7
00:02:10,090 --> 00:02:14,170
welcome to the show everyone I am your
host Nik hunter and we got a great show

8
00:02:14,169 --> 00:02:18,250
lined up for you tonight we have two
guests on this episode both with

9
00:02:18,250 --> 00:02:23,289
interesting counters the first is Steve
and his sighting took place in Tyldesley

10
00:02:23,289 --> 00:02:29,229
in Manchester in September 2009 while he
was attending a family event and then

11
00:02:29,229 --> 00:02:33,250
we're gonna be going over the pond to
California to talk to Jay about his

12
00:02:33,250 --> 00:02:37,169
sighting of a large craft he witnessed
in 1978 when he was 15

13
00:02:37,169 --> 00:02:39,729
our guest today

14
00:02:39,729 --> 00:02:45,310
is Steve and Steve comes to us from
Manchester his sighting occurred back in

15
00:02:45,310 --> 00:02:49,239
2009
welcome to the show Steve pleasure

16
00:02:49,239 --> 00:02:54,280
to be on thanks for coming on today man
can you set the scene for our audience

17
00:02:54,280 --> 00:02:58,840
and just walks into exactly what
happened and what you experienced yeah

18
00:02:58,840 --> 00:03:04,569
sure so like it's Saturday
afternoon I was a word basically and the

19
00:03:04,568 --> 00:03:08,229
parents for me reminded me that was
going to well the wanted me to go to

20
00:03:08,229 --> 00:03:13,689
like a family gathering because it was
one of my family members is 21st so

21
00:03:13,689 --> 00:03:19,030
basically the day where I've got to 7
o'clock finished word drove on out of

22
00:03:19,030 --> 00:03:26,560
shower got change they start over went
down to my relatives home makes it add

23
00:03:26,560 --> 00:03:32,829
something to eat this time nobody got to
about 10-ish basically talking outside

24
00:03:32,829 --> 00:03:37,269
my relatives this sudden nobody the time

was getting dragging on a little bit and

25

00:03:37,269 --> 00:03:43,139

I decided fuck at the side of the house
yep like a driveway and the driveway saw

26

00:03:43,139 --> 00:03:47,739

Volvo looks like a foot fields which
probably goes on for about two or three

27

00:03:47,739 --> 00:03:53,349

miles you know various like sheep in you
know and you've got that calm field and

28

00:03:53,349 --> 00:03:57,638

things were hot so decided to go around
have a cigarette and the father followed

29

00:03:57,639 --> 00:04:03,670

me around and either stops to be in
front of me and beside him a it was four

30

00:04:03,669 --> 00:04:10,208

or a five individuals also smoking a
cigarette as I stood there I was walking

31

00:04:10,209 --> 00:04:14,109

out over there over the comm field which
is kind of lower than natural worden at

32

00:04:14,109 --> 00:04:19,239

the position that was stood and I looped
off and to the right-hand side of the

33

00:04:19,238 --> 00:04:23,649

oven in one of the fields an honest
although first it was a little

34

00:04:23,649 --> 00:04:30,159

there's like a little white pulsing line
so I'm sorry so looking something

35

00:04:30,160 --> 00:04:33,370

doesn't mean we definitely father-tsar
talking to me I'm looking out over this

36
00:04:33,370 --> 00:04:37,180
field in this light it starts getting a
bit bigger and they're like pulse in a

37
00:04:37,180 --> 00:04:42,069
bit morning like white first and then as
it was like pulsing out it was going a

38
00:04:42,069 --> 00:04:47,228
bit blue and eluted it at first sort of
all eyes got be a helicopter you know

39
00:04:47,228 --> 00:04:52,719
office probably somebody done something
I'll commit the crime Eric and they've

40
00:04:52,720 --> 00:04:55,960
gone off into the field maybe stole a
car or something why they've gotta burn

41
00:04:55,959 --> 00:04:59,680
the out the police are following because
I'm looking over about looking over

42
00:04:59,680 --> 00:05:04,810
again I know it's that the the object of
a lie or whatever it was was basically

43
00:05:04,810 --> 00:05:09,939
lowdown in the field it wasn't high up
in the sky it was some law going that

44
00:05:09,939 --> 00:05:16,538
probably about I'd say sixty to seventy
four above the actual you know what

45
00:05:16,538 --> 00:05:21,430
virtual field so and I couldn't hear any
helicopter noise there's any any blades

46
00:05:21,430 --> 00:05:25,840
and if you like on see any flashy
taillights and it was just this white

47
00:05:25,839 --> 00:05:30,819

light which would start pulsing
basically was going to like a blue light

48
00:05:30,819 --> 00:05:35,199
and then back to saw a white light and
he got brighter and brighter and

49
00:05:35,199 --> 00:05:39,220
brighter than pulsed outside like a
bluish color was tinged to transgender

50
00:05:39,220 --> 00:05:44,860
and got really really bright know within
the blink of an eye moved it sort of

51
00:05:44,860 --> 00:05:51,460
moved from one field which and then sort
of went across into another part of a

52
00:05:51,459 --> 00:05:57,489
different field but it was still the
same eye and I always remember because

53
00:05:57,490 --> 00:06:01,569
we dad was talking to me and I was like
I was just transfixed with what was

54
00:06:01,569 --> 00:06:05,110
seeing cuz why you know what his I can't
be another cop so like I said there's no

55
00:06:05,110 --> 00:06:08,740
flashing lights this time numerous I was
looking and looking at it and it was

56
00:06:08,740 --> 00:06:13,210
doing the same thing again and it was
there probably for about a minute or so

57
00:06:13,209 --> 00:06:18,009
and was doing this pulsing light sort of
thing really bright and then saw a fade

58
00:06:18,009 --> 00:06:22,658
you know I'm going to this like bluish
saw pulling and back against like a no

59

00:06:22,658 --> 00:06:26,918

not as bright but then really bright and
it was doing this like I said it for

60

00:06:26,918 --> 00:06:32,199

about a minute and then all of a sudden
it just told me right a mood and at the

61

00:06:32,199 --> 00:06:36,490

bottom of the path where it goes down is
a football field

62

00:06:36,490 --> 00:06:40,870

where
BLTs saw drives our thing is you looking

63

00:06:40,870 --> 00:06:45,478

down over that he's like a yellow sort
of chip a chip in puff what goes down

64

00:06:45,478 --> 00:06:50,050

right at the bottom of their kind of
like a junction with other pups and

65

00:06:50,050 --> 00:06:54,490

there's a brook what was on the
right-hand side parallel to the field at

66

00:06:54,490 --> 00:06:59,050

the bottom of there's a man-made
waterfall there's some treatment

67

00:06:59,050 --> 00:07:03,098

addition but for four or five trees on
to the right-hand side of it just before

68

00:07:03,098 --> 00:07:07,628

you get up to the wild hog though the
objects it moved and it was probed

69

00:07:07,629 --> 00:07:15,249

probably I'd say about 74 both where the
waterfall was and it did this massive

70

00:07:15,249 --> 00:07:19,270
great big white pulse alight for this
light sauce stayed there and it was like

71
00:07:19,269 --> 00:07:23,168
it's just stayed whining then he pulls
together so I went down it's like a

72
00:07:23,168 --> 00:07:27,310
smaller line and then it went blue then
white again

73
00:07:27,310 --> 00:07:30,879
and then pull snow again but this time
it was like instead of being like a ball

74
00:07:30,879 --> 00:07:35,349
shaped something light went out saw a
longer shape and then he went back

75
00:07:35,348 --> 00:07:39,449
inside the ball shape and then all of a
sudden he went blue and then disappeared

76
00:07:39,449 --> 00:07:45,249
and I'm stood there looking at it you
know this still people beside me and

