

1  
00:00:01,219 --> 00:00:06,450  
like to welcome you to the second

2  
00:00:04,919 --> 00:00:08,638  
experiment that we've had I think in the

3  
00:00:06,450 --> 00:00:11,039  
last two years of having a panel

4  
00:00:08,638 --> 00:00:13,768  
discussion to permit the audience to

5  
00:00:11,039 --> 00:00:16,799  
clarify their and answered questions in

6  
00:00:13,769 --> 00:00:19,850  
their minds of the people who they heard

7  
00:00:16,800 --> 00:00:21,719  
from during the day and so today we have

8  
00:00:19,850 --> 00:00:24,080  
basically we don't need to introduce

9  
00:00:21,719 --> 00:00:28,259  
everybody because you know who they are

10  
00:00:24,079 --> 00:00:29,399  
we have the panel who will we'll deal

11  
00:00:28,260 --> 00:00:33,950  
with the evening in the following way

12  
00:00:29,399 --> 00:00:36,479  
and they said this panel is for you and

13  
00:00:33,950 --> 00:00:38,399  
at the beginning I'm going to ask the

14  
00:00:36,479 --> 00:00:40,949  
panelists to take two minutes each and

15  
00:00:38,399 --> 00:00:43,439  
mention only the things that they both

16  
00:00:40,950 --> 00:00:44,910  
feel strongly feel about or the most

17  
00:00:43,439 --> 00:00:46,500  
logical conclusion would use a little

18  
00:00:44,909 --> 00:00:48,779  
timer that we've become comfortable with

19  
00:00:46,500 --> 00:00:51,539  
for two minutes so they'll make it easy

20  
00:00:48,780 --> 00:00:53,370  
for you except for James carrion who has

21  
00:00:51,539 --> 00:00:56,090  
not been able to share his thoughts with

22  
00:00:53,369 --> 00:01:01,229  
us today who will have five minutes or

23  
00:00:56,090 --> 00:01:02,820  
maybe seven depending and and then as

24  
00:01:01,229 --> 00:01:04,500  
far as the questioners and the audience

25  
00:01:02,820 --> 00:01:09,719  
are concerned we will have a traveling

26  
00:01:04,500 --> 00:01:11,900  
mic for you to use and I think that's it

27  
00:01:09,719 --> 00:01:11,900  
right there

28  
00:01:11,959 --> 00:01:17,489  
we'll give you the mic and use it based

29

00:01:15,000 --> 00:01:19,109  
on your hand raising if possible these

30  
00:01:17,489 --> 00:01:20,938  
are direct the question to one speaker

31  
00:01:19,109 --> 00:01:23,728  
or make it to the panel in general

32  
00:01:20,938 --> 00:01:25,500  
that's your choice if you were asking

33  
00:01:23,728 --> 00:01:26,879  
you to ask a question not give a speech

34  
00:01:25,500 --> 00:01:28,950  
although we recognize that sometimes

35  
00:01:26,879 --> 00:01:32,009  
it's necessary to have a little preamble

36  
00:01:28,950 --> 00:01:34,409  
in order to make the question clear and

37  
00:01:32,009 --> 00:01:36,659  
I'd like to encourage you to avoid

38  
00:01:34,409 --> 00:01:38,189  
multiple questions because it taxes our

39  
00:01:36,659 --> 00:01:41,460  
minds to try to remember what order

40  
00:01:38,188 --> 00:01:43,019  
they're in and the other hand we don't

41  
00:01:41,459 --> 00:01:44,849  
want you to leave this room feeling

42  
00:01:43,019 --> 00:01:46,140  
unsatisfied that you had the question

43  
00:01:44,849 --> 00:01:49,859

you were burning to ask and you never

44

00:01:46,140 --> 00:01:51,930

got any satisfactory answers so the less

45

00:01:49,859 --> 00:01:54,269

instructions for the audience and for

46

00:01:51,930 --> 00:01:56,130

the panelists I would encourage you even

47

00:01:54,269 --> 00:01:58,819

though we have a traveling mic if you

48

00:01:56,129 --> 00:02:01,408

feel as comfortable restate the question

49

00:01:58,819 --> 00:02:02,699

repeat it or maximize the clarity and

50

00:02:01,409 --> 00:02:05,280

this gives you a chance to think about

51

00:02:02,700 --> 00:02:07,140

your answer anyway and typically I've

52

00:02:05,280 --> 00:02:09,989

read a survey that said the most

53

00:02:07,140 --> 00:02:12,930

effective answers for TV personalities

54

00:02:09,989 --> 00:02:16,259

are gone in 45 seconds

55

00:02:12,930 --> 00:02:17,969

so I think we should avoid you know two

56

00:02:16,259 --> 00:02:20,639

or three-minute answers and avoid the

57

00:02:17,969 --> 00:02:22,949

second answer so that's those are my

58  
00:02:20,639 --> 00:02:24,419  
suggestions and other than that I'm just

59  
00:02:22,949 --> 00:02:28,048  
going to be one of the one of the

60  
00:02:24,419 --> 00:02:29,699  
panelists doing their thing and actually

61  
00:02:28,049 --> 00:02:32,219  
I'd like to suggest that we started at

62  
00:02:29,699 --> 00:02:32,518  
the other end with with Claude that okay

63  
00:02:32,219 --> 00:02:34,829  
Claude

64  
00:02:32,519 --> 00:02:40,438  
just two minutes to summarize whatever

65  
00:02:34,829 --> 00:02:43,260  
you'd like to say can you hear me okay

66  
00:02:40,438 --> 00:02:45,060  
yeah I don't have anything that is

67  
00:02:43,259 --> 00:02:47,578  
burning on my mind I'm just it's a very

68  
00:02:45,060 --> 00:02:49,500  
exciting time to be alive lot of things

69  
00:02:47,579 --> 00:02:51,900  
happening on the planet today and I

70  
00:02:49,500 --> 00:02:54,479  
think a lot of the ferment that we're

71  
00:02:51,900 --> 00:02:57,599  
seeing in science reflects that there's

72  
00:02:54,479 --> 00:02:59,608  
an opportunity here for enormous growth

73  
00:02:57,598 --> 00:03:01,649  
and enormous learning and enormous

74  
00:02:59,609 --> 00:03:03,780  
spiritual growth I think that's as part

75  
00:03:01,650 --> 00:03:05,730  
of part of the whole process

76  
00:03:03,780 --> 00:03:09,259  
along with the scientific discoveries so

77  
00:03:05,729 --> 00:03:09,259  
that's what they all have to say

78  
00:03:14,030 --> 00:03:20,479  
I guess I'd start with the highlights of

79  
00:03:16,909 --> 00:03:23,659  
the talk first of all I think the

80  
00:03:20,479 --> 00:03:26,569  
physical reality of UFOs is proven

81  
00:03:23,659 --> 00:03:29,569  
beyond all reasonable doubt every every

82  
00:03:26,569 --> 00:03:32,419  
sensor we have picks them up what that

83  
00:03:29,569 --> 00:03:35,689  
what they are hard to say I think the

84  
00:03:32,419 --> 00:03:38,780  
biggest problem in the field today stems

85  
00:03:35,689 --> 00:03:43,939  
from the Condon report which made it not

86

00:03:38,780 --> 00:03:45,919  
okay to study if you are in a profession

87  
00:03:43,939 --> 00:03:49,239  
and choose to a particularly scientific

88  
00:03:45,919 --> 00:03:52,549  
community and choose to study UFOs

89  
00:03:49,239 --> 00:03:55,520  
you're at risk and that is because of

90  
00:03:52,550 --> 00:03:57,260  
the perception in the community there's

91  
00:03:55,520 --> 00:04:01,189  
also been studies done by the way of

92  
00:03:57,259 --> 00:04:04,280  
looking at what scientists think about

93  
00:04:01,189 --> 00:04:07,219  
various fields and phenomenology UFOs in

94  
00:04:04,280 --> 00:04:09,949  
particular what the public feels about

95  
00:04:07,219 --> 00:04:11,469  
it and they're living in two different

96  
00:04:09,949 --> 00:04:16,519  
worlds

97  
00:04:11,469 --> 00:04:20,029  
I'll also address one issue that's kind

98  
00:04:16,519 --> 00:04:23,360  
of clear and I'm sure mr. Haddie is

99  
00:04:20,029 --> 00:04:30,019  
going to we have agreed to disagree but

100  
00:04:23,360 --> 00:04:32,449

Corso came up as a key issue I had we

101

00:04:30,019 --> 00:04:36,228

knew of course so long before they after

102

00:04:32,449 --> 00:04:38,418

Roswell I was with him one week spent a

103

00:04:36,228 --> 00:04:40,759

day with him one week before he died at

104

00:04:38,418 --> 00:04:44,719

that time he showed me the manuscript

105

00:04:40,759 --> 00:04:47,389

that he was writing on that says you

106

00:04:44,720 --> 00:04:49,880

know we had to correct the all of the

107

00:04:47,389 --> 00:04:52,909

mistakes that came out of day after

108

00:04:49,879 --> 00:04:55,040

Roswell the other thing that I did do is

109

00:04:52,910 --> 00:04:58,160

spend considerable amount of time

110

00:04:55,040 --> 00:05:01,460

checking not only his career but all of

111

00:04:58,160 --> 00:05:05,120

the technologies involved and I can tell

112

00:05:01,459 --> 00:05:07,939

you that they simply do not track what

113

00:05:05,120 --> 00:05:10,250

you find is a starting point for all of

114

00:05:07,939 --> 00:05:15,589

the technologies were mentioned it's a

115  
00:05:10,250 --> 00:05:17,300  
continuous growth var no step functions

116  
00:05:15,589 --> 00:05:20,119  
and I've talked to many of the key

117  
00:05:17,300 --> 00:05:21,949  
people involved in the R&D it's simply

118  
00:05:20,120 --> 00:05:25,740  
not they're certainly not lasers night

119  
00:05:21,949 --> 00:05:28,418  
vision any of those sorts of things

120  
00:05:25,740 --> 00:05:30,800  
[Music]

