

1
00:00:00,030 --> 00:00:05,459
right here we are tonight with Scott

2
00:00:02,459 --> 00:00:09,679
Felton North Wales based UFO researcher

3
00:00:05,459 --> 00:00:12,750
an investigator well Scott okay wait

4
00:00:09,679 --> 00:00:14,429
nice to meet you yeah so what can you

5
00:00:12,750 --> 00:00:18,960
tell us how you got you to the subject

6
00:00:14,429 --> 00:00:19,230
of the UFO research golly by accident

7
00:00:18,960 --> 00:00:23,100
really

8
00:00:19,230 --> 00:00:27,000
it was taken aback at something of

9
00:00:23,100 --> 00:00:32,070
Malaysia before but in the 80s of

10
00:00:27,000 --> 00:00:33,269
Liverpool and I used to do a lot of duck

11
00:00:32,070 --> 00:00:36,869
shooting and stuff like that

12
00:00:33,270 --> 00:00:41,520
and I usually pull down on the river

13
00:00:36,869 --> 00:00:43,709
Mary and I never kept records of

14
00:00:41,520 --> 00:00:46,440
anything was a sort of unusual order the

15
00:00:43,710 --> 00:00:48,239
books but then on this particular

16
00:00:46,439 --> 00:00:50,218
occasion someone know was only about a

17
00:00:48,238 --> 00:00:53,640
fortnight before the season started

18
00:00:50,219 --> 00:00:57,448
don't worry here I'm a-gettin spunk 8485

19
00:00:53,640 --> 00:01:00,420
I went down just before door onto their

20
00:00:57,448 --> 00:01:03,929
banks of the major and they had to

21
00:01:00,420 --> 00:01:08,129
spinal with me I used to do there's a

22
00:01:03,929 --> 00:01:10,129
sewer pipe or one else and don't you

23
00:01:08,129 --> 00:01:12,298
know about dogs pudding with sewage

24
00:01:10,129 --> 00:01:13,500
something all flighting in you know I'm

25
00:01:12,299 --> 00:01:17,430
worried what all of us do it was

26
00:01:13,500 --> 00:01:19,469
counting numbers Eddie in the morning in

27
00:01:17,430 --> 00:01:21,330
readiness for the fair to September face

28
00:01:19,469 --> 00:01:23,670
day the dog shooting season so I was

29

00:01:21,329 --> 00:01:27,390
just down there and was just before dawn

30
00:01:23,670 --> 00:01:28,890
and I know there's a lot of light

31
00:01:27,390 --> 00:01:32,189
pollution there and background lights

32
00:01:28,890 --> 00:01:34,290
and that cost of labor but saying the

33
00:01:32,188 --> 00:01:37,169
time it was thought about something

34
00:01:34,290 --> 00:01:40,950
figure you get a channel hundred yards

35
00:01:37,170 --> 00:01:43,439
plate perhaps not the most and you see

36
00:01:40,950 --> 00:01:47,368
the waiting bids all the seagulls on the

37
00:01:43,438 --> 00:01:50,069
inside and I mean the dog just walking

38
00:01:47,368 --> 00:01:54,959
along fine cotton and water or something

39
00:01:50,069 --> 00:01:57,419
and the dog was actually quite an

40
00:01:54,959 --> 00:01:58,319
immediate dog and she's just in those

41
00:01:57,420 --> 00:02:01,740
through the fence

42
00:01:58,319 --> 00:02:03,750
listen sense on that wind all this and

43
00:02:01,739 --> 00:02:07,560

all sorts of water along whatever needed

44

00:02:03,750 --> 00:02:10,979

to be and the dog just stopped dead

45

00:02:07,560 --> 00:02:13,080

like : after taking no notice and

46

00:02:10,979 --> 00:02:14,370

sometimes when she was out if she smells

47

00:02:13,080 --> 00:02:16,650

something like a rabbit in the glass or

48

00:02:14,370 --> 00:02:18,090

a pheasant she caught one leg and the

49

00:02:16,650 --> 00:02:20,189

tail that goes straight you know or like

50

00:02:18,090 --> 00:02:21,020

she was point of it and she was doing

51

00:02:20,189 --> 00:02:23,459

man

52

00:02:21,020 --> 00:02:27,750

she just wouldn't come away so right

53

00:02:23,459 --> 00:02:29,459

over and then yes sir we got this fence

54

00:02:27,750 --> 00:02:31,080

and I looked over the fence and you got

55

00:02:29,459 --> 00:02:33,659

a bit of a sea wall underneath the prom

56

00:02:31,080 --> 00:02:35,969

probably about 10 or 12 feet down or

57

00:02:33,659 --> 00:02:38,789

something a little bit more pitch-black

58
00:02:35,969 --> 00:02:40,379
in the shadow of the wall and walk about

59
00:02:38,789 --> 00:02:43,259
nothing there and all of a sudden this

60
00:02:40,379 --> 00:02:47,250
being just like comes on right beneath

61
00:02:43,259 --> 00:02:49,019
me and it was a glowing orb probably

62
00:02:47,250 --> 00:02:50,818
about the size of a kicker ball but

63
00:02:49,019 --> 00:02:53,459
never seen anything like it before we

64
00:02:50,818 --> 00:02:56,068
like no idea what it was I've no

65
00:02:53,459 --> 00:02:58,590
interest in UFOs on it that hinted

66
00:02:56,068 --> 00:03:02,399
meaning it's just this curious ball and

67
00:02:58,590 --> 00:03:03,870
I could see it was hovering it was a few

68
00:03:02,400 --> 00:03:06,230
inches above the mud

69
00:03:03,870 --> 00:03:09,509
and I could see it was a dull light and

70
00:03:06,229 --> 00:03:12,349
it seemed to be the impression that cop

71
00:03:09,509 --> 00:03:15,419
was but the size I'll click up all parts

72
00:03:12,349 --> 00:03:17,579
but it seems to be that's the size look

73
00:03:15,419 --> 00:03:19,259
with the globe so I'm assuming that

74
00:03:17,579 --> 00:03:21,840
whatever was inside the walls on the

75
00:03:19,259 --> 00:03:22,439
inside it was smaller and he was given

76
00:03:21,840 --> 00:03:24,479
this glow

77
00:03:22,439 --> 00:03:26,189
what caught my attention was it little

78
00:03:24,479 --> 00:03:28,318
began with anything never see what's

79
00:03:26,189 --> 00:03:32,159
bothering him and he just came on like a

80
00:03:28,318 --> 00:03:33,389
light and to make any knowledge and

81
00:03:32,159 --> 00:03:34,829
nothing and I'm scared about anything

82
00:03:33,389 --> 00:03:36,809
and what the hell's that sort of thing

83
00:03:34,829 --> 00:03:37,980
and then all of a sudden it seemed like

84
00:03:36,810 --> 00:03:40,590
a few seconds but it could have been

85
00:03:37,979 --> 00:03:43,048
quite quick it moved off and it was cold

86

00:03:40,590 --> 00:03:46,050
across the water towards the water and

87
00:03:43,049 --> 00:03:49,890
if a few men should have bought the

88
00:03:46,050 --> 00:03:52,680
the motor and it would catch a straight

89
00:03:49,889 --> 00:03:54,659
line but it seemed to wobble

90
00:03:52,680 --> 00:03:56,939
that's the best way to describe it or

91
00:03:54,659 --> 00:03:58,500
the slides if I can operate this year so

92
00:03:56,939 --> 00:03:59,879
were you a little sail all the big

93
00:03:58,500 --> 00:04:01,620
minutes later than the other side yeah

94
00:03:59,879 --> 00:04:03,569
they're dead cars from the end of the

95
00:04:01,620 --> 00:04:07,400
promenade also cool a lot of people say

96
00:04:03,569 --> 00:04:17,370
orbs or things like glow like I just

97
00:04:07,400 --> 00:04:21,480
yeah yeah and it just cut it on like

98
00:04:17,370 --> 00:04:24,000
that and they don't always like and it

99
00:04:21,480 --> 00:04:25,140
traveled this distance I'm not going to

100
00:04:24,000 --> 00:04:26,550

sure the exact size of cocaine in

101

00:04:25,139 --> 00:04:29,849

between a home from 200 yards to the

102

00:04:26,550 --> 00:04:31,949

edge of water and it could have been an

103

00:04:29,850 --> 00:04:34,980

optical illusion or something I you know

104

00:04:31,949 --> 00:04:36,300

whatever same things however I mentioned

105

00:04:34,980 --> 00:04:38,700

before this leaf lock severe swelling

106

00:04:36,300 --> 00:04:41,240

along the edge of the side hmm so yeah

107

00:04:38,699 --> 00:04:44,250

don't you better check from whatever

108

00:04:41,240 --> 00:04:47,970

that's evil and this bottom right the

109

00:04:44,250 --> 00:04:50,459

treatment of the or cutoff so that's the

110

00:04:47,970 --> 00:04:52,560

only I'm not the knobs that mean I don't

111

00:04:50,459 --> 00:04:55,049

many optical illusion your skippers yeah

112

00:04:52,560 --> 00:04:57,480

and all the bitch with all the alarm on

113

00:04:55,050 --> 00:04:59,910

your arm belong calls because someone's

114

00:04:57,480 --> 00:05:10,069

interested in would all distressed to

115
00:04:59,910 --> 00:05:12,840
hold Luther fifty ships now so 1985 yeah

116
00:05:10,069 --> 00:05:14,730
because I've never kept the exactly yeah

117
00:05:12,839 --> 00:05:16,379
20 is just a brief I'll be on these

118
00:05:14,730 --> 00:05:19,439
frenzies what sort of effect without

119
00:05:16,379 --> 00:05:21,750
having it dude stop questioning things

120
00:05:19,439 --> 00:05:23,699
well none of it not initially know I say

121
00:05:21,750 --> 00:05:25,980
just liked it put the bezel and then it

122
00:05:23,699 --> 00:05:28,050
went out now I don't know whether it

123
00:05:25,980 --> 00:05:28,999
went out because all the bids panicked

124
00:05:28,050 --> 00:05:31,189
around it

125
00:05:28,999 --> 00:05:32,569
or mother is just witness the water and

126
00:05:31,189 --> 00:05:35,629
I thought I'm gonna publish it and then

127
00:05:32,569 --> 00:05:38,658
then some sometime later some year later

128
00:05:35,629 --> 00:05:42,049
I came just go back there was a there

129
00:05:38,658 --> 00:05:43,788
wasn't UFO group on the number and a

130
00:05:42,048 --> 00:05:47,209
source of I'm actually done Liverpool a

131
00:05:43,788 --> 00:05:49,488
cough someone had seen a

132
00:05:47,209 --> 00:05:52,429
triangular-shaped craft or claimed the

133
00:05:49,488 --> 00:05:57,618
US government inoperable of going in the

134
00:05:52,428 --> 00:05:58,908
water and I thought that time I didn't

135
00:05:57,619 --> 00:06:02,139
even think that that that wasn't seen

136
00:05:58,908 --> 00:06:05,569
was never seen before unless you my dog

137
00:06:02,139 --> 00:06:07,579
sets this object you know and you don't

138
00:06:05,569 --> 00:06:10,309
hear it so baby soaking up all my hair

139
00:06:07,579 --> 00:06:12,399
and whatever fair but whatever it was

140
00:06:10,309 --> 00:06:15,259
doing it was doing in the dark

141
00:06:12,399 --> 00:06:17,509
but why issue might dog to fight a woman

142
00:06:15,259 --> 00:06:20,749
she knew she could smell it on him or

143

00:06:17,509 --> 00:06:22,038
something and I walked over and it's

144
00:06:20,749 --> 00:06:22,338
like soup on doorknobs saying like oh

145
00:06:22,038 --> 00:06:24,348

146
00:06:22,338 --> 00:06:27,949
you know being kinda like comes off and

147
00:06:24,348 --> 00:06:29,718
I believe now that this object whatever

148
00:06:27,949 --> 00:06:32,629
it was doing I was doing it in the

149
00:06:29,718 --> 00:06:35,629
dollar a little bit and I like to think

150
00:06:32,629 --> 00:06:38,749
that in this or as I was like it was

151
00:06:35,629 --> 00:06:41,250
power in itself up this off it moved off

152
00:06:38,749 --> 00:06:43,240
you know

153
00:06:41,250 --> 00:06:44,740
before that I don't know what it was

154
00:06:43,240 --> 00:06:47,740
doing could have just been sat on the

155
00:06:44,740 --> 00:06:49,870
ground that could have been to be

156
00:06:47,740 --> 00:06:51,759
offered why I don't know that's all I

157
00:06:49,870 --> 00:06:53,379

ever saw and that's the only thing I've

158

00:06:51,759 --> 00:06:55,509

ever seen the man side of life strange

159

00:06:53,379 --> 00:06:58,360

all right some of it we see the

160

00:06:55,509 --> 00:06:59,860

Liverpool this other main places in

161

00:06:58,360 --> 00:07:03,400

Britain the bomber for UFO sightings

162

00:06:59,860 --> 00:07:09,400

well think about the man G is Tiffany

163

00:07:03,399 --> 00:07:12,310

back but it's a where I was just kept on

164

00:07:09,399 --> 00:07:13,810

playing a mile and a half wise but that

165

00:07:12,310 --> 00:07:15,519

is why that's a quest to be cared for

166

00:07:13,810 --> 00:07:17,920

since gotten across sales me at ports

167

00:07:15,519 --> 00:07:20,199

like five miles it's got a very very

168

00:07:17,920 --> 00:07:22,240

narrow neck in Liverpool with a fetish

169

00:07:20,199 --> 00:07:24,519

cross between back remember the bill and

170

00:07:22,240 --> 00:07:27,100

then the tide will brush through there

171

00:07:24,519 --> 00:07:30,759

you know it divorces tear that all the

172
00:07:27,100 --> 00:07:32,650
time it's the waters quite deep anyway

173
00:07:30,759 --> 00:07:35,019
yeah and that it's got a strong town

174
00:07:32,649 --> 00:07:37,539
couldn't well if you wanted to hide

175
00:07:35,019 --> 00:07:39,009
something on the possible there you know

176
00:07:37,540 --> 00:07:40,750
I mean it's a good place immediately

177
00:07:39,009 --> 00:07:42,759
just be no no I want to know you were

178
00:07:40,750 --> 00:07:44,470
there and even I hope the river the

179
00:07:42,759 --> 00:07:47,079
waters been there bubbles it was heavily

180
00:07:44,470 --> 00:07:49,960
polluted anyway to lot cleaner no it's

181
00:07:47,079 --> 00:07:52,120
heavily polluted and even when the tire

182
00:07:49,959 --> 00:07:56,229
tops the channels real qui tam plaintiff

183
00:07:52,120 --> 00:07:58,689
a small craft could easily sit there on

184
00:07:56,230 --> 00:08:03,310
the bottom this is just an assumption

185
00:07:58,689 --> 00:08:04,990
I'd and nobody know was there high up

186
00:08:03,310 --> 00:08:07,060
the river you can really send someone

187
00:08:04,990 --> 00:08:08,410
down in a down the water gear and say

188
00:08:07,060 --> 00:08:10,180
okay well it would just be all the way I

189
00:08:08,410 --> 00:08:10,540
was aghast and doctor it's still there

190
00:08:10,180 --> 00:08:12,610
today

191
00:08:10,540 --> 00:08:14,800
it's a like an Associated British ports

192
00:08:12,610 --> 00:08:16,470
private dock in the old days the killer

193
00:08:14,800 --> 00:08:20,550
spokes used to come in here from I

194
00:08:16,470 --> 00:08:22,140
and the bolts could only get in there

195
00:08:20,550 --> 00:08:25,170
when the tide was it when the tire

196
00:08:22,139 --> 00:08:27,689
dropped the dock gates kept the water

197
00:08:25,170 --> 00:08:29,009
back at the boats inside you know but

198
00:08:27,689 --> 00:08:31,589
that's the only ship and they never went

199
00:08:29,009 --> 00:08:33,870
up there so nothing could really people

200

00:08:31,589 --> 00:08:35,250
went up deliver the height but there's a

201
00:08:33,870 --> 00:08:36,769
plenty of room to hide something

202
00:08:35,250 --> 00:08:39,240
depending on this time engine you know

203
00:08:36,769 --> 00:08:40,559
and of course at night time things can

204
00:08:39,240 --> 00:08:45,659
come and go and no one ever sees them

205
00:08:40,559 --> 00:08:46,979
but I came across and backwards of

206
00:08:45,659 --> 00:08:48,600
people saying they'd see things coming

207
00:08:46,980 --> 00:08:50,639
out broad daylight and let me know and

208
00:08:48,600 --> 00:08:52,170
then they appeared in the paper these

209
00:08:50,639 --> 00:08:54,149
stories know but it's not connect

210
00:08:52,169 --> 00:08:55,860
between that on the balls despoil a

211
00:08:54,149 --> 00:08:58,079
light morning when I sort of got

212
00:08:55,860 --> 00:09:00,659
interested in it I realize how common

213
00:08:58,080 --> 00:09:02,160
these balls we're and of course it was

214
00:09:00,659 --> 00:09:03,839

it was all something within the UFO

215

00:09:02,159 --> 00:09:05,730

field so awfully just straight away that

216

00:09:03,840 --> 00:09:08,340

I connect between this smaller lights

217

00:09:05,730 --> 00:09:11,670

and all the objects people claimed

218

00:09:08,340 --> 00:09:15,030

you've seen you know and then but it was

219

00:09:11,669 --> 00:09:16,399

years later I was in Wales that I bring

220

00:09:15,029 --> 00:09:20,730

the past 30 years

221

00:09:16,399 --> 00:09:24,279

but when I was living down the same

222

00:09:20,730 --> 00:09:27,039

Peninsula and that place baklanov well

223

00:09:24,279 --> 00:09:28,629

I was down there and this is really

224

00:09:27,039 --> 00:09:30,939

where it's sort of congested then I

225

00:09:28,629 --> 00:09:32,350

always saw this as a curiosity what had

226

00:09:30,940 --> 00:09:34,300

seen this well I mentioned that where

227

00:09:32,350 --> 00:09:38,740

can Liverpool everyone just looks at me

228

00:09:34,299 --> 00:09:41,709

do you mean to bring us on but recovery

229

00:09:38,740 --> 00:09:43,240

I'm a honest but I wasn't if it bothers

230

00:09:41,710 --> 00:09:46,150

but just stop me might have something

231

00:09:43,240 --> 00:09:49,509

really awesome curious and that years

232

00:09:46,149 --> 00:09:51,039

later I'm here in Wales and it's got a

233

00:09:49,509 --> 00:09:53,350

coffee shop to a bit of trouble like and

234

00:09:51,039 --> 00:09:55,599

again I gave a talk about this a few

235

00:09:53,350 --> 00:10:00,220

years ago in the probe conference in

236

00:09:55,600 --> 00:10:05,980

them and I was I was thought wasn't

237

00:10:00,220 --> 00:10:07,629

interested in UFOs but I used to put

238

00:10:05,980 --> 00:10:09,430

metal technical

239

00:10:07,629 --> 00:10:14,860

I'm sure organised about these Chatham

240

00:10:09,429 --> 00:10:16,129

valleys on farms and lots of people are

241

00:10:14,860 --> 00:10:20,000

comes up a donkey

242

00:10:16,129 --> 00:10:22,159

I'll pick a cup of sleep with each get

243
00:10:20,000 --> 00:10:23,870
the farmer old to quit and the best of

244
00:10:22,159 --> 00:10:25,579
used to form the next day thing you know

245
00:10:23,870 --> 00:10:28,070
they should do these rallies or should a

246
00:10:25,580 --> 00:10:31,100
lot of ugly check them in yourself and

247
00:10:28,070 --> 00:10:33,860
then aims to canvass farmers but I

248
00:10:31,100 --> 00:10:38,540
should keep me records we were contacted

249
00:10:33,860 --> 00:10:40,070
and their fathers are the best

250
00:10:38,539 --> 00:10:43,189
communicators in the world anyway I

251
00:10:40,070 --> 00:10:46,370
think it's a bit of a generalization but

252
00:10:43,190 --> 00:10:51,620
it's true and so some of them but all is

253
00:10:46,370 --> 00:10:52,970
swung on that the polite and a litter is

254
00:10:51,620 --> 00:10:55,159
as well you know and and the well

255
00:10:52,970 --> 00:10:57,259
manners salty right back to yet if only

256
00:10:55,159 --> 00:10:59,209
to say no don't worry about me loud

257

00:10:57,259 --> 00:11:01,340
you know and I always process not a

258
00:10:59,210 --> 00:11:02,660
decimal option and it always annoys me

259
00:11:01,340 --> 00:11:05,509
when I dig up and they never got me

260
00:11:02,659 --> 00:11:06,949
stuck back but nonetheless that's what

261
00:11:05,509 --> 00:11:12,700
you did at least accomplished water

262
00:11:06,950 --> 00:11:16,520
water and this part of Wales where the

263
00:11:12,700 --> 00:11:18,710
land the biermann's it wasn't a part of

264
00:11:16,519 --> 00:11:20,000
where as I knew at all it still played a

265
00:11:18,710 --> 00:11:22,100
part of way that's how people just don't

266
00:11:20,000 --> 00:11:24,080
know it's all around the coast and

267
00:11:22,100 --> 00:11:26,269
there's snow down here you know yeah

268
00:11:24,080 --> 00:11:27,800
there's been children North Wales with

269
00:11:26,269 --> 00:11:30,860
no money because the tourists don't

270
00:11:27,799 --> 00:11:32,370
comment nothing just got walkers and aye

271
00:11:30,860 --> 00:11:34,480

aye sir

272

00:11:32,370 --> 00:11:37,509

cubetto words were walking back and

273

00:11:34,480 --> 00:11:39,389

whatever one thing that did notice was

274

00:11:37,509 --> 00:11:42,340

that a countless bombs

275

00:11:39,389 --> 00:11:44,949

centuries-long was just it will always

276

00:11:42,340 --> 00:11:47,350

be the focal point for this UFO thing I

277

00:11:44,950 --> 00:11:51,340

don't know I think that single reply

278

00:11:47,350 --> 00:11:52,659

back which was art nothing I said I just

279

00:11:51,340 --> 00:11:54,639

want to calm a detective on your land

280

00:11:52,659 --> 00:11:57,009

then it suggests don't say that's coming

281

00:11:54,639 --> 00:11:58,929

in well not just you just to define was

282

00:11:57,009 --> 00:12:02,259

themselves it was dear sir I don't know

283

00:11:58,929 --> 00:12:05,259

what the names of it you know and it's

284

00:12:02,259 --> 00:12:07,689

about opee do ya nope just stares and

285

00:12:05,259 --> 00:12:09,639

get stuff back and I was just at the pub

286
00:12:07,690 --> 00:12:11,020
all night just hope the other was a

287
00:12:09,639 --> 00:12:14,169
cocktail scholar

288
00:12:11,019 --> 00:12:17,860
I just don't I can collapse uber say it

289
00:12:14,169 --> 00:12:20,159
or two and there was a loud there whose

290
00:12:17,860 --> 00:12:23,919
family came for the girl from Caracas

291
00:12:20,159 --> 00:12:27,879
and I have to mention us as strangers

292
00:12:23,919 --> 00:12:29,559
you know updates all these follow me I'm

293
00:12:27,879 --> 00:12:33,159
just like a big black hole not in came

294
00:12:29,559 --> 00:12:34,509
back you know and basically just watch

295
00:12:33,159 --> 00:12:37,059
me I don't I lost something to do with

296
00:12:34,509 --> 00:12:39,039
the EMF on what like what do you have

297
00:12:37,059 --> 00:12:40,809
fault and that's where it started

298
00:12:39,039 --> 00:12:44,049
getting insistently they said all this

299
00:12:40,809 --> 00:12:45,639
is you have all come after years ago you

300
00:12:44,049 --> 00:12:48,429
didn't even see what data wasn't what

301
00:12:45,639 --> 00:12:50,980
year that was in the years ago and there

302
00:12:48,429 --> 00:12:53,109
it was of people interested of it

303
00:12:50,980 --> 00:12:55,629
so I I used a lot of the farmers on them

304
00:12:53,110 --> 00:13:00,789
to quit which in that nineties was a lot

305
00:12:55,629 --> 00:13:03,250
of money on and so I did it again I'm

306
00:13:00,789 --> 00:13:05,409
the often told was just to see and

307
00:13:03,250 --> 00:13:10,509
nothing came back how surprising because

308
00:13:05,409 --> 00:13:11,829
I was in sight I've never you think you

309
00:13:10,509 --> 00:13:16,240
told a language when you offer them

310
00:13:11,830 --> 00:13:21,550
somewhere yeah but let's all the atoms

311
00:13:16,240 --> 00:13:26,620
with nothing came back and then and once

312
00:13:21,549 --> 00:13:27,819
I am I going to a phone call and this is

313
00:13:26,620 --> 00:13:29,789
something else not acknowledge me which

314

00:13:27,820 --> 00:13:35,260
I've constantly in over the years and

315
00:13:29,789 --> 00:13:37,579
this idea that all ufologists are

316
00:13:35,259 --> 00:13:40,338
interested in crop circles and

317
00:13:37,580 --> 00:13:41,870
you know in the village right here I was

318
00:13:40,339 --> 00:13:47,420
in at the time before I moved into

319
00:13:41,870 --> 00:13:49,070
corner muddier woman now the o'clock

320
00:13:47,419 --> 00:13:53,240
Chanel appeared in a field on here to my

321
00:13:49,070 --> 00:13:54,620
village not gone past this a few times

322
00:13:53,240 --> 00:13:58,329
people were talking about didn't mean

323
00:13:54,620 --> 00:14:00,649
answer me and I got a phone call a

324
00:13:58,328 --> 00:14:02,088
invite miss courses crops and of course

325
00:14:00,649 --> 00:14:04,519
the crops nickel would be something of

326
