

1
00:00:25,339 --> 00:00:34,850
okay goin down to see Tom James he's got

2
00:00:31,018 --> 00:00:38,399
some serious to tell us so

3
00:00:34,850 --> 00:00:44,670
apparently if I you psyched in so I

4
00:00:38,399 --> 00:00:57,929
believe so let's go ok so here we are at

5
00:00:44,670 --> 00:01:04,399
Toms house there's a knock I guess stuff

6
00:00:57,929 --> 00:01:04,399
don't hello

7
00:01:08,090 --> 00:01:13,710
alright Tom are you doing all right

8
00:01:10,519 --> 00:01:16,009
right okay let me get my stuff up here

9
00:01:13,709 --> 00:01:16,009
we go

10
00:01:19,780 --> 00:01:27,890
you did mention at some point that the

11
00:01:22,730 --> 00:01:30,590
first sighted users in 1967 at your home

12
00:01:27,890 --> 00:01:33,019
was it outside in the front or was it at

13
00:01:30,590 --> 00:01:37,420
the back from the front standing by the

14
00:01:33,019 --> 00:01:41,750
front gate a group of us and we saw

15
00:01:37,420 --> 00:01:45,530
eight or nine disk flat shipped white

16
00:01:41,750 --> 00:01:48,200
objects in a cluster tight cluster

17
00:01:45,530 --> 00:01:52,939
flying over towards the mumbles dizzy

18
00:01:48,200 --> 00:01:54,978
disk it's a little flat roamed right not

19
00:01:52,939 --> 00:01:57,640
when he will fly in with a flame from

20
00:01:54,978 --> 00:02:05,299
the sort of Morrison hospital i fronted

21
00:01:57,640 --> 00:02:08,539
the direction of the Northeast North

22
00:02:05,299 --> 00:02:11,770
most hospital be more north right from

23
00:02:08,539 --> 00:02:14,840
here so they were flying from northeast

24
00:02:11,770 --> 00:02:19,490
to southwest right there just to clarify

25
00:02:14,840 --> 00:02:21,770
for the camera some South South would be

26
00:02:19,490 --> 00:02:24,350
where Tom's left ear is in the frame

27
00:02:21,770 --> 00:02:27,800
don't know now yeah that's right

28
00:02:24,349 --> 00:02:34,310
basically some is that's going this way

29

00:02:27,800 --> 00:02:39,950
is not way north is up there north south

30
00:02:34,310 --> 00:02:42,019
east west right so on with these things

31
00:02:39,949 --> 00:02:44,389
that were they at any point stationary

32
00:02:42,019 --> 00:02:50,390
or did they travel information in the

33
00:02:44,389 --> 00:02:52,159
slow way or slowly flying over it well

34
00:02:50,389 --> 00:02:53,299
it could save the floor nation they

35
00:02:52,159 --> 00:02:56,829
weren't in any sort of particular

36
00:02:53,300 --> 00:03:01,310
formation who is just a cluster of these

37
00:02:56,830 --> 00:03:04,580
white disc-shaped objects yeah and

38
00:03:01,310 --> 00:03:06,590
obviously noise no sound at all no well

39
00:03:04,580 --> 00:03:08,090
there was anybody else that's all that

40
00:03:06,590 --> 00:03:11,120
is there is a group of us there were

41
00:03:08,090 --> 00:03:14,509
four of them for five thousand just by

42
00:03:11,120 --> 00:03:17,060
the front gate well nothing we just

43
00:03:14,509 --> 00:03:20,979

looked at them sort of fly over and just

44

00:03:17,060 --> 00:03:24,039

cut it on a chopping romo so

45

00:03:20,979 --> 00:03:27,459

we knew who had aircraft or anything

46

00:03:24,039 --> 00:03:29,500

because there was no song to them they

47

00:03:27,459 --> 00:03:32,920

really ported later in the weekend

48

00:03:29,500 --> 00:03:37,870

Evening Post actually really yeah there

49

00:03:32,919 --> 00:03:40,500

was a dealing post reported that the RAF

50

00:03:37,870 --> 00:03:44,230

would during nighttime high-altitude

51

00:03:40,500 --> 00:03:46,209

refueling exercises in the area but

