

1  
00:00:37,450 --> 00:00:39,450

2  
00:02:34,658 --> 00:02:41,298  
you're in for a treat  
Phil Schneider has 17 years experience

3  
00:02:41,299 --> 00:02:47,030  
working in the government black projects  
he carried a level 3 security clearance

4  
00:02:47,030 --> 00:02:51,049  
he's a former government geologist and  
engineer in the black projects

5  
00:02:51,049 --> 00:02:57,799  
underground bases at areas 51 BES for  
when Los Alamos he's going to expand

6  
00:02:57,799 --> 00:03:03,370  
your mind here this morning mr. Snyder

7  
00:03:04,719 --> 00:03:13,810  
I'm Phil Schneider and spent 17 years in  
black budget programs government

8  
00:03:13,810 --> 00:03:21,579  
geologists as engineer structural  
engineer with aerospace applications

9  
00:03:21,579 --> 00:03:30,718  
self-taught metallurgist became kind of  
famous in my own right

10  
00:03:30,740 --> 00:03:37,520  
I basically would have a set of notes  
here but we're unavailable and all this

11  
00:03:37,520 --> 00:03:45,469  
melee up here I have different artifacts  
explaining some of them are alien metals

12  
00:03:45,469 --> 00:03:49,639  
have been produced both on this planet

and the confines outer space that are

13

00:03:49,639 --> 00:03:54,679

now using all stealth aircraft all  
stealth aircraft for instance all black

14

00:03:54,680 --> 00:04:01,040

jets what you're seeing of black  
helicopters and the light with skins and

15

00:04:01,039 --> 00:04:05,780

the coatings and the residues that are  
used predominantly in the end the

16

00:04:05,780 --> 00:04:11,659

aircraft themselves in the airframes and  
in the rotor blades and the fans and in

17

00:04:11,659 --> 00:04:16,850

some cases in submarines special  
titanium poles the Phoenix class

18

00:04:16,850 --> 00:04:25,490

submarines now all these come from all  
this has come from alien technology 1947

19

00:04:25,490 --> 00:04:31,220

is what the public has been told  
something crashed in the backyard in New

20

00:04:31,220 --> 00:04:35,510

Mexico place called Roswell New Mexico  
unfortunately that's what the public's

21

00:04:35,509 --> 00:04:41,000

been told military is known about the  
alien question for the better part of 70

22

00:04:41,000 --> 00:04:46,670

years and they first saw their glimpse  
of what was going on as early as 1909 in

23

00:04:46,670 --> 00:04:52,460

the American Southwest army cavalry  
evidently were chasing some bandits and

24  
00:04:52,459 --> 00:04:56,899  
they entered his cave they're holed up  
in a cave and what they found in there

25  
00:04:56,899 --> 00:05:02,750  
was flying discs and little gray guys  
and all kinds of weird things and they

26  
00:05:02,750 --> 00:05:05,839  
didn't know how to explain that and they  
wrote him down as best they could and

27  
00:05:05,839 --> 00:05:12,569  
it's been in secret archives ever since  
something listen

28  
00:05:12,569 --> 00:05:20,790  
down by The Truth or Consequences area  
of New Mexico well the alien thing is

29  
00:05:20,790 --> 00:05:26,100  
more than just a what I'd call a non  
visible threat we on the surface first

30  
00:05:26,100 --> 00:05:32,790  
of all all information dealing with  
alien or alien reproduced technology or

31  
00:05:32,790 --> 00:05:36,330  
alien reproduced vehicles or any other  
kind of things well hidden from the

32  
00:05:36,329 --> 00:05:42,810  
American public our black budget for  
instance Garner's 1.02 three trillion

33  
00:05:42,810 --> 00:05:51,449  
dollars every two years it's over five  
hundred billion dollars a year right now

34  
00:05:51,449 --> 00:06:04,439  
they're 131 active deep underground  
military bases in the United States each

35  
00:06:04,439 --> 00:06:16,079

one has an average cost 17 to 19 billion dollars each one is built used to take a

36

00:06:16,079 --> 00:06:20,849

year two years to build each one and now they're capable of building a couple of

37

00:06:20,850 --> 00:06:25,970

them a year with sophisticated methods

38

00:06:25,970 --> 00:06:33,240

my colleague al Bielek has actually been on some of the high-speed railways the

39

00:06:33,240 --> 00:06:37,889

magneto Leviton trains they connect all the deep underground military bases

40

00:06:37,889 --> 00:06:43,889

within the United States he's been on a mock to train and floats off of floats

41

00:06:43,889 --> 00:06:50,459

off of a single rail at three quarters an inch off the rail and there's what

42

00:06:50,459 --> 00:06:55,409

you call high-tech we have nothing like this on the service the public basically

43

00:06:55,410 --> 00:07:00,390

has been totally lied to we're considered stupid or even moronic

44

00:07:00,389 --> 00:07:07,379

in some cases it's got to stop if we're gonna gain our country back we must and

45

00:07:07,379 --> 00:07:14,939

I repeat must instill in our public officials anybody that goes and does

46

00:07:14,939 --> 00:07:19,930

public service they must tell us the truth if they cannot do this

47  
00:07:19,930 --> 00:07:25,478  
then what they must be impeached or they  
must be removed from office if this

48  
00:07:25,478 --> 00:07:32,228  
cannot occur if the truth cannot totally  
come out I there are reasons for secrecy

49  
00:07:32,228 --> 00:07:36,758  
for instance but the truth cannot  
totally come out what's the use of us

50  
00:07:36,759 --> 00:07:42,340  
having anything called freedom okay now  
I have pictures here that I'm going to

51  
00:07:42,339 --> 00:07:48,369  
show you during the break and artifacts  
I ask you to kind of look at them but

52  
00:07:48,370 --> 00:07:53,340  
not handle them I have actual crashed  
retriever

53  
00:07:53,339 --> 00:07:57,819  
metal from Roswell New Mexico it's given  
to me when I was 14 years old for

54  
00:07:57,819 --> 00:08:01,259  
instance I've got other things have got

55  
00:08:02,459 --> 00:08:10,000  
pieces of a piece of titanium a special  
titanium alloy made for everything from

56  
00:08:10,000 --> 00:08:16,800  
the original sr-71 blackbird it's old  
hat now f-117a is their old hat now

57  
00:08:16,800 --> 00:08:24,550  
we're making class of hypersonic above  
Mach 5 aircraft then employee the

58  
00:08:24,550 --> 00:08:29,079  
employee extremely modern charged

particle beam-weapons they only use

59

00:08:29,079 --> 00:08:35,259

lasers anymore computer enhanced imaging  
radar although it's used in helicopters

60

00:08:35,259 --> 00:08:39,639

for public surveillance  
computer enhance imaging radar and in

61

00:08:39,639 --> 00:08:45,399

satellite technology the brand new kid  
on the block is a is a kind of infrared

62

00:08:45,399 --> 00:08:54,819

technology or a satellite 150,000 miles  
out you know geosynchronous orbit or not

63

00:08:54,820 --> 00:08:59,660

quite geosynchronous orbit but  
but we spy satellites gonna literally

64

00:08:59,659 --> 00:09:03,500

look in and see a dime on the floor  
let's say on your kitchen floor they

65

00:09:03,500 --> 00:09:12,470

have a resolution factor 99.9999 6-1  
this particular piece of metal on them

66

00:09:12,470 --> 00:09:18,790

drop it on the floor here will kind of  
ring like a bell you can't break it

67

00:09:18,789 --> 00:09:25,069

withstand temperatures in excess of 7500  
degrees Fahrenheit it has my opium in it

68

00:09:25,070 --> 00:09:32,350

it also has mirror night in element 123

69

00:09:32,350 --> 00:09:37,610

it's in a it's in a non crystalline form  
this is just kind of a dripping off of

70

00:09:37,610 --> 00:09:42,419  
the out of the main crucible

71  
00:09:42,419 --> 00:09:47,159  
here's a crystalline example it's in the  
scalenohedral crystalline form we got

72  
00:09:47,159 --> 00:09:53,939  
this from the large raised technology  
this is grown in the confines of outer

73  
00:09:53,940 --> 00:09:59,850  
space which has not quite a super vacuum  
but by the way this is capable of

74  
00:09:59,850 --> 00:10:05,250  
withstanding temperatures in 10,000  
degrees Fahrenheit it's great for

75  
00:10:05,250 --> 00:10:14,220  
certain parts of aircraft this kind of  
material I work with on a daily basis up

76  
00:10:14,220 --> 00:10:28,860  
here we have a transparency emergency  
room Lake

77  
00:10:28,860 --> 00:10:37,860  
groom lake is where the infamous area 51  
s 4 s to the CIA base was originally a

78  
00:10:37,860 --> 00:10:42,930  
bombing range a nuclear test site  
it was later become the most secret base

