

1
00:00:02,569 --> 00:00:08,929
on the strength of that I'll go into a

2
00:00:05,149 --> 00:00:13,509
Q&A now it's five past ten how long do

3
00:00:08,929 --> 00:00:13,509
you want me to do a Q&A for 10 bux lemon

4
00:00:14,109 --> 00:00:20,960
oh yeah munakata watch forward it's a

5
00:00:17,809 --> 00:00:22,428
simple something really serious i

6
00:00:20,960 --> 00:00:25,730
haven't moved this way quality nothing

7
00:00:22,428 --> 00:00:29,118
all right well I'm gonna get it sold off

8
00:00:25,730 --> 00:00:32,060
all right no right Julie what answer

9
00:00:29,118 --> 00:00:34,369
quick 10 minute questions since you

10
00:00:32,060 --> 00:00:36,350
started this journey right have you

11
00:00:34,369 --> 00:00:39,019
experienced any weird stuff have you had

12
00:00:36,350 --> 00:00:43,640
your phones tapped doors about anything

13
00:00:39,020 --> 00:00:44,780
like that no but then again a lot of

14
00:00:43,640 --> 00:00:47,989
people said to me keep your head down

15
00:00:44,780 --> 00:00:50,480
Gary just some researchers of dietary

16
00:00:47,988 --> 00:00:52,099
soon such as possible thana Kelvin will

17
00:00:50,479 --> 00:00:54,679
and it'll make it look like an accident

18
00:00:52,100 --> 00:00:56,870
well why said people is if ever I've

19
00:00:54,679 --> 00:00:58,460
supposedly committed suicide an officer

20
00:00:56,869 --> 00:01:00,108
and I've never commit suicide yes I

21
00:00:58,460 --> 00:01:02,660
never will so if I suddenly turn up

22
00:01:00,109 --> 00:01:04,370
suicide your Marlins mysterious got the

23
00:01:02,659 --> 00:01:07,579
reality is if somebody wants to take you

24
00:01:04,370 --> 00:01:09,320
out he's like the forms somebody can

25
00:01:07,579 --> 00:01:11,478
give you an injection you walk register

26
00:01:09,319 --> 00:01:14,059
in a few hours and best like you died of

27
00:01:11,478 --> 00:01:17,060
a heart attack yeah so if the words that

28
00:01:14,060 --> 00:01:20,930
you out will take you out look I've met

29

00:01:17,060 --> 00:01:23,359
people who become very paranoid Frank to

30
00:01:20,930 --> 00:01:25,700
go out the door almost and in reality

31
00:01:23,359 --> 00:01:28,219
i'm not prepared to go down that way I

32
00:01:25,700 --> 00:01:29,868
accept that it's out there it is a bit

33
00:01:28,219 --> 00:01:32,000
like Jason Bourne maybe a bit

34
00:01:29,868 --> 00:01:34,009
exaggerated book elements of it is very

35
00:01:32,000 --> 00:01:36,680
real if the intelligence services want

36
00:01:34,009 --> 00:01:38,750
to take you out look similarly I think

37
00:01:36,680 --> 00:01:41,750
one day I might get burgled something

38
00:01:38,750 --> 00:01:44,209
like that but I'm not going to worry

39
00:01:41,750 --> 00:01:46,989
about it no but the fact that i can in

40
00:01:44,209 --> 00:01:49,879
all these thing and I'm so often

41
00:01:46,989 --> 00:01:51,169
hopefully means and Cadillac flagging up

42
00:01:49,879 --> 00:01:53,149
to people I hear that I'll never commit

43
00:01:51,170 --> 00:01:54,950

suicide that gun thing so it makes me

44

00:01:53,149 --> 00:01:56,530

less of a risk in some ways but they

45

00:01:54,950 --> 00:01:58,420

wanted to we could certainly do

46

00:01:56,530 --> 00:02:02,849

yeah but I'm not prepared to live in a

47

00:01:58,420 --> 00:02:02,849

paranoid world so any other questions

48

00:02:05,670 --> 00:02:12,849

the solicitor Harry Harris lock ml

49

