you

[Music]

5  
00:00:42,149 --> 00:00:46,979  
walk to emmalin Williams and Steve

6  
00:00:43,890 --> 00:00:50,700  
Juicin of the swans UFO network so ice

7  
00:00:46,979 --> 00:00:53,429  
Swan Xia a hot spot for UFO activity I

8  
00:00:50,700 --> 00:00:55,290  
often get asked that I wouldn't say it's

9  
00:00:53,429 --> 00:00:57,719  
a hot spot but because there's a is

10  
00:00:55,289 --> 00:00:59,549  
center of population there's more people

11  
00:00:57,719 --> 00:01:01,799  
to see things and then for more people

12  
00:00:59,549 --> 00:01:03,569  
to report things so before we go cities

13  
00:01:01,799 --> 00:01:04,649  
attend let's take a look before we have

14  
00:01:03,570 --> 00:01:05,250  
a chat with you because there's so much

15  
00:01:04,650 --> 00:01:07,260  
to talk about

16  
00:01:05,250 --> 00:01:10,388  
let's take a look at this intro

17  
00:01:07,260 --> 00:01:10,389  
[Music]

18  
00:01:41,430 --> 00:01:45,060  
so gentlemen first of all thank you so

19  
00:01:43,469 --> 00:01:47,760  
much for coming on the show now this is

20  
00:01:45,060 --> 00:01:49,049  
such a fascinating sort of subject we

21  
00:01:47,760 --> 00:01:50,609  
could talk about it for hours and I was

22  
00:01:49,049 --> 00:01:52,259  
now as beside Lee we haven't got hours

23  
00:01:50,609 --> 00:01:53,879  
but if we could just start by

24  
00:01:52,260 --> 00:01:55,920  
introducing sovereign exactly what it is

25  
00:01:53,879 --> 00:01:57,989  
you do with the you call it a network

26  
00:01:55,920 --> 00:02:00,030  
that's right yeah yeah my name is Steve

27  
00:01:57,989 --> 00:02:01,609  
Jerusalem this is my colleague Jeremy

28  
00:02:00,030 --> 00:02:04,260  
Lin Williams

29

00:02:01,609 --> 00:02:07,200  
we've both had a long-standing interest

30  
00:02:04,260 --> 00:02:10,379  
in the subject of UFOs all our lives I

31  
00:02:07,200 --> 00:02:13,069  
suppose really on Yemen and two years

32  
00:02:10,379 --> 00:02:16,139  
ago we didn't even know each other but I

33  
00:02:13,069 --> 00:02:19,530  
retired from my work after 30 years work

34  
00:02:16,139 --> 00:02:21,299  
I retired so I thought I'd take a bit

35  
00:02:19,530 --> 00:02:23,189  
more interest in the subject so as the

36  
00:02:21,300 --> 00:02:25,230  
result of that I started to look around

37  
00:02:23,189 --> 00:02:28,020  
to see if there was a local club or

38  
00:02:25,229 --> 00:02:30,509  
organization or perhaps I could join to

39  
00:02:28,020 --> 00:02:31,860  
further my knowledge on the subject so

40  
00:02:30,509 --> 00:02:35,159  
looked a few but all of them seemed to

41  
00:02:31,860 --> 00:02:36,240  
have closed down so the only way forward

42  
00:02:35,159 --> 00:02:39,629  
seemed to be starting our own

43  
00:02:36,240 --> 00:02:43,110

organization going okay so with that in

44

00:02:39,629 --> 00:02:44,699

mind I started a Facebook page to see

45

00:02:43,110 --> 00:02:45,840

what they are tentatively to see how

46

00:02:44,699 --> 00:02:46,409

many people would be interested in the

47

00:02:45,840 --> 00:02:48,870

subject

48

00:02:46,409 --> 00:02:50,159

the funny part was virtually I think

49

00:02:48,870 --> 00:02:52,170

there's a following day Emily did

50

00:02:50,159 --> 00:02:54,030

exactly the same thing which is quite

51

00:02:52,169 --> 00:02:57,809

coincidental and he started the Facebook

