

1
00:00:01,439 --> 00:00:04,650
the Reverend I mean I'm sorry the

2
00:00:02,970 --> 00:00:05,130
Honorable Paul Hellyer thank you very

3
00:00:04,650 --> 00:00:12,509
much

4
00:00:05,129 --> 00:00:17,149
sorry thank you very much Courtney I was

5
00:00:12,509 --> 00:00:19,710
a different kind of minister actually

6
00:00:17,149 --> 00:00:21,209
generous introductions like that remind

7
00:00:19,710 --> 00:00:22,920
me of something General Eisenhower said

8
00:00:21,210 --> 00:00:24,300
that's like chewing gum you can taste it

9
00:00:22,920 --> 00:00:28,410
for a minute or two but for heaven's

10
00:00:24,300 --> 00:00:31,589
sake don't swallow it more actually like

11
00:00:28,410 --> 00:00:34,020
this small boy who fell headfirst into a

12
00:00:31,589 --> 00:00:35,880
barrel of molasses and when they pulled

13
00:00:34,020 --> 00:00:39,120
him out he licked some of the molasses

14
00:00:35,880 --> 00:00:43,399
from his face and said Lord make my

15
00:00:39,119 --> 00:00:45,780
tongue adequate to this occasion hmm

16
00:00:43,399 --> 00:00:47,370
well actually I have the advantage that

17
00:00:45,780 --> 00:00:49,469
Courtney told me what I should say today

18
00:00:47,369 --> 00:00:51,448
and what I shouldn't say and that's a

19
00:00:49,469 --> 00:00:52,980
big help but he also said that it

20
00:00:51,448 --> 00:00:55,409
towards the end of my speech I could say

21
00:00:52,979 --> 00:00:57,058
what I wanted to say mm-hmm so I'm gonna

22
00:00:55,409 --> 00:01:05,759
take him up on that invitation when I

23
00:00:57,058 --> 00:01:08,009
get towards the the back side of it I'm

24
00:01:05,760 --> 00:01:10,109
a bit of a throat problem so I hope I'll

25
00:01:08,010 --> 00:01:12,719
be able to get around that I'd like to

26
00:01:10,109 --> 00:01:17,129
start with a story that I find kind of

27
00:01:12,719 --> 00:01:21,180
interesting and you might which is about

28
00:01:17,129 --> 00:01:24,750
perspective and Sherlock Holmes and dr.

