

1
00:00:44,530 --> 00:00:47,739
me neither

2
00:00:54,518 --> 00:01:09,259
negative don't know what it was but at
least two three thousand feet above the

3
00:01:09,260 --> 00:01:13,530
F hat right over the top

4
00:01:37,349 --> 00:01:42,818
welcome to UFO chronicles a place where
people share their experiences of the

5
00:01:42,819 --> 00:01:48,429
strange and unexplained if you've had an
encounter I would like to be on the show

6
00:01:48,429 --> 00:01:56,709
you can email me at UFOchronicles@gmail.com we have will come in on the

7
00:01:56,709 --> 00:02:01,450
moment to talk about his many sightings
of the UFOs at the e city ranch in

8
00:02:01,450 --> 00:02:05,289
Washington State
welcome to the show will oh thank you

9
00:02:05,289 --> 00:02:08,288
for having me
well could you explain to our listeners

10
00:02:08,288 --> 00:02:12,488
what is the e Sethi ranch and what drew
you there in the first place

11
00:02:12,489 --> 00:02:19,390
no problem he said e ranch of course he
said is an acronym ec e TI and that is

12
00:02:19,389 --> 00:02:24,250
enlightened contact with
extraterrestrial intelligence and by

13
00:02:24,250 --> 00:02:29,199
doing that you're kind of bypassing all
the standard systems like SETI and of

14
00:02:29,199 --> 00:02:34,268
course dr. brewer has the e C SETI
program but this is in my mind going

15
00:02:34,269 --> 00:02:38,500
straight to the source kind of cutting
out the middleman and making your own

16
00:02:38,500 --> 00:02:42,280
personal connection basically started
what got me up there in the beginning

17
00:02:42,280 --> 00:02:47,560
was messing around with you know ghost
chasing spirit chasing stuff and it was

18
00:02:47,560 --> 00:02:51,819
really interested in it but it seems
like I had a lot of negative experiences

19
00:02:51,818 --> 00:02:58,598
or at least teaching experiences which I
interpreted at the time to be negative

20
00:02:58,598 --> 00:03:03,729
but actually it could have been teachers
but anyways I did find out the hard way

21
00:03:03,729 --> 00:03:08,798
that stuff that likes to boogie and
latch on to you is actually real and it

22
00:03:08,799 --> 00:03:13,120
actually could feed off their energy so
with that being said I got to a point

23
00:03:13,120 --> 00:03:17,169
with all this where I was saying I I
don't want to do this anymore I don't I

24
00:03:17,169 --> 00:03:19,900

don't want to have to go communicate
with something that's going to take my

25

00:03:19,900 --> 00:03:26,079

energy that's not cool and so I went
into about two weeks you know just

26

00:03:26,079 --> 00:03:30,800

watching the online video
I just happened to click on a link that

27

00:03:30,800 --> 00:03:36,320

said he said he ranch and it happened to
be an episode of a show here in America

28

00:03:36,319 --> 00:03:41,000

called Paranormal State and I don't
think it airs anymore but they actually

29

00:03:41,000 --> 00:03:46,069

went out to the ranch with their
production cameras and it was unlike any

30

00:03:46,069 --> 00:03:50,299

other paranormal show I've seen because
they actually were sitting at their

31

00:03:50,300 --> 00:03:53,750

circle discussing the case at the ranch
but this time they were talking about

32

00:03:53,750 --> 00:03:58,939

you about those and they can contact so
right away I think a lot of people

33

00:03:58,939 --> 00:04:03,319

especially many years ago would have
said oh that's BS right off the bat and

34

00:04:03,319 --> 00:04:07,729

probably turned it off but for some
reason my heart told me there's

35

00:04:07,729 --> 00:04:13,549

something there you need to learn and
sure enough through a series of events I

36
00:04:13,550 --> 00:04:20,209
wound up moving for Washington State and
now I visit the ranch twelve times and

37
00:04:20,209 --> 00:04:24,800
so basically what got me ended up there
is understanding the spiritual component

38
00:04:24,800 --> 00:04:29,569
they've kinda would either interpreted
to be negative but then now this opened

39
00:04:29,569 --> 00:04:34,969
up a whole positive experience to the
spiritual realm and along that involves

40
00:04:34,970 --> 00:04:43,310
ET yeshua bonyen obvious and it masters
this now i see on your path this way

41
00:04:43,310 --> 00:04:47,000
back to the source back to where you
come from back to the lightness that

42
00:04:47,000 --> 00:04:52,370
you're going to meet these enlightened
beings along the way and that really

43
00:04:52,370 --> 00:04:59,240
time and it just seems really the base
now and not to mention at that place you

44
00:04:59,240 --> 00:05:04,728
have fairies I caught on April
spectravideo there looks like a little

45
00:05:04,728 --> 00:05:11,659
flying magic carpet looking thing I have
no idea what that was but my main

46
00:05:11,660 --> 00:05:15,710
contacts there have been definitely
Palladian and they always show up in

47

00:05:15,709 --> 00:05:23,539
like a very beautiful bluish roll ships
called power ups and flash falls and

48
00:05:23,540 --> 00:05:28,990
that's just a common occurrence there
but the big part is why is that going on

49
00:05:28,990 --> 00:05:34,370
this isn't just a light in the sky
this is intelligent and oh my gosh it's

50
00:05:34,370 --> 00:05:39,168
not only responding to me it's
responding to me through my prop now we

51
00:05:39,168 --> 00:05:43,228
take it to the next level
that in our all very often thought so

52
00:05:43,228 --> 00:05:48,240
what else is possible thought being
activation and then through trial and

53
00:05:48,240 --> 00:05:53,728
error a lot I figured that with this
knowledge when you drop into full

54
00:05:53,728 --> 00:05:59,550
service mode which means you know
sharing for people helping them out you

55
00:05:59,550 --> 00:06:06,840
that actually starts to unlock more of
this magic in these beings they seem

56
00:06:06,839 --> 00:06:11,668
during service mode they are in service
mode as well so it's kind of like the

57
00:06:11,668 --> 00:06:16,228
universe saying I see you're wanting to
serve with what you need which are tools

58
00:06:16,228 --> 00:06:21,628
that you need and a lot of it funding

confirmation that that has been the

59

00:06:21,629 --> 00:06:25,400

biggest part of it is receiving because
you know you'll receive these thoughts

60

00:06:25,399 --> 00:06:29,818

and you're making the contacts
especially at the ranch because the

61

00:06:29,819 --> 00:06:34,490

bells there are very thin between walls
if you actually look at it on a

62

00:06:34,490 --> 00:06:40,949

political USGS magnetic map that area is
like one of the hottest spots in the

63

00:06:40,949 --> 00:06:46,468

world for magnetic anomaly and that
tells me a lot james gilliland that owns

64

00:06:46,468 --> 00:06:51,180

the ranch before you define that out
will same talking about how the bells

65

00:06:51,180 --> 00:06:58,348

issuing rolls of data at first first
time hearing as we'll see I don't know

66

00:06:58,348 --> 00:07:04,168

about that but sure enough it's this
100% truth and uh the great thing is is

67

00:07:04,168 --> 00:07:08,698

so inviting anybody can go up there and
have these experiences it's it's not

68

00:07:08,699 --> 00:07:13,889

special it's not reserved for elite
people you don't have to pay twenty

69

00:07:13,889 --> 00:07:20,430

thousand dollars it's all about self
empowering yourself and through that you

70
00:07:20,430 --> 00:07:25,139
become happy and through that happiness
these beings around pick up on that

71
00:07:25,139 --> 00:07:31,019
alive because it's all about resonance
and you can imagine a civilization that

72
00:07:31,019 --> 00:07:35,310
might be ten to the hundred or whatever
times more advanced they have learned

73
00:07:35,310 --> 00:07:40,319
spiritually expensive as well as
technologically the kind of function out

74
00:07:40,319 --> 00:07:45,810
at the heart level that's not saying
that all it is is good but the ones that

75
00:07:45,810 --> 00:07:50,968
I permit acted on this path of
enlightenment through he said he some of

76
00:07:50,968 --> 00:07:58,350
the teachings are going there then
experience in Estonia everything is AC

77
00:07:58,350 --> 00:08:05,280
magnetism how you vibrate Ritchie
without right back Katie we have this

78
00:08:05,279 --> 00:08:09,419
thing called time here and when you
start raising the consciousness you're

79
00:08:09,420 --> 00:08:13,140
actually should get into another
dimension so things start happening in

80
00:08:13,139 --> 00:08:17,819
one at a rapid pace and that's actually
that the planet is experiencing right

81
00:08:17,819 --> 00:08:22,949

now at issue the president showing off
his heart everything that Schumann

82
00:08:22,949 --> 00:08:27,029
resonance affecting the earth is
vibrating or certain frequency but

83
00:08:27,029 --> 00:08:31,769
that's what people on that planet also
got the library that that set in

84
00:08:31,769 --> 00:08:37,529
frequency so we can see scientifically
now go with the new new a aging opponent

85
00:08:37,529 --> 00:08:41,909
put a new age has been talking about
raising your frequency alone and behold

86
00:08:41,909 --> 00:08:46,429
the science is now showing that the
Schumann resonance is off the charts and

87
00:08:46,429 --> 00:08:51,809
so people that might be aligned or not
being ready for this they are receiving

88
00:08:51,809 --> 00:08:57,750
pushes from all angles all kind of
emissions in this is causing everything

89
00:08:57,750 --> 00:09:03,240
at the bottle the bottle earth inside is
going to come out and that's another

90
00:09:03,240 --> 00:09:07,230
good thing about the ranch is even
before we got into these quickening time

91
00:09:07,230 --> 00:09:12,870
zone on earth you can go there and the
first thing built is there some things

92
00:09:12,870 --> 00:09:18,450
inside bottled up inside and I and the
reason that happens is so they can come

93
00:09:18,450 --> 00:09:24,030
up and you feel and that's just
happening on the mass level now so this

94
00:09:24,029 --> 00:09:28,470
little ranch and front leg launch and
then these teachings there which is just

95
00:09:28,470 --> 00:09:33,570
basically teachings to be your own self
master and to connect the source is now

96
00:09:33,570 --> 00:09:36,720
spreading throughout the entire old
world it's pumping into that

97
00:09:36,720 --> 00:09:44,129
consciousness so yeah james gilliland
has picked a prime location on this

98
00:09:44,129 --> 00:09:50,250
planet to make a template and now that
you can really see that that's really

99
00:09:50,250 --> 00:09:55,230
having a big influence on the world
right wonderful

100
00:09:55,230 --> 00:10:01,170
before that just a trouble soon by
troubling times getting stuck in third

101
00:10:01,169 --> 00:10:06,838
dimensional consciousness you know a
school where you know there's talking