77
00:07:45,249 --> 00:07:48,430
they're still talking they're having a
conversation or a can't remember what

78
00:07:48,430 --> 00:07:53,709
conversation but it was in full swing
conversation the dad was talking to me

79
00:07:53,709 --> 00:07:58,120
but he wasn't looking out there and I
was looking over but where this don't

80
00:07:58,120 --> 00:08:01,120
worry the puppy's at the end of the
cornfield where this man-made waterfall

81
00:08:01,120 --> 00:08:04,629
things and I was looking at I could

Saleh could see me like a dark

82

00:08:04,629 --> 00:08:10,300
silhouette and I'm looking at this thing
and I'm you know what is that you know

83

00:08:10,300 --> 00:08:15,069
in the human you looking at thing you
stir in it's in me try and see and he

84

00:08:15,069 --> 00:08:19,028
was Ackley and I and it was it was over
there's been a warm day but it's quite

85

00:08:19,028 --> 00:08:23,379
cool so you know the sky was clear there
was no closure if you watch you could

86

00:08:23,379 --> 00:08:29,740
see this this silhouette had something
and the next thing I knew I was looking

87

00:08:29,740 --> 00:08:38,049
at and he started coming towards us now
I'm sorry about 20 30 maybe 24 elevated

88

00:08:38,049 --> 00:08:42,218
above the cornfield on like a platform
overlooking this and this is coming

89

00:08:42,219 --> 00:08:50,050
towards us so I'd say it was 74 above
where the actual moiré forest so as it's

90

00:08:50,049 --> 00:08:52,990
coming towards me
getting higher an ayah but all you could

91

00:08:52,990 --> 00:08:58,000
see it at one point was just like a dark
object like a disc-shaped objects and

92

00:08:58,000 --> 00:09:03,970
it's coming it wasn't going fast because
he gradually coming towards and come in

93
00:09:03,970 --> 00:09:08,830
Salah sequence was probably about
two-thirds of the way over the comm

94
00:09:08,830 --> 00:09:15,490
field the underside of it little and it
was full like light sources from

95
00:09:15,490 --> 00:09:19,830
underneath it like strips and in the
center there was a full light sauce

96
00:09:19,830 --> 00:09:25,840
light sources on the strips I can only
best describe that anybody's seen

97
00:09:25,840 --> 00:09:29,649
blackening an office building or
anywhere like that were to have a

98
00:09:29,649 --> 00:09:32,409
suspended ceiling they have strip lights
underneath there

99
00:09:32,409 --> 00:09:38,019
and it has that like frosted white
paneling on it and it keeps the light

100
00:09:38,019 --> 00:09:43,840
very dull the power lights will lie that
number at least for like areas where it

101
00:09:43,840 --> 00:09:48,970
was left so at that point it's coming
further it was coming more and more

102
00:09:48,970 --> 00:09:53,790
towards us but there was no noise or
anything there was no there was no wind

103
00:09:53,789 --> 00:09:59,649
there's nothing to perfectly still night
at that point then it was right over the

104
00:09:59,649 --> 00:10:06,069

top of us and I would say it it was probably anything up to 240 bubbles no

105
00:10:06,070 --> 00:10:12,790
this objects it was dis show the actual like I describe the light paneling it

106
00:10:12,789 --> 00:10:16,449
was like a delight poem from like a suspended ceiling with the strip twice

107
00:10:16,450 --> 00:10:20,379
it was quiet it wasn't bright light it was dull but it was it was lying enough

108
00:10:20,379 --> 00:10:25,120
so you could just see beyond the side of it and it was a very very very dollish

109
00:10:25,120 --> 00:10:32,289
metallic looking surface to it but because the actual lining was as clear

110
00:10:32,289 --> 00:10:34,838
as day
and he couldn't you know you could make

111
00:10:34,839 --> 00:10:41,350
out the edge of it and I would say in Dhyana is probably 52 to 53 foot in

112
00:10:41,350 --> 00:10:49,750
diameter this was above us and I wish I was like you know and I mean I've heard

113
00:10:49,750 --> 00:10:53,980
Jenny rumbles his bones and she mentions about our spots and when you're

114
00:10:53,980 --> 00:10:58,210
underneath something like that it's like what something what could probably be

115
00:10:58,210 --> 00:11:03,730
ten to thirty seconds seemed like about four or five minutes and it was over the

116
00:11:03,730 --> 00:11:07,120
top of us
just rested and are always remember I

117
00:11:07,120 --> 00:11:13,480
was looking up at it and it was like a
really weird feeling of like just like

118
00:11:13,480 --> 00:11:17,800
his still us and what something peaceful
sort of feeling and like a bit of night

119
00:11:17,799 --> 00:11:24,459
do you thoria but something like that
and at that point people decide where

120
00:11:24,460 --> 00:11:27,970
they were David also they were also
viewing this because one of the girls

121
00:11:27,970 --> 00:11:32,560
said what how is that and this lad said
I don't know what it is and she said

122
00:11:32,559 --> 00:11:38,009
what is that and at that point from
something probably 200 foot above was

123
00:11:38,009 --> 00:11:46,929
probably 52 to 53 foot in diameter less
you know the you don't doesn't metallic

124
00:11:46,929 --> 00:11:52,469
thing to it and he's like but this a
very dull white light pounds sure a

125
00:11:52,470 --> 00:11:58,290
really really fast ray and I mean it
went from something that big to

126
00:11:58,289 --> 00:12:05,528
something like the size of an eel point
and just completely disappeared you know

127

00:12:05,528 --> 00:12:10,720
and it was it it was amazing to see I
was seven skeptical about all this stuff

128
00:12:10,720 --> 00:12:16,509
yeah but one of that that was a cut was
one thing I'll never forget the like and

129
00:12:16,509 --> 00:12:22,059
when it went I didn't think anything
about it just basically I just love

130
00:12:22,059 --> 00:12:27,189
loops so smile to myself look to the
people beside him it they saw lutes at

131
00:12:27,190 --> 00:12:31,390
me Luke's me done II didn't even see it
and Fabri he was too busy double of his

132
00:12:31,389 --> 00:12:35,949
talking something else but he didn't see
it so I just stood there for about

133
00:12:35,950 --> 00:12:41,980
couple of minutes you know sauce smiles
meself like walk round into the garden

134
00:12:41,980 --> 00:12:46,570
at the front and I was just so I sat
down on the step of I just seen what you

135
00:12:46,570 --> 00:12:52,839
see and I just should be add I'm
basically carried on with the rest of

136
00:12:52,839 --> 00:12:57,070
the evening and at that point I didn't
think anything more about it it was just

137
00:12:57,070 --> 00:13:02,129
one of them it was just one moment in
time I'd say really you know it was

138
00:13:02,129 --> 00:13:10,809
quite an amazing sight to see you know I

see it was amazing you shoot like I said

139

00:13:10,809 --> 00:13:14,439

it's just one of them things you'd never expect to see something like learning

140

00:13:14,440 --> 00:13:18,150

life and some people think and your father never saw it

141

00:13:18,149 --> 00:13:23,549

no I asked my father about it I asked him did he say anything and he said no

142

00:13:23,549 --> 00:13:28,439

he not didn't say anything I was too busy I was talking to you but he was

143

00:13:28,440 --> 00:13:32,280

looking at something he was transferred to something and then at that point I

144

00:13:32,279 --> 00:13:36,720

lost the interest in stereo talking to somebody else because I he said we was

145

00:13:36,720 --> 00:13:41,399

stood side onto him know at that point I couldn't see that because I was too busy