29

00:01:21,180 --> 00:01:26,368
Watson have went on a camping trip after

30
00:01:24,750 --> 00:01:30,228
a good meal and a bottle of wine they

31
00:01:26,368 --> 00:01:30,228
lay down for the night and went to sleep

32
00:01:30,560 --> 00:01:37,560
some hours later Holmes awoke and nudged

33
00:01:33,540 --> 00:01:42,450
his faithful friend Watson look up in

34
00:01:37,560 --> 00:01:45,840
the sky and tell me what you see Watson

35
00:01:42,450 --> 00:01:49,920
replied I see millions and millions of

36
00:01:45,840 --> 00:01:54,060
stars what does that tell you asked

37
00:01:49,920 --> 00:01:58,049
Holmes Watson pondered for a minute and

38
00:01:54,060 --> 00:02:00,379
replied astronomically it tells me that

39
00:01:58,049 --> 00:02:04,460
there are millions of galaxies and

40
00:02:00,379 --> 00:02:04,459
potentially billions of planets

41
00:02:05,359 --> 00:02:11,759
astrologically I observed that Saturn's

42
00:02:07,618 --> 00:02:13,360
and Leo hora logically I deduce at the

43
00:02:11,759 --> 00:02:17,679

time is approximately a quarter

44

00:02:13,360 --> 00:02:20,230

three theologically I can see that God

45

00:02:17,680 --> 00:02:24,930

is all-powerful and that we are small

46

00:02:20,229 --> 00:02:27,340

and insignificant meteor logically I

47

00:02:24,930 --> 00:02:30,819

suspect that we will have a clear and

48

00:02:27,340 --> 00:02:34,000

sunny day tomorrow what does it tell you

49

00:02:30,819 --> 00:02:39,030

Holmes Holmes was silent for a minute

50

00:02:34,000 --> 00:02:50,079

and spoke Watson you idiot

51

00:02:39,030 --> 00:02:53,170

somebody has stolen our tent so when

52

00:02:50,080 --> 00:02:54,670

you're talking about these things you

53

00:02:53,169 --> 00:03:00,579

can have quite different perceptions

54

00:02:54,669 --> 00:03:04,299

depending on your worldview well as a

55

00:03:00,580 --> 00:03:05,739

result of the notoriety gained by the

56

00:03:04,300 --> 00:03:08,320

dubious distinction of being the first

57

00:03:05,739 --> 00:03:13,719

person of cabinet rank in the g8 group

58
00:03:08,319 --> 00:03:18,729
of countries to speak out and say that

59
00:03:13,719 --> 00:03:21,549
UFOs are real no qualifications they are

60
00:03:18,729 --> 00:03:25,569
as real as the airplanes flying over

61
00:03:21,549 --> 00:03:27,069
your head I was able to meet some very

62
00:03:25,569 --> 00:03:28,599
interesting people that I probably

63
00:03:27,069 --> 00:03:30,629
wouldn't well I certainly wouldn't have

64
00:03:28,599 --> 00:03:33,819
met otherwise

65
00:03:30,629 --> 00:03:36,400
one was that guriccho Apollo astronaut

66
00:03:33,819 --> 00:03:38,919
he was coming to Toronto to make a

67
00:03:36,400 --> 00:03:42,219
speech so he let it be known that he

68
00:03:38,919 --> 00:03:47,439
would be interested in meeting me and so

69
00:03:42,219 --> 00:03:48,819
my wife was with me here today was

70
00:03:47,439 --> 00:03:52,060
Galland enough to say let's invite him

71
00:03:48,819 --> 00:03:54,759
for dinner so we did and he came with

72
00:03:52,060 --> 00:03:59,860
his escort and we had three marvelous

73
00:03:54,759 --> 00:04:05,530
hours discussing his career his career

74
00:03:59,860 --> 00:04:09,489
as an astronaut his epiphany and his

75
00:04:05,530 --> 00:04:13,930
deep deep concern now for the future of

76
00:04:09,489 --> 00:04:15,670
our planet I had the honor of sharing a

77
00:04:13,930 --> 00:04:18,250
platform with him at a Knicks conference

78
00:04:15,669 --> 00:04:20,858
in Washington in April of this year and

79
00:04:18,250 --> 00:04:24,728
the introduction to his talk was quite

80
00:04:20,858 --> 00:04:26,579
intriguing he asked us to take our minds

81
00:04:24,728 --> 00:04:28,079
back a hundred years to the time

82
00:04:26,579 --> 00:04:31,019
the Wright brothers were trying to get

83
00:04:28,079 --> 00:04:36,389
an airplane off the ground carrying a

84
00:04:31,019 --> 00:04:39,359
man and then planes were developed

85
00:04:36,389 --> 00:04:41,639
larger and larger we got to the Douglas

86

00:04:39,360 --> 00:04:43,710
dc-3 which was the queen of the skies

87
00:04:41,639 --> 00:04:47,960
and sort of the ultimate in air travel

88
00:04:43,709 --> 00:04:52,589
and then faster and bigger planes

89
00:04:47,959 --> 00:04:55,758
turboprops jet planes supersonic planes

90
00:04:52,589 --> 00:04:58,709
and finally putting people on the moon

91
00:04:55,759 --> 00:05:05,908
all in the space of less than one

92
00:04:58,709 --> 00:05:07,739
century so have you ever thought ahead

93
00:05:05,908 --> 00:05:09,718
because this is only the beginning of

94
00:05:07,740 --> 00:05:13,860
you ever thought what it will be like a

95
00:05:09,718 --> 00:05:17,668
hundred years from now or even a

96
00:05:13,860 --> 00:05:20,939
thousand years from now assuming of

97
00:05:17,668 --> 00:05:24,478
course that in the meantime we don't

98
00:05:20,939 --> 00:05:27,829
make the planet uninhabitable which is

99
00:05:24,478 --> 00:05:27,829
our current flight path

100
00:05:33,329 --> 00:05:40,568

reading Colonel Carson's book was a real

101

00:05:36,728 --> 00:05:44,649

eye-opener for me ahead of course

102

00:05:40,569 --> 00:05:47,139

received reports of UFO sightings when I

103

00:05:44,649 --> 00:05:50,680

was Minister of National Defense and

104

00:05:47,139 --> 00:05:54,418

like most people in that position about

105

00:05:50,680 --> 00:05:57,749

80% of them were natural phenomena and

106

00:05:54,418 --> 00:06:05,188

15 or 20 percent were not and just had

107

00:05:57,749 --> 00:06:05,189

written beside them unexplained but

108

00:06:07,528 --> 00:06:16,478

Carson's book was an eye-opener and when

109

00:06:12,908 --> 00:06:18,129

