

1
00:00:00,000 --> 00:00:05,089
and not whether that information is

2
00:00:01,979 --> 00:00:07,589
actually acquired right but according to

3
00:00:05,089 --> 00:00:11,759
almost everything that we've studied

4
00:00:07,589 --> 00:00:13,888
about a remote viewing or sigh it's

5
00:00:11,759 --> 00:00:17,969
independent of time and independent of

6
00:00:13,888 --> 00:00:20,339
space it can be reached up so the

7
00:00:17,969 --> 00:00:22,259
possibility for this mechanism always

8
00:00:20,339 --> 00:00:26,759
exists so how can quantum interference

9
00:00:22,260 --> 00:00:28,710
ever happen if that's real that's a good

10
00:00:26,760 --> 00:00:32,099
a good opening of a can of worms it's

11
00:00:28,710 --> 00:00:34,980
very good yes it's our last quick

12
00:00:32,098 --> 00:00:38,250
question as you want to just make a

13
00:00:34,979 --> 00:00:39,808
comment and a quick question I don't

14
00:00:38,250 --> 00:00:41,039
know if you're aware of some experiments

15
00:00:39,808 --> 00:00:43,919
that we're done in the British society

16
00:00:41,039 --> 00:00:46,320
for psychical research back in the 70s

17
00:00:43,920 --> 00:00:48,450
with john hess dead where they had an

18
00:00:46,320 --> 00:00:52,259
experiment a healer or whatever

19
00:00:48,450 --> 00:00:53,579
influence the path of a laser beam they

20
00:00:52,259 --> 00:00:55,738
were actually able to bend the laser

21
00:00:53,579 --> 00:00:57,299
beam so that kind of suggested in your

22
00:00:55,738 --> 00:00:58,799
interferometer experiments the

23
00:00:57,299 --> 00:01:02,308
consciousness might actually be

24
00:00:58,799 --> 00:01:03,869
interacting with the light itself I just

25
00:01:02,308 --> 00:01:05,338
thought you should know that's right the

26
00:01:03,869 --> 00:01:07,469
results that we saw would be consistent

27
00:01:05,338 --> 00:01:12,170
with that that kind of outcome as well

28
00:01:07,469 --> 00:01:12,170
yeah Thank You Dean welcome
