

1
00:00:08,779 --> 00:00:13,279
right believe me everybody will make it

2
00:00:10,490 --> 00:00:16,309
let's start them now welcome to the June

3
00:00:13,279 --> 00:00:18,439
super mutant No

4
00:00:16,309 --> 00:00:19,670
as you know every six months or so we

5
00:00:18,439 --> 00:00:21,649
rarely update you with the latest

6
00:00:19,670 --> 00:00:24,290
sightings that have occurred in the

7
00:00:21,649 --> 00:00:26,349
southwards area and incidentally they're

8
00:00:24,289 --> 00:00:28,608
being quite a lot of them recently

9
00:00:26,350 --> 00:00:30,618
however it's like we're able to attend

10
00:00:28,609 --> 00:00:32,359
our attention to the North Wales area

11
00:00:30,618 --> 00:00:34,570
and this is because they are the

12
00:00:32,359 --> 00:00:37,369
pleasure of the company of mr. Gary row

13
00:00:34,570 --> 00:00:39,170
now although Gary was born I think it's

14
00:00:37,369 --> 00:00:40,579
stoke-on-trent he's lived in North Wales

15
00:00:39,170 --> 00:00:45,140
for many many years and currently

16
00:00:40,579 --> 00:00:47,089
resides in rill he's been interested in

17
00:00:45,140 --> 00:00:49,039
the UFO phenomena since his teenage

18
00:00:47,090 --> 00:00:52,219
years and since then he's been actively

19
00:00:49,039 --> 00:00:54,558
investigating UFO sightings in the area

20
00:00:52,219 --> 00:00:56,808
for many decades including the plan of

21
00:00:54,558 --> 00:01:00,140
our case which I spoke to about a few

22
00:00:56,808 --> 00:01:02,238
years ago on which no doubt have

23
00:01:00,140 --> 00:01:04,280
something to say tonight as well

24
00:01:02,238 --> 00:01:06,349
he's been a member of and run and

25
00:01:04,280 --> 00:01:08,239
founded various UFO groups have given

26
00:01:06,349 --> 00:01:10,459
many talks on the subject over the years

27
00:01:08,239 --> 00:01:13,069
and is extremely knowledgeable on the

28
00:01:10,459 --> 00:01:15,199
subject so Tony you take this through

29

00:01:13,069 --> 00:01:17,809
many of his most notable North Wales UFO

30
00:01:15,200 --> 00:01:22,180
investigations so I never told me long

31
00:01:17,810 --> 00:01:22,180
ago please give a warm welcome to mr.

32
00:01:28,799 --> 00:01:31,890
[Music]

33
00:01:32,590 --> 00:01:37,939
thank you very much for that that's a

34
00:01:35,000 --> 00:01:39,890
brilliant welcome now I must warn you I

35
00:01:37,939 --> 00:01:42,590
don't know which of you is gonna fall

36
00:01:39,890 --> 00:01:44,180
asleep first you all live on they've

37
00:01:42,590 --> 00:01:45,799
been on the road from eight o'clock this

38
00:01:44,180 --> 00:01:47,180
morning until four o'clock this

39
00:01:45,799 --> 00:01:49,819
afternoon because they've been a major

40
00:01:47,180 --> 00:01:51,830
accident somewhere and every roads got

41
00:01:49,819 --> 00:01:54,309
diversions and police cars I've never

42
00:01:51,829 --> 00:01:58,459
seen so much about I thought my belly

43
00:01:54,310 --> 00:02:14,360

right okay then well when you elect me

44

00:01:58,459 --> 00:02:18,469

how's the the new Prime Minister I am 77

45

00:02:14,360 --> 00:02:20,660

years of age my wife Christine over

46

00:02:18,469 --> 00:02:23,810

there and we live in North Wales I've

47

00:02:20,659 --> 00:02:25,849

got one son two grandsons as has already

48

00:02:23,810 --> 00:02:29,479

been said I've spent my entire life

49

00:02:25,849 --> 00:02:34,400

looking into phenomena one kind of

50

00:02:29,479 --> 00:02:37,280

mother and especially UFOs why do I do

51

00:02:34,400 --> 00:02:39,230

it I do it to try and settle whether

52

00:02:37,280 --> 00:02:42,019

this thing that somebody's seen all I've

53

00:02:39,229 --> 00:02:44,209

seen myself is just some common thing

54

00:02:42,019 --> 00:02:48,379

misunderstood some kind of military

55

00:02:44,209 --> 00:02:50,930

craft or could it be heaven forbid a UFO

56

00:02:48,379 --> 00:02:53,299

from an extraterrestrial but all I'm

57

00:02:50,930 --> 00:02:55,519

interested in is the answer when I've

58

00:02:53,299 --> 00:02:58,670

got it I don't care if it turns out to

59

00:02:55,519 --> 00:03:01,599

be a jumbo jet a bird an aeroplane or

60

00:02:58,669 --> 00:03:05,149

Superman as long as I get the answer and

61

00:03:01,599 --> 00:03:07,519

nobody that you will look at well spend

62

00:03:05,150 --> 00:03:09,859

as much effort as I do to try to get to

63

00:03:07,519 --> 00:03:11,659

the answer and the data banks and the

64

00:03:09,859 --> 00:03:14,420

people that I have use to get to that

65

00:03:11,659 --> 00:03:16,759

answer will absolutely astonishing but I

66

00:03:14,419 --> 00:03:18,719

will get to the answer I've been

67

00:03:16,759 --> 00:03:21,120

fortunate if you can put it

68

00:03:18,719 --> 00:03:23,490

whether you believe in coincidences I

69

00:03:21,120 --> 00:03:29,219

offer every single day today's no

70

00:03:23,490 --> 00:03:31,170

exception very lucky to about some of

71

00:03:29,219 --> 00:03:35,129

the most important cases that have ever

72
00:03:31,169 --> 00:03:39,839
been made not just to do with UFOs had

73
00:03:35,129 --> 00:03:41,879
to do with all more than the life they

74
00:03:39,840 --> 00:03:44,300
have left me totally stunned

75
00:03:41,879 --> 00:03:47,609
I don't spawn very easily but they have

76
00:03:44,300 --> 00:03:50,340
I mean 50 books probably I didn't write

77
00:03:47,610 --> 00:03:52,050
any of them myself I don't agree with

78
00:03:50,340 --> 00:03:53,610
everything everybody's written but

79
00:03:52,050 --> 00:03:56,390
nonetheless it's nice to be mentioned

80
00:03:53,610 --> 00:03:56,390
again isn't it

81
00:03:57,650 --> 00:04:03,060
several of my places I've been made into

82
00:04:01,469 --> 00:04:05,699
the x-files some of you may have seen

83
00:04:03,060 --> 00:04:08,159
the x-files on the telly Roth forgive my

84
00:04:05,699 --> 00:04:09,599
cases actually of all the places for the

85
00:04:08,159 --> 00:04:12,449
stories on the x-files

86

00:04:09,599 --> 00:04:16,738
to which I've got some lovely signed

87
00:04:12,449 --> 00:04:20,339
autographs from stuff but that's another

88
00:04:16,738 --> 00:04:22,379
thing northwards

89
00:04:20,339 --> 00:04:25,049
if you thought to mention actually that

90
00:04:22,379 --> 00:04:26,519
I also lived in South Wales for 25 years

91
00:04:25,050 --> 00:04:28,590
other to the little village of Marken

92
00:04:26,519 --> 00:04:31,469
offering between you Thor tuga Philly

93
00:04:28,589 --> 00:04:35,599
and while I was there investigating UFOs

94
00:04:31,470 --> 00:04:38,820
as passionately as I am doing currently

95
00:04:35,600 --> 00:04:44,160
I'm often asked if I actually believe in

96
00:04:38,819 --> 00:04:47,480
UFOs the answer is no I don't I do not

97
00:04:44,160 --> 00:04:50,580
believe in UFOs and I'll explain what I

98
00:04:47,480 --> 00:04:53,040
believe to me it's just something that

99
00:04:50,579 --> 00:04:58,019
people choose to cling to in the absence

100
00:04:53,040 --> 00:05:00,780

of any real proof that's a relief no I

101

00:04:58,019 --> 00:05:05,399

don't believe in UFOs I absolutely know

102

00:05:00,779 --> 00:05:07,049

that they are real absolutely in this

103

00:05:05,399 --> 00:05:08,579

presentation I'm gonna be able to offer

104

00:05:07,050 --> 00:05:11,460

you a fraction of the mass per hundred

105

00:05:08,579 --> 00:05:11,859

things on that I've got but it's going

106

00:05:11,459 --> 00:05:15,430

to be

107

00:05:11,860 --> 00:05:17,080

massive amazing stuff all the time the

108

00:05:15,430 --> 00:05:20,079

talk so you don't understand why I'm so

109

00:05:17,079 --> 00:05:22,709

sure and just maybe convince you to go

110

00:05:20,079 --> 00:05:27,339

see your own proof for us more the set

111

00:05:22,709 --> 00:05:29,948

in the x-files the truth is out back and

112

00:05:27,339 --> 00:05:31,388

we went out and found it I'm going to

113

00:05:29,949 --> 00:05:34,419

tell you it's a pretty strange events

114

00:05:31,389 --> 00:05:36,939

that the first seems gutted but I think

115
00:05:34,418 --> 00:05:39,568
they are related and partisan Grunk UFO

116
00:05:36,939 --> 00:05:42,310
plan that's going on to this very day

117
00:05:39,569 --> 00:05:45,189
I'm not sure when these events first

118
00:05:42,310 --> 00:05:47,680
started occurring I suspect it could be

119
00:05:45,189 --> 00:05:49,449
way back in the past certainly they take

120
00:05:47,680 --> 00:05:53,168
further back than when I first moved to

121
00:05:49,449 --> 00:05:59,408
Rome North Wales in 1979 so I'm going to

122
00:05:53,168 --> 00:06:02,408
start with 1978 I'm going to begin with

123
00:05:59,408 --> 00:06:05,199
Anglesey I don't live in I don't see how

124
00:06:02,408 --> 00:06:08,649
they've been real but Anglesey is quite

125
00:06:05,199 --> 00:06:10,629
me I've spent a lifetime there first I'm

126
00:06:08,649 --> 00:06:12,579
going to take you back to September 78

127
00:06:10,629 --> 00:06:16,300
when these events happened the year

128
00:06:12,579 --> 00:06:18,668
before I move that this report was

129
00:06:16,300 --> 00:06:21,430
actually compiled by Federation UFO

130
00:06:18,668 --> 00:06:25,258
research from chest that's on in

131
00:06:21,430 --> 00:06:29,918
Cheshire Creek right

132
00:06:25,259 --> 00:06:36,430
the following good come on just a slider

133
00:06:29,918 --> 00:06:42,430
please yes recognize them they're

134
00:06:36,430 --> 00:06:44,588
helping me with my body this is I will

135
00:06:42,430 --> 00:06:47,939
see I'm sure none of you really need me

136
00:06:44,588 --> 00:06:47,939
to tell you where none will see this

137
00:07:02,850 --> 00:07:19,320
see that okay this is the Isle of I can

138
00:07:17,170 --> 00:07:22,150
see I live just up the road near of it

139
00:07:19,319 --> 00:07:23,889
most important for the area so I'm going

140
00:07:22,149 --> 00:07:26,709
to talk about all the stuff all over the

141
00:07:23,889 --> 00:07:29,199
island is this area here where there's a

142
00:07:26,709 --> 00:07:31,449
manatee it's called Holly's mountain and

143

00:07:29,199 --> 00:07:34,360
below it as you can see they're almost

144
00:07:31,449 --> 00:07:34,659
in the central uncle si and 2/3 of the

145
00:07:34,360 --> 00:07:39,069
way up

146
00:07:34,660 --> 00:07:42,160
Islamic am f as a discord okay which is

147
00:07:39,069 --> 00:07:44,589
a very tiny little village and the top

148
00:07:42,160 --> 00:07:49,050
end is called Paris core which will

149
00:07:44,589 --> 00:07:51,579
feature in what I'm going to tell okay

150
00:07:49,050 --> 00:07:53,259
the first indication that something

151
00:07:51,579 --> 00:07:56,459
unusual the curved in the one in command

152
00:07:53,259 --> 00:07:59,709
area came from several newspapers

153
00:07:56,459 --> 00:08:02,169
sporting such ludicrous entrance are six

154
00:07:59,709 --> 00:08:05,199
thoughts silver sooty spaceman chases

155
00:08:02,170 --> 00:08:06,520
catters they love it done the end there

156
00:08:05,199 --> 00:08:09,069
was little green men as well they they

157
00:08:06,519 --> 00:08:10,779

absolutely right by the time several the

158

00:08:09,069 --> 00:08:12,370

witnesses have given their accounts of

159

00:08:10,779 --> 00:08:15,369

the incidents on well stripes in the

160

00:08:12,370 --> 00:08:19,060

radio it was decided by few for to

161

00:08:15,370 --> 00:08:21,009

investigate the case in-depth prior to

162

00:08:19,060 --> 00:08:23,709

the investigation commenced seen before

163

00:08:21,009 --> 00:08:25,659

contacted Dunsany place of beautiful or

164

00:08:23,709 --> 00:08:31,359

I think we may have a picture in it

165

00:08:25,660 --> 00:08:33,790

would be please this is a stylized

166

00:08:31,360 --> 00:08:40,060

picture this is from their actual report

167

00:08:33,789 --> 00:08:42,909

you see London command marked on a tiny

168

00:08:40,059 --> 00:08:46,750

place who built his own Observatory ins

169

00:08:42,909 --> 00:08:48,279

of high keen UFO investigator the names

170

00:08:46,750 --> 00:08:48,730

and addresses of the witnesses of

171

00:08:48,279 --> 00:08:52,000

trotting

172
00:08:48,730 --> 00:08:53,440
a finger of ground of abettin he figures

173
00:08:52,000 --> 00:08:55,480
later in the talk as well

174
00:08:53,440 --> 00:08:58,700
it's only contacting Larry David before

175
00:08:55,480 --> 00:09:00,830
and obtaining the relevant information

176
00:08:58,700 --> 00:09:02,840
a brief rundown of the inserts there was

177
00:09:00,830 --> 00:09:04,940
at this point that multi geekman became

178
00:09:02,840 --> 00:09:07,790
involved in the case and decided to

179
00:09:04,940 --> 00:09:10,820
undergo a joint investigation so not a

180
00:09:07,789 --> 00:09:12,289
command itself Monica made Liza's point

181
00:09:10,820 --> 00:09:14,990
just north of the center of the island

182
00:09:12,289 --> 00:09:17,539
itself is a small rural Township

183
00:09:14,990 --> 00:09:21,740
surrounded by seeming Angeles mr. of

184
00:09:17,539 --> 00:09:25,159
undulating format I think we may have a

185
00:09:21,740 --> 00:09:32,000
slide that's Tony place yeah we're

186
00:09:25,159 --> 00:09:34,370
getting that right there the terminus

187
00:09:32,000 --> 00:09:36,200
only two main streets light by quite old

188
00:09:34,370 --> 00:09:39,080
buildings the main scenario of this

189
00:09:36,200 --> 00:09:40,879
report the mass of an estate is quite a

190
00:09:39,080 --> 00:09:43,370
recent building development just to the

191
00:09:40,879 --> 00:09:46,129
rest of the town lies the failure to

192
00:09:43,370 --> 00:09:48,019
unlock railroad which builds onto the

193
00:09:46,129 --> 00:09:50,389
scene of the incidents which follow in

194
00:09:48,019 --> 00:09:53,720
this report the investigations were

195
00:09:50,389 --> 00:09:57,080
started on the 5th of September 78 when

196
00:09:53,720 --> 00:09:59,110
a team of few four members gathered in

197
00:09:57,080 --> 00:10:01,730
Staffordshire set out for Anglesey

198
00:09:59,110 --> 00:10:03,649
whilst enroute the investigators chat

199
00:10:01,730 --> 00:10:04,970
with : make Police Headquarters to

200

00:10:03,649 --> 00:10:07,039
ascertain the depth of the police

201
00:10:04,970 --> 00:10:08,810
investigation into the sightings

202
00:10:07,039 --> 00:10:10,909
although several of their police

203
00:10:08,809 --> 00:10:12,799
officers had seen something unusual on

204
00:10:10,909 --> 00:10:17,480
the same evening they have been told

205
00:10:12,799 --> 00:10:19,849
that they were medias as usual it was

206
00:10:17,480 --> 00:10:23,690
decided at this point to go directly to

207
00:10:19,850 --> 00:10:25,370
Lanica met on arrival at the site again

208
00:10:23,690 --> 00:10:27,920
it was agreed that the first priority

209
00:10:25,370 --> 00:10:30,049
would be to ascertain if the objects

210
00:10:27,919 --> 00:10:32,629
seen as London if so were there any

211
00:10:30,049 --> 00:10:34,639
traces several witnesses came forward

212
00:10:32,629 --> 00:10:37,009
assured the investigators the early

213
00:10:34,639 --> 00:10:39,439
where the UFO and apparently London lead

214
00:10:37,009 --> 00:10:41,679

on with this knowledge they immediately

215

00:10:39,440 --> 00:10:44,460

undertook an examination of the air

216

00:10:41,679 --> 00:10:47,370

since the initial sighting in concert

217

00:10:44,460 --> 00:10:49,290

being a grateful and I wins and although

218

00:10:47,370 --> 00:10:51,210

the majorities surrounding terrain was

219

00:10:49,289 --> 00:10:53,669

rough grazing month there were a number

220

00:10:51,210 --> 00:10:55,590

of fields which were rather marching it

221

00:10:53,669 --> 00:10:57,299

must be noted at this point that a

222

00:10:55,590 --> 00:10:59,129

number of the fields were inhabited by

223

00:10:57,299 --> 00:11:01,559

cattle and this combined with the

224

00:10:59,129 --> 00:11:04,110

adverse weather made the chance of

225

00:11:01,559 --> 00:11:05,609

finding any traces robbery but this all

226

00:11:04,110 --> 00:11:08,909

may sound a bit boring but just want to

227

00:11:05,610 --> 00:11:13,050

show the the breadth of this and the

228

00:11:08,909 --> 00:11:14,819

shared content of it if I may even if

229
00:11:13,049 --> 00:11:16,740
the object of lightning the possibility

230
00:11:14,820 --> 00:11:18,270
find interest was never removed although

231
00:11:16,740 --> 00:11:20,039
the police were on the scene of the

232
00:11:18,269 --> 00:11:22,409
incident shortly after 9 o'clock on the

233
00:11:20,039 --> 00:11:24,779
evening of September no examination of

234
00:11:22,409 --> 00:11:26,219
the air there was up to be undertaken so

235
00:11:24,779 --> 00:11:28,529
it could well imagine how interested

236
00:11:26,220 --> 00:11:31,379
they were in it the following accounts

237
00:11:28,529 --> 00:11:33,779
of the UFO sightings all the information

238
00:11:31,379 --> 00:11:36,179
given by the witnesses who live in and

239
00:11:33,779 --> 00:11:38,189
around the village of annika met the

240
00:11:36,179 --> 00:11:41,159
incidents all set out in time sequence

241
00:11:38,190 --> 00:11:45,120
starting with the day witness first mrs.

