

1
00:00:26,280 --> 00:00:32,010
as I was thinking about doing this talk

2
00:00:29,250 --> 00:00:36,299
I thought of several ways to start it

3
00:00:32,009 --> 00:00:38,460
and the way I chose is this one I was

4
00:00:36,299 --> 00:00:40,919
sitting in my living room one day and I

5
00:00:38,460 --> 00:00:42,259
got a call from the director of a

6
00:00:40,920 --> 00:00:46,140
nuclear power plant

7
00:00:42,259 --> 00:00:49,349
and he said to me how do I know that I'm

8
00:00:46,140 --> 00:00:51,359
getting the faint signals okay and the

9
00:00:49,350 --> 00:00:53,789
nuclear power business faint signals are

10
00:00:51,359 --> 00:00:58,289
the precursors of potentially serious

11
00:00:53,789 --> 00:00:59,850
events so thing is as a consultant you

12
00:00:58,289 --> 00:01:05,010
never want to be in a situation where

13
00:00:59,850 --> 00:01:07,439
you have to say I don't know right so so

14
00:01:05,010 --> 00:01:09,150
that's what I said I think that's true I

15
00:01:07,439 --> 00:01:11,789
didn't know I have sir I don't have any

16
00:01:09,150 --> 00:01:13,770
idea okay that was not the right answer

17
00:01:11,790 --> 00:01:15,750
he was not impressed and I felt terrible

18
00:01:13,769 --> 00:01:17,609
so I worked on it for a year later and

19
00:01:15,750 --> 00:01:24,030
eventually came up with a valuable

20
00:01:17,609 --> 00:01:27,239
result so this is a theme I'm going to

21
00:01:24,030 --> 00:01:32,099
come back to how do we know we're

22
00:01:27,239 --> 00:01:36,359
getting the faint signals how do we know

23
00:01:32,099 --> 00:01:39,809
we're getting a faint signals so my talk

24
00:01:36,359 --> 00:01:42,569
is on portal areas and I got involved

25
00:01:39,810 --> 00:01:45,450
with the Yakima Indian Reservation

26
00:01:42,569 --> 00:01:49,438
portal area many years back and this was

27
00:01:45,450 --> 00:01:51,390
actually I think 1981 and there were a

28
00:01:49,438 --> 00:01:53,398
series of articles in the MUFON UFO

29

00:01:51,390 --> 00:01:54,868
journal describing very interesting

30
00:01:53,399 --> 00:01:56,849
events going out of this big Indian

31
00:01:54,868 --> 00:01:58,578
Reservation which is out in Washington

32
00:01:56,849 --> 00:02:06,089
State

33
00:01:58,578 --> 00:02:08,609
and I was young now and it was single

34
00:02:06,090 --> 00:02:12,180
and I thought why don't I just go out

35
00:02:08,610 --> 00:02:14,880
and take a look so I wrote the Center

36
00:02:12,180 --> 00:02:16,349
for UFO studies it turned out the day it

37
00:02:14,879 --> 00:02:19,319
actually had somebody out there looking

38
00:02:16,349 --> 00:02:22,109
at things and they had a loose-leaf

39
00:02:19,319 --> 00:02:24,030
notebook that was that thick full of

40
00:02:22,110 --> 00:02:28,020
incidents which of course I read

41
00:02:24,030 --> 00:02:30,870
completely farman out there and then got

42
00:02:28,020 --> 00:02:32,080
in a car along with the Native American

43
00:02:30,870 --> 00:02:34,300

who I hope

44

00:02:32,080 --> 00:02:36,640

actually be in kind of emissary because

45

00:02:34,300 --> 00:02:39,160

obviously it's a different culture and I

46

00:02:36,639 --> 00:02:41,429

hope that this would help in terms of

47

00:02:39,159 --> 00:02:45,310

talking to the people that I I talk to

48

00:02:41,430 --> 00:02:49,540

so I literally went out there and lived

49

00:02:45,310 --> 00:02:50,770

in a tent for it was a regular dance for

50

00:02:49,539 --> 00:02:56,199

two weeks and went around and

51

00:02:50,770 --> 00:02:58,689

interviewed people and I found some very

52

00:02:56,199 --> 00:03:03,369

interesting phenomena yet this is a

53

00:02:58,689 --> 00:03:05,289

picture of the reservation it's got the

54

00:03:03,370 --> 00:03:08,530

Gifford Pinchot National Forest here on

55

00:03:05,289 --> 00:03:11,799

the west it's very near to Mount Adams a

56

00:03:08,530 --> 00:03:13,599

variety of other mountain ranges this is

57

00:03:11,800 --> 00:03:19,689

very near where the first UFO was

58
00:03:13,599 --> 00:03:22,030
sighted in 1947 by Kenneth Arnold but

59
00:03:19,689 --> 00:03:25,329
this is a variety of phenomena that I

60
00:03:22,030 --> 00:03:29,110
