

1
00:00:00,000 --> 00:00:07,040
further to rest to work with one both of

2
00:00:03,990 --> 00:00:12,179
them suffered from Asperger's disorder

3
00:00:07,040 --> 00:00:15,899
by diagnosis that was made at local

4
00:00:12,179 --> 00:00:21,028
hospitals Asperger's disorder is by

5
00:00:15,900 --> 00:00:23,130
definition in the DSM for the Bible for

6
00:00:21,028 --> 00:00:25,429
psychiatrists is the qualitative

7
00:00:23,129 --> 00:00:27,299
impairment and social interaction as

8
00:00:25,429 --> 00:00:29,910
manifested by at least two of the

9
00:00:27,300 --> 00:00:33,000
following impairment and use of multiple

10
00:00:29,910 --> 00:00:35,820
nonverbal behavior failure to develop a

11
00:00:33,000 --> 00:00:38,808
relationship lack of desire to share

12
00:00:35,820 --> 00:00:41,670
with others lack of social or emotional

13
00:00:38,808 --> 00:00:44,968
reciprocity then there's a whole other

14
00:00:41,670 --> 00:00:48,350
category in which there are stereotyped

15
00:00:44,969 --> 00:00:50,640
and repetitive major manifestations

16
00:00:48,350 --> 00:00:52,980
there are disturbances and social

17
00:00:50,640 --> 00:00:56,250
functioning but there's no general delay

18
00:00:52,979 --> 00:01:04,349
in language and these patients are known

19
00:00:56,250 --> 00:01:06,539
to be exceptionally intelligent now how

20
00:01:04,349 --> 00:01:10,140
does intuitive cosine appears we call it

21
00:01:06,540 --> 00:01:13,200
a work in diagnosis well Dominique as a

22
00:01:10,140 --> 00:01:15,329
medical intuitive uses her intuition and

23
00:01:13,200 --> 00:01:18,840
Lady aesthetic knowledge of our chemical

24
00:01:15,329 --> 00:01:21,030
processes don't ask me here I'm asking

25
00:01:18,840 --> 00:01:23,070
Claude to tell you about all the things

26
00:01:21,030 --> 00:01:25,379
that I can't tell you because he comes

27
00:01:23,069 --> 00:01:28,188
on afterwards and he there's a lot of

28
00:01:25,379 --> 00:01:30,390
these things much better than I do

29

00:01:28,188 --> 00:01:32,819
including the use of a pendulum to

30
00:01:30,390 --> 00:01:34,859
provide information on the emotional and

31
00:01:32,819 --> 00:01:37,408
spiritual state of the patient and the

32
00:01:34,859 --> 00:01:40,019
integrity and level of excitation of the

33
00:01:37,409 --> 00:01:43,880
bioenergy concentrations known as

34
00:01:40,019 --> 00:01:47,219
chakras are is a physician in healer

35
00:01:43,879 --> 00:01:49,978
utilized my ability to see the patient

36
00:01:47,219 --> 00:01:53,039
is that as a holographic image this is

37
00:01:49,978 --> 00:01:55,649
something that I receive training in and

38
00:01:53,040 --> 00:01:58,920
I've been doing it for over 15 years and

39
00:01:55,649 --> 00:02:01,820
I can literally see in on a physical and

40
00:01:58,920 --> 00:02:03,870
subtle matter levels of organization

41
00:02:01,819 --> 00:02:05,669
settle matter maybe

42
00:02:03,870 --> 00:02:09,868
you don't know and Claude will give an

43
00:02:05,670 --> 00:02:12,270

excellent description of it this

44

00:02:09,868 --> 00:02:14,490
information is that integrated with that

45

00:02:12,270 --> 00:02:17,100
provided by Dominique to permit the

46

00:02:14,490 --> 00:02:19,890
creation of a comprehensive plan of co

47

00:02:17,099 --> 00:02:21,359
therapy let me out at this point that

48

00:02:19,889 --> 00:02:25,469
some of these terms like several matters

49

00:02:21,360 --> 00:02:30,930
while they may be new to many of you

50

00:02:25,469 --> 00:02:33,810
have been in use and worked with for

51

00:02:30,930 --> 00:02:40,500
decades if not centuries by other

52

00:02:33,810 --> 00:02:42,030
medical healing people now the healing

53

00:02:40,500 --> 00:02:44,939
part we have diagnosis now you're