it was confirmed by a retired United

110

00:06:16,478 --> 00:06:22,329

States Air Force general of my

111

00:06:18,129 --> 00:06:26,830

acquaintance as being every word is true

112

00:06:22,329 --> 00:06:30,338

quote unquote and more and then spending

113

00:06:26,829 --> 00:06:35,288

some time with him discussing both some

114

00:06:30,338 --> 00:06:44,588

of the basics and the end more I decided

115
00:06:35,288 --> 00:06:50,378
that I had to say something about it in

116
00:06:44,588 --> 00:06:52,499
government I was just too busy I was

117
00:06:50,379 --> 00:06:54,939
responsible - some of you may know for

118
00:06:52,499 --> 00:06:56,759
unifying the Royal Canadian Navy the

119
00:06:54,939 --> 00:06:59,468
Royal Canadian Air Force and the

120
00:06:56,759 --> 00:07:03,459
Canadian Army into a single armed force

121
00:06:59,468 --> 00:07:07,329
for Canada and if you don't think that's

122
00:07:03,459 --> 00:07:09,459
a tough tense job I recommend you try

123
00:07:07,329 --> 00:07:13,149
and get the job the Secretary of Defence

124
00:07:09,459 --> 00:07:16,269
in Washington and try unifying the US

125
00:07:13,149 --> 00:07:18,478
Army Navy and Air Force and I wish you

126
00:07:16,269 --> 00:07:18,478
luck

127
00:07:19,499 --> 00:07:29,680
but by the time I got out of that job I

128
00:07:23,168 --> 00:07:34,028
was as Courtney said neither convinced I

129
00:07:29,680 --> 00:07:40,990
neither believed nor disbelieved I just

130
00:07:34,028 --> 00:07:43,860
didn't know and I was far too busy to to

131
00:07:40,990 --> 00:07:43,860
worry about it frankly

132
00:07:44,540 --> 00:07:53,640
but then after I read Corsos book that

133
00:07:48,779 --> 00:07:57,539
my general friend confirmed it he

134
00:07:53,639 --> 00:08:00,719
confirmed a lot of things that are now

135
00:07:57,540 --> 00:08:04,950
widely known and I'd like to read some

136
00:08:00,720 --> 00:08:11,270
of them a UFO did crash at Roswell New

137
00:08:04,949 --> 00:08:13,889
Mexico on or about July the 4th 1947

138
00:08:11,269 --> 00:08:18,719
there were humanoid creatures aboard

139
00:08:13,889 --> 00:08:20,189
when it crashed Corsa was not at the

140
00:08:18,720 --> 00:08:23,310
crash scene at the time and did not

141
00:08:20,189 --> 00:08:25,500
personally see the survivor that was

142
00:08:23,310 --> 00:08:28,290
carried into the Army Air Force

143

00:08:25,500 --> 00:08:36,559
infirmary that he writes about in his

144
00:08:28,290 --> 00:08:40,379
book he did later however see one of the

145
00:08:36,559 --> 00:08:45,089
cadavers being transported presumably

146
00:08:40,379 --> 00:08:48,929
for autopsy the Colonel's personal

147
00:08:45,090 --> 00:08:52,110
involvement really began more than a

148
00:08:48,929 --> 00:08:54,689
decade later when he was posted to the

149
00:08:52,110 --> 00:08:59,370
Pentagon and his boss the left under

150
00:08:54,690 --> 00:09:02,700
General Arthur Trudeau gave him the porn

151
00:08:59,370 --> 00:09:08,240
technology desk and turned over the

152
00:09:02,700 --> 00:09:11,430
top-secret Roswell files and a file of

153
00:09:08,240 --> 00:09:14,759
wreckage a cabinet of wreckage that

154
00:09:11,429 --> 00:09:19,829
which had been collected from the crash

155
00:09:14,759 --> 00:09:24,419
site in New Mexico and Trudeau asked him

156
00:09:19,830 --> 00:09:27,960
to make a list of those areas where he

157
00:09:24,419 --> 00:09:31,799

thought something might be developed

158

00:09:27,960 --> 00:09:37,710

which would be of use to the United

159

00:09:31,799 --> 00:09:43,529

States Army so he did and the list as a

160

00:09:37,710 --> 00:09:44,900

developed included the following image

161

00:09:43,529 --> 00:09:49,189

intensifiers

162

00:09:44,899 --> 00:09:51,449

which ultimately became night vision I

163

00:09:49,190 --> 00:09:52,890

had the privilege of attending one of

164

00:09:51,450 --> 00:09:54,610

the first demonstrations although I

165

00:09:52,889 --> 00:09:58,509

didn't know at the time

166

00:09:54,610 --> 00:10:02,129

where the technology had come from fiber

167

00:09:58,509 --> 00:10:06,759

optics which have revolutionized

168

00:10:02,129 --> 00:10:11,439

telecommunications worldwide super

169

00:10:06,759 --> 00:10:15,490

tenacity fibers lasers molecular

170

00:10:11,440 --> 00:10:18,430

alignment metallic alloys integrated

171

00:10:15,490 --> 00:10:21,100

circuits and micro miniaturization of

172
00:10:18,429 --> 00:10:23,338
logic boards when I read this one I

173
00:10:21,100 --> 00:10:26,800
thought to myself my gosh

174
00:10:23,339 --> 00:10:28,810
I've visited sac headquarters some years

175
00:10:26,799 --> 00:10:31,958
ago and I was taken into the computer

176
00:10:28,809 --> 00:10:38,708
room and the computer filled the whole

177
00:10:31,958 --> 00:10:42,869
room from end to end and today thanks to

178
00:10:38,708 --> 00:10:46,088
this new technology grace of our

179
00:10:42,870 --> 00:10:48,100
visiting and friends you could put more

180
00:10:46,089 --> 00:10:49,839
than that capacity and a box of size I

181
00:10:48,100 --> 00:10:55,060
believe that would fit into a picnic

182
00:10:49,839 --> 00:10:56,829
basket or maybe even smaller than there

183
00:10:55,059 --> 00:11:00,069
was the harp the high altitude research

184
00:10:56,828 --> 00:11:04,838
project project horizon which was the

185
00:11:00,070 --> 00:11:10,000
moonbase portable atomic generators ion

186
00:11:04,839 --> 00:11:13,089
propulsion drive irradiated food third

187
00:11:10,000 --> 00:11:15,159
brain guidance systems that's the the

188
00:11:13,089 --> 00:11:17,500
headbands that the eby's worn to give

189
00:11:15,159 --> 00:11:19,990
instructions to their ships because they

190
