saw a flying object which was flying

19
00:01:19,430 --> 00:01:26,240
about 150 feet above our aircraft the FO

20
00:01:22,849 --> 00:01:28,669
is a dark brown or black in color and

21
00:01:26,239 --> 00:01:31,429
looks like a spaceship close quote

22
00:01:28,670 --> 00:01:33,349
after this the pilot changed the flight

23
00:01:31,430 --> 00:01:34,100
path and continued flying to his

24
00:01:33,349 --> 00:01:36,439
destination

25
00:01:34,099 --> 00:01:39,469
this report caught a panic in the

26
00:01:36,439 --> 00:01:42,099
aviation industry or for ities suspected

27
00:01:39,469 --> 00:01:45,679
that the UFO wasn't operated drone on

28
00:01:42,099 --> 00:01:48,288
this suspicion the CAA reported the

29

00:01:45,679 --> 00:01:50,390
incident to the police and asked them to

30
00:01:48,289 --> 00:01:53,569
check the area several police officers

31
00:01:50,390 --> 00:01:56,030
searched the area hoping to identify any

32
00:01:53,569 --> 00:01:57,740
activity related to the drone but none

33
00:01:56,030 --> 00:02:00,109
was found it's also worth mentioning

34
00:01:57,739 --> 00:02:02,629
that the UFO was spotted in the same

35
00:02:00,109 --> 00:02:06,019
area where a laser beam insome was

36
00:02:02,629 --> 00:02:07,280
reported by the pilots in 2017 or could

37
00:02:06,019 --> 00:02:10,099
this have been a weather balloon

38
00:02:07,280 --> 00:02:12,110
the Pakistan Met department said they

39
00:02:10,099 --> 00:02:14,750
launched balloons in the air to collect

40
00:02:12,110 --> 00:02:17,330
weather data these balloons can go as

41
00:02:14,750 --> 00:02:19,430
high as 10 miles but they ruled out the

42
00:02:17,330 --> 00:02:21,590
possibility that the UFO was a weather

43
00:02:19,430 --> 00:02:24,709

forecast in balloon and also added

44

00:02:21,590 --> 00:02:26,420

weather forecasting is a part of pilot

45

00:02:24,709 --> 00:02:29,090

training they are very familiar with

46

00:02:26,419 --> 00:02:31,039

these kinds of balloons data released by

47

00:02:29,090 --> 00:02:33,709

the Civil Aviation Authority in New

48

00:02:31,039 --> 00:02:36,469

Zealand ban in the years between 2000

49

00:02:33,709 --> 00:02:39,379

and 2017 showed it received more than 30

50

00:02:36,469 --> 00:02:41,269

reports of UFOs there is an emerging

51

00:02:39,379 --> 00:02:43,699

pattern of sightings of UFOs being

52

00:02:41,269 --> 00:02:45,590

reported by pilots and it seems to be on

53

00:02:43,699 --> 00:02:49,839

the rise give me your thoughts in the