54

00:02:42,030 --> 00:02:46,800
healing hearing by myself is affected by

55

00:02:44,939 --> 00:02:50,389
first establishing resonance with the

56

00:02:46,800 --> 00:02:52,830
patient and I do that by my intention

57

00:02:50,389 --> 00:02:55,619
then making connections on the set of

58
00:02:52,830 --> 00:02:57,920
matter level of the organism invariably

59
00:02:55,620 --> 00:03:00,650
the process involves detoxification

60
00:02:57,919 --> 00:03:04,889
detoxification and the in balancing of

61
00:03:00,650 --> 00:03:08,270
imbalance in the subtle bodies which are

62
00:03:04,889 --> 00:03:11,488
organized templates of subtle matter

63
00:03:08,270 --> 00:03:15,409
these things are visible to me as much

64
00:03:11,489 --> 00:03:18,150
as table like this is visible to you

65
00:03:15,409 --> 00:03:20,150
often degeneration of tissue on the

66
00:03:18,150 --> 00:03:22,319
subtle body level is also necessary

67
00:03:20,150 --> 00:03:24,989
these Corrections our latest

68
00:03:22,319 --> 00:03:28,169
spontaneously manifest on the physical

69
00:03:24,989 --> 00:03:29,759
level herein by Dominique involves her

70
00:03:28,169 --> 00:03:31,979
establishing a resonance with the

71
00:03:29,759 --> 00:03:34,049
patient then interacting with them at

72
00:03:31,979 --> 00:03:37,409
their frequency of energetic pulsation

73
00:03:34,050 --> 00:03:39,150
or at a harmonic of this frequency this

74
00:03:37,409 --> 00:03:40,530
creates a comfort zone with the patient

75
00:03:39,150 --> 00:03:44,219
permitting them to open up spontaneously

76
00:03:40,530 --> 00:03:46,020
at the heart and soul level disability

77
00:03:44,219 --> 00:03:48,840
plus Dominique's natural empathy and

78
00:03:46,020 --> 00:03:51,360
wisdom make her superlative at helping

79
00:03:48,840 --> 00:03:57,180
people find and establish their life

80
00:03:51,360 --> 00:04:00,660
path now for you continue I want to show

81
00:03:57,180 --> 00:04:03,300
you some graphs of resonant bonding in

82
00:04:00,659 --> 00:04:07,370
cooperator experiments done at the pear

83
00:04:03,300 --> 00:04:11,519
laboratory by Bob John and Brenda done

84
00:04:07,370 --> 00:04:14,789
here you see unbounded this is a graph

85
00:04:11,519 --> 00:04:15,980
of unbounded opposite-sex pairs as

86

00:04:14,789 --> 00:04:21,349
operators

87
00:04:15,979 --> 00:04:22,849
with an r EG as the target and many of

88
00:04:21,350 --> 00:04:25,370
these kinds of slides have been shown

89
00:04:22,850 --> 00:04:29,560
before I simply want to point out at

90
00:04:25,370 --> 00:04:33,560
this moment that the final results are

91
00:04:29,560 --> 00:04:36,589
less than significant unbounded opposite

92
00:04:33,560 --> 00:04:39,589
sex pairs what do you mean by bonded we

93
00:04:36,589 --> 00:04:42,769
demeaning Bob by Bonnie we're speaking

94
00:04:39,589 --> 00:04:45,560
of a sense of resonance between the two

95
00:04:42,769 --> 00:04:48,288
people so that they feel that they know

96
00:04:45,560 --> 00:04:54,319
each other and they are in rhythm and in

97
00:04:48,288 --> 00:04:59,680
harmony with each other when they are

98
00:04:54,319 --> 00:05:04,009
bonded we get significant results in

99
00:04:59,680 --> 00:05:06,199
attempts to order the information from

100
00:05:04,009 --> 00:05:14,478

the random event generator big

101

00:05:06,199 --> 00:05:17,000

difference and one of our conclusions is

102

00:05:14,478 --> 00:05:19,370

that it appears that anomalous results

103

00:05:17,000 --> 00:05:21,918

can occur with similar frequency to

104

00:05:19,370 --> 00:05:24,620

those of the individual efforts that's

105

00:05:21,918 --> 00:05:26,569

in the bonded couples but in patterns

106

00:05:24,620 --> 00:05:29,060

that are not simply combinations of