121  
00:05:28,418 --> 00:05:34,009  
James what did we do you last it that's

122  
00:05:30,800 --> 00:05:35,750  
okay unless you do it right now we could

123  
00:05:34,009 --> 00:05:38,839  
do it James right now James is the

124  
00:05:35,750 --> 00:05:42,250  
international director of mutual new

125  
00:05:38,839 --> 00:05:44,418  
health MUFON or mutual UFO network and

126  
00:05:42,250 --> 00:05:48,350  
he's going to speak to us for the first

127  
00:05:44,418 --> 00:05:51,529  
time mmm I was told that I had five

128  
00:05:48,350 --> 00:05:55,910  
minutes to discuss the UFO phenomena

129  
00:05:51,529 --> 00:05:58,728  
with a a group of open-minded scientists

130  
00:05:55,910 --> 00:06:03,550  
and the first thing that came to mind

131  
00:05:58,728 --> 00:06:03,550  
was aren't all scientists open-minded

132  
00:06:05,800 --> 00:06:11,060  
mainstream science seems to be

133  
00:06:08,060 --> 00:06:12,709  
confounded by this subject and it may

134  
00:06:11,060 --> 00:06:15,410  
come as a surprise to you but those of

135  
00:06:12,709 --> 00:06:18,349  
us who study it seriously are just as

136  
00:06:15,410 --> 00:06:20,000  
perplexed but at least we're willing to

137  
00:06:18,350 --> 00:06:23,210  
acknowledge this pink elephant that's in

138  
00:06:20,000 --> 00:06:26,660  
the room we have the 60 year old mystery

139  
00:06:23,209 --> 00:06:29,029  
probably much older and the question

140  
00:06:26,660 --> 00:06:31,130  
that comes to mind at least for me is

141  
00:06:29,029 --> 00:06:34,399  
there a solution to this mystery and why

142  
00:06:31,129 --> 00:06:36,918  
haven't we found it yet where's the

143

00:06:34,399 --> 00:06:40,399  
nature of the phenomena so intricate so

144  
00:06:36,918 --> 00:06:42,370  
complex that it possibly involves the

145  
00:06:40,399 --> 00:06:44,509  
very nature of consciousness itself

146  
00:06:42,370 --> 00:06:45,800  
that's the problem with ufology we

147  
00:06:44,509 --> 00:06:52,219  
always seem to have more questions than

148  
00:06:45,800 --> 00:06:56,150  
we do answers but consider this we're

149  
00:06:52,220 --> 00:06:59,270  
trying to define a phenomena that is

150  
00:06:56,149 --> 00:07:01,250  
difficult for just to define just based

151  
00:06:59,269 --> 00:07:04,370  
on the spectrum of activity which is so

152  
00:07:01,250 --> 00:07:07,370  
broad who can say where the phenomena

153  
00:07:04,370 --> 00:07:09,620  
begins and where it ends when we have

154  
00:07:07,370 --> 00:07:12,340  
credible witnesses some who report

155  
00:07:09,620 --> 00:07:15,800  
seeing nuts-and-bolts craft in the sky

156  
00:07:12,339 --> 00:07:18,859  
and then followed by that the initiation

157  
00:07:15,800 --> 00:07:21,050

of poltergeist activity in their home or

158

00:07:18,860 --> 00:07:22,770

those folks that receive telepathic

159

00:07:21,050 --> 00:07:26,860

messages from

160

00:07:22,769 --> 00:07:28,329

entities of unknown origin are those

161

00:07:26,860 --> 00:07:32,520

folks that see a classic flying-saucer

162

00:07:28,329 --> 00:07:35,800

and a Bigfoot creature at the same time

163

00:07:32,519 --> 00:07:39,479

the overlapping boundaries of psychic

164

00:07:35,800 --> 00:07:41,620

phenomena cryptozoology spirituality

165

00:07:39,480 --> 00:07:44,500

makes it difficult for us to

166

00:07:41,620 --> 00:07:47,019

compartmentalize the data for study and

167

00:07:44,500 --> 00:07:50,560

it often feels like an exercise and

168

00:07:47,019 --> 00:07:53,469

ambiguity MUFON is gonna be celebrating

169

00:07:50,560 --> 00:07:55,930

its 40th anniversary next year the

170

00:07:53,470 --> 00:07:58,180

organization was founded in 1969

171

00:07:55,930 --> 00:08:01,060

soon after the qanun Committee released

172  
00:07:58,180 --> 00:08:05,290  
their results and soon after the Air

173  
00:08:01,060 --> 00:08:06,939  
Force terminated Project Blue Book we

174  
00:08:05,290 --> 00:08:11,290  
have a t-shirt for sale on our website

175  
00:08:06,939 --> 00:08:13,810  
at WWF and calm and the t-shirt on the

176  
00:08:11,290 --> 00:08:16,210  
front has the MUFON logo and on the back

177  
00:08:13,810 --> 00:08:24,339  
the words doing the Air Forces jobs

178  
00:08:16,209 --> 00:08:26,649  
since 1969 so what is MUFON doing today

179  
00:08:24,339 --> 00:08:28,569  
well we're actively investigating UFO

180  
00:08:26,649 --> 00:08:30,639  
reports that's what we've pretty much

181  
00:08:28,569 --> 00:08:34,000  
done for the last 40 years but we've

182  
00:08:30,639 --> 00:08:35,439  
also formed two research teams one is

183  
00:08:34,000 --> 00:08:38,139  
our history team and one is our

184  
00:08:35,440 --> 00:08:40,330  
abduction team our history team is

185  
00:08:38,139 --> 00:08:43,899  
looking at the early history of the

186  
00:08:40,330 --> 00:08:45,670  
phenomena and specifically looking in

187  
00:08:43,899 --> 00:08:49,029  
government archives for factual

188  
00:08:45,669 --> 00:08:50,349  
information our abduction team is taking

189  
00:08:49,029 --> 00:08:52,629  
a closer look at the abduction

190  
00:08:50,350 --> 00:08:54,279  
experience or phenomenon and they're

191  
00:08:52,629 --> 00:08:56,439  
using two databases that MUFON has

192  
00:08:54,279 --> 00:08:59,289  
organized throughout the years one is

193  
00:08:56,440 --> 00:09:00,910  
our abduction monitoring project and the

194  
00:08:59,289 --> 00:09:05,079  
other one is our abduction transcription

195  
00:09:00,909 --> 00:09:08,350  
project our annual symposium is coming

196  
00:09:05,080 --> 00:09:10,420  
up in July in San Jose and the theme of

197  
00:09:08,350 --> 00:09:13,120  
the symposium is UFOs a worldwide

198  
00:09:10,419 --> 00:09:15,219  
phenomenon we have a great lineup of

199  
00:09:13,120 --> 00:09:17,919  
speakers from a number of different

200

00:09:15,220 --> 00:09:21,820  
countries from Chile from Peru from the

201  
00:09:17,919 --> 00:09:25,659  
UK from Canada from Mexico from Belgium

202  
00:09:21,820 --> 00:09:27,340  
we hope you can join us there when it

203  
00:09:25,659 --> 00:09:29,709  
comes to ufology I'm sort of the new kid

204  
00:09:27,340 --> 00:09:32,980  
on the block as compared to such

205  
00:09:29,710 --> 00:09:35,139  
luminaries as Jerome Clark and dr. Bob

206  
00:09:32,980 --> 00:09:39,970  
wood and John Schuessler

207  
00:09:35,139 --> 00:09:42,129  
who have lived UFO history I'm not a

208  
00:09:39,970 --> 00:09:44,769  
scientist but I do have a passion for

209  
00:09:42,129 --> 00:09:46,328  
the truth and I'm sure that you're here

210  
00:09:44,769 --> 00:09:50,070  
today because you share that same

211  
00:09:46,328 --> 00:09:53,679  
passion your studies and your research

212  
00:09:50,070 --> 00:09:55,750  
into diverse phenomena is relevant and

213  
00:09:53,679 --> 00:09:58,419  
extremely important for us to understand

214  
00:09:55,750 --> 00:10:00,039

the UFO phenomena and I applaud your

215

00:09:58,419 --> 00:10:13,299

efforts I'm honored to be your guest

216

00:10:00,039 --> 00:10:18,669

thank you what an exciting time to be

217

00:10:13,299 --> 00:10:20,979

alive and to realize what we've always

218

00:10:18,669 --> 00:10:23,708

suspected and that is that we're not

219

00:10:20,980 --> 00:10:30,459

alone in the cosmos and that there are

220

00:10:23,708 --> 00:10:33,549

other people there probably some real

221

00:10:30,458 --> 00:10:35,759

people and some different forms that we

222

00:10:33,549 --> 00:10:39,549

don't understand and wish we did

223

00:10:35,759 --> 00:10:41,860

understand and there are various kinds

224

00:10:39,549 --> 00:10:46,179

of them and they come from various parts

225

00:10:41,860 --> 00:10:48,759

of the of the cosmos and they are more

226

00:10:46,179 --> 00:10:53,979

advanced than we are in most cases that

227

00:10:48,759 --> 00:10:58,778

we know of anyway and they are not only

228

00:10:53,980 --> 00:11:01,149

advanced technologically but in many

229  
00:10:58,778 --> 00:11:03,370  
cases they're more spiritual than we are

230  
00:11:01,149 --> 00:11:07,028  
and some of them think that we have lost

231  
00:11:03,370 --> 00:11:11,320  
our connection with the source and like

232  
00:11:07,028 --> 00:11:15,309  
my new friend that I've just met I - I'm

233  
00:11:11,320 --> 00:11:17,769  
seeking the truth and I think it's it's

234  
00:11:15,309 --> 00:11:19,689  
going to be very difficult to get the

235  
00:11:17,769 --> 00:11:20,919  
truth in absolute terms because we're

236  
00:11:19,690 --> 00:11:23,440  
talking about one of the most

237  
00:11:20,919 --> 00:11:27,729  
interesting but at the same time most

238  
00:11:23,440 --> 00:11:34,140  
complex questions ever to come into our

239  
00:11:27,730 --> 00:11:37,028  
human sphere and I guess I wish I had

240  
00:11:34,139 --> 00:11:38,559  
more years to work at it but I'm going

241  
00:11:37,028 --> 00:11:39,189  
to take full advantage of the ones I've

242  
00:11:38,559 --> 00:11:40,549  
got left

243  
00:11:39,190 --> 00:11:48,080  
Thanks

244  
00:11:40,549 --> 00:11:52,219  
I got interested in UFOs and I was 11

245  
00:11:48,080 --> 00:11:55,070  
years old which was in 1957 so as as

246  
00:11:52,220 --> 00:11:58,430  
James just said I have lived UFO history

247  
00:11:55,070 --> 00:12:01,070  
as bob has and we've been around for a

248  
00:11:58,429 --> 00:12:04,399  
long time and seeing all kinds of things

249  
00:12:01,070 --> 00:12:06,890  
comes and come and go and many

250  
00:12:04,399 --> 00:12:12,309  
disappointments more disappointments

251  
00:12:06,889 --> 00:12:15,799  
than breakthroughs and I am certain

252  
00:12:12,309 --> 00:12:18,889  
unfortunately and I'm not a pessimist by

253  
00:12:15,799 --> 00:12:21,979  
nature that the UFO phenomenon will

254  
00:12:18,889 --> 00:12:24,588  
continue to be marginalized science will

255  
00:12:21,980 --> 00:12:27,950  
continue to neglect it it is a question

256  
00:12:24,589 --> 00:12:32,240  
that science will have to take up one

257

00:12:27,950 --> 00:12:35,890  
day because UFOs won't go away the SETI

258  
00:12:32,240 --> 00:12:38,899  
project will continue to fail and old

259  
00:12:35,889 --> 00:12:44,629  
conservative stubborn scientists will

260  
00:12:38,899 --> 00:12:47,720  
die and one day when the scientists who

261  
00:12:44,629 --> 00:12:51,730  
claim on the basis of no evidence that

262  
00:12:47,720 --> 00:12:56,060  
the galaxy is densely populated our

263  
00:12:51,730 --> 00:12:57,680  
finally called one too many times on the

264  
00:12:56,059 --> 00:13:00,649  
absence of evidence for this

265  
00:12:57,679 --> 00:13:03,439  
extraordinary proposition some absurd

266  
00:13:00,649 --> 00:13:05,600  
young astronomer is going to say well

267  
00:13:03,440 --> 00:13:09,290  
you know we could look at those UFO

268  
00:13:05,600 --> 00:13:12,110  
reports that's what's going to happen in

269  
00:13:09,289 --> 00:13:14,240  
the meantime I think that one thing that

270  
00:13:12,110 --> 00:13:16,459  
has retarded progress obviously besides

271  
00:13:14,240 --> 00:13:19,129

the fact that we don't have access to

272

00:13:16,458 --> 00:13:21,289

scientific expertise and funding and all

273

00:13:19,129 --> 00:13:24,500

those things is that we're making a

274

00:13:21,289 --> 00:13:27,860

series of category errors and I think

275

00:13:24,500 --> 00:13:30,078

that with the UFO phenomenon as with

276

00:13:27,860 --> 00:13:31,610

other kinds of extraordinary claims as I

277

00:13:30,078 --> 00:13:33,169

said in my lecture this morning there's

278

00:13:31,610 --> 00:13:35,899

more than one thing going on there's

279

00:13:33,169 --> 00:13:38,269

there's an anomalous event phenomenon

280

00:13:35,899 --> 00:13:39,948

and there's an experienced anomaly

281

00:13:38,269 --> 00:13:42,440

phenomenon and they're only

282

00:13:39,948 --> 00:13:45,349

superficially related in attempts to

283

00:13:42,440 --> 00:13:48,350

sweep them under one explanatory scheme

284

00:13:45,350 --> 00:13:50,269

will get us nowhere which is in many

285

00:13:48,350 --> 00:13:52,250

ways where we are now we just have to

286

00:13:50,269 --> 00:13:53,879  
rethink what we're dealing with

287

00:13:52,250 --> 00:13:55,769  
then the

288

00:13:53,879 --> 00:13:57,990  
event phenomenon is something that is

289

00:13:55,769 --> 00:14:00,779  
eminently scientific and scientifically

290

00:13:57,990 --> 00:14:03,120  
investigated Bowl if science had its

291

00:14:00,779 --> 00:14:05,339  
resources directed toward that problem

292

00:14:03,120 --> 00:14:07,500  
it probably would have salted by now the

293

00:14:05,340 --> 00:14:09,960  
experienced anomaly phenomenon is much

294

00:14:07,500 --> 00:14:13,019  
more intractable in far beyond current

295

00:14:09,960 --> 00:14:17,730  
knowledge and now I turn it over to my

296

00:14:13,019 --> 00:14:20,340  
friend Bob start the timer even though I

297

00:14:17,730 --> 00:14:21,779  
began to be interested in the mid 60s

298

00:14:20,340 --> 00:14:25,830  
and my first book I ever read was by

299

00:14:21,779 --> 00:14:27,539  
dawn Menzel and as I read it wow this

300  
00:14:25,830 --> 00:14:31,680  
guy seems like he's forgetting some

301  
00:14:27,539 --> 00:14:34,919  
stuff anyway right now my focus is on

302  
00:14:31,679 --> 00:14:36,779  
question documents and my conclusions I

303  
00:14:34,919 --> 00:14:38,909  
mentioned this morning is that some of

304  
00:14:36,779 --> 00:14:40,350  
these documents are authentic and if

305  
00:14:38,909 --> 00:14:42,809  
they're authentic what that means if

306  
00:14:40,350 --> 00:14:45,960  
there are have been and maybe still be

307  
00:14:42,809 --> 00:14:48,269  
some covert programs of the United

308  
00:14:45,960 --> 00:14:50,879  
States and maybe other countries too and

309  
00:14:48,269 --> 00:14:54,029  
the reason that's the case is because

310  
00:14:50,879 --> 00:14:56,070  
the dominant reason for keeping it

311  
00:14:54,029 --> 00:14:57,689  
secret from the very beginning was to

312  
00:14:56,070 --> 00:15:01,370  
capture the technology if the first

313  
00:14:57,690 --> 00:15:03,630  
crash happened in 1941 or so we were

314

00:15:01,370 --> 00:15:06,690  
basically about to start the world war

315  
00:15:03,629 --> 00:15:08,340  
so critical to protect the technology

316  
00:15:06,690 --> 00:15:11,940  
and figure out how they work and how to

317  
00:15:08,340 --> 00:15:13,920  
use them as weapons I don't know whether

318  
00:15:11,940 --> 00:15:18,390  
we've learned a lot of secrets or

319  
00:15:13,919 --> 00:15:21,569  
relatively few secrets but I I do know

320  
00:15:18,389 --> 00:15:24,449  
that my judgment is that there have been

321  
00:15:21,570 --> 00:15:26,300  
and our classified programs and that

322  
00:15:24,450 --> 00:15:28,500  
some of my documents are authentic

323  
00:15:26,299 --> 00:15:32,099  
forgot to set the timer so I'll assume

324  
00:15:28,500 --> 00:15:33,600  
that was two minutes and I think now

325  
00:15:32,100 --> 00:15:40,769  
we're ready for some questions from the

326  
00:15:33,600 --> 00:15:43,050  
audience and by me actually James said I

327  
00:15:40,769 --> 00:15:45,539  
think is a huge misperception that all

328  
00:15:43,049 --> 00:15:48,889

the audience applying and that was a

329

00:15:45,539 --> 00:15:52,019

t-shirt this is doing the Air Forces job

330

00:15:48,889 --> 00:15:54,539

you know one of my bullets on the slide

331

00:15:52,019 --> 00:15:56,730

on the Condon report is Contin was right

332

00:15:54,539 --> 00:15:57,589

the question that Condon was not are

333

00:15:56,730 --> 00:16:01,370

there

334

00:15:57,590 --> 00:16:04,490

UFOs it was is this a threat this is the

335

00:16:01,370 --> 00:16:06,529

Department of National Defense not the

336

00:16:04,490 --> 00:16:09,710

Department of let's check things in

337

00:16:06,529 --> 00:16:11,689

aviation we have an aviation department

338

00:16:09,710 --> 00:16:15,080

and as we mentioned there have been

339

00:16:11,690 --> 00:16:17,420

interactions certainly with aircraft

340

00:16:15,080 --> 00:16:19,820

that are of nature but the air the air

341

00:16:17,419 --> 00:16:22,669

force certainly would not assume that

342

00:16:19,820 --> 00:16:25,190

this is necessarily inherent inherently

343  
00:16:22,669 --> 00:16:27,229  
their mission they would you know if

344  
00:16:25,190 --> 00:16:29,320  
attack probably see the mission to

345  
00:16:27,230 --> 00:16:32,450  
defend us they haven't seen a threat

346  
00:16:29,320 --> 00:16:34,940  
thank you okay we need to change our

347  
00:16:32,450 --> 00:16:37,730  
t-shirt to say overtly doing the air

348  
00:16:34,940 --> 00:16:40,670  
force's job since 1916 I'm gonna take

349  
00:16:37,730 --> 00:16:41,960  
the closest raise hands right here seems

350  
00:16:40,669 --> 00:16:43,459  
to me that one of the things that could

351  
00:16:41,960 --> 00:16:45,080  
be most easily checked because it's a

352  
00:16:43,460 --> 00:16:47,030  
matter of a history and people involved

353  
00:16:45,080 --> 00:16:49,490  
are still alive and such is this one of

354  
00:16:47,029 --> 00:16:51,079  
the origin of Technology you know I hear

355  
00:16:49,490 --> 00:16:53,330  
one claim that the origin of technology

356  
00:16:51,080 --> 00:16:54,950  
has followed a smooth progress with the

357  
00:16:53,330 --> 00:16:56,509  
originators of it you know still telling

358  
00:16:54,950 --> 00:16:58,100  
their stories and it's quite clear that

359  
00:16:56,509 --> 00:17:00,200  
where things come from the pedigree of

360  
00:16:58,100 --> 00:17:03,379  
the laser fiber optics and so on they're

361  
00:17:00,200 --> 00:17:04,490  
also they the acceptance of the Corso

362  
00:17:03,379 --> 00:17:06,259  
story that all this is due to back

363  
00:17:04,490 --> 00:17:08,088  
engineering and so on it seems to me

364  
00:17:06,259 --> 00:17:09,078  
that this is eminently checkable fact we

365  
00:17:08,088 --> 00:17:10,519  
have someone right here in the very

366  
00:17:09,078 --> 00:17:11,959  
first row Russell Targ who we talked

367  
00:17:10,519 --> 00:17:14,359  
about the origin of laser I'm sure and

368  
00:17:11,959 --> 00:17:15,949  
it looks to me as if this is a problem

369  
00:17:14,359 --> 00:17:17,779  
that could be addressed and pretty

370  
00:17:15,949 --> 00:17:19,730  
unambiguously answered as to whether or

371

00:17:17,779 --> 00:17:21,349  
not it's the one tract or the other that

372  
00:17:19,730 --> 00:17:28,459  
is the origin of the technology that's

373  
00:17:21,349 --> 00:17:32,809  
the basis of the world today if that's

374  
00:17:28,459 --> 00:17:36,110  
where we've been done oh ok went arrest

375  
00:17:32,809 --> 00:17:37,849  
may want to take on lasers let me take

376  
00:17:36,109 --> 00:17:40,099  
on one of the ones specifically that's

377  
00:17:37,849 --> 00:17:43,959  
in there talk about alien eyeballs and

378  
00:17:40,099 --> 00:17:46,669  
night vision if you look at the

379  
00:17:43,960 --> 00:17:49,940  
development of night-vision optics

380  
00:17:46,670 --> 00:17:51,980  
straight line since we want to name

381  
00:17:49,940 --> 00:17:54,130  
names lou cameron who was a director of

382  
00:17:51,980 --> 00:17:57,110  
night vision lab personal friend

383  
00:17:54,130 --> 00:18:01,130  
surprisingly would be interested in the

384  
00:17:57,109 --> 00:18:03,259  
topic and very open but we know exactly

385  
00:18:01,130 --> 00:18:05,120

how photo photomultipliers came along

386

00:18:03,259 --> 00:18:07,559

how the night vision process came along

387

00:18:05,119 --> 00:18:10,469

how the transitions went

388

00:18:07,559 --> 00:18:14,129

initially infrared to follow multipliers

389

00:18:10,470 --> 00:18:15,900

to now thermal imagery there are no step

390

00:18:14,130 --> 00:18:19,710

functions and the rest of them

391

00:18:15,900 --> 00:18:21,630

integrated circuitry all that I was

392

00:18:19,710 --> 00:18:24,269

gonna have a word to say about lasers

393

00:18:21,630 --> 00:18:27,240

they came out of Columbia University

394

00:18:24,269 --> 00:18:29,309

Charles towns that are cello had an idea

395

00:18:27,240 --> 00:18:31,559

to make a maser which is a microwave

396

00:18:29,309 --> 00:18:34,259

amplifier by stimulated emission of

397

00:18:31,559 --> 00:18:37,649

radiation and the maze there was a

398

00:18:34,259 --> 00:18:39,269

microwave device and at Columbia they

399

00:18:37,650 --> 00:18:41,160

were looking for ways to make at higher

400  
00:18:39,269 --> 00:18:44,160  
higher frequency moved from long

401  
00:18:41,160 --> 00:18:47,400  
wavelength to millimeter waves and then

402  
00:18:44,160 --> 00:18:50,040  
in the middle 50s Gordon Gould who was a

403  
00:18:47,400 --> 00:18:52,890  
student of Charles Townes said why don't

404  
00:18:50,039 --> 00:18:56,609  
we try and make an optical maser move

405  
00:18:52,890 --> 00:18:58,800  
from millimeter microwaves to ten micron

406  
00:18:56,609 --> 00:19:01,889  
optical waves and shorter optical waves

407  
00:18:58,799 --> 00:19:03,960  
and it all began with makers who

408  
00:19:01,890 --> 00:19:06,660  
observed laser action at the Bureau of

409  
00:19:03,960 --> 00:19:10,100  
Standards in 1930 so you have a very

410  
00:19:06,660 --> 00:19:13,620  
clear path going from spectroscopy

411  
00:19:10,099 --> 00:19:20,159  
spectroscopic measurement in the 30s to

412  
00:19:13,619 --> 00:19:24,179  
lasers in May 16th 1960 when Ted Mayman

413  
00:19:20,160 --> 00:19:26,310  
built local first optical maser which we

414  
00:19:24,180 --> 00:19:28,230  
call a laser but I had to either

415  
00:19:26,309 --> 00:19:31,470  
question my own noun that I wanted to

416  
00:19:28,230 --> 00:19:36,019  
ask see I have no credentials to ask

417  
00:19:31,470 --> 00:19:37,860  
anything about UFOs I was I'm a

418  
00:19:36,019 --> 00:19:40,049  
paranormalist though so I've been

419  
00:19:37,859 --> 00:19:42,779  
talking about remote viewing for many

420  
00:19:40,049 --> 00:19:44,759  
years and I get a lot of airtime

421  
00:19:42,779 --> 00:19:46,500  
people are always asked me about remote

422  
00:19:44,759 --> 00:19:49,200  
viewing on the radio television and

423  
00:19:46,500 --> 00:19:51,930  
along the way they asked me about UFOs

424  
00:19:49,200 --> 00:19:54,569  
and I'm tired of saying I'm ignorant I

425  
00:19:51,930 --> 00:19:59,180  
don't know anything and out of this

426  
00:19:54,569 --> 00:20:02,669  
conference I found a general consensus

427  
00:19:59,180 --> 00:20:05,279  
believe it or not and the experts seem

428

00:20:02,670 --> 00:20:07,620  
to all agree that something like UFOs

429  
00:20:05,279 --> 00:20:10,259  
exist and the government is probably

430  
00:20:07,619 --> 00:20:13,739  
lying about it but I'm looking at

431  
00:20:10,259 --> 00:20:17,250  
expertise more than a hundred years in

432  
00:20:13,740 --> 00:20:19,420  
duration from this panel and when people

433  
00:20:17,250 --> 00:20:21,730  
ask me how does the SP work I

434  
00:20:19,420 --> 00:20:23,500  
hate that question but I have something

435  
00:20:21,730 --> 00:20:26,110  
to say I can write an equation on a

436  
00:20:23,500 --> 00:20:28,450  
blackboard I can draw a diagram and say

437  
00:20:26,109 --> 00:20:30,879  
I don't know that this is the answer but

438  
00:20:28,450 --> 00:20:34,870  
the answer looks something like this I

439  
00:20:30,880 --> 00:20:37,780  
will be interested if any are some of

440  
00:20:34,869 --> 00:20:41,589  
the distinguished panel here could give

441  
00:20:37,779 --> 00:20:48,430  
me their best guess as to where UFOs

442  
00:20:41,589 --> 00:20:52,419

come from and what they are Jamie

443

00:20:48,430 --> 00:20:54,160

James you want to go for it of course

444

00:20:52,420 --> 00:20:57,580

they come from the platies we all know

445

00:20:54,160 --> 00:20:57,970

that no I don't have a good answer for

446

00:20:57,579 --> 00:21:05,439

that

447

00:20:57,970 --> 00:21:07,299

I have a guess no actually I don't even

448

00:21:05,440 --> 00:21:08,590

