

1  
00:00:00,000 --> 00:00:03,540  
we think there's physical explanation

2  
00:00:01,500 --> 00:00:04,740  
okay and they would have reasonable

3  
00:00:03,540 --> 00:00:08,370  
grounds for that because in most cases

4  
00:00:04,740 --> 00:00:11,490  
there would be however I tccs are more

5  
00:00:08,369 --> 00:00:13,230  
powerful in this respect okay because

6  
00:00:11,490 --> 00:00:15,599  
you know the starting point you know the

7  
00:00:13,230 --> 00:00:17,160  
origin of the causal chain you can

8  
00:00:15,599 --> 00:00:18,359  
identify the point where that chain

9  
00:00:17,160 --> 00:00:20,010  
disappears from the physical universe

10  
00:00:18,359 --> 00:00:22,410  
and you can identify the point where it

11  
00:00:20,010 --> 00:00:23,970  
comes back in it's a lot easier to

12  
00:00:22,410 --> 00:00:26,160  
measure and observe and tell what's

13  
00:00:23,969 --> 00:00:28,229  
going on there and that's why in fact

14  
00:00:26,160 --> 00:00:30,899  
the ESP experiments and and other side

15  
00:00:28,230 --> 00:00:34,140  
related experiments that involve I tccs

16  
00:00:30,899 --> 00:00:35,820  
are so powerful which is why the

17  
00:00:34,140 --> 00:00:38,100  
physicals are scared to death of them

18  
00:00:35,820 --> 00:00:40,109  
I've been reading reading physicalist

19  
00:00:38,100 --> 00:00:42,590  
literature for a long time and these

20  
00:00:40,109 --> 00:00:45,808  
folks won't even look at the evidence

21  
00:00:42,590 --> 00:00:47,640  
because they know what the implications

22  
00:00:45,808 --> 00:00:50,488  
are if they acknowledge that this stuff

23  
00:00:47,640 --> 00:00:51,870  
is real and so they refuse to even

24  
00:00:50,488 --> 00:00:53,729  
accept the evidence without even

25  
00:00:51,869 --> 00:00:56,878  
investigating it for the most part

26  
00:00:53,729 --> 00:00:58,679  
they'll rely on third-party skeptic

27  
00:00:56,878 --> 00:01:03,479  
assessments of us and stuff and assume

28  
00:00:58,679 --> 00:01:05,129  
that that's that that's accurate okay so

29

00:01:03,479 --> 00:01:10,170  
that's the first part that's the first

30  
00:01:05,129 --> 00:01:11,460  
way that psy is essentially essential to

31  
00:01:10,170 --> 00:01:13,950  
preserving the whole idea of

32  
00:01:11,459 --> 00:01:16,109  
consciousness as and as consciousness in

33  
00:01:13,950 --> 00:01:18,478  
itself okay so here's part 2 i'm going

34  
00:01:16,109 --> 00:01:21,150  
to hit this fairly quickly it does a

35  
00:01:18,478 --> 00:01:23,489  
further thing for us ok we are usually

36  
00:01:21,150 --> 00:01:26,340  
think in terms of consciousness in terms

37  
00:01:23,489 --> 00:01:29,459  
of being awake and aware and all that i

38  
00:01:26,340 --> 00:01:31,228  
refer to that as conscious awareness we

39  
00:01:29,459 --> 00:01:32,819  
also have of course the subconscious and

40  
00:01:31,228 --> 00:01:34,200  
maybe the unconscious I don't want going

41  
00:01:32,819 --> 00:01:35,849  
to all of that but we've got conscious

42  
00:01:34,200 --> 00:01:37,829  
worse in some cut subconscious and we're

43  
00:01:35,849 --> 00:01:40,048

used to thinking in that dichotomy kind

44

00:01:37,828 --> 00:01:43,798

of a dualistic way of thinking about

45

00:01:40,049 --> 00:01:46,530

consciousness okay and I think we make a

46

00:01:43,799 --> 00:01:48,270

mistake in dividing those things and it

47

00:01:46,530 --> 00:01:50,939

allows the physicalist actually some

48

00:01:48,269 --> 00:01:52,618

leverage when we do that and this is the

49

00:01:50,938 --> 00:01:55,709

mistake that Susan Blackmore makes in

50

00:01:52,618 --> 00:01:58,530

that she focuses only unconscious

51

00:01:55,709 --> 00:02:00,629

awareness as consciousness when I think

52

00:01:58,530 --> 00:02:01,859

we need to include both of them and this