00:02:08,860 --> 00:02:16,270

swipes to this red our guy yeah for if

50

00:02:12,849 --> 00:02:18,189

that would work so I got it cylinder

51

00:02:16,270 --> 00:02:20,319

video oh yeah the police actually a

52

00:02:18,189 --> 00:02:24,219

police officer yeah yeah rotating on its

53

00:02:20,318 --> 00:02:29,289

own axis yep described there I saw

54

00:02:24,219 --> 00:02:30,819

exactly the same object well so you're

55

00:02:29,289 --> 00:02:32,829

going to take my cabin email me about

56

00:02:30,819 --> 00:02:35,049

that fill in a report Fox like their

57

00:02:32,830 --> 00:02:37,030

civilian report forms as well so I'll

58
00:02:35,050 --> 00:02:39,130
take the car email moon start dialogue

59
00:02:37,030 --> 00:02:42,039
there are always people who come to

60
00:02:39,129 --> 00:02:44,739
choose it as daft as it sounds these

61
00:02:42,039 --> 00:02:49,389
kind of stories are all over the place i

62
00:02:44,739 --> 00:02:52,450
went to book a lecture theatre at the

63
00:02:49,389 --> 00:02:53,979
civic or in-home fo for a conference

64
00:02:52,449 --> 00:02:57,429
it's the first time and I saw the

65
00:02:53,979 --> 00:02:58,929
caretaker lady and I said Dow you can

66
00:02:57,430 --> 00:03:00,879
think this is a bit strange but I want

67
00:02:58,930 --> 00:03:04,209
to book electrical uniforms what do I

68
00:03:00,879 --> 00:03:06,789
see Melissa and straight where people

69
00:03:04,209 --> 00:03:08,949
regale into a story and then she said

70
00:03:06,789 --> 00:03:12,819
eight males been stolen as well coming

71
00:03:08,949 --> 00:03:14,349
over the Phils and straightaway you

72
00:03:12,819 --> 00:03:18,430
getting all these an applause now these

73
00:03:14,349 --> 00:03:19,780
anak dogs are tremendously important

74
00:03:18,430 --> 00:03:22,060
because they're not just described

75
00:03:19,780 --> 00:03:24,250
nights the sky the caretaker actually

76
00:03:22,060 --> 00:03:26,709
said that when she was a girl 15 16

77
00:03:24,250 --> 00:03:29,319
years old she was outside on the

78
00:03:26,709 --> 00:03:31,329
doorstep I'm the cheeky cigarette it's

79
00:03:29,319 --> 00:03:33,159
great way to remember stuff right chica

80
00:03:31,329 --> 00:03:35,730
cigarette on the doorstep there's

81
00:03:33,159 --> 00:03:37,169
daylight and she says this ball of white

82
00:03:35,729 --> 00:03:42,449
what

83
00:03:37,169 --> 00:03:45,389
came over the rooftops stopped movie

84
00:03:42,449 --> 00:03:47,818
went sideways stopped and it was on the

85
00:03:45,389 --> 00:03:50,429
opposite side of the street literally

86

00:03:47,818 --> 00:03:53,068
just 50 feet away and then it suddenly

87
00:03:50,430 --> 00:03:57,629
went to ground now why is she going to

88
00:03:53,068 --> 00:03:59,399
make up a story like that she then I get

89
00:03:57,629 --> 00:04:02,549
so many of these stories so these

90
00:03:59,400 --> 00:04:04,800
anecdotes are real and what my favorite

91
00:04:02,550 --> 00:04:07,709
cases the pilot risks because they just

92
00:04:04,800 --> 00:04:09,510
prove it if a pilot in broad daylight

93
00:04:07,709 --> 00:04:11,489
doesn't know what he's chasing what he's

94
00:04:09,509 --> 00:04:14,549
looking at I mean are you aware that

95
00:04:11,489 --> 00:04:16,850
pilots have fired on UFOs in broad

96
00:04:14,550 --> 00:04:20,639
daylight and nothing has happened

97
00:04:16,850 --> 00:04:24,389
there's a case met the pilot of Colonel

