2
00:00:53,070 --> 00:00:58,890
[Music]

3
00:00:56,570 --> 00:01:00,390
tonight we have the pleasure to

4
00:00:58,890 --> 00:01:04,469
introduce our guest speaker of the

5
00:01:00,390 --> 00:01:06,840
evening mrs. mr. Benton Emlyn Jones Ben

6
00:01:04,469 --> 00:01:09,090
was born in Aberystwyth brought up in

7
00:01:06,840 --> 00:01:11,579
the Lampeter area before moving to

8
00:01:09,090 --> 00:01:13,590
Oxford where happens and about five

9
00:01:11,579 --> 00:01:16,409
years ago I think it was he said spent

10
00:01:13,590 --> 00:01:18,590
22 well-respected years employed as a

11
00:01:16,409 --> 00:01:22,319
hospital porter John Radcliffe Hospital

12
00:01:18,590 --> 00:01:24,359
which is in Oxford then became

13
00:01:22,319 --> 00:01:28,189
interested in UFOs and various other

14
00:01:24,359 --> 00:01:31,439
conspiracy theories in the late 1990s

15
00:01:28,189 --> 00:01:33,179
and he started his website blog which

16
00:01:31,439 --> 00:01:37,289
was hospital porters against the new

17
00:01:33,180 --> 00:01:40,259
world order in 2006 and it's thousands

18
00:01:37,290 --> 00:01:41,759
of visitors every day now we regularly

19
00:01:40,259 --> 00:01:44,519
attends and delivers talks and

20
00:01:41,759 --> 00:01:46,920
discussions all over Britain on a wide

21
00:01:44,519 --> 00:01:49,469
range of subjects and he's visited us

22
00:01:46,920 --> 00:01:51,868
before two previous occasions in our old

23
00:01:49,469 --> 00:01:55,019
venue where he spoke on the subjects of

24
00:01:51,868 --> 00:01:59,430
energy politics and UFOs and the history

25
00:01:55,019 --> 00:02:02,908
of Exopolitics now his talk this evening

26
00:01:59,430 --> 00:02:06,030
is intriguingly entitled anata no sure

27
00:02:02,909 --> 00:02:07,770
Roswell now he's brave the elements and

28
00:02:06,030 --> 00:02:09,689
travel the good distance today to be

29

00:02:07,769 --> 00:02:12,169
with us this evening so please give a

30
00:02:09,689 --> 00:02:15,490
warm sue phone welcome mr. Ben and enjoy

31
00:02:12,169 --> 00:02:15,489
[Applause]