53

00:02:00,629 --> 00:02:03,060

was actually mentioned yesterday and

54

00:02:01,859 --> 00:02:05,250

I've already forgotten who talked about

55

00:02:03,060 --> 00:02:07,200

it talked about having a broader notion

56

00:02:05,250 --> 00:02:10,139

of consciousness where where the whole

57

00:02:07,200 --> 00:02:12,719

human mental life whether it's above or

58  
00:02:10,139 --> 00:02:13,259  
below the liminal threshold is regarded

59  
00:02:12,719 --> 00:02:14,938  
as

60  
00:02:13,259 --> 00:02:16,318  
conscious this consciousness and I think

61  
00:02:14,938 --> 00:02:19,139  
we need to address it that way and I'll

62  
00:02:16,318 --> 00:02:20,699  
explain why okay first of all I'm going

63  
00:02:19,139 --> 00:02:22,438  
to give you some remote viewing examples

64  
00:02:20,699 --> 00:02:25,169  
because they'll illustrate my point and

65  
00:02:22,438 --> 00:02:26,729  
plus you'll think they're cool I hope ok

66  
00:02:25,169 --> 00:02:29,339  
so this is the famous example from

67  
00:02:26,729 --> 00:02:31,048  
Stargate this was the famous typhoon

68  
00:02:29,340 --> 00:02:33,120  
submarine session that Jill McMonagle

69  
00:02:31,049 --> 00:02:34,950  
did they were given a coordinate

70  
00:02:33,120 --> 00:02:36,780  
geographic coordinate and they started

71  
00:02:34,949 --> 00:02:38,729  
describing this big building which was

72  
00:02:36,780 --> 00:02:40,140  
the goal now we know what the building

73  
00:02:38,729 --> 00:02:41,969  
looked like we didn't know was going on

74  
00:02:40,139 --> 00:02:43,708  
inside of his this huge massive building

75  
00:02:41,969 --> 00:02:45,479  
the Soviets built in a shipyard Nicola

76  
00:02:43,709 --> 00:02:48,539  
Peninsula it's about a quarter of a mile

77  
00:02:45,479 --> 00:02:50,219  
from the water jasa they joined no and

78  
00:02:48,539 --> 00:02:51,419  
national security council was afraid

79  
00:02:50,219 --> 00:02:52,859  
they were building a fleet size aircraft

80  
00:02:51,419 --> 00:02:54,598  
carrier in there that's how big the

81  
00:02:52,859 --> 00:02:55,859  
building was ok and that would have

82  
00:02:54,598 --> 00:02:57,419  
changed the balance of power those are

83  
00:02:55,859 --> 00:03:00,599  
all kinds of worries about it so

84  
00:02:57,419 --> 00:03:02,128  
somebody on the council a staffer on the

85  
00:03:00,598 --> 00:03:05,068  
council knew about the RV program and

86

00:03:02,128 --> 00:03:06,628  
tasked the program with trying to find

87  
00:03:05,068 --> 00:03:07,919  
out what was in the building so they

88  
00:03:06,628 --> 00:03:09,658  
described the building through these

89  
00:03:07,919 --> 00:03:11,219  
sketches and then once they had drawn

90  
00:03:09,658 --> 00:03:14,039  
convincing sketches of what the building

91  
00:03:11,219 --> 00:03:16,408  
look like and shown that through ESP

92  
00:03:14,039 --> 00:03:17,519  
they could recognize it they show them

93  
00:03:16,408 --> 00:03:19,378  
the picture of it and then they went on

94  
00:03:17,519 --> 00:03:22,139  
to describe the insides of it ok there's

95  
00:03:19,378 --> 00:03:23,759  
actual building today thanks to is it

96  
00:03:22,139 --> 00:03:25,199  
perestroika the fall of the Berlin Wall

97  
00:03:23,759 --> 00:03:27,689  
whatever we can now get pictures of

98  
00:03:25,199 --> 00:03:30,209  
these places ok there's the building

99  
00:03:27,689 --> 00:03:36,060  
again ok and there's a satellite view of

100  
00:03:30,209 --> 00:03:39,810

it ok there's a there's a viewer sketch

101

00:03:36,060 --> 00:03:42,329  
of it based on just RV sort of

102

00:03:39,810 --> 00:03:43,739  
information and how it looks and then

103

00:03:42,329 --> 00:03:45,599  
they said that inside this building are

104

00:03:43,739 --> 00:03:50,250  
these things that either are pregnant