79  
00:10:42,929 --> 00:10:50,849  
in the United States it employs over  
18,000 workers working shifts of 12

80  
00:10:50,850 --> 00:10:58,230  
hours of Anahuac most important to cover  
of darkness like us we built out nine

81  
00:10:58,230 --> 00:11:06,090  
underground military bases there each  
with an average capacity capable was

82  
00:11:06,090 --> 00:11:10,470  
basically a city underground roughly  
four and a quarter cubic miles hollowed

83  
00:11:10,470 --> 00:11:16,860  
out underground they have boring  
machines for instance boring machines

84  
00:11:16,860 --> 00:11:22,019  
for instance or they literally vitrify  
and melt the rock the flagger ate the

85  
00:11:22,019 --> 00:11:27,870  
rock it's a very sophisticated laser  
melting and the flagger rating system

86  
00:11:27,870 --> 00:11:32,490  
reduce the rock to a powder and then  
melts with the remaining rock there's a

87  
00:11:32,490 --> 00:11:36,240  
coating on the inside of the base so you  
don't have to use gunite cements and

88  
00:11:36,240 --> 00:11:42,120  
other kinds of things like that that's  
all oh now technology is just basically

89  
00:11:42,120 --> 00:11:46,139  
the new technology we get it's the old  
hat of the military I'm gonna be real

90  
00:11:46,139 --> 00:11:51,090  
brief about it I carried a level 1  
security clearance the Riley 38 factor

91  
00:11:51,090 --> 00:11:55,139  
there very few of us  
there's nobody except myself for my

92  
00:11:55,139 --> 00:12:02,309  
knowledge talking like this nobody I'm  
breaking the law breaking world as well

93

00:12:02,309 --> 00:12:06,799  
as federal law coming out

94  
00:12:06,799 --> 00:12:11,808  
I love my country more than I love my  
life two weeks ago I was shot in the

95  
00:12:11,808 --> 00:12:22,759  
shoulder I don't want to gory you women  
out but I was shot in the shoulder up

96  
00:12:22,759 --> 00:12:29,509  
here I've recently have become friends  
of a of a retired FBI agent who took me

97  
00:12:29,509 --> 00:12:33,699  
under the wing he says I've never seen a  
person braver than you and I said well

98  
00:12:33,698 --> 00:12:49,308  
there's more coming Patriot you knighted  
States going to pick up the ball first

99  
00:12:49,308 --> 00:12:53,688  
of all George Washington and Thomas  
Jefferson a few other founding fathers

100  
00:12:53,688 --> 00:12:59,748  
Patrick Henry to mention a few all had  
visions at these United States is going

101  
00:12:59,749 --> 00:13:04,548  
to live 700 years from where they were  
standing and that was somewhere around

102  
00:13:04,548 --> 00:13:13,100  
the turn the late 1700s early 1800s so  
you can count this country this country

103  
00:13:13,100 --> 00:13:24,540  
isn't going to go to a new world order  
I believe firmly in constitutional law

104  
00:13:24,539 --> 00:13:33,219  
I'm not very well skilled in it and  
that's my embarrassment about it the

105  
00:13:33,220 --> 00:13:42,610  
government that is now and still ruling  
as we're serfs and they're the kings and

106  
00:13:42,610 --> 00:13:50,289  
queens now that's a feudal system that  
isn't even a democracy we are now being

107  
00:13:50,289 --> 00:13:56,409  
ruled by an autocracy and a technocracy  
in other words technical knowledge is

108  
00:13:56,409 --> 00:14:10,208  
rules as king type system systems have  
been used the last 350 years if we are

109  
00:14:10,208 --> 00:14:17,828  
complacent if we speak out in droves and  
I'm not just talking about me I'm

110  
00:14:17,828 --> 00:14:22,628  
talking about a bunch of us getting  
together and getting on this stump and

111  
00:14:22,629 --> 00:14:26,889  
loving our country more than we love our  
lives getting on some of us are going to

112  
00:14:26,889 --> 00:14:32,889  
get killed I almost got killed a couple  
of weeks ago

113  
00:14:32,889 --> 00:14:40,769  
hadn't been for an FBI a retired FBI man  
who risk his life his career everything

114  
00:14:40,769 --> 00:14:45,600  
put it all on the line and he didn't  
know me from Adam

115  
00:14:45,600 --> 00:14:52,480  
we prior to that he he listened to one  
of my tapes I gave up boats Falls right

116

00:14:52,480 --> 00:15:01,450  
oh and I'm gonna be very blunt about he  
mentioned he said that but unfortunately

117  
00:15:01,450 --> 00:15:04,050  
we're not getting

118  
00:15:06,230 --> 00:15:10,759  
I'm trying to I'm not the best speaker  
in the world but I'm trying to relay to

119  
00:15:10,759 --> 00:15:15,620  
you that we need to get out and  
seriously get the message out these

120  
00:15:15,620 --> 00:15:20,959  
shows are great this this hall should be  
absolutely packed standing room only

121  
00:15:20,958 --> 00:15:25,939  
and we should be getting the message out  
to as many people as we can with as many

122  
00:15:25,940 --> 00:15:33,139  
shows as there are is it possibly to  
reach is the public get on talk shows

123  
00:15:33,139 --> 00:15:39,799  
we've got to get on we've got to get on  
nude shows and TV shows and we have to

124  
00:15:39,799 --> 00:15:44,809  
really get the message out and I think  
we're doing it but it's it's a little

125  
00:15:44,809 --> 00:15:51,859  
bit slow in the first part that's that's  
that part of the what I want to say in

126  
00:15:51,860 --> 00:16:01,220  
working with the black projects I was  
very loyal that was picked because I was

127  
00:16:01,220 --> 00:16:05,870  
very strong mentally there's a bunch of  
us that were picked because we don't

128  
00:16:05,870 --> 00:16:09,919  
crack under pressure  
we don't freak under pressure so to

129  
00:16:09,919 --> 00:16:17,789  
speak  
everyday events don't bother us now I

130  
00:16:17,789 --> 00:16:22,209  
was involved in something very  
controversial almost totally

131  
00:16:22,210 --> 00:16:26,350  
unbelievable to most of you some of you  
were religious people I think all

132  
00:16:26,350 --> 00:16:33,850  
religions religions have a time and a  
place and they definitely have a place

133  
00:16:33,850 --> 00:16:44,740  
in America now another thing I want to  
read to you is that during the

134  
00:16:44,740 --> 00:16:51,580  
unbelievable part I was involved in  
building another base onto in inside of

135  
00:16:51,580 --> 00:16:58,950  
Bell say New Mexico which is Los Alamos  
laboratory it's a biological laboratory

136  
00:16:58,950 --> 00:17:04,779  
when the southwest part of the Archuleta  
Mesa we built an underground facility a

137  
00:17:04,779 --> 00:17:08,849  
better part of three cubic miles  
hollowed out on the ground

138  
00:17:08,849 --> 00:17:14,619  
southwest of that we built we were we  
were in the process of the early stages

139

00:17:14,619 --> 00:17:20,049  
of building we drilled four large tunnel  
like holes some of them ran two and a

140  
00:17:20,049 --> 00:17:29,349  
half miles under surface number the  
early at that time number the original

141  
00:17:29,349 --> 00:17:37,178  
wells or drilling machines that were  
used were or at the rate of 2 miles a

142  
00:17:37,179 --> 00:17:42,220  
day it was fairly rapid the equipment  
kept coming up broken so we wanted to go

143  
00:17:42,220 --> 00:17:46,058  
down and wouldn't send somebody down  
there a human observer or human

144  
00:17:46,058 --> 00:17:51,519  
observers in this case find out what was  
going on well to our total surprise

145  
00:17:51,519 --> 00:17:53,308  
first of all the government knew all  
about it

146  
00:17:53,308 --> 00:18:01,148  
they didn't tell anybody when I saw  
green beret and black beret people in

147  
00:18:01,148 --> 00:18:05,859  
camp inside of our geologists camp I  
knew something was up the gig was up

148  
00:18:05,859 --> 00:18:09,699  
first law knew all about the alien  
agenda I'll explain that in a few

149  
00:18:09,700 --> 00:18:17,080  
minutes the large alien greys had been  
in camp there for as best as believed

150  
00:18:17,079 --> 00:18:21,819  
possible about four or five hundred

years have been one of their internal

151

00:18:21,819 --> 00:18:27,609

bases we drilled holes right on top of  
it all the stink in the air all the

152

00:18:27,609 --> 00:18:31,569

black city came right out as soon as one  
the first hole was sunk and all this

153

00:18:31,569 --> 00:18:38,259

came up and well that's when it all the  
hell broke loose really started anyway

154

00:18:38,259 --> 00:18:43,390

after we drilled all four holes about it  
two days to drill for them and when you