107

00:05:26,569 --> 00:05:32,360

their separate signatures with

108

00:05:29,060 --> 00:05:36,589

corresponding composite efforts by which

109

00:05:32,360 --> 00:05:39,410

they say that there isn't the results

110

00:05:36,589 --> 00:05:41,929

are not a matter of adding one in one to

111

00:05:39,410 --> 00:05:44,389

yield two but getting something like

112

00:05:41,930 --> 00:05:46,788

three or four or something which we

113

00:05:44,389 --> 00:05:49,639

don't know what but it's quite different

114

00:05:46,788 --> 00:05:57,110

and as we saw in the previous graph it

115
00:05:49,639 --> 00:05:58,910
yields a far more powerful result now

116
00:05:57,110 --> 00:06:00,889
the extremely effects of two or more

117
00:05:58,910 --> 00:06:03,560
individuals bonded in the finely tuned

118
00:06:00,889 --> 00:06:06,560
resonance has been documented in ancient

119
00:06:03,560 --> 00:06:08,720
chinese literature alchemical texts of

120
00:06:06,560 --> 00:06:11,089
the Middle Ages and more recently in the

121
00:06:08,720 --> 00:06:12,949
writings of Roger we r who cause it's

122
00:06:11,089 --> 00:06:14,869
shared presence and they just

123
00:06:12,949 --> 00:06:16,730
illustrated experimental and

124
00:06:14,870 --> 00:06:23,000
theoretical work of Robert John and

125
00:06:16,730 --> 00:06:25,970
Brenda done so this is not news you're

126
00:06:23,000 --> 00:06:28,639
not the first people to use this now in

127
00:06:25,970 --> 00:06:30,740
therapy the appropriate metaphor to

128
00:06:28,639 --> 00:06:34,000
describe the curve therapy process is

129
00:06:30,740 --> 00:06:37,790
that of two therapists as tuning forks

130
00:06:34,000 --> 00:06:40,129
pulsating at the same frequency in this

131
00:06:37,790 --> 00:06:42,590
state working either simultaneously or

132
00:06:40,129 --> 00:06:45,170
sequentially with a resonantly too

133
00:06:42,589 --> 00:06:46,819
impatient we find that our intentions

134
00:06:45,170 --> 00:06:50,210
generated both consciously and

135
00:06:46,819 --> 00:06:52,849
unconsciously or significantly amplified

136
00:06:50,209 --> 00:06:55,149
in our experiences from it's a rapid

137
00:06:52,850 --> 00:06:57,620
acceleration of the healing process

138
00:06:55,149 --> 00:07:00,169
because the process takes place on an

139
00:06:57,620 --> 00:07:02,439
intangible physical level it can be

140
00:07:00,170 --> 00:07:05,840
affected independently of time and space

141
00:07:02,439 --> 00:07:07,759
so intention we establish resonance with

142
00:07:05,839 --> 00:07:10,279
the patient thus permitting hearing

143

00:07:07,759 --> 00:07:13,279
information to be induced in the patient

144
00:07:10,279 --> 00:07:19,129
thence to be manifested on a tangible

145
00:07:13,279 --> 00:07:23,739
physical level the two patients with

146
00:07:19,129 --> 00:07:26,300
Alzheimer's disorder or a Gwen and Rose

147
00:07:23,740 --> 00:07:28,930
grand when is an 18 year old Caucasian

148
00:07:26,300 --> 00:07:31,250
deal with problems and learning math

149
00:07:28,930 --> 00:07:34,160
problems and social interactions and

150
00:07:31,250 --> 00:07:37,129
most prominently pacing which she calls

151
00:07:34,160 --> 00:07:39,050
galloping almost continuously as a

152
00:07:37,129 --> 00:07:40,939
matter of fact at home she will hold the

153
00:07:39,050 --> 00:07:43,790
floor because of her pacing when we say

154
00:07:40,939 --> 00:07:47,269
continuously we mean that all day except

155
00:07:43,790 --> 00:07:49,850
for brief periods Gwen does is to

156
00:07:47,269 --> 00:07:52,399
relieve a sense of inner urgency she

157
00:07:49,850 --> 00:07:55,129

also feels that her left going to be

158

00:07:52,399 --> 00:07:57,469

dead as she put it Gwen is obviously