98
00:04:20,639 --> 00:04:27,870
Oscar centenary Peruvian pilot gone on

99
00:04:24,389 --> 00:04:31,860
the record on video all documents prove

100
00:04:27,870 --> 00:04:34,500

it and basically in 1918 in daylight he

101

00:04:31,860 --> 00:04:37,500

ascends took to intercept a daylight

102

00:04:34,500 --> 00:04:40,199

raid are confirmed your phone that's

103

00:04:37,500 --> 00:04:42,449

just hovering so he sent up like many of

104

00:04:40,199 --> 00:04:44,189

these are the cases and as his approach

105

00:04:42,449 --> 00:04:45,899

and he's told to shoot but what he

106

00:04:44,189 --> 00:04:48,810

thought was a balloon she looked like a

107

00:04:45,899 --> 00:04:50,788

balloon trip around spiritism thought it

108

00:04:48,810 --> 00:04:53,399

was a glue and he's told to shoot at it

109

00:04:50,788 --> 00:04:55,889

but his machine gun can't so he does he

110

00:04:53,399 --> 00:04:57,750

shoots off about sixty four rounds and

111

00:04:55,889 --> 00:05:01,019

he sees the bullets the tracer hit this

112

00:04:57,750 --> 00:05:03,810

object just absorbed he's thinking he's

113

00:05:01,019 --> 00:05:07,680

expected to grow up but he done it then

114

00:05:03,810 --> 00:05:11,819

just goes straight up 10,000 feet about

115
00:05:07,680 --> 00:05:13,889
3 cents just jumped straight not

116
00:05:11,819 --> 00:05:17,370
something we can do so he has to get his

117
00:05:13,889 --> 00:05:19,649
afterburner on get up there to get on

118
00:05:17,370 --> 00:05:21,470
another run at it and just as it

119
00:05:19,649 --> 00:05:24,168
approached and he's run again it goes

120
00:05:21,470 --> 00:05:26,760
another 10,000 feet in three seconds off

121
00:05:24,168 --> 00:05:29,009
and it eventually does this three times

122
00:05:26,759 --> 00:05:32,959
take it beyond the flight ceiling of

123
00:05:29,009 --> 00:05:36,449
their cup 78,000

124
00:05:32,959 --> 00:05:38,549
get the net why do you think you owe

125
00:05:36,449 --> 00:05:41,550
files crash if they're so invulnerable

126
00:05:38,550 --> 00:05:45,030
no idea no idea it's a good question

127
00:05:41,550 --> 00:05:48,650
because it isn't it it is it is it is an

128
00:05:45,029 --> 00:05:51,839
odd thing but what they think is that

129
00:05:48,649 --> 00:05:54,299
certainly the early crashes they think

130
00:05:51,839 --> 00:05:58,289
that was an anomaly or side effect of

131
00:05:54,300 --> 00:06:00,660
our radar that somehow affected the

132
00:05:58,290 --> 00:06:03,300
gravitational force that's all and they

133
00:06:00,660 --> 00:06:06,330
speculate in the public domain we don't

134
00:06:03,300 --> 00:06:08,460
know in some people whistle blows have

135
00:06:06,329 --> 00:06:11,039
said that there was the the radar

136
00:06:08,459 --> 00:06:13,169
somehow affected the guidance system of

137
00:06:11,040 --> 00:06:14,700
the proportion system on the UFO because

138
00:06:13,170 --> 00:06:17,129
we thought think that they're using

139
00:06:14,699 --> 00:06:18,209
engines in a conventional sense we think

140
00:06:17,129 --> 00:06:21,029
that they can do these high-speed

141
00:06:18,209 --> 00:06:22,649
maneuvers because their pull the

142
00:06:21,029 --> 00:06:25,469
proportion system is based on

143

00:06:22,649 --> 00:06:27,750
anti-gravity they create a force field

144
00:06:25,470 --> 00:06:31,230
around the edge of the craft so

145
00:06:27,750 --> 00:06:33,120