52

00:02:54,030 --> 00:03:00,120

page on the same subject yes or mine

53

00:02:57,810 --> 00:03:01,890

contacted me so he closed both the

54

00:03:00,120 --> 00:03:04,650

Facebook pages and started a new one

55

00:03:01,889 --> 00:03:06,659

which we had a meet in and eventually

56

00:03:04,650 --> 00:03:08,789

these things together and decided to

57

00:03:06,659 --> 00:03:11,129

call it Swansea UFO network so that's

58  
00:03:08,789 --> 00:03:12,299  
how the organisation came about okay if

59  
00:03:11,129 --> 00:03:13,979  
I could just read this year it says the

60  
00:03:12,300 --> 00:03:15,930  
aim of this one's UFO or network is to

61  
00:03:13,979 --> 00:03:18,509  
educate streamlet interest and debate

62  
00:03:15,930 --> 00:03:21,030  
the subject of UFOs and its many off

63  
00:03:18,509 --> 00:03:22,799  
shots so tell us in I mean it's become

64  
00:03:21,030 --> 00:03:24,360  
extremely popular isn't it from it could

65  
00:03:22,800 --> 00:03:26,880  
you say is because of the TV programs

66  
00:03:24,360 --> 00:03:30,239  
which are on today yeah every channel

67  
00:03:26,879 --> 00:03:31,590  
yes yeah but but tell us your side of it

68  
00:03:30,239 --> 00:03:33,090  
from somebody who doesn't perhaps

69  
00:03:31,590 --> 00:03:38,250  
believe if you want to call it that

70  
00:03:33,090 --> 00:03:40,860  
worked um well the as I said that the

71  
00:03:38,250 --> 00:03:42,989  
reason why we started it is to to meet

72  
00:03:40,860 --> 00:03:45,209  
people to get people to come forward we

73  
00:03:42,989 --> 00:03:47,549  
got into living witnesses it's just to

74  
00:03:45,209 --> 00:03:49,530  
me it's amazed me um how much is going

75  
00:03:47,549 --> 00:03:51,209  
on there out there that hasn't been seen

76  
00:03:49,530 --> 00:03:52,859  
there like a day publicly why do you

77  
00:03:51,209 --> 00:03:54,289  
think that is what's the reason do you

78  
00:03:52,859 --> 00:03:55,610  
think behind people are coming for

79  
00:03:54,289 --> 00:03:58,280  
a lot of people a bit nervous but they

80  
00:03:55,610 --> 00:03:59,930  
with a lot of witnesses don't tend to

81  
00:03:58,280 --> 00:04:01,718  
report things because they don't want to

82  
00:03:59,930 --> 00:04:03,980  
be ridiculed they don't to be saw

83  
00:04:01,718 --> 00:04:05,628  
labeled a nutter

84  
00:04:03,979 --> 00:04:08,108  
you know is there still frowned upon

85  
00:04:05,628 --> 00:04:11,179  
then in certain areas would you say oh

86

00:04:08,109 --> 00:04:13,219  
it's getting less so I think this is in

87  
00:04:11,180 --> 00:04:14,629  
the news there's a lot like this week

88  
00:04:13,219 --> 00:04:16,879  
there's a thing about this they found a

89  
00:04:14,628 --> 00:04:18,019  
solar system and about seven planets and

90  
00:04:16,879 --> 00:04:20,029  
the Goldilocks zone which couldn't

91  
00:04:18,019 --> 00:04:21,649  
support life says it like it is a

92  
00:04:20,029 --> 00:04:25,788  
drip-feed condition in the population

93  
00:04:21,649 --> 00:04:28,189  
that the opening up the idea that there

94  
00:04:25,788 --> 00:04:29,209  
is there could be life elsewhere well

95  
00:04:28,189 --> 00:04:31,399  
let's talk a little bit more about that

96  
00:04:29,209 --> 00:04:33,168  
so NASA have discovered this kind of new

97  
00:04:31,399 --> 00:04:35,569  
solar system and they all could be

