:06,220 --> 00:09:10,680
talk about t Townsend Brown and I'm like

186
00:09:11,220 --> 00:09:18,550
what the heck man it's on your mind

187
00:09:14,139 --> 00:09:22,870
it's on my mind and I want to have

188
00:09:18,549 --> 00:09:29,319
answers answers I'm sorry

189
00:09:22,870 --> 00:09:31,929
well look you don't mean we come in

190
00:09:29,320 --> 00:09:36,190
peace yeah seriously we do we come you

191
00:09:31,929 --> 00:09:38,259
know what our maybe our personas you

192
00:09:36,190 --> 00:09:41,830
find our humor not funny and you will

193
00:09:38,259 --> 00:09:44,919
know back room well not probing well oh

194
00:09:41,830 --> 00:09:46,600
my god it is a probe cast maybe this is

195
00:09:44,919 --> 00:09:48,399
our probe cast maybe he took it wrong

196
00:09:46,600 --> 00:09:50,860
but we bought your workshop II would

197
00:09:48,399 --> 00:09:52,329
love to talk to you and maybe what if he

198
00:09:50,860 --> 00:09:53,680
has secured or is it like take us down

199
00:09:52,330 --> 00:09:56,650
or something man

200

00:09:53,679 --> 00:09:58,449
what do you think well that'd be fun I'd

201
00:09:56,649 --> 00:10:00,360
be hysterical now would hopefully would

202
00:09:58,450 --> 00:10:02,650
sit on camera no but

203
00:10:00,360 --> 00:10:05,389
[Music]

204
00:10:02,649 --> 00:10:06,819
and by the way here here we go here's

205
00:10:05,389 --> 00:10:09,019
some free press for him he has a new

206
00:10:06,820 --> 00:10:10,460
documentary coming out called

207
00:10:09,019 --> 00:10:12,439
unacknowledged and for those of you who

208
00:10:10,460 --> 00:10:15,970
don't know who dr. Steven Greer is he is

209
00:10:12,440 --> 00:10:18,110
the author I guess or person that

210
00:10:15,970 --> 00:10:20,019
crowdfunded a whole bunch of money like

211
00:10:18,110 --> 00:10:22,879
one of the biggest crowd funded

212
00:10:20,019 --> 00:10:25,519
documentaries in history to create the

213
00:10:22,879 --> 00:10:26,899
serious documentary which you watch what

214
00:10:25,519 --> 00:10:28,819

does that graph a 1 that was in our

215

00:10:26,899 --> 00:10:34,819

discipline whoa no I have the one with

216

00:10:28,820 --> 00:10:37,700

the six 6-inch beam humanoid when they

217

00:10:34,820 --> 00:10:40,700

find that at you you've seen this this

218

00:10:37,700 --> 00:10:42,610

serious documentary yes I are ok ok ok

219

00:10:40,700 --> 00:10:44,530

wrong about I'm shocked yeah where they

220

00:10:42,610 --> 00:10:47,419

analyze this

221

00:10:44,529 --> 00:10:49,879

yes except do you I'm a bitch slap you

222

00:10:47,419 --> 00:10:52,789

here we go here's one here's one for not

223

00:10:49,879 --> 00:10:55,250

knowing here's another one for just

224

00:10:52,789 --> 00:10:58,339

all-around being annoying all day and

225

00:10:55,250 --> 00:11:01,549

with that hi thank you we are off back

226

00:10:58,340 --> 00:11:03,180

to the probe cast yeah and you know what

227

00:11:01,549 --> 00:11:10,899

we give you a kiss we're sorry

228

00:11:03,179 --> 00:11:17,689

[Music]