146

00:13:41,399 --> 00:13:46,500

obviously the last thing I saw before it came across was Lutz across her and Vic

147

00:13:46,500 --> 00:13:50,460

dad was studying from there no they were that stole the sign of these people and

148

00:13:50,460 --> 00:13:55,190

I never asked them after I never asked them on that night did they see it

149

00:13:55,190 --> 00:13:58,890

because I just thought it was one of their moments of life didn't really see

150
00:13:58,889 --> 00:14:05,009
that he's out was a moment of life some
kind of mini break don't listen Finn Wow

151
00:14:05,009 --> 00:14:08,939
you know some kind of it was something
had gone I don't know

152
00:14:08,940 --> 00:14:12,960
well yeah it's just to this day I've
asked him about it he said I didn't say

153
00:14:12,960 --> 00:14:18,750
anything you know he's he's very
skeptical but he says they understand me

154
00:14:18,750 --> 00:14:23,669
you know the way you feel about things
and the way that you feel about what you

155
00:14:23,669 --> 00:14:27,870
saw but he said so this day I'm still
skeptical so I see one yourself that's

156
00:14:27,870 --> 00:14:32,820
it no I mean sheesh Amy wasn't looking
at that upset that to him I said to him

157
00:14:32,820 --> 00:14:36,540
you know all you needed to do is just
look oh it wasn't over yet

158
00:14:36,539 --> 00:14:40,079
it was hovering there over yet why don't
you just walk off everybody else was

159
00:14:40,080 --> 00:14:44,160
looking I know I was definitely I was
definitely you know and I know the

160
00:14:44,159 --> 00:14:49,439
people next to me was looking up because
the reaction that they up to it the

161
00:14:49,440 --> 00:14:54,540

interesting thing is when it Nick as
well is that after the event I didn't

162

00:14:54,539 --> 00:14:58,799
really think anything much about it
never crossed my mind

163

00:14:58,799 --> 00:15:03,299
anything like it was only probably a
couple weeks maybe a month assault I was

164

00:15:03,299 --> 00:15:07,709
woke up one morning I was lying in bed
and then so I had some kind of a

165

00:15:07,710 --> 00:15:11,790
flashback of it
and it saw it was like a somebody

166

00:15:11,789 --> 00:15:16,259
playing a video taping you ready was
like a rerun of it all again and at that

167

00:15:16,259 --> 00:15:21,029
point I thought well you know I'm pretty
much of the same line I'm hammered down

168

00:15:21,029 --> 00:15:26,490
to earth guy you know obviously there
was people there so beside me so I got

169

00:15:26,490 --> 00:15:31,049
in touch with a family member about
inquiring about yeah I don't think she

170

00:15:31,049 --> 00:15:33,688
didn't
we see it was five friends of those who

171

00:15:33,688 --> 00:15:39,389
actually saw it and I asked her would
she make inquiries on my behalf about

172

00:15:39,389 --> 00:15:42,409
you know that to her friends did you see
it

173
00:15:42,409 --> 00:15:46,618
senator quite along better than email
about it saying this is what seeing this

174
00:15:46,619 --> 00:15:48,809
sound over and you know I'm not
stir-crazy

175
00:15:48,808 --> 00:15:55,438
it was definitely slow this thing and a
bit correspondence for about two weeks a

176
00:15:55,438 --> 00:16:00,058
song and I got an email back offer same
basic way they didn't see anything they

177
00:16:00,058 --> 00:16:05,368
don't want to talk about it no I'm not
going to disclose what professions a day

178
00:16:05,369 --> 00:16:10,439
without what they have pretty good jobs
why I have jobs you're eight and they

179
00:16:10,438 --> 00:16:14,368
don't they didn't want to talk about
advice that way and don't email or again

180
00:16:14,369 --> 00:16:18,329
on that matter generally when people say
we didn't see anything we don't to talk

181
00:16:18,328 --> 00:16:22,078
about it that means it did see something
but they don't talk about it and all for

182
00:16:22,078 --> 00:16:24,958
fact they did see something because like
I said to get stood side of me and

183
00:16:24,958 --> 00:16:31,229
what's it was over I read it it was like
positioned at what wasn't I heard two of

184

00:16:31,230 --> 00:16:36,869
them say what the hell is up and then
the lump one of the lads said I don't

185
00:16:36,869 --> 00:16:40,350
know what it is and you know one said
what the hell is that

186
00:16:40,350 --> 00:16:43,589
and then like I said fifty three foot in
diameter

187
00:16:43,589 --> 00:16:49,949
straight up click of a finger like up
needlepoint gum you know and so somebody

188
00:16:49,948 --> 00:16:53,248
did see something what they don't want
to talk about and I can understand that

189
00:16:53,249 --> 00:16:57,889
I mean you you see were like you know
airline pilots people but you know

190
00:16:57,889 --> 00:17:01,350
professional jobs they don't worry you
don't want to talk about this they don't

191
00:17:01,350 --> 00:17:04,889
want to talk about because obviously
they didn't feel a really cure potential

192
00:17:04,888 --> 00:17:08,849
losing the job there's some on the other
and that's understandable but you know I

193
00:17:08,849 --> 00:17:14,490
definitely know that they saw something
that night and did you repeat sayin I

194
00:17:14,490 --> 00:17:22,048
didn't report it at first I was kind of
in sort of like a way of liar in denial

195
00:17:22,048 --> 00:17:26,129
with it at first you within yourself

really I mean like I said she was I woke

196

00:17:26,130 --> 00:17:29,789

up up dating back then it was like it
all flashback and still to this day I

197

00:17:29,788 --> 00:17:35,129

see it now really it's still like you
know some DVD on your brain and it you

198

00:17:35,130 --> 00:17:42,210

can replay it it's as clear as day but
it's on it when I start I started

199

00:17:42,210 --> 00:17:45,480

looking into it myself because a very
skeptical by it

200

00:17:45,480 --> 00:17:51,269

before ever sighing you know I was like
you know maybe maybe not always been a

201

00:17:51,269 --> 00:17:54,899

big fan I like Carl Sagan once the
partners at kidding me it was only

202

00:17:54,898 --> 00:18:00,778

probably a complete two years later I've
got a soft place because it was inside

203

00:18:00,778 --> 00:18:05,730

it was why he you know ain't me I mean
it was something that I needed to go I

204

00:18:05,730 --> 00:18:10,319

just felt inside that I needed to talk
to somebody about it so then actually

205

00:18:10,319 --> 00:18:15,750

reported missing two before what do you
think you saw that night you Steve to be

206

00:18:15,750 --> 00:18:23,190

honest with you I really don't know like
you said in the report I work on the the

207

00:18:23,190 --> 00:18:27,509

Liverpool John Lennon flying crafts I
live under the man who Manchester

208

00:18:27,509 --> 00:18:33,089

Ringway flight paths you know ask like I
said I've spent a lot of time I spend a

209

00:18:33,089 --> 00:18:36,689

lot of time at night walking your dog
when I get home from work and in the

210

00:18:36,690 --> 00:18:41,880

fields and stuff I've got always been
interested in astronomy and things lying

211

00:18:41,880 --> 00:18:47,250

ah come on it's of interest with light
military aircraft and things you know

212

00:18:47,250 --> 00:18:51,148

just general things you see in news
clippings you see about certain things

213

00:18:51,148 --> 00:18:55,349

like stealth bombers and stop bar but I
don't like that when I saw that night

214

00:18:55,349 --> 00:19:02,548

the way that the object was above us
went up like litter the click of a thing

215

00:19:02,548 --> 00:19:07,918

of them like it said something the
diameter of 50 to 250 3/4 to something

216

00:19:07,919 --> 00:19:12,840

like within a split second up to a
needle point and they shoot off I don't

217

00:19:12,839 --> 00:19:16,470

think we've got anything laughs I don't
know every whether it is something we've

218

00:19:16,470 --> 00:19:21,659

got or whether it's I don't know who's
be extraterrestrial into dimension or

219

00:19:21,659 --> 00:19:26,460
something I don't know but I've never
seen anything like that you know and