32
00:02:18,019 --> 00:02:22,560
thank you very much ladies and gentlemen

33
00:02:20,489 --> 00:02:33,030
it's great to be back no it wasn't

34
00:02:22,560 --> 00:02:35,099
actually too bad but it's made to be

35
00:02:33,030 --> 00:02:37,439
back and it's great to be in this new

36
00:02:35,099 --> 00:02:46,109
venue old fancy being in that marquee

37
00:02:37,439 --> 00:02:47,759
this evening but this is me well it's my

38
00:02:46,110 --> 00:02:50,330
web site hospital porters against the

39
00:02:47,759 --> 00:02:54,449
new world order now in its 11th year and

40
00:02:50,330 --> 00:02:55,769
it is for basically covers the UFO

41
00:02:54,449 --> 00:02:58,129
subject but also lots of other things

42
00:02:55,769 --> 00:03:01,620
government cover-ups ghosts

43
00:02:58,129 --> 00:03:03,090

cryptozoology paranormal chemtrails

44

00:03:01,620 --> 00:03:05,430
hidden history

45

00:03:03,090 --> 00:03:08,009
the ology things like that so it's an

46

00:03:05,430 --> 00:03:10,650
awful lot there and there's no new site

47

00:03:08,009 --> 00:03:12,810
which update every day our videos I've

48

00:03:10,650 --> 00:03:15,450
got better channel I do I do my own

49

00:03:12,810 --> 00:03:28,019
radio shows as well some point said busy

50

00:03:15,449 --> 00:03:29,699
now expect no click or something yeah

51

00:03:28,019 --> 00:03:31,680
okay it's all over you guys if I just

52

00:03:29,699 --> 00:03:33,869
took if I do my whole speech now it's

53

00:03:31,680 --> 00:03:35,159
about an hour and a quarter is that okay

54

00:03:33,870 --> 00:03:37,409
with everyone and then I do all take

55

00:03:35,159 --> 00:03:43,289
questions and past the break it is to be

56

00:03:37,409 --> 00:03:45,840
shorter this time that's all okay well

57

00:03:43,289 --> 00:03:47,729
today I'm going to talk about the

58
00:03:45,840 --> 00:03:50,640
Nottingham show Roswell now you've heard

59
00:03:47,729 --> 00:03:53,939
the term lost world for many many times

60
00:03:50,639 --> 00:03:56,578
I'm sure but never associated with

61
00:03:53,939 --> 00:04:00,628
Nottingham sure now was well of course

62
00:03:56,579 --> 00:04:03,900
it's a place it's a city or it's a city

63
00:04:00,628 --> 00:04:08,429
or town it's called a city a New Mexico

64
00:04:03,900 --> 00:04:10,519
USA now in July of 1947 and something

65
00:04:08,430 --> 00:04:13,829
very strange happened and artifacts of

66
00:04:10,519 --> 00:04:15,150
extraterrestrial origin came to grief on

67
00:04:13,829 --> 00:04:17,069
the Earth's surface and was secretly

68
00:04:15,150 --> 00:04:18,389
salvaged by the government the

69
00:04:17,069 --> 00:04:19,769
government then put out a cover story

70
00:04:18,389 --> 00:04:22,860
and said it had been just a weather

71
00:04:19,769 --> 00:04:26,610
balloon they've changed their to several

72
00:04:22,860 --> 00:04:30,150
times over the last 70 years since then

73
00:04:26,610 --> 00:04:31,348
well that's true I mean they come up

74
00:04:30,149 --> 00:04:33,029
with all kinds of cock-and-bull stories

75
00:04:31,348 --> 00:04:35,219
and you name it they thought of it but

76
00:04:33,029 --> 00:04:36,418
they still deny that it was an

77
00:04:35,220 --> 00:04:37,860
extraterrestrial artifact this is

78
00:04:36,418 --> 00:04:41,399
something that it's just as they

79
00:04:37,860 --> 00:04:45,660
continue to this day and I'm glad to say

80
00:04:41,399 --> 00:04:47,569
that I actually am organized an event

81
00:04:45,660 --> 00:04:50,330
called Roswell 70 which is the only

82
00:04:47,569 --> 00:04:53,149
event marking the 70th anniversary of

83
00:04:50,329 --> 00:04:54,589
outside was while itself I was quite

84
00:04:53,149 --> 00:04:56,149
surprised that no one else was doing it

85
00:04:54,589 --> 00:04:57,348
home I wanted to I thought something's

86

00:04:56,149 --> 00:04:58,519
gonna do one in Britain so I'll go to

87
00:04:57,348 --> 00:05:01,038
that one I couldn't get over the Rose

88
00:04:58,519 --> 00:05:02,478
Bowl then I realize no one more so I

89
00:05:01,038 --> 00:05:06,110
thought what to do with that it's

90
00:05:02,478 --> 00:05:09,228
usually the story so it's 70 years ago

91
00:05:06,110 --> 00:05:10,729
that's right but and the Roswell of

92
00:05:09,228 --> 00:05:13,490
course is a name it's a name of the city

93
00:05:10,728 --> 00:05:16,779
but it's only a matter of time before

94
00:05:13,490 --> 00:05:20,629
the Oxford English Dictionary puts

95
00:05:16,779 --> 00:05:22,818
Roswell into its pages as common noun to

96
00:05:20,629 --> 00:05:25,968
refer to this kind of event it's an

97
00:05:22,819 --> 00:05:27,408
entire sector of ufology since high

98
00:05:25,968 --> 00:05:29,959
discipline if you follow gee the crash

99
00:05:27,408 --> 00:05:32,418
retrieval as it's sometimes called and

100
00:05:29,959 --> 00:05:34,459

indeed we and ufology already do that

101

00:05:32,418 --> 00:05:36,620

you hear terms such as the brazilian

102

00:05:34,459 --> 00:05:41,718

roswell so well as well the russian

103

00:05:36,620 --> 00:05:43,848

roswell what what is essentially simply

104

00:05:41,718 --> 00:05:45,769

a word which has now been used for this

105

00:05:43,848 --> 00:05:49,250

kind for this particular type of UFO

106

00:05:45,769 --> 00:05:51,378

event this where a large amount of very

107

00:05:49,250 --> 00:05:53,180

decisive physical evidence turns up on

108

00:05:51,379 --> 00:05:55,729

the earth's surface and is then covered

109

00:05:53,180 --> 00:05:59,000

up the government put a big cordon

110

00:05:55,728 --> 00:06:00,528

around it they get rid of evidence then

111

00:05:59,000 --> 00:06:04,610

they put out a cover story and they say

112

00:06:00,528 --> 00:06:06,918

nothing happens here move along the

113

00:06:04,610 --> 00:06:09,860

Roswell incident try 1947 is not the

114

00:06:06,918 --> 00:06:14,990

only one in fact it's not even the first

115
00:06:09,860 --> 00:06:16,218
next one place this is what you'll see

116
00:06:14,990 --> 00:06:18,019
if you google Roswell you'll see an

117
00:06:16,218 --> 00:06:20,959
image like this which shows a flying

118
00:06:18,019 --> 00:06:22,698
saucer and military around it examining

119
00:06:20,959 --> 00:06:25,370
it keeping people away keeping people on

120
00:06:22,699 --> 00:06:26,329
lookers the kind of people like me who

121
00:06:25,370 --> 00:06:29,019
are interested in these sort of things

122
00:06:26,329 --> 00:06:32,209
away from it all

123
00:06:29,019 --> 00:06:34,490
this is just one of many many occasions

124
00:06:32,209 --> 00:06:36,378
where this kind of thing has happened in

125
00:06:34,490 --> 00:06:39,319
fact Roswell was not even the first one

126
00:06:36,379 --> 00:06:41,389
there's distinct evidence to suggest to

127
00:06:39,319 --> 00:06:45,500
suggest that a similar event happened in

128
00:06:41,389 --> 00:06:50,090
Cape Girardeau Missouri USA in 1945 in

129
00:06:45,500 --> 00:06:51,379
gate said England in 1940 and indeed if

130
00:06:50,089 --> 00:06:53,448
you want to find a beginnings to all

131
00:06:51,379 --> 00:06:55,509
this there's a one in the late 19th

132
00:06:53,449 --> 00:06:57,949
century ain't no in 1897 happened in

133
00:06:55,509 --> 00:06:58,550
Aurora Texas these things don't only

134
00:06:57,949 --> 00:07:01,220
happen in the

135
00:06:58,550 --> 00:07:03,439
States of America it just status a place

136
00:07:01,220 --> 00:07:05,600
where they tend to be reported their

137
00:07:03,439 --> 00:07:07,219
most that's drink a lot of water

138
00:07:05,600 --> 00:07:14,410
I've got drawing lips at the moment of

139
00:07:07,220 --> 00:07:17,570
some reason now the next slide please

140
00:07:14,410 --> 00:07:20,870
it's a boy but yeah

141
00:07:17,569 --> 00:07:22,519
Ryan would called magic eyes only she

142
00:07:20,870 --> 00:07:24,649
Earth's encounters with extraterrestrial

143

00:07:22,519 --> 00:07:27,049
technology this is a book which

144
00:07:24,649 --> 00:07:29,659
documents the Roswell the crash

145
00:07:27,050 --> 00:07:33,470
retrieval events approved the course of

146
00:07:29,660 --> 00:07:35,750
the 20th century and indeed in this book

147
00:07:33,470 --> 00:07:38,600
you'll find over a hundred entries now

148
00:07:35,750 --> 00:07:39,920
that's an average of one per year of

149
00:07:38,600 --> 00:07:40,490
course not all of them are going to be

150
00:07:39,920 --> 00:07:43,430
the real thing

151
00:07:40,490 --> 00:07:45,680
yeah even if the half of them are even

152
00:07:43,430 --> 00:07:47,540
if a quarter of them are real it means

153
00:07:45,680 --> 00:07:49,850
that the crash retrieval is a regular

154
00:07:47,540 --> 00:07:52,010
event that happens quite often

155
00:07:49,850 --> 00:07:54,230
I mean why it happens I'm not sure but

156
00:07:52,009 --> 00:07:57,399
do the alien spacecraft breakdown are

157
00:07:54,230 --> 00:08:00,590

they shot down by people on earth

158

00:07:57,399 --> 00:08:03,139

perhaps some one of the theories is that

159

00:08:00,589 --> 00:08:05,509

the aliens put these refugees around

160

00:08:03,139 --> 00:08:08,360

deliberate for us to find whatever

161

00:08:05,509 --> 00:08:10,879

reason whatever the cause there's no

162

00:08:08,360 --> 00:08:12,710

guarantee some of these events true and

163

00:08:10,879 --> 00:08:17,110

which means the next one could be near

164

00:08:12,709 --> 00:08:19,909

where you are now next one please

165

00:08:17,110 --> 00:08:21,350

here's a good example of what I think

166

00:08:19,910 --> 00:08:23,750

he's very very interesting evidence this

167

00:08:21,350 --> 00:08:27,290

is a still from a video it's actually

168

00:08:23,750 --> 00:08:29,720

from a film a cine film that was bought

169

00:08:27,290 --> 00:08:32,240

on the black market in Russia a few

170

00:08:29,720 --> 00:08:33,920

years ago and it was actually put into a

171

00:08:32,240 --> 00:08:37,820

TV documentary called the Russian

172
00:08:33,919 --> 00:08:39,469
Roswell and Roger Moore presented it the

173
00:08:37,820 --> 00:08:41,600
guy over there James Bond it's very very

174
00:08:39,470 --> 00:08:43,580
good now you see here a disc-shaped

175
00:08:41,600 --> 00:08:45,889
object embedded in the ground there's

176
00:08:43,580 --> 00:08:47,480
some Red Army soldiers around it and

177
00:08:45,889 --> 00:08:49,899
they used to see us but I mean all the

178
00:08:47,480 --> 00:08:52,490
top seat I'm seeing later on in there

179
00:08:49,899 --> 00:08:53,750
this is all being currently actual film

180
00:08:52,490 --> 00:08:56,149
stock and everything has been confirmed

181
00:08:53,750 --> 00:08:57,559
as real experts have looked at it and

182
00:08:56,149 --> 00:08:58,970
they said the uniforms and the weapons

183
00:08:57,559 --> 00:09:00,259
and equipment are all real is what do

184
00:08:58,970 --> 00:09:02,870
you expect in the Soviet Union in the

185
00:09:00,259 --> 00:09:04,580
1960s so in other words everything

186
00:09:02,870 --> 00:09:04,940
that's wrong with that alien autopsy

187
00:09:04,580 --> 00:09:07,780
thing

188
00:09:04,940 --> 00:09:11,510
came out in 1995 he's right with this I

189
00:09:07,779 --> 00:09:13,819
can't I wondering if that may explain

190
00:09:11,509 --> 00:09:15,500
the presence of the alien autopsy film

191
00:09:13,820 --> 00:09:18,290
but that so that's another subject a big

192
00:09:15,500 --> 00:09:20,000
one but as you can see yeah this is

193
00:09:18,289 --> 00:09:21,409
something the this is something happens

194
00:09:20,000 --> 00:09:23,659
outside the United States of America

195
00:09:21,409 --> 00:09:26,240
this happens in all countries all over

196
00:09:23,659 --> 00:09:28,429
the world yes what's strange about this

197
00:09:26,240 --> 00:09:30,470
is that the response from the government

198
00:09:28,429 --> 00:09:33,199
in the Soviet Union in the 1960s at the

199
00:09:30,470 --> 00:09:37,279
height of the Cold War was pretty much

200

00:09:33,200 --> 00:09:40,910
the same as what you found in the United

201
00:09:37,279 --> 00:09:42,169
States of America and its allies there

202
00:09:40,909 --> 00:09:44,029
were several events like this in Russia

203
00:09:42,169 --> 00:09:46,429
actually so the Soviet Union was at its

204
00:09:44,029 --> 00:09:48,289
height was the largest nation on earth

205
00:09:46,429 --> 00:09:50,059
covered 1/6 of the land the Earth's

206
00:09:48,289 --> 00:09:53,059
landmasses probably received more than

207
00:09:50,059 --> 00:09:55,279
its fair share of traffic trebles BC

208
00:09:53,059 --> 00:09:57,319
exactly the same thing happening you see

209
00:09:55,279 --> 00:09:58,789
the gunmen will turn up there put

210
00:09:57,320 --> 00:09:59,629
Corden's around the area they'll keep

211
00:09:58,789 --> 00:10:00,769
people away

212
00:09:59,629 --> 00:10:03,559
they'll tell them it was a weather

213
00:10:00,769 --> 00:10:06,019
balloon or a helicopter crash or a test

214
00:10:03,559 --> 00:10:07,009

dummy or anything anything that anything

215

00:10:06,019 --> 00:10:09,500

they didn't think of they'd have put

216

00:10:07,009 --> 00:10:10,669

people's interest away who brought

217

00:10:09,500 --> 00:10:14,200

people's interest away from this

218

00:10:10,669 --> 00:10:17,089

particular event now during the Cold War

219

00:10:14,200 --> 00:10:19,460

and nominally the United States of

220

00:10:17,090 --> 00:10:20,960

America and the Soviet Union were at

221

00:10:19,460 --> 00:10:22,970

loggerheads there were enemies in the

222

00:10:20,960 --> 00:10:26,570

Cold War they were on opposite sides of

223

00:10:22,970 --> 00:10:29,480

his conflict yes the same thing was done

224

00:10:26,570 --> 00:10:31,820

when this particular crash retrieval

225

00:10:29,480 --> 00:10:35,240

event happened and what's more you'll

226

00:10:31,820 --> 00:10:38,120

find the saving happening in all other

227

00:10:35,240 --> 00:10:41,480

countries where crash retrievals take

228

00:10:38,120 --> 00:10:44,210

place it is as if some global policy

229
00:10:41,480 --> 00:10:46,220
have been instituted for dealing with

230
00:10:44,210 --> 00:10:50,300
these things with all sovereign states

231
00:10:46,220 --> 00:10:53,210
of the world obey very very good

232
00:10:50,299 --> 00:10:56,449
question why why and how are the first

233
00:10:53,210 --> 00:10:58,460
questions that come to mind then anyone

234
00:10:56,450 --> 00:11:00,860
has that's a big subject and as Ronnie

235
00:10:58,460 --> 00:11:02,050
corporate would say on with a joke next

236
00:11:00,860 --> 00:11:04,159
one please

237
00:11:02,049 --> 00:11:06,740
now the event London talked about

238
00:11:04,159 --> 00:11:09,379
sealing was reported in this magazine

239
00:11:06,740 --> 00:11:11,960
how many of you read Nexis must be some

240
00:11:09,379 --> 00:11:13,759
of you yeah it's a it's a great magazine

241
00:11:11,960 --> 00:11:15,139
it's just exactly the kind of magazine

242
00:11:13,759 --> 00:11:16,309
for people with people like us with all

243

00:11:15,139 --> 00:11:17,399

kinds of interests it's based in

244

00:11:16,309 --> 00:11:19,709

Australia

245

00:11:17,399 --> 00:11:21,799

it's been run instance the 80s and I'm a

246

00:11:19,710 --> 00:11:26,070

regular subscriber I get it delivered

247

00:11:21,799 --> 00:11:28,229

this is volume 4 number 6 issue 6 and it

248

00:11:26,070 --> 00:11:30,420

was issued this came out in I think was

249

00:11:28,230 --> 00:11:33,870

the channel if every version jan for

250

00:11:30,419 --> 00:11:36,120

every issue of 1997 and it referred to

251

00:11:33,870 --> 00:11:39,179

an event that happened 10 years earlier

252

00:11:36,120 --> 00:11:40,679

in 1987 and there's not a culinary

253

00:11:39,179 --> 00:11:43,319

authored by an Australian researcher

254

00:11:40,679 --> 00:11:45,120

called Harry Mason and he refers to an

255

00:11:43,320 --> 00:11:46,860

event she calls the Mansfield incident

256

00:11:45,120 --> 00:11:48,779

I'm going to call it the Notting Hill

257

00:11:46,860 --> 00:11:52,200
Roswell because I think it deserves it

258
00:11:48,779 --> 00:11:54,419
that's a better name for it but this was

259
00:11:52,200 --> 00:11:55,650
reported to him by some guy called John

260
00:11:54,419 --> 00:11:58,709
King who you might know he's only

261
00:11:55,649 --> 00:12:00,389
someone I know I said he used to run he

262
00:11:58,710 --> 00:12:02,580
used to run a magazine called him Sky

263
00:12:00,389 --> 00:12:05,220
Watch he wasn't there it was a first

264
00:12:02,580 --> 00:12:09,660
generation internet magazine a magazine

265
00:12:05,220 --> 00:12:11,519
easy and it was all about your thirst he

266
00:12:09,659 --> 00:12:13,529
got his story from some of what Ashley

267
00:12:11,519 --> 00:12:16,019
Wray who has been confirmed as a real

268
00:12:13,529 --> 00:12:18,299
person and what's more I know where

269
00:12:16,019 --> 00:12:20,189
actually ride got his information from

270
00:12:18,299 --> 00:12:22,079
and this is something I discovered

271
00:12:20,190 --> 00:12:25,170

exclusively when I started investigating

272

00:12:22,080 --> 00:12:28,520

this particular event but certainly

273

00:12:25,169 --> 00:12:32,939

talks about something which happened on

274

00:12:28,519 --> 00:12:35,399

on a cold autumnal night on the 12th of

275

00:12:32,940 --> 00:12:36,570

November 1987 it was a thirsty night he

276

00:12:35,399 --> 00:12:38,189

was the early hours of the morning this

277

00:12:36,570 --> 00:12:40,440

was about half past 1:00 in the morning

278

00:12:38,190 --> 00:12:42,810

are people people even better they were

279

00:12:40,440 --> 00:12:43,980

watching late night TV which there was a

280

00:12:42,809 --> 00:12:45,929

film on called the Battle of Britain

281

00:12:43,980 --> 00:12:46,740

which is all about and bombs being jobs

282

00:12:45,929 --> 00:12:48,919

and things like that which is very

283

00:12:46,740 --> 00:12:52,250

ironic considering what happened next

284

00:12:48,919 --> 00:12:52,250

next one please

285

00:12:54,110 --> 00:13:00,050

just imagine that you see this is the

286
00:12:56,460 --> 00:13:02,820
this is a kind of scene big for you

287
00:13:00,049 --> 00:13:04,829
where this really strange event replaces

288
00:13:02,820 --> 00:13:07,500
an ordinary Street in the English

289
00:13:04,830 --> 00:13:10,800
Midlands and of course it's all three

290
00:13:07,500 --> 00:13:12,779
places where UFO events do happen it's

291
00:13:10,799 --> 00:13:17,189
not always it's not always strange

292
00:13:12,779 --> 00:13:18,689
military bases and with weird exotic

293
00:13:17,190 --> 00:13:19,170
desert locations it's right on our

294
00:13:18,690 --> 00:13:20,670
doorstep

295
00:13:19,169 --> 00:13:24,059
as you guys know here because you've

296
00:13:20,669 --> 00:13:25,679
been researching them so what happened

297
00:13:24,059 --> 00:13:27,959
was there was a large explosion at a

298
00:13:25,679 --> 00:13:30,089
large bang a huge explosion coming from

299
00:13:27,960 --> 00:13:30,450
the sky people thought it was thunder at

300
00:13:30,090 --> 00:13:32,490
first

301
00:13:30,450 --> 00:13:34,350
because that's simply what our memory

302
00:13:32,490 --> 00:13:35,940
the first thing I memory latches onto

303
00:13:34,350 --> 00:13:38,220
they thought it was either thunder it

304
00:13:35,940 --> 00:13:40,380
was a low-flying aircraft but it was

305
00:13:38,220 --> 00:13:41,190
much too loud and what's more there was

306
00:13:40,379 --> 00:13:43,759
a shockwave

307
00:13:41,190 --> 00:13:48,440
there was a shockwave that did damage

308
00:13:43,759 --> 00:13:51,319
considerable damage to a large number of

309
00:13:48,440 --> 00:13:53,580
premises in a lot in a very very wide

310
00:13:51,320 --> 00:13:56,790
reaching air in areas several miles

311
00:13:53,580 --> 00:13:59,310
across was affected by this tiles fell

312
00:13:56,789 --> 00:14:00,929
off roofs windows smashed what setting

313
00:13:59,309 --> 00:14:03,679
one case of wall fell down when a house

314

00:14:00,929 --> 00:14:06,029
was actually really really badly damaged

315
00:14:03,679 --> 00:14:07,589
nobody was killed or injured as far as I

316
00:14:06,029 --> 00:14:10,980
know which is pretty miraculous because

317
00:14:07,590 --> 00:14:13,230
this is there was a very very powerful

318
00:14:10,980 --> 00:14:14,490
shockwave indeed it also did damage

319
00:14:13,230 --> 00:14:17,279
their local infrastructure of

320
00:14:14,490 --> 00:14:19,350
electricity was off for a week at least

321
00:14:17,279 --> 00:14:21,509
I know because from talking to several

322
00:14:19,350 --> 00:14:23,460
people in the area I used to have a

323
00:14:21,509 --> 00:14:25,200
partner who lived in this area so when

324
00:14:23,460 --> 00:14:27,180
when I used to go and see her I had a

325
00:14:25,200 --> 00:14:29,310
base of operations which is how I was in

326
00:14:27,179 --> 00:14:32,309
very very good position to actually

327
00:14:29,309 --> 00:14:33,569
research this particular subject no one

328
00:14:32,309 --> 00:14:35,579

was killed or injured as far as I know

329

00:14:33,570 --> 00:14:41,910

but large amounts of damage to property

330

00:14:35,580 --> 00:14:43,620

was done if at one of the witnesses one

331

00:14:41,909 --> 00:14:45,259

of the most one of most interesting

332

00:14:43,620 --> 00:14:47,610

witnesses is a man who runs a local

333

00:14:45,259 --> 00:14:51,419

insurance brokerage firm because he was

334

00:14:47,610 --> 00:14:55,440

inundated with claims another witness

335

00:14:51,419 --> 00:14:57,029

was a TV and video repairman and he was

336

00:14:55,440 --> 00:14:59,220

the reason he was inundated with

337

00:14:57,029 --> 00:15:00,209

requests for how it was because along

338

00:14:59,220 --> 00:15:03,029

with the explosion there was an

339

00:15:00,210 --> 00:15:04,290

electromagnetic pulse this is something

340

00:15:03,029 --> 00:15:06,059

which often happens junit which happens

341

00:15:04,289 --> 00:15:08,009

in a nuclear explosion very very

342

00:15:06,059 --> 00:15:10,079

powerful X electromagnetic field is

343
00:15:08,009 --> 00:15:12,539
generated very short live very very

344
00:15:10,080 --> 00:15:16,080
intense which can do damage to

345
00:15:12,539 --> 00:15:17,819
electrical circuits and a large number

346
00:15:16,080 --> 00:15:19,320
of televisions were broken video

347
00:15:17,820 --> 00:15:22,320
cassette recorders were broken things

348
00:15:19,320 --> 00:15:23,820
and have DVDs in those days and this guy

349
00:15:22,320 --> 00:15:25,080
was basically rushed off his feet with

350
00:15:23,820 --> 00:15:27,390
people turning up at the shop and

351
00:15:25,080 --> 00:15:28,710
they're with their Duff pieces of

352
00:15:27,389 --> 00:15:32,789
equipment that's caused by

353
00:15:28,710 --> 00:15:34,259
electromagnetic pulses now one of the

354
00:15:32,789 --> 00:15:36,839
things that could be it could what if it

355
00:15:34,259 --> 00:15:38,730
was a nuclear explosion it's unlikely

356
00:15:36,840 --> 00:15:40,019
because there was no heat effects

357
00:15:38,730 --> 00:15:42,000
because the nuclear exposure doesn't

358
00:15:40,019 --> 00:15:43,828
like on our ban you do get the magnet

359
00:15:42,000 --> 00:15:46,828
electromagnetic pulse be also going to

360
00:15:43,828 --> 00:15:49,318
eat flash which starts fires and burns

361
00:15:46,828 --> 00:15:50,729
things like that and that wasn't

362
00:15:49,318 --> 00:15:52,639
reported there's no sign of any heat

363
00:15:50,730 --> 00:15:55,289
effect from this event

364
00:15:52,639 --> 00:15:57,299
it's just a noise shockwave

365
00:15:55,289 --> 00:16:01,849
electromagnetic pulse and next one

366
00:15:57,299 --> 00:16:03,958
please right now this is what people

367
00:16:01,850 --> 00:16:06,930
reported seeing as people rushed out

368
00:16:03,958 --> 00:16:08,369
into the street to see what was going on

369
00:16:06,929 --> 00:16:11,008
they looked up and they saw lights they

370
00:16:08,370 --> 00:16:13,438
saw zigzagging lights crossing the sky

371

00:16:11,009 --> 00:16:15,930
more than one we're not sure exactly how

372
00:16:13,438 --> 00:16:18,299
many we're course very large number of

373
00:16:15,929 --> 00:16:22,318
zigzagging lights go backwards and

374
00:16:18,299 --> 00:16:23,909
forwards all around the place somewhat

375
00:16:22,318 --> 00:16:25,259
brighter someone darker some of them are

376
00:16:23,909 --> 00:16:27,149
making strange noises some people

377
00:16:25,259 --> 00:16:31,528
reported hearing strange humming noises

378
00:16:27,149 --> 00:16:34,110
from them how the next one is going now

379
00:16:31,528 --> 00:16:35,309
this is the basic area what we're

380
00:16:34,110 --> 00:16:36,839
talking about this is the area the

381
00:16:35,309 --> 00:16:38,758
general area that was affected by the

382
00:16:36,839 --> 00:16:40,860
shock wave an electromagnetic pulse the

383
00:16:38,759 --> 00:16:43,110
sound was heard over much wider area

384
00:16:40,860 --> 00:16:45,149
because it was so loud but this is the

385
00:16:43,110 --> 00:16:47,068

era basically where the worst kinds of

386

00:16:45,149 --> 00:16:49,139

effect was this is a very very large

387

00:16:47,068 --> 00:16:52,198

area this is a several dozen square

388

00:16:49,139 --> 00:16:53,730

miles 11,000 people lived here in 1987

389

00:16:52,198 --> 00:16:56,448

this is part of what's called the

390

00:16:53,730 --> 00:16:58,740

knotting and conurbation although that

391

00:16:56,448 --> 00:17:00,688

that term wasn't used in those days

392

00:16:58,740 --> 00:17:02,188

they're not even conurbation refers to

393

00:17:00,688 --> 00:17:05,220

the city of Nottingham to the South here

394

00:17:02,188 --> 00:17:08,818

and the various large towns mostly to

395

00:17:05,220 --> 00:17:11,970

the north of the city which the north of

396

00:17:08,818 --> 00:17:15,088

city is a patchwork of woodland arable

397

00:17:11,970 --> 00:17:16,860

farmland pasture and large towns such as

398

00:17:15,088 --> 00:17:18,359

here we have Mansfield and Sutton the

399

00:17:16,859 --> 00:17:22,558

Nashville Kirby in Ashfield normal

400
00:17:18,359 --> 00:17:23,729
Turner lineThe Ravens head etc etc the

401
00:17:22,558 --> 00:17:31,079
area in the middle of this is called the

402
00:17:23,730 --> 00:17:36,630
Miss kills it's a beauty spot happens in

403
00:17:31,079 --> 00:17:38,579
this particular case now the the light

404
00:17:36,630 --> 00:17:39,960
first seen in this area here to the

405
00:17:38,579 --> 00:17:41,609
north and the Northeast these lights

406
00:17:39,960 --> 00:17:44,460
traveled in a distinct direction from

407
00:17:41,609 --> 00:17:46,319
northeast to southwest beginning here in

408
00:17:44,460 --> 00:17:47,880
this area here in Mansfield and to the

409
00:17:46,319 --> 00:17:50,579
eastern is a big green blob at Sherwood

410
00:17:47,880 --> 00:17:51,960
Forest of Robin Hood fame these lights

411
00:17:50,579 --> 00:17:55,329
appear over Sherwood Forest and

412
00:17:51,960 --> 00:17:57,220
Mansfield and traveled south westerly

413
00:17:55,329 --> 00:18:01,210
across this district the subtlest this

414
00:17:57,220 --> 00:18:02,799
and Asheville district here now one now

415
00:18:01,210 --> 00:18:04,950
this is important this is what's it

416
00:18:02,799 --> 00:18:07,419
where it gets interesting

417
00:18:04,950 --> 00:18:09,730
something came down an object a large

418
00:18:07,420 --> 00:18:12,460
object probably sixty feet or so across

419
00:18:09,730 --> 00:18:15,640
Harry makes and records actually touch

420
00:18:12,460 --> 00:18:17,710
down on the earth twice it landed got

421
00:18:15,640 --> 00:18:21,580
back up into the air and it landed again

422
00:18:17,710 --> 00:18:23,920
and stayed landed he Harry Mason refers

423
00:18:21,579 --> 00:18:25,419