found okay and all these things came up

61
00:03:25,330 --> 00:03:30,969
in the interviews that I did now what do

62
00:03:29,110 --> 00:03:33,580
you do with something like this okay

63
00:03:30,969 --> 00:03:38,109
we've got UFOs all right we know about

64
00:03:33,580 --> 00:03:41,500
that we've got a Bigfoot yeah yeah balls

65
00:03:38,110 --> 00:03:43,780
of light balls of light that often would

66
00:03:41,500 --> 00:03:45,789
be monitored by the people who sat up on

67
00:03:43,780 --> 00:03:48,550
the mountaintops watching for fires in

68
00:03:45,789 --> 00:03:50,739
the valley Jack some of the best

69
00:03:48,550 --> 00:03:55,480
witnesses were people who were these

70
00:03:50,739 --> 00:03:57,730
women who literally sit up on a mountain

71
00:03:55,479 --> 00:03:59,049
type and watch for fires in the valley

72
00:03:57,729 --> 00:04:02,979
and they would see these balls of light

73
00:03:59,050 --> 00:04:08,730
moving in and out the valley well were

74
00:04:02,979 --> 00:04:10,840
they well I didn't figure that one out

75
00:04:08,729 --> 00:04:14,829
I'll be surprised to come across a

76
00:04:10,840 --> 00:04:17,329
couple UFO abductions and you come

77
00:04:14,830 --> 00:04:18,919
across these events

78
00:04:17,329 --> 00:04:20,780
a way that somebody says well you ought

79
00:04:18,918 --> 00:04:23,418
to talk to me to Bill about this

80
00:04:20,779 --> 00:04:25,068
particular thing it's all you go and

81
00:04:23,418 --> 00:04:27,408
talk to Bill and you discover Bill is in

82
00:04:25,069 --> 00:04:29,718
the center of this very impressive

83
00:04:27,408 --> 00:04:35,269
abduction and there were there were a

84
00:04:29,718 --> 00:04:38,478
couple of dungeons actually so the nice

85
00:04:35,269 --> 00:04:41,209
thing about the Yakima reservation is

86

00:04:38,478 --> 00:04:43,818
that according to some of the local one

87
00:04:41,209 --> 00:04:49,908
of them there's a lot of ability to

88
00:04:43,819 --> 00:04:52,400
observe UFOs okay people literally sit

89
00:04:49,908 --> 00:04:56,060
and shave a Gil Lance backyard and

90
00:04:52,399 --> 00:04:57,258
watched the UFOs alright well so I'm

91
00:04:56,060 --> 00:04:57,829
sure how many of you have ever heard of

92
00:04:57,259 --> 00:05:05,270
this before

93
00:04:57,829 --> 00:05:09,800
okay so but it's not just UFOs it's all

94
00:05:05,269 --> 00:05:12,288
the other stuff too so I specialize in

95
00:05:09,800 --> 00:05:14,270
looking at hidden events hidden events

96
00:05:12,288 --> 00:05:17,000
are things that shouldn't happen but do

97
00:05:14,269 --> 00:05:19,639
that many people experience but a very

98
00:05:17,000 --> 00:05:22,848
few people want to talk about and here

99
00:05:19,639 --> 00:05:25,728
are some examples I've done maybe 10

100
00:05:22,848 --> 00:05:27,949

different studies on this things ranging

101

00:05:25,728 --> 00:05:29,120

from spontaneous human combustion to

102

00:05:27,949 --> 00:05:31,520

child abuse

103

00:05:29,120 --> 00:05:34,338

black-footed ferrets and so on and so

104

00:05:31,519 --> 00:05:36,079

forth I'm particularly interested in the

105

00:05:34,338 --> 00:05:39,168

flow of information about these hidden

106

00:05:36,079 --> 00:05:41,658

events so the usual thing about hidden

107

00:05:39,168 --> 00:05:45,740

events is that they're dispersed widely

108

00:05:41,658 --> 00:05:47,810

in the population so what you've got is

109

00:05:45,740 --> 00:05:49,848

a situation sociologists call

110

00:05:47,810 --> 00:05:51,800

pluralistic ignorance where lots of

111

00:05:49,848 --> 00:05:53,269

people experience something but since

112

00:05:51,800 --> 00:05:54,500

nobody talks about it you don't know the

113

00:05:53,269 --> 00:05:55,788

other people have the experience you've

114

00:05:54,500 --> 00:05:58,418

been telling about your experience and

115
00:05:55,788 --> 00:05:58,418
so on and so forth

116
00:05:58,449 --> 00:06:04,069
what happens if you've got a

117
00:06:01,218 --> 00:06:07,189
concentration of anomalous events of

118
00:06:04,069 --> 00:06:09,348
different kinds okay that's clearly what

119
00:06:07,189 --> 00:06:11,899
we had on the Occupy Indian Reservation

120