52

00:03:44,229 --> 00:03:49,750

props they were but that certainly won't

53

00:03:46,209 --> 00:03:51,039

really do it is not ref isn't it funny

54

00:03:49,750 --> 00:03:55,090

though whenever something like this

55

00:03:51,039 --> 00:03:57,848

happens there's always a coverage in the

56

00:03:55,090 --> 00:03:59,500

newspaper it's the RAF needs the

57

00:03:57,848 --> 00:04:02,259

military it's somebody doing something

58
00:03:59,500 --> 00:04:04,719
there's always a cover story like in the

59
00:04:02,259 --> 00:04:07,030
Phoenix lights ah you know or it was

60
00:04:04,719 --> 00:04:09,579
swamp gas so it was this was that is

61
00:04:07,030 --> 00:04:12,459
always a bloody excuse of that excuse my

62
00:04:09,579 --> 00:04:14,530
language right that was in nineteen 667

63
00:04:12,459 --> 00:04:18,069
I do believe correct me if I'm wrong

64
00:04:14,530 --> 00:04:22,660
that the next site in you had was many

65
00:04:18,069 --> 00:04:31,269
usually there in 2010 correct yeah is

66
00:04:22,660 --> 00:04:34,360
this was orange flickering lights yeah

67
00:04:31,269 --> 00:04:39,339
looked very much like Chinese lanterns

68
00:04:34,360 --> 00:04:43,629
yeah but not our first first one I saw

69
00:04:39,339 --> 00:04:49,239
was coming from the East the West going

70
00:04:43,629 --> 00:04:53,529
east and at first I was thought it may

71
00:04:49,240 --> 00:04:56,560
be the place helicopter or something the

72
00:04:53,529 --> 00:05:00,759
port light to that yeah as is a sort of

73
00:04:56,560 --> 00:05:02,978
orangey red color ah but it was

74
00:05:00,759 --> 00:05:05,740
flickering so I ruled up the helicopter

75
00:05:02,978 --> 00:05:08,168
there was no other lights on this

76
00:05:05,740 --> 00:05:12,490
gradually got closer Casilla just one

77
00:05:08,168 --> 00:05:15,129
orange red reddish orange flickering

78
00:05:12,490 --> 00:05:17,348
light like a Chinese lantern I thought

79
00:05:15,129 --> 00:05:20,680
it might have been a Chinese lantern but

80
00:05:17,348 --> 00:05:22,870
slowly it started to turn a very slow

81
00:05:20,680 --> 00:05:24,699
rock and you saw this from the back of

82
00:05:22,870 --> 00:05:26,918
the house from the back of the house

83
00:05:24,699 --> 00:05:28,230
hands if you if you could actually name

84
00:05:26,918 --> 00:05:31,620
a location

85
00:05:28,230 --> 00:05:35,990
z like an area war idea was it flying

86

00:05:31,620 --> 00:05:41,129
from and to well it will be coming from

87
00:05:35,990 --> 00:05:43,800
finale way towards portal but right boat

88
00:05:41,129 --> 00:05:45,750
across the bay yeah but it didn't get

89
00:05:43,800 --> 00:05:50,569
that far i just turned in a very slow

90
00:05:45,750 --> 00:05:52,860
walk and then went back to a

91
00:05:50,569 --> 00:05:54,719
southwesterly direction and if I

92
00:05:52,860 --> 00:05:59,430
understand wasn't the others to follow

93
00:05:54,720 --> 00:06:02,160
yes southwesterly direction it turned

94
00:05:59,430 --> 00:06:10,920
onto and gradually it came to a point

95
00:06:02,160 --> 00:06:14,010
where it just dimmed under then they was

96
00:06:10,920 --> 00:06:16,379
going out to feed next door Scott soy I

97
00:06:14,009 --> 00:06:20,310
turned away and turn around to the

98
00:06:16,379 --> 00:06:23,029
bangle all I turned one flew right over

99
00:06:20,310 --> 00:06:28,050
the top of my head another one of orange

100
00:06:23,029 --> 00:06:30,839

flickering Suckley the same and he'll

101

00:06:28,050 --> 00:06:32,850

fly when exactly the same course and I

102