242
00:11:41,159 --> 00:11:47,909
Helen Roberts a mystical in wind news 44

243
00:11:45,120 --> 00:11:49,560
46 years old respectively mr. Robinson

244
00:11:47,909 --> 00:11:51,360
mr. Jews were taken their dogs for a

245
00:11:49,559 --> 00:11:53,099
walk on the outskirts of London came

246
00:11:51,360 --> 00:11:56,460
when they noticed the strange appearance

247
00:11:53,100 --> 00:11:58,680
of the sky about 1750 hours the whole

248
00:11:56,460 --> 00:12:00,509
sky seemed to become a bread and the

249
00:11:58,679 --> 00:12:03,029
atmosphere was very heavy in the area

250
00:12:00,509 --> 00:12:04,289
quieter than usual they then noticed

251
00:12:03,029 --> 00:12:06,779
what appeared to be strange-looking

252
00:12:04,289 --> 00:12:09,419
claret the witness described the clothes

253
00:12:06,779 --> 00:12:11,519
being roughly circular in shape black at

254
00:12:09,419 --> 00:12:13,409
the bottom right on the top they thought

255
00:12:11,519 --> 00:12:15,990
it unusual because it was the only cloud

256
00:12:13,409 --> 00:12:19,769
in the entire sky and they watched the

257

00:12:15,990 --> 00:12:22,889
object for 30 minutes with us - this is

258
00:12:19,769 --> 00:12:24,659
Betty Owen 50 years of age I was told by

259
00:12:22,889 --> 00:12:27,149
an egg to come outside and look at a

260
00:12:24,659 --> 00:12:29,459
strange object in the sky I'm going

261
00:12:27,149 --> 00:12:32,429
outside Mrs. Owen saw what appeared to

262
00:12:29,460 --> 00:12:33,420
be a silver ball she watched the object

263
00:12:32,429 --> 00:12:34,979
for five minutes

264
00:12:33,419 --> 00:12:38,659
after watching the object for a while

265
00:12:34,980 --> 00:12:42,129
longer she finally went back in our oven

266
00:12:38,659 --> 00:12:43,958
another witness Alan Williams was

267
00:12:42,129 --> 00:12:45,458
years old and he was playing with

268
00:12:43,958 --> 00:12:47,799
several of his friends in the field

269
00:12:45,458 --> 00:12:49,869
which leads onto the rear of masa

270
00:12:47,799 --> 00:12:52,359
furnace state when he noticed the

271
00:12:49,870 --> 00:12:54,039

strange circular shaped light that

272

00:12:52,360 --> 00:12:56,800
emitted a bright light from its surface

273

00:12:54,039 --> 00:12:59,198
area as the object descended the light

274

00:12:56,799 --> 00:13:01,689
intensified and grew in apparent size

275

00:12:59,198 --> 00:13:03,549
while still descending the object

276

00:13:01,690 --> 00:13:05,829
returned to its original size and

277

00:13:03,549 --> 00:13:08,109
magnitude it was at this point the

278

00:13:05,828 --> 00:13:10,778
witness became apprehensive and decided

279

00:13:08,110 --> 00:13:12,789
to make always own he did notice however

280

00:13:10,778 --> 00:13:16,539
that the couple in the next field seemed

281

00:13:12,789 --> 00:13:19,059
very dispersed David more pesky 12 years

282

00:13:16,539 --> 00:13:21,009
of age probably the main witness of the

283

00:13:19,059 --> 00:13:23,559
Veronica meth sighting called Louise of

284

00:13:21,009 --> 00:13:25,360
tender age is a cousin decide to remain

285

00:13:23,559 --> 00:13:28,539
fluent and consistent throughout the

286
00:13:25,360 --> 00:13:30,250
investigations the above taken time day

287
00:13:28,539 --> 00:13:33,219
playing with some friends and himself

288
00:13:30,250 --> 00:13:35,799
were playing football on the OCS state

289
00:13:33,220 --> 00:13:37,449
of my supper when one of his friends do

290
00:13:35,799 --> 00:13:39,370
his attention to a strange light which

291
00:13:37,448 --> 00:13:42,639
appeared to be descending onto a field

292
00:13:39,370 --> 00:13:44,980
behind the estate he decided to take a

293
00:13:42,639 --> 00:13:46,930
closer loved it and run to the gate

294
00:13:44,980 --> 00:13:49,659
leading onto the field keeping the

295
00:13:46,929 --> 00:13:51,519
object in view all the time from this

296
00:13:49,659 --> 00:13:54,370
point you could see the object more

297
00:13:51,519 --> 00:13:57,959
clearly which was still descending he

298
00:13:54,370 --> 00:14:00,959
described the object as bullet said a

299
00:13:57,958 --> 00:14:00,958
moped

300
00:14:04,500 --> 00:14:11,610
they announced it it was a bright white

301
00:14:09,570 --> 00:14:13,980
color except for a glowing red band

302
00:14:11,610 --> 00:14:16,350
which run around the perimeter of the

303
00:14:13,980 --> 00:14:18,330
object the witness authors also noticed

304
00:14:16,350 --> 00:14:20,610
the series of red lights which run

305
00:14:18,330 --> 00:14:22,350
across the breadth of the object I'll

306
00:14:20,610 --> 00:14:26,940
still just begun to near the ground

307
00:14:22,350 --> 00:14:28,409
level more detail could be seen so David

308
00:14:26,940 --> 00:14:30,900
noticed that there were two protrusions

309
00:14:28,409 --> 00:14:35,549
on each side of the crowd which he does

310
00:14:30,899 --> 00:14:37,500
see there and that it was at this point

311
00:14:35,549 --> 00:14:39,329
in the David felt ugly and Sehun

312
00:14:37,500 --> 00:14:41,580
discussed what to do with his friends

313
00:14:39,330 --> 00:14:43,650
during the short conversation he

314

00:14:41,580 --> 00:14:45,720
momentarily lost his concentration on

315
00:14:43,649 --> 00:14:47,279
the object and when he looked again the

316
00:14:45,720 --> 00:14:49,710
object appeared on the wood near the

317
00:14:47,279 --> 00:14:51,000
ground but the most surprising factor

318
00:14:49,710 --> 00:14:53,639
was the object appeared to be a

319
00:14:51,000 --> 00:14:55,440
different shape Devi described as

320
00:14:53,639 --> 00:14:57,809
appeared to be two silicates of light

321
00:14:55,440 --> 00:14:59,850
the inner circle being dramatic color

322
00:14:57,809 --> 00:15:02,159
which is surrounded by the eight they

323
00:14:59,850 --> 00:15:04,830
act a circle which is a brilliant white

324
00:15:02,159 --> 00:15:07,409
the perimeter of this circle was energy

325
00:15:04,830 --> 00:15:09,389
irregular to Pier to go beyond some

326
00:15:07,409 --> 00:15:11,789
trees and then was completely bought

327
00:15:09,389 --> 00:15:14,009
from his view all the probably seen was

328
00:15:11,789 --> 00:15:15,870

a white glow from beyond the trees his

329

00:15:14,009 --> 00:15:18,480

friends left at this point to tell their

330

00:15:15,870 --> 00:15:20,129

parents and although they could hear no

331

00:15:18,480 --> 00:15:22,200

noise from the object the cattle and

332

00:15:20,129 --> 00:15:24,689

horses and surrounding fields seen

333

00:15:22,200 --> 00:15:27,180

extremely disturbed by something

334

00:15:24,690 --> 00:15:29,370

several cut and fled from one field to

335

00:15:27,179 --> 00:15:32,099

another but David couldn't see what the

336

00:15:29,370 --> 00:15:33,779

cause of the disturbance boss at this

337

00:15:32,100 --> 00:15:35,190

point some of David's friends run to

338

00:15:33,779 --> 00:15:37,559

their parents mother's trust their

339

00:15:35,190 --> 00:15:38,910

opinion and although David could hear no

340

00:15:37,559 --> 00:15:40,739

noise coming from the object the

341

00:15:38,909 --> 00:15:43,649

cosmonauts is and surrounding feel still

342

00:15:40,740 --> 00:15:47,519

extremely disturbed and this goes on

343
00:15:43,649 --> 00:15:51,149
they see this object on the ground and

344
00:15:47,519 --> 00:15:54,329
then they describe the figures that got

345
00:15:51,149 --> 00:15:56,429
edited the craft their clothing the

346
00:15:54,330 --> 00:15:58,950
movements they were walking in the field

347
00:15:56,429 --> 00:16:00,989
that I was in he said they were only a

348
00:15:58,950 --> 00:16:03,750
hundred twenty-five yards away from me

349
00:16:00,990 --> 00:16:05,250
and walked on a parallel path to me they

350
00:16:03,750 --> 00:16:08,139
walked one behind the other

351
00:16:05,250 --> 00:16:10,389
the second thing at the intent of 15

352
00:16:08,139 --> 00:16:12,730
behind the first they seem to be very

353
00:16:10,389 --> 00:16:15,220
tall although I couldn't make a furlough

354
00:16:12,730 --> 00:16:19,720
off of their legs hands or dead due to

355
00:16:15,220 --> 00:16:21,879
the growing darkness the central part of

356
00:16:19,720 --> 00:16:23,920
the figure was gray in color except for

357
00:16:21,879 --> 00:16:26,169
a black band running vertically down the

358
00:16:23,919 --> 00:16:28,479
back and a bright red banner on

359
00:16:26,169 --> 00:16:30,879
horizonte across the figure just above

360
00:16:28,480 --> 00:16:33,840
the west both arms were black in color

361
00:16:30,879 --> 00:16:36,970
but no one's head or legs could be seen

362
00:16:33,840 --> 00:16:39,070
the second figure the second figure was

363
00:16:36,970 --> 00:16:41,379
viewed sideways on from the knees upward

364
00:16:39,070 --> 00:16:43,690
once again the head the hands could not

365
00:16:41,379 --> 00:16:45,100
be seen the second thing is similarly

366
00:16:43,690 --> 00:16:48,220
seem to be dressed in a one-piece

367
00:16:45,100 --> 00:16:50,259
garment which was Colin gray all over

368
00:16:48,220 --> 00:16:52,389
except for a fuzzy white bag which run

369
00:16:50,259 --> 00:16:54,879
horizontally across the side of the

370
00:16:52,389 --> 00:16:56,710
figure just above the waist David also

371

00:16:54,879 --> 00:16:59,230
claimed that he noticed the material was

372
00:16:56,710 --> 00:17:00,759
wrinkled at the waist the two figures

373
00:16:59,230 --> 00:17:02,980
walked slowly across the field one

374
00:17:00,759 --> 00:17:04,690
behind the other David Blaine got the

375
00:17:02,980 --> 00:17:07,000
first figure out his arms raised above

376
00:17:04,690 --> 00:17:11,259
his head although he could not see any

377
00:17:07,000 --> 00:17:12,759
details I think some of this may be on

378
00:17:11,259 --> 00:17:14,920
there there we go

379
00:17:12,759 --> 00:17:23,250
descriptions these like that children's

380
00:17:14,920 --> 00:17:25,930
that they may think hold it backwards so

381
00:17:23,250 --> 00:17:28,690
this goes on full descriptions of

382
00:17:25,930 --> 00:17:30,340
figures walking across the fields yeah

383
00:17:28,690 --> 00:17:32,320
totally getting through to the police

384
00:17:30,339 --> 00:17:34,240
but once the contact was made with him

385
00:17:32,319 --> 00:17:36,909

there great difficulty in hearing what

386

00:17:34,240 --> 00:17:38,890

he said because it was a great deal of

387

00:17:36,910 --> 00:17:40,380

crackling and a strange high-pitched

388

00:17:38,890 --> 00:17:42,850

tone on the line

389

00:17:40,380 --> 00:17:45,160

although David had made many calls from

390

00:17:42,849 --> 00:17:47,769

the telephone Walter previously since

391

00:17:45,160 --> 00:17:49,540

before he hadn't before many bodies he

392

00:17:47,769 --> 00:17:51,879

had never before noticed such strange

393

00:17:49,539 --> 00:17:53,619

and persistence interference however he

394

00:17:51,880 --> 00:17:55,450

did manage to relate his experience to

395

00:17:53,619 --> 00:17:58,029

the police and they are knowledge this

396

00:17:55,450 --> 00:18:01,809

call by sending patrol constancy of the

397

00:17:58,029 --> 00:18:03,430

incident some 12 minutes later on their

398

00:18:01,809 --> 00:18:03,799

arrival the police interviewed a number

399

00:18:03,430 --> 00:18:06,289

with

400
00:18:03,799 --> 00:18:08,389
about the incident with the gnomon to

401
00:18:06,289 --> 00:18:10,940
one of the awesome to try to calm the

402
00:18:08,390 --> 00:18:12,350
animals down the owner stated that when

403
00:18:10,940 --> 00:18:14,660
they approached the horses they breathe

404
00:18:12,349 --> 00:18:17,719
it away they were allowed to breath and

405
00:18:14,660 --> 00:18:19,340
was sweating profusely after 45 minutes

406
00:18:17,720 --> 00:18:22,549
the police left the Aryan said they

407
00:18:19,339 --> 00:18:24,409
would return other weekend to carry out

408
00:18:22,549 --> 00:18:27,500
more interviews they never did come back

409
00:18:24,410 --> 00:18:30,980
despite what they said witness pup

410
00:18:27,500 --> 00:18:32,269
Tricia Owen 21 years of age post wife

411
00:18:30,980 --> 00:18:33,799
was talking to one of the neighbors

412
00:18:32,269 --> 00:18:36,019
outside the front door

413
00:18:33,799 --> 00:18:38,839
suddenly a child ran up to an explain

414
00:18:36,019 --> 00:18:41,509
that a flying saucer had just landed in

415
00:18:38,839 --> 00:18:43,490
the field behind the estate without any

416
00:18:41,509 --> 00:18:45,589
hesitation this is only broke into a

417
00:18:43,490 --> 00:18:47,539
house and went upstairs to a rear

418
00:18:45,589 --> 00:18:49,970
bedroom which overlooks the fields at

419
00:18:47,539 --> 00:18:51,349
the back of the estate initially she

420
00:18:49,970 --> 00:18:53,630
assumed that the children are probably

421
00:18:51,349 --> 00:18:56,449
mistaken helicopter for the supposed

422
00:18:53,630 --> 00:18:59,180
buying saucer but by the time she

423
00:18:56,450 --> 00:19:01,309
reached the bedroom there was no sign of

424
00:18:59,180 --> 00:19:03,259
the alleged salsa but I see visually

425
00:19:01,309 --> 00:19:05,929
stunned the fields she caught sight of

426
00:19:03,259 --> 00:19:08,480
three tall men walking parallel to a

427
00:19:05,930 --> 00:19:10,700
wall thorn edge she last saw the three

428

00:19:08,480 --> 00:19:12,589
men walking on an incline field and this

429
00:19:10,700 --> 00:19:14,990
point she shouted the children to go on

430
00:19:12,589 --> 00:19:17,209
from the place she that went to the

431
00:19:14,990 --> 00:19:19,400
turns market to later husband returned

432
00:19:17,210 --> 00:19:21,500
and were still very nervous

433
00:19:19,400 --> 00:19:23,780
together with the husband and child on

434
00:19:21,500 --> 00:19:25,970
arrival she found the de crowd of people

435
00:19:23,779 --> 00:19:27,529
had gathered when she cried as to what

436
00:19:25,970 --> 00:19:29,600
was up in him police officer asked for a

437
00:19:27,529 --> 00:19:31,639
name and address and said into a call

438
00:19:29,599 --> 00:19:33,109
interrupts over the weekend she has not

439
00:19:31,640 --> 00:19:35,660
been interviewed by any member of the

440
00:19:33,109 --> 00:19:36,689
police and this goes on the twenty

441
00:19:35,660 --> 00:19:40,560
seven-year-old

442
00:19:36,690 --> 00:19:42,299

apparently party and she received a

443

00:19:40,559 --> 00:19:45,299
flying saucer landing in the field

444

00:19:42,299 --> 00:19:47,220
beyond the estate we're not talking here

445

00:19:45,299 --> 00:19:49,349
about they've got in the sky night

446

00:19:47,220 --> 00:19:53,400
should sanity that they're within a

447

00:19:49,349 --> 00:19:55,980
stone's throw of Aria coming which is

448

00:19:53,400 --> 00:19:58,980
quite nearby just over to the other side

449

00:19:55,980 --> 00:20:02,130
of the island these people see airplanes

450

00:19:58,980 --> 00:20:04,140
taking off a fine ground every day of

451

00:20:02,130 --> 00:20:06,120
their lives because this is rarely

452

00:20:04,140 --> 00:20:07,830
training this is where one of the

453

00:20:06,119 --> 00:20:09,539
failures going on strength is not a

454

00:20:07,829 --> 00:20:12,210
flame and so on

455

00:20:09,539 --> 00:20:14,159
so when you say to them well you were

456

00:20:12,210 --> 00:20:17,309
mistaken this has got to be inherently

457
00:20:14,160 --> 00:20:19,529
take my word because I have they burst

458
00:20:17,309 --> 00:20:24,480
out nothing got you and tell you to go

459
00:20:19,529 --> 00:20:28,319
wet in their fluid I don't see much well

460
00:20:24,480 --> 00:20:34,860
I think he does anyway so it goes on as

461
00:20:28,319 --> 00:20:35,369
a agenda Jeremy birth at 17 years old 20

462
00:20:34,859 --> 00:20:38,359
minutes

463
00:20:35,369 --> 00:20:41,039
Cartman Jane Bertha 12 is only only

464
00:20:38,359 --> 00:20:46,169
children and most of the adults in the

465
00:20:41,039 --> 00:20:50,819
area at all reporting UFOs and landed

466
00:20:46,170 --> 00:20:53,370
objects also flight objects appeared in

467
00:20:50,819 --> 00:20:55,889
half of retrieves offered and so on

468
00:20:53,369 --> 00:20:59,489
Lockman came as an unusual claim to

469
00:20:55,890 --> 00:21:03,450
fame and is this a it's one I didn't

470
00:20:59,490 --> 00:21:05,990
didn't understand at the time summer

471
00:21:03,450 --> 00:21:10,740
jobs away but more or less in a moment

472
00:21:05,990 --> 00:21:13,440
Monica med holds the record for the most

473
00:21:10,740 --> 00:21:17,430
suicides per head of population in the

474
00:21:13,440 --> 00:21:20,549
entire of Europe that was not strange

475
00:21:17,430 --> 00:21:23,130
and idyllic little village in a

476
00:21:20,549 --> 00:21:26,399
beautiful countryside with fantastic

477
00:21:23,130 --> 00:21:27,930
views and not the roughness or pressure

478
00:21:26,400 --> 00:21:32,210
of life that you would get in a big city

479
00:21:27,930 --> 00:21:35,370
and yet so many of the people there

480
00:21:32,210 --> 00:21:37,259
choose to kill themselves and the

481
00:21:35,369 --> 00:21:38,579
experience is that they don't want to

482
00:21:37,259 --> 00:21:42,000
talk about

483
00:21:38,579 --> 00:21:43,980
interview numerous people I've said to

484
00:21:42,000 --> 00:21:45,960
him well you can talk to me the

485

00:21:43,980 --> 00:21:47,940
perfectly safe and futile it's a secret

486
00:21:45,960 --> 00:21:49,590
then it's between you and I for

487
00:21:47,940 --> 00:21:52,350
something something what happened I

488
00:21:49,589 --> 00:21:54,230
don't want to talk about it and it

489
00:21:52,349 --> 00:21:56,939
frightens me to think about it

490
00:21:54,230 --> 00:21:59,640
so once anything that happens you to

491
00:21:56,940 --> 00:22:01,680
make you cause you to be afraid no but

492
00:21:59,640 --> 00:22:03,990
I'm really scared about it and I don't

493
00:22:01,680 --> 00:22:05,820
want to talk and other villages tell me

494
00:22:03,990 --> 00:22:08,069
not to talk about it in case anybody

495
00:22:05,819 --> 00:22:12,259
comes asking questions and this seems to

496
00:22:08,069 --> 00:22:16,950
be the prevailing atmosphere in the area

497
00:22:12,259 --> 00:22:23,279
and this brings me to the plants on

498
00:22:16,950 --> 00:22:27,920
incident I was contacted by a mrs. P he

499
00:22:23,279 --> 00:22:27,920

was not from any in November 1918

500

00:22:27,980 --> 00:22:33,660

undusted Christina and I would come and

501

00:22:30,990 --> 00:22:39,079

visit the post office which we did on

502

00:22:33,660 --> 00:22:41,910

the 2nd of November of 1980 now this is

503

00:22:39,079 --> 00:22:45,779

like a calm head and if we can talk one

504

00:22:41,910 --> 00:22:48,509

more slide up please thank you right I'm

505

00:22:45,779 --> 00:22:51,690

not there in the center is the post

506

00:22:48,509 --> 00:22:53,730

office can you see that sometime that's

507

00:22:51,690 --> 00:22:55,799

the post office in the village sweet

508

00:22:53,730 --> 00:22:57,990

little place I saw the place you want to

509

00:22:55,799 --> 00:23:02,849

go to and commit suicide but nonetheless

510

00:22:57,990 --> 00:23:03,630

this lady rang me up she said I'm very

511

00:23:02,849 --> 00:23:06,509

concerned

512

00:23:03,630 --> 00:23:10,290

my child's other awful experience which

513

00:23:06,509 --> 00:23:11,789

is quite frightening with his friend and

514
00:23:10,289 --> 00:23:13,710
I believe that you're somebody that goes

515
00:23:11,789 --> 00:23:16,200
into these things would you please come

516
00:23:13,710 --> 00:23:18,680
and talk to them see if you can make any

517
00:23:16,200 --> 00:23:21,269
sense of it and in any way you can and

518
00:23:18,680 --> 00:23:23,940
so we're delighted to do it when we got

519
00:23:21,269 --> 00:23:27,809
there general Keller aged nineteen

520
00:23:23,940 --> 00:23:29,880
twelve sorry it gave me the sight an

521
00:23:27,809 --> 00:23:31,428
account which is dated a second over as

522
00:23:29,880 --> 00:23:34,190
I'm Celia

523
00:23:31,429 --> 00:23:35,929
you people I'm actually this is the

524
00:23:34,190 --> 00:23:38,479
sights an account that was filled in all

525
00:23:35,929 --> 00:23:41,509
not dead but the drawing that was made

526
00:23:38,479 --> 00:23:44,538
by his own hand at the bottom what I did

527
00:23:41,509 --> 00:23:46,819
it yes I separated the two boys in two

528
00:23:44,538 --> 00:23:48,888
different rooms we gave him some paper

529
00:23:46,819 --> 00:23:50,989
and a pen and said would you like to

530
00:23:48,888 --> 00:23:52,998
draw a picture give some an idea what

531
00:23:50,989 --> 00:23:56,379
you were looking at and as you'll see in

532
00:23:52,999 --> 00:23:59,989
a moment the pictures are very similar

533
00:23:56,378 --> 00:24:02,538
his own words read on yeah we were

534