therefore inside we just like flying on

146
00:06:31,230 --> 00:06:34,620
a million miles an hour we can do a

147
00:06:33,120 --> 00:06:37,290
right angle turn but there's no inertia

148
00:06:34,620 --> 00:06:39,959
because it's creating some gravitational

149
00:06:37,290 --> 00:06:42,390
force so wherever it goes you're not

150
00:06:39,959 --> 00:06:44,159
fight about that's what they think and

151
00:06:42,389 --> 00:06:46,709
this is why they there is this talk

152
00:06:44,160 --> 00:06:51,780
about free energy and another reason why

153
00:06:46,709 --> 00:06:53,849
it's secret because does the gunman and

154
00:06:51,779 --> 00:06:55,319
then people say to me well why doesn't

155
00:06:53,850 --> 00:06:56,850
happen on the White House lawn well the

156
00:06:55,319 --> 00:06:59,879
obvious answer is if they did the

157
00:06:56,850 --> 00:07:04,470

problem get shot when you got to realize

158

00:06:59,879 --> 00:07:07,019

is that while science is quite I think

159

00:07:04,470 --> 00:07:08,940

arrogant many scientists will say we're

160

00:07:07,019 --> 00:07:10,199

the only sentient beings wildlife that

161

00:07:08,939 --> 00:07:12,660

was a big argument for many many years

162

00:07:10,199 --> 00:07:15,240

the moving away from that now but

163

00:07:12,660 --> 00:07:17,430

basically on the scheme of things I

164

00:07:15,240 --> 00:07:19,470

think we're like an ant on the ground in

165

00:07:17,430 --> 00:07:21,720

technological terms and development

166

00:07:19,470 --> 00:07:23,640

touch as to what they are who might be a

167

00:07:21,720 --> 00:07:25,040

million years edible will be like we

168

00:07:23,639 --> 00:07:28,079

won't talk to the ants on the ground

169

00:07:25,040 --> 00:07:30,629

because the Gulf in intelligence we

170

00:07:28,079 --> 00:07:33,509

would say it was too great gosh you know

171

00:07:30,629 --> 00:07:35,310

could you talk it sounds daft but if

172
00:07:33,509 --> 00:07:39,659
you've got something that's so advanced

173
00:07:35,310 --> 00:07:41,189
I think we're very primitive and we're

174
00:07:39,660 --> 00:07:43,260
very well liked

175
00:07:41,189 --> 00:07:45,360
and we do watch the world is in turn on

176
00:07:43,259 --> 00:07:49,019
we kill each other when we could feed

177
00:07:45,360 --> 00:07:52,410
everybody we know Gil the top 2% or is

178
00:07:49,019 --> 00:07:55,009
it one percent top 2% on most of the

179
00:07:52,410 --> 00:07:57,450
world over the nine th said that door

180
00:07:55,009 --> 00:08:00,839
that's not right you could do something

181
00:07:57,449 --> 00:08:02,519
about that will do it's a whole mess so

182
00:08:00,839 --> 00:08:04,919
I think we're very probably very good

183
00:08:02,519 --> 00:08:07,199
reasons why they they mostly severe I

184
00:08:04,920 --> 00:08:11,610
think we're very primitive lat pond life

185
00:08:07,199 --> 00:08:14,459
I should I disagreed about mom watch out

186
00:08:11,610 --> 00:08:17,670
there well I was talking about it again

187
00:08:14,459 --> 00:08:20,399
the friend I was reviewing a book I've

188
00:08:17,670 --> 00:08:23,699
read childhood Zhang by arthur c clarke

189
00:08:20,399 --> 00:08:28,769
okay I'm skeptic by the way you fall

190
00:08:23,699 --> 00:08:32,340
skeptic yep yep no problem no the story

191
00:08:28,769 --> 00:08:36,059
goes much what you've said the N is a

192
00:08:32,340 --> 00:08:40,889