229

00:11:10,899 --> 00:11:19,669

well anyway Haiti counting down so

230

00:11:17,690 --> 00:11:20,930

here's the theory 45 minutes tonight are

231

00:11:19,669 --> 00:11:22,610

happy I don't know we're just gonna keep

232

00:11:20,929 --> 00:11:24,559

talking I'm sure I spit the tea tell

233

00:11:22,610 --> 00:11:26,060

anything there ok do you tap town that's

234

00:11:24,559 --> 00:11:27,349

what it says on the dam thumbnail it's

235

00:11:26,059 --> 00:11:29,869

what's gonna say in the title so it's

236

00:11:27,350 --> 00:11:30,610

gonna stay on all the shit T towns and

237

00:11:29,870 --> 00:11:37,129

browns

238

00:11:30,610 --> 00:11:38,899

ok the guy The Godfather of people call

239

00:11:37,129 --> 00:11:41,360

it antigravity but I guess that's a

240

00:11:38,899 --> 00:11:46,340

misnomer because technically it's

241

00:11:41,360 --> 00:11:47,720

gravity control or manipulation but so

242

00:11:46,340 --> 00:11:50,980

by making Mike

243
00:11:47,720 --> 00:11:54,529
like I guess micro movements in in

244
00:11:50,980 --> 00:11:57,680
gravity they're able to propel this disc

245
00:11:54,529 --> 00:12:00,740
around this hole or two it's the same

246
00:11:57,679 --> 00:12:03,229
thing as what they could go fast is hell

247
00:12:00,740 --> 00:12:05,659
I know like there's there's also a guy

248
00:12:03,230 --> 00:12:07,580
that made a skateboard ramp but he used

249
00:12:05,659 --> 00:12:09,469
I forgot what kind of metal used some

250
00:12:07,580 --> 00:12:11,210
sort of copper conductive and then he

251
00:12:09,470 --> 00:12:13,040
made a board which was negative

252
00:12:11,210 --> 00:12:14,139
conductive in actually floating people

253
00:12:13,039 --> 00:12:16,728
were actually

254
00:12:14,139 --> 00:12:19,188
floating along this alright remember

255
00:12:16,729 --> 00:12:20,959
this song belt you know just pick this

256
00:12:19,188 --> 00:12:23,988
half pipe going way too fast

257

00:12:20,958 --> 00:12:26,628
watch it same thing

258
00:12:23,989 --> 00:12:29,239
well no I think that that's I think

259
00:12:26,629 --> 00:12:33,349
you're talking about negative positive

260
00:12:29,239 --> 00:12:36,229
the the what do you call that magnetic

261
00:12:33,349 --> 00:12:39,528
yes the push certain people physical

262
00:12:36,229 --> 00:12:41,028
opposite poles and the to the same sorry

263
00:12:39,528 --> 00:12:43,158
too similar pull right

264
00:12:41,028 --> 00:12:44,568
opposites attract yeah if you have two

265
00:12:43,158 --> 00:12:47,269
positive poles you can negative poles

266
00:12:44,568 --> 00:12:49,428
you gotta have this anyway so this is

267
00:12:47,269 --> 00:12:52,879
essentially no using high amounts of

268
00:12:49,428 --> 00:12:56,028
electricity Joe to charge one side of a

269
00:12:52,879 --> 00:12:58,069
disk and I guess the amount of

270
00:12:56,028 --> 00:13:03,038
electricity is so high that it causes

271
00:12:58,068 --> 00:13:05,238

like a slight dip in gravity okay which

272

00:13:03,038 --> 00:13:08,899
essentially creates a way that the disc

273

00:13:05,239 --> 00:13:11,599
is always infinitely following you know

274

00:13:08,899 --> 00:13:14,538
like a wave like a surfer on a surfboard

275

00:13:11,599 --> 00:13:18,079
and so he did these experiments even

276

00:13:14,538 --> 00:13:20,808
cocked up his little flying discs this

277

00:13:18,078 --> 00:13:25,158
is back in the oh my gosh I don't know

278

00:13:20,808 --> 00:13:27,649
he started in the 20s never had you

279

00:13:25,158 --> 00:13:29,088
flying UFOs in the 30s well hey well

280

00:13:27,649 --> 00:13:31,339
that's just I'm working with fuzz in the

281

00:13:29,089 --> 00:13:32,989
thirties well I think though there's two

282

00:13:31,339 --> 00:13:33,949
theories on that I think multiple

283

00:13:32,989 --> 00:13:34,579
theories on that there's two of I know

284

00:13:33,948 --> 00:13:36,378
of

285

00:13:34,578 --> 00:13:38,838
but I want to get back and then finish

286
00:13:36,379 --> 00:13:41,959
up the T Townsend darling okay T times

287
00:13:38,839 --> 00:13:44,720
around a cheese I know I'm trying you

288
00:13:41,958 --> 00:13:46,068
are one pathetic losers I know I just

289
00:13:44,720 --> 00:13:48,428
need a target shift when you're linking

290
00:13:46,068 --> 00:13:54,408
up here and they're cheering in their

291
00:13:48,428 --> 00:13:57,078
eye and I'm rambling tonight I'm I'm

292
00:13:54,408 --> 00:14:00,408
rambling I'm sorry guys look I try to be

293
00:13:57,078 --> 00:14:02,538
you know on the straight and narrow when

294
00:14:00,408 --> 00:14:04,698
you're kind of curvy a little curvy you

295
00:14:02,538 --> 00:14:07,098
know it's a little curvy that wine damn

296
00:14:04,698 --> 00:14:08,028
wine drinkers actually I haven't had any

297
00:14:07,099 --> 00:14:11,349
wine tonight

298
00:14:08,028 --> 00:14:15,769
oh no I don't have any wine tonight no

299
00:14:11,349 --> 00:14:18,289
but ended up I guess it's a big

300
00:14:15,769 --> 00:14:19,908
conspiracy that the his technology and

301
00:14:18,288 --> 00:14:20,899
patents were confiscated even though

302
00:14:19,908 --> 00:14:22,698
they're still accessible and you can

303
00:14:20,899 --> 00:14:23,928
still see them or sometime I don't know

304
00:14:22,698 --> 00:14:25,969
how people got their hands on the

305
00:14:23,928 --> 00:14:27,620
patents but the patents clearly show the

306
00:14:25,970 --> 00:14:32,320
heated patent is sort of tech

307
00:14:27,620 --> 00:14:34,789
Knology now hear anything that i've read

308
00:14:32,320 --> 00:14:36,500
no microphone keeps falling sorry guys

309
00:14:34,789 --> 00:14:39,679
anything that i've read basically says

310
00:14:36,500 --> 00:14:42,889
that the government has incorporated

311
00:14:39,679 --> 00:14:46,129
this sort of technology on the b-52

312
00:14:42,889 --> 00:14:48,559
bomber okay the big wingspan is the

313
00:14:46,129 --> 00:14:51,950
positively charged side whereas the back

314

00:14:48,559 --> 00:14:55,069
is negatively charged and so like we

315
00:14:51,950 --> 00:15:00,350
said like the surfboard analogy hmm it's

316
00:14:55,070 --> 00:15:02,420
like it's on a so in other words it it's

317
00:15:00,350 --> 00:15:03,980
using gravity it's young its basing is

318
00:15:02,419 --> 00:15:06,649
using the magnetic field around it to

319
00:15:03,980 --> 00:15:08,028
push it yeah that's a good way to put it

320
00:15:06,649 --> 00:15:09,289
and this is coming from lay people like