00:14:02,089 --> 00:14:06,500
interest there so something we don't

327
00:14:04,519 --> 00:14:13,549
want the phone ok what's another blue

328
00:14:06,500 --> 00:14:15,708

yeah just yeah did you get a note about

329

00:14:13,549 --> 00:14:17,120

like that the time as a shooting

330

00:14:15,708 --> 00:14:19,429

businessman you get people drinking up

331

00:14:17,120 --> 00:14:21,528

anyway yeah the phone right you know

332

00:14:19,429 --> 00:14:25,309

you're gonna be an inhale and all that

333

00:14:21,528 --> 00:14:30,320

sort of stuff all these features are

334

00:14:25,309 --> 00:14:33,319

half an hour and then another week no on

335

00:14:30,320 --> 00:14:35,720

the phone she was not like and then not

336

00:14:33,320 --> 00:14:38,060

happens and then then it got really

337

00:14:35,720 --> 00:14:42,200

awkward because no connection between

338

00:14:38,059 --> 00:14:43,909

that and these letters and then I was

339

00:14:42,200 --> 00:14:46,910

open that opened the game all the time

340

00:14:43,909 --> 00:14:48,980

and they're still nothing came back but

341

00:14:46,909 --> 00:14:50,299

someone was interested in the fact that

342

00:14:48,980 --> 00:14:50,750

I was sending letters to all these

343

00:14:50,299 --> 00:14:53,359

farmers

344

00:14:50,750 --> 00:14:56,120

it wasn't the farmers someone else but

345

00:14:53,360 --> 00:14:58,250

it must have known better and then there

346

00:14:56,120 --> 00:15:00,019

was a big instance which ended up on the

347

00:14:58,250 --> 00:15:05,179

HDTV being used to be proceeded away was

348

00:15:00,019 --> 00:15:10,360

news nothing is that's mildly by then it

349

00:15:05,179 --> 00:15:15,078

wasn't long after someone went and

350

00:15:10,360 --> 00:15:17,810

killed a cow in the field right on the

351

00:15:15,078 --> 00:15:19,750

edge of the village like except I just

352

00:15:17,809 --> 00:15:26,179

had a metal detector Molly on this one

353

00:15:19,750 --> 00:15:28,940

yeah whoever did it I think and if it

354

00:15:26,179 --> 00:15:30,559

was just sort of cut assassinate my yeah

355

00:15:28,940 --> 00:15:32,720

Mellie's hacked and surprised I was

356

00:15:30,559 --> 00:15:35,569

gonna say yeah and all a lot of the fire

357
00:15:32,720 --> 00:15:38,959
was got really excessive on it and which

358
00:15:35,570 --> 00:15:40,028
came I pulled him forward and it was all

359
00:15:38,958 --> 00:15:43,119
this

360
00:15:40,028 --> 00:15:45,100
and I'd be cool machines for the while

361
00:15:43,120 --> 00:15:48,970
I've got them all back online

362
00:15:45,100 --> 00:15:50,500
look how his shots was a yeah I had

363
00:15:48,970 --> 00:15:52,420
lookin Alvin police station getting

364
00:15:50,500 --> 00:15:55,089
questioned about the life you know your

365
00:15:52,419 --> 00:15:58,838
name cause you know this is done if they

366
00:15:55,089 --> 00:16:00,610
peninsulas yeah yeah this incident was

367
00:15:58,839 --> 00:16:02,740
on the news in the papers and everything

368
00:16:00,610 --> 00:16:04,240
you know and I caught us being a small

369
00:16:02,740 --> 00:16:05,799
community everyone city nervous cause

370
00:16:04,240 --> 00:16:09,730
being pulled over for not like and I'm

371

00:16:05,799 --> 00:16:11,559
like what's going on you know and then

372
00:16:09,730 --> 00:16:16,209
it was quite funny I gave the interview

373
00:16:11,559 --> 00:16:18,250
to me all about this as well the this

374
00:16:16,208 --> 00:16:22,628
copper and he just didn't see who's the

375
00:16:18,250 --> 00:16:23,679
size of like Lewis's bangles and he just

376
00:16:22,629 --> 00:16:25,028
didn't seem to know what he was on about

377
00:16:23,679 --> 00:16:27,159
it's almost like he'd been fed

378
00:16:25,028 --> 00:16:29,409
information that's these questions you

379
00:16:27,159 --> 00:16:30,909
know Judy notice in his tone of voice as

380
00:16:29,409 --> 00:16:32,409
well like the bodies at least part of

381
00:16:30,909 --> 00:16:35,110
oxygen what's company was we used this

382
00:16:32,409 --> 00:16:37,990
same peculiar wedge which you'd never

383
00:16:35,110 --> 00:16:40,930
hear Dan farmer circles have been did

384
00:16:37,990 --> 00:16:42,579
you finish that cars are steered that's

385
00:16:40,929 --> 00:16:45,609

an America that's an American expression

386

00:16:42,578 --> 00:16:47,500

I never had any shut the steer there's

387

00:16:45,610 --> 00:16:49,720

no speak ill like you know exactly what

388

00:16:47,500 --> 00:16:52,620

walking on what killed it and he said to

389

00:16:49,720 --> 00:16:54,778

me and it's people we don't know

390

00:16:52,620 --> 00:17:00,690

if said to speeding their kills shot in

391

00:16:54,778 --> 00:17:03,240

the head perfectly I'm not a good shot I

392

00:17:00,690 --> 00:17:04,318

certainly got a marksman either and this

393

00:17:03,240 --> 00:17:07,620

was doing in the dead of night

394

00:17:04,318 --> 00:17:09,480

I believe I was in the dark and someone

395

00:17:07,619 --> 00:17:12,929

managed to push on between this cows I

396

00:17:09,480 --> 00:17:13,650

sort of thing and they sort of butchered

397

00:17:12,930 --> 00:17:16,589

this cow

398

00:17:13,650 --> 00:17:18,060

and some of the fare of this come with a

399

00:17:16,588 --> 00:17:20,849

meat or something of dejectedly

400
00:17:18,059 --> 00:17:23,429
photographs and they were they were

401
00:17:20,849 --> 00:17:25,639
planted in a wood you should shoot it

402
00:17:23,430 --> 00:17:27,449
but the in challenge wasn't up to date

403
00:17:25,640 --> 00:17:29,190
because I've stopped shooting and

404
00:17:27,449 --> 00:17:31,200
haven't AZ much previous cost me

405
00:17:29,190 --> 00:17:33,180
position is what I was on petitions I

406
00:17:31,200 --> 00:17:35,490
think I must obey so what why would

407
00:17:33,180 --> 00:17:37,529
somebody want to implicate you in me

408
00:17:35,490 --> 00:17:42,509
well I believe this was just to

409
00:17:37,529 --> 00:17:44,730
assassinate my madly chaplain yeah yeah

410
00:17:42,509 --> 00:17:47,099
to do away with this is before you were

411
00:17:44,730 --> 00:17:48,089
known as yeah yeah yeah uh she's at

412
00:17:47,099 --> 00:17:52,709
nineties I know

413
00:17:48,089 --> 00:17:56,178
dare dump it on 1996 which infidelity

414
00:17:52,710 --> 00:18:00,210
there's a date I'll come to later but

415
00:17:56,179 --> 00:18:03,570
this this happens and of course a

416
00:18:00,210 --> 00:18:05,309
caterer nothing you know nothing no

417
00:18:03,569 --> 00:18:07,769
charge of applause and I think it was

418
00:18:05,309 --> 00:18:09,750
just all sorts of jobs but not gonna

419
00:18:07,769 --> 00:18:11,759
take this any further but that much was

420
00:18:09,750 --> 00:18:13,829
still 90 she says her name comes out I

421
00:18:11,759 --> 00:18:15,809
said you know your other shop occur I

422
00:18:13,829 --> 00:18:18,899
know who spatially I believe just to try

423
00:18:15,809 --> 00:18:20,119
to stop me do that but in when they came

424
00:18:18,900 --> 00:18:25,940
to my

425
00:18:20,119 --> 00:18:27,439
how they broke into a developer I had a

426
00:18:25,940 --> 00:18:31,279
soft someone else an ability really only

427
00:18:27,440 --> 00:18:34,610
small village the police standoff and

428

00:18:31,279 --> 00:18:35,779
they left Manik a ball when in that

429
00:18:34,609 --> 00:18:36,259
stays away and you something was wrong

430
00:18:35,779 --> 00:18:38,089
yeah

431
00:18:36,259 --> 00:18:40,609
the house looks sort of right but it

432
00:18:38,089 --> 00:18:43,369
wasn't lost this piece of paper on the

433
00:18:40,609 --> 00:18:45,649
city and it was like map he spoke from

434
00:18:43,369 --> 00:18:49,609
the police we paid a visit even hours

435
00:18:45,650 --> 00:18:51,560
you know it was they listed the name of

436
00:18:49,609 --> 00:18:53,629
the police officers it were there we've

437
00:18:51,559 --> 00:18:55,069
taken your guns and all this place

438
00:18:53,630 --> 00:18:57,140
popsicle urban police station

439
00:18:55,069 --> 00:18:58,609
of course what a dick cop he taught me

440
00:18:57,140 --> 00:19:00,259
and they arrested me that or suspicion

441
00:18:58,609 --> 00:19:03,139
and they're gone Crescent then we had

442
00:19:00,259 --> 00:19:04,460

all got dropped in hands other while

443

00:19:03,140 --> 00:19:07,040

they still got me comes back in evident

444

00:19:04,460 --> 00:19:10,610

but the damage was done or sorts at one

445

00:19:07,039 --> 00:19:12,759

of the kids in the village and he said I

446

00:19:10,609 --> 00:19:15,319

thought it was more than that

447

00:19:12,759 --> 00:19:17,839

there was a plainclothes people come in

448

00:19:15,319 --> 00:19:19,460

they're like but that were they were at

449

00:19:17,839 --> 00:19:21,319

Lister's and I don't know if this is

450

00:19:19,460 --> 00:19:23,870

children are somewhat sort of stopped

451

00:19:21,319 --> 00:19:28,569

but they went on this list of policemen

452

00:19:23,869 --> 00:19:28,569

and again

453

00:19:28,759 --> 00:19:35,509

what Sam did sort of bear that it was no

454

00:19:32,809 --> 00:19:40,369

they took things did just talk bits and

455

00:19:35,509 --> 00:19:42,829

pieces and because of what this lad had

456

00:19:40,369 --> 00:19:45,619

said in the port about flying saucers

457
00:19:42,829 --> 00:19:50,569
and thinking I thought I had a couple of

458
00:19:45,619 --> 00:19:52,489
pieces of paper and there's something

459
00:19:50,569 --> 00:19:55,429
called magazine from somewhere and it

460
00:19:52,490 --> 00:19:57,259
was gone and I can look sister for

461
00:19:55,430 --> 00:19:59,210
months now it was gone it was just there

462
00:19:57,259 --> 00:20:00,650
I mean that not mentioned this it so you

463
00:19:59,210 --> 00:20:01,640
went and got a couple magazines you were

464
00:20:00,650 --> 00:20:03,800
reading up on yeah

465
00:20:01,640 --> 00:20:05,840
just curious she said one that says you

466
00:20:03,799 --> 00:20:08,750
know and I still are not interested in

467
00:20:05,839 --> 00:20:11,509
the UFOs it just did that and once after

468
00:20:08,750 --> 00:20:13,970
the air that way I noticed this was

469
00:20:11,509 --> 00:20:15,529
called he'd taken that away but it

470
00:20:13,970 --> 00:20:19,250
wasn't in the infantry inventory what

471
00:20:15,529 --> 00:20:23,859
did take him there yeah they even went

472
00:20:19,250 --> 00:20:26,779
to the visa and so Omega well actually

473
00:20:23,859 --> 00:20:28,129
they took this piece of meat and the

474
00:20:26,779 --> 00:20:30,019
other testers or two step the other

475
00:20:28,130 --> 00:20:30,910
testers in case it was a piece of this

476
00:20:30,019 --> 00:20:33,769
count

477
00:20:30,910 --> 00:20:35,870
it was bollocks like you know by the

478
00:20:33,769 --> 00:20:38,990
expression I sounds like I'm making it

479
00:20:35,869 --> 00:20:41,739
up on yeah what the police they went to

480
00:20:38,990 --> 00:20:44,660
be with me yeah and there's a disorders

481
00:20:41,740 --> 00:20:45,799
he used this weird steer and he didn't

482
00:20:44,660 --> 00:20:48,019
seem to know that question he was asking

483
00:20:45,799 --> 00:20:51,349
a lot like everything off his she's got

484
00:20:48,019 --> 00:20:52,789
this Mike and I would like I don't know

485

00:20:51,349 --> 00:20:54,469
what the hell was going on you know just

486
00:20:52,789 --> 00:20:56,750
just suddenly all appear what do you

487
00:20:54,470 --> 00:20:59,569
think some somebody was using the police

488
00:20:56,750 --> 00:21:02,079
to get to you yes but I don't believe

489
00:20:59,569 --> 00:21:05,029
for one second the police will actually

490
00:21:02,079 --> 00:21:06,439
died actually involved in this I think

491
00:21:05,029 --> 00:21:07,399
there's someone I think someone went to

492
00:21:06,440 --> 00:21:10,670
the police

493
00:21:07,400 --> 00:21:12,530
after this event given my name with no

494
00:21:10,670 --> 00:21:15,050
connection to it whatsoever pulling me

495
00:21:12,529 --> 00:21:17,649
whatever no and it wasn't gonna come to

496
00:21:15,049 --> 00:21:20,599
any it was pure character assassination

497
00:21:17,650 --> 00:21:22,759
and of course they were relatively

498
00:21:20,599 --> 00:21:26,839
successful night you know it's the end

499
00:21:22,759 --> 00:21:28,759

of that and what when I realized what's

500

00:21:26,839 --> 00:21:31,099

going on sir eventually a between

501

00:21:28,759 --> 00:21:34,190

discuss what to do with his frantic flow

502

00:21:31,099 --> 00:21:35,959

area and of course by that I knew of the

503

00:21:34,190 --> 00:21:38,870

open about saying this flying sort of

504

00:21:35,960 --> 00:21:40,160

business move means I started reading

505

00:21:38,869 --> 00:21:42,500

for a bit more of course no internet

506

00:21:40,160 --> 00:21:45,550

then I want to go to live here ten miles

507

00:21:42,500 --> 00:21:48,440

away economically you know him and

508

00:21:45,549 --> 00:21:51,109

that's eventually when I've got to know

509

00:21:48,440 --> 00:21:53,509

about mogrify she seems to be the one

510

00:21:51,109 --> 00:21:56,329

and I contacted market if I am a fan of

511

00:21:53,509 --> 00:21:58,339

ready for accommodating you know as I

512

00:21:56,329 --> 00:22:00,558

mentioned before she's no she's been up

513

00:21:58,339 --> 00:22:02,178

he's a she in a way I could people not

514
00:22:00,558 --> 00:22:06,139
necessarily always to me that - kids

515
00:22:02,179 --> 00:22:10,309
like puts in a little more and more

516
00:22:06,140 --> 00:22:15,290
about it and then she showed me a notes

517
00:22:10,308 --> 00:22:17,869
and this Margaret you know some of these

518
00:22:15,289 --> 00:22:18,889
things I was done by cameras are as a

519
00:22:17,869 --> 00:22:21,439
person some of the extensions don't

520
00:22:18,890 --> 00:22:22,670
handle you know where you thinking

521
00:22:21,440 --> 00:22:24,410
that's wrong but no unless I said well

522
00:22:22,670 --> 00:22:26,019
you know this just couldn't be so I'll

523
00:22:24,410 --> 00:22:29,150
go back another game keeping of stuff

524
00:22:26,019 --> 00:22:30,579
I've always been a issued a fisherman or

525
00:22:29,150 --> 00:22:33,140
be like it's kind of be announcements

526
00:22:30,579 --> 00:22:35,119
hundreds of hours thousands even I was

527
00:22:33,140 --> 00:22:37,580
like nice nothing better to do waiting

528
00:22:35,119 --> 00:22:39,649
for the float to go whatever obstacle

529
00:22:37,579 --> 00:22:41,928
wind up looking at the skies and never

530
00:22:39,650 --> 00:22:46,190
see anything odd she plenty of Legos in

531
00:22:41,929 --> 00:22:47,630
the skies I've seen satellites are I'm

532
00:22:46,190 --> 00:22:49,759
never seeing in the night sky may be

533
00:22:47,630 --> 00:22:54,260
thinking I'm not to get old they were a

534
00:22:49,759 --> 00:22:57,589
few homes cause yeah you still keep

535
00:22:54,259 --> 00:22:59,450
detail yeah but all the information she

536
00:22:57,589 --> 00:23:02,449
was fish even was about to build an UFO

537
00:22:59,450 --> 00:23:05,390
a she at the time she was the premier

538
00:23:02,450 --> 00:23:08,090
sort of nice nature of object it's only

539
00:23:05,390 --> 00:23:09,830
dark reference T this isn't like these

540
00:23:08,089 --> 00:23:11,029
though isn't an idea as long as my

541
00:23:09,829 --> 00:23:12,500
daughter you know when he was act with

542

00:23:11,029 --> 00:23:13,819
the reference dish but he left there's

543
00:23:12,500 --> 00:23:17,930
lots of him

544
00:23:13,819 --> 00:23:20,990
same cases now she's collected cases

545
00:23:17,930 --> 00:23:22,580
what she specialized in the veil my

546
00:23:20,990 --> 00:23:25,190
sensor well I said I'll never get into

547
00:23:22,579 --> 00:23:27,679
this I said what was it up I'm walking

548
00:23:25,190 --> 00:23:31,190
this with fresh eyes Israel new to me

549
00:23:27,680 --> 00:23:32,980
you know and we spent ages and we went

550
00:23:31,190 --> 00:23:35,809
through all the Diaries and everything

551
00:23:32,980 --> 00:23:39,289
what we did was we got the background

552
00:23:35,809 --> 00:23:41,929
that the the babe case and we basically

553
00:23:39,289 --> 00:23:45,079
took out every single thing that was

554
00:23:41,930 --> 00:23:46,930
anonymous and put it to one side and all

555
00:23:45,079 --> 00:23:49,309
the left was the bare bones of the case

556
00:23:46,930 --> 00:23:50,690

and then we started looking to things

557

00:23:49,309 --> 00:23:54,829

like you know please FIFA lots and

558

00:23:50,690 --> 00:23:57,830

things like that and even the the police

559

00:23:54,829 --> 00:24:02,059

reports of that night all the records

560

00:23:57,829 --> 00:24:04,399

were destroyed and at the time it was

561

00:24:02,059 --> 00:24:07,369

saying we never get stability control

562

00:24:04,400 --> 00:24:09,140

the whole of North Wales input same

563

00:24:07,369 --> 00:24:14,779

eventually it became North West police

564

00:24:09,140 --> 00:24:16,580

and did whatever st. was or all the old

565

00:24:14,779 --> 00:24:18,980

records of begging not justice all the

566

00:24:16,579 --> 00:24:20,929

cases and things like that all of his

567

00:24:18,980 --> 00:24:23,839

records were destroyed but then we came

568

00:24:20,930 --> 00:24:27,049

quite remarkable that the only record he

569

00:24:23,839 --> 00:24:30,079

did of where the names of people who

570

00:24:27,049 --> 00:24:34,159

supported anything to pause at them a

571
00:24:30,079 --> 00:24:36,230
UFO crash at all you know and he's well

572
00:24:34,160 --> 00:24:37,910
why would you just keep these and not

573
00:24:36,230 --> 00:24:40,630
all day supporting anything other than

574
00:24:37,910 --> 00:24:43,790
the UFO crash yeah it was basically to

575
00:24:40,630 --> 00:24:46,370
play it down at what idea at the end a

576
00:24:43,789 --> 00:24:47,869
Robertson audio right nothing happens it

577
00:24:46,369 --> 00:24:49,719
can all be explained always like this

578
00:24:47,869 --> 00:24:51,319
although although he does the witnesses

579
00:24:49,720 --> 00:24:53,089
all that was lost

580
00:24:51,319 --> 00:24:55,759
yeah so well they did keep those

581
00:24:53,089 --> 00:24:57,019
skeptics site yeah mind the well I've

582
00:24:55,759 --> 00:24:58,759
never seen that was one of the things

583
00:24:57,019 --> 00:25:03,109
that was done there's people all in

584
00:24:58,759 --> 00:25:05,359
there the names wrong there was one guy

585
00:25:03,109 --> 00:25:09,199
real name is finished off the : bitch

586
00:25:05,359 --> 00:25:13,519
call and there was a guy and if I'm

587
00:25:09,200 --> 00:25:14,620
devil himself which isn't a good plan to

588
00:25:13,519 --> 00:25:16,819
change the input house

589
00:25:14,619 --> 00:25:19,250
it's what you say news it was just

590
00:25:16,819 --> 00:25:23,240
meticulous yet destroying of Records and

591
00:25:19,250 --> 00:25:24,980
anything useful that could just keep all

592
00:25:23,240 --> 00:25:26,599
the nonsense stuff and yeah of all

593
00:25:24,980 --> 00:25:29,000
there's nothing out of stuff to throw

594
00:25:26,599 --> 00:25:30,678
people off the scent yeah and of course

595
00:25:29,000 --> 00:25:33,558
that's suspicious and it's all right in

596
00:25:30,679 --> 00:25:35,240
all right so you discover that so you

597
00:25:33,558 --> 00:25:36,950
just say nearly got blown investigate

598
00:25:35,240 --> 00:25:39,319
yourself to a fresh investigation didn't

599

00:25:36,950 --> 00:25:42,730
yeah I took my bit update a few tired

600
00:25:39,319 --> 00:25:46,269
and she couldn't walk anywhere but and

601
00:25:42,730 --> 00:25:50,029
then what started it was looking at same

602
00:25:46,269 --> 00:25:52,400
things like Roberts for instance I mean

603
00:25:50,029 --> 00:25:55,428
it he's a smart gummy and used to boss

604
00:25:52,400 --> 00:25:58,450
this you know I particular she was with

605
00:25:55,429 --> 00:26:01,429
information and of course but I got a

606
00:25:58,450 --> 00:26:02,860
big issue back left their coffee side

607
00:26:01,429 --> 00:26:05,980
and all that

608
00:26:02,859 --> 00:26:08,139
a portal sources nautical appearance I

609
00:26:05,980 --> 00:26:10,059
didn't read about it I knew about the

610
00:26:08,140 --> 00:26:12,820
terrain and stuff like that I knew it

611
00:26:10,059 --> 00:26:14,200
was a coughs war and stuff like that and

612
00:26:12,819 --> 00:26:15,909
I thought well you know be saying that

613
00:26:14,200 --> 00:26:19,750

it was Pope just coming on another on

614

00:26:15,910 --> 00:26:21,250

the 23rd of January it was the wrong map

615

00:26:19,750 --> 00:26:23,319

anybody actually moved everything from

616

00:26:21,250 --> 00:26:26,440

one man to another society right and I

617

00:26:23,319 --> 00:26:28,839

said this near so she said she was the

618

00:26:26,440 --> 00:26:31,120

one who to school with it but that's a

619

00:26:28,839 --> 00:26:34,480

one-time service yeah I'm chilly

620

00:26:31,119 --> 00:26:36,729

she only found it because a police could

621

00:26:34,480 --> 00:26:44,049

optionally I directed directed officer

622

00:26:36,730 --> 00:26:46,690

modern policing minutes but same it just

623

00:26:44,049 --> 00:26:49,960

wouldn't be out of twenty theatre to

624

00:26:46,690 --> 00:26:51,460

anybody freezing cold winter someone

625

00:26:49,960 --> 00:26:54,069

would be an attempt on the side of a

626

00:26:51,460 --> 00:26:56,140

mountain where I knew it been often the

627

00:26:54,069 --> 00:26:58,029

realness yes yes yeah but once all he

628
00:26:56,140 --> 00:26:59,860
was opening the lights that she saw her

629
00:26:58,029 --> 00:27:03,039
she laughed but well they actually do

630
00:26:59,859 --> 00:27:04,329
we're hunters yeah but watch him and he

631
00:27:03,039 --> 00:27:09,509
Thomas didn't disclose

632
00:27:04,329 --> 00:27:12,699
annulled us I'll just play money he said

633
00:27:09,509 --> 00:27:14,140
they were on the mountain immediately

634
00:27:12,700 --> 00:27:17,200
Apophis under Islam

635
00:27:14,140 --> 00:27:19,660
they just called color Pramod the UFO

636
00:27:17,200 --> 00:27:22,298
was several miles away another month

637
00:27:19,660 --> 00:27:24,490
what kind of beer that's where that was

638
00:27:22,298 --> 00:27:26,970
when pass seven sauce right and it was

639
00:27:24,490 --> 00:27:31,089
there and there's no vehicle access on

640
00:27:26,970 --> 00:27:33,308
okay rather than cover there yeah

641
00:27:31,089 --> 00:27:34,629
translates log off wall or something if

642
00:27:33,308 --> 00:27:37,480
I'm they thought was miles away from the

643
00:27:34,630 --> 00:27:39,130
end several miles in the UFO whether it

644
00:27:37,480 --> 00:27:41,339
clashed over at Landers doesn't matter

645
00:27:39,130 --> 00:27:45,250
when tiful over several miles from

646
00:27:41,339 --> 00:27:47,589
because the police searched the hillside

647
00:27:45,250 --> 00:27:50,980
the morning after because of gnarlier

648
00:27:47,589 --> 00:27:53,019