00:06:30,839 --> 00:06:34,949

watched that until it disappeared in

103

00:06:32,850 --> 00:06:36,660

exactly the same place he made any

104

00:06:34,949 --> 00:06:39,990

particular she didn't see anything just

105

00:06:36,660 --> 00:06:42,750

orange flickering if you could s right

106

00:06:39,990 --> 00:06:46,259

how far up the working mom I couldn't

107

00:06:42,750 --> 00:06:48,360

tell you and no idea arrival yeah it

108

00:06:46,259 --> 00:06:51,810

wouldn't have been as high as a sort of

109

00:06:48,360 --> 00:06:54,629

jumbo jet I Tyrone 30,000 feet there

110

00:06:51,810 --> 00:06:57,000

have been lower than not but exactly how

111

00:06:54,629 --> 00:06:59,339

I am away in the Stanley he said is a

112

00:06:57,000 --> 00:07:01,769

bit of a skeptic poor Layton's a much of

113

00:06:59,339 --> 00:07:08,609

a skeptic here but anyway that's beside

114

00:07:01,769 --> 00:07:10,229

the iron um so later on as they compact

115
00:07:08,610 --> 00:07:12,300
compete in the cart and walking back

116
00:07:10,230 --> 00:07:17,370
around the bungalow there was another

117
00:07:12,300 --> 00:07:20,639
one facing me which wasn't there when I

118
00:07:17,370 --> 00:07:25,500
left so where did it come from I don't

119
00:07:20,639 --> 00:07:32,189
know it flying low over Penn Ion going

120
00:07:25,500 --> 00:07:33,720
in a westerly direction um like that

121
00:07:32,189 --> 00:07:35,939
disappeared quickly because it drunk

122
00:07:33,720 --> 00:07:38,440
behind the house it was so long so that

123
00:07:35,939 --> 00:07:40,930
would be the fly of the pair

124
00:07:38,439 --> 00:07:43,180
area on its way over to forest path you

125
00:07:40,930 --> 00:07:48,430
know that that's a direct going more

126
00:07:43,180 --> 00:07:50,889
towards more towards it will be going

127
00:07:48,430 --> 00:07:53,470
more towards Parliament would we yeah

128
00:07:50,889 --> 00:07:58,329
across that way Allen falls far as she's

129
00:07:53,470 --> 00:08:00,310
done yeah so that was not that then and

130
00:07:58,329 --> 00:08:06,279
later on in the evening when I went out

131
00:08:00,310 --> 00:08:13,180
again or so another one coming from the

132
00:08:06,279 --> 00:08:19,389
south east west southwest cut down this

133
00:08:13,180 --> 00:08:21,160
direction cross over my head it came

134
00:08:19,389 --> 00:08:23,829
from that direction and when it got

135
00:08:21,160 --> 00:08:28,720
above me it dimmed out and disappeared

136
00:08:23,829 --> 00:08:30,969
just like the first one dead then

137
00:08:28,720 --> 00:08:36,219
another one came from the opposite

138
00:08:30,970 --> 00:08:40,000
direction the northwest yeah on the same

139
00:08:36,219 --> 00:08:42,849
line again and disappeared and exactly

140
00:08:40,000 --> 00:08:46,090
the same spot so they weren't flying

141
00:08:42,849 --> 00:08:48,400
into cloud disappearance and you've

142
00:08:46,090 --> 00:08:51,519
already ruled out place and Chinese

143

00:08:48,399 --> 00:08:52,959
lanterns way so Chinese lanterns do come

144
00:08:51,519 --> 00:08:57,879
in different directions they all fly the

145
00:08:52,960 --> 00:09:00,250
same way I'm just clarifying yea so but

146
00:08:57,879 --> 00:09:02,590
I know where else I didn't see anything

147
00:09:00,250 --> 00:09:05,740
on the corner nothing didn't see

148
00:09:02,590 --> 00:09:07,600
anything in the papal about it but there

149
00:09:05,740 --> 00:09:09,820
were several no afters are those two

150
00:09:07,600 --> 00:09:14,110
there were several more coming from the

151