321
00:15:08,028 --> 00:15:12,139
we're not scientists

322
00:15:09,289 --> 00:15:16,549
you know I barely got through physics in

323
00:15:12,139 --> 00:15:17,960
college so yeah yeah I know the

324
00:15:16,549 --> 00:15:19,189
Pythagorean theorem

325
00:15:17,960 --> 00:15:32,750
I know buoyancy how to calculate

326
00:15:19,190 --> 00:15:34,640
buoyancy it's very well but this

327
00:15:32,750 --> 00:15:37,940
technology is supposedly been just

328
00:15:34,639 --> 00:15:41,208

completely enveloped by the US military

329

00:15:37,940 --> 00:15:43,940

and that's why we haven't heard of it

330

00:15:41,208 --> 00:15:47,689

he did back though in I believe 50s or

331

00:15:43,940 --> 00:15:51,529

60s had I think Time magazine published

332

00:15:47,690 --> 00:15:53,120

something on oh yeah yeah never to be

333

00:15:51,528 --> 00:15:54,860

seen ever heard from again nothing else

334

00:15:53,120 --> 00:15:58,399

I've ever published nothing else was

335

00:15:54,860 --> 00:16:01,070

ever published it's it's um it's an

336

00:15:58,399 --> 00:16:02,389

interesting case in you know like I said

337

00:16:01,070 --> 00:16:04,970

earlier in the beginning of this the

338

00:16:02,389 --> 00:16:08,659

deeper you dig the deeper you go it

339

00:16:04,970 --> 00:16:10,310

really is it really just keep going and

340

00:16:08,659 --> 00:16:11,778

going and then get you in just like yeah

341

00:16:10,309 --> 00:16:16,699

it really is a rabbit hole you just get

342

00:16:11,778 --> 00:16:19,778

lost down it and you know that's how

343
00:16:16,700 --> 00:16:22,089
those but

344
00:16:19,778 --> 00:16:23,769
I want to just take a quick break off T

345
00:16:22,089 --> 00:16:24,879
Townsend Brown we've only been talking

346
00:16:23,769 --> 00:16:28,649
for a few minutes but I want to go to

347
00:16:24,879 --> 00:16:34,899
our social media because holy schmoly

348
00:16:28,649 --> 00:16:36,879
all right time for a shout outs yeah we

349
00:16:34,899 --> 00:16:38,289
think like ever since we announced we're

350
00:16:36,879 --> 00:16:41,589
going to contact in the desert we've got

351
00:16:38,289 --> 00:16:42,519
like some new friends so we've got let's

352
00:16:41,589 --> 00:16:46,019
see here

353
00:16:42,519 --> 00:16:49,688
Dwayne Hatton I mean he's always very

354
00:16:46,019 --> 00:16:51,429
you know likes to contribute on our

355
00:16:49,688 --> 00:16:52,088
social media so we're very appreciative

356
00:16:51,429 --> 00:16:55,568
of that

357
00:16:52,089 --> 00:16:57,850
the underscores sting wisher and by the

358
00:16:55,568 --> 00:17:01,748
way just to give her a shout out she has

359
00:16:57,850 --> 00:17:05,828
a book called cigar smoking jerks from

360
00:17:01,749 --> 00:17:09,640
outer space and she was at alien Con so

361
00:17:05,828 --> 00:17:11,139
make sure you guys yeah so maybe she's a

362
00:17:09,640 --> 00:17:13,720
real interesting character I love

363
00:17:11,140 --> 00:17:16,538
looking at her Instagram and how

364
00:17:13,720 --> 00:17:19,269
passionate is she about how passionate

365
00:17:16,538 --> 00:17:20,679
she is about her book so by all means

366
00:17:19,269 --> 00:17:22,808
make sure you check her out the

367
00:17:20,679 --> 00:17:25,120
underscore sting wisher and that's on

368
00:17:22,808 --> 00:17:29,769
Instagram and we're just gonna give a

369
00:17:25,119 --> 00:17:33,038
shout out to also Jacqueline Vegas

370
00:17:29,769 --> 00:17:34,329
we appreciate your contribution and Gary

371

00:17:33,038 --> 00:17:36,220
Kane Miller who's a super talented

372
00:17:34,329 --> 00:17:38,470
artist by the way you gotta check him

373
00:17:36,220 --> 00:17:40,329
out if you're not on our Instagram he

374
00:17:38,470 --> 00:17:41,769
did some amazing artwork that if you

375
00:17:40,329 --> 00:17:42,158
guys want to see some really cool

376
00:17:41,769 --> 00:17:44,769
artwork

377
00:17:42,159 --> 00:17:47,230
follow him it's scary kay Miller and of

378
00:17:44,769 --> 00:17:48,490
course alien on board and it goes on and

379
00:17:47,230 --> 00:17:54,819
on also nori

380
00:17:48,490 --> 00:17:57,759
Parvez in oor EP AR vez says that she

381
00:17:54,819 --> 00:18:00,970
wants us to go on a cruise with her and

382
00:17:57,759 --> 00:18:05,069
Giorgio tsoukalos and Erich von däniken

383
00:18:00,970 --> 00:18:09,308
and the Croatian Coast has that sound

384
00:18:05,069 --> 00:18:13,538
I'm down earlier

385
00:18:09,308 --> 00:18:16,829

well you know I'm sure I would exactly I

386

00:18:13,538 --> 00:18:20,829

just don't know if we have to pay for it

387

00:18:16,829 --> 00:18:26,980

we'll be guests bring us we will ramble

388

00:18:20,829 --> 00:18:30,490

we will do sit we eat yeah and by the

389

00:18:26,980 --> 00:18:33,089

way Inland Empire UFO Watchers they

390

00:18:30,490 --> 00:18:36,809

support all of our channels so

391

00:18:33,089 --> 00:18:40,529

yeah uh lob bizarre but of course hey

392

00:18:36,809 --> 00:18:42,659

Karla Karla and like we said earlier on

393

00:18:40,529 --> 00:18:43,980

board and just taking a quick peek over

394

00:18:42,660 --> 00:18:47,519

here at our into our Twitter because

395

00:18:43,980 --> 00:18:49,680

we're just on Instagram the video of you

396

00:18:47,519 --> 00:18:51,389

making a hamburger for the alien if you

397

00:18:49,680 --> 00:18:52,049

guys haven't seen it is I think it's

398

00:18:51,390 --> 00:18:53,490

hysterical

399

00:18:52,049 --> 00:18:55,019

I think it's funny I've watched it over

400
00:18:53,490 --> 00:18:58,440
and over again because your total goofy

401
00:18:55,019 --> 00:19:05,849
goofy art and if you're not on our

402
00:18:58,440 --> 00:19:14,190
Twitter it's at UF 0 rows and why Joe is

403
00:19:05,849 --> 00:19:17,879
it at UF 0 Bros TV because Twitter is in

404
00:19:14,190 --> 00:19:19,950
a hole exactly and they lock on our

405
00:19:17,880 --> 00:19:24,990
original account but you know what even

406
00:19:19,950 --> 00:19:28,920
though we're like we're at 14 10

407
00:19:24,990 --> 00:19:32,400
followers bro really we'd be broke over

408
00:19:28,920 --> 00:19:34,800
14 yeah so like here we guys like a

409
00:19:32,400 --> 00:19:37,140
whole bunch of new followers and one in

410
00:19:34,799 --> 00:19:41,720
particular made me giggle which is I

411
00:19:37,140 --> 00:19:44,730
like its artist 504 our tea is tea

412
00:19:41,720 --> 00:19:47,190
5:04 oh is the one that did the

413
00:19:44,730 --> 00:19:48,360