98  
00:04:33,168 --> 00:04:37,339  
earth-like is what they're saying but

99  
00:04:35,569 --> 00:04:39,199  
does that not kind of when NASA an

100  
00:04:37,339 --> 00:04:40,819

organization like that kind of given us

101

00:04:39,199 --> 00:04:44,270

facts does that not kind of go well

102

00:04:40,819 --> 00:04:46,459

clearly there must be life out there is

103

00:04:44,269 --> 00:04:48,829

that I don't know I think the general

104

00:04:46,459 --> 00:04:51,379

opinion for the general public's opinion

105

00:04:48,829 --> 00:04:54,589

is what they've been given which is that

106

00:04:51,379 --> 00:04:56,750

nearest habitable planet to earth is

107

00:04:54,589 --> 00:04:58,579

many many light-years away and

108

00:04:56,750 --> 00:05:01,399

consequently nobody could reach us

109

00:04:58,579 --> 00:05:02,829

within a certain period of time but

110

00:05:01,399 --> 00:05:05,750

that's all you go and buy the technology

111

00:05:02,829 --> 00:05:07,899

that is available to us at this one

112

00:05:05,750 --> 00:05:10,129

hasn't time I mean two hundred years ago

113

00:05:07,899 --> 00:05:11,719

we'd be laughed at but if we thought we

114

00:05:10,129 --> 00:05:13,250

were sitting in a television studio now

115  
00:05:11,720 --> 00:05:16,099  
transmitting to the public

116  
00:05:13,250 --> 00:05:18,459  
so I think things have changed we've had

117  
00:05:16,098 --> 00:05:20,689  
the discovery of black holes wormholes

118  
00:05:18,459 --> 00:05:22,189  
interdimensional travel I think

119  
00:05:20,689 --> 00:05:24,110  
scientists are looking to a lot of other

120  
00:05:22,189 --> 00:05:25,339  
aspect aliens now and if you'd

121  
00:05:24,110 --> 00:05:27,229  
particularly look at the age of the

122  
00:05:25,339 --> 00:05:30,019  
universe it's like it's it's more than

123  
00:05:27,228 --> 00:05:31,870  
twice the age of the solar system know

124  
00:05:30,019 --> 00:05:35,569  
that there's got to be more advanced

125  
00:05:31,870 --> 00:05:36,379  
races out there than what we are going

126  
00:05:35,569 --> 00:05:38,329  
for millions of years

127  
00:05:36,379 --> 00:05:40,490  
so Talisman moving on to is sort of

128  
00:05:38,329 --> 00:05:42,199  
certain sightings when is when was the

129  
00:05:40,490 --> 00:05:46,579  
last reported sighting here for example

130  
00:05:42,199 --> 00:05:48,590  
in swansea swansea you're talking to the

131  
00:05:46,579 --> 00:05:50,209  
right one no because they're hazy alien

132  
00:05:48,589 --> 00:05:53,209  
has been a great ambassador throw club

133  
00:05:50,209 --> 00:05:54,948  
because he is the historian reading he's

134  
00:05:53,209 --> 00:05:58,399  
the one who does all the sort of welcome

135  
00:05:54,949 --> 00:06:00,590  
science we concentrate on the

136  
00:05:58,399 --> 00:06:04,638  
geographical area of South Wales for our

137  
00:06:00,589 --> 00:06:07,429  
study okay and the we've read up over

138  
00:06:04,639 --> 00:06:08,180  
600 cases now drawn from a variety of

139  
00:06:07,430 --> 00:06:10,579  
sources such as

140  
00:06:08,180 --> 00:06:11,560  
books magazines newspaper articles from

141  
00:06:10,579 --> 00:06:13,609  
the past

142  
00:06:11,560 --> 00:06:18,110  
witness testimony people telling us

143

00:06:13,610 --> 00:06:20,900  
face-to-face all sorts of sources put up

144  