to the first incident as a bounce he

424
00:18:23,920 --> 00:18:27,910
said it bounced it hit the ground and

425
00:18:25,420 --> 00:18:29,500
bounced up into the air again it landed

426
00:18:27,910 --> 00:18:31,150
in a place called thieves would which is

427
00:18:29,500 --> 00:18:34,839
just south of Mansfield that green spot

428

00:18:31,150 --> 00:18:37,450
just south of Mansfield and that's

429
00:18:34,839 --> 00:18:39,359
that's where we're gonna go next so next

430
00:18:37,450 --> 00:18:42,210
slide please

431
00:18:39,359 --> 00:18:44,769
now what happened was are in that area

432
00:18:42,210 --> 00:18:46,600
now this is very very this is another

433
00:18:44,769 --> 00:18:49,450
interesting factor which ties in with

434
00:18:46,599 --> 00:18:50,649
some other other UFO events which I'm

435
00:18:49,450 --> 00:18:53,130
going to talk about later including the

436
00:18:50,650 --> 00:18:56,140
very very well-known case here in Wales

437
00:18:53,130 --> 00:18:59,200
by 2:15 in the morning there were

438
00:18:56,140 --> 00:19:01,240
helicopters overhead large military

439
00:18:59,200 --> 00:19:03,400
helicopters including h-dog which is a

440
00:19:01,240 --> 00:19:04,539
transport aircraft with twin rotor

441
00:19:03,400 --> 00:19:06,040
blades it's very very easily

442
00:19:04,539 --> 00:19:07,869

recognizable it's got twin rotor blades

443

00:19:06,039 --> 00:19:12,069

one in tandem one at the front one on

444

00:19:07,869 --> 00:19:14,079

the back and these were flying over this

445

00:19:12,069 --> 00:19:15,399

area shining lights at the round the

446

00:19:14,079 --> 00:19:17,859

same way that police helicopters do

447

00:19:15,400 --> 00:19:21,460

nowadays although those weren't knew so

448

00:19:17,859 --> 00:19:23,019

much in 1987 and this went on for quite

449

00:19:21,460 --> 00:19:24,160

a long time they were shiny lights down

450

00:19:23,019 --> 00:19:26,289

on the ground as if looking for

451

00:19:24,160 --> 00:19:29,440

something they were looking for

452

00:19:26,289 --> 00:19:31,690

something this is so very intriguing

453

00:19:29,440 --> 00:19:33,220

because I was certain one of the

454

00:19:31,690 --> 00:19:36,039

researchers who actually looked into

455

00:19:33,220 --> 00:19:38,910

this he found out that these aircraft

456

00:19:36,039 --> 00:19:41,980

were deployed from re RAF Cranwell an

457
00:19:38,910 --> 00:19:44,860
RAF Coningsby and RAF Cranwell is now

458
00:19:41,980 --> 00:19:47,259
defunct he's shut down but these were

459
00:19:44,859 --> 00:19:51,279
not part of the normal fleet that were

460
00:19:47,259 --> 00:19:52,960
based as those airfields and also the

461
00:19:51,279 --> 00:19:54,849
fact that they they responded so quickly

462
00:19:52,960 --> 00:19:57,400
means that these forces were deployed

463
00:19:54,849 --> 00:20:00,669
forward into the area by the

464
00:19:57,400 --> 00:20:04,210
government's deliberately before the

465
00:20:00,670 --> 00:20:05,808
explosion and the crash which means that

466
00:20:04,210 --> 00:20:07,278
the government had

467
00:20:05,808 --> 00:20:08,778
kind of foreknowledge they didn't know

468
00:20:07,278 --> 00:20:10,339
exactly where this was going to happen

469
00:20:08,778 --> 00:20:11,960
otherwise they could just stationed the

470
00:20:10,339 --> 00:20:13,848
troops underneath it and wait for it

471
00:20:11,960 --> 00:20:15,379
happen but they knew within a rough area

472
00:20:13,848 --> 00:20:16,968
where this was going to happen

473
00:20:15,378 --> 00:20:19,069
rather you know within they were

474
00:20:16,969 --> 00:20:21,499
accurate enough to really get some

475
00:20:19,069 --> 00:20:25,489
forces on the ground in that area and

476
00:20:21,499 --> 00:20:27,798
also the aircraft searching in that area

477
00:20:25,489 --> 00:20:28,788
ready to respond when the event happened

478
00:20:27,798 --> 00:20:31,028
because they couldn't respond to this

479
00:20:28,788 --> 00:20:33,169
quickly otherwise history 45 minutes

480
00:20:31,028 --> 00:20:36,159
they could have responded as quickly if

481
00:20:33,169 --> 00:20:38,119
they hadn't had some kind foreknowledge

482
00:20:36,159 --> 00:20:41,690
so couldn't have the next one

483
00:20:38,118 --> 00:20:44,358
police said like so will be the first

484
00:20:41,690 --> 00:20:47,149
thing my researcher for my research of

485

00:20:44,358 --> 00:20:48,499
friends actually tried to do was they

486
00:20:47,148 --> 00:20:50,478
wanted to they wanted to find out

487
00:20:48,499 --> 00:20:54,200
what whether this was reported in the

488
00:20:50,479 --> 00:20:55,879
papers and they and some this guy I

489
00:20:54,200 --> 00:21:00,080
don't know introduce you to him it in a

490
00:20:55,878 --> 00:21:02,509
minute but he he decided to look into

491
00:21:00,079 --> 00:21:04,189
the newspaper archives and not all of

492
00:21:02,509 --> 00:21:05,960
them were online you actually go to the

493
00:21:04,190 --> 00:21:07,369
newspaper office and look for them on

494
00:21:05,960 --> 00:21:10,069
microfiche and he did he couldn't

495
00:21:07,368 --> 00:21:12,019
actually see any reference to this event

496
00:21:10,069 --> 00:21:13,908
anywhere in the papers however we know

497
00:21:12,019 --> 00:21:15,950
it wasn't it turns out that it was

498
00:21:13,909 --> 00:21:18,609
reported but for some reasons missing

499
00:21:15,950 --> 00:21:18,609

from the archives

500

00:21:19,509 --> 00:21:26,239

no because the Ministry of Defense UFO

501

00:21:23,028 --> 00:21:28,788

desk made a record of it thanks and

502

00:21:26,239 --> 00:21:30,829

thanks to Nick Pope god bless him what

503

00:21:28,788 --> 00:21:33,169

would we do without Nick Pope heinous

504

00:21:30,829 --> 00:21:35,388

this is now coming up this is an article

505

00:21:33,169 --> 00:21:37,519

on the online edition of the Nottingham

506

00:21:35,388 --> 00:21:39,888

Post which is the principal local

507

00:21:37,519 --> 00:21:42,679

newspaper and it goes do aliens exist

508

00:21:39,888 --> 00:21:44,959

and if so have they visited Mansfield

509

00:21:42,679 --> 00:21:47,659

this was from August 2010

510

00:21:44,960 --> 00:21:49,700

either way newly released government

511

00:21:47,659 --> 00:21:51,859

reports make an interesting read the

512

00:21:49,700 --> 00:21:53,058

National Archive is releasing thousands

513

00:21:51,858 --> 00:21:55,210

of pages of previously classified

514
00:21:53,058 --> 00:21:58,098
Ministry of Defense documents today

515
00:21:55,210 --> 00:22:01,009
relating to a may or may not be out

516
00:21:58,098 --> 00:22:02,989
there these newly released files showed

517
00:22:01,009 --> 00:22:05,088
no lot new lights on any of that they do

518
00:22:02,989 --> 00:22:08,298
however reveal a high degree of interest

519
00:22:05,088 --> 00:22:10,579
in a 1987 incident in the terms of

520
00:22:08,298 --> 00:22:12,259
Nottingham sure revelations the files

521
00:22:10,579 --> 00:22:14,088
highlight the persistent efforts and

522
00:22:12,259 --> 00:22:15,919
meticulous notes on another person for

523
00:22:14,088 --> 00:22:17,200
organisation in finding out what really

524
00:22:15,919 --> 00:22:20,310
happened Salim

525
00:22:17,200 --> 00:22:22,710
in the early hours of November 12 1987

526
00:22:20,309 --> 00:22:25,149
according to the letter sent to the mot

527
00:22:22,710 --> 00:22:26,920
person learned of the event in the

528
00:22:25,150 --> 00:22:28,570
magazine UFO reality the letter writer

529
00:22:26,920 --> 00:22:30,850
explained that he or she had my doubts

530
00:22:28,569 --> 00:22:32,500
after reading the article but ignoring

531
00:22:30,849 --> 00:22:34,389
the poor report would do no good

532
00:22:32,500 --> 00:22:36,160
they then wrote to the editor of UFO

533
00:22:34,390 --> 00:22:38,650
reality with a few background details on

534
00:22:36,160 --> 00:22:40,960
my past work in ufology that sir nick

535
00:22:38,650 --> 00:22:43,120
pope and expressing an interest in the

536
00:22:40,960 --> 00:22:45,130
mansfield crash now you might say that

537
00:22:43,119 --> 00:22:48,279
this person simply got the idea because

538
00:22:45,130 --> 00:22:49,570
they saw in UFO reality they didn't

539
00:22:48,279 --> 00:22:52,869
relate to any real event that happened

540
00:22:49,569 --> 00:22:55,059
but that's actually not the case because

541
00:22:52,869 --> 00:22:56,949
there are several people in the local

542

00:22:55,059 --> 00:22:59,039
area who remember it at the next line

543
00:22:56,950 --> 00:23:01,600
placer

544
00:22:59,039 --> 00:23:03,879
now this is thieves would this is what

545
00:23:01,599 --> 00:23:06,369
this is the area where the bounce

546
00:23:03,880 --> 00:23:08,620
happened the first touchdown of an

547
00:23:06,369 --> 00:23:11,259
object Harry makes the Meccans of a 60

548
00:23:08,619 --> 00:23:14,409
feet across it's hard to be certain but

549
00:23:11,259 --> 00:23:17,319
we know that it did leave some residual

550
00:23:14,410 --> 00:23:21,310
impressions on the landscape which he

551
00:23:17,319 --> 00:23:22,539
estimates from that and this is the area

552
00:23:21,309 --> 00:23:24,339
where it happened this is the air or how

553
00:23:22,539 --> 00:23:25,569
thieves well this is a closer image of

554
00:23:24,339 --> 00:23:28,359
thieves wood which is just south of

555
00:23:25,569 --> 00:23:32,970
Mansfield the road up the middle there

556
00:23:28,359 --> 00:23:34,809

is the is the a 60 this is the main

557

00:23:32,970 --> 00:23:36,819

thoroughfare between Nottingham and

558

00:23:34,809 --> 00:23:39,909

Mansfield the two largest towns in

559

00:23:36,819 --> 00:23:41,379

Nottingham shifts now and this is really

560

00:23:39,910 --> 00:23:44,350

interesting because I actually decided

561

00:23:41,380 --> 00:23:46,690

to look into this I decided I'd take a

562

00:23:44,349 --> 00:23:49,539

particulate look around and so I

563

00:23:46,690 --> 00:23:51,009

contacted someone a friend of mine

564

00:23:49,539 --> 00:23:53,109

Michael Daniel Bostock who actually

565

00:23:51,009 --> 00:23:54,430

lives in Kirby in Asheville which is one

566

00:23:53,109 --> 00:23:56,889

of these towns in the Nottingham

567

00:23:54,430 --> 00:23:58,960

conurbation and he told me he knew all

568

00:23:56,890 --> 00:24:01,180

about it he knew but not if she was what

569

00:23:58,960 --> 00:24:02,860

he remembers some of the effects he

570

00:24:01,180 --> 00:24:06,910

remembers because he was a teenager at

571
00:24:02,859 --> 00:24:09,250
the time but he remembers having to get

572
00:24:06,910 --> 00:24:12,009
water from Bowser's because the water

573
00:24:09,250 --> 00:24:14,950
pipes were broken by the shock wave he

574
00:24:12,009 --> 00:24:17,349
remembers doing now he said that they

575
00:24:14,950 --> 00:24:19,000
brought big tanks of water on wheels

576
00:24:17,349 --> 00:24:21,519
just like I did during the great drought

577
00:24:19,000 --> 00:24:24,660
of 1976 so the people could actually

578
00:24:21,519 --> 00:24:26,889
drink and they brought these in and

579
00:24:24,660 --> 00:24:28,810
that's how people have water from while

580
00:24:26,890 --> 00:24:30,080
the electricity was off as well it's

581
00:24:28,809 --> 00:24:32,389
quite cold and

582
00:24:30,079 --> 00:24:34,240
he said was you remember rapping on how

583
00:24:32,390 --> 00:24:36,470
to wrap up very warm because of the cold

584
00:24:34,240 --> 00:24:39,319
what was happening at the time and the

585
00:24:36,470 --> 00:24:41,509
heating was all off so I got in touch

586
00:24:39,319 --> 00:24:44,298
with Daniel and he and I took a little

587
00:24:41,509 --> 00:24:46,940
trip we drove up to the top left-hand

588
00:24:44,298 --> 00:24:48,769
corner this is where he thought this is

589
00:24:46,940 --> 00:24:50,990
where he said this is the place where

590
00:24:48,769 --> 00:24:52,759
they'll happen because it was a big fire

591
00:24:50,990 --> 00:24:55,849
there is this craft that came down call

592
00:24:52,759 --> 00:24:57,319
it's a big fire don't we did was we part

593
00:24:55,849 --> 00:25:00,798
of the top that we now there's a little

594
00:24:57,319 --> 00:25:04,460
road leads along to the west from the

595
00:25:00,798 --> 00:25:05,869
main road the a 16 and you see the patch

596
00:25:04,460 --> 00:25:08,298
of woodland there which is a bit

597
00:25:05,869 --> 00:25:11,658
threadbare in places we walked along

598
00:25:08,298 --> 00:25:13,308
there and we knocked on a few doors on

599

00:25:11,659 --> 00:25:15,679
the other just asking - so there's a few

600
00:25:13,308 --> 00:25:17,329
houses there just asking people to ask

601
00:25:15,679 --> 00:25:18,380
people whether they remembered anything

602
00:25:17,329 --> 00:25:20,808
but they've been in the area at the time

603
00:25:18,380 --> 00:25:21,860
only one person asked it and they said

604
00:25:20,808 --> 00:25:23,418
they didn't remember anything of the

605
00:25:21,859 --> 00:25:25,908
type even though they had been in that

606
00:25:23,419 --> 00:25:28,250
area at a time so it was no luck there

607
00:25:25,909 --> 00:25:32,149
but we want to be further along on the

608
00:25:28,250 --> 00:25:35,450
next slide please point and we came

609
00:25:32,148 --> 00:25:37,939
across a patch of deforested land there

610
00:25:35,450 --> 00:25:40,278
were some tree stumps logs lying around

611
00:25:37,940 --> 00:25:44,419
rotten logs and this particular stump

612
00:25:40,278 --> 00:25:46,429
here is about 12 feet high and it is its

613
00:25:44,419 --> 00:25:49,340

scourge its blackened it appears to

614

00:25:46,429 --> 00:25:51,139
happen to be affected by heat now

615

00:25:49,339 --> 00:25:52,579
there's many many caused things that

616

00:25:51,138 --> 00:25:55,189
could have caused that because lit

617

00:25:52,579 --> 00:25:56,619
forest fire and of course this kind of

618

00:25:55,190 --> 00:25:58,970
damage I'm not saying that this

619

00:25:56,619 --> 00:26:04,939
particularly was that was caused by this

620

00:25:58,970 --> 00:26:06,259
UFO event but it's um it was interesting

621

00:26:04,940 --> 00:26:08,690
to us at the time I made a little video

622

00:26:06,259 --> 00:26:11,679
at the time which is not one of my best

623

00:26:08,690 --> 00:26:14,450
- technically but I did upload it and

624

00:26:11,679 --> 00:26:16,250
put it together just to show this

625

00:26:14,450 --> 00:26:17,840
evidence we just walked up when we found

626

00:26:16,250 --> 00:26:19,579
this little patch here I counted the

627

00:26:17,839 --> 00:26:22,278
rings on some of the stumps and they

628
00:26:19,579 --> 00:26:24,589
were like 67 years 70 years 90 years

629
00:26:22,278 --> 00:26:26,659
they were quite old trees which means

630
00:26:24,589 --> 00:26:28,339
they would have been there when this

631
00:26:26,659 --> 00:26:30,320
event happened in 1987 what's more

632
00:26:28,339 --> 00:26:32,209
judging by the size of this dump I can't

633
00:26:30,319 --> 00:26:33,609
account any rings on this but judging by

634
00:26:32,210 --> 00:26:36,590
the size of it it must have been there

635
00:26:33,609 --> 00:26:38,808
when it must have been a living tree or

636
00:26:36,589 --> 00:26:40,730
must have been around when this

637
00:26:38,808 --> 00:26:43,500
particular event

638
00:26:40,730 --> 00:26:47,430
so what happened was after that I

639
00:26:43,500 --> 00:26:51,869
uploaded the video to YouTube and then

640
00:26:47,430 --> 00:26:53,370
was contacted by a local researchers I

641
00:26:51,869 --> 00:26:54,509
was contacted by a guy called Nigel he

642
00:26:53,369 --> 00:26:57,329
just called himself Nigel in the

643
00:26:54,509 --> 00:26:59,400
comments box has been email me you were

644
00:26:57,329 --> 00:27:02,939
looking in the wrong place I know where

645
00:26:59,400 --> 00:27:05,009
the UFO came down that's all right

646
00:27:02,940 --> 00:27:08,640
shrieks or email this guy and I got to I

647
00:27:05,009 --> 00:27:09,900
got talking to a man's own well um a lot

648
00:27:08,640 --> 00:27:13,410
what happened from them next slide

649
00:27:09,900 --> 00:27:15,930
please one this is the chapel talk about

650
00:27:13,410 --> 00:27:18,450
Nigel Crowley his name is he's a local

651
00:27:15,930 --> 00:27:20,759
man lives in Ravens head within that

652
00:27:18,450 --> 00:27:21,990
area we're just talking about and he was

653
00:27:20,759 --> 00:27:23,940
very very happy to me have a long

654
00:27:21,990 --> 00:27:26,579
conversation with him and what's more

655
00:27:23,940 --> 00:27:29,250
I've made a follow-up video featuring

656

00:27:26,579 --> 00:27:31,919
Nigel and Dan where we actually take a

657
00:27:29,250 --> 00:27:33,569
trip into these woods why I believe what

658
00:27:31,920 --> 00:27:35,490
Nigel believed from my belief having

659
00:27:33,569 --> 00:27:37,740
lots of the evidence is there a correct

660
00:27:35,490 --> 00:27:40,799
location for where the object came down

661
00:27:37,740 --> 00:27:44,720
and bounced and how nice was intriguing

662
00:27:40,799 --> 00:27:49,470
kind of person he's a bit like war would

663
00:27:44,720 --> 00:27:52,650
call a keep a folk history now we all

664
00:27:49,470 --> 00:27:54,029
know about history about how some things

665
00:27:52,650 --> 00:27:56,400
in history not true like the Roswell

666
00:27:54,029 --> 00:27:58,700
incident was a weather balloon and John

667
00:27:56,400 --> 00:28:02,250
F Kennedy was shot by a lone nut case

668
00:27:58,700 --> 00:28:04,380
setter etcetera but the keepers of

669
00:28:02,250 --> 00:28:06,420
unofficial history I think are far more

670
00:28:04,380 --> 00:28:08,400

important than this I'll give you them

671

00:28:06,420 --> 00:28:10,110

I'll just give you a little brief this

672

00:28:08,400 --> 00:28:11,880

little brief interlude here we're on

673

00:28:10,109 --> 00:28:14,549

let's explain what I mean another next

674

00:28:11,880 --> 00:28:17,790

one please Mike how many people you have

675

00:28:14,549 --> 00:28:19,529

seen the x-files each a question how

676

00:28:17,789 --> 00:28:22,619

many people you haven't seen the x-files

677

00:28:19,529 --> 00:28:25,349

that's an audience like this you should

678

00:28:22,619 --> 00:28:27,179

start within haven't seen yeah now

679

00:28:25,349 --> 00:28:30,809

there's a very interesting episode next

680

00:28:27,180 --> 00:28:33,840

slide please Mike there's a very

681

00:28:30,809 --> 00:28:35,789

interesting episode indeed it's in its

682

00:28:33,839 --> 00:28:37,949

the it's actually the first episode of

683

00:28:35,789 --> 00:28:40,680

the third season of the series it's

684

00:28:37,950 --> 00:28:43,058

called the blessing way and it features

685
00:28:40,680 --> 00:28:45,190
it's got a red Indian thing and what

686
00:28:43,058 --> 00:28:47,589
countess he's a guy called Albert

687
00:28:45,190 --> 00:28:50,278
hosteen and he's played by Floyd red

688
00:28:47,589 --> 00:28:52,839
crow Westerman who's a famous red Indian

689
00:28:50,278 --> 00:28:55,869
sage in the United States he's a poet

690
00:28:52,839 --> 00:28:58,869
he's a feature writer and he actually

691
00:28:55,869 --> 00:29:00,428
stars in this episode of the x-files and

692
00:28:58,869 --> 00:29:04,449
there's a scene as a very growing young

693
00:29:00,429 --> 00:29:07,090
disturbing scene where there's like a a

694
00:29:04,450 --> 00:29:11,350
railway truck which is buried you see

695
00:29:07,089 --> 00:29:13,480
it's buried here and they say and

696
00:29:11,349 --> 00:29:15,219
there's like skylights on the roof of

697
00:29:13,480 --> 00:29:16,509
this and in one of the scenes I think

698
00:29:15,220 --> 00:29:18,519
it's clear the beginning of the episode

699
00:29:16,509 --> 00:29:20,819
you see these skylights open and there's

700
00:29:18,519 --> 00:29:24,128
some men standing on the roof with

701
00:29:20,819 --> 00:29:27,460
hazmat suits on full NBC here gas masks

702
00:29:24,128 --> 00:29:30,308
and suits gloves and things and they

703
00:29:27,460 --> 00:29:34,058
throw these these canisters in and these

704
00:29:30,308 --> 00:29:35,769
canisters are incendiary bombs and they

705
00:29:34,058 --> 00:29:37,388
explode and they burn and the aliens run

706
00:29:35,769 --> 00:29:39,339
around burning screaming as they run

707
00:29:37,388 --> 00:29:43,599
around burning and this voice-over comes

708
00:29:39,339 --> 00:29:46,359
upon and he says there's an ancient

709
00:29:43,599 --> 00:29:48,128
Indian saying that something lasts only

710
00:29:46,359 --> 00:29:51,219
as long as the last person who remembers

711
00:29:48,128 --> 00:29:54,668
it my people have come to trust memory

712
00:29:51,220 --> 00:29:57,038
over history memory like fire is radiant

713

00:29:54,669 --> 00:29:59,590
and immutable while history serves only

714
00:29:57,038 --> 00:30:02,319
those who seek to control it those who

715
00:29:59,589 --> 00:30:04,980
would douse the flame of memory in order

716
00:30:02,319 --> 00:30:07,480
to put out the dangerous fire of truth

717
00:30:04,980 --> 00:30:09,220
they are dangerous them set that and

718
00:30:07,480 --> 00:30:12,009
beware these men for they are dangerous

719
00:30:09,220 --> 00:30:13,480
themselves and unwise their false

720
00:30:12,009 --> 00:30:15,878
history is written in the blood of those

721
00:30:13,480 --> 00:30:18,970
who might remember and of those who seek

722
00:30:15,878 --> 00:30:22,240
the truth I said that was a very young a

723
00:30:18,970 --> 00:30:23,798
very poignant and very revealing little

724
00:30:22,240 --> 00:30:25,149
scene in the x-files there's a lot of

725
00:30:23,798 --> 00:30:27,579
things like that in the x-files it's a

726
00:30:25,148 --> 00:30:30,368
really interesting series in that

727
00:30:27,579 --> 00:30:33,278

respect nominal Crowley I think is one

728

00:30:30,368 --> 00:30:36,308

of these people I think he really is

729

00:30:33,278 --> 00:30:39,999

some he really is is it possible there

730

00:30:36,308 --> 00:30:41,788

back to slides might disappoint another

731

00:30:39,999 --> 00:30:47,940

one

732

00:30:41,788 --> 00:30:49,919

and another now keep keep your eyes on

733

00:30:47,940 --> 00:30:52,109

that bottom that will clearing there in

734

00:30:49,919 --> 00:30:53,609

the bottom left okay can we go forward a

735

00:30:52,108 --> 00:30:56,220

few spies don't like just to where we

736

00:30:53,608 --> 00:30:57,599

were before and move on to the next one

737

00:30:56,220 --> 00:31:00,778

that's it that's great

738

00:30:57,599 --> 00:31:03,358

now you see here there's this little

739

00:31:00,778 --> 00:31:05,099

patch here the bear patch I'll come to

740

00:31:03,358 --> 00:31:07,769

that in a minute in detail but first of

741

00:31:05,099 --> 00:31:09,538

all Nigel told me exactly where the

742
00:31:07,769 --> 00:31:12,329
accordin was because there was a whole

743
00:31:09,538 --> 00:31:13,888
area sealed off there was a whole area

744
00:31:12,329 --> 00:31:15,868
of thieves were the whole western half

745
00:31:13,888 --> 00:31:18,839
of Sita thieves were sealed off from

746
00:31:15,868 --> 00:31:20,759
public access for about a week now Harry

747
00:31:18,839 --> 00:31:22,738
Mason mentions this in his article Nigel

748
00:31:20,759 --> 00:31:25,798
said not only it was about a week but

749
00:31:22,739 --> 00:31:34,379
said that he knows exactly where it laid

750
00:31:25,798 --> 00:31:37,528
because he was there at time so the a60

751
00:31:34,378 --> 00:31:40,888
the main road between not signal

752
00:31:37,528 --> 00:31:42,118
Mansfield was sealed off you shut this

753
00:31:40,888 --> 00:31:43,589
for a week now this caused a lot of

754
00:31:42,118 --> 00:31:45,868
traffic chaos because this is the main

755
00:31:43,589 --> 00:31:47,249
artery between the two largest towns in

756
00:31:45,868 --> 00:31:49,528
Nottingham a lot of the traffic where

757
00:31:47,249 --> 00:31:51,329
the drug traffic was all diverted to the

758
00:31:49,528 --> 00:31:54,118
east route little small villages Loeb

759
00:31:51,329 --> 00:31:56,398
liveth and Lydon B and there was massive

760
00:31:54,118 --> 00:31:58,259
traffic chaos now when I first brought

761
00:31:56,398 --> 00:32:00,538
this up at a speech I did it not to him

762
00:31:58,259 --> 00:32:02,098
itself a guy stuck it's stuck up his

763
00:32:00,538 --> 00:32:04,798
hand he said I remember it I was a lorry

764
00:32:02,098 --> 00:32:06,178
driver at the time and I remember the I

765
00:32:04,798 --> 00:32:08,548
remember the snarl ups and the tail

766
00:32:06,179 --> 00:32:10,499
backs as people trying to maneuver their

767
00:32:08,548 --> 00:32:11,668
way around this diversion through these

768
00:32:10,499 --> 00:32:13,139
little roads which were not meant for

769
00:32:11,669 --> 00:32:15,629
that that amount of traffic they lasted

770

00:32:13,138 --> 00:32:17,878
a week so this whole road sealed off

771
00:32:15,628 --> 00:32:19,829
this here is the a6000 everything to the

772
00:32:17,878 --> 00:32:21,329
west of that is sealed off there's the

773
00:32:19,829 --> 00:32:23,098
West nothing to college at the top and

774
00:32:21,329 --> 00:32:25,470
the road there was sealed off on the

775
00:32:23,098 --> 00:32:26,759
hypotenuse of the triangle you see this

776
00:32:25,470 --> 00:32:28,618
road going down here and then there's

777
00:32:26,759 --> 00:32:31,200
Kurt be in Ashfield on the southwest

778
00:32:28,618 --> 00:32:32,668
there honest but this base this is

779
00:32:31,200 --> 00:32:35,220
another road that goes along on there to

780
00:32:32,669 --> 00:32:36,960
the east and there's Ravens head which

781
00:32:35,220 --> 00:32:38,489
is that we asked his car park there

782
00:32:36,960 --> 00:32:39,598
where we actually met together when we

783
00:32:38,489 --> 00:32:42,079
went off on our expedition

784
00:32:39,598 --> 00:32:44,819

our second expedition in Thebes would

785

00:32:42,079 --> 00:32:46,288

and that was so basically there were

786

00:32:44,819 --> 00:32:49,168

roadblocks everywhere

787

00:32:46,288 --> 00:32:50,329

police and military the armed army

788

00:32:49,169 --> 00:32:51,799

lawyers coming in and out and

789

00:32:50,329 --> 00:32:54,829

thing else came in and out helicopters

790

00:32:51,798 --> 00:32:58,490

taking off and landing in the area but

791

00:32:54,829 --> 00:33:01,189

nothing nothing else now I'm Daniel

792

00:32:58,490 --> 00:33:03,380

retinas he remembers a news story about

793

00:33:01,190 --> 00:33:06,230

a helicopter crashing in this area I'm

794

00:33:03,380 --> 00:33:07,100

not sure if that's true but if it was

795

00:33:06,230 --> 00:33:09,649

then

796

00:33:07,099 --> 00:33:13,459

well helicopters do crash sometimes and

797

00:33:09,648 --> 00:33:14,268

there was a couple of venting 2014 there

798

00:33:13,460 --> 00:33:16,038

were the world when we did our

799

00:33:14,269 --> 00:33:17,659
expedition out three events where

800

00:33:16,038 --> 00:33:19,190
helicopters crashes normally pulling

801

00:33:17,659 --> 00:33:21,500
some ribbon around it in a Bobby on the

802

00:33:19,190 --> 00:33:23,360
beat to stand over it is usually enough

803

00:33:21,500 --> 00:33:26,000
and usually only for a few hours this

804

00:33:23,359 --> 00:33:27,619
was a week but it seems like half the

805

00:33:26,000 --> 00:33:32,179
Armed Forces were there was a massive

806

00:33:27,619 --> 00:33:34,668
event and it was basically at the end of

807

00:33:32,179 --> 00:33:36,288
it all they raised they raised the

808

00:33:34,669 --> 00:33:37,250
cordon they went away listen there was

809

00:33:36,288 --> 00:33:40,220
not nothing in the news nothing

810

00:33:37,250 --> 00:33:41,538
mentioned in the news and so at least if

811

00:33:40,220 --> 00:33:42,860
there was any news reports there were

812

00:33:41,538 --> 00:33:45,710