have a guess but I but I do want to

449

00:21:07,299 --> 00:21:13,119

address what you talked about the

450

00:21:08,589 --> 00:21:14,529

government interest in the subject a lot

451

00:21:13,119 --> 00:21:16,539

of folks thinks this is this is

452

00:21:14,529 --> 00:21:19,119

conspiracy theory this is not conspiracy

453

00:21:16,539 --> 00:21:21,819

theory folks this is real there's an

454

00:21:19,119 --> 00:21:24,669

active and real interests on the part of

455

00:21:21,819 --> 00:21:26,740

certain elements within our power

456

00:21:24,670 --> 00:21:32,200

structure in this field the question is

457  
00:21:26,740 --> 00:21:34,539  
why are we talking about the protection

458  
00:21:32,200 --> 00:21:35,950  
of some secret that is an

459  
00:21:34,539 --> 00:21:38,500  
extraterrestrial nature of an

460  
00:21:35,950 --> 00:21:41,769  
interdimensional nature I don't know all

461  
00:21:38,500 --> 00:21:46,029  
I know is that in my job as the director

462  
00:21:41,769 --> 00:21:48,430  
of MUFON I seen enough overt interest to

463  
00:21:46,029 --> 00:21:49,660  
know that there is some secret here and

464  
00:21:48,430 --> 00:21:53,170  
I don't know what that secret is but I

465  
00:21:49,660 --> 00:21:58,900  
sure would like to find out some other

466  
00:21:53,170 --> 00:22:02,850  
questions from other people well ok

467  
00:21:58,900 --> 00:22:05,410  
because I obviously clearly disagree I

468  
00:22:02,849 --> 00:22:06,519  
think the difference is what I pointed

469  
00:22:05,410 --> 00:22:09,310  
to today the difference between

470  
00:22:06,519 --> 00:22:11,889  
individuals who are interested and I

471  
00:22:09,309 --> 00:22:15,669  
have talked to people at all levels all

472  
00:22:11,890 --> 00:22:17,680  
ranks and it runs the full gamut as you

473  
00:22:15,670 --> 00:22:20,710  
might expect but 7 percent of the adult

474  
00:22:17,680 --> 00:22:22,990  
population of seeing UFOs that holds

475  
00:22:20,710 --> 00:22:25,120  
true within the military as well there

476  
00:22:22,990 --> 00:22:26,859  
are many people who are quite interested

477  
00:22:25,119 --> 00:22:29,139  
that does not translate the

478  
00:22:26,859 --> 00:22:31,439  
institutional interest

479  
00:22:29,140 --> 00:22:33,970  
up to their ass and alligators right now

480  
00:22:31,440 --> 00:22:37,809  
and this is not something that's going

481  
00:22:33,970 --> 00:22:40,269  
to you know rise to you know in in the

482  
00:22:37,809 --> 00:22:43,659  
near future it's not gonna rise any

483  
00:22:40,269 --> 00:22:44,950  
level of significance well if I were to

484  
00:22:43,660 --> 00:22:45,490  
contribute to your answer to where do

485

00:22:44,950 --> 00:22:49,029  
they come from

486  
00:22:45,490 --> 00:22:50,680  
and what I that in my opinion that's

487  
00:22:49,029 --> 00:22:53,849  
straightforward they come from multiple

488  
00:22:50,680 --> 00:22:55,990  
different societies that are separated

489  
00:22:53,849 --> 00:22:57,819  
hundreds of light years in many cases

490  
00:22:55,990 --> 00:22:59,349  
away have figured out a way to travel

491  
00:22:57,819 --> 00:23:01,210  
faster than the speed of light or to get

492  
00:22:59,349 --> 00:23:02,799  
here through some wormhole or something

493  
00:23:01,210 --> 00:23:05,380  
like that and we just don't have the

494  
00:23:02,799 --> 00:23:07,180  
technology that's where the secret in my

495  
00:23:05,380 --> 00:23:09,640  
mind that is that's important to

496  
00:23:07,180 --> 00:23:13,900  
discover is is how do they work because

497  
00:23:09,640 --> 00:23:15,790  
we can I think improve our societal life

498  
00:23:13,900 --> 00:23:18,310  
on this planet by using those

499  
00:23:15,789 --> 00:23:21,609

technologies in a way that's appropriate

500

00:23:18,309 --> 00:23:23,139

well kind of follow-up though I don't

501

00:23:21,609 --> 00:23:25,599

think where they come from the right

502

00:23:23,140 --> 00:23:28,450

question whatever we're looking at is

503

00:23:25,599 --> 00:23:30,219

terribly complex and I strongly suspect

504

00:23:28,450 --> 00:23:33,250

that there's a consciousness component

505

00:23:30,220 --> 00:23:36,519

in legree that if you look at the

506

00:23:33,250 --> 00:23:39,819

reports over time what you find are that

507

00:23:36,519 --> 00:23:42,549

the UFOs are not super far in the

508

00:23:39,819 --> 00:23:44,500

distance but a little bit beyond you

509

00:23:42,549 --> 00:23:46,210

know where we are today if you look at

510

00:23:44,500 --> 00:23:48,640

the ones I think we heard Jerry talk

511

00:23:46,210 --> 00:23:50,620

about some this morning in the 1800's

512

00:23:48,640 --> 00:23:52,960

we're talking about airships we weren't

513

00:23:50,619 --> 00:23:55,089

talking about things if around Jacques

514  
00:23:52,960 --> 00:23:57,250  
Valais has a classic one from the early

515  
00:23:55,089 --> 00:24:00,309  
1900's where a guy drives around the

516  
00:23:57,250 --> 00:24:03,190  
corner sees a shiny UFO there and every

517  
00:24:00,309 --> 00:24:05,349  
rivet is standing out well we now know

518  
00:24:03,190 --> 00:24:07,930  
that rivets you know are not a

519  
00:24:05,349 --> 00:24:09,879  
technology we use in you know far

520  
00:24:07,930 --> 00:24:12,940  
distant future so within 50 years that

521  
00:24:09,880 --> 00:24:16,480  
was them but I because of what you did

522  
00:24:12,940 --> 00:24:19,840  
mention about the interrelationship of a

523  
00:24:16,480 --> 00:24:21,940  
number of phenomena I strongly suspect a

524  
00:24:19,839 --> 00:24:23,289  
consciousness component and I can't tell

525  
00:24:21,940 --> 00:24:23,590  
you what that is or where that comes

526  
00:24:23,289 --> 00:24:27,039  
from

527  
00:24:23,589 --> 00:24:29,429  
right okay let's have some other

528

00:24:27,039 --> 00:24:29,430

questions

529

00:24:31,380 --> 00:24:35,770

many discussions about the UFO

530

00:24:33,759 --> 00:24:39,190

phenomenon our premise on the assumption

531

00:24:35,769 --> 00:24:43,089

that the occupants of these craft are

532

00:24:39,190 --> 00:24:45,340

somehow more advanced and we are apart

533

00:24:43,089 --> 00:24:48,699

from technology and I'm curious to know

534

00:24:45,339 --> 00:24:51,099

what's your read on the evidence for

535

00:24:48,700 --> 00:24:52,690

making assumptions about how advanced

536

00:24:51,099 --> 00:24:56,969

they are or how more how much more

537

00:24:52,690 --> 00:24:56,970

spiritual they are or anything like that

538

00:24:59,369 --> 00:25:10,059

you might want to try that one yeah I

539

00:25:06,519 --> 00:25:13,089

don't I don't really see I know this

540

00:25:10,059 --> 00:25:15,009

well some will vehement ly disagree and

541

00:25:13,089 --> 00:25:17,019

and I don't pretend to involve ility

542

00:25:15,009 --> 00:25:20,109  
here but I have never seen any evidence

543  
00:25:17,019 --> 00:25:23,170  
myself as a historian of the phenomenon

544  
00:25:20,109 --> 00:25:25,899  
that UFO intelligences are a spiritually

545  
00:25:23,170 --> 00:25:28,900  
superior to us I think there are certain

546  
00:25:25,900 --> 00:25:31,630  
kinds of presumptions you can reasonably

547  
00:25:28,900 --> 00:25:34,170  
make for example it let us assume

548  
00:25:31,630 --> 00:25:36,400  
they're from some you know extrasolar

549  
00:25:34,170 --> 00:25:39,130  
civilizations just the fact that they

550  
00:25:36,400 --> 00:25:41,200  
got here that they had a technology that

551  
00:25:39,130 --> 00:25:43,000  
got them here means that they have at

552  
00:25:41,200 --> 00:25:45,880  
least some things in common with us they

553  
00:25:43,000 --> 00:25:48,279  
have curiosity they have science they

554  
00:25:45,880 --> 00:25:50,800  
have a desire to learn things to go

555  
00:25:48,279 --> 00:25:53,019  
places so they do have things in common

556  
00:25:50,799 --> 00:25:56,169

with this an alien intelligence that got

557

00:25:53,019 --> 00:25:58,180

here in machines just by the nature of

558

00:25:56,170 --> 00:26:00,279

the fact that it flew here in machines

559

00:25:58,180 --> 00:26:03,730

would mean that we did have some things

560

00:26:00,279 --> 00:26:06,009

in common with it but the the spiritual

561

00:26:03,730 --> 00:26:09,009

aspect I see is coming out of kind of

562

00:26:06,009 --> 00:26:11,980

quasi religious experiences that people

563

00:26:09,009 --> 00:26:15,039

have that are vivid and compelling to

564

00:26:11,980 --> 00:26:17,380

them but not demonstrably related to the

565

00:26:15,039 --> 00:26:20,319

UFO phenomenon whatever the the

566

00:26:17,380 --> 00:26:22,960

appearance of the the communicating

567

00:26:20,319 --> 00:26:25,149

entities might suggest I think that

568

00:26:22,960 --> 00:26:28,240

these are in the category what I called

569

00:26:25,150 --> 00:26:30,850

in my lecture this morning experienced

570

00:26:28,240 --> 00:26:32,829

anomalies the UFO phenomenon the core

571  
00:26:30,849 --> 00:26:34,929  
UFO phenomenon the daylight disc

572  
00:26:32,829 --> 00:26:38,289  
phenomenon the phenomenon that leaves

573  
00:26:34,930 --> 00:26:40,750  
ground races is the event phenomenon

574  
00:26:38,289 --> 00:26:41,670  
that's the anomalous event which is

575  
00:26:40,750 --> 00:26:43,710  
scientifically

576  
00:26:41,670 --> 00:26:45,720  
Esther Gable and all we really know

577  
00:26:43,710 --> 00:26:47,789  
about them is that apparently they're

578  
00:26:45,720 --> 00:26:49,440  
from an extra there from extrasolar

579  
00:26:47,789 --> 00:26:51,569  
civilizations that's a reasonable

580  
00:26:49,440 --> 00:26:53,580  
inference they have a technology and

581  
00:26:51,569 --> 00:26:55,829  
they're curious enough to be here we

582  
00:26:53,579 --> 00:26:57,569  
don't know what beyond much beyond that

583  
00:26:55,829 --> 00:26:59,939  
but I don't really see myself any

584  
00:26:57,569 --> 00:27:02,389  
evidence that we have any cause to

585  
00:26:59,940 --> 00:27:05,100  
worship them or to turn to them for

586  
00:27:02,390 --> 00:27:08,160  
superior religious insights anyone else

587  
00:27:05,099 --> 00:27:11,339  
on the panel want to add to that okay

588  
00:27:08,160 --> 00:27:13,620  
we've got a question here yes this is

589  
00:27:11,339 --> 00:27:16,379  
addressed up to Paul and the others as

590  
00:27:13,619 --> 00:27:19,500  
well but Paul you mentioned earlier

591  
00:27:16,380 --> 00:27:22,050  
today that in your presentation that

592  
00:27:19,500 --> 00:27:24,990  
there that Wernher von Braun had

593  
00:27:22,049 --> 00:27:27,809  
mentioned or had hinted that the Germans

594  
00:27:24,990 --> 00:27:31,519  
may have gotten some technology from and

595  
00:27:27,809 --> 00:27:35,399  
from some of advanced source will say

596  
00:27:31,519 --> 00:27:38,519  
and that that was maybe explained why

597  
00:27:35,400 --> 00:27:40,800  
they were so much far ahead of us prior

598  
00:27:38,519 --> 00:27:43,259  
to world war ii in their development of

599

00:27:40,799 --> 00:27:45,029  
jets rockets and that kind of thing and

600  
00:27:43,259 --> 00:27:47,220  
i'm wondering if you could elaborate on

601  
00:27:45,029 --> 00:27:51,149  
that and also for the rest of the power

602  
00:27:47,220 --> 00:27:53,490  
to it to address the claim by some that

603  
00:27:51,150 --> 00:27:56,850  
the Germans themselves had to develop

604  
00:27:53,490 --> 00:28:01,349  
some type of a flying disc or a disc

605  
00:27:56,849 --> 00:28:03,149  
shaped flying device yes I have no

606  
00:28:01,349 --> 00:28:07,919  
knowledge on what they have acted had

607  
00:28:03,150 --> 00:28:11,759  
actually achieved hmm I have read in two

608  
00:28:07,920 --> 00:28:15,269  
different places recently about von

609  
00:28:11,759 --> 00:28:18,599  
Braun's hints and his reluctance to talk

610  
00:28:15,269 --> 00:28:20,160  
about it very much for reasons of having

611  
00:28:18,599 --> 00:28:22,199  
taken some kind of an oath very much

612  
00:28:20,160 --> 00:28:24,300  
like the reason many of our military

613  
00:28:22,200 --> 00:28:31,110

people are not I just thought about

614

00:28:24,299 --> 00:28:34,669

these things today and so I suspect

615

00:28:31,109 --> 00:28:37,679

there there's some validity in it from

616

00:28:34,670 --> 00:28:39,690

from the sources that I read I wish I

617

00:28:37,680 --> 00:28:42,080

could remember specifically which ones

618

00:28:39,690 --> 00:28:44,789

they were and I would tell you

619

00:28:42,079 --> 00:28:52,288

Paulo Aris is here tonight and I think

620

00:28:44,789 --> 00:28:56,548

she knows a lady Carol Rosalyn

621

00:28:52,288 --> 00:28:58,319

who worked with von Braun and was

622

00:28:56,548 --> 00:29:00,989

talking about the military-industrial

623

00:28:58,319 --> 00:29:04,230

complex back in the time when General

624

00:29:00,989 --> 00:29:07,499

Eisenhower was worried about it and he

625

00:29:04,230 --> 00:29:10,249

apparently said about the industrial

626

00:29:07,499 --> 00:29:14,220

military complex that first it will be

627

00:29:10,249 --> 00:29:16,139

the Communists and then it will be the

628  
00:29:14,220 --> 00:29:18,179  
terrorists and then it will be the

629  
00:29:16,138 --> 00:29:21,118  
extraterrestrials and that this would be

630  
00:29:18,179 --> 00:29:22,980  
the justification for maintaining very

631  
00:29:21,118 --> 00:29:25,648  
large defense expenditures and a very

632  
00:29:22,980 --> 00:29:29,128  
large industrial complex related to it

633  
00:29:25,648 --> 00:29:31,349  
and the Carol's still around so you

634  
00:29:29,128 --> 00:29:32,668  
could contact her and check it out

635  
00:29:31,349 --> 00:29:34,288  
whether if you're interested anyone else

636  
00:29:32,669 --> 00:29:36,720  
care to comment on the German work of

637  
00:29:34,288 --> 00:29:39,480  
the late thirties you know I'd like to

638  
00:29:36,720 --> 00:29:41,850  
give you a more pragmatic approach and a

639  
00:29:39,480 --> 00:29:43,679  
caution and I think the pragmatic

640  
00:29:41,849 --> 00:29:46,798  
approach was the German educational

641  
00:29:43,679 --> 00:29:49,830  
system that emphasized science rewarded

642  
00:29:46,798 --> 00:29:53,038  
scientists and that they made great

643  
00:29:49,829 --> 00:29:55,499  
advances in that my admonition is

644  
00:29:53,038 --> 00:29:57,028  
looking at American science and where we

645  
00:29:55,499 --> 00:29:59,579  
are today and what's happening in our

646  
00:29:57,028 --> 00:30:04,138  
educational system I think if there's a

647  
00:29:59,579 --> 00:30:07,349  
real weak point that's it ok another

648  
00:30:04,138 --> 00:30:09,298  
question over here thank you one of the

649  
00:30:07,349 --> 00:30:13,288  
astonishing things that I've I think has

650  
00:30:09,298 --> 00:30:15,509  
happened recently is several governments

651  
00:30:13,288 --> 00:30:17,398  
are beginning to open up in to release

652  
00:30:15,509 --> 00:30:20,788  
information one is of course the French

653  
00:30:17,398 --> 00:30:23,008  
kameda report which puts Paul Hellyer in

654  
00:30:20,788 --> 00:30:25,548  
pretty good company with some higher-ups

655  
00:30:23,009 --> 00:30:28,169  
and and the space program there and in

656

00:30:25,548 --> 00:30:30,480  
France as well as the defense industry

657  
00:30:28,169 --> 00:30:32,100  
who show even though this report was

658  
00:30:30,480 --> 00:30:34,769  
supposed to be secret it was leaked out

659  
00:30:32,099 --> 00:30:36,868  
and they seem to have real concern about

660  
00:30:34,769 --> 00:30:38,999  
what's going on real concern that there

661  
00:30:36,868 --> 00:30:41,158  
is some danger if only the danger of

662  
00:30:38,999 --> 00:30:43,470  
colliding with you know other aircraft

663  
00:30:41,159 --> 00:30:47,609  
since that time the Brits are starting

664  
00:30:43,470 --> 00:30:50,058  
to release information Mexico Brazil and

665  
00:30:47,608 --> 00:30:52,349  
I think others any comment about this

666  
00:30:50,058 --> 00:30:56,220  
this phenomena that seems to be

667  
00:30:52,349 --> 00:30:59,009  
happening to any particular one let me

668  
00:30:56,220 --> 00:31:01,400  
start with John Alexandre and and then

669  
00:30:59,009 --> 00:31:03,750  
anybody else that would like to

670  
00:31:01,400 --> 00:31:05,610

not sure but I might tell you a war

671

00:31:03,750 --> 00:31:07,579

story I'll come to a war story in a

672

00:31:05,609 --> 00:31:10,259

minute something that happened last week

673

00:31:07,579 --> 00:31:12,389

where so when you look at the reports

674

00:31:10,259 --> 00:31:15,869

the British reports of things that's

675

00:31:12,390 --> 00:31:17,940

coming out nothing startling there I was

676

00:31:15,869 --> 00:31:20,339

in a position to see most of the

677

00:31:17,940 --> 00:31:22,470

classified material and all that at a

678

00:31:20,339 --> 00:31:24,449

time when I could see the classified and

679

00:31:22,470 --> 00:31:26,778

the unclassified I would tell you

680

00:31:24,450 --> 00:31:29,548

ninety-eight percent of the information

681

00:31:26,778 --> 00:31:31,740

was already available in the public

682

00:31:29,548 --> 00:31:34,648

domain about the two percent that was

683

00:31:31,740 --> 00:31:36,690

left you know how does this sensor

684

00:31:34,648 --> 00:31:40,229

system work that made the collection and

685  
00:31:36,690 --> 00:31:42,990  
things of that nature my war stories I

686  
00:31:40,230 --> 00:31:45,899  
was in Paris at a major arms conference

687  
00:31:42,990 --> 00:31:49,440  
last week and cut it down a bit

688  
00:31:45,898 --> 00:31:53,819  
the Brazilian ambassador's of France

689  
00:31:49,440 --> 00:31:55,350  
walked up and a vice admiral was there

690  
00:31:53,819 --> 00:31:57,028  
and he introduces me and I thought we

691  
00:31:55,349 --> 00:31:58,879  
were talking about weapons because it

692  
00:31:57,028 --> 00:32:01,769  
was a weapons conference and he says oh

693  
00:31:58,880 --> 00:32:04,830  
he says here's a guy who knows about

694  
00:32:01,769 --> 00:32:06,509  
UFOs to which the Ambassador said let me

695  
00:32:04,829 --> 00:32:09,808  
tell you about the three times I saw

696  
00:32:06,509 --> 00:32:11,548  
them so that's almost a risky

697  
00:32:09,808 --> 00:32:12,990  
proposition but he came on just up

698  
00:32:11,548 --> 00:32:16,440  
blaming me you know here's what it is

699

00:32:12,990 --> 00:32:20,099

there are some societies Chile

700

00:32:16,440 --> 00:32:22,110

you mentioned France there's quite a bit

701

00:32:20,099 --> 00:32:24,509

of information coming out as you know my

702

00:32:22,109 --> 00:32:26,009

take is different from a panel I don't

703

00:32:24,509 --> 00:32:32,298

think we have a lot of information

704

00:32:26,009 --> 00:32:35,250

that's going to startle anybody John

705

00:32:32,298 --> 00:32:37,710

don't include me in that I've pretty

706

00:32:35,250 --> 00:32:39,298

much share your view I think of what

707

00:32:37,710 --> 00:32:40,950

William Goldman the Hollywood

708

00:32:39,298 --> 00:32:43,079

screenwriter wrote about the film

709

00:32:40,950 --> 00:32:45,090

industry he said one thing that he

710

00:32:43,079 --> 00:32:48,928

learned in Hollywood was that nobody

711

00:32:45,089 --> 00:32:51,000

knows anything and I think that that

712

00:32:48,929 --> 00:32:53,038

I've been listening to your comments and

713

00:32:51,000 --> 00:32:57,859  
I am entirely in accord with your point

714  
00:32:53,038 --> 00:33:00,329  
of view I want to step out of my

715  
00:32:57,859 --> 00:33:01,648  
moderator role for a second and pretend

716  
00:33:00,329 --> 00:33:03,658  
I'm behind there answering a question

717  
00:33:01,648 --> 00:33:06,298  
and I want to go back and answer

718  
00:33:03,659 --> 00:33:08,580  
Bernie's question with a specific report

719  
00:33:06,298 --> 00:33:10,048  
and that is last time I was at the

720  
00:33:08,579 --> 00:33:12,000  
National Archives I was looking

721  
00:33:10,048 --> 00:33:13,889  
specifically for documents that might

722  
00:33:12,000 --> 00:33:17,130  
relate to the mission

723  
00:33:13,890 --> 00:33:21,630  
of Technology after the cape girardeau

724  
00:33:17,130 --> 00:33:23,970  
crash in 1941 and so I came across some

725  
00:33:21,630 --> 00:33:27,200  
confident while some classified reports

726  
00:33:23,970 --> 00:33:30,839  
from Purdue University where they had a

727  
00:33:27,200 --> 00:33:33,990

contract which at that time was was not

728

00:33:30,839 --> 00:33:36,269

public to look at germanium silicon

729

00:33:33,990 --> 00:33:38,880

diodes and the distribution list

730

00:33:36,269 --> 00:33:41,369

included Ed Condon and it was from

731

00:33:38,880 --> 00:33:43,980

Lincoln Laboratory and their parts they

732

00:33:41,369 --> 00:33:46,709

sent to Bell Laboratories this was 1942

733

00:33:43,980 --> 00:33:48,380

they wrote 15 reports on this subject at

734

00:33:46,710 --> 00:33:53,579

increasing levels of sophistication

735

00:33:48,380 --> 00:33:57,480

showing the the dielectric properties of

736

00:33:53,579 --> 00:34:00,799

germanium silicon mixtures of various

737

00:33:57,480 --> 00:34:03,599

percentages as well as the potential to

738

00:34:00,799 --> 00:34:07,470

go beyond simple rectification the

739

00:34:03,599 --> 00:34:10,230

contract was for rectifiers so why share

740

00:34:07,470 --> 00:34:12,389

with this with you only because it's the

741

00:34:10,230 --> 00:34:15,389

beginning of the seed in my mind for a

742  
00:34:12,389 --> 00:34:17,879  
genuine investigation of whether that

743  
00:34:15,389 --> 00:34:21,960  
was a credible trail that would have led

744  
00:34:17,880 --> 00:34:24,000  
to the transistor so it's just a it's

745  
00:34:21,960 --> 00:34:25,889  
not a proof or anything it's just

746  
00:34:24,000 --> 00:34:27,929  
something that I might five years from

747  
00:34:25,889 --> 00:34:32,250  
now be able to come and tell you hey I

748  
00:34:27,929 --> 00:34:33,480  
prove this ok I think Bob if you just

749  
00:34:32,250 --> 00:34:36,269  
give me a minute I would like to

750  
00:34:33,480 --> 00:34:39,599  
announce my colleagues in this sense

751  
00:34:36,269 --> 00:34:42,719  
that I I do not believe that there are

752  
00:34:39,599 --> 00:34:44,579  
people who don't know anything I think

753  
00:34:42,719 --> 00:34:47,519  
there are some people who know a very

754  
00:34:44,579 --> 00:34:49,710  
great deal and are being very secretive

755  
00:34:47,519 --> 00:34:52,230  
about it and keeping it very close to

756  
00:34:49,710 --> 00:34:53,519  
the chest and I think that they are the

757  
00:34:52,230 --> 00:34:57,360  
people who are repositories of

758  
00:34:53,519 --> 00:34:59,190  
tremendous tremendous amount of

759  
00:34:57,360 --> 00:35:01,260  
knowledge who could answer most of the

760  
00:34:59,190 --> 00:35:05,849  
questions we're talking about tonight

761  
00:35:01,260 --> 00:35:07,590  
with very definitive answers and my hope

762  
00:35:05,849 --> 00:35:09,059  
and prayer is that it won't be too long

763  
00:35:07,590 --> 00:35:11,160  
before they will share that information

764  
00:35:09,059 --> 00:35:14,579  
with us or as much as as possible and

765  
00:35:11,159 --> 00:35:17,039  
that we will stop clowning around like

766  
00:35:14,579 --> 00:35:19,239  
fish on a dock somewhere thank you for

767  
00:35:17,039 --> 00:35:21,759  
that new a questionnaire room

768  
00:35:19,239 --> 00:35:24,669  
I'd like to ask for some comments on

769  
00:35:21,760 --> 00:35:28,000  
these recent reports from interests in

770

00:35:24,670 --> 00:35:30,789  
Texas mainly Stephenville I had some

771  
00:35:28,000 --> 00:35:33,039  
impression that was gained almost almost

772  
00:35:30,789 --> 00:35:36,610  
the tipping point of going to be broader

773  
00:35:33,039 --> 00:35:39,099  
publicity in the media of picking up on

774  
00:35:36,610 --> 00:35:43,260  
it and really discussing it but like to

775  
00:35:39,099 --> 00:35:44,489  
hear some comments thank you James

776  
00:35:43,260 --> 00:35:47,020  
[Music]