00:06:18,110 --> 00:06:23,030  
over 600 I think the last one was

145  
00:06:20,899 --> 00:06:24,918  
reported in Swansea so last month things

146  
00:06:23,029 --> 00:06:27,138  
became but that will be aware of in us

147  
00:06:24,918 --> 00:06:29,180  
right something all the time what what

148  
00:06:27,139 --> 00:06:31,250  
people see him because I it's weird I've

149  
00:06:29,180 --> 00:06:33,168  
got a balcony and I kind of see things

150  
00:06:31,250 --> 00:06:34,788  
and and I'm told my friends like no

151  
00:06:33,168 --> 00:06:37,099  
that's a weather balloon oh that's Venus

152  
00:06:34,788 --> 00:06:40,029  
that's cool anything what are people see

153  
00:06:37,100 --> 00:06:40,030  
I've never seen a weather balloon

154  
00:06:43,389 --> 00:06:50,060  
nobody well the bones exist as a figment

155  
00:06:45,889 --> 00:06:54,650  
of people's imagination oh I think we've

156  
00:06:50,060 --> 00:06:58,910  
got some some pictures of these things

157  
00:06:54,649 --> 00:07:04,788

yeah right this one was from I think

158

00:06:58,910 --> 00:07:06,949

July 2012 think Gary woke up in the

159

00:07:04,788 --> 00:07:09,978

early morning but four o'clock in the

160

00:07:06,949 --> 00:07:11,419

morning in midsummer saw that yeah the

161

00:07:09,978 --> 00:07:12,769

sudden I didn't quite come up yet I

162

00:07:11,418 --> 00:07:14,478

think you can just about see Venus in

163

00:07:12,769 --> 00:07:16,668

the distance cuz there's pretty precede

164

00:07:14,478 --> 00:07:20,779

in the Sun and he saw this black object

165

00:07:16,668 --> 00:07:21,589

just static in the sky they was there

166

00:07:20,779 --> 00:07:23,899

for about 20 minutes

167

00:07:21,589 --> 00:07:29,359

see I would have then been told for the

168

00:07:23,899 --> 00:07:31,069

massive balloon Henry well he was watch

169

00:07:29,360 --> 00:07:33,439

it was there for a good while okay he

170

00:07:31,069 --> 00:07:35,089

went off to do something that you're

171

00:07:33,439 --> 00:07:37,069

this young son I think you better see to

172  
00:07:35,089 --> 00:07:39,288  
his son film in the state he came back

173  
00:07:37,069 --> 00:07:40,699  
and he was gone and he hadn't moved at

174  
00:07:39,288 --> 00:07:42,529  
all while he was looking at it was just

175  
00:07:40,699 --> 00:07:44,270  
static in the sky I think there's

176  
00:07:42,529 --> 00:07:47,149  
another one he skeptics Recinos a bird

177  
00:07:44,269 --> 00:07:49,219  
but a bird wouldn't sort of stay still

178  
00:07:47,149 --> 00:07:51,500  
and it didn't even look like a bird this

179  
00:07:49,220 --> 00:07:55,039  
here is overcome this again was 2012

180  
00:07:51,500 --> 00:07:57,110  
this is January 2012 a woman was out

181  
00:07:55,038 --> 00:07:59,658  
walking with a group of people at

182  
00:07:57,110 --> 00:08:02,509  
Caswell and she was just going on

183  
00:07:59,658 --> 00:08:04,848  
randomly taking shots one off the other

184  
00:08:02,509 --> 00:08:06,800  
literally bump shot shot shot on his

185  
00:08:04,848 --> 00:08:08,538  
only after she got home she was looking

186  
00:08:06,800 --> 00:08:10,699  
through the shots and there was this red

187  
00:08:08,538 --> 00:08:12,168  
ball in the sky and he wasn't there in

188  
00:08:10,699 --> 00:08:13,009  
the preceding shot he wasn't there in

189  
00:08:12,168 --> 00:08:15,198  