00:23:59,989 --> 00:24:05,569
walking along tunnel till pulling a

535
00:24:02,538 --> 00:24:08,598
go-cart and I looked up and shouted look

536
00:24:05,569 --> 00:24:11,210
at that David and David looked up and I

537
00:24:08,598 --> 00:24:13,278
ran up leaving the go-cart when we got

538
00:24:11,210 --> 00:24:16,219
to the top of the hill there was a giant

539
00:24:13,278 --> 00:24:17,019
disc shape like two sources one on top

540
00:24:16,219 --> 00:24:20,599
of the other

541
00:24:17,019 --> 00:24:23,479
it had 20 lights about south molton

542

00:24:20,598 --> 00:24:25,460
color roughly about it I ran to the side

543
00:24:23,479 --> 00:24:28,700
of it and I could see a light blue off

544
00:24:25,460 --> 00:24:31,429
of a football underneath I ran behind

545
00:24:28,700 --> 00:24:34,429
the lamppost but I was still watching it

546
00:24:31,429 --> 00:24:37,399
it turned over in midair and went very

547
00:24:34,429 --> 00:24:40,369
fast towards Paris mounting there was a

548
00:24:37,398 --> 00:24:42,319
storm like object there the saucer went

549
00:24:40,368 --> 00:24:45,019
into it and the storm like object

550
00:24:42,319 --> 00:24:47,509
disappeared and I was very scared

551
00:24:45,019 --> 00:24:50,269
his mum told me that he hugged the

552
00:24:47,509 --> 00:24:54,139
lamppost and wet himself not so

553
00:24:50,269 --> 00:24:56,179
frightened he was really frightened the

554
00:24:54,138 --> 00:24:58,098
other lot David Pritchard his friend

555
00:24:56,179 --> 00:24:59,899
also made a statement in this

556
00:24:58,098 --> 00:25:01,878

description was near-identical

557

00:24:59,898 --> 00:25:04,548

up to wind gentleman broke the lamppost

558

00:25:01,878 --> 00:25:06,378

and that boy David added that the object

559

00:25:04,548 --> 00:25:08,719

then moved directly over them and

560

00:25:06,378 --> 00:25:10,788

although he was terrified he continued

561

00:25:08,719 --> 00:25:14,778

to watch and saw the ugly part of the

562

00:25:10,788 --> 00:25:17,509

craft I think if we move on we might

563

00:25:14,778 --> 00:25:22,878

actually see that drawings this is the

564

00:25:17,509 --> 00:25:25,249

first month this is walkers now pay

565

00:25:22,878 --> 00:25:27,498

close attention you can see that there

566

00:25:25,249 --> 00:25:28,098

is some sort of bulb it's a connector at

567

00:25:27,499 --> 00:25:30,858

the bottom

568

00:25:28,098 --> 00:25:32,389

and it's also some flux at the side and

569

00:25:30,858 --> 00:25:34,399

what look like window

570

00:25:32,390 --> 00:25:37,570

all lights go around the perimeter of it

571
00:25:34,400 --> 00:25:39,890
if we cannot look now of the second one

572
00:25:37,569 --> 00:25:43,029
remember these are done individually

573
00:25:39,890 --> 00:25:46,520
they weren't colluding together anything

574
00:25:43,029 --> 00:25:48,529
this guy course Pritchard have got a

575
00:25:46,519 --> 00:25:50,629
much better look a bit or the other one

576
00:25:48,529 --> 00:25:52,940
was that Schedule B Morocco but as you

577
00:25:50,630 --> 00:25:54,680
can see it too is got the bulbous bits

578
00:25:52,940 --> 00:25:56,900
at the bottom it to Scott protrusions

579
00:25:54,680 --> 00:25:58,430
underneath it's got some sorts of lights

580
00:25:56,900 --> 00:26:00,350
that go around the perimeter but he was

581
00:25:58,430 --> 00:26:02,870
fortunate enough to look underneath it

582
00:26:00,349 --> 00:26:05,119
and here if you see you could see what

583
00:26:02,869 --> 00:26:09,319
looks like legs bone leading to it and

584
00:26:05,119 --> 00:26:14,269
that ball bit at the bottom is separated

585
00:26:09,319 --> 00:26:18,460
with a globe now I know that children

586
00:26:14,269 --> 00:26:21,740
have a fertile mind and can be things

587
00:26:18,460 --> 00:26:25,009
but I was the investigator I had these

588
00:26:21,740 --> 00:26:26,839
two children all to myself I spoke to

589
00:26:25,009 --> 00:26:30,410
him I talked to him I tried to catch the

590
00:26:26,839 --> 00:26:32,419
man and I believe honestly that they

591
00:26:30,410 --> 00:26:38,450
have this experience and they saw this

592
00:26:32,420 --> 00:26:40,640
object I conducted these interviews

593
00:26:38,450 --> 00:26:44,059
obviously with the permission of the

594
00:26:40,640 --> 00:26:46,310
parents under the presence of them to

595
00:26:44,059 --> 00:26:49,220
sum the evening however of the 17th of

596
00:26:46,309 --> 00:26:51,759
November of trozo they got another phone

597
00:26:49,220 --> 00:26:54,769
call from postmistress Missy Pritchard

598
00:26:51,759 --> 00:26:56,629
she sounded agitated and simply told me

599

00:26:54,769 --> 00:27:00,170
to turn on my TV and watch the news

600
00:26:56,630 --> 00:27:02,960
I already on the TV on source which

601
00:27:00,170 --> 00:27:05,090
chance to hear the tail end of a report

602
00:27:02,960 --> 00:27:08,509
regarding the young man who had gone

603
00:27:05,089 --> 00:27:10,549
missing on Paris Mountie a full-scale

604
00:27:08,509 --> 00:27:12,799
search had already been launched

605
00:27:10,549 --> 00:27:15,349
let me just tell me something if you

606
00:27:12,799 --> 00:27:17,240
intend to get lost at any time right

607
00:27:15,349 --> 00:27:19,759
there's one place in the world where

608
00:27:17,240 --> 00:27:21,799
you're going to be found right because

609
00:27:19,759 --> 00:27:25,629
it is the headquarters of the searched

610
00:27:21,799 --> 00:27:29,029
residue of the Coast Guard of RAF al

611
00:27:25,630 --> 00:27:32,000
right almost everything is there at all

612
00:27:29,029 --> 00:27:33,599
we had been around that Anglesey area so

613
00:27:32,000 --> 00:27:35,519

if you're going to get lost you couldn't

614

00:27:33,599 --> 00:27:37,799

in a better place because as soon as you

615

00:27:35,519 --> 00:27:40,980

report it there are people in boats

616

00:27:37,799 --> 00:27:43,039

people in cars and so on people in the

617

00:27:40,980 --> 00:27:52,200

aircraft looking for you straight away

618

00:27:43,039 --> 00:27:54,690

which is it a seer please right this is

619

00:27:52,200 --> 00:27:56,610

actually Perez managing on the top

620

00:27:54,690 --> 00:27:58,289

if you've covered on them that roads you

621

00:27:56,609 --> 00:28:00,419

can see in the middle photograph you

622

00:27:58,289 --> 00:28:02,700

would go down and you'd be up the Paris

623

00:28:00,420 --> 00:28:06,390

corner post office we've just dropped it

624

00:28:02,700 --> 00:28:08,400

out okay it's got the most astounding

625

00:28:06,390 --> 00:28:10,620

landscape they will ever see in your

626

00:28:08,400 --> 00:28:13,440

life to them because it's a massive

627

00:28:10,619 --> 00:28:16,679

copper mining area it's not active at

628
00:28:13,440 --> 00:28:18,509
the moment at all and one day when I was

629
00:28:16,680 --> 00:28:21,630
talking to rush to more friends about

630
00:28:18,509 --> 00:28:23,549
this and I said you know why am I

631
00:28:21,630 --> 00:28:27,480
getting all this activity there because

632
00:28:23,549 --> 00:28:31,230
by the way all of NASA into UFOs like

633
00:28:27,480 --> 00:28:32,819
you would not believe they can't tell

634
00:28:31,230 --> 00:28:36,120
you that because every time they

635
00:28:32,819 --> 00:28:38,700
mentioned UFO or alien the funding steps

636
00:28:36,119 --> 00:28:40,409
and they need went bankrupt three times

637
00:28:38,700 --> 00:28:42,750
the last time because they were

638
00:28:40,410 --> 00:28:45,750
searching for extraterrestrial SETI the

639
00:28:42,750 --> 00:28:48,180
search repla trustees and they've got to

640
00:28:45,750 --> 00:28:50,369
go public with it because obviously you

641
00:28:48,180 --> 00:28:52,200
know the funding just dries up people

642
00:28:50,369 --> 00:28:54,539
don't mind paying for space research of

643
00:28:52,200 --> 00:28:56,730
medical research and technology plans

644
00:28:54,539 --> 00:28:57,899
everything that comes out of it but when

645
00:28:56,730 --> 00:28:59,640
they mention anything to do with the

646
00:28:57,900 --> 00:29:03,780
possibility of aliens they fade away

647
00:28:59,640 --> 00:29:05,790
rapidly from it but here others remind

648
00:29:03,779 --> 00:29:07,649
you if you want to prove the people who

649
00:29:05,789 --> 00:29:09,659
say to me you talk a lot a lot you don't

650
00:29:07,650 --> 00:29:11,519
in any evidence I'm gonna give you some

651
00:29:09,660 --> 00:29:14,730
now jf blumrich

652
00:29:11,519 --> 00:29:18,509
who was in charge of NASA chief engineer

653
00:29:14,730 --> 00:29:22,769
of NASA right wrote a book in his

654
00:29:18,509 --> 00:29:24,150
lifetime and this book what do you think

655
00:29:22,769 --> 00:29:26,849
it's about ii think it's about the

656

00:29:24,150 --> 00:29:27,210
amazing work and the research that they

657
00:29:26,849 --> 00:29:29,189
can

658
00:29:27,210 --> 00:29:31,649
NASA and all the wonderful things

659
00:29:29,190 --> 00:29:33,929
achieved while he was in charge earth no

660
00:29:31,648 --> 00:29:37,829
it's called the spaceships obviously

661
00:29:33,929 --> 00:29:39,210
killed right and it's about UFOs this is

662
00:29:37,829 --> 00:29:42,148
not nothing

663
00:29:39,210 --> 00:29:45,360
the UFOs he wrote about in the book he

664
00:29:42,148 --> 00:29:48,778
discovered in the Bible this craft came

665
00:29:45,359 --> 00:29:51,240
down to old Ezekiel and it's a lovely

666
00:29:48,778 --> 00:29:53,069
scrum I never thought about it in terms

667
00:29:51,240 --> 00:29:55,319
of engineering but it's so well

668
00:29:53,069 --> 00:29:58,528
described wheels within wheels an intern

669
00:29:55,319 --> 00:30:00,450
with activity knowledge this guy is one

670
00:29:58,528 --> 00:30:02,548

of the greatest engineers in the world

671

00:30:00,450 --> 00:30:04,350

it took one look at this and said they

672

00:30:02,548 --> 00:30:07,889

discovered in a new invention eeh

673

00:30:04,349 --> 00:30:10,678

they're talking about a new invention so

674

00:30:07,890 --> 00:30:12,149

he went out when he drew pictures of

675

00:30:10,679 --> 00:30:16,230

what he thought he was listening to it

676

00:30:12,148 --> 00:30:20,788

not bother and he patented it and it is

677

00:30:16,230 --> 00:30:25,528

the only system of moving things to and

678

00:30:20,788 --> 00:30:28,500

fro on the same wheels but he painted it

679

00:30:25,528 --> 00:30:31,380

this time and then there's another one

680

00:30:28,500 --> 00:30:33,960

who decided the Apollo four spacecraft

681

00:30:31,380 --> 00:30:36,630

and has got the most inventions in the

682

00:30:33,960 --> 00:30:42,028

world to his name and he wrote a book

683

00:30:36,630 --> 00:30:45,899

about UFOs this is NASA they won't talk

684

00:30:42,028 --> 00:30:48,509

about it because officially UFOs do

685
00:30:45,898 --> 00:30:51,449
exist and if you report them to the

686
00:30:48,509 --> 00:30:55,079
official NASA they will look into it if

687
00:30:51,450 --> 00:31:00,390
you've got any evidence that's it but

688
00:30:55,079 --> 00:31:04,470
they won't accept anything from it ok so

689
00:31:00,390 --> 00:31:06,720
I turn the news on and there it was this

690
00:31:04,470 --> 00:31:09,509
young man's gone missing on Perry's

691
00:31:06,720 --> 00:31:11,190
Mountie can I have another picture

692
00:31:09,509 --> 00:31:14,069
please

693
00:31:11,190 --> 00:31:16,048
this again is Perez Monty a very

694
00:31:14,069 --> 00:31:18,700
desolate place I might tell you but

695
00:31:16,048 --> 00:31:20,798
except a little film about some azmuth

696
00:31:18,700 --> 00:31:25,058
you know for space it's amazing one more

697
00:31:20,798 --> 00:31:26,769
please and this is the very spot on this

698
00:31:25,058 --> 00:31:28,778
column if you went up there you'd be to

699
00:31:26,769 --> 00:31:30,788
the quarries but this is the top of the

700
00:31:28,778 --> 00:31:33,099
mountain in the dome there is--there is

701
00:31:30,788 --> 00:31:35,648
the most up to be talking about this

702
00:31:33,099 --> 00:31:40,480
young man has driven to the top of this

703
00:31:35,648 --> 00:31:43,418
manatee yes got out of his car left the

704
00:31:40,480 --> 00:31:47,368
keys in it at the door open and

705
00:31:43,419 --> 00:31:50,409
disappeared off the face of the earth

706
00:31:47,368 --> 00:31:52,509
fortunately as I say you can't you know

707
00:31:50,409 --> 00:31:54,970
lose yourself in a better place but the

708
00:31:52,509 --> 00:31:57,700
Tata Polly's Monty because within no

709
00:31:54,970 --> 00:32:00,278
time whatever search and rescue were led

710
00:31:57,700 --> 00:32:04,419
people on the ground mountain rescue

711
00:32:00,278 --> 00:32:06,220
people right there was a search and

712
00:32:04,419 --> 00:32:09,070
rescue with helicopters at the whole

713

00:32:06,220 --> 00:32:12,298
works are looking for a man a young man

714
00:32:09,069 --> 00:32:14,918
on here let's search every inch of this

715
00:32:12,298 --> 00:32:19,658
now the weather was closing down but

716
00:32:14,919 --> 00:32:22,960
they didn't ever find him every night

717
00:32:19,659 --> 00:32:25,629
for 10 days the news actually ended with

718
00:32:22,960 --> 00:32:28,119
an update on the fruitless search which

719
00:32:25,628 --> 00:32:31,118
are they including trucker jobs divers

720
00:32:28,118 --> 00:32:34,569
searched bonds and eventually after 10

721
00:32:31,118 --> 00:32:37,839
days the search was called off from that

722
00:32:34,569 --> 00:32:39,480
day to this this body has never been

723
00:32:37,839 --> 00:32:42,038
found

724
00:32:39,480 --> 00:32:48,608
even though there's a sale about the

725
00:32:42,038 --> 00:32:52,808
best chances of finding other sightings

726
00:32:48,608 --> 00:32:55,569
over on Mossi include August 67 the UFO

727
00:32:52,808 --> 00:32:57,460

follows a HTV driver and his mate from

728

00:32:55,569 --> 00:32:59,710
up ahead across uncle si large

729

00:32:57,460 --> 00:33:01,629
brilliantly illuminated sphere is able

730

00:32:59,710 --> 00:33:05,440
to move up and down vertically and he

731

00:33:01,628 --> 00:33:07,480
was silent and then another news

732

00:33:05,440 --> 00:33:10,149
clipping which is in my stuff tonight

733

00:33:07,480 --> 00:33:12,339
and then it over to your wonderful

734

00:33:10,148 --> 00:33:16,268
organization here so they can examine it

735

00:33:12,339 --> 00:33:19,298
is a a UFO flew over our school as a

736

00:33:16,269 --> 00:33:24,489
assignment a silver cigar shaped craft

737

00:33:19,298 --> 00:33:25,559
with a black dome on top 1978 a large

738

00:33:24,489 --> 00:33:29,569
number of site

739

00:33:25,559 --> 00:33:32,490
we'll see including flying triangles

740

00:33:29,569 --> 00:33:35,069
September 79 a woman in the thirties

741

00:33:32,490 --> 00:33:38,460
witnesses are in full safety objective

742
00:33:35,069 --> 00:33:41,609
my good twenty removed from llanfair PG

743
00:33:38,460 --> 00:33:46,039
witnesses circular UFO a close range and

744
00:33:41,609 --> 00:33:48,809
never suffers from abductee symptoms

745
00:33:46,039 --> 00:33:51,839
1992 husband and wife see one of rifle

746
00:33:48,809 --> 00:33:54,269
see through binoculars long each object

747
00:33:51,839 --> 00:33:57,059
radiating red silver and green bands

748
00:33:54,269 --> 00:33:59,609
very small round objects approached it

749
00:33:57,059 --> 00:34:04,649
and appear to disappear into the larger

750
00:33:59,609 --> 00:34:10,019
object like I said if these becoming

751
00:34:04,650 --> 00:34:11,909
scattered courts you know tend to look

752
00:34:10,019 --> 00:34:14,429
at a slightly more skeptical but as I've

753
00:34:11,909 --> 00:34:16,500
explained to you when you will live near

754
00:34:14,429 --> 00:34:19,679
all this aircraft activity all this

755
00:34:16,500 --> 00:34:20,659
shipping activity and so on you see this

756
00:34:19,679 --> 00:34:23,639
stuff every day

757
00:34:20,659 --> 00:34:25,559
you know you're not gonna get excited

758
00:34:23,639 --> 00:34:27,359
about seeing an airplane going over this

759
00:34:25,559 --> 00:34:28,710
is if you could stand still for ten

760
00:34:27,360 --> 00:34:35,159
minutes or I got so good I could see it

761
00:34:28,710 --> 00:34:38,940
what is something wrong so February 1996

762
00:34:35,159 --> 00:34:43,490
a silent oval object that pulsed in an

763
00:34:38,940 --> 00:34:46,470
erratic fashion we're about to hear our

764
00:34:43,489 --> 00:34:49,289
1996 three elderly jets near earlier to

765
00:34:46,469 --> 00:34:51,989
see a UFO recovered and displayed two

766
00:34:49,289 --> 00:34:53,789
sets of circular lights they lost

767
00:34:51,989 --> 00:34:57,179
approximately an hour of their journey

768
00:34:53,789 --> 00:34:58,739
time and context ladies and they're

769
00:34:57,179 --> 00:35:01,559
going to show you what to discover it

770

00:34:58,739 --> 00:35:03,389
has been going on for years nearer to

771
00:35:01,559 --> 00:35:08,210
wherever but first I will show you

772
00:35:03,389 --> 00:35:12,480
and when quest started on February 24th

773
00:35:08,210 --> 00:35:14,789
no this is a winter time please in 1979

774
00:35:12,480 --> 00:35:16,949
a UFO sighted maneuvering over the

775
00:35:14,789 --> 00:35:19,579
Northwest there were many reports

776
00:35:16,949 --> 00:35:22,919
received by the British UFO

777
00:35:19,579 --> 00:35:25,319
investigations before before plus

778
00:35:22,920 --> 00:35:28,680
reports sent to police airports of radio

779
00:35:25,320 --> 00:35:31,088
stations it was extensively in

780
00:35:28,679 --> 00:35:32,949
they actually produced a map of the

781
00:35:31,088 --> 00:35:36,880
flight path based on the eyewitness

782
00:35:32,949 --> 00:35:38,799
account I think we may have this yeah no

783
00:35:36,880 --> 00:35:40,930
that's the UFO verse cousin bill see

784
00:35:38,800 --> 00:35:42,609

this UFO over this girl's I catch a few

785

00:35:40,929 --> 00:35:43,868

slides in there now hang on one more

786

00:35:42,608 --> 00:35:46,809

thank you

787

00:35:43,869 --> 00:35:48,490

yes there we come now you'll notice at

788

00:35:46,809 --> 00:35:51,219

the top there's a dotted line that goes

789

00:35:48,489 --> 00:35:53,529

in and out there and all those areas the

790

00:35:51,219 --> 00:35:55,059

dimensions on there right Lancaster

791

00:35:53,530 --> 00:35:58,569

Fleetwood and all that stuff all the way

792

00:35:55,059 --> 00:36:01,119

around the top and so all the way around

793

00:35:58,568 --> 00:36:03,849

all witness this say UFO travel in this

794

00:36:01,119 --> 00:36:06,910

direction bear in mind this is coastal

795

00:36:03,849 --> 00:36:10,990

and so all of these places are their own

796

00:36:06,909 --> 00:36:13,328

Coast Guard right and local stations so

797

00:36:10,989 --> 00:36:15,068

what you've got is one Coast Guard

798

00:36:13,329 --> 00:36:17,289

Station saying I drop an object

799
00:36:15,068 --> 00:36:19,630
traveling that extremely low just above

800
00:36:17,289 --> 00:36:23,318
the water right in front of me going

801
00:36:19,630 --> 00:36:25,000
from north to south it's going to the

802
00:36:23,318 --> 00:36:27,639
fair speed so you should get it yourself

803
00:36:25,000 --> 00:36:30,969
in about five minutes and then next

804
00:36:27,639 --> 00:36:33,009
minute the next station says oh Emily

805
00:36:30,969 --> 00:36:35,318
coming yes I can see it now it's coming

806
00:36:33,010 --> 00:36:37,210
along here and all the way down they

807
00:36:35,318 --> 00:36:40,599
watch this right around the Liverpool

808
00:36:37,210 --> 00:36:42,269
but now it's very hard to determine from

809
00:36:40,599 --> 00:36:45,039
the eyewitnesses that I've studied

810
00:36:42,269 --> 00:36:47,619
whether the object was us the dotted

811
00:36:45,039 --> 00:36:51,190
line shows over the land at this point

812
00:36:47,619 --> 00:36:53,710
or still over the sea so if you're

813
00:36:51,190 --> 00:36:56,588
looking at it this way you see it right

814
00:36:53,710 --> 00:36:58,510
and from the land but it may or may not

815
00:36:56,588 --> 00:36:59,608
be overland it may still be over the

816
00:36:58,510 --> 00:37:02,109
city

817
00:36:59,608 --> 00:37:05,858
but one thing that's most important I

818
00:37:02,108 --> 00:37:07,719
want you to realize is where it ends

819
00:37:05,858 --> 00:37:09,369
where the other end of that dense now I

820
00:37:07,719 --> 00:37:11,709
didn't make this report myself as a

821
00:37:09,369 --> 00:37:17,289
cemetery port conducted by other people

822
00:37:11,710 --> 00:37:21,909
but when he got outside we'll know more

823
00:37:17,289 --> 00:37:23,769
reports were made it the next Coast

824
00:37:21,909 --> 00:37:26,259
Guard Station on Colley Bay that was

825
00:37:23,769 --> 00:37:27,449
looking at ready for the object to come