CHT sister mountain the morning after

649
00:27:50,980 --> 00:27:54,730
raised above the village because the

650
00:27:53,019 --> 00:27:56,889
poachers love to call the poachers

651
00:27:54,730 --> 00:27:59,500
doctor they're legitimately because

652
00:27:56,890 --> 00:28:00,820
their lap beams were seen you'll stop

653
00:27:59,500 --> 00:28:03,700
there don't come out of the house when

654
00:28:00,819 --> 00:28:04,899
this aromatic it that's it of thoughts

655
00:28:03,700 --> 00:28:09,340
perhaps are playing to catch on the

656

00:28:04,900 --> 00:28:14,400
moment but everything focused on Sundays

657
00:28:09,339 --> 00:28:16,389
law but of course the UFO was there what

658
00:28:14,400 --> 00:28:20,230
some people thought they tried to move

659
00:28:16,390 --> 00:28:21,759
events there to there to do away with

660
00:28:20,230 --> 00:28:25,000
this light on them on the mountainside

661
00:28:21,759 --> 00:28:27,190
that part out of the sort of this and it

662
00:28:25,000 --> 00:28:31,150
was just plain wrong you know was this

663
00:28:27,190 --> 00:28:33,610
sir they really kept chemical and that's

664
00:28:31,150 --> 00:28:35,290
Kevin coffer of bitch that got

665
00:28:33,609 --> 00:28:38,349
completely little Margaret's mentioned

666
00:28:35,289 --> 00:28:41,678
that yeah Kevin yeah and okay

667
00:28:38,349 --> 00:28:43,719
I believe God said all this one are

668
00:28:41,679 --> 00:28:45,730
there are lot of things when people who

669
00:28:43,720 --> 00:28:48,940
got lost on the bear with a broken leg

670
00:28:45,730 --> 00:28:50,769

or something you know the local search

671

00:28:48,940 --> 00:28:53,798
and Malcolm Destiny achievement couldn't

672

00:28:50,769 --> 00:28:58,710
get them like to do on all mountains on

673

00:28:53,798 --> 00:29:02,500
this particular innocence did attended

674

00:28:58,710 --> 00:29:05,289
civilian the air clashes military

675

00:29:02,500 --> 00:29:07,440
actually things like that in the past on

676

00:29:05,289 --> 00:29:09,759
all the mountains in Wales and the

677

00:29:07,440 --> 00:29:16,169
military was no exception he still got

678

00:29:09,759 --> 00:29:18,970
you know and on this particular occasion

679

00:29:16,169 --> 00:29:20,090
it was opened as an official they lock

680

00:29:18,970 --> 00:29:21,679
that the

681

00:29:20,089 --> 00:29:23,869
believed I played the collapsible

682

00:29:21,679 --> 00:29:26,059
ungentle on the hillside because people

683

00:29:23,869 --> 00:29:27,709
were dead the former it an explosion

684

00:29:26,058 --> 00:29:31,250
sound when you come up that house does I

685
00:29:27,710 --> 00:29:35,569
like old man yeah the vigilant so they

686
00:29:31,250 --> 00:29:37,778
thought oh it's it could be a play clash

687
00:29:35,569 --> 00:29:41,269
and they started ringing the police and

688
00:29:37,778 --> 00:29:42,740
then the police switchboard was

689
00:29:41,269 --> 00:29:44,629
inundated anyway because they say eighth

690
00:29:42,740 --> 00:29:46,548
grade was quite big it's so much

691
00:29:44,630 --> 00:29:52,370
horrible at one finger in the police and

692
00:29:46,548 --> 00:29:53,480
overwhelms and then said to focal at the

693
00:29:52,369 --> 00:29:55,569
focal point was there

694
00:29:53,480 --> 00:29:56,750
now we'll pass Adams was an ass

695
00:29:55,569 --> 00:29:58,548
everywhere

696
00:29:56,750 --> 00:30:01,398
most of the baby found the ballot and

697
00:29:58,548 --> 00:30:03,940
have you ever delivered by here for many

698
00:30:01,398 --> 00:30:07,069
years and things like that and then she

699
00:30:03,940 --> 00:30:08,570
felt this tremor like everyone else will

700
00:30:07,069 --> 00:30:10,639
see time serving the police several

701
00:30:08,569 --> 00:30:13,939
times I couldn't get through for the

702
00:30:10,640 --> 00:30:17,509
spirit portal jams and eventually she

703
00:30:13,940 --> 00:30:22,700
got through but she got through just

704
00:30:17,509 --> 00:30:24,200
before when I last night and she got to

705
00:30:22,700 --> 00:30:26,720
feel to the switchboards in the column

706
00:30:24,200 --> 00:30:29,840
day which is no way with it's doubly a

707
00:30:26,720 --> 00:30:33,230
cause of that now they knew all along

708
00:30:29,839 --> 00:30:35,298
and I think somebody high-ranking police

709
00:30:33,230 --> 00:30:36,769
offers me what would call on the I liken

710
00:30:35,298 --> 00:30:41,319
police obviously didn't military but not

711
00:30:36,769 --> 00:30:43,759
kind of be ever and there was a

712
00:30:41,319 --> 00:30:44,720
policeman of being drafted in you know

713

00:30:43,759 --> 00:30:47,298
this for a fact

714
00:30:44,720 --> 00:30:48,950
please Philippine crafter did and they

715
00:30:47,298 --> 00:30:50,690
were that's constant time just thought

716
00:30:48,950 --> 00:30:53,330
that the people who were living there

717
00:30:50,690 --> 00:30:54,558
didn't know they were there because of

718
00:30:53,329 --> 00:30:56,240
the events of the earth quaking people

719
00:30:54,558 --> 00:30:57,918
corner hours and things like that that's

720
00:30:56,240 --> 00:30:59,269
where the exposure came from or people's

721
00:30:57,919 --> 00:31:04,100
oh my god were they all here you know

722
00:30:59,269 --> 00:31:05,929
what and they were already there and I

723
00:31:04,099 --> 00:31:08,719
believe to this day that the reason we

724
00:31:05,929 --> 00:31:10,880
were there is if the public got wind

725
00:31:08,720 --> 00:31:12,370
that sort of going up they were there to

726
00:31:10,880 --> 00:31:16,670
its appeal

727
00:31:12,369 --> 00:31:18,259

so this masterclass any constables a

728

00:31:16,670 --> 00:31:22,400
military operation going on on the

729

00:31:18,259 --> 00:31:24,349
neighborhood man and anyway it came to

730

00:31:22,400 --> 00:31:26,600
be that's they got exposed because of

731

00:31:24,349 --> 00:31:28,039
that cause people unfortunately them

732

00:31:26,599 --> 00:31:31,789
came out with this yet sermon and all

733

00:31:28,039 --> 00:31:35,869
this and what passed Evans got through

734

00:31:31,789 --> 00:31:38,149
is were in the headquarters and she says

735

00:31:35,869 --> 00:31:39,949
I'm pass Evans I'm the district this I

736

00:31:38,150 --> 00:31:42,259
think just been there know what that a

737

00:31:39,950 --> 00:31:45,170
plane counted on the mountains now the

738

00:31:42,259 --> 00:31:47,599
police at that point knew that there was

739

00:31:45,170 --> 00:31:51,230
a SH going on the dead officers but it

740

00:31:47,599 --> 00:31:53,839
caught you boy to 314 at this time yeah

741

00:31:51,230 --> 00:31:55,160
yeah it did commandeered the family

742
00:31:53,839 --> 00:31:57,829
London or where his parents were they

743
00:31:55,160 --> 00:31:59,269
the children when they went off the road

744
00:31:57,829 --> 00:32:02,019
he drove them around all the farmlands

745
00:31:59,269 --> 00:32:05,710
above where these lands fit this man was

746
00:32:02,019 --> 00:32:08,809
and what was withheld had there broma

747
00:32:05,710 --> 00:32:10,160
what was withheld from there though yes

748
00:32:08,809 --> 00:32:13,220
we call it the official version of

749
00:32:10,160 --> 00:32:16,070
events which of course another Robert

750
00:32:13,220 --> 00:32:17,360
Fischer October oh yeah which was

751
00:32:16,069 --> 00:32:21,619
promoted by your people I'm just

752
00:32:17,359 --> 00:32:24,439
mentioned and they they don't roulette

753
00:32:21,619 --> 00:32:26,709
them outside before nine o'clock because

754
00:32:24,440 --> 00:32:33,259
the lump in those days was a god I love

755
00:32:26,710 --> 00:32:35,180
with car battery on your back I used the

756
00:32:33,259 --> 00:32:36,740
machine when I was a kid cuz don't have

757
00:32:35,180 --> 00:32:38,090
Foley up no Stacy so I had to think

758
00:32:36,740 --> 00:32:40,250
they'll feel um come on and little

759
00:32:38,089 --> 00:32:41,839
switch to speech among enough and you

760
00:32:40,250 --> 00:32:43,940
got about less than that would be in

761
00:32:41,839 --> 00:32:47,449
time if you really good but only it

762
00:32:43,940 --> 00:32:49,519
obviously nothing about London and that

763
00:32:47,450 --> 00:32:53,120
was just down for not about the

764
00:32:49,519 --> 00:32:54,980
countryside a ghost management and

765
00:32:53,119 --> 00:32:56,509
things like that so when he said told

766
00:32:54,980 --> 00:33:00,140
you were camping on the girls more it

767
00:32:56,509 --> 00:33:01,640
was in full view of million rows I be 49

768
00:33:00,140 --> 00:33:05,180
one corner than a bear man from bother

769
00:33:01,640 --> 00:33:08,540
to losslessly way it was just Luther

770

00:33:05,180 --> 00:33:10,400
Asst you would not sit there and do do

771
00:33:08,539 --> 00:33:13,670
it Plus also just like this white with

772
00:33:10,400 --> 00:33:14,250
static past Evans ourself wafted for 10

773
00:33:13,670 --> 00:33:17,400
minutes

774
00:33:14,250 --> 00:33:19,919
in total they never moved welcome is a

775
00:33:17,400 --> 00:33:22,710
mobile activity event mr. Windsor yeah

776
00:33:19,919 --> 00:33:24,480
we didn't know that he just said it was

777
00:33:22,710 --> 00:33:27,298
offensive here Holmes was lab poachers

778
00:33:24,480 --> 00:33:30,089
lab wasn't even the right matter no but

779
00:33:27,298 --> 00:33:32,009
he did it's amazing how quickly you can

780
00:33:30,089 --> 00:33:34,558
find holes in this story but that still

781
00:33:32,009 --> 00:33:36,450
sticks with most people yeah I mean he

782
00:33:34,558 --> 00:33:38,038
moves all the stuff each other because

783
00:33:36,450 --> 00:33:41,429
you kind of be able to cover up this

784
00:33:38,038 --> 00:33:43,169

explai the way this light muddies the

785

00:33:41,429 --> 00:33:44,850

water density estimates confusion well

786

00:33:43,169 --> 00:33:51,299

what I over there but it deals like that

787

00:33:44,849 --> 00:33:52,349

you feel are to where they what I wanted

788

00:33:51,298 --> 00:33:54,690

to become too cool but you know a

789

00:33:52,349 --> 00:33:56,849

license for and the police actually

790

00:33:54,690 --> 00:33:59,720

moved their car yeah blotting out of

791

00:33:56,849 --> 00:34:03,389

when they were going up on the mountain

792

00:33:59,720 --> 00:34:05,100

the story was did took the tax disc the

793

00:34:03,390 --> 00:34:08,099

car was on no unlike the cars in those

794

00:34:05,099 --> 00:34:10,079

days they took the tax disc of course

795

00:34:08,099 --> 00:34:13,470

they take them home for their tax disc

796

00:34:10,079 --> 00:34:15,568

and then they what we do around

797

00:34:13,469 --> 00:34:20,398

they said initially who lives in police

798

00:34:15,568 --> 00:34:21,568

and they said we were coming there this

799

00:34:20,398 --> 00:34:24,778

original statements

800

00:34:21,568 --> 00:34:26,778

I will hear this testimony I've never

801

00:34:24,778 --> 00:34:28,949

seen any police statement saying this

802

00:34:26,778 --> 00:34:34,199

pursuing someone gobs of town

803

00:34:28,949 --> 00:34:36,058

it's a couple and in Oxford all of that

804

00:34:34,199 --> 00:34:38,368

information and in the early days was

805

00:34:36,059 --> 00:34:40,200

dfdippel connective sighs he said they

806

00:34:38,369 --> 00:34:43,200

were capped on that sense on counter

807

00:34:40,199 --> 00:34:44,608

betterment on the 23rd of January at the

808

00:34:43,199 --> 00:34:48,449

inside of that set was something related

809

00:34:44,608 --> 00:34:51,048

and that's what she saw when he

810

00:34:48,449 --> 00:34:53,460

discovered that the flier to the police

811

00:34:51,048 --> 00:34:58,679

implicate not normal that it allows the

812

00:34:53,460 --> 00:35:02,298

police the story changed and the dead

813
00:34:58,679 --> 00:35:06,149
said that the police conducted a search

814
00:35:02,298 --> 00:35:09,000
on kind of airmen and these lights that

815
00:35:06,150 --> 00:35:10,480
she saw cloaks and the UFO were police

816
00:35:09,000 --> 00:35:13,960
torches

817
00:35:10,480 --> 00:35:16,510
I spoke to where he moved the location

818
00:35:13,960 --> 00:35:21,519
to count the brother for Milan for miles

819
00:35:16,510 --> 00:35:23,820
like serious miss location yeah well he

820
00:35:21,519 --> 00:35:25,480
also played on the way it's you see it's

821
00:35:23,820 --> 00:35:28,660
people just take the bear in the

822
00:35:25,480 --> 00:35:33,639
mountains barely matters anyway

823
00:35:28,659 --> 00:35:37,319
the house has arranged for peaks and in

824
00:35:33,639 --> 00:35:41,078
each peak a satsang unique name yeah and

825
00:35:37,320 --> 00:35:44,140
what people say I do myself though I'm

826
00:35:41,079 --> 00:35:46,510
always up there as a huncle not born of

827

00:35:44,139 --> 00:35:47,949
the parents I don't specify place

828
00:35:46,510 --> 00:35:50,890
I'm not specified which people might

829
00:35:47,949 --> 00:35:52,118
want to be and what bear with single

830
00:35:50,889 --> 00:35:56,549
that but I still it means plural you

831
00:35:52,119 --> 00:35:56,550
know and still doesn't specify flake and

832
00:35:56,789 --> 00:36:01,329
was a big deal options to identify

833
00:35:59,469 --> 00:36:04,598
individual mountains so instead of

834
00:36:01,329 --> 00:36:07,240
saying the cat a problem you've avoided

835
00:36:04,599 --> 00:36:09,760
cut a prominent and just say their cost

836
00:36:07,239 --> 00:36:11,199
of your thoughts on can appear and all

837
00:36:09,760 --> 00:36:14,440
of a sudden that it becomes that moment

838
00:36:11,199 --> 00:36:16,539
I just play on the words hmm and they

839
00:36:14,440 --> 00:36:19,119
are more specific that's why I was like

840
00:36:16,539 --> 00:36:22,539
so heats up the air moans and the core

841
00:36:19,119 --> 00:36:24,400

said they have estimates hence to a

842

00:36:22,539 --> 00:36:27,690

police search and then she would says no

843

00:36:24,400 --> 00:36:31,720

no on that mountain there it's our land

844

00:36:27,690 --> 00:36:36,730

and we went out and the police never got

845

00:36:31,719 --> 00:36:38,019

up the vehicle because old obviously

846

00:36:36,730 --> 00:36:40,030

they didn't find anything a lot more

847

00:36:38,019 --> 00:36:41,909

things not but they're not never find a

848

00:36:40,030 --> 00:36:45,069

man yeah they were wrong place and

849

00:36:41,909 --> 00:36:49,598

meanwhile what was happening on colored

850

00:36:45,068 --> 00:36:53,588

Bedouin the army abut well and the only

851

00:36:49,599 --> 00:36:54,700

real message we got to that is we all

852

00:36:53,588 --> 00:36:57,309

thought for an explanation

853

00:36:54,699 --> 00:36:59,189

a I mean I don't believe now that was a

854

00:36:57,309 --> 00:37:02,670

class it was a land up because we've got

855

00:36:59,190 --> 00:37:04,230

yeah we should Atlanta it came down and

856
00:37:02,670 --> 00:37:06,210
stayed a while then it went to the

857
00:37:04,230 --> 00:37:08,519
temple a Tiffany just coincided with

858
00:37:06,210 --> 00:37:11,730
earth chemicals the battle I think it's

859
00:37:08,519 --> 00:37:12,809
a coincidence you a divisional stories

860
00:37:11,730 --> 00:37:17,579
wherever totally if not more

861
00:37:12,809 --> 00:37:21,750
disinformation the UFO plasma sunk

862
00:37:17,579 --> 00:37:24,539
Alabama someone decided let's say

863
00:37:21,750 --> 00:37:26,599
crashed because the new tubes are

864
00:37:24,539 --> 00:37:29,489
possibilities do the military pay rubles

865
00:37:26,599 --> 00:37:30,780
so let's say there was a crash that's

866
00:37:29,489 --> 00:37:32,759
Michael destroyed the Miller fee

867
00:37:30,780 --> 00:37:36,210
extracted all this material be cleanup

868
00:37:32,760 --> 00:37:38,430
operation all yeah and it's a wild goose

869
00:37:36,210 --> 00:37:40,230
chase everyone caught with lots of

870
00:37:38,429 --> 00:37:42,449
evidence about a clash in fact the thing

871
00:37:40,230 --> 00:37:44,490
just sat there on the different on a

872
00:37:42,449 --> 00:37:46,379
different moment and then they went of

873
00:37:44,489 --> 00:37:48,929
its own volition so I say all the

874
00:37:46,380 --> 00:37:50,460
militia because it's possible that it

875
00:37:48,929 --> 00:37:52,219
was spooked because I believe that all

876
00:37:50,460 --> 00:37:54,300
these lights was a military unit

877
00:37:52,219 --> 00:37:56,639
approaching it I don't believe they've

878
00:37:54,300 --> 00:37:58,349
got an attack or anything like that if

879
00:37:56,639 --> 00:38:00,449
you've entered a lot of casemis orbit it

880
00:37:58,349 --> 00:38:02,550
was the last thing you needed a big

881
00:38:00,449 --> 00:38:06,960
glowing object is like the military knew

882
00:38:02,550 --> 00:38:09,480
it was going to appear I pondered about

883
00:38:06,960 --> 00:38:11,818
this for a long time and I thought how

884

00:38:09,480 --> 00:38:13,889
could they possibly know that's some

885
00:38:11,818 --> 00:38:16,170
gonna crash on that moment it's bearing

886
00:38:13,889 --> 00:38:19,019
lands or even land well it's been

887
00:38:16,170 --> 00:38:20,730
suggested by many people know that not

888
00:38:19,019 --> 00:38:22,500
only is the military aware of what they

889
00:38:20,730 --> 00:38:23,940
are you know how to track them and where

890
00:38:22,500 --> 00:38:25,409
they're gonna come in this is yeah of

891
00:38:23,940 --> 00:38:26,639
course this exact long as you might be

892
00:38:25,409 --> 00:38:29,159
know that for some time it's yeah

893
00:38:26,639 --> 00:38:30,929
because we're talking 974 yes sadly

894
00:38:29,159 --> 00:38:33,059
credible now anyway hmm

895
00:38:30,929 --> 00:38:35,250
Boris all yours what I pondered about

896
00:38:33,059 --> 00:38:36,659
was how would he know if the cache that

897
00:38:35,250 --> 00:38:37,019
I landed how would he know was gonna be

898
00:38:36,659 --> 00:38:38,879

there

899

00:38:37,019 --> 00:38:41,250

you can't predict where someone's gonna

900

00:38:38,880 --> 00:38:42,720

crash there's a Chinese satellite calm

901

00:38:41,250 --> 00:38:45,389

down that was just I just want to throw

902

00:38:42,719 --> 00:38:46,980

a little bit weird just like clarify

903

00:38:45,389 --> 00:38:49,949

you're right you reckon for Berlin or

904

00:38:46,980 --> 00:38:53,219

kinda bearing the military story of

905

00:38:49,949 --> 00:38:54,809

crash and retrieving on deserve all this

906

00:38:53,219 --> 00:38:58,379

in public it's all this information so

907

00:38:54,809 --> 00:38:59,759

it was there by its own accord and then

908

00:38:58,380 --> 00:39:01,050

I just left because either it was

909

00:38:59,760 --> 00:39:03,060

spooked I was just time yeah yeah I

910

00:39:01,050 --> 00:39:05,010

believe that I could eat it sounds like

911

00:39:03,059 --> 00:39:08,460

crazy but I actually believe that the

912

00:39:05,010 --> 00:39:08,910

military their role was to gather this

913
00:39:08,460 --> 00:39:12,030
watching

914
00:39:08,909 --> 00:39:14,369
DCAM well this object what's a Schubert

915
00:39:12,030 --> 00:39:16,880
way I know it sounds bizarre you ain't

916
00:39:14,369 --> 00:39:20,279
never gonna tackle until I die

917
00:39:16,880 --> 00:39:21,809
because if he went on to be 49 one rolls

918
00:39:20,280 --> 00:39:24,000
which goes off from palette over the

919
00:39:21,809 --> 00:39:27,269
mountains and he went to here past Evans

920
00:39:24,000 --> 00:39:30,059
was and he got this the right object on

921
00:39:27,269 --> 00:39:30,840
the same amount in 1974 is not a lot of

922
00:39:30,059 --> 00:39:32,099
traffic about

923
00:39:30,840 --> 00:39:35,579
better than some of the year that

924
00:39:32,099 --> 00:39:38,639
several nights bought that would have

925
00:39:35,579 --> 00:39:40,139
been and I believe that that year for

926
00:39:38,639 --> 00:39:43,949
which is my what people were saying her

927
00:39:40,139 --> 00:39:47,639
is it was already in the area but up to

928
00:39:43,949 --> 00:39:49,199
two weeks before that have been coming

929
00:39:47,639 --> 00:39:50,519
down and that's how did you and I

930
00:39:49,199 --> 00:39:53,519
believe it was coming out in the same

931
00:39:50,519 --> 00:39:55,440
place for whatever reason it was coming

932
00:39:53,519 --> 00:39:57,809
down in the same place and they didn't

933
00:39:55,440 --> 00:40:01,409
want there because it was just solely

934
00:39:57,809 --> 00:40:04,469
exposed have you looked into the exposed

935
00:40:01,409 --> 00:40:05,819
in the audience here to see it I think

936
00:40:04,469 --> 00:40:07,469
that not all I'm gonna say

937
00:40:05,820 --> 00:40:10,860
well the people that using it all travel

938
00:40:07,469 --> 00:40:12,689
across would share and I also believe

939
00:40:10,860 --> 00:40:15,690
that the reason you chose to 23rd of

940
00:40:12,690 --> 00:40:17,730
January it was no coincidence did you

941

00:40:15,690 --> 00:40:21,090
know was that night there was a

942
00:40:17,730 --> 00:40:23,670
scheduled meteor shower that night and I

943
00:40:21,090 --> 00:40:25,680
believed it shows at night so public

944
00:40:23,670 --> 00:40:32,190
about it so if anyone did see anything

945
00:40:25,679 --> 00:40:35,309
or hear anything illegal its I'm just

946
00:40:32,190 --> 00:40:37,800
gonna say I'm and if you like we could

947
00:40:35,309 --> 00:40:39,960
go back to the explosion or the tremor

948
00:40:37,800 --> 00:40:41,810
did anybody he off you yourself ever

949
00:40:39,960 --> 00:40:44,220
figure out what that I may have been and

950
00:40:41,809 --> 00:40:45,809
I believe it I believe it was a

951
00:40:44,219 --> 00:40:50,279
collisional trap that come as an antenna

952
00:40:45,809 --> 00:40:53,519
and I did a documentary with Richard

953
00:40:50,280 --> 00:40:57,450
Hall a while back and he spoke just we

954
00:40:53,519 --> 00:41:01,199
delivered involved and then it's a very

955
00:40:57,449 --> 00:41:02,210

quick stuff and he included us from what

956

00:41:01,199 --> 00:41:05,000
he be told

957

00:41:02,210 --> 00:41:07,510
fact that this epicenter at the

958

00:41:05,000 --> 00:41:10,639
earthquake was actually able to count

959

00:41:07,510 --> 00:41:13,280
know whether some sort of air burst yeah

960

00:41:10,639 --> 00:41:16,338
well where that done an activity yeah

961

00:41:13,280 --> 00:41:18,830
well the power of thoughts fault of the

962

00:41:16,338 --> 00:41:21,170
bomb yeah well the guy you know for my

963

00:41:18,829 --> 00:41:23,750
guy the guy with a guy called dr.

964

00:41:21,170 --> 00:41:25,670
Brockton Wilson Richard the Blizzard

965

00:41:23,750 --> 00:41:29,269
Geological Survey he's the one who wrote

966

00:41:25,670 --> 00:41:30,920
a paper and he used the power faults and

967

00:41:29,269 --> 00:41:32,809
center as they do to these plates were

968

00:41:30,920 --> 00:41:34,970
together and all this and of course the

969

00:41:32,809 --> 00:41:37,009
end this eighth quake in a lot and

970
00:41:34,969 --> 00:41:38,809
that's what normally happens yeah felt

971
00:41:37,010 --> 00:41:41,000
such yes but of course if I took dr.