777  
00:35:44,489 --> 00:35:48,609  
Stephenville is interesting because once

778  
00:35:47,019 --> 00:35:50,710  
Stephenville hit the media then

779  
00:35:48,610 --> 00:35:53,230  
everybody down in that area was seeing

780  
00:35:50,710 --> 00:35:55,420  
UFOs and that's what you would expect

781  
00:35:53,230 --> 00:35:58,690  
from a media frenzy and people looking

782  
00:35:55,420 --> 00:36:01,079  
up at the skies our investigators were

783  
00:35:58,690 --> 00:36:03,369  
down there and took a number of reports

784  
00:36:01,079 --> 00:36:06,639

we looked at a number of videos and

785

00:36:03,369 --> 00:36:08,860

photos and really nothing dramatic but

786

00:36:06,639 --> 00:36:11,469

we did actually manage to get through

787

00:36:08,860 --> 00:36:13,840

Freedom of Information the FAA radar

788

00:36:11,469 --> 00:36:15,429

data because the surrounding military

789

00:36:13,840 --> 00:36:18,309

installations surprisingly said they had

790

00:36:15,429 --> 00:36:20,379

none but yet the FAA did and we're

791

00:36:18,309 --> 00:36:23,469

finding some very interesting things

792

00:36:20,380 --> 00:36:26,320

about that FAA radar data specifically

793

00:36:23,469 --> 00:36:28,659

where those f-16s were that the Air

794

00:36:26,320 --> 00:36:31,300

Force blamed the sighting on and also

795

00:36:28,659 --> 00:36:32,920

some anomalies all in in addition to

796

00:36:31,300 --> 00:36:34,570

that in fact we're going to be releasing

797

00:36:32,920 --> 00:36:36,340

a report on that shortly that's going to

798

00:36:34,570 --> 00:36:37,570

be in the MUFON Journal and I think

799

00:36:36,340 --> 00:36:40,480  
you'll find the radar data to be very

800

00:36:37,570 --> 00:36:45,789  
interesting okay thank you another

801

00:36:40,480 --> 00:36:49,510  
question yes my name is a VP I served as

802

00:36:45,789 --> 00:36:52,389  
chair of Chinese UFO research

803

00:36:49,510 --> 00:36:56,290  
organization for four years which is for

804

00:36:52,389 --> 00:36:58,868  
me UFO research already in China which

805

00:36:56,289 --> 00:37:02,980  
is still now active I have one question

806

00:36:58,869 --> 00:37:07,269  
for chance how many percentage of the

807

00:37:02,980 --> 00:37:13,630  
so-called UFO abduction cases how many

808

00:37:07,269 --> 00:37:15,750  
of the abductees are Asian I'm sorry how

809

00:37:13,630 --> 00:37:20,559  
many of the UFO the abductions were

810

00:37:15,750 --> 00:37:22,000  
a-changin Oh Asian to be honest I'm not

811

00:37:20,559 --> 00:37:25,090  
sure I don't know if we have those

812

00:37:22,000 --> 00:37:29,250  
demographics to mind if Danny is almost

813  
00:37:25,090 --> 00:37:31,780  
none we didn't find any in China okay

814  
00:37:29,250 --> 00:37:35,889  
what this is

815  
00:37:31,780 --> 00:37:41,560  
unions are selective that's my question

816  
00:37:35,889 --> 00:37:43,089  
thank you thank you did you want me to

817  
00:37:41,559 --> 00:37:46,679  
comment anybody would come in on that

818  
00:37:43,090 --> 00:37:50,710  
besides James okay

819  
00:37:46,679 --> 00:37:54,489  
did you have one I work with a guy was

820  
00:37:50,710 --> 00:37:57,309  
on dr. Wolf's alpha comm team and he

821  
00:37:54,489 --> 00:37:59,229  
claims that court documents he read when

822  
00:37:57,309 --> 00:38:02,409  
he was working with Michael whoof that

823  
00:37:59,230 --> 00:38:04,389  
there were over two at least 200 crashes

824  
00:38:02,409 --> 00:38:06,399  
worldwide now if their technology so

825  
00:38:04,389 --> 00:38:10,900  
advanced why are there so many crashes

826  
00:38:06,400 --> 00:38:14,349  
any comments well I could comment on

827

00:38:10,900 --> 00:38:15,880  
that there's some I think strong

828  
00:38:14,349 --> 00:38:17,530  
evidence that we were aggressively

829  
00:38:15,880 --> 00:38:19,480  
trying to shoot him down for the purpose

830  
00:38:17,530 --> 00:38:21,490  
of recovering the craft and figured out

831  
00:38:19,480 --> 00:38:23,889  
how they work not only us but the

832  
00:38:21,489 --> 00:38:25,479  
Soviets that doesn't account necessarily

833  
00:38:23,889 --> 00:38:29,460  
for all of them though that would be my

834  
00:38:25,480 --> 00:38:29,460  
partial answer anybody else went ahead

835  
00:38:30,269 --> 00:38:33,269  
okay

836  
00:38:40,039 --> 00:38:45,110  
as you know in the history of science

837  
00:38:42,170 --> 00:38:47,450  
and technology every now and again there

838  
00:38:45,110 --> 00:38:51,320  
are events that define a tipping point

839  
00:38:47,449 --> 00:38:52,369  
they define the point when a phenomena

840  
00:38:51,320 --> 00:38:54,559  
is undeniable

841  
00:38:52,369 --> 00:38:56,750

so when Columbus attempted to sell

842

00:38:54,559 --> 00:38:58,610

around the earth and he made the

843

00:38:56,750 --> 00:39:01,429

progress that he made eventually that

844

00:38:58,610 --> 00:39:04,130

was a turning point in our awareness or

845

00:39:01,429 --> 00:39:06,589

when the Wright brothers got off with 18

846

00:39:04,130 --> 00:39:09,230

seconds there was again a moment in time

847

00:39:06,590 --> 00:39:11,930

when we knew that something different

848

00:39:09,230 --> 00:39:13,400

had happened and now I hear a comment

849

00:39:11,929 --> 00:39:17,779

about how somebody claiming that there's

850

00:39:13,400 --> 00:39:19,460

been over 200 crashes of sites of craft

851

00:39:17,780 --> 00:39:23,300

supposedly crashes or have you been shot

852

00:39:19,460 --> 00:39:25,760

down or whatever and yet what the

853

00:39:23,300 --> 00:39:28,280

skeptic always argues I'm talking about

854

00:39:25,760 --> 00:39:32,030

the Michael schirmer's and so on of the

855

00:39:28,280 --> 00:39:34,490

professional skeptic organization who

856  
00:39:32,030 --> 00:39:39,650  
get paid for being skeptics is that

857  
00:39:34,489 --> 00:39:43,309  
there really is no single event no

858  
00:39:39,650 --> 00:39:44,450  
single piece of data like a Columbus and

859  
00:39:43,309 --> 00:39:48,559  
they don't use a phrase but like a

860  
00:39:44,449 --> 00:39:51,259  
Columbus or like a Wright brothers that

861  
00:39:48,559 --> 00:39:54,619  
has happened and I by the way I consider

862  
00:39:51,260 --> 00:39:58,100  
myself a fairly you know forward-looking

863  
00:39:54,619 --> 00:40:02,690  
scientist and yet in the area of quote

864  
00:39:58,099 --> 00:40:06,170  
UFOs I'm still confused because I don't

865  
00:40:02,690 --> 00:40:09,320  
see that kind of evidence and yet all of

866  
00:40:06,170 --> 00:40:10,940  
you I presume at this point when you

867  
00:40:09,320 --> 00:40:12,260  
look at the totality of the evidence I'm

868  
00:40:10,940 --> 00:40:14,150  
getting to my question but I need to

869  
00:40:12,260 --> 00:40:16,100  
frame it properly because I really want

870  
00:40:14,150 --> 00:40:17,840  
to push you for an answer because it's

871  
00:40:16,099 --> 00:40:19,639  
not every day I get to it a meeting

872  
00:40:17,840 --> 00:40:21,289  
where you've got such a group of

873  
00:40:19,639 --> 00:40:22,789  
distinguished people who have really

874  
00:40:21,289 --> 00:40:25,070  
thought about this for a long period of

875  
00:40:22,789 --> 00:40:27,650  
time who actually have information that

876  
00:40:25,070 --> 00:40:29,870  
could inform someone like myself and

877  
00:40:27,650 --> 00:40:31,639  
before I ask my question I should tell

878  
00:40:29,869 --> 00:40:34,190  
you that I come from a state which has

879  
00:40:31,639 --> 00:40:40,250  
supposedly one of the largest mass

880  
00:40:34,190 --> 00:40:42,179  
sightings over hours of of an anomalous

881  
00:40:40,250 --> 00:40:44,820  
aerial phenomena

882  
00:40:42,179 --> 00:40:45,799  
that was witnessed by various people at

883  
00:40:44,820 --> 00:40:48,740  
least within the state of Arizona

884

00:40:45,800 --> 00:40:52,740  
starting from the Grand Canyon area

885  
00:40:48,739 --> 00:40:55,409  
traveling down I 19 into Phoenix then

886  
00:40:52,739 --> 00:40:59,129  
all the way down to Tucson then back up

887  
00:40:55,409 --> 00:41:02,159  
to Phoenix so it was witnessed by maybe

888  
00:40:59,130 --> 00:41:03,720  
tens of thousands of people over a long

889  
00:41:02,159 --> 00:41:06,719  
term and you're moving towards a

890  
00:41:03,719 --> 00:41:08,429  
question yes and yet and I've seen

891  
00:41:06,719 --> 00:41:10,589  
videotapes and I've know the people

892  
00:41:08,429 --> 00:41:15,899  
involved and so on

893  
00:41:10,590 --> 00:41:19,710  
and yet I myself still question how to

894  
00:41:15,900 --> 00:41:24,050  
interpret such phenomenon so my question

895  
00:41:19,710 --> 00:41:27,690  
is if you were to pick the one best

896  
00:41:24,050 --> 00:41:31,910  
firmest piece of and I will call it

897  
00:41:27,690 --> 00:41:37,380  
physical evidence either at being an

898  
00:41:31,909 --> 00:41:41,099

indentation in property or some verified

899

00:41:37,380 --> 00:41:44,070

piece of foreign craft or something

900

00:41:41,099 --> 00:41:46,199

that would say well yes they've been 200

901

00:41:44,070 --> 00:41:50,100

reports of crashes but we don't have a

902

00:41:46,199 --> 00:41:52,439

single piece of you know verifiable or

903

00:41:50,099 --> 00:41:54,089

photographed or some credible piece of

904

00:41:52,440 --> 00:41:57,119

interest and I'm asking this question of

905

00:41:54,090 --> 00:41:58,890

John first because I'd like you to I'd

906

00:41:57,119 --> 00:42:01,049

like you to say to me in public

907

00:41:58,889 --> 00:42:05,429

g-gary of all the stuff that I've heard

908

00:42:01,050 --> 00:42:09,300

the single single most Wright brothers

909

00:42:05,429 --> 00:42:13,379

like phenomena is echo I'm glad you gave

910

00:42:09,300 --> 00:42:15,510

that example the Wright brothers if you

911

00:42:13,380 --> 00:42:17,430

go to Brazil they will take great

912

00:42:15,510 --> 00:42:19,890

deference to what you said because they

913  
00:42:17,429 --> 00:42:21,659  
believed their pilot was up before the

914  
00:42:19,889 --> 00:42:24,779  
Wright brothers so it's an interesting

915  
00:42:21,659 --> 00:42:28,679  
example of perception I think the

916  
00:42:24,780 --> 00:42:30,210  
perception of the skeptics both of us is

917  
00:42:28,679 --> 00:42:33,299  
they're not skeptics at all

918  
00:42:30,210 --> 00:42:35,539  
they're debunkers and when faced by any

919  
00:42:33,300 --> 00:42:41,010  
amount of information

920  
00:42:35,539 --> 00:42:43,650  
we'll just reject it a priori the other

921  
00:42:41,010 --> 00:42:45,200  
thing that happens in dealing with a

922  
00:42:43,650 --> 00:42:47,990  
skeptical community they will

923  
00:42:45,199 --> 00:42:51,319  
up with well maybe it was a you know

924  
00:42:47,989 --> 00:42:55,149  
pick your thing that fills him up you

925  
00:42:51,320 --> 00:42:58,190  
know a small part of the observation

926  
00:42:55,150 --> 00:43:00,260  
disregards the rest of the data and then

927

00:42:58,190 --> 00:43:02,119  
says and therefore you know we've

928

00:43:00,260 --> 00:43:04,609  
disproved it and now in your field

929

00:43:02,119 --> 00:43:11,390  
you've run into this I'm sure I mean

930

00:43:04,608 --> 00:43:13,608  
great detail well let me let me comment

931

00:43:11,389 --> 00:43:16,460  
and that particular point the nature of

932

00:43:13,608 --> 00:43:18,980  
your question moves in a direction away

933

00:43:16,460 --> 00:43:20,960  
from the data the data we have is the

934

00:43:18,980 --> 00:43:23,199  
only available data and if you look at

935

00:43:20,960 --> 00:43:25,730  
those data you find mountains of

936

00:43:23,199 --> 00:43:27,980  
detailed observations that are radar

937

00:43:25,730 --> 00:43:32,358  
visual cases that have been studied for

938

00:43:27,980 --> 00:43:34,519  
decades which overwhelming evidence now

939

00:43:32,358 --> 00:43:36,319  
if you say can I see the parts that

940

00:43:34,519 --> 00:43:38,539  
we've got recovered from crash saucers

941

00:43:36,320 --> 00:43:41,150  
the answer is no because they are

942  
00:43:38,539 --> 00:43:43,730  
classified that's my answer and and

943  
00:43:41,150 --> 00:43:47,200  
therefore that's the simple reason it's

944  
00:43:43,730 --> 00:43:47,199  
an it's a very straightforward answer

945  
00:43:59,619 --> 00:44:07,940  
can i address Ted Phillips has over

946  
00:44:04,670 --> 00:44:09,588  
3,000 trace evidence cases that he's

947  
00:44:07,940 --> 00:44:12,230  
investigated throughout the years we're

948  
00:44:09,588 --> 00:44:16,400  
talking about landing cases indentations

949  
00:44:12,230 --> 00:44:18,019  
in the soil radioactivity above you know

950  
00:44:16,400 --> 00:44:19,789  
the ambient environment and so on if

951  
00:44:18,019 --> 00:44:23,509  
you're talking about physical evidence

952  
00:44:19,789 --> 00:44:24,739  
in terms of a piece of a UFO we don't

953  
00:44:23,510 --> 00:44:27,500  
have any of that now interestingly

954  
00:44:24,739 --> 00:44:31,578  
enough I just came back from Maine on a

955  
00:44:27,500 --> 00:44:34,699

case where some guy back in 1976 saw a

956

00:44:31,579 --> 00:44:36,980

UFO flying over a lake four times and

957

00:44:34,699 --> 00:44:38,449

the third time he saw it and he alleges

958

00:44:36,980 --> 00:44:42,889

that he shot at it with a homemade

959

00:44:38,449 --> 00:44:46,309

mortar yes that was my initial reaction

960

00:44:42,889 --> 00:44:47,750

to well but you know but when it comes

961

00:44:46,309 --> 00:44:49,818

to physical evidence this is really the

962

00:44:47,750 --> 00:44:51,318

Holy Grail I mean if we had a piece of a

963

00:44:49,818 --> 00:44:53,029

UFO that we could demonstrate to the

964

00:44:51,318 --> 00:44:55,369

world that is of non terrestrial origin

965

00:44:53,030 --> 00:44:56,569

I think in our case would be solved so

966

00:44:55,369 --> 00:44:57,940

of course whenever whenever we get a

967

00:44:56,568 --> 00:45:01,058

story like this we have to follow

968

00:44:57,940 --> 00:45:02,500

on it so he went up there and we did due

969

00:45:01,059 --> 00:45:06,430

diligence and we didn't come home with

970  
00:45:02,500 --> 00:45:09,719  
any fragments I don't think you're ever

971  
00:45:06,429 --> 00:45:13,419  
going to see probably the kind of

972  
00:45:09,719 --> 00:45:16,838  
unsinkable isolated or the monster dove

973  
00:45:13,420 --> 00:45:19,298  
things like Columbus's landing in this

974  
00:45:16,838 --> 00:45:23,679  
field but I think when the history of

975  
00:45:19,298 --> 00:45:26,108  
this phenomenon or these phenomena is

976  
00:45:23,679 --> 00:45:30,009  
written and probably the crash at

977  
00:45:26,108 --> 00:45:32,619  
Roswell will have the dubious honor of

978  
00:45:30,010 --> 00:45:35,319  
being the most important as far as its

979  
00:45:32,619 --> 00:45:37,420  
consequences are concerned it started

980  
00:45:35,318 --> 00:45:40,599  
the most action that got the most people

981  
00:45:37,420 --> 00:45:44,079  
involved it it resulted in legislation

982  
00:45:40,599 --> 00:45:48,150  
and and research and operations and so

983  
00:45:44,079 --> 00:45:51,250  
on now we had in Canada Wilbert Smith

984  
00:45:48,150 --> 00:45:54,700  
one of our pioneers who had actually had

985  
00:45:51,250 --> 00:45:57,219  
some pieces of this stuff which must

986  
00:45:54,699 --> 00:46:01,348  
have come from the Roswell crash and he

987  
00:45:57,219 --> 00:46:04,269  
had analyzed and it was otherworldly and

988  
00:46:01,349 --> 00:46:06,519  
he wrote reports about it which I

989  
00:46:04,269 --> 00:46:08,460  
presume are still there and which we

990  
00:46:06,519 --> 00:46:11,318  
could maybe lay our hands on if we want

991  
00:46:08,460 --> 00:46:15,068  
but it had characteristics which were

992  
00:46:11,318 --> 00:46:17,440  
unlike metals that anybody on earth had

993  
00:46:15,068 --> 00:46:19,210  
ever seen and this is the kind of thing

994  
00:46:17,440 --> 00:46:23,769  
that was going on elsewhere you can be

995  
00:46:19,210 --> 00:46:28,449  
very very sure and I think he when he

996  
00:46:23,769 --> 00:46:31,509  
gave the theses back I can't remember

997  
00:46:28,449 --> 00:46:35,489  
exactly the quotations but he was asked

998

00:46:31,510 --> 00:46:37,900  
where he delivered it and I think

999  
00:46:35,489 --> 00:46:39,278  
somebody said did he deliver it to the

1000  
00:46:37,900 --> 00:46:42,940  
United States Air Force and he said no

1001  
00:46:39,278 --> 00:46:44,710  
higher than that and then when they

1002  
00:46:42,940 --> 00:46:47,048  
pressed the question one more time he

1003  
00:46:44,710 --> 00:46:48,389  
said well I can't answer any further

1004  
00:46:47,048 --> 00:46:51,579  
than I already have

1005  
00:46:48,389 --> 00:46:56,920  
but he had he had some of this stuff and

1006  
00:46:51,579 --> 00:47:01,180  
and he he had contacts and he found out

1007  
00:46:56,920 --> 00:47:05,818  
things from his contacts such as they

1008  
00:47:01,179 --> 00:47:05,818  
gave him the the necessary

1009  
00:47:05,909 --> 00:47:13,089  
information to build a machine to

1010  
00:47:08,710 --> 00:47:16,000  
determine the location of vortices both

1011  
00:47:13,090 --> 00:47:19,570  
those created by the UFOs and created by

1012  
00:47:16,000 --> 00:47:21,420

us in order to try to avoid so many

1013

00:47:19,570 --> 00:47:23,760  
crashes that were resulting from

1014

00:47:21,420 --> 00:47:26,889  
turbulence and this sort of thing and

1015

00:47:23,760 --> 00:47:28,150  
and he also found out from them one of

1016

00:47:26,889 --> 00:47:31,359  
the reasons that there were so many

1017

00:47:28,150 --> 00:47:33,250  
early quiet crashes was the fact that

1018

00:47:31,360 --> 00:47:38,440  
our pilots were getting too close to the

1019

00:47:33,250 --> 00:47:40,690  
to the UFOs though the alien said that

1020

00:47:38,440 --> 00:47:42,940  
they thought that was really incredible

1021

00:47:40,690 --> 00:47:44,019  
stupidity on the part of the pilots I

1022

00:47:42,940 --> 00:47:46,150  
would add on the part of their

1023

00:47:44,019 --> 00:47:47,889  
commanders who sent them chasing after

1024

00:47:46,150 --> 00:47:52,059  
UFO was without knowing what they were

1025

00:47:47,889 --> 00:47:54,309  
getting on getting into but one of the

1026

00:47:52,059 --> 00:47:58,150  
problems they ran into when they got too

1027  
00:47:54,309 --> 00:48:00,639  
close to the UFOs was in some cases they

1028  
00:47:58,150 --> 00:48:05,369  
created what they called as a

1029  
00:48:00,639 --> 00:48:08,199  
combination of magnetic time fields

1030  
00:48:05,369 --> 00:48:13,029  
which changed the molecular composition

1031  
00:48:08,199 --> 00:48:15,699  
of the metal in the aircraft that were

1032  
00:48:13,030 --> 00:48:18,760  
coming up behind them and so the metal

1033  
00:48:15,699 --> 00:48:19,839  
just came apart and that this was one of

1034  
00:48:18,760 --> 00:48:21,750  
the reasons that there were so many

1035  
00:48:19,840 --> 00:48:24,460  
crashes for quite a long while that

1036  
00:48:21,750 --> 00:48:26,500  
seemed to be unexplained at the time so

1037  
00:48:24,460 --> 00:48:30,420  
there's there's lots of stuff out there

1038  
00:48:26,500 --> 00:48:33,280  
but the propensity seems to be to

1039  
00:48:30,420 --> 00:48:34,809  
downplay it and and debunk it rather

1040  
00:48:33,280 --> 00:48:37,210  
than trying to get it up into the

1041  
00:48:34,809 --> 00:48:41,170  
scientific community and I think Claude

1042  
00:48:37,210 --> 00:48:44,530  
and then Jerome want to come in I was

1043  
00:48:41,170 --> 00:48:47,680  
just thinking back to when I convinced

1044  
00:48:44,530 --> 00:48:51,220  
myself that they were real I think it

1045  
00:48:47,679 --> 00:48:55,210  
was after subscribing to a publication

1046  
00:48:51,219 --> 00:48:56,949  
by a man named Lucius parish in Arkansas

1047  
00:48:55,210 --> 00:49:01,780  
called the UFO news clipping service

1048  
00:48:56,949 --> 00:49:04,359  
every month he Xeroxes local papal

1049  
00:49:01,780 --> 00:49:07,150  
newspaper accounts from around the world

1050  
00:49:04,360 --> 00:49:09,010  
with local accounts of sightings and

1051  
00:49:07,150 --> 00:49:10,019  
these are usually multiple witnesses

1052  
00:49:09,010 --> 00:49:13,710  
often

1053  
00:49:10,019 --> 00:49:16,829  
very responsible you know important

1054  
00:49:13,710 --> 00:49:18,860  
person is just in the towns all local

1055

00:49:16,829 --> 00:49:22,529  
newspapers these are really high quality

1056  
00:49:18,860 --> 00:49:25,650  
sightings when you read them and you

1057  
00:49:22,530 --> 00:49:29,310  
wonder well why didn't I ever hear about

1058  
00:49:25,650 --> 00:49:30,900  
these and it's what the only possible

1059  
00:49:29,309 --> 00:49:33,449  
answer is that when these things get

1060  
00:49:30,900 --> 00:49:35,880  
turned into the wire surface the wire

1061  
00:49:33,449 --> 00:49:37,559  
service never reports them so this kind

1062  
00:49:35,880 --> 00:49:40,170  
of appears to become a blackout between

1063  
00:49:37,559 --> 00:49:41,190  
the local papers and the wire service so

1064  
00:49:40,170 --> 00:49:44,519  
that some of these things would have

1065  
00:49:41,190 --> 00:49:47,130  
made you know evening news headlines if

1066  
00:49:44,519 --> 00:49:48,809  
there were an ability to report them and

1067  
00:49:47,130 --> 00:49:51,420  
I think that that's one of the missing

1068  
00:49:48,809 --> 00:49:54,179  
pieces maybe we're kind of all waiting

1069  
00:49:51,420 --> 00:49:56,220

for the anchorman to come on the evening

1070

00:49:54,179 --> 00:49:58,319

news and tell us these things happen and

1071

00:49:56,219 --> 00:50:01,079

I don't think it's going to happen but

1072

00:49:58,320 --> 00:50:03,000

what I realized that all these sightings

1073

00:50:01,079 --> 00:50:07,049

do happen locally it really changed my

1074

00:50:03,000 --> 00:50:09,719

mind about the whole process yeah I'd

1075

00:50:07,050 --> 00:50:12,500

like to put aside you know the more

1076

00:50:09,719 --> 00:50:15,419

nebulous and controversial and unproved

1077

00:50:12,500 --> 00:50:17,190

stories about concealed evidence and

1078

00:50:15,420 --> 00:50:19,740

context with space people and those

1079

00:50:17,190 --> 00:50:21,450

kinds of things which I mean they're

1080

00:50:19,739 --> 00:50:23,099

interesting but I don't know that the

1081

00:50:21,449 --> 00:50:25,349

evidence is very good the evidence for a

1082

00:50:23,099 --> 00:50:27,739

physical UFO phenomenon is very good and

1083

00:50:25,349 --> 00:50:31,079

the simple answer to your question is

1084  
00:50:27,739 --> 00:50:34,199  
look go and look up dick Hall Richard

1085  
00:50:31,079 --> 00:50:37,380  
halls book the UFO evidence look up my

1086  
00:50:34,199 --> 00:50:40,199  
UFO encyclopedia which has long detailed

1087  
00:50:37,380 --> 00:50:43,289  
case histories of hard evidence cases

1088  
00:50:40,199 --> 00:50:47,159  
like the transcend province see to the

1089  
00:50:43,289 --> 00:50:49,710  
RB 47 case in a number of cases radar

1090  