105

00:03:45,598 --> 00:03:51,298  
kazoos or submarines ok more diagram so

106

00:03:50,250 --> 00:03:52,859  
I'm going to I'm going to kind of burn

107

00:03:51,299 --> 00:03:54,329  
through these because I'm running short

108

00:03:52,859 --> 00:03:55,769  
on time picture of what the inside of it

109

00:03:54,329 --> 00:03:57,540  
actually looks as compared to hit what

110

00:03:55,769 --> 00:04:00,989  
they sketched remember this is all RV

111

00:03:57,539 --> 00:04:02,818  
data and you'll explain how significant

112

00:04:00,989 --> 00:04:04,319  
that is in a minute ok again they

113

00:04:02,818 --> 00:04:06,658  
describe this huge crane and all that

114

00:04:04,318 --> 00:04:08,250  
and then joven want to go drew this

115  
00:04:06,658 --> 00:04:10,888  
sketch of the submarine and described it

116  
00:04:08,250 --> 00:04:12,479  
ok and he put the missile tubes in front

117  
00:04:10,889 --> 00:04:14,040  
of the sales the sale or the conning

118  
00:04:12,479 --> 00:04:15,659  
tower which at that time was heresy

119  
00:04:14,039 --> 00:04:17,250  
considered heresy by naval architect

120  
00:04:15,658 --> 00:04:21,209  
because you never put missile tubes in

121  
00:04:17,250 --> 00:04:22,889  
front of the sail on the sub because as

122  
00:04:21,209 --> 00:04:24,689  
when you open the tubes the watered porn

123  
00:04:22,889 --> 00:04:26,550  
in right okay well anyway and he

124  
00:04:24,689 --> 00:04:30,360  
described this to this

125  
00:04:26,550 --> 00:04:32,430  
is being huge okay and here actually

126  
00:04:30,360 --> 00:04:35,250  
shows you a picture of a typhoon tied up

127  
00:04:32,430 --> 00:04:38,038  
at the very dock many years later next

128  
00:04:35,250 --> 00:04:39,300  
to Kiev class whatever you want to call

129  
00:04:38,038 --> 00:04:40,709  
it surface combatant it's kind of an

130  
00:04:39,300 --> 00:04:42,389  
aircraft carrier and you can see that

131  
00:04:40,709 --> 00:04:44,489  
sub is huge because this is an aircraft

132  
00:04:42,389 --> 00:04:49,439  
carrier sized vessel here and that sub

133  
00:04:44,490 --> 00:04:50,550  
is huge ok so anyway ten months after

134  
00:04:49,439 --> 00:04:52,829  
the last remote viewing session they

135  
00:04:50,550 --> 00:04:54,000  
floated out the typhoon the NSC had

136  
00:04:52,829 --> 00:04:55,978  
thought the remote viewing stuff was

137  
00:04:54,000 --> 00:04:58,168  
bogus nobody in the Western world knew

138  
00:04:55,978 --> 00:05:00,568  
what was in that building and yet when

139  
00:04:58,168 --> 00:05:02,728  
the sub came out they found out that it

140  
00:05:00,569 --> 00:05:03,900  
was exactly as Joe mcmonagle and the

141  
00:05:02,728 --> 00:05:06,359  
other viewer that worked on this had

142  
00:05:03,899 --> 00:05:08,158  
described it you can see how the

143

00:05:06,360 --> 00:05:09,509  
computer there's a few differences but

144  
00:05:08,158 --> 00:05:11,310  
you can understand how those would be

145  
00:05:09,509 --> 00:05:12,389  
these are the things that were correct

146  
00:05:11,310 --> 00:05:14,459  
there are three to four submarines

147  
00:05:12,389 --> 00:05:16,168  
inside the building construction was of

148  
00:05:14,459 --> 00:05:18,239  
a huge submarines tubes in front of sale

149  
00:05:16,168 --> 00:05:19,829  
I got one minute to go so if would be

150  
00:05:18,240 --> 00:05:24,000  
launched in several months okay so

151  
00:05:19,829 --> 00:05:26,939  
here's some more examples you see how

152  
00:05:24,000 --> 00:05:28,050  
close those come this is an ARV you

153  
00:05:26,939 --> 00:05:30,300  
wouldn't know what that was looking at

154  
00:05:28,050 --> 00:05:32,908  
it until you saw the feedback photo now

155  
00:05:30,300 --> 00:05:35,038  
I've got 13 sessions on the same target

156  
