

1
00:00:05,080 --> 00:00:11,650
oh here we are in sunny avec le in again

2
00:00:09,070 --> 00:00:14,230
in North Wales to speak to veteran

3
00:00:11,650 --> 00:00:14,740
researcher Margaret fright hello

4
00:00:14,230 --> 00:00:18,010
Margaret

5
00:00:14,740 --> 00:00:20,230
hello very my sweet this is I'm very

6
00:00:18,010 --> 00:00:23,470
pleased to meet all of you I don't often

7
00:00:20,230 --> 00:00:25,989
get the chance to talk about you at

8
00:00:23,469 --> 00:00:28,059
first oh okay all right

9
00:00:25,989 --> 00:00:31,239
it's an honor to meet you because in my

10
00:00:28,059 --> 00:00:34,379
mind you know well the the main veteran

11
00:00:31,239 --> 00:00:36,460
UFO researchers in Britain today and

12
00:00:34,380 --> 00:00:41,230
your lifetimes work needs to be

13
00:00:36,460 --> 00:00:43,570
recognized I think with sue for me we

14
00:00:41,229 --> 00:00:45,069
tend to our work we're concentrating on

15
00:00:43,570 --> 00:00:48,100
Welsh cases because we build in a

16
00:00:45,070 --> 00:00:51,429
database of all the happenings in Wales

17
00:00:48,100 --> 00:00:52,570
over the years and you said you were

18
00:00:51,429 --> 00:00:56,350
telling me earlier that you moved to

19
00:00:52,570 --> 00:00:58,268
North Wales in 1983 mm-hmm and you said

20
00:00:56,350 --> 00:01:01,179
you you've researched a lot of cases in

21
00:00:58,268 --> 00:01:03,658
Wales didn't do any cases stand up in

22
00:01:01,179 --> 00:01:07,540
your mind that you can remember I

23
00:01:03,658 --> 00:01:10,629
remember one particularly because it

24
00:01:07,540 --> 00:01:13,750
seems so ridiculous it could could

25
00:01:10,629 --> 00:01:20,739
hardly be true but I forgot me to a

26
00:01:13,750 --> 00:01:28,870
summer outside might have been deadly

27
00:01:20,739 --> 00:01:31,780
and they they all started ringing me

28
00:01:28,870 --> 00:01:33,700
from this irrespective of each other you

29

00:01:31,780 --> 00:01:36,489
know they may not have known each other

30
00:01:33,700 --> 00:01:41,230
but they said they'd seen what looked

31
00:01:36,489 --> 00:01:45,399
like a telephone box and it had been

32
00:01:41,230 --> 00:01:48,340
jumping from one rooftop to another and

33
00:01:45,400 --> 00:01:52,660
in the states where they lived it and

34
00:01:48,340 --> 00:01:56,710
then be so of course I went down as

35
00:01:52,659 --> 00:01:59,349
first you know straight off I forget

36
00:01:56,709 --> 00:02:02,859
where I suppose my husband took me I

37
00:01:59,349 --> 00:02:05,799
can't remember no but it was such an

38
00:02:02,859 --> 00:02:09,639
extraordinary case and then eventually

39
00:02:05,799 --> 00:02:11,180
it Frost's the road and then went up

40
00:02:09,639 --> 00:02:15,468
over a building and then

41
00:02:11,180 --> 00:02:18,799
it's a beautiful well it's like a

42
00:02:15,468 --> 00:02:22,009
telephone kiosk says with a good doctor

43
00:02:18,799 --> 00:02:24,859

who's TARDIS is it I know I know it was

44

00:02:22,009 --> 00:02:26,929

really the more but so many people said

45

00:02:24,859 --> 00:02:29,569

it and they didn't know each other

46

00:02:26,930 --> 00:02:35,150

hmm they thought they were the only ones

47

00:02:29,568 --> 00:02:38,119

reporting it right and we yesterday we

48

00:02:35,150 --> 00:02:39,500

met - Scott Scott Felton oh yeah and you

49

00:02:38,120 --> 00:02:42,079

you don't all work with him on the bed

50

00:02:39,500 --> 00:02:43,818

wooden case didn't you I did what a man

51

00:02:42,079 --> 00:02:47,299

named quite make remember working with

52

00:02:43,818 --> 00:02:49,548

it the exact yeah yeah on the bed wooden

53

00:02:47,299 --> 00:02:51,409

casing yeah yeah any memories of

54

00:02:49,549 --> 00:02:55,069

research in that you could share with us

55

00:02:51,408 --> 00:02:59,899

oh it's very firmly placed in my mind

56

00:02:55,068 --> 00:03:01,958

how this yeah I was standing like I

57

00:02:59,900 --> 00:03:04,968

don't know it was him

58
00:03:01,959 --> 00:03:08,810
see I don't remember the names of the

59
00:03:04,968 --> 00:03:11,060