twist that we are the intelligent we are

193
00:08:36,059 --> 00:08:43,228
the most developed aspect I think that

194
00:08:40,889 --> 00:08:45,779
was a product of his generation well I

195
00:08:43,229 --> 00:08:50,030
sure I kind of agreed I think we are i

196
00:08:45,779 --> 00:08:53,549
think is a lot i guess we'll never know

197
00:08:50,029 --> 00:08:55,919
well i hope i won't be able to put it

198
00:08:53,549 --> 00:08:59,279
this way it is coming and this is what i

199
00:08:55,919 --> 00:09:02,399
say about the 2033 it's coming yeah i

200

00:08:59,279 --> 00:09:04,769
don't i do agree with and and mainstream

201
00:09:02,399 --> 00:09:06,689
a graph to capture andrey address how

202
00:09:04,769 --> 00:09:08,100
they look at this reevaluate either look

203
00:09:06,690 --> 00:09:10,380
at the subject because they're gonna

204
00:09:08,100 --> 00:09:13,290
have to confront contact and we are

205
00:09:10,379 --> 00:09:17,820
going to be the first people in official

206
00:09:13,289 --> 00:09:20,459
history official history that deal with

207
00:09:17,820 --> 00:09:22,320
contact it's going to happen be many of

208
00:09:20,460 --> 00:09:24,930
our lifetime for the first time ever

209
00:09:22,320 --> 00:09:28,560
official Compton and they always say

210
00:09:24,929 --> 00:09:32,819
that it will be the biggest step for

211
00:09:28,559 --> 00:09:34,509
mankind contact enormous me well that

212
00:09:32,820 --> 00:09:36,700
was all about

213
00:09:34,509 --> 00:09:38,080
when species I was talking some day the

214
00:09:36,700 --> 00:09:40,660

other day and they were talking about

215

00:09:38,080 --> 00:09:42,639

aliens be in here and they said that

216

00:09:40,659 --> 00:09:45,309

they here but they not allowed to

217

00:09:42,639 --> 00:09:49,830

interfere with us well I guess this

218

00:09:45,309 --> 00:09:52,389

coach the process the human body the

219

00:09:49,830 --> 00:09:54,670

aliens are not changing my guess is only

220

00:09:52,389 --> 00:09:57,909

the human bodies and we got to go

221

00:09:54,669 --> 00:10:00,909

through this process of self the on the

222

00:09:57,909 --> 00:10:04,179

abduction side there are many accounts

223

00:10:00,909 --> 00:10:06,969

that there's a lot of aspects to expose

224

00:10:04,179 --> 00:10:10,989

pumpkin but they would certainly appear

225

00:10:06,970 --> 00:10:14,440

to be some alien species are interested

226

00:10:10,990 --> 00:10:17,860

in reproductive organs hybridization

227

00:10:14,440 --> 00:10:20,290

fetuses be removed from abductees and

228

00:10:17,860 --> 00:10:23,259

then later on being reunited with them

229

00:10:20,289 --> 00:10:26,349

every few years when they see these math

230

00:10:23,259 --> 00:10:28,450

human so that is common all around world

231

00:10:26,350 --> 00:10:31,330

evening third world where there's no

232

00:10:28,450 --> 00:10:34,180

access to media so this is real we can't

233

00:10:31,330 --> 00:10:37,570

make it all you know how can somebody in

234

00:10:34,179 --> 00:10:41,379

the middle of the Amazon with no access

235

00:10:37,570 --> 00:10:44,920

to TV radio newspapers effectively a

236

00:10:41,379 --> 00:10:46,899

third world first recount the same event

237

00:10:44,919 --> 00:10:48,909

I've being taken on board something and

238

00:10:46,899 --> 00:10:52,149

being medically examined where did they

239

00:10:48,909 --> 00:10:58,120