102
00:10:06,839 --> 00:10:11,310
about football
here and then it's kind of like a lot of

103
00:10:11,309 --> 00:10:16,500
us like this isn't really working
anymore I'm bringing in a long time in

104

00:10:16,500 --> 00:10:22,590
this and places like the ranch are there
to teach you you are defined only

105
00:10:22,590 --> 00:10:25,259
happiness - that's a reason not happy
right now

106
00:10:25,259 --> 00:10:29,809
the divisions haven't found that
spiritual thing you're looking for and

107
00:10:29,809 --> 00:10:34,229
fountain anos throughout the particle
yes it gets good in the long run is over

108
00:10:34,230 --> 00:10:39,539
the teacher but looking at back of all
these things that have happened now with

109
00:10:39,539 --> 00:10:45,120
his teaching started with the city now
I'm conceited everything is a teacher

110
00:10:45,120 --> 00:10:51,299
and even some things I would view as
really really bad I do not condone such

111
00:10:51,299 --> 00:10:56,459
as stuff that's happening with children
on this planet it is being cleaned up so

112
00:10:56,460 --> 00:11:02,460
now my guidance is letting you know do
not focus on that negative anymore it is

113
00:11:02,460 --> 00:11:09,150
done move on and so I think main part is
the work teachings at that ranch and now

114
00:11:09,149 --> 00:11:15,209
I'm starting to see come up everywhere
in the world and it's everybody is going

115
00:11:15,210 --> 00:11:21,930
to be a long ride that's just a spot

that the energy is extremely amplified

116

00:11:21,929 --> 00:11:28,429
and not to mention the base inside the
mountain so the government's ride there

117

00:11:28,429 --> 00:11:34,349
goes back the ancient times and that
some of their stories involved taking

118

00:11:34,350 --> 00:11:39,120
their sick and wounded broken bones but
not to a certain ethical spot on that

119

00:11:39,120 --> 00:11:43,320
mountain and then they would come back a
couple days later pick them up and

120

00:11:43,320 --> 00:11:46,560
they'd be completely healed
they'd ask the people you know what

121

00:11:46,559 --> 00:11:50,909
happened why were we called the bringing
to this spot and they would talk about

122

00:11:50,909 --> 00:11:55,679
the sick and wounded would be talk about
being dragged into a crystal in the city

123

00:11:55,679 --> 00:12:01,649
both highly advanced technology beings
inside and that really seems to be the

124

00:12:01,649 --> 00:12:07,379
case going on at that ranch Peter
Maxwell flattery probably has one of the

125

00:12:07,379 --> 00:12:11,639
best videos and it actually there's
doorways of life that opened up on that

126

00:12:11,639 --> 00:12:17,340
mountain it's neither it's a nightly
occurrence and he actually has one of

127
00:12:17,340 --> 00:12:21,000
those doorways of life opening real
quick a night shift shooting out of the

128
00:12:21,000 --> 00:12:27,328
mountain up in the States
so it's it's 100% real that's the nice

129
00:12:27,328 --> 00:12:32,399
thing is evaluation validation is what
makes as otherwise you're just crazy

130
00:12:32,399 --> 00:12:36,599
right you getting all these thoughts and
like you know you I'm going to go to

131
00:12:36,599 --> 00:12:40,609
that place you'll start getting box and
if you're not ready for it like

132
00:12:40,609 --> 00:12:44,609
something in that mount you might be
trying to talk to you and if you don't

133
00:12:44,609 --> 00:12:51,028
have any reference points to that yeah I
think I've lost my mind is you getting

134
00:12:51,028 --> 00:12:56,879
the car late but then the confirmation
comes from that you're like this this is

135
00:12:56,879 --> 00:13:04,229
this life is way way way more jizo then
we were led to believe that we've been

136
00:13:04,229 --> 00:13:09,839
kept in the dark about a lot of things
and all seem to revolve around

137
00:13:09,839 --> 00:13:14,189
consciousness there's somebody the
struggle of someone wanting to be

138
00:13:14,188 --> 00:13:20,938

enlightened and somebody wanted to keep
that person down so this is crazy how it

139

00:13:20,938 --> 00:13:26,488
all plays out but that branch that's
just listening to James on the radio

140

00:13:26,489 --> 00:13:32,849
show or just going to that place it's
part of your soul journey you know

141

00:13:32,849 --> 00:13:37,229
people don't go to them places like that
but no reason it's not like you show up

142

00:13:37,229 --> 00:13:40,859
there and it's like yeah I just randomly
decide you know you actually didn't

143

00:13:40,859 --> 00:13:44,549
decide to go there that's part of your
soul journey and you just listen to it

144

00:13:44,548 --> 00:13:49,078
and then you've also learned through
that that maybe if you have some

145

00:13:49,078 --> 00:13:53,969
religious blocking because religion is
always going to come up especially if

146

00:13:53,970 --> 00:13:58,798
you've been raised a certain way the
whole life then actually becomes a

147

00:13:58,798 --> 00:14:04,558
blockage and there's been several times
there this journey that I had that I was

148

00:14:04,558 --> 00:14:10,259
raised I was raised I guess Christian so
there's been many times on this journey

149

00:14:10,259 --> 00:14:17,038
going for the ranch where am i doing
right day now this whole group over here

150
00:14:17,038 --> 00:14:22,739
talking about all ETS or demons you're
messing with black magic but what I have

151
00:14:22,739 --> 00:14:28,559
found out is the creative truth Creator
does not want you to be bored it doesn't

152
00:14:28,558 --> 00:14:33,178
want you to sit get a little what a
wooden uncomfortable chair for hours and

153
00:14:33,178 --> 00:14:36,078
Leslie
get out of the book and that's not going

154
00:14:36,078 --> 00:14:41,179
to start the fire in your soul the
creator stared one slow death fire

155
00:14:41,179 --> 00:14:46,549
burning or soul and for me it was
definitely connecting through 18

156
00:14:46,549 --> 00:14:52,909
intelligence spiritual intelligence that
is a higher consciousness and that

157
00:14:52,909 --> 00:14:59,600
ignited that fire for me and but that's
just a mine fire but it seems everybody

158
00:14:59,600 --> 00:15:05,060
has a piece of the client and it all
goes back to the source so just a simple

159
00:15:05,059 --> 00:15:09,708
teaching of the power yourself monsters
out there

160
00:15:09,708 --> 00:15:15,399
now you truly you have one with the
source and not only that you have your

161

00:15:15,399 --> 00:15:21,289
nominee conscious protection as your by
the end of stuff before you dive in

162
00:15:21,289 --> 00:15:26,328
you'll learn clearance and that's just
following on your tiger guidance

163
00:15:26,328 --> 00:15:30,559
basically to help you through this so
that you know you're taking a lot share

164
00:15:30,559 --> 00:15:36,588
things so those are positives but that
was a big part to that the very

165
00:15:36,589 --> 00:15:41,149
beginning is kinda to going back and
forth as I know this is promoters

166
00:15:41,149 --> 00:15:49,519
thinking happiness but as I guess one
person is dead and it's benefiting the

167
00:15:49,519 --> 00:15:56,570
whole entire planet right now what did
they know it or not so yeah that there's

168
00:15:56,570 --> 00:16:01,910
just been so much that has happened
there remember there was a top okay so

169
00:16:01,909 --> 00:16:07,578
in that Inner Earth they've had remote
viewing sessions by gentleman named John

170
00:16:07,578 --> 00:16:13,879
levanto he goes right hemisphere remote
viewing so his team had visited the

171
00:16:13,879 --> 00:16:19,129
ranch and James dit out now so he was
picking up on things going up inside

172
00:16:19,129 --> 00:16:25,490
that mountain and talking about a feline

being that's really tall and some Nordic

173

00:16:25,490 --> 00:16:30,139

looking beings and sure enough the earth
James come along and talked about the

174

00:16:30,139 --> 00:16:35,870

Sirian the felines earrings and these
are now I believe in Hindu texts they

175

00:16:35,870 --> 00:16:40,519

might be known as iostream though I
believed and that is the protectors of

176

00:16:40,519 --> 00:16:47,060

the gods so that place is Oh
time and time again proving itself to be

177

00:16:47,059 --> 00:16:50,899

true
in so many ways it just it bills there

178

00:16:50,899 --> 00:16:56,958

my media veins things and that act like
a membrane in that area produce what's

179

00:16:56,958 --> 00:16:59,888

going on it's just a really really
special

180

00:16:59,889 --> 00:17:05,660

vortex another good thing about that
vortex is the work that they do on

181

00:17:05,660 --> 00:17:10,640

because you can't just live on the
vortex and say oh it's all good just let

182

00:17:10,640 --> 00:17:16,179

it rip you actually have to keep it's
your job way to keep that area clear

183

00:17:16,179 --> 00:17:19,370

especially if you're going towards
enlightenment you want to make sure that

184
00:17:19,369 --> 00:17:24,019
that portal coming in stays clean
especially if you have a lot of people

185
00:17:24,019 --> 00:17:29,150
coming that experiences you want to keep
that clean so you can tell it but that

186
00:17:29,150 --> 00:17:33,710
wrench you can feel that they do it's
not just oh we bought the property let's

187
00:17:33,710 --> 00:17:38,539
just sit back and watch it happen they
are doing a lot of work to keep that

188
00:17:38,539 --> 00:17:45,019
property cured a lot of work goes into
that so it's not not just it's kind of

189
00:17:45,019 --> 00:17:48,859
like that property compliments the
person the person compliments the

190
00:17:48,859 --> 00:18:04,459
property goes hand and each other
well I'm highly recommend and you'll

191
00:18:04,460 --> 00:18:10,400
find the person I know any that have
these amazing experiences they're just

192
00:18:10,400 --> 00:18:15,320
amazing and they've seen that have a lot
of information and them being true

193
00:18:15,319 --> 00:18:19,039
teachers love their way to tell you
Adira if you're following the other

194
00:18:19,039 --> 00:18:22,819
thing I'm doing
and you probably lost but it's very hard

195
00:18:22,819 --> 00:18:26,450

especially I usually build the
professional guide for us are they

196

00:18:26,450 --> 00:18:33,500
guiding the road even the most Arizona
and that ranch is just it's a teaching

197

00:18:33,500 --> 00:18:38,929
spot if you can make it there good if
you can't that's okay because but it's

198

00:18:38,929 --> 00:18:44,390
really trying to do is empower the
individual so it's not about James go

199

00:18:44,390 --> 00:18:48,950
alone I mean even though there's an
awesome person yes yes he is on the path

200

00:18:48,950 --> 00:18:53,509
to enlightenment yes he has named fruits
you can tell he's done work because of

201

00:18:53,509 --> 00:18:58,519
his fries but he'll tell you himself
he's not important secure if you're

202

00:18:58,519 --> 00:19:02,839
following me or not and that's a true
that's when you know you find a true