220

00:19:26,460 --> 00:19:32,730
it's is he was an amazing thing to see
you I mean I don't know what it isn't

221

00:19:32,730 --> 00:19:37,048
I don't know what it was but I can say
basically I know what I saw I saw it I

222

00:19:37,048 --> 00:19:41,429
saw were the weight moved us all in the
side of a sort of dull metallic

223

00:19:41,429 --> 00:19:45,450
underside of it was like I said with the
light tunneling things laughs and so

224

00:19:45,450 --> 00:19:51,028
certainly did see it ball fly over above
us from 50 to 53 fox-like could give a

225

00:19:51,028 --> 00:19:54,750
finger straight off Neal Pike gum and
you know what it isn't

226

00:19:54,750 --> 00:19:59,109
unlike to think that we're not alone in
the universe you know I saw

227

00:19:59,109 --> 00:20:03,308
believe that we aren't I believe that
this sour things been going on since you

228

00:20:03,308 --> 00:20:10,298
know 19 1947 crazy baby before that at
least that's but only because what I saw

229

00:20:10,298 --> 00:20:15,460
the evening is sort of encouraging me to
like go out research look at things keep

230

00:20:15,460 --> 00:20:20,048

an open mind on things and then still be skeptical about why you followed you

231

00:20:20,048 --> 00:20:23,920

know whole you know I mean it's it's I'm not saying that I saw an alien ship and

232

00:20:23,920 --> 00:20:28,090

what saying yeah don't know what it was but it was fascinating and it was very

233

00:20:28,089 --> 00:20:32,319

interesting while saw Cindy made him what you did see it was amazing and

234

00:20:32,319 --> 00:20:37,418

still to this day like a sock and see it clear as day man and every other day

235

00:20:37,419 --> 00:20:42,070

assault I'll think about it I think you know I definitely you know I'm not I

236

00:20:42,069 --> 00:20:47,710

know what I saw I'm not even I know definitely no I saw and it's you know

237

00:20:47,710 --> 00:20:52,029

it's not something what imagination playing tricks I mean I definitely saw

238

00:20:52,029 --> 00:20:56,168

that you don't mean we weren't the only one yeah that's think that's the pie

239

00:20:56,169 --> 00:21:01,360

exactly and I could say why why I was are sort of like staring at this thing

240

00:21:01,359 --> 00:21:04,509

and you got this like I said to like Jenny rambles his are spikes or

241

00:21:04,509 --> 00:21:09,548
something what she writes both while
this is going on but beside me I could

242
00:21:09,548 --> 00:21:14,769
hear these people the sign they
commented on it so at that moment would

243
00:21:14,769 --> 00:21:18,579
have even know when I think about in the
mine I can still hear them saying what

244
00:21:18,579 --> 00:21:21,519
holds up I don't know what the hell is
that

245
00:21:21,519 --> 00:21:26,410
so it's you know I'm not imagining
anything like ha and like I said like I

246
00:21:26,410 --> 00:21:31,929
said to you I had correspondence and the
family member about it emails are all

247
00:21:31,929 --> 00:21:36,160
this Sunday over at dawn of the note
thing book of sup these years a few

248
00:21:36,160 --> 00:21:39,308
years ago enough to that I don't really
speak to her anymore and things like ah

249
00:21:39,308 --> 00:21:42,579
well they didn't want to talk and that's
understandable

250
00:21:42,579 --> 00:21:47,529
like I said they're pretty good job so
the jobs in pretty good position and you

251
00:21:47,529 --> 00:21:52,029
know what they was that they did witness
it because I did hear and say them

252
00:21:52,029 --> 00:21:55,450
comment on it you know I mean yeah and

basically that's what I saw that evening

253

00:21:55,450 --> 00:22:00,340

that's you know I've reported it like I
said do as other people seeing it and

254

00:22:00,339 --> 00:22:04,359

they say that's my story and that's
that's what I saw some people asked me

255

00:22:04,359 --> 00:22:07,509

about in some people don't
okay there's only certain people I'll

256

00:22:07,509 --> 00:22:11,660

tell sort of working things about people
ask me

257

00:22:11,660 --> 00:22:15,380

what about that but I want to talk I
want I've got to a point knowing what I

258

00:22:15,380 --> 00:22:18,560

want I wanted to talk about that you
know because these people like those

259

00:22:18,559 --> 00:22:22,909

that experiences like that have been
experiences I've had them and probably

260

00:22:22,910 --> 00:22:26,240

they don't want to talk about all they
do feel that they can't come out and

261

00:22:26,240 --> 00:22:29,779

talk about it you know I mean that's why
this is podcast important and it's

262

00:22:29,779 --> 00:22:33,289

important that people do because like I
said it does have an effect on you as a

263

00:22:33,289 --> 00:22:36,859

person one way are they over are you
know and like like we discussed before

264
00:22:36,859 --> 00:22:41,750
is so much going on we don't understand
and things like their user vote like

265
00:22:41,750 --> 00:22:45,710
weird things out yeah really get out and
talk about and the more people come out

266
00:22:45,710 --> 00:22:49,519
the more case that block the d.school
your honor it one that's right yeah I

267
00:22:49,519 --> 00:22:53,529
mean it's it's fair a boutique for a lot
of people as well yes I mean is it's

268
00:22:53,529 --> 00:22:58,250
coming on your shots and I am talking
about that a bit nervous about talking

269
00:22:58,250 --> 00:23:03,829
like because I've never talked some more
podcast open before you know but I feel

270
00:23:03,829 --> 00:23:06,919
better now yeah I feel like I haven't
got there the weight off my shoulders as

271
00:23:06,920 --> 00:23:11,480
voila even though discussed it why we
the friend close friends and girlfriends

272
00:23:11,480 --> 00:23:15,319
and things like out your parents feel a
bit better know that I've actually

273
00:23:15,319 --> 00:23:19,460
fucking people gonna hear what I'm going
to say only I'd like to welcome Jay to

274
00:23:19,460 --> 00:23:23,360
the show and Jay comes to us from
Berkeley in California

275
00:23:23,359 --> 00:23:28,609

welcome to the show Jay well thank you
very much Nick it might be with you I

276

00:23:28,609 --> 00:23:35,359
appreciate you coming on today it was a
scary very scary thinking about actually

277

00:23:35,359 --> 00:23:40,159
doing this because it's very difficult
to come out with stuff like this and I'm

278

00:23:40,160 --> 00:23:42,830
happy to do it
I'm more comfortable with you because

279

00:23:42,829 --> 00:23:47,659
this is what you do and I'm glad just
talk with somebody that is picking up

280

00:23:47,660 --> 00:23:52,070
all these stories and broadcasting in to
everybody else to make him feel a little

281

00:23:52,069 --> 00:23:56,059
more comfortable if you wanna start off
from the very beginning and then just

282

00:23:56,059 --> 00:24:03,169
work your way through my name is Jay de
Melo and I'd like to share my UFO

283

00:24:03,170 --> 00:24:08,960
experience and it started out when I was
15 years old this was before I even

284

00:24:08,960 --> 00:24:14,690
realized that there was UFOs I had no
idea wasn't ready for him it just

285

00:24:14,690 --> 00:24:20,120
happened to me and what happened to me
was my neighbor and I were having a

286

00:24:20,119 --> 00:24:25,399
sleepover in his backyard right next to
my backyard we both lived in corner

287

00:24:25,400 --> 00:24:30,440

so our backyards were very large very large that we had a we both have

288

00:24:30,440 --> 00:24:36,289

swimming pools in our backyard my neighbor which the yard I slept in had a

289

00:24:36,289 --> 00:24:44,170

putting green my house we had a pool bar in the backyard very large backyards and