hamburger that's touching the person you

414
00:19:47,190 --> 00:19:49,640
guys look at our Twitter it's pretty

415
00:19:48,359 --> 00:19:54,089
funny

416
00:19:49,640 --> 00:19:57,000
the I posted is Joe basically making a

417
00:19:54,089 --> 00:19:59,250
hamburger for an alien and this person

418
00:19:57,000 --> 00:20:01,259
replied with the perfect post was

419
00:19:59,250 --> 00:20:03,180
perfect so that was fun that was awesome

420
00:20:01,259 --> 00:20:05,519
thank you God mighty warrior is

421
00:20:03,180 --> 00:20:10,430
following us so we have the strength of

422
00:20:05,519 --> 00:20:12,930
the Lord Jesus we have the strength and

423
00:20:10,430 --> 00:20:16,230
Karla of course always gives us love and

424
00:20:12,930 --> 00:20:18,390
marek the alien thank you and you know

425
00:20:16,230 --> 00:20:19,950
if if you don't want to listen to us I

426
00:20:18,390 --> 00:20:21,840
understand just fast-forward a little

427
00:20:19,950 --> 00:20:23,880
bit but we got to let these people know

428

00:20:21,839 --> 00:20:26,000
brent hand by the way also follows us on

429
00:20:23,880 --> 00:20:28,320
facebook Oh

430
00:20:26,000 --> 00:20:31,309
gives us lots of love so thank you so

431
00:20:28,319 --> 00:20:37,049
much for that

432
00:20:31,309 --> 00:20:41,819
yeah dare T town TT Townsend Brown was

433
00:20:37,049 --> 00:20:45,069
James I'm sorry guys I hope nobody's

434
00:20:41,819 --> 00:20:51,369
disappointed they listen to this

435
00:20:45,069 --> 00:20:53,389
you know just to wrap it up there are

436
00:20:51,369 --> 00:20:54,829
claims by the way this is the other

437
00:20:53,390 --> 00:20:58,270
thing about the T Townsend Brown thing

438
00:20:54,829 --> 00:21:02,419
is that people were saying that it

439
00:20:58,269 --> 00:21:05,210
wasn't gravity manipulation or control

440
00:21:02,420 --> 00:21:08,720
that was happening but it was ion wind

441
00:21:05,210 --> 00:21:13,100
that was lifting and pushing these disks

442
00:21:08,720 --> 00:21:16,819

and and lifters and things and so

443

00:21:13,099 --> 00:21:19,549

there's a debate about that you know of

444

00:21:16,819 --> 00:21:22,039

course the the scientific community

445

00:21:19,549 --> 00:21:26,149

strongly says that it's ion propulsion

446

00:21:22,039 --> 00:21:29,779

or effect of moving the air basically

447

00:21:26,150 --> 00:21:32,929

that the effect that they're creating by

448

00:21:29,779 --> 00:21:38,928

having negative and positive you know

449

00:21:32,929 --> 00:21:39,800

charges at such high electricity keep

450

00:21:38,929 --> 00:21:45,140

going

451

00:21:39,799 --> 00:21:48,919

I was I'm hard time here I killed that

452

00:21:45,140 --> 00:21:50,509

one I know look you guys you guys just

453

00:21:48,920 --> 00:21:53,509

got up you guys guys guys gotta check it

454

00:21:50,509 --> 00:21:54,740

out just go to the just look them up and

455

00:21:53,509 --> 00:21:57,440

you guys can read all about it

456

00:21:54,740 --> 00:22:00,890

um it's having a hard time here you and

457
00:21:57,440 --> 00:22:03,710
the only reason is that I'm a little

458
00:22:00,890 --> 00:22:04,940
tubes one number two

459
00:22:03,710 --> 00:22:08,470
cuz you can't get it off your head I

460
00:22:04,940 --> 00:22:11,210
can't get off my head it's my brain oh

461
00:22:08,470 --> 00:22:16,190
also to the 9/11 documentaries on my

462
00:22:11,210 --> 00:22:17,450
brain and so you know a lot floating on

463
00:22:16,190 --> 00:22:20,450
in my brain I want to know what our

464
00:22:17,450 --> 00:22:23,690
followers think about tea towns and

465
00:22:20,450 --> 00:22:29,600
Browns claims about gravity control or

466
00:22:23,690 --> 00:22:31,610
was it indeed just ion wind so they call

467
00:22:29,599 --> 00:22:35,750
it okay first of all that I will say he

468
00:22:31,609 --> 00:22:39,709
put a lifter in a vacuum chamber and it

469
00:22:35,750 --> 00:22:41,660
still lifted so if it was an ion wind

470
00:22:39,710 --> 00:22:43,579
and there is no ma

471
00:22:41,660 --> 00:22:45,380
there is no molecules in there or very

472
00:22:43,579 --> 00:22:46,970
few how is it still moving I mean if

473
00:22:45,380 --> 00:22:48,500
it's in if it's in a vacuum and that's

474
00:22:46,970 --> 00:22:54,839
assimilation to what it would be like in

475
00:22:48,500 --> 00:22:57,240
space you know there is physicists

476
00:22:54,839 --> 00:22:59,609
and doctors that are doing the Hadron

477
00:22:57,240 --> 00:23:02,190
Collider they're trying to find the very

478
00:22:59,609 --> 00:23:03,779
existence of the universe I'm pretty

479
00:23:02,190 --> 00:23:06,900
sure they probably figured out how to do

480
00:23:03,779 --> 00:23:09,000
all this stuff already they're not very

481
00:23:06,900 --> 00:23:11,310
well this is back in the 20s bro oh

482
00:23:09,000 --> 00:23:16,380
we're talking twenty still this is 1920s

483
00:23:11,309 --> 00:23:18,710
so that this technology was already

484
00:23:16,380 --> 00:23:23,250
being looked at and then according to

485

00:23:18,710 --> 00:23:25,890
dr. Greer it was in October of 53 or

486
00:23:23,250 --> 00:23:28,650
something like that today he claims that

487
00:23:25,890 --> 00:23:30,540
he has somebody that gave him documents

488
00:23:28,650 --> 00:23:35,250
stating that we mastered gravity control

489
00:23:30,539 --> 00:23:38,909
in the 50s which produced a lot of the

490
00:23:35,250 --> 00:23:40,079
kind of clunky looking discs that a lot

491
00:23:38,910 --> 00:23:43,050
of people have actually snapped pictures

492
00:23:40,079 --> 00:23:46,019
of they were really just us messing

493
00:23:43,049 --> 00:23:48,779
around with anti-gravity technology or

494
00:23:46,019 --> 00:23:50,279
gravity control or gravity calculations

495
00:23:48,779 --> 00:23:54,210
what makes you say the government has

496
00:23:50,279 --> 00:23:56,490
already made that stuff oh just the

497
00:23:54,210 --> 00:24:00,470
eyewitness testimony what about OK

498
00:23:56,490 --> 00:24:04,890
eyewitness testimonials I mean Bob Lazar

499
00:24:00,470 --> 00:24:09,480

is somebody who claims to have he's

500

00:24:04,890 --> 00:24:11,580
physically seeing discs that and

501

00:24:09,480 --> 00:24:14,309
specifically one that he worked on and

502

00:24:11,579 --> 00:24:16,649
went inside of and worked on

503

00:24:14,309 --> 00:24:23,490
back-engineering the propulsion system I

504

00:24:16,650 --> 00:24:27,570
mean wow it all seems to be related to

505

00:24:23,490 --> 00:24:30,089