fake stories and they were like two

813
00:33:42,859 --> 00:33:48,038
removed from the archives so from the

814
00:33:45,710 --> 00:33:50,808
next slide please

815
00:33:48,038 --> 00:33:55,129
now this year this is we're gonna take a

816
00:33:50,808 --> 00:33:56,629
closer look at this little Glade now

817
00:33:55,130 --> 00:33:58,519
this is all Forestry Commission land

818
00:33:56,630 --> 00:34:00,080
these trees are used for paper crop

819
00:33:58,519 --> 00:34:03,740
things like that the coniferous trees

820
00:34:00,079 --> 00:34:05,418
most of them and they're quite old as I

821
00:34:03,740 --> 00:34:08,750
said oh I went up to the top here I

822
00:34:05,419 --> 00:34:12,349
found large trees and I counted rings 60

823
00:34:08,750 --> 00:34:13,608
70 or so years old now there's a what

824
00:34:12,349 --> 00:34:15,440
there's a couple of exceptions a couple

825
00:34:13,608 --> 00:34:17,389
of best spots here cluding this one here

826
00:34:15,440 --> 00:34:20,179
it's best spot then there's also a big

827

00:34:17,389 --> 00:34:23,240
long trail leading away from it as well

828
00:34:20,179 --> 00:34:24,769
it's best square area here now this is

829
00:34:23,239 --> 00:34:27,439
languish the Forestry Commission owns

830
00:34:24,769 --> 00:34:30,889
it's not using it's not using to grow

831
00:34:27,440 --> 00:34:33,858
trees on now according to Nigel this is

832
00:34:30,889 --> 00:34:36,050
where the UFO came down in 1987 it

833
00:34:33,858 --> 00:34:39,739
struck the ground got back up into the

834
00:34:36,050 --> 00:34:42,260
air but left behind a complete mess not

835
00:34:39,739 --> 00:34:44,658
only did its impact actually destroy a

836
00:34:42,260 --> 00:34:46,790
lot of trees and damaged the ground but

837
00:34:44,659 --> 00:34:49,878
it also started a fire I don't know

838
00:34:46,789 --> 00:34:52,369
whether this is because the UFO was very

839
00:34:49,878 --> 00:34:54,799
hot it was radiating a lot of heat some

840
00:34:52,369 --> 00:34:58,450
of them do or whether it was some effect

841
00:34:54,800 --> 00:35:00,400

of directed-energy say microwave

842

00:34:58,449 --> 00:35:03,848

or something like that but a use for its

843

00:35:00,400 --> 00:35:05,470

fire broke out in that area and some

844

00:35:03,849 --> 00:35:06,880

Nigel point of some of the trees I'll

845

00:35:05,469 --> 00:35:08,529

show you another some tree I didn't get

846

00:35:06,880 --> 00:35:09,910

couldn't get good enough photos be says

847

00:35:08,530 --> 00:35:12,820

there's fire damage on some of the trees

848

00:35:09,909 --> 00:35:16,059

around the time but fire brigades were

849

00:35:12,820 --> 00:35:17,740

called away called in from a long way

850

00:35:16,059 --> 00:35:19,150

off as far away as bignum which is in

851

00:35:17,739 --> 00:35:21,368

the Russ clip district to the east of

852

00:35:19,150 --> 00:35:24,309

Nottingham and there must've been a

853

00:35:21,369 --> 00:35:26,230

major incident called and they they

854

00:35:24,309 --> 00:35:28,119

basically doused the fire but then the

855

00:35:26,230 --> 00:35:36,369

army turned up and said there said the

856
00:35:28,119 --> 00:35:38,349
fire brigade packing next one please now

857
00:35:36,369 --> 00:35:39,400
this is a photo I took when we went into

858
00:35:38,349 --> 00:35:41,760
that little Glade

859
00:35:39,400 --> 00:35:45,190
it's a square clearing as you can see

860
00:35:41,760 --> 00:35:46,720
now when that when that's a Google Earth

861
00:35:45,190 --> 00:35:49,150
image was taken Nigel Wright was about

862
00:35:46,719 --> 00:35:52,838
2001 it's changed a bit since then the

863
00:35:49,150 --> 00:35:55,539
land has recovered there is now growth

864
00:35:52,838 --> 00:35:58,659
there small trees bushes as you can see

865
00:35:55,539 --> 00:36:01,088
here there's some small juvenile silver

866
00:35:58,659 --> 00:36:03,059
birch you see the main see the main

867
00:36:01,088 --> 00:36:06,400
canopy of trees behind a bit at the back

868
00:36:03,059 --> 00:36:08,049
that green canopy is the wrestling trees

869
00:36:06,400 --> 00:36:10,180
in the other part of the wood as you can

870
00:36:08,050 --> 00:36:11,589
see they're far more mature these trees

871
00:36:10,179 --> 00:36:14,409
are growing back possibly in a few

872
00:36:11,588 --> 00:36:15,880
decades the trees in the bare spot will

873
00:36:14,409 --> 00:36:17,409
have reached mature height and you

874
00:36:15,880 --> 00:36:20,140
wouldn't be able to tell anything that

875
00:36:17,409 --> 00:36:23,379
happened but basically it is taking a

876
00:36:20,139 --> 00:36:25,480
long time I'm Nigel said that this whole

877
00:36:23,380 --> 00:36:29,170
area is about 300 feet by 600 us and

878
00:36:25,480 --> 00:36:32,199
oblong he said that sir when the army

879
00:36:29,170 --> 00:36:34,119
moved in they dug up and six to nine

880
00:36:32,199 --> 00:36:38,199
inches of topsoil here at sea they took

881
00:36:34,119 --> 00:36:41,440
all the topsoil away from the area and

882
00:36:38,199 --> 00:36:42,699
they replaced it with clay and sand and

883
00:36:41,440 --> 00:36:44,530
he said for a long time this was nothing

884

00:36:42,699 --> 00:36:46,239
but massive sand pit here's nothing here

885
00:36:44,530 --> 00:36:49,480
the sand nothing was growing it just

886
00:36:46,239 --> 00:36:51,789
took a few blades of grass and it's but

887
00:36:49,480 --> 00:36:54,630
now this was some obviously a long time

888
00:36:51,789 --> 00:36:57,039
ago now it started to change but some

889
00:36:54,630 --> 00:36:58,780
obviously the question there is why why

890
00:36:57,039 --> 00:37:00,849
do they do that there are several

891
00:36:58,780 --> 00:37:02,140
reasons is possibly because the

892
00:37:00,849 --> 00:37:04,470
government would the government were

893
00:37:02,139 --> 00:37:08,199
concerned that some kind of contaminant

894
00:37:04,469 --> 00:37:11,159
had been released from the object when

895
00:37:08,199 --> 00:37:14,169
it came down could be some form of

896
00:37:11,159 --> 00:37:16,449
bacteria or virus you all see this

897
00:37:14,170 --> 00:37:18,250
horror films haven't you wear something

898
00:37:16,449 --> 00:37:21,519

alien lands on earth and he starts with

899

00:37:18,250 --> 00:37:24,789

leaching pathogens which cause horrible

900

00:37:21,519 --> 00:37:25,989

things and the humans I mean now it must

901

00:37:24,789 --> 00:37:29,889

have been a real concern for them a

902

00:37:25,989 --> 00:37:32,979

genuine possibility so that may be one

903

00:37:29,889 --> 00:37:35,349

reason why they that's maybe one reason

904

00:37:32,980 --> 00:37:38,500

why they they actually did that another

905

00:37:35,349 --> 00:37:41,679

simply could be to remove any residual

906

00:37:38,500 --> 00:37:44,590

physical evidence now in the Roswell

907

00:37:41,679 --> 00:37:46,029

incident of 1947 something similar

908

00:37:44,590 --> 00:37:48,460

happened the craft came down hit the

909

00:37:46,030 --> 00:37:51,519

ground we believe got back into the air

910

00:37:48,460 --> 00:37:53,079

and then crash at another location but

911

00:37:51,519 --> 00:37:55,420

it left behind a debris field this is

912

00:37:53,079 --> 00:37:58,389

what Mac Brazel and Jesse Marcel found

913
00:37:55,420 --> 00:38:00,159
on on the Brazel Raj now when that

914
00:37:58,389 --> 00:38:02,079
happens the government seal off the area

915
00:38:00,159 --> 00:38:04,149
they sent in forensic teams to clear

916
00:38:02,079 --> 00:38:06,039
away all the loose debris and it's

917
00:38:04,150 --> 00:38:07,450
possible this is what the government

918
00:38:06,039 --> 00:38:09,820
wanted to do they wanted to get rid the

919
00:38:07,449 --> 00:38:11,679
topsoil so that any lingering evidence

920
00:38:09,820 --> 00:38:14,769
that this craft had appeared would be

921
00:38:11,679 --> 00:38:16,929
removed and so that when people when the

922
00:38:14,769 --> 00:38:18,190
public was allowed back in there they

923
00:38:16,929 --> 00:38:20,289
wouldn't find anything if they weren't

924
00:38:18,190 --> 00:38:22,119
looking now the public more allowed in

925
00:38:20,289 --> 00:38:24,039
after a week and they found this area

926
00:38:22,119 --> 00:38:26,159
completely devoid of everything except a

927
00:38:24,039 --> 00:38:30,880
big pile of sand

928
00:38:26,159 --> 00:38:32,799
next slide please Mike now this is Sam

929
00:38:30,880 --> 00:38:34,390
this is actually our part of this is in

930
00:38:32,800 --> 00:38:36,400
the middle of it the area now I went

931
00:38:34,389 --> 00:38:38,079
down there I took I actually didn't take

932
00:38:36,400 --> 00:38:41,500
any proper soil samples but I did

933
00:38:38,079 --> 00:38:43,420
examine the soil and I compared it to

934
00:38:41,500 --> 00:38:44,860
the soil which was in other parts of

935
00:38:43,420 --> 00:38:47,740
this wood and there's a distinct

936
00:38:44,860 --> 00:38:51,010
difference the soil in that clearing is

937
00:38:47,739 --> 00:38:53,199
much more sandy it's not just it's not

938
00:38:51,010 --> 00:38:55,150
sad obviously you know over time the

939
00:38:53,199 --> 00:38:56,469
land recovers the soil recovers but it's

940
00:38:55,150 --> 00:38:58,059
much more sandy there are a few mole

941

00:38:56,469 --> 00:39:01,089
hills in that area you see quite clearly

942
00:38:58,059 --> 00:39:02,710
the difference in color between the mole

943
00:39:01,090 --> 00:39:04,930
hills in this area the mole hills in

944
00:39:02,710 --> 00:39:07,300
other parts of the wood when it's all

945
00:39:04,929 --> 00:39:09,789
brown alone it's more natural soil as

946
00:39:07,300 --> 00:39:11,860
this is definitely sadly this fence here

947
00:39:09,789 --> 00:39:15,789
is it's just a crude wooden fence that's

948
00:39:11,860 --> 00:39:18,940
been built around the the middle is like

949
00:39:15,789 --> 00:39:20,800
a furrow in the middle of this clearing

950
00:39:18,940 --> 00:39:23,210
it's like a clue slopes down like a

951
00:39:20,800 --> 00:39:26,630
furrow and it's very marshy down there

952
00:39:23,210 --> 00:39:29,059
there's lots of mud and Nigel says this

953
00:39:26,630 --> 00:39:32,090
is caused this furrow was created by the

954
00:39:29,059 --> 00:39:34,009
impact of the object this had farah

955
00:39:32,090 --> 00:39:37,519

created by the impact of the UFO 60 foot

956

00:39:34,010 --> 00:39:38,930

wide UFO crashed maybe move dragged

957

00:39:37,519 --> 00:39:40,239

itself along for a while and got back

958

00:39:38,929 --> 00:39:44,690

into the air

959

00:39:40,239 --> 00:39:46,099

next slide please - so what happened to

960

00:39:44,690 --> 00:39:49,190

it next he got back into the air but did

961

00:39:46,099 --> 00:39:50,719

it did it fly away no it actually flew

962

00:39:49,190 --> 00:39:51,860

from here feets would you see there's

963

00:39:50,719 --> 00:39:54,709

that there's where there's the clearing

964

00:39:51,860 --> 00:39:56,230

now it flew on for five more miles here

965

00:39:54,710 --> 00:39:58,460

through the into the mists kills

966

00:39:56,230 --> 00:40:01,309

possibly over the holy World Golf Course

967

00:39:58,460 --> 00:40:03,860

and then came to grief again the second

968

00:40:01,309 --> 00:40:06,909

time at Amazon a Hall this is this area

969

00:40:03,860 --> 00:40:09,500

in the bottom there in the far bottom

970
00:40:06,909 --> 00:40:11,389
you see if I'm gonna do then have a

971
00:40:09,500 --> 00:40:12,909
closer look at that might the next slide

972
00:40:11,389 --> 00:40:16,819
please

973
00:40:12,909 --> 00:40:19,369
the war on this is said to be where the

974
00:40:16,820 --> 00:40:21,950
craft landed and when it landed knew it

975
00:40:19,369 --> 00:40:23,409
stayed there sorry it crashed a little

976
00:40:21,949 --> 00:40:25,819
letting it just basically stayed there

977
00:40:23,409 --> 00:40:27,139
now they see this area here you can see

978
00:40:25,820 --> 00:40:28,519
what we have here this Tansley hall

979
00:40:27,139 --> 00:40:31,460
itself there's an illegals ground

980
00:40:28,519 --> 00:40:33,769
there's a slip road leading from this

981
00:40:31,460 --> 00:40:36,980
main road here so there well that's

982
00:40:33,769 --> 00:40:38,809
Junction 27 of the m1 the big motorway

983
00:40:36,980 --> 00:40:39,230
seat going across there is the m1

984
00:40:38,809 --> 00:40:42,710
motorway

985
00:40:39,230 --> 00:40:46,760
now that motorway was not shut through

986
00:40:42,710 --> 00:40:48,590
this entire episode so I Nigel Dan and I

987
00:40:46,760 --> 00:40:51,020
we decided to take a little drive south

988
00:40:48,590 --> 00:40:53,059
from Junction 27 to see if we can

989
00:40:51,019 --> 00:40:54,619
actually see that people look over to

990
00:40:53,059 --> 00:40:56,690
our left and see anything of anslee halt

991
00:40:54,619 --> 00:40:57,859
we couldn't there large trees in the

992
00:40:56,690 --> 00:40:59,869
area we don't know we don't know whether

993
00:40:57,860 --> 00:41:01,760
these trees were actually there at the

994
00:40:59,869 --> 00:41:04,159
time there are a lot more trees around

995
00:41:01,760 --> 00:41:06,710
now than there were in the 80s because

996
00:41:04,159 --> 00:41:09,049
of carbon offsetting laws and green belt

997
00:41:06,710 --> 00:41:10,099
laws and things like that it's possible

998

00:41:09,050 --> 00:41:11,570
these trees weren't there but they must

999
00:41:10,099 --> 00:41:12,679
have we don't know if those trees had

1000
00:41:11,570 --> 00:41:15,620
been there whether it's actually

1001
00:41:12,679 --> 00:41:17,449
possible see Anthony Hall if it was then

1002
00:41:15,619 --> 00:41:19,400
presumably the keepers of the secretive

1003
00:41:17,449 --> 00:41:20,659
had to take extra precautions putting

1004
00:41:19,400 --> 00:41:23,210
that large screens or something like

1005
00:41:20,659 --> 00:41:24,619
that we don't know it's not possible

1006
00:41:23,210 --> 00:41:26,630
possible to know we're there any drivers

1007
00:41:24,619 --> 00:41:30,429
gonna go past that area that time

1008
00:41:26,630 --> 00:41:30,430
actually notice things like that

1009
00:41:31,420 --> 00:41:38,440
now the area where the object is alleged

1010
00:41:35,889 --> 00:41:40,449
come to rest is called the Warren now

1011
00:41:38,440 --> 00:41:42,940
the Warren was Marcus is actually not

1012
00:41:40,449 --> 00:41:44,500

been marked on any Maps the name that

1013

00:41:42,940 --> 00:41:46,480

Warren could be seen are Ordnance Survey

1014

00:41:44,500 --> 00:41:49,960

maps before 1987

1015

00:41:46,480 --> 00:41:51,639

refers to this patch of trees here and

1016

00:41:49,960 --> 00:41:53,409

there's also a pond there where there's

1017

00:41:51,639 --> 00:41:56,440

fish where you can it's actually private

1018

00:41:53,409 --> 00:41:57,969

the private fishing area now if you go

1019

00:41:56,440 --> 00:41:59,409

and look at look at the board and survey

1020

00:41:57,969 --> 00:42:01,868

map today you won't see the name the

1021

00:41:59,409 --> 00:42:04,538

Warren written well that's what it was

1022

00:42:01,869 --> 00:42:06,940

called is called the Warren and annecy

1023

00:42:04,539 --> 00:42:08,890

Hall is over there annecy Hall is an old

1024

00:42:06,940 --> 00:42:10,778

stately home it was built the first part

1025

00:42:08,889 --> 00:42:13,298

of built in the 13th century and it's

1026

00:42:10,778 --> 00:42:16,059

all demolished now but there's a newer

1027
00:42:13,298 --> 00:42:18,849
part and there's this like a semi

1028
00:42:16,059 --> 00:42:21,240
derelict second part there's also like

1029
00:42:18,849 --> 00:42:23,140
some modern or 19th century at least

1030
00:42:21,239 --> 00:42:25,659
servants and guest quarters which are

1031
00:42:23,139 --> 00:42:28,028
still occupied today by somebody we're

1032
00:42:25,659 --> 00:42:30,518
not sure over but there's somebody still

1033
00:42:28,028 --> 00:42:33,670
there still looking after the place and

1034
00:42:30,518 --> 00:42:36,909
the the hallway she belongs to his chain

1035
00:42:33,670 --> 00:42:39,190
worth family for our 350 years were some

1036
00:42:36,909 --> 00:42:41,588
local dignitaries in fact soon launched

1037
00:42:39,190 --> 00:42:43,269
a worth muster was the man they call the

1038
00:42:41,588 --> 00:42:45,400
Sheriff of Nottingham I don't know if he

1039
00:42:43,268 --> 00:42:46,629
was a bad guy or not but from the story

1040
00:42:45,400 --> 00:42:47,650
he's from the Sheriff of Nottingham but

1041
00:42:46,630 --> 00:42:50,769
they lost it in a poker game

1042
00:42:47,650 --> 00:42:52,900
or maybe they lost the house and they

1043
00:42:50,768 --> 00:42:55,058
just found the ruins but it's still

1044
00:42:52,900 --> 00:42:57,539
maintained I mean the the grounds mostly

1045
00:42:55,059 --> 00:42:59,890
farmland in the grounds included here

1046
00:42:57,539 --> 00:43:02,170
this area here now you'll notice here

1047
00:42:59,889 --> 00:43:03,879
the discoloured patch this is what made

1048
00:43:02,170 --> 00:43:06,130
me look think about it because this is

1049
00:43:03,880 --> 00:43:07,599
exactly said when Nigel told me the

1050
00:43:06,130 --> 00:43:09,220
craft had come to rest before I asked he

1051
00:43:07,599 --> 00:43:12,009
looked at this image you can see there's

1052
00:43:09,219 --> 00:43:14,199
like a dark patch on the field and

1053
00:43:12,009 --> 00:43:16,750
there's several others scattered around

1054
00:43:14,199 --> 00:43:18,608
now I went and I used Google Earth I

1055

00:43:16,750 --> 00:43:20,528
went and looked at some other pictures

1056
00:43:18,608 --> 00:43:23,858
some other aerial images of fields in

1057
00:43:20,528 --> 00:43:26,949
the area and I for 20 or 30 miles around

1058
00:43:23,858 --> 00:43:30,038
I couldn't find another effect like that

1059
00:43:26,949 --> 00:43:33,639
on the ground I can only see it here in

1060
00:43:30,039 --> 00:43:35,799
the Warren now the reason there's a dark

1061
00:43:33,639 --> 00:43:37,449
patch there where noise worse is that

1062
00:43:35,798 --> 00:43:40,590
UFO came down could have been caused by

1063
00:43:37,449 --> 00:43:44,519
um the influence of the UFO

1064
00:43:40,590 --> 00:43:46,700
have been caused by some to do with it

1065
00:43:44,519 --> 00:43:49,769
the property of the craft itself

1066
00:43:46,699 --> 00:43:53,549
affecting the land beware there was

1067
00:43:49,769 --> 00:43:55,949
there was residue of where the military

1068
00:43:53,550 --> 00:43:58,080
Basin dug up the land again just like

1069
00:43:55,949 --> 00:43:59,579

they did in thieves would and possibly

1070

00:43:58,079 --> 00:44:00,840

this is why it's discolored because if

1071

00:43:59,579 --> 00:44:03,679

different kind of soil they put back

1072

00:44:00,840 --> 00:44:05,670

something like that but we don't know

1073

00:44:03,679 --> 00:44:07,619

interesting if there's a there's a Cold

1074

00:44:05,670 --> 00:44:10,289

War nuclear bunker just right about

1075

00:44:07,619 --> 00:44:12,089

there on the far side of that slip road

1076

00:44:10,289 --> 00:44:13,289

and you can't see you can see the

1077

00:44:12,090 --> 00:44:15,650

entrance to it but it goes down about

1078

00:44:13,289 --> 00:44:18,539

six levels and it's all sealed off so

1079

00:44:15,650 --> 00:44:20,760

it's kind of like a you see the entrance

1080

00:44:18,539 --> 00:44:22,139

you look inside it's all wet and dingy

1081

00:44:20,760 --> 00:44:24,600

but thanks to be a Cold War nuclear

1082

00:44:22,139 --> 00:44:27,239

bunker not we're not sure whether it had

1083

00:44:24,599 --> 00:44:29,519

any part of playing in in this

1084
00:44:27,239 --> 00:44:37,079
particular operation to deal with this

1085
00:44:29,519 --> 00:44:38,610
UFO that's not certain and now the

1086
00:44:37,079 --> 00:44:40,650
security around Ansley Hall is very

1087
00:44:38,610 --> 00:44:44,160
tight indeed there are some people who

1088
00:44:40,650 --> 00:44:47,400
supposedly gain keepers who patrol that

1089
00:44:44,159 --> 00:44:48,960
whole area 24/7 and they would I pretend

1090
00:44:47,400 --> 00:44:54,059
anyone who tries to get in today and

1091
00:44:48,960 --> 00:44:55,769
they'll arrest the police the nearest

1092
00:44:54,059 --> 00:44:58,139
you can actually get to the war on on

1093
00:44:55,769 --> 00:44:59,820
public land today there's a little trap

1094
00:44:58,139 --> 00:45:01,889
that goes down this way goes along there

1095
00:44:59,820 --> 00:45:03,420
that's called the dogged bear Lane and

1096
00:45:01,889 --> 00:45:05,719
we took a little walk down there next

1097
00:45:03,420 --> 00:45:08,280
slide please

1098
00:45:05,719 --> 00:45:10,829
this is a view of the second phase of a

1099
00:45:08,280 --> 00:45:13,460
noisy Hall from dollanbear Lane you see

1100
00:45:10,829 --> 00:45:16,079
here it's a semi derelict building and

1101
00:45:13,460 --> 00:45:19,650
we were just opposite there this is the

1102
00:45:16,079 --> 00:45:22,469
location of where this I believe this

1103
00:45:19,650 --> 00:45:26,250
object came down onto the other surface

1104
00:45:22,469 --> 00:45:28,049
next slide please Mike now this year you

1105
00:45:26,250 --> 00:45:30,059
see that you can't you can't see any

1106
00:45:28,050 --> 00:45:33,030
timeframe without thing at the top left

1107
00:45:30,059 --> 00:45:34,469
is Nigel's hand he's pointing towards

1108
00:45:33,030 --> 00:45:37,440
the war and those packs of trees in the

1109
00:45:34,469 --> 00:45:39,089
back are actually the trees I've showed

1110
00:45:37,440 --> 00:45:41,400
you on the Google Earth images in front

1111
00:45:39,090 --> 00:45:45,480
of that is this field here this field is

1112

00:45:41,400 --> 00:45:47,190
where this craft came down I believe you

1113
00:45:45,480 --> 00:45:49,590
can't see the discoloration from ground

1114
00:45:47,190 --> 00:45:51,510
level it's only actually visible from

1115
00:45:49,590 --> 00:45:53,579
the air but that is where it is that you

1116
00:45:51,510 --> 00:45:54,230
see that is the actual place where it

1117
00:45:53,579 --> 00:45:56,150
came down

1118
00:45:54,230 --> 00:45:57,800
you can't get very close to it you can't

1119
00:45:56,150 --> 00:45:59,030
get closer from them from the road on

1120
00:45:57,800 --> 00:46:00,980
the other side but there's a big barbed

1121
00:45:59,030 --> 00:46:03,200
wire fence to Connors to get in there

1122
00:46:00,980 --> 00:46:07,159
this here is just a patch of gravel in

1123
00:46:03,199 --> 00:46:09,309
the foreground next one please Mike now

1124
00:46:07,159 --> 00:46:11,509
we were walking along DOM and Bear Lane

1125
00:46:09,309 --> 00:46:13,699
and what should happen it's good to what

1126
00:46:11,510 --> 00:46:15,260

I mean to our right as we as we walk up

1127

00:46:13,699 --> 00:46:16,879

there which is just to the left of the

1128

00:46:15,260 --> 00:46:18,830

old building the old Manticore building

1129

00:46:16,880 --> 00:46:21,650

that i showed you there's this big long

1130

00:46:18,829 --> 00:46:22,759

low structure she's 19th century and

1131

00:46:21,650 --> 00:46:27,650

it's the servant and quick guest

1132

00:46:22,760 --> 00:46:29,420

quarters for hands Nihal but um this car

1133

00:46:27,650 --> 00:46:30,680

pulled up are there people in there

1134

00:46:29,420 --> 00:46:32,809

Nigel says there are people in there

1135

00:46:30,679 --> 00:46:34,608

this car pulled up here you see it's

1136

00:46:32,809 --> 00:46:36,679

like a goner I couldn't actually see

1137

00:46:34,608 --> 00:46:38,299

what's written on the side of it and the

1138

00:46:36,679 --> 00:46:41,449

promise you see on this image but the

1139

00:46:38,300 --> 00:46:43,970

the window wound down and I could

1140

00:46:41,449 --> 00:46:45,349

distinctly tell the people in the car

1141
00:46:43,969 --> 00:46:46,909
were looking at us they were staring at

1142
00:46:45,349 --> 00:46:50,000
us they pulled up outside his own

1143
00:46:46,909 --> 00:46:51,170
building a couple hundred feet away and

1144
00:46:50,000 --> 00:46:53,260
they willed it and they were watching us

1145
00:46:51,170 --> 00:46:56,720
as we were walking down Ghana Bear Lane

1146
00:46:53,260 --> 00:46:58,820
now these are the gamekeepers supposedly

1147
00:46:56,719 --> 00:47:01,279
try and keep people away from the grass

1148
00:46:58,820 --> 00:47:04,369
or are they are they trying to prevent

1149
00:47:01,280 --> 00:47:05,960
the illegal fishing in that pond or are

1150
00:47:04,369 --> 00:47:06,490
they guarding the area for another

1151
00:47:05,960 --> 00:47:08,630
reason

1152
00:47:06,489 --> 00:47:11,019
are these the equipment of the camo

1153
00:47:08,630 --> 00:47:13,579
dudes you get area 51

1154
00:47:11,019 --> 00:47:15,170
maybe I mean what's interesting is Nigel

1155
00:47:13,579 --> 00:47:17,210
try to make some inquiries with the Land

1156
00:47:15,170 --> 00:47:20,119
Management Agency that looks after this

1157
00:47:17,210 --> 00:47:22,190
particular this particular area now am i

1158
00:47:20,119 --> 00:47:23,690
well I was in Birmingham I did this

1159
00:47:22,190 --> 00:47:26,090
speech someone will actually know

1160
00:47:23,690 --> 00:47:27,170
someone who works for them told me that

1161
00:47:26,090 --> 00:47:29,059
they're they're very concerned because

1162
00:47:27,170 --> 00:47:30,380
they they don't need the local

1163
00:47:29,059 --> 00:47:31,639
chancellor won't cover them from the

1164
00:47:30,380 --> 00:47:32,930
damages and things like that but when

1165
00:47:31,639 --> 00:47:34,940
you look at the state of the buildings

1166
00:47:32,929 --> 00:47:36,589
you wonder why they care at all cuz even

1167
00:47:34,940 --> 00:47:37,849
the new building that's that's being

1168
00:47:36,590 --> 00:47:40,789
occupied is it's actually in a pretty

1169

00:47:37,849 --> 00:47:42,409
bad state so wonder if there's another

1170
00:47:40,789 --> 00:47:45,259
reason but Nigel actually phoned up the

1171
00:47:42,409 --> 00:47:46,670
Land Management Agency and they

1172
00:47:45,260 --> 00:47:49,310
literally put the phone down on him they

1173
00:47:46,670 --> 00:47:53,570
were very evasive indeed they would not

1174
00:47:49,309 --> 00:47:56,269
discuss it with him he I mean he just

1175
00:47:53,570 --> 00:47:57,830
asked about the 1987 incident and they

1176
00:47:56,269 --> 00:48:01,460
basically just no comment about the

1177
00:47:57,829 --> 00:48:03,319
phone now what's going on there this is

1178
00:48:01,460 --> 00:48:03,829
a beauty spot in not officious the miss

1179
00:48:03,320 --> 00:48:06,920
kills

1180
00:48:03,829 --> 00:48:07,710
yes to private land okay it's farms

1181
00:48:06,920 --> 00:48:09,930
there

1182
00:48:07,710 --> 00:48:12,269
but some there's the Annie Hall estate

1183
00:48:09,929 --> 00:48:14,818

which is now no one actually lives there

1184

00:48:12,269 --> 00:48:16,500

apart from basically these people this

1185

00:48:14,818 --> 00:48:18,929

agency no I don't think anyone could

1186

00:48:16,500 --> 00:48:23,190

possibly live in there in the buildings

1187

00:48:18,929 --> 00:48:24,029

they're in too bad a state so we want to

1188

00:48:23,190 --> 00:48:25,440

cook what's going on there because

1189

00:48:24,030 --> 00:48:27,809

basically that area is being maintained

1190

00:48:25,440 --> 00:48:28,769

with very high security unusually high

1191

00:48:27,809 --> 00:48:33,510

security you think

1192

00:48:28,769 --> 00:48:38,730

next slide please so this is the corner

1193

00:48:33,510 --> 00:48:40,859

it's Nigel says was around the the

1194

00:48:38,730 --> 00:48:42,719

Warren around the Ansley Hall location

1195

00:48:40,858 --> 00:48:44,369

now this is this was placed exact at the

1196

00:48:42,719 --> 00:48:46,469

same time exactly the same time as the

1197

00:48:44,369 --> 00:48:47,910

thieves would cordon because basically