00:09:09,820 --> 00:09:16,420
same directions the sophist the

152
00:09:14,110 --> 00:09:25,089
northwest adjuster reiterated this date

153
00:09:16,419 --> 00:09:28,509
was 2010 this would be September the

154
00:09:25,089 --> 00:09:33,670
first saturday in September of 2010

155
00:09:28,509 --> 00:09:36,000
right ok our boat 10 first row would

156
00:09:33,669 --> 00:09:38,740
have been about ten to nine and evening

157
00:09:36,000 --> 00:09:40,419

dark then saw it was wrong about that

158

00:09:38,740 --> 00:09:43,629

time actually I think they mentioned it

159

00:09:40,419 --> 00:09:48,879

to you before police ago I saw the cigar

160

00:09:43,629 --> 00:09:51,250

she got like a like a fluorescent light

161

00:09:48,879 --> 00:09:52,350

but it was in the sky and I was down

162

00:09:51,250 --> 00:09:55,809

there

163

00:09:52,350 --> 00:09:58,889

donnely licks a Genoa and I'm just

164

00:09:55,809 --> 00:10:01,750

having a jolly Walker along the way and

165

00:09:58,889 --> 00:10:04,600

this thing started moving very slowly

166

00:10:01,750 --> 00:10:06,909

across the sky and I never seen anything

167

00:10:04,600 --> 00:10:09,459

like that before but it was very slow I

168

00:10:06,909 --> 00:10:10,899

names another guy in front of me and he

169

00:10:09,458 --> 00:10:12,698

was looking at it as well and he

170

00:10:10,899 --> 00:10:14,549

couldn't tell what it was so I don't

171

00:10:12,698 --> 00:10:17,139

know if there was anything unusual

172
00:10:14,549 --> 00:10:20,588
activity around that time for everybody

173
00:10:17,139 --> 00:10:23,759
I don't know oh yeah look there were

174
00:10:20,589 --> 00:10:26,259
things going on in 2010 because that a

175
00:10:23,759 --> 00:10:29,889
choppers are talking about the one over

176
00:10:26,259 --> 00:10:33,250
the reservoir 2010 and I'm like no I

177
00:10:29,889 --> 00:10:37,600
don't know about that mmm then we'll

178
00:10:33,250 --> 00:10:40,179
fill you in on that one already um so

179
00:10:37,600 --> 00:10:44,019
there was the world I found out later

180
00:10:40,179 --> 00:10:46,628
about this of course those quite a lot

181
00:10:44,019 --> 00:10:54,250
of activity around the 2010 by the sound

182
00:10:46,629 --> 00:10:56,379
of it anyway 2010 will was the orange

183
00:10:54,250 --> 00:10:59,259
flies of column because that's just

184
00:10:56,379 --> 00:11:04,028
exactly what they look like only you

185
00:10:59,259 --> 00:11:07,240
know if if somebody was perpetrating a

186
00:11:04,028 --> 00:11:12,250
hoax with flares and it was a very good

187
00:11:07,240 --> 00:11:16,299
very very good hoax indeed now that

188
00:11:12,250 --> 00:11:18,278
would have been lot that's the stove all

189
00:11:16,299 --> 00:11:21,490
the sightings in 2010 the next one then

190
00:11:18,278 --> 00:11:24,039
would have been 2012 so more on the 2012

191
00:11:21,490 --> 00:11:26,528
there's again for her from physical

192
00:11:24,039 --> 00:11:30,370
globe are I have to say for the camera

193
00:11:26,528 --> 00:11:33,578
that where where tom is situated is a

194
00:11:30,370 --> 00:11:37,089
perfect spot is now in Swansea for you

195
00:11:33,578 --> 00:11:46,138
know you can see basically yeah from the

196
00:11:37,089 --> 00:11:51,250
bay yeah yeah yeah um 2012 well this was

197
00:11:46,139 --> 00:11:54,068
siting down of incandescent would look

198
00:11:51,250 --> 00:11:58,049
like incandescent yellowy lights spaced

199
00:11:54,068 --> 00:12:04,500
out playing up the dual carriageway

200

00:11:58,049 --> 00:12:08,458