00:06:09,348 --> 00:06:16,788
a concentration of events of different

121
00:06:11,899 --> 00:06:20,060
kinds in one area okay so it's a

122
00:06:16,788 --> 00:06:25,579
conglomerate it's a portal we'll talk

123
00:06:20,060 --> 00:06:28,819
about portals shortly okay so a portal

124
00:06:25,579 --> 00:06:30,990
area is a large area hundreds or even

125
00:06:28,819 --> 00:06:32,939
thousands of square kilometers

126
00:06:30,990 --> 00:06:34,800
it's diverse anomalous events and

127
00:06:32,939 --> 00:06:38,040
there's no obvious intuitive

128
00:06:34,800 --> 00:06:39,360
relationship between the events in fact

129
00:06:38,040 --> 00:06:42,689
you could almost say well they shouldn't

130
00:06:39,360 --> 00:06:44,550
be happening together but they do okay

131
00:06:42,689 --> 00:06:47,219
so it turns out that there are a couple

132
00:06:44,550 --> 00:06:48,990
other areas like this and it took me a

133
00:06:47,220 --> 00:06:51,120
while to realize that I was familiar

134
00:06:48,990 --> 00:06:52,800
with the other two areas but had never

135
00:06:51,120 --> 00:06:54,600
thought of them is another portal area

136
00:06:52,800 --> 00:06:58,079
and I thought well hey there's two more

137
00:06:54,600 --> 00:07:01,050
one of them is San Luis Valley Colorado

138
00:06:58,079 --> 00:07:03,209
the New Mexico Louise okay

139
00:07:01,050 --> 00:07:06,360
and the other was Southwest Pennsylvania

140
00:07:03,209 --> 00:07:08,909
in Westmoreland County this doesn't

141
00:07:06,360 --> 00:07:12,900
sound like weird territory but it is

142
00:07:08,910 --> 00:07:15,030
okay we'll see how weird okay so here's

143

00:07:12,899 --> 00:07:17,509
the San Luis Valley not a very good oh

144
00:07:15,029 --> 00:07:21,239
great

145
00:07:17,509 --> 00:07:26,149
and here's what we've got in the San

146
00:07:21,240 --> 00:07:29,610
Luis Valley enough stuff basically UFOs

147
00:07:26,149 --> 00:07:31,289
Bigfoot mutilated cattle underground

148
00:07:29,610 --> 00:07:34,050
noises psychic phenomena black

149
00:07:31,290 --> 00:07:36,930
helicopters and so forth to have

150
00:07:34,050 --> 00:07:45,930
actually is really substantial this is

151
00:07:36,930 --> 00:07:48,810
yeah in Westmoreland County we have the

152
00:07:45,930 --> 00:07:52,050
same kind of stuff now what are these

153
00:07:48,810 --> 00:07:53,250
areas have in common I was really smart

154
00:07:52,050 --> 00:07:59,670
I could probably tell you what they all

155
00:07:53,250 --> 00:08:03,389
have in common actually people write

156
00:07:59,670 --> 00:08:07,590
books about portal areas here are three

157
00:08:03,389 --> 00:08:09,360

of them okay so here's here's the one

158

00:08:07,589 --> 00:08:12,060

about Yakima here's the one about the

159

00:08:09,360 --> 00:08:18,120

San Luis Valley and here's the one about

160

00:08:12,060 --> 00:08:20,069

Southwest Pennsylvania well writes about

161

00:08:18,120 --> 00:08:22,530

portal areas now this is where it gets

162

00:08:20,069 --> 00:08:24,540

interesting how do we develop

163

00:08:22,529 --> 00:08:27,059

information about places like this and

164

00:08:24,540 --> 00:08:28,950

the answer is people who live there all

165

00:08:27,060 --> 00:08:32,190

three of the authors of these books are

166

00:08:28,949 --> 00:08:34,769

locals and they typically lived in the

167

00:08:32,190 --> 00:08:36,660

area for a long time and it's certainly

168

00:08:34,769 --> 00:08:39,090

true of Stan Gordon who's been in

169

00:08:36,659 --> 00:08:42,209

southwest Pennsylvania for the

170

00:08:39,090 --> 00:08:44,790

thirty seems like forty years certainly

171

00:08:42,210 --> 00:08:46,590

true Chris O'Brien who's written three

172
00:08:44,789 --> 00:08:50,939
books actually on the San Luis Valley

173
00:08:46,590 --> 00:08:54,090
and Greg long who wrote a book on the

174
00:08:50,940 --> 00:08:58,620
yakima light phenomenon and it's now

175
00:08:54,090 --> 00:09:00,990
published a book on the big book and so

176
00:08:58,620 --> 00:09:03,360
why is it that the locals write about

177
00:09:00,990 --> 00:09:05,340
the stuff the reason is because there's

178
00:09:03,360 --> 00:09:08,340
lots of events but they take place over