155

00:18:43,390 --> 00:18:48,038

build a underground base you go for  
basic holes and you build you call

156

00:18:48,038 --> 00:18:53,230

Stokes or crossmember holes across any  
black use blasting equipment a special

157

00:18:53,230 --> 00:18:58,870

blasting equipment by the analyzation of  
the rock formation and literally blast

158

00:18:58,869 --> 00:19:04,689

out or turn allowed  
or 'flag irate or melt rock out to build

159

00:19:04,690 --> 00:19:11,499

the large rooms that are required for  
this underground base well in this

160

00:19:11,499 --> 00:19:14,230

process  
I was lowered down the basket of one of

161

00:19:14,230 --> 00:19:21,339

these holes and about from me to this  
elderly woman here in the front was

162  
00:19:21,339 --> 00:19:27,128  
sitting a seven-foot tall alien gray the  
stench was worse than the worst garbage

163  
00:19:27,128 --> 00:19:33,668  
can you can imagine the person was  
entity was absolutely horrible I didn't

164  
00:19:33,669 --> 00:19:36,759  
waste any time I reach for my pencil or  
that time is in engineering I didn't

165  
00:19:36,759 --> 00:19:41,589  
have time to carry all a folder all one  
of these big submachine guns at all will

166  
00:19:41,589 --> 00:19:46,118  
see spraying the yellow fruit and all  
the outer perimeter and inner perimeter

167  
00:19:46,118 --> 00:19:52,988  
security people carried I care to be pk+  
over the nine shot clip this is a not

168  
00:19:52,989 --> 00:19:59,889  
late August of 1979 now you got a  
regular suit of clothes you got a

169  
00:19:59,888 --> 00:20:05,199  
regular clothes on put your in a almost  
like a spacesuit environment you're

170  
00:20:05,200 --> 00:20:09,639  
reaching for a gun it's it's not the  
easiest thing to do and then to pop a

171  
00:20:09,638 --> 00:20:16,469  
clip in it and start shooting  
and I killed two of them yes they're

172  
00:20:16,470 --> 00:20:28,500  
mortal and they do die however in the  
process one of them did this hour all I

173  
00:20:28,500 --> 00:20:33,599

remember is that he just kind of waved  
his hand in front of his chest and the

174

00:20:33,599 --> 00:20:36,928  
next thing I know this blue beam hit me  
and just literally opened me up like a

175

00:20:36,929 --> 00:20:44,460  
fish and burned my fingers right off of  
me and it was some form of electrical

176

00:20:44,460 --> 00:20:49,259  
force because kind of like hit being hit  
by lightning bolt' burned all my

177

00:20:49,259 --> 00:20:57,269  
toenails off of me  
crispy critter to my left foot the shoe

178

00:20:57,269 --> 00:21:03,899  
I remember smoking remains and I'm  
laying almost I'm still conscious but in

179

00:21:03,898 --> 00:21:12,209  
and out and there was a green beret that  
was right behind me risk his life back

180

00:21:12,210 --> 00:21:16,649  
he died he risked his life he shoved me  
back in the bath and hit the button and

181

00:21:16,648 --> 00:21:22,558  
took me up and I wouldn't be alive  
talking to you today I'm forever

182

00:21:22,558 --> 00:21:29,730  
indebted he lost his wife sixty-six  
Secret Service agents Green Berets black

183

00:21:29,730 --> 00:21:35,700  
berets crack troops lost their lives  
because the government our United States

184

00:21:35,700 --> 00:21:44,190  
government lied did not tell us anything  
about the alien breath

185  
00:21:44,190 --> 00:21:50,940  
there's a war underneath there and I'm  
talking dead serious it's been going on

186  
00:21:50,940 --> 00:21:58,170  
since that time since late August of  
1979 our military the Russian military

187  
00:21:58,170 --> 00:22:04,350  
basically the militaries of the world  
have been in constant conflict with the

188  
00:22:04,349 --> 00:22:09,959  
outer space alien the small gray the  
large gray the reptilians the whole

189  
00:22:09,960 --> 00:22:17,009  
thing for 11 for 11 distinct races of  
aliens to our Benevolent one had to

190  
00:22:17,009 --> 00:22:20,339  
leave here in a hurry because their  
world is under attack both on the

191  
00:22:20,339 --> 00:22:24,990  
surface of all honored ground there the  
play editions familia maybe some of you

192  
00:22:24,990 --> 00:22:29,700  
are familiar with that with some of you  
raise your hands have heard of billy

193  
00:22:29,700 --> 00:22:42,210  
meier and some of the Myers one of these  
lucky people that figured wise time the

194  
00:22:42,210 --> 00:22:48,120  
simple fact will show them everything  
these are the benevolent aliens and

195  
00:22:48,119 --> 00:22:53,099  
they've been here helping us back that  
picture of a picture let me reach for it

196

00:22:53,099 --> 00:22:57,409  
here

197  
00:22:58,250 --> 00:23:04,279  
a picture of one of the aliens been  
working for the United States Pentagon

198  
00:23:04,279 --> 00:23:12,048  
for the last 58 years his name is Val  
Val valiant Thor he's right here as my

199  
00:23:12,048 --> 00:23:16,250  
father in the background this whole  
place the ready room of the USS Eldridge

200  
00:23:16,250 --> 00:23:20,269  
al Bielek has probably explained or  
maybe even shown you this picture

201  
00:23:20,269 --> 00:23:23,990  
there's a list of the some of the  
notable people in it though the atomic

202  
00:23:23,990 --> 00:23:30,829  
bomb scientists of the day all the time  
variant experimentalists of the day all

203  
00:23:30,829 --> 00:23:36,500  
the top closest of that particular day  
this is a night this was in August of

204  
00:23:36,500 --> 00:23:45,200  
1943 this guy has not changed one iota  
in 58 years started work became your

205  
00:23:45,200 --> 00:23:50,029  
class D or whatever whether he's under  
duress or not he started work for our US

206  
00:23:50,029 --> 00:23:59,269  
Navy and military operations in 1937  
either 37 or 38 what I've been for 58

207  
00:23:59,269 --> 00:24:05,750  
years this man's been employed probably  
under duress you don't do as we say

208

00:24:05,750 --> 00:24:10,069

we're just going to use you for alien  
bait or something I don't know but

209

00:24:10,069 --> 00:24:14,928

anyway he basically hasn't changed he  
lives for 490 years what he says his

210

00:24:14,929 --> 00:24:22,340

life span is now he was supposedly a  
benevolent he's a human-looking type

211

00:24:22,339 --> 00:24:28,849

person he has six fingers and six toes  
and he's got one oversized heart one

212

00:24:28,849 --> 00:24:33,408

lung giant lung these blood vessels are  
bigger

213

00:24:33,409 --> 00:24:39,289

he's got copper oxide for blood similar  
to an octopus his brain capacity 300

214

00:24:39,288 --> 00:24:46,220

centimeters greater than ours as a  
thinking capacity IQ measured be totally

215

00:24:46,220 --> 00:24:51,350

off the scale be about a 1,200 IQ he  
speaks a hundred languages fluently

216

00:24:51,349 --> 00:24:56,679

alien as well as others  
he's a remarkable person I had a chance

217

00:24:56,680 --> 00:25:04,330

to meet at one time now out by the way  
he doesn't shake hands he's kind of in a

218

00:25:04,329 --> 00:25:09,000

space suit because all aliens regardless  
benevolent or otherwise they're carrying

219

00:25:09,000 --> 00:25:17,769  
germs and diseases and bacterium in on  
them they're deadly to us if I were

220  
00:25:17,769 --> 00:25:23,710  
making policy out I quarantine them all  
because because how do we not know that

221  
00:25:23,710 --> 00:25:29,769  
some of our diseases like aids Ebola  
hantavirus and a few of these other

222  
00:25:29,769 --> 00:25:39,160  
we're designer diseases as I call them  
are not made from the cadavers of some

223  
00:25:39,160 --> 00:25:42,880  
of these aliens as a biological weapon  
to use against the people of the United

224  
00:25:42,880 --> 00:25:50,800  
States well I'm tired I'm a tired  
American speaking out

225  
00:25:55,369 --> 00:26:03,869  
now what I'm telling you is kind of  
almost like a brain overload here back

226  
00:26:03,869 --> 00:26:11,359  
in 1946 we set off the number actually  
for atomic bomb tests at Bikini Atoll a

227  
00:26:11,359 --> 00:26:21,359  
group of violence in the South Pacific I  
have an original photograph here with

228  
00:26:21,359 --> 00:26:27,449  
the original language on the photograph  
that shows there is a large alien

229  
00:26:27,450 --> 00:26:32,370  
spaceship off the wingtip of the United  
States aircraft it was a drone aircraft