00:11:17,500 --> 00:11:24,250
didn't use the conventional controls was

191
00:11:19,990 --> 00:11:26,980
all done by mental telepathy and then

192
00:11:24,250 --> 00:11:30,549
particle beams star wars and a missile

193
00:11:26,980 --> 00:11:32,940
weapons systems electromagnetic

194
00:11:30,549 --> 00:11:35,189
propulsion systems and depleted uranium

195
00:11:32,940 --> 00:11:38,709
projectiles

196
00:11:35,190 --> 00:11:41,290
well I hasten to point out that in some

197
00:11:38,708 --> 00:11:45,189
of these areas research was already

198
00:11:41,289 --> 00:11:48,759
being done but in many of the others it

199
00:11:45,190 --> 00:11:54,060
was not because the technology that the

200

00:11:48,759 --> 00:11:59,439
visitors left when their crash occurred

201
00:11:54,059 --> 00:12:01,299
was lightyears ahead of ours theirs also

202
00:11:59,440 --> 00:12:05,230
worth noting as some of course those

203
00:12:01,299 --> 00:12:07,269
detractors point out that he didn't know

204
00:12:05,230 --> 00:12:09,129
what the Navy and the

205
00:12:07,269 --> 00:12:12,069
air force we're doing at the same time

206
00:12:09,129 --> 00:12:13,750
in the same areas and as a former

207
00:12:12,070 --> 00:12:17,890
minister of national defense I can

208
00:12:13,750 --> 00:12:19,240
attest that with separate services often

209
00:12:17,889 --> 00:12:21,039
they don't tell the other services

210
00:12:19,240 --> 00:12:22,509
what's going on they treat the more as

211
00:12:21,039 --> 00:12:30,519
an enemy than they do as a member of the

212
00:12:22,509 --> 00:12:33,629
team I am of course fascinated by the

213
00:12:30,519 --> 00:12:39,399
technical advances that we have made

214
00:12:33,629 --> 00:12:41,759

they are mind-boggling almost beyond

215

00:12:39,399 --> 00:12:41,759
comprehension

216

00:12:42,840 --> 00:12:47,350
but these developments alone would not

217

00:12:45,610 --> 00:12:52,930
have been enough to get me to speak out

218

00:12:47,350 --> 00:12:57,009
I went public because I am even more

219

00:12:52,929 --> 00:13:00,009
fascinated and may I say concerned by

220

00:12:57,009 --> 00:13:05,559
the geopolitics and the exo politics of

221

00:13:00,009 --> 00:13:10,179
the intervening decades these are two

222

00:13:05,559 --> 00:13:13,750
profoundly important issues that are

223

00:13:10,179 --> 00:13:16,539
difficult to talk about and impossible

224

00:13:13,750 --> 00:13:20,259
to debate when the official position of

225

00:13:16,539 --> 00:13:24,759
the United States remains that UFOs do

226

00:13:20,259 --> 00:13:27,460
not exist just two weeks ago I listened

227

00:13:24,759 --> 00:13:30,879
to a United States scientist on a radio

228

00:13:27,460 --> 00:13:33,040
in Toronto describing what sounded like

229

00:13:30,879 --> 00:13:35,649

a rather expensive project to try and

230

00:13:33,039 --> 00:13:40,389

locate planets elsewhere in the cosmos

231

00:13:35,649 --> 00:13:41,889

that would sustain life and she gave the

232

00:13:40,389 --> 00:13:43,389

impression that they hadn't yet found

233

00:13:41,889 --> 00:13:47,889

any but they were going to keep on

234

00:13:43,389 --> 00:13:50,110

looking and I was tempted to phone the

235

00:13:47,889 --> 00:13:51,939

radio station and said why doesn't she

236

00:13:50,110 --> 00:13:54,940

just go and ask some of the people that

237

00:13:51,940 --> 00:14:00,280

have talked to them and asked them where

238

00:13:54,940 --> 00:14:03,610

they came from and this is the kind of

239

00:14:00,279 --> 00:14:05,500

waste that goes on when the left hand

240

00:14:03,610 --> 00:14:12,700

doesn't know what the right hand is

241

00:14:05,500 --> 00:14:18,230

doing but I digress I can understand the

242

00:14:12,700 --> 00:14:21,540

near panic in the late 40s and early 50s

243
00:14:18,230 --> 00:14:26,759
when all of a sudden the US Armed Forces

244
00:14:21,539 --> 00:14:29,759
found themselves in an most unusual

245
00:14:26,759 --> 00:14:31,500
position they had just contributed

246
00:14:29,759 --> 00:14:35,580
magnificently to the winning of the war

247
00:14:31,500 --> 00:14:36,899
in Europe there were top dogs and all of

248
00:14:35,580 --> 00:14:38,400
a sudden they were confronted with the

249
00:14:36,899 --> 00:14:41,629
technology that was greater than their

250
00:14:38,399 --> 00:14:50,519
own and they didn't know how to cope and

251
00:14:41,629 --> 00:14:51,740
near panic set in they knew that it was

252
00:14:50,519 --> 00:14:56,159
not of this world

253
00:14:51,740 --> 00:14:59,430
and they decided to keep it a closely

254
00:14:56,159 --> 00:15:01,949
guarded secret on the basis that if the

255
00:14:59,429 --> 00:15:04,559
public was aware that there might be

256
00:15:01,950 --> 00:15:08,520
another panic not unlike the one that

257

00:15:04,559 --> 00:15:10,409
worsen Wells crew created when he had

258
00:15:08,519 --> 00:15:16,350
his war of the worlds' as a Halloween

259
00:15:10,409 --> 00:15:18,629
hoax I'm sure that an equal concern was

260
00:15:16,350 --> 00:15:20,399
that another earthly power and I suppose

261
00:15:18,629 --> 00:15:24,588
we might just as well be specific and

262
00:15:20,399 --> 00:15:28,019
say the Soviet Union might have the same

263
00:15:24,589 --> 00:15:30,210
kind of opportunity to develop the

264
00:15:28,019 --> 00:15:33,419
technology and might get a head of the

265
00:15:30,210 --> 00:15:35,400
United States and this could lead to a

266
00:15:33,419 --> 00:15:37,049
position where the United States would

267
00:15:35,399 --> 00:15:41,519
cease to be the predominant military

268
00:15:37,049 --> 00:15:45,719
power in the world and this fear could

269
00:15:41,519 --> 00:15:49,379
have been nurtured by hints from dr.