826
00:37:26,260 --> 00:37:32,220
along he didn't come up

827

00:37:27,449 --> 00:37:34,259
it only got his father together so he

828
00:37:32,219 --> 00:37:36,539
could imagine I was very interested at

829
00:37:34,260 --> 00:37:38,940
Nestle just moved into the area and he

830
00:37:36,539 --> 00:37:41,818
would got this amazing set of reports by

831
00:37:38,940 --> 00:37:44,389
numerous witnesses all talking of the

832
00:37:41,818 --> 00:37:49,130
same object that have been witnessed

833
00:37:44,389 --> 00:37:51,960
okay and I simply ask the question why

834
00:37:49,130 --> 00:37:55,798
they could be only two real explanations

835
00:37:51,960 --> 00:37:57,539
one that went up into the sky or two it

836
00:37:55,798 --> 00:37:59,009
moved in mind and that could actually be

837
00:37:57,539 --> 00:38:01,650
a third very marking on them in the

838
00:37:59,010 --> 00:38:05,010
water but just bear with me a while I'll

839
00:38:01,650 --> 00:38:08,670
make it all a little sense my dear wife

840
00:38:05,010 --> 00:38:11,220
and I are walking along the promenade in

841
00:38:08,670 --> 00:38:15,349

real which is very beautiful call that C

842

00:38:11,219 --> 00:38:19,379

is redundant so here on the promenade

843

00:38:15,349 --> 00:38:23,940

and we come upon the coastguard station

844

00:38:19,380 --> 00:38:28,289

where we've got a smashing lifeboat the

845

00:38:23,940 --> 00:38:30,960

next slide please this is our modern

846

00:38:28,289 --> 00:38:34,318

Coast Guard's they should be here now

847

00:38:30,960 --> 00:38:36,240

little building on the extreme left of

848

00:38:34,318 --> 00:38:37,858

your picture with two colored blobs on

849

00:38:36,239 --> 00:38:40,169

it is actually the Coast Guard Station

850

00:38:37,858 --> 00:38:42,568

which used to be on the top of our

851

00:38:40,170 --> 00:38:44,490

lifeboat station until we have a new one

852

00:38:42,568 --> 00:38:47,969

built so if you have another slide

853

00:38:44,489 --> 00:38:49,979

please here it is today there's our

854

00:38:47,969 --> 00:38:51,629

modern thing this is too small to be the

855

00:38:49,980 --> 00:38:56,369

coastguard station the windows are too

856
00:38:51,630 --> 00:38:58,108
small and the game fees this is a Coast

857
00:38:56,369 --> 00:39:00,480
Guard Station which is no other bucket

858
00:38:58,108 --> 00:39:03,989
which is completely useless for ceilings

859
00:39:00,480 --> 00:39:05,940
and other way next please right yeah

860
00:39:03,989 --> 00:39:08,279
I've managed to dig out one of the

861
00:39:05,940 --> 00:39:10,679
original photographs before they built

862
00:39:08,280 --> 00:39:12,630
the new station and that's it they're

863
00:39:10,679 --> 00:39:14,818
too quick but things you can see that I

864
00:39:12,630 --> 00:39:17,309
quotes in the bottom as the launch ramp

865
00:39:14,818 --> 00:39:19,619
driven the background there but on the

866
00:39:17,309 --> 00:39:22,809
top of it you'll see what looks like an

867
00:39:19,619 --> 00:39:24,459
aircraft radar room at

868
00:39:22,809 --> 00:39:26,528
but it's up to me the Coast Guard says

869
00:39:24,458 --> 00:39:29,798
you can see a little woman's remedy and

870
00:39:26,528 --> 00:39:32,018
go through the box the enemy's okay well

871
00:39:29,798 --> 00:39:33,699
if you want to later on I've got the up

872
00:39:32,018 --> 00:39:35,228
two original pictures with me so not

873
00:39:33,699 --> 00:39:37,209
good but it's all that the windows

874
00:39:35,228 --> 00:39:42,698
running they sent in there and they will

875
00:39:37,208 --> 00:39:45,158
get to see and try to save lives we've

876
00:39:42,699 --> 00:39:47,289
woken up and so not a sunny day I just

877
00:39:45,159 --> 00:39:48,999
go on there and there's a sign that

878
00:39:47,289 --> 00:39:52,839
sighs I've never seen before it says

879
00:39:48,998 --> 00:39:55,268
Coast Guard Station opened it so the

880
00:39:52,838 --> 00:39:58,599
classes which opportunities such as my

881
00:39:55,268 --> 00:40:00,818
dear but was so delighted to spend some

882
00:39:58,599 --> 00:40:04,380
of her sunny sunny day in real going

883
00:40:00,818 --> 00:40:06,548
into a lifeboat state as you can imagine

884

00:40:04,380 --> 00:40:10,209
if you wanted to know what to make a

885
00:40:06,548 --> 00:40:13,869
fight so we went upstairs and in there

886
00:40:10,208 --> 00:40:16,448
there was an old man and a young man so

887
00:40:13,869 --> 00:40:18,130
I played the devil's advocate which I do

888
00:40:16,449 --> 00:40:20,588
frequently when I'm trying to find the

889
00:40:18,130 --> 00:40:24,789
truth it look through these rivers like

890
00:40:20,588 --> 00:40:26,978
this so Wow fantastic view God you can

891
00:40:24,789 --> 00:40:27,939
see why don't you see you well it's

892
00:40:26,978 --> 00:40:31,118
absolutely amazing

893
00:40:27,938 --> 00:40:33,158
you know all these closets see these

894
00:40:31,119 --> 00:40:36,608
what were they call them flying flying

895
00:40:33,159 --> 00:40:38,318
saucer things you know you know you were

896
00:40:36,608 --> 00:40:39,278
set up here every day looking up to

897
00:40:38,318 --> 00:40:40,389
these big windows

898
00:40:39,278 --> 00:40:45,458

you couldn't see anything like that

899

00:40:40,389 --> 00:40:47,318

obviously and a pause and the you man

900

00:40:45,458 --> 00:40:49,588

says the or one time about the one that

901

00:40:47,318 --> 00:40:52,478

come up out of the sea rustic

902

00:40:49,588 --> 00:40:55,179

say cut don't be daft would become open

903

00:40:52,478 --> 00:40:56,048

to the sea or an aircraft or whatever it

904

00:40:55,179 --> 00:40:58,449

says flares

905

00:40:56,048 --> 00:41:00,548

oh no no no said these compared to the

906

00:40:58,449 --> 00:41:02,769

water and went against the prevailing

907

00:41:00,548 --> 00:41:05,009

wind the flares don't do that

908

00:41:02,768 --> 00:41:08,618

he said and then they just stood there

909

00:41:05,009 --> 00:41:14,199

stood there and didn't do anything for

910

00:41:08,619 --> 00:41:17,048

ages god no cuisine I what on earth

911

00:41:14,199 --> 00:41:19,150

cannot be easy to you know some kind of

912

00:41:17,048 --> 00:41:20,858

signal as if having to launch the boat

913
00:41:19,150 --> 00:41:22,809
what we've got to do and they're looking

914
00:41:20,858 --> 00:41:24,460
at it and all of a sudden it started you

915
00:41:22,809 --> 00:41:26,569
grow

916
00:41:24,460 --> 00:41:28,880
what they discovered of course it was

917
00:41:26,568 --> 00:41:31,068
coming straight to them straight up them

918
00:41:28,880 --> 00:41:33,559
from over the top of the water they see

919
00:41:31,068 --> 00:41:35,119
not something by the way you know 20,000

920
00:41:33,559 --> 00:41:37,369
feet up in the air on the air makes a

921
00:41:35,119 --> 00:41:39,980
little ball their book this is dem Apple

922
00:41:37,369 --> 00:41:42,170
for the water just above the water and

923
00:41:39,980 --> 00:41:44,809
it just misses the top of this when it

924
00:41:42,170 --> 00:41:49,338
goes salesman and he goes strength in

925
00:41:44,809 --> 00:41:55,369
unfurl very top of my picture yeah look

926
00:41:49,338 --> 00:41:56,599
naughty breathing crusty locked yes but

927
00:41:55,369 --> 00:41:58,490
in five seconds

928
00:41:56,599 --> 00:42:04,818
they was already over the grieving Rossi

929
00:41:58,489 --> 00:42:08,088
glance why because there is something

930
00:42:04,818 --> 00:42:09,829
called the clue he failed you just if

931
00:42:08,088 --> 00:42:11,989
you look carefully at the top left-hand

932
00:42:09,829 --> 00:42:14,539
corner see some mentees starting the

933
00:42:11,989 --> 00:42:18,739
program what happens is best to maintain

934
00:42:14,539 --> 00:42:20,659
ranges the Monte range on your left is

935
00:42:18,739 --> 00:42:22,250
much higher empty range on your right

936
00:42:20,659 --> 00:42:24,649
but they're both high mountain ranges

937
00:42:22,250 --> 00:42:29,030
and the valley in between them is fast

938
00:42:24,650 --> 00:42:31,548
and wide I did some research and I found

939
00:42:29,030 --> 00:42:33,650
there to the RAF are flying low flying

940
00:42:31,548 --> 00:42:35,630
aircraft down here occasionally and what

941

00:42:33,650 --> 00:42:37,849
they do is they tried to bombed every

942
00:42:35,630 --> 00:42:40,730
Castle without being seen on any other

943
00:42:37,849 --> 00:42:43,940
radar which means they were flying less

944
00:42:40,730 --> 00:42:46,880
than 200 feet off the ground don't sell

945
00:42:43,940 --> 00:42:50,269
my much but women the jet comes over you

946
00:42:46,880 --> 00:42:52,280
from absolutely nowhere and it takes you

947
00:42:50,269 --> 00:42:53,989
that often Frances they need a light say

948
00:42:52,280 --> 00:42:57,290
to you because I've been there well in

949
00:42:53,989 --> 00:42:59,598
Devon they're viewing so expect them in

950
00:42:57,289 --> 00:43:01,909
there now the advantage is the many you

951
00:42:59,599 --> 00:43:04,599
enter up range which is only just the

952
00:43:01,909 --> 00:43:07,129
other side of wave see those buildings

953
00:43:04,599 --> 00:43:11,000
nobody can see if neither Civil Aviation

954
00:43:07,130 --> 00:43:15,500
or RF having radar no radar can actually

955
00:43:11,000 --> 00:43:17,929

see you in that trough the objects they

956

00:43:15,500 --> 00:43:22,010

go down this range all the way to the

957

00:43:17,929 --> 00:43:25,338

tone endemic and then they usually turn

958

00:43:22,010 --> 00:43:28,270

that Debbie and go on another trough out

959

00:43:25,338 --> 00:43:30,920

to the Debbi Morris now if you kept

960

00:43:28,269 --> 00:43:32,719

and own it up to the Dendy balls you'll

961

00:43:30,920 --> 00:43:34,909

find that with a careful placement of at

962

00:43:32,719 --> 00:43:35,480

them you could stick it in the den be

963

00:43:34,909 --> 00:43:38,779

boss

964

00:43:35,480 --> 00:43:42,320

90 miles from any building of any kind

965

00:43:38,780 --> 00:43:44,780

that's every motive of it and if you

966

00:43:42,320 --> 00:43:47,840

step off the road up there and start

967

00:43:44,780 --> 00:43:49,640

walking across those hills and so you

968

00:43:47,840 --> 00:43:51,110

could be lost in no time believe you me

969

00:43:49,639 --> 00:43:54,199

too really ought to find your way around

970
00:43:51,110 --> 00:43:55,880
there as only one main road that goes

971
00:43:54,199 --> 00:43:59,619
all the way over the top of the Debbie

972
00:43:55,880 --> 00:44:04,789
more was just one okay

973
00:43:59,619 --> 00:44:06,679
come up never North Wales that's a few

974
00:44:04,789 --> 00:44:08,900
by the way from the coast guard stations

975
00:44:06,679 --> 00:44:11,210
very exciting as you can see all the new

976
00:44:08,900 --> 00:44:17,570
paints in the front people in the back

977
00:44:11,210 --> 00:44:18,800
way right area map of North Wales and

978
00:44:17,570 --> 00:44:20,269
what you think about they have often

979
00:44:18,800 --> 00:44:22,430
this tangled mess that you can't see it

980
00:44:20,269 --> 00:44:24,500
all from the back it's look at the coast

981
00:44:22,429 --> 00:44:28,069
pass that sought that's the blue water

982
00:44:24,500 --> 00:44:30,079
bit and you'll see two blobs it man the

983
00:44:28,070 --> 00:44:31,820
globe on your left hand side is real and

984
00:44:30,079 --> 00:44:34,819
the body right hand side is pressed

985
00:44:31,820 --> 00:44:36,830
guttled and this yellow bomb that comes

986
00:44:34,820 --> 00:44:40,309
down here kanaka maoli see a young man

987
00:44:36,829 --> 00:44:41,690
from there no there's something for that

988
00:44:40,309 --> 00:44:44,269
move on anyway

989
00:44:41,690 --> 00:44:45,190
the yellow Gundam there is the fluid

990
00:44:44,269 --> 00:44:48,590
monty wrench

991
00:44:45,190 --> 00:44:52,010
okay and this bit of a bun them here is

992
00:44:48,590 --> 00:44:53,809
also the range on the other side it's

993
00:44:52,010 --> 00:44:56,060
pretty curtain of death I tell you are

994
00:44:53,809 --> 00:44:56,690
breathing operators here absolutely

995
00:44:56,059 --> 00:45:00,759
fantastic

996
00:44:56,690 --> 00:45:03,130
so once you've entered this trough

997
00:45:00,760 --> 00:45:05,510
convert really do what your luck

998

00:45:03,130 --> 00:45:07,820
obviously in broad daylight in the

999
00:45:05,510 --> 00:45:10,280
summer it's a bit dicey because people

1000
00:45:07,820 --> 00:45:12,710
make your CV even though it's extremely

1001
00:45:10,280 --> 00:45:15,230
hard to see anything that's only just

1002
00:45:12,710 --> 00:45:16,099
above the offices if you fly something

1003
00:45:15,230 --> 00:45:18,889
behind this guy

1004
00:45:16,099 --> 00:45:21,500
everyone can see it if you fly it just

1005
00:45:18,889 --> 00:45:21,829
above that I to perhaps nobody can see

1006
00:45:21,500 --> 00:45:25,010
it

1007
00:45:21,829 --> 00:45:27,049
underneath it because it's obscured

1008
00:45:25,010 --> 00:45:30,320
month I'm sorry by all the buildings

1009
00:45:27,050 --> 00:45:31,519
around you try yourself in your city you

1010
00:45:30,320 --> 00:45:33,800
live down the garden and think

1011
00:45:31,519 --> 00:45:35,659
something's just above the earth see how

1012
00:45:33,800 --> 00:45:39,350

easy it would be to disappear so as its

1013

00:45:35,659 --> 00:45:42,739

moved it's off in the sky see it from

1014

00:45:39,349 --> 00:45:44,029

any angle okay so that's about just to

1015

00:45:42,739 --> 00:45:44,389

give you some idea what we're talking

1016

00:45:44,030 --> 00:45:47,570

about

1017

00:45:44,389 --> 00:45:50,449

okay run what please this is a map I

1018

00:45:47,570 --> 00:45:52,700

draw which makes it more easy to

1019

00:45:50,449 --> 00:45:54,230

understand real impressed I didn't

1020

00:45:52,699 --> 00:45:57,079

that's got a lump in the middle with no

1021

00:45:54,230 --> 00:46:01,449

built-up area all that is in the center

1022

00:45:57,079 --> 00:46:04,759

there is God God and the holiday park

1023

00:46:01,449 --> 00:46:09,980

those blue dots on there are actual UFO

1024

00:46:04,760 --> 00:46:12,500

reports and they're specifically the

1025

00:46:09,980 --> 00:46:15,469

ones which I'm pretty sure of not any

1026

00:46:12,500 --> 00:46:21,679

kind of military craft which are the

1027
00:46:15,469 --> 00:46:25,399
real thing okay whether they occur well

1028
00:46:21,679 --> 00:46:26,809
they always occur in the winter it

1029
00:46:25,400 --> 00:46:28,670
doesn't mean to say that they can't

1030
00:46:26,809 --> 00:46:31,099
appear in the summer but they do always

1031
00:46:28,670 --> 00:46:33,619
appear in the winter so as he gets older

1032
00:46:31,099 --> 00:46:35,989
mid-november and carry on through you

1033
00:46:33,619 --> 00:46:38,409
know the winter this doctrine they

1034
00:46:35,989 --> 00:46:41,059
really get to Christmas the Morrisey

1035
00:46:38,409 --> 00:46:43,210
strangely enough but there's a reason

1036
00:46:41,059 --> 00:46:45,559
for that

1037
00:46:43,210 --> 00:46:46,789
let's all look at their flight path for

1038
00:46:45,559 --> 00:46:50,119
a second can we have another slide

1039
00:46:46,789 --> 00:46:54,500
please oh by the way these are sightings

1040
00:46:50,119 --> 00:46:56,239
do not range just a second later and at

1041
00:46:54,500 --> 00:46:58,460
the bottom is a bit of a graph I only

1042
00:46:56,239 --> 00:47:01,159
got to 1984 of these could have enough

1043
00:46:58,460 --> 00:47:02,630
time to put new graphs to go this

1044
00:47:01,159 --> 00:47:06,289
graphic all the way down to the basement

1045
00:47:02,630 --> 00:47:08,030
of the building but there we are showing

1046
00:47:06,289 --> 00:47:08,719
at the bottom a graph of the times of

1047
00:47:08,030 --> 00:47:10,940
the year

1048
00:47:08,719 --> 00:47:13,399
can you see December November and

1049
00:47:10,940 --> 00:47:17,920
Johnny those are the areas where we get

1050
00:47:13,400 --> 00:47:20,900
the most scientists are the Wobblies but

1051
00:47:17,920 --> 00:47:24,170
as I was flying over in the UFO once I

1052
00:47:20,900 --> 00:47:26,358
took this photograph then as you can see

1053
00:47:24,170 --> 00:47:28,639
this is relative yet but if you look a

1054
00:47:26,358 --> 00:47:30,798
bit beyond a little bit further Devon

1055

00:47:28,639 --> 00:47:33,618
that comes to the very top area you'll

1056
00:47:30,798 --> 00:47:35,509
see Peters apt completely I live whether

1057
00:47:33,619 --> 00:47:39,289
that area where it sort of Peter said

1058
00:47:35,510 --> 00:47:42,470
and that's the area the UFOs come in

1059
00:47:39,289 --> 00:47:43,940
they come in from the scene coming up

1060
00:47:42,469 --> 00:47:46,578
notes of the scene as they fly

1061
00:47:43,940 --> 00:47:48,349
brilliantly more to UFOs and I've had

1062
00:47:46,579 --> 00:47:51,170
that problem to me these discs are

1063
00:47:48,349 --> 00:47:54,289
absolutely that that shape would be to

1064
00:47:51,170 --> 00:47:56,450
fly through water and they travel inland

1065
00:47:54,289 --> 00:47:57,920
at a low range you just start to see the

1066
00:47:56,449 --> 00:47:59,929
mountains starting to stick up in the

1067
00:47:57,920 --> 00:48:02,389
corner of the right there so once they

1068
00:47:59,929 --> 00:48:04,190
get over that little bit there where you

1069
00:48:02,389 --> 00:48:06,769

see sort of white flow of the top that's

1070

00:48:04,190 --> 00:48:09,470

the other they come no houses and they

1071

00:48:06,769 --> 00:48:12,710

were just you know holiday camp which

1072

00:48:09,469 --> 00:48:16,399

coincidentally closes during those

1073

00:48:12,710 --> 00:48:19,039

months in the winter so basically you've

1074

00:48:16,400 --> 00:48:20,389

got a looked in ones from the sea if

1075

00:48:19,039 --> 00:48:24,528

they were crossing over the top of

1076

00:48:20,389 --> 00:48:28,578

people are protection Cerreta more to

1077

00:48:24,528 --> 00:48:33,318

their come another picture please right

1078

00:48:28,579 --> 00:48:35,059

this clearly shows prostatic and rim and

1079

00:48:33,318 --> 00:48:37,818

this area see the golf club at the very

1080

00:48:35,059 --> 00:48:40,309

top were indicated and this area in

1081

00:48:37,818 --> 00:48:40,900

between weather is nothing nothing at

1082

00:48:40,309 --> 00:48:43,819

all

1083

00:48:40,900 --> 00:48:46,548

what a coincidence so they always travel

1084
00:48:43,818 --> 00:48:50,509
across that golf course and then that

1085
00:48:46,548 --> 00:48:52,038
line there there are no buildings and in

1086
00:48:50,510 --> 00:48:54,289
the middle of the winter in the middle

1087
00:48:52,039 --> 00:48:57,289
of the morning you could probably walk

1088
00:48:54,289 --> 00:49:00,260
down there with brightly lit umbrella

1089
00:48:57,289 --> 00:49:02,690
and nobody would ever see some walk

1090
00:49:00,260 --> 00:49:07,940
around we have walk around anyway here

1091
00:49:02,690 --> 00:49:10,519
we go Club salute leaves right now we're

1092
00:49:07,940 --> 00:49:11,409
on the promenade and I move down there

1093
00:49:10,519 --> 00:49:13,989
from the

1094
00:49:11,409 --> 00:49:16,389
I hope station which is a bit further of

1095
00:49:13,989 --> 00:49:18,579
this end and I'm stood now at the golf

1096
00:49:16,389 --> 00:49:20,170
course a promenade the golf course

1097
00:49:18,579 --> 00:49:22,210
starts right at the promenade and

1098
00:49:20,170 --> 00:49:25,230
there's nothing you go straight across

1099
00:49:22,210 --> 00:49:28,030
that cars cost one more please

1100
00:49:25,230 --> 00:49:30,490
right that's looking directly across the

1101
00:49:28,030 --> 00:49:32,769
golf club and you see the star for the

1102
00:49:30,489 --> 00:49:35,049
mountain range there so once you've gone

1103
00:49:32,769 --> 00:49:37,570
across here and the cross that got that

1104
00:49:35,050 --> 00:49:39,610
to Holiday Park that's there your home

1105
00:49:37,570 --> 00:49:44,640
and dry during the coast

1106
00:49:39,610 --> 00:49:46,750
next please this is the Holiday Park

1107
00:49:44,639 --> 00:49:49,239
which case you want to book a card on

1108
00:49:46,750 --> 00:49:49,780
wealthier and tsunami anyway they go

1109
00:49:49,239 --> 00:49:53,709
across here

1110
00:49:49,780 --> 00:49:56,530
next please hey now we're actually

1111
00:49:53,710 --> 00:49:59,320
coming down into the Vale and this is

1112

00:49:56,530 --> 00:50:01,510
taken from one of the hills you see that

1113
00:49:59,320 --> 00:50:03,519
over the top there's mother Denali that

1114
00:50:01,510 --> 00:50:05,350
flat bit in the middle is the see of the

1115
00:50:03,519 --> 00:50:08,079
grill and this is the area they come

1116
00:50:05,349 --> 00:50:10,659
across as you can see it just feels and

1117