159

00:07:55,129 --> 00:07:59,240

very intelligent and mature beyond her

160

00:07:57,470 --> 00:08:03,560

age she possesses some unusual

161

00:07:59,240 --> 00:08:05,360

extrasensory capabilities Rose is a six

162

00:08:03,560 --> 00:08:07,850

year old Caucasian girl with similar

163

00:08:05,360 --> 00:08:10,220

school and social problems except that

164

00:08:07,850 --> 00:08:13,580

she raised their hands for up to 20

165

00:08:10,220 --> 00:08:16,130

minutes at a time at least once per hour

166

00:08:13,579 --> 00:08:18,769

something like this it's all kind of

167

00:08:16,129 --> 00:08:20,810

alluded she shows it to us she goes into

168

00:08:18,769 --> 00:08:25,859

the state of what she calls her states

169

00:08:20,810 --> 00:08:30,718

of tension now

170

00:08:25,860 --> 00:08:34,168

when I work with patients and I see this

171

00:08:30,718 --> 00:08:36,389

hologram and I can see into them the

172
00:08:34,168 --> 00:08:39,208
things that I'm looking for are not only

173
00:08:36,389 --> 00:08:41,729
the physical state of the patient which

174
00:08:39,208 --> 00:08:44,458
we have here represented here in the

175
00:08:41,729 --> 00:08:48,089
schematic but also what has been known

176
00:08:44,458 --> 00:08:50,338
for centuries as these thick body that

177
00:08:48,089 --> 00:08:54,720
is that we corresponding what shud ray

178
00:08:50,339 --> 00:09:00,540
calls the Morpho genetic body and also

179
00:08:54,720 --> 00:09:05,370
an astral body which is an additional

180
00:09:00,539 --> 00:09:07,559
cell energy body and these surround the

181
00:09:05,370 --> 00:09:11,879
patient and go through and through them

182
00:09:07,559 --> 00:09:14,609
and in the girls what I found in both

183
00:09:11,879 --> 00:09:16,919
girls that there was a severe distortion

184
00:09:14,610 --> 00:09:18,870
in the etheric in the distribution of

185
00:09:16,919 --> 00:09:25,229
the matter set of matters in their

186
00:09:18,870 --> 00:09:27,209
brains the in both of them you can see

187
00:09:25,230 --> 00:09:29,639
the theater at ease of a relatively the

188
00:09:27,208 --> 00:09:33,629
same size but the astral bodies in the

189
00:09:29,639 --> 00:09:35,909
right hemisphere was shrunken I did when

190
00:09:33,629 --> 00:09:38,220
I started this I knew they had no idea

191
00:09:35,909 --> 00:09:40,828
what to expect but this is what I found

192
00:09:38,220 --> 00:09:43,680
I know the basis of experience I know

193
00:09:40,828 --> 00:09:47,099
that I can really help people by

194
00:09:43,679 --> 00:09:49,889
balancing these out so I did that using

195
00:09:47,100 --> 00:09:52,709
intention i was able to increase the

196
00:09:49,889 --> 00:09:56,039
astral body so it matched was compatible

197
00:09:52,708 --> 00:10:00,059
with your thiet body and unbalanced out

198
00:09:56,039 --> 00:10:02,610
the brain and hear the results at the

199
00:10:00,059 --> 00:10:04,739
end of one day with Gwen there's a

200

00:10:02,610 --> 00:10:07,440
ninety percent decrease in her galloping

201
00:10:04,740 --> 00:10:09,930
at the end of two weeks year one hundred

202
00:10:07,440 --> 00:10:11,940
percent decrease in galloping at four

203
00:10:09,929 --> 00:10:13,588
weeks the sustained decrease in

204
00:10:11,940 --> 00:10:15,589
galloping and improvement of learning

205
00:10:13,589 --> 00:10:19,470
math this is working two to three times

206
00:10:15,589 --> 00:10:21,600
a week well Dominique works in her

207
00:10:19,470 --> 00:10:24,329
coaching mode with them where is

208
00:10:21,600 --> 00:10:26,459
immediately fab relaxed following the

209
00:10:24,328 --> 00:10:28,769
treatment of about ten minutes she

210
00:10:26,458 --> 00:10:31,729
initiated spontaneously engagement with

211