972
00:41:38,809 --> 00:41:42,619
Muslim there is my enigmatic by the hit

973
00:41:41,000 --> 00:41:45,559
but this Airbus could because we meet

974
00:41:42,619 --> 00:41:47,570
you it I don't believe it if they were

975
00:41:45,559 --> 00:41:49,789
coincidence if the meteorite comes in

976
00:41:47,570 --> 00:41:52,519
just as at tremens meanwhile the other

977
00:41:49,789 --> 00:41:53,000
day to meet you to call away I think

978
00:41:52,519 --> 00:41:56,659
yeah

979
00:41:53,000 --> 00:42:00,588
what blending things sort of the to that

980
00:41:56,659 --> 00:42:03,710
location if there was a truth in the

981
00:42:00,588 --> 00:42:06,289
idea that some something happened above

982
00:42:03,710 --> 00:42:09,199
ground which was a lot of what both

983
00:42:06,289 --> 00:42:12,079
account or their 60-mile radius sort of

984
00:42:09,199 --> 00:42:14,210
thing but not leave a crater I'm

985
00:42:12,079 --> 00:42:15,949
thinking along the lines of there

986
00:42:14,210 --> 00:42:18,970
it's only those things are supersonic

987
00:42:15,949 --> 00:42:22,489
stuff you get these booms all yeah but

988
00:42:18,969 --> 00:42:25,639
why not and for whatever reason on this

989
00:42:22,489 --> 00:42:28,159
occasion maybe it is limited but wasn't

990
00:42:25,639 --> 00:42:33,829
internet did you evoke something to rise

991
00:42:28,159 --> 00:42:37,399
like the pensive yeah now what it is is

992
00:42:33,829 --> 00:42:40,460
that just over well on the 26th of

993
00:42:37,400 --> 00:42:42,380
February 2016 in Montrose and in a field

994
00:42:40,460 --> 00:42:45,320
of painted graduate there was a plane

995
00:42:42,380 --> 00:42:47,750
many days before circling just circling

996
00:42:45,320 --> 00:42:50,120
around two army planes circling for no

997
00:42:47,750 --> 00:42:51,170
other reason just like they were just

998

00:42:50,119 --> 00:42:53,299
some keeping an eye out for something

999
00:42:51,170 --> 00:42:54,829
something other than that was plan yeah

1000
00:42:53,300 --> 00:42:57,289
something that was expect that they

1001
00:42:54,829 --> 00:43:00,799
expected it that much we do believe now

1002
00:42:57,289 --> 00:43:04,300
but just get into the tremor part right

1003
00:43:00,800 --> 00:43:06,860
we've had like military involvement

1004
00:43:04,300 --> 00:43:09,080
foreknowledge and then it comes to a

1005
00:43:06,860 --> 00:43:11,870
point where somebody hears a loud

1006
00:43:09,079 --> 00:43:14,329
explosion or surrounding it

1007
00:43:11,869 --> 00:43:16,039
sorry I meant what I mean somebody told

1008
00:43:14,329 --> 00:43:18,110
us and that we investigated more we've

1009
00:43:16,039 --> 00:43:19,219
got a whole group of people now who come

1010
00:43:18,110 --> 00:43:21,980
forward and said that it was a loud

1011
00:43:19,219 --> 00:43:23,569
explosion building shook especially the

1012
00:43:21,980 --> 00:43:26,750

Royal Comorian hospital people who work

1013

00:43:23,570 --> 00:43:28,760

there would even a patient they also and

1014

00:43:26,750 --> 00:43:30,199

we I filled out the Freedom of

1015

00:43:28,760 --> 00:43:32,330

Information request for the British

1016

00:43:30,199 --> 00:43:34,849

Geological Survey and I got a response

1017

00:43:32,329 --> 00:43:37,429

back and fair enough for the time it was

1018

00:43:34,849 --> 00:43:39,949

about 4:20 a.m. in the morning and the

1019

00:43:37,429 --> 00:43:41,599

26 there it was right there it's only a

1020

00:43:39,949 --> 00:43:43,519

little that little blip just a little

1021

00:43:41,599 --> 00:43:46,819

blue a little blip there right but it

1022

00:43:43,519 --> 00:43:49,699

coincides with the time that people saw

1023

00:43:46,820 --> 00:43:52,220

or sorry heard this massive explosion

1024

00:43:49,699 --> 00:43:53,719

it's loud boom just two of them actually

1025

00:43:52,219 --> 00:43:56,029

some people said it was at first there

1026

00:43:53,719 --> 00:43:57,439

was the first one that was the mean big

1027
00:43:56,030 --> 00:43:59,030
shaker you know I was onto shook the

1028
00:43:57,440 --> 00:44:00,710
buildings and woke up and everything I

1029
00:43:59,030 --> 00:44:03,290
mean it was like a second one not soon

1030
00:44:00,710 --> 00:44:06,608
love but clearly just distinctive as

1031
00:44:03,289 --> 00:44:09,969
well I don't know what that's about but

1032
00:44:06,608 --> 00:44:11,980
I mean leave with akin airburst or let

1033
00:44:09,969 --> 00:44:13,629
me think an explosion because it was

1034
00:44:11,980 --> 00:44:16,179
quickly followed by smile of what's

1035
00:44:13,630 --> 00:44:17,858
being closed down roles being closed off

1036
00:44:16,179 --> 00:44:20,379
because before this you were focusing

1037
00:44:17,858 --> 00:44:22,509
yeah helicopters were circling the area

1038
00:44:20,380 --> 00:44:25,028
and they just snaps off fellows come

1039
00:44:22,509 --> 00:44:27,880
here on the area yeah but the bad thing

1040
00:44:25,028 --> 00:44:32,318
is it was a bang

1041
00:44:27,880 --> 00:44:35,230
the building's shook and it showed up on

1042
00:44:32,318 --> 00:44:36,940
the Geological Survey Jemison

1043
00:44:35,230 --> 00:44:39,248
but of course they're military were all

1044
00:44:36,940 --> 00:44:41,619
there and yet it was all closed off for

1045
00:44:39,248 --> 00:44:43,868
me and the geologist told you that it

1046
00:44:41,619 --> 00:44:46,450
was cause but yeah man made this course

1047
00:44:43,869 --> 00:44:47,108
this particular one I don't know how

1048
00:44:46,449 --> 00:44:50,739
would you know that

1049
00:44:47,108 --> 00:44:52,690
well the nothing you signatures what it

1050
00:44:50,739 --> 00:44:55,210
is is that so in order to determine the

1051
00:44:52,690 --> 00:44:58,059
actual location or magnitude of a

1052
00:44:55,210 --> 00:44:59,440
earthquake they need at least three

1053
00:44:58,059 --> 00:45:00,880
different readings and so they can

1054
00:44:59,440 --> 00:45:03,159
triangulate the position and the death

1055

00:45:00,880 --> 00:45:04,749
and everything but it seems that the

1056
00:45:03,159 --> 00:45:08,498
only one that picked up any sort of

1057
00:45:04,748 --> 00:45:09,548
signal was a reader in Monmouth and when

1058
00:45:08,498 --> 00:45:10,988
I actually wrote to the British

1059
00:45:09,548 --> 00:45:13,869
Geological Survey for the freedom of

1060
00:45:10,989 --> 00:45:15,369
information they basically said there's

1061
00:45:13,869 --> 00:45:17,200
the only one and I said could you

1062
00:45:15,369 --> 00:45:19,960
clarify maybe what this is

1063
00:45:17,199 --> 00:45:21,278
he says I'm same excuse we don't have

1064
00:45:19,960 --> 00:45:23,199
enough information on another reason of

1065
00:45:21,278 --> 00:45:24,579
the term an exact location so the only

1066
00:45:23,199 --> 00:45:27,159
thing they say is is that it has to be

1067
00:45:24,579 --> 00:45:29,769
from the local area the area that it

1068
00:45:27,159 --> 00:45:32,889
came from and you know it's either a

1069
00:45:29,768 --> 00:45:35,679

human or some sort of machine device or

1070

00:45:32,889 --> 00:45:36,848

machine activity no I dunno what else

1071

00:45:35,679 --> 00:45:37,868

you don't know you don't know if even if

1072

00:45:36,849 --> 00:45:40,210

they end up neighbors

1073

00:45:37,869 --> 00:45:42,430

well they well I don't know us was going

1074

00:45:40,210 --> 00:45:44,338

on that night in other areas but there

1075

00:45:42,429 --> 00:45:47,558

was a lot of military machinery and

1076

00:45:44,338 --> 00:45:49,028

equipment at that time I mean if you

1077

00:45:47,559 --> 00:45:51,730

combined with what the witnesses told us

1078

00:45:49,028 --> 00:45:53,858

and what we've discovered since it seems

1079

00:45:51,730 --> 00:45:55,838

that there was an explosion no I don't

1080

00:45:53,858 --> 00:45:59,139

what it was always smaller cell phone

1081

00:45:55,838 --> 00:46:01,778

yeah so I'm smoking yeah I noticed a lot

1082

00:45:59,139 --> 00:46:04,568

of other it just gave me you're better

1083

00:46:01,778 --> 00:46:06,099

when I was in the case and our painter

1084
00:46:04,568 --> 00:46:08,288
against in case and a few others as well

1085
00:46:06,099 --> 00:46:09,019
we just had Gary wrote Allison with a

1086
00:46:08,289 --> 00:46:13,310
flam

1087
00:46:09,019 --> 00:46:15,809
yeah again explosions

1088
00:46:13,309 --> 00:46:16,980
jetking middle of the night yeah that's

1089
00:46:15,809 --> 00:46:20,009
another finger early hours of the

1090
00:46:16,980 --> 00:46:22,380
morning always out there were hold up

1091
00:46:20,010 --> 00:46:24,450
this are it's always I'm even not pen

1092
00:46:22,380 --> 00:46:27,809
Turk is more the fields and plants are

1093
00:46:24,449 --> 00:46:29,848
more costly to populated areas if you've

1094
00:46:27,809 --> 00:46:31,650
called to the area south take a look

1095
00:46:29,849 --> 00:46:33,450
around unless you're actually in the

1096
00:46:31,650 --> 00:46:35,430
field or passing on the road you're not

1097
00:46:33,449 --> 00:46:56,489
gonna see it there's only a few houses

1098
00:46:35,429 --> 00:46:58,169
in the area okay two to three is

1099
00:46:56,489 --> 00:46:59,608
everywhere oh yeah but there are trees

1100
00:46:58,170 --> 00:47:02,460
felled in smile long because well the

1101
00:46:59,608 --> 00:47:04,049
initial witnesses who smile log is a

1102
00:47:02,460 --> 00:47:07,139
forested country certain smile are

1103
00:47:04,050 --> 00:47:09,150
gather two main witnesses who witnessed

1104
00:47:07,139 --> 00:47:11,129
the whole thing and their friends went

1105
00:47:09,150 --> 00:47:13,318
up to smile log on the very morning

1106
00:47:11,130 --> 00:47:15,838
after and the following day and they

1107
00:47:13,318 --> 00:47:17,309
follow the debris trail of broken trees

1108
00:47:15,838 --> 00:47:19,049
and canopies and branches and everything

1109
00:47:17,309 --> 00:47:21,989
they've led right to this one spot and

1110
00:47:19,050 --> 00:47:24,030
you can see those two the morning after

1111
00:47:21,989 --> 00:47:25,529
the event this yeah yeah they happen in

1112

00:47:24,030 --> 00:47:27,089
the in in the early hours of the night

1113
00:47:25,530 --> 00:47:29,760
so by Sunrise this you know there's

1114
00:47:27,088 --> 00:47:32,009
still adrenaline pumped and everything I

1115
00:47:29,760 --> 00:47:34,140
where police and military but military

1116
00:47:32,010 --> 00:47:35,819
were there they were definitely in the

1117
00:47:34,139 --> 00:47:36,868
area for a number of days on that

1118
00:47:35,818 --> 00:47:39,239
particular night that's what it all

1119
00:47:36,869 --> 00:47:42,480
really got excited and things were going

1120
00:47:39,239 --> 00:47:43,919
on but the official explanation about

1121
00:47:42,480 --> 00:47:45,750
the media for other whales online

1122
00:47:43,920 --> 00:47:47,849
articles it was just project exercise

1123
00:47:45,750 --> 00:47:49,710
chameleon but every time I go looking

1124
00:47:47,849 --> 00:47:51,390
for information on this no one seems to

1125
00:47:49,710 --> 00:47:55,550
know anything about this exercise on an

1126
00:47:51,389 --> 00:47:58,588

FOI today actually

1127

00:47:55,550 --> 00:48:02,690

I'm the police even if the police lie

1128

00:47:58,588 --> 00:48:05,929

which they do feel I think

1129

00:48:02,690 --> 00:48:10,700

frequently and the other side wants to

1130

00:48:05,929 --> 00:48:12,889

be seen you know Eli Andy well this big

1131

00:48:10,699 --> 00:48:15,588

if it's you know just probably nothing

1132

00:48:12,889 --> 00:48:17,210

bigger forgetting you can forget all the

1133

00:48:15,588 --> 00:48:18,730

wars and your corruption in the

1134

00:48:17,210 --> 00:48:20,900

government and power and all this

1135

00:48:18,730 --> 00:48:23,380

nothing bigger than the you have also

1136

00:48:20,900 --> 00:48:26,358

get us to meet

1137

00:48:23,380 --> 00:48:27,920

the destroyed entire city learner

1138

00:48:26,358 --> 00:48:29,239

dreamers and self he's destroying an

1139

00:48:27,920 --> 00:48:32,480

entire city with a new complaint

1140

00:48:29,239 --> 00:48:36,250

emotions justice issue yes just a short

1141
00:48:32,480 --> 00:48:41,920
say any age without any evidence and

1142
00:48:36,250 --> 00:48:43,818
with these with the that sort of agenda

1143
00:48:41,920 --> 00:48:46,608
you can follow all the freedom

1144
00:48:43,818 --> 00:48:47,779
informationally question what and it is

1145
00:48:46,608 --> 00:48:50,088
not something everything back there

1146
00:48:47,780 --> 00:48:54,859
another thing this is what you see and I

1147
00:48:50,088 --> 00:48:57,230
had this on my lens when I was I thought

1148
00:48:54,858 --> 00:49:00,588
I would have got good responsibly angle

1149
00:48:57,230 --> 00:49:02,809
D justify us yeah yeah he expect him to

1150
00:49:00,588 --> 00:49:04,670
be a bit devious traps I always found

1151
00:49:02,809 --> 00:49:06,409
quite good and sometimes he could

1152
00:49:04,670 --> 00:49:09,409
possibly have got any information about

1153
00:49:06,409 --> 00:49:12,348
this differently small since I think the

1154
00:49:09,409 --> 00:49:14,659
lion you know and then over the years

1155
00:49:12,349 --> 00:49:16,519
are going to believe that in fact it's

1156
00:49:14,659 --> 00:49:19,039
highly probable that the subject is so

1157
00:49:16,519 --> 00:49:21,019
sensitive is an ex and I wasn't it's a

1158
00:49:19,039 --> 00:49:23,779
national one department and I won't

1159
00:49:21,019 --> 00:49:25,818
know they're the pH device back to you

1160
00:49:23,780 --> 00:49:28,400
it says we haven't got any information

1161
00:49:25,818 --> 00:49:29,539
its charm the truth yeah a book told me

1162
00:49:28,400 --> 00:49:32,720
I've got any information it's

1163
00:49:29,539 --> 00:49:35,659
interesting it's not in the case of

1164
00:49:32,719 --> 00:49:37,848
someone saying no you can't tell this

1165
00:49:35,659 --> 00:49:39,618
name mentalize yeah they can't access

1166
00:49:37,849 --> 00:49:41,838
that information so they have no choice

1167
00:49:39,619 --> 00:49:43,039
but to write back to us a we don't all

1168
00:49:41,838 --> 00:49:45,469
the information well you know of course

1169

00:49:43,039 --> 00:49:47,989
you may get a general who was like

1170
00:49:45,469 --> 00:49:49,578
forced on the US military or something

1171
00:49:47,989 --> 00:49:51,389
he's probably got a higher clearance

1172
00:49:49,579 --> 00:49:53,160
than the lieutenant who works in

1173
00:49:51,389 --> 00:49:54,750
right but he's probably got more access

1174
00:49:53,159 --> 00:49:56,579
to the information because he's directly

1175
00:49:54,750 --> 00:49:58,110
involved but the general he gets to see

1176
00:49:56,579 --> 00:49:59,670
certain reports and certain things are

1177
00:49:58,110 --> 00:50:01,440
classes over the yeah I think it's a

1178
00:49:59,670 --> 00:50:02,550
compartment eyes nation and it's another

1179
00:50:01,440 --> 00:50:05,280
case that you can probably have a

1180
00:50:02,550 --> 00:50:06,660
private in the British Army audio the

1181
00:50:05,280 --> 00:50:08,430
Americans or any other nationality

1182
00:50:06,659 --> 00:50:10,139
without my say you've got wire clearance

1183
00:50:08,429 --> 00:50:12,899

to the president of the African country

1184

00:50:10,139 --> 00:50:13,619

I know because they have to be selected

1185

00:50:12,900 --> 00:50:17,760

for that program

1186

00:50:13,619 --> 00:50:20,609

yeah yubberly

1187

00:50:17,760 --> 00:50:23,340

Nick Pope is actually commander this is

1188

00:50:20,610 --> 00:50:27,059

good it's uh years after he was working

1189

00:50:23,340 --> 00:50:29,550

in the OD he was talking with Nick Pope

1190

00:50:27,059 --> 00:50:36,449

was Boston so he can he can access any

1191

00:50:29,550 --> 00:50:41,010

information he wants yeah yeah yeah can

1192

00:50:36,449 --> 00:50:42,689

you look at my case was that yeah kids

1193

00:50:41,010 --> 00:50:45,750

have been given some cases didn t look

1194

00:50:42,690 --> 00:50:47,250

yeah she went on the phone spoke to

1195

00:50:45,750 --> 00:50:51,360

somebody and he said his face with I

1196

00:50:47,250 --> 00:50:53,639

should because he was basically told any

1197

00:50:51,360 --> 00:50:58,559

information on that it's not Gabby then

1198
00:50:53,639 --> 00:51:00,929
I can't do anything about this from Cali

1199
00:50:58,559 --> 00:51:03,480
collect some of this material number and

1200
00:51:00,929 --> 00:51:05,639
capsulation apply yeah yeah he did

1201
00:51:03,480 --> 00:51:09,360
actually show us yeah I've never seen

1202
00:51:05,639 --> 00:51:12,079
their buddy today debacle yeah tomorrow

1203
00:51:09,360 --> 00:51:15,990
if you want to speak with me Molly the

1204
00:51:12,079 --> 00:51:20,099
Hussein of John House of zombies a while

1205
00:51:15,989 --> 00:51:21,959
ago and this place where this event

1206
00:51:20,099 --> 00:51:23,880
happened does this mouse do all that

1207
00:51:21,960 --> 00:51:24,539
talk over the place didn't never cleaned

1208
00:51:23,880 --> 00:51:26,670
it up

1209
00:51:24,539 --> 00:51:30,059
well they cleaned up a lot of it

1210
00:51:26,670 --> 00:51:33,090
apparently I mean this is my god daddy

1211
00:51:30,059 --> 00:51:36,059
was due to go there again there's seven

1212
00:51:33,090 --> 00:51:39,090
visits to do us metal detecting sweep of

1213
00:51:36,059 --> 00:51:40,769
the forest nearby so funny Harmon was

1214
00:51:39,090 --> 00:51:42,480
very friendly with him on the time I

1215
00:51:40,769 --> 00:51:44,099
funded but we said you you better be

1216
00:51:42,480 --> 00:51:45,630
quick because they kept they just they

1217
00:51:44,099 --> 00:51:48,860
take me all the light the chopping all

1218
00:51:45,630 --> 00:51:50,789
the trees down so Gary got there

1219
00:51:48,860 --> 00:51:55,380
turning up the trees were going with you

1220
00:51:50,789 --> 00:51:57,269
JCB's moving the earth yeah well they

1221
00:51:55,380 --> 00:51:58,860
found all the trees and you might take

1222
00:51:57,269 --> 00:52:02,250
it I'll tell you this

1223
00:51:58,860 --> 00:52:05,760
cover us someone who's about this

1224
00:52:02,250 --> 00:52:07,829
activist yeah it doesn't matter how much

1225
00:52:05,760 --> 00:52:09,720
air do you move yeah

1226

00:52:07,829 --> 00:52:13,500
and trying to cover something up like

1227
00:52:09,719 --> 00:52:15,419
that if you sit diligently enough you'll

1228
00:52:13,500 --> 00:52:17,429
find something that you don't care how

1229
00:52:15,420 --> 00:52:19,920
good they are they always leave some

1230
00:52:17,429 --> 00:52:22,049
behind let's stay with literally

1231
00:52:19,920 --> 00:52:25,170
extracted sand the bedrock every last

1232
00:52:22,050 --> 00:52:26,640
day in the soil within ten miles of what

1233
00:52:25,170 --> 00:52:29,940
that actually is the free Lumia come on

1234
00:52:26,639 --> 00:52:30,389
since a mile wide B Square ball is not

1235
00:52:29,940 --> 00:52:31,950
gonna happen

1236
00:52:30,389 --> 00:52:34,589
well I found curious about that what

1237
00:52:31,949 --> 00:52:36,239
you've just said I assume from the

1238
00:52:34,590 --> 00:52:40,530
description you've just given the farmer

1239
00:52:36,239 --> 00:52:42,059
can see on the woodland well sure but I

1240
00:52:40,530 --> 00:52:46,140

think it's Forestry Commission yeah but

1241

00:52:42,059 --> 00:52:47,900

I'm just wondering there yeah well it's

1242

00:52:46,139 --> 00:52:51,569

not called flawlessly commissioners

1243

00:52:47,900 --> 00:52:53,280

national resources wisely old foster

1244

00:52:51,570 --> 00:52:56,300

commissioned by bucking in a bottom is

1245

00:52:53,280 --> 00:52:56,300

back in 1982-83

1246

00:52:56,780 --> 00:53:01,620

yeah yeah they were they called it wing

1247

00:52:59,460 --> 00:53:03,269

damage I said what yeah no yeah wind

1248

00:53:01,619 --> 00:53:04,920

damage get your dropping down all

1249

00:53:03,269 --> 00:53:07,409

felling trees because of wind damage

1250

00:53:04,920 --> 00:53:10,079

yeah all right a whole forest I mean

1251

00:53:07,409 --> 00:53:12,599

yeah I mean just just well I mean I'm

1252

00:53:10,079 --> 00:53:15,150

not being funny right but there's two

1253

00:53:12,599 --> 00:53:16,739

myths there's two locations where our

1254

00:53:15,150 --> 00:53:19,139

story takes place number one pen soaked

1255
00:53:16,739 --> 00:53:20,759
fields is where the main should we say

1256
00:53:19,139 --> 00:53:22,859
the main event took place with this

1257
00:53:20,760 --> 00:53:26,730
pyramid formation of lights occurred

1258
00:53:22,860 --> 00:53:28,769
smaller orbs and interactions some of

1259
00:53:26,730 --> 00:53:31,740
them for the witnesses the two main

1260
00:53:28,769 --> 00:53:33,840
witnesses and there's this little green

1261
00:53:31,739 --> 00:53:35,549
one that's sort of like just circling

1262
00:53:33,840 --> 00:53:38,750
around above it that people I don't for

1263
00:53:35,550 --> 00:53:43,140
someone that's playtime was doing news

1264
00:53:38,750 --> 00:53:46,769
whatever way it was almost again and it

1265
00:53:43,139 --> 00:53:47,579
went over to another koi broad area

1266
00:53:46,769 --> 00:53:58,139
tinder code

1267
00:53:47,579 --> 00:53:59,519
Jenna code okay to the guide and there's

1268
00:53:58,139 --> 00:54:00,449
trees over there now which have just

1269
00:53:59,519 --> 00:54:03,570
recently been felled

1270
00:54:00,449 --> 00:54:05,609
okay but that's why don't you read sort

1271
00:54:03,570 --> 00:54:07,530
of went over and then Lee

1272
00:54:05,610 --> 00:54:10,079
it went in the direction of smile

1273
00:54:07,530 --> 00:54:12,540
awkward where as we discussed the manic

1274
00:54:10,079 --> 00:54:15,319
all the explosions and smells soft from

1275
00:54:12,539 --> 00:54:18,349
rosin everything being closed off well

1276
00:54:15,320 --> 00:54:22,680
just about a year ago that was all felt

1277
00:54:18,349 --> 00:54:24,319
huge area along the bike trail it's just

1278
00:54:22,679 --> 00:54:27,779
like you know it seems every time

1279
00:54:24,320 --> 00:54:31,980
whether it's I don't know about better

1280
00:54:27,780 --> 00:54:35,600
but finding that pan Turk as a Harvard

1281
00:54:31,980 --> 00:54:37,829
forest is another another image wheels

1282
00:54:35,599 --> 00:54:39,869
well it's like you're not it's like this

1283

00:54:37,829 --> 00:54:42,840
is a detail it's like been almond Jones

1284
00:54:39,869 --> 00:54:44,549
came down to so far last month not the

1285
00:54:42,840 --> 00:54:48,150
one they were failing trees again in

1286
00:54:44,550 --> 00:54:51,450
explosions I sort of soil yeah almost

1287
00:54:48,150 --> 00:54:52,559
replacement of soil it's like I don't

1288
00:54:51,449 --> 00:54:54,210
know what it is whether there's

1289
00:54:52,559 --> 00:54:55,980
something about these craft whether