there in

190  
00:08:13,009 --> 00:08:17,000  
wow in the shot afterwards still taking

191  
00:08:15,199 --> 00:08:19,189  
the three seconds afterwards on the

192  
00:08:17,000 --> 00:08:20,750  
signal so yeah I've got to say time I

193  
00:08:19,189 --> 00:08:21,288  
believe in a case oh I'm totally loving

194  
00:08:20,750 --> 00:08:23,028  
all this

195  
00:08:21,288 --> 00:08:25,158  
a lot of people would say is that a mark

196  
00:08:23,028 --> 00:08:27,709  
on the lens is it something which you

197  
00:08:25,158 --> 00:08:29,329  
know this you could give a number of

198  
00:08:27,709 --> 00:08:30,288  
excuses when she marks her lens it

199  
00:08:29,329 --> 00:08:33,468  
would've been there in all the shots

200

00:08:30,288 --> 00:08:34,549  
wouldn't it excites okay yeah so if it

201  
00:08:33,469 --> 00:08:38,539  
was a bullet if it was a balloon

202  
00:08:34,549 --> 00:08:40,158  
floating by again it's a slow-moving it

203  
00:08:38,538 --> 00:08:41,658  
would be there in all the shots just in

204  
00:08:40,158 --> 00:08:43,399  
that one shot that is part of our

205  
00:08:41,658 --> 00:08:45,860  
investigative work to see if we can

206  
00:08:43,399 --> 00:08:48,889  
discount other theories incredibly

207  
00:08:45,860 --> 00:08:51,199  
difficult though I think we we

208  
00:08:48,889 --> 00:08:52,940  
interviewed a lady in Caswell last year

209  
00:08:51,198 --> 00:08:54,708  
and she was quite adamant she saw

210  
00:08:52,940 --> 00:08:56,300  
something very very strange but after a

211  
00:08:54,708 --> 00:08:58,008  
lot of conversation we managed to put it

212  
00:08:56,299 --> 00:09:00,169  
down to her the Chinese learnt and it's

213  
00:08:58,009 --> 00:09:01,699  
possibly a Chinese just like looking

214  
00:09:00,169 --> 00:09:03,769

like likelihood of it being the

215

00:09:01,698 --> 00:09:05,299

challenge so so how do people kind of

216

00:09:03,769 --> 00:09:06,620

get a hold of you and say I think I've

217

00:09:05,299 --> 00:09:08,990

seen something I've got a weird image

218

00:09:06,620 --> 00:09:10,129

what do they then do with it to kind of

219

00:09:08,990 --> 00:09:10,730

will start the conversation with

220

00:09:10,129 --> 00:09:13,189

yourself

221

00:09:10,730 --> 00:09:15,289

um well we've got somebody in our group

222

00:09:13,190 --> 00:09:17,230

that that's pretty good with computers

223

00:09:15,289 --> 00:09:19,429

he can visit photographic enhancement

224

00:09:17,230 --> 00:09:20,569

because quite often somebody will take a

225

00:09:19,429 --> 00:09:23,958

shot like that last one

226

00:09:20,568 --> 00:09:25,610

he'll take a shot and they don't see

227

00:09:23,958 --> 00:09:26,689

anything with the naked eye he was only

228

00:09:25,610 --> 00:09:29,449

afterwards they noticed something's

229  
00:09:26,690 --> 00:09:31,010  
there and it's just by chance they

230  
00:09:29,448 --> 00:09:33,559  
managed to catch it you know kind of a

231  
00:09:31,009 --> 00:09:37,250  
photo enhancement and brings up what it

232  
00:09:33,559 --> 00:09:39,138  
is so if via the Facebook if anyone has

233  
00:09:37,250 --> 00:09:41,139  
god yeah Jesus a Facebook we've also got

234  
00:09:39,139 --> 00:09:46,818  
a website okay

235  
00:09:41,139 --> 00:09:48,350  
ww2 fun SS UFO n dot Cote UK great we'll

236  
00:09:46,818 --> 00:09:50,328  