towards clear duck down by the stadium

201
00:12:04,500 --> 00:12:10,750
we only had a short three bullet because

202
00:12:08,458 --> 00:12:13,719
trees and houses and everything in the

203
00:12:10,750 --> 00:12:16,899
way but this is witnessed also by my

204
00:12:13,720 --> 00:12:19,110
neighbor who's out walking his dog and

205
00:12:16,899 --> 00:12:24,100
he heard the impression it was a blimp a

206
00:12:19,110 --> 00:12:27,058
large blimp but what would a blimp be

207
00:12:24,100 --> 00:12:32,800
doing flying up the courage way and

208
00:12:27,058 --> 00:12:35,198
right no sense at all so long what they

209
00:12:32,799 --> 00:12:36,399
were were they were they were touched to

210
00:12:35,198 --> 00:12:38,859
a bigger object or whether they were

211
00:12:36,399 --> 00:12:41,250
separate things i don't know all i could

212
00:12:38,860 --> 00:12:46,889
say with the lights were spaced out and

213
00:12:41,250 --> 00:12:56,528
dim looked like dim incandescent yellowy

214
00:12:46,889 --> 00:13:03,129

kind type of a scenario was it no they

215

00:12:56,528 --> 00:13:05,289

were just still just lights floating up

216

00:13:03,129 --> 00:13:08,769

at first when I saw my first I thought

217

00:13:05,289 --> 00:13:11,620

they must be Chinese London's again but

218

00:13:08,769 --> 00:13:16,448

no they weren't flickr him they weren't

219

00:13:11,620 --> 00:13:21,419

flying up it was flying spaced out kept

220

00:13:16,448 --> 00:13:21,419

at a steady distance from each other and

221

00:13:21,928 --> 00:13:26,620

this seems a steady speed energetic

222

00:13:24,938 --> 00:13:29,678

controlled by by the way they were

223

00:13:26,620 --> 00:13:32,259

fly-in not too yeah yeah intelligently

224

00:13:29,678 --> 00:13:34,750

controlled effing Uteley not not Chinese

225

00:13:32,259 --> 00:13:37,740

lanterns or anything like that no so

226

00:13:34,750 --> 00:13:41,500

again not whatever that was I'm no idea

227

00:13:37,740 --> 00:13:50,938

that's 2012 and virtual darling lady

228

00:13:41,500 --> 00:13:50,938

2014 2014 was um this was in

229
00:13:55,500 --> 00:14:14,828
first monday in how that Tiki thing my

230
00:14:08,679 --> 00:14:17,799
fellows fetid oh no they were too I saw

231
00:14:14,828 --> 00:14:22,559
to object the first one was just it

232
00:14:17,799 --> 00:14:25,179
looked like a satellite all the world a

233
00:14:22,559 --> 00:14:30,699
bright satellite flying at high speed

234
00:14:25,179 --> 00:14:33,278
going from the south ah this is the one

235
00:14:30,700 --> 00:14:36,100
that was going and unbelievably fall and

236
00:14:33,278 --> 00:14:37,899
cleansed of a dare shot across the skies

237
00:14:36,100 --> 00:14:40,209
miss going like a couple of hundred or

238
00:14:37,899 --> 00:14:42,100
even thousands of miles an hour not

239
00:14:40,208 --> 00:14:45,518
hundreds of miles an hour this was it

240
00:14:42,100 --> 00:14:48,850
just shot across the sky and while I was

241
00:14:45,519 --> 00:14:52,870
watching it and at first I thought my

242
00:14:48,850 --> 00:14:56,019
eyes playing tricks I thought did I see

243
00:14:52,870 --> 00:14:57,789
that today did I not bother and then

244
00:14:56,019 --> 00:15:00,610
another one come to view did the same

245
00:14:57,789 --> 00:15:04,899
thing shot across but double buck and a

246
00:15:00,610 --> 00:15:08,769
v-shape say block yeah at the same speed

247
00:15:04,899 --> 00:15:11,350
didn't slow down or change speed just

248
00:15:08,769 --> 00:15:13,708
change direction but when it has she

249