1198
00:48:46,469 --> 00:48:49,739
these two events happen together that

1199
00:48:47,909 --> 00:48:51,149
the object came down it bounced is

1200
00:48:49,739 --> 00:48:53,608
literally just minutes later it came

1201
00:48:51,150 --> 00:48:55,650
down as he hauls the two sites were

1202
00:48:53,608 --> 00:48:59,279
maintained as the two sites were managed

1203
00:48:55,650 --> 00:49:01,588
concurrently or saw simultaneously by

1204
00:48:59,280 --> 00:49:04,710
the government this here you see this

1205
00:49:01,588 --> 00:49:06,409
the m1 motorway was working it wasn't it

1206
00:49:04,710 --> 00:49:09,088
was open but we assume here that

1207
00:49:06,409 --> 00:49:11,608
everything to the east and side of that

1208
00:49:09,088 --> 00:49:13,858
motorway from Junction 27 southwards was

1209
00:49:11,608 --> 00:49:15,568
sealed off then you see this we get here

1210
00:49:13,858 --> 00:49:18,328
to the bottom of the cordon this here is

1211
00:49:15,568 --> 00:49:19,529
hopping on this is a large town just to

1212
00:49:18,329 --> 00:49:21,589
the south of Nottingham

1213
00:49:19,530 --> 00:49:24,420
sorry just sort of north of Nottingham

1214
00:49:21,588 --> 00:49:25,529
city of Nabi was just here then you go

1215
00:49:24,420 --> 00:49:27,358
over here there's Lyndon be a small

1216
00:49:25,530 --> 00:49:28,920
village and only sharing here and that

1217
00:49:27,358 --> 00:49:31,798
there is the slip road the slip road day

1218
00:49:28,920 --> 00:49:37,260
was shut according to Nigel when that

1219
00:49:31,798 --> 00:49:40,679
would that nuclear bunker was sewage

1220
00:49:37,260 --> 00:49:42,990
isten became it was about a week but

1221
00:49:40,679 --> 00:49:45,000
this was the case then Gordon's lifted

1222
00:49:42,989 --> 00:49:45,919
and people just when people told you to

1223
00:49:45,000 --> 00:49:47,969
go back to normal

1224
00:49:45,920 --> 00:49:51,980
move along ladies and gentlemen nothing

1225
00:49:47,969 --> 00:49:54,959
to see here now next slide please mind

1226

00:49:51,980 --> 00:49:59,210
mr. photograph I took of a tree in

1227
00:49:54,960 --> 00:50:01,949
thieves wood which is very very young

1228
00:49:59,210 --> 00:50:03,510
it's obviously was there at a time you

1229
00:50:01,949 --> 00:50:06,210
table the size of it and by looking at

1230
00:50:03,510 --> 00:50:07,260
other stumps and counting the rings oh I

1231
00:50:06,210 --> 00:50:08,818
could tell that was a tree that was

1232
00:50:07,260 --> 00:50:11,400
there at the time now according to Nigel

1233
00:50:08,818 --> 00:50:13,679
this has suffered damage as a result of

1234
00:50:11,400 --> 00:50:16,530
this impact this trees are certainly as

1235
00:50:13,679 --> 00:50:18,409
there's a short distance away from where

1236
00:50:16,530 --> 00:50:20,570
this object came down

1237
00:50:18,409 --> 00:50:21,769
and it suffered damage as a result heat

1238
00:50:20,570 --> 00:50:24,110
or heat or radiation

1239
00:50:21,769 --> 00:50:25,969
we don't know I mean the only way to

1240
00:50:24,110 --> 00:50:27,530

confirm this Nigel said he pointed to

1241
00:50:25,969 --> 00:50:30,379
some marks on the bar and he said look

1242
00:50:27,530 --> 00:50:33,560
that's size like these pink marks on the

1243
00:50:30,380 --> 00:50:35,690
bar I think you take an expert or

1244
00:50:33,559 --> 00:50:38,259
dendrology just whether you're cool or a

1245
00:50:35,690 --> 00:50:41,179
woodland expert to actually say for sure

1246
00:50:38,260 --> 00:50:43,520
whether this is that these acts of

1247
00:50:41,179 --> 00:50:46,269
damage caused by kink or by exposure to

1248
00:50:43,519 --> 00:50:49,009
electromagnetic radiation but there is

1249
00:50:46,269 --> 00:50:51,110
there ISM this is actually being done at

1250
00:50:49,010 --> 00:50:52,640
the moment I am now in the planning

1251
00:50:51,110 --> 00:50:55,030
stages of doing further research into

1252
00:50:52,639 --> 00:50:57,889
this if anyone else wants to do it

1253
00:50:55,030 --> 00:50:58,220
the themes would area is open to the

1254
00:50:57,889 --> 00:50:59,539
public

1255
00:50:58,219 --> 00:51:02,179
anyone for going and they can look

1256
00:50:59,539 --> 00:51:04,759
around any time as Lee Hall as I said is

1257
00:51:02,179 --> 00:51:06,980
a completely a no-go zone the feeds

1258
00:51:04,760 --> 00:51:07,970
would go in there check it out for

1259
00:51:06,980 --> 00:51:13,309
yourself if you like get in there

1260
00:51:07,969 --> 00:51:15,909
performing next slide please mines now

1261
00:51:13,309 --> 00:51:19,759
there are a number of similarities

1262
00:51:15,909 --> 00:51:20,989
between the nottingham she was well and

1263
00:51:19,760 --> 00:51:23,060
what are the biggest and most

1264
00:51:20,989 --> 00:51:25,339
spectacular you are for events on this

1265
00:51:23,059 --> 00:51:29,960
side of the border the bedouin mountains

1266
00:51:25,340 --> 00:51:34,100
instance for january 1974 is anyone here

1267
00:51:29,960 --> 00:51:35,750
not heard of this nobody good this is if

1268
00:51:34,099 --> 00:51:38,630
your well she follow gist you can't not

1269
00:51:35,750 --> 00:51:40,849
heard of this event large again there's

1270
00:51:38,630 --> 00:51:45,349
some similarities a large exposure loud

1271
00:51:40,849 --> 00:51:46,759
noise and shockwave in the area in this

1272
00:51:45,349 --> 00:51:48,259
case it was it was a very very different

1273
00:51:46,760 --> 00:51:50,690
kind of location it was in the barren

1274
00:51:48,260 --> 00:51:52,550
mountains a remote area of north east

1275
00:51:50,690 --> 00:51:56,059
Wales around the towns of funky flow

1276
00:51:52,550 --> 00:51:57,320
found LFL and that so that is what used

1277
00:51:56,059 --> 00:52:02,690
to be called Chloe doesn't always called

1278
00:51:57,320 --> 00:52:07,070
now but Davis is that the loud explosion

1279
00:52:02,690 --> 00:52:10,400
loud bang shock wave and then strange

1280
00:52:07,070 --> 00:52:11,990
objects been seen it was one object a

1281
00:52:10,400 --> 00:52:14,869
large a very large spherical object was

1282
00:52:11,989 --> 00:52:18,799
seen on the ground by a witness and then

1283

00:52:14,869 --> 00:52:21,409
you also have the presence of the Armed

1284
00:52:18,800 --> 00:52:24,500
Forces and the emergency services again

1285
00:52:21,409 --> 00:52:27,529
you have them you have a response

1286
00:52:24,500 --> 00:52:28,670
they're so quick that the government

1287
00:52:27,530 --> 00:52:32,630
must have had some

1288
00:52:28,670 --> 00:52:34,639
they must have been informed in some way

1289
00:52:32,630 --> 00:52:36,410
that something was gonna happen

1290
00:52:34,639 --> 00:52:38,900
somewhere in that area

1291
00:52:36,409 --> 00:52:40,848
not exactly but they knew closer they

1292
00:52:38,900 --> 00:52:43,280
knew roughly where it wasn't at what

1293
00:52:40,849 --> 00:52:45,349
time so they could get people on the

1294
00:52:43,280 --> 00:52:47,710
scene within a short space of time again

1295
00:52:45,349 --> 00:52:51,289
the response time was less than an hour

1296
00:52:47,710 --> 00:52:53,539
before they actually had this sorted out

1297
00:52:51,289 --> 00:52:55,489

and then of course when we don't know of

1298

00:52:53,539 --> 00:52:57,679

any object being the tree there's

1299

00:52:55,489 --> 00:53:00,439

several rather dubious stories going

1300

00:52:57,679 --> 00:53:01,940

around about this that some object was

1301

00:53:00,440 --> 00:53:03,679

crashed in the tree we don't know

1302

00:53:01,940 --> 00:53:05,329

there's no nothing to be sure about that

1303

00:53:03,679 --> 00:53:09,909

we know that an object was on the ground

1304

00:53:05,329 --> 00:53:09,910

a certain point that's what we know

1305

00:53:11,889 --> 00:53:16,368

there was a lot of it there was a lot of

1306

00:53:14,030 --> 00:53:18,680

government attention on this particular

1307

00:53:16,369 --> 00:53:21,530

area a lot of further a lot of poking

1308

00:53:18,679 --> 00:53:23,000

around but I'm nosing around it's a cell

1309

00:53:21,530 --> 00:53:24,619

researchers a guy called Scott Felton

1310

00:53:23,000 --> 00:53:27,019

who's been looking into this in great

1311

00:53:24,619 --> 00:53:28,579

detail as a new there's a video by

1312
00:53:27,019 --> 00:53:30,199
Richard d Hall of rich planet all about

1313
00:53:28,579 --> 00:53:32,298
this you've made a entire documentary

1314
00:53:30,199 --> 00:53:34,489
about this very very good indeed there's

1315
00:53:32,298 --> 00:53:36,108
been some disinformation as well even

1316
00:53:34,489 --> 00:53:41,959
knowingly unlearned only several

1317
00:53:36,108 --> 00:53:44,210
researchers have actually dissemination

1318
00:53:41,960 --> 00:53:46,699
of false information about this and I

1319
00:53:44,210 --> 00:53:50,659
have taken to task on that did a review

1320
00:53:46,699 --> 00:53:53,588
of the UFO down by Andy Roberts I wasn't

1321
00:53:50,659 --> 00:53:56,118
impressed by it I must own

1322
00:53:53,588 --> 00:53:58,969
Andy Roberson dr. Dane Clark they they

1323
00:53:56,119 --> 00:54:01,579
actually in the 14 times they used their

1324
00:53:58,969 --> 00:54:05,449
column to call me a nutter in their

1325
00:54:01,579 --> 00:54:07,609
little column I think that was thinking

1326
00:54:05,449 --> 00:54:11,529
o'clock I was Roberts get his own back I

1327
00:54:07,608 --> 00:54:14,598
think and the next slide please body

1328
00:54:11,530 --> 00:54:17,359
so if decisive physical evidence was

1329
00:54:14,599 --> 00:54:21,140
taken from nottingham Sharat from

1330
00:54:17,358 --> 00:54:23,179
knotting show where was it where did it

1331
00:54:21,139 --> 00:54:24,798
end up well this is probably where they

1332
00:54:23,179 --> 00:54:26,899
would have taken it so this is actually

1333
00:54:24,798 --> 00:54:30,380
gonna he support him down which is like

1334
00:54:26,900 --> 00:54:33,849
a secret laboratory type area run by the

1335
00:54:30,380 --> 00:54:36,019
military in wheelchair essentially

1336
00:54:33,849 --> 00:54:38,390
there's lots of research being done into

1337
00:54:36,019 --> 00:54:40,159
here into the chemical weapons program

1338
00:54:38,389 --> 00:54:41,509
when Britain had won

1339
00:54:40,159 --> 00:54:43,338
it still does but doesn't seem or

1340

00:54:41,510 --> 00:54:45,289
secretly also the biological warfare

1341
00:54:43,338 --> 00:54:47,000
program various things to do with

1342
00:54:45,289 --> 00:54:50,770
nuclear weapons all this was done

1343
00:54:47,000 --> 00:54:53,150
important down its way and it several

1344
00:54:50,769 --> 00:54:55,250
there was there was several spy planes

1345
00:54:53,150 --> 00:54:57,740
as well were the stationed there for a

1346
00:54:55,250 --> 00:54:58,969
while - and there's bottom down so

1347
00:54:57,739 --> 00:55:02,149
that's bottom down there bündchen

1348
00:54:58,969 --> 00:55:04,279
airfield which has which is connected to

1349
00:55:02,150 --> 00:55:04,608
port and down this is probably where it

1350
00:55:04,280 --> 00:55:06,470
went

1351
00:55:04,608 --> 00:55:08,088
I mean whether it's still there it's a

1352
00:55:06,469 --> 00:55:11,808
supposing there was like a saucer and

1353
00:55:08,088 --> 00:55:14,989
that hangar to quote Nick Pope we don't

1354
00:55:11,809 --> 00:55:19,130

know whether it was taken from not iam

1355

00:55:14,989 --> 00:55:20,739

sure and taken here and then whether it

1356

00:55:19,130 --> 00:55:24,200

was moved on somewhere else after that

1357

00:55:20,739 --> 00:55:26,419

because Britain like every other country

1358

00:55:24,199 --> 00:55:30,618

seems to obey this global policy of

1359

00:55:26,420 --> 00:55:33,019

crash retrievals and America the United

1360

00:55:30,619 --> 00:55:35,000

States of America seems to be the place

1361

00:55:33,019 --> 00:55:36,679

where a lot of this stuff ends up there

1362

00:55:35,000 --> 00:55:37,849

are several there are several reports if

1363

00:55:36,679 --> 00:55:40,279

they've had there are two reports of

1364

00:55:37,849 --> 00:55:41,809

other occasions of crashed rebels and

1365

00:55:40,280 --> 00:55:45,589

how many of you know the Virginia

1366

00:55:41,809 --> 00:55:47,990

incidents a Brazil 1996 and so which

1367

00:55:45,588 --> 00:55:49,519

where basically of those crash of craft

1368

00:55:47,989 --> 00:55:53,750

there were aliens wandering the streets

1369
00:55:49,519 --> 00:55:55,909
in the city the five the fire brigade

1370
00:55:53,750 --> 00:55:57,260
and emergency services took it away it

1371
00:55:55,909 --> 00:55:58,818
was handed over to the army then the

1372
00:55:57,260 --> 00:56:01,730
American sent a plane they sent a team

1373
00:55:58,818 --> 00:56:03,858
in and they took over so it seems the

1374
00:56:01,730 --> 00:56:05,269
Americans are very much in the lead in

1375
00:56:03,858 --> 00:56:07,788
here there was another incident in South

1376
00:56:05,269 --> 00:56:14,269
Africa in 1989 where again the same

1377
00:56:07,789 --> 00:56:18,049
thing happened next time please mind hmm

1378
00:56:14,269 --> 00:56:20,389
whose play grand theft auto I found this

1379
00:56:18,048 --> 00:56:23,150
is it's funny enough I was just I was

1380
00:56:20,389 --> 00:56:26,509
just um googling you know UFO crash in

1381
00:56:23,150 --> 00:56:28,099
the city and I've got this this is from

1382
00:56:26,510 --> 00:56:29,630
the fifth from the grand theft auto and

1383
00:56:28,099 --> 00:56:32,088
I'm not played this game but I might

1384
00:56:29,630 --> 00:56:34,309
actually play it now this grand theft

1385
00:56:32,088 --> 00:56:35,298
auto 5 because just for this just to

1386
00:56:34,309 --> 00:56:38,750
find out a bit more about this

1387
00:56:35,298 --> 00:56:40,608
particular shot this is you see here

1388
00:56:38,750 --> 00:56:42,318
there's big flying saucers alien

1389
00:56:40,608 --> 00:56:45,828
spacecraft has come down a busy

1390
00:56:42,318 --> 00:56:49,900
crossroads in a large city now this is

1391
00:56:45,829 --> 00:56:51,920
an important point because the skeptics

1392
00:56:49,900 --> 00:56:53,048
listen you know they you know they all

1393
00:56:51,920 --> 00:56:55,539
say don't they

1394
00:56:53,048 --> 00:56:58,119
but how come these UFOs don't crash in

1395
00:56:55,539 --> 00:57:00,579
built-up areas how come it's always the

1396
00:56:58,119 --> 00:57:02,409
devil's armpit Nevada or some other

1397

00:57:00,579 --> 00:57:05,619
crazy place in the desert or remote

1398
00:57:02,409 --> 00:57:07,898
mountain location or something ripped

1399
00:57:05,619 --> 00:57:09,338
island in the middle of the Pacific why

1400
00:57:07,898 --> 00:57:11,618
don't they ever crash in the middle of

1401
00:57:09,338 --> 00:57:13,630
cities it's because it's not true isn't

1402
00:57:11,619 --> 00:57:14,858
it because if they crassness in little

1403
00:57:13,630 --> 00:57:17,229
cities I believe you because there may

1404
00:57:14,858 --> 00:57:21,130
be evidence but they don't you see so

1405
00:57:17,228 --> 00:57:22,328
that means it can't be true well several

1406
00:57:21,130 --> 00:57:25,689
problems with that's a particular

1407
00:57:22,329 --> 00:57:27,999
statement firstly some cities let's just

1408
00:57:25,688 --> 00:57:29,199
see what we're looking at here okay you

1409
00:57:27,998 --> 00:57:32,528
take into account

1410
00:57:29,199 --> 00:57:34,989
Ryan was book magic eyes only it

1411
00:57:32,528 --> 00:57:36,188

documents a hundred crash retrievals in

1412

00:57:34,989 --> 00:57:40,358
the course of 20th century now

1413

00:57:36,188 --> 00:57:43,118
statistically oh that's one per year a

1414

00:57:40,358 --> 00:57:44,498
hundred okay statistically where they

1415

00:57:43,119 --> 00:57:45,608
most want you to come down look at the

1416

00:57:44,498 --> 00:57:48,368
Earth's surface okay

1417

00:57:45,608 --> 00:57:52,598
we live in a built-up area we Swansea is

1418

00:57:48,369 --> 00:57:55,119
a large urban area it's tightly large

1419

00:57:52,599 --> 00:57:58,630
populations large multi level buildings

1420

00:57:55,119 --> 00:58:00,099
a busy road networks many many hundreds

1421

00:57:58,630 --> 00:58:02,318
thousands of people in very very close

1422

00:58:00,099 --> 00:58:04,028
proximity to each other it's a large

1423

00:58:02,318 --> 00:58:07,449
it's a it's a tight one urban

1424

00:58:04,028 --> 00:58:08,858
environment but a lot much of the rest

1425

00:58:07,449 --> 00:58:10,838
of Britain is like that and there's many

1426
00:58:08,858 --> 00:58:13,179
many other places like Swansea even

1427
00:58:10,838 --> 00:58:15,880
bigger places but how much of the world

1428
00:58:13,179 --> 00:58:17,588
is like that we all seen it from our

1429
00:58:15,880 --> 00:58:20,108
perspective a lot of these skeptics who

1430
00:58:17,588 --> 00:58:22,259
say this loitering is a British I mean

1431
00:58:20,108 --> 00:58:25,268
then living in not a living on an island

1432
00:58:22,259 --> 00:58:29,228
of 255 thousand square miles where

1433
00:58:25,268 --> 00:58:32,198
there's 67 million people crammed in

1434
00:58:29,228 --> 00:58:34,208
together most of the world's not like

1435
00:58:32,199 --> 00:58:36,849
that look at look at them and look at a

1436
00:58:34,208 --> 00:58:39,489
population density chart of the earth

1437
00:58:36,849 --> 00:58:42,130
right first of all almost 3/4 of the

1438
00:58:39,489 --> 00:58:46,028
world is covered by sea so only only

1439
00:58:42,130 --> 00:58:47,798
just over a quarter of the actual

1440
00:58:46,028 --> 00:58:50,918
surface of the earth is land is dry land

1441
00:58:47,798 --> 00:58:52,630
where people can actually exist of that

1442
00:58:50,918 --> 00:58:56,288
dry land over half of it is almost

1443
00:58:52,630 --> 00:58:59,469
uninhabited its to copy TV to cold was

1444
00:58:56,289 --> 00:59:03,459
too hot it's too dry to mountainous to

1445
00:58:59,469 --> 00:59:05,710
mountainous etc etc so over half of that

1446
00:59:03,458 --> 00:59:11,379
remember quarter

1447
00:59:05,710 --> 00:59:13,510
is almost entirely uninhabited now all

1448
00:59:11,380 --> 00:59:18,430
that remains of the remaining eighth

1449
00:59:13,510 --> 00:59:19,690
that's left a lot of bits is you know

1450
00:59:18,429 --> 00:59:21,250
you should get like a few people

1451
00:59:19,690 --> 00:59:22,630
per-square-mile as farmland and things

1452
00:59:21,250 --> 00:59:26,469
like that are you seeing Nazi on things

1453
00:59:22,630 --> 00:59:28,358
like that in terms of actual type 1

1454

00:59:26,469 --> 00:59:30,338
urban environments like you see here

1455
00:59:28,358 --> 00:59:32,108
you're probably looking at one under a

1456
00:59:30,338 --> 00:59:35,799
percent of the entire Earth's land

1457
00:59:32,108 --> 00:59:37,029
surface altogether large cities there

1458
00:59:35,800 --> 00:59:38,830
there a lot of people crammed in

1459
00:59:37,030 --> 00:59:40,000
together but they not very common I

1460
00:59:38,829 --> 00:59:43,989
think when you take into account the

1461
00:59:40,000 --> 00:59:47,650
entire size of the earth now the area

1462
00:59:43,989 --> 00:59:49,899
around Nottingham as I said before it

1463
00:59:47,650 --> 00:59:51,460
was the Nottingham conurbation it's a

1464
00:59:49,900 --> 00:59:55,180
patchwork it's a patchwork of arable

1465
00:59:51,460 --> 00:59:59,199
fields forestry at that land woods large

1466
00:59:55,179 --> 01:00:02,949
towns and these these crafts did they

1467
00:59:59,199 --> 01:00:05,848
came down they thought it was covered up

1468
01:00:02,949 --> 01:00:08,079

I think it was successfully covered up

1469

01:00:05,849 --> 01:00:09,490

you could say well what if what if it

1470

01:00:08,079 --> 01:00:11,348

what is the craft haven't landed in

1471

01:00:09,489 --> 01:00:14,259

future what if it landed in Nottingham

1472

01:00:11,349 --> 01:00:15,789

city centre what then of course it is

1473

01:00:14,260 --> 01:00:17,560

only a matter of time statistically it

1474

01:00:15,789 --> 01:00:20,289

tell you something does come down like

1475

01:00:17,559 --> 01:00:22,480

this in another city they wouldn't be

1476

01:00:20,289 --> 01:00:25,440

the cover up then what day would they be

1477

01:00:22,480 --> 01:00:28,150

able to cover up something like this oh

1478

01:00:25,440 --> 01:00:29,588

people the obvious answer is no there'll

1479

01:00:28,150 --> 01:00:32,740

be too many witnesses but let's think

1480

01:00:29,588 --> 01:00:35,469

about okay the people behind the truth

1481

01:00:32,739 --> 01:00:38,529

embargo a Stephen Bassett calls it have

1482

01:00:35,469 --> 01:00:40,750

enormous levels of resources they have

1483
01:00:38,530 --> 01:00:42,640
all the money they need and they have

1484
01:00:40,750 --> 01:00:44,769
the media they control the media they

1485
01:00:42,639 --> 01:00:46,000
control the political figures as well

1486
01:00:44,769 --> 01:00:50,139
the politicians will say whatever

1487
01:00:46,000 --> 01:00:52,269
they're told to say now think again in

1488
01:00:50,139 --> 01:00:55,118
that situation would they be able to

1489
01:00:52,269 --> 01:00:58,239
cover it up or is this an emperor having

1490
01:00:55,119 --> 01:01:00,160
no clothes situation because imagine the

1491
01:00:58,239 --> 01:01:03,549
thousands of people Crowell around this

1492
01:01:00,159 --> 01:01:05,710
as soon as soon as it comes down get

1493
01:01:03,550 --> 01:01:07,720
thousands people my god a UFO is just

1494
01:01:05,710 --> 01:01:12,809
cut down in another city I'm gonna go

1495
01:01:07,719 --> 01:01:15,219
home and tell the family they go home

1496
01:01:12,809 --> 01:01:18,400
switch on the TV and what do they see a

1497
01:01:15,219 --> 01:01:21,328
new story about how are some

1498
01:01:18,400 --> 01:01:24,278
a group of kids played a prank by

1499
01:01:21,329 --> 01:01:26,079
inflating an oddly-shaped bouncy castle

1500
01:01:24,278 --> 01:01:30,480
at a crossroads it was a flying saucer

1501
01:01:26,079 --> 01:01:30,480
shaped bouncy castle at a crossroads

1502
01:01:30,639 --> 01:01:35,710
sorry about that it was just a big joke

1503
01:01:32,769 --> 01:01:37,000
on their part he confused a lot of

1504
01:01:35,710 --> 01:01:38,858
people for a while but don't right

1505
01:01:37,000 --> 01:01:40,659
ladies and gentlemen there is not really

1506
01:01:38,858 --> 01:01:42,400
a flying saucer crash in the middle of

1507
01:01:40,659 --> 01:01:45,000
the city don't worry it's all been

1508
01:01:42,400 --> 01:01:47,619
sorted out it was just a bouncy castle

1509
01:01:45,000 --> 01:01:50,440
how many people would believe that the

1510
01:01:47,619 --> 01:01:52,599
TV told them that yeah unfortunately a

1511

01:01:50,440 --> 01:01:54,700
lot of people would even in

1512
01:01:52,599 --> 01:01:57,880
contradiction to their own senses and on

1513
01:01:54,699 --> 01:02:01,719
an owned Commission they would set the

1514
01:01:57,880 --> 01:02:03,250
cover story the media media broadcast

1515
01:02:01,719 --> 01:02:05,909
television newspapers they're designed

1516
01:02:03,250 --> 01:02:07,539
with the help of top-level psychologists

1517
01:02:05,909 --> 01:02:09,219
organizations like its Haverstock

1518
01:02:07,539 --> 01:02:11,440
Institute the RAND Corporation a

1519
01:02:09,219 --> 01:02:14,348
Stanford research institution all these

1520
01:02:11,440 --> 01:02:16,329
organizations are groups of people who

1521
01:02:14,349 --> 01:02:17,890
by their own admission say they want to

1522
01:02:16,329 --> 01:02:19,900
control the world by controlling

1523
01:02:17,889 --> 01:02:23,048
people's mind and they consult for all

1524
01:02:19,900 --> 01:02:25,510
the major media companies and what's

1525
01:02:23,048 --> 01:02:27,159

more it has happened this this sort well

1526

01:02:25,510 --> 01:02:28,270

something similar to this almost as good

1527

01:02:27,159 --> 01:02:29,980

as this has happened it

1528

01:02:28,269 --> 01:02:34,568

I mentioned the Virginia incident in

1529

01:02:29,980 --> 01:02:37,929

1996 Virginia is a tower it's a large

1530

01:02:34,568 --> 01:02:40,808

town in Brazil 100,000 people and a

1531

01:02:37,929 --> 01:02:42,940

craft came now in that area and what's

1532

01:02:40,809 --> 01:02:44,109

more extra trash the little brown aliens

1533

01:02:42,940 --> 01:02:45,670

have seen wandering the street at least

1534

01:02:44,108 --> 01:02:51,519

two of them was seen wandering the

1535

01:02:45,670 --> 01:02:54,880

street yet it was covered up so

1536

01:02:51,519 --> 01:02:57,250

therefore I go do I don't think it's

1537

01:02:54,880 --> 01:02:58,778

inconceivable that something like the

1538

01:02:57,250 --> 01:03:01,539

scenario described in Nottingham sure

1539

01:02:58,778 --> 01:03:03,159

1987 could happen and not remain stood I

1540
01:03:01,539 --> 01:03:04,630
think it could easily be roommate secret

1541
01:03:03,159 --> 01:03:10,598
I don't think is reason reason watching

1542
01:03:04,630 --> 01:03:12,838
next one please Mike so what was it

1543
01:03:10,599 --> 01:03:16,660
though and what wasn't it

1544
01:03:12,838 --> 01:03:20,139
now Harry Mason the author of the

1545
01:03:16,659 --> 01:03:22,000
article which in Nexus he believes it

1546
01:03:20,139 --> 01:03:24,368
could have been some kind of secret

1547
01:03:22,000 --> 01:03:28,150
weapon that went wrong some kind of

1548
01:03:24,369 --> 01:03:30,210
weapons test was being done and if there

1549
01:03:28,150 --> 01:03:32,619
was some big there was some accident

1550
01:03:30,210 --> 01:03:34,720
you may be some directed-energy weapon

1551
01:03:32,619 --> 01:03:38,710
that started the fire pause the lights

1552
01:03:34,719 --> 01:03:40,899
in the sky caused the explosion it's

1553
01:03:38,710 --> 01:03:43,269
possible it's possible it can't be ruled

1554
01:03:40,900 --> 01:03:45,460
out but it's it has to be a very very

1555
01:03:43,269 --> 01:03:48,539
big blunder for this weapon to be tested

1556
01:03:45,460 --> 01:03:51,490
somewhere over them English Midlands I

1557
01:03:48,539 --> 01:03:53,199
mean this usually these things are

1558
01:03:51,489 --> 01:03:56,199
tested in more remote areas it's

1559
01:03:53,199 --> 01:03:56,980
possible it is possible now Harry Mason

1560
01:03:56,199 --> 01:04:00,608
said it

1561
01:03:56,980 --> 01:04:02,469
he also said that it might not be that

1562
01:04:00,608 --> 01:04:04,559
British weapon it might have been Soviet

1563
01:04:02,469 --> 01:04:06,699
it might have been the Soviet Union

1564
01:04:04,559 --> 01:04:09,279
initiating even some kind of attack or

1565
01:04:06,699 --> 01:04:12,519
some kind of test on their Cold War

1566
01:04:09,280 --> 01:04:16,000
enemy I think that's unlikely

1567
01:04:12,519 --> 01:04:19,509
next slide please - did you recognize

1568

01:04:16,000 --> 01:04:22,510
this chap it's mikhail gorbachev yes

1569
01:04:19,510 --> 01:04:26,140
he's the eighth and final president of

1570
01:04:22,510 --> 01:04:27,849
the Soviet Union now when he came to

1571
01:04:26,139 --> 01:04:29,618
power in a period where the Cold War was

1572
01:04:27,849 --> 01:04:32,800
there was a thawing in the Cold War

1573
01:04:29,619 --> 01:04:34,660
anyway but in 1985 when he took power he

1574
01:04:32,800 --> 01:04:36,550
instituted some policies called glasnost

1575
01:04:34,659 --> 01:04:39,608
and perestroika openness and

1576
01:04:36,550 --> 01:04:41,650
restructuring he wanted to transform the

1577
01:04:39,608 --> 01:04:44,139
Soviet Union which was completely new

1578
01:04:41,650 --> 01:04:45,608
kind of society in order to prevent it

1579
01:04:44,139 --> 01:04:49,210
from collapsing because he knew very

1580
01:04:45,608 --> 01:04:50,529
well he was very shrewd man he knew that

1581
01:04:49,210 --> 01:04:54,099
the Soviet system as it was was

1582
01:04:50,530 --> 01:04:57,040

unsustainable and so he set about

1583

01:04:54,099 --> 01:04:58,450