gravity obviously because if you can

506

00:24:27,569 --> 00:24:36,309
what will be a little a second question

507

00:24:30,089 --> 00:24:38,720
sure in the species great yeah

508

00:24:36,309 --> 00:24:40,399
their atmosphere or wherever they're

509

00:24:38,720 --> 00:24:44,150
from or their spaceship has to be the

510

00:24:40,400 --> 00:24:46,009
exact same kind of gravity we have here

511

00:24:44,150 --> 00:24:47,870
because if people seen them like like

512

00:24:46,009 --> 00:24:50,119
the skinny Bob stuff where they're

513

00:24:47,869 --> 00:24:52,009
standing if it was a totally different

514
00:24:50,119 --> 00:24:54,229
type of atmosphere or gravity they'd be

515
00:24:52,009 --> 00:24:57,579
either smashed or they'd be up in the

516
00:24:54,230 --> 00:24:59,690
air you don't I mean or disfigured so

517
00:24:57,579 --> 00:25:02,569
that's something to think about is that

518
00:24:59,690 --> 00:25:04,090
you know they must know the same gravity

519
00:25:02,569 --> 00:25:07,730
we have because they can walk around

520
00:25:04,089 --> 00:25:09,769
think about that we think people that's

521
00:25:07,730 --> 00:25:11,660
a good point I never thought about what

522
00:25:09,769 --> 00:25:12,980
would happen to what if other stuff like

523
00:25:11,660 --> 00:25:17,200
different gravity like what if they come

524
00:25:12,980 --> 00:25:17,200
here and it's really heavy on them

525
00:25:17,980 --> 00:25:23,299
that's the question I don't know I never

526
00:25:21,589 --> 00:25:24,529
think I never thought about that if you

527
00:25:23,299 --> 00:25:28,039
don't think about gravity's another

528
00:25:24,529 --> 00:25:30,250
planet cuz it make sense how like like a

529
00:25:28,039 --> 00:25:33,230
like a discourse like it like an

530
00:25:30,250 --> 00:25:36,349
architectural vehicle could you know

531
00:25:33,230 --> 00:25:39,890
make up for gravity of like gravity but

532
00:25:36,349 --> 00:25:43,209
what happens when the being step out you

533
00:25:39,890 --> 00:25:46,460
know it's interesting I wonder how that

534
00:25:43,210 --> 00:25:48,769
but I will say that a lot of the

535
00:25:46,460 --> 00:25:52,910
eyewitness accounts of the crashes and

536
00:25:48,769 --> 00:25:56,000
the autopsies of course this is stories

537
00:25:52,910 --> 00:26:03,620
and word-of-mouth sort of stuff so that

538
00:25:56,000 --> 00:26:06,529
they were in like a metallic thin a big

539
00:26:03,619 --> 00:26:08,119
threaded metallic sort of like bodysuit

540
00:26:06,529 --> 00:26:09,889
so that's what they were good it was

541
00:26:08,119 --> 00:26:11,419
near impossible to cut through it was

542

00:26:09,890 --> 00:26:14,200
just so I wonder if that maybe had

543
00:26:11,420 --> 00:26:17,660
something to do with their ability to

544
00:26:14,200 --> 00:26:19,340
either you know increase their gravity

545
00:26:17,660 --> 00:26:21,290
or reduced their gravity or whatnot but

546
00:26:19,339 --> 00:26:23,539
there if it was anything their head

547
00:26:21,289 --> 00:26:25,399
would either be shrunken or or blown up

548
00:26:23,539 --> 00:26:27,019
it just you just gotta think about that

549
00:26:25,400 --> 00:26:28,670
kind of stuff any thank you guys

550
00:26:27,019 --> 00:26:31,129
well yeah but look at Mars when you're

551
00:26:28,670 --> 00:26:33,860
Mars you're weightless you can bounce

552
00:26:31,130 --> 00:26:35,480
around Mars what if to them they step on

553
00:26:33,859 --> 00:26:37,269
Mars is perfectly normal they get here

554
00:26:35,480 --> 00:26:40,279
they get smashed down to the earth

555
00:26:37,269 --> 00:26:42,879
why how would they would feel I mean you

556
00:26:40,279 --> 00:26:46,089

gotta I mean I would think if they can

557

00:26:42,880 --> 00:26:48,050
move through space time and

558

00:26:46,089 --> 00:26:48,889
dimensionally that they probably have

559

00:26:48,049 --> 00:26:50,960
that figured out

560

00:26:48,890 --> 00:26:53,210
I mean I think the technology is just so

561

00:26:50,960 --> 00:26:56,058
far beyond anything we can conceive of

562

00:26:53,210 --> 00:26:58,910
you know but our best guess is all we're

563

00:26:56,058 --> 00:27:00,920
gonna have for now you know just like my

564

00:26:58,910 --> 00:27:02,390
best guess as to why Steven Greer

565

00:27:00,920 --> 00:27:04,460
blocked me on Twitter and us on Twitter

566

00:27:02,390 --> 00:27:06,470
I don't understand it it doesn't make

567

00:27:04,460 --> 00:27:08,029
any sense man try make me man I wished

568

00:27:06,470 --> 00:27:11,150
she would unblock us because I like

569

00:27:08,029 --> 00:27:12,769
following the stuff and I feel like I

570

00:27:11,150 --> 00:27:14,480
invested a lot of my time for no reason

571
00:27:12,769 --> 00:27:18,410
at all that's what I'm saying

572
00:27:14,480 --> 00:27:22,940
and thank you all I know that you would

573
00:27:18,410 --> 00:27:26,480
agree it's interesting you know who are

574
00:27:22,940 --> 00:27:28,580
gonna go see Joe Giorgio Giorgio

575
00:27:26,480 --> 00:27:30,860
tsoukalos from ancient aliens it because

576
00:27:28,579 --> 00:27:33,970
you're fans of ancient aliens Giorgio I

577
00:27:30,859 --> 00:27:37,939
would like to go see him at one of these

578
00:27:33,970 --> 00:27:39,079
UFO kind of Khan's or UFO conferences or

579
00:27:37,940 --> 00:27:41,360
whatnot

580
00:27:39,079 --> 00:27:43,819
he's at a lot of them and so it was like

581
00:27:41,359 --> 00:27:46,159
Linda Moulton Howe and Whitley Strieber

582
00:27:43,819 --> 00:27:49,519
and a lot of these kind of people I've

583
00:27:46,160 --> 00:27:52,340
already mentioned before so I was

584
00:27:49,519 --> 00:27:53,900
looking forward to it man yeah and I

585
00:27:52,339 --> 00:27:55,069
know why you're leaving me out you're

586
00:27:53,900 --> 00:28:01,548
talking to

587
00:27:55,069 --> 00:28:03,069
oh shut you how you're talking to you

588
00:28:01,548 --> 00:28:07,220
know who'll be talking to you

589
00:28:03,069 --> 00:28:08,720
exactly oh my gracious how do you how do

590
00:28:07,220 --> 00:28:10,850
you save this I can't save it you have

591
00:28:08,720 --> 00:28:14,298
to wait for later oh that's okay I'll

592
00:28:10,849 --> 00:28:17,439
show you how to save that picture with

593
00:28:14,298 --> 00:28:18,900
the low shut up oh she's listening she

594
00:28:17,440 --> 00:28:19,180
is

595
00:28:18,900 --> 00:28:20,370
[Music]

596
00:28:19,180 --> 00:28:23,460
[Applause]

597
00:28:20,369 --> 00:28:23,459
[Music]