230  
00:26:32,369 --> 00:26:38,279  
right at the point where the bomb was

beginning to show a neutron flash cloud

231

00:26:38,279 --> 00:26:45,960

here's the bomb going off here's the  
airplane tip here and here is the alien

232

00:26:45,960 --> 00:26:49,519

spacecraft

233

00:26:49,519 --> 00:27:01,509

in 1947 scuse me 1947 Gretchen's later  
please in 1947 after Roswell de Baykal

234

00:27:01,619 --> 00:27:05,668

our military got before the US Senate  
their Hall before the US Census what's

235

00:27:05,669 --> 00:27:10,440

going on here but we didn't know  
anything about disks until this happened

236

00:27:10,440 --> 00:27:15,210

that flop in our backyard total lie they  
lied to the US Senate she been

237

00:27:15,210 --> 00:27:21,450

prosecuted as traitors came by lying to  
United States Senator House of

238

00:27:21,450 --> 00:27:24,990

Representative any Senate or House of  
Representative person president United

239

00:27:24,990 --> 00:27:34,349

States vice president any any cabinet  
member lying is a traitor and should be

240

00:27:34,349 --> 00:27:40,158

dealt with in an appropriate fashion

241

00:27:40,159 --> 00:27:49,640

this is actual proof positive that this  
occurred in 1946

242

00:27:49,640 --> 00:27:58,110

now u.s. military knew all about flying discs and flying discs technology is

243

00:27:58,109 --> 00:28:06,750  
early thoroughly early as 1933 remember the Germans did to the Nazi Germans

244

00:28:06,750 --> 00:28:15,029  
Hitler all their bunch of people

245

00:28:15,029 --> 00:28:21,339  
now it gets to the big question if if all this has been hidden from us you

246

00:28:21,339 --> 00:28:24,039  
know everybody says well where's the proof I've got some of the proof laying

247

00:28:24,039 --> 00:28:28,928  
on the table a lot of you probably are totally skeptical they say well I could

248

00:28:28,929 --> 00:28:36,119  
be anything

249

00:28:37,079 --> 00:28:41,829  
in my hand here I have a piece of what's called carbamide it's the heaviest

250

00:28:41,829 --> 00:28:48,389  
element in the world element 140

251

00:28:48,390 --> 00:28:54,600  
this piece of material weighs 15 ounces three and a half times the weight of

252

00:28:54,599 --> 00:29:04,379  
uranium it cannot be made to emit gamma rays it cannot be isotope it is totally

253

00:29:04,380 --> 00:29:13,250  
stable it is used in all stealth aircraft and all Fenix class submarines

254

00:29:13,250 --> 00:29:18,500

when combined with other alien elements  
it is impregnable

255  
00:29:18,500 --> 00:29:23,609  
it cannot be melted with charged  
particle beam weapon when properly

256  
00:29:23,609 --> 00:29:28,829  
combined in secretive compounds they can  
withstand temperatures in excess of 10

257  
00:29:28,829 --> 00:29:36,960  
million degrees Fahrenheit is grown by  
aliens who have given it the other side

258  
00:29:36,960 --> 00:29:41,610  
of the alien question is some of these  
aliens have broken off from their

259  
00:29:41,609 --> 00:29:48,259  
mainstream and said we're not getting a  
fair shake and so this is what happens

260  
00:29:48,259 --> 00:29:53,779  
I'm talking about the alien greys  
someone broken away

261  
00:29:53,779 --> 00:30:03,539  
there talk about not being popular this  
particular piece of metal is an amazing

262  
00:30:03,539 --> 00:30:10,619  
piece of technology it's capable of  
being grown in 15 different personal

263  
00:30:10,619 --> 00:30:19,259  
systems now I'm a geologist and I prior  
to 15 or 20 years ago only six crystal

264  
00:30:19,259 --> 00:30:28,890  
systems it's actually 15 if you count  
all the alien metals now this is only 40

265  
00:30:28,890 --> 00:30:33,980  
if you look at the local periodic table  
in your local library it says 104

266

00:30:33,980 --> 00:30:39,269

somewhere now online we've been lied to  
we've been cheated what we have to do is

267

00:30:39,269 --> 00:30:44,279

we have to literally ask for the truth  
if we cannot ask for the truth and let's

268

00:30:44,279 --> 00:30:49,920

demand the truth we must take it before  
courts of law in common law systems and

269

00:30:49,920 --> 00:30:53,000

we must demand it

270

00:30:53,519 --> 00:31:00,730

if we cannot do this our founding  
fathers told us the only thing left is

271

00:31:00,730 --> 00:31:08,529

to overthrow to get the parasites out I  
don't advocate overthrow but it does

272

00:31:08,529 --> 00:31:13,048

look like this may be the only

273

00:31:18,200 --> 00:31:25,619

now I'm going to casually mention to you  
something that's very scary indeed and

274

00:31:25,618 --> 00:31:32,009

tell you what the alien agenda is and  
it's don't sound very familiar alien

275

00:31:32,009 --> 00:31:36,329

agenda is the complete takeover of this  
planet we're killing off with five six

276

00:31:36,329 --> 00:31:44,099

to seven eighths of the world's  
population by the Year 2029 the US

277

00:31:44,099 --> 00:31:49,949

military is known about this for forty

five years they've told no one as far as

278

00:31:49,950 --> 00:31:53,940

I know I'm the only person standing  
before a crowd talking about the alien

279

00:31:53,940 --> 00:32:03,960

agenda secretively okay back in 1954 I  
give you a quick overview there was a

280

00:32:03,960 --> 00:32:11,700

grade in 1954 treaty where Eisenhower  
signed a pact with the known alien

281

00:32:11,700 --> 00:32:17,759

species of the time there were three at  
the time and said that we're going to

282

00:32:17,759 --> 00:32:21,479

deal in high technology but you can take  
a few head of cattle and a few human

283

00:32:21,479 --> 00:32:25,580

beings and you can experiment on them

284

00:32:27,009 --> 00:32:33,638

it's tough straight out of the Nazi  
death camps and I'm hitting you not it's

285

00:32:33,638 --> 00:32:44,859

plain B s and it's got to stop 1954  
treaty would have been violated after

286

00:32:44,859 --> 00:32:49,178

after the great fire fight the  
alien-human war I am the only living

287

00:32:49,179 --> 00:32:56,649

survivor talking about it worldwide at  
all the other two are in nursing homes

288

00:32:56,648 --> 00:33:04,178

in Canada and the Canadian government  
refuses to allow any US people including

289

00:33:04,179 --> 00:33:11,500  
myself to talk to them because they are  
afraid of kidnap probably the reason I

290  
00:33:11,500 --> 00:33:17,919  
got shot to pieces and eleven attempts  
on my life is I am a direct threat to

291  
00:33:17,919 --> 00:33:22,860  
the entire system the new world order  
the alien agenda is one and the same

292  
00:33:22,859 --> 00:33:30,189  
it's world takeover and the decimation  
of the population of this planet I'm

293  
00:33:30,190 --> 00:33:33,038  
going to tell you something a little bit  
different about the alien species the

294  
00:33:33,038 --> 00:33:41,319  
bad news ones there are nine races of  
alien populations look at a human being

295  
00:33:41,319 --> 00:33:46,148  
is a bag of food they're not cannibals  
they don't eat the flesh and the bones

296  
00:33:46,148 --> 00:33:51,518  
and all that kind of stuff they use the  
glandular secretions of animals and

297  
00:33:51,519 --> 00:33:58,808  
human beings a mixture of the vitamins  
for their food they get high off of our

298  
00:33:58,808 --> 00:34:04,558  
adrenal gland substances called adrenal

299  
00:34:05,419 --> 00:34:10,398  
it's something like cocaine to them

300  
00:34:11,360 --> 00:34:18,380  
now what can we do about it we right now  
if we do nothing we can do nothing about

301  
00:34:18,380 --> 00:34:22,820  
it and it will continue to go on  
basically we'll be led in the dark and

302  
00:34:22,820 --> 00:34:26,240  
you'll keep seeing more and more people  
disappear right now it's a hundred

303  
00:34:26,239 --> 00:34:31,759  
thousand children totally unaccountable  
through FBI archives cannot be traced

304  
00:34:31,760 --> 00:34:34,700  
anywhere  
they haven't been murdered nobody's ever

305  
00:34:34,699 --> 00:34:37,579  
seen them I think they're holed  
underneath in some of these bases and

306  
00:34:37,579 --> 00:34:43,849  
they're summarily done away with and  
they are literally now that is a scary

307  
00:34:43,849 --> 00:34:49,940  
thing indeed some and I'm not asking you  
to believe me in toto I am asking you to

308  
00:34:49,940 --> 00:34:54,650  
seriously do enough homework they go out  
in through the public record through the

309  
00:34:54,650 --> 00:35:00,380  
congressional records find out who's  
voting for what and go from there do