203

00:19:02,839 --> 00:19:06,709
teacher as he's trying to put the power
back in your soul you're not trying to

204

00:19:06,710 --> 00:19:12,880
take these not trying to do anything so
the fact that he said everybody knows

205

00:19:12,880 --> 00:19:19,550
nobody has to go to the ranch nobody has
to go this place I've been to several

206

00:19:19,549 --> 00:19:25,940
places and after a symphonies a little
bit directly after you know 34 days it's

207
00:19:25,940 --> 00:19:30,289
all the same it's always been you
whatever is happening here is within you

208
00:19:30,289 --> 00:19:37,399
so that's that's the basic message and
if anybody wants to make is desperately

209
00:19:37,400 --> 00:19:43,670
waiting to make every single one of
those they have a long time so literally

210
00:19:43,670 --> 00:19:49,279
all you have to do it sounds too cheesy
to be true but really truth is focus on

211
00:19:49,279 --> 00:19:52,490
love joy and bliss a needle out under
the stars and just be a little patient

212
00:19:52,490 --> 00:19:58,940
they show up every time every time they
show up and it's all based on your

213
00:19:58,940 --> 00:20:03,230
happiness level is you you got imagine
is it's tough for a being that's living

214
00:20:03,230 --> 00:20:07,099
with that high vibration especially if
they've never experienced an earth

215
00:20:07,099 --> 00:20:11,779
experience before it is very hard for
them to step down energetically to

216
00:20:11,779 --> 00:20:16,940
interact with us especially if we're
going through problems so you know you

217
00:20:16,940 --> 00:20:20,000
kind of have to check yourself that's
not saying you're going to be punished

218

00:20:20,000 --> 00:20:24,200
or anything you just kind of have that
as part of the self mastery putting

219
00:20:24,200 --> 00:20:26,779
yourself in Schad watching the thoughts
okay

220
00:20:26,779 --> 00:20:31,970
launching what you're feeding their
energy to what's taking you nothing it

221
00:20:31,970 --> 00:20:38,059
is clearing but as you start getting
plugged in but it's all about the

222
00:20:38,059 --> 00:20:44,149
individual anybody and go out and make
contact anymore you just step out the

223
00:20:44,150 --> 00:20:49,160
back door and look up it doesn't matter
I used to live in Dallas Texas one of

224
00:20:49,160 --> 00:20:53,810
the what big city and I would just walk
to a park in the middle of city and do

225
00:20:53,809 --> 00:20:59,119
cd5 so it is you don't have to go to a
special place to do it

226
00:20:59,119 --> 00:21:04,759
these beings operate trance eventually
they can be anywhere in an instant

227
00:21:04,759 --> 00:21:10,819
they had they have that capability it's
just how are you rest there waiting on

228
00:21:10,819 --> 00:21:17,240
that so it's kind of individual
it's all you'll find out in the long run

229
00:21:17,240 --> 00:21:21,710
you're just being reminded of what you

already know and through that you gain a

230

00:21:21,710 --> 00:21:27,069

lot of power

this little thing is a service now now

231

00:21:27,069 --> 00:21:34,490

there that don't get me wrong I've seen

many times that this information and you

232

00:21:34,490 --> 00:21:40,720

use what you can this information is

very powerful and to my understanding

233

00:21:40,720 --> 00:21:46,870

some of the races have tried to do this

implementation festival in the past and

234

00:21:46,869 --> 00:21:52,639

a person Amanda usually will take this

information and then before you know it

235

00:21:52,640 --> 00:22:00,650

a pulp is started and so man can kind of

take to hook it into the third

236

00:22:00,650 --> 00:22:05,810

dimensional power resonated with that

but I see now we are in a whole

237

00:22:05,809 --> 00:22:10,250

different time right or everything

luckily here in America trunk

238

00:22:10,250 --> 00:22:17,000

I don't the man I don't know its history

it's what's behind it and that's a one

239

00:22:17,000 --> 00:22:21,650

another thing you'll gain on this path

is being able to bring anything alliance

240

00:22:21,650 --> 00:22:26,540

you know everybody's talking about this

person that person it's truly about what

241
00:22:26,539 --> 00:22:32,329
the hunting firm and everybody makes
mistakes and everybody can learn so that

242
00:22:32,329 --> 00:22:38,269
you go for anything on the trying to
find like Anna Sethi who do I choose dr.

243
00:22:38,269 --> 00:22:43,279
Greer James Dillon there's so many
people I lose right it's all within you

244
00:22:43,279 --> 00:22:48,980
it's in what makes your heart but that's
and there's people that have more of a

245
00:22:48,980 --> 00:22:53,059
self-serving agenda and in there's the
people that are trying to empower the

246
00:22:53,059 --> 00:22:56,839
individual you just have to make up your
mind on what you want I'm going to be

247
00:22:56,839 --> 00:23:03,589
powered personal so that's the path I
chose but it can be very confusing but

248
00:23:03,589 --> 00:23:07,849
it's really not when you when you
finally kind of get your you start

249
00:23:07,849 --> 00:23:13,119
getting your moments you're kind of like
why did that make this so difficult I

250
00:23:13,119 --> 00:23:18,319
made this like this is a yes or no
answer and I made this five years worth

251
00:23:18,319 --> 00:23:23,359
of difficulty out of this and it was a
yes or no answer so good so a lot of

252
00:23:23,359 --> 00:23:27,559

once again it does all comes back to
yourself your year that how fast you

253

00:23:27,559 --> 00:23:31,389

want tables

yes you can't go to a place like it's

254

00:23:31,390 --> 00:23:37,509

Eddy things are accelerated but in the
long run that's up to you and also it

255

00:23:37,509 --> 00:23:42,730

depends on the group I've seen this in
time too aDNA say that the place of

256

00:23:42,730 --> 00:23:48,610

course is known for non-stop contact but
you can have a group of twenty to fifty

257

00:23:48,609 --> 00:23:55,959

people out there if one member of that
group is kind of negative not there with

258

00:23:55,960 --> 00:24:03,610

it it affects the outcome of the entire
just because of that one person and so

259

00:24:03,609 --> 00:24:08,529

so you once again is advantages
especially when going out to make

260

00:24:08,529 --> 00:24:13,629

perfect I've learned that it's kind of a
respect thing showing these being

261

00:24:13,630 --> 00:24:16,270

suspect if I'm feeling bad throwing the
knavery

262

00:24:16,269 --> 00:24:20,079

I'm not going to go make on that because
I don't want to push my garbage off on

263

00:24:20,079 --> 00:24:25,299

somebody else so it starts being
respecting and just not being

264

00:24:25,299 --> 00:24:32,049

complicated with it that's the biggest thing and you know James Gilliland Peter

265

00:24:32,049 --> 00:24:37,599

Maxwell Slattery that does he study Australia Greg Sullivan does a study in

266

00:24:37,599 --> 00:24:43,719

Japan and they all have the same message and it's about empowering individuals so

267

00:24:43,720 --> 00:24:48,670

yes I that you can get to Sethi definitely do it especially if you're

268

00:24:48,670 --> 00:24:54,039

looking for the kick start but but if you can't get there don't worry about it

269

00:24:54,039 --> 00:25:00,460

that's okay there's you can go out and be your own self master tonight it's

270

00:25:00,460 --> 00:25:05,680

just how complicated and you want to make it a universal get should give you

271

00:25:05,680 --> 00:25:11,620

what you want you want to make it really complicated okay if you don't ok it

272

00:25:11,619 --> 00:25:17,529

works that way too and so that that's all these teachings now they also they

273

00:25:17,529 --> 00:25:21,579

did all start with the steady teachings and then basically they're just

274

00:25:21,579 --> 00:25:28,089

teachings of self mastery activating the what we call Christ consciousness and

275

00:25:28,089 --> 00:25:32,259
our Buddha has passed on to assist
Christ of your in full service mode

276
00:25:32,259 --> 00:25:37,059
you're in service to create our spirit
service to your fellow human that

277
00:25:37,059 --> 00:25:42,549
doesn't mean it's all going to be fine
and dandy and 100 we are

278
00:25:42,549 --> 00:25:50,200
place on this planet all the scientific
impose their backup so everybody just

279
00:25:50,200 --> 00:25:55,360
hold on pay attention to your energies
which is what you're getting interested

280
00:25:55,359 --> 00:26:01,929
in something there's a certain let it go
and if the person could be a thing it

281
00:26:01,930 --> 00:26:05,710
could be even something that you're
thinking in your mind or it would be

282
00:26:05,710 --> 00:26:10,390
wrong for you to do this because of this
but if you're truly feeling it's time to

283
00:26:10,390 --> 00:26:17,350
let go let go it'll benefit everybody I
mean so once again it's just the coolest

284
00:26:17,349 --> 00:26:21,789
thing you can do with the SETI is watch
the visuals and subscribe to the

285
00:26:21,789 --> 00:26:29,019
newsletter and those new digits you get
on a level to where kind of everybody on

286
00:26:29,019 --> 00:26:34,809
this level is filling the same thing so

it's this constant flow of validation

287

00:26:34,809 --> 00:26:38,950

sighs you wake up in the mornin sight
I'm feeling a little bit this way that's

288

00:26:38,950 --> 00:26:43,240

kind of odd and sure enough you'll look
at one of these newsletters or a video

289

00:26:43,240 --> 00:26:48,759

it James or somebody else involved in
this path will be talking about the

290

00:26:48,759 --> 00:26:53,319

exact same thing that you're going
through to a tee and so that's telling

291

00:26:53,319 --> 00:26:56,919

me once again there's there's something
more to this there's that there's a

292

00:26:56,920 --> 00:27:07,269

level that you get once you get on edge
it just strictly becomes always has been

293

00:27:07,269 --> 00:27:13,839

and always will be but you won't know
this and once again I'll started with

294

00:27:13,839 --> 00:27:20,199

the eseni teaching so powering the
individual it's just an amazing place

295

00:27:20,200 --> 00:27:25,210

and they even have a technology there I
was last time and you could actually see

296

00:27:25,210 --> 00:27:30,460

it happening on the streets in the sky
the chemtrails they had something

297

00:27:30,460 --> 00:27:36,130

installed in the ground there and you
can actually see these info right up as

298
00:27:36,130 --> 00:27:40,780
they're approaching the ranch and right
over ranch they all dissipate so the

299
00:27:40,779 --> 00:27:45,329
incident is that they've got some some
technology I believe there that's

300
00:27:45,329 --> 00:27:50,319
functioning maybe possibly in
multi-dimensional ways I do know James

301
00:27:50,319 --> 00:27:56,200
is working on some plasma technologies
for healing possible energies

302
00:27:56,200 --> 00:28:02,440
but it is a special place good but once
again if you if you can't get there