00:05:32,908 --> 00:05:38,610  
at in different years all done

157  
00:05:35,038 --> 00:05:41,310

double-blind ok so this target is thick

158

00:05:38,610 --> 00:05:43,580

gray structure colors involved gray

159

00:05:41,310 --> 00:05:45,870

brown and ochre that was the target

160

00:05:43,579 --> 00:05:47,310

here's another session on the same thing

161

00:05:45,870 --> 00:05:51,598

see the multiple structures here is

162

00:05:47,310 --> 00:05:55,278

showing whoops yeah also same color same

163

00:05:51,598 --> 00:05:58,978

consistencies and stuff there you go

164

00:05:55,278 --> 00:06:00,839

this one was quite striking tah also

165

00:05:58,978 --> 00:06:03,689

talking about sandy and rocky ok the

166

00:06:00,839 --> 00:06:05,339

point of this is that all of these

167

00:06:03,689 --> 00:06:07,168

things these colors everything involved

168

00:06:05,339 --> 00:06:08,489

qualia they involve conscious experience

169

00:06:07,168 --> 00:06:10,258

and yet that is emerging from the

170

00:06:08,490 --> 00:06:11,908

subconscious remote viewing is clearly

171

00:06:10,259 --> 00:06:13,650

implicated in subconscious experience

172  
00:06:11,908 --> 00:06:17,009  
that stuff's coming up from it's time

173  
00:06:13,649 --> 00:06:20,068  
for Q&A ok so here's my final point two

174  
00:06:17,009 --> 00:06:22,139  
seconds ok according to black more

175  
00:06:20,069 --> 00:06:23,580  
consciousness vols perception cognition

176  
00:06:22,139 --> 00:06:25,139  
phenomenal experience intentionality the

177  
00:06:23,579 --> 00:06:27,810  
RV shows that that stuff's going on

178  
00:06:25,139 --> 00:06:29,788  
below the liminal threshold as well we

179  
00:06:27,810 --> 00:06:32,339  
need to we specify consciousness to

180  
00:06:29,788 --> 00:06:33,800  
narrowly and limiting helps the

181  
00:06:32,339 --> 00:06:36,718  
physicalist by limiting our

182  
00:06:33,800 --> 00:06:38,550  
specification of consciousness and so

183  
00:06:36,718 --> 00:06:40,089  
two ways ESP helps as evidence that's

184  
00:06:38,550 --> 00:06:41,530  
physicalism is false

185  
00:06:40,089 --> 00:06:44,079  
and that specification of consciousness

186  
00:06:41,529 --> 00:06:49,559  
is too narrow we can support

187  
00:06:44,079 --> 00:06:49,560  
consciousness through our ESP right okay

188  
00:06:53,339 --> 00:07:05,168  
so information if you're interested here

189  
00:06:57,490 --> 00:07:11,379  
you go okay thank you very much thank

190  
00:07:05,168 --> 00:07:13,659  
you Paul Jim beekler i agree with almost

191  
00:07:11,379 --> 00:07:14,769  
everything you say but i would go and I

192  
00:07:13,660 --> 00:07:16,419  
think you did a very good job some

193  
00:07:14,769 --> 00:07:18,399  
things you say I say my own writings but

194  
00:07:16,418 --> 00:07:21,668  
I would go a bit further and that you're

195  
00:07:18,399 --> 00:07:23,739  
talking about physicalism but there's a

196  
00:07:21,668 --> 00:07:25,990  
further separation physical world ah

197  
00:07:23,740 --> 00:07:28,269  
things that are material or physical but

198  
00:07:25,990 --> 00:07:29,650  
not everything is physicals material we

199  
00:07:28,269 --> 00:07:30,909  
also have electromagnetic and

200

00:07:29,649 --> 00:07:34,149  
gravitational fields which are

201  
00:07:30,910 --> 00:07:36,750  
completely physical but non material so

202  
00:07:34,149 --> 00:07:40,689  
I would posit the consciousness is

203  
00:07:36,750 --> 00:07:43,240  
actually a field struck or life as a

204  
00:07:40,689 --> 00:07:46,089  
field structure mind is electromagnetic

205  
00:07:43,240 --> 00:07:48,329  
structure and conscious and self is

206  
00:07:46,089 --> 00:07:50,259  
magnetic potential structure a

207  
00:07:48,329 --> 00:07:53,500  
completely non material but still

208  
00:07:50,259 --> 00:07:55,409  