179
00:09:05,340 --> 00:09:09,720
long periods of time okay so the only

180
00:09:08,340 --> 00:09:13,910
way you're gonna find out about all this

181
00:09:09,720 --> 00:09:13,910
stuff is to be there to live there so

182
00:09:15,230 --> 00:09:19,139
what goes on in the portal area why do

183
00:09:17,580 --> 00:09:22,950
we think of it to the port Larry well

184
00:09:19,139 --> 00:09:23,370
seems like stuff comes in oh I'll be

185
00:09:22,950 --> 00:09:27,180
Santa

186
00:09:23,370 --> 00:09:29,159
the question is from where and maybe it

187
00:09:27,179 --> 00:09:33,659
goes out because it's not there all the

188
00:09:29,159 --> 00:09:36,539
time right the nature of reality

189
00:09:33,659 --> 00:09:39,209
sometimes momentarily changes get a nas

190
00:09:36,539 --> 00:09:45,709
effect or maybe there's just more stuff

191
00:09:39,210 --> 00:09:48,720
to there okay no okay really uh this is

192
00:09:45,710 --> 00:09:50,519
partly a brainstorming session to help

193
00:09:48,720 --> 00:09:52,710
me figure out what we really got here

194
00:09:50,519 --> 00:09:55,860
okay so furthermore there's not a

195
00:09:52,710 --> 00:09:58,830
steady-state and so when I went out in

196
00:09:55,860 --> 00:10:00,600
82 I am missed by about four years the

197
00:09:58,830 --> 00:10:03,240
big period of balls of light out of

198
00:10:00,600 --> 00:10:04,980
Yakima that had generated my original

199
00:10:03,240 --> 00:10:08,580
attention and so forth and got me to go

200

00:10:04,980 --> 00:10:10,649
out there and take a look so UFO

201
00:10:08,580 --> 00:10:14,670
sightings go up and down balls of light

202
00:10:10,649 --> 00:10:17,279
go up and down mutilated cows Laurie

203
00:10:14,669 --> 00:10:20,459
sure don't in a Southwest Pennsylvania

204
00:10:17,279 --> 00:10:23,159
they have Bigfoot sightings some had a

205
00:10:20,460 --> 00:10:26,750
lot more in one year than another how

206
00:10:23,159 --> 00:10:26,750
you think about Pennsylvania

207
00:10:27,860 --> 00:10:33,180
Pennsylvania settled you know where do

208
00:10:31,590 --> 00:10:34,019
they find the room for Bigfoot with all

209
00:10:33,179 --> 00:10:38,519
those people

210
00:10:34,019 --> 00:10:41,669
okay well the interesting thing about

211
00:10:38,519 --> 00:10:43,919
this yeah I called Stan Gordon I said do

212
00:10:41,669 --> 00:10:46,319
you have a map of the these events and

213
00:10:43,919 --> 00:10:48,120
he said no we don't have any maps but it

214
00:10:46,320 --> 00:10:49,500

turns out that the Pennsylvania Bigfoot

215

00:10:48,120 --> 00:10:51,629
society didn't have a map

216

00:10:49,500 --> 00:10:54,360
actually and they have a breakdown by

217

00:10:51,629 --> 00:10:57,629
county of how many Bigfoot sightings

218

00:10:54,360 --> 00:10:59,310
they have okay so where was the biggest

219

00:10:57,629 --> 00:11:03,629
concentration where they had a hundred

220

00:10:59,309 --> 00:11:07,139
and seventeen Bigfoot sightings it was

221

00:11:03,629 --> 00:11:10,529
in Westmoreland County where is stands

222

00:11:07,139 --> 00:11:14,189
of Gordon's UFO Reporting Center it's in

223

00:11:10,529 --> 00:11:16,789
Westmoreland County okay now was it

224

00:11:14,190 --> 00:11:19,920
providentially the case that basically

225

00:11:16,789 --> 00:11:22,230
the when Stan Gordon started looking at

226

00:11:19,919 --> 00:11:24,529
this stuff all of a sudden that was

227

00:11:22,230 --> 00:11:29,210
where all the events began to happen no

228

00:11:24,529 --> 00:11:32,519
we're looking at a reporting factor okay

229

00:11:29,210 --> 00:11:34,379

so the interesting possibility is

230

00:11:32,519 --> 00:11:37,829

there's probably left and lots of other

231

00:11:34,379 --> 00:11:43,500

reports and the other counties average

232

00:11:37,830 --> 00:11:44,370

number per county is about six okay you

233

00:11:43,500 --> 00:11:54,059

probably didn't think there were any

234

00:11:44,370 --> 00:11:58,080

Bigfoot right okay so what causes

235

00:11:54,059 --> 00:12:00,419

anomaly in these areas okay are we

236

00:11:58,080 --> 00:12:05,070

dealing with some sort of geological

237

00:12:00,419 --> 00:12:06,870

effect the earth light theory says