00:50:47,159 --> 00:50:52,440  
visuals physical trace cases which were

1091  
00:50:49,710 --> 00:50:54,570  
well investigated well documented that

1092  
00:50:52,440 --> 00:50:57,750  
are available in the literature dick

1093  
00:50:54,570 --> 00:50:59,880  
Hall does a very good job of laying out

1094  
00:50:57,750 --> 00:51:03,630  
all the evidence in his the UFO evidence

1095  
00:50:59,880 --> 00:51:06,150  
and I will let others know judge what

1096  
00:51:03,630 --> 00:51:07,858  
kind of job I do it Mike Bellone books

1097  
00:51:06,150 --> 00:51:09,570  
with laying out the evidence but it's

1098  
00:51:07,858 --> 00:51:11,730  
there and it's available and yours is a

1099  
00:51:09,570 --> 00:51:17,369  
good question the answer is and isn't

1100  
00:51:11,730 --> 00:51:20,969  
isn't the good literature just why

1101  
00:51:17,369 --> 00:51:23,250  
Claude just raised an excellent point

1102  
00:51:20,969 --> 00:51:25,078  
and I don't think it's an embargo

1103  
00:51:23,250 --> 00:51:31,048  
between the local news and the babe

1104  
00:51:25,079 --> 00:51:33,780  
there is just a ton of a self-imposed a

1105  
00:51:31,048 --> 00:51:36,150  
giggle factor if you look at any of the

1106  
00:51:33,780 --> 00:51:39,210  
programs that are out there you never

1107  
00:51:36,150 --> 00:51:41,730  
find them reporting ufos straight up

1108  
00:51:39,210 --> 00:51:43,530  
it's always ha ha ha well look at the

1109  
00:51:41,730 --> 00:51:45,960  
little green men

1110  
00:51:43,530 --> 00:51:49,380  
Dateline just that you know 10 best

1111  
00:51:45,960 --> 00:51:51,358  
cases and interestingly you know in all

1112

00:51:49,380 --> 00:51:56,309  
the breaks you see little green men

1113  
00:51:51,358 --> 00:51:59,219  
popping up and things like that on that

1114  
00:51:56,309 --> 00:52:01,829  
point that's probably true but was it

1115  
00:51:59,219 --> 00:52:08,338  
true in 1954 I think the media handled

1116  
00:52:01,829 --> 00:52:10,710  
it differently well there was so well

1117  
00:52:08,338 --> 00:52:12,719  
remember initially it was what the

1118  
00:52:10,710 --> 00:52:15,869  
hell's going on you know and that went

1119  
00:52:12,719 --> 00:52:17,789  
on for a while but over time because in

1120  
00:52:15,869 --> 00:52:20,039  
large part because of the scientific

1121  
00:52:17,789 --> 00:52:24,179  
community who have seen this so

1122  
00:52:20,039 --> 00:52:26,849  
negatively and have made major inroads

1123  
00:52:24,179 --> 00:52:30,058  
in the press to get a fair hearing there

1124  
00:52:26,849 --> 00:52:35,789  
is really really tough okay we had a

1125  
00:52:30,059 --> 00:52:40,290  
question over here a quick question for

1126  
00:52:35,789 --> 00:52:43,139

dr. Alexander Phillip Corsos follow-up

1127

00:52:40,289 --> 00:52:44,579

book do you know where that is and do

1128

00:52:43,139 --> 00:52:45,328

you know if that'll be published she

1129

00:52:44,579 --> 00:52:48,359

died

1130

00:52:45,329 --> 00:52:50,760

I know he died but does not the man you

1131

00:52:48,358 --> 00:52:53,699

see I know it was if you know fell he

1132

00:52:50,760 --> 00:52:55,410

was not computer literate I have a hand

1133

00:52:53,699 --> 00:52:57,419

copy of the first one I mean it is

1134

00:52:55,409 --> 00:53:00,058

literally written out by hand a few

1135

00:52:57,420 --> 00:53:02,068

pages tight but unfortunately he

1136

00:53:00,059 --> 00:53:08,040

transitioned before we could get any

1137

00:53:02,068 --> 00:53:10,679

further okay we have another question is

1138

00:53:08,039 --> 00:53:12,960

it on yeah all right I wanted to talk to

1139

00:53:10,679 --> 00:53:15,000

the issue about evidence and conclusions

1140

00:53:12,960 --> 00:53:17,699

there are two comments I'd like to make

1141  
00:53:15,000 --> 00:53:20,190  
first of all I did a study the meteorite

1142  
00:53:17,699 --> 00:53:22,230  
controversy in the 18th century and here

1143  
00:53:20,190 --> 00:53:25,500  
is a very interesting example of how

1144  
00:53:22,230 --> 00:53:27,510  
people deal with evidence a lot of times

1145  
00:53:25,500 --> 00:53:29,670  
the evidence may be in somebody's hands

1146  
00:53:27,510 --> 00:53:31,470  
but unless you have a scientific theory

1147  
00:53:29,670 --> 00:53:33,088  
the background basically to interpret it

1148  
00:53:31,469 --> 00:53:34,409  
you won't know what it is the French

1149  
00:53:33,088 --> 00:53:35,969  
Academy of Science was sent

1150  
00:53:34,409 --> 00:53:38,759  
three meteorites from three different

1151  
00:53:35,969 --> 00:53:41,159  
sources they couldn't basically see

1152  
00:53:38,760 --> 00:53:43,140  
anything distinctive about them and said

1153  
00:53:41,159 --> 00:53:45,239  
basically there's nothing to it except

1154  
00:53:43,139 --> 00:53:47,608  
maybe the lightning hits pyrite that's

1155  
00:53:45,239 --> 00:53:49,828  
what they said okay and I can give you

1156  
00:53:47,608 --> 00:53:51,150  
more chapter and verse on that that's

1157  
00:53:49,829 --> 00:53:53,430  
the second thing that I wanted to

1158  
00:53:51,150 --> 00:53:58,349  
comment on is in terms there's a

1159  
00:53:53,429 --> 00:54:02,358  
question in that well I know a little

1160  
00:53:58,349 --> 00:54:05,220  
about this too the second question the

1161  
00:54:02,358 --> 00:54:08,400  
second observation which the panelist

1162  
00:54:05,219 --> 00:54:10,949  
invited to comment on is when we think

1163  
00:54:08,400 --> 00:54:14,068  
about the Sociology and that's what it

1164  
00:54:10,949 --> 00:54:17,159  
is of what's out there we really need to

1165  
00:54:14,068 --> 00:54:19,469  
use our imaginations because the problem

1166  
00:54:17,159 --> 00:54:22,348  
is is that the tremendous variety of

1167  
00:54:19,469 --> 00:54:25,078  
life in the universe lends itself to a

1168  
00:54:22,349 --> 00:54:26,730  
huge number of constellations which may

1169

00:54:25,079 --> 00:54:29,548  
be very difficult for us to interpret

1170  
00:54:26,730 --> 00:54:32,130  
because we only have one example of an

1171  
00:54:29,548 --> 00:54:33,719  
intelligent species but if there are

1172  
00:54:32,130 --> 00:54:35,460  
other examples they could work quite

1173  
00:54:33,719 --> 00:54:38,308  
differently than we do and it's very

1174  
00:54:35,460 --> 00:54:40,139  
difficult to use the kind of imagination

1175  
00:54:38,309 --> 00:54:42,630  
we need to imagine what they might do

1176  
00:54:40,139 --> 00:54:54,150  
and what their actual moves are likely

1177  
00:54:42,630 --> 00:54:56,039  
to imply okay well those have been very

1178  
00:54:54,150 --> 00:54:58,950  
Illumina stress targets very

1179  
00:54:56,039 --> 00:55:00,900  
illuminating for me but as the scientist

1180  
00:54:58,949 --> 00:55:03,269  
it seems increasingly from what the

1181  
00:55:00,900 --> 00:55:05,639  
panelists have said is that the UFO

1182  
00:55:03,269 --> 00:55:09,059  
question is not at all a scientific

1183  
00:55:05,639 --> 00:55:11,460

question which surprised me it seems to

1184

00:55:09,059 --> 00:55:14,519

be more of a geopolitical question for

1185

00:55:11,460 --> 00:55:16,528

example Paul Hellyer and John Alexander

1186

00:55:14,519 --> 00:55:18,599

says yes there are people in the

1187

00:55:16,528 --> 00:55:20,849

government who know the answer they have

1188

00:55:18,599 --> 00:55:24,028

the pieces they'll probably kill you if

1189

00:55:20,849 --> 00:55:26,250

you try and get them but the answer is

1190

00:55:24,028 --> 00:55:29,278

known and we're playing a kind of

1191

00:55:26,250 --> 00:55:31,260

scientific I've got a secret rather than

1192

00:55:29,278 --> 00:55:33,599

trying to discover what's actually

1193

00:55:31,260 --> 00:55:36,210

happening perhaps we should expend our

1194

00:55:33,599 --> 00:55:38,730

efforts rather than looking at the sky

1195

00:55:36,210 --> 00:55:41,220

trying to get in touch with the people

1196

00:55:38,730 --> 00:55:44,298

who know the answers and find out what

1197

00:55:41,219 --> 00:55:44,298

the data actually are

1198  
00:55:45,190 --> 00:55:51,679  
well I would categorically disagree with

1199  
00:55:48,769 --> 00:55:58,730  
that I don't think it's there Kali

1200  
00:55:51,679 --> 00:56:02,058  
believes it is I did not he didn't say

1201  
00:55:58,730 --> 00:56:08,630  
that I said it say that I said he

1202  
00:56:02,059 --> 00:56:08,930  
disagrees Bob can I address that oh I'm

1203  
00:56:08,630 --> 00:56:13,640  
sorry

1204  
00:56:08,929 --> 00:56:16,159  
sure MUFON sponsored a conference last

1205  
00:56:13,639 --> 00:56:18,348  
year on this very question how do we

1206  
00:56:16,159 --> 00:56:20,509  
engage mainstream science into looking

1207  
00:56:18,349 --> 00:56:23,390  
at this phenomena with all the ambiguity

1208  
00:56:20,510 --> 00:56:25,039  
that's inherent and what we decided is

1209  
00:56:23,389 --> 00:56:28,608  
maybe we're engaging the wrong type of

1210  
00:56:25,039 --> 00:56:30,890  
scientists maybe we need to look is not

1211  
00:56:28,608 --> 00:56:32,929  
at the physical sciences but start

1212  
00:56:30,889 --> 00:56:34,578  
looking at the early evidence for this

1213  
00:56:32,929 --> 00:56:36,078  
phenomenon government which would have

1214  
00:56:34,579 --> 00:56:38,298  
the most interest in the phenomenon to

1215  
00:56:36,079 --> 00:56:40,068  
begin with so there are vast amounts of

1216  
00:56:38,298 --> 00:56:42,230  
documents out there in national archives

1217  
00:56:40,068 --> 00:56:43,338  
that have yet to be looked at so what we

1218  
00:56:42,230 --> 00:56:44,719  
need to recruit are a lot more

1219  
00:56:43,338 --> 00:56:46,338  
historians that are going to go out

1220  
00:56:44,719 --> 00:56:47,808  
there and start digging up these

1221  
00:56:46,338 --> 00:56:50,269  
documents for us and looking for

1222  
00:56:47,809 --> 00:56:52,400  
patterns and activity not necessarily

1223  
00:56:50,269 --> 00:56:54,679  
The Smoking Gun that says we we have a

1224  
00:56:52,400 --> 00:56:56,838  
captured UFO but looking at just the

1225  
00:56:54,679 --> 00:56:58,759  
patterns of government agencies and what

1226

00:56:56,838 --> 00:57:00,769  
they were doing at those times so there

1227  
00:56:58,760 --> 00:57:05,809  
are things that we can do and we're

1228  
00:57:00,769 --> 00:57:07,608  
working on those okay I I really don't

1229  
00:57:05,809 --> 00:57:10,099  
really want to speak but I have to do

1230  
00:57:07,608 --> 00:57:12,380  
this because I'm the journalist abroad

1231  
00:57:10,099 --> 00:57:14,869  
colonel philip corso to Italy and he did

1232  
00:57:12,380 --> 00:57:17,390  
speak quite a bit over there he gave us

1233  
00:57:14,869 --> 00:57:20,720  
his personal notes which were the notes

1234  
00:57:17,389 --> 00:57:23,088  
on which the day after Roswell were

1235  
00:57:20,719 --> 00:57:25,429  
published he gave us permission to

1236  
00:57:23,088 --> 00:57:27,558  
publish the book dawn of a new age if

1237  
00:57:25,429 --> 00:57:29,449  
you go to Italy I've been speaking to

1238  
00:57:27,559 --> 00:57:32,829  
several people you can buy it in a

1239  
00:57:29,449 --> 00:57:35,989  
bookstore they are his original notes

1240  
00:57:32,829 --> 00:57:37,970

these notes his son said would be

1241  
00:57:35,989 --> 00:57:40,699  
published in this country courser wrote

1242  
00:57:37,969 --> 00:57:43,189  
three books the day after Dallas about

1243  
00:57:40,699 --> 00:57:44,960  
the Kennedy assassination he whirled a

1244  
00:57:43,190 --> 00:57:47,329  
book called the man who saved Rome about

1245  
00:57:44,960 --> 00:57:50,028  
the creation of the CIA because the

1246  
00:57:47,329 --> 00:57:52,849  
current Colonel Corso was the head of

1247  
00:57:50,028 --> 00:57:55,309  
intelligence in Rome in 1944 this is not

1248  
00:57:52,849 --> 00:57:57,410  
just somebody off the street and we've

1249  
00:57:55,309 --> 00:57:58,309  
checked all his credentials in Italy we

1250  
00:57:57,409 --> 00:58:00,618  
were able to do

1251  
00:57:58,309 --> 00:58:02,829  
lot with him in Italy and he did leave

1252  
00:58:00,619 --> 00:58:05,838  
us that manuscript which is still around

1253  
00:58:02,829 --> 00:58:08,059  
but for some reason it is not published

1254  
00:58:05,838 --> 00:58:10,068  
in America it's called aloud but in

1255  
00:58:08,059 --> 00:58:12,739  
another era if you go to it illegal in

1256  
00:58:10,068 --> 00:58:19,748  
the bookstore get it thank you

1257  
00:58:12,739 --> 00:58:19,749  
anybody we're coming in I think ok

1258  
00:58:20,139 --> 00:58:25,129  
several people have mentioned about the

1259  
00:58:22,818 --> 00:58:26,719  
necessity of digging into archives and

1260  
00:58:25,130 --> 00:58:29,059  
historical documents and I just wanted

1261  
00:58:26,719 --> 00:58:32,989  
to let people know it in this audience

1262  
00:58:29,059 --> 00:58:34,548  
and if if they don't already know that

1263  
00:58:32,989 --> 00:58:37,880  
there is a source called newspaper

1264  
00:58:34,548 --> 00:58:41,298  
archives which has approximately 79

1265  
00:58:37,880 --> 00:58:43,548  
million pages of newspapers of something

1266  
00:58:41,298 --> 00:58:45,108  
like 2700 different newspapers and you

1267  
00:58:43,548 --> 00:58:48,728  
can go back and actually read the

1268  
00:58:45,108 --> 00:58:51,739  
original stories in the in newspapers

1269  
00:58:48,728 --> 00:58:54,169  
about the airships or about early

1270  
00:58:51,739 --> 00:58:56,900  
sightings they may not have been called

1271  
00:58:54,170 --> 00:59:00,380  
UFOs but if you look up use certain

1272  
00:58:56,900 --> 00:59:02,929  
terminology like airships or something

1273  
00:59:00,380 --> 00:59:05,989  
like that you can find all kinds of

1274  
00:59:02,929 --> 00:59:08,269  
things from way back in and this archive

1275  
00:59:05,989 --> 00:59:10,130  
goes it's online and it's available you

1276  
00:59:08,268 --> 00:59:11,748  
have to pay a little bit but it's not

1277  
00:59:10,130 --> 00:59:15,679  
much and and it goes all the way back to

1278  
00:59:11,748 --> 00:59:18,618  
the 1700s if I could respond to that I

1279  
00:59:15,679 --> 00:59:20,660  
belong to a small international email

1280  
00:59:18,619 --> 00:59:24,019  
group called Magana exchange

1281  
00:59:20,659 --> 00:59:28,670  
it's an international group of Americans

1282  
00:59:24,018 --> 00:59:30,978  
Canadians and Europeans who are doing

1283

00:59:28,670 --> 00:59:33,709  
extensive archival research and we've

1284  
00:59:30,978 --> 00:59:35,568  
pretty much bled newspaper exchange dry

1285  
00:59:33,708 --> 00:59:37,818  
but there are all kinds of archives

1286  
00:59:35,568 --> 00:59:40,818  
including free ones that are popping up

1287  
00:59:37,818 --> 00:59:43,938  
in fact much of the material I use in my

1288  
00:59:40,818 --> 00:59:45,619  
lecture today I got off my archival

1289  
00:59:43,938 --> 00:59:49,598  
exchanges in fact I even wrote a book

1290  
00:59:45,619 --> 00:59:53,059  
based upon my archival research in the

1291  
00:59:49,599 --> 00:59:56,420  
1919 century for Tiana and anomalies and

1292  
00:59:53,059 --> 00:59:58,548  
proto UFOs called a natural phenomena

1293  
00:59:56,420 --> 00:59:59,838  
and that book comes out of that and I'm

1294  
00:59:58,548 --> 01:00:03,498  
glad you brought that up because that is

1295  
00:59:59,838 --> 01:00:05,250  
incredibly useful research tool ok thank

1296  
01:00:03,498 --> 01:00:09,329  
you we have another question

1297  
01:00:05,250 --> 01:00:12,599

I think that the problem is too much

1298

01:00:09,329 --> 01:00:15,239

evidence discussion in the collecting

1299

01:00:12,599 --> 01:00:18,660

data and nothing from the scientific

1300

01:00:15,239 --> 01:00:22,469

from the science I have been working

1301

01:00:18,659 --> 01:00:26,579

about 30 years in space research half of

1302

01:00:22,469 --> 01:00:29,519

this time I have worked with programs

1303

01:00:26,579 --> 01:00:31,650

coordinated by the Soviet Union half of

1304

01:00:29,519 --> 01:00:37,309

the time I am working here in Canada

1305

01:00:31,650 --> 01:00:40,559

never ever I have been I have seen this

1306

01:00:37,309 --> 01:00:44,429

problem to be put in front of the

1307

01:00:40,559 --> 01:00:46,920

scientific community and it is known

1308

01:00:44,429 --> 01:00:51,269

that the same science now is funded by

1309

01:00:46,920 --> 01:00:54,150

the government so if you want to do some

1310

01:00:51,269 --> 01:00:58,309

kind of research there is not a way you

1311

01:00:54,150 --> 01:01:02,420

could apply for some kind of fund and

1312  
01:00:58,309 --> 01:01:06,119  
what do tell me how this issue could be

1313  
01:01:02,420 --> 01:01:09,300  
resolved I think it is a fundamental

1314  
01:01:06,119 --> 01:01:15,088  
question for the science to explain how

1315  
01:01:09,300 --> 01:01:28,619  
we're for make a right with acceleration

1316  
01:01:15,088 --> 01:01:34,710  
about 50 to 100 G so a very strange

1317  
01:01:28,619 --> 01:01:37,289  
question no my interpretation of the

1318  
01:01:34,710 --> 01:01:39,990  
question is what's the process whereby

1319  
01:01:37,289 --> 01:01:41,789  
we put scientists on solving some pretty

1320  
01:01:39,989 --> 01:01:44,039  
obvious things that are not not very

1321  
01:01:41,789 --> 01:01:46,039  
clear that's how do you do a 100 G turn

1322  
01:01:44,039 --> 01:01:48,960  
if you have people inside the craft

1323  
01:01:46,039 --> 01:01:52,519  
without having some new science added to

1324  
01:01:48,960 --> 01:01:52,519  
it and who's working on that new science

1325  
01:01:53,869 --> 01:02:03,480  
we don't start with the University of

1326  
01:01:56,369 --> 01:02:07,380  
Colorado I know that there was you were

1327  
01:02:03,480 --> 01:02:11,579  
next given since we're talking about

1328  
01:02:07,380 --> 01:02:14,130  
science given the fact that in last year

1329  
01:02:11,579 --> 01:02:15,829  
we astronomers have discovered all types

1330  
01:02:14,130 --> 01:02:17,539  
of extrasolar planets and

1331  
01:02:15,829 --> 01:02:21,590  
I think last November the first

1332  
01:02:17,539 --> 01:02:23,779  
earth-like extrasolar planet nASA has

1333  
01:02:21,590 --> 01:02:25,789  
reopened the SETI program I don't think

1334  
01:02:23,780 --> 01:02:28,490  
they would have just done that but they

1335  
01:02:25,789 --> 01:02:30,259  
did that unless they had something some

1336  
01:02:28,489 --> 01:02:33,859  
reason for Oprah reopening their SETI

1337  
01:02:30,260 --> 01:02:36,010  
program after I think 20 years we

1338  
01:02:33,860 --> 01:02:38,570  
mentioned already all the countries

1339  
01:02:36,010 --> 01:02:41,000  
allowing their file secret files to be

1340

01:02:38,570 --> 01:02:43,880  
opened about four weeks ago the Pope

1341  
01:02:41,000 --> 01:02:45,889  
said that aliens are okay with the

1342  
01:02:43,880 --> 01:02:49,579  
Catholic religion it seems to me there's

1343  
01:02:45,889 --> 01:02:51,199  
a trend here if if the UFOs aren't

1344  
01:02:49,579 --> 01:02:55,219  
announced soon if there isn't evidence

1345  
01:02:51,199 --> 01:02:56,719  
soon by 2020 we're gonna have telescopes

1346  
01:02:55,219 --> 01:03:00,939  
so you'll be looking at continents and

1347  
01:02:56,719 --> 01:03:03,169  
islands on planets 20 light years away

1348  
01:03:00,940 --> 01:03:09,320  
are UFOs going to come out before

1349  
01:03:03,170 --> 01:03:11,360  
science discovers them is a historian of

1350  
01:03:09,320 --> 01:03:13,820  
the phenomenon I might have a little

1351  
01:03:11,360 --> 01:03:15,680  
perspective on what you just said so

1352  
01:03:13,820 --> 01:03:17,300  
many things that seem fresh and novel

1353  
01:03:15,679 --> 01:03:19,069  
and including speculation that the

1354  
01:03:17,300 --> 01:03:21,080

breakthrough is coming any day

1355

01:03:19,070 --> 01:03:24,350  
we're being softened up for the big

1356

01:03:21,079 --> 01:03:26,779  
revelation so that basically begins to

1357

01:03:24,349 --> 01:03:30,199  
show up very early in the history of the

1358

01:03:26,780 --> 01:03:33,200  
UFO controversy by the late 1940s rumors

1359

01:03:30,199 --> 01:03:34,849  
like that were circulating so no I don't

1360

01:03:33,199 --> 01:03:36,409  
think there's we're being softened up I

1361

01:03:34,849 --> 01:03:38,119  
don't think anything spectacular is

1362

01:03:36,409 --> 01:03:40,609  
going to happen it's just going to be

1363

01:03:38,119 --> 01:03:42,920  
more the same and on a factual matter

1364

01:03:40,610 --> 01:03:48,670  
I don't think NASA runs the SETI program

1365

01:03:42,920 --> 01:03:48,670  
I could be mistaken but it does not okay

1366

01:03:49,420 --> 01:03:52,909  
it doesn't fund it yeah I didn't I

1367

01:03:52,250 --> 01:03:58,489  
didn't think so

1368

01:03:52,909 --> 01:04:01,519  
okay I thought that the SETI program was

1369  
01:03:58,489 --> 01:04:08,359  
in private funding it's still private

1370  
01:04:01,519 --> 01:04:11,949  
funding of it okay as a science teacher

1371  
01:04:08,360 --> 01:04:15,950  
of elementary and high school students

1372  
01:04:11,949 --> 01:04:19,250  
as we trace the history of science and

1373  
01:04:15,949 --> 01:04:23,839  
the achievements that we can see that we

1374  
01:04:19,250 --> 01:04:26,469  
have done down through the years it's

1375  
01:04:23,840 --> 01:04:29,230  
kind of hard for me to say to them

1376  
01:04:26,469 --> 01:04:34,959  
but guess what the laser was the UFO

1377  
01:04:29,230 --> 01:04:38,829  
guys you know and the integrated circuit

1378  
01:04:34,960 --> 01:04:42,880  
that wasn't us either and I don't know

1379  
01:04:38,829 --> 01:04:46,269  
how you all can talk to your young

1380  
01:04:42,880 --> 01:04:50,820  
children and say to them it guess what

1381  
01:04:46,269 --> 01:04:55,690  
it's not us it's not our science and

1382  
01:04:50,820 --> 01:05:01,530  
still be able to like have that glow of

1383  
01:04:55,690 --> 01:05:07,139  
pride as a human being I never said that

1384  
01:05:01,530 --> 01:05:09,910  
did oh I think it requires one of the

1385  
01:05:07,139 --> 01:05:13,358  
characteristics that I probably possess

1386  
01:05:09,909 --> 01:05:15,879  
at least forum and that's humility there

1387  
01:05:13,358 --> 01:05:18,460  
may be people elsewhere in the galaxy in

1388  
01:05:15,880 --> 01:05:20,980  
the cosmos that are more advanced than

1389  
01:05:18,460 --> 01:05:25,059  
we are and perhaps and we can learn from

1390  
01:05:20,980 --> 01:05:26,670  
them and cooperate with them and perhaps

1391  
01:05:25,059 --> 01:05:28,059  
they're learning some things from us

1392  
01:05:26,670 --> 01:05:29,769  
apparently

1393  
01:05:28,059 --> 01:05:32,170  
earth is a good place to visit or has

1394  
01:05:29,769 --> 01:05:33,820  
been in the past anyway and they come

1395  
01:05:32,170 --> 01:05:36,550  
here for their holidays probably to find

1396  
01:05:33,820 --> 01:05:37,869  
out what's going on and I have no doubt

1397

01:05:36,550 --> 01:05:40,240  
that they have learned things from us

1398  
01:05:37,869 --> 01:05:42,099  
and we'll probably learn more and we

1399  