00:15:11,350 --> 00:15:16,629
changed the reaction when it went from

250
00:15:13,708 --> 00:15:19,509
you know there's literally do a u-turn

251
00:15:16,629 --> 00:15:22,120
did it speak did it slow down at the

252
00:15:19,509 --> 00:15:24,909
YouTube no it won't anyone know you

253
00:15:22,120 --> 00:15:28,600
dudes have eaten it was oh yeah right I

254
00:15:24,909 --> 00:15:30,519
just straight Parker yeah so I new loan

255
00:15:28,600 --> 00:15:33,159
on it any sort of aircraft or a friend

256
00:15:30,519 --> 00:15:34,990
far too fast and aircraft don't do that

257

00:15:33,159 --> 00:15:36,819
sort of thing anyway I'm not only God I

258
00:15:34,990 --> 00:15:38,948
mean if that was a regular machine of

259
00:15:36,820 --> 00:15:41,440
them whoever would have been in that

260
00:15:38,948 --> 00:15:45,299
craft they would have brought me harbin

261
00:15:41,440 --> 00:15:48,910
spluttered able to be splat oh yeah so

262
00:15:45,299 --> 00:15:51,099
that was obviously something out of this

263
00:15:48,909 --> 00:15:52,899
world whatever it was that seems the

264
00:15:51,100 --> 00:15:55,720
most amenable why the so far you've

265
00:15:52,899 --> 00:15:57,610
spoken of you know as far as he was the

266
00:15:55,720 --> 00:16:00,370
other that's the only object that ever

267
00:15:57,610 --> 00:16:03,909
seen is playing really quickly but fast

268
00:16:00,370 --> 00:16:05,409
anyway the next next site that I had

269
00:16:03,909 --> 00:16:13,028
from here was in

270
00:16:05,409 --> 00:16:26,828
twenty fifteen fifty 1215 nothin coming

271
00:16:13,028 --> 00:16:31,838

up this year a yearly had to be the be

272

00:16:26,828 --> 00:16:34,419

on Easter Monday it was being a yeah

273

00:16:31,839 --> 00:16:36,699

easter monday would have been around

274

00:16:34,419 --> 00:16:40,899

twenty past one in the afternoon yeah

275

00:16:36,698 --> 00:16:45,159

easter monday was it was it was sunny it

276

00:16:40,899 --> 00:16:48,578

was a nice day but it was cloudy and i

277

00:16:45,159 --> 00:16:51,730

was grow towards the garage standing on

278

00:16:48,578 --> 00:16:57,609

the steps looking up in the sky I could

279

00:16:51,730 --> 00:17:05,099

see a white brilliant white orb just

280

00:16:57,610 --> 00:17:05,099

shot off fairly quickly going in

281

00:17:08,849 --> 00:17:19,328

northeast direction north yeah across

282

00:17:14,169 --> 00:17:21,370

that way allows it us so that those are

283

00:17:19,328 --> 00:17:23,740

the cycles revert the north-northeast

284

00:17:21,369 --> 00:17:27,908

would have been the sort of Morris that

285

00:17:23,740 --> 00:17:30,548

birch draw him yes towards modest turn

286
00:17:27,909 --> 00:17:32,080
on over towards person that area column

287
00:17:30,548 --> 00:17:36,450
which grows the more that way sorry

288
00:17:32,079 --> 00:17:39,730
enjoy you use the orange over in 2010

289
00:17:36,450 --> 00:17:41,830
the orange lights though one not on old

290
00:17:39,730 --> 00:17:44,349
I couldn't make any shape out of that at

291
00:17:41,829 --> 00:17:49,779
all just just look like I have a

292
00:17:44,349 --> 00:17:51,279
flickering um Chinese lanterns as you

293
00:17:49,779 --> 00:17:54,038
look at a chinese Lunt and they just

294
00:17:51,279 --> 00:17:56,288
flickering orange lights because i am

295
00:17:54,038 --> 00:17:58,329
the time what what people call a

296
00:17:56,288 --> 00:18:00,519
psychology guy right and i like to get

297
00:17:58,329 --> 00:18:03,849
into people's heads and find out what

298
00:18:00,519 --> 00:18:06,220