238

00:12:05,070 --> 00:12:09,480

basically balls of light as a result of

239

00:12:06,870 --> 00:12:11,639

some sort of geological problems and so

240

00:12:09,480 --> 00:12:13,050

forth is that right well Greg while I

241

00:12:11,639 --> 00:12:14,879

actually tried to test that was

242

00:12:13,049 --> 00:12:19,379

unconvinced at the end that basically

243
00:12:14,879 --> 00:12:21,389
was geological is it a UFO portal do we

244
00:12:19,379 --> 00:12:24,929
have areas in the sky but open up on the

245
00:12:21,389 --> 00:12:29,220
UFOs come through ostensibly probably go

246
00:12:24,929 --> 00:12:31,169
back in the saddle wheats valley people

247
00:12:29,220 --> 00:12:34,379
have actually seen things vanish in the

248
00:12:31,169 --> 00:12:37,709
air by stages okay what is it that

249
00:12:34,379 --> 00:12:38,909
stealth technology I don't know Peter

250
00:12:37,710 --> 00:12:41,370
Sturrock has the idea of a

251
00:12:38,909 --> 00:12:46,319
transdimensional duct between parallel

252
00:12:41,370 --> 00:12:50,389
universes sounds convincing to me could

253
00:12:46,320 --> 00:12:50,390
that explain it is that what a portal is

254
00:12:52,129 --> 00:12:57,580
all right so we have small-scale

255
00:12:55,139 --> 00:13:01,009
examples

256
00:12:57,580 --> 00:13:06,080
John Alexander was that a material on

257

00:13:01,009 --> 00:13:09,069
the skinwalker ranch and Utah how big is

258
00:13:06,080 --> 00:13:18,009
the area do you have any idea how big

259
00:13:09,070 --> 00:13:25,879
right right so how big of this entity

260
00:13:18,009 --> 00:13:28,600
how big of this sanity yeah well the

261
00:13:25,879 --> 00:13:33,169
Yakima reservation is huge it's like

262
00:13:28,600 --> 00:13:37,240
3,500 square miles okay so but but its

263
00:13:33,169 --> 00:13:37,240
principal may be the same I don't know

264
00:13:39,519 --> 00:13:44,899
now here's a book about the zone called

265
00:13:43,100 --> 00:13:52,220
zones of strangeness how many of you

266
00:13:44,899 --> 00:13:54,649
have heard of this book ever okay now

267
00:13:52,220 --> 00:13:56,810
here's another interesting fact if it is

268
00:13:54,649 --> 00:13:58,699
a fact and that is if we look at the

269
00:13:56,809 --> 00:14:01,399
distribution of information there's the

270
00:13:58,700 --> 00:14:02,900
temptation to see it having a nice bell

271
00:14:01,399 --> 00:14:05,959

curve shade okay

272

00:14:02,899 --> 00:14:08,029
and so the information in principle

273

00:14:05,960 --> 00:14:11,810
should be widely spread but actually I

274

00:14:08,029 --> 00:14:13,370
think it's probably more like this in

275

00:14:11,809 --> 00:14:15,379
other words if you're living there

276

00:14:13,370 --> 00:14:16,730
then all this stuff is sort of second

277

00:14:15,379 --> 00:14:18,740
nature to you you don't really pay much

278

00:14:16,730 --> 00:14:23,210
attention to it until of course

279

00:14:18,740 --> 00:14:28,460
something happens to you like any story

280

00:14:23,210 --> 00:14:31,550
about the globes okay so why should we

281

00:14:28,460 --> 00:14:33,290
study portal areas well maybe portal

282

00:14:31,549 --> 00:14:37,279
areas offer clues to the nature of

283

00:14:33,289 --> 00:14:39,500
things like Bigfoot and UFOs maybe the

284

00:14:37,279 --> 00:14:45,110
first events actually are related in

285

00:14:39,500 --> 00:14:50,019
some way but what is the way how could

286
00:14:45,110 --> 00:14:52,310
UFOs be related to Bigfoot okay I

287
00:14:50,019 --> 00:14:54,559
honestly haven't a clue but in

288
00:14:52,309 --> 00:14:57,079
Pennsylvania there is this long term

289
00:14:54,559 --> 00:15:01,459
relationship the stand gourd is been

290
00:14:57,080 --> 00:15:03,420
talking about literally for decades okay

291
00:15:01,460 --> 00:15:05,879
there are problems at study

292
00:15:03,419 --> 00:15:09,629
malaria's first problem is data captured

293
00:15:05,879 --> 00:15:12,299
I mentioned that Stan in spite of the

294
00:15:09,629 --> 00:15:14,090
fact that he's lived there for that's

295
00:15:12,299 --> 00:15:17,490
right for 30 years

296
00:15:14,090 --> 00:15:20,700
there's no Maps it hasn't made a map of

297