01:05:40,239 --> 01:05:45,399  
have still I think quite a lot to learn

1400  
01:05:42,099 --> 01:05:47,230  
for them without addressing the eg issue

1401  
01:05:45,400 --> 01:05:50,760  
if you're teaching science the history

1402  
01:05:47,230 --> 01:05:53,710  
of science is really ugly we tend not to

1403  
01:05:50,760 --> 01:05:55,450  
debate that we we talk about all the

1404  
01:05:53,710 --> 01:05:58,599  
things as if it were a straight process

1405  
01:05:55,449 --> 01:06:00,219  
when in fact it is a brutal nasty fight

1406  
01:05:58,599 --> 01:06:03,460  
that goes any probably not what you want

1407  
01:06:00,219 --> 01:06:06,039  
to tell you that's going into it but it

1408  
01:06:03,460 --> 01:06:08,289  
is in many fields not uncommon to what

1409  
01:06:06,039 --> 01:06:10,029  
you're seeing here I would comment on

1410  
01:06:08,289 --> 01:06:12,338  
your question I don't think even those

1411  
01:06:10,030 --> 01:06:14,019

people who might claim that there's some

1412

01:06:12,338 --> 01:06:16,320  
reverse engineering at work in our

1413

01:06:14,019 --> 01:06:19,780  
society today they would not claim that

1414

01:06:16,320 --> 01:06:22,240  
the people who got the credit for it are

1415

01:06:19,780 --> 01:06:24,339  
not deserving the that most they would

1416

01:06:22,239 --> 01:06:26,500  
have received is a little tiny hint and

1417

01:06:24,338 --> 01:06:30,159  
the work that they did was totally

1418

01:06:26,500 --> 01:06:32,858  
genuine and properly recognized so can I

1419

01:06:30,159 --> 01:06:35,649  
comment I just want to say I'm not a

1420

01:06:32,858 --> 01:06:38,259  
proponent of reverse engineering my

1421

01:06:35,650 --> 01:06:39,680  
personal take on it is that were

1422

01:06:38,260 --> 01:06:42,050  
belittling human engine

1423

01:06:39,679 --> 01:06:43,909  
and for the same reason that people try

1424

01:06:42,050 --> 01:06:46,370  
to blame the building of the pyramids on

1425

01:06:43,909 --> 01:06:47,869  
alien intervention-- I think we're

1426  
01:06:46,369 --> 01:06:51,440  
taking that same line of reason here

1427  
01:06:47,869 --> 01:06:53,239  
with modern technology you know it's

1428  
01:06:51,440 --> 01:06:54,380  
amazing when you walk through Europe and

1429  
01:06:53,239 --> 01:06:56,089  
you see some of the cathedrals that were

1430  
01:06:54,380 --> 01:06:58,130  
built back then with the technology that

1431  
01:06:56,090 --> 01:07:00,769  
they had and with the average lifespan

1432  
01:06:58,130 --> 01:07:02,599  
be in 30 years I think we can do a lot

1433  
01:07:00,769 --> 01:07:06,860  
with just our own human mind we don't

1434  
01:07:02,599 --> 01:07:10,699  
have to blame it on the aliens new

1435  
01:07:06,860 --> 01:07:13,160  
question is we actually have two

1436  
01:07:10,699 --> 01:07:17,319  
questions well I've got the mic II first

1437  
01:07:13,159 --> 01:07:19,489  
have any of the panelists suffered overt

1438  
01:07:17,320 --> 01:07:22,309  
official interference with their work

1439  
01:07:19,489 --> 01:07:25,489  
and the second question is there seems

1440  
01:07:22,309 --> 01:07:27,559  
to be a tremendous variety in size and

1441  
01:07:25,489 --> 01:07:31,399  
shape of the craft that are singing

1442  
01:07:27,559 --> 01:07:35,539  
could you comment on that as well do

1443  
01:07:31,400 --> 01:07:37,369  
crisp questions I guess it probably

1444  
01:07:35,539 --> 01:07:40,730  
applies to me because when I was inside

1445  
01:07:37,369 --> 01:07:42,619  
the system and the answer is no and you

1446  
01:07:40,730 --> 01:07:46,039  
know there's a great mythology that's

1447  
01:07:42,619 --> 01:07:47,659  
now externally if you saw the papers

1448  
01:07:46,039 --> 01:07:49,610  
that I put up today with it getting

1449  
01:07:47,659 --> 01:07:51,859  
attacked by Scientific American The

1450  
01:07:49,610 --> 01:07:55,700  
Bulletin of Atomic Scientists you know

1451  
01:07:51,860 --> 01:07:58,519  
by skeptics yeah that's there but not

1452  
01:07:55,699 --> 01:08:00,379  
only when we ran the group and I was

1453  
01:07:58,519 --> 01:08:03,050  
moving up the food chain not only did we

1454

01:08:00,380 --> 01:08:05,480  
not run into interference with the

1455  
01:08:03,050 --> 01:08:07,760  
exception of one case and that really

1456  
01:08:05,480 --> 01:08:10,490  
wasn't interference we we stepped on his

1457  
01:08:07,760 --> 01:08:13,220  
belief system got a lot of help and a

1458  
01:08:10,489 --> 01:08:14,659  
lot of support a lot there is a lot of

1459  
01:08:13,219 --> 01:08:16,909  
high-level interest

1460  
01:08:14,659 --> 01:08:19,039  
let's take everybody one at a time at

1461  
01:08:16,909 --> 01:08:20,840  
Claude have you been friends I was just

1462  
01:08:19,039 --> 01:08:23,079  
going to comment on the size the

1463  
01:08:20,840 --> 01:08:25,279  
different shapes I guess it's probably

1464  
01:08:23,079 --> 01:08:27,590  
not unexpected when they come from

1465  
01:08:25,279 --> 01:08:29,779  
different places but they range from the

1466  
01:08:27,590 --> 01:08:31,909  
very small foolful fighters during world

1467  
01:08:29,779 --> 01:08:35,899  
war ii which were very small too small

1468  
01:08:31,909 --> 01:08:39,880

to accommodate a pilot through two

1469

01:08:35,899 --> 01:08:42,409

reports of UFOs of mine across and

1470

01:08:39,880 --> 01:08:45,739

everything more or less in between with

1471

01:08:42,409 --> 01:08:50,680

the the most common kind being the disks

1472

01:08:45,739 --> 01:08:50,679

of 25 50 or 150 feet across

1473

01:08:51,189 --> 01:08:57,969

I have not received any kind of negative

1474

01:08:53,859 --> 01:09:00,729

feedback from employers in the past mmm

1475

01:08:57,970 --> 01:09:03,039

the only example where I was afraid of

1476

01:09:00,729 --> 01:09:05,679

one was the first time I was interviewed

1477

01:09:03,039 --> 01:09:09,279

on coast to coast in my book had just

1478

01:09:05,680 --> 01:09:12,520

come out and I worked for a engineering

1479

01:09:09,279 --> 01:09:14,920

company that did not know about my you

1480

01:09:12,520 --> 01:09:17,950

know extracurricular activity and of

1481

01:09:14,920 --> 01:09:20,920

course one of the people in my group got

1482

01:09:17,949 --> 01:09:22,809

wind he was a avid art bell fan so he

1483  
01:09:20,920 --> 01:09:24,369  
got a we had to tilt everybody else hey

1484  
01:09:22,810 --> 01:09:27,130  
make sure you tune in tonight Claude's

1485  
01:09:24,369 --> 01:09:30,399  
gonna be on this show and I was just

1486  
01:09:27,130 --> 01:09:33,550  
amazed by how positive and open-minded

1487  
01:09:30,399 --> 01:09:35,649  
everyone was and I've not had any bad

1488  
01:09:33,550 --> 01:09:38,529  
experiences since then as far as the

1489  
01:09:35,649 --> 01:09:40,449  
variety of crafts I mean my impression I

1490  
01:09:38,529 --> 01:09:42,159  
don't claim to know the answer but my

1491  
01:09:40,449 --> 01:09:44,559  
impression is there are lots of

1492  
01:09:42,159 --> 01:09:46,750  
different groups that are here from many

1493  
01:09:44,560 --> 01:09:48,490  
different places and different functions

1494  
01:09:46,750 --> 01:09:50,619  
and different technologies so that's a

1495  
01:09:48,489 --> 01:09:52,119  
possible answer and my answer would be

1496  
01:09:50,619 --> 01:09:54,309  
no I've never been threatened and I

1497  
01:09:52,119 --> 01:09:56,170  
think it's many places many place that

1498  
01:09:54,310 --> 01:09:58,810  
there is one case and it's not somebody

1499  
01:09:56,170 --> 01:10:01,539  
here who I think had tremendous adverse

1500  
01:09:58,810 --> 01:10:03,520  
reaction that's John Mac and many of you

1501  
01:10:01,539 --> 01:10:05,739  
remember that after his book came out

1502  
01:10:03,520 --> 01:10:08,500  
here he is a tenured professor at

1503  
01:10:05,739 --> 01:10:10,809  
Harvard Pulitzer Prize winner you know

1504  
01:10:08,500 --> 01:10:13,090  
all of the criteria you can imagine and

1505  
01:10:10,810 --> 01:10:15,580  
they tried to sanction him I mean there

1506  
01:10:13,090 --> 01:10:18,600  
was an overt move to try and get a

1507  
01:10:15,579 --> 01:10:20,470  
tenured professor out so it does happen

1508  
01:10:18,600 --> 01:10:22,690  
okay we have another question back here

1509  
01:10:20,470 --> 01:10:24,190  
hi I just wanted to get back to

1510  
01:10:22,689 --> 01:10:25,719  
Jacques fellows point of view for a

1511

01:10:24,189 --> 01:10:27,009  
second because it seems to me a point of

1512  
01:10:25,720 --> 01:10:29,289  
view that we don't really address very

1513  
01:10:27,010 --> 01:10:32,829  
often when I talk to him at the last

1514  
01:10:29,289 --> 01:10:34,119  
urbe conference in Vegas last year he

1515  
01:10:32,829 --> 01:10:36,819  
told me the reason he doesn't believe

1516  
01:10:34,119 --> 01:10:39,760  
that UFOs are structured physical craft

1517  
01:10:36,819 --> 01:10:41,590  
is because if you talk to the witnesses

1518  
01:10:39,760 --> 01:10:44,560  
they all report psychic experiences

1519  
01:10:41,590 --> 01:10:46,119  
during the weeks before the sightings so

1520  
01:10:44,560 --> 01:10:49,200  
what would it be about this phenomena

1521  
01:10:46,119 --> 01:10:52,630  
that it allows people to have sort of

1522  
01:10:49,199 --> 01:10:54,099  
telepathic experiences or the phone

1523  
01:10:52,630 --> 01:10:56,680  
ringing off the hook without anyone

1524  
01:10:54,100 --> 01:10:58,870  
being there before the actual contact

1525  
01:10:56,680 --> 01:11:00,480

happens I mean is there anything about

1526

01:10:58,869 --> 01:11:02,340

his point of view that you kind of can

1527

01:11:00,479 --> 01:11:05,399

connect with about the phenomena not

1528

01:11:02,340 --> 01:11:08,130

being entirely a physical you know

1529

01:11:05,399 --> 01:11:09,839

substantive experience well shock in the

1530

01:11:08,130 --> 01:11:13,289

past of course has been a frequent

1531

01:11:09,840 --> 01:11:14,699

presenter at our meetings my answer to

1532

01:11:13,289 --> 01:11:16,140

your question is that you were talking

1533

01:11:14,699 --> 01:11:18,139

about two-thirds of us are kind of

1534

01:11:16,140 --> 01:11:20,730

interested in consciousness and

1535

01:11:18,140 --> 01:11:22,470

understanding consciousness at the same

1536

01:11:20,729 --> 01:11:26,779

time they understand UFOs would perhaps

1537

01:11:22,470 --> 01:11:29,250

begin to answer that question well

1538

01:11:26,779 --> 01:11:31,319

because I agree Bob that there is

1539

01:11:29,250 --> 01:11:32,329

certainly a consciousness component to

1540  
01:11:31,319 --> 01:11:35,909  
this

1541  
01:11:32,329 --> 01:11:38,609  
having said that somebody today talked

1542  
01:11:35,909 --> 01:11:42,389  
about the imaginal world and imaginal is

1543  
01:11:38,609 --> 01:11:44,189  
very different from imaginary but the

1544  
01:11:42,390 --> 01:11:46,200  
point is that some of them certainly

1545  
01:11:44,189 --> 01:11:48,569  
have physical reality and again that's

1546  
01:11:46,199 --> 01:11:51,750  
because we have multi spectral analysis

1547  
01:11:48,569 --> 01:11:55,469  
that reports them so we're looking I

1548  
01:11:51,750 --> 01:12:05,180  
think at a multiplicity of events and

1549  
01:11:55,470 --> 01:12:10,920  
phenomena and none of them simple sure I

1550  
01:12:05,180 --> 01:12:13,940  
say I mean as as was mentioned this

1551  
01:12:10,920 --> 01:12:17,010  
afternoon in my talk this whole

1552  
01:12:13,939 --> 01:12:20,939  
similarity between the the paranormal it

1553  
01:12:17,010 --> 01:12:23,880  
excuse the expression and and the the

1554  
01:12:20,939 --> 01:12:27,479  
UFO technology to me what we're seeing

1555  
01:12:23,880 --> 01:12:29,730  
is a whole new range of technologies a

1556  
01:12:27,479 --> 01:12:31,979  
whole new set of phenomena that are

1557  
01:12:29,729 --> 01:12:34,738  
current science as is taught in schools

1558  
01:12:31,979 --> 01:12:36,889  
does not include that it seems to

1559  
01:12:34,738 --> 01:12:38,669  
involve higher dimensions and

1560  
01:12:36,890 --> 01:12:41,010  
consciousness and a bunch of other

1561  
01:12:38,670 --> 01:12:43,680  
things that have been by and large left

1562  
01:12:41,010 --> 01:12:46,890  
out of physics up until now and I think

1563  
01:12:43,680 --> 01:12:48,900  
that when these phenomena come up how

1564  
01:12:46,890 --> 01:12:51,150  
we're kind of having a thrust in our

1565  
01:12:48,899 --> 01:12:53,339  
face the fact that that these phenomena

1566  
01:12:51,149 --> 01:12:55,159  
are real if you really want to get high

1567  
01:12:53,340 --> 01:12:58,199  
performance and other types of things

1568

01:12:55,159 --> 01:13:00,779  
you have to start looking at what our

1569  
01:12:58,199 --> 01:13:03,420  
science has not looked at yet I mean

1570  
01:13:00,779 --> 01:13:05,670  
there are some people in the of the New

1571  
01:13:03,420 --> 01:13:08,489  
Age and the healing communities who

1572  
01:13:05,670 --> 01:13:10,230  
think is that quantum mechanics is the

1573  
01:13:08,488 --> 01:13:12,569  
answer quantum physics is the answer to

1574  
01:13:10,229 --> 01:13:15,238  
consciousness if you really understand

1575  
01:13:12,569 --> 01:13:17,250  
physics it really says very little about

1576  
01:13:15,238 --> 01:13:20,339  
consciousness and I think what we're

1577  
01:13:17,250 --> 01:13:22,679  
faced with now is it's time for science

1578  
01:13:20,340 --> 01:13:25,289  
to go back and put consciousness into

1579  
01:13:22,679 --> 01:13:27,179  
science for real and really merge these

1580  
01:13:25,289 --> 01:13:29,488  
two and I think that some of these new

1581  
01:13:27,179 --> 01:13:33,899  
phenomena and abilities may start to

1582  
01:13:29,488 --> 01:13:36,149

come out when we do that there's a term

1583

01:13:33,899 --> 01:13:39,118

that I coined that I think George Knapp

1584

01:13:36,149 --> 01:13:43,039

wrote about zone cognitive sentient

1585

01:13:39,118 --> 01:13:45,658

phenomena and that is that we do have

1586

01:13:43,039 --> 01:13:48,179

phenomena that seems to more it seems to

1587

01:13:45,658 --> 01:13:50,069

know what we're thinking and where we're

1588

01:13:48,179 --> 01:13:53,760

going to go some of you know we have the

1589

01:13:50,069 --> 01:13:58,559

ranch in Utah that had phenomenal range

1590

01:13:53,760 --> 01:14:01,199

of various phenomena and every time you

1591

01:13:58,560 --> 01:14:04,020

started to get close it would change and

1592

01:14:01,198 --> 01:14:06,210

it would almost know what you were going

1593

01:14:04,020 --> 01:14:08,429

to do next how you were going to respond

1594

01:14:06,210 --> 01:14:10,969

to and say you like that try this and

1595

01:14:08,429 --> 01:14:14,460

you would see something different so

1596

01:14:10,969 --> 01:14:17,630

it's terribly terribly complex and it is

1597  
01:14:14,460 --> 01:14:20,279  
cognitive thank you

1598  
01:14:17,630 --> 01:14:23,699  
yeah I have a disease called

1599  
01:14:20,279 --> 01:14:26,880  
experimental science and what that means

1600  
01:14:23,698 --> 01:14:30,269  
is that whenever I hear claims of an

1601  
01:14:26,880 --> 01:14:32,969  
observation it gets immediately

1602  
01:14:30,270 --> 01:14:35,300  
converted from an observation into a

1603  
01:14:32,969 --> 01:14:37,800  
question a question into a hypothesis

1604  
01:14:35,300 --> 01:14:39,810  
hypothesis into a possible experimental

1605  
01:14:37,800 --> 01:14:42,090  
design and then I want to go out and do

1606  
01:14:39,810 --> 01:14:46,110  
the experiment to see what the outcomes

1607  
01:14:42,090 --> 01:14:50,369  
are and one of the claims that have that

1608  
01:14:46,109 --> 01:14:53,309  
has been observed which I've personally

1609  
01:14:50,368 --> 01:14:54,569  
met people who make the claim is that

1610  
01:14:53,310 --> 01:14:58,139  
there are some people who believe that

1611  
01:14:54,569 --> 01:15:00,569  
they can quote call in a craft and I'm

1612  
01:14:58,139 --> 01:15:02,690  
sure you're all aware of this none of

1613  
01:15:00,569 --> 01:15:06,238  
you have mentioned this phenomena

1614  
01:15:02,689 --> 01:15:08,129  
overtly at least it or emphasized it and

1615  
01:15:06,238 --> 01:15:11,459  
yet if from an experimental point of

1616  
01:15:08,130 --> 01:15:13,789  
view it's eminently testable because

1617  
01:15:11,460 --> 01:15:17,460  
many different people make these claims

1618  
01:15:13,789 --> 01:15:19,560  
some of whom on the face of it seem

1619  
01:15:17,460 --> 01:15:22,260  
credible and I don't mean for example

1620  
01:15:19,560 --> 01:15:23,400  
like the the man in Las Vegas I'm sure

1621  
01:15:22,260 --> 01:15:27,739  
you saw that news report

1622  
01:15:23,399 --> 01:15:30,449  
a year or two ago who was some religious

1623  
01:15:27,739 --> 01:15:35,550  
obsessed individual and anyway the

1624  
01:15:30,449 --> 01:15:40,289  
question is if has anyone done formal

1625

01:15:35,550 --> 01:15:42,390  
research to actually see if you take X

1626  
01:15:40,289 --> 01:15:45,119  
number of people you know ten twenty

1627  
01:15:42,390 --> 01:15:48,450  
thirty who have a history of making

1628  
01:15:45,119 --> 01:15:51,149  
claims of videoing phenomena and

1629  
01:15:48,449 --> 01:15:54,179  
observing phenomena where they say look

1630  
01:15:51,149 --> 01:15:55,529  
I can I can call them in and twenty

1631  
01:15:54,180 --> 01:15:57,890  
percent of the time or eighty percent of

1632  
01:15:55,529 --> 01:16:00,809  
the time a light will appear in the sky

1633  
01:15:57,890 --> 01:16:03,780  
has anyone ever done that formal

1634  
01:16:00,810 --> 01:16:06,450  
experiment to see whether is even one

1635  
01:16:03,779 --> 01:16:08,849  
human being who can do this that's I

1636  
01:16:06,449 --> 01:16:11,699  
think the short answer is no would be a

1637  
01:16:08,850 --> 01:16:13,770  
great experiment that said there's not

1638  
01:16:11,699 --> 01:16:18,599  
very many experiments that go on one of

1639  
01:16:13,770 --> 01:16:21,060

the problems in the field has been just

1640

01:16:18,600 --> 01:16:23,880

a dearth of funding I mean you go out

1641

01:16:21,060 --> 01:16:26,880

and try to get recount qualified

1642

01:16:23,880 --> 01:16:30,960

research programs in UFO funded and it

1643

01:16:26,880 --> 01:16:32,880

is very little money there for example

1644

01:16:30,960 --> 01:16:34,590

if you hire a forensic document examiner

1645

01:16:32,880 --> 01:16:44,789

you're paying them lawyers fees at 250

1646

01:16:34,590 --> 01:16:47,579

an hour well I could I don't think that

1647

01:16:44,789 --> 01:16:49,890

the idea that somebody can go out and

1648

01:16:47,579 --> 01:16:54,960

call down spaceships is really at the

1649

01:16:49,890 --> 01:16:58,230

center of ufologists concerns I can

1650

01:16:54,960 --> 01:17:00,270

offer a couple of anecdotes about going

1651

01:16:58,229 --> 01:17:03,229

out with people who made those claims

1652

01:17:00,270 --> 01:17:05,970

and with people who believed them and

1653

01:17:03,229 --> 01:17:08,129

when Venus showed up they made some

1654  
01:17:05,970 --> 01:17:10,440  
really extraordinary claims about the

1655  
01:17:08,130 --> 01:17:14,789  
spaceship that had been called down I

1656  
01:17:10,439 --> 01:17:17,399  
just think that that is just really non

1657  
01:17:14,789 --> 01:17:19,680  
credible and really when there are so

1658  
01:17:17,399 --> 01:17:22,769  
many other pressing investigate able

1659  
01:17:19,680 --> 01:17:25,079  
questions that really need not concern

1660  
01:17:22,770 --> 01:17:27,000  
us very much okay we I would like to

1661  
01:17:25,079 --> 01:17:28,949  
talk about one experiment that MUFON was

1662  
01:17:27,000 --> 01:17:31,289  
involved with it was our abduction

1663  
01:17:28,949 --> 01:17:34,260  
monitoring project and this was funded

1664  
01:17:31,289 --> 01:17:35,600  
to the tune of \$200,000

1665  
01:17:34,260 --> 01:17:37,829  
and it was run over a four-year period

1666  
01:17:35,600 --> 01:17:39,840  
and what we did is we designed a

1667  
01:17:37,829 --> 01:17:42,300  
basically a little black box of

1668  
01:17:39,840 --> 01:17:43,880  
electronics that monitored 15 different

1669  
01:17:42,300 --> 01:17:46,920  
parameters in the ambient environment

1670  
01:17:43,880 --> 01:17:48,810  
and we recruited a pep tease volunteers

1671  
01:17:46,920 --> 01:17:50,819  
who were claiming ongoing experiences

1672  
01:17:48,810 --> 01:17:53,250  
and we placed these devices in their

1673  
01:17:50,819 --> 01:17:55,500  
homes and these devices collected data

1674  
01:17:53,250 --> 01:17:58,020  
24 hours a day over a period of time

1675  
01:17:55,500 --> 01:18:00,649  
which we downloaded to a computer and at

1676  
01:17:58,020 --> 01:18:03,270  
the same time we asked the abductees to

1677  
01:18:00,649 --> 01:18:05,369  
journal about any experiences they had

1678  
01:18:03,270 --> 01:18:07,500  
and the thought was to try to correlate

1679  
01:18:05,369 --> 01:18:09,720  
the experience with changes in their

1680  
01:18:07,500 --> 01:18:12,479  
environment now that data was collected

1681  
01:18:09,720 --> 01:18:14,820  
and sat around for a number of years and

1682

01:18:12,479 --> 01:18:16,709  
nobody bothered to crunch it fortunately

1683  
01:18:14,819 --> 01:18:19,259  
this year were we have a professor from

1684  
01:18:16,710 --> 01:18:21,180  
San Jose State University who has the

1685  
01:18:19,260 --> 01:18:22,860  
data and he's crunching the numbers for

1686  
01:18:21,180 --> 01:18:25,020  
us and hopefully we'll have some report

1687  
01:18:22,859 --> 01:18:28,769  
by her symposium in July thank you

1688  
01:18:25,020 --> 01:18:31,020  
that's a great example another question

1689  
01:18:28,770 --> 01:18:34,500  
over here the question may have been

1690  
01:18:31,020 --> 01:18:37,380  
answered but I'll try it anyway if we

1691  
01:18:34,500 --> 01:18:42,119  
are to start research at this point on

1692  
01:18:37,380 --> 01:18:44,039  
UFO what could be the objectives of such

1693  
01:18:42,119 --> 01:18:46,769  
a research and we're talking about

1694  
01:18:44,039 --> 01:18:49,680  
getting more and more data and it seems

1695  
01:18:46,770 --> 01:18:51,420  
from the presentation we heard them from

1696  
01:18:49,680 --> 01:18:54,239

all the literature's that we have enough

1697

01:18:51,420 --> 01:18:57,449

data to convince at least ourselves that

1698

01:18:54,238 --> 01:18:59,459

it's real so what's the next I mean we

1699

01:18:57,449 --> 01:19:02,399

blame the government for withholding

1700

01:18:59,460 --> 01:19:05,899

some data but how much would it help us

1701

01:19:02,399 --> 01:19:10,349

to get more data more radar data more

1702

01:19:05,899 --> 01:19:16,609

sightings and then then what what's the

1703

01:19:10,350 --> 01:19:16,610

next step panelist is my comment

1704

01:19:19,979 --> 01:19:26,189

I don't necessarily think it's the

1705

01:19:23,520 --> 01:19:27,450

quantity of data J Allen Hynek was fond

1706

01:19:26,189 --> 01:19:29,969

of saying we have an embarrassment of

1707

01:19:27,449 --> 01:19:32,130