270
00:15:45,720 --> 00:15:51,240
Wernher von Braun that the Germans might

271
00:15:49,379 --> 00:15:55,820

have had access to some of this

272

00:15:51,240 --> 00:15:55,820
technology as early as the 1930s

273

00:15:56,059 --> 00:16:02,599
well this led the United States to

274

00:15:58,730 --> 00:16:06,680
embark on a reverse R&D program

275

00:16:02,600 --> 00:16:06,680
unprecedented in earthly history

276

00:16:07,129 --> 00:16:13,820
well the secrecy made sense in my

277

00:16:09,690 --> 00:16:16,650
opinion until the end of the Cold War

278

00:16:13,820 --> 00:16:18,660
but there is no legitimate reason why

279

00:16:16,649 --> 00:16:20,100
these clandestine operations should not

280

00:16:18,659 --> 00:16:24,209
have been made public when the Soviet

281

00:16:20,100 --> 00:16:27,800
Union collapsed the United States had no

282

00:16:24,210 --> 00:16:29,528
other enemies with any military

283

00:16:27,799 --> 00:16:34,498
capability

284

00:16:29,528 --> 00:16:34,499
to speak of there were no real threats a

285

00:16:36,419 --> 00:16:43,479
good fairly large peace dividend could

286
00:16:40,299 --> 00:16:45,729
have been declared but someone in the

287
00:16:43,480 --> 00:16:47,259
intelligence community decided that one

288
00:16:45,730 --> 00:16:50,889
or more of the aliens species had

289
00:16:47,259 --> 00:16:53,169
hostile designs on earth and that we had

290
00:16:50,889 --> 00:16:58,600
to use the technology that we gained

291
00:16:53,169 --> 00:17:01,539
from them to make earth an unfriendly

292
00:16:58,600 --> 00:17:05,769
and unsafe place for visitors from other

293
00:17:01,539 --> 00:17:07,509
realms and if you google the United

294
00:17:05,769 --> 00:17:11,230
States Air Force Space Command you will

295
00:17:07,509 --> 00:17:21,158
find out that we are rapidly achieving

296
00:17:11,230 --> 00:17:22,599
that goal and with the extension of the

297
00:17:21,159 --> 00:17:25,600
anti-missile the dual purpose

298
00:17:22,599 --> 00:17:28,448
anti-missile missile system around the

299
00:17:25,599 --> 00:17:32,349
globe earth will become increasingly out

300
00:17:28,449 --> 00:17:35,529
of bounds to visitors we have learned

301
00:17:32,349 --> 00:17:40,408
however that intelligence gathering is

302
00:17:35,529 --> 00:17:43,178
an imprecise science and interpreting it

303
00:17:40,409 --> 00:17:47,649
depends to a large extent on the

304
00:17:43,179 --> 00:17:49,480
interpreters worldview witness the

305
00:17:47,648 --> 00:17:54,089
rationale for the Iraq war

306
00:17:49,480 --> 00:17:56,349
I recall - the wildly inaccurate

307
00:17:54,089 --> 00:17:59,678
estimates of the United States Air Force

308
00:17:56,349 --> 00:18:02,558
of the rate of sell Fiat ballistic

309
00:17:59,679 --> 00:18:05,350
missile production and this

310
00:18:02,558 --> 00:18:10,509
misinformation led to some very dumb

311
00:18:05,349 --> 00:18:12,548
decisions in my country so the reason I

312
00:18:10,509 --> 00:18:15,990
decided to go public was the very real

313
00:18:12,548 --> 00:18:19,319
fear that military intelligence

314

00:18:15,990 --> 00:18:21,190
inadvertently or deliberately

315
00:18:19,319 --> 00:18:25,210
misinterpreted the intention of the

316
00:18:21,190 --> 00:18:29,380
aliens and I used the word deliberately

317
00:18:25,210 --> 00:18:33,038
in the sense of general Eisenhower's

318
00:18:29,380 --> 00:18:34,600
warning that the alien technology was

319
00:18:33,038 --> 00:18:39,788
falling into the wrong hands

320
00:18:34,599 --> 00:18:41,398
a more likely scenario than wanting to

321
00:18:39,788 --> 00:18:43,808
attack us

322
00:18:41,398 --> 00:18:46,418
which they could have done at any time

323
00:18:43,808 --> 00:18:48,398
in those early years there was really

324
00:18:46,419 --> 00:18:51,989
nothing to stop them with the possible

325
00:18:48,398 --> 00:18:54,278
exception of some high-powered radars

326
00:18:51,989 --> 00:18:56,288
but otherwise there was no means to

327
00:18:54,278 --> 00:19:02,019
destroy them and they had you know

328
00:18:56,288 --> 00:19:04,690

complete domination of our skies but

329

00:19:02,019 --> 00:19:07,118

instead of trying to destroy us they

330

00:19:04,690 --> 00:19:11,739

seemed genuinely concerned about our

331

00:19:07,118 --> 00:19:16,709

stewardship of our planet through

332

00:19:11,739 --> 00:19:21,038

deforestation chemical contamination

333

00:19:16,710 --> 00:19:27,669

overpopulation global warming warming

334

00:19:21,038 --> 00:19:29,618

and above all increasing stockpiles of

335

00:19:27,669 --> 00:19:34,210