changing the economy and bringing in

1584

01:04:57,039 --> 01:05:02,170

more private enterprise and things like

1585

01:04:58,449 --> 01:05:03,338

that and also making it more making the

1586

01:05:02,170 --> 01:05:06,760

country less closed off to the outside

1587

01:05:03,338 --> 01:05:09,279

world he he built bridges with with

1588

01:05:06,760 --> 01:05:11,980

other leaders in in the capitalist West

1589

01:05:09,280 --> 01:05:13,510

the old Cold War enemy he was very good

1590

01:05:11,980 --> 01:05:15,159

friends of Margaret Thatcher the British

1591

01:05:13,510 --> 01:05:16,710

prime minister he went to a funeral into

1592

01:05:15,159 --> 01:05:19,059

2014

1593

01:05:16,710 --> 01:05:23,139

make friends with Ronald Reagan the US

1594

01:05:19,059 --> 01:05:24,699

president people are and now he really

1595

01:05:23,139 --> 01:05:28,299

he was really looking to end the Cold

1596

01:05:24,699 --> 01:05:29,789

War basically he and Reagan and hid

1597
01:05:28,300 --> 01:05:32,440
their armors wanted to end the Cold War

1598
01:05:29,789 --> 01:05:35,320
now he couldn't say the Soviet Union it

1599
01:05:32,440 --> 01:05:37,630
did collapse in 1991 it was complete

1600
01:05:35,320 --> 01:05:41,489
astounded and the new Russia came out of

1601
01:05:37,630 --> 01:05:44,079
it however the idea that

1602
01:05:41,489 --> 01:05:49,139
that he would initiate some kind of as

1603
01:05:44,079 --> 01:05:51,068
an attack against Britain in 1987 is

1604
01:05:49,139 --> 01:05:52,118
completely nonsense school would go

1605
01:05:51,068 --> 01:05:55,139
completely against his political

1606
01:05:52,119 --> 01:06:00,699
strategy if it happened in the 1950s

1607
01:05:55,139 --> 01:06:02,139
when I sixties I could believe it Joseph

1608
01:06:00,699 --> 01:06:06,400
Stalin yet he would have done something

1609
01:06:02,139 --> 01:06:08,379
like that not gorgeo is it's just

1610
01:06:06,400 --> 01:06:10,479
doesn't fit in with the geopolitical

1611
01:06:08,380 --> 01:06:16,329
landscape at that time so I don't think

1612
01:06:10,478 --> 01:06:20,788
it was a Soviet weapon at all what does

1613
01:06:16,329 --> 01:06:23,019
that leave so my next slide please so

1614
01:06:20,789 --> 01:06:25,869
we've got to think logically now I love

1615
01:06:23,018 --> 01:06:29,018
logic logic is great skeptics claim to

1616
01:06:25,869 --> 01:06:30,880
be logical within fast very very often

1617
01:06:29,018 --> 01:06:35,588
I've done it I presentation on this but

1618
01:06:30,880 --> 01:06:37,690
I believe skeptics are very often not

1619
01:06:35,588 --> 01:06:40,058
logical in fact they abandon logic in

1620
01:06:37,690 --> 01:06:42,608
order to maintain their worldview let's

1621
01:06:40,059 --> 01:06:44,650
look at it logically if it wasn't some

1622
01:06:42,608 --> 01:06:46,929
kind of weapon wasn't the way that

1623
01:06:44,650 --> 01:06:48,719
balloon wasn't thunder what was it

1624
01:06:46,929 --> 01:06:52,528
what's this leave we'd have to consider

1625

01:06:48,719 --> 01:06:55,420
other options next slide please Michael

1626
01:06:52,528 --> 01:06:58,059
why shouldn't it be something

1627
01:06:55,420 --> 01:06:59,588
extraterrestrial I think it's probably

1628
01:06:58,059 --> 01:07:01,569
the most likely at that's the most

1629
01:06:59,588 --> 01:07:03,190
likely scenario based on the evidence

1630
01:07:01,568 --> 01:07:04,538
has been presented to us I think the

1631
01:07:03,190 --> 01:07:06,639
most likely thing that happened was this

1632
01:07:04,539 --> 01:07:10,719
was really what an extraterrestrial

1633
01:07:06,639 --> 01:07:15,900
object intentionally built extra special

1634
01:07:10,719 --> 01:07:18,190
object to hit the earth in 1990 1987

1635
01:07:15,900 --> 01:07:19,630
there was some kind whatever caused it

1636
01:07:18,190 --> 01:07:22,239
we don't know but some pop came

1637
01:07:19,630 --> 01:07:23,588
down lots of objects were flying over in

1638
01:07:22,239 --> 01:07:25,749
the sky one of at least one of them can

1639
01:07:23,588 --> 01:07:26,139

now hit the ground got back up into the

1640

01:07:25,748 --> 01:07:27,759

air

1641

01:07:26,139 --> 01:07:31,298

ten down Liana stayed there and it was

1642

01:07:27,759 --> 01:07:34,269

salvaged it was secured located and

1643

01:07:31,298 --> 01:07:38,068

hidden and again the gunmen are keeping

1644

01:07:34,268 --> 01:07:40,238

keeping a lid on it to this day I

1645

01:07:38,068 --> 01:07:41,679

hopefully have an update soon to tell

1646

01:07:40,239 --> 01:07:46,208

you because I am working on further

1647

01:07:41,679 --> 01:07:49,048

projects into this particular case so

1648

01:07:46,208 --> 01:07:49,048

hopefully nobody's

1649

01:07:51,710 --> 01:07:59,429

if you love anything to do with UFOs and

1650

01:07:54,900 --> 01:08:01,800

crash retrievals and Exopolitics Roswell

1651

01:07:59,429 --> 01:08:03,899

etc Roswell writing a novel of

1652

01:08:01,800 --> 01:08:06,359

disclosure is a novel is a book I've

1653

01:08:03,900 --> 01:08:08,160

written it's a fictional story but it's

1654
01:08:06,358 --> 01:08:10,289
all about this kind of thing and you can

1655
01:08:08,159 --> 01:08:13,618
get a copy on there ten pounds it's up

1656
01:08:10,289 --> 01:08:15,480
on there next slide please money and the

1657
01:08:13,619 --> 01:08:17,369
sequel is good since I came here last

1658
01:08:15,480 --> 01:08:19,198
i've actually published a seat well it's

1659
01:08:17,369 --> 01:08:21,149
also on that this story ten pounds

1660
01:08:19,198 --> 01:08:24,509
although if you buy both together you

1661
01:08:21,149 --> 01:08:26,099
can for fifteen so that's this is the

1662
01:08:24,509 --> 01:08:27,238
sequel and then right third one so it's

1663
01:08:26,100 --> 01:08:29,279
gonna be a trilogy so it's gonna be a

1664
01:08:27,238 --> 01:08:30,629
Roswell or disclosure trilogy this is

1665
01:08:29,279 --> 01:08:32,339
was more reveal than world after

1666
01:08:30,630 --> 01:08:34,680
disclosure it talks about this

1667
01:08:32,338 --> 01:08:36,479
possibility so do come pick one up if

1668
01:08:34,680 --> 01:08:38,969
you if you're into this sort of subject

1669
01:08:36,479 --> 01:08:41,879
I've also got three copies of Evans land

1670
01:08:38,969 --> 01:08:44,880
which is a well steamed book which is my

1671
01:08:41,880 --> 01:08:46,520
first novel that's only five pounds even

1672
01:08:44,880 --> 01:08:49,739
though it's a big big thing like that

1673
01:08:46,520 --> 01:08:51,120
that's whoa thank you very much for

1674
01:08:49,738 --> 01:08:52,709
listening ladies and gentlemen we'll

1675
01:08:51,119 --> 01:08:54,769
take a break and then I'll take your

1676
01:08:52,710 --> 01:08:54,770
questions

1677
01:08:54,850 --> 01:09:01,619
[Applause]

1678
01:09:01,880 --> 01:09:06,088
so please the Ben was able to come back

1679
01:09:04,680 --> 01:09:06,480
to us for the third visit can you

1680
01:09:06,088 --> 01:09:08,579
believe that

1681
01:09:06,479 --> 01:09:10,588
oh we from Oxford he came up on the

1682

01:09:08,579 --> 01:09:14,338
coach today took the best part of eight

1683
01:09:10,588 --> 01:09:15,659
hours so and especially with the day

1684
01:09:14,338 --> 01:09:17,159
today with the threat of the snow and

1685
01:09:15,659 --> 01:09:24,180
everything that so we give them another

1686
01:09:17,159 --> 01:09:25,738
clap for coming up yeah break don't

1687
01:09:24,180 --> 01:09:27,810
disappear come back in for Q&A

1688
01:09:25,738 --> 01:09:29,698
don't forget the box for contributions

1689
01:09:27,810 --> 01:09:32,430

1690
01:09:29,698 --> 01:09:35,789
and you've seen in the B&B tonight so we

1691
01:09:32,430 --> 01:09:39,420
claim for that anybody here not you not

1692
01:09:35,789 --> 01:09:40,710
here before first visit all of ya come

1693
01:09:39,420 --> 01:09:41,819
see me over there any minute and I'll

1694
01:09:40,710 --> 01:09:45,050
give you some paperwork

1695
01:09:41,819 --> 01:09:48,169
alright okay see you in a bit

1696
01:09:45,050 --> 01:09:48,168

[Applause]

1697

01:09:51,739 --> 01:09:57,149

well anyway connected are you talking

1698

01:09:55,859 --> 01:10:00,539

about us

1699

01:09:57,149 --> 01:10:04,679

I don't know what are you talking about

1700

01:10:00,539 --> 01:10:06,529

- Gary minute ago he said that there's a

1701

01:10:04,680 --> 01:10:08,850

God from New Zealand called Bruce Cathie

1702

01:10:06,529 --> 01:10:11,489

who's an airline pilot and he actually

1703

01:10:08,850 --> 01:10:13,560

said that he actually who's worked for

1704

01:10:11,489 --> 01:10:15,510

chart in these UFO sightings and their

1705

01:10:13,560 --> 01:10:18,330

links the ley lines and he found out

1706

01:10:15,510 --> 01:10:20,190

that there's a colonel I feel this

1707

01:10:18,329 --> 01:10:23,130

connection they seem to be aware of

1708

01:10:20,189 --> 01:10:24,599

these lines and they seem to appear and

1709

01:10:23,130 --> 01:10:26,609

people like in the West Country in there

1710

01:10:24,600 --> 01:10:28,289

is why stone Antony we've met these are

1711
01:10:26,609 --> 01:10:31,049
all the hot spots for UFOs and of course

1712
01:10:28,289 --> 01:10:32,550
for crop circles which the West Country

1713
01:10:31,050 --> 01:10:36,690
of England is the world heart and the

1714
01:10:32,550 --> 01:10:38,130
crop circles as well so it's possible I

1715
01:10:36,689 --> 01:10:40,619
don't know specifically for not seeing I

1716
01:10:38,130 --> 01:10:43,980
asked his tailor cousin Eaton and having

1717
01:10:40,619 --> 01:10:46,819
spoken here he's a guy and he's working

1718
01:10:43,979 --> 01:10:51,169
something Pembrokeshire right now

1719
01:10:46,819 --> 01:10:51,170
charting his dragon line as he calls it

1720
01:10:55,100 --> 01:10:59,610
they say no Paul Sinclair's done a bit

1721
01:10:57,779 --> 01:11:13,859
of work on deal entities in truth booths

1722
01:10:59,609 --> 01:11:16,049
books yeah the lorry driver told me he

1723
01:11:13,859 --> 01:11:18,269
remembered it it appears as nothing in

1724
01:11:16,050 --> 01:11:29,730
the newspaper archives which means he

1725
01:11:18,270 --> 01:11:32,510
wasn't covered or material was removed I

1726
01:11:29,729 --> 01:11:32,509
was glad to hear that

1727
01:11:34,250 --> 01:11:37,850
so I'll come back to you

1728
01:11:43,300 --> 01:11:57,039
I sent links to my reports to several

1729
01:11:55,060 --> 01:12:00,910
fire brigade people on forums and things

1730
01:11:57,039 --> 01:12:02,199
like that the actual official if you get

1731
01:12:00,909 --> 01:12:04,029
something official that to be a

1732
01:12:02,199 --> 01:12:06,069
different matter work maybe the Freedom

1733
01:12:04,029 --> 01:12:07,149
of Information Act will actually say

1734
01:12:06,069 --> 01:12:09,279
whether or not there was a major

1735
01:12:07,149 --> 01:12:11,379
incident because for that level of

1736
01:12:09,279 --> 01:12:13,329
response say you know Fargo they come

1737
01:12:11,380 --> 01:12:15,460
from Bingham which if you look on the

1738
01:12:13,329 --> 01:12:18,189
map is to the east of Natyam that must

1739

01:12:15,460 --> 01:12:20,470
have been a major incident court yeah

1740
01:12:18,189 --> 01:12:22,509
but it's it's worth doing I'll see what

1741
01:12:20,470 --> 01:12:24,220
I can do there you know what that what

1742
01:12:22,510 --> 01:12:29,320
have police said about the road closures

1743
01:12:24,220 --> 01:12:30,610
below nothing as I mean as far as I know

1744
01:12:29,319 --> 01:12:31,479
I thought what they said at the time I

1745
01:12:30,609 --> 01:12:35,109
know

1746
01:12:31,479 --> 01:12:36,759
traffic was reroute it but so that I

1747
01:12:35,109 --> 01:12:39,130
said of massive traffic jams around but

1748
01:12:36,760 --> 01:12:42,880
if as far as I know there was no

1749
01:12:39,130 --> 01:12:44,579
official report about why that was so

1750
01:12:42,880 --> 01:12:46,779
ambulance to come back to you now again

1751
01:12:44,579 --> 01:12:50,079
it happened about two o'clock in the

1752
01:12:46,779 --> 01:12:51,399
morning yes how much one we believe the

1753
01:12:50,079 --> 01:12:53,409

explosion was you how many they weren't

1754

01:12:51,399 --> 01:12:58,179

that many eyewitnesses but if there was

1755

01:12:53,409 --> 01:12:59,920

a shockwave or some sort of tremor some

1756

01:12:58,180 --> 01:13:01,000

people must could have gone upside the

1757

01:12:59,920 --> 01:13:02,170

house to see what that was and they

1758

01:13:01,000 --> 01:13:04,149

might have seen something

1759

01:13:02,170 --> 01:13:06,190

well I did today there was people the

1760

01:13:04,149 --> 01:13:07,509

people who boasted people did rush

1761

01:13:06,189 --> 01:13:09,429

Harrington Street say what's going on

1762

01:13:07,510 --> 01:13:13,239

they looked up and they saw lights in

1763

01:13:09,430 --> 01:13:15,220

the sky so yeah absolutely they will

1764

01:13:13,239 --> 01:13:16,389

who's the explosion shockwave there are

1765

01:13:15,220 --> 01:13:18,789

actually more witnesses and you get

1766

01:13:16,390 --> 01:13:20,920

otherwise I've been actively trying to

1767

01:13:18,789 --> 01:13:22,750

find witnesses you know give your money

1768
01:13:20,920 --> 01:13:29,319
either come forward before we do putting

1769
01:13:22,750 --> 01:13:31,060
up the posters on the Facebook know

1770
01:13:29,319 --> 01:13:33,460
there's a lot of little community groups

1771
01:13:31,060 --> 01:13:35,140
have got like a local hub you know where

1772
01:13:33,460 --> 01:13:37,420
mmm people talk about different things

1773
01:13:35,140 --> 01:13:41,619
to do with over there Joe ever spoke of

1774
01:13:37,420 --> 01:13:43,180
paper locals I lasted Facebook groups

1775
01:13:41,619 --> 01:13:45,130
they are you just took a post up I think

1776
01:13:43,180 --> 01:13:47,350
and we found that yeah we researching

1777
01:13:45,130 --> 01:13:48,909
the pentateuch event and kind of food

1778
01:13:47,350 --> 01:13:51,010
people all right it creates a lot of

1779
01:13:48,909 --> 01:13:55,498
trolls and other people making fun but

1780
01:13:51,010 --> 01:13:57,329
you do get quite food remember

1781
01:13:55,498 --> 01:13:59,488
I'll ask what that because I mean my

1782
01:13:57,328 --> 01:14:01,889
fortune I'm not I've split up with Sue

1783
01:13:59,488 --> 01:14:03,359
my partner in the area so ever be able

1784
01:14:01,889 --> 01:14:05,670
to visit her I don't have a base of

1785
01:14:03,359 --> 01:14:06,988
operations there anymore but I'm

1786
01:14:05,670 --> 01:14:08,899
thinking of taking another trip up there

1787
01:14:06,988 --> 01:14:10,799
meeting up with Nigel and Dan and

1788
01:14:08,899 --> 01:14:12,029
because I know they've been doing a lot

1789
01:14:10,800 --> 01:14:15,059
of work in my absence they've been

1790
01:14:12,029 --> 01:14:16,559
they've been putting on posters on on

1791
01:14:15,059 --> 01:14:19,079
telegraph poles and things I asked you

1792
01:14:16,559 --> 01:14:21,269
for information they've not fun a few

1793
01:14:19,078 --> 01:14:22,799
more doors I mean we did the only person

1794
01:14:21,269 --> 01:14:31,679
we spoke to in the area at that time

1795
01:14:22,800 --> 01:14:33,960
didn't remember anything as a promise is

1796

01:14:31,679 --> 01:14:37,649
this is a this is a commonly recurring

1797
01:14:33,960 --> 01:14:40,559
curse of UFO research the tide the time

1798
01:14:37,649 --> 01:14:42,210
between when something happens Oh an

1799
01:14:40,559 --> 01:14:46,279
investigation begins in the case of

1800
01:14:42,210 --> 01:14:48,300
Roswell it's 31 years when you know when

1801
01:14:46,279 --> 01:14:49,529
Jesse met Stan and they did the

1802
01:14:48,300 --> 01:14:53,090
beginning of you and then led to the

1803
01:14:49,529 --> 01:14:53,090
first Roswell book with Stanton Friedman

1804
01:14:54,439 --> 01:14:58,828
there's a problem meaning case of I

1805
01:14:56,929 --> 01:15:00,809
think it was Jim Marrs

1806
01:14:58,828 --> 01:15:02,670
actually the late great Jim Marcy start

1807
01:15:00,809 --> 01:15:05,489
researching the Aurora incident in the

1808
01:15:02,670 --> 01:15:07,590
70s and by that time this is an event

1809
01:15:05,488 --> 01:15:09,029
that happened in 1897 but that time many

1810
01:15:07,590 --> 01:15:14,279

people look around whether people have

1811

01:15:09,029 --> 01:15:15,779

been children at the time was dead this

1812

01:15:14,279 --> 01:15:17,849

is showing good I think you're covered

1813

01:15:15,779 --> 01:15:20,219

up and then years later then you get one

1814

01:15:17,849 --> 01:15:22,019

person coming forward and wrapping yeah

1815

01:15:20,219 --> 01:15:25,498

there's so many crash retrievals which

1816

01:15:22,019 --> 01:15:27,449

have gotten unknown it can yeah the

1817

01:15:25,498 --> 01:15:29,399

problem then is which ones are real and

1818

01:15:27,448 --> 01:15:31,408

which ones are just fighting and this is

1819

01:15:29,399 --> 01:15:32,698

this is a big problem and the exception

1820

01:15:31,408 --> 01:15:34,679

is random to forests relative course

1821

01:15:32,698 --> 01:15:36,558

luckily thanks to the whistleblowers

1822

01:15:34,679 --> 01:15:40,199

Mary Warren and the other whistleblowers

1823

01:15:36,559 --> 01:15:43,070

by 1983 we all knew it happened and so

1824

01:15:40,198 --> 01:15:43,069

research could begin

1825
01:15:55,369 --> 01:16:02,099
well that's all yeah but then there's a

1826
01:15:59,039 --> 01:16:04,340
lot of talk about this I mean Steve

1827
01:16:02,100 --> 01:16:07,079
Bassett the disclosure project and

1828
01:16:04,340 --> 01:16:09,150
Steven Greer and paradigm research group

1829
01:16:07,079 --> 01:16:11,399
these people are campaigning their lobby

1830
01:16:09,149 --> 01:16:16,049
groups campaigning for willingness

1831
01:16:11,399 --> 01:16:17,670
closure from the government and we've I

1832
01:16:16,050 --> 01:16:20,640
think there was a lot of talk about

1833
01:16:17,670 --> 01:16:22,529
Obama being the disclosure president and

1834
01:16:20,640 --> 01:16:26,789
that he something would happen in his

1835
01:16:22,529 --> 01:16:28,289
term this didn't come to pass now the

1836
01:16:26,789 --> 01:16:29,489
whole issue with willing disclosure is

1837
01:16:28,289 --> 01:16:32,460
something I've very divided over

1838
01:16:29,489 --> 01:16:33,769
internally because now there's a part of

1839
01:16:32,460 --> 01:16:38,250
me that thinks it's not possible

1840
01:16:33,770 --> 01:16:40,500
it's the implications of the fact that

1841
01:16:38,250 --> 01:16:45,090
they the implications of them the fact

1842
01:16:40,500 --> 01:16:47,310
they lied for so long and the other

1843
01:16:45,090 --> 01:16:48,720
things associated with free energy and

1844
01:16:47,310 --> 01:16:53,340
out of gravity and things like that the

1845
01:16:48,720 --> 01:16:56,369
technology to actually not only admit

1846
01:16:53,340 --> 01:16:58,170
that it's there and undo whatever policy

1847
01:16:56,369 --> 01:17:00,059
that existed in place which the whole

1848
01:16:58,170 --> 01:17:01,859
world has been united the whole world in

1849
01:17:00,060 --> 01:17:03,450
the elite circles has been united behind

1850
01:17:01,859 --> 01:17:05,009
they've been absolutely unequivocal

1851
01:17:03,449 --> 01:17:07,289
they've been very very consistent in

1852
01:17:05,010 --> 01:17:11,550
their policy towards this subject for a

1853

01:17:07,289 --> 01:17:13,680
century more or more than a century to

1854
01:17:11,550 --> 01:17:16,470
undo that and then also admit that they

1855
01:17:13,680 --> 01:17:17,970
lied about it when they could have

1856
01:17:16,470 --> 01:17:20,369
actually come clean in the beginning and

1857
01:17:17,970 --> 01:17:23,190
then think how different the world would

1858
01:17:20,369 --> 01:17:26,010
have been well my thought was well

1859
01:17:23,189 --> 01:17:28,679
arising was well revealed these books

1860
01:17:26,010 --> 01:17:30,300
which discussed this issue that's why I

1861
01:17:28,680 --> 01:17:32,100
wrote those books because I wanted to I

1862
01:17:30,300 --> 01:17:38,010
want to explore a fictional scenario in

1863
01:17:32,100 --> 01:17:39,360
which things were different and it would

1864
01:17:38,010 --> 01:17:41,340
be more different we can imagine a me

1865
01:17:39,359 --> 01:17:43,439
for instance free energy antigravity

1866
01:17:41,340 --> 01:17:44,819
things like that talking about an end to

1867
01:17:43,439 --> 01:17:48,210

poverty and then to environmental

1868

01:17:44,819 --> 01:17:50,130

destruction etc etc you know a lot of

1869

01:17:48,210 --> 01:17:51,510

explaining to them so maybe this is kind

1870

01:17:50,130 --> 01:17:55,380

of one moment I'll be with you in a sec

1871

01:17:51,510 --> 01:17:57,380

but yeah what maybe they just they just

1872

01:17:55,380 --> 01:17:59,630

did it digging their heels in the hole

1873

01:17:57,380 --> 01:18:01,159

because it's just it's a hole they can't

1874

01:17:59,630 --> 01:18:02,359

dig out of it's that the political

1875

01:18:01,158 --> 01:18:04,399

structures of this world don't have the

1876

01:18:02,359 --> 01:18:07,069

capacity to absorb a revelation of that

1877

01:18:04,399 --> 01:18:10,219

magnitude so just going to ask about the

1878

01:18:07,069 --> 01:18:13,519

fires and any potential sort of like

1879

01:18:10,219 --> 01:18:23,480

smoking with smoke because when happened

1880

01:18:13,520 --> 01:18:26,120

there were people not to my knowledge no

1881

01:18:23,479 --> 01:18:27,559

I mean the Pentek incident is like

1882
01:18:26,119 --> 01:18:29,630
really interesting because my cure it

1883
01:18:27,560 --> 01:18:31,070
see we've been talking about it in the

1884
01:18:29,630 --> 01:18:31,880
break and it's there's so many

1885
01:18:31,069 --> 01:18:34,130
similarities

1886
01:18:31,880 --> 01:18:39,079
I've been talking to Kaz and other

1887
01:18:34,130 --> 01:18:40,460
people looking into it you not only have

1888
01:18:39,079 --> 01:18:44,679
a strange event but you have like the

1889
01:18:40,460 --> 01:18:44,679
the media looks like the media cover up

1890
01:18:55,658 --> 01:19:05,388
online all the police just a weather

1891
01:19:03,439 --> 01:19:07,250
balloon is backfilling there it's the

1892
01:19:05,389 --> 01:19:08,900
entire you can always get your

1893
01:19:07,250 --> 01:19:10,789
disinformation in afterwards if you need

1894
01:19:08,899 --> 01:19:12,259
to know if you don't have to you don't

1895
01:19:10,789 --> 01:19:13,488
have to put in beforehand if you know

1896
01:19:12,260 --> 01:19:15,590
what you're doing if you control the

1897
01:19:13,488 --> 01:19:23,599
media as I explained in my talk I think

1898
01:19:15,590 --> 01:19:28,270
they were controlling the burning inside

1899
01:19:23,600 --> 01:19:28,270
them you want to get out sir

1900
01:19:52,239 --> 01:19:57,529
for sure yeah the core will then go out

1901
01:19:55,520 --> 01:19:58,040
there was Photoshop you can't win that's

1902
01:19:57,529 --> 01:19:59,590
the problem

1903
01:19:58,039 --> 01:20:02,210
you can't win with photographic evidence

1904
01:19:59,590 --> 01:20:04,250
if you either people a lot of skeptical

1905
01:20:02,210 --> 01:20:05,840
said because a lot of UFO footage I

1906
01:20:04,250 --> 01:20:07,460
thought she's very poor quality someone

1907
01:20:05,840 --> 01:20:09,289
with a very shaky hand cuz they're

1908
01:20:07,460 --> 01:20:10,609
excited pointing their mobile iPhone at

1909
01:20:09,289 --> 01:20:12,829
the sky and you see this look you just

1910

01:20:10,609 --> 01:20:14,689
see the light going around can you see

1911
01:20:12,829 --> 01:20:16,430
it oh goodness me it's like it's just

1912
01:20:14,689 --> 01:20:18,319
above my head can you see that everybody

1913
01:20:16,430 --> 01:20:20,450
look about in everyone get your bonus

1914
01:20:18,319 --> 01:20:21,619
straight away of the shock I think

1915
01:20:20,449 --> 01:20:22,819
instead it's getting saying that could

1916
01:20:21,619 --> 01:20:24,500
be anything you know well then of course

1917
01:20:22,819 --> 01:20:27,619
something really really good happens now

1918
01:20:24,500 --> 01:20:31,069
say photoshopped that could be faked and

1919
01:20:27,619 --> 01:20:32,510
a fortunate in this day and age when

1920
01:20:31,069 --> 01:20:34,609
someone says that could be fates they

1921
01:20:32,510 --> 01:20:36,860
could be right because anything could be

1922
01:20:34,609 --> 01:20:38,420
faked these days that's what it's a sad

1923
01:20:36,859 --> 01:20:39,619
fact that photographic evidence doesn't

1924
01:20:38,420 --> 01:20:43,130

carry the same way it used to

1925

01:20:39,619 --> 01:20:44,960

it's a shame but so it's showing that he

1926

01:20:43,130 --> 01:20:47,329

did in this scenario there probably

1927

01:20:44,960 --> 01:20:49,039

would be a lot of people who save us

1928

01:20:47,329 --> 01:20:51,439

fake the people taking this shot Swiss

1929

01:20:49,039 --> 01:20:54,680

police say no wasn't honestly but when

1930

01:20:51,439 --> 01:20:58,789

they realize how incredible is against

1931

01:20:54,680 --> 01:21:00,820

them they may want just they just give

1932

01:20:58,789 --> 01:21:00,819

up

1933

01:21:08,359 --> 01:21:13,768

vanilla yeah yeah that was some mark oli

1934

01:21:11,578 --> 01:21:16,170

looked into her he was a thank you -

1935

01:21:13,769 --> 01:21:17,550

yeah Dorian it's funny because I

1936

01:21:16,170 --> 01:21:19,139

actually come from that area I may not

1937

01:21:17,550 --> 01:21:22,529

sound like it but I'm actually a taffy

1938

01:21:19,139 --> 01:21:26,099

just like you um I am believe it or not

1939
01:21:22,529 --> 01:21:27,719
I'm done yeah that's a mark only did a

1940
01:21:26,099 --> 01:21:30,569
documentary for get on YouTube I've got

1941
01:21:27,719 --> 01:21:32,189
the DVD of it there's some kind of

1942
01:21:30,569 --> 01:21:34,049
saintly baby won't be something wrong

1943
01:21:32,189 --> 01:21:37,649
sure make some some point experiment

1944
01:21:34,050 --> 01:21:39,900
cause there's piece of it yeah which she

1945
01:21:37,649 --> 01:21:41,460
owns which it's clearly a part of some

1946
01:21:39,899 --> 01:21:43,408
kind of aircraft it's like stealth

1947
01:21:41,460 --> 01:21:45,210
material it's like made absorbent

1948
01:21:43,408 --> 01:21:56,729
material it's music maybe a mattress

1949
01:21:45,210 --> 01:21:57,420
some people recovered some of this

1950
01:21:56,729 --> 01:21:59,250
material

1951
01:21:57,420 --> 01:22:00,630
have you made he turned it into a

1952
01:21:59,250 --> 01:22:03,389
hundred key rings and he sent the bill

1953
01:22:00,630 --> 01:22:06,059
different people haha to preserve them

1954
01:22:03,389 --> 01:22:07,859
so they wouldn't get recovered or taken

1955
01:22:06,059 --> 01:22:08,940
from him that's actually not a bad idea

1956
01:22:07,859 --> 01:22:10,618
they opened a government he lives in

1957
01:22:08,939 --> 01:22:12,149
North Wales in the imago phrase a we're

1958
01:22:10,618 --> 01:22:14,279
open to go up to see him soon they said

1959
01:22:12,149 --> 01:22:17,488
we can have one of them oh good yeah all

1960
01:22:14,279 --> 01:22:18,719
right that's not a bad idea I see Becky

1961
01:22:17,488 --> 01:22:36,928
coming down and getting getting

1962
01:22:18,719 --> 01:22:39,510
distributed yeah oh right oh um the

1963
01:22:36,929 --> 01:22:42,420
woman yeah mrs. Rustenburg mrs. first

1964
01:22:39,510 --> 01:22:44,519
name was that not to mention I know

1965
01:22:42,420 --> 01:22:46,679
she's this lady who was a who lived in a

1966
01:22:44,519 --> 01:22:49,289
country houses she was interviewed in a

1967

01:22:46,679 --> 01:22:52,039
program in there was very good interview

1968
01:22:49,288 --> 01:22:53,210
with her Oliver on old TV show and

1969
01:22:52,039 --> 01:22:55,198
[Music]