00:10:28,769 --> 00:10:33,799
them Dominique which is extremely amused

212
00:10:31,730 --> 00:10:36,350
according to the mother at the end of

213
00:10:33,799 --> 00:10:39,198
one week there's a significant decrease

214
00:10:36,350 --> 00:10:43,310

in tensing sustained relaxation and

215

00:10:39,198 --> 00:10:45,229

engagement with others conclusion the

216

00:10:43,309 --> 00:10:47,359

usually intransigent symptoms of

217

00:10:45,230 --> 00:10:50,149

Asperger's disorder can be anomalously

218

00:10:47,360 --> 00:10:52,159

ameliorated by intuitive co therapy co

219

00:10:50,149 --> 00:10:54,139

therapist operating resonance can exert

220

00:10:52,159 --> 00:10:55,969

a healing effect well beyond that

221

00:10:54,139 --> 00:10:58,370

expected by a simple addition of their

222

00:10:55,970 --> 00:11:00,920

abilities indicating the presence of an

223

00:10:58,370 --> 00:11:10,850

unknown element into the healing

224

00:11:00,919 --> 00:11:16,309

equation come up here please for

225

00:11:10,850 --> 00:11:18,879

questions as people are coming up just a

226

00:11:16,309 --> 00:11:24,189

quick question might this be additive

227

00:11:18,879 --> 00:11:24,189

the effect yeah I don't think so ok I

228

00:11:25,299 --> 00:11:30,109

thank you very much for that this taps

229

00:11:28,610 --> 00:11:31,850

into a lot of ideas I've been working

230

00:11:30,110 --> 00:11:33,829

with and I'm wondering about the

231

00:11:31,850 --> 00:11:36,860

resonance phenomenon those who will

232

00:11:33,828 --> 00:11:41,000

speak up sorry I'm wondering about the

233

00:11:36,860 --> 00:11:44,690

resonance phenomenon I'm conceptualizing

234

00:11:41,000 --> 00:11:47,659

that in very rudimentary terms as a pair

235

00:11:44,690 --> 00:11:50,449

of oscillating dipoles and I'm wondering

236

00:11:47,659 --> 00:11:53,088

if in my way of thinking that dipoles

237

00:11:50,448 --> 00:11:55,159

would be the etheric body or the astral

238

00:11:53,089 --> 00:11:58,190

body or the physical body or all of the

239

00:11:55,159 --> 00:12:01,578

above let's do some experiments and find

240

00:11:58,190 --> 00:12:03,740

out I don't know you have known it made

241

00:12:01,578 --> 00:12:07,359

an idea about that no I doubt let's keep

242

00:12:03,740 --> 00:12:07,360

the questions short play it thank you

243
00:12:07,929 --> 00:12:13,458
excuse me rich I have a somewhat

244
00:12:11,629 --> 00:12:15,588
personal question I've got a

245
00:12:13,458 --> 00:12:20,619
five-year-old grandson with mild

246
00:12:15,589 --> 00:12:22,529
Asperger's he shows or indications of

247
00:12:20,620 --> 00:12:27,499
becoming a

248
00:12:22,528 --> 00:12:31,860
there is a math prodigy super memory for

249
00:12:27,499 --> 00:12:35,040
I'm sorry folks a super memory for

250
00:12:31,860 --> 00:12:37,709
numbers but I've noticed one thing

251
00:12:35,039 --> 00:12:43,469
physically about him if I remember

252
00:12:37,708 --> 00:12:46,888
correctly the right side of his skull is

253
00:12:43,470 --> 00:12:48,749
slightly larger than the left and I

254
00:12:46,889 --> 00:12:50,490
wonder if you've ever heard of that it's

255
00:12:48,749 --> 00:12:53,159
not really noticeable unless he gets a

256
00:12:50,490 --> 00:12:59,278
fresh haircut no I haven't but it

257

00:12:53,159 --> 00:13:01,649
doesn't surprise me okay yes thank you

258
00:12:59,278 --> 00:13:04,169
I've intrigued by your concept of the

259
00:13:01,649 --> 00:13:05,970
holographic body the only other time

260
00:13:04,169 --> 00:13:08,128
I've heard that recently is the books

261
00:13:05,970 --> 00:13:09,629
written by Adam the well-known healer

262
00:13:08,129 --> 00:13:12,028
from Toronto where he actually

263