places but anyway I'm I was told that

60
00:03:08,810 --> 00:03:14,658
they villagers had seen it from that

61
00:03:11,060 --> 00:03:16,780
time too so I went to this place have

62
00:03:14,658 --> 00:03:20,030
you seen any sir and it's in yourself

63
00:03:16,780 --> 00:03:22,639
what UFOs on my own

64
00:03:20,030 --> 00:03:26,329
never all of it without the people oh

65
00:03:22,639 --> 00:03:31,040
yeah yeah that's I meant yeah what what

66
00:03:26,329 --> 00:03:33,979
seconds if you had well in Kent I saw

67
00:03:31,039 --> 00:03:37,068
them very very went to a period when we

68
00:03:33,979 --> 00:03:40,250
saw them very frequently hmm and

69
00:03:37,068 --> 00:03:43,068
everybody used to get together and go

70
00:03:40,250 --> 00:03:48,259
and look for the lid such and we did see

71
00:03:43,068 --> 00:03:50,958
them but unfortunately I'm suffering

72
00:03:48,258 --> 00:03:54,078
from memory loss so they don't know and

73
00:03:50,959 --> 00:03:57,378
I could give you the books that you read

74
00:03:54,079 --> 00:03:58,669
but I I don't remember the G - well look

75
00:03:57,378 --> 00:04:00,768
when you went in Wales

76
00:03:58,669 --> 00:04:02,930
didn't anything you seen anything

77
00:04:00,769 --> 00:04:07,900
anywhere in the skies whoever invades

78
00:04:02,930 --> 00:04:11,780
yeah I remember one of them said that it

79
00:04:07,900 --> 00:04:14,030
it appeared on a very narrow lane and it

80
00:04:11,780 --> 00:04:17,298
was hedge-hopping it resolved

81
00:04:14,030 --> 00:04:20,120
jumping like along the edge II from the

82
00:04:17,298 --> 00:04:22,218
just the top of the head just a little

83
00:04:20,120 --> 00:04:23,939
bit like that doctor can remember where

84
00:04:22,218 --> 00:04:27,029
that was

85
00:04:23,939 --> 00:04:29,009
the way young dude then be again then be

86

00:04:27,029 --> 00:04:32,489
that be seems to be real the hotspot do

87
00:04:29,009 --> 00:04:33,719
you seem to be yes a good time yeah well

88
00:04:32,490 --> 00:04:36,540
but you're not Miguel have you seen

89
00:04:33,720 --> 00:04:39,540
incident Abigail I have seen in our

90
00:04:36,540 --> 00:04:41,580
beginning I'll tell you about one that I

91
00:04:39,540 --> 00:04:45,000
remember quite well because it was on

92
00:04:41,579 --> 00:04:47,789
American Independence Day but I've been

93
00:04:45,000 --> 00:04:53,040
trying to think ever since whatever it

94
00:04:47,790 --> 00:04:56,120
is and not God but anyway I was walking

95
00:04:53,040 --> 00:05:00,050
it along I used to take a walk every day

96
00:04:56,120 --> 00:05:03,660
up as far as the castle gates yeah

97
00:05:00,050 --> 00:05:06,509
because I've got Offshore's righteous in

98
00:05:03,660 --> 00:05:10,100
the knees it's difficult for me to know

99
00:05:06,509 --> 00:05:14,370
so anyway and I'd sat down on this bench

100
00:05:10,100 --> 00:05:16,410

in front of the police station then the

101

00:05:14,370 --> 00:05:23,509

police station is quite close to border

102

00:05:16,410 --> 00:05:26,910

yeah and and then I saw this I know that

103

00:05:23,509 --> 00:05:32,310

first it was I think it was one of our

104

00:05:26,910 --> 00:05:37,560

helicopters and behind it was this cigar

105

00:05:32,310 --> 00:05:41,329

shaped object just quite close to it you

106

00:05:37,560 --> 00:05:44,459

know behind it and there was only one

107

00:05:41,329 --> 00:05:47,579

doctor eight thousand the sky a bowl of

108

00:05:44,459 --> 00:05:52,709

dog treat cloud and that was more

109

00:05:47,579 --> 00:05:55,469

towards Tesco's over here yeah so so I

110

00:05:52,709 --> 00:05:59,069

sat on the bench and I under

111

00:05:55,470 --> 00:06:01,020

I don't know and I must be imagining it

112

00:05:59,069 --> 00:06:04,319

you know the thing following the

113

00:06:01,019 --> 00:06:11,370

helicopter the headed of the helicopter

114

00:06:04,319 --> 00:06:13,800

no and this lady came along along the

115
00:06:11,370 --> 00:06:16,199
pavement that's a very white pigment

116
00:06:13,800 --> 00:06:19,949
cross pavement there in front of the