00:15:17,490 --> 00:15:24,360
where things happen okay so who

298
00:15:20,700 --> 00:15:26,490
investigates do you have a database is a

299
00:15:24,360 --> 00:15:28,919
data compared internally is it compared

300
00:15:26,490 --> 00:15:31,549
externally how are the data display

301
00:15:28,919 --> 00:15:34,500
timelines Maps multi-dimensional

302
00:15:31,549 --> 00:15:39,509
databases data be transferred to another

303
00:15:34,500 --> 00:15:42,600
researcher second problem is theory okay

304
00:15:39,509 --> 00:15:45,539
so the average investigator is typically

305
00:15:42,600 --> 00:15:46,950
not a theorist and in fact a lot of

306
00:15:45,539 --> 00:15:50,059
investigators are scientifically

307
00:15:46,950 --> 00:15:52,440
challenged we're not gonna make any

308
00:15:50,059 --> 00:15:55,199
assertions here about people in this

309
00:15:52,440 --> 00:15:57,120
specific theorists seldom approach

310
00:15:55,200 --> 00:15:59,120
ill-defined problems like this and this

311
00:15:57,120 --> 00:16:02,899
is an ill-defined problem like I admit

312
00:15:59,120 --> 00:16:07,740
and then you've got a scientific team

313
00:16:02,899 --> 00:16:09,149
okay now the ideal of course would be

314

00:16:07,740 --> 00:16:11,669
has something like the skinwalker ranch

315
00:16:09,149 --> 00:16:14,100
where you've got how many millions of

316
00:16:11,669 --> 00:16:16,740
dollars of investment a lot of highly

317
00:16:14,100 --> 00:16:20,420
qualified scientific people but the

318
00:16:16,740 --> 00:16:20,419
problem is at the end what do you got

319
00:16:21,409 --> 00:16:26,899
I'd say modest results be my assessment

320
00:16:30,919 --> 00:16:43,679
okay so wider implications if there's a

321
00:16:37,950 --> 00:16:47,370
portal if there's a portal who built it

322
00:16:43,679 --> 00:16:50,000
what's it for if the portal communicates

323
00:16:47,370 --> 00:16:54,139
someplace else what's come through it

324
00:16:50,000 --> 00:16:54,139
what's gonna come through it next

325
00:16:56,740 --> 00:17:01,450
are we missing some key pieces of

326
00:16:59,080 --> 00:17:04,029
evidence the SETI program the whole

327
00:17:01,450 --> 00:17:06,549
basis of study is basically we're

328
00:17:04,029 --> 00:17:10,000

searching for electromagnetic signals

329

00:17:06,549 --> 00:17:12,818

from elsewhere what if instead of that

330

00:17:10,000 --> 00:17:18,609

we've got another way of getting from

331

00:17:12,818 --> 00:17:23,318

one solar system to another and we're

332

00:17:18,609 --> 00:17:27,490

not even paying attention to so are we

333

00:17:23,318 --> 00:17:28,328

missing the faint signals so we've got

334

00:17:27,490 --> 00:17:30,849

this problem

335

00:17:28,328 --> 00:17:34,240

it's very ill-defined it didn't strike

336

00:17:30,849 --> 00:17:35,678

me ice I admit this until six months ago

337

00:17:34,240 --> 00:17:37,839

and I thought I could if we could give a

338

00:17:35,679 --> 00:17:38,920

talk and SSE what's it gonna be about I

339

00:17:37,839 --> 00:17:41,079

thought this would be a fascinating

340

00:17:38,920 --> 00:17:42,730

thing to look at and I thought well I

341

00:17:41,079 --> 00:17:44,589

know of these other two portal areas

342

00:17:42,730 --> 00:17:47,470

whether my talk about this as a concept

343
00:17:44,589 --> 00:17:48,879
a class of events okay especially

344
00:17:47,470 --> 00:17:50,829
because he had the skinwalker ranch

345
00:17:48,880 --> 00:17:53,020
which is certainly a very small-scale

346
00:17:50,829 --> 00:17:59,379
thing but poses many of the same

347
00:17:53,019 --> 00:18:02,259
problems so I don't know where to begin

348
00:17:59,380 --> 00:18:06,550
I mean I sat on this data for a long

349
00:18:02,259 --> 00:18:10,650
time and I don't know where to go next

350
00:18:06,549 --> 00:18:12,879
with this I'm looking for ideas and

351
00:18:10,650 --> 00:18:14,110
obviously I'm looking for people who

352
00:18:12,880 --> 00:18:17,110
might be interested in investigating

353
00:18:14,109 --> 00:18:19,839
these problems but it's not easy okay

354
00:18:17,109 --> 00:18:22,659
these are the big areas the stuffs been

355
00:18:19,839 --> 00:18:24,399
going on for a long time and even though