00:50:08,079 --> 00:50:15,639
if you fly it alone brought them you are

1118
00:50:10,659 --> 00:50:17,920
really it and again please now you've

1119
00:50:15,639 --> 00:50:20,019
started to see that that true mountains

1120
00:50:17,920 --> 00:50:25,090
as they comes down comes down this Bale

1121
00:50:20,019 --> 00:50:27,880
and again please and those are the hills

1122
00:50:25,090 --> 00:50:29,890
on the far side so as long as you're

1123
00:50:27,880 --> 00:50:32,769
over this nut green they're down they're

1124
00:50:29,889 --> 00:50:35,589
not trough you really are sheltered from

1125
00:50:32,769 --> 00:50:40,320
any kind of prying guy afraid or or

1126
00:50:35,590 --> 00:50:43,720

anybody else we and again please and

1127

00:50:40,320 --> 00:50:46,059

this is further down Mondavi again taken

1128

00:50:43,719 --> 00:50:49,419

from this side looking across to the

1129

00:50:46,059 --> 00:50:51,820

other side and he conceded it easy just

1130

00:50:49,420 --> 00:50:53,800

keep dropping them in the middle of the

1131

00:50:51,820 --> 00:50:58,690

night down there and nobody's going to

1132

00:50:53,800 --> 00:51:00,250

see and he did nothing dangerous they're

1133

00:50:58,690 --> 00:51:05,409

halfway donut

1134

00:51:00,250 --> 00:51:09,849

refuge on that hill is this earthen when

1135

00:51:05,409 --> 00:51:10,839

television mast this is where I got my

1136

00:51:09,849 --> 00:51:13,539

television program

1137

00:51:10,840 --> 00:51:15,550

from and other people in the area it's

1138

00:51:13,539 --> 00:51:17,769

completely on itself on the mountaintop

1139

00:51:15,550 --> 00:51:20,050

Amazonia little operating building that

1140

00:51:17,769 --> 00:51:24,219

goes with it but at night it does

1141
00:51:20,050 --> 00:51:25,960
aircraft lights on it so there's you

1142
00:51:24,219 --> 00:51:28,539
know now flame doesn't come down not get

1143
00:51:25,960 --> 00:51:32,260
off it every week so the lights on the

1144
00:51:28,539 --> 00:51:34,090
top of it and because it's in an area

1145
00:51:32,260 --> 00:51:36,070
where there are no other lights and it's

1146
00:51:34,090 --> 00:51:39,370
off they don't on this painting it's

1147
00:51:36,070 --> 00:51:41,320
done to like a sore thumb if I was a

1148
00:51:39,369 --> 00:51:43,569
tourist coming in here for the first

1149
00:51:41,320 --> 00:51:45,940
time traveling down my era playing on

1150
00:51:43,570 --> 00:51:47,440
with my salsa and I saw this post I

1151
00:51:45,940 --> 00:51:49,720
would want to know what nerve that is

1152
00:51:47,440 --> 00:51:53,139
and what it's doing so I'd probably

1153
00:51:49,719 --> 00:51:54,849
sleep there for a moment and go up a bit

1154
00:51:53,139 --> 00:51:58,329
closer to it and see if I could see what

1155
00:51:54,849 --> 00:52:01,839
it was which is what people keep

1156
00:51:58,329 --> 00:52:04,019
reporting and have one more place like

1157
00:52:01,840 --> 00:52:07,360
this one this is actual drawing that the

1158
00:52:04,019 --> 00:52:10,659
observer saw I saw this illuminated

1159
00:52:07,360 --> 00:52:13,180
object that looked like that these funny

1160
00:52:10,659 --> 00:52:14,019
legs on the bottom of it lights all the

1161
00:52:13,179 --> 00:52:16,719
way around it

1162
00:52:14,019 --> 00:52:18,519
and it was hovering around the oven when

1163
00:52:16,719 --> 00:52:20,769
must television mast

1164
00:52:18,519 --> 00:52:22,179
which probably explains well the picture

1165
00:52:20,769 --> 00:52:29,289
cause bit funny that when it came up in

1166
00:52:22,179 --> 00:52:33,969
tell loved one please this fascinates me

1167
00:52:29,289 --> 00:52:36,909
because this is a bit further down in

1168
00:52:33,969 --> 00:52:38,649
Denby itself but still on the main road

1169

00:52:36,909 --> 00:52:41,319
and this is called the brook house men

1170
00:52:38,650 --> 00:52:43,240
it used to be a working water but it's

1171
00:52:41,320 --> 00:52:47,170
still a walk away up there and they do

1172
00:52:43,239 --> 00:52:49,359
find food and good answer they forced me

1173
00:52:47,170 --> 00:52:50,950
one Christmas because I put some

1174
00:52:49,360 --> 00:52:53,410
equipment in there to have to spend the

1175
00:52:50,949 --> 00:52:55,210
Christmas dinner in there was absolutely

1176
00:52:53,409 --> 00:52:59,289
all that it was all good baby worried

1177
00:52:55,210 --> 00:53:01,420
because they locked us in all dead they

1178
00:52:59,289 --> 00:53:03,159
told us please help yourself to all the

1179
00:53:01,420 --> 00:53:07,990
drinks you can because we're trying to

1180
00:53:03,159 --> 00:53:09,489
get rid of them and so he did and very

1181
00:53:07,989 --> 00:53:11,568
interested he was too but anyway

1182
00:53:09,489 --> 00:53:13,038
opposite either this is miserable

1183
00:53:11,568 --> 00:53:15,708

where the streamers events outside

1184

00:53:13,039 --> 00:53:18,469

there's a Roman Greenock Tyrell straight

1185

00:53:15,708 --> 00:53:20,179

up there would lead you to river and the

1186

00:53:18,469 --> 00:53:22,909

other side led to some little cottages

1187

00:53:20,179 --> 00:53:24,948

they're still there and the chef who

1188

00:53:22,909 --> 00:53:27,498

worked in here lived in those little

1189

00:53:24,949 --> 00:53:29,690

cottages so he gets up very early in the

1190

00:53:27,498 --> 00:53:31,338

morning he goes over to start his ovens

1191

00:53:29,690 --> 00:53:33,048

and whatever it is he was preparing

1192

00:53:31,338 --> 00:53:35,690

because they do an enormous amount of

1193

00:53:33,048 --> 00:53:37,548

food Livia so obviously got the world to

1194

00:53:35,690 --> 00:53:40,099

do so early in the morning and he walked

1195

00:53:37,548 --> 00:53:42,739

across this road and he gets to just

1196

00:53:40,099 --> 00:53:46,219

outside this building when a disc comes

1197

00:53:42,739 --> 00:53:50,119

over at extremely low level and being so

1198
00:53:46,219 --> 00:53:53,690
light them to where he is he is

1199
00:53:50,119 --> 00:53:55,430
absolutely gobsmacked he said quite

1200
00:53:53,690 --> 00:53:57,019
worried about it because it's a know

1201
00:53:55,429 --> 00:53:59,808
whether to can fall on the building or

1202
00:53:57,018 --> 00:54:00,978
that beam up or whatever it's going to

1203
00:53:59,809 --> 00:54:05,298
do but you should be very concerned

1204
00:54:00,978 --> 00:54:08,748
about it and so he actually reported it

1205
00:54:05,298 --> 00:54:12,288
and he reported it to the police and he

1206
00:54:08,748 --> 00:54:15,618
also reported it to UFO people which is

1207
00:54:12,289 --> 00:54:17,719
where of course I came in what didn't

1208
00:54:15,619 --> 00:54:20,568
know is what he was stood up there and

1209
00:54:17,719 --> 00:54:22,338
this thing was opening a car trouble of

1210
00:54:20,568 --> 00:54:24,619
this road from really going up the road

1211
00:54:22,338 --> 00:54:26,869
towards Rio with two police officers in

1212
00:54:24,619 --> 00:54:30,199
it a police car two police officers in

1213
00:54:26,869 --> 00:54:33,140
it and the two police officers obviously

1214
00:54:30,199 --> 00:54:34,880
saw this object and to detail the

1215
00:54:33,139 --> 00:54:37,879
counterfeit and they went back to that

1216
00:54:34,880 --> 00:54:39,680
station and they reported it and I

1217
00:54:37,880 --> 00:54:42,798
managed to get a copy of the files of

1218
00:54:39,679 --> 00:54:44,538
the actual report and it really is a

1219
00:54:42,798 --> 00:54:46,068
very good description I mean if the

1220
00:54:44,539 --> 00:54:47,930
policeman caught me start something to

1221
00:54:46,068 --> 00:54:50,058
us we've got no chance of it but but

1222
00:54:47,929 --> 00:54:50,989
they did and it's extremely good it's

1223
00:54:50,059 --> 00:54:54,289
identical

1224
00:54:50,989 --> 00:54:58,190
throughout this Chef of reporting this

1225
00:54:54,289 --> 00:55:01,699
could happen alone there was such an

1226

00:54:58,190 --> 00:55:02,760
important case that flying saucer review

1227
00:55:01,699 --> 00:55:04,950
which is a famous

1228
00:55:02,760 --> 00:55:08,280
we're still going 15 years ago four

1229
00:55:04,949 --> 00:55:10,230
years yes actually produced an article

1230
00:55:08,280 --> 00:55:13,050
that interviewed the people and he was

1231
00:55:10,230 --> 00:55:14,849
their front page and see UFO drawn in

1232
00:55:13,050 --> 00:55:21,690
and a being done trying to represent

1233
00:55:14,849 --> 00:55:35,250
what the chef's had seen thank you okay

1234
00:55:21,690 --> 00:55:35,550
please write this is what's this all

1235
00:55:35,250 --> 00:55:38,280
about

1236
00:55:35,550 --> 00:55:41,310
well Octavian a farmer in one of those

1237
00:55:38,280 --> 00:55:44,070
fields under the line where the UFOs

1238
00:55:41,309 --> 00:55:45,860
trouble is blowing his field and up

1239
00:55:44,070 --> 00:55:49,110
comes a suitcase

1240
00:55:45,860 --> 00:55:53,370

so he opens there's a suitcase and then

1241
00:55:49,110 --> 00:55:58,740
there is an amazing radio transmission

1242
00:55:53,369 --> 00:56:00,839
equipment textbook see film and this

1243
00:55:58,739 --> 00:56:02,579
equipment this state of the art in the

1244
00:56:00,840 --> 00:56:05,670
world at the time absolutely

1245
00:56:02,579 --> 00:56:09,150
state-of-the-art they were specially

1246
00:56:05,670 --> 00:56:11,909
made for the KGB and only for the KGB it

1247
00:56:09,150 --> 00:56:13,710
was not made for anybody else so it's a

1248
00:56:11,909 --> 00:56:16,139
very rare item and it took me a long

1249
00:56:13,710 --> 00:56:18,990
time before I was able and you can see

1250
00:56:16,139 --> 00:56:20,549
and peer and Fiza questioning the

1251
00:56:18,989 --> 00:56:22,799
military defense of the like what on

1252
00:56:20,550 --> 00:56:25,560
earth is going on that the Soviets have

1253
00:56:22,800 --> 00:56:29,010
got to you know secret radio

1254
00:56:25,559 --> 00:56:30,650
transmitters down this valley one more

1255
00:56:29,010 --> 00:56:33,240
place

1256
00:56:30,650 --> 00:56:35,880
this is photographs of the actual

1257
00:56:33,239 --> 00:56:42,779
equipment took me a long time to get

1258
00:56:35,880 --> 00:56:46,470
pictures and the game please and the

1259
00:56:42,780 --> 00:56:51,600
game please as you can see quite a bit

1260
00:56:46,469 --> 00:56:52,919
appear all locked away in a case thank

1261
00:56:51,599 --> 00:56:56,038
you

1262
00:56:52,920 --> 00:56:56,039
[Music]

1263
00:57:00,289 --> 00:57:05,700
right

1264
00:57:01,969 --> 00:57:09,959
it's a Soviet Russia KGB anchor

1265
00:57:05,699 --> 00:57:11,689
surveillance radio covert transceiver at

1266
00:57:09,960 --> 00:57:16,048
what it's called it was produced in the

1267
00:57:11,690 --> 00:57:19,259
1960s by Novosibirsk electro signal

1268
00:57:16,048 --> 00:57:22,619
Bureau exclusively for the KGB in very

1269
00:57:19,259 --> 00:57:25,259
limited numbers is the designed plant

1270
00:57:22,619 --> 00:57:27,539
destined communication between agents

1271
00:57:25,259 --> 00:57:30,838
and civilian surveilling potential enemy

1272
00:57:27,539 --> 00:57:34,019
agents it permits coded signals to be

1273
00:57:30,838 --> 00:57:36,028
sent via silently by vibrations voice or

1274
00:57:34,018 --> 00:57:38,788
voice does transmissions of huevos

1275
00:57:36,028 --> 00:57:42,659
crumbled as well very sophisticated for

1276
00:57:38,789 --> 00:57:44,420
its time really sophisticated ok next

1277
00:57:42,659 --> 00:57:48,028
one please

1278
00:57:44,420 --> 00:57:51,028
now this is the terminal Debbie this is

1279
00:57:48,028 --> 00:57:54,659
the last stop on the Northwest tour of

1280
00:57:51,028 --> 00:57:56,400
the UFO aliens they get as far as damage

1281
00:57:54,659 --> 00:57:58,440
store see the monkeys are back there by

1282
00:57:56,400 --> 00:58:00,240
the way they could continue down and

1283

00:57:58,440 --> 00:58:02,849
wanted to actually have but nearly all

1284
00:58:00,239 --> 00:58:05,608
of them designed enemies the places to

1285
00:58:02,849 --> 00:58:07,528
turn a shark right and go through a

1286
00:58:05,608 --> 00:58:09,659
valley at the side of this class area

1287
00:58:07,528 --> 00:58:11,309
and then the plate on the Dendy Wars

1288
00:58:09,659 --> 00:58:12,838
where you can play all night see last

1289
00:58:11,309 --> 00:58:13,319
contender nobody can see what you're

1290
00:58:12,838 --> 00:58:16,349
doing

1291
00:58:13,318 --> 00:58:17,849
of course the reservoirs are up there so

1292
00:58:16,349 --> 00:58:20,039
if you like hidin in water you've got

1293
00:58:17,849 --> 00:58:23,130
them as well as plenty for them to

1294
00:58:20,039 --> 00:58:26,390
investigate - wonderful area but it's

1295
00:58:23,130 --> 00:58:35,119
very remote and this is Debbie Castle

1296
00:58:26,389 --> 00:58:38,578
again please because it's a heavily

1297
00:58:35,119 --> 00:58:41,309

populated area around there that's been

1298

00:58:38,579 --> 00:58:48,089

numerous sightings actually over 2 mb

1299

00:58:41,309 --> 00:58:50,880

castle camera another one please right

1300

00:58:48,088 --> 00:58:54,929

and that this brings us to this guy just

1301

00:58:50,880 --> 00:58:55,640

down from the castle and near to the

1302

00:58:54,929 --> 00:58:57,309

route

1303

00:58:55,639 --> 00:59:03,559

going down the grave before they turn

1304

00:58:57,309 --> 00:59:05,779

this kindness okay mr. Roberts this lip

1305

00:59:03,559 --> 00:59:08,000

city called is like another sometime

1306

00:59:05,780 --> 00:59:11,390

yesterday near the bottom right adjacent

1307

00:59:08,000 --> 00:59:14,179

the quote but the end of this cul-de-sac

1308

00:59:11,389 --> 00:59:16,579

is that the fence that separates him

1309

00:59:14,179 --> 00:59:21,759

from the quali it's up which is a wooded

1310

00:59:16,579 --> 00:59:25,819

area around you know stone quarry

1311

00:59:21,760 --> 00:59:30,020

what he does is every night as a habit

1312
00:59:25,820 --> 00:59:32,210
it takes his dog to do its business

1313
00:59:30,019 --> 00:59:35,719
this is a 12 o'clock midnight by the

1314
00:59:32,210 --> 00:59:37,760
very edge he does this and the sets on

1315
00:59:35,719 --> 00:59:38,209
the fence this is a Spile at the top

1316
00:59:37,760 --> 00:59:41,120
there

1317
00:59:38,210 --> 00:59:43,010
another smoke and while he's smoking his

1318
00:59:41,119 --> 00:59:45,289
dog does the business and he gives it a

1319
00:59:43,010 --> 00:59:46,610
couple of whistles it comes to him and

1320
00:59:45,289 --> 00:59:51,170
off they go

1321
00:59:46,610 --> 00:59:53,900
boom - better not that my dad lived he

1322
00:59:51,170 --> 00:59:56,389
sucked on that fence the dog went over

1323
00:59:53,900 --> 01:00:01,039
started rummaging in the bushes a next

1324
00:59:56,389 --> 01:00:03,829
minute a bright light rises up over the

1325
01:00:01,039 --> 01:00:06,710
top of the trees in front of him coming

1326
01:00:03,829 --> 01:00:10,360
towards in extremely slowly and he

1327
01:00:06,710 --> 01:00:13,010
discourse I mean really really there

1328
01:00:10,360 --> 01:00:16,340
it's got what he thought were windows

1329
01:00:13,010 --> 01:00:18,680
all they ranked it big windows that saw

1330
01:00:16,340 --> 01:00:19,670
the size of the run the ball down there

1331
01:00:18,679 --> 01:00:27,849
and counted

1332
01:00:19,670 --> 01:00:31,369
sighs unless he was scared to death the

1333
01:00:27,849 --> 01:00:33,739
dog ran off its get that document so

1334
01:00:31,369 --> 01:00:35,389
what he did is starting room then this

1335
01:00:33,739 --> 01:00:37,309
cul-de-sac because it was following him

1336
01:00:35,389 --> 01:00:40,039
and this white light was shining on him

1337
01:00:37,309 --> 01:00:41,349
and he could feel light and he was so

1338
01:00:40,039 --> 01:00:43,538
concerned that you were

1339
01:00:41,349 --> 01:00:46,180
and it was banking on people's thoughts

1340

01:00:43,539 --> 01:00:48,640
which is a great thing to do at five

1341
01:00:46,179 --> 01:00:51,038
past midnight if you can see what I'm

1342
01:00:48,639 --> 01:00:53,170
saying and one of the doors he knocked

1343
01:00:51,039 --> 01:00:55,450
on was a neighbor it wasn't the personal

1344
01:00:53,170 --> 01:00:58,180
friend was just one of his neighbors and

1345
01:00:55,449 --> 01:01:00,759
that the way the houses are built the

1346
01:00:58,179 --> 01:01:02,228
front door is recessed in to the

1347
01:01:00,759 --> 01:01:04,838
building and the kitchen saw that these

1348
01:01:02,228 --> 01:01:07,358
stinking afterworlds wrote so when you

1349
01:01:04,838 --> 01:01:10,028
open the door you can't actually see you

1350
01:01:07,358 --> 01:01:12,278
know left of your expert in it so she

1351
01:01:10,028 --> 01:01:14,170
commented and said words like how

1352
01:01:12,278 --> 01:01:16,778
wonderful of you to knock at five past

1353
01:01:14,170 --> 01:01:18,999
midnight and then at least I am to see

1354
01:01:16,778 --> 01:01:20,969

you at this time and so are you having

1355

01:01:18,998 --> 01:01:24,009

any problem that I can help you with

1356

01:01:20,969 --> 01:01:26,768

right to which mr. Roberts said a few

1357

01:01:24,009 --> 01:01:29,228

words which I can't repeat and she can't

1358

01:01:26,768 --> 01:01:32,288

lead either and said come and look at

1359

01:01:29,228 --> 01:01:34,449

this so you can imagine no police she

1360

01:01:32,289 --> 01:01:38,200

was to be tracked to the front of thanks

1361

01:01:34,449 --> 01:01:41,588

by this man midnight but soon as she did

1362

01:01:38,199 --> 01:01:44,098

this thing was passing them oh my god

1363

01:01:41,588 --> 01:01:47,858

what is this

1364

01:01:44,099 --> 01:01:50,380

no it's one thing for me to tell you

1365

01:01:47,858 --> 01:01:51,969

about these things it's another thing

1366

01:01:50,380 --> 01:01:53,858

for you to Munich for yourself so what

1367

01:01:51,969 --> 01:01:56,679

I'm gonna do now I'm gonna take you on

1368

01:01:53,858 --> 01:02:00,130

the interview that I did after you

1369
01:01:56,679 --> 01:02:03,728
peered in this paper my dear wife was

1370
01:02:00,130 --> 01:02:06,608
very good at making a few notes and

1371
01:02:03,728 --> 01:02:09,009
things occupies people well I can

1372
01:02:06,608 --> 01:02:11,710
question them and makes notes of

1373
01:02:09,009 --> 01:02:15,130
everything they said and also with their

1374
01:02:11,710 --> 01:02:18,068
permission recall the interviews so I

1375
01:02:15,130 --> 01:02:21,849
understand fifteen thousand interviews

1376
01:02:18,068 --> 01:02:24,788
on tape of people being seeing UFOs some

1377
01:02:21,849 --> 01:02:25,660
of which were absolutely magnetizing to

1378
01:02:24,789 --> 01:02:27,819
the spot

1379
01:02:25,659 --> 01:02:31,009
because they're not all crackpots and

1380
01:02:27,818 --> 01:02:32,960
all this

1381
01:02:31,010 --> 01:02:35,750
claiming to be any kind of intellectual

1382
01:02:32,960 --> 01:02:38,090
Scotland be nonetheless it's a fairly

1383
01:02:35,750 --> 01:02:40,099
honest and straightforward person which

1384
01:02:38,090 --> 01:02:42,680
I think he will gather from the takers

1385
01:02:40,099 --> 01:02:44,150
tonight to play you that original

1386
01:02:42,679 --> 01:02:46,819
technically he lost to listen very

1387
01:02:44,150 --> 01:02:49,340
carefully where he's got a dog by the

1388
01:02:46,820 --> 01:02:52,070
way which one I'm trying to interviewer

1389
01:02:49,340 --> 01:02:54,559
is trying to either pee on the recording

1390
01:02:52,070 --> 01:02:57,769
equipment or it's trying to sneak the

1391
01:02:54,559 --> 01:03:00,500
microphone to death right and mr.

1392
01:02:57,769 --> 01:03:02,780
Roberts himself gets very excited I

1393
01:03:00,500 --> 01:03:04,099
don't know why because I mean lights

1394
01:03:02,780 --> 01:03:06,050
come over the top of you every night

1395
01:03:04,099 --> 01:03:08,239
don't in front of the retailer anyway he

1396
01:03:06,050 --> 01:03:11,600
gets very excited he gets so excited

1397

01:03:08,239 --> 01:03:13,729
about to use a few bleeps in here and he

1398
01:03:11,599 --> 01:03:15,199
kept saying I don't mind that up your

1399
01:03:13,730 --> 01:03:17,869
mind then you do it again you know me

1400
01:03:15,199 --> 01:03:21,339
but anyway the it adds flavor to it so

1401
01:03:17,869 --> 01:03:21,339
listen carefully my dear

1402
01:03:39,079 --> 01:03:42,259
[Music]

1403
01:03:48,110 --> 01:03:51,219
[Music]

1404
01:03:58,199 --> 01:04:01,289
[Music]

1405
01:04:07,909 --> 01:04:13,219
[Laughter]

1406
01:04:14,210 --> 01:04:22,230
[Music]

1407
01:04:16,849 --> 01:04:22,230
[Laughter]

1408
01:05:29,119 --> 01:05:32,210
[Music]

1409
01:05:47,429 --> 01:05:53,038
it wasn't

1410
01:06:31,590 --> 01:06:34,679
[Music]

1411
01:08:08,690 --> 01:08:11,780

[Music]

1412

01:08:24,069 --> 01:08:30,030

[Music]