atomic weapons that in the hands of a

336

00:19:29,618 --> 00:19:39,339

madman their use could result in making

337

00:19:34,210 --> 00:19:42,989

the planet uninhabitable for heaven only

338

00:19:39,339 --> 00:19:42,988

knows how long

339

00:19:43,378 --> 00:19:48,998

well it's interesting the course will

340

00:19:45,579 --> 00:19:51,418

subscribe to this enemy alien concept at

341

00:19:48,999 --> 00:19:56,980

the time he wrote the day after Roswell

342

00:19:51,419 --> 00:20:00,129

but later changed his mind and he might

343
00:19:56,980 --> 00:20:04,599
have been influenced in part by speaking

344
00:20:00,128 --> 00:20:09,069
to one of the visitors face-to-face he

345
00:20:04,599 --> 00:20:10,808
was aware of a landing that had taken

346
00:20:09,069 --> 00:20:14,378
place somewhere not far from where he

347
00:20:10,808 --> 00:20:18,308
was stationed and he went over to

348
00:20:14,378 --> 00:20:19,648
investigate went into a abandoned

349
00:20:18,308 --> 00:20:23,308
mineshaft

350
00:20:19,648 --> 00:20:25,868
saw something that looked like a shadow

351
00:20:23,308 --> 00:20:28,079
but was wearing a helmet pulled out his

352
00:20:25,868 --> 00:20:31,778
revolver and was about ready to shoot

353
00:20:28,079 --> 00:20:35,648
when by mental telepathy he heard the

354
00:20:31,778 --> 00:20:39,249
word don't and then a minute or two

355
00:20:35,648 --> 00:20:42,638
later he got another message by mental

356
00:20:39,249 --> 00:20:47,288
telepathy will you shut down the radars

357
00:20:42,638 --> 00:20:50,409
for 10 minutes after the green time and

358
00:20:47,288 --> 00:20:56,500
in effect give him a chance to escape

359
00:20:50,410 --> 00:21:02,680
and Corsa said to him what do you offer

360
00:20:56,500 --> 00:21:08,799
in return and the answer was a new world

361
00:21:02,680 --> 00:21:14,950
if you can take it but let's say it was

362
00:21:08,799 --> 00:21:18,730
only 40 percent or even 20 percent if it

363
00:21:14,950 --> 00:21:21,610
is a commercially viable discovery every

364
00:21:18,730 --> 00:21:24,279
single plane military and civil built

365
00:21:21,609 --> 00:21:29,169
from tomorrow on should employ the

366
00:21:24,279 --> 00:21:33,339
technology because just think of the

367
00:21:29,170 --> 00:21:35,590
fuel that it would save now is it a

368
00:21:33,339 --> 00:21:38,199
reality I don't know but this is the

369
00:21:35,589 --> 00:21:44,159
problem when everything is secret and

370
00:21:38,200 --> 00:21:44,160
it's almost impossible to pry it out

371

00:21:49,609 --> 00:21:54,619
well to what extent has research and

372
00:21:52,480 --> 00:21:56,769
development been limited to the military

373
00:21:54,619 --> 00:21:59,679
aspects of Technology

374
00:21:56,769 --> 00:22:03,349
have there been breakthroughs in other

375
00:21:59,680 --> 00:22:10,009
in other areas did I get a signal down

376
00:22:03,349 --> 00:22:13,639
here and especially energy which is

377
00:22:10,009 --> 00:22:15,859
widely believed are we barking up the

378
00:22:13,640 --> 00:22:22,610
wrong tree when we start making plans

379
00:22:15,859 --> 00:22:25,069
for a thirty year supply of oil a policy

380
00:22:22,609 --> 00:22:29,240
destined to change the planet

381
00:22:25,069 --> 00:22:31,549
irrevocably these are the gargantuan

382
00:22:29,240 --> 00:22:35,349
issues that should be on the front

383
00:22:31,549 --> 00:22:41,029
burner of debate as a precursor to

384
00:22:35,349 --> 00:22:43,219
action plans for survival we not only

385
00:22:41,029 --> 00:22:45,079

have to establish the true intentions of

386

00:22:43,220 --> 00:22:48,319

the aliens and not through the filter of

387

00:22:45,079 --> 00:22:50,929

military intelligence and if they are

388

00:22:48,319 --> 00:22:52,569

honorable we should collaborate with

389

00:22:50,930 --> 00:22:56,110

them in the areas of medicine

390

00:22:52,569 --> 00:22:59,569

agriculture and energy to name three

391

00:22:56,109 --> 00:23:04,339

which some of them at least have

392

00:22:59,569 --> 00:23:08,720

indicated their willingness to do Corsos

393

00:23:04,339 --> 00:23:10,189

book mentions Rupert Smith a Canadian

394

00:23:08,720 --> 00:23:11,660

who worked in the federal Department of

395

00:23:10,190 --> 00:23:16,190

Transport which is the one I became

396

00:23:11,660 --> 00:23:18,080

minister of after I left defense Smith

397

00:23:16,190 --> 00:23:20,299

was one of the early believers and wrote

398

00:23:18,079 --> 00:23:22,099

a top-secret memo to his boss based on

399

00:23:20,299 --> 00:23:25,009