310  
00:35:00,380 --> 00:35:06,890  
your own program do your own agenda and  
do your own speaking out and everyone

311  
00:35:06,889 --> 00:35:16,069  
never lets do this there is some saving  
grace we don't have a whole heap of time

312  
00:35:16,070 --> 00:35:18,430

left

313

00:35:20,699 --> 00:35:25,779  
technological governments on this planet  
raping the planet we're gonna run out of

314

00:35:25,780 --> 00:35:28,900  
everything that we need  
they're gonna pollute everything in

315

00:35:28,900 --> 00:35:36,910  
sight in the better part of 20 years now  
I know you've heard poppycocks story so

316

00:35:36,909 --> 00:35:40,210  
we're gonna run out of coal we're gonna  
run out of gasoline we're gonna run out

317

00:35:40,210 --> 00:35:44,170  
of this that and the other and 25 and 30  
years weird to go you heard all this

318

00:35:44,170 --> 00:35:49,659  
hogwash well don't believe it basically  
anything you read in the paper you

319

00:35:49,659 --> 00:35:54,670  
should take with a grain of salt start  
reading and what is missing out of the

320

00:35:54,670 --> 00:36:00,400  
article ask yourself what's missing in  
this article that I should know maybe

321

00:36:00,400 --> 00:36:06,000  
that's the truth  
fill in the blank spots so to speak

322

00:36:06,000 --> 00:36:10,869  
white copy is only one leg of the  
triangle there two other legs two other

323

00:36:10,869 --> 00:36:17,500  
pieces of the puzzle we have to do as a  
group of people concern people at that

324  
00:36:17,500 --> 00:36:24,130  
in this group seems to be that no quite  
that we have to assert ourselves in a

325  
00:36:24,130 --> 00:36:30,990  
way that we've never thought possible  
I'm not asking you to do what I'm doing

326  
00:36:31,130 --> 00:36:35,229  
I'm telling you what I'm doing

327  
00:36:35,570 --> 00:36:42,440  
it's very important every one of you is  
equally important you wouldn't be in

328  
00:36:42,440 --> 00:36:47,510  
this room otherwise these other people  
out here that didn't come to the lecture

329  
00:36:47,510 --> 00:36:51,860  
they really don't want to hear it I  
yesterday I heard a fella says I'm sorry

330  
00:36:51,860 --> 00:36:56,329  
to say I belong to this military  
organization that military militant

331  
00:36:56,329 --> 00:37:01,009  
organization all right I don't believe  
in the alien question I there's no proof

332  
00:37:01,010 --> 00:37:06,110  
of it and so I show them an artifact  
well that's nice and that could be lit

333  
00:37:06,110 --> 00:37:10,539  
well I have to know this isn't lead it  
scratches diamond that chartered nap

334  
00:37:10,539 --> 00:37:19,250  
there's a sapphire mountain apart all  
these sapphires fell out yeah sapphire

335  
00:37:19,250 --> 00:37:23,059  
has a hardness of nine right next to

hardness of a diamond this thing

336

00:37:23,059 --> 00:37:28,070

scratches the heck out of it it's tear  
it apart

337

00:37:28,070 --> 00:37:33,170

don't say something this technology is  
fine and dandy at the risk of the human

338

00:37:33,170 --> 00:37:39,829

race is the risk of one human life that  
is totally worthless we have the one

339

00:37:39,829 --> 00:37:46,309

beautiful thing about the United States  
of America is we value a human person's

340

00:37:46,309 --> 00:38:02,029

life the minute we lose it we are dead  
meat it is it is tantamount that we get

341

00:38:02,030 --> 00:38:08,000

back to constitutional law and it for  
our officials not to believe in it or a

342

00:38:08,000 --> 00:38:11,960

bit first of all for a politician to say  
well I believe in the US Constitution

343

00:38:11,960 --> 00:38:17,900

but I believe in gun control it can't be  
you can't be a master of two houses it

344

00:38:17,900 --> 00:38:25,910

don't work what you must do is tell that  
politician you're disobeying the

345

00:38:25,909 --> 00:38:31,309

Constitution of the United States that  
you're slowing to a pole and you are in

346

00:38:31,309 --> 00:38:38,480

treason territory think about what you  
have said you have 30 days to make that

347  
00:38:38,480 --> 00:38:44,300  
apology if you do not make that apology  
you are the treasonous individual and

348  
00:38:44,300 --> 00:38:50,409  
should be prosecuted

349  
00:38:52,239 --> 00:38:56,150  
now there's a few other things I want to  
run by you and they're kind of an

350  
00:38:56,150 --> 00:38:58,719  
rapid-fire

351  
00:39:00,769 --> 00:39:11,360  
area 51 is only one base one of the 131  
bases of these 131 bases I call area 51

352  
00:39:11,360 --> 00:39:16,390  
a mega base it's got more than one base  
in it just wanna plot test range very 51

353  
00:39:16,389 --> 00:39:30,170  
s2 s4 Groom Lake and these mega bases  
are gobbling up our gross national

354  
00:39:30,170 --> 00:39:34,369  
product right now we're spending 28  
percent of the gross national product on

355  
00:39:34,369 --> 00:39:40,850  
building underground bases solely that  
doesn't count for the defense budget

356  
00:39:40,849 --> 00:39:47,509  
that doesn't count for the spare parts  
budget count for any of that tall and

357  
00:39:47,510 --> 00:39:55,070  
the black budget is dead dead wrong it  
sidesteps the United States Congress and

358  
00:39:55,070 --> 00:39:59,480  
its constitution of its people and says  
you're a bunch of morons you don't need

359

00:39:59,480 --> 00:40:04,670

to know I need to know basis is an executive order written during the

360

00:40:04,670 --> 00:40:11,450

Eisenhower era right after the create a 1954 treaty and his treasonous and

361

00:40:11,449 --> 00:40:21,730

illegal in this country and should be overturned and abolished

362

00:40:21,730 --> 00:40:28,699

now I believe in military preparedness I believe in military secrecy to some

363

00:40:28,699 --> 00:40:33,500

extent this is always gonna be spies out there and they're all going to be people

364

00:40:33,500 --> 00:40:39,170

that want one hunk of territory your house your your ground maybe even a

365

00:40:39,170 --> 00:40:46,309

country like that most of us remember what this crazy person in Russia

366

00:40:46,309 --> 00:40:52,849

Chernov ski had to say we want to Laska back Wow baby you're not going to get

367

00:40:52,849 --> 00:40:57,489

Alaska back without a horrendous fight

368

00:40:57,489 --> 00:41:07,039

last was my land I was born here in these United States I have risked my

369

00:41:07,039 --> 00:41:12,860

life and limb for these United States and I love my United States more in my

370

00:41:12,860 --> 00:41:21,730

life and I will defend these United States States against all foreign powers

371  
00:41:21,730 --> 00:41:24,590  
foreign and domestic

372  
00:41:29,219 --> 00:41:35,019  
every one of you in this room probably have probably to some extent minor or

373  
00:41:35,019 --> 00:41:42,789  
major done just that and that is what this country needs

374  
00:41:42,789 --> 00:41:51,279  
Patriots you are Patriots you are becoming Patriots and Constitution

375  
00:41:51,280 --> 00:42:05,339  
builders you must continue to be now all this alien thing is fine except for now

376  
00:42:05,338 --> 00:42:09,670  
all this alien thing is fine except for one thing

377  
00:42:09,670 --> 00:42:18,490  
alien takeover is a serious threat kept totally out of the public view off the

378  
00:42:18,489 --> 00:42:22,809  
surface  
I'm sure the underground bases without

379  
00:42:22,809 --> 00:42:30,759  
question are being used as form a place to house alien takeover alien takeover

380  
00:42:30,760 --> 00:42:39,730  
means the implementation of constitutional law direct opposite of

381  
00:42:39,730 --> 00:42:47,818  
freedom of choice freedom of religion other freedoms they go with it

382

00:42:47,880 --> 00:42:55,680

right to bear arms we are the militia of  
the United States every single person

383

00:42:55,679 --> 00:43:00,359

who believes in the Constitution of  
these United States and it's Bill of

384

00:43:00,360 --> 00:43:06,240

Rights is a militia member are we gonna  
tolerate what we've heard from Ruby

385

00:43:06,239 --> 00:43:11,129

Ridge are we gonna tolerate what we've  
heard from Waco are we gonna tolerate

386

00:43:11,130 --> 00:43:19,230

that a fertilizer bomb blew six  
sub-basement floors and I'm saying

387

00:43:19,230 --> 00:43:24,869

something about sub-basement floors of  
the World Trade Center the 29 feet thick