1413

01:08:25,409 --> 01:08:32,260

I think you get the general gist this is

1414

01:08:30,029 --> 01:08:37,059

coming the way with it is really

1415

01:08:32,260 --> 01:08:39,100

strongly to try and describe to us and

1416

01:08:37,060 --> 01:08:42,250

every few minutes when he gets excited

1417

01:08:39,100 --> 01:08:46,930

about it he record roster go into a

1418

01:08:42,250 --> 01:08:48,310

cleaner - but if you were there there's

1419

01:08:46,930 --> 01:08:50,890

one thing you would definitely agree

1420

01:08:48,310 --> 01:08:53,140

with this malice how that makes things

1421

01:08:50,890 --> 01:08:56,590

what it was exactly

1422

01:08:53,140 --> 01:08:57,610

I would like to be you know into my name

1423

01:08:56,590 --> 01:09:00,819

- exactly

1424

01:08:57,609 --> 01:09:01,769

but did this man actually experience

1425

01:09:00,819 --> 01:09:04,858

something odd

1426
01:09:01,770 --> 01:09:06,540
no he didn't he really saw it and so did

1427
01:09:04,859 --> 01:09:08,700
his neighbor he goes on to describe how

1428
01:09:06,539 --> 01:09:11,819
he was knocking on the door and the lady

1429
01:09:08,699 --> 01:09:19,079
came out when someone just takes a

1430
01:09:11,819 --> 01:09:22,100
second mr. Rawat's up there let's a look

1431
01:09:19,079 --> 01:09:23,600
at his drawing that he did for me please

1432
01:09:22,100 --> 01:09:26,069
lights please

1433
01:09:23,600 --> 01:09:29,640
there we are not suit actual drawing

1434
01:09:26,069 --> 01:09:32,400
that's him suffer he's a style and this

1435
01:09:29,640 --> 01:09:34,490
is the object the Teatro which is like a

1436
01:09:32,399 --> 01:09:37,259
ton of the capacities on explanation

1437
01:09:34,489 --> 01:09:40,949
bigger than a double-decker bus and

1438
01:09:37,260 --> 01:09:42,539
immediately over him and as I said he

1439
01:09:40,949 --> 01:09:47,489
went knocking on people's doors in the

1440
01:09:42,539 --> 01:09:50,130
morning now in August 1999 I was

1441
01:09:47,489 --> 01:09:52,619
contacted by a public driver a glider

1442
01:09:50,130 --> 01:09:56,159
made no conference who was flying his

1443
01:09:52,619 --> 01:09:58,769
brother glad you from God 42 deadly and

1444
01:09:56,159 --> 01:10:01,229
he was getting a little too low as I

1445
01:09:58,770 --> 01:10:02,970
neared deadly when I suddenly saw

1446
01:10:01,229 --> 01:10:05,009
something strange it wouldn't like a

1447
01:10:02,970 --> 01:10:05,640
flying saucer was hung in around some

1448
01:10:05,010 --> 01:10:08,220
trees

1449
01:10:05,640 --> 01:10:16,770
I always carry a camera so I loved it

1450
01:10:08,220 --> 01:10:19,350
nearby - at several photographs this was

1451
01:10:16,770 --> 01:10:24,360
actually moving but he monster takes up

1452
01:10:19,350 --> 01:10:27,030
you know really good pictures this guy's

1453
01:10:24,359 --> 01:10:28,949
got nothing - you know no reason at all

1454

01:10:27,029 --> 01:10:31,349
trying to make it up or anything like

1455
01:10:28,949 --> 01:10:32,699
that and he's really got his product

1456
01:10:31,350 --> 01:10:35,039
right and it's a lot of people who've

1457
01:10:32,699 --> 01:10:36,989
got no reason on earth why they should

1458
01:10:35,039 --> 01:10:37,609
want to you know start talking about

1459
01:10:36,989 --> 01:10:39,908
UFOs

1460
01:10:37,609 --> 01:10:43,009
Scot the common contact three ones and

1461
01:10:39,908 --> 01:10:46,488
when he was climbing up the Mount

1462
01:10:43,010 --> 01:10:49,190
Everest on one occasion a big forty

1463
01:10:46,488 --> 01:10:51,888
silver cube came either of augment

1464
01:10:49,189 --> 01:10:54,559
Everest everybody saw it base camp

1465
01:10:51,889 --> 01:10:56,810
everything and so on and he put it in an

1466
01:10:54,560 --> 01:10:59,600
interview I said nobody's going to

1467
01:10:56,810 --> 01:11:02,900
believe me when I tell them that you've

1468
01:10:59,600 --> 01:11:05,840

seen a giant flying solo cube over Mount

1469

01:11:02,899 --> 01:11:08,349

Everest so he signed a lovely big

1470

01:11:05,840 --> 01:11:08,350

picture

1471

01:11:21,340 --> 01:11:27,500

unfortunately moving it doesn't do very

1472

01:11:24,050 --> 01:11:30,770

good there's certain times before

1473

01:11:27,500 --> 01:11:33,170

it's bloody could be any damn thing when

1474

01:11:30,770 --> 01:11:34,639

it's absolutely clear sharp focus like

1475

01:11:33,170 --> 01:11:37,639

some other pictures around you today

1476

01:11:34,639 --> 01:11:38,389

obviously its main de because it's not

1477

01:11:37,639 --> 01:11:40,819

clear

1478

01:11:38,389 --> 01:11:43,130

this is the trouble you have and this is

1479

01:11:40,819 --> 01:11:45,408

why I related photographs to be the

1480

01:11:43,130 --> 01:11:46,730

worst evidence in the world not least of

1481

01:11:45,408 --> 01:11:48,649

course because everybody in his

1482

01:11:46,729 --> 01:11:51,678

daughter's got computer now could make

1483
01:11:48,649 --> 01:11:54,170
his own what's really important is the

1484
01:11:51,679 --> 01:11:55,880
caliber of the witnesses especially if

1485
01:11:54,170 --> 01:11:57,679
it's multiple witnesses from different

1486
01:11:55,880 --> 01:11:59,960
locations under these people have got

1487
01:11:57,679 --> 01:12:03,260
any qualifications in that area it adds

1488
01:11:59,960 --> 01:12:13,130
to it doesn't it but lights in the sky

1489
01:12:03,260 --> 01:12:15,289
I just love okay now there was not been

1490
01:12:13,130 --> 01:12:18,739
a year we left a reported sighting right

1491
01:12:15,289 --> 01:12:26,329
to an including this year can we have

1492
01:12:18,738 --> 01:12:31,069
another clip please this is Nathan 1920s

1493
01:12:26,329 --> 01:12:32,868
my 2012 this was so the UFO okay where

1494
01:12:31,069 --> 01:12:34,399
he's got that circle not pictured them

1495
01:12:32,868 --> 01:12:35,899
and that is the clue in range by the way

1496
01:12:34,399 --> 01:12:38,299
in the back room

1497
01:12:35,899 --> 01:12:42,649
I think at least and to flushing through

1498
01:12:38,300 --> 01:12:46,850
these a bit quick okay and they came

1499
01:12:42,649 --> 01:12:48,469
over the top of Dendi capsule any of

1500
01:12:46,850 --> 01:12:50,300
this bunch of ascites there because

1501
01:12:48,469 --> 01:12:52,939
that's the one area where they expose

1502
01:12:50,300 --> 01:12:54,980
themselves they do have to go over the

1503
01:12:52,939 --> 01:12:57,349
top of Tempe castle to go to the Debbie

1504
01:12:54,979 --> 01:12:59,149
box and because it's a girl to pair and

1505
01:12:57,350 --> 01:13:01,219
there's always that remote chucks that

1506
01:12:59,149 --> 01:13:04,849
somebody is going to see it on the

1507
01:13:01,219 --> 01:13:06,408
entrance there we I do brilliant on the

1508
01:13:04,850 --> 01:13:08,000
dots in the sky and things but they

1509
01:13:06,408 --> 01:13:10,039
don't mean much except because that

1510
01:13:08,000 --> 01:13:13,520
people are claiming that they've seen in

1511

01:13:10,039 --> 01:13:16,340
the same time thank you I think right

1512
01:13:13,520 --> 01:13:19,820
this is a close up of the UFO is flying

1513
01:13:16,340 --> 01:13:21,829
over deadly castle and what stops don't

1514
01:13:19,819 --> 01:13:23,920
do any good news photography I Spit the

1515
01:13:21,829 --> 01:13:28,819
digital memories okay

1516
01:13:23,920 --> 01:13:35,569
please can we flush through these a bit

1517
01:13:28,819 --> 01:13:38,059
quick right this is a call for us to ask

1518
01:13:35,569 --> 01:13:39,170
people to contact as if this evening can

1519
01:13:38,060 --> 01:13:41,360
we keep going

1520
01:13:39,170 --> 01:13:43,880
thank you okay this is f dot the deadly

1521
01:13:41,359 --> 01:13:45,529
force by the way you can see the emotive

1522
01:13:43,880 --> 01:13:48,170
service an archaeological site in the

1523
01:13:45,529 --> 01:13:49,689
foreground via the reservoirs at the top

1524
01:13:48,170 --> 01:13:52,158
keep going please

1525
01:13:49,689 --> 01:13:53,960

this is one of the only buildings and

1526

01:13:52,158 --> 01:13:56,448

stood on Demi Moore's and you can see

1527

01:13:53,960 --> 01:13:57,980

the stage now I bet that tomorrow that

1528

01:13:56,448 --> 01:14:00,198

probably only the pics on the floor

1529

01:13:57,979 --> 01:14:02,839

literally I remember this is a beautiful

1530

01:14:00,198 --> 01:14:04,849

old building only good film becomes

1531

01:14:02,840 --> 01:14:06,920

there or any of your hopes of our city

1532

01:14:04,850 --> 01:14:10,219

1d because it stood on its own

1533

01:14:06,920 --> 01:14:12,408

okay thank you now yeah of to left is

1534

01:14:10,219 --> 01:14:14,060

just as an examples to show you and one

1535

01:14:12,408 --> 01:14:15,859

time I was stupid enough to waste my

1536

01:14:14,060 --> 01:14:18,020

time frequently by

1537

01:14:15,859 --> 01:14:20,000

to the Ministry of Defense and the Royal

1538

01:14:18,020 --> 01:14:22,070

Air Force and asking them if a

1539

01:14:20,000 --> 01:14:24,590

particular sighting that's about that

1540
01:14:22,069 --> 01:14:27,529
week or whatever it was what's one of

1541
01:14:24,590 --> 01:14:30,739
the aircraft that you've read if you

1542
01:14:27,529 --> 01:14:32,929
could read this as we don't know where

1543
01:14:30,739 --> 01:14:36,349
any forever planes orbit every time we

1544
01:14:32,930 --> 01:14:38,090
can't help you mmm so I contacted them

1545
01:14:36,350 --> 01:14:43,910
back and said I do hope you can find any

1546
01:14:38,090 --> 01:14:45,949
cases so eventually I stopped I stopped

1547
01:14:43,909 --> 01:14:47,809
writing because all they get is complete

1548
01:14:45,949 --> 01:14:50,329
dribble I hope tonight he might as well

1549
01:14:47,810 --> 01:14:53,710
say to me but they're just to show that

1550
01:14:50,329 --> 01:14:56,989
we do try you know we really do try and

1551
01:14:53,710 --> 01:14:58,880
never forget I was been link pope who

1552
01:14:56,989 --> 01:15:01,789
everybody probably knows was in charge

1553
01:14:58,880 --> 01:15:03,590
of us both the Ministry of Defense for

1554
01:15:01,789 --> 01:15:06,529
quite a number of years and who ranks

1555
01:15:03,590 --> 01:15:08,869
commander in the Ministry of Defense who

1556
01:15:06,529 --> 01:15:10,759
told me at a conference because I open

1557
01:15:08,869 --> 01:15:13,340
the first both conferences of Carson

1558
01:15:10,760 --> 01:15:16,520
years ago Zoltan speaking our dog we can

1559
01:15:13,340 --> 01:15:17,840
win it and I said Nick do you honestly

1560
01:15:16,520 --> 01:15:20,120
believe that you can

1561
01:15:17,840 --> 01:15:21,980
oh yes I said I can find in a minute I

1562
01:15:20,119 --> 01:15:23,899
can contact one of these person I will

1563
01:15:21,979 --> 01:15:26,750
have the information from there anything

1564
01:15:23,899 --> 01:15:29,779
they've got I can access to I said you

1565
01:15:26,750 --> 01:15:31,880
really believe I said oh yes sir well I

1566
01:15:29,779 --> 01:15:35,000
don't I think you write everybody nuts

1567
01:15:31,880 --> 01:15:37,010
on the need-to-know basis if they want

1568

01:15:35,000 --> 01:15:38,869
you to know that I'll tell him if it's

1569
01:15:37,010 --> 01:15:42,350
anything really important you aren't

1570
01:15:38,869 --> 01:15:44,390
going to be oh no no no so with me at

1571
01:15:42,350 --> 01:15:47,840
that conference like today I've got

1572
01:15:44,390 --> 01:15:51,170
information and even our jihad really

1573
01:15:47,840 --> 01:15:52,699
and said okay here's a case where the

1574
01:15:51,170 --> 01:15:55,789
ministry defense admitted their

1575
01:15:52,699 --> 01:15:59,029
involvement go and pull the data so

1576
01:15:55,789 --> 01:16:01,510
lunchtime nicob disappears imagine

1577
01:15:59,029 --> 01:16:03,009
helium shouting and cursing

1578
01:16:01,510 --> 01:16:05,890
when he come up to you had a face like a

1579
01:16:03,010 --> 01:16:07,180
pasta but and I said did you find it he

1580
01:16:05,890 --> 01:16:12,039
said oh well they come and find in the

1581
01:16:07,180 --> 01:16:14,409
moment in other words he can't get

1582
01:16:12,039 --> 01:16:18,039

everything he thinks he can get he can

1583

01:16:14,409 --> 01:16:20,199

get those cases where obviously it could

1584

01:16:18,039 --> 01:16:23,350

be anything when it could be definitely

1585

01:16:20,199 --> 01:16:24,039

only something he can't get that's what

1586

01:16:23,350 --> 01:16:27,039

I found

1587

01:16:24,039 --> 01:16:28,689

okay I started an organization the World

1588

01:16:27,039 --> 01:16:32,439

Federation of Independent you phones it

1589

01:16:28,689 --> 01:16:34,299

off with a famous lady mammography fry

1590

01:16:32,439 --> 01:16:37,509

who lives up in North Wales not far from

1591

01:16:34,300 --> 01:16:39,279

me and we are the center italic Alvin

1592

01:16:37,510 --> 01:16:40,930

which isn't just reopened and we are

1593

01:16:39,279 --> 01:16:42,909

people from all over Wales coming up on

1594

01:16:40,930 --> 01:16:45,130

a monthly basis they tell us their

1595

01:16:42,909 --> 01:16:46,899

sightings and all the sightings have

1596

01:16:45,130 --> 01:16:49,630

happened in Wales came through us at

1597
01:16:46,899 --> 01:16:53,439
that time so the database of all that is

1598
01:16:49,630 --> 01:16:56,710
resides with me the moment okay don't

1599
01:16:53,439 --> 01:17:00,069
just flash through please yeah these are

1600
01:16:56,710 --> 01:17:06,279
all people that divide experiences some

1601
01:17:00,069 --> 01:17:11,469
famously zombies that stop there now

1602
01:17:06,279 --> 01:17:13,750
this this person is saved in a holiday

1603
01:17:11,470 --> 01:17:15,369
town for the press that in and you can

1604
01:17:13,750 --> 01:17:18,430
see the color box he's in in the

1605
01:17:15,369 --> 01:17:20,890
foreground here and he's singing this

1606
01:17:18,430 --> 01:17:24,250
lovely picture which shows the

1607
01:17:20,890 --> 01:17:26,500
television masks aerals on the top of

1608
01:17:24,250 --> 01:17:29,020
the mountain the press study at the end

1609
01:17:26,500 --> 01:17:31,659
of this picture here the Mountie turns

1610
01:17:29,020 --> 01:17:35,530
and goes down the Chloe range now

1611
01:17:31,659 --> 01:17:36,448
sometimes we about UFOs skirty this

1612
01:17:35,529 --> 01:17:38,969
valley coming

1613
01:17:36,448 --> 01:17:41,039
and then going there deployed range and

1614
01:17:38,969 --> 01:17:42,960
witnesses see I'm actually going them

1615
01:17:41,039 --> 01:17:47,010
and down the range now when he took that

1616
01:17:42,960 --> 01:17:51,390
picture right he did not see at that

1617
01:17:47,010 --> 01:17:53,940
moment what I'm going to show you he

1618
01:17:51,390 --> 01:17:56,219
couldn't see it but then something moved

1619
01:17:53,939 --> 01:17:59,879
and what was happening it was a UFO

1620
01:17:56,219 --> 01:18:03,119
traveling extremely close to these woods

1621
01:17:59,880 --> 01:18:04,679
and they really stupid well never which

1622
01:18:03,119 --> 01:18:08,210
means if you can't see them unless you

1623
01:18:04,679 --> 01:18:08,210
happen to be right on it at the time

1624
01:18:21,590 --> 01:18:27,600
this is a UFO traveling right against

1625

01:18:24,960 --> 01:18:31,399
aside without monty keeping close to the

1626
01:18:27,600 --> 01:18:34,070
trees going down there in broad daylight

1627
01:18:31,399 --> 01:18:41,609
chi of the next picture please

1628
01:18:34,069 --> 01:18:45,659
that's the object there now I thought

1629
01:18:41,609 --> 01:18:47,789
this photograph analyzed by experts and

1630
01:18:45,659 --> 01:18:49,738
this is not a touched or alter

1631
01:18:47,789 --> 01:18:53,010
photograph in any way shape or form

1632
01:18:49,738 --> 01:18:56,369
the object is real it's about 30 or foot

1633
01:18:53,010 --> 01:19:00,270
in diameter and it is traveling across

1634
01:18:56,369 --> 01:19:02,519
this direction close to those trees this

1635
01:19:00,270 --> 01:19:04,290
is the best I can do from pictures and

1636
01:19:02,520 --> 01:19:06,510
slides I mean what you need to see is

1637
01:19:04,289 --> 01:19:08,250
they might original photograph and put

1638
01:19:06,510 --> 01:19:10,650
it under a microscope that's the best

1639
01:19:08,250 --> 01:19:12,960

but this is the best I can get it on

1640

01:19:10,649 --> 01:19:15,839

this other system and again please

1641

01:19:12,960 --> 01:19:18,149

and this is the closest that you get to

1642

01:19:15,840 --> 01:19:20,390

it but it does actually are abdominals

1643

01:19:18,149 --> 01:19:22,920

actually our features that looks

1644

01:19:20,390 --> 01:19:24,679

actually when you look at the negative

1645

01:19:22,920 --> 01:19:28,190

as if that is so

1646

01:19:24,679 --> 01:19:30,500

each stood at the top it looks like a

1647

01:19:28,189 --> 01:19:32,839

figure of the top of it although they

1648

01:19:30,500 --> 01:19:38,090

enacted it at the top it has definitely

1649

01:19:32,840 --> 01:19:40,100

got bubbles around this edge and I've

1650

01:19:38,090 --> 01:19:42,739

seen many many photographs where there's

1651

01:19:40,100 --> 01:19:44,120

these sort of properly bits around the

1652

01:19:42,738 --> 01:19:47,229

edge you probably see them and booked

1653

01:19:44,119 --> 01:19:49,309

yourself okay thank you and again

1654
01:19:47,229 --> 01:19:52,459
because I just flushed through these

1655
01:19:49,310 --> 01:19:54,409
they constantly constantly are the right

1656
01:19:52,460 --> 01:19:56,510
times of the year that there are

1657
01:19:54,408 --> 01:19:59,988
scientists and they don't these again

1658
01:19:56,510 --> 01:20:02,449
just keep going to give you some idea

1659
01:19:59,988 --> 01:20:07,609
and many it just they're just keep on

1660
01:20:02,448 --> 01:20:09,649
happening over and over again if you

1661
01:20:07,609 --> 01:20:11,539
analyze the directions of all these

1662
01:20:09,649 --> 01:20:16,488
things the other Lohia system of

1663
01:20:11,539 --> 01:20:20,840
investigating it and then there's this

1664
01:20:16,488 --> 01:20:24,709
I believe UFO group in design and I pick

1665
01:20:20,840 --> 01:20:29,300
up my Sunday Express and IV strange

1666
01:20:24,710 --> 01:20:31,929
debris out of the sky by the first

1667
01:20:29,300 --> 01:20:36,800
officer meteorite or something like that

1668
01:20:31,929 --> 01:20:39,649
but no farmer gets up in the morning to

1669
01:20:36,800 --> 01:20:42,980
see me she walks to his first gate leans

1670
01:20:39,649 --> 01:20:44,779
over the gate oh my god as far as he can

1671
01:20:42,979 --> 01:20:47,359
see four of these fields are covered

1672
01:20:44,779 --> 01:20:50,948
with what look like tinfoil and pieces

1673
01:20:47,359 --> 01:20:53,509
of metal that look like shattered glass

1674
01:20:50,948 --> 01:20:55,009
so it walks all the way around and he's

1675
01:20:53,510 --> 01:20:57,079
no cop if as an accidents of nature

1676
01:20:55,010 --> 01:20:59,239
think year so it looks Li cases of

1677
01:20:57,079 --> 01:21:00,948
pilots and but that he can't find

1678
01:20:59,238 --> 01:21:04,339
anything very fine it's pieces of this

1679
01:21:00,948 --> 01:21:06,439
Sun which are nearly six pot and he goes

1680
01:21:04,340 --> 01:21:07,940
to the police the police arrived Walter