00:13:09,629 --> 00:13:14,430
visualizes a holographic projection

264
00:13:12,028 --> 00:13:16,759
behind the individual to he's to be

265
00:13:14,429 --> 00:13:19,198
healing and he also envisions

266
00:13:16,759 --> 00:13:21,808
interacting with that hologram to change

267
00:13:19,198 --> 00:13:25,229
the situation so a new work do you

268
00:13:21,808 --> 00:13:27,028
actually intent something to change or

269
00:13:25,230 --> 00:13:28,889
you just give the suggestion to the

270
00:13:27,028 --> 00:13:32,039
individual having an element no there's

271
00:13:28,889 --> 00:13:34,889

a clear intention and it happens I

272

00:13:32,039 --> 00:13:38,549
believe because being resonantly

273

00:13:34,889 --> 00:13:40,379
connected with the patient that anything

274

00:13:38,549 --> 00:13:43,649
any thought that I have regarding the

275

00:13:40,379 --> 00:13:45,569
patient is induced that information is

276

00:13:43,649 --> 00:13:49,429
induced into the patient through a state

277

00:13:45,568 --> 00:13:49,429
of resonance through the patient yeah

278

00:13:50,448 --> 00:13:57,208
thank you dick and Dominique I know that

279

00:13:55,078 --> 00:13:58,649
sometimes you speak of remote

280

00:13:57,208 --> 00:14:00,719
application of certain kinds of

281

00:13:58,649 --> 00:14:03,058
therapies you think that's possible in

282

00:14:00,720 --> 00:14:06,959
this case and if so I have a patient for

283

00:14:03,058 --> 00:14:13,100
you I do I do it all the time I treat

284

00:14:06,958 --> 00:14:17,638
people here East Coast China Europe

285

00:14:13,100 --> 00:14:18,870
always please distinguish for me and for

286
00:14:17,639 --> 00:14:20,970
others who don't know the difference

287
00:14:18,870 --> 00:14:23,610
what is the difference between youth

288
00:14:20,970 --> 00:14:27,839
Eric and the astral bodies well the

289
00:14:23,610 --> 00:14:31,589
third body in my experience and what

290
00:14:27,839 --> 00:14:34,230
I've been taught functions as a template

291
00:14:31,589 --> 00:14:36,330
like a blueprint for everything

292
00:14:34,230 --> 00:14:39,570
we'll sell and already down to the DNA

293
00:14:36,330 --> 00:14:42,690
level it's an exact replica I think that

294
00:14:39,570 --> 00:14:45,270
this is what the more for genetic field

295
00:14:42,690 --> 00:14:53,330
is the astral body is more of a

296
00:14:45,269 --> 00:14:53,329
repository of emotions thank you look

297
00:14:53,960 --> 00:15:03,080
for those weak ones of us who are stuck

298
00:14:57,539 --> 00:15:06,689
in the current paradigm how jolly fellow

299
00:15:03,080 --> 00:15:09,090
how do you help am I to connect what

300
00:15:06,690 --> 00:15:14,160
you're talking about with conventional

301
00:15:09,090 --> 00:15:20,040
medicine let me say I'm not sure it's

302
00:15:14,159 --> 00:15:22,549
worth trying of course I operate in both

303
00:15:20,039 --> 00:15:27,120
fields and I've been trying to do this

304
00:15:22,549 --> 00:15:29,909
for my entire professional life there is

305
00:15:27,120 --> 00:15:33,409
a whole this is a whole other level of

306
00:15:29,909 --> 00:15:37,169
thinking and functioning and until

307
00:15:33,409 --> 00:15:39,179
physicians get used to that and begin to

308
00:15:37,169 --> 00:15:41,639
operate in it so that it's a functional

309
00:15:39,179 --> 00:15:43,919
part of how they work and think they

310
00:15:41,639 --> 00:15:50,129
won't have a chance of relating it to

311
00:15:43,919 --> 00:15:52,879
what they ordinarily no sorry Thank You

312
00:15:50,129 --> 00:15:52,879
dick and Emily

313
00:16:01,379 --> 00:16:12,700
do you want to take your water is that

314

00:16:03,399 --> 00:16:15,480
your water yeah okay get yours okay is

315
00:16:12,700 --> 00:16:15,480
that why okay