290

00:24:44,170 --> 00:24:50,058

we had dressing rooms and all that and they were large and the house behind our

291

00:24:50,058 --> 00:24:55,670

two houses was it took up the length of both the act backyards so we're all kind

292

00:24:55,670 --> 00:25:02,570

of bunched in this corner lot and it was there a really day so I was sleeping in

293

00:25:02,569 --> 00:25:09,230

a lounge chair with John he was also 15 maybe 16 and we were in lounge chairs

294

00:25:09,230 --> 00:25:13,579

with sleeping bags sleeping next to the putting green

295

00:25:13,579 --> 00:25:18,678

John just kind of dozed off and I don't know exactly what time it was I'd say

296

00:25:18,679 --> 00:25:25,519

11:30 12:30 around that time and he was sleeping and I was just staring at the

297

00:25:25,519 --> 00:25:31,069

stars was taking a long time to sleep and we were right next to the heels by

298

00:25:31,069 --> 00:25:36,649
next to the free the main road in
Fremont and I'm looking down the hill

299
00:25:36,650 --> 00:25:43,640
line and I see what looks like a pyramid
of lights and I thought wow this is

300
00:25:43,640 --> 00:25:49,700
amazing there's there's jet fighters
flying in a pattern coming right over at

301
00:25:49,700 --> 00:25:54,110
his right towards us and I thought this
is really cool so I just had my eyes

302
00:25:54,109 --> 00:25:59,928
peeled on this so I'm thinking okay here
they come here they come

303
00:25:59,929 --> 00:26:06,769
and here they come and they were going
so slow I just couldn't fathom how

304
00:26:06,769 --> 00:26:12,558
fighter jets can go that slow and I'm
watching them and watching them all of a

305
00:26:12,558 --> 00:26:21,109
sudden the bottom two lights of the
pyramid went out and I was just in shock

306
00:26:21,109 --> 00:26:25,159
it's like where did those pilots go
that's really strange I didn't see him

307
00:26:25,160 --> 00:26:31,940
leave they just disappeared so now we
have a top light under that we have two

308
00:26:31,940 --> 00:26:37,220
lights and under those we have two more
lives in a pyramid so I'm watching the

309
00:26:37,220 --> 00:26:41,630
thing and realizing that

is going very slow and the next two

310

00:26:41,630 --> 00:26:48,320
lights up went out also and at that
point I was just completely dumbfounded

311

00:26:48,319 --> 00:26:55,039
I couldn't figure out what was going on
so it was getting so close it must have

312

00:26:55,039 --> 00:27:02,119
been maybe five houses away from us the
last light disappeared it was gone and

313

00:27:02,119 --> 00:27:08,059
at that point I would realize that all I
saw was a black circle that was blocking

314

00:27:08,059 --> 00:27:14,750
out all the stars and I don't really
remember what I was thinking at this

315

00:27:14,750 --> 00:27:21,200
point but I was staring at the thing
blocking out the stars and it came to my

316

00:27:21,200 --> 00:27:25,700
backyard which was right next door to
the backyard I was in and then it came

317

00:27:25,700 --> 00:27:33,970
directly over us and I realized I saw a
green light on one side of the circle

318

00:27:33,970 --> 00:27:38,690
orange light on one side a circle and a
white light on the other side of the

319

00:27:38,690 --> 00:27:46,009
circle on this between the two lights
and I just was a knob staring at this

320

00:27:46,009 --> 00:27:50,000
thing
and it came over really slow right above

321
00:27:50,000 --> 00:27:55,309
our tree backyards it took up the size
of the whole tree backyards this big

322
00:27:55,309 --> 00:28:03,349
round circle thing and I'm staring at it
and you know when it was about two yards

323
00:28:03,349 --> 00:28:07,759
over I want to add this in I was
screaming at John to wake up he was next

324
00:28:07,759 --> 00:28:13,660
to me I said John John John and he
wouldn't wake up and when this thing got

325
00:28:13,660 --> 00:28:19,670
halfway over the backyard that I was in
I hit him with my hand and I was

326
00:28:19,670 --> 00:28:25,220
screaming John John and he wouldn't move
he was sleeping so hard I figured and

327
00:28:25,220 --> 00:28:31,220
and by the time this thing covered the
three backyards it was directly over me

328
00:28:31,220 --> 00:28:37,309
I was just I didn't know it's a I don't
know if I was dribbling or shaking or

329
00:28:37,309 --> 00:28:45,500
what but I I went under that I heard the
thing the engines go off it completely

330
00:28:45,500 --> 00:28:50,660
shut down and it was hovering directly
above was probably 60 to 80 feet above

331
00:28:50,660 --> 00:28:55,920
us and it
just sitting there and at that point I

332
00:28:55,920 --> 00:29:02,220

went under my sleeping bag I was shaking
like a leaf in a windstorm I was so

333

00:29:02,220 --> 00:29:07,890
scared I didn't know what to do I threw
the sleeping bag over my head and I was

334

00:29:07,890 --> 00:29:14,430
just shaking like I was having a panic
attack and I waited I don't know maybe

335

00:29:14,430 --> 00:29:20,480
10 20 seconds and I peeked out and what
I the first thing I looked at was the

336

00:29:20,480 --> 00:29:26,700
solid white beam going into the swimming
pool coming from one of the sides of

337

00:29:26,700 --> 00:29:33,690
this circle and it was going directly
into the saurian pool it was like like a

338

00:29:33,690 --> 00:29:40,860
fluorescent light like the gas lights
and I couldn't see through it but it was

339

00:29:40,859 --> 00:29:45,779
really bright and I another thing I just
realized recently was it wasn't lighting

340

00:29:45,779 --> 00:29:51,509
up the backyard
this light and this beam was just by

341

00:29:51,509 --> 00:29:54,930
itself what they made no reflection on
anything else

342

00:29:54,930 --> 00:30:00,500
in the backyard the fences or windows or
anything when I saw this light beam I

343

00:30:00,500 --> 00:30:04,859
looked about how wide it is when it was
hitting the saurian pole and it had to

344

00:30:04,859 --> 00:30:10,409

business 6 to 8 feet and it was in the water and I followed it up and it got

345

00:30:10,410 --> 00:30:14,670

like a pyramid it got smaller and smaller and smaller and when it got to

346

00:30:14,670 --> 00:30:18,870

the crap it was just a little pin light coming out of the craft and at that

347

00:30:18,869 --> 00:30:26,399

point I looked up to the side of it and I saw like in a rectangle box that was

348

00:30:26,400 --> 00:30:32,910

inset into the bottom of this big circular round thing and inside that it

349

00:30:32,910 --> 00:30:38,250

had what looked like a retractable landing gear or something it was a long

350

00:30:38,250 --> 00:30:42,509

pipe and then there coming out of that was a smaller long pipe and it was

351

00:30:42,509 --> 00:30:47,849

tucked up in this little container I just couldn't believe it I just could

352

00:30:47,849 --> 00:30:54,480

not handle this and I went under again I put the sleeping bag over my head and I

353

00:30:54,480 --> 00:30:59,610

was just shaking like I was almost ready to vomit I just looked completely out of

354

00:30:59,609 --> 00:31:04,529

control all of a sudden I heard this thing start back up and it started with

355

00:31:04,529 --> 00:31:08,308
the low rush and
went back up to the sound of a jet

356
00:31:08,308 --> 00:31:13,558
engine and I realized okay this thing's
taking off

357
00:31:13,558 --> 00:31:19,859
I stayed undulating back for another 10
20 30 seconds and I heard it moving over

358
00:31:19,859 --> 00:31:26,250
us and when I looked again it was about
over in the next two backyards it was

359
00:31:26,250 --> 00:31:32,220
going really slow and going right down
the hill line at that point I turned