356
00:18:22,660 --> 00:18:29,700
there are people who are local experts

357
00:18:24,400 --> 00:18:29,700
in this not gonna be a simple matter

358
00:18:37,710 --> 00:18:44,288
just very briefly have you considered

359
00:18:40,239 --> 00:18:46,629
the possibility that you might might

360
00:18:44,288 --> 00:18:50,069
have the causal relationship inverted

361
00:18:46,628 --> 00:18:55,598
because weird things happen a lot

362
00:18:50,069 --> 00:18:57,700
everywhere and you you said that you you

363
00:18:55,598 --> 00:18:59,408
only find out about these portal areas

364
00:18:57,700 --> 00:19:01,229
when there's been somebody who's been

365
00:18:59,409 --> 00:19:03,849
living there a long time who is also

366
00:19:01,229 --> 00:19:06,308
observant and articulate enough to write

367
00:19:03,848 --> 00:19:08,338
a book and what if it's simply that

368
00:19:06,308 --> 00:19:10,298
those areas appear to be portal areas

369
00:19:08,338 --> 00:19:12,158
because there's somebody been living

370
00:19:10,298 --> 00:19:15,069
there a long time who's articulate and

371

00:19:12,159 --> 00:19:18,249
observant that's a very good question so

372
00:19:15,069 --> 00:19:24,999
the immediate answer is if you look on a

373
00:19:18,249 --> 00:19:32,048
site called alien vacation you will I'm

374
00:19:24,999 --> 00:19:35,618
not making this up okay two of two of

375
00:19:32,048 --> 00:19:41,979
the areas identified our yakima and city

376
00:19:35,618 --> 00:19:45,128
in the san miguel valley so i'm not i'm

377
00:19:41,979 --> 00:19:48,308
not making up and also the yakima is a

378
00:19:45,128 --> 00:19:51,069
city that has according to the internet

379
00:19:48,308 --> 00:19:53,308
the most UFO sightings in any American

380
00:19:51,069 --> 00:19:53,308
city

381
00:19:58,278 --> 00:20:02,638
regarding skinwalker there's a term that

382
00:20:00,929 --> 00:20:04,950
I've created for working that are called

383
00:20:02,638 --> 00:20:08,668
the precognitives sentient phenomenon

384
00:20:04,950 --> 00:20:10,679
meaning that it knew it was very

385
00:20:08,669 --> 00:20:13,440

resistance and so we want to go steady

386

00:20:10,679 --> 00:20:16,320

it was very resistant we had the wrench

387

00:20:13,440 --> 00:20:19,950

instrument and I'm thinking what would

388

00:20:16,319 --> 00:20:21,329

happen is just off camera or things

389

00:20:19,950 --> 00:20:24,629

would happen that should have been on

390

00:20:21,329 --> 00:20:27,769

camera that won't and last year we had a

391

00:20:24,628 --> 00:20:30,238

whole panel of the the trickster

392

00:20:27,769 --> 00:20:32,128

phenomena and I think that that's

393

00:20:30,239 --> 00:20:35,069

greatly you know what's involved

394

00:20:32,128 --> 00:20:37,798

it is not easy so using your traditional

395

00:20:35,069 --> 00:20:41,038

methods of I'll go watch I'll do you

396

00:20:37,798 --> 00:20:43,499

know everything we tried it was one step

397

00:20:41,038 --> 00:20:47,190

ahead whatever it is and it was in

398

00:20:43,499 --> 00:20:49,950

control well the Indians told me when I

399

00:20:47,190 --> 00:20:51,419

got to Yakima about the previous effort

400
00:20:49,950 --> 00:20:54,569
on the part of the Center for UFO

401
00:20:51,419 --> 00:20:58,259
studies who had sent an engineer along

402
00:20:54,569 --> 00:20:59,579
with lots of apparatus ok so the

403
00:20:58,259 --> 00:21:01,979
engineer is sitting on this hillside

404
00:20:59,579 --> 00:21:04,199
he's got his recording magnetometer he's

405
00:21:01,979 --> 00:21:06,269
got you know radiation meters everything

406
00:21:04,200 --> 00:21:08,038
ready to go and so forth so here comes a

407
00:21:06,269 --> 00:21:10,348
greasy light ball over at the top of the

408
00:21:08,038 --> 00:21:12,388
hill so what the hell what's his

409
00:21:10,348 --> 00:21:12,569
scientific response oh my god what is

410
00:21:12,388 --> 00:21:15,388
that

411
00:21:12,569 --> 00:21:17,549
tell me what it is an Indian saw that

412
00:21:15,388 --> 00:21:24,569
was really funny ok

413
00:21:17,549 --> 00:21:28,470
so none of the equipment worked that's

414
00:21:24,569 --> 00:21:30,750
typical I take a different approach I've