388

00:43:24,869 --> 00:43:34,019

each with seven kinds of rebar  
reinforcement doing such destruction and

389

00:43:34,019 --> 00:43:41,610

melting the concrete and extruding the  
rebar and I beam steel up the six feet

390

00:43:41,610 --> 00:43:45,660

in length longer than originally was and  
melting the ends of it is a nuclear

391

00:43:45,659 --> 00:43:53,219

weapon now the people they have in  
custody as fall guys may have been able

392

00:43:53,219 --> 00:43:57,509

to produce weapons and bombs and kill  
rabbis in New York but I hate to tell

393

00:43:57,510 --> 00:44:02,490

you this they did not have anything to  
do whatsoever with the World Trade

394

00:44:02,489 --> 00:44:09,299  
Center bombing the only thing used was a  
construction nuclear weapon was housed

395

00:44:09,300 --> 00:44:16,380  
at Mather Air Force Base the only place  
such things are kept incidentally about

396

00:44:16,380 --> 00:44:21,930  
Mather Air Force Base in Oklahoma City  
Mather Air Force Base trucks were seen

397

00:44:21,929 --> 00:44:29,159  
two weeks before the Alfred P Murrah  
Building got blown to pieces strange

398

00:44:29,159 --> 00:44:33,989  
I don't believe in coincidences they're  
non sequitur they cannot be proven

399

00:44:33,989 --> 00:44:38,239  
mathematically etc etc so they don't  
exist

400

00:44:38,239 --> 00:44:46,588  
however Oklahoma City bombing and  
fertilizer and a and a fuel oil bomb

401

00:44:46,588 --> 00:44:51,119  
give me a break folks you can blow that  
one by my ears but I'm not a dummy

402

00:44:51,119 --> 00:44:56,309  
and neither are you neither is anybody  
in this room we've been lied to and the

403

00:44:56,309 --> 00:45:02,099  
lies have got to stop and they must stop  
immediately we're public officials

404

00:45:02,099 --> 00:45:07,130  
cannot tell us the truth when they cease  
to be public officials and they're

405  
00:45:07,130 --> 00:45:12,230  
automatically guilty of treason this  
action should be dry tried and convicted

406  
00:45:12,230 --> 00:45:26,900  
necessary arrest or otherwise before  
they can do any more damage Janet Reno

407  
00:45:26,900 --> 00:45:35,119  
Janet Reno has confirmed lesbian she got  
out in front of public TV and said so

408  
00:45:35,119 --> 00:45:40,890  
Janet Reno cheated her way through law  
school it's provable it's on the

409  
00:45:40,889 --> 00:45:46,650  
Congressional Record it's also also in  
question it's on the law school that she

410  
00:45:46,650 --> 00:45:52,798  
graduated from the record is not  
spotless there are thousands there are

411  
00:45:52,798 --> 00:45:59,759  
tens of thousands of fine police women  
women that could have done an exemplary

412  
00:45:59,759 --> 00:46:05,429  
job in a similar aspect Janet Reno is a  
murderer

413  
00:46:05,429 --> 00:46:11,149  
of our children and should not be  
tolerated to live

414  
00:46:12,329 --> 00:46:20,048  
those that murder children those that  
abuse children those that sexually abuse

415  
00:46:20,048 --> 00:46:30,219  
children should not suffer to live the  
CS gas that was poured in onto the waco

416

00:46:30,219 --> 00:46:37,808  
complex of mr. Koresh CS by the way  
stands for cesium cesium is an atomic

417  
00:46:37,809 --> 00:46:41,970  
element  
it's an isotope it's a radioactive

418  
00:46:41,969 --> 00:46:48,699  
compound it is deadly to people under  
the age of 10 take one breath their

419  
00:46:48,699 --> 00:46:58,719  
lungs are sin and they die in 72 hours  
or less yes continuously for 48 hours on

420  
00:46:58,719 --> 00:47:01,469  
that compound

421  
00:47:03,548 --> 00:47:10,748  
I don't believe in a lot of things I  
don't believe anybody is that wicked

422  
00:47:10,748 --> 00:47:16,689  
that you have to kill them a hundredfold  
over after they're dead but this is the

423  
00:47:16,690 --> 00:47:21,849  
mentality of the people now ruling as  
kings and queens over us and it must

424  
00:47:21,849 --> 00:47:30,150  
stop if we allow another election to go  
by with the same ilk in the White House

425  
00:47:30,150 --> 00:47:38,440  
we have only ourselves to blame now this  
room isn't going to change the outcome

426  
00:47:38,440 --> 00:47:41,499  
of knowledge I personally believe I  
don't believe there's going to be

427  
00:47:41,498 --> 00:47:45,159  
another election I believe martial law  
is gonna hit this country before that

428  
00:47:45,159 --> 00:47:53,368  
happens great things are going because  
we refuse to stand up you refuse to

429  
00:47:53,369 --> 00:48:00,309  
literally get out and risk our lives in  
talking now some of us got jobs and

430  
00:48:00,309 --> 00:48:05,369  
families and great responsibilities  
greater than I have

431  
00:48:06,090 --> 00:48:12,150  
and I agree that's tough it's very hard  
I cannot sympathize with you because I

432  
00:48:12,150 --> 00:48:20,420  
don't I'm not in your situation by the  
young family I have an ex-wife and child

433  
00:48:21,280 --> 00:48:27,550  
Defense Intelligence Agency goons tried  
to kidnap my daughter not too long ago

434  
00:48:27,550 --> 00:48:35,560  
my ex-wife thing working in state  
government services in Oregon picked up

435  
00:48:35,559 --> 00:48:40,179  
with 22 handguns shoved it in the in the  
back of the neck of this one person give

436  
00:48:40,179 --> 00:48:46,358  
me my daughter back if I don't I pull  
the trigger gave the daughter back good

437  
00:48:46,358 --> 00:48:48,809  
choice

438  
00:48:49,030 --> 00:48:54,940  
now the remark that my ex-wife had to  
say to this individual was if you ever

439  
00:48:54,940 --> 00:49:02,079

if I ever see you again in any way shape  
or form I will kill you on sight you're

440  
00:49:02,079 --> 00:49:08,230  
an abuser of children therefore I suck I  
suffer to you that you do not you should

441  
00:49:08,230 --> 00:49:10,710  
not live

442  
00:49:11,889 --> 00:49:16,269  
by the way she threatened the federal  
agent she should be in jail for a buck

443  
00:49:16,269 --> 00:49:23,949  
nothing like that's happen these people  
don't want publicity I shot a federal

444  
00:49:23,949 --> 00:49:29,649  
agent 16 days ago shot him dead  
when I was bleeding to death with a

445  
00:49:29,650 --> 00:49:35,079  
shoulder wound that he'd shot me he is  
shot at a retired FBI agent who

446  
00:49:35,079 --> 00:49:40,929  
theoretically carries the same same  
cover answers covering as a Secret

447  
00:49:40,929 --> 00:49:44,769  
Service agent got protection forever  
he's a cop forever federal cop forever

448  
00:49:44,769 --> 00:49:50,050  
now that doesn't mean a whole lot  
I made a report and went to the FBI you

449  
00:49:50,050 --> 00:49:53,920  
realize that oh you know what they said  
we said things like this happen mr.

450  
00:49:53,920 --> 00:50:02,440  
Schneider we don't either believe you  
I'm using that as my own italics or we

451  
00:50:02,440 --> 00:50:06,230  
don't give a damn

452  
00:50:06,230 --> 00:50:13,940  
now something's wrong here  
I'm not reading this right

453  
00:50:14,250 --> 00:50:22,050  
I defended myself the bathroom liability  
I was hoping I could go through life

454  
00:50:22,050 --> 00:50:26,730  
without doing such a thing  
and maybe some of you have actually

455  
00:50:26,730 --> 00:50:31,170  
defended your own life in a similar  
fashion it's very sad you have to shoot

456  
00:50:31,170 --> 00:50:37,909  
or kill somebody maybe some of you were  
police officers I've had to do the same

457  
00:50:38,269 --> 00:50:43,079  
and I don't know if you ever kill a  
human being you're never the same as a

458  
00:50:43,079 --> 00:50:47,299  
person who never has killed a human  
being

459  
00:50:47,420 --> 00:50:51,970  
is with you for the rest of your days

460  
00:50:52,028 --> 00:50:56,980  
whether you do it whether you do it  
murder whether you do it in self-defense

461  
00:50:56,980 --> 00:51:02,329  
you've taken one of God's holy creations  
off this planet

462  
00:51:02,329 --> 00:51:09,818  
and there is a void there and I feel  
that and I'm very sorry for that