get that infrastructure from cluster is

240

00:10:52,149 --> 00:11:02,639

in rank 13 rimless yummy no medicine

241

00:10:58,120 --> 00:11:07,120

yeah did he did see it was a link dose

242

00:11:02,639 --> 00:11:09,819

okay so so let's set yeah yeah yeah look

243
00:11:07,120 --> 00:11:14,970
right Rendlesham forest can be defined

244
00:11:09,820 --> 00:11:14,970
in one particular sphere

245
00:11:21,320 --> 00:11:28,320
so right New Zealand Rendlesham forest

246
00:11:26,000 --> 00:11:29,730
in st that when you look at the evidence

247
00:11:28,320 --> 00:11:32,100
Rendlesham forest the fact that it's

248
00:11:29,730 --> 00:11:35,519
over three days don't matter I cut to

249
00:11:32,100 --> 00:11:38,250
the chase of evidence straight away it

250
00:11:35,519 --> 00:11:44,579
all hinges on whether it's UFOs are not

251
00:11:38,250 --> 00:11:48,629
on one aspect does Colonel halt on the

252
00:11:44,580 --> 00:11:50,780
third night with this for other officers

253
00:11:48,629 --> 00:11:54,240
are leftenant and three sergeants are

254
00:11:50,779 --> 00:11:56,939
they in a field when an object comes

255
00:11:54,240 --> 00:11:59,250
towards then stops above their heads at

256
00:11:56,940 --> 00:12:02,910
a thousand feet and cast down a laser

257

00:11:59,250 --> 00:12:06,570
beam at their feet there's only two

258
00:12:02,909 --> 00:12:12,799
alternatives either holt and his team a

259
00:12:06,570 --> 00:12:17,040
lion or it happened and if it happened

260
00:12:12,799 --> 00:12:18,959
it ain't a lighter because what light

261
00:12:17,039 --> 00:12:22,169
out and stop above your head and put a

262
00:12:18,960 --> 00:12:24,060
beam down so you just take war little

263
00:12:22,169 --> 00:12:26,159
piece of it and the lighthouse theories

264
00:12:24,059 --> 00:12:28,049
of upper end but let me just tell you a

265
00:12:26,159 --> 00:12:30,149
side effect of this I've done many

266
00:12:28,049 --> 00:12:31,859
documentaries over the years some with

267
00:12:30,149 --> 00:12:34,709
the terrestrial TV like channel flow

268
00:12:31,860 --> 00:12:37,379
chart right the last 2 i've got involved

269
00:12:34,710 --> 00:12:39,660
in chalfont and channel 5 I said to them

270
00:12:37,379 --> 00:12:41,669
you've not got a very good record of

271
00:12:39,659 --> 00:12:43,860

doing decent documentaries on UFOs and

272

00:12:41,669 --> 00:12:46,949

they go oh yeah you know we're serious

273

00:12:43,860 --> 00:12:47,940

about this one we're going ok I said

274

00:12:46,950 --> 00:12:53,790

well tell you I'll give you a challenge

275

00:12:47,940 --> 00:12:56,310

i said i will give you an exclusive but

276

00:12:53,789 --> 00:12:59,069

i'm saying to you you will not use it in

277

00:12:56,309 --> 00:13:02,579

the final edit oh we will we will to

278

00:12:59,070 --> 00:13:05,820

them I cenizas challenge then i'm going

279

00:13:02,580 --> 00:13:08,580

to show you the field where I went with

280

00:13:05,820 --> 00:13:11,400

Colonel halt I've identified the field

281

00:13:08,580 --> 00:13:14,400

nobody else's this is the field with a

282

00:13:11,399 --> 00:13:16,169

being came down at his feet I'll take

283

00:13:14,399 --> 00:13:18,029

you to that location it's never been

284

00:13:16,169 --> 00:13:22,649

shown in any documentary you're

285

00:13:18,029 --> 00:13:25,149

interested or yours so we go film it is

286

00:13:22,649 --> 00:13:29,360