415
00:21:28,470 --> 00:21:33,019
been all over the world tracking earth

416
00:21:30,750 --> 00:21:35,220
lights and there are about a hundred

417
00:21:33,019 --> 00:21:38,400
places on earth where earth lights

418
00:21:35,220 --> 00:21:41,670
normally occur and if you count those as

419
00:21:38,400 --> 00:21:43,500
portals I can tell you some information

420
00:21:41,670 --> 00:21:46,769
that they're all above about background

421
00:21:43,500 --> 00:21:50,910
radiation there are magnetic anomalies

422
00:21:46,769 --> 00:21:52,740
and magnetic variability anomalies that

423
00:21:50,910 --> 00:21:57,269
come and go they're not there they're

424
00:21:52,740 --> 00:22:01,740
not there constantly and I think that's

425
00:21:57,269 --> 00:22:03,480
all I have to say well along those lines

426
00:22:01,740 --> 00:22:05,730
I just knew your thoughts about crop

427
00:22:03,480 --> 00:22:07,349
circles they seem to occur in certain

428

00:22:05,730 --> 00:22:09,870
regions especially southern England

429
00:22:07,349 --> 00:22:11,639
where there are known sacred sites ley

430
00:22:09,869 --> 00:22:13,409
lines what have you and maybe some of

431
00:22:11,640 --> 00:22:15,300
the magnetic anomalies that she's

432
00:22:13,410 --> 00:22:19,140
referring about any thoughts about those

433
00:22:15,299 --> 00:22:22,139
in portal areas crop circles are also

434
00:22:19,140 --> 00:22:24,330
related to individuals I mean there are

435
00:22:22,140 --> 00:22:25,620
certain individuals who literally can

436
00:22:24,329 --> 00:22:26,639
say well hey this is going to be a crop

437
00:22:25,619 --> 00:22:27,839
circle here and next thing you know

438
00:22:26,640 --> 00:22:30,720
there's a crop circle

439
00:22:27,839 --> 00:22:35,039
okay and it's not hoaxers it's something

440
00:22:30,720 --> 00:22:36,900
else ok I'm not I don't know but crop

441
00:22:35,039 --> 00:22:40,139
circles didn't seem to be part of the

442
00:22:36,900 --> 00:22:42,380

this particular phenomenon it in this

443

00:22:40,140 --> 00:22:42,380
case

444

00:22:48,539 --> 00:22:59,379
no krauser many years ago high voltage

445

00:22:56,950 --> 00:23:02,230
DC power line was built from the middle

446

00:22:59,380 --> 00:23:06,420
of North Dakota to Minneapolis hundreds

447

00:23:02,230 --> 00:23:09,880
of miles but you were involved as an and

448

00:23:06,420 --> 00:23:12,700
there was a one County much baby is 20

449

00:23:09,880 --> 00:23:15,400
miles along this power line where people

450

00:23:12,700 --> 00:23:17,350
were sick the animals were sick to the

451

00:23:15,400 --> 00:23:20,530
point that they started cutting down on

452

00:23:17,349 --> 00:23:23,019
these big towers and so the sheriff's up

453

00:23:20,529 --> 00:23:25,690
there and actually I was talking this is

454

00:23:23,019 --> 00:23:28,210
one of the my early ssed meaning the

455

00:23:25,690 --> 00:23:31,150
physicists at the meeting actually was

456

00:23:28,210 --> 00:23:33,190
involved in a panel and the conclusion

457
00:23:31,150 --> 00:23:35,590
was there is nothing really different in

458
00:23:33,190 --> 00:23:37,660
the fields or anything else except this

459
00:23:35,589 --> 00:23:39,668
one section everybody seemed to have

460
00:23:37,660 --> 00:23:42,490
sickness and the animals were sick and

461
00:23:39,669 --> 00:23:45,309
everything but it sort of follows up but

462
00:23:42,490 --> 00:23:48,490
York say I mean all the hundreds of

463
00:23:45,308 --> 00:23:54,339
miles in either direction that was no

464
00:23:48,490 --> 00:23:57,130
problem yeah usually it's ozone from the

465
00:23:54,339 --> 00:23:58,659
wires but I've never heard about that

466
00:23:57,130 --> 00:24:01,090
before I know that there was a lot of

467
00:23:58,660 --> 00:24:03,700
what you might call citizen resistance

468
00:24:01,089 --> 00:24:09,609
to the power lines and a lot of them got

469
00:24:03,700 --> 00:24:11,140
shot out yes and they had a barbecue and

470
00:24:09,609 --> 00:24:13,229
then they would topple the tower you

471
00:24:11,140 --> 00:24:13,230
know

472
00:24:13,609 --> 00:24:18,889
great thank you very much

473
00:24:15,670 --> 00:24:18,890
[Applause]