they were feeling at the time in any of

299
00:18:03,849 --> 00:18:07,719
these sightings that you felt did you

300
00:18:06,220 --> 00:18:12,089
feel any fear did you feel that

301
00:18:07,720 --> 00:18:12,089
excitement apprehension would know

302
00:18:15,349 --> 00:18:20,859
puzzle and I support more than late cuz

303
00:18:17,660 --> 00:18:23,600
I didn't know what I was looking at yeah

304
00:18:20,859 --> 00:18:25,909
you didn't feel victimized in any way

305
00:18:23,599 --> 00:18:27,639
you feel you know you went to bed at

306
00:18:25,910 --> 00:18:33,259
night that you slept like a baby you

307
00:18:27,640 --> 00:18:35,780
yeah yeah the screen rightful has been

308
00:18:33,259 --> 00:18:37,308
brilliant on thanks to document in what

309
00:18:35,779 --> 00:18:40,279
you've seen is anything else you'd like

310
00:18:37,308 --> 00:18:41,990
to add before we wrap it up no there we

311
00:18:40,279 --> 00:18:46,519
are Melissa's has been a great interview

312
00:18:41,990 --> 00:18:49,220
with Tom James and like you shake your

313
00:18:46,519 --> 00:18:53,619
hand me okay thank you very much alright

314

00:18:49,220 --> 00:18:56,450
we lock the back okay okay what sort of

315
00:18:53,619 --> 00:19:01,119
compensation you can get all right this

316
00:18:56,450 --> 00:19:05,450
is Tom of this campus let me off is that

317
00:19:01,119 --> 00:19:08,449
way so vision that self is down that way

318
00:19:05,450 --> 00:19:15,400
towards one and where we pointing I was

319
00:19:08,450 --> 00:19:22,870
towards the mumbles so right these are

320
00:19:15,400 --> 00:19:22,870
collection of light would be from

321
00:19:27,440 --> 00:19:38,850
I used to know yeah something last so

322
00:19:36,420 --> 00:19:40,860
there's one then there was one lata went

323
00:19:38,849 --> 00:19:48,389
from this direction which which is

324
00:19:40,859 --> 00:19:53,309
southwest you can find a direction what

325
00:19:48,390 --> 00:19:56,280
reason would be full of joy west to east

326
00:19:53,309 --> 00:20:00,839
from southwest to Southeast discipline

327
00:19:56,279 --> 00:20:05,789
of Swansea west you're not really

328
00:20:00,839 --> 00:20:13,189

initially it came across the sky turn it

329

00:20:05,789 --> 00:20:13,190

slow walk yeah

330

00:20:17,490 --> 00:20:21,750

but this is mainly the yard then from

331

00:20:20,160 --> 00:20:26,220

which you saw most of the sightings is

332

00:20:21,750 --> 00:20:28,049

it all right this bit jessalyn just for

333

00:20:26,220 --> 00:20:34,250

the record this is the yard where tom is

334

00:20:28,049 --> 00:20:36,769

an we face in a basically portal but

335

00:20:34,250 --> 00:20:40,289

yeah I mean if you look between houses

336

00:20:36,769 --> 00:20:42,569

you'll be able to see you know it's

337

00:20:40,289 --> 00:20:45,089

wrong swansea city and portal but

338

00:20:42,569 --> 00:20:46,829

basically so it's from this yard then it

339

00:20:45,089 --> 00:20:49,949

used just to make it simple for people

340

00:20:46,829 --> 00:20:51,419

watching you know at home it's from this

341

00:20:49,950 --> 00:20:56,130

yard that you basically saw everything

342

00:20:51,420 --> 00:20:58,110

yeah there we go and the 67 one was

343

00:20:56,130 --> 00:21:03,150

basically at the front of the house so

344

00:20:58,109 --> 00:21:05,449

I'm going to move mmmm yes right ok no

345

00:21:03,150 --> 00:21:08,840

problem I'll take a few photos you know

346

00:21:05,450 --> 00:21:08,840

just bear with me

347

00:21:26,419 --> 00:21:28,480

you