put that on all our social media for our

237  
00:09:48,350 --> 00:09:51,829  
people but going back to - how would

238  
00:09:50,328 --> 00:09:53,448  
this all started you have you found that

239  
00:09:51,828 --> 00:09:55,068  
there's been a rise in a number of

240  
00:09:53,448 --> 00:09:57,229  
reports not just in Swansea like you

241  
00:09:55,068 --> 00:10:00,740  
said but in in Wales overall do you

242  
00:09:57,230 --> 00:10:03,589  
think that that well last year was very

243  
00:10:00,740 --> 00:10:05,750  
busy last year we read it over we had

244  
00:10:03,589 --> 00:10:09,500  
something like 36 getting off for 40

245  
00:10:05,750 --> 00:10:11,750  
cases last year before was a bit less

246  
00:10:09,500 --> 00:10:13,339  
than that so it is whether it is fact

247  
00:10:11,750 --> 00:10:15,230  
there's more people we get known by more

248  
00:10:13,339 --> 00:10:17,420  
people so there's more people coming

249  
00:10:15,230 --> 00:10:18,740  
forward and also perhaps the like you

250  
00:10:17,419 --> 00:10:19,969  
said the stigma and also people not

251  
00:10:18,740 --> 00:10:21,500  
being afraid to come out and talk about

252  
00:10:19,970 --> 00:10:23,720  
it because it is taken so that's the

253  
00:10:21,500 --> 00:10:25,519  
beauty of a few meetings because we get

254  
00:10:23,720 --> 00:10:28,149  
new people coming all the time and found

255  
00:10:25,519 --> 00:10:30,620  
out about the organizations whose me and

256  
00:10:28,149 --> 00:10:31,700  
they treated almost like in a a meetin

257

00:10:30,620 --> 00:10:34,370  
if you like

258  
00:10:31,700 --> 00:10:35,690  
and they feel relaxed and they can open

259  
00:10:34,370 --> 00:10:37,129  
up and perhaps they've kept something

260  
00:10:35,690 --> 00:10:38,600  
with them for many many years and

261  
00:10:37,129 --> 00:10:40,070  
they've able to open up and tell you

262  
00:10:38,600 --> 00:10:42,019  
exactly what happened to them and they

263  
00:10:40,070 --> 00:10:43,640  
they're not gonna be ridiculed you know

264  
00:10:42,019 --> 00:10:45,949  
it's a safe haven for them if they like

265  
00:10:43,639 --> 00:10:47,990  
or are things like ancient aliens on

266  
00:10:45,950 --> 00:10:50,360  
discovery or history helping people kind

267  
00:10:47,990 --> 00:10:51,830  
of realize oh it's not just me is a

268  
00:10:50,360 --> 00:10:54,560  
thing that's kind of being documented

269  
00:10:51,830 --> 00:10:55,940  
better now those programs out watch but

270  
00:10:54,559 --> 00:10:58,929  
people who have got have an interest in

271  
00:10:55,940 --> 00:11:02,540

the subject anyway so but that helps

272

00:10:58,929 --> 00:11:04,429

yeah also you find that people will see

273

00:11:02,539 --> 00:11:06,169

something in the sky or have an

274

00:11:04,429 --> 00:11:08,389

experience themselves and they would

275

00:11:06,169 --> 00:11:09,319

start the interest that's going

276

00:11:08,389 --> 00:11:10,730

somewhere thank very much we're gonna

277

00:11:09,320 --> 00:11:12,920

have to have you back in thank you so

278

00:11:10,730 --> 00:11:14,300

much I'll go fixed after the break we're

279

00:11:12,919 --> 00:11:19,539

gonna meet this was University century

280

00:11:14,299 --> 00:11:19,539

with his mind on until 2020 Henry

281

00:11:24,250 --> 00:11:27,320

[Music]

282

00:11:28,850 --> 00:11:30,909

you