117
00:06:16,199 --> 00:06:24,029
houses and I said to excuse me I said

118
00:06:19,949 --> 00:06:28,110
but do you mind my asking you can can

119
00:06:24,029 --> 00:06:32,369
you see anything in the sky and she she

120
00:06:28,110 --> 00:06:35,790
said looked up and she said yes she said

121
00:06:32,370 --> 00:06:39,550
it's a UFO and that don't walk

122
00:06:35,790 --> 00:06:41,140
that's why I remember it this is a 4th

123
00:06:39,550 --> 00:06:44,100
of July we got remember the year yeah

124
00:06:41,139 --> 00:06:47,409
yeah you know I don't remember the earth

125
00:06:44,100 --> 00:06:50,890
anyway then it went on and it went into

126
00:06:47,410 --> 00:06:54,070
this want out and I didn't see it again

127
00:06:50,889 --> 00:06:56,050
I stuck there for quite a while to see

128
00:06:54,069 --> 00:07:01,000
if it would come out or anything but it

129
00:06:56,050 --> 00:07:04,240
didn't so that was the last time I saw

130
00:07:01,000 --> 00:07:11,079
one right was that a long time ago was

131
00:07:04,240 --> 00:07:12,579
it quite recent a few years not many I

132
00:07:11,079 --> 00:07:16,329
can't remember

133
00:07:12,579 --> 00:07:17,259
yeah I probably written agenda under my

134
00:07:16,329 --> 00:07:19,779
Diaries

135
00:07:17,259 --> 00:07:21,670
what mm-hmm what we can find that out

136
00:07:19,779 --> 00:07:23,679
later maybe good nice to document that

137
00:07:21,670 --> 00:07:28,199
one what did it look like it was a cigar

138
00:07:23,680 --> 00:07:30,970
shaker said yes just just a cigar she

139
00:07:28,199 --> 00:07:35,379
and you like to sign it mm-hmm were

140
00:07:30,970 --> 00:07:45,670
there any lights on it no there's a time

141
00:07:35,379 --> 00:07:47,409
yeah that green color right so any any

142
00:07:45,670 --> 00:07:49,000
travels around Wales did the father

143

00:07:47,410 --> 00:07:51,400
father do you ever go down to South

144
00:07:49,000 --> 00:07:55,029
Wales to investigate okay oh yeah we

145
00:07:51,399 --> 00:07:58,149
went everywhere absolutely everywhere I

146
00:07:55,029 --> 00:08:01,509
had the most obliging husband God ever

147
00:07:58,149 --> 00:08:03,819
created because I don't know whether he

148
00:08:01,509 --> 00:08:07,259
was particularly interested but he took

149
00:08:03,819 --> 00:08:11,230
them for granted but God see I said I

150
00:08:07,259 --> 00:08:16,959
could see them that's it he accepted

151
00:08:11,230 --> 00:08:20,319
that I can't remember whether he saw it

152
00:08:16,959 --> 00:08:24,189
as well funny but I don't you know I

153
00:08:20,319 --> 00:08:28,209
don't remember anything I can see it but

154
00:08:24,189 --> 00:08:34,559
I was oh always with him so so y'all

155
00:08:28,209 --> 00:08:37,659
didn't 83 any cases from Wales part from

156
00:08:34,559 --> 00:08:39,459
the Bedouin thing which you would think

157
00:08:37,659 --> 00:08:42,759

was the most important one all the most

158

00:08:39,460 --> 00:08:43,870

amazing one and I hate to be that the

159

00:08:42,759 --> 00:08:46,480

barren one

160

00:08:43,870 --> 00:08:49,450

you know where everyone all the

161

00:08:46,480 --> 00:08:52,570

villagers saw us over there but it when

162

00:08:49,450 --> 00:08:56,170

it left even the ones that hadn't been

163

00:08:52,570 --> 00:08:58,210

out you know they were sawed told us

164

00:08:56,169 --> 00:09:02,469

about so somebody's actually saw it

165

00:08:58,210 --> 00:09:04,089

leaving yeah Scott is that it's of the

166

00:09:02,470 --> 00:09:07,120

opinion that it wasn't so much a crash

167

00:09:04,089 --> 00:09:11,740

as a as most popularly known as a

168

00:09:07,120 --> 00:09:13,600

landing it was I think uh I think well

169

00:09:11,740 --> 00:09:17,259

did you think the do you think the

170

00:09:13,600 --> 00:09:20,409

military knew it was coming there

171

00:09:17,259 --> 00:09:23,379

beforehand or how'd you think about that

172
00:09:20,409 --> 00:09:27,209
I don't know don't hear much about that

173
00:09:23,379 --> 00:09:30,309
one do you were it actually left because

174