riches we have too much data it really

1708

01:19:29,970 --> 01:19:35,460

is the quality of data when somebody

1709

01:19:32,130 --> 01:19:37,650

reports a UFO what actual measurements

1710

01:19:35,460 --> 01:19:39,899

were made of distance of size of

1711  
01:19:37,649 --> 01:19:41,549  
velocity and so on a lot of the reports

1712  
01:19:39,899 --> 01:19:44,399  
that we have in our files are poorly

1713  
01:19:41,550 --> 01:19:47,640  
collected data and so you know bad data

1714  
01:19:44,399 --> 01:19:49,349  
and bad data out so we are striving but

1715  
01:19:47,640 --> 01:19:51,480  
we are trying to change that we are

1716  
01:19:49,350 --> 01:19:53,310  
changing our investigative process to do

1717  
01:19:51,479 --> 01:20:04,139  
a more thorough job of quality

1718  
01:19:53,310 --> 01:20:06,180  
collection well I'd like to comment on

1719  
01:20:04,140 --> 01:20:07,710  
that basically you're asking a very

1720  
01:20:06,180 --> 01:20:11,310  
important question because you ask you

1721  
01:20:07,710 --> 01:20:12,869  
what our real goals and my opinion the

1722  
01:20:11,310 --> 01:20:15,300  
real goals that have scientific merit

1723  
01:20:12,869 --> 01:20:17,609  
are the ones I had an earlier chart that

1724  
01:20:15,300 --> 01:20:19,590  
is where are they from and why are they

1725  
01:20:17,609 --> 01:20:20,630  
here how do they work where do they come

1726  
01:20:19,590 --> 01:20:23,909  
from

1727  
01:20:20,630 --> 01:20:26,060  
and what's their energy source if there

1728  
01:20:23,909 --> 01:20:28,619  
is some why are they abducting people

1729  
01:20:26,060 --> 01:20:31,470  
these are I think the interesting

1730  
01:20:28,619 --> 01:20:33,809  
scientific questions and the answers to

1731  
01:20:31,470 --> 01:20:35,640  
those questions some of them perhaps may

1732  
01:20:33,810 --> 01:20:41,239  
help our society some of them may just

1733  
01:20:35,640 --> 01:20:41,239  
help our knowledge history

1734  
01:20:45,369 --> 01:20:51,819  
well I thought the question you asked is

1735  
01:20:47,560 --> 01:20:53,950  
what is our objective and nobody said

1736  
01:20:51,819 --> 01:20:55,840  
that the satisfaction of that objective

1737  
01:20:53,949 --> 01:21:03,189  
would be achieved by collecting more

1738  
01:20:55,840 --> 01:21:05,560  
data yes let me just comment that will

1739

01:21:03,189 --> 01:21:07,479  
probably wrap up in about five or ten or

1740  
01:21:05,560 --> 01:21:08,770  
fifteen minutes let me see you showing

1741  
01:21:07,479 --> 01:21:11,439  
pants how many like you go on for

1742  
01:21:08,770 --> 01:21:14,050  
another ten fifteen minutes okay how

1743  
01:21:11,439 --> 01:21:19,439  
many want to quit now okay we'll go out

1744  
01:21:14,050 --> 01:21:22,210  
for another ten to fifteen minutes yes I

1745  
01:21:19,439 --> 01:21:25,119  
lived in Ann Arbor Michigan at the time

1746  
01:21:22,210 --> 01:21:29,340  
of the swamp gas

1747  
01:21:25,119 --> 01:21:33,670  
supposedly UFO landing that Hynek

1748  
01:21:29,340 --> 01:21:35,020  
reported on as swamp gas I subsequently

1749  
01:21:33,670 --> 01:21:37,630  
because I was interested in the

1750  
01:21:35,020 --> 01:21:40,440  
phenomena went to a UFO conference where

1751  
01:21:37,630 --> 01:21:44,400  
a high-neck said that he had been

1752  
01:21:40,439 --> 01:21:47,469  
specifically ordered by the Air Force to

1753  
01:21:44,399 --> 01:21:49,929

call it something anything else make an

1754

01:21:47,470 --> 01:21:52,720  
explanation for it and he called it

1755

01:21:49,930 --> 01:21:56,140  
swamp gas which he then disavowed at

1756

01:21:52,720 --> 01:21:59,110  
that conference so I guess I addressed

1757

01:21:56,140 --> 01:22:07,990  
that to those of you who would say that

1758

01:21:59,109 --> 01:22:10,239  
there is no deception going on of the

1759

01:22:07,989 --> 01:22:12,279  
people on the panel here I was the one

1760

01:22:10,239 --> 01:22:15,659  
who knew Alan Hynek the best so I'm

1761

01:22:12,279 --> 01:22:19,899  
going to take that question I think that

1762

01:22:15,659 --> 01:22:24,309  
Alan returned to that episode often and

1763

01:22:19,899 --> 01:22:27,549  
he considered it a really bad mistake

1764

01:22:24,310 --> 01:22:29,410  
and he he was so obsessed with it that

1765

01:22:27,550 --> 01:22:31,539  
although nobody else would bring it up

1766

01:22:29,409 --> 01:22:34,539  
in conversation he would bring it up in

1767

01:22:31,539 --> 01:22:37,569  
conversation and I and I think the

1768  
01:22:34,539 --> 01:22:39,609  
question of deception is I understand

1769  
01:22:37,569 --> 01:22:41,859  
what you said nobody's saying there's no

1770  
01:22:39,609 --> 01:22:44,139  
deception of course there's deception

1771  
01:22:41,859 --> 01:22:47,259  
the question is what does the deception

1772  
01:22:44,140 --> 01:22:50,110  
mean the deception is in lousy

1773  
01:22:47,260 --> 01:22:52,390  
explanations for puzzling UFO reports

1774  
01:22:50,109 --> 01:22:55,750  
that Project Blue Book trafficked in for

1775  
01:22:52,390 --> 01:22:57,579  
decades that doesn't mean that Project

1776  
01:22:55,750 --> 01:22:58,658  
Blue Book was covering up evidence for

1777  
01:22:57,579 --> 01:23:00,849  
spaceships

1778  
01:22:58,658 --> 01:23:03,549  
more likely means that project Bluebook

1779  
01:23:00,849 --> 01:23:05,380  
just wanted to get rid of the UFO

1780  
01:23:03,550 --> 01:23:07,389  
problem in fact in fact that's what the

1781  
01:23:05,380 --> 01:23:10,449  
evidence is that it was a it was a

1782  
01:23:07,389 --> 01:23:12,150  
public relations disaster for the Air

1783  
01:23:10,448 --> 01:23:14,918  
Force and every time it thought that

1784  
01:23:12,149 --> 01:23:16,658  
UFOs are winding down the Air Force

1785  
01:23:14,918 --> 01:23:20,319  
didn't have to deal with UFOs anymore

1786  
01:23:16,658 --> 01:23:23,348  
UFOs landed in Armour Michigan and they

1787  
01:23:20,319 --> 01:23:25,268  
really wanted Hynek to drop that potato

1788  
01:23:23,349 --> 01:23:27,069  
in Allen to the end of his days

1789  
01:23:25,269 --> 01:23:29,949  
regretted that he had cooperated with

1790  
01:23:27,069 --> 01:23:32,168  
him on that thank you let me just follow

1791  
01:23:29,948 --> 01:23:33,969  
up because I totally agree with what

1792  
01:23:32,168 --> 01:23:36,698  
Jerry said and if you remember the

1793  
01:23:33,969 --> 01:23:39,368  
Condon report got the right answer the

1794  
01:23:36,698 --> 01:23:42,549  
Air Force just wanted it to go away and

1795  
01:23:39,368 --> 01:23:45,339  
so when they said not a threat very

1796

01:23:42,550 --> 01:23:46,570  
little chance of progress remember one

1797  
01:23:45,340 --> 01:23:49,150  
of the things that goes with this also

1798  
01:23:46,569 --> 01:23:50,978  
was resourcing so that if you've got

1799  
01:23:49,149 --> 01:23:52,598  
this as a mission you've got to handle

1800  
01:23:50,979 --> 01:23:56,789  
it somebody's got to pay the bills

1801  
01:23:52,599 --> 01:23:56,788  
they just wanted to go away and it did

1802  
01:23:57,029 --> 01:24:03,248  
thank you uh lack of funding is probably

1803  
01:24:00,399 --> 01:24:06,578  
a legitimate claim for lack of progress

1804  
01:24:03,248 --> 01:24:09,519  
in a lot of psy areas anomalous areas

1805  
01:24:06,578 --> 01:24:12,340  
however one person who most generously

1806  
01:24:09,519 --> 01:24:15,130  
funded UFO research was of course Robert

1807  
01:24:12,340 --> 01:24:17,889  
Bigelow he formed the National Institute

1808  
01:24:15,130 --> 01:24:20,038  
of Discovery Science which went on for

1809  
01:24:17,889 --> 01:24:22,208  
some number of years and in fact

1810  
01:24:20,038 --> 01:24:24,038

investigated one particular phenomena

1811

01:24:22,208 --> 01:24:29,559

very thoroughly which was the black

1812

01:24:24,038 --> 01:24:33,429

triangles they've made a conclusion that

1813

01:24:29,559 --> 01:24:35,590

those seem to be our own military that

1814

01:24:33,429 --> 01:24:37,689

made those and later as I recall they

1815

01:24:35,590 --> 01:24:39,550

sort of withdrew from that after they

1816

01:24:37,689 --> 01:24:41,590

researched it a bit further but I don't

1817

01:24:39,550 --> 01:24:44,619

think anything came out of all the money

1818

01:24:41,590 --> 01:24:46,689

that Robert Bigelow put into that UFO

1819

01:24:44,618 --> 01:24:50,589

research any comments about why that

1820

01:24:46,689 --> 01:24:53,769

might be I guess since I worked with

1821

01:24:50,590 --> 01:24:58,869

knids and in fact I talked to Bob on

1822

01:24:53,769 --> 01:25:01,449

Sunday it's one of the things we've been

1823

01:24:58,868 --> 01:25:03,698

talking about here just you have a

1824

01:25:01,448 --> 01:25:05,948

multiplicity of phenomena and we went

1825  
01:25:03,698 --> 01:25:08,408  
into a wide range of things from

1826  
01:25:05,948 --> 01:25:09,839  
personal observations I mentioned

1827  
01:25:08,408 --> 01:25:12,599  
earlier the

1828  
01:25:09,840 --> 01:25:17,220  
in Utah and all kinds of phenomenon

1829  
01:25:12,600 --> 01:25:19,560  
going on including UFO phenomena did

1830  
01:25:17,220 --> 01:25:21,780  
fund some research now what happened

1831  
01:25:19,560 --> 01:25:24,660  
the reason it's closed down by the way

1832  
01:25:21,779 --> 01:25:26,340  
is that he went into took half a billion

1833  
01:25:24,659 --> 01:25:28,289  
of his own money went into Bigelow

1834  
01:25:26,340 --> 01:25:30,420  
Aerospace and if you're not familiar

1835  
01:25:28,289 --> 01:25:32,819  
with it you actually have two of his

1836  
01:25:30,420 --> 01:25:35,760  
personal satellites that are circling

1837  
01:25:32,819 --> 01:25:43,880  
the earth right now and in ten they're

1838  
01:25:35,760 --> 01:25:43,880  
going to send up a habitable one okay I

1839  
01:25:47,659 --> 01:25:55,319  
blow my hearing threshold okay actually

1840  
01:25:51,659 --> 01:25:57,869  
we did have just a quick recess you

1841  
01:25:55,319 --> 01:25:59,489  
might say and my wife Linda has been

1842  
01:25:57,869 --> 01:26:02,989  
taking your money and giving your badges

1843  
01:25:59,489 --> 01:26:05,849  
all these she has a few announcements

1844  
01:26:02,989 --> 01:26:07,800  
ladies and gentlemen we will stay open

1845  
01:26:05,850 --> 01:26:09,240  
for about 15 minutes to sell books if

1846  
01:26:07,800 --> 01:26:11,430  
you want to take books up to your room

1847  
01:26:09,239 --> 01:26:13,739  
before you retire when you leave your

1848  
01:26:11,430 --> 01:26:15,780  
space would you please be sure that you

1849  
01:26:13,739 --> 01:26:17,510  
have all of your belongings I brought

1850  
01:26:15,779 --> 01:26:20,550  
one up here's just as a demonstration

1851  
01:26:17,510 --> 01:26:22,949  
number three we now have a list of

1852  
01:26:20,550 --> 01:26:24,750  
attendees at the registration desk you

1853

01:26:22,949 --> 01:26:29,309  
can pick one of those up and I'd wish

1854  
01:26:24,750 --> 01:26:31,739  
you sweet dreams thank you okay back to

1855  
01:26:29,310 --> 01:26:34,050  
questions yes here's one from somebody

1856  
01:26:31,739 --> 01:26:39,329  
who hasn't spoken yet good pass that

1857  
01:26:34,050 --> 01:26:41,430  
down for any of you who can answer this

1858  
01:26:39,329 --> 01:26:43,800  
who think that there might be really

1859  
01:26:41,430 --> 01:26:45,750  
teas if there are noisy teas out there

1860  
01:26:43,800 --> 01:26:47,989  
why don't they talk to us directly and

1861  
01:26:45,750 --> 01:26:52,039  
so that we can get rid of this whole

1862  
01:26:47,989 --> 01:26:52,039  
secret government stuff

1863  
01:26:57,250 --> 01:27:02,149  
well you want me to start okay I'll

1864  
01:26:59,390 --> 01:27:05,480  
begin on that one my opinion is that

1865  
01:27:02,149 --> 01:27:09,170  
that actually the Star Trek scenario is

1866  
01:27:05,479 --> 01:27:10,939  
more accurate than you'd imagine that is

1867  
01:27:09,170 --> 01:27:13,430

don't interfere with developing

1868

01:27:10,939 --> 01:27:15,859  
civilizations as a reasonable kind of

1869

01:27:13,430 --> 01:27:20,210  
assumption to make the other aspect of

1870

01:27:15,859 --> 01:27:24,049  
in my opinion is that there there is

1871

01:27:20,210 --> 01:27:26,060  
some evidence not always very powerful

1872

01:27:24,050 --> 01:27:27,980  
that there have been interactions with

1873

01:27:26,060 --> 01:27:29,660  
some parts of our government so in

1874

01:27:27,979 --> 01:27:32,839  
effect they have had those conversations

1875

01:27:29,659 --> 01:27:35,210  
and in also you have to note that

1876

01:27:32,840 --> 01:27:37,100  
whenever they come down and abducts

1877

01:27:35,210 --> 01:27:38,449  
somebody or have a conversation with

1878

01:27:37,100 --> 01:27:40,160  
somebody they're interacting with a

1879

01:27:38,449 --> 01:27:41,989  
human race so it's just a question of

1880

01:27:40,159 --> 01:27:44,079  
how you define that interaction if

1881

01:27:41,989 --> 01:27:46,130  
you're looking for it in the form of a

1882  
01:27:44,079 --> 01:27:54,199  
presidential conversation

1883  
01:27:46,130 --> 01:27:57,520  
the answer is apparently not often okay

1884  
01:27:54,199 --> 01:27:57,519  
we have one in the back here

1885  
01:28:02,079 --> 01:28:07,819  
thank you I'm not a scientist but I grew

1886  
01:28:06,020 --> 01:28:09,680  
up with science fiction and it never

1887  
01:28:07,819 --> 01:28:11,119  
occurred to me that all the wondrous

1888  
01:28:09,680 --> 01:28:14,360  
things that I read that weren't possible

1889  
01:28:11,119 --> 01:28:17,238  
and didn't exist my question is why us

1890  
01:28:14,359 --> 01:28:19,369  
if there are so many worlds and so many

1891  
01:28:17,238 --> 01:28:23,629  
civilizations what makes us so

1892  
01:28:19,369 --> 01:28:25,849  
fascinating well this is a really

1893  
01:28:23,630 --> 01:28:30,260  
effective question which any one of you

1894  
01:28:25,850 --> 01:28:33,500  
when I do that I just wanted a comment

1895  
01:28:30,260 --> 01:28:35,750  
that if we look at the history of UFOs

1896  
01:28:33,500 --> 01:28:37,850  
and all the different reports of these

1897  
01:28:35,750 --> 01:28:40,789  
so-called beings coming down and being

1898  
01:28:37,850 --> 01:28:43,640  
interested in us it seems to be overly

1899  
01:28:40,789 --> 01:28:46,880  
excessive interest we just got a report

1900  
01:28:43,640 --> 01:28:48,110  
for example not too long ago of entities

1901  
01:28:46,880 --> 01:28:50,180  
being sane down in North Carolina

1902  
01:28:48,109 --> 01:28:52,609  
picking up beer bottles off the ground

1903  
01:28:50,180 --> 01:28:54,440  
so the question is you know they've been

1904  
01:28:52,609 --> 01:28:55,789  
picking up beer bottles for 60 years why

1905  
01:28:54,439 --> 01:28:57,589  
are they still doing it to me it there

1906  
01:28:55,789 --> 01:29:01,399  
seems to be more of a display at more of

1907  
01:28:57,590 --> 01:29:03,319  
a show rather than an overt interest so

1908  
01:29:01,399 --> 01:29:05,829  
I would have to say that there's more to

1909  
01:29:03,319 --> 01:29:08,899  
the phenomenon just interesting yes I

1910

01:29:05,829 --> 01:29:11,390  
remember one particular incident in 1954

1911  
01:29:08,899 --> 01:29:13,099  
in France this this guy was on the field

1912  
01:29:11,390 --> 01:29:15,320  
and this craft sat down and the guy got

1913  
01:29:13,100 --> 01:29:17,989  
on he had a sort of a leather jacket on

1914  
01:29:15,319 --> 01:29:19,789  
and he went up to the Frenchman he said

1915  
01:29:17,988 --> 01:29:22,009  
Keller a Teel which means what time is

1916  
01:29:19,789 --> 01:29:25,988  
it and the guy looked at his watch told

1917  
01:29:22,010 --> 01:29:29,659  
him he got back into craft it's a car I

1918  
01:29:25,988 --> 01:29:32,719  
think it's pretty well understood that

1919  
01:29:29,659 --> 01:29:33,579  
they visit each other too that we're not

1920  
01:29:32,720 --> 01:29:36,380  
exclusive

1921  
01:29:33,579 --> 01:29:40,699  
so they visit each other and exchange

1922  
01:29:36,380 --> 01:29:43,940  
information and and culture and so on

1923  
01:29:40,699 --> 01:29:48,679  
and now I guess I don't know for the for

1924  
01:29:43,939 --> 01:29:51,289

the new New Jamaica the hot place to go

1925

01:29:48,680 --> 01:29:53,239

for for holidays or whatever it is I'm a

1926

01:29:51,289 --> 01:29:55,488

little out of date in these things well

1927

01:29:53,238 --> 01:29:58,549

not only are we not exclusive there's no

1928

01:29:55,488 --> 01:30:01,909

indication that their communication is

1929

01:29:58,550 --> 01:30:04,010

exclusively with us I mean to be going

1930

01:30:01,909 --> 01:30:07,609

on everywhere right another question

1931

01:30:04,010 --> 01:30:09,170

here I grew up on a cattle ranch and the

1932

01:30:07,609 --> 01:30:12,268

rancher really doesn't interact with the

1933

01:30:09,170 --> 01:30:15,219

cows on the cows level

1934

01:30:12,269 --> 01:30:16,269

and and I I don't understand why we

1935

01:30:15,219 --> 01:30:18,279

automatically assume these are

1936

01:30:16,269 --> 01:30:20,920

extraterrestrials the rancher lives on

1937

01:30:18,279 --> 01:30:22,719

this planet with his cattle and there's

1938

01:30:20,920 --> 01:30:25,389

an awful lot of ocean on this planet

1939  
01:30:22,719 --> 01:30:26,408  
there's ice caps so why do we

1940  
01:30:25,389 --> 01:30:30,368  
automatically assume they're

1941  
01:30:26,408 --> 01:30:32,529  
extraterrestrials well actually I don't

1942  
01:30:30,368 --> 01:30:34,238  
assume that I just don't know where they

1943  
01:30:32,529 --> 01:30:40,529  
come from and I don't know how they get

1944  
01:30:34,238 --> 01:30:43,868  
here but the short answer is we don't I

1945  
01:30:40,529 --> 01:30:45,550  
do not assume that it's necessarily eg

1946  
01:30:43,868 --> 01:30:49,509  
that was one of the bullets on my slide

1947  
01:30:45,550 --> 01:30:53,279  
is a circle fusion you know if you know

1948  
01:30:49,510 --> 01:30:59,050  
if UFOs there for et not necessarily

1949  
01:30:53,279 --> 01:31:00,698  
anybody else I would put the idea that

1950  
01:30:59,050 --> 01:31:03,340  
there are that there are terrestrial

1951  
01:31:00,698 --> 01:31:06,038  
origin and a very low level of

1952  
01:31:03,340 --> 01:31:07,869  
probability if that were the case it

1953  
01:31:06,038 --> 01:31:10,359  
would be we would have massive evidence

1954  
01:31:07,868 --> 01:31:11,618  
of their presence archaeological

1955  
01:31:10,359 --> 01:31:13,288  
evidence other kinds of physical

1956  
01:31:11,618 --> 01:31:16,210  
evidence evidence of their technology

1957  
01:31:13,288 --> 01:31:18,849  
evidence of their their cities and

1958  
01:31:16,210 --> 01:31:21,730  
social order it's just incredibly tall

1959  
01:31:18,849 --> 01:31:23,529  
order to believe that a civilization

1960  
01:31:21,729 --> 01:31:24,218  
like that could live concealed in our

1961  
01:31:23,529 --> 01:31:27,518  
midst

1962  
01:31:24,219 --> 01:31:29,920  
it's really to me when I those kinds of

1963  
01:31:27,519 --> 01:31:32,199  
speculations are have been revived

1964  
01:31:29,920 --> 01:31:34,840  
recently and I sort of put it in the

1965  
01:31:32,198 --> 01:31:36,969  
category of atlantis and lemuria

1966  
01:31:34,840 --> 01:31:41,440  
you know those kinds of lost continent

1967

01:31:36,969 --> 01:31:43,198  
you know lore and traditions and just

1968  
01:31:41,439 --> 01:31:45,219  
historically not true

1969  
01:31:43,198 --> 01:31:47,469  
jari although i completely agree with

1970  
01:31:45,219 --> 01:31:49,569  
you on that point it still doesn't

1971  
01:31:47,469 --> 01:31:52,059  
completely explain the undersea objects

1972  
01:31:49,569 --> 01:31:54,759  
that are also reported which might be

1973  
01:31:52,059 --> 01:31:56,199  
going to some other location well we

1974  
01:31:54,760 --> 01:31:58,780  
don't have to conclude they live there

1975  
01:31:56,198 --> 01:32:04,348  
you know I mean they're just you know

1976  
01:31:58,779 --> 01:32:04,349  
passing through the ocean right yeah I

1977  
01:32:04,439 --> 01:32:09,219  
sort of agree with John Alexander's

1978  
01:32:07,479 --> 01:32:13,768  
point of view on government involvement

1979  
01:32:09,219 --> 01:32:17,349  
except that I distinctly remember in the

1980  
01:32:13,769 --> 01:32:20,360  
mid-70s and through the early 80s when I

1981  
01:32:17,349 --> 01:32:23,659

was perusing

1982

01:32:20,359 --> 01:32:27,649

the UFO cupping service that was

1983

01:32:23,659 --> 01:32:30,439

mentioned and they were repeated numbers

1984

01:32:27,649 --> 01:32:35,839

of cases and written up in local papers

1985

01:32:30,439 --> 01:32:38,869

in this country and where the witnesses

1986

01:32:35,840 --> 01:32:41,960

reported military jets coming over right

1987

01:32:38,869 --> 01:32:44,779

after the UFO was was seen and that was

1988

01:32:41,960 --> 01:32:47,239

that was on numerous occasions and it

1989

01:32:44,779 --> 01:32:49,119

appeared to me at the time that it was

1990

01:32:47,239 --> 01:32:54,710

evidence that there was some kind of

1991

01:32:49,119 --> 01:32:56,599

covert military UFO investigation going

1992

01:32:54,710 --> 01:32:59,989

on where they had a team that would go

1993

01:32:56,600 --> 01:33:03,110

out and try to intercept them and

1994

01:32:59,989 --> 01:33:05,090

presumably they were also ground forces

1995

01:33:03,109 --> 01:33:07,639

and garden teams that would go out and

1996  
01:33:05,090 --> 01:33:10,100  
look for ground traces but anyway the

1997  
01:33:07,640 --> 01:33:11,600  
reports talked about military jets all

1998  
01:33:10,100 --> 01:33:15,230  
the time look to me like that was

1999  
01:33:11,600 --> 01:33:16,579  
evidence of a military project so that

2000  
01:33:15,229 --> 01:33:21,289  
may be the tip of an iceberg

2001  
01:33:16,579 --> 01:33:26,119  
I don't know address by the way Dale has

2002  
01:33:21,289 --> 01:33:27,949  
been trying to get in forever one of the

2003  
01:33:26,119 --> 01:33:30,170  
things we did when we were looking at

2004  
01:33:27,949 --> 01:33:31,460  
this there were certain messages that

2005  
01:33:30,170 --> 01:33:33,890  
were in the traffic we started looking

2006  
01:33:31,460 --> 01:33:36,470  
for the pattern who gets information how

2007  
01:33:33,890 --> 01:33:38,180  
does information flow those messages

2008  
01:33:36,470 --> 01:33:41,630  
that come in you look at all of the

2009  
01:33:38,180 --> 01:33:43,900  
addresses that sort of thing in order to

2010  
01:33:41,630 --> 01:33:47,930  
do the kind of thing you're suggesting

2011  
01:33:43,899 --> 01:33:50,539  
means a very broad knowledge I mean

2012  
01:33:47,930 --> 01:33:52,490  
every base would have to have you know

2013  
01:33:50,539 --> 01:33:54,439  
contingency plans this would be out in

2014  
01:33:52,489 --> 01:33:56,920  
the open you just find no evidence for

2015  
01:33:54,439 --> 01:33:56,919  
that whatsoever

2016  
01:33:57,460 --> 01:34:01,369  
if you don't think the government can

2017  
01:33:59,689 --> 01:34:03,859  
cover things up just look back at the

2018  