it in the final edit

287

00:13:25,149 --> 00:13:32,509

who is that me wife clever editing

288

00:13:29,360 --> 00:13:36,230

because in the final but the present

289

00:13:32,509 --> 00:13:39,319

guard so multiple dykes multiple

290

00:13:36,230 --> 00:13:44,050

witnesses was it a UFO what is a

291

00:13:39,320 --> 00:13:47,690

lighthouse they could not have use that

292

00:13:44,049 --> 00:13:52,189

open-ended right outfit if it included

293

00:13:47,690 --> 00:13:54,140

that sequence in the field you shouldn't

294

00:13:52,190 --> 00:13:56,810

be chasing everyone well that's a whole

295

00:13:54,139 --> 00:13:59,149

bike look what is that is the thing is

296

00:13:56,809 --> 00:14:02,000

Holt used to take people out to the

297

00:13:59,149 --> 00:14:04,129

lighthouse for a visit so he knew where

298

00:14:02,000 --> 00:14:06,830

it was and in reality in the weapon

299

00:14:04,129 --> 00:14:09,289

storage area very much I worked on two

300
00:14:06,830 --> 00:14:11,360
of them at Honiton in Suffolk Sam County

301
00:14:09,289 --> 00:14:15,528
and in lab work in what was then West

302
00:14:11,360 --> 00:14:17,959
Germany you have the weapon storage area

303
00:14:15,528 --> 00:14:20,269
the bunkers and in the middle of it or

304
00:14:17,958 --> 00:14:25,519
at one end of it there is at least one

305
00:14:20,269 --> 00:14:29,629
tower that's ma'am 24 7 365 years right

306
00:14:25,519 --> 00:14:31,610
the site is about 38 to 40 8 30 to 40

307
00:14:29,629 --> 00:14:33,708
people on shifting any one time that

308
00:14:31,610 --> 00:14:35,509
proves the numbers along Rendlesham is

309
00:14:33,708 --> 00:14:40,369
because a conventional bomb dome

310
00:14:35,509 --> 00:14:46,328
pointing up to yea gads nuclear weapons

311
00:14:40,370 --> 00:14:50,419
garden 365 24 7 30 8 30 to 40 per shift

312
00:14:46,328 --> 00:14:53,179
alright so the numbers were mixed up but

313
00:14:50,419 --> 00:14:55,490
the tower they have one towel that's

314

00:14:53,179 --> 00:14:58,729
higher that's about 80 feet high and

315
00:14:55,490 --> 00:15:02,629
it's purposely higher so there as a full

316
00:14:58,730 --> 00:15:04,670
360 for the guy in the towel and in the

317
00:15:02,629 --> 00:15:06,919
top of the tower they have a miniature

318
00:15:04,669 --> 00:15:12,769
layout of the entire site like a model

319
00:15:06,919 --> 00:15:15,500
and it has all the alarm settings that

320
00:15:12,769 --> 00:15:18,139
can be triggered by rabbits cuz it

321
00:15:15,500 --> 00:15:20,929
tonight microwave right as the oven outs

322
00:15:18,139 --> 00:15:23,149
of stereo France than an infant and it's

323
00:15:20,929 --> 00:15:24,889
microwave so if anybody tries to break

324
00:15:23,149 --> 00:15:27,860
through the fence it triggers an alarm

325
00:15:24,889 --> 00:15:30,139
the alarm is triggered on this big board

326
00:15:27,860 --> 00:15:32,240
so the guy in the top of the tower it's

327
00:15:30,139 --> 00:15:34,909
80 feet the trees are not allowed to go

328
00:15:32,240 --> 00:15:37,240

on more than 40 feet so he gets the

329

00:15:34,909 --> 00:15:40,360

perspective the 306

330

00:15:37,240 --> 00:15:42,759

so the guy in the tower knows where the

331

00:15:40,360 --> 00:15:45,959

offered less light houses every shift

332

00:15:42,759 --> 00:15:45,958

ease up there he goes

333

00:15:57,019 --> 00:15:59,079

you

334

00:16:07,220 --> 00:16:09,278

you