598
00:28:26,480 --> 00:28:32,940
did you just use the toilet flush sound

599

00:28:29,480 --> 00:28:40,259
no it's when describing your date no

600
00:28:32,940 --> 00:28:48,149
that's there you go that's much better

601
00:28:40,259 --> 00:28:51,329
I just how'd it go this is heavy that's

602
00:28:48,148 --> 00:28:53,819
not the time for that that's for me to

603
00:28:51,329 --> 00:28:54,599
know I had a I had a good time she's an

604
00:28:53,819 --> 00:29:01,319
amazing woman

605
00:28:54,599 --> 00:29:05,548
awesome that's I guess you just need to

606
00:29:01,319 --> 00:29:07,528
shut up about my date okay I will I will

607
00:29:05,548 --> 00:29:09,808
I know you want to we don't the world -

608
00:29:07,528 --> 00:29:11,700
self-destruct sequence I know I am kind

609
00:29:09,808 --> 00:29:14,278
of self-destructing at the moment that's

610
00:29:11,700 --> 00:29:15,450
kind of how I feel at the moment but I

611
00:29:14,278 --> 00:29:17,669
mean you don't think that you do I'm

612
00:29:15,450 --> 00:29:18,298
gonna take your advice I'm gonna put a

613
00:29:17,669 --> 00:29:20,669

poll on Twitter

614

00:29:18,298 --> 00:29:22,798

dude what would you do yeah what would

615

00:29:20,669 --> 00:29:24,899

you do you guys gotta help us out what

616

00:29:22,798 --> 00:29:28,019

would you do if you buy tickets to

617

00:29:24,898 --> 00:29:30,148

somebody's cart not conference but their

618

00:29:28,019 --> 00:29:32,579

weekend seminar and then they're blocked

619

00:29:30,148 --> 00:29:35,849

on Twitter what would you do yeah still

620

00:29:32,579 --> 00:29:40,019

go or go get your money back and go see

621

00:29:35,849 --> 00:29:42,599

someone else what would or would you cry

622

00:29:40,019 --> 00:29:44,130

like I did I just cried all day or would

623

00:29:42,599 --> 00:29:45,528

you not give up gonna give a good

624

00:29:44,130 --> 00:29:48,480

gosh-dang and just we'll see him anyway

625

00:29:45,528 --> 00:29:50,730

that's what I'm thinking I think so what

626

00:29:48,480 --> 00:29:53,700

I was so up and just wave at him with EB

627

00:29:50,730 --> 00:29:56,308

out the back pack and just hey Lloyd

628
00:29:53,700 --> 00:29:59,130
it's gonna be fine there goes our 50

629
00:29:56,308 --> 00:30:02,579
bucks we walk in and then this fuck

630
00:29:59,130 --> 00:30:04,019
right back out with security I I don't

631
00:30:02,579 --> 00:30:05,099
want to think that we're see like we're

632
00:30:04,019 --> 00:30:07,710
talking about him a lot now I don't want

633
00:30:05,099 --> 00:30:09,418
to think we're like no I owe you know

634
00:30:07,710 --> 00:30:10,500
like we're not gonna attack you or

635
00:30:09,419 --> 00:30:11,909
anything like that I don't I don't know

636
00:30:10,500 --> 00:30:13,440
anything about the guy I just just you

637
00:30:11,909 --> 00:30:15,510
know we're no bottom we're joking I'm

638
00:30:13,440 --> 00:30:18,000
just saying we're totally whatever my

639
00:30:15,509 --> 00:30:19,558
brother's all I said is that image said

640
00:30:18,000 --> 00:30:20,819
we've gotta buy tickets this guy like

641
00:30:19,558 --> 00:30:23,308
who innit Steve Greer I'm like which one

642
00:30:20,819 --> 00:30:26,460
is that Bob Lazar guy I don't know still

643
00:30:23,308 --> 00:30:28,288
don't know which guy it is so so Steve I

644
00:30:26,460 --> 00:30:30,090
I don't know you and I would like to

645
00:30:28,288 --> 00:30:31,710
come to your seminar and check you out

646
00:30:30,089 --> 00:30:35,919
cuz I don't watch anything about you

647
00:30:31,710 --> 00:30:38,900
which I should but I I have a job so

648
00:30:35,920 --> 00:30:40,580
well this is you know I'm not you

649
00:30:38,900 --> 00:30:43,759
preneur so I do what I love

650
00:30:40,579 --> 00:30:46,009
now you get to stay home and you know

651
00:30:43,759 --> 00:30:51,559
your job is you guys stay home at all I

652
00:30:46,009 --> 00:30:53,440
have multiple wells that I dip in yeah

653
00:30:51,559 --> 00:30:57,889
well you can fart on me if you want but

654
00:30:53,440 --> 00:31:00,470
tonight this discussion is it's really

655
00:30:57,890 --> 00:31:09,140
an open discussion /yes kind of some

656

00:31:00,470 --> 00:31:12,319
content that's pre-planned but we're

657
00:31:09,140 --> 00:31:13,940
going to take a short music break and

658
00:31:12,319 --> 00:31:16,720
we're gonna be back with you guys in

659
00:31:13,940 --> 00:31:16,720
just a moment

660
00:31:20,230 --> 00:31:23,269
[Music]

661
00:31:33,559 --> 00:31:36,608
[Music]

662
00:31:40,859 --> 00:31:45,879
[Music]