information yet gained from dr. Roberts

400
00:23:22,099 --> 00:23:27,319
our Bakker it was intimately concerned

401
00:23:25,009 --> 00:23:31,490
with what was or familiar with what was

402
00:23:27,319 --> 00:23:34,429
going on in the United States and Smith

403
00:23:31,490 --> 00:23:40,279
not only obtained permission for project

404
00:23:34,430 --> 00:23:44,200
Madden magnet which was shared with the

405
00:23:40,279 --> 00:23:47,059
United States later he also developed a

406
00:23:44,200 --> 00:23:50,720
network of contacts with the visitors

407
00:23:47,059 --> 00:23:51,859
from other places and came to the

408
00:23:50,720 --> 00:23:54,190
conclusion that they were

409
00:23:51,859 --> 00:23:57,829
well-intentioned

410
00:23:54,190 --> 00:23:59,710
they answered his questions and gave him

411
00:23:57,829 --> 00:24:03,129
practical solutions

412
00:23:59,710 --> 00:24:04,900
some of which he developed they even

413
00:24:03,130 --> 00:24:07,450
explained why some of our aircraft

414
00:24:04,900 --> 00:24:11,620
crashed when they got too close to the

415
00:24:07,450 --> 00:24:14,080
spacecraft the bottom line is that I

416
00:24:11,619 --> 00:24:15,719
have never seen a case where the aliens

417
00:24:14,079 --> 00:24:18,389
shot first

418
00:24:15,720 --> 00:24:21,789
we warmongering and trigger-happy

419
00:24:18,390 --> 00:24:25,960
earthlings have always started the

420
00:24:21,789 --> 00:24:30,819
shooting shoot first and ask questions

421
00:24:25,960 --> 00:24:32,950
afterward sure the visitors harassed our

422
00:24:30,819 --> 00:24:36,549
astronauts and ran surveillance checks

423
00:24:32,950 --> 00:24:39,450
on military installations especially the

424
00:24:36,549 --> 00:24:42,099
ones with nuclear capability or storage

425
00:24:39,450 --> 00:24:46,630
but this was all in the course of trying

426
00:24:42,099 --> 00:24:50,169
to tell us something the message which

427
00:24:46,630 --> 00:24:51,910
is as clear as the noses on our face if

428

00:24:50,170 --> 00:24:56,350
we would just look into the mirror and

429
00:24:51,910 --> 00:25:00,400
see it the message is that we can't save

430
00:24:56,349 --> 00:25:02,500
our planet by military means we must

431
00:25:00,400 --> 00:25:05,830
have a massive shift in the allocation

432
00:25:02,500 --> 00:25:08,700
of resources away from the canopy of

433
00:25:05,829 --> 00:25:16,359
fear and into a new and innovative

434
00:25:08,700 --> 00:25:19,210
canopy of hope we have to use the

435
00:25:16,359 --> 00:25:21,219
technology that the visitors have given

436
00:25:19,210 --> 00:25:25,329
us and more that they are willing to

437
00:25:21,220 --> 00:25:29,730
share to replace fossil fuels now in

438
00:25:25,329 --> 00:25:35,559
this decade not thirty years from now

439
00:25:29,730 --> 00:25:40,380
when it may indeed be too late but this

440
00:25:35,559 --> 00:25:45,970
requires cooperation not confrontation

441
00:25:40,380 --> 00:25:47,830
both on earth and in the cosmos and any

442
00:25:45,970 --> 00:25:52,779

new Wars of the future should be wars

443

00:25:47,829 --> 00:25:57,490
against poverty hunger illiteracy ill

444

00:25:52,779 --> 00:25:59,920
health and global warming these are the

445

00:25:57,490 --> 00:26:03,370
wars that should engage the best

446

00:25:59,920 --> 00:26:07,660
scientific entrepreneurial and political

447

00:26:03,369 --> 00:26:11,169
minds available freed from the limits of

448

00:26:07,660 --> 00:26:13,070
an earthly worldview but we have to

449

00:26:11,170 --> 00:26:16,039
begin by insisting that we

450

00:26:13,069 --> 00:26:19,549
the truth because to Freya paraphrase

451

00:26:16,039 --> 00:26:23,509
the Bible only the truth will set us

452

00:26:19,549 --> 00:26:27,349
free no longer is it sufficient to make

453

00:26:23,509 --> 00:26:29,690
the world our oyster the star visitors

454

00:26:27,349 --> 00:26:32,799
have removed the canopy that restricted

455

00:26:29,690 --> 00:26:35,480
our view and understanding of the cosmos

456

00:26:32,799 --> 00:26:37,759
and we don't want a handful of

457
00:26:35,480 --> 00:26:41,450
short-sighted mr. Magoo's to draw it

458
00:26:37,759 --> 00:26:44,569
back the scientists of the cosmos our

459
00:26:41,450 --> 00:26:47,870
cousins are willing to share with you

460
00:26:44,569 --> 00:26:52,609
the best of ours the biggest oyster of

461
00:26:47,869 --> 00:26:53,299
them all the infinite cosmos and thank

462
00:26:52,609 --> 00:26:56,939
God for that

463
00:26:53,299 --> 00:27:06,190
and thank you for listening so intently

464
00:26:56,940 --> 00:27:07,880
[Applause]