1681
01:21:06,439 --> 01:21:11,109
oh my god about a plane crash

1682

01:21:07,939 --> 01:21:12,738
he said yeah where is it don't find it

1683
01:21:11,109 --> 01:21:14,779
next minute

1684
01:21:12,738 --> 01:21:17,509
they've contacted their Royal Air Force

1685
01:21:14,779 --> 01:21:19,729
craft retrieval people and experts are

1686
01:21:17,510 --> 01:21:20,600
walking amongst it going well that

1687
01:21:19,729 --> 01:21:22,250
doesn't

1688
01:21:20,600 --> 01:21:24,140
it's anything off an aeroplane I've

1689
01:21:22,250 --> 01:21:27,699
never seen anything like it this is a

1690
01:21:24,140 --> 01:21:31,600
recording of what they said to me then

1691
01:21:27,699 --> 01:21:34,789
late afternoon ministry defence arrived

1692
01:21:31,600 --> 01:21:37,760
caravans equipment so people knew before

1693
01:21:34,789 --> 01:21:39,409
some people in plain clothes but he got

1694
01:21:37,760 --> 01:21:44,989
gas lighting all the way around you know

1695
01:21:39,409 --> 01:21:48,979
these portable lights of his description

1696
01:21:44,989 --> 01:21:54,979

was it's a scene from James Bond that's

1697

01:21:48,979 --> 01:21:56,869
what he tells me all over it so

1698

01:21:54,979 --> 01:21:58,369
eventually he goes to bed after showing

1699

01:21:56,869 --> 01:21:59,809
him all where that orders and everything

1700

01:21:58,369 --> 01:22:03,140
and gets up in the morning they woke up

1701

01:21:59,810 --> 01:22:04,550
and so is every single scrap of this

1702

01:22:03,140 --> 01:22:06,680
stuff that was all these fields

1703

01:22:04,550 --> 01:22:09,789
well they say every single struck the

1704

01:22:06,680 --> 01:22:12,530
main and I might be dead he may

1705

01:22:09,789 --> 01:22:16,970
accidentally fell the few little pieces

1706

01:22:12,529 --> 01:22:22,849
somewhere himself okay so we stopped and

1707

01:22:16,970 --> 01:22:25,340
I read this and if you'd swap form from

1708

01:22:22,850 --> 01:22:29,180
rancher you won't read the prospect

1709

01:22:25,340 --> 01:22:31,369
right finally gets up this deadly always

1710

01:22:29,180 --> 01:22:34,880
vivid looks like something every word

1711
01:22:31,369 --> 01:22:38,689
comes straight out of Roseburg so I get

1712
01:22:34,880 --> 01:22:41,920
on the phone yes please can I come down

1713
01:22:38,689 --> 01:22:45,109
and interview you and I look at this

1714
01:22:41,920 --> 01:22:47,810
find me there clearly the work so I

1715
01:22:45,109 --> 01:22:49,969
don't have a small team we serve action

1716
01:22:47,810 --> 01:22:52,160
everybody gets am being fed up because I

1717
01:22:49,970 --> 01:22:54,350
can't find anything and then I look at

1718
01:22:52,159 --> 01:22:56,989
the one field is bounded by a wooden

1719
01:22:54,350 --> 01:22:59,300
cops and you could clearly see the tops

1720
01:22:56,989 --> 01:23:01,519
of all the trees right through this cops

1721
01:22:59,300 --> 01:23:04,310
have been sheared off by a giant lawn

1722
01:23:01,520 --> 01:23:07,190
mower that flew across the top of it and

1723
01:23:04,310 --> 01:23:09,050
where he ended his field it actually no

1724
01:23:07,189 --> 01:23:11,719
branches and twigs and leaves of stuff

1725
01:23:09,050 --> 01:23:14,000
right across the field in a row there's

1726
01:23:11,720 --> 01:23:16,820
no depth at all whatever this was it hit

1727
01:23:14,000 --> 01:23:20,380
this forest and shattered some pieces of

1728
01:23:16,819 --> 01:23:22,880
it but whatever it was they flew away

1729
01:23:20,380 --> 01:23:27,429
losing four fields with

1730
01:23:22,880 --> 01:23:30,079
and still flying away no engines no

1731
01:23:27,429 --> 01:23:32,119
electronic wire nothing you would

1732
01:23:30,079 --> 01:23:35,149
recognize other than shattered glass

1733
01:23:32,119 --> 01:23:38,559
metal pieces of blessing that becomes

1734
01:23:35,149 --> 01:23:41,869
identify them about fish scales and this

1735
01:23:38,560 --> 01:23:44,860
tinfoil stuff that's so strong you can

1736
01:23:41,869 --> 01:23:49,119
stamp on it it won't Bend Newcomb's it's

1737
01:23:44,859 --> 01:23:51,889
incredibly light it's super strong and

1738
01:23:49,119 --> 01:23:53,510
so said to my guys no way

1739

01:23:51,889 --> 01:23:55,819
then people I don't care who they are

1740
01:23:53,510 --> 01:23:57,889
consider forests in the middle of the

1741
01:23:55,819 --> 01:23:59,599
night that's where we going to look we

1742
01:23:57,889 --> 01:24:00,829
don't have to look very far I didn't

1743
01:23:59,600 --> 01:24:02,929
because we could see the number line

1744
01:24:00,829 --> 01:24:05,238
right across the tree so we look there

1745
01:24:02,929 --> 01:24:09,380
and we started to find pieces of the

1746
01:24:05,238 --> 01:24:11,869
debris in which we recovered I had some

1747
01:24:09,380 --> 01:24:13,670
equipment everything I have but I can

1748
01:24:11,869 --> 01:24:18,829
tell you it wasn't radioactive so the

1749
01:24:13,670 --> 01:24:21,619
guy he kept but we did and we did now so

1750
01:24:18,829 --> 01:24:23,960
I said I'll come back next week more of

1751
01:24:21,619 --> 01:24:26,198
my colleagues more equipment specialist

1752
01:24:23,960 --> 01:24:29,210
equipment and the cleaners work properly

1753
01:24:26,198 --> 01:24:31,488

rightousness day before Abdul to go up

1754

01:24:29,210 --> 01:24:33,500

there phone call there Bellator hello

1755

01:24:31,488 --> 01:24:34,809

yeah you can still come if you want to

1756

01:24:33,500 --> 01:24:37,609

be wasting any time

1757

01:24:34,810 --> 01:24:39,800

hello my wasting my time he said because

1758

01:24:37,609 --> 01:24:44,689

looking through my window I can see a

1759

01:24:39,800 --> 01:24:46,489

JCB taking the trees away so what he

1760

01:24:44,689 --> 01:24:48,379

said taking the teachers ring of

1761

01:24:46,488 --> 01:24:51,198

Forestry Commission who's also in on the

1762

01:24:48,380 --> 01:24:54,829

end they're all in awe at this and said

1763

01:24:51,198 --> 01:24:56,948

what are you doing I never take your

1764

01:24:54,829 --> 01:24:59,300

trees which said wind damage

1765

01:24:56,948 --> 01:25:00,829

suppose you usually take the trees away

1766

01:24:59,300 --> 01:25:02,929

if you get any wind damages so that's

1767

01:25:00,829 --> 01:25:04,158

what I've been told it's wind damage so

1768
01:25:02,929 --> 01:25:04,690
I didn't either one was laughing on the

1769
01:25:04,158 --> 01:25:07,719
other end

1770
01:25:04,689 --> 01:25:09,039
that was it that was the conversation so

1771
01:25:07,719 --> 01:25:11,140
it's a waste of time going any further

1772
01:25:09,039 --> 01:25:12,939
we did go anyway

1773
01:25:11,140 --> 01:25:15,880
you said you'd come I sort of went I

1774
01:25:12,939 --> 01:25:17,019
went there and when they got there as I

1775
01:25:15,880 --> 01:25:20,859
drove up to the farm

1776
01:25:17,020 --> 01:25:22,330
I see another Jesse on the lobby and I

1777
01:25:20,859 --> 01:25:24,880
can see the farm because trees are

1778
01:25:22,329 --> 01:25:27,550
missing and I covered up to now say

1779
01:25:24,880 --> 01:25:30,789
what's what's going on then he said they

1780
01:25:27,550 --> 01:25:32,079
take you for soil on them no they don't

1781
01:25:30,789 --> 01:25:34,180
want it they don't want to clean the air

1782
01:25:32,079 --> 01:25:36,960
there's nothing going on we'll take the

1783
01:25:34,180 --> 01:25:40,570
trees and then we'll take the soil of it

1784
01:25:36,960 --> 01:25:44,198
but to meant to make this time because

1785
01:25:40,569 --> 01:25:48,039
we've got pieces of it and then it

1786
01:25:44,198 --> 01:25:50,710
stopped it after that all my meadow was

1787
01:25:48,039 --> 01:25:52,750
intercepted consistently they came in

1788
01:25:50,710 --> 01:25:55,000
everything looked at me through immense

1789
01:25:52,750 --> 01:25:57,250
at all depth open it was accidentally

1790
01:25:55,000 --> 01:25:59,170
read mr. Oakland you know and then they

1791
01:25:57,250 --> 01:26:00,520
received ribbon in sealing the back up

1792
01:25:59,170 --> 01:26:03,010
and saying he was done so he simply

1793
01:26:00,520 --> 01:26:05,199
forgot for him but what they were doing

1794
01:26:03,010 --> 01:26:07,060
basically he freed to know my name I'd

1795
01:26:05,198 --> 01:26:10,169
come home from work one lunchtime I

1796

01:26:07,060 --> 01:26:13,239
never do that I was too close

1797
01:26:10,170 --> 01:26:13,239
[Music]

1798
01:26:14,279 --> 01:26:19,210
said other guys is a wall pass what's up

1799
01:26:17,829 --> 01:26:21,130
and there there are this blokes

1800
01:26:19,210 --> 01:26:24,909
complaining about his telephone said you

1801
01:26:21,130 --> 01:26:25,239
lie and the book I said what are you

1802
01:26:24,909 --> 01:26:27,340
doing

1803
01:26:25,238 --> 01:26:29,109
where you from didn't want to tell me

1804
01:26:27,340 --> 01:26:31,300
what you voted but I got the number of

1805
01:26:29,109 --> 01:26:32,799
and straight away start with so we start

1806
01:26:31,300 --> 01:26:34,900
with that I'll start with the police

1807
01:26:32,800 --> 01:26:36,909
secondly you tell me anybody turns out

1808
01:26:34,899 --> 01:26:39,069
they've been sent especially for the

1809
01:26:36,909 --> 01:26:39,760
telephone I contacted the working chance

1810
01:26:39,069 --> 01:26:42,579

of the telephone

1811

01:26:39,760 --> 01:26:45,489

I didn't easily talk about the tried to

1812

01:26:42,579 --> 01:26:46,840

buy me off in there mr. go they're very

1813

01:26:45,488 --> 01:26:48,939

sad words you're obviously a mistake

1814

01:26:46,840 --> 01:26:50,969

we've obviously got the wrong one we fit

1815

01:26:48,939 --> 01:26:54,119

in this box on your with this awful

1816

01:26:50,969 --> 01:26:55,560

by yourself and all this duct so I said

1817

01:26:54,119 --> 01:26:59,698

I'll tell you what what you could do it

1818

01:26:55,560 --> 01:27:01,380

two thumbs up stairs and one poor no no

1819

01:26:59,698 --> 01:27:03,629

sir Bradley come on to be right to mate

1820

01:27:01,380 --> 01:27:05,909

back to me I've got two phones in watts

1821

01:27:03,630 --> 01:27:08,640

is it one of the old this is best I'm

1822

01:27:05,909 --> 01:27:13,619

gonna get out of it and then to top it

1823

01:27:08,640 --> 01:27:15,180

all right it stopped for a while

1824

01:27:13,619 --> 01:27:18,238

they've got wet in the rains of the

1825
01:27:15,180 --> 01:27:21,030
answer you know reactive originals but

1826
01:27:18,238 --> 01:27:22,759
always metal from a particular UFO

1827
01:27:21,029 --> 01:27:26,159
Center

1828
01:27:22,760 --> 01:27:27,570
so on this spot all this and then I

1829
01:27:26,159 --> 01:27:28,800
couldn't understand never taught me to

1830
01:27:27,569 --> 01:27:31,948
collect over to the every world they

1831
01:27:28,800 --> 01:27:33,510
rolled itself up on the tape so I've got

1832
01:27:31,948 --> 01:27:37,049
my colleagues at the other evidence said

1833
01:27:33,510 --> 01:27:40,409
what you doing to these letters the

1834
01:27:37,050 --> 01:27:43,590
nothing at all the overstated the phony

1835
01:27:40,409 --> 01:27:45,738
Cogsworth and prospect knee amylose so I

1836
01:27:43,590 --> 01:27:48,840
was very fortunate to have a friend who

1837
01:27:45,738 --> 01:27:50,839
was in high positions at one time and

1838
01:27:48,840 --> 01:27:54,779
the summer session we did it was fine

1839
01:27:50,840 --> 01:27:56,250
and he's the media tonight actually I'm

1840
01:27:54,779 --> 01:27:59,460
very sad that he didn't make it he's

1841
01:27:56,250 --> 01:28:00,840
going to try to come but he said well

1842
01:27:59,460 --> 01:28:02,279
it's obvious they're beating the

1843
01:28:00,840 --> 01:28:03,960
electors as well they got that cover

1844
01:28:02,279 --> 01:28:05,399
still sealed and the signals my

1845
01:28:03,960 --> 01:28:07,350
colleagues got up there which is the

1846
01:28:05,399 --> 01:28:07,979
bank method you sign the name of what

1847
01:28:07,350 --> 01:28:10,380
sellotape

1848
01:28:07,979 --> 01:28:13,099
and frankly you can't get it off can't

1849
01:28:10,380 --> 01:28:13,100
even open G

1850
01:28:21,719 --> 01:28:25,979
let me just tell you something if you

1851
01:28:23,399 --> 01:28:27,839
intend to get lost the tenth time right

1852
01:28:25,979 --> 01:28:30,360
there's one place in the world where

1853

01:28:27,840 --> 01:28:32,400
you're going to be found right because

1854
01:28:30,359 --> 01:28:35,549
it is the end quarters of the surgeon

1855
01:28:32,399 --> 01:28:37,469
residue of the Coast Guard of all the

1856
01:28:35,550 --> 01:28:39,900
head family right

1857
01:28:37,469 --> 01:28:42,689
almost everything is there at all yet

1858
01:28:39,899 --> 01:28:44,158
and around that angles the area so if

1859
01:28:42,689 --> 01:28:45,959
you've got to get lost you couldn't do

1860
01:28:44,158 --> 01:28:48,388
it in a better place because as soon as

1861
01:28:45,958 --> 01:28:51,569
you report it there are people in boats

1862
01:28:48,389 --> 01:28:53,659
people in cars and so on people in the

1863
01:28:51,569 --> 01:29:02,788
aircraft looking for you straight away

1864
01:28:53,658 --> 01:29:05,339
which is the case here right this is

1865
01:29:02,788 --> 01:29:07,380
actually Perez mounting on the top if

1866
01:29:05,340 --> 01:29:09,029
you coming on then that will as you can

1867
01:29:07,380 --> 01:29:10,920

see in the middle photograph you would

1868

01:29:09,029 --> 01:29:12,779

go down the hill and you'd be on the far

1869

01:29:10,920 --> 01:29:14,998

east corner post office we've just

1870

01:29:12,779 --> 01:29:17,938

talked about okay

1871

01:29:14,998 --> 01:29:19,559

it's got the most standing landscape

1872

01:29:17,939 --> 01:29:22,199

they will ever see in your life here

1873

01:29:19,559 --> 01:29:24,630

because it's a massive copper mining

1874

01:29:22,198 --> 01:29:28,078

area it's not active at the moment at

1875

01:29:24,630 --> 01:29:30,050

all and one day when I was talking to us

1876

01:29:28,078 --> 01:29:32,849

from old friends about this and I said

1877

01:29:30,050 --> 01:29:35,510

you know why am I getting all this

1878

01:29:32,849 --> 01:29:40,219

activity there because by the way all

1879

01:29:35,510 --> 01:29:42,989

into UFOs like you would not believe

1880

01:29:40,219 --> 01:29:45,868

they can't tell you that because every

1881

01:29:42,988 --> 01:29:48,118

time they mention UFO or alien the

1882
01:29:45,868 --> 01:29:50,308
funding slips and then they went

1883
01:29:48,118 --> 01:29:51,958
bankrupt three times the last time

1884
01:29:50,309 --> 01:29:54,840
because there was surging perhaps a

1885
01:29:51,958 --> 01:29:56,969
dreadful set the third director clusters

1886
01:29:54,840 --> 01:29:59,458
and they've got to go public with

1887
01:29:56,969 --> 01:30:01,649
because obviously you know the funding

1888
01:29:59,458 --> 01:30:03,389
just dries up people don't mind paying

1889
01:30:01,649 --> 01:30:05,368
for space research or medical research

1890
01:30:03,389 --> 01:30:07,409
and Teflon teeth panels and everything

1891
01:30:05,368 --> 01:30:08,488
that comes out of it but when they

1892
01:30:07,408 --> 01:30:10,228
mentioned anything to do with the

1893
01:30:08,488 --> 01:30:15,118
possibility of aliens they fade away

1894
01:30:10,229 --> 01:30:16,530
rapidly from it but I must remind you if

1895
01:30:15,118 --> 01:30:18,719
you want a crew four people always say

1896
01:30:16,529 --> 01:30:20,188
to me you talk a lot of God you don't in

1897
01:30:18,719 --> 01:30:22,109
any evidence well I'm gonna give you so

1898
01:30:20,189 --> 01:30:25,320
now Jay blumrich

1899
01:30:22,109 --> 01:30:29,658
who was in charge of NASA chief engineer

1900
01:30:25,319 --> 01:30:33,500
of NASA right wrote a book in his life

1901
01:30:29,658 --> 01:30:35,359
and this book what do you think it's

1902
01:30:33,500 --> 01:30:38,270
about to think it's about the amazing

1903
01:30:35,359 --> 01:30:40,069
work research that they've conducted at

1904
01:30:38,270 --> 01:30:42,230
NASA and all the wonderful things you

1905
01:30:40,069 --> 01:30:45,009
achieve while he was in charge with no

1906
01:30:42,229 --> 01:30:48,589
it's called spaceships obviously killed

1907
01:30:45,010 --> 01:30:51,590
right and it's about UFOs this we should

1908
01:30:48,590 --> 01:30:54,949
talk not NASA UFOs he wrote about in the

1909
01:30:51,590 --> 01:30:58,789
book he discovered in the Bible this

1910

01:30:54,948 --> 01:31:00,979
craft came down to old Ezekiel and it's

1911
01:30:58,789 --> 01:31:03,260
a well described I've never thought

1912
01:31:00,979 --> 01:31:04,968
about in terms of engineering but it's

1913
01:31:03,260 --> 01:31:07,159
so well described with wheels within

1914
01:31:04,969 --> 01:31:09,319
wheels in it turn without to the

1915
01:31:07,158 --> 01:31:11,750
knowledge this guy is one of the

1916
01:31:09,319 --> 01:31:13,158
greatest engineer in the world they took

1917
01:31:11,750 --> 01:31:14,960
one look at this and said they

1918
01:31:13,158 --> 01:31:18,469
discovering the new invention yeah

1919
01:31:14,960 --> 01:31:21,439
they're talking about a new invention so

1920
01:31:18,469 --> 01:31:23,029
he went out and he drew pictures of what

1921
01:31:21,439 --> 01:31:27,169
he thought he was listening to in that

1922
01:31:23,029 --> 01:31:31,698
book and he patented it and it is the

1923
01:31:27,170 --> 01:31:36,109
only system of moving things to and fro

1924
01:31:31,698 --> 01:31:40,099

on the same wheels but he painted it

1925

01:31:36,109 --> 01:31:42,979

this and then there's another woman who

1926

01:31:40,100 --> 01:31:44,840

designed the Apollo four spacecraft and

1927

01:31:42,979 --> 01:31:47,539

has got the most inventions in the world

1928

01:31:44,840 --> 01:31:52,789

to his name and he wrote a book about

1929

01:31:47,539 --> 01:31:56,960

UFOs this is NASA they won't talk about

1930

01:31:52,789 --> 01:31:59,510

it because officially UFOs still exist

1931

01:31:56,960 --> 01:32:02,300

and if you report them to the official

1932

01:31:59,510 --> 01:32:05,750

NASA they will look into it if you've

1933

01:32:02,300 --> 01:32:09,880

got any evidence that's it but they

1934

01:32:05,750 --> 01:32:09,880

won't accept anything from it

1935

01:32:18,158 --> 01:32:24,828

if you shake your granny logo off very

1936

01:32:23,029 --> 01:32:27,978

sensitive this is something you're

1937

01:32:24,828 --> 01:32:35,719

putting it in one one place sorry the

1938

01:32:27,979 --> 01:32:37,760

other leg place the tape and then what

1939
01:32:35,719 --> 01:33:03,800
happens is if there's a magnetic field

1940
01:32:37,760 --> 01:33:05,979
this is a \$40 you think it's all the

1941
01:33:03,800 --> 01:33:10,969
electricity that's in this bill

1942
01:33:05,979 --> 01:33:13,190
detective when you get this outside they

1943
01:33:10,969 --> 01:33:18,489
don't feel the way from anything this is

1944
01:33:13,189 --> 01:33:21,618
totally silent right and approaches it

1945
01:33:18,488 --> 01:33:28,308
to alarms and if I put the magnetic one

1946
01:33:21,618 --> 01:33:31,389
or the electrostatic one open but this

1947
01:33:28,309 --> 01:33:31,389
is an invention of mine

1948
01:33:51,069 --> 01:33:55,878
[Music]