663
00:31:50,069 --> 00:31:54,970
sir I think it just a short little break

664
00:31:53,559 --> 00:31:58,119
like I said this is our second time

665
00:31:54,970 --> 00:31:59,529
doing a 45 minute long podcast so we're

666
00:31:58,119 --> 00:32:01,719
trying to get the structure right we're

667
00:31:59,529 --> 00:32:05,200
trying to get the sound right we're

668
00:32:01,720 --> 00:32:06,190
trying to get basically the fireworks we

669
00:32:05,200 --> 00:32:09,220
want to make sure we have a good show

670
00:32:06,190 --> 00:32:10,509

for you guys so you know if once we got

671

00:32:09,220 --> 00:32:13,720

a good little pause make sure things are

672

00:32:10,509 --> 00:32:18,640

working but we've got a few more minutes

673

00:32:13,720 --> 00:32:21,640

here to continue talking about what fix

674

00:32:18,640 --> 00:32:26,759

this could mean I mean do you think the

675

00:32:21,640 --> 00:32:29,530

government really is covering up oh yeah

676

00:32:26,759 --> 00:32:31,480

they don't want nothing out guarantee it

677

00:32:29,529 --> 00:32:34,930

believe me but you know when they say

678

00:32:31,480 --> 00:32:37,720

the government who is they I mean

679

00:32:34,930 --> 00:32:40,269

government is people okay government

680

00:32:37,720 --> 00:32:46,019

isn't some entity is you know the

681

00:32:40,269 --> 00:32:48,119

network of people and it has been said

682

00:32:46,019 --> 00:32:51,029

that

683

00:32:48,119 --> 00:32:53,769

tell me mr. Finnigan the president

684

00:32:51,029 --> 00:32:57,129

doesn't have the highest clearance which

685
00:32:53,769 --> 00:32:59,619
is why he doesn't know about these sorts

686
00:32:57,130 --> 00:33:01,000
of technologies or maybe he might know

687
00:32:59,619 --> 00:33:04,239
about the technologies but he may not

688
00:33:01,000 --> 00:33:06,130
know where the sources are from so

689
00:33:04,240 --> 00:33:09,150
here's an interesting thing to combine

690
00:33:06,130 --> 00:33:11,470
in one hand we've talked about alien

691
00:33:09,150 --> 00:33:14,320
vehicles or extraterrestrial vehicles

692
00:33:11,470 --> 00:33:15,759
and the reverse engineering and taking

693
00:33:14,319 --> 00:33:18,159
those technologies and making them

694
00:33:15,759 --> 00:33:20,230
applicable to both military and you know

695
00:33:18,160 --> 00:33:22,509
commercial uses we've talked about that

696
00:33:20,230 --> 00:33:25,750
but now we're talking about T Townsend

697
00:33:22,509 --> 00:33:27,009
Brown having dealt with gravity

698
00:33:25,750 --> 00:33:29,950
manipulations

699
00:33:27,009 --> 00:33:32,980
supposedly in the 20s already yeah so

700
00:33:29,950 --> 00:33:37,150
okay I think what hat what would have

701
00:33:32,980 --> 00:33:41,589
happened is if it wasn't such a

702
00:33:37,150 --> 00:33:42,940
suppressed sort of thing maybe we would

703
00:33:41,589 --> 00:33:46,928
be in a different

704
00:33:42,940 --> 00:33:48,220
era we wouldn't be using rockets to get

705
00:33:46,929 --> 00:33:52,259
out of the atmosphere we wouldn't be

706
00:33:48,220 --> 00:33:52,259
using combustion engines we wouldn't be

707
00:33:52,710 --> 00:34:00,129
do anything though far ahead we would be

708
00:33:55,659 --> 00:34:02,320
so far ahead so so far ahead I mean

709
00:34:00,128 --> 00:34:06,339
that's what you think about think about

710
00:34:02,319 --> 00:34:10,960
this the electricity that we use is

711
00:34:06,339 --> 00:34:13,828
delivered through like a 100 to 200 200

712
00:34:10,960 --> 00:34:23,730
year-old basically kind of system of

713

00:34:13,829 --> 00:34:27,250
creating energy and sorry about that

714
00:34:23,730 --> 00:34:30,190
why don't why but we even it's metered

715
00:34:27,250 --> 00:34:33,489
okay so when you get money for when you

716
00:34:30,190 --> 00:34:35,740
get electricity whether it's from a wind

717
00:34:33,489 --> 00:34:38,858
farm whether it's from a solar farm or

718
00:34:35,739 --> 00:34:42,279
whether it's from an ocean wave farm or

719
00:34:38,858 --> 00:34:45,598
whether it's from nuclear or coal it's

720
00:34:42,280 --> 00:34:48,579
all meter all of that technology is

721
00:34:45,599 --> 00:34:51,899
provided to us it's ancient basically I

722
00:34:48,579 --> 00:34:54,399
mean it's as old as the country is but

723
00:34:51,898 --> 00:34:57,940
look at how advanced our tablets are

724
00:34:54,398 --> 00:34:59,739
look at how advanced the phones are look

725
00:34:57,940 --> 00:35:01,809
how advanced the technology that aren't

726
00:34:59,739 --> 00:35:05,429
even using to do this that we're using

727
00:35:01,809 --> 00:35:08,890

to do this pi/8 have they even have

728

00:35:05,429 --> 00:35:10,629

tablet frigerators I know that take

729

00:35:08,889 --> 00:35:11,949

pictures of the inside send it to a

730

00:35:10,630 --> 00:35:14,970

shopping list for you know stuff that's

731

00:35:11,949 --> 00:35:18,608

missing we're so connected we're so

732

00:35:14,969 --> 00:35:20,949

technologically you know if you think

733

00:35:18,608 --> 00:35:22,199

about where we were technologically 200

734

00:35:20,949 --> 00:35:24,068

years ago

735

00:35:22,199 --> 00:35:27,489

you're still digging you're still

736

00:35:24,068 --> 00:35:30,670

pooping in a hole 200 years ago we were

737

00:35:27,489 --> 00:35:32,828

still creating technology by the same

738

00:35:30,670 --> 00:35:35,380

means that we are today except where we

739

00:35:32,829 --> 00:35:38,950

avoid more you know so-called green

740

00:35:35,380 --> 00:35:41,440

technologies no specifics but I just I

741

00:35:38,949 --> 00:35:44,048

find all this this connection to a

742
00:35:41,440 --> 00:35:47,369
potential deeper conspiracy theory of

743
00:35:44,048 --> 00:35:47,369
quite interesting and intriguing

744
00:35:49,230 --> 00:35:57,789
why are we running on such an old social

745
00:35:54,820 --> 00:36:00,190
system why and you know it's funny is it

746
00:35:57,789 --> 00:36:03,519
that we've had medical advances we've

747
00:36:00,190 --> 00:36:06,490
had technological advances we've had do

748
00:36:03,519 --> 00:36:11,079
so many thoughts so me I got I got a I

749
00:36:06,489 --> 00:36:15,459
got a positive second image the they

750
00:36:11,079 --> 00:36:16,630
even have robots in surgery they just

751
00:36:15,460 --> 00:36:19,480
put the patient and they line them up

752
00:36:16,630 --> 00:36:22,960
the lines and the the surgeon stands

753
00:36:19,480 --> 00:36:25,719
back and that the machines actually do

754
00:36:22,960 --> 00:36:28,449
the operation laparoscopically by itself

755
00:36:25,719 --> 00:36:30,939
there's no human involved but think

756
00:36:28,449 --> 00:36:33,489
about all of that think about all of

757
00:36:30,940 --> 00:36:37,240
that advanced technology think and I'm

758
00:36:33,489 --> 00:36:41,049
gonna say it again is ran on two hundred

759
00:36:37,239 --> 00:36:43,899
year old ways of producing just

760
00:36:41,050 --> 00:36:46,750
electricity on I don't know how old

761
00:36:43,900 --> 00:36:48,670
these power lines are to get electricity

762
00:36:46,750 --> 00:36:53,639
to us the infrastructure of this country

763
00:36:48,670 --> 00:36:58,210
is very very very very very old and

764
00:36:53,639 --> 00:37:00,309
Thomas Edison days basically nothing's

765
00:36:58,210 --> 00:37:02,440
really changed much except for the the

766
00:37:00,309 --> 00:37:04,779
way that the bulbs main I mean we got

767
00:37:02,440 --> 00:37:08,230
like way to feel the energies harvested

768
00:37:04,780 --> 00:37:11,920
yeah you know it's not just coal it's

769
00:37:08,230 --> 00:37:19,630
not just nuclear and coal its nuclear

770

00:37:11,920 --> 00:37:23,500
coal wind water heart go plant there you

771
00:37:19,630 --> 00:37:29,380
go I was waiting for that one looking at

772
00:37:23,500 --> 00:37:31,210
the atopic terrible the UM wow I didn't

773
00:37:29,380 --> 00:37:32,950
sit bones going on is it the weather

774
00:37:31,210 --> 00:37:37,090
right it's the rain yeah

775
00:37:32,949 --> 00:37:38,439
anyway um remember we saw plutonium we

776
00:37:37,090 --> 00:37:40,870
looked up the chart for plutonium and

777
00:37:38,440 --> 00:37:43,630
what it said on it it looked like a

778
00:37:40,869 --> 00:37:47,170
little canister and it said if you find

779
00:37:43,630 --> 00:37:48,369
this this is plutonium like in grave but

780
00:37:47,170 --> 00:37:49,150
why are we talking about plutonium

781
00:37:48,369 --> 00:37:51,449
understand

782
00:37:49,150 --> 00:37:54,160
oh just we're talking about energies in

783
00:37:51,449 --> 00:37:56,589
coal and I was just thinking about back

784
00:37:54,159 --> 00:37:58,839

to the future in plutonium

785

00:37:56,590 --> 00:38:00,760

we thought it was just some big green

786

00:37:58,840 --> 00:38:03,010

thing that glowed but it's a piece of

787

00:38:00,760 --> 00:38:05,700

you can etch on and

788

00:38:03,010 --> 00:38:09,160

that's what I'm loving to learn

789

00:38:05,699 --> 00:38:12,279

researching this stuff is you know like

790

00:38:09,159 --> 00:38:16,629

I've learned probably more just basic

791

00:38:12,280 --> 00:38:18,130

level shit than I could have learned

792

00:38:16,630 --> 00:38:20,320

anywhere else just just listening to

793

00:38:18,130 --> 00:38:24,220

people talk and trying to find the most