1290
00:54:54,210 --> 00:54:57,750
they're I would have to say

1291
00:54:55,980 --> 00:54:59,219
extraterrestrial because if they were

1292
00:54:57,750 --> 00:55:02,519
our own craft why would you go to all

1293
00:54:59,219 --> 00:55:05,339
the trouble I mean I'm sure they seem to

1294
00:55:02,519 --> 00:55:07,619
be some unit in Emma D where the see

1295
00:55:05,340 --> 00:55:10,800
miracles of the British they've got a

1296
00:55:07,619 --> 00:55:13,199
big sort of cleanup operation somebody

1297
00:55:10,800 --> 00:55:15,660

comes down there straight away like that

1298

00:55:13,199 --> 00:55:18,029

and they've got a systematic got a

1299

00:55:15,659 --> 00:55:20,759

tropism hope to do it you know we're not

1300

00:55:18,030 --> 00:55:22,740

the same patterns I mean you know you

1301

00:55:20,760 --> 00:55:24,090

can find pans in just about anything if

1302

00:55:22,739 --> 00:55:25,559

it wanted they call it paranoia or

1303

00:55:24,090 --> 00:55:27,690

something that's what you find patterns

1304

00:55:25,559 --> 00:55:30,000

in anything but you study the cases

1305

00:55:27,690 --> 00:55:32,730

enough enough times when you find the

1306

00:55:30,000 --> 00:55:34,260

same pattern all the time military some

1307

00:55:32,730 --> 00:55:37,130

sort of explosions

1308

00:55:34,260 --> 00:55:39,650

maybe wreckage fell trees broken trees

1309

00:55:37,130 --> 00:55:42,990

witnesses seeing things many days before

1310

00:55:39,650 --> 00:55:44,190

you know that the cover-up is ridiculous

1311

00:55:42,989 --> 00:55:46,379

you know there's always some debunk

1312
00:55:44,190 --> 00:55:48,300
official statement that it was yes you

1313
00:55:46,380 --> 00:55:51,840
know news come along and quickly say was

1314
00:55:48,300 --> 00:55:54,600
just an exercise or some sort of a thief

1315
00:55:51,840 --> 00:55:57,240
explainable from Hoffman as they say the

1316
00:55:54,599 --> 00:55:58,069
50s especially a fighter aircraft used

1317
00:55:57,239 --> 00:56:00,169
to come down

1318
00:55:58,070 --> 00:56:02,330
every week you've got through the

1319
00:56:00,170 --> 00:56:05,539
newspapers isn't reports of an aria

1320
00:56:02,329 --> 00:56:07,190
clinking no because there's technology

1321
00:56:05,539 --> 00:56:10,690
in the 50s pleaded with my good mother

1322
00:56:07,190 --> 00:56:13,639
you see crash next written center and

1323
00:56:10,690 --> 00:56:16,309
these it was no big fuss about that

1324
00:56:13,639 --> 00:56:19,039
no it wasn't be cover up the materials

1325
00:56:16,309 --> 00:56:22,039
are plain and you could follow my wife I

1326
00:56:19,039 --> 00:56:24,289
was loudly Besant's and see I thought I

1327
00:56:22,039 --> 00:56:27,170
saw there's no payment and originally

1328
00:56:24,289 --> 00:56:28,849
when I faced but interested me it was a

1329
00:56:27,170 --> 00:56:30,470
clash because that was the only

1330
00:56:28,849 --> 00:56:32,900
information I was available only what I

1331
00:56:30,469 --> 00:56:35,209
started off at I stopped on Tuesday this

1332
00:56:32,900 --> 00:56:39,940
isn't this isn't right and then I

1333
00:56:35,210 --> 00:56:43,880
discovered that Tommy God had a query

1334
00:56:39,940 --> 00:56:48,710
there's alias as of 1996 1995 sort of

1335
00:56:43,880 --> 00:56:54,099
did he speak to Pat Evans did you leave

1336
00:56:48,710 --> 00:56:54,099
sponsor yeah I have no chemistry to me

1337
00:56:56,050 --> 00:57:00,980
there's all sorts of stories you know

1338
00:56:58,519 --> 00:57:04,489
the two daughters were the only civilian

1339
00:57:00,980 --> 00:57:05,960
witnesses army they were competitive

1340

00:57:04,489 --> 00:57:10,539
with our landing they were competitive

1341
00:57:05,960 --> 00:57:10,539
with Pat Evans

1342
00:57:10,690 --> 00:57:17,389
said it was a district nurse when she

1343
00:57:14,568 --> 00:57:19,719
got through the police that Lisa Nicole

1344
00:57:17,389 --> 00:57:22,969
baton you that they are police officers

1345
00:57:19,719 --> 00:57:25,130
given a sinner to avoid a fourth object

1346
00:57:22,969 --> 00:57:28,088
like a deployment a lot of slopes are

1347
00:57:25,130 --> 00:57:30,920
kind of Roma moment that was the

1348
00:57:28,088 --> 00:57:32,558
location of suspected plane crash that's

1349
00:57:30,920 --> 00:57:35,150
what the locals were digging in the box

1350
00:57:32,559 --> 00:57:37,400
with it does play they will genuinely

1351
00:57:35,150 --> 00:57:38,479
then look everyone else everyone else is

1352
00:57:37,400 --> 00:57:41,989
not wearing any clothes of the

1353
00:57:38,478 --> 00:57:44,718
earthquake yeah what in the village they

1354
00:57:41,989 --> 00:57:47,949

don't bring in it because they think

1355

00:57:44,719 --> 00:57:50,119

that plane crashed because see this

1356

00:57:47,949 --> 00:57:52,879

police in column break do they tell pup

1357

00:57:50,119 --> 00:57:54,249

to go to kind of no Edwin well problem

1358

00:57:52,880 --> 00:57:58,608

at they didn't tell us

1359

00:57:54,248 --> 00:58:01,759

she said she was a district nurse two

1360

00:57:58,608 --> 00:58:03,078

daughters were there training medical

1361

00:58:01,759 --> 00:58:05,449

stuff as well hold on she's obviously

1362

00:58:03,079 --> 00:58:08,450

they're privately one and she offered

1363

00:58:05,449 --> 00:58:09,409

their services in case let me guess they

1364

00:58:08,449 --> 00:58:12,468

were not quiet

1365

00:58:09,409 --> 00:58:15,498

well they didn't even say that what they

1366

00:58:12,469 --> 00:58:18,539

said - it was you said yeah thank you

1367

00:58:15,498 --> 00:58:20,909

very much we'll accept

1368

00:58:18,539 --> 00:58:24,029

what you didn't tell it where to go all

1369
00:58:20,909 --> 00:58:27,089
right so just uh it just sort of got

1370
00:58:24,030 --> 00:58:29,100
like a boy I know it was a bluff yeah if

1371
00:58:27,090 --> 00:58:30,930
you wanted if you thought that played

1372
00:58:29,099 --> 00:58:31,739
the clutch there and there could be

1373
00:58:30,929 --> 00:58:34,319
casualties

1374
00:58:31,739 --> 00:58:36,059
yeah and the edge comes on a doctor or

1375
00:58:34,320 --> 00:58:37,530
someone that says I can help ya within

1376
00:58:36,059 --> 00:58:39,239
minutes you're gonna sell them there oh

1377
00:58:37,530 --> 00:58:42,120
yeah well looks like I've sealed up

1378
00:58:39,239 --> 00:58:44,819
their contact it's sergeants or whatever

1379
00:58:42,119 --> 00:58:47,159
I need a guide you there yeah cuz

1380
00:58:44,820 --> 00:58:50,160
clearly it was someone in charge there

1381
00:58:47,159 --> 00:58:52,079
had to be some amateur or from us and

1382
00:58:50,159 --> 00:58:55,049
that wasn't the case our investigations

1383
00:58:52,079 --> 00:58:59,340
you know with the bang in a smile of

1384
00:58:55,050 --> 00:59:01,289
what somebody did was it discovered that

1385
00:58:59,340 --> 00:59:06,690
the hospital was wrong and said that

1386
00:59:01,289 --> 00:59:08,009
their services were not required I think

1387
00:59:06,690 --> 00:59:11,550
I spoke one of the statements said I'm

1388
00:59:08,010 --> 00:59:12,870
not sure but seems to be the case that

1389
00:59:11,550 --> 00:59:15,780
one day it happened

1390
00:59:12,869 --> 00:59:17,609
the hospital was rung and that's what

1391
00:59:15,780 --> 00:59:20,790
they said the services were not required

1392
00:59:17,610 --> 00:59:22,500
even though they've just been a big bang

1393
00:59:20,789 --> 00:59:23,730
well apparently they won the royal de

1394
00:59:22,500 --> 00:59:25,860
Morgan lost woman I don't know exactly

1395
00:59:23,730 --> 00:59:28,199
if that is a hundred percent sure we're

1396
00:59:25,860 --> 00:59:29,849
still trying to work it out but at least

1397

00:59:28,199 --> 00:59:32,219
we've got witnesses who said they were

1398
00:59:29,849 --> 00:59:34,469
in the hospital they heard the explosion

1399
00:59:32,219 --> 00:59:37,049
then it seems like no one was in a rush

1400
00:59:34,469 --> 00:59:38,399
to get over there or no one wanted them

1401
00:59:37,050 --> 00:59:39,690
to go over there you know just in case

1402
00:59:38,400 --> 00:59:41,880
maybe someone's injured because there

1403
00:59:39,690 --> 00:59:45,900
was a helicopter that was forced to make

1404
00:59:41,880 --> 00:59:48,329
an emergency landing not long after it's

1405
00:59:45,900 --> 00:59:51,059
not a parallel with them have no scope

1406
00:59:48,329 --> 00:59:52,289
so what we're saying is it seems like

1407
00:59:51,059 --> 00:59:54,269
when the emergency services would be

1408
00:59:52,289 --> 00:59:56,400
needed yeah no one seemed a little

1409
00:59:54,269 --> 00:59:58,440
animated she shaves off on the nail

1410
00:59:56,400 --> 01:00:00,119
I don't know I'm supposed to be a nurse

1411
00:59:58,440 --> 01:00:05,309

because I like patterns she offered out

1412

01:00:00,119 --> 01:00:07,170

hmm as a medic so I mean I want this one

1413

01:00:05,309 --> 01:00:09,179

is it possible just take it he's

1414

01:00:07,170 --> 01:00:12,840

medically trained they would want to get

1415

01:00:09,179 --> 01:00:15,929

help but I didn't say no because if it

1416

01:00:12,840 --> 01:00:19,490

would look bad they the doctor says

1417

01:00:15,929 --> 01:00:22,079

you've got a suspected incidence here

1418

01:00:19,489 --> 01:00:25,199

they didn't say no but they didn't

1419

01:00:22,079 --> 01:00:27,299

actually I guess what I'm saying - oh

1420

01:00:25,199 --> 01:00:29,009

yeah we lucked out that don't see what

1421

01:00:27,300 --> 01:00:30,539

you can do I guess what I'm saying this

1422

01:00:29,010 --> 01:00:33,780

is that

1423

01:00:30,539 --> 01:00:36,059

you know Pat Evans being medically

1424

01:00:33,780 --> 01:00:38,610

trained gain stories of a plane crash

1425

01:00:36,059 --> 01:00:40,349

and obviously she would be in a position

1426
01:00:38,610 --> 01:00:42,750
to help these people and if that is the

1427
01:00:40,349 --> 01:00:44,940
case now you got royal de Morgan

1428
01:00:42,750 --> 01:00:47,039
Hospital now already we've had planes

1429
01:00:44,940 --> 01:00:48,840
and helicopters circling making a lot of

1430
01:00:47,039 --> 01:00:50,519
noise throughout the night and then all

1431
01:00:48,840 --> 01:00:52,829
of a sudden you know big bang just

1432
01:00:50,519 --> 01:00:54,570
outside the hospital I thought some of

1433
01:00:52,829 --> 01:00:56,250
the nurses and some of the doctors maybe

1434
01:00:54,570 --> 01:00:58,530
would have made inquiries into this but

1435
01:00:56,250 --> 01:01:00,570
it seems on wanted them over there

1436
01:00:58,530 --> 01:01:02,130
anyway you know mm and that's I'm just

1437
01:01:00,570 --> 01:01:04,380
trying to say that you've got a

1438
01:01:02,130 --> 01:01:05,789
helicopter making an emergency landing

1439
01:01:04,380 --> 01:01:08,730
I mean they seem that no one was hurt

1440
01:01:05,789 --> 01:01:11,130
but it just seemed but when we've made

1441
01:01:08,730 --> 01:01:12,659
inquiries into this and almost seem to

1442
01:01:11,130 --> 01:01:16,530
be interested in asking for their the

1443
01:01:12,659 --> 01:01:19,769
biggest pain in my backside over the

1444
01:01:16,530 --> 01:01:24,840
years of coming to this is how global

1445
01:01:19,769 --> 01:01:27,989
all the people are you know and how they

1446
01:01:24,840 --> 01:01:29,610
respond to Authority I mean I can't

1447
01:01:27,989 --> 01:01:31,109
painting it but the private security

1448
01:01:29,610 --> 01:01:33,059
firms laughing making people for fun

1449
01:01:31,110 --> 01:01:35,579
boats that's just sort of one of the

1450
01:01:33,059 --> 01:01:38,219
moments like these but yet what one of

1451
01:01:35,579 --> 01:01:40,199
is when people just called us for Monty

1452
01:01:38,219 --> 01:01:43,799
flash and ID which could be their Mickey

1453
01:01:40,199 --> 01:01:48,509
Mouse on it and you got sauce Bushido

1454

01:01:43,800 --> 01:01:50,100
position uniform or some pretend jacket

1455
01:01:48,510 --> 01:01:53,670
it's been around you know what you can

1456
01:01:50,099 --> 01:01:55,949
do we put on a big chunk it up it's the

1457
01:01:53,670 --> 01:01:58,380
British conditioning all the people are

1458
01:01:55,949 --> 01:02:00,239
thought down to accept is autopsy will

1459
01:01:58,380 --> 01:02:02,849
be a parking minute and then also need

1460
01:02:00,239 --> 01:02:06,149
to pretend you can act like he's London

1461
01:02:02,849 --> 01:02:08,069
London police people say when Sean yeah

1462
01:02:06,150 --> 01:02:10,800
yeah when one money's clowns it were

1463
01:02:08,070 --> 01:02:13,350
just civilians as an example they've got

1464
01:02:10,800 --> 01:02:14,730
no authority in most cases the kamati

1465
01:02:13,349 --> 01:02:16,949
any say yeah

1466
01:02:14,730 --> 01:02:19,619
if t even if employees about it excuse

1467
01:02:16,949 --> 01:02:22,019
me you've done this and I want to issue

1468
01:02:19,619 --> 01:02:24,440

you with a victor penalty notices yeah

1469

01:02:22,019 --> 01:02:26,639

that's one example I have one ghost oh

1470

01:02:24,440 --> 01:02:28,980

and sometimes you haven't done any wrong

1471

01:02:26,639 --> 01:02:31,440

but he's the admit I must have done it

1472

01:02:28,980 --> 01:02:34,289

I don't think of it but I probably did

1473

01:02:31,440 --> 01:02:36,838

cuz you're saying so and there's this

1474

01:02:34,289 --> 01:02:39,358

desire mr. P is it's a pain in the

1475

01:02:36,838 --> 01:02:42,289

backside to me this designed almost for

1476

01:02:39,358 --> 01:02:45,299

people not to get involved so when

1477

01:02:42,289 --> 01:02:47,460

something happens you know yeah like a

1478

01:02:45,300 --> 01:02:49,019

motorway a clash and the cars all day

1479

01:02:47,460 --> 01:02:51,929

and the ghouls are watching that clean

1480

01:02:49,019 --> 01:02:52,588

up the mess there and but that's as far

1481

01:02:51,929 --> 01:02:54,838

as it goes

1482

01:02:52,588 --> 01:02:57,029

they watch and then he drive past Nicole

1483
01:02:54,838 --> 01:02:58,529
and tennis later he forgot all about it

1484
01:02:57,030 --> 01:03:05,250
that's our horse extenders are suddenly

1485
01:02:58,530 --> 01:03:09,510
important you know yeah well then when

1486
01:03:05,250 --> 01:03:11,280
you see someone contries down yeah

1487
01:03:09,510 --> 01:03:15,890
if you try and course a tree down on a

1488
01:03:11,280 --> 01:03:17,940
road actually a street tree in Swansea

1489
01:03:15,889 --> 01:03:18,299
people are strict on it yeah what are

1490
01:03:17,940 --> 01:03:19,740
you doing

1491
01:03:18,300 --> 01:03:22,859
you know I'm opening the car lot why

1492
01:03:19,739 --> 01:03:24,659
you've got enough free now you know what

1493
01:03:22,858 --> 01:03:26,670
is it do you know we went consultants

1494
01:03:24,659 --> 01:03:28,500
and locals and all this do you make it

1495
01:03:26,670 --> 01:03:30,750
might get people involved like that well

1496
01:03:28,500 --> 01:03:32,190
when people start cotton follows the

1497
01:03:30,750 --> 01:03:33,659
trees down and they can hide behind the

1498
01:03:32,190 --> 01:03:36,650
states and see what would you spell the

1499
01:03:33,659 --> 01:03:36,649
trees got it's a crop

1500
01:03:37,039 --> 01:03:40,250
they need to be felt the fact that the

1501
01:03:38,869 --> 01:03:43,400
venturi should be felt for 10 years ago

1502
01:03:40,250 --> 01:03:45,170
it's really just a lot of changes you

1503
01:03:43,400 --> 01:03:48,470
know fibers are able to be in a position

1504
01:03:45,170 --> 01:03:50,510
now where let's say more like sitting

1505
01:03:48,469 --> 01:03:53,449
and let's say the Beermen if

1506
01:03:50,510 --> 01:03:55,070
entitlements today and I go into somehow

1507
01:03:53,449 --> 01:03:56,329
when okay and it was just safer no you

1508
01:03:55,070 --> 01:03:58,820
miss it too much police stay you know

1509
01:03:56,329 --> 01:04:02,000
nothing like they might say to me you

1510
01:03:58,820 --> 01:04:02,269
can't go there you know I'll say ok fair

1511

01:04:02,000 --> 01:04:05,119
enough

1512
01:04:02,269 --> 01:04:06,710
watch the incident you know because the

1513
01:04:05,119 --> 01:04:08,299
police thought that authority did an

1514
01:04:06,710 --> 01:04:11,389
incident but you can't have an incident

1515
01:04:08,300 --> 01:04:13,220
without paper where what something they

1516
01:04:11,389 --> 01:04:14,449
seem to be enemy yeah well they've got

1517
01:04:13,219 --> 01:04:16,939
incidents on paperwork

1518
01:04:14,449 --> 01:04:18,829
so the bottom line is that you believe

1519
01:04:16,940 --> 01:04:22,099
it wasn't crushed it was a landing

1520
01:04:18,829 --> 01:04:24,529
it was another pen when another and a

1521
01:04:22,099 --> 01:04:28,309
problem I'm not to do with it and all

1522
01:04:24,530 --> 01:04:29,840
sorts of things mean yeah Jenny banned

1523
01:04:28,309 --> 01:04:32,509
all sort of wanted the waters flap

1524
01:04:29,840 --> 01:04:34,400
innocently but at the time I mean she's

1525
01:04:32,510 --> 01:04:36,500

been author - you know and she played on

1526

01:04:34,400 --> 01:04:38,150

all sorts of stuff and they leave her

1527

01:04:36,500 --> 01:04:40,670

cellphone people respected as you could

1528

01:04:38,150 --> 01:04:41,750

before and stuff like that but she are

1529

01:04:40,670 --> 01:04:44,900

for me

1530

01:04:41,750 --> 01:04:47,440

she had this interest in their stock

1531

01:04:44,900 --> 01:04:49,849

circles ancient sites and this idea that

1532

01:04:47,440 --> 01:04:51,380

you have or subtracted city paints and

1533

01:04:49,849 --> 01:04:53,119

sites and things like that you notice

1534

01:04:51,380 --> 01:04:55,940

though yet I don't put the England at

1535

01:04:53,119 --> 01:04:58,130

all there's a lot of rubbish but just up

1536

01:04:55,940 --> 01:05:00,730

off like this though it's a big stone

1537

01:04:58,130 --> 01:05:04,099

stable because they will see of her and

1538

01:05:00,730 --> 01:05:05,750

stop circle because there's a lot more

1539

01:05:04,099 --> 01:05:10,730

pictures on there with Google Images

1540
01:05:05,750 --> 01:05:12,380
about it and there she went there and I

1541
01:05:10,730 --> 01:05:16,150
don't believe what second superstar loss

1542
01:05:12,380 --> 01:05:18,858
trouble but she went there and she might

1543
01:05:16,150 --> 01:05:20,930
allegedly and she claimed that the

1544
01:05:18,858 --> 01:05:22,420
readings inside this function called the

1545
01:05:20,929 --> 01:05:25,639
difference of the reasons understand

1546
01:05:22,420 --> 01:05:27,349
well if that was if it was as basic as

1547
01:05:25,639 --> 01:05:30,998
that it was non scientific approach my

1548
01:05:27,349 --> 01:05:32,869
soul and it could have just been

1549
01:05:30,998 --> 01:05:34,399
radiation but ever had a lead on what

1550
01:05:32,869 --> 01:05:36,160
type of guy contribution when you can't

1551
01:05:34,400 --> 01:05:38,809
use it for all types of radiation anyway

1552
01:05:36,159 --> 01:05:41,268
but then I probably the pleasure all of

1553
01:05:38,809 --> 01:05:43,910
it not stars was I've just got past my

1554
01:05:41,268 --> 01:05:47,149
ignore like a day yeah I mean I smiled

1555
01:05:43,909 --> 01:05:48,768
away from build for the flesh jumped on

1556
01:05:47,150 --> 01:05:50,480
it and see it soldiers at the caps are

1557
01:05:48,768 --> 01:05:51,858
closer that was almost I was just

1558
01:05:50,480 --> 01:05:54,679
substation there's a personally the

1559
01:05:51,858 --> 01:05:56,268
waters yeah and yeah it copies of

1560
01:05:54,679 --> 01:05:59,088
literally the water to thin foam in it

1561
01:05:56,268 --> 01:06:00,649
yeah and of course here just making the

1562
01:05:59,088 --> 01:06:02,900
simple statement like she said I went

1563
01:06:00,650 --> 01:06:05,059
there with a guy he come to service no

1564
01:06:02,900 --> 01:06:08,630
sale because she hunts believe I the

1565
01:06:05,059 --> 01:06:11,150
connection to me my father's there you

1566
01:06:08,630 --> 01:06:12,890
have or visitation and she's just they

1567
01:06:11,150 --> 01:06:14,568
pulled that got jealous for you read all

1568

01:06:12,889 --> 01:06:16,278
of a sudden there's a whole new

1569
01:06:14,568 --> 01:06:18,498
disinformation second girl from that

1570
01:06:16,278 --> 01:06:19,818
nice ain't she could easily change he

1571
01:06:18,498 --> 01:06:23,209
could have collusion in a Bentley and

1572
01:06:19,818 --> 01:06:25,130
then a flash get in and as they call the

1573
01:06:23,210 --> 01:06:28,489
kids at Diana come say it was awful but

1574
01:06:25,130 --> 01:06:33,108
demand birds fly back must be her less

1575
01:06:28,489 --> 01:06:36,949
liked so um in matters chemical yeah as

1576
01:06:33,108 --> 01:06:40,088
well and that's a initiating and there

1577
01:06:36,949 --> 01:06:45,169
was a guy called mike subtle and

1578
01:06:40,088 --> 01:06:46,489
margaret fry had interviews my son in

1579
01:06:45,170 --> 01:06:47,769
the early days and she had all the

1580
01:06:46,489 --> 01:06:49,599
records about it

1581
01:06:47,769 --> 01:06:53,199
the conservative afterwards whenever I

1582
01:06:49,599 --> 01:06:57,690

come across this mic subtle and he

1583

01:06:53,199 --> 01:07:02,109

claimed he'd see this you have all that

1584

01:06:57,690 --> 01:07:03,880

gold off this you know and it just so

1585

01:07:02,110 --> 01:07:06,190

happened that the time we lived in there

1586

01:07:03,880 --> 01:07:09,190

this lot cottage was you've read called

1587

01:07:06,190 --> 01:07:11,200

their cars go up off the neighboring

1588

01:07:09,190 --> 01:07:12,610

village three miles along the roles they

1589

01:07:11,199 --> 01:07:15,250

hope they like they're about it's the

1590

01:07:12,610 --> 01:07:18,430

same village path Emma's lived it she's

1591

01:07:15,250 --> 01:07:21,400

in the village he's on an outlying sort

1592

01:07:18,429 --> 01:07:24,750

of famous of cottage on the hills above

1593

01:07:21,400 --> 01:07:28,329

about two miles outside the village and

1594

01:07:24,750 --> 01:07:29,829

he came out of his house cause of this

1595

01:07:28,329 --> 01:07:32,860

earthquake mr. Trevor

1596

01:07:29,829 --> 01:07:35,889

but he didn't see of course someone's

1597
01:07:32,860 --> 01:07:38,230
hot flash amount he's sure dis big

1598
01:07:35,889 --> 01:07:41,109
lights in the sky which he'd never seen

1599
01:07:38,230 --> 01:07:42,119
before and he watched it and it was just

1600
01:07:41,110 --> 01:07:45,610
hang in there

1601
01:07:42,119 --> 01:07:47,380
this was would have been that Trevor was

1602
01:07:45,610 --> 01:07:50,349
eight thirty eight it's not dispute over

1603
01:07:47,380 --> 01:07:52,059
that it is in even the results of

1604
01:07:50,349 --> 01:07:54,699
minutes or so later thought were in this

1605
01:07:52,059 --> 01:07:55,759
thing and he actually went because mr.