01:34:01,369 --> 01:34:06,289  
history of the development of the

2019  
01:34:03,859 --> 01:34:08,389  
nuclear weapon to know that the

2020  
01:34:06,289 --> 01:34:10,609  
Manhattan Project was able to conceal a

2021  
01:34:08,390 --> 01:34:13,010  
lot of things from a lot of people they

2022  
01:34:10,609 --> 01:34:14,359  
built an entire city in Tennessee under

2023  
01:34:13,010 --> 01:34:16,310  
the nose of the very governor of the

2024

01:34:14,359 --> 01:34:18,019  
state so when people say there's no

2025  
01:34:16,310 --> 01:34:22,400  
cover-up there's no plausibility of

2026  
01:34:18,020 --> 01:34:25,440  
cover-up I just say that's bull coming

2027  
01:34:22,399 --> 01:34:28,019  
from Los Alamos I've got to disagree

2028  
01:34:25,439 --> 01:34:31,079  
that was pretty well known Soviets broke

2029  
01:34:28,020 --> 01:34:34,860  
that one real fast and the information

2030  
01:34:31,079 --> 01:34:37,198  
did become known as this of all things

2031  
01:34:34,859 --> 01:34:39,389  
we did bring up with teller and private

2032  
01:34:37,198 --> 01:34:40,710  
conversation as you said when that went

2033  
01:34:39,390 --> 01:34:42,329  
off you know there were a thousand

2034  
01:34:40,710 --> 01:34:45,989  
people who knew the rest of the world

2035  
01:34:42,329 --> 01:34:48,180  
didn't a very short period of time it

2036  
01:34:45,988 --> 01:34:50,669  
became known to the Soviets but not

2037  
01:34:48,180 --> 01:34:51,960  
necessarily to the public right well but

2038  
01:34:50,670 --> 01:34:53,670

that wasn't like I said that was for a

2039

01:34:51,960 --> 01:34:56,489  
very short period of time

2040

01:34:53,670 --> 01:35:01,140  
yeah give me another question and it did

2041

01:34:56,488 --> 01:35:03,359  
leak yes I remember back to the when the

2042

01:35:01,140 --> 01:35:05,510  
astronauts returned from the moon

2043

01:35:03,359 --> 01:35:07,738  
they were quarantined for about a month

2044

01:35:05,510 --> 01:35:09,810  
because of the fear that might be a

2045

01:35:07,738 --> 01:35:12,659  
microbe they would bring back like the

2046

01:35:09,810 --> 01:35:15,690  
Andromeda Strain so I'm wondering was

2047

01:35:12,659 --> 01:35:18,359  
the apparent the alleged stories about

2048

01:35:15,689 --> 01:35:22,349  
et or extraterrestrials walking around

2049

01:35:18,359 --> 01:35:24,359  
on earth or visiting us and interacting

2050

01:35:22,350 --> 01:35:27,840  
with people wouldn't there be a concern

2051

01:35:24,359 --> 01:35:30,329  
about viruses on their part their immune

2052

01:35:27,840 --> 01:35:35,159  
system certainly is not adaptable to the

2053  
01:35:30,329 --> 01:35:37,079  
Earth's habitat yeah I'd say that's an

2054  
01:35:35,159 --> 01:35:39,420  
excellent point but you brought up

2055  
01:35:37,079 --> 01:35:42,899  
something that I use in arguments I know

2056  
01:35:39,420 --> 01:35:44,460  
a number of the lunar astronauts and I

2057  
01:35:42,899 --> 01:35:47,129  
have asked them point blank

2058  
01:35:44,460 --> 01:35:50,130  
now you understand Apollo was about a

2059  
01:35:47,130 --> 01:35:52,819  
lot more than going to the moon I mean

2060  
01:35:50,130 --> 01:35:56,609  
you know we had four percent of our GD

2061  
01:35:52,819 --> 01:35:59,130  
GDP involved in developing that that was

2062  
01:35:56,609 --> 01:36:02,670  
about putting the nation ahead that was

2063  
01:35:59,130 --> 01:36:05,130  
a huge huge effort so I asked them did

2064  
01:36:02,670 --> 01:36:06,659  
anybody ever tell you by the way if you

2065  
01:36:05,130 --> 01:36:09,150  
get up there and you bump into somebody

2066  
01:36:06,659 --> 01:36:12,439  
here's what you say and you would think

2067  
01:36:09,149 --> 01:36:15,509  
that if we had any inkling whatsoever

2068  
01:36:12,439 --> 01:36:18,389  
that you might encounter somebody you

2069  
01:36:15,510 --> 01:36:21,180  
would have contingency plans I do know

2070  
01:36:18,390 --> 01:36:24,449  
the lawyers from NASA and from that era

2071  
01:36:21,180 --> 01:36:27,180  
the contingency plans by the way was if

2072  
01:36:24,448 --> 01:36:31,948  
we ever have an encounter we will make

2073  
01:36:27,180 --> 01:36:34,079  
public knowledge immediately okay you

2074  
01:36:31,948 --> 01:36:37,678  
have questions from a new person here I

2075  
01:36:34,079 --> 01:36:38,579  
was wondering how the the factor of UFO

2076  
01:36:37,679 --> 01:36:40,350  
and 18

2077  
01:36:38,579 --> 01:36:42,359  
in the mythology of ancient cultures

2078  
01:36:40,350 --> 01:36:46,650  
affects the consciousness around all of

2079  
01:36:42,359 --> 01:36:51,839  
this Jerome you want to come into that

2080  
01:36:46,649 --> 01:36:56,639  
one well the idea that extraterrestrials

2081

01:36:51,840 --> 01:36:59,730  
were responsible for creating you know

2082  
01:36:56,640 --> 01:37:01,950  
pyramids and then and and had a presence

2083  
01:36:59,729 --> 01:37:05,339  
in ancient history really I think was

2084  
01:37:01,949 --> 01:37:09,119  
invented by Charles fort and the theme

2085  
01:37:05,340 --> 01:37:11,130  
was picked up in some of the early

2086  
01:37:09,119 --> 01:37:13,380  
fringe saucer literature like George

2087  
01:37:11,130 --> 01:37:15,779  
hunt Williamson Brinsley the poet trench

2088  
01:37:13,380 --> 01:37:18,029  
Desmond Leslie people like this I know a

2089  
01:37:15,779 --> 01:37:19,979  
lot about this subject because in one of

2090  
01:37:18,029 --> 01:37:23,939  
the volumes of my UFO encyclopedia I

2091  
01:37:19,979 --> 01:37:26,009  
have a long entry on the evolution of

2092  
01:37:23,939 --> 01:37:28,559  
the the folklore about ancient

2093  
01:37:26,010 --> 01:37:30,989  
astronauts it was Erich erich von

2094  
01:37:28,560 --> 01:37:33,660  
Daniken of course it was not a ufologist

2095  
01:37:30,989 --> 01:37:35,969

who really popularized the concept by

2096

01:37:33,659 --> 01:37:39,599

essentially stealing a lot of ideas from

2097

01:37:35,970 --> 01:37:42,750

fringe saucer books from the 50s I place

2098

01:37:39,600 --> 01:37:45,420

no credibility in this it's just as you

2099

01:37:42,750 --> 01:37:48,329

say you know our modern mythology and it

2100

01:37:45,420 --> 01:37:55,289

really isn't central to the concerns of

2101

01:37:48,329 --> 01:37:57,960

you know the more sober ufologists this

2102

01:37:55,289 --> 01:38:00,329

is directed to to John there was a

2103

01:37:57,960 --> 01:38:02,579

report in Jane's Defence weekly about

2104

01:38:00,329 --> 01:38:04,979

ten years ago on special access programs

2105

01:38:02,579 --> 01:38:06,420

and even a United States Senate report

2106

01:38:04,979 --> 01:38:10,289

that the Senator Daniel Patrick Moynihan

2107

01:38:06,420 --> 01:38:12,300

chaired again in the mid 90s on special

2108

01:38:10,289 --> 01:38:13,619

access programs and at that time it was

2109

01:38:12,300 --> 01:38:15,840

claimed there were about 150 special

2110  
01:38:13,619 --> 01:38:18,689  
access programs and the deepest black

2111  
01:38:15,840 --> 01:38:20,640  
ones are called waived unacknowledged

2112  
01:38:18,689 --> 01:38:22,769  
waived special access programs meaning

2113  
01:38:20,640 --> 01:38:24,630  
that they don't have to report to the

2114  
01:38:22,770 --> 01:38:27,060  
the Appropriations Committee or the

2115  
01:38:24,630 --> 01:38:29,730  
authorization committees and I'm just

2116  
01:38:27,060 --> 01:38:31,740  
wondering what you think about that that

2117  
01:38:29,729 --> 01:38:33,839  
place for some program having to do with

2118  
01:38:31,739 --> 01:38:35,699  
UFOs to reside because I don't think you

2119  
01:38:33,840 --> 01:38:37,500  
can deny that such programs exist since

2120  
01:38:35,699 --> 01:38:39,989  
then it's been documented even in US

2121  
01:38:37,500 --> 01:38:41,550  
Senate report well there are there are

2122  
01:38:39,989 --> 01:38:45,719  
certainly there's a whole black world

2123  
01:38:41,550 --> 01:38:47,520  
that is grossly misunderstood but when

2124  
01:38:45,720 --> 01:38:49,600  
you're in the black world you compete in

2125  
01:38:47,520 --> 01:38:52,360  
the black world and there are

2126  
01:38:49,600 --> 01:38:55,329  
or it you have one to end priority list

2127  
01:38:52,359 --> 01:38:58,719  
and you've got people inside the sub

2128  
01:38:55,329 --> 01:39:00,819  
it's true that that it doesn't get the

2129  
01:38:58,720 --> 01:39:03,909  
same level of scrutiny that you would

2130  
01:39:00,819 --> 01:39:06,989  
for open source programs but there is

2131  
01:39:03,909 --> 01:39:09,939  
scrutiny and it and you have competition

2132  
01:39:06,989 --> 01:39:11,500  
between project managers and you're

2133  
01:39:09,939 --> 01:39:13,569  
familiar with you know project

2134  
01:39:11,500 --> 01:39:15,909  
management within organizations who has

2135  
01:39:13,569 --> 01:39:18,880  
to do and they get to see each other and

2136  
01:39:15,909 --> 01:39:20,349  
they get in and fight firstly for it so

2137  
01:39:18,880 --> 01:39:23,550  
the amount of money that would be

2138

01:39:20,350 --> 01:39:28,270  
necessary to have huge black programs I

2139  
01:39:23,550 --> 01:39:30,550  
don't see that that would be that would

2140  
01:39:28,270 --> 01:39:33,580  
not you know that would fall outside the

2141  
01:39:30,550 --> 01:39:36,400  
spectrum low level easy to do when you

2142  
01:39:33,579 --> 01:39:39,010  
get in tens of tens of K one days of K

2143  
01:39:36,399 --> 01:39:41,019  
even Millions you can probably slop that

2144  
01:39:39,010 --> 01:39:44,110  
through when you started getting into

2145  
01:39:41,020 --> 01:39:46,810  
bigger everybody in the world and

2146  
01:39:44,109 --> 01:39:49,269  
particularly now for the last and

2147  
01:39:46,810 --> 01:39:51,670  
probably the last decade with the

2148  
01:39:49,270 --> 01:39:54,460  
declining R&D budget look at the P six

2149  
01:39:51,670 --> 01:39:58,600  
account it's been coming down steadily

2150  
01:39:54,460 --> 01:40:01,060  
and since one has been used as a

2151  
01:39:58,600 --> 01:40:07,510  
primarily as a bill payer to pay for the

2152  
01:40:01,060 --> 01:40:08,830

war it's asking a simple question do you

2153

01:40:07,510 --> 01:40:10,329  
deny there aren't waived and

2154

01:40:08,829 --> 01:40:12,130  
acknowledged special access programs

2155

01:40:10,329 --> 01:40:14,470  
because they're referenced in senator

2156

01:40:12,130 --> 01:40:16,359  
Moynihan's report and that they may not

2157

01:40:14,470 --> 01:40:17,770  
be having anything to do with UFOs I

2158

01:40:16,359 --> 01:40:19,599  
mean it certainly can be involved in

2159

01:40:17,770 --> 01:40:21,910  
weapons systems and things like that but

2160

01:40:19,600 --> 01:40:24,880  
that level of secrecy does exist there

2161

01:40:21,909 --> 01:40:27,789  
are levels of secrecy in my view there

2162

01:40:24,880 --> 01:40:30,069  
are none that don't have oversight at

2163

01:40:27,789 --> 01:40:32,710  
some level these things come together

2164

01:40:30,069 --> 01:40:35,099  
and as big if you look at though you've

2165

01:40:32,710 --> 01:40:36,789  
got a this I think is one of the biggest

2166

01:40:35,100 --> 01:40:40,329  
misunderstandings is how the budget

2167  
01:40:36,789 --> 01:40:42,460  
process works inside the government and

2168  
01:40:40,329 --> 01:40:44,979  
side DoD and we can sit down and go

2169  
01:40:42,460 --> 01:40:50,920  
through this because I've fought many of

2170  
01:40:44,979 --> 01:40:53,349  
these battles it there's none of it at

2171  
01:40:50,920 --> 01:40:56,380  
any significant levels understand we're

2172  
01:40:53,350 --> 01:40:58,300  
talking pentagon levels of significantly

2173  
01:40:56,380 --> 01:41:01,399  
but Mike Bordin our lunch money but I

2174  
01:40:58,300 --> 01:41:03,378  
would respectfully point out that

2175  
01:41:01,399 --> 01:41:06,019  
John and I disagree on this one point

2176  
01:41:03,378 --> 01:41:08,300  
that is I'm totally satisfied that the

2177  
01:41:06,019 --> 01:41:10,010  
question documents that I have show that

2178  
01:41:08,300 --> 01:41:12,998  
special access programs like that do

2179  
01:41:10,010 --> 01:41:15,829  
exist and have been very effective and

2180  
01:41:12,998 --> 01:41:18,109  
they've been kept sufficiently secret so

2181  
01:41:15,828 --> 01:41:21,109  
that the people who have the kind of

2182  
01:41:18,109 --> 01:41:23,179  
approval that you claim would be present

2183  
01:41:21,109 --> 01:41:26,089  
just don't know about them and they're

2184  
01:41:23,179 --> 01:41:29,418  
taken off off line so that would be my

2185  
01:41:26,090 --> 01:41:32,059  
position by the way unfortunately the

2186  
01:41:29,418 --> 01:41:33,319  
reason a lot of them are kept as black

2187  
01:41:32,059 --> 01:41:34,788  
as their ours because they couldn't

2188  
01:41:33,319 --> 01:41:38,058  
stand the light of day they're just not

2189  
01:41:34,788 --> 01:41:40,938  
technically very good that's right okay

2190  
01:41:38,059 --> 01:41:43,279  
let's see actually I'd like to make a

2191  
01:41:40,939 --> 01:41:46,340  
comment myself in connection with Jerry

2192  
01:41:43,279 --> 01:41:48,738  
Clark's comment this morning because it

2193  
01:41:46,340 --> 01:41:50,360  
turns out as you remember he talked

2194  
01:41:48,738 --> 01:41:53,208  
about fairies and then he talked about a

2195

01:41:50,359 --> 01:41:56,839  
number of fascinating reports in 1897

2196  
01:41:53,208 --> 01:41:59,479  
that had a great deal of correlation and

2197  
01:41:56,840 --> 01:42:02,269  
what he didn't know is that one of the

2198  
01:41:59,479 --> 01:42:05,659  
documents that I have is signed by

2199  
01:42:02,269 --> 01:42:09,229  
George Marshall it's classified secret

2200  
01:42:05,658 --> 01:42:13,339  
as I recall in 1942 and says we should

2201  
01:42:09,229 --> 01:42:15,918  
start a project to study aerial

2202  
01:42:13,340 --> 01:42:19,399  
phenomena that are unidentified going

2203  
01:42:15,918 --> 01:42:20,719  
back to 1897 and that's in the memo at

2204  
01:42:19,399 --> 01:42:23,510  
the bottom the last thing in the middle

2205  
01:42:20,719 --> 01:42:25,658  
so I'll send you a copy of that I think

2206  
01:42:23,510 --> 01:42:29,570  
you need to have it in your archives

2207  
01:42:25,658 --> 01:42:30,888  
okay more questions actually Nick we're

2208  
01:42:29,569 --> 01:42:32,868  
coming to the point probably in the next

2209  
01:42:30,889 --> 01:42:36,159

five minutes we'll we'll wrap this up so

2210

01:42:32,868 --> 01:42:36,158

I'll have two or three more questions

2211

01:42:44,180 --> 01:42:49,880

you must be good good good I must be

2212

01:42:48,739 --> 01:42:52,369

learning more because I have more and

2213

01:42:49,880 --> 01:42:54,680

more questions I think I've gone from a

2214

01:42:52,369 --> 01:43:01,010

skeptic to a believer to a debunker all

2215

01:42:54,680 --> 01:43:05,539

in one day so my question is with all

2216

01:43:01,010 --> 01:43:06,760

these crashes how is it possible that

2217

01:43:05,539 --> 01:43:09,350

there's not a piece of spacecraft

2218

01:43:06,760 --> 01:43:11,420

they're not even if the government has

2219

01:43:09,350 --> 01:43:15,050

this incredible secrecy thing going on

2220

01:43:11,420 --> 01:43:18,380

it's not only this country where are all

2221

01:43:15,050 --> 01:43:20,480

of these so that's one question the

2222

01:43:18,380 --> 01:43:22,789

second question is is it a time travel

2223

01:43:20,479 --> 01:43:24,559

thing are they are they located not in

2224  
01:43:22,789 --> 01:43:27,619  
another planet but in another dimension

2225  
01:43:24,560 --> 01:43:33,260  
such that okay we heard about the

2226  
01:43:27,619 --> 01:43:34,760  
time-space continuum sort of thing when

2227  
01:43:33,260 --> 01:43:38,329  
they arrived maybe they miscalculated

2228  
01:43:34,760 --> 01:43:40,250  
and that's why they crashed what is the

2229  
01:43:38,329 --> 01:43:42,289  
possibility that they are actually in

2230  
01:43:40,250 --> 01:43:49,100  
another plane of existence not another

2231  
01:43:42,289 --> 01:43:51,619  
planet of existence okay

2232  
01:43:49,100 --> 01:43:54,800  
take those huh well I can't take all of

2233  
01:43:51,619 --> 01:43:57,229  
them on but I'll address one of them not

2234  
01:43:54,800 --> 01:44:00,170  
guess it was last week there was a UFO

2235  
01:43:57,229 --> 01:44:03,019  
that crashed over Vietnam and fragments

2236  
01:44:00,170 --> 01:44:05,270  
were recovered and the question is how

2237  
01:44:03,020 --> 01:44:06,470  
do we get a hold of those so you know

2238  
01:44:05,270 --> 01:44:08,450  
those are the things we're looking at so

2239  
01:44:06,470 --> 01:44:11,480  
I don't think it's just this country now

2240  
01:44:08,449 --> 01:44:13,699  
we don't know if that's a real UFO or

2241  
01:44:11,479 --> 01:44:16,069  
some remotely piloted drone or some

2242  
01:44:13,699 --> 01:44:18,590  
military craft of our I want to origin

2243  
01:44:16,069 --> 01:44:23,269  
but I would say that they do happen in

2244  
01:44:18,590 --> 01:44:26,239  
other countries things like the United

2245  
01:44:23,270 --> 01:44:28,460  
States and also there's a pretty good

2246  
01:44:26,239 --> 01:44:30,429  
job of picking up crashes in Canada and

2247  
01:44:28,460 --> 01:44:34,460  
Mexico and anywhere that's severely

2248  
01:44:30,430 --> 01:44:36,590  
close at all we had one in Manitoba and

2249  
01:44:34,460 --> 01:44:40,159  
by the time our investigators got out

2250  
01:44:36,590 --> 01:44:42,440  
there I say ceremi was their chief

2251  
01:44:40,159 --> 01:44:45,319  
investigators started up and one of your

2252

01:44:42,439 --> 01:44:50,658  
guys pointed a gun at him and said don't

2253  
01:44:45,319 --> 01:44:53,988  
you come too close boy and so

2254  
01:44:50,658 --> 01:44:56,478  
they go through the processes and

2255  
01:44:53,988 --> 01:44:59,208  
finally somebody in Ottawa said well let

2256  
01:44:56,479 --> 01:45:01,729  
them have it and the same kind of thing

2257  
01:44:59,208 --> 01:45:04,639  
as has happened in Mexico so quite a

2258  
01:45:01,729 --> 01:45:08,900  
quite a few of these crashes have wound

2259  
01:45:04,639 --> 01:45:11,900  
up wherever they wind up and I don't

2260  
01:45:08,899 --> 01:45:14,359  
know where that is exactly my son's book

2261  
01:45:11,899 --> 01:45:16,788  
of course magic eyes only identifies 75

2262  
01:45:14,359 --> 01:45:19,368  
different crash crashes at various

2263  
01:45:16,788 --> 01:45:21,198  
levels of confidence but things do fall

2264  
01:45:19,368 --> 01:45:23,538  
down now I'll give you a specific

2265  
01:45:21,198 --> 01:45:27,138  
example is one in New Mexico that's

2266  
01:45:23,538 --> 01:45:30,788

quoted as a UFO crash that was half blue

2267

01:45:27,139 --> 01:45:33,889

which was the predecessor to the f-117

2268

01:45:30,788 --> 01:45:36,590

and if people want to say it was a UFO

2269

01:45:33,889 --> 01:45:39,889

everybody was really happy to say you

2270

01:45:36,590 --> 01:45:42,439

know it was a UFO so right now there's a

2271

01:45:39,889 --> 01:45:44,538

lot of stuff flying around including the

2272

01:45:42,439 --> 01:45:48,289

space things and they tend to fall down

2273

01:45:44,538 --> 01:45:51,768

sometimes what bothers me with these the

2274

01:45:48,288 --> 01:45:53,868

multiplicity supposedly of crashes is we

2275

01:45:51,769 --> 01:45:56,269

got these highly advanced technologies

2276

01:45:53,868 --> 01:45:59,868

income a gazillion miles and then they

2277

01:45:56,269 --> 01:46:02,479

bump into each other that's just

2278

01:45:59,868 --> 01:46:05,438

something doesn't make sense to me okay

2279

01:46:02,479 --> 01:46:09,199

I've been talk to it one more question

2280

01:46:05,439 --> 01:46:12,499

on the MJ documents there is an energy

2281  
01:46:09,198 --> 01:46:15,469  
document that I added Einstein and

2282  
01:46:12,498 --> 01:46:18,380  
Oppenheimer put out 1947 it's on the

2283  
01:46:15,469 --> 01:46:20,958  
website on your website

2284  
01:46:18,380 --> 01:46:24,918  
Einstein and Oppenheimer's supposedly

2285  
01:46:20,958 --> 01:46:27,979  
wrote a letter to Truman and it is on

2286  
01:46:24,918 --> 01:46:30,519  
the website in 1947 in June before the

2287  
01:46:27,979 --> 01:46:32,780  
Roswell crash using the word

2288  
01:46:30,519 --> 01:46:34,849  
extraterrestrial biological entity which

2289  
01:46:32,779 --> 01:46:36,349  
really confuses me as a researcher

2290  
01:46:34,849 --> 01:46:38,599  
because I thought that came out of the

2291  
01:46:36,349 --> 01:46:41,929  
Roswell crash and both of them were very

2292  
01:46:38,599 --> 01:46:46,130  
concerned because they called these

2293  
01:46:41,929 --> 01:46:48,679  
visitors celestial celestial cultures

2294  
01:46:46,130 --> 01:46:50,719  
and they said we need to develop

2295  
01:46:48,679 --> 01:46:53,109  
something on this earth to deal with

2296  
01:46:50,719 --> 01:46:55,939  
this because after the atomic bomb

2297  
01:46:53,109 --> 01:46:58,728  
testing we're getting all these

2298  
01:46:55,939 --> 01:47:00,769  
visitations and what if you know who do

2299  
01:46:58,729 --> 01:47:04,400  
they speak to who represents this planet

2300  
01:47:00,769 --> 01:47:06,260  
should we develop a supra united nation

2301  
01:47:04,399 --> 01:47:08,839  
it's on that document do you think that

2302  
01:47:06,260 --> 01:47:09,409  
documents real that's an excellent

2303  
01:47:08,840 --> 01:47:12,500  
question

2304  
01:47:09,408 --> 01:47:13,969  
the document the six page document that

2305  
01:47:12,500 --> 01:47:17,569  
is not signed

2306  
01:47:13,969 --> 01:47:20,810  
however we are have initiated my son and

2307  
01:47:17,569 --> 01:47:24,408  
I have initiated some linguistic

2308  
01:47:20,810 --> 01:47:26,179  
authentication forensic linguistics with

2309

01:47:24,408 --> 01:47:28,639  
two different people to show that the

2310  
01:47:26,179 --> 01:47:30,949  
selection of words is totally consistent

2311  
01:47:28,640 --> 01:47:33,289  
with the words that I'm Stein used in

2312  
01:47:30,948 --> 01:47:34,789  
that particular era and I believe that

2313  
01:47:33,289 --> 01:47:37,519  
in the next year we'll be able to have a

2314  
01:47:34,789 --> 01:47:40,460  
publication on that very subject

2315  
01:47:37,520 --> 01:47:43,130  
in fact we agree to disagree but nee

2316  
01:47:40,460 --> 01:47:46,369  
look I would push the probability of

2317  
01:47:43,130 --> 01:47:48,199  
reality approaching zero okay and that's

2318  
01:47:46,369 --> 01:47:49,550  
what I'm talking to the site I mean I've

2319  
01:47:48,198 --> 01:47:52,519  
got friends who were there and that

2320  
01:47:49,550 --> 01:47:55,610  
you're do not hear anything like that

2321  
01:47:52,520 --> 01:48:00,020  
going on okay well we'll wait for the 42

2322  
01:47:55,609 --> 01:48:05,809  
just okay so what I'd like to do now is

2323  
01:48:00,020 --> 01:48:08,150

to adjourn this meeting and say welcome

2324

01:48:05,810 --> 01:48:10,510

come tomorrow night and listen to an

2325

01:48:08,149 --> 01:48:10,509

unkind