360
00:31:32,220 --> 00:31:37,440
around and tried to get up on my knees
my hands and knees on the on the

361
00:31:37,440 --> 00:31:42,269
sleeping apparatus I was on and I was
shaking so hard I I must have fell a

362
00:31:42,269 --> 00:31:47,159
couple times it was it was difficult to
even get on my hands and knees and I'm

363
00:31:47,159 --> 00:31:54,750
watching this thing fly away shaking
just immensely when it got probably a

364
00:31:54,750 --> 00:31:59,788
mile away I heard a Volkswagen pull up
and that was I knew that was my sister's

365
00:31:59,788 --> 00:32:06,179
Volkswagen and she pulled up next door
where I lived and I figured I got to

366
00:32:06,179 --> 00:32:11,970
tell somebody what I just saw so I tried

to get out of the mattress that I was on

367

00:32:11,970 --> 00:32:19,288
and I I don't really remember but I know
I couldn't walk very well I had a

368

00:32:19,288 --> 00:32:27,028
difficult time standing up so what I did
was I crawled I crawled towards the

369

00:32:27,028 --> 00:32:31,798
swimming pool and I grabbed a railing
that goes down the stairs of the

370

00:32:31,798 --> 00:32:36,839
swimming pool and I got that to try to
help me stand up and I pulled myself up

371

00:32:36,839 --> 00:32:40,199
and I turned around I looked at this
thing again and it was further away but

372

00:32:40,200 --> 00:32:44,370
it was still going very slow and it was
following the heel lining the roads

373

00:32:44,369 --> 00:32:50,879
running down the heel like after a
couple minutes I was able to actually

374

00:32:50,880 --> 00:32:55,590
walk without holding onto anything and I
went between the there we have a little

375

00:32:55,589 --> 00:33:00,898
gate between our two backyards and I got
to that gate went through it when I saw

376

00:33:00,898 --> 00:33:06,209
the light in the house that I live in
when my sister came out I went in and I

377

00:33:06,210 --> 00:33:12,000
saw her in there and I said Terry Terry
I just saw something she said well but I

378
00:33:12,000 --> 00:33:18,210
go I saw something in the sky
and she looked at me like she believed

379
00:33:18,210 --> 00:33:22,289
me and the
thing she said she grabbed a piece of

380
00:33:22,289 --> 00:33:27,690
paper and pencil and she goes write down
what you saw and I was shaking so hard I

381
00:33:27,690 --> 00:33:31,680
couldn't even write in anything I
couldn't sign my name I couldn't do

382
00:33:31,680 --> 00:33:38,880
anything and I told her I'm scared I'm
scared and I I didn't write anything

383
00:33:38,880 --> 00:33:42,660
down she goes well you need to call
somebody and I said I can't because if I

384
00:33:42,660 --> 00:33:48,480
call somebody they're just gonna think
I'm some kind of crazy person I don't

385
00:33:48,480 --> 00:33:55,610
know I sat there and she held me for a
while and it was it was getting into

386
00:33:55,609 --> 00:34:02,159
12:31 and she wanted to go to sleep and
she said are you okay yeah so I felt

387
00:34:02,160 --> 00:34:06,450
better I wasn't shaking that much so I
went back outside I went through the

388
00:34:06,450 --> 00:34:12,090
gates and I went over to where I was
sleeping and my friend was still

389
00:34:12,090 --> 00:34:20,070

sleeping I laid back down and I felt better but I was trying to figure out

390

00:34:20,070 --> 00:34:25,650
what I just saw I kind of figured that was a UFO or was it a UFO I don't know

391

00:34:25,650 --> 00:34:30,929
I've never known any kind of plane that we have be able to stop and hover with

392

00:34:30,929 --> 00:34:38,789
no sound it was scary so I laid there until the Sun started coming back up it

393

00:34:38,789 --> 00:34:43,800
started getting bright out and I heard a little rumbling in the house or at the

394

00:34:43,800 --> 00:34:47,460
back you know I was of my neighbor's where I was in the backyard and I went

395

00:34:47,460 --> 00:34:54,809
up to their back door and I said hello I need to talk with you I saw something I

396

00:34:54,809 --> 00:35:00,269
said what would you see and I said what I think I saw a flying saucer and they

397

00:35:00,269 --> 00:35:07,170
looked at me like I did something bad but they were accepting it so I had this

398

00:35:07,170 --> 00:35:13,079
tight lip kind of smile and they said well today they said you know we have

399

00:35:13,079 --> 00:35:17,009
lights around the backyard by the storm told different colored lights and they

400

00:35:17,010 --> 00:35:21,450
said you will probably have a sleep staring at the lights and you didn't see

401
00:35:21,449 --> 00:35:28,169
anything and at that point I realized
that what I sounded like an idiot to

402
00:35:28,170 --> 00:35:33,329
them because they didn't see it so I
just dealt with that and said ok yeah it

403
00:35:33,329 --> 00:35:35,699
wasn't
the lights that I'll just stop the

404
00:35:35,699 --> 00:35:42,389
conversation here and I went back and
laid down and talked to John about it

405
00:35:42,389 --> 00:35:47,460
and he just looked at me kind of giggled
and he just kind of went on his way and

406
00:35:47,460 --> 00:35:53,519
sorry I just couldn't I think the only
person that halfway believed me was my

407
00:35:53,519 --> 00:36:01,050
sister but John and John's family had no
clue what I was talking about and just

408
00:36:01,050 --> 00:36:07,530
tried to put it off and it really hurt
so I realized that if I tell anybody the

409
00:36:07,530 --> 00:36:11,130
story that's what's going to happen to
me they're gonna look at me like I'm a

410
00:36:11,130 --> 00:36:17,910
complete fool and that I'm just making
up the story so I kept it quiet all

411
00:36:17,909 --> 00:36:23,579
these years you know that I've talked to
other people semi recently you know a

412

00:36:23,579 --> 00:36:28,858
couple years ago when this whole UFO
thing started coming out and they seemed

413
00:36:28,858 --> 00:36:34,199
interested so I I told maybe two or
three maybe four people at the most what

414
00:36:34,199 --> 00:36:38,759
I went through and they not even get
through the whole story yeah yeah well

415
00:36:38,760 --> 00:36:44,070
this is what happened to me and you know
I feel like what I seen you was yeah

416
00:36:44,070 --> 00:36:49,170
okay yeah well guess what happened to me
you know so I didn't get so what I

417
00:36:49,170 --> 00:36:54,809
expected out of it but I I'm fine with
that and I think the more this comes out

418
00:36:54,809 --> 00:36:59,940
know what really got me was the fact
that I've been following this stuff for

419
00:36:59,940 --> 00:37:05,970
a long time now and I have this feeling
that you know the downed crashes that

420
00:37:05,969 --> 00:37:12,509
are being reported and that we do have
alien vessel technology and they are

421
00:37:12,510 --> 00:37:18,720
studying it I have a feeling that they
have mastered the actual antigravity

422
00:37:18,719 --> 00:37:24,000
part of it but they haven't actually
mastered the propulsion part of it so I

423
00:37:24,000 --> 00:37:28,469
was starting to compare that to what I

saw and what I heard and what I heard

424

00:37:28,469 --> 00:37:33,000

was jet engines and I don't think that would happen on a UFO you wouldn't hear

425

00:37:33,000 --> 00:37:38,849

jet engines fire up and it would take off so I'm putting it together was this

426

00:37:38,849 --> 00:37:43,650

is our government it's a good chance this is our government that got this

427

00:37:43,650 --> 00:37:47,579

technology but hasn't manufactured the actual

428

00:37:47,579 --> 00:37:52,349

thrust our the way they get around so they may have put jet engines on

429

00:37:52,349 --> 00:37:56,699

something that they learned how to hover so that's my theory

430

00:37:56,699 --> 00:38:02,759

and I hope other people will understand that that I think more people are

431

00:38:02,760 --> 00:38:07,800

starting to feel free to come out which is a really good thing our government

432

00:38:07,800 --> 00:38:14,910

has now released videos of this stuff of our f-18s

433

00:38:14,909 --> 00:38:18,960

chasing them and flying them so I feel more comfortable about telling people

434

00:38:18,960 --> 00:38:25,699

about what happened to me now I also had a second one and the second one it was

435
00:38:25,699 --> 00:38:30,269
when I was living in San Leandro
California I've had an apartment I was