1606
01:07:54,699 --> 01:07:58,409
lux

1607
01:07:55,760 --> 01:08:00,540
who's divorced me and helpful you got

1608
01:07:58,409 --> 01:08:03,000
any animals and his kids were too small

1609
01:08:00,539 --> 01:08:06,920
to reminisce we had the kids and he went

1610
01:08:03,000 --> 01:08:09,719
to the next far far for crackpots

1611
01:08:06,920 --> 01:08:12,300
and there's a guy that mostly on

1612
01:08:09,719 --> 01:08:16,949
flipchart how he appears in Richard

1613
01:08:12,300 --> 01:08:18,690
halls video yeah oh yeah you told them

1614
01:08:16,949 --> 01:08:22,048
about they knew about this stick the all

1615
01:08:18,689 --> 01:08:24,149
about back to cast off they clean up

1616
01:08:22,048 --> 01:08:28,710
adopted kid that his parents all came

1617
01:08:24,149 --> 01:08:30,389
back and I don't think that if there's

1618
01:08:28,710 --> 01:08:32,819
actually sorting his brother did well it

1619
01:08:30,390 --> 01:08:34,500
was young I don't know the neighbor a

1620
01:08:32,819 --> 01:08:39,719
woman eternal the house nearby the or

1621
01:08:34,500 --> 01:08:41,420
complicated it is yours and this lights

1622
01:08:39,719 --> 01:08:44,609
there and by that it's like 9 o'clock

1623
01:08:41,420 --> 01:08:47,640
okay I just have to man you haven't

1624
01:08:44,609 --> 01:08:48,960
moved huge white light in the sky as

1625

01:08:47,640 --> 01:08:52,588
they could see if you die ever

1626
01:08:48,960 --> 01:08:54,719
and what was fortunate boxes yard

1627
01:08:52,588 --> 01:08:57,238
because house here they have a bond

1628
01:08:54,719 --> 01:08:59,880
there and I said in the interview we

1629
01:08:57,238 --> 01:09:02,099
stood on this ledge stepped upon the

1630
01:08:59,880 --> 01:09:03,869
size of the wall but he got a perfect

1631
01:09:02,100 --> 01:09:06,450
straight line view straight across the

1632
01:09:03,869 --> 01:09:07,649
valence and it was called us for me cuz

1633
01:09:06,449 --> 01:09:10,380
I've never been off the pin put away

1634
01:09:07,649 --> 01:09:11,679
this thing was and that we would remain

1635
01:09:10,380 --> 01:09:14,770
there

1636
01:09:11,679 --> 01:09:16,779
right there and then he described and he

1637
01:09:14,770 --> 01:09:18,969
said that box up last night estas ever

1638
01:09:16,779 --> 01:09:21,730
so slowly' secret I kept like a seven

1639
01:09:18,969 --> 01:09:25,298

yeah so he said but nothing that's a

1640

01:09:21,729 --> 01:09:27,488

kink out he said it disappeared at the

1641

01:09:25,298 --> 01:09:29,619

light went out it was calm there

1642

01:09:27,488 --> 01:09:31,798

my study was that their district or past

1643

01:09:29,619 --> 01:09:33,548

- dr. Campos what's going to Pat Evans

1644

01:09:31,798 --> 01:09:35,408

safety or ten o'clock

1645

01:09:33,548 --> 01:09:37,869

well I'll stay for like at least a

1646

01:09:35,408 --> 01:09:39,488

granola oh yeah so the likelihood is

1647

01:09:37,869 --> 01:09:41,798

that they saw the object coming down and

1648

01:09:39,488 --> 01:09:43,809

then pop that legs actually she never

1649

01:09:41,798 --> 01:09:49,509

showed a move she's your life what

1650

01:09:43,810 --> 01:09:51,100

appeared to be something around like

1651

01:09:49,509 --> 01:09:53,920

some saw and all the other witnesses

1652

01:09:51,100 --> 01:09:55,300

sugar coming down but when he was

1653

01:09:53,920 --> 01:09:58,390

telling me about how a cure this

1654
01:09:55,300 --> 01:10:02,320
one-wayness white what was it why does

1655
01:09:58,390 --> 01:10:04,270
it disappear anywhere backups and

1656
01:10:02,319 --> 01:10:08,619
looking at the scenery from there he was

1657
01:10:04,270 --> 01:10:10,690
daylight got the maps out and there I

1658
01:10:08,619 --> 01:10:12,579
could draw a line on the back I could

1659
01:10:10,689 --> 01:10:14,469
draw the line on Google Earth its

1660
01:10:12,579 --> 01:10:16,719
Greater Columbus wall and it went

1661
01:10:14,469 --> 01:10:18,880
straight off across the payments so we

1662
01:10:16,719 --> 01:10:21,760
knew about this line of sight yeah and

1663
01:10:18,880 --> 01:10:23,500
all this Kevin Clarke was it's a bitch

1664
01:10:21,760 --> 01:10:25,900
it's a bit of a hill in hailing distance

1665
01:10:23,500 --> 01:10:28,060
we couldn't see out in the dark was all

1666
01:10:25,899 --> 01:10:29,859
you could see it in pale eyes yeah we do

1667
01:10:28,060 --> 01:10:31,870
a heavy twigs in fact what it was doing

1668
01:10:29,859 --> 01:10:34,389
it was common now gone behind it behind

1669
01:10:31,869 --> 01:10:37,269
it was the land bi on to color burn went

1670
01:10:34,390 --> 01:10:39,159
yeah London behind was deeper yeah so

1671
01:10:37,270 --> 01:10:41,050
they went out as precise basically well

1672
01:10:39,158 --> 01:10:42,639
it's not gonna finally yet not on the

1673
01:10:41,050 --> 01:10:45,349
mountain but he couldn't explain editor

1674
01:10:42,640 --> 01:10:48,020
so I'm and a would be

1675
01:10:45,349 --> 01:10:49,730
my mouth numb like this on Google Earth

1676
01:10:48,020 --> 01:10:53,060
and I've got all the Heifetz and of

1677
01:10:49,729 --> 01:10:55,218
course Kevin cough before right in his

1678
01:10:53,060 --> 01:10:58,429
life and that's what it went beyond it's

1679
01:10:55,219 --> 01:11:00,649
just a bitch but of course I used the

1680
01:10:58,429 --> 01:11:05,179
parameters of his yard was a definite on

1681
01:11:00,649 --> 01:11:09,078
the wall I had year put those two lines

1682

01:11:05,179 --> 01:11:11,300
straight across the payments it's all

1683
01:11:09,078 --> 01:11:13,849
colorful if you like so Google 3d a few

1684
01:11:11,300 --> 01:11:18,110
miles down and then I got Pat Evans

1685
01:11:13,849 --> 01:11:22,130
position no Pat Evans was when she came

1686
01:11:18,109 --> 01:11:24,348
up on the part of the period the b49

1687
01:11:22,130 --> 01:11:26,090
what she sort of mine I wrote to make

1688
01:11:24,349 --> 01:11:28,969
sure they've joined it and come walking

1689
01:11:26,090 --> 01:11:30,590
up the mountain now when one of the

1690
01:11:28,969 --> 01:11:35,480
things and officer taught and the

1691
01:11:30,590 --> 01:11:37,250
Roberts attempt to deep Booker was all

1692
01:11:35,479 --> 01:11:39,500
closely landed on us because he kept

1693
01:11:37,250 --> 01:11:41,510
saying stuff our legitimacy was and I

1694
01:11:39,500 --> 01:11:43,429
kept finding these mistakes and as only

1695
01:11:41,510 --> 01:11:45,409
you wouldn't make so many mistakes then

1696
01:11:43,429 --> 01:11:47,690

like lobster their lives the very

1697

01:11:45,408 --> 01:11:50,509
mistakes at all seem that serious

1698

01:11:47,689 --> 01:11:53,479
attempts to publish what people would

1699

01:11:50,510 --> 01:11:56,570
see and then

1700

01:11:53,479 --> 01:11:58,609
he said that in the dark she had no

1701

01:11:56,569 --> 01:12:02,239
points of reference to where this object

1702

01:11:58,609 --> 01:12:03,769
was somehow Disney stepped up so that he

1703

01:12:02,239 --> 01:12:05,929
could try and explain away that light

1704

01:12:03,770 --> 01:12:07,940
anything you want because she couldn't

1705

01:12:05,930 --> 01:12:10,600
say exactly where that was he could then

1706

01:12:07,939 --> 01:12:13,609
say well it's this it was this even this

1707

01:12:10,600 --> 01:12:16,250
and in fact when you caught the robbed

1708

01:12:13,609 --> 01:12:19,639
this is falsely in there now in a place

1709

01:12:16,250 --> 01:12:22,250
at the wrong cause what my god and then

1710

01:12:19,640 --> 01:12:24,890
comes flat but about two-thirds of a

1711
01:12:22,250 --> 01:12:28,550
mile and then starts to drop down again

1712
01:12:24,890 --> 01:12:31,190
on the other side and so when she could

1713
01:12:28,550 --> 01:12:33,650
look up there's a point where she's

1714
01:12:31,189 --> 01:12:36,699
looking to the left and she can't see

1715
01:12:33,649 --> 01:12:39,649
this UFO cause of the debate and

1716
01:12:36,699 --> 01:12:41,000
reasoning and that she comes up all of a

1717
01:12:39,649 --> 01:12:44,929
sudden there's a point where you might

1718
01:12:41,000 --> 01:12:46,630
call a weird a compass interview and

1719
01:12:44,930 --> 01:12:49,550
then she calls along the road a bit

1720
01:12:46,630 --> 01:12:51,440
George slaughters object stops a car

1721
01:12:49,550 --> 01:12:55,820
looking out for five minutes in the

1722
01:12:51,439 --> 01:12:57,019
distance then she drove to her that said

1723
01:12:55,819 --> 01:12:59,059
and pointed a little bit of fear though

1724
01:12:57,020 --> 01:13:01,320
it was actually is on the old country

1725
01:12:59,060 --> 01:13:03,300
boundary that made the honor show

1726
01:13:01,319 --> 01:13:05,340
she turned round we're back to roughly

1727
01:13:03,300 --> 01:13:07,260
the same spot so she's walking up the

1728
01:13:05,340 --> 01:13:09,900
other side of a car now imagine looking

1729
01:13:07,260 --> 01:13:12,180
at this object another five minutes and

1730
01:13:09,899 --> 01:13:14,219
then she has enough for hope because she

1731
01:13:12,180 --> 01:13:15,750
did whatever it was she didn't think was

1732
01:13:14,220 --> 01:13:20,730
a plane crash at all didn't know what

1733
01:13:15,750 --> 01:13:22,020
the hell that was but she she knew it

1734
01:13:20,729 --> 01:13:23,639
was a plane crash and she knew she could

1735
01:13:22,020 --> 01:13:25,350
do anything anyway if it was a plane

1736
01:13:23,640 --> 01:13:26,880
crash because it was too far as consul

1737
01:13:25,350 --> 01:13:33,090
didn't know he was nothing to do with

1738
01:13:26,880 --> 01:13:34,529
her on Channel 4 documentary but she

1739

01:13:33,090 --> 01:13:37,409
said we lost a little lights around as

1740
01:13:34,529 --> 01:13:39,179
if we might all just a hater yeah

1741
01:13:37,409 --> 01:13:41,039
there's been the greatest of triangles

1742
01:13:39,180 --> 01:13:42,420
so she so she assumed that if it was a

1743
01:13:41,039 --> 01:13:44,519
plane crash there were people there she

1744
01:13:42,420 --> 01:13:45,779
thought whatever it was a rescue team

1745
01:13:44,520 --> 01:13:48,150
this was something he had asked you same

1746
01:13:45,779 --> 01:13:49,649
there some sort of English what do you

1747
01:13:48,149 --> 01:13:51,029
think was unfair lies over the people

1748
01:13:49,649 --> 01:13:55,229
that soldiers maybe I think you might

1749
01:13:51,029 --> 01:13:56,939
never see and I think they were there to

1750
01:13:55,229 --> 01:13:58,529
spook it I believe that I think there's

1751
01:13:56,939 --> 01:14:00,389
military I always suspected there was

1752
01:13:58,529 --> 01:14:04,679
military there was never any sort of

1753
01:14:00,390 --> 01:14:05,820

proof and then there was again it was

1754

01:14:04,680 --> 01:14:08,690

addition for a bit of a disinformation

1755

01:14:05,819 --> 01:14:12,149

campaigning as past Evans because

1756

01:14:08,689 --> 01:14:14,460

Margaret fly can back this up

1757

01:14:12,149 --> 01:14:16,409

Marga fly interview pass up and Eleanor

1758

01:14:14,460 --> 01:14:18,260

perhaps and she took another couple of

1759

01:14:16,409 --> 01:14:24,149

people go

1760

01:14:18,260 --> 01:14:25,360

and Pat Evans showed them a piece of

1761

01:14:24,149 --> 01:14:28,929

paper

1762

01:14:25,359 --> 01:14:31,329

which is saying that she'd met her on

1763

01:14:28,930 --> 01:14:35,079

work after the main roles as she was

1764

01:14:31,329 --> 01:14:38,289

going back well that got out into the

1765

01:14:35,079 --> 01:14:41,409

public domain and it suddenly evolved

1766

01:14:38,289 --> 01:14:44,079

into she was threatened by the military

1767

01:14:41,409 --> 01:14:46,899

they haven't good points all this you

1768
01:14:44,079 --> 01:14:49,630
know he you know what they physically

1769
01:14:46,899 --> 01:14:51,039
stopped that the chain that is aware on

1770
01:14:49,630 --> 01:14:52,840
the check that I'm flawed it's also sort

1771
01:14:51,039 --> 01:14:59,680
of going all the sort of rubbish about

1772
01:14:52,840 --> 01:15:02,770
their yeah yeah all that is tea table

1773
01:14:59,680 --> 01:15:06,610
all the source of their blue and in fact

1774
01:15:02,770 --> 01:15:08,650
when about the fly interview that she

1775
01:15:06,609 --> 01:15:10,630
produced his piece of paper and she'd

1776
01:15:08,649 --> 01:15:15,039
stubble this notes that she'd met an

1777
01:15:10,630 --> 01:15:17,890
army wagon and it was all civil she did

1778
01:15:15,039 --> 01:15:20,409
speech simply flee and he just has to do

1779
01:15:17,890 --> 01:15:22,660
you seen any noises and this time the

1780
01:15:20,409 --> 01:15:25,359
other that she been on the way there was

1781
01:15:22,659 --> 01:15:28,449
no hints of animosity or

1782
01:15:25,359 --> 01:15:30,519
a place of behavior by the military not

1783
01:15:28,449 --> 01:15:33,309
a negative word aggressive all

1784
01:15:30,520 --> 01:15:34,780
hunky-dory she went they come up but she

1785
01:15:33,310 --> 01:15:36,910
just assumed that sorted to do but what

1786
01:15:34,779 --> 01:15:37,960
she looked up was witness testimony that

1787
01:15:36,909 --> 01:15:41,590
women everywhere

1788
01:15:37,960 --> 01:15:43,239
yeah that was that so yeah now I mean

1789
01:15:41,590 --> 01:15:45,489
obviously and often dairy dogs is sort

1790
01:15:43,239 --> 01:15:48,309
of deep uncle Tomo bombs on this and he

1791
01:15:45,489 --> 01:15:50,619
claimed that she'd showed him a piece of

1792
01:15:48,310 --> 01:15:53,980
paper and he's been in this vicinity

1793
01:15:50,619 --> 01:15:54,920
this to all the life he claimed that she

1794
01:15:53,979 --> 01:15:59,718
just

1795
01:15:54,920 --> 01:16:01,039
to him but she'd never seen anyone well

1796

01:15:59,719 --> 01:16:02,960
why would you write something bad about

1797
01:16:01,039 --> 01:16:04,100
something you'd never see because it

1798
01:16:02,960 --> 01:16:06,260
would never happen it would never trust

1799
01:16:04,100 --> 01:16:09,350
him and he actually turned the story

1800
01:16:06,260 --> 01:16:13,760
around but he didn't know I don't think

1801
01:16:09,350 --> 01:16:16,489
that's a about if I had say asinus and I

1802
01:16:13,760 --> 01:16:18,140
made a bunch of mention is a few things

1803
01:16:16,488 --> 01:16:21,309
my way and I had talked about on the set

1804
01:16:18,140 --> 01:16:26,289
end anyways just backed down on it now

1805
01:16:21,310 --> 01:16:30,380
but in more recent times

1806
01:16:26,289 --> 01:16:33,198
she changed the story and she seems

1807
01:16:30,380 --> 01:16:36,010
you've changed a story in 1997 and

1808
01:16:33,198 --> 01:16:36,009
that's when

1809
01:16:37,189 --> 01:16:42,779
Margaret flied was approached by a guy

1810
01:16:40,500 --> 01:16:44,488

called John Williams your science to

1811

01:16:42,779 --> 01:16:46,109

seller this story about how to clash

1812

01:16:44,488 --> 01:16:47,579

them to be and it was a military

1813

01:16:46,109 --> 01:16:49,710

operation in the Irish Sea

1814

01:16:47,579 --> 01:16:53,880

it's you might see it online as

1815

01:16:49,710 --> 01:16:56,250

operation fault or flush saying it's the

1816

01:16:53,880 --> 01:16:58,829

same folks will flash at the corners

1817

01:16:56,250 --> 01:17:00,600

operate an operation it was two things

1818

01:16:58,829 --> 01:17:03,929

for a few stick to use together it was a

1819

01:17:00,600 --> 01:17:07,250

false or flashy fence where the flash

1820

01:17:03,929 --> 01:17:09,989

was used to photograph and illuminate

1821

01:17:07,250 --> 01:17:12,560

vessels from I know higher altitude

1822

01:17:09,988 --> 01:17:15,198

aircraft for photography purposes

1823

01:17:12,560 --> 01:17:19,710

wartime stuff but it's still different

1824

01:17:15,198 --> 01:17:21,238

and the operation just someone some

1825
01:17:19,710 --> 01:17:22,679
journalist fused it's years ago they had

1826
01:17:21,238 --> 01:17:26,698
called operation force of flashing it

1827
01:17:22,679 --> 01:17:28,380
stuck and this job you had to sell this

1828
01:17:26,698 --> 01:17:30,988
story to market effects to account for

1829
01:17:28,380 --> 01:17:35,489
the UFO crash on the mountains but of

1830
01:17:30,988 --> 01:17:39,209
course later is the appeared seemingly

1831
01:17:35,488 --> 01:17:40,289
because suddenly dart published his

1832
01:17:39,210 --> 01:17:42,270
reference

1833
01:17:40,289 --> 01:17:43,680
that there might not be in the clash so

1834
01:17:42,270 --> 01:17:44,910
it was like a sudden rush to keep this

1835
01:17:43,680 --> 01:17:46,350
crash scenario :