463

00:51:09,989 --> 00:51:16,588

but I had to defend myself  
otherwise I wouldn't be here

464

00:51:16,588 --> 00:51:23,699

my message must continue  
and doing it on my own money

465

00:51:25,079 --> 00:51:31,489

and I'll continue to do it  
as long as it takes the wrongs I've got

466

00:51:31,489 --> 00:51:39,479

to live I've got cancer I'm dying  
the radioactive substance that I got hit

467

00:51:39,480 --> 00:51:47,099

with in 1979 late August of 79 it's a  
similar form of aplastic anemia affects

468

00:51:47,099 --> 00:51:52,568

your blood in your bones my bones are  
extremely brittle right now

469

00:51:52,568 --> 00:51:58,288

no cure the government never told me  
about that by the way

470

00:51:59,219 --> 00:52:06,989

now to sum up everything in this talk  
there's gonna be a few questions I'll

471

00:52:06,989 --> 00:52:12,559

answer as many as I can for the next  
speaker however I want to sum up and say

472

00:52:12,559 --> 00:52:19,199

that every one of you in this room is a  
participant in secret things and you're

473

00:52:19,199 --> 00:52:22,649

very brave indeed and you should all  
turn around to one another and shake

474

00:52:22,650 --> 00:52:27,450  
each other's hand and say thank you for  
being here would you please do that and

475  
00:52:27,449 --> 00:52:34,079  
greet your neighbor

476  
00:52:34,079 --> 00:52:40,469  
now this is the way the world should be  
there wouldn't be any Wars now this is

477  
00:52:40,469 --> 00:52:44,279  
the way the world should be  
it wouldn't be any wars would many

478  
00:52:44,280 --> 00:52:50,040  
strife or if there was it could be  
settled in a peaceful manner in a

479  
00:52:50,039 --> 00:52:54,119  
handshake  
that's the original American Way and I

480  
00:52:54,119 --> 00:53:01,639  
believe that way is still there however  
remote that present time

481  
00:53:01,670 --> 00:53:08,530  
now sum up this talk dimension overview  
of the alien agenda alien agenda is

482  
00:53:08,530 --> 00:53:15,680  
decimate the planet to take the  
remaining human subjects as slaves and

483  
00:53:15,679 --> 00:53:20,899  
the aliens would use this planet for  
their own means number one this cannot

484  
00:53:20,900 --> 00:53:24,010  
be allowed to happen

485  
00:53:25,269 --> 00:53:33,409  
takeover plans of the new world order a  
direct carbon copy blueprint from a doll

486  
00:53:33,409 --> 00:53:43,759  
Fuller's routine of 1933 to 1938 must  
not be allowed to happen that includes

487  
00:53:43,760 --> 00:53:50,450  
the name the new world order that was  
purposely used folks because most of us

488  
00:53:50,449 --> 00:53:55,308  
have been lazy we have not read our  
history and I'm talking to you because

489  
00:53:55,309 --> 00:54:02,470  
I'm one of them we have not read our  
history books things have been omitted

490  
00:54:02,469 --> 00:54:06,618  
basically what you've learned I'm not  
asking you to believe me I'm asking you

491  
00:54:06,619 --> 00:54:13,750  
to re-educate each one of yourselves and  
ask the unexpected

492  
00:54:14,500 --> 00:54:19,809  
you're public officials of the people  
around you your teachers I'm not asking

493  
00:54:19,809 --> 00:54:27,039  
you to question authority I'm asking you  
to question the teachers of this

494  
00:54:27,039 --> 00:54:33,250  
authority is this right is this law  
correct if a law when the best

495  
00:54:33,250 --> 00:54:38,050  
statements ever come out of a mouth of  
any human being believe it or not was I

496  
00:54:38,050 --> 00:54:48,789  
think by an incredible black man name of  
Jesse not Jesse Jackson excuse me and

497  
00:54:48,789 --> 00:54:53,170

injustice anywhere is a threat to  
justice everywhere

498

00:54:53,170 --> 00:55:01,090

that should be a motto not so much for  
the man who said the motto I'm sure

499

00:55:01,090 --> 00:55:09,680

George Washington said something similar  
who said an uninformed populace is a

500

00:55:09,679 --> 00:55:13,719

populist in slavery

501

00:55:15,699 --> 00:55:25,838

now our founding fathers have the unique  
gift 250 odd years ago 200 250 years ago

502

00:55:25,838 --> 00:55:33,308

of looking far-seeing laying out the  
groundwork of this wonderful - two

503

00:55:33,309 --> 00:55:37,660

pieces of paper government we've got the  
Bill of Rights in the United States

504

00:55:37,659 --> 00:55:46,170

Constitution laying it out for all time  
is the best government probably since

505

00:55:46,170 --> 00:55:54,760

time immemorial maybe the best ever if  
we are to by the way every freedom that

506

00:55:54,760 --> 00:56:00,460

we have must be fought for continuously  
you don't need to pick up a gun to fight

507

00:56:00,460 --> 00:56:04,250

for something you need to pick up your  
mouth

508

00:56:04,250 --> 00:56:08,300

you need to pick up your brain and read  
a book need to pick up your mouth and

509

00:56:08,300 --> 00:56:12,859

say and when you hear somebody say why  
believe in gun control and you say no I

510

00:56:12,858 --> 00:56:17,630

don't believe in gun control because  
guess what you take away that right what

511

00:56:17,630 --> 00:56:28,338

other rights am I going to be missing  
later on now with gun control gun

512

00:56:28,338 --> 00:56:35,480

control there's certain few people  
generally a 1 to 2 percent minority of

513

00:56:35,480 --> 00:56:42,099

people they're totally irresponsible  
criminal use the gun improperly etc etc

514

00:56:42,099 --> 00:56:45,920

not talking about those kind of people  
they're always going to be those kind of

515

00:56:45,920 --> 00:56:49,450

people at least for the foreseeable  
future

516

00:56:49,659 --> 00:56:57,759

the average person that owns a gun as  
prudence has conscious thought or the

517

00:56:57,759 --> 00:57:04,079

knowledge of right and wrong  
can and is able to defend itself

518

00:57:04,079 --> 00:57:13,490

Purcell himself against  
foreign and domestic terrorists so to

519

00:57:13,489 --> 00:57:20,909

speak now  
gun control is an attack on your rights

520

00:57:20,909 --> 00:57:28,049

if it is allowed to fully comply and go through all of your freedoms will be

521  
00:57:28,050 --> 00:57:35,310  
removed within a 10-year period after the last element of gun control so the

522  
00:57:35,309 --> 00:57:40,380  
attack of any right are the removal of any existing right is an attack in the

523  
00:57:40,380 --> 00:57:46,640  
front on every one of us in this room and should not be tolerated

524  
00:57:47,750 --> 00:57:53,239  
that's that part of the talk the overview is about underground mountain

525  
00:57:53,239 --> 00:58:01,098  
bases all of them should be made public in future talks I'll be giving latitudes

526  
00:58:01,099 --> 00:58:05,240  
and longitudes of every single one of these bases I've already written a

527  
00:58:05,239 --> 00:58:14,509  
manuscript at the publisher as we speak it's a dynamite book it lists all the

528  
00:58:14,510 --> 00:58:20,420  
secretive agendas that our government has us believing in right now and why

529  
00:58:20,420 --> 00:58:27,280  
it's so much BS why the new world order is so good for us

530  
00:58:27,280 --> 00:58:34,580  
well don't believe it folks believe in only one thing love thy

531  
00:58:34,579 --> 00:58:41,869  
neighbor as thyself and ask continually questions about our constitutional

532

00:58:41,869 --> 00:58:46,400

freedoms and defend them if necessary  
and most of us will have to probably

533

00:58:46,400 --> 00:58:50,590

defend them I hope this doesn't happen

534

00:58:51,108 --> 00:58:57,170

I'm winding up this talk as best as I  
can without my notes at hand but I'll be

535

00:58:57,170 --> 00:59:01,338

having artifacts up here your cable  
capable looking at them I asked you not

536

00:59:01,338 --> 00:59:06,978

to handle them I want all the artifacts  
back on the table don't handle the

537

00:59:06,978 --> 00:59:13,458

photograph here original photograph of  
the of the flying saucer 1946 now I'll

538

00:59:13,458 --> 00:59:17,358

take the certain few questions I know  
there's gonna be quite a few oh yes this

539

00:59:17,358 --> 00:59:23,690

villain here in this row

540

00:59:23,690 --> 00:59:27,530

I've heard of project carp I don't  
really know that months designed to

541

00:59:27,530 --> 00:59:32,230

electrify the ionosphere and they will  
be able to map all the underground bases

542

00:59:32,230 --> 00:59:42,230

there was a crash of a airforce plane of  
an Alaska last week and a WAC plane you

543

00:59:42,230 --> 00:59:47,900

know I was on the last day of a project

part demonstration ok yes I've heard of

544

00:59:47,900 --> 00:59:53,780  
such projects actually it was invented  
by Nikola Tesla the initial part of

545

00:59:53,780 --> 00:59:58,580  
ionizing the atmosphere only trouble is  
with ionizing the atmosphere plants