303
00:28:02,440 --> 00:28:07,090
don't beat yourself up about it there's
there's many ways to absorb this

304
00:28:07,089 --> 00:28:14,918
knowledge and being there in that
physical isn't always necessary you get

305
00:28:14,919 --> 00:28:19,149
so used to holding on to something I've
got a folder I've got a see little eyes

306
00:28:19,148 --> 00:28:24,398
there really his teachings about doing
it with consciousness you can go to the

307
00:28:24,398 --> 00:28:28,988
ranch anytime you want it's just not in
this two dimensional reality unless you

308
00:28:28,989 --> 00:28:34,389
get super mastered which I believe
you've got one person I truly believe

309
00:28:34,388 --> 00:28:38,439

that's been able to do that also is
associated with the ranch his name was a

310

00:28:38,440 --> 00:28:46,058

con and he was a Japanese - master
teacher and I heard stories and I truly

311

00:28:46,058 --> 00:28:52,739

believe them because of the things I had
witnessed so now this this man had

312

00:28:52,739 --> 00:28:57,489

operated and realized his sole purpose
was not just on this earth it was in

313

00:28:57,489 --> 00:29:02,679

many places he would get up during the
middle of class and say just start

314

00:29:02,679 --> 00:29:07,509

walking and supposedly I don't really
believe a door of light would open up

315

00:29:07,509 --> 00:29:12,849

even he'd be in the middle teaching
class he talking in his turn get a block

316

00:29:12,849 --> 00:29:18,099

doorway of light would open he would
walk through it he'd come back for 15 10

317

00:29:18,099 --> 00:29:21,908

15 cent he was gone for two years he's
sorry he had to go teach someone else

318

00:29:21,909 --> 00:29:31,239

real quick my intervention and stuff
it's wild and Indian and you do get to

319

00:29:31,239 --> 00:29:36,069

the point where you're not like all that
Stu dad's your life that is incredible

320

00:29:36,069 --> 00:29:41,829

possible especially if you have some
toys some technology but through the

321
00:29:41,829 --> 00:29:47,499
path of self mastery we'll find out
there's all the miracles and magical

322
00:29:47,499 --> 00:29:55,028
things we are capable of doing that now
with that being said as well that this

323
00:29:55,028 --> 00:29:59,138
goes into like what people would call
like magic and stuff and you need to be

324
00:29:59,138 --> 00:30:05,258
careful with that not earning these just
naturally because there's always a pink

325
00:30:05,259 --> 00:30:13,058
glow from universe everything around
being AC magnetism if say you you want

326
00:30:13,058 --> 00:30:17,740
to gain this power gain this ability
through this ritual or whatever force

327
00:30:17,740 --> 00:30:22,329
you just applied there and sent down
it's going to come right back to you so

328
00:30:22,329 --> 00:30:27,099
in a way that's just going to keep you
in a loop so the best way to do this is

329
00:30:27,099 --> 00:30:34,379
I'm in both getting getting rid of all
black magic type of things there's

330
00:30:34,380 --> 00:30:38,799
that's just there it seems like an
unnatural way to gain these abilities

331
00:30:38,798 --> 00:30:44,619
that you're supposed to gain actually
and get off that loop but also then you

332

00:30:44,619 --> 00:30:49,058
learn throughout this stuff that maybe
those beings that's all they know they

333
00:30:49,058 --> 00:30:53,558
were just put here for a reason to give
a personal lesson so that level I think

334
00:30:53,558 --> 00:31:00,220
things just get really trippy and that's
the physical stuff and then you the

335
00:31:00,220 --> 00:31:05,950
stuff that comes along with it is start
seeing energy coming in from places you

336
00:31:05,950 --> 00:31:10,899
start actually being able to see the
energy bleeding through especially when

337
00:31:10,898 --> 00:31:15,339
you're sitting out at night you start to
see the purple energy calculating into

338
00:31:15,339 --> 00:31:21,220
reality so this is this stuff it's all
really chewy but it's never scary it's

339
00:31:21,220 --> 00:31:29,259
like I'm ready for more I'm ready for
more now and it says all all up to

340
00:31:29,259 --> 00:31:33,548
myself all up to know where I want to go
with this what I'll do with beings on

341
00:31:33,548 --> 00:31:39,429
operate with is all up to me it's not
nothing random about it marry everything

342
00:31:39,429 --> 00:31:44,649
yeah to another thing is you know when
it comes to conferences it's like oh

343
00:31:44,648 --> 00:31:50,859
I've got to go to that no actually you

don't um you know conference can get

344

00:31:50,859 --> 00:31:56,829
pretty pricey especially with airfare
middles all that yeah I highly recommend

345

00:31:56,829 --> 00:32:00,819
instead of going for conferences not
going to get them inside if you have the

346

00:32:00,819 --> 00:32:06,548
money borrow me put it do you really
want to get itchy a decent night-vision

347

00:32:06,548 --> 00:32:12,879
scope and go out go out and learn this
stuff for yourself as you you can get

348

00:32:12,880 --> 00:32:17,019
really locked into a place I have once
where you're waiting on the next

349

00:32:17,019 --> 00:32:20,548
information to come out from somebody
else and you're not making any progress

350

00:32:20,548 --> 00:32:25,839
so my mind the
staying especially kind of gone and

351

00:32:25,839 --> 00:32:30,038
seeking answers and you just had a
countless answers that that's because

352

00:32:30,038 --> 00:32:36,429
there was a new you just having it all
boiled down to anything that you like

353

00:32:36,429 --> 00:32:42,788
everything all the oils down to what's
going on the galaxy you I'm going to be

354

00:32:42,788 --> 00:32:47,499
putting links in the description to the
e city ranch and also to your YouTube

355
00:32:47,499 --> 00:32:50,950
channel
well of ice can you give people who are

356
00:32:50,950 --> 00:32:54,460
unable to make it to the ranch
but want to try and make contact maybe

357
00:32:54,460 --> 00:33:03,429
in just their backyard literally I like
to do it early there's really no not at

358
00:33:03,429 --> 00:33:09,309
all it's just focus on literally focus
on love and joy and bliss and you will

359
00:33:09,308 --> 00:33:13,269
define in which you seek is the mind and
once you connect so if you're resonating

360
00:33:13,269 --> 00:33:18,038
in the highlife vibratory frequency the
lower dimensional stuff won't even want

361
00:33:18,038 --> 00:33:24,158
to be around you which are vibrations
alive so start thinking of I want to

362
00:33:24,159 --> 00:33:28,679
make this connection I want this in my
life diesel procreate that with you and

363
00:33:28,679 --> 00:33:35,409
step out and sure enough before you know
it you'll be buying no cameras like I

364
00:33:35,409 --> 00:33:41,200
was in that vision so you'll have all
these videos and asking people what you

365
00:33:41,200 --> 00:33:45,519
want to see people say well did you
record it what what do you want to see

366
00:33:45,519 --> 00:33:48,579

if you want to see it craft making a 90
degrees done you want to see what

367

00:33:48,579 --> 00:33:53,019
manifesting hearing like what do you
want to see like that's already been

368

00:33:53,019 --> 00:33:58,419
done what's the next step here and oh
yeah that's that's just a good thing to

369

00:33:58,419 --> 00:34:02,799
it's always waiting for that next step
you are it's it you you think you know

370

00:34:02,798 --> 00:34:07,628
once you just happen to me to once you
got that first video that first UFO they

371

00:34:07,628 --> 00:34:13,418
like I said now I got it
and then a week later you're like no I

372

00:34:13,418 --> 00:34:19,029
need more and through the more it's not
more video a more visual it's more

373

00:34:19,030 --> 00:34:23,349
connection that your consciousness then
you realize these beings are literally

374

00:34:23,349 --> 00:34:28,389
standing around you at all times which
are always been contacted you always

375

00:34:28,389 --> 00:34:33,760
will be contacted that's part of your
start start soul bound and then it's all

376

00:34:33,760 --> 00:34:38,280
good
but in two of the clearings clearings

377

00:34:38,280 --> 00:34:43,530
are very important james gilliland on
the he said he arranged us a clearing

378
00:34:43,530 --> 00:34:48,330
that I started with and by no means do
you have to use that exact clearing just

379
00:34:48,329 --> 00:34:52,529
becomes james gilliland made that
clearing but you can take that clearing

380
00:34:52,530 --> 00:34:57,330
you take parts of it implement you think
I just say basically Christ

381
00:34:57,329 --> 00:35:01,860
consciousness clear and I imagine like
growing out from my body and clearing

382
00:35:01,860 --> 00:35:06,660
everything that's my clearing but
usually you can start out with space for

383
00:35:06,659 --> 00:35:11,759
just tuning that tuning for that antenna
and to the right frequency is where it

384
00:35:11,760 --> 00:35:17,160
clearing this so when you call your
higher vibratory guides yes you upon you

385
00:35:17,159 --> 00:35:21,659
and White Buffalo Calf whoever whoever
floats your boat

386
00:35:21,659 --> 00:35:28,500
higher vibration that's what it's all
about you start resonating so the

387
00:35:28,500 --> 00:35:32,760
clearings clearings definitely if you're
especially if you're super uncomfortable

388
00:35:32,760 --> 00:35:36,570
about doing that but if you feel
completely confident and you're already

389

00:35:36,570 --> 00:35:41,880
plugged up with God go for it if you if
you're plugged up with creator spirit

390
00:35:41,880 --> 00:35:45,990
which everybody is but you actually
realized it nothing can touch you at

391
00:35:45,989 --> 00:35:51,449
that point nothing can touch you at that
point so yeah it's just it realize your

392
00:35:51,449 --> 00:35:56,009
own power there's there's no one special
in this you're you're you are the one

393
00:35:56,010 --> 00:36:01,110
you've been waiting on if you've been
waiting on somebody you're it you can

394
00:36:01,110 --> 00:36:04,230
you're the year the et you're the one
that you've been waiting on this whole

395
00:36:04,230 --> 00:36:08,550
time you're the one that you've been
waiting on you're the teacher you know

396
00:36:08,550 --> 00:36:12,660
what's right and wrong you know what
your soul needs near the teacher that is

397
00:36:12,659 --> 00:36:18,690
a guy that's charging ten bucks even he
might have his answer he doesn't have my

398
00:36:18,690 --> 00:36:25,349
answer though so everybody has this
ability that's that's the most important

399
00:36:25,349 --> 00:36:30,750
part everybody it's not special
everybody it is comes from greater but