1836
01:17:44,909 --> 01:17:50,729
because it was a deal with

1837
01:17:46,350 --> 01:17:51,900
disinformation that to start with and he

1838
01:17:50,729 --> 01:17:54,209
pushed and pushed and pushed it under

1839
01:17:51,899 --> 01:17:57,869
the course of Kalighat awards and then

1840
01:17:54,210 --> 01:17:59,909
or 1999 and he's an author than ever

1841
01:17:57,869 --> 01:18:03,809
since because no one else was stupid

1842
01:17:59,909 --> 01:18:07,680
enough to take the story on the targeted

1843
01:18:03,810 --> 01:18:09,930
Margaret fry them because she looked a

1844
01:18:07,680 --> 01:18:11,610
leaden day at them other times you were

1845
01:18:09,930 --> 01:18:14,250
doing it for the right nostril they told

1846
01:18:11,609 --> 01:18:16,649
it they wanted to convince her of this

1847
01:18:14,250 --> 01:18:20,130
operation any other stage of a chaotic -

1848
01:18:16,649 --> 01:18:24,839
could this relate 1997 though - up to

1849
01:18:20,130 --> 01:18:26,819
2000 even a 2001 this John Williams read

1850
01:18:24,840 --> 01:18:30,300
contacted Margaret fly after she told

1851
01:18:26,819 --> 01:18:32,909
him to get lost - say wolf careless has

1852
01:18:30,300 --> 01:18:37,579
got this evidence that there was an

1853

01:18:32,909 --> 01:18:41,130
event in the sea and it was a fate a

1854
01:18:37,579 --> 01:18:43,640
letter big content letter from the

1855
01:18:41,130 --> 01:18:45,810
mother Technical College's yollie

1856
01:18:43,640 --> 01:18:49,100
assistant be able to connect John

1857
01:18:45,810 --> 01:18:53,610
Williams tentatively with someone in

1858
01:18:49,100 --> 01:18:57,539
town for Scotty's just they basically

1859
01:18:53,609 --> 01:19:00,420
told Ross Ross contact Holly as now and

1860
01:18:57,539 --> 01:19:03,649
got some information for you and they'd

1861
01:19:00,420 --> 01:19:06,390
be good in this big letter back at all

1862
01:19:03,649 --> 01:19:09,059
this idea of a military operation in the

1863
01:19:06,390 --> 01:19:11,070
Irish Sea you do have access of staged

1864
01:19:09,060 --> 01:19:12,930
you do have tasks the minute I mean if

1865
01:19:11,069 --> 01:19:15,539
there's nothing to any of these stories

1866
01:19:12,930 --> 01:19:18,270
why do they go to such lengths to lie

1867
01:19:15,539 --> 01:19:20,069

about it and then if someone bit of

1868

01:19:18,270 --> 01:19:21,600

brains and a bit of patience can see

1869

01:19:20,069 --> 01:19:30,289

through it was more attention to it I

1870

01:19:21,600 --> 01:19:33,450

know doesn't make any sense they know

1871

01:19:30,289 --> 01:19:36,149

it's the disinformation is what to do

1872

01:19:33,449 --> 01:19:40,519

with the water lapping up the realities

1873

01:19:36,149 --> 01:19:42,960

there but they caused so much chaos by

1874

01:19:40,520 --> 01:19:44,610

young people get bored resistance we had

1875

01:19:42,960 --> 01:19:47,850

long since the well one knows where

1876

01:19:44,609 --> 01:19:51,059

what's true or not you know and then it

1877

01:19:47,850 --> 01:19:53,010

rather than lie about the pajama thing

1878

01:19:51,060 --> 01:19:53,700

like you said at the beginning of the

1879

01:19:53,010 --> 01:19:55,949

conversation

1880

01:19:53,699 --> 01:19:58,619

what you didn't modify you discounted

1881

01:19:55,949 --> 01:20:02,159

all that which had no source yeah on you

1882
01:19:58,619 --> 01:20:07,769
just once only everybody that's right

1883
01:20:02,159 --> 01:20:10,590
and there was a policeman would say this

1884
01:20:07,770 --> 01:20:13,980
detectives but the reality is if you get

1885
01:20:10,590 --> 01:20:16,939
say three facts it is it a fusible

1886
01:20:13,979 --> 01:20:18,589
concrete facts yeah

1887
01:20:16,939 --> 01:20:21,139
they could become protected in any way

1888
01:20:18,590 --> 01:20:22,939
whatsoever the hound they preferably

1889
01:20:21,139 --> 01:20:25,489
more the boy got the better but if you

1890
01:20:22,939 --> 01:20:28,939
don't like three facts you've got a

1891
01:20:25,488 --> 01:20:31,158
skeleton for anyway and if someone gives

1892
01:20:28,939 --> 01:20:37,039
you information if they don't fit the

1893
01:20:31,158 --> 01:20:39,198
fact it can't be true you know remember

1894
01:20:37,038 --> 01:20:41,658
there is a sort of like alternative side

1895
01:20:39,198 --> 01:20:44,238
to this also like an opposite effect if

1896
01:20:41,658 --> 01:20:46,058
you're mucking in the waters and trying

1897
01:20:44,238 --> 01:20:48,649
to confuse people but if you like

1898
01:20:46,059 --> 01:20:50,840
ourselves and we keep climbing on keep

1899
01:20:48,649 --> 01:20:53,509
finding the facts until normal camera

1900
01:20:50,840 --> 01:20:56,029
food it the more they try to you know

1901
01:20:53,510 --> 01:20:58,280
make it look like it's false eventually

1902
01:20:56,029 --> 01:21:00,349
you know you can use that against then I

1903
01:20:58,279 --> 01:21:02,359
say well have a look here I'll see again

1904
01:21:00,349 --> 01:21:03,498
then again and again it stands up so now

1905
01:21:02,359 --> 01:21:05,509
I want you well what have you other

1906
01:21:03,498 --> 01:21:07,849
things to do tonight oh yeah I mentioned

1907
01:21:05,510 --> 01:21:10,400
a motion motion earlier I'd appreciate

1908
01:21:07,849 --> 01:21:12,679
the illogical survey I just dr. budget

1909
01:21:10,399 --> 01:21:15,348
motion evokes a piece on the it called

1910

01:21:12,679 --> 01:21:18,288
the enigmatic polity earthquake the

1911
01:21:15,349 --> 01:21:20,328
course he explained events away but it

1912
01:21:18,288 --> 01:21:22,880
was just about a false it was a seismic

1913
01:21:20,328 --> 01:21:25,819
event it was just fine because that's

1914
01:21:22,880 --> 01:21:28,099
what it is what I ran into this guy yeah

1915
01:21:25,819 --> 01:21:30,219
well hopefully information requesting a

1916
01:21:28,099 --> 01:21:35,560
nasty piece of where

1917
01:21:30,220 --> 01:21:38,320
a turn out that he was in charge of all

1918
01:21:35,560 --> 01:21:40,240
that they said he collected in relation

1919
01:21:38,319 --> 01:21:43,960
to the earthquakes around on the day of

1920
01:21:40,239 --> 01:21:45,519
intervention and Lee Roberts you tell

1921
01:21:43,960 --> 01:21:47,550
you I discovered later was a very good

1922
01:21:45,520 --> 01:21:50,590
friend that this I didn't know that it

1923
01:21:47,550 --> 01:21:55,079
my coin silliness undid offices bolster

1924
01:21:50,590 --> 01:21:58,960

the he'd seen maps and documents that

1925

01:21:55,079 --> 01:22:02,140

has lain hidden in there pretty logical

1926

01:21:58,960 --> 01:22:05,199

survey archives for 20 years that no one

1927

01:22:02,140 --> 01:22:06,670

had ever seen but he was the best and so

1928

01:22:05,199 --> 01:22:09,819

therefore he constructs all this

1929

01:22:06,670 --> 01:22:11,319

disinformation out of this but he makes

1930

01:22:09,819 --> 01:22:14,880

the mistake of saying that his ceiling

1931

01:22:11,319 --> 01:22:20,619

so I like it Michael Sullivan

1932

01:22:14,880 --> 01:22:22,480

so I actually co-opted the source and I

1933

01:22:20,619 --> 01:22:26,559

contacted their dishes off to the survey

1934

01:22:22,479 --> 01:22:28,139

I said how about these maps these

1935

01:22:26,560 --> 01:22:31,400

documents you know

1936

01:22:28,140 --> 01:22:31,400

washing comes back

1937

01:22:32,109 --> 01:22:37,729

is this well we have got a population

1938

01:22:35,288 --> 01:22:40,518

and it was somewhat a woman got involved

1939
01:22:37,729 --> 01:22:42,649
and she was quite nasty as well and they

1940
01:22:40,519 --> 01:22:46,760
appeal they've got a DVD quest and all

1941
01:22:42,649 --> 01:22:49,129
this no no support that leaves me with

1942
01:22:46,760 --> 01:22:50,920
deal one option that you haven't caught

1943
01:22:49,130 --> 01:22:53,480
it and Robertson Act they made it up

1944
01:22:50,920 --> 01:22:55,550
what it does exist and you're not to

1945
01:22:53,479 --> 01:22:58,368
talk to me and they wait this went on

1946
01:22:55,550 --> 01:22:59,929
for two years and in the end I just I

1947
01:22:58,368 --> 01:23:01,880
don't know I reported them

1948
01:22:59,929 --> 01:23:04,368
I made an official complaint against

1949
01:23:01,880 --> 01:23:06,618
them and this dialect of thought got

1950
01:23:04,368 --> 01:23:08,268
back and stood for me one of the I adore

1951
01:23:06,618 --> 01:23:10,308
people you should know movie only beta

1952
01:23:08,269 --> 01:23:12,440
formal complaint below cut into this and

1953
01:23:10,309 --> 01:23:15,679
then all of a sudden there

1954
01:23:12,439 --> 01:23:19,098
I got maps and documents they all

1955
01:23:15,679 --> 01:23:21,260
appeared which and then hovered on

1956
01:23:19,099 --> 01:23:24,078
wasn't and they said oh it you were very

1957
01:23:21,260 --> 01:23:26,599
unclear in your initial therefore why

1958
01:23:24,078 --> 01:23:29,500
they do that all art but I don't want at

1959
01:23:26,599 --> 01:23:32,690
the sauce it couldn't be any more clear

1960
01:23:29,500 --> 01:23:34,639
but that was the excuse to Exodus raised

1961
01:23:32,689 --> 01:23:36,229
to incorporate him I don't know whether he

1962
01:23:34,639 --> 01:23:38,420
got bothered by his bosses or whatever

1963
01:23:36,229 --> 01:23:39,319
because I don't think his bosses knew

1964
01:23:38,420 --> 01:23:40,819
what he was doing

1965
01:23:39,319 --> 01:23:44,149
but the I that what was actually

1966
01:23:40,819 --> 01:23:45,859
happening was the Roberts was given the

1967

01:23:44,149 --> 01:23:48,679
information I was to put the domain

1968
01:23:45,859 --> 01:23:50,710
which wasn't strictly true they thought

1969
01:23:48,679 --> 01:23:53,079
he'd seen these documents

1970
01:23:50,710 --> 01:23:55,329
and this is what they said but he was

1971
01:23:53,079 --> 01:23:57,519
relying on that is most not to get the

1972
01:23:55,329 --> 01:23:59,159
information out so anyone else could see

1973
01:23:57,520 --> 01:24:02,530
not what he was saying wasn't true

1974
01:23:59,159 --> 01:24:04,869
the documents were real what lovers

1975
01:24:02,529 --> 01:24:06,759
would say importance he didn't want

1976
01:24:04,869 --> 01:24:08,619
anyone lost see these documents too

1977
01:24:06,760 --> 01:24:11,880
shocked and in fact he made it all up

1978
01:24:08,619 --> 01:24:14,470
so we'd used of their documents let them

1979
01:24:11,880 --> 01:24:17,050
do we can't say that we can't say that

1980
01:24:14,470 --> 01:24:19,810
will say this oh by the way or anyone

1981
01:24:17,050 --> 01:24:21,369

has to see them don't give me no I got

1982

01:24:19,810 --> 01:24:25,240

them in the end but even they beat up a

1983

01:24:21,369 --> 01:24:30,010

myth there's a lot of this show well I

1984

01:24:25,239 --> 01:24:33,899

work on the maps because I find a

1985

01:24:30,010 --> 01:24:36,310

conspiracy between the police and the

1986

01:24:33,899 --> 01:24:41,319

surprise isn't a vicious Geological

1987

01:24:36,310 --> 01:24:43,180

Survey and because on the maps where

1988

01:24:41,319 --> 01:24:46,119

pass Evers was on the beef was even what

1989

01:24:43,180 --> 01:24:50,829

that was given the figure that ID

1990

01:24:46,119 --> 01:24:55,720

see ya and all these different places

1991

01:24:50,829 --> 01:24:57,699

around oh that's cold ones and their

1992

01:24:55,720 --> 01:25:00,010

house even their houses are there didn't

1993

01:24:57,699 --> 01:25:02,859

they find FL another number over there

1994

01:25:00,010 --> 01:25:05,050

what receipt wonderful but I have some

1995

01:25:02,859 --> 01:25:07,329

maps and they only have so many C's on

1996
01:25:05,050 --> 01:25:10,480
them so my assumption was if there's a

1997
01:25:07,329 --> 01:25:12,909
hundred there might be a C 200 or it

1998
01:25:10,479 --> 01:25:16,809
might be a C 20 because it was just a

1999
01:25:12,909 --> 01:25:18,369
little battle matter anymore Maps

2000
01:25:16,810 --> 01:25:20,200
because I don't think he being honest

2001
01:25:18,369 --> 01:25:24,640
I'm the anybody category didn't IV had

2002
01:25:20,199 --> 01:25:27,010
any more maps but I take off the police

2003
01:25:24,640 --> 01:25:29,500
documents when a few docking was to

2004
01:25:27,010 --> 01:25:31,420
please clean the out and then they in

2005
01:25:29,500 --> 01:25:33,970
there if they had a preference see one

2006
01:25:31,420 --> 01:25:35,350
of these and that proves the

2007
01:25:33,970 --> 01:25:37,570
collaborators because the British

2008
01:25:35,350 --> 01:25:41,200
Geological Survey told me did with

2009
01:25:37,569 --> 01:25:43,389
reference members where they they didn't

2010
01:25:41,199 --> 01:25:45,880
spew people or what they saw in relation

2011
01:25:43,390 --> 01:25:48,670
to this theater my benefactor

2012
01:25:45,880 --> 01:25:50,739
police are the same others and submit

2013
01:25:48,670 --> 01:25:54,819
that's conspiracy there was they were

2014
01:25:50,739 --> 01:25:55,719
using these these cold numbers if you

2015
01:25:54,819 --> 01:25:58,090
like

2016
01:25:55,720 --> 01:25:59,829
sharing information well why would the

2017
01:25:58,090 --> 01:26:01,829
police be interested in the seer back to

2018
01:25:59,829 --> 01:26:04,479
find out they're due to the earthquake

2019
01:26:01,829 --> 01:26:07,510
it doesn't make sense given all their

2020
01:26:04,479 --> 01:26:10,000
money for rightfulness dollars doing all

2021
01:26:07,510 --> 01:26:11,860
they know well done you for perseverant

2022
01:26:10,000 --> 01:26:15,489
mm-hmm that's just a whole life

2023
01:26:11,859 --> 01:26:18,519
sensitivity a couple hours yeah I think

2024

01:26:15,489 --> 01:26:21,819
I think we will draw to enclose Leo I'll

2025
01:26:18,520 --> 01:26:24,220
just ask about the metal detector I

2026
01:26:21,819 --> 01:26:25,630
guess there was nothing found in any of

2027
01:26:24,220 --> 01:26:28,390
your efforts because I know what Richard

2028
01:26:25,630 --> 01:26:30,220
II Hall you did all find a spot

2029
01:26:28,390 --> 01:26:35,800
somewhere that was of interest so we

2030
01:26:30,220 --> 01:26:37,480
actually a.m. yeah we went there Richard

2031
01:26:35,800 --> 01:26:39,279
had already been there he actually knows

2032
01:26:37,479 --> 01:26:42,959
about himself I took him up there

2033
01:26:39,279 --> 01:26:47,909
showing what acting was and then he

2034
01:26:42,960 --> 01:26:51,250
about to be spoke to a woman house and

2035
01:26:47,909 --> 01:26:54,099
thereby there and then he did clear some

2036
01:26:51,250 --> 01:26:58,000
information which I wasn't privy to and

2037
01:26:54,100 --> 01:27:01,570
this woman said then that would there

2038
01:26:58,000 --> 01:27:02,859

and there was quite a lot the board and

2039

01:27:01,569 --> 01:27:04,809