546

00:59:58,579 --> 01:00:06,799  
plants need nightfall as well as  
sunlight to survive so lighting up the

547

01:00:06,800 --> 01:00:12,170  
atmosphere might do extreme damage ok  
next question this gentleman up in the

548

01:00:12,170 --> 01:00:14,530  
front row

549

01:00:15,190 --> 01:00:25,789  
please speak up

550

01:00:27,579 --> 01:00:32,769  
thank you for taking the question my  
question I'd like to ask is this if the

551

01:00:32,769 --> 01:00:38,619  
aliens have a 1200 IQ can speak all  
these languages and are so powerful what

552

01:00:38,619 --> 01:00:42,449  
prevents them from just taking over

553

01:00:42,909 --> 01:00:49,000  
it's a good question basically they have  
taken over all it's left was a bunch of

554

01:00:49,000 --> 01:00:59,619  
screaming all a bunch of us that have  
been very complacent half of the 131 100

555

01:00:59,619 --> 01:01:05,490  
round military bases are basic cities

for them I don't need her feet is a

556

01:01:05,489 --> 01:01:09,729

macabre sight indeed you can bet your  
bottom dollar

557

01:01:09,730 --> 01:01:16,099

they've are basically won war  
however there being an alien species

558

01:01:16,099 --> 01:01:21,650

we're an alien species to them and our  
germs have Tennessee to kill them

559

01:01:21,650 --> 01:01:27,960

they're also a dying race and they're in  
far worse condition than anybody with

560

01:01:27,960 --> 01:01:39,610

the worst case of terminal cancer they  
are in need of us to some degree

561

01:01:40,739 --> 01:01:48,259

yes sir

562

01:01:48,550 --> 01:01:53,150

yes I heard a man speaking about the  
same things you have been speaking about

563

01:01:53,150 --> 01:02:00,280

down in Austria and Stan Stan Dale yes  
I've heard of them but I don't know them

564

01:02:00,280 --> 01:02:07,670

you aware of this asteroid headed toward  
its nemesis is called nemesis it's a

565

01:02:07,670 --> 01:02:13,700

brown star it's probably hollow maybe  
not a star at all as specific gravity of

566

01:02:13,699 --> 01:02:19,460

a little lesson 2 1 point 7 1 8 or  
something like that which means it's

567

01:02:19,460 --> 01:02:26,088  
extremely Hollow and light it has a mass  
of 10 times the size of Jupiter it's so

568  
01:02:26,088 --> 01:02:34,190  
massive is dragging comets and  
meteoroids face garbage and debris it's

569  
01:02:34,190 --> 01:02:39,260  
dragging it at such a rate we're just a  
debride encircling our solar system

570  
01:02:39,260 --> 01:02:44,810  
enough to destroy half the planets of it  
so yeah it'll be a threat that's headed

571  
01:02:44,809 --> 01:02:52,519  
for us right now supposedly will be here  
in 2050 - nobody knows for certain of

572  
01:02:52,519 --> 01:02:59,269  
the earth 500 million miles with this  
plenty close indeed okay few more

573  
01:02:59,269 --> 01:03:04,239  
questions I get a wrap it up here this  
this lady here

574  
01:03:05,889 --> 01:03:16,438  
you have to use a microphone nobody can  
hear you

575  
01:03:17,309 --> 01:03:24,389  
do you correlate foreign forces with  
Soviets

576  
01:03:24,389 --> 01:03:30,960  
the Soviet forces the foreign forces all  
of us have an alien war going on Red

577  
01:03:30,960 --> 01:03:35,690  
Chinese right now are getting a full  
brunt the Russians are shooting down

578  
01:03:35,690 --> 01:03:40,980  
province about nine provinces in their

motherland they're shooting down the

579

01:03:40,980 --> 01:03:45,449

rate of 50 of these saucers per month  
and chips

580

01:03:45,449 --> 01:03:50,699

there are heaping piles of them in Outer  
Mongolia mountains so they just tow them

581

01:03:50,699 --> 01:03:57,719

out there and let them sit out there you  
please use the microphone nobody can

582

01:03:57,719 --> 01:04:04,618

hear you as the alien agenda dictate the  
agenda of the goal of the globalists

583

01:04:04,619 --> 01:04:08,940

right now the people that want world  
government yes they do in total an

584

01:04:08,940 --> 01:04:16,349

entirety and they may even be in charge  
and are some of our high-level officials

585

01:04:16,349 --> 01:04:21,570

perhaps from the President on down are  
they aware of this yes they are they're

586

01:04:21,570 --> 01:04:24,769

all aware of them thank you

587

01:04:24,989 --> 01:04:30,659

yes ma'am what is the name of your book  
and when won't be out well I have

588

01:04:30,659 --> 01:04:36,269

several several names of the book  
basically I'm calling myself government

589

01:04:36,269 --> 01:04:41,699

secrets revealed  
government secrets revealed and please

590

01:04:41,699 --> 01:04:45,779  
don't handle the picture I've asked  
please look at the artifacts but don't

591  
01:04:45,780 --> 01:04:48,080  
handle

592  
01:04:48,440 --> 01:04:53,119  
and the government Secrets Revealed  
should be out within two to three weeks

593  
01:04:53,119 --> 01:05:03,349  
at the outset where can you get this  
book I'll have it I'll have a brochure I

594  
01:05:03,349 --> 01:05:07,430  
can't tell you right now yes sir the  
person behind you and then the person

595  
01:05:07,429 --> 01:05:13,338  
behind that and that'll be thank you for  
what you're doing it takes a big man

596  
01:05:13,338 --> 01:05:19,849  
like me to do it yeah what I wanted to  
emphasize here I'll make it real quick

597  
01:05:19,849 --> 01:05:37,180  
is that what can we do to stop this

598  
01:05:37,179 --> 01:05:42,469  
gathering listening and what I'm doing  
getting out and Republican talking about

599  
01:05:42,469 --> 01:05:49,459  
it I don't fear ridicule if someone  
wants to call me a Brand X nut well I

600  
01:05:49,460 --> 01:06:00,889  
can't reach that person I'm sorry for  
him I know we're capable of going into

601  
01:06:00,889 --> 01:06:06,348  
the future right now I'm coming back  
use the microphone or is the microphone

602  
01:06:06,349 --> 01:06:12,530  
going dead down there you hear me yeah  
country is capable of going into the

603  
01:06:12,530 --> 01:06:17,019  
future right now and coming back to

604  
01:06:17,829 --> 01:06:26,509  
short what is your question sir what how  
far can we go into knowing what's

605  
01:06:26,510 --> 01:06:30,500  
happening with the aliens in area 51  
how far I mean how far can we get into

606  
01:06:30,500 --> 01:06:37,659  
the knowledge like this into the  
knowledge of this Oh right now

607  
01:06:38,690 --> 01:06:45,200  
we have to defeat the alien threat  
otherwise we have no chance at all there

608  
01:06:45,199 --> 01:06:49,929  
won't be in the world order either thank  
you let's take this last gentleman here

609  
01:06:49,929 --> 01:06:56,539  
did the United States government  
intentionally enter into an agreement

610  
01:06:56,539 --> 01:07:07,789  
with the aliens back in 1944 1954 yes  
they intentionally what their capacity

611  
01:07:07,789 --> 01:07:12,880  
they intentionally did so supposedly on  
the premise that they were buying time

612  
01:07:12,880 --> 01:07:18,920  
to get a range and this wasn't true this  
was a lie dished out to the public and

613  
01:07:18,920 --> 01:07:26,659  
people in the know at the time all the

MJ members etc etc did buy time but a

614

01:07:26,659 --> 01:07:33,009  
great cost as we speak

615

01:07:33,009 --> 01:07:37,960  
about six million to seven million human  
beings have been slaughtered by the

616

01:07:37,960 --> 01:07:40,420  
aliens for president time unaccounted  
for

617

01:07:40,420 --> 01:07:44,559  
of course there's a thousand wives to  
say where they went or where they didn't

618

01:07:44,559 --> 01:07:53,650  
go right now that the lies window not  
only have to stop if we don't believe in

619

01:07:53,650 --> 01:08:00,278  
them anymore they're going to stop  
guaranteed one final question the the so

620

01:08:00,278 --> 01:08:03,809  
called ascension movement

621

01:08:11,860 --> 01:08:19,829  
can't read cannot hear you

622

01:08:19,829 --> 01:08:24,000  
if some of you are short and can't get  
up and see the artifacts I'll try and

623

01:08:24,000 --> 01:08:58,510  
explain them but I ask you once again  
please don't handle them

624

01:08:58,510 --> 01:09:02,570  
say thank you god bless you for what  
you're doing takes a big man like me to

625

01:09:02,569 --> 01:09:08,358  
do it