400
00:36:30,750 --> 00:36:36,329
don't don't owe that person to making

each so special no it doesn't work like

401

00:36:36,329 --> 00:36:40,199

that

everybody is special everybody has yeah

402

00:36:40,199 --> 00:36:44,069

I can agree with that it's just about

being happy how happy you want well it's

403

00:36:44,070 --> 00:36:49,200

done is you want is pop will okay that

was there chasing and of course

404

00:36:49,199 --> 00:36:54,779

believe the first show is back when I

used to watch TV of course a lot I think

405

00:36:54,780 --> 00:37:01,350

it was ghost tires taps the Atlantic

Paranormal Society and they would think

406

00:37:01,349 --> 00:37:04,889

you know it's so cool

those guys are going out they got a

407

00:37:04,889 --> 00:37:09,599

whole crew night vision gear and it's so

awesome I want to be a part of that so

408

00:37:09,599 --> 00:37:13,860

that's what I started doing but then I

learned the hard way with if they're

409

00:37:13,860 --> 00:37:18,510

doing it correctly if it's real what

they don't tell you about it the

410

00:37:18,510 --> 00:37:22,770

attachments there's a lot of these

spirits I'm happy and they're looking

411

00:37:22,769 --> 00:37:27,869

someone to attach to and nobody seems to

talk about that part of it yeah

412
00:37:27,869 --> 00:37:32,099
oh it's so cool it's so let's go poke
the demon that's been played with a

413
00:37:32,099 --> 00:37:36,659
Ouija board
oh it's so cool no it's not it's not at

414
00:37:36,659 --> 00:37:42,869
all plug in today it's a et but yeah I
counted so much with that

415
00:37:42,869 --> 00:37:47,279
there was actually a place in that
Sherman Texas and it was an old

416
00:37:47,280 --> 00:37:51,480
broken-down building I believe you can
even still go find pictures it's called

417
00:37:51,480 --> 00:37:58,019
the Woodman circle and for some reason I
went through this spending like two days

418
00:37:58,019 --> 00:38:01,769
you searching for it I saw the TV shows
I was ready to get out there I had to

419
00:38:01,769 --> 00:38:05,820
find it on the building and I was living
with a roommate at the time so we found

420
00:38:05,820 --> 00:38:11,130
that this place is two hours away
woodsman circle known that's where I

421
00:38:11,130 --> 00:38:16,349
caught my first EVP during broad
daylight there was graffiti all over the

422
00:38:16,349 --> 00:38:21,929
walls every day now being kid from the
suburbs with another kid they said I

423
00:38:21,929 --> 00:38:25,169

were walking we're thinking there's gang
members in there so it's broad daylight

424

00:38:25,170 --> 00:38:28,889

to all the windows are busted out so
every time we're about to round around

425

00:38:28,889 --> 00:38:33,929

the corner I have to say hey man you got
the gun loaded you know just playing

426

00:38:33,929 --> 00:38:37,169

like we're tough I hey if there's
anybody in that room you better watch

427

00:38:37,170 --> 00:38:41,400

out well one of the times when we're
rounding the corner after we heard like

428

00:38:41,400 --> 00:38:46,079

it sounded like a brick drop in room
broad daylight walk in there I just a

429

00:38:46,079 --> 00:38:49,739

little bounce around the corner I say
hey man you got the gun hurtled about

430

00:38:49,739 --> 00:38:53,579

five seconds later on that recording it
says does anybody even really have a gun

431

00:38:53,579 --> 00:39:01,590

and that that was my first EVP somebody
following me out on my blood yeah they

432

00:39:01,590 --> 00:39:05,670

knew
yes and through that that that was a guy

433

00:39:05,670 --> 00:39:11,159

I captured one time a broad daylight
again we were back if we were just about

434

00:39:11,159 --> 00:39:16,579

to leave the property and we are joking
around telling jokes with each other and

435
00:39:16,579 --> 00:39:20,519
during the middle of the reporting
luckily I just decided to keep the relay

436
00:39:20,519 --> 00:39:26,789
don't survive the permit office running
a woman eyes and starts asking for so at

437
00:39:26,789 --> 00:39:30,750
that point that isn't it my soul is like
oh my god is there a woman strapped in

438
00:39:30,750 --> 00:39:36,030
and he fell faster we've got to go
comfort no that was actually a spirit

439
00:39:36,030 --> 00:39:40,560
wanting my energy that wanted me to keep
coming back there but sometimes be a

440
00:39:40,559 --> 00:39:45,750
little girl a woman man whatever it
needed to be at that time to get the

441
00:39:45,750 --> 00:39:53,820
energy and I see how you operate now I
see you just want my energy is so so

442
00:39:53,820 --> 00:39:59,220
that being said to the if you have to do
any kind of ritual or if any of gaining

443
00:39:59,219 --> 00:40:05,250
anything to talk to it I would HIGHLY
question my relationship and then there

444
00:40:05,250 --> 00:40:11,570
was times that I went to the bird cage
theatre Tombstone Arizona that place is

445
00:40:11,570 --> 00:40:19,110
extremely active its Rome grandpa's
house owner extremely active those

446

00:40:19,110 --> 00:40:25,260
places did seem like whatever spirits
were there maybe not so much just a drum

447
00:40:25,260 --> 00:40:28,620
granny
I actually saw some things in the drum

448
00:40:28,619 --> 00:40:33,029
granted that but it seemed like
especially the birdcage there those

449
00:40:33,030 --> 00:40:37,230
spirits did not want to follow there was
something that kept them there they I

450
00:40:37,230 --> 00:40:42,119
didn't ever throw any mail catch from
that place and that's really good

451
00:40:42,119 --> 00:40:46,710
because those highly active there
they'll walk around

452
00:40:46,710 --> 00:40:52,289
I don't care people will spread under
their hips reacted just one of those

453
00:40:52,289 --> 00:40:59,340
things it's good it's a good teacher but
if ya in the drone grand I was shown

454
00:40:59,340 --> 00:41:04,350
something of course I got you big bully
I want to know everything about this

455
00:41:04,349 --> 00:41:09,539
place what makes it tick so I was
actually talking to the bartender we'll

456
00:41:09,539 --> 00:41:12,750
find and they're doing some filming and
I was the only one there and he had the

457
00:41:12,750 --> 00:41:18,800
locked up and he said hey follow me

oh yeah I gotta show you something and

458

00:41:18,800 --> 00:41:24,830

so he opens this lower to the back place
and I could this was the mirror that I'm

459

00:41:24,829 --> 00:41:30,590

sure be opened or he looks at me he says
all right I'm gonna go do this other

460

00:41:30,590 --> 00:41:34,670

door you need to hold it open so it
doesn't shut in long but I'm going to

461

00:41:34,670 --> 00:41:40,130

show you something new and not to tell
anybody else about this on my okay all

462

00:41:40,130 --> 00:41:47,440

right so he opens this room and it's it
didn't feel good it was this altar room

463

00:41:47,440 --> 00:41:56,480

there was velvet curtains hanging and it
was like this Masonic working room tiles

464

00:41:56,480 --> 00:42:01,579

and pillars and and stair steps it was
like a square and it had stair steps

465

00:42:01,579 --> 00:42:12,279

going down a little something altered
and I knew that even then I was like but

466

00:42:12,280 --> 00:42:20,570

your guests that are studying but anyway
that's that's all part of that Network

467

00:42:20,570 --> 00:42:26,990

that's falling but you know lots of
things happen during that does curtain

468

00:42:26,989 --> 00:42:33,250

holidays and also too I have any that I
believe to be a fence watching counter

469
00:42:33,250 --> 00:42:40,489
this was this was in Glenwood Washington
and this was a little bit further away

470
00:42:40,489 --> 00:42:45,919
from Mount Adams in a trout lake in the
city but I took a friend up there and of

471
00:42:45,920 --> 00:42:52,490
course he didn't too much you never
really saw anything and at that time the

472
00:42:52,489 --> 00:42:59,869
Big Bang whatever this is six seven
years ago Finding Bigfoot so whether

473
00:42:59,869 --> 00:43:03,619
they do they they pick up the stick and
start knocking on the tree put look at

474
00:43:03,619 --> 00:43:12,769
my friend like a logging let's go find
the random place nothing to do go down

475
00:43:12,769 --> 00:43:17,840
this logging road in a sea just the tip
of mountains off in the distance so I

476
00:43:17,840 --> 00:43:22,460
start doing the knocking on the third
time I did that it was it was like

477
00:43:22,460 --> 00:43:29,210
somebody had a metallic baseball bat and
this this is way out on the course it

478
00:43:29,210 --> 00:43:32,990
was
blacked out this is way out and you do

479
00:43:32,989 --> 00:43:37,129
is so quiet you have good cars coming up
and stuff but it sounded like somebody

480
00:43:37,130 --> 00:43:42,140

had a metallic baseball that hit a tree
and it rang out to the entire forest

481
00:43:42,139 --> 00:43:48,469
like oh okay like that's cool I guess
and then almost immediately after there

482
00:43:48,469 --> 00:43:54,829
was this blue blue Browns
looking disc except it went across the

483
00:43:54,829 --> 00:43:59,598
top of us about just above the trees so
probably 40 feet up these trees was

484
00:43:59,599 --> 00:44:04,849
pretty tall and it was dropping other
blue sparks behind it so it kind of just

485
00:44:04,849 --> 00:44:08,960
cruised right over us and it was just a
blue disc it was kind of dropping me

486
00:44:08,960 --> 00:44:15,650
blue sparks and you know when stuff like
that happened it's like when is this and

487
00:44:15,650 --> 00:44:21,619
then after right after we start hearing
two beings chattering back and forth and

488
00:44:21,619 --> 00:44:27,530
it was just strictly chattered I mean it
just kind of faded away but these beings

489
00:44:27,530 --> 00:44:31,760
that were very close to us it was just
it was so dark out there we could see

490
00:44:31,760 --> 00:44:36,830
him but it sure enough I go to talk to
someone that there's a lot of

491
00:44:36,829 --> 00:44:42,199
reporting's and sub and he played the
exact think his name was Ron Morehead he

492

00:44:42,199 --> 00:44:46,069

plays the exact same chattering sounds
that I've heard out in that forest

493

00:44:46,070 --> 00:44:52,880

consider that sasquatch so that was one
another yes I know it sounds a lot like

494

00:44:52,880 --> 00:44:58,579

Japanese yeah exactly
it almost almost sounded electronic like

495

00:44:58,579 --> 00:45:05,119

it was coming through a walkie pump but
it was definitely oh yeah yes yes yes

496

00:45:05,119 --> 00:45:11,210

and I was not sure what you'd say but I
was pretty convinced that that was

497

00:45:11,210 --> 00:45:17,059

that's what I'm talking about the quote
that he said about checking us out so

498

00:45:17,059 --> 00:45:21,049

what we're doing there who's ray who's
raised and ruckus them are portals right

499

00:45:21,050 --> 00:45:25,250

now we got to go check this out there
there's been so much that's happened but

500

00:45:25,250 --> 00:45:32,179

once again no it's not about that
oh I see now mind you did you do get to

501

00:45:32,179 --> 00:45:36,710

a point yeah you talk people see the
videos that you don't but then also you

502

00:45:36,710 --> 00:45:41,659

past the point where you realize that
was your passion beginning that doesn't

503

00:45:41,659 --> 00:45:45,589
matter what matters is there
same thing that happened you see that