he said do you mind if I go and have a

2040

01:27:02,859 --> 01:27:06,519

look and said what's not like water but

2041

01:27:04,810 --> 01:27:09,880

just go in there and he mention is this

2042

01:27:06,520 --> 01:27:11,860

conifer forest cause my plantation look

2043

01:27:09,880 --> 01:27:15,369

at this house and he went along this

2044

01:27:11,859 --> 01:27:18,609

track and then he found this what looked

2045

01:27:15,369 --> 01:27:19,899

like a turning circle and fonta vehicles

2046

01:27:18,609 --> 01:27:23,920

who did you captive and although the

2047

01:27:19,899 --> 01:27:26,710

plantations example he was you know this

2048

01:27:23,920 --> 01:27:29,199

about this cause it wasn't a normal

2049

01:27:26,710 --> 01:27:31,750

sized one if you put a wagon in there

2050

01:27:29,199 --> 01:27:35,590

were logs on it went sailing in a second

2051

01:27:31,750 --> 01:27:36,970

in this table laid order device and he

2052

01:27:35,590 --> 01:27:38,440

told me about it we went back and we

2053
01:27:36,970 --> 01:27:40,960
fullness and I took a metal detector

2054
01:27:38,439 --> 01:27:42,919
just to mess up I was in then maybe only

2055
01:27:40,960 --> 01:27:45,800
done a coke can on it

2056
01:27:42,920 --> 01:27:47,480
I think I found a patty as well so good

2057
01:27:45,800 --> 01:27:50,050
luck though yeah what was interesting

2058
01:27:47,479 --> 01:27:54,049
about it was all the spoil was gone

2059
01:27:50,050 --> 01:27:55,369
soil yeah Wendy make it on the slope and

2060
01:27:54,050 --> 01:27:57,110
it caused your side scientists higher

2061
01:27:55,369 --> 01:27:59,269
than the other yeah so one side on the

2062
01:27:57,109 --> 01:28:01,460
other not only do when you do this if

2063
01:27:59,270 --> 01:28:04,100
you just push the spoil around one side

2064
01:28:01,460 --> 01:28:06,409
yeah costly to put this bracket before

2065
01:28:04,100 --> 01:28:07,850
he planted the trees so they just pushed

2066
01:28:06,409 --> 01:28:10,670
the swirl down and then he applied to

2067
01:28:07,850 --> 01:28:12,440
the wall around it what Ivan into the

2068
01:28:10,670 --> 01:28:14,659
trees and there's the face think enosis

2069
01:28:12,439 --> 01:28:18,169
it was not spoil there was no rocks

2070
01:28:14,659 --> 01:28:21,260
nothing so at least in that contact it

2071
01:28:18,170 --> 01:28:23,480
was suspicious because they'd taken all

2072
01:28:21,260 --> 01:28:26,890
the soil health to create this Tiernan

2073
01:28:23,479 --> 01:28:28,969
area and there was nowhere to be seen

2074
01:28:26,890 --> 01:28:31,039
my father Street doesn't pay that

2075
01:28:28,970 --> 01:28:33,050
without starting it I think that was

2076
01:28:31,039 --> 01:28:34,939
that was the after London London site

2077
01:28:33,050 --> 01:28:38,869
now it was on the mountain of both

2078
01:28:34,939 --> 01:28:40,579
however I do believe I went in and all

2079
01:28:38,869 --> 01:28:42,769
the open about trees and Father's Day

2080
01:28:40,579 --> 01:28:46,130
and stuff but we countryside connections

2081

01:28:42,770 --> 01:28:47,810
and this particular water humid and all

2082
01:28:46,130 --> 01:28:50,690
the other plantations around it mm-hmm

2083
01:28:47,810 --> 01:28:53,270
but also when I look at the state of the

2084
01:28:50,689 --> 01:28:55,759
trees they haven't been flashed or

2085
01:28:53,270 --> 01:28:57,800
anything like that and they put thought

2086
01:28:55,760 --> 01:28:59,119
by at the time to sized a way they would

2087
01:28:57,800 --> 01:29:00,920
have been asked I decide but I'm just

2088
01:28:59,119 --> 01:29:02,210
taking off them because you have to take

2089
01:29:00,920 --> 01:29:04,190
the side plank off the one that

2090
01:29:02,210 --> 01:29:05,630
that was you know quite small and he did

2091
01:29:04,189 --> 01:29:07,639
it several times over the lifetime of

2092
01:29:05,630 --> 01:29:09,170
the tree because they don't take the

2093
01:29:07,640 --> 01:29:11,150
sound cleansing off the yet knots in the

2094
01:29:09,170 --> 01:29:13,909
wood and it's not good for building

2095
01:29:11,149 --> 01:29:16,309

great so that's why deep nasty tear

2096

01:29:13,909 --> 01:29:18,439

trees I mean nobody just leave all the

2097

01:29:16,310 --> 01:29:20,690

time she's on the floor Tomas but he's

2098

01:29:18,439 --> 01:29:25,099

on the mainland and it wasn't quite

2099

01:29:20,689 --> 01:29:26,089

right and I just I get all like this is

2100

01:29:25,100 --> 01:29:28,550

in the area mother

2101

01:29:26,090 --> 01:29:28,940

yeah funny hall or and this war is

2102

01:29:28,550 --> 01:29:31,430

didn't

2103

01:29:28,939 --> 01:29:33,679

fools if you had to top of the water

2104

01:29:31,430 --> 01:29:37,039

you'd only have it in about six or seven

2105

01:29:33,680 --> 01:29:39,560

hundred yards away this object was okay

2106

01:29:37,039 --> 01:29:40,969

and it seems to be that maybe because we

2107

01:29:39,560 --> 01:29:45,020

don't know we don't know maybe something

2108

01:29:40,969 --> 01:29:47,230

went on and just these few hundred yards

2109

01:29:45,020 --> 01:29:49,130

love it no we don't know we're not

2110
01:29:47,229 --> 01:29:51,169
understanding we've got flat feet over

2111
01:29:49,130 --> 01:29:52,880
all this yeah I think that's what they

2112
01:29:51,170 --> 01:29:55,279
do because if there's trees then it's

2113
01:29:52,880 --> 01:29:58,369
all it's very difficult to dig around

2114
01:29:55,279 --> 01:30:00,889
and you've clean up a few things in my

2115
01:29:58,369 --> 01:30:03,349
mind anyway well this we thought there's

2116
01:30:00,890 --> 01:30:06,560
a lot of similarities I'm surprised just

2117
01:30:03,350 --> 01:30:09,020
how many that are under we should it's

2118
01:30:06,560 --> 01:30:11,090
often cook did the Bourbon mounting UFO

2119
01:30:09,020 --> 01:30:13,610
crash but she'll be volatile

2120
01:30:11,090 --> 01:30:16,279
you should be renamed if anyone I like

2121
01:30:13,609 --> 01:30:19,279
if anyone's pushing a clash so no yoke

2122
01:30:16,279 --> 01:30:20,960
now still yeah

2123
01:30:19,279 --> 01:30:22,789
I've also been mixed about anyway there

2124
01:30:20,960 --> 01:30:25,210
was a crash or Alon name but it seems

2125
01:30:22,789 --> 01:30:27,560
more like a London had they bought that

2126
01:30:25,210 --> 01:30:29,180
modify our two witnesses you know for

2127
01:30:27,560 --> 01:30:31,930
this course flank or not there's about

2128
01:30:29,180 --> 01:30:34,850
three miles four miles beyond where it

2129
01:30:31,930 --> 01:30:37,159
was passive incentive correctly

2130
01:30:34,850 --> 01:30:38,449
mentioned his partner said she was a bit

2131
01:30:37,159 --> 01:30:42,738
disappointed one of the things she

2132
01:30:38,448 --> 01:30:45,349
always read cadets is she had where she

2133
01:30:42,738 --> 01:30:47,039
here does I don't know but she had quite

2134
01:30:45,350 --> 01:30:51,780
soon after the events

2135
01:30:47,039 --> 01:30:54,960
day two that's its walk off about ten

2136
01:30:51,779 --> 01:30:58,019
minutes after she was there summer said

2137
01:30:54,960 --> 01:31:00,689
they called my wife 20 past 10:00 but

2138

01:30:58,020 --> 01:31:02,640
Marga Frey smoked two people in this

2139
01:31:00,689 --> 01:31:08,639
village called Franco not to separate

2140
01:31:02,640 --> 01:31:10,590
women who claims they saw in the

2141
01:31:08,640 --> 01:31:13,200
television of this object past level for

2142
01:31:10,590 --> 01:31:15,539
the village just at the roughly the same

2143
01:31:13,199 --> 01:31:18,630
time as past Evans head that he left

2144
01:31:15,539 --> 01:31:21,029
alone so what we assume a few assume

2145
01:31:18,630 --> 01:31:22,680
it's the same object house that was

2146
01:31:21,029 --> 01:31:25,139
really disappointed that you didn't see

2147
01:31:22,680 --> 01:31:26,579
this thing take off because the mass of

2148
01:31:25,140 --> 01:31:28,110
what she says and the must have the fact

2149
01:31:26,579 --> 01:31:28,939
he's changed her stories and things like

2150
01:31:28,109 --> 01:31:31,199
this

2151
01:31:28,939 --> 01:31:34,859
someone claimed she had a bomb to change

2152
01:31:31,199 --> 01:31:37,769

her story in 97 life and it does most of

2153

01:31:34,859 --> 01:31:40,589

the fact but she still believes or even

2154

01:31:37,770 --> 01:31:41,970

knows it was a vehicle of

2155

01:31:40,590 --> 01:31:45,239

extraterrestrial origin

2156

01:31:41,970 --> 01:31:47,010

she she she continued story but she

2157

01:31:45,239 --> 01:31:48,239

doesn't she's never changed a store than

2158

01:31:47,010 --> 01:31:51,960

what she actually thinks it might have

2159

01:31:48,239 --> 01:31:53,130

been and it's a it's a UFO I mean we're

2160

01:31:51,960 --> 01:31:53,819

not seeing it today actually never saw

2161

01:31:53,130 --> 01:31:58,170

it flight

2162

01:31:53,819 --> 01:32:01,619

so for later wasn't a UFO they can

2163

01:31:58,170 --> 01:32:04,949

scream an image of water so all the

2164

01:32:01,619 --> 01:32:07,349

times all fit it Pierre country yeah

2165

01:32:04,949 --> 01:32:09,630

that's something you had all together

2166

01:32:07,350 --> 01:32:12,030

it's my new business any dispute about

2167
01:32:09,630 --> 01:32:16,020
that whatsoever timeline spending and

2168
01:32:12,029 --> 01:32:18,750
stories yeah so is it case closed or do

2169
01:32:16,020 --> 01:32:23,760
you think isn't about always wanting to

2170
01:32:18,750 --> 01:32:25,619
do the last couple years or so I've been

2171
01:32:23,760 --> 01:32:30,770
buried down for his career

2172
01:32:25,619 --> 01:32:33,989
find a chase the the bunkers you know

2173
01:32:30,770 --> 01:32:37,370
and their interests I'm trying to find a

2174
01:32:33,989 --> 01:32:41,159
way of I think I'm making progress

2175
01:32:37,369 --> 01:32:43,890
you've got a person here supplying a

2176
01:32:41,159 --> 01:32:45,689
piece of an owl it's a people saying

2177
01:32:43,890 --> 01:32:47,520
this is from the bill in cash and

2178
01:32:45,689 --> 01:32:49,739
they've got someone here doing the same

2179
01:32:47,520 --> 01:32:51,960
thing years apart

2180
01:32:49,739 --> 01:32:54,239
mmm doing the same thing and the

2181
01:32:51,960 --> 01:32:57,569
interesting thing is it's appears that

2182
01:32:54,239 --> 01:33:00,510
all the metals are medium and as I like

2183
01:32:57,569 --> 01:33:03,179
to say to people if you are a random

2184
01:33:00,510 --> 01:33:07,650
person II was just once it's it there's

2185
01:33:03,180 --> 01:33:09,329
a cool nobody just for malice to put a

2186
01:33:07,649 --> 01:33:12,359
piece of metal as the UFO community and

2187
01:33:09,329 --> 01:33:14,039
say this come from a UFO crash yeah and

2188
01:33:12,359 --> 01:33:14,929
then another Pez news it doesn't on that

2189
01:33:14,039 --> 01:33:18,510
one

2190
01:33:14,930 --> 01:33:20,159
thanks I'll do that and they do it and

2191
01:33:18,510 --> 01:33:22,050
give it a piece of mail system one can

2192
01:33:20,159 --> 01:33:26,149
say disgruntlement UFO crash the same

2193
01:33:22,050 --> 01:33:29,070
one and then they both have to say metal

2194
01:33:26,149 --> 01:33:32,250
what would be the chances of that it's

2195

01:33:29,069 --> 01:33:35,159
just it's incalculable and it seems that

2196
01:33:32,250 --> 01:33:36,840
what happened rough callous like city

2197
01:33:35,159 --> 01:33:40,619
peanut in newspapers usually a night

2198
01:33:36,840 --> 01:33:42,869
attack last one like a song with his

2199
01:33:40,619 --> 01:33:44,789
little blob now I know he was given that

2200
01:33:42,869 --> 01:33:47,430
blob and he's changed his story several

2201
01:33:44,789 --> 01:33:50,789
times over the years but this blood was

2202
01:33:47,430 --> 01:33:54,180
pumping it was from the UFO that crashed

2203
01:33:50,789 --> 01:33:57,449
on there and any different metal because

2204
01:33:54,180 --> 01:33:59,640
someone saw it in the dark getting

2205
01:33:57,449 --> 01:34:01,679
chased by it yet up the valley from a

2206
01:33:59,640 --> 01:34:04,230
couple killing from banger how I roughly

2207
01:34:01,680 --> 01:34:06,930
following the a 5-volt someone saw it

2208
01:34:04,229 --> 01:34:09,750
not only got shot by a missile from the

2209
01:34:06,930 --> 01:34:12,810

plate but another patient with a bench

2210

01:34:09,750 --> 01:34:14,880

the UFO got that plate down a class by

2211

01:34:12,810 --> 01:34:16,710

the hillside near kappa kitty again no

2212

01:34:14,880 --> 01:34:19,470

one saw any of that someone saw the

2213

01:34:16,710 --> 01:34:21,659

missile at the UFO but no one saw the

2214

01:34:19,470 --> 01:34:24,810

UFO there's no sort of playing clash

2215

01:34:21,659 --> 01:34:27,470

even though it was shot down and this

2216

01:34:24,810 --> 01:34:29,850

plane with this UFO was driven metal

2217

01:34:27,470 --> 01:34:32,050

yeah I was somewhat proceeded out from

2218

01:34:29,850 --> 01:34:33,400

whatever height it wasn't that

2219

01:34:32,050 --> 01:34:35,320

there's some pretty good but then

2220

01:34:33,399 --> 01:34:39,519

someone retrieve the Peter this liquid

2221

01:34:35,319 --> 01:34:41,289

metal and then amazingly amazingly give

2222

01:34:39,520 --> 01:34:42,790

us additional Williams and this John

2223

01:34:41,289 --> 01:34:45,250

Williams no pastor Calvin say it's a

2224
01:34:42,789 --> 01:34:46,000
piece of the UFO muddy the waters but I

2225
01:34:45,250 --> 01:34:47,500
bet you

2226
01:34:46,000 --> 01:34:48,819
Keller's keep saying these total people

2227
01:34:47,500 --> 01:34:51,010
are well that is tested but I'm not

2228
01:34:48,819 --> 01:34:53,439
telling anyone the results he's a liar

2229
01:34:51,010 --> 01:34:55,180
it's never been tested he's never given

2230
01:34:53,439 --> 01:35:00,210
anyone the opportunities are tested

2231
01:34:55,180 --> 01:35:04,500
enough that my last pound on earth

2232
01:35:00,210 --> 01:35:04,500
recycles and beans like or something

2233
01:35:04,920 --> 01:35:14,170
yeah yes I bought metal motor flies melt

2234
01:35:11,590 --> 01:35:15,610
tested twice by two different

2235
01:35:14,170 --> 01:35:18,039
independent lab rich it all they

2236
01:35:15,609 --> 01:35:19,779
organized walk for me feel horrible and

2237
01:35:18,039 --> 01:35:21,279
as the other one for me easy animal

2238
01:35:19,779 --> 01:35:23,039
mutilation stuff hmm

2239
01:35:21,279 --> 01:35:28,779
they've all come under the same result

2240
01:35:23,039 --> 01:35:30,939
that a callous a television and if it is

2241
01:35:28,779 --> 01:35:32,289
the Chancellor to people around them to

2242
01:35:30,939 --> 01:35:36,599
coming up with the same email is

2243
01:35:32,289 --> 01:35:36,600
incalculable which to me suggests

2244
01:35:37,380 --> 01:35:40,520