00:09:27,210 --> 00:09:32,470
Scott was saying to us that the rumor

175
00:09:30,309 --> 00:09:36,609
was it crushed and the military took it

176
00:09:32,470 --> 00:09:40,720
away but it seems a very likely scenario

177
00:09:36,610 --> 00:09:43,509
it took off it left and as you say

178
00:09:40,720 --> 00:09:48,278
people saw it oh yeah she's got some

179
00:09:43,509 --> 00:09:51,088
very good witness etcetera photo UFOs he

180
00:09:48,278 --> 00:09:53,889
remembers details just like that I

181
00:09:51,089 --> 00:09:58,810
wouldn't mind being having his startled

182
00:09:53,889 --> 00:10:03,759
mind he comes here and he talks about

183
00:09:58,809 --> 00:10:07,389
nothing else but UFOs I can imagine that

184
00:10:03,759 --> 00:10:09,580
yeah you believe that it's not so much

185
00:10:07,389 --> 00:10:12,100
outer space but there in the solar

186
00:10:09,580 --> 00:10:14,500
system I think so I think they only come

187
00:10:12,100 --> 00:10:15,700
from our so I've always said that what

188
00:10:14,500 --> 00:10:18,639
do you think that isn't because I think

189
00:10:15,700 --> 00:10:22,750
the distances are just too fake judging

190
00:10:18,639 --> 00:10:25,569
by our human bodies I think that just

191
00:10:22,750 --> 00:10:29,200
too great for anything to be on dr. Koh

192
00:10:25,570 --> 00:10:32,589
I mean those are enormous distances

193
00:10:29,200 --> 00:10:34,200
billions of lives on things in our own

194
00:10:32,589 --> 00:10:37,360
solar system

195
00:10:34,200 --> 00:10:41,740
Pluto and all the ones it's right that

196
00:10:37,360 --> 00:10:46,389
we just about see no I don't think they

197
00:10:41,740 --> 00:10:48,970
come from and beyond that they may not

198
00:10:46,389 --> 00:10:53,179
even be human beings they might be quite

199
00:10:48,970 --> 00:10:56,330
different you can't tell can you

200

00:10:53,179 --> 00:10:58,939
know what kinds of crafted you talk

201
00:10:56,330 --> 00:11:00,830
about distances have you ever heard

202
00:10:58,940 --> 00:11:03,500
anyone like have you ever seen any

203
00:11:00,830 --> 00:11:06,460
research that maybe they can travel

204
00:11:03,500 --> 00:11:09,440
faster than light or they can somehow

205
00:11:06,460 --> 00:11:11,360
open up wormholes or travel through

206
00:11:09,440 --> 00:11:14,270
dimensions I don't think of all that

207
00:11:11,360 --> 00:11:17,149
because I think to myself how what do I

208
00:11:14,269 --> 00:11:21,019
know about it and just think of the

209
00:11:17,149 --> 00:11:23,899
things that you feasible with you so I

210
00:11:21,019 --> 00:11:26,149
never think I meant intend to do that I

211
00:11:23,899 --> 00:11:29,449
think they they like to know all that

212
00:11:26,149 --> 00:11:32,059
I'm not saying they shouldn't but I but

213
00:11:29,450 --> 00:11:35,000
I don't do it because it I wouldn't be

214
00:11:32,059 --> 00:11:36,859

any good at church anyway that's the

215

00:11:35,000 --> 00:11:47,809

military ever spoken to you about

216

00:11:36,860 --> 00:11:51,500

anything they know no I'm more active in

217

00:11:47,809 --> 00:11:53,889

this in Kent than I ever been up here

218

00:11:51,500 --> 00:11:53,889

right

219

00:11:55,059 --> 00:12:01,309

they're Bexhill home city was not mm-hmm

220

00:11:57,799 --> 00:12:05,049

is it back Salem say I'm lived in beg

221

00:12:01,309 --> 00:12:06,949

Bexleyheath Bexleyheath open note note

222

00:12:05,049 --> 00:12:09,829

gent yeah

223

00:12:06,950 --> 00:12:12,560

oh there was a quite famous psyched in

224

00:12:09,830 --> 00:12:18,340

that wasn't that yeah oh crap came down

225

00:12:12,559 --> 00:12:20,959

the street yet uh oh I remember going in

226

00:12:18,340 --> 00:12:25,610

investigating that case really very

227

00:12:20,960 --> 00:12:28,519

thoroughly not just by myself I did it

228

00:12:25,610 --> 00:12:29,810

with somebody else as well but I can't

229

00:12:28,519 --> 00:12:32,659

remember her name

230

00:12:29,809 --> 00:12:37,629

I'm forgetting this - nice to meet you

231

00:12:32,659 --> 00:12:37,629

anyway yeah thank you