504
00:45:45,590 --> 00:45:50,960
one day and it is sparks of fire in your
soul it changed for the better

505
00:45:50,960 --> 00:45:54,349
that's what it's all about just in it
all it takes is that seeing a brief

506
00:45:54,349 --> 00:45:58,400
second of something and then how your
soul is on fire now you know you have to

507
00:45:58,400 --> 00:46:07,400
patch it burning of it and we just
haven't been fully expose abilities of

508
00:46:07,400 --> 00:46:12,410
life you know from go to work make money
that's just the way it is it's like I'm

509
00:46:12,409 --> 00:46:16,519
sorry but it's not
I've known this it's not authority but

510
00:46:16,519 --> 00:46:22,670
that now yes and I didn't luckily that
is changing I'm especially yeah have you

511
00:46:22,670 --> 00:46:27,050
have you guys heard about the queue and
on phenomenon yeah be have easy deal

512
00:46:27,050 --> 00:46:33,640
will over Twitter yes I can say that
there there is whoever's behind that is

513
00:46:33,639 --> 00:46:39,889
extremely intelligent and not only have
they been giving zero Delta's is proof

514
00:46:39,889 --> 00:46:44,750
but also several military planes have

now changed their new sign to give a cue

515

00:46:44,750 --> 00:46:50,570
or a nine and Air Force One itself has
the callsign of Q now that tells me a

516

00:46:50,570 --> 00:46:55,940
lot yeah but the main thing that they
were focused on is the spiritual

517

00:46:55,940 --> 00:47:00,920
implication they hinted at many times
that the building the law is not its it

518

00:47:00,920 --> 00:47:06,320
he specifically said this is to keep
things out that are specific dimensions

519

00:47:06,320 --> 00:47:10,340
all shapes and sizes
this is talking about stairs with you

520

00:47:10,340 --> 00:47:16,250
and also or what was shown is one of
those horrible violence that has traffic

521

00:47:16,250 --> 00:47:20,480
going on they said that's their number
one priority is to take care for true

522

00:47:20,480 --> 00:47:26,240
evil right now child-directed but yeah
that I have I have full I'm feeling a

523

00:47:26,239 --> 00:47:33,669
push now that I have never like I said I
don't I did do some seriously frenching

524

00:47:33,670 --> 00:47:40,220
how much for the you too I just just
wasn't properly informed to ground I was

525

00:47:40,219 --> 00:47:44,809
locked blocking on was the past that you
can be cleared people around you might

526

00:47:44,809 --> 00:47:49,369

have been and you're just not given this information so right now I'm getting off

527

00:47:49,369 --> 00:47:54,380

I actually don't need to me and he would have told me that 10 years ago I said

528

00:47:54,380 --> 00:47:57,420

you're out of your mind I'm so depressed that

529

00:47:57,420 --> 00:48:00,900

there's no way out of this person that there's no way out of this I'm so

530

00:48:00,900 --> 00:48:09,690

depressed you just have not been written on the minded that's all it is there is

531

00:48:09,690 --> 00:48:14,220

a purpose for everybody not just in this dimension here because you're you are

532

00:48:14,219 --> 00:48:19,109

punching on multi-dimensional levels that is that is in the process of being

533

00:48:19,110 --> 00:48:24,300

programmed right now and if you look at the neural network of your brain how I

534

00:48:24,300 --> 00:48:29,880

set up like interconnectivity of a galaxy so on and so forth you can start

535

00:48:29,880 --> 00:48:34,710

to really see you know those terms you would hear you know the universal

536

00:48:34,710 --> 00:48:42,599

society like yeah right it is it's 100 percent sure you could attribute the

537

00:48:42,599 --> 00:48:48,210

UFOs as a cell you know you have cells
going through your body both at all that

538

00:48:48,210 --> 00:48:52,889

practice is a cell going through a body
doing work doing what it's supposed to

539

00:48:52,889 --> 00:48:59,909

do it's just part of the greater body
it's a the crater has set it up towards

540

00:48:59,909 --> 00:49:04,949

theme the most simple yet the most
intricate thing at the same time and

541

00:49:04,949 --> 00:49:11,579

that's how I've learned truly magical
stuff the last actual contact I had a

542

00:49:11,579 --> 00:49:16,230

Facebook page that I remember was in an
actual dream and it was a being named

543

00:49:16,230 --> 00:49:21,840

Theia from the ladies and the thing
about that dream this was half a year

544

00:49:21,840 --> 00:49:26,340

ago maintains she was very beautiful
very extremely and I would still get it

545

00:49:26,340 --> 00:49:31,050

going through clearing myself as to us
issues among parents whether do you know

546

00:49:31,050 --> 00:49:35,070

some third dimensional issues and the
main thing she kept saying to me during

547

00:49:35,070 --> 00:49:37,650

that because I kept asking what you're
so beautiful

548

00:49:37,650 --> 00:49:41,820

and yet I feel so connected with you
like it's almost like a loan type of

549
00:49:41,820 --> 00:49:44,280
thing
how are you so beautiful and how highly

550
00:49:44,280 --> 00:49:50,700
connected it means everything like that
absolutely does not matter and that

551
00:49:50,699 --> 00:50:02,339
contact actions are out the next point
over the next morning fully implement

552
00:50:02,340 --> 00:50:08,550
great great teachers and like I said
that that's just in the the physical you

553
00:50:08,550 --> 00:50:14,230
get into beings there's some being like
Truong that are strictly geometric and

554
00:50:14,230 --> 00:50:19,240
there's some games that just function in
light realms so they are just strictly

555
00:50:19,239 --> 00:50:25,089
light so it's like I said how far do you
want to take these beings are out there

556
00:50:25,090 --> 00:50:29,890
all shapes all sizes and as long as
you're connected with traders there you

557
00:50:29,889 --> 00:50:34,029
put yourself in the service mode at
first you do have to put up yourself so

558
00:50:34,030 --> 00:50:38,290
don't beat yourself up but just the fact
that you're interested that you're

559
00:50:38,289 --> 00:50:42,340
you're sticking impo in the water to
test it that says a lot about you that

560

00:50:42,340 --> 00:50:47,019
says you're you're you're on it
you're on the Sun that's the biggest

561
00:50:47,019 --> 00:50:51,610
step is finding finding that one little
thing that's like there's something

562
00:50:51,610 --> 00:50:56,470
that's talking with my soul in my heart
here and sure is to you do you want to

563
00:50:56,469 --> 00:51:01,419
stay what you've been doing that hasn't
been working out that well you want to

564
00:51:01,420 --> 00:51:06,130
try something new and in the beginning
it might be really difficult but if you

565
00:51:06,130 --> 00:51:11,200
want to look up and see all the changes
and it's just a unless we we are in

566
00:51:11,199 --> 00:51:16,029
those times prophesize it's not the end
of the world it's the end of the world

567
00:51:16,030 --> 00:51:19,690
as we knew it the end of that third
dimensional low-level consciousness for

568
00:51:19,690 --> 00:51:24,639
just raising our vibration but yeah it's
it's everywhere everybody go out and

569
00:51:24,639 --> 00:51:29,349
make contact and I really be happy just
know what's going to happen it's

570
00:51:29,349 --> 00:51:36,880
scientifically proven those beings this
just this universe alone so fast so if

571
00:51:36,880 --> 00:51:43,150
you think it's out there it really is

I'm jewel going to be going down soon as

572

00:51:43,150 --> 00:51:49,110
the rest of all into right yes I am I'm
going to be there April 27th

573

00:51:49,110 --> 00:51:54,099
volunteering there for four days and I'm
actually getting a buddy that actually

574

00:51:54,099 --> 00:51:58,989
met in Texas season Florida now and I'm
getting in so trying to get em up there

575

00:51:58,989 --> 00:52:03,729
for that weekend so yeah that's just
going to be a lot of fun stuff I'm going

576

00:52:03,730 --> 00:52:07,690
to put up some videos yeah and then I
through those connections not only will

577

00:52:07,690 --> 00:52:11,980
you meet James going but then you'll
find out about people like Peter

578

00:52:11,980 --> 00:52:17,920
Maxwell's lottery if you guys think if
you want to see any type of UFO this guy

579

00:52:17,920 --> 00:52:24,190
has it he has palladium craft metal
craft biological crap you name it

580

00:52:24,190 --> 00:52:28,869
as he is a I filmed Wilkinsburg or he is
a master with a camcorder

581

00:52:28,869 --> 00:52:36,608
it's just like boom got it got it he's
on top of it that guy's been in a very

582

00:52:36,608 --> 00:52:43,298
little tone just amazing people that you
can tell I dairy they're not paid and

583
00:52:43,298 --> 00:52:49,568
into you can uh you know those people do
offer sessions for people that just

584
00:52:49,568 --> 00:52:56,288
aren't you know it's it's not going to
contribute to our tribute it to a soul

585
00:52:56,289 --> 00:53:01,539
roto-rooter they do James really good
with it here is as well and they'll take

586
00:53:01,539 --> 00:53:05,799
you back in your past lives in your
younger life and help you clear out

587
00:53:05,798 --> 00:53:12,009
blockages so that you can move forward
and people that you know they might be

588
00:53:12,010 --> 00:53:16,500
doing some more serious stuff and they
do need to know that help is available

589
00:53:16,500 --> 00:53:24,039
there means but not everyone needs I
used to think I did like probably a year

590
00:53:24,039 --> 00:53:29,910
ago I want to do that there's some
hundred to clear I cleared it myself

591
00:53:29,909 --> 00:53:35,750
and that's that's that's the endgame
people like that

592
00:53:36,360 --> 00:53:39,870
I wanna say to take that little bit of
work they may they just create a

593
00:53:39,869 --> 00:53:45,719
template that's all they did
here's the template try it out okay it

594
00:53:45,719 --> 00:53:47,989

worked

595

00:53:51,670 --> 00:53:57,340

yeah it's just there is a lot out there
too but it's always a you you can tell

596

00:53:57,340 --> 00:54:03,400

somebody by their tongue what would it
would is they're like what James

597

00:54:03,400 --> 00:54:07,400

especially when I first went to the
ranch it's a little bit different of a

598

00:54:07,400 --> 00:54:11,809

setup now it used to be you just called
and you just shut the gate behind you

599

00:54:11,809 --> 00:54:16,099

and there was a \$10 donation box nailed
to a tree that was it

600

00:54:16,099 --> 00:54:19,940

no of course you know the buildings are
there but that was the structure you

601

00:54:19,940 --> 00:54:28,159

want to donate ten bucks cool
now now I believe the Mac you can say

602

00:54:28,159 --> 00:54:36,799

there is a four days affording not
including the post electroweak but yeah

603

00:54:36,800 --> 00:54:42,380

he just didn't different so I ride away
on saw the guys popped up and you know

604

00:54:42,380 --> 00:54:46,160

your first time to the ranch
oh man you expect James to be wearing

605

00:54:46,159 --> 00:54:50,779

that right white robe
he's the UFO Messiah he kinda or the tan

606
00:54:50,780 --> 00:54:54,440
absolutely not
that guy has over applying a build of