physical okay first of all I agree if

209  
00:07:53,500 --> 00:07:59,168  
I'd had 45 minutes I take on further to

210  
00:07:55,410 --> 00:08:01,900  
ok but physicalism actually does include

211  
00:07:59,168 --> 00:08:04,478  
sy said energy matter and energy so

212  
00:08:01,899 --> 00:08:06,848  
physicalism materialism and physicalism

213  
00:08:04,478 --> 00:08:08,199  
is terms are almost isomorphic there are

214  
00:08:06,848 --> 00:08:09,909

some nuances that I don't think make a

215

00:08:08,199 --> 00:08:11,740

big difference but but nonetheless

216

00:08:09,910 --> 00:08:14,439

physical physical isms kind of the

217

00:08:11,740 --> 00:08:16,030

modern term from materialism however I

218

00:08:14,439 --> 00:08:18,610

would disagree with your premise about

219

00:08:16,029 --> 00:08:20,978

electromagnetism in mind all of the

220

00:08:18,610 --> 00:08:23,199

evidence the really strongly attested

221

00:08:20,978 --> 00:08:24,909

evidence seems to indicate that there is

222

00:08:23,199 --> 00:08:27,310

not that that there are non

223

00:08:24,910 --> 00:08:28,900

electromagnetic components to sy

224

00:08:27,310 --> 00:08:30,579

phenomenon and I think Dean would

225

00:08:28,899 --> 00:08:33,250

probably support that we'll find out a

226

00:08:30,579 --> 00:08:35,168

little bit there was a long series of

227

00:08:33,250 --> 00:08:37,538

experiments done at essar I some stuff

228

00:08:35,168 --> 00:08:38,978

done at saic where they tried to find

229  
00:08:37,538 --> 00:08:41,110  
out if there's an electromagnetic

230  
00:08:38,979 --> 00:08:43,300  
component to it and their final

231  
00:08:41,110 --> 00:08:44,560  
conclusion was that there is not oh it

232  
00:08:43,299 --> 00:08:51,599  
rustles up here would you agree with

233  
00:08:44,559 --> 00:08:51,599  
that Russell he does okay all right yeah

234  
00:08:52,059 --> 00:08:56,149  
okay all right so anyway that's we could

235  
00:08:54,769 --> 00:08:57,980  
have a big debate about that and there

236  
00:08:56,149 --> 00:09:01,789  
are on-going debates but that would be

237  
00:08:57,980 --> 00:09:04,329  
my response to that so okay the other

238  
00:09:01,789 --> 00:09:08,179  
question yeah hi my name is Kenny Arnett

239  
00:09:04,328 --> 00:09:10,789  
I am very impressed with your analysis

240  
00:09:08,179 --> 00:09:12,138  
of causal chains and bears some

241  
00:09:10,789 --> 00:09:14,179  
resemblance to some things I've done in

242  
00:09:12,139 --> 00:09:15,470  
the past and I'd like to suggest to you

243  
00:09:14,179 --> 00:09:17,958  
that there are some other sources of

244  
00:09:15,470 --> 00:09:20,389  
white crows in addition to sigh and

245  
00:09:17,958 --> 00:09:23,388  
those would be the near death experience

246  
00:09:20,389 --> 00:09:25,970  
after death communications and evidence

247  
00:09:23,389 --> 00:09:27,528  
of reincarnation okay so i think that

248  
00:09:25,970 --> 00:09:29,300  
there's more out there that we could

249  
00:09:27,528 --> 00:09:30,799  
bring into this kind of analysis it kind

250  
00:09:29,299 --> 00:09:34,278  
of depends on how you parse the word

251  
00:09:30,799 --> 00:09:36,409  
sigh and when i use it i kind of include

252  
00:09:34,278 --> 00:09:38,360  
those things as well since we really

253  
00:09:36,409 --> 00:09:42,139  
don't know the etiology of those things

254  
00:09:38,360 --> 00:09:44,690  
right I kind of embraced anything that

255  
00:09:42,139 --> 00:09:49,339  
seems to go beyond physical domain under

256  
00:09:44,690 --> 00:09:53,720  
the category okay another question Henry

257

00:09:49,339 --> 00:09:56,750  
Bauer in a causal chain going from one

258  
00:09:53,720 --> 00:10:01,870  
step to the next is a hundred percent

259  
00:09:56,750 --> 00:10:01,870  
certain in your intermediate in