1970
01:22:53,210 --> 01:22:57,480
you've listened to what she's saying

1971
01:22:55,198 --> 01:23:00,689
about the craft land he came now right

1972
01:22:57,479 --> 01:23:02,189
on the roof of her house and these are

1973
01:23:00,689 --> 01:23:03,388
Nordic aliens were inside it and she

1974
01:23:02,189 --> 01:23:09,238
looked and she saw his like Nordic

1975
01:23:03,389 --> 01:23:11,119
aliens yeah and then I mean she where

1976
01:23:09,238 --> 01:23:14,509
she talks about it it's just like

1977
01:23:11,119 --> 01:23:18,019
I know several people of to hurry a few

1978
01:23:14,510 --> 01:23:20,270
people who are good at analyzing laugh

1979
01:23:18,020 --> 01:23:21,290
it's lies you're detecting lies and

1980
01:23:20,270 --> 01:23:22,490
things like that and detecting when

1981
01:23:21,289 --> 01:23:23,269

people I think things up they she knows

1982

01:23:22,489 --> 01:23:26,539

she's telling the truth

1983

01:23:23,270 --> 01:23:28,760

I changed she's kept her story all her

1984

01:23:26,539 --> 01:23:30,380

life she kept the same story there's

1985

01:23:28,760 --> 01:23:32,210

other more recent interview for her can

1986

01:23:30,380 --> 01:23:34,579

she died a couple years ago but she

1987

01:23:32,210 --> 01:23:42,619

never changed her story never not once

1988

01:23:34,579 --> 01:23:43,729

that's an amazing case Carrie did they

1989

01:23:42,619 --> 01:23:47,300

suggest that it looked like it was

1990

01:23:43,729 --> 01:23:48,889

struggling yeah somebody called in a

1991

01:23:47,300 --> 01:23:50,000

Harry Mason's people report and they

1992

01:23:48,890 --> 01:23:50,890

said it looked like an aircraft in

1993

01:23:50,000 --> 01:23:53,000

trouble

1994

01:23:50,890 --> 01:23:55,220

they thought he was making noises that I

1995

01:23:53,000 --> 01:23:57,140

mean I don't know whether imitating the

1996
01:23:55,220 --> 01:23:58,909
sound or like a whining sound you see in

1997
01:23:57,140 --> 01:24:04,640
Hollywood movies when he can get an

1998
01:23:58,909 --> 01:24:06,050
aircraft about to crash but yes they did

1999
01:24:04,640 --> 01:24:08,630
mention they said they thought someone

2000
01:24:06,050 --> 01:24:10,430
was in trouble which is interesting I

2001
01:24:08,630 --> 01:24:13,039
think I mean whether that was just

2002
01:24:10,430 --> 01:24:19,970
something that occurred to them or care

2003
01:24:13,039 --> 01:24:22,930
to Harry Mason well there was a theory

2004
01:24:19,970 --> 01:24:25,280
that they the radar was affecting their

2005
01:24:22,930 --> 01:24:27,530
navigation systems or something oh well

2006
01:24:25,279 --> 01:24:30,739
there's a lot of it yeah I mean radar

2007
01:24:27,529 --> 01:24:31,609
means these things people have to sell

2008
01:24:30,739 --> 01:24:33,500
they shoot them now

2009
01:24:31,609 --> 01:24:36,019
well there are a course of combat

2010
01:24:33,500 --> 01:24:37,850
between UFOs and humans but almost

2011
01:24:36,020 --> 01:24:41,450
invariably the humans come out worse off

2012
01:24:37,850 --> 01:24:44,450
and many many situations of where for

2013
01:24:41,449 --> 01:24:46,729
instance some a UFO will disable an

2014
01:24:44,449 --> 01:24:49,309
aircraft's computer system before it can

2015
01:24:46,729 --> 01:24:52,429
launches missiles this happened to

2016
01:24:49,310 --> 01:25:05,539
Parviz Jafari in iran in 1976 it

2017
01:24:52,430 --> 01:25:07,850
happened to in 9:57 to know that he's a

2018
01:25:05,539 --> 01:25:09,859
good example of a guy who crashes paying

2019
01:25:07,850 --> 01:25:13,640
off he was chasing you or phobia but

2020
01:25:09,859 --> 01:25:15,920
basically and it's that they are there

2021
01:25:13,640 --> 01:25:17,010
were some reports people say well a lot

2022
01:25:15,920 --> 01:25:19,649
of these crashes happen

2023
01:25:17,010 --> 01:25:21,420
this radar New Mexico was the only place

2024

01:25:19,649 --> 01:25:23,879
with his high-powered Raider also

2025
01:25:21,420 --> 01:25:26,639
thunderstorms thunderstorms are often

2026
01:25:23,880 --> 01:25:28,980
associated crash retrievals now the

2027
01:25:26,639 --> 01:25:30,868
weather for the weather reports for that

2028
01:25:28,979 --> 01:25:33,658
night in 1987

2029
01:25:30,868 --> 01:25:34,259
clear skies no wind it was not a

2030
01:25:33,658 --> 01:25:35,488
thunderstorm

2031
01:25:34,260 --> 01:25:36,900
however thunderstorms have been

2032
01:25:35,488 --> 01:25:39,479
associated with Roswell it was last

2033
01:25:36,899 --> 01:25:42,799
under storms around the time that the

2034
01:25:39,479 --> 01:25:42,799
craft came down also in Virginia

2035
01:25:43,908 --> 01:25:52,518
12th of November but also inviting

2036
01:25:49,738 --> 01:25:54,750
there's thunderstorms it maybe that's

2037
01:25:52,519 --> 01:25:56,820
electrical activity or energy in the

2038
01:25:54,750 --> 01:26:01,219

atmosphere so adversely affects these

2039

01:25:56,819 --> 01:26:04,229

craft the big hurricane was in 87 but

2040

01:26:01,219 --> 01:26:06,809

well it's funny only was it October

2041

01:26:04,229 --> 01:26:09,058

wanted like a fish loss Facebook yeah

2042

01:26:06,809 --> 01:26:10,440

that's right actually he's funny

2043

01:26:09,059 --> 01:26:15,239

wouldn't it was just it was literally

2044

01:26:10,439 --> 01:26:18,710

just dumb it was literally just a month

2045

01:26:15,238 --> 01:26:22,529

after that with the great storm yeah

2046

01:26:18,710 --> 01:26:24,779

great sausage very strange thing

2047

01:26:22,529 --> 01:26:26,069

happened yeah is he said Oh some people

2048

01:26:24,779 --> 01:26:36,448

say that hurricane coming don't worry is

2049

01:26:26,069 --> 01:26:38,969

not Dan said Daniel Bostock he said oh I

2050

01:26:36,448 --> 01:26:40,259

I heard a story about how I remember

2051

01:26:38,969 --> 01:26:43,109

them saying helicopter crash in the

2052

01:26:40,260 --> 01:26:45,300

woods now that's not been confirmed

2053
01:26:43,109 --> 01:26:45,779
there's no way to confirm it off all

2054
01:26:45,300 --> 01:26:49,130
these years

2055
01:26:45,779 --> 01:26:49,130
it's just his memory

2056
01:26:54,189 --> 01:26:59,109
that crashed in the Shopville incident a

2057
01:26:56,969 --> 01:27:00,909
military helicopter was forced to make a

2058
01:26:59,109 --> 01:27:02,619
landing they're going to assisted to see

2059
01:27:00,909 --> 01:27:04,930
more evidence that they're dealing with

2060
01:27:02,619 --> 01:27:06,609
something yeah if that story to be

2061
01:27:04,930 --> 01:27:08,800
confirmed it was very interesting indeed

2062
01:27:06,609 --> 01:27:12,069
at one though this helicopter all the

2063
01:27:08,800 --> 01:27:14,230
Pinto favorably the helicopter in 9700

2064
01:27:12,069 --> 01:27:16,210
whether that could be confirmed as a new

2065
01:27:14,229 --> 01:27:17,769
story that's released because as far as

2066
01:27:16,210 --> 01:27:19,569
we know there's no need no official news

2067
01:27:17,770 --> 01:27:21,250
stories or at least to explain this

2068
01:27:19,569 --> 01:27:25,719
diversion of traffic the closure of the

2069
01:27:21,250 --> 01:27:29,020
a60 do you need I'm not imagine people

2070
01:27:25,719 --> 01:27:30,310
ask lots of questions if that was going

2071
01:27:29,020 --> 01:27:32,380
on I mean this guy oh I bet it was a

2072
01:27:30,310 --> 01:27:33,640
lorry driver told me he was baffling to

2073
01:27:32,380 --> 01:27:34,270
him he don't really remember why I

2074
01:27:33,640 --> 01:27:35,680
happened

2075
01:27:34,270 --> 01:27:38,440
he's remembers being stuck in a traffic

2076
01:27:35,680 --> 01:27:40,600
jam for hours they presumably the

2077
01:27:38,439 --> 01:27:43,569
Forestry Commission must have had some

2078
01:27:40,600 --> 01:27:45,430
sort of communication from the MFD hmm

2079
01:27:43,569 --> 01:27:47,139
today they must be some kind of

2080
01:27:45,430 --> 01:27:48,820
explanation but something must be said

2081

01:27:47,140 --> 01:27:55,780
to them to explain why it's obviously

2082
01:27:48,819 --> 01:27:58,869
they wouldn't tell them or they need

2083
01:27:55,779 --> 01:28:00,429
some kind of story and there's nothing

2084
01:27:58,869 --> 01:28:03,729
because there's nothing that Nigel would

2085
01:28:00,430 --> 01:28:05,289
find in the archives in the papers it's

2086
01:28:03,729 --> 01:28:07,839
just this one from the Nick Pope and the

2087
01:28:05,289 --> 01:28:09,399
no D so we know that seems to be based

2088
01:28:07,840 --> 01:28:10,810
on our faith listen to see what the

2089
01:28:09,399 --> 01:28:12,569
Forestry Commission we were told about

2090
01:28:10,810 --> 01:28:16,320
you the MRD

2091
01:28:12,569 --> 01:28:19,569
maybe probably get in the foyer maybe

2092
01:28:16,319 --> 01:28:25,479
it's because they went in there and

2093
01:28:19,569 --> 01:28:26,769
removed all the sound yeah it was you

2094
01:28:25,479 --> 01:28:28,929
need to bring a lot of sand in to cover

2095
01:28:26,770 --> 01:28:30,370

the areas 300 feet by six iron it took

2096

01:28:28,930 --> 01:28:32,829

six to nine inches of top starts you

2097

01:28:30,369 --> 01:28:35,680

need many tons of sand or clay whatever

2098

01:28:32,829 --> 01:28:37,988

they used where did they take the tops

2099

01:28:35,680 --> 01:28:41,130

of exactly they were had to take that

2100

01:28:37,988 --> 01:28:41,129

out as well got that

2101

01:28:51,988 --> 01:28:58,899

yeah although some kind of there's some

2102

01:28:56,439 --> 01:29:02,619

kind of dip you remember um Richard

2103

01:28:58,899 --> 01:29:09,009

Richard II Hall discovered it a great

2104

01:29:02,619 --> 01:29:11,198

big like depression yeah if that could

2105

01:29:09,010 --> 01:29:21,190

have been it yeah that's what it says

2106

01:29:11,198 --> 01:29:23,589

something could have been that landing

2107

01:29:21,189 --> 01:29:25,149

or the craft we know was the craft ping

2108

01:29:23,590 --> 01:29:27,670

down in the area is being triangulated

2109

01:29:25,149 --> 01:29:31,738

from two witnesses for where the fact

2110
01:29:27,670 --> 01:29:35,369
actually landed Pat Evans the nurse

2111
01:29:31,738 --> 01:29:37,479
house nearby saw it

2112
01:29:35,369 --> 01:29:40,090
I've been to the road I've been up the

2113
01:29:37,479 --> 01:29:41,409
road the pass through the bear winds to

2114
01:29:40,090 --> 01:29:44,500
which had Evans took them you can

2115
01:29:41,409 --> 01:29:48,029
actually stopped me to see across to had

2116
01:29:44,500 --> 01:29:50,289
a Kenny better win where this craft was

2117
01:29:48,029 --> 01:29:52,029
several people when I'm looking on had a

2118
01:29:50,289 --> 01:29:54,130
drama and she's and this is the next

2119
01:29:52,029 --> 01:29:58,599
mountain along and there was some

2120
01:29:54,130 --> 01:30:01,270
confusion over these two mountains which

2121
01:29:58,600 --> 01:30:04,090
I think has been extensively used help

2122
01:30:01,270 --> 01:30:07,870
to muddy the waters my butt right it was

2123
01:30:04,090 --> 01:30:09,969
a political Kevin cork further so yes

2124
01:30:07,869 --> 01:30:13,960
yeah that's Richard mentioned the

2125
01:30:09,969 --> 01:30:17,198
interviews marker in his proper work

2126
01:30:13,960 --> 01:30:19,000
with her yes yes she said she found some

2127
01:30:17,198 --> 01:30:20,799
witnesses to say they landed at Kevin :