607
00:54:54,440 --> 00:55:00,110
something he's he's digging a ditch he's
out there checking the fence long I'm

608
00:55:00,110 --> 00:55:04,849
like he doesn't do any of that he
doesn't come out like that and kind of

609
00:55:04,849 --> 00:55:08,719
his doctor too is you're expecting your
like especially your first I mean you

610
00:55:08,719 --> 00:55:20,629
don't really like guy has going on this
is it he said he said I don't know one

611
00:55:20,630 --> 00:55:25,849
of his shows that somebody actually got
mad II was angry because he didn't do

612
00:55:25,849 --> 00:55:29,960
that David that was part of their were
they expecting out the ranch day they

613
00:55:29,960 --> 00:55:34,400
expecting the Messiah to walk off he
said somebody actually got upset when he

614
00:55:34,400 --> 00:55:41,329
didn't do that but yeah always check the
come from and he reappears filter

615
00:55:41,329 --> 00:55:44,929
putting it running through your own
filter in line make sure you check where

616
00:55:44,929 --> 00:55:50,149
that comes on this there's there is 72
I'm never going to say names there is

617
00:55:50,150 --> 00:55:56,150

some of these people that
check the come from it's it's it's out

618
00:55:56,150 --> 00:56:00,490
there now you can check the come from

619
00:56:00,570 --> 00:56:04,920
are they serving themselves are they
serving agenda are they trying to

620
00:56:04,920 --> 00:56:11,670
empower you good questions to ask yeah I
think I think a lot of people to get in

621
00:56:11,670 --> 00:56:19,800
wise yes I used to some people now yes
thank you yes oh yes there's just

622
00:56:19,800 --> 00:56:26,510
especially if you're if you're guy can't
even imagine being someone now that's

623
00:56:26,510 --> 00:56:34,380
gone especially this my age or older
like around 30 or above that's just just

624
00:56:34,380 --> 00:56:41,220
now maybe starting this path and but
luckily the way things are flowing right

625
00:56:41,219 --> 00:56:47,639
now a lot of that hidden stuff like that
it's through the rituals and magics and

626
00:56:47,639 --> 00:56:51,480
all that stuff people will be left
wondering what they just saw and they

627
00:56:51,480 --> 00:56:57,929
just actually follow that stuff's being
cleaned up in the process finally but

628
00:56:57,929 --> 00:57:01,409
yeah just check the campground and then
check your own come from what are you

629
00:57:01,409 --> 00:57:05,929
coming from maybe that might determine
why you're not connecting with Richard

630
00:57:05,929 --> 00:57:10,500
are you trying to gain wealth out of
this are you trying to get in power are

631
00:57:10,500 --> 00:57:15,510
you trying to gain if you're just trying
to be of service first to to coach to

632
00:57:15,510 --> 00:57:19,890
yourself about yourself of all through
that you will help other people because

633
00:57:19,889 --> 00:57:23,099
there there was some times in the past I
was wondering how I was getting the

634
00:57:23,099 --> 00:57:27,719
contact it's because they saw the
potential of it because I went through a

635
00:57:27,719 --> 00:57:31,259
lot of troubles with my depression and
stuff and I would be in such a large

636
00:57:31,260 --> 00:57:38,070
state of vibration now sometimes get the
ships sometimes you wonder you know like

637
00:57:38,070 --> 00:57:43,320
I'm just people on a way like why did
you guys even show up I mean it'd be

638
00:57:43,320 --> 00:57:47,100
usually like a really high I would not
be delightful serious low wines that are

639
00:57:47,099 --> 00:57:51,539
flat it just be something to let you
like we're here and so some of these

640
00:57:51,539 --> 00:57:55,710

things don't understand a lot so you
might be asking come from a being I'll

641
00:57:55,710 --> 00:58:00,240
say oh I need a hope on this port case
or whatever and this thing will say

642
00:58:00,239 --> 00:58:03,059
what's the court case we don't know
about that

643
00:58:03,059 --> 00:58:06,960
there's just beings on every level so if
you're wondering that maybe you're not

644
00:58:06,960 --> 00:58:10,829
seeing the spiritual things so just
realize some of these guides and it's up

645
00:58:10,829 --> 00:58:13,909
to you what guide you call in you know
there's tons of our

646
00:58:13,909 --> 00:58:19,799
whatever you want to plug into it exists
and it's blows you wide open to say

647
00:58:19,800 --> 00:58:25,769
James James is actually lucky he came at
it from the from the top down he he had

648
00:58:25,769 --> 00:58:29,699
an ear dad who actually had two
near-death experiences so those those

649
00:58:29,699 --> 00:58:33,149
are really amazing the parable the
reunion the source type of things

650
00:58:33,150 --> 00:58:38,460
there's I mean just just that you can
tell that somebody talking about that

651
00:58:38,460 --> 00:58:42,840
they almost start crying as as a human
being he can't comprehend unconditional

652
00:58:42,840 --> 00:58:48,630
love government and then it's possible
other human being to get that to call it

653
00:58:48,630 --> 00:58:54,599
bliss hits it is literally I mean random
time when you decide to plug in and have

654
00:58:54,599 --> 00:59:00,299
this when you stepped into your power
knowing that you are special enough to

655
00:59:00,300 --> 00:59:04,800
connect the source you are special
enough to be with God you are that

656
00:59:04,800 --> 00:59:10,350
person and you start getting bracelets
you start getting those in and mean for

657
00:59:10,349 --> 00:59:18,269
me it starts just making a series report
on our faces it's this feeling that you

658
00:59:18,269 --> 00:59:22,949
would never throw coming off of a human
being it's a it's an unconditional love

659
00:59:22,949 --> 00:59:30,029
and we call it bliss hits because it's
you're like oh my gosh this is extremely

660
00:59:30,030 --> 00:59:33,180
powerful but you can create with this
energy

661
00:59:33,179 --> 00:59:38,009
hey this is pure like this this is
creative energy that's flowing through

662
00:59:38,010 --> 00:59:43,800
me right now so in anybody can do that
you know you don't have to go shave your

663

00:59:43,800 --> 00:59:47,550
head and sit in a cave for three weeks
to do that either you don't need any of

664
00:59:47,550 --> 00:59:52,740
the external stuff this is all within
you you don't need two trinkets yeah

665
00:59:52,739 --> 00:59:59,219
make it happen it's waiting on you the
universe is actually waiting on you but

666
00:59:59,219 --> 01:00:04,230
when you get down to it they're waiting
on us to step up right now people why

667
01:00:04,230 --> 01:00:10,019
don't they just come and plant that is
completely against what we know as

668
01:00:10,019 --> 01:00:14,340
universal law because those beings are
so dense that they know they can't just

669
01:00:14,340 --> 01:00:19,920
go be a consequence we prosper their
actions say they were just to come down

670
01:00:19,920 --> 01:00:23,760
and drop they were going to do this
technology real quick we're going to do

671
01:00:23,760 --> 01:00:27,599
everything for you
how would you grow from that

672
01:00:27,599 --> 01:00:31,769
that's completely against the purpose of
why we're here right now

673
01:00:31,768 --> 01:00:37,348
and there is a lot of separate here yes
there is a lot of separate but it's no

674
01:00:37,349 --> 01:00:44,099
learning experience and it really is and

two is a lot of people think of life

675

01:00:44,099 --> 01:00:50,869

after death very few people think of
life before birth why did you come here

676

01:00:50,869 --> 01:00:55,469

why did you did why did you use your
free will why does your soul say I want

677

01:00:55,469 --> 01:01:03,329

to go try this out real quick why why
did you do it and it's with that too

678

01:01:03,329 --> 01:01:08,309

you're functioning on multi-dimensional
levels so not only are you doing things

679

01:01:08,309 --> 01:01:12,959

that influences third dimensional
reality you could be doing things that

680

01:01:12,958 --> 01:01:17,188

you you have known idea like you start
to come in your head like why why in

681

01:01:17,188 --> 01:01:20,038

mind it what was that coming it's
because you're operating at a

682

01:01:20,039 --> 01:01:24,929

multi-dimensional level you're taking
care of businesses on all levels that's

683

01:01:24,929 --> 01:01:31,318

that's to why you can say like ETS or
spirits are really interested in us is

684

01:01:31,318 --> 01:01:37,079

because we have learned to master some
certain things that other races have not

685

01:01:37,079 --> 01:01:42,689

even encountered yet maybe we get it
seems like we get everything shoved at

686
01:01:42,688 --> 01:01:47,219
us down there we get together we get the
bad we get the extremes and as soon as

687
01:01:47,219 --> 01:01:51,418
these other beings really seem like
they're like what's going on down there

688
01:01:51,418 --> 01:01:57,088
like we'll help but we really we really
don't understand that we've never been

689
01:01:57,088 --> 01:02:02,938
there before so the other got to look at
it like that - like why certain being

690
01:02:02,938 --> 01:02:07,168
isn't do it it's because it's not
thinking my dear that it's not not in

691
01:02:07,168 --> 01:02:12,568
human terms now there are things that
you can't get at play ins of this I

692
01:02:12,568 --> 01:02:16,739
would truly believe we get a lot of
contact from them because we can look at

693
01:02:16,739 --> 01:02:22,588
them as our net what we're going to our
next step they look you know just like

694
01:02:22,588 --> 01:02:27,989
that's very beautiful but they strictly
focus on the soul who gets appointed to

695
01:02:27,989 --> 01:02:32,369
this position it's based on what soul
work you've got what you have done for

696
01:02:32,369 --> 01:02:36,689
that community what spiritual work you
have contributed for the community and

697
01:02:36,688 --> 01:02:41,849

that determines your position and
but part of a black Confederation or

698

01:02:41,849 --> 01:02:47,119
council its what soul work you of diet
not like how much money you grow and

699

01:02:47,119 --> 01:02:53,219
what have you domed your soul I've heard
some interesting stories behind that -

700

01:02:53,219 --> 01:02:59,969
James talks about went from on the play
ds1 one of the systems and the play DS

701

01:02:59,969 --> 01:03:04,169
what they do at a young age with their
children is take them up on the light

702

01:03:04,170 --> 01:03:10,039
ships and the light ship starts out in
physical and then when it shifts it goes