794

00:38:20,320 --> 00:38:26,200

credible speakers and presenters is the

795

00:38:24,219 --> 00:38:29,019

hardest thing bro I mean you know as

796

00:38:26,199 --> 00:38:30,338

we've been sometimes they start off

797

00:38:29,019 --> 00:38:32,949

great and then they start sounding a

798

00:38:30,338 --> 00:38:35,710

little bit not getting a little bit too

799
00:38:32,949 --> 00:38:38,739
far out there and same with the You Tube

800
00:38:35,710 --> 00:38:41,980
man all the thumbnails it's all crap I

801
00:38:38,739 --> 00:38:44,289
go on Google I try to find anything I

802
00:38:41,980 --> 00:38:46,630
could find I'm I'm into this you know

803
00:38:44,289 --> 00:38:47,739
that I know this yeah I'm I'm 24/7 we're

804
00:38:46,630 --> 00:38:51,010
both passionate about yeah

805
00:38:47,739 --> 00:38:53,858
but nothing comes up it's all the same

806
00:38:51,010 --> 00:38:56,440
shit recycle recycle trash again and

807
00:38:53,858 --> 00:38:57,730
then they just change the thumbnails so

808
00:38:56,440 --> 00:39:00,789
by the way if you're listening on

809
00:38:57,730 --> 00:39:02,530
YouTube now there will be a thumbnail

810
00:39:00,789 --> 00:39:05,858
that says no clickbait and we mean that

811
00:39:02,530 --> 00:39:08,609
like yeah you know primarily we're

812
00:39:05,858 --> 00:39:11,949
talking about tea tea Townsend Brown but

813
00:39:08,608 --> 00:39:14,588
45-minute show and I think it's probably

814
00:39:11,949 --> 00:39:18,578
better for people to research it I think

815
00:39:14,588 --> 00:39:20,920
we're more in I think our gift is to put

816
00:39:18,579 --> 00:39:23,260
the info out there do the digging and

817
00:39:20,920 --> 00:39:25,180
then hopefully that incites people to

818
00:39:23,260 --> 00:39:27,220
actually go and dig and learn themselves

819
00:39:25,179 --> 00:39:28,960
that's really what we're about I mean

820
00:39:27,219 --> 00:39:30,399
we're at the information holders we're

821
00:39:28,960 --> 00:39:33,269
not the knowledge holders were more of

822
00:39:30,400 --> 00:39:35,260
the distributors of said knowledge and

823
00:39:33,269 --> 00:39:38,259
we're trying to kind of do the hard work

824
00:39:35,260 --> 00:39:40,450
for you guys who is horrible who's not

825
00:39:38,260 --> 00:39:43,000
credible and trying to be honest and say

826
00:39:40,449 --> 00:39:45,068
well this person has these great ideas

827

00:39:43,000 --> 00:39:47,769
but these seem to be a little bit off or

828
00:39:45,068 --> 00:39:50,679
you know maybe seem to be in question or

829
00:39:47,769 --> 00:39:53,559
you know we try to be as logical as we

830
00:39:50,679 --> 00:39:56,500
can so that brings up another point if

831
00:39:53,559 --> 00:39:59,108
any of our listeners out there have any

832
00:39:56,500 --> 00:40:00,699
suggestions for any maybe scientists or

833
00:39:59,108 --> 00:40:04,358
videos or documentaries that we should

834
00:40:00,699 --> 00:40:06,969
want it is true that you think in legit

835
00:40:04,358 --> 00:40:09,659
stuff that maybe we have not seen please

836
00:40:06,969 --> 00:40:12,848
by all means Twitter us tweet us twat us

837
00:40:09,659 --> 00:40:15,129
instill us all that good stuff is the

838
00:40:12,849 --> 00:40:16,210
same nap but also on snapchat by the gut

839
00:40:15,130 --> 00:40:18,039
by the way

840
00:40:16,210 --> 00:40:19,690
yeah we're still trying to figure that

841
00:40:18,039 --> 00:40:21,308

thing out we're not weird sure we're

842

00:40:19,690 --> 00:40:24,519

trying yeah we don't want to be those

843

00:40:21,309 --> 00:40:27,490

people that only post on one page yeah

844

00:40:24,519 --> 00:40:29,230

on one media or if we do we only post

845

00:40:27,489 --> 00:40:32,409

pictures of us with those stupid virtual

846

00:40:29,230 --> 00:40:36,480

masks okay I have on snapchat we got to

847

00:40:32,409 --> 00:40:40,179

provide more than that so check this

848

00:40:36,480 --> 00:40:42,880

scientist out T Thompson Brown and what

849

00:40:40,179 --> 00:40:47,139

he did for the scientific community and

850

00:40:42,880 --> 00:40:49,450

how much he was you know debunked or

851

00:40:47,139 --> 00:40:51,670

invalidated and just kind of disappear

852

00:40:49,449 --> 00:40:54,989

it's very really interesting and it's

853

00:40:51,670 --> 00:40:57,338

left back in the 50s and 60s it's

854

00:40:54,989 --> 00:40:58,959

interesting to see though some people on

855

00:40:57,338 --> 00:41:01,659

YouTube are trying to recreate the

856
00:40:58,960 --> 00:41:03,760
technology I haven't got much into that

857
00:41:01,659 --> 00:41:06,009
yet by the way so whether if any of you

858
00:41:03,760 --> 00:41:09,640
listeners have ever made a lifter using

859
00:41:06,010 --> 00:41:12,640
t p-- t thompson brown's ideology and

860
00:41:09,639 --> 00:41:17,670
philosophy and please let me know I

861
00:41:12,639 --> 00:41:17,670
would love to see it it'd be interesting

862
00:41:17,760 --> 00:41:26,799
we're at about three minutes here Joe

863
00:41:22,139 --> 00:41:30,368
and I want to remind people please if

864
00:41:26,798 --> 00:41:34,088
you enjoy what we do follow us

865
00:41:30,369 --> 00:41:35,980
tweet it Instagram us and I've said that

866
00:41:34,088 --> 00:41:40,000
about 17 times but what I haven't said

867
00:41:35,980 --> 00:41:42,338
was become a patron and we would yeah

868
00:41:40,000 --> 00:41:44,679
and you can become a patron for as

869
00:41:42,338 --> 00:41:47,048
little as a dollar a month and that just

870
00:41:44,679 --> 00:41:50,858
goes towards our basic our basic hosting

871
00:41:47,048 --> 00:41:55,059
expenses you know as we do more of these

872
00:41:50,858 --> 00:41:57,358
and as we put more content out what

873
00:41:55,059 --> 00:42:00,609
happens is you have to pay more for the

874
00:41:57,358 --> 00:42:02,558
services that are you know the middleman

875
00:42:00,608 --> 00:42:05,318
in putting this info out you know

876
00:42:02,559 --> 00:42:08,710
whether it's the person the podcasting

877
00:42:05,318 --> 00:42:10,269
app or the hosting or the whatever so we

878
00:42:08,710 --> 00:42:12,369
put that towards that we also put that

879
00:42:10,269 --> 00:42:14,139
towards any trips that we take and we've

880
00:42:12,369 --> 00:42:16,269
got some pretty amazing ones plan for

881
00:42:14,139 --> 00:42:18,548
this year yes we do it can't wait yeah

882
00:42:16,269 --> 00:42:20,170
we're gonna beat a few conferences we're

883
00:42:18,548 --> 00:42:22,960
definitely going to be back at alien Con

884

00:42:20,170 --> 00:42:24,519
and we've got a few other kind of

885
00:42:22,960 --> 00:42:27,849
surprises and lines and things that

886
00:42:24,519 --> 00:42:29,318
we're working on and discussing but you

887
00:42:27,849 --> 00:42:29,910
know we've got two different lives so we

888
00:42:29,318 --> 00:42:32,788
try to get to

889
00:42:29,909 --> 00:42:34,288
okay yeah when you're not dating and

890
00:42:32,789 --> 00:42:36,569
when we're not being blocked by dr.

891
00:42:34,289 --> 00:42:41,099
Greer because we're weird I don't know

892
00:42:36,568 --> 00:42:42,659
what the deal what's the deal well we

893
00:42:41,099 --> 00:42:46,019
want to thank you all for you want to

894
00:42:42,659 --> 00:42:48,659
thank everybody playing tonight we're

895
00:42:46,019 --> 00:42:50,730
gonna put that poll yes see that's gonna

896
00:42:48,659 --> 00:42:54,899
be great you guys make sure you check

897
00:42:50,730 --> 00:42:58,280
out our Twitter at zero zero zero bro

898
00:42:54,900 --> 00:43:00,450

because we're complete zeroes apparently

899

00:42:58,280 --> 00:43:02,548

no but seriously we have a respect for

900

00:43:00,449 --> 00:43:05,909

all of the follow Jews yes I do I listen

901

00:43:02,548 --> 00:43:08,159

to everybody and while we are silly and

902

00:43:05,909 --> 00:43:11,009

goofy we do take what we do seriously I

903

00:43:08,159 --> 00:43:13,710

just believe in bringing it to the

904

00:43:11,010 --> 00:43:17,099

public in a different way I am NOT a

905

00:43:13,710 --> 00:43:20,940

professor I don't have a doctor eh do

906

00:43:17,099 --> 00:43:23,880

you know those people are meant to do

907

00:43:20,940 --> 00:43:28,079

that job I just think that our job is to

908

00:43:23,880 --> 00:43:30,660

find just get as deep as we can as

909

00:43:28,079 --> 00:43:33,720

public I guess you said figures or

910

00:43:30,659 --> 00:43:37,348

whatnot and bring it up to the average

911

00:43:33,719 --> 00:43:39,568

person in a fun and enjoyable way and

912

00:43:37,349 --> 00:43:43,019

hopefully they get into this the way

913
00:43:39,568 --> 00:43:45,269
that we do but I warn you guys be

914
00:43:43,019 --> 00:43:49,288
careful which pill you take so to speak

915
00:43:45,269 --> 00:43:51,599
render the blue because if you do decide

916
00:43:49,289 --> 00:43:53,789
to dig in this dig into this it can

917
00:43:51,599 --> 00:43:57,990
change your entire ideology it can

918
00:43:53,789 --> 00:44:00,390
change how you feel about the world the

919
00:43:57,989 --> 00:44:02,489
planet it can change how you view life

920
00:44:00,389 --> 00:44:06,929
and how you view religion and how you

921
00:44:02,489 --> 00:44:10,078
view just you know overall purpose and

922
00:44:06,929 --> 00:44:14,969
