

1
00:00:00,000 --> 00:00:04,290
playing modes I don't have the raw data

2
00:00:02,700 --> 00:00:05,640
this is kind of what you're asking on

3
00:00:04,290 --> 00:00:08,068
that magnitude of the effect I have to

4
00:00:05,639 --> 00:00:10,349
remember what the raw data was it was it

5
00:00:08,069 --> 00:00:12,210
wasn't it was a nominal effect and I

6
00:00:10,349 --> 00:00:14,009
subtracted that out from the data so I

7
00:00:12,210 --> 00:00:16,920
showed you the effect that was due to

8
00:00:14,009 --> 00:00:21,480
the healer but yes I probably should

9
00:00:16,920 --> 00:00:23,929
have showed you the raw data okay thank

10
00:00:21,480 --> 00:00:23,929
you very much