703

01:03:10,039 --> 01:03:13,980
materializes out and collides so
basically from a young age that's kind

704

01:03:13,980 --> 01:03:18,719
of like a little near-death experience
they experience the one with as the ship

705

01:03:18,719 --> 01:03:23,309
expands out they experience being one
with everything and then the ship those

706

01:03:23,309 --> 01:03:28,259
physical they have that experience as a
young age that sounds very likely

707

01:03:28,260 --> 01:03:30,900
there's something like that actually
could be taking place

708

01:03:30,900 --> 01:03:36,630
seeing how advanced these visitors are
either extremely advanced it's very

709

01:03:36,630 --> 01:03:42,119
interesting and yeah that's definitely
one of the places I would highly

710

01:03:42,119 --> 01:03:48,960
recommend checking out if you don't have
and then of course for some people they

711

01:03:48,960 --> 01:03:52,050
might see it and none of it might work
for them they my kind of us is a

712

01:03:52,050 --> 01:03:56,550
different way that's cool too
I'm Jane like I said Jane James isn't

713

01:03:56,550 --> 01:04:05,220
the the Messiah he just has this way
that's helped it's a template and a time

714

01:04:05,219 --> 01:04:08,969
that we really needed a template when we
were really on the path of

715

01:04:08,969 --> 01:04:15,149
self-destruction we needed that template
thank thankful he got it started up when

716

01:04:15,150 --> 01:04:21,530
he did it that place is just blown up
the past couple years it used to be

717

01:04:21,530 --> 01:04:25,860
maybe out of the year maybe a hundred
people would go there now there's

718

01:04:25,860 --> 01:04:30,300
thousands of people from all around the
world that go there yeah I've met people

719

01:04:30,300 --> 01:04:34,580
from almost every ethnicity at that
place very good I've never had any

720

01:04:34,579 --> 01:04:40,739
negative or anything like that there the
only thing is your so you do have to

721
01:04:40,739 --> 01:04:45,149
check yourself now that's not saying
that you're going to go there with this

722
01:04:45,150 --> 01:04:49,200
baggage and someone's going to die oh we
don't want you here no it's not like

723
01:04:49,199 --> 01:04:53,439
that it but it is up to you to deal with
with your baggage there

724
01:04:53,440 --> 01:04:57,639
and there's emotional outburst
especially now with the Schumann

725
01:04:57,639 --> 01:05:01,989
resonance knowing that there's emotional
outburst there's everything I'm I'm

726
01:05:01,989 --> 01:05:07,239
constantly myself having the whoa-whoa
over that that what did you just do and

727
01:05:07,239 --> 01:05:13,149
you know maybe something simple like
you're really hungry at the way food and

728
01:05:13,150 --> 01:05:18,010
you kind of get in this mindset
oh I'm angry right now but then oh check

729
01:05:18,010 --> 01:05:23,650
yourself and that's not maybe not just
be coming from you it's because we're

730
01:05:23,650 --> 01:05:26,829
being pumped with energy right now
anybody can go look at the human

731
01:05:26,829 --> 01:05:33,009
residents charts especially the past

couple weeks and see scientifically

732

01:05:33,010 --> 01:05:36,910
there's something going on there's
something juicing us right now just in

733

01:05:36,909 --> 01:05:41,259
that Schumann resonance up so that could
cause all sorts things and then also

734

01:05:41,260 --> 01:05:46,420
that the CME's the coronal mass
ejections from the sign cause a very

735

01:05:46,420 --> 01:05:52,110
very intensive Peck bottles from those
hitters and you can always tell now as

736

01:05:52,110 --> 01:05:56,800
the days it's real windy and that's
actually usually a wind from the sign

737

01:05:56,800 --> 01:06:02,500
we're actually getting a solar or a mass
ejection at that point we're filling the

738

01:06:02,500 --> 01:06:07,090
sun's solar wind actually that's that I
actually tell you elements were

739

01:06:07,090 --> 01:06:15,760
connected and this electric universe and
then I just contacts been going on so

740

01:06:15,760 --> 01:06:22,360
long you can see clear evidence in the
past one the best I think is a table or

741

01:06:22,360 --> 01:06:27,970
table to see how advanced those people
were that places in Mexico and not only

742

01:06:27,969 --> 01:06:34,379
is all the buildings made of Lanka and
mercury flowing other the main avenue of

743
01:06:34,380 --> 01:06:39,430
the site
it looked instead of a circuit a giant

744
01:06:39,429 --> 01:06:45,699
circuit board so that tells you a lot
like sometimes knowledge you could be

745
01:06:45,699 --> 01:06:50,049
getting is because in a way our
ancestors have already already

746
01:06:50,050 --> 01:06:55,390
technologically been super advanced that
helped the world so you could be tapping

747
01:06:55,389 --> 01:06:59,170
in sometimes I'll have some things
coming in like where is this coming from

748
01:06:59,170 --> 01:07:03,610
and then sometimes I'll get like it's
because you in a way have been here

749
01:07:03,610 --> 01:07:07,309
before a part of you has been here and
as in no

750
01:07:07,309 --> 01:07:11,329
another lifetime or something because
it's some things like some technical

751
01:07:11,329 --> 01:07:20,119
information like recently had this this
was real crazy I woke up there in the

752
01:07:20,119 --> 01:07:25,608
middle of the night I mean just spilling
some stuff I made it clear and so one of

753
01:07:25,608 --> 01:07:30,498
the parts was I this isn't the first
time did I actually I heard music coming

754
01:07:30,498 --> 01:07:38,899

out of my fan and the music was like not
even sure it what kind of instrument

755

01:07:38,900 --> 01:07:45,289

book but that music was telling me was
that not the stars up in the sky they

756

01:07:45,289 --> 01:07:49,579

play like an instrument and they play in
the life but that music was telling me

757

01:07:49,579 --> 01:07:53,839

you know this music didn't come from
here i what he means like this music

758

01:07:53,838 --> 01:08:02,808

functional stars everything was oh so
all the stars are like notes playing up

759

01:08:02,809 --> 01:08:08,749

there they're playing life and existence
okay and as some information will come

760

01:08:08,748 --> 01:08:13,068

that I've like where did this come from
and then sure enough Yolo you'll check

761

01:08:13,068 --> 01:08:15,858

in on people like Tesla see what there
was saying

762

01:08:15,858 --> 01:08:19,698

very intelligent people in there it
basically saying the exact same thing

763

01:08:19,698 --> 01:08:31,000

and is this it's trippy life like the
full book yeah yeah exactly is tripping

764

01:08:31,000 --> 01:08:38,149

yeah it's a it's just a wild ride any
it's hard to if you don't have anyone to

765

01:08:38,149 --> 01:08:40,358

talk to

766
01:08:40,509 --> 01:08:47,000
once you find those right people
basically it starts to click as you see

767
01:08:47,000 --> 01:08:51,048
in a way everybody's having the same
experiences they just have their piece

768
01:08:51,048 --> 01:08:56,298
of the pie when you really like the
whole lot people are starting to connect

769
01:08:56,298 --> 01:09:02,838
now yes thank you thankfully interesting
interest in times will it really is very

770
01:09:02,838 --> 01:09:07,338
I'm very actually I can finally say I'm
very excited to be alive at this point

771
01:09:07,338 --> 01:09:12,710
and so if you would ask me this 10 years
ago I'm too depressed err yeah just said

772
01:09:12,710 --> 01:09:16,219
it's amazing times it's just going to
keep going to because you got to think

773
01:09:16,219 --> 01:09:18,920
to you will eventually do the
extraterrestrials

774
01:09:18,920 --> 01:09:23,630
will eventually be the ones going out
I truly think we've got off the path of

775
01:09:23,630 --> 01:09:27,739
self-destruction at the right time will
Wolfie date is one day we'll be going

776
01:09:27,739 --> 01:09:30,649
out to help the other planets and
following universal laws

777
01:09:30,649 --> 01:09:34,519

we're getting there and it's not too far
away I don't know I think that

778

01:09:34,520 --> 01:09:38,750
technologies are too here to tell you
the truth it's just getting it out to

779

01:09:38,750 --> 01:09:43,819
the public I know a lot of people are
planning on releasing a lot they now

780

01:09:43,819 --> 01:09:50,409
NASA's all of a sudden started its race
to inhabit the moon now I actually think

781

01:09:50,409 --> 01:09:59,389
the source behind when Trump was doing
is freeing of a lot of cabal stuff where

782

01:09:59,390 --> 01:10:05,000
I truly think this this year was our
major turning point as I like I said

783

01:10:05,000 --> 01:10:09,890
that Forks I've been doing my whole life
I've been feeling a certain way and in

784

01:10:09,890 --> 01:10:14,270
this one like I received this message
about the cleanup process taking place

785

01:10:14,270 --> 01:10:20,270
of charge and I feel this force saying
it's happening now I'm like that the

786

01:10:20,270 --> 01:10:26,330
thing I've been waiting they said yes it
is happening now use this energy okay

787

01:10:26,329 --> 01:10:32,779
check so I I am surely you can still see
I think a lot of you're still skirting

788

01:10:32,779 --> 01:10:37,130
around it because nobody wants to be the
guy it's like oh it's happening guys

789

01:10:37,130 --> 01:10:42,949

it's like it didn't happen

it's like but we are not in a

790

01:10:42,949 --> 01:10:47,720

necessarily overnight on going like this

everything different we are changing

791

01:10:47,720 --> 01:10:52,970

right now it's on a scientific level an

economic level on every level they're

792

01:10:52,970 --> 01:10:56,619

all part of it you can you can run

probably your best thing to do to is

793

01:10:56,619 --> 01:11:00,399

especially when you know you're hooked

up the Creator I mean this stuff

794

01:11:00,399 --> 01:11:05,809

sometimes get heart palpitations just

from this energy and you know get to the

795

01:11:05,810 --> 01:11:09,500

point your mind starts wanting the rapid

and you'll find out the best thing to do

796

01:11:09,500 --> 01:11:13,670

is just surrender to create it like you

have all of this going on your turn the

797

01:11:13,670 --> 01:11:17,480

record there ask oh my gosh filling this

I'm blowing this and like okay I can't

798

01:11:17,479 --> 01:11:24,679

do this anymore I'm just concerned

they're afraid it okay I'm good now I'm

799

01:11:24,680 --> 01:11:28,579

good I'll let it go

thank you so much will for giving us

800

01:11:28,579 --> 01:11:33,019
your time to talk to us today and it
would be great to have you back on again

801
01:11:33,020 --> 01:11:36,760
will Oh
any time and it's time yeah anybody go

802
01:11:36,760 --> 01:11:40,150
up make contact don't wait your your
what you've been waiting on don't make

803
01:11:40,149 --> 01:12:11,659
contact they're waiting on you