1949
01:34:30,720 --> 01:34:34,869
you may think well that's not very

1950
01:34:33,010 --> 01:34:38,199
sensitive cuz I go they might make white

1951
01:34:34,869 --> 01:34:39,640
this is just a little weak magnet but

1952
01:34:38,199 --> 01:34:41,229
like I said to you when you've got

1953
01:34:39,640 --> 01:34:43,300
something over the top of your the 30

1954
01:34:41,229 --> 01:34:45,399
foot in diameter and emitting the field

1955
01:34:43,300 --> 01:34:47,739
so strong that the batteries packing on

1956
01:34:45,399 --> 01:34:50,379
your right that is going to light

1957
01:34:47,739 --> 01:34:53,349
up and once he does it stays lit like

1958
01:34:50,380 --> 01:34:55,630
that until I reset it indicating to me

1959
01:34:53,350 --> 01:34:56,950
that I just been in the presence of the

1960
01:34:55,630 --> 01:34:59,560
heavy magnetic field

1961
01:34:56,949 --> 01:35:01,569
I built the electronics into it many

1962
01:34:59,560 --> 01:35:03,940
years ago that is about 30 years this

1963
01:35:01,569 --> 01:35:05,469
one and something like hey I've got

1964
01:35:03,939 --> 01:35:07,569
another equipment brought it with me

1965
01:35:05,470 --> 01:35:09,400
today drops another time if you'll

1966
01:35:07,569 --> 01:35:11,409
invite me again help him some stuff then

1967

01:35:09,399 --> 01:35:12,789
to show you but not equipment than what

1968
01:35:11,409 --> 01:35:15,779
you wouldn't believe that would go all

1969
01:35:12,789 --> 01:35:19,000
sorts of things but this is my little

1970
01:35:15,779 --> 01:35:22,199
little torch the electron see there's no

1971
01:35:19,000 --> 01:35:22,199
room for electrons involved

1972
01:35:30,149 --> 01:36:05,469
it's pretty simple it works what

1973
01:35:36,130 --> 01:36:07,539
okay so again which is true but when

1974
01:36:05,470 --> 01:36:09,340
they when you get really good cases

1975
01:36:07,539 --> 01:36:11,350
right and they're making these programs

1976
01:36:09,340 --> 01:36:14,440
for some reason rather they're invisible

1977
01:36:11,350 --> 01:36:20,980
it's amazing Oh invisible the Manchester

1978
01:36:14,439 --> 01:36:24,819
Evening News Center

1979
01:36:20,979 --> 01:36:27,479
right find three UFOs in the air over

1980
01:36:24,819 --> 01:36:30,309
the admin Center and can't make any

1981
01:36:27,479 --> 01:36:34,199

communication on any of the ambulances

1982

01:36:30,310 --> 01:36:37,420

or the ambulance Center with any of the

1983

01:36:34,199 --> 01:36:44,679

when you're stopping an ambulance center

1984

01:36:37,420 --> 01:36:46,989

from work it's important yeah there's

1985

01:36:44,680 --> 01:36:48,940

one why isn't that on any programs they

1986

01:36:46,989 --> 01:36:53,229

did make the Manchester Evening News

1987

01:36:48,939 --> 01:36:55,029

headline front page not a word have I

1988

01:36:53,229 --> 01:36:56,229

ever seen have you ever seen this on one

1989

01:36:55,029 --> 01:36:57,550

of your programs on there

1990

01:36:56,229 --> 01:37:01,629

well these idiots are walking and

1991

01:36:57,550 --> 01:37:03,699

telling you about it then is it still

1992

01:37:01,630 --> 01:37:07,390

going on in North Wales roll this is one

1993

01:37:03,699 --> 01:37:10,599

here daily posts 2018 this was last year

1994

01:37:07,390 --> 01:37:12,910

now every single day in my life because

1995

01:37:10,600 --> 01:37:14,560

I'm into the paranormal as well I am

1996
01:37:12,909 --> 01:37:18,250
amazing coincidences guess what

1997
01:37:14,560 --> 01:37:21,720
yesterday's was a UFO deport from North

1998
01:37:18,250 --> 01:37:28,630
Wales for me to bring down for ya just

1999
01:37:21,720 --> 01:37:30,990
to show you they don't stop it does

2000
01:37:28,630 --> 01:37:30,989
exist

2001
01:37:35,930 --> 01:37:47,159
right now how do they work how do you

2002
01:37:42,350 --> 01:37:53,070
look at that for a second ladies one

2003
01:37:47,159 --> 01:37:59,489
look 24th of June 2019 yesterday

2004
01:37:53,069 --> 01:38:00,869
yesterday no fails well you gotta get in

2005
01:37:59,489 --> 01:38:02,969
here and that's coming go to Devine this

2006
01:38:00,869 --> 01:38:07,649
morning perhaps I don't have time to

2007
01:38:02,970 --> 01:38:28,409
look at it ok can we make antigravity

2008
01:38:07,649 --> 01:38:33,420
materials of course this is a scale

2009
01:38:28,409 --> 01:38:35,340
model there any difference between this

2010
01:38:33,420 --> 01:38:37,680
and the UFOs I've seen in broad daylight

2011
01:38:35,340 --> 01:38:39,659
at close range is there were no black

2012
01:38:37,680 --> 01:38:41,970
tunnels around it and instead of this

2013
01:38:39,659 --> 01:38:45,420
being a sharp thing this this was just

2014
01:38:41,970 --> 01:38:48,000
gradual like it like a music symbol not

2015
01:38:45,420 --> 01:38:50,029
yet as pronounced as it this is perfect

2016
01:38:48,000 --> 01:38:51,659
there's exactly what it was like

2017
01:38:50,029 --> 01:38:55,380
something that you might find

2018
01:38:51,659 --> 01:38:57,710
interesting to know can enter into the

2019
01:38:55,380 --> 01:39:01,619
Earth's atmosphere with a pointed object

2020
01:38:57,710 --> 01:39:03,869
at one time in the in the 1950s all you

2021
01:39:01,619 --> 01:39:05,729
know rockets never not to be pointed and

2022
01:39:03,869 --> 01:39:07,409
spaceships that were coming here in the

2023
01:39:05,729 --> 01:39:09,209
comics we're all pointing you can't do

2024

01:39:07,409 --> 01:39:11,069
it if you try to get a pointed object

2025
01:39:09,210 --> 01:39:14,279
through the Earth's atmosphere it melts

2026
01:39:11,069 --> 01:39:16,349
off ok that's because you've got to push

2027
01:39:14,279 --> 01:39:19,349
the air that's burning at thousands of

2028
01:39:16,350 --> 01:39:21,690
degrees in front of you right so that it

2029
01:39:19,350 --> 01:39:23,190
doesn't burn the aircraft in off which

2030
01:39:21,689 --> 01:39:25,679
means that the objects have to be

2031
01:39:23,189 --> 01:39:27,989
slightly rounded and believe it or not

2032
01:39:25,680 --> 01:39:30,480
that is a very very accurate radius that

2033
01:39:27,989 --> 01:39:33,659
it has to be if it's too steep it

2034
01:39:30,479 --> 01:39:35,519
doesn't work if it's too flat then then

2035
01:39:33,659 --> 01:39:37,319
it hits the air and bounces off it

2036
01:39:35,520 --> 01:39:40,770
rather than going penetrating and

2037
01:39:37,319 --> 01:39:43,590
funnily enough every UFO has this

2038
01:39:40,770 --> 01:39:45,870

particular radius at the bottom the

2039

01:39:43,590 --> 01:39:48,960

Space Shuttle has this particular

2040

01:39:45,869 --> 01:39:50,670

boss not them it doesn't come down point

2041

01:39:48,960 --> 01:39:53,100

for us if you think it was appointed

2042

01:39:50,670 --> 01:39:55,739

does level does that it comes down with

2043

01:39:53,100 --> 01:39:57,840

a flat bottom using the random without

2044

01:39:55,739 --> 01:40:00,029

the bottom to push the area in front of

2045

01:39:57,840 --> 01:40:01,710

it that's how it comes down okay it's

2046

01:40:00,029 --> 01:40:04,529

called the flying brick because

2047

01:40:01,710 --> 01:40:06,359

astronauts tell me if you can't fly at

2048

01:40:04,529 --> 01:40:08,880

all if you have to take off again

2049

01:40:06,359 --> 01:40:11,309

they're all dead right they ain't at the

2050

01:40:08,880 --> 01:40:12,630

ground pointed at the right ankle sit

2051

01:40:11,310 --> 01:40:15,750

there and hope to god he hits the ground

2052

01:40:12,630 --> 01:40:17,909

before they all burn together around it

2053
01:40:15,750 --> 01:40:20,189
that's right it pushes the air in front

2054
01:40:17,909 --> 01:40:21,779
of it so I you ladies have you spit on

2055
01:40:20,189 --> 01:40:25,649
the line it was straight off of the I

2056
01:40:21,779 --> 01:40:27,359
never touches the onion because it this

2057
01:40:25,649 --> 01:40:28,829
is how UFOs work I'm going to tell you

2058
01:40:27,359 --> 01:40:31,889
the secret where they work no because I

2059
01:40:28,829 --> 01:40:34,260
know this for a fact they have all over

2060
01:40:31,890 --> 01:40:35,670
them scales I haven't got it on this

2061
01:40:34,260 --> 01:40:38,610
model but you can imagine this is

2062
01:40:35,670 --> 01:40:41,880
covered in scales okay they're computer

2063
01:40:38,609 --> 01:40:44,849
control scales and what we've got is a

2064
01:40:41,880 --> 01:40:47,430
method of repelling the ears sorry the

2065
01:40:44,850 --> 01:40:50,550
air molecules from the surface of it

2066
01:40:47,430 --> 01:40:53,430
electrically put high voltage into it

2067
01:40:50,550 --> 01:40:58,289
and it repels right the air molecules

2068
01:40:53,430 --> 01:41:00,930
from the surface so it's actually thank

2069
01:40:58,289 --> 01:41:04,590
you it doesn't touch any air at all

2070
01:41:00,930 --> 01:41:08,010
it flies inside a envelope which is a

2071
01:41:04,590 --> 01:41:09,690
vacuum a vacuum if you pull it away from

2072
01:41:08,010 --> 01:41:12,630
something it leaves a vacuum underneath

2073
01:41:09,689 --> 01:41:14,609
it unless you replace the air okay now

2074
01:41:12,630 --> 01:41:16,319
then you will all know flat from when

2075
01:41:14,609 --> 01:41:18,659
you in the school that there is such a

2076
01:41:16,319 --> 01:41:20,219
thing as air pressure Yeah right it's

2077
01:41:18,659 --> 01:41:22,170
pressing down on it what is the air

2078
01:41:20,220 --> 01:41:24,960
pressure is it 50 pounds a square inch

2079
01:41:22,170 --> 01:41:27,390
or some other gone it's quite dirty

2080
01:41:24,960 --> 01:41:29,550
anyway right we call the 50 pounds per

2081

01:41:27,390 --> 01:41:31,320
square inch it's pressing down on my own

2082
01:41:29,550 --> 01:41:32,310
now every square inch that's got 50

2083
01:41:31,319 --> 01:41:34,920
pounds weighing it down

2084
01:41:32,310 --> 01:41:37,520
why didn't he go down 50 pounds on every

2085
01:41:34,920 --> 01:41:40,980
square inch at the bottom pushing it up

2086
01:41:37,520 --> 01:41:43,380
right take the 50 pounds away from the

2087
01:41:40,979 --> 01:41:44,419
bottom am i under B flat on the ground

2088
01:41:43,380 --> 01:41:48,869
immediately

2089
01:41:44,420 --> 01:41:50,850
okay no you got it the UFOs you can't

2090
01:41:48,869 --> 01:41:52,500
hear the UFO funny how many people said

2091
01:41:50,850 --> 01:41:54,000
I didn't make a noise

2092
01:41:52,500 --> 01:41:56,130
you know except those that were very

2093
01:41:54,000 --> 01:41:59,100
close to it when I got right up close to

2094
01:41:56,130 --> 01:42:02,730
it it's a faint humming no massage right

2095
01:41:59,100 --> 01:42:07,700

why because you can't get satin through

2096

01:42:02,729 --> 01:42:10,049

a vacuum okay no no we're no satyr

2097

01:42:07,699 --> 01:42:11,880

so you've got a vacuum all the way

2098

01:42:10,050 --> 01:42:13,560

around the outside it can make as much

2099

01:42:11,880 --> 01:42:16,109

noise as it likes it probably sounds

2100

01:42:13,560 --> 01:42:17,700

like a tractor but you can't hear it

2101

01:42:16,109 --> 01:42:19,259

because you can't get no use through

2102

01:42:17,699 --> 01:42:20,639

exactly don't think there's the vacuum

2103

01:42:19,260 --> 01:42:21,470

have to be free not to be able to hear

2104

01:42:20,640 --> 01:42:23,970

it

2105

01:42:21,470 --> 01:42:25,770

millionths of an inch thick I'll do so I

2106

01:42:23,970 --> 01:42:28,199

can which waters it take to float that

2107

01:42:25,770 --> 01:42:29,460

so you know where the Queen Elizabeth

2108

01:42:28,199 --> 01:42:31,019

and the answer is a cotton ball if you

2109

01:42:29,460 --> 01:42:33,600

can get a basin the same size of it

2110
01:42:31,020 --> 01:42:36,330
that's that's a fact it isn't the amount

2111
01:42:33,600 --> 01:42:39,240
it's a fact that it doesn't touch the

2112
01:42:36,329 --> 01:42:44,399
side so what is happening is when you

2113
01:42:39,239 --> 01:42:47,429
want to go up you cover all these except

2114
01:42:44,399 --> 01:42:51,929
for one square inch at the bottom and 50

2115
01:42:47,430 --> 01:42:53,490
pounds and away it goes if you get

2116
01:42:51,930 --> 01:42:55,950
yourself a golf ball which is about an

2117
01:42:53,489 --> 01:42:57,689
inch in diameter if you like they put it

2118
01:42:55,949 --> 01:43:00,809
on the ground and you hit it with an

2119
01:42:57,689 --> 01:43:02,489
iron claw it's gone before you can even

2120
01:43:00,810 --> 01:43:05,310
snap your fingers together and that

2121
01:43:02,489 --> 01:43:08,130
isn't 50 pence at it in it you see what

2122
01:43:05,310 --> 01:43:11,070
I'm saying so what they do they want to

2123
01:43:08,130 --> 01:43:13,260
go quicker release more squares and all

2124
01:43:11,069 --> 01:43:15,329
M Squared inches in it with 50 pounds

2125
01:43:13,260 --> 01:43:15,780
and off it goes you want it to go this

2126
01:43:15,329 --> 01:43:18,300
way

2127
01:43:15,779 --> 01:43:20,069
release the square at the back it's

2128
01:43:18,300 --> 01:43:26,100
pushing it this way let me go this way

2129
01:43:20,069 --> 01:43:26,939
release a square of the side yes I think

2130
01:43:26,100 --> 01:43:29,340
there the scales

2131
01:43:26,939 --> 01:43:31,169
I don't know well thanks I don't got all

2132
01:43:29,340 --> 01:43:33,360
the answers but I'm absolutely convinced

2133
01:43:31,170 --> 01:43:35,850
you see the milk or daylight really

2134
01:43:33,359 --> 01:43:37,920
close no noise from this is what's

2135
01:43:35,850 --> 01:43:40,380
happening right and I still think

2136
01:43:37,920 --> 01:43:42,149
there's some element of antigravity now

2137
01:43:40,380 --> 01:43:54,119
every time it says fear so don't be daft

2138

01:43:42,149 --> 01:43:56,389
there's no such thing this is 1988 he

2139
01:43:54,119 --> 01:43:58,880
was an expert in gyroscopes in the

2140
01:43:56,390 --> 01:44:00,860
and he effected this thing there's

2141
01:43:58,880 --> 01:44:03,590
professors name within this article so

2142
01:44:00,859 --> 01:44:05,269
this is absolutely staggering this is

2143
01:44:03,590 --> 01:44:07,579
it's gonna change transport for the

2144
01:44:05,270 --> 01:44:10,100
world everything is going to float and

2145
01:44:07,579 --> 01:44:12,769
you know levitate on its own this is how

2146
01:44:10,100 --> 01:44:14,900
it's going to work what happened you

2147
01:44:12,770 --> 01:44:17,210
read this they whipped him off straight

2148
01:44:14,899 --> 01:44:26,449
away to America and he's never been

2149
01:44:17,210 --> 01:44:29,060
heard of census I'm aware so when they

2150
01:44:26,449 --> 01:44:30,800
say can't it goes the other thing is

2151
01:44:29,060 --> 01:44:33,050
people say well I didn't see it in the

2152
01:44:30,800 --> 01:44:37,480

sky and all this was picturing me I like

2153

01:44:33,050 --> 01:44:39,800

to show you this is taken recently

2154

01:44:37,479 --> 01:44:41,269

extremely close by the sky stone on the

2155

01:44:39,800 --> 01:44:44,360

hill is it flew us it's what it's like

2156

01:44:41,270 --> 01:44:46,640

down that clearly when planes go by and

2157

01:44:44,359 --> 01:44:49,189

you can't see the airplane or in part

2158

01:44:46,640 --> 01:44:52,400

you can't see because it creates its own

2159

01:44:49,189 --> 01:44:54,139

cloud now I believe I have seen clouds

2160

01:44:52,399 --> 01:44:56,210

that moving I think that's funny they're

2161

01:44:54,140 --> 01:44:58,250

all moving like this beautifully across

2162

01:44:56,210 --> 01:45:01,430

it's not this one this one's going like

2163

01:44:58,250 --> 01:45:04,520

this how is that possible never see the

2164

01:45:01,430 --> 01:45:08,270

UFO just see a cloud moving lenticular

2165

01:45:04,520 --> 01:45:15,560

clouds go across my sky quite often I'm

2166

01:45:08,270 --> 01:45:19,690

convinced Scotty but at the end of the

2167
01:45:15,560 --> 01:45:19,690
day we can't prove it that's my problem

2168
01:45:42,789 --> 01:45:47,420
well yes I'm sorry I've got I'm thank

2169
01:45:45,439 --> 01:45:50,739
you pond I've got you all I did want you

2170
01:45:47,420 --> 01:45:50,739
two to see this

2171
01:45:52,680 --> 01:46:12,460
they said thank you very much this is as

2172
01:46:10,359 --> 01:46:14,289
near to where on where we all never that

2173
01:46:12,460 --> 01:46:24,210
I could get out to my files in ten

2174
01:46:14,289 --> 01:46:27,369
minutes if I try order sorry

2175
01:46:24,210 --> 01:46:31,409
surprised mr. Michaels my wife says they

2176
01:46:27,369 --> 01:46:34,019
can hear me impress nothing but anyway a

2177
01:46:31,409 --> 01:46:37,659
little while ago

2178
01:46:34,020 --> 01:46:40,570
captain John Watkins respected in the

2179
01:46:37,659 --> 01:46:44,349
end he's going to visit reports of

2180
01:46:40,569 --> 01:46:49,059
talent right and she's coming to see I

2181
01:46:44,350 --> 01:46:51,010
think that WI and I thought that's

2182
01:46:49,060 --> 01:46:53,320
interesting but she is in charge of

2183
01:46:51,010 --> 01:46:55,690
relatedness in charge as a station

2184
01:46:53,319 --> 01:47:00,219
commander of one of our most important

2185
01:46:55,689 --> 01:47:02,500
defense yes this woman is the top okay

2186
01:47:00,220 --> 01:47:06,820
and she's coming to talk to a bunch of

2187
01:47:02,500 --> 01:47:10,510
nice ladies in the WI one of the nice

2188
01:47:06,819 --> 01:47:12,599
amenities other than she to ask her

2189
01:47:10,510 --> 01:47:16,390
about UFOs

2190
01:47:12,600 --> 01:47:23,289
guess which lady that was and she said

2191
01:47:16,390 --> 01:47:28,570
to her and I fully expected to get the

2192
01:47:23,289 --> 01:47:31,380
usual imagination of people what you

2193
01:47:28,569 --> 01:47:33,909
usually get this is what she said she

2194
01:47:31,380 --> 01:47:36,760
was the only has first of all in

2195

01:47:33,909 --> 01:47:39,099
commander of an operational station she

2196
01:47:36,760 --> 01:47:42,909
visited her hometown report tell us last

2197
01:47:39,100 --> 01:47:48,020
week I am talking about March 1983 by

2198
01:47:42,909 --> 01:47:51,170
the way but he stayed on to give her

2199
01:47:48,020 --> 01:47:53,240
suggest to the non airforce audience for

2200
01:47:51,170 --> 01:47:55,069
me Miller talked to a large government

2201
01:47:53,239 --> 01:47:57,409
or attending the 40 anniversary

2202
01:47:55,069 --> 01:48:00,469
celebrations bethought Talbot in a will

2203
01:47:57,409 --> 01:48:02,539
probably by the enemy the club captain

2204
01:48:00,470 --> 01:48:07,550
was questioned about the existence of he

2205
01:48:02,539 --> 01:48:11,600
met those countries or not she replied I

2206
01:48:07,550 --> 01:48:15,560
believe that I have seen sources with my

2207
01:48:11,600 --> 01:48:18,440
eyes and on radar I am convinced that

2208
01:48:15,560 --> 01:48:20,620
they are around but we don't know what

2209
01:48:18,439 --> 01:48:24,439

they are

2210

01:48:20,619 --> 01:48:28,489
this is a lady in charge of one of

2211

01:48:24,439 --> 01:48:31,250
nature's most important air stations do

2212

01:48:28,489 --> 01:48:37,149
they exist she tell me who they exist

2213

01:48:31,250 --> 01:48:39,140
she sees them so they do exist and

2214

01:48:37,149 --> 01:48:47,029
onwards I think I'm going to stop

2215

01:48:39,140 --> 01:48:49,940
because I think there's a limit to some

2216

01:48:47,029 --> 01:48:53,840
of these things are fantastic reports of

2217

01:48:49,939 --> 01:48:57,379
a giant UFO the size of a jumbo jet in

2218

01:48:53,840 --> 01:48:59,300
the Middle East or he investigated the

2219

01:48:57,380 --> 01:49:01,489
inquiry was ordered by the Kuwaiti

2220

01:48:59,300 --> 01:49:04,760
government after the mysterious object

2221

01:49:01,489 --> 01:49:08,239
was said to implemented at a satellite

2222

01:49:04,760 --> 01:49:10,760
tracking station to correct correct a

2223

01:49:08,239 --> 01:49:13,460
newspaper said technicians looked on in

2224
01:49:10,760 --> 01:49:16,400
amazement as he descended on the station

2225
01:49:13,460 --> 01:49:19,250
the report said that seven men concluded

2226
01:49:16,399 --> 01:49:22,189
an American walked within 250 yards of

2227
01:49:19,250 --> 01:49:24,439
the UFO which was disc-shaped the men

2228
01:49:22,189 --> 01:49:26,449
said they were frozen with aura and was

2229
01:49:24,439 --> 01:49:28,609
certain that no humans were inside the

2230
01:49:26,449 --> 01:49:30,979
flying saucer after if humans the

2231
01:49:28,609 --> 01:49:37,479
objective of the game vertically at

2232
01:49:30,979 --> 01:49:37,479
higher speed I told you that NASA

2233
01:49:37,600 --> 01:49:45,370
investigating

2234
01:49:40,210 --> 01:49:45,369
aliens after stopping was

2235
01:49:45,420 --> 01:49:51,899
three times and they had to send it out

2236
01:49:49,109 --> 01:49:53,339
to ordinary people in order to carry on

2237
01:49:51,899 --> 01:49:57,859
with the workers one of the places he

2238
01:49:53,340 --> 01:49:57,860
family today - was George old banking

2239
01:49:59,119 --> 01:50:08,069
personal doctor Morrison nice job Joe

2240
01:50:03,779 --> 01:50:09,059
and I went to see sandy equipment if I

2241
01:50:08,069 --> 01:50:10,920
own two eyes

2242
01:50:09,060 --> 01:50:12,300
I'm not sure we should be showing me but

2243
01:50:10,920 --> 01:50:14,430
I didn't get to see it all

2244
01:50:12,300 --> 01:50:15,810
it's not very exciting I didn't bring

2245
01:50:14,430 --> 01:50:17,880
the pictures with me tonight I'm sorry

2246
01:50:15,810 --> 01:50:19,940
but I can't know if you like me - in the

2247
01:50:17,880 --> 01:50:22,980
future but it was racks of equipment

2248
01:50:19,939 --> 01:50:25,469
each containing I think it was a million

2249
01:50:22,979 --> 01:50:28,259
radios each tuned to a different channel

2250
01:50:25,470 --> 01:50:30,240
so they were spending the skies on all

2251
01:50:28,260 --> 01:50:33,470
different frequencies to see if they

2252

01:50:30,239 --> 01:50:36,210
could pick up an extraterrestrial signal

2253
01:50:33,470 --> 01:50:39,750
very very interested to make one more

2254
01:50:36,210 --> 01:50:41,550
thing on that finish on it took me into

2255
01:50:39,750 --> 01:50:43,409
a little cocky national project this

2256
01:50:41,550 --> 01:50:45,239
parameter little copy there's all

2257
01:50:43,409 --> 01:50:49,319
cuttings on the side the edge of the big

2258
01:50:45,239 --> 01:50:53,039
telescope they won't look like a black

2259
01:50:49,319 --> 01:50:55,469
stove with a pointy top on the top we

2260
01:50:53,039 --> 01:50:57,539
said what do you think that is my stove

2261
01:50:55,470 --> 01:51:02,670
to me he said it doesn't it

2262
01:50:57,539 --> 01:51:07,199
he said well it's cost us formerly city

2263
01:51:02,670 --> 01:51:10,880
what said it's amazing major partly is

2264
01:51:07,199 --> 01:51:14,220
the most accurate clock in the world

2265
01:51:10,880 --> 01:51:16,529
quite and they needed because they're

2266
01:51:14,220 --> 01:51:20,670

measuring the speed of policies that are

2267

01:51:16,529 --> 01:51:24,300

coming from pulsars and quasars and then

2268

01:51:20,670 --> 01:51:31,739

relying upon the radio time that comes

2269

01:51:24,300 --> 01:51:34,050

from where you tell me but he comes by

2270

01:51:31,739 --> 01:51:39,479

radio you've got regular crocodile it's

2271

01:51:34,050 --> 01:51:41,659

coming from there but unfortunately 6000

2272

01:51:39,479 --> 01:51:43,819

miles per second by the time

2273

01:51:41,658 --> 01:51:46,039

- there they they miles out with their

2274

01:51:43,819 --> 01:51:48,829

time we're timing it billionths of a

2275

01:51:46,039 --> 01:51:51,019

second so it wasn't a cursor by the room

2276

01:51:48,829 --> 01:51:52,189

in there so said to me right I think

2277

01:51:51,020 --> 01:51:55,670

he's got a point in time

2278

01:51:52,189 --> 01:51:57,589

I said no idea something to do radio no

2279

01:51:55,670 --> 01:52:02,989

no we said to stop anybody put in a cup

2280

01:51:57,590 --> 01:52:05,500

of tea or usually they well they are

2281

01:52:02,988 --> 01:52:05,500

wonderful audience

2282

01:52:09,079 --> 01:52:15,068

[Applause]