436
00:38:30,269 --> 00:38:36,210
running an auntie man business I had a
day off that day and I was up in my

437
00:38:36,210 --> 00:38:42,599
apartment and I decided as I got to go
get some food well my apartment was

438
00:38:42,599 --> 00:38:48,690
upstairs and they had like a covered
stairway down to the driveway so I

439
00:38:48,690 --> 00:38:52,980
opened my door I went down the stairs
and I opened another door and when I

440
00:38:52,980 --> 00:38:58,079
take off somewhere I usually look at the
freeway the freeway it was probably 30

441
00:38:58,079 --> 00:39:01,889
feet away from that door there's a
little pad that people can drive on

442
00:39:01,889 --> 00:39:06,059
right by the door and then there was a
fence and then there were some plants

443
00:39:06,059 --> 00:39:09,960
and some trees kind of going uphill and
then the freeway was right there I can

444
00:39:09,960 --> 00:39:14,309
see the cars so I would always look to
see how the freeway was before I took

445
00:39:14,309 --> 00:39:22,529
off and this day I went out and I opened
the door and looked and I saw a I don't

446
00:39:22,530 --> 00:39:27,300

know it was a blip in my head it was a blimp

447

00:39:27,300 --> 00:39:33,120

it was long looking just like a blimp but it was extremely long and I could

448

00:39:33,119 --> 00:39:36,719

see it through the trees the trees were pretty close but I could see all the

449

00:39:36,719 --> 00:39:43,649

cars zipping by you know in between the trees and I looked at this long cylinder

450

00:39:43,650 --> 00:39:49,380

and it had it was silver with a red stripe from the beginning to the end and

451

00:39:49,380 --> 00:39:54,240

it was going very slow and I was looking at it and gone wow that was really cool

452

00:39:54,239 --> 00:40:01,049

but then I realized it was only maybe 15 feet above the cars and the cars were

453

00:40:01,050 --> 00:40:03,599

just and I like a regular traffic day and I

454

00:40:03,599 --> 00:40:08,219

was going this is insane because this looks like it's gonna land on the

455

00:40:08,219 --> 00:40:14,068

freeway and these cars are not affected I go I just couldn't understand why

456

00:40:14,068 --> 00:40:16,318

these cars are not slamming their brakes on

457

00:40:16,318 --> 00:40:21,719

so I instead of going left to my car I went right because this thing was

458
00:40:21,719 --> 00:40:25,559
heading right of me so I was walking
slowly with it

459
00:40:25,559 --> 00:40:30,930
I took maybe five six steps just staring
at it and it was moving kind of with me

460
00:40:30,929 --> 00:40:37,348
and just you know maybe 20 feet away
from me there was about three or four

461
00:40:37,349 --> 00:40:39,630
ladies and they were talking to each
other

462
00:40:39,630 --> 00:40:44,519
real close standing up and I looked it
down and I looked back up at the freeway

463
00:40:44,518 --> 00:40:47,939
and I'm watching this thing and I
realized that these ladies are standing

464
00:40:47,940 --> 00:40:52,588
by a clearance of no trees the trees
ended about where those ladies were

465
00:40:52,588 --> 00:40:58,679
standing so I hollered at the ladies I
said do you see that blimp

466
00:40:58,679 --> 00:41:03,149
and they looked at me and then they
looked up with the freeway where I was

467
00:41:03,150 --> 00:41:07,680
pointing and then they looked at me
again and then went back to talking and

468
00:41:07,679 --> 00:41:14,038
I thought oh okay that they just see a
blimp and they don't have any feeling of

469

00:41:14,039 --> 00:41:19,289
it how low it is to the car so all right
so I kept walking towards them and when

470
00:41:19,289 --> 00:41:23,130
I got to the opening where there was no
trees blocking the freeway from where we

471
00:41:23,130 --> 00:41:31,920
are it was gone it was not there was
something that that I saw that they

472
00:41:31,920 --> 00:41:37,469
didn't I was not doing drugs I don't do
drugs I don't drink alcohol

473
00:41:37,469 --> 00:41:46,170
I was completely completely sober and it
was when I turned around and walked away

474
00:41:46,170 --> 00:41:52,108
from those ladies I just couldn't put it
together what I just saw I just kind of

475
00:41:52,108 --> 00:41:57,478
shook my head and went back to my car
and I went shopping and that's another

476
00:41:57,478 --> 00:42:01,558
thing that I just couldn't tell people
because they I mean you'd say something

477
00:42:01,559 --> 00:42:05,999
like that and they think okay you were
drunk or you just got back from partier

478
00:42:05,998 --> 00:42:10,798
and it's like I don't want to go through
that tomorrow I you know people are just

479
00:42:10,798 --> 00:42:15,340
going to think I'm a complete nut this
was about five years ago

480
00:42:15,340 --> 00:42:21,130
in San Leandro California that was the

complete story it the whole process

481

00:42:21,130 --> 00:42:28,150
maybe have been just I'm in a couple
minutes and it was very difficult it was

482

00:42:28,150 --> 00:42:31,809
very difficult to deal with so I just
kept my mouth closed

483

00:42:31,809 --> 00:42:36,279
it stayed in my head I'm the pitcher the
color of the thing the stripe on it

484

00:42:36,280 --> 00:42:42,850
everything the ladies it's buried in my
head so I I kept that quiet another

485

00:42:42,849 --> 00:42:49,650
thing happened I've had three total
throughout my life very spread apart

486

00:42:49,650 --> 00:42:55,329
except for this last one who was within
five years I had moved into a two-story

487

00:42:55,329 --> 00:43:00,880
house looking a room share and there's a
few people that live here but there's a

488

00:43:00,880 --> 00:43:05,289
deck in the backyard where we got and
smoked her cigarettes watch this guy and

489

00:43:05,289 --> 00:43:10,719
you know chat and everything's but I
went out there by myself lit up a

490

00:43:10,719 --> 00:43:19,000
cigarette and I looked up at the sky and
I saw a tree chunk I saw what looked

491

00:43:19,000 --> 00:43:24,519
like there was clouds out there but this
was further away from the clouds and it

492
00:43:24,519 --> 00:43:30,489
was a tree trunk and it had to have been
really really big being as far away as

493
00:43:30,489 --> 00:43:35,589
it was it was pretty good-sized so I
thought this has got to be a huge

494
00:43:35,590 --> 00:43:40,930
balloon somebody just let's let up so
it's floating away so I'm staring at the

495
00:43:40,929 --> 00:43:45,969
thing and it wasn't moving
it was just stable in one position that

496
00:43:45,969 --> 00:43:50,349
that's why I watched so hard to see if I
could see it moving and it wasn't and

497
00:43:50,349 --> 00:43:56,559
that lasted about a minute and a half
two minutes before that the clouds kind

498
00:43:56,559 --> 00:44:03,429
of covered it up and I realized that
that was just a really strange sighting

499
00:44:03,429 --> 00:44:10,569
and I thought how can a tree trunk fly I
couldn't place it in my head so I went

500
00:44:10,570 --> 00:44:20,050
into my room I started looking at flying
tree trunks and and what I got was a UFO