2128
01:30:19,000 --> 01:30:22,510
yeah I reckon on her but she work I

2129
01:30:20,800 --> 01:30:23,829
think she might mention her book she's

2130
01:30:22,510 --> 01:30:25,510
written a very very good book nobody

2131
01:30:23,829 --> 01:30:27,569
gonna move place named Welsh place

2132
01:30:25,510 --> 01:30:30,760
plantation she was on an interview with

2133
01:30:27,569 --> 01:30:36,819
Gary morning and I couldn't work out

2134
01:30:30,760 --> 01:30:38,009
what she said but she English lady she

2135
01:30:36,819 --> 01:30:39,818
may mispronounced the word

2136
01:30:38,009 --> 01:30:44,559
but there was a place booked Kevin

2137
01:30:39,819 --> 01:30:47,979
coffee near there but her book is she is

2138

01:30:44,559 --> 01:30:49,418
good market book she mentioned that in

2139
01:30:47,979 --> 01:30:50,949
there she just she talks about our

2140
01:30:49,418 --> 01:30:53,498
landing of a craft that she witnessed

2141
01:30:50,948 --> 01:30:55,418
herself in East London oh yeah yeah in

2142
01:30:53,498 --> 01:30:56,618
in Bexar he was now part well it used to

2143
01:30:55,418 --> 01:30:58,448
be part of Kent it's now part of East

2144
01:30:56,618 --> 01:30:59,798
London and I've been to that have been

2145
01:30:58,448 --> 01:31:01,208
to that location I knocked on a few

2146
01:30:59,798 --> 01:31:04,689
doors but no one's sort of knew anything

2147
01:31:01,208 --> 01:31:08,108
about it this was in 1955 a long time

2148
01:31:04,689 --> 01:31:09,819
ago hot summer's day 955 well it came

2149
01:31:08,109 --> 01:31:11,829
down in the middle of a crossroads in a

2150
01:31:09,819 --> 01:31:16,739
residential area Street and a second one

2151
01:31:11,828 --> 01:31:18,908
landed near a school nearby very odd

2152
01:31:16,738 --> 01:31:20,588

there must have been really must have

2153

01:31:18,908 --> 01:31:47,888
because look this will warm Sunday

2154

01:31:20,588 --> 01:31:50,889
afternoon there are people who are

2155

01:31:47,889 --> 01:31:55,139
strange objects in their body I'm one of

2156

01:31:50,889 --> 01:31:57,519
them I've got one in my left arm and I

2157

01:31:55,139 --> 01:31:59,409
don't know how but no memories of an

2158

01:31:57,519 --> 01:32:02,109
experience would lead me to to believe

2159

01:31:59,408 --> 01:32:03,938
something that scared I got scammed from

2160

01:32:02,109 --> 01:32:07,088
somebody and I was quite surprised my

2161

01:32:03,939 --> 01:32:08,349
find out something's in there sorry I'm

2162

01:32:07,088 --> 01:32:14,939
just gonna ask how you know it was in

2163

01:32:08,349 --> 01:32:18,550
there health effects of like implants or

2164

01:32:14,939 --> 01:32:21,199
some kind of abduction scenario with

2165

01:32:18,550 --> 01:32:22,640
yeah these ones you found a sailor

2166

01:32:21,198 --> 01:32:29,539
inside them and it's there been any sort

2167
01:32:22,640 --> 01:32:31,670
of no but a mark on my arm I know people

2168
01:32:29,539 --> 01:32:33,109
who have many many more implants inside

2169
01:32:31,670 --> 01:32:35,359
them I know people have got them in

2170
01:32:33,109 --> 01:32:39,019
their pets inside their heads inside

2171
01:32:35,359 --> 01:32:40,099
their hands and they have it does affect

2172
01:32:39,020 --> 01:32:44,030
their health it does affect their mental

2173
01:32:40,100 --> 01:32:45,140
or physical health but these these are

2174
01:32:44,029 --> 01:32:47,300
often associated with abduction

2175
01:32:45,140 --> 01:32:49,130
experiences these these objects when

2176
01:32:47,300 --> 01:32:51,079
they're removed because they could be

2177
01:32:49,130 --> 01:32:53,060
removed surgically there's several

2178
01:32:51,079 --> 01:32:56,659
strange things are associated with that

2179
01:32:53,060 --> 01:32:58,429
firstly the objects don't look like any

2180
01:32:56,659 --> 01:33:00,619
type of electronic device that we know

2181
01:32:58,429 --> 01:33:02,119
they seem to be made of metal a couple

2182
01:33:00,619 --> 01:33:03,829
of some kind of ceramics usually with

2183
01:33:02,119 --> 01:33:05,988
the ceramic outer layer of some kind is

2184
01:33:03,829 --> 01:33:09,380
not often able to identify it can't be

2185
01:33:05,988 --> 01:33:12,109
identified and also what happens is

2186
01:33:09,380 --> 01:33:15,109
after the surgery very often the object

2187
01:33:12,109 --> 01:33:16,279
is replaced by whoever or whatever put

2188
01:33:15,109 --> 01:33:17,599
it in there the first time I have a

2189
01:33:16,279 --> 01:33:19,250
friend in Oxford who had it

2190
01:33:17,600 --> 01:33:21,230
she had an implant remove from her nose

2191
01:33:19,250 --> 01:33:23,359
check to go to Greece to have this done

2192
01:33:21,229 --> 01:33:25,698
had it done privately because the end

2193
01:33:23,359 --> 01:33:26,988
she couldn't go to her GP and saying

2194
01:33:25,698 --> 01:33:28,549
look there's something you might know

2195

01:33:26,988 --> 01:33:31,129
space aliens put it there could you

2196
01:33:28,550 --> 01:33:33,619
refer me to x-ray they refer to the

2197
01:33:31,130 --> 01:33:35,869
psychiatric clinic so she had to go

2198
01:33:33,619 --> 01:33:37,039
private to UM Prime Minister spent 2,000

2199
01:33:35,869 --> 01:33:39,590
pounds go to Greece and getting this

2200
01:33:37,039 --> 01:33:41,630
thing removed she got she had she had

2201
01:33:39,590 --> 01:33:43,969
x-ray gone she was she knew it was gone

2202
01:33:41,630 --> 01:33:44,569
they did check then it was all of it had

2203
01:33:43,969 --> 01:33:46,520
been removed

2204
01:33:44,569 --> 01:33:48,079
they gave it her you know he gave me to

2205
01:33:46,520 --> 01:33:50,630
look at she wanted to keep it but they

2206
01:33:48,079 --> 01:33:52,809
let her see it what they take it from

2207
01:33:50,630 --> 01:33:55,219
her body she went home two weeks later

2208
01:33:52,810 --> 01:33:58,010
she had an another abduction experience

2209
01:33:55,219 --> 01:34:00,670

she went and got another x-ray there was

2210

01:33:58,010 --> 01:34:03,440

another one in there in the same place

2211

01:34:00,670 --> 01:34:04,880

so whatever wanted the implant they

2212

01:34:03,439 --> 01:34:08,210

wanted if they wanted the implant kept

2213

01:34:04,880 --> 01:34:17,279

there if humans metal and surgeons metal

2214

01:34:08,210 --> 01:34:19,020

just another one in there yeah someone

2215

01:34:17,279 --> 01:34:23,579

do yeah maybe move around inside your

2216

01:34:19,020 --> 01:34:34,070

bodies very strange anyone has got

2217

01:34:23,579 --> 01:34:37,979

questions no what happened to what I

2218

01:34:34,069 --> 01:34:41,250

would like to UM I'm purist but at the

2219

01:34:37,979 --> 01:34:44,039

same time it might it's it's something

2220

01:34:41,250 --> 01:34:45,420

you can't enter into lightly because I I

2221

01:34:44,039 --> 01:34:49,949

suppose having some fun with him not

2222

01:34:45,420 --> 01:34:52,949

hypnotic regression and that prop the

2223

01:34:49,949 --> 01:34:55,199

prospect of doing that is quite alarming

2224
01:34:52,949 --> 01:34:57,119
it may do more harm than good

2225
01:34:55,199 --> 01:34:58,970
I wouldn't it would be something I want

2226
01:34:57,119 --> 01:35:02,909
to do just to satisfy my curiosity

2227
01:34:58,970 --> 01:35:05,579
because it's it's not harming me at this

2228
01:35:02,909 --> 01:35:08,579
whatever is in my arm assuming it's

2229
01:35:05,579 --> 01:35:11,059
still there it's not it's not affecting

2230
01:35:08,579 --> 01:35:14,189
my life as far as I know

2231
01:35:11,060 --> 01:35:16,230
so I'm maintaining the situation as it

2232
01:35:14,189 --> 01:35:18,179
is I'm leaving it for the time being but

2233
01:35:16,229 --> 01:35:19,679
there may be a time in the future one on

2234
01:35:18,180 --> 01:35:21,210
one knows I want to know how it got

2235
01:35:19,680 --> 01:35:23,789
there what happened to me because I

2236
01:35:21,210 --> 01:35:24,960
don't have any memory of any experience

2237
01:35:23,789 --> 01:35:25,319
that would lead me to believe this has

2238
01:35:24,960 --> 01:35:27,449
happened

2239
01:35:25,319 --> 01:35:29,549
and I don't have any idea how that could

2240
01:35:27,449 --> 01:35:32,099
have happened it's a very very strange

2241
01:35:29,550 --> 01:35:34,140
thing but it's I've got a mark on my eye

2242
01:35:32,100 --> 01:35:36,870
I just mentioned I had this mark on my

2243
01:35:34,140 --> 01:35:38,760
arm looks like a face no need to see it

2244
01:35:36,869 --> 01:35:40,979
from there circular mark with two spots

2245
01:35:38,760 --> 01:35:43,079
in it and someone said I'll go get our

2246
01:35:40,979 --> 01:35:44,519
scan just to be sure it's all right so

2247
01:35:43,079 --> 01:35:46,890
once you are someone I know who does

2248
01:35:44,520 --> 01:35:49,110
these scans they have an electromagnetic

2249
01:35:46,890 --> 01:35:51,030
field detector the regular frequency

2250
01:35:49,109 --> 01:35:52,979
detector and a metal detector they dated

2251
01:35:51,029 --> 01:35:54,239
all three and they found there was a

2252

01:35:52,979 --> 01:35:57,149
range of frequency pulse coming from

2253
01:35:54,239 --> 01:35:58,199
there also an electromagnetic field it

2254
01:35:57,149 --> 01:36:00,649
was there's nothing on the metal

2255
01:35:58,199 --> 01:36:00,649
detector

2256
01:36:04,130 --> 01:36:17,970
that's my first note it can be very

2257
01:36:15,119 --> 01:36:20,460
effective it can be very effective I

2258
01:36:17,970 --> 01:36:21,840
know that the sooner on fact I've been

2259
01:36:20,460 --> 01:36:23,039
stuck I've been following the Facebook

2260
01:36:21,840 --> 01:36:25,770
group I know a member of this particular

2261
01:36:23,039 --> 01:36:29,789
organization has been involved with that

2262
01:36:25,770 --> 01:36:32,430
kind of thing if it's done properly I

2263
01:36:29,789 --> 01:36:34,800
mean is this some some people I would

2264
01:36:32,430 --> 01:36:37,170
have to go someone who's trustworthy

2265
01:36:34,800 --> 01:36:41,909
and has a good reputation names that

2266
01:36:37,170 --> 01:36:44,699

come to mind are Mary Rodwell Michael

2267

01:36:41,909 --> 01:36:46,619

Cole Michael Coggins I think these are

2268

01:36:44,699 --> 01:36:48,269

people you can trust to do a good job

2269

01:36:46,619 --> 01:36:54,630

Michael Collins retired now

2270

01:36:48,270 --> 01:36:57,780

Coggins I know people who've had yeah

2271

01:36:54,630 --> 01:36:59,100

you've found quite unpleasant too happy

2272

01:36:57,779 --> 01:37:03,840

reminder these things only Whitley

2273

01:36:59,100 --> 01:37:05,820

Strieber for example he found out what

2274

01:37:03,840 --> 01:37:09,480

happened to him is hypnotic regression

2275

01:37:05,819 --> 01:37:11,670

but he opened a Pandora's box in his

2276

01:37:09,479 --> 01:37:18,689

life he knew the truth but the truth

2277

01:37:11,670 --> 01:37:20,399

wasn't very pleasant there Peggy

2278

01:37:18,689 --> 01:37:22,049

Barnhill I often called the first

2279

01:37:20,399 --> 01:37:24,210

abductees they're not the first they're

2280

01:37:22,050 --> 01:37:27,920

the first to go public the first little

2281
01:37:24,210 --> 01:37:32,100
widely publicized and they yeah they I

2282
01:37:27,920 --> 01:37:33,720
actually went to Holford they offer for

2283
01:37:32,100 --> 01:37:35,550
truth magazine comers Kathleen Mardon

2284
01:37:33,720 --> 01:37:38,900
was there who's the niece of Betty hill

2285
01:37:35,550 --> 01:37:42,000
and was very close both to Betty and

2286
01:37:38,899 --> 01:37:44,819
Barney she's very close than both and

2287
01:37:42,000 --> 01:37:46,560
she punished she went along is this when

2288
01:37:44,819 --> 01:37:47,699
when this broke out in her family she

2289
01:37:46,560 --> 01:37:49,560
was very much involved

2290
01:37:47,699 --> 01:37:51,510
she's wearing a book called captured

2291
01:37:49,560 --> 01:37:53,970
co-author with Stanton Friedman all

2292
01:37:51,510 --> 01:37:57,329
about that but there Betty Barney had

2293
01:37:53,970 --> 01:37:58,470
this they had their experience they knew

2294
01:37:57,329 --> 01:38:00,180
somebody enhance and then if something

2295
01:37:58,470 --> 01:38:01,500
got wrong they didn't need hypnotic

2296
01:38:00,180 --> 01:38:05,250
regression to cover to recover some of

2297
01:38:01,500 --> 01:38:08,670
the memories but it's it was traumatic

2298
01:38:05,250 --> 01:38:10,020
for them it was changed their life

2299
01:38:08,670 --> 01:38:12,930
forever but they never changed their

2300
01:38:10,020 --> 01:38:15,270
story Barney died in 1969 Betty never

2301
01:38:12,930 --> 01:38:16,180
time she died in the late 90s she did an

2302
01:38:15,270 --> 01:38:18,220
interview just before she

2303
01:38:16,180 --> 01:38:21,159
she said exactly the same thing she

2304
01:38:18,220 --> 01:38:22,720
never changed her story never once she

2305
01:38:21,159 --> 01:38:34,829
was when she was no lady she was still

2306
01:38:22,720 --> 01:38:37,300
saying the same thing Roswell I mean

2307
01:38:34,829 --> 01:38:39,100
does anyone ever plug planned in Britain

2308
01:38:37,300 --> 01:38:40,390
to do like a disclosure project like

2309

01:38:39,100 --> 01:38:41,829
they didn't matter College is it cause

2310
01:38:40,390 --> 01:38:45,940
because it was Susan more than enough

2311
01:38:41,829 --> 01:38:47,079
good yeah well it seems we sent her on

2312
01:38:45,939 --> 01:38:50,079
you know your stakes like everything to

2313
01:38:47,079 --> 01:38:51,430
do with UFOs but Stephen Bassett has

2314
01:38:50,079 --> 01:38:54,100
actually been over in Britain for a few

2315
01:38:51,430 --> 01:38:55,420
months and he's he's coming back and

2316
01:38:54,100 --> 01:38:57,070
he's trying to work with British

2317
01:38:55,420 --> 01:38:59,829
government now he's been very vital he's

2318
01:38:57,069 --> 01:39:02,619
been very very active in Russia on send

2319
01:38:59,829 --> 01:39:05,800
David Clarke and I just imagine their

2320
01:39:02,619 --> 01:39:08,349
faces cut yet are we worth it I just

2321
01:39:05,800 --> 01:39:09,460
want to see their faces but yeah he's

2322
01:39:08,350 --> 01:39:10,810
been in Russia's that I've been getting

2323
01:39:09,460 --> 01:39:12,100

a few were on a major TV challenge

2324

01:39:10,810 --> 01:39:13,600

Russia he's trying to get in all the

2325

01:39:12,100 --> 01:39:27,940

audience with President Putin he

2326

01:39:13,600 --> 01:39:30,340

believes that Russia Russia Russia

2327

01:39:27,939 --> 01:39:32,769

Russia's actually become in terms of its

2328

01:39:30,340 --> 01:39:36,220

relationship to the globalists he's been

2329

01:39:32,770 --> 01:39:38,590

very very recalcitrant and very very

2330

01:39:36,220 --> 01:39:40,480

disobedient didn't accept the IMF loans

2331

01:39:38,590 --> 01:39:42,970

and things like that Putin is actually

2332

01:39:40,479 --> 01:39:44,739

and he's not doing waste told by slots

2333

01:39:42,970 --> 01:39:46,539

at doors and masters so kind of story is

2334

01:39:44,739 --> 01:39:51,819

that Korea like this they know that some

2335

01:39:46,539 --> 01:39:53,529

are suggesting yeah it's hard to say

2336

01:39:51,819 --> 01:39:55,689

it's hard to say from them or sure but

2337

01:39:53,529 --> 01:39:56,979

the Putin IRS you think either he's if

2338
01:39:55,689 --> 01:39:58,449
there's if there's one head of state

2339
01:39:56,979 --> 01:39:59,829
where she will come clean about all this

2340
01:39:58,449 --> 01:40:02,170
because he must have this knowledge it's

2341
01:39:59,829 --> 01:40:04,180
him I Steve Steve gray Steve working

2342
01:40:02,170 --> 01:40:07,090
hard in Russia now he's and he's working

2343
01:40:04,180 --> 01:40:08,860
Britain as well so hopefully you kept

2344
01:40:07,090 --> 01:40:10,329
him speaking here I mean he would he's

2345
01:40:08,859 --> 01:40:15,189
he's in this country quite a lot he'd be

2346
01:40:10,329 --> 01:40:17,140
a great guest to speak here he's gonna

2347
01:40:15,189 --> 01:40:20,069
be on my show I've seen not this week

2348
01:40:17,140 --> 01:40:25,179
next week he's good guy like Steve I

2349
01:40:20,069 --> 01:40:28,429
think Steven Bassett I I prefer to

2350
01:40:25,179 --> 01:40:32,679
Greer I think Stephen Basset hold a much

2351
01:40:28,429 --> 01:40:32,679
higher esteem like he's much better hope

2352
01:40:33,639 --> 01:40:39,679
yeah so he's been of a rock star

2353
01:40:36,798 --> 01:40:41,779
welcoming I went I went to an event

2354
01:40:39,679 --> 01:40:43,069
event with Stephen Curry in London and

2355
01:40:41,779 --> 01:40:45,798
it was very expensive very expensive

2356
01:40:43,069 --> 01:40:47,659
event even for central London and you

2357
01:40:45,798 --> 01:40:50,929
get the chance to talk to you know quite

2358
01:40:47,658 --> 01:41:10,238
groupies you know I couldn't get near

2359
01:40:50,929 --> 01:41:15,109
him oh not like he does heart Alerus yes

2360
01:41:10,238 --> 01:41:18,048
that was absolutely hilarious because to

2361
01:41:15,109 --> 01:41:20,599
to the biggest egos in ufology The Clash

2362
01:41:18,048 --> 01:41:22,458
of the Titans is wonderful and I think

2363
01:41:20,599 --> 01:41:25,128
the thing is Carrie was right actually I

2364
01:41:22,458 --> 01:41:27,048
think Carrie wasn't always was right in

2365
01:41:25,128 --> 01:41:29,538
what she said to him he he used in like

2366

01:41:27,048 --> 01:41:31,578
his easy right and he just doesn't like

2367
01:41:29,538 --> 01:41:33,108
being contradicted career but it was a

2368
01:41:31,578 --> 01:41:37,188
very very good debate he was really very

2369
01:41:33,109 --> 01:41:39,079
entertaining and but great does

2370
01:41:37,189 --> 01:41:40,548
understudy news talks about the you are

2371
01:41:39,078 --> 01:41:41,808
the alien sees as the aliens of

2372
01:41:40,548 --> 01:41:44,809
benevolence and they're wonderful

2373
01:41:41,809 --> 01:41:46,969
they're all lovely

2374
01:41:44,809 --> 01:41:48,949
well it's only we humans were nasty but

2375
01:41:46,969 --> 01:41:50,298
in fact any aliens well there's more

2376
01:41:48,948 --> 01:41:51,948
than one of them this was there's a

2377
01:41:50,298 --> 01:41:54,229
taxonomy of species that have been

2378
01:41:51,948 --> 01:41:56,538
identified of all kinds and they seem to

2379
01:41:54,229 --> 01:41:58,668
exhibit quite a wide variety of behavior

2380
01:41:56,538 --> 01:42:00,738

and they seem to have a little very very

2381
01:41:58,668 --> 01:42:03,318
different diverging agendas and they're

2382
01:42:00,738 --> 01:42:04,759
not all nice most of them actually seem

2383
01:42:03,319 --> 01:42:07,809
to be quite indifferent and she was

2384
01:42:04,760 --> 01:42:07,809
telling this yeah

2385
01:42:08,548 --> 01:42:13,088
yeah well Kari wrote a blog that was

2386
01:42:12,368 --> 01:42:14,948
actually pretty good

2387
01:42:13,088 --> 01:42:18,038
yeah vary quite a good criticism with

2388
01:42:14,948 --> 01:42:20,138
Greer I agree I didn't like it we didn't

2389
01:42:18,038 --> 01:42:21,608
like being criticized and so you called

2390
01:42:20,139 --> 01:42:22,599
it a poisonous little Street or

2391
01:42:21,609 --> 01:42:24,999
something like that and I had this big

2392
01:42:22,599 --> 01:42:27,668
debate really great but they do I mean

2393
01:42:24,998 --> 01:42:29,228
Maria is wrong I mean they're not I mean

2394
01:42:27,668 --> 01:42:30,398
the majority of the extraterrestrials

2395
01:42:29,229 --> 01:42:33,369
who might gather this evening

2396
01:42:30,399 --> 01:42:34,899
I'd say we're under sort of thumb we

2397
01:42:33,368 --> 01:42:37,658
seem to understand neutral observance

2398
01:42:34,899 --> 01:42:39,338
outside by by these creatures whatever

2399
01:42:37,658 --> 01:42:41,108
they are and there are some that are

2400
01:42:39,338 --> 01:42:43,628
very friendly very loving and this a

2401
01:42:41,109 --> 01:42:59,889
minority luckily seemed to be unpleasant

2402
01:42:43,628 --> 01:43:01,679
but he's an excellent writer an

2403
01:42:59,889 --> 01:43:04,838
excellent historian on this subject

2404
01:43:01,679 --> 01:43:07,208
Richard Dolan I bet it I've spoken at

2405
01:43:04,838 --> 01:43:09,309
Leeds Exopolitics MC the conference

2406
01:43:07,208 --> 01:43:10,838
where he was speaking and he's written

2407
01:43:09,309 --> 01:43:14,019
some really good books which have great

2408
01:43:10,838 --> 01:43:15,729
historical narratives of the UFO

2409
01:43:14,019 --> 01:43:17,649
phenomena it was it was something he was

2410
01:43:15,729 --> 01:43:19,708
he was Spacely of quite convention

2411
01:43:17,649 --> 01:43:24,239
historian for a while trying to Oxford

2412
01:43:19,708 --> 01:43:26,679
and he did a like a module on UFOs

2413
01:43:24,238 --> 01:43:28,658
almost as an aside as part of one of his

2414
01:43:26,679 --> 01:43:31,719
studies and it changed his life

2415
01:43:28,658 --> 01:43:35,168
and he made a career out of it he's been

2416
01:43:31,719 --> 01:43:36,368
doing it ever since and he's he's very

2417
01:43:35,168 --> 01:43:38,618
interesting to listen to very

2418
01:43:36,368 --> 01:43:42,808
interesting to read his books and I do

2419
01:43:38,618 --> 01:43:42,808
recommend if he's very very informative

2420
01:43:55,029 --> 01:44:04,329
yes yes you certainly put possible to do

2421
01:44:00,609 --> 01:44:05,889
that and and of course the lord of

2422
01:44:04,329 --> 01:44:08,229
psychological warfare is about doing

2423

01:44:05,890 --> 01:44:09,400
that very thing and it could be you

2424
01:44:08,229 --> 01:44:10,750
don't need to like get someone on the

2425
01:44:09,399 --> 01:44:12,460
couch and fill them with drugs you could

2426
01:44:10,750 --> 01:44:14,770
just control the media as i explaining

2427
01:44:12,460 --> 01:44:16,949
in my talk if you have control of media

2428
01:44:14,770 --> 01:44:20,590
and you know what to say in the media to

2429
01:44:16,949 --> 01:44:22,090
to hit the right notes you can make

2430
01:44:20,590 --> 01:44:30,699
people believe things they wouldn't

2431
01:44:22,090 --> 01:44:35,199
otherwise believe it's only hip nothing

2432
01:44:30,699 --> 01:44:37,479
hypnotic regression done openly and type

2433
01:44:35,199 --> 01:44:41,979
done by mary rod well she's actually she

2434
01:44:37,479 --> 01:44:44,829
is very very careful not to lead on

2435
01:44:41,979 --> 01:44:46,539
witnesses she doesn't she doesn't make

2436
01:44:44,829 --> 01:44:47,859
suggestions and say what you think she

2437
01:44:46,539 --> 01:44:48,609

actually waits for them to provide the

2438

01:44:47,859 --> 01:44:50,679
information

2439

01:44:48,609 --> 01:44:52,329
I mean her book is really good she's

2440

01:44:50,680 --> 01:44:54,430
ripped two books now there's one poor

2441

01:44:52,329 --> 01:44:57,130
contact someone called a new human and

2442

01:44:54,430 --> 01:44:59,350
if she goes into the various cases she's

2443

01:44:57,130 --> 01:45:03,250
been studying and I've interviewed her a

2444

01:44:59,350 --> 01:45:04,630
couple of times and she's very very she

2445

01:45:03,250 --> 01:45:05,680
sounds to be very professional she has a

2446

01:45:04,630 --> 01:45:07,779
nursing background

2447

01:45:05,680 --> 01:45:12,250
she's very scientific in our attitude

2448

01:45:07,779 --> 01:45:13,750
and I think if I ever had to have

2449

01:45:12,250 --> 01:45:17,939
something come on she couldn't be with

2450

01:45:13,750 --> 01:45:17,939
her I wanted Ben

2451

01:45:26,539 --> 01:46:43,250
yeah yeah

2452
01:47:03,238 --> 01:47:13,299
the audience I went to the famous case

2453
01:47:06,699 --> 01:47:17,170
in 57 yeah that's the one that's the

2454
01:47:13,300 --> 01:47:20,829
night must run think yes I saw he was on

2455
01:47:17,170 --> 01:47:24,069
he was in Essex I think that he actually

2456
01:47:20,829 --> 01:47:35,619
took off and he was told to order to fly

2457
01:47:24,069 --> 01:47:37,509
before a big raid over to on it it was

2458
01:47:35,619 --> 01:47:39,579
it was a near Renison forest and he and

2459
01:47:37,510 --> 01:47:44,440
again he's playing East which financial

2460
01:47:39,579 --> 01:47:44,920
system to fail yeah and I think his name

2461
01:47:44,439 --> 01:47:56,500
in a minute

2462
01:47:44,920 --> 01:48:01,409
I really well yeah but he he was one of

2463
01:47:56,500 --> 01:48:03,640
the witnesses in 2001 press conference

2464
01:48:01,409 --> 01:48:06,159
and he he basically stood on stage and

2465
01:48:03,640 --> 01:48:07,119
he enormous and tears because he kept

2466
01:48:06,159 --> 01:48:10,539
the secret for so long

2467
01:48:07,119 --> 01:48:13,359
building Taurus it would come to me

2468
01:48:10,539 --> 01:48:15,460
eventually over Taurus yeah and there's

2469
01:48:13,359 --> 01:48:17,469
another instance in Iran in another 76

2470
01:48:15,460 --> 01:48:20,890
was stopped almost exactly same thing

2471
01:48:17,470 --> 01:48:22,810
happened but surround inversion so this

2472
01:48:20,890 --> 01:48:24,730
aircraft is set up to intercept across

2473
01:48:22,810 --> 01:48:28,539
Sydney over this close the city to

2474
01:48:24,729 --> 01:48:30,639
wrapped around and he he saw I actually

2475
01:48:28,539 --> 01:48:33,760
got visual on this one lots of colored

2476
01:48:30,640 --> 01:48:37,270
lights disc-shaped objects he was told

2477
01:48:33,760 --> 01:48:38,920
to shoot it over fire fire control

2478
01:48:37,270 --> 01:48:41,670
system died and he couldn't he couldn't

2479
01:48:38,920 --> 01:48:41,670
shoot myself

2480

01:49:26,229 --> 01:49:39,079
- what do you reckon is anything - it

2481
01:49:36,198 --> 01:49:43,129
sounds nice doesn't it however you know

2482
01:49:39,078 --> 01:49:43,518
the evidence is she's real it's there

2483
01:49:43,130 --> 01:49:45,529
aren't you

2484
01:49:43,519 --> 01:49:47,119
there are children seem to have a very

2485
01:49:45,529 --> 01:49:49,998
very positive interaction than aliens

2486
01:49:47,118 --> 01:49:51,799
who say they want basically to to

2487
01:49:49,998 --> 01:49:55,908
enlighten us on a spiritual intellectual

2488
01:49:51,800 --> 01:49:57,229
level illness and it's I mean I heard if

2489
01:49:55,908 --> 01:50:01,399
I just heard that in some kind of

2490
01:49:57,229 --> 01:50:04,010
communion in some forest with guys with

2491
01:50:01,399 --> 01:50:05,839
tie-dye shirt socks laughs but Mary's

2492
01:50:04,010 --> 01:50:07,998
not like that Mary's a scientific person

2493
01:50:05,840 --> 01:50:10,969
this table that I mean one of the ones I

2494
01:50:07,998 --> 01:50:13,578

like for hypnosis is the Laura scan I

2495

01:50:10,969 --> 01:50:15,649

mean mmm I like that yeah cuz I like and

2496

01:50:13,578 --> 01:50:17,569

she's shown a lot of things over the

2497

01:50:15,649 --> 01:50:18,920

years you rather convoluted universe I

2498

01:50:17,569 --> 01:50:22,578

haven't read that one only the three

2499

01:50:18,920 --> 01:50:25,479

ways one right - especially is very good

2500

01:50:22,578 --> 01:50:28,308

it's just you know it seems very water

2501

01:50:25,479 --> 01:50:30,519

ideation kind of filling in the gaps

2502

01:50:28,309 --> 01:50:32,929

with very similar yeah when they both

2503

01:50:30,519 --> 01:50:34,219

Dolores has now passed away but her

2504

01:50:32,929 --> 01:50:36,469

books because she would actually take

2505

01:50:34,219 --> 01:50:38,179

food actually she wouldn't jump into

2506

01:50:36,469 --> 01:50:40,130

trances and a trance medium to you that

2507

01:50:38,179 --> 01:50:43,099

she hypnotic regress people and they

2508

01:50:40,130 --> 01:50:45,760

were report past lives as aliens and

2509
01:50:43,099 --> 01:50:46,998
it's one of the most astonishing things

2510
01:50:45,760 --> 01:50:50,479
yes

2511
01:50:46,998 --> 01:50:53,078
but last question anybody one more one

2512
01:50:50,479 --> 01:50:53,079
more anybody

2513
01:50:57,880 --> 01:51:20,869
the Ariel school it's in bad way it's an

2514
01:51:18,289 --> 01:51:22,369
extraordinary case dr. John Mack soundly

2515
01:51:20,869 --> 01:51:24,739
departed dr. John Mack did a brilliant

2516
01:51:22,369 --> 01:51:26,510
research project on that now these kids

2517
01:51:24,739 --> 01:51:28,519
are now adults are in their 20s and 30s

2518
01:51:26,510 --> 01:51:30,860
they've been trapped down by someone

2519
01:51:28,520 --> 01:51:32,660
called Randall Nickerson and it's making

2520
01:51:30,859 --> 01:51:34,939
a new documentary with interviews with

2521
01:51:32,659 --> 01:51:36,069
these people you know what they stand by

2522
01:51:34,939 --> 01:51:37,969
their story

2523
01:51:36,069 --> 01:51:39,649
yeah they these are things that happen

2524
01:51:37,970 --> 01:51:44,480
in a little kid they were like age five

2525
01:51:39,649 --> 01:51:49,460
to twelve the Ariel school sightings in

2526
01:51:44,479 --> 01:51:52,039
Zimbabwe in 1994 these little kids and

2527
01:51:49,460 --> 01:51:54,800
their adults and they stand by their

2528
01:51:52,039 --> 01:51:57,560
story and so if it's some kind of prank

2529
01:51:54,800 --> 01:51:59,060
they made up why don't they stand by I

2530
01:51:57,560 --> 01:52:01,190
make up pranks when I was a little kid I

2531
01:51:59,060 --> 01:52:02,780
don't pretend they're real now though

2532
01:52:01,189 --> 01:52:04,539
instead no no the kids say it was real

2533
01:52:02,779 --> 01:52:07,039
they're adults now and they stay true

2534
01:52:04,539 --> 01:52:09,519
it's incredible story really is

2535
01:52:07,039 --> 01:52:09,519
incredible

2536
01:52:09,729 --> 01:52:14,069
[Music]

2537

01:52:10,899 --> 01:52:16,599
oh yes certainly that that's right the

2538
01:52:14,069 --> 01:52:18,998
Welsh triangle was brought aboard a

2539
01:52:16,599 --> 01:52:20,409
broad haven yes a Pembrokeshire there's

2540
01:52:18,998 --> 01:52:21,309
a lot of symmetries through that case

2541
01:52:20,408 --> 01:52:23,168
there's another one in Australia

2542
01:52:21,309 --> 01:52:26,409
actually in 1966 which also have a lot

2543
01:52:23,168 --> 01:52:28,059
of very strange okay similarities the

2544
01:52:26,408 --> 01:52:30,878
school you know the cross coming down

2545
01:52:28,059 --> 01:52:32,260
very great it's like they do these

2546
01:52:30,878 --> 01:52:34,868
things do repeat themselves like I've

2547
01:52:32,260 --> 01:52:36,729
said tonight it's almost like different

2548
01:52:34,868 --> 01:52:39,058
cases coming out the same features very

2549
01:52:36,729 --> 01:52:39,059
very odd

2550
01:52:52,800 --> 01:52:56,880

2551
01:52:54,819 --> 01:52:56,880