465
00:27:06,190 --> 00:27:14,960
that's great and let's have some

466
00:27:07,880 --> 00:27:17,600
questions now obviously there's very

467
00:27:14,960 --> 00:27:19,819
little that we would agree on I want to

468
00:27:17,599 --> 00:27:22,039
investigate a course I went through line

469
00:27:19,819 --> 00:27:24,019
by line if you agree with course so

470
00:27:22,039 --> 00:27:26,839
every word is true one of the things

471
00:27:24,019 --> 00:27:30,710
than there was that the Cold War was a

472
00:27:26,839 --> 00:27:35,419
cover for fighting et translating what

473
00:27:30,710 --> 00:27:40,190
fighting 80 that's in the book does it

474
00:27:35,420 --> 00:27:43,070
well I'm not going to to take every

475
00:27:40,190 --> 00:27:45,950
little nitpick literally that's hardly a

476
00:27:43,069 --> 00:27:48,589
nitpick but the per but the purpose the

477
00:27:45,950 --> 00:27:51,830
purport of the book was confirmed not

478
00:27:48,589 --> 00:27:55,129
only by my friend a retired Air Force

479
00:27:51,829 --> 00:27:58,009
general but by the other most senior

480
00:27:55,130 --> 00:28:01,700
most legitimate source that I know and

481
00:27:58,009 --> 00:28:03,349
he too said Corsos book after Roswell

482
00:28:01,700 --> 00:28:05,480
was a fetish that's why I named names

483
00:28:03,349 --> 00:28:07,779
I'd like to have you name the names I'd

484
00:28:05,480 --> 00:28:10,190
also like you made a whole series of

485

00:28:07,779 --> 00:28:14,869
assertions that come out of conspiracy

486
00:28:10,190 --> 00:28:17,900
theory who by name is in contact with

487
00:28:14,869 --> 00:28:19,399
the ETS as having you know this dialogue

488
00:28:17,900 --> 00:28:21,410
where we can get the technology

489
00:28:19,400 --> 00:28:23,970
well Colonel you're you know I'm not

490
00:28:21,410 --> 00:28:28,350
going to name names anymore than you are

491
00:28:23,970 --> 00:28:36,058
but and and because I would be doing

492
00:28:28,349 --> 00:28:37,859
them a great disservice but you did say

493
00:28:36,058 --> 00:28:41,119
one thing that well you said a couple of

494
00:28:37,859 --> 00:28:44,490
things that I agreed with it you said

495
00:28:41,119 --> 00:28:46,378
that the people the UFOs are not

496
00:28:44,490 --> 00:28:50,278
important to most of the people and

497
00:28:46,378 --> 00:28:52,288
you're right and this I think is the

498
00:28:50,278 --> 00:28:55,138
greatest challenge we have because when

499
00:28:52,288 --> 00:28:59,970

you talk about this people roll their

500

00:28:55,138 --> 00:29:02,459

eyes or raise their eyebrows and want to

501

00:28:59,970 --> 00:29:07,048

get back to earning a job and this sort

502

00:29:02,460 --> 00:29:09,450

of thing but what they have to come to

503

00:29:07,048 --> 00:29:11,970

terms with because a lot of those same

504

00:29:09,450 --> 00:29:16,590

people that are not the least bit

505

00:29:11,970 --> 00:29:19,950

interested in UFOs are extremely green

506

00:29:16,589 --> 00:29:21,269

oriented and want to save the planet for

507

00:29:19,950 --> 00:29:22,830

future generations for their

508

00:29:21,269 --> 00:29:26,190

grandchildren and great-grandchildren

509

00:29:22,829 --> 00:29:31,980

and they're going to extraordinary

510

00:29:26,190 --> 00:29:36,899

lengths some of them to to do something

511

00:29:31,980 --> 00:29:39,659

about it and they're going to have to

512

00:29:36,898 --> 00:29:44,579

somehow try to find out what has been

513

00:29:39,659 --> 00:29:47,759

accomplished and I have been told and I

514
00:29:44,579 --> 00:29:50,369
can't offend ik 8 this but I have been

515
00:29:47,759 --> 00:29:55,798
told that the black ops as they're

516
00:29:50,369 --> 00:29:59,638
called have have mastered the art of

517
00:29:55,798 --> 00:30:04,429
zero-point energy and of cold fusion

518
00:29:59,638 --> 00:30:04,428
both and you shake your head

519
00:30:05,259 --> 00:30:14,210
well that's it's hidden deeply somewhere

520
00:30:09,349 --> 00:30:19,759
and maybe you can tell us where okay

521
00:30:14,210 --> 00:30:24,259
let's move on and always only when we

522
00:30:19,759 --> 00:30:28,038
get the truth can we find out and find

523
00:30:24,259 --> 00:30:29,929
out if it is possibly true that there

524
00:30:28,038 --> 00:30:37,129
are some of these rich people that you

525
00:30:29,929 --> 00:30:39,009
were talking about who would rather save

526
00:30:37,130 --> 00:30:42,020
their trillions from the oil business

527
00:30:39,009 --> 00:30:44,720
than to open up technologies that would

528
00:30:42,019 --> 00:30:46,190
that would cost them a fortune I don't

529
00:30:44,720 --> 00:30:48,620
know if that's true or not but I know

530
00:30:46,190 --> 00:30:51,259
some of the people involved enough to

531
00:30:48,619 --> 00:30:51,678
have very serious doubts about it mr.

532
00:30:51,259 --> 00:30:53,990
Heller

533
00:30:51,679 --> 00:30:55,700
one thing that I this is based on

534
00:30:53,990 --> 00:30:57,589
colonel courses book we must remember

535
00:30:55,700 --> 00:31:00,048
that it was ghost written by bill burns

536
00:30:57,589 --> 00:31:02,720
and what was told to me and I knew

537
00:31:00,048 --> 00:31:05,028
Colonel Carter so personally was that he

538
00:31:02,720 --> 00:31:07,370
and bill burns he did not read the final

539
00:31:05,028 --> 00:31:09,710
manuscript before came out in 1997

540
00:31:07,369 --> 00:31:12,168
because for the rush to get it out for

541
00:31:09,710 --> 00:31:14,538
the 50th anniversary of the Roswell

542

00:31:12,169 --> 00:31:17,450
crash because you know commercially the

543
00:31:14,538 --> 00:31:19,278
book needed to get out so I was also

544
00:31:17,450 --> 00:31:22,159
told that a little bit of disinformation

545
00:31:19,278 --> 00:31:25,788
gets mixed in with the information and

546
00:31:22,159 --> 00:31:28,309
that is how this gets we can pick on a

547
00:31:25,788 --> 00:31:30,859
few things like this but I'm as there

548
00:31:28,308 --> 00:31:32,480
are there other instances other than

549
00:31:30,859 --> 00:31:34,939
course those book that makes you believe

550
00:31:32,480 --> 00:31:37,778
this you did go to the crash retrieval

551
00:31:34,940 --> 00:31:42,320
conference did you speak to other people

552
00:31:37,778 --> 00:31:46,609
Paula since since I went public I have

553
00:31:42,319 --> 00:31:52,788
received filing cabinets full of

554
00:31:46,609 --> 00:31:56,808
documents dozens of books I have talked

555
00:31:52,788 --> 00:32:01,460
to hundreds of people and I have talked

556
00:31:56,808 --> 00:32:05,058

to some people whose testimony I believe

557

00:32:01,460 --> 00:32:07,399

implicitly and I speak with that

558

00:32:05,058 --> 00:32:09,740

background it is not from reading the

559

00:32:07,398 --> 00:32:12,609

National Enquirer which I don't read and

560

00:32:09,740 --> 00:32:15,990

it's not from reading the National Post

561

00:32:12,609 --> 00:32:21,619

Toronto which you know about it is

562

00:32:15,990 --> 00:32:24,269

it is the best consensus distillation of

563

00:32:21,619 --> 00:32:26,579

available information that I have been

564

00:32:24,269 --> 00:32:29,429

able to discern and it's taken a lot of

565

00:32:26,579 --> 00:32:31,019

work and a lot of time on my part I

566

00:32:29,429 --> 00:32:34,040

agree with something that's been said

567

00:32:31,019 --> 00:32:37,529

here today though that is is so big and

568

00:32:34,039 --> 00:32:40,799

the final sentence I would like to say

569

00:32:37,529 --> 00:32:42,990

about it because it applies to us all I

570

00:32:40,799 --> 00:32:45,659

didn't know how much I didn't know

571

00:32:42,990 --> 00:32:48,170

because I didn't know how much there was

572

00:32:45,660 --> 00:32:48,170

to know

573

00:32:48,910 --> 00:32:51,019

[Applause]