501
00:44:20,050 --> 00:44:26,350
sighting or multiple sightings of what
they call the Bell UFO and when I

502
00:44:26,349 --> 00:44:32,420
compared that it compared exactly what I
that it was if he can picture a tree

503
00:44:32,420 --> 00:44:36,800

trunk and then the bottom that they kind
of flaring out look like a cut-off tree

504

00:44:36,800 --> 00:44:41,210
and the Bell looks exactly like that it
looks like a bell with a flared out

505

00:44:41,210 --> 00:44:47,960
bottom so that was my third experience
and I talked to a couple people in the

506

00:44:47,960 --> 00:44:49,940
house and said you should see what I
just saw

507

00:44:49,940 --> 00:44:53,420
well why didn't you take a picture of it
and I said well I didn't have my phone

508

00:44:53,420 --> 00:44:56,300
with me
and I didn't want to run into the house

509

00:44:56,300 --> 00:44:59,710
and get it because I thought I would
miss something I thought it would I

510

00:44:59,710 --> 00:45:04,099
thought I wouldn't understand more what
it was and the clouds were coming

511

00:45:04,099 --> 00:45:07,759
towards it and I just didn't want to
miss it so I sat out there and that

512

00:45:07,760 --> 00:45:12,290
seems to be the case with a lot of other
UFO people talking about what they sing

513

00:45:12,289 --> 00:45:17,389
like my camera broke I didn't a camera
so I didn't tell a lot of people that

514

00:45:17,389 --> 00:45:22,099
either I told two people in the house
and they said wow you know so they're

515

00:45:22,099 --> 00:45:26,089
starting to believe now because of all
this disclosure coming out right now

516

00:45:26,090 --> 00:45:30,350
so they believe me and they wish I had a
picture of it and I really wish I did

517

00:45:30,349 --> 00:45:34,940
too but that only lies the whole process
life is like a minute and a half so that

518

00:45:34,940 --> 00:45:45,050
was that was my three UFO cases and it
really makes me wonder if if I just

519

00:45:45,050 --> 00:45:53,180
happen to be there at the right time or
or it was acknowledged that a woman I

520

00:45:53,179 --> 00:45:59,719
don't know I I have no idea was why I
was showing them and a lot of people are

521

00:45:59,719 --> 00:46:05,059
not I don't believe myself special in
any way I don't believe myself special

522

00:46:05,059 --> 00:46:10,730
because I seen these I I still have the
question why did I see him why did they

523

00:46:10,730 --> 00:46:15,019
show himself to me anybody listening to
this right now it's just gonna think oh

524

00:46:15,019 --> 00:46:19,369
there's just another guy that's claiming
he saw some things

525

00:46:19,369 --> 00:46:24,230
hey it's really difficult to even bring
this out it's really hard to do this

526

00:46:24,230 --> 00:46:30,320
cast but the only thing I look let me do
this right now I was seeing what's

527
00:46:30,320 --> 00:46:33,740
really happening is seeing how our
government is actually letting go

528
00:46:33,739 --> 00:46:41,449
they're disclosing this UFO incidents
going on with our military and f-18 so I

529
00:46:41,449 --> 00:46:46,759
I feel more comfortable
but even though I have shown videos of

530
00:46:46,760 --> 00:46:50,690
the what the military let out to people
that don't believe it

531
00:46:50,690 --> 00:46:54,920
they just look at it and laugh and I
walk away and they still there still

532
00:46:54,920 --> 00:47:00,309
non-believer so there's so much work to
get people to really understand this and

533
00:47:00,309 --> 00:47:05,809
I think the only people that will
hundred percent understand this if they

534
00:47:05,809 --> 00:47:09,739
seem when their selves even though we
post pictures on YouTube and Facebook

535
00:47:09,739 --> 00:47:14,479
and all the stuff of this live
it's just ism it's meaningless to them

536
00:47:14,480 --> 00:47:19,309
unless they know 100 percent sure that
it that is real and the only way they're

537
00:47:19,309 --> 00:47:25,070
going to find that out is to be one

themselves so I truly hope more people

538

00:47:25,070 --> 00:47:29,570

would follow other people that are
actually seeing this and actually

539

00:47:29,570 --> 00:47:33,800

recording this stuff you know there's a
lot of fakers out there there's a lot of

540

00:47:33,800 --> 00:47:38,120

people with some really great software
that are they're just making the UFOs

541

00:47:38,119 --> 00:47:43,880

look great look really great go cast saw
that you know I'm a believer

542

00:47:43,880 --> 00:47:49,130

it really hurts that people are doing
this I don't know why they're doing this

543

00:47:49,130 --> 00:47:57,880

I don't know who is doing this I I just
hope this disclosure comes out faster

544

00:47:57,880 --> 00:48:04,150

the people that are ready for this
information don't seem to be scared

545

00:48:04,150 --> 00:48:09,260

they're willing they want to be happy
they wanted to see this stuff come out

546

00:48:09,260 --> 00:48:13,670

they want somebody to land on the White
House lawn and say you know I'm from

547

00:48:13,670 --> 00:48:20,710

shovel ROM and I would like to welcome
you and you know I until that comes out

548

00:48:20,710 --> 00:48:26,090

there's gonna be a lot of non-believers
but the people that do believe like I

549
00:48:26,090 --> 00:48:31,850
was saying when this happens and this
truly happens they're going to be ready

550
00:48:31,849 --> 00:48:36,980
for it but the people that don't believe
this stuff right now I think I'm going

551
00:48:36,980 --> 00:48:39,889
to be worried about because they may
panic and I think that's why our

552
00:48:39,889 --> 00:48:43,879
government is holding a lot of this back
because they're worried about the panic

553
00:48:43,880 --> 00:48:49,970
that's going to happen so it's coming
out rose more slowly and this is what

554
00:48:49,969 --> 00:48:55,369
I'm trying to do - I'm I'm trying to
find somebody that that you can say UFO

555
00:48:55,369 --> 00:48:58,848
to and their eyes light up
so those are the people that I kill what

556
00:48:58,849 --> 00:49:04,579
happened to me what I see and they
either have a story also or they believe

557
00:49:04,579 --> 00:49:09,559
me and that's a good feeling and I hope
this happens a lot more there's so many

558
00:49:09,559 --> 00:49:13,910
people out there which about similar
experiences but don't talk and don't

559
00:49:13,909 --> 00:49:20,358
tell nobody because like you said you
know fear ridicule exactly and it hurts

560
00:49:20,358 --> 00:49:27,739

and I really hope people will start listening to other people that have same

561
00:49:27,739 --> 00:49:34,489
situations and I know that you have contacted a lot of people that that have

562
00:49:34,489 --> 00:49:39,769
these same situations I I just can't wait to see more people and contact more

563
00:49:39,769 --> 00:49:45,588
people on your side your your your YouTube side and really would love to

564
00:49:45,588 --> 00:49:48,799
talk to more people like that they make me feel more comfortable about talking

565
00:49:48,800 --> 00:49:53,539
this because it's pretty uncomfortable still yeah sure yeah I can appreciate

566
00:49:53,539 --> 00:49:57,558
that but it benefits cuz I just got a lot of emails from people I just want to

567
00:49:57,559 --> 00:50:00,950
tell me a story but not telling no one else and then when I hear other people

568
00:50:00,949 --> 00:50:03,679
then they're happy to share it because they know that you know they're in my

569
00:50:03,679 --> 00:50:08,960
environment yeah and it would be great I mean people like you is bringing these

570
00:50:08,960 --> 00:50:13,849
people together and that's that's really comfortable it's a lot more comfortable

571
00:50:13,849 --> 00:50:19,220
for people to come together like this I really appreciate coming on today Jane

572

00:50:19,219 --> 00:50:26,679

and I person you doing this for me and
everybody else is what now you welcome
